

**Degree Type – Bachelor of Applied Technology (BAT)
Degree Title – Health Services Technology**

The BAT Health Services Technology prepares individuals for leadership positions in health services, education, technical, corporate training and consulting and other highly marketable fields.

STUDENT LEARNING OUTCOMES:

1. The learner will demonstrate written communication skills as measured by assignments that are grammatically correct, with appropriate word choice, format, and citation when appropriate for the topic and the audience.
2. The learner will demonstrate competency in personal and social responsibility in the health care field; measured by completing written reflective essays, after performing appropriate service in the community.
3. The learner will think logically and critically in solving problems; measured by completing assignments in which the learner identifies and summarizes the problem, effectively tabulates/interprets data and formulates conclusions based on the evidence.
4. The learner will plan and complete projects; measured by assignments that demonstrate planning and organizational skills, with accurate content, utilizing different resources and incorporating creative techniques.

A – GENERAL EDUCATION CORE – 42 HOURS

Students must fulfill the General Education Core requirements. The courses listed below satisfy both degree requirements and General Education core requirements.

Required
