The University of Texas-Pan American is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia, telephone 404/679-4501) to award bachelor’s, master’s and doctoral degrees. In addition, these programs are separately accredited or approved by the:

- Accreditation Council for Occupational Therapy Education - American Occupational Therapy Association
- American Assembly of Collegiate Schools of Business (AACSB) - The International Association for Management Education
- American Chemical Society
- American Dietetic Association
- American Speech-Language-Hearing Association
- Board of Nurse Examiners for the State of Texas
- The Council on Rehabilitation Education
- The Council on Social Work Education
- Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology
- National Accrediting Agency for Clinical Laboratory Sciences (NAACLS)
- National Association of Schools of Theatre
- The National League for Nursing
- State Board for Educator Certification
- Texas Education Agency

The University of Texas-Pan American is a member of the
- American Association of Colleges for Teacher Education
- American Association of State Colleges and Universities
- American Council on Education
- Association for Continuing Higher Education
- Conference of Southern Graduate Schools
- Council for Advancement and Support of Education
- Council of Graduate Schools
- Hispanic Association of Colleges and Universities

This catalog was prepared based on the best information available at the time. The University of Texas-Pan American reserves the right to change any information, including statement of fees, course offerings, and admission and graduation deadlines and requirements without notice or obligation, in keeping with the policies of The University of Texas System Board of Regents and in conformance with the laws of the State of Texas.

For updates to this catalog, check the online version on the World Wide Web at http://www.panam.edu/catalog.

Individuals with disabilities wishing to acquire this publication in an alternative format should contact the Office of Admissions and Records at 956/381-2206 or Voice/TDD 956/381-2215.
2000-2002 Undergraduate Catalog

The University of Texas-Pan American operates subject to the Rules and Regulations of the Board of Regents of The University of Texas System.

This catalog is a general information publication. It is not intended to nor does it contain all regulations that relate to students. The provisions of this catalog do not constitute a contract, expressed or implied, between any applicant, student or faculty member of The University of Texas-Pan American or The University of Texas System.

The University of Texas-Pan American reserves the right to withdraw courses at any time, to change fees or tuition, calendar, curriculum, degree requirements, graduation procedures and any other requirements affecting students. Changes will become effective whenever officially implemented by proper authorities and will apply to both prospective students and those already enrolled.

Non-Discrimination Policy Statement

The University of Texas-Pan American declares and reaffirms a policy of administering all of its educational programs and related supporting services and benefits in a manner that does not discriminate because of a student's or prospective student's race, color, religion, sex, national origin, age, veteran status, disability or other characteristics that lawfully cannot be the basis for provision of such services. These programs, services and benefits include, but are not limited to, admission, class assignments, scholarships and other financial and employment assistance, counseling, physical education and recreational services, and the membership practices of registered student organizations.

Pursuant to this policy statement, The University of Texas-Pan American will undertake a continuing program of compliance with all federal, state and local laws relating to equal educational opportunity and affirmative action, specifically those addressing the obligations of the institution under Title VI of the Civil Rights Act of 1964 as amended, Title IX of the Educational Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990.

To the extent provided by applicable law, no person shall be excluded from participation in, denied the benefits of, or be subject to discrimination under any program or activity sponsored or conducted by The University of Texas System or any of its component institutions on the basis of race, color, national origin, religion, sex, age, veteran status or disability.

Inquiries or complaints may be directed to the immediate supervisor or to the Compliance Officer in Room 335, Administration Building, telephone 956/381-2127; the chair of the department; or the Dean of Students in Room 104 of the University Center, telephone 956/381-2260. Inquiries concerning ADA should be directed to the Coordinator of Services for Persons with Disabilities, Emilia Schunior Ramirez Hall, Room 100, telephone 956/316-7005.

Individuals who believe they have been discriminated against in violation of any of the non-discrimination policies may, after an initial interview with the appropriate compliance officer named above, initiate grievance proceedings in accordance with the provisions and procedures stipulated under “Student Complaint Procedures” and “Grievance Policy for Complaints Concerning Discrimination on the Basis of Disability” found in the University’s Handbook of Operating Procedures.

Individuals are protected from coercion, intimidation, interference or discrimination for filing a complaint or assisting in an investigation.

Registration for any given semester begins in the preceding semester. For example, registration for the fall semester for currently enrolled students and for new students who meet the early application deadline will begin in the spring.

• Fall Semester 2000

February 1, 2000, Tuesday  
Admission application and document deadline for ASSIST registration by telephone, Web or terminal. All students applying after this deadline will register late.

February 28, 2000, Monday  
Recommended date to mail Free Application for Federal Student Aid (FAFSA) for processing.

March 27, 2000, Monday  
ASSIST registration (telephone, Web or terminal) begins by appointment.

April 15, 2000, Saturday  
Priority deadline for submission of financial aid application for fall 2000 awards.

July 10, 2000, Monday  
Admission application and document deadline for late registration. Applications received after this deadline will be processed for the next semester.

August 4-23, 2000, inclusive  
Assistant I Registration begins.

August 24, 2000, Thursday  
Residence halls open at noon.

August 25, 2000, Friday  
Cafeteria opens for breakfast.

August 28, 2000, Monday  
First day of classes; schedule changes through Sept. 8.

September 4, 2000, Monday  
Labor Day holiday.

September 11, 2000, Monday  
Deadline to file Application for Degree form with the Office of Admissions and Records for May 2001 graduation.

September 13, 2000, Wednesday  
Twelfth class day; official census date.

September 26, 2000, Tuesday  
Last day to drop a course or to withdraw from the University with a grade of DR or W recorded; last day to change to Non-Credit.

October 23, 2000, Monday  
ASSIST registration (telephone, Web or terminal) begins by appointment for spring 2001.

November 22, 2000, Wednesday  
Last day to drop or withdraw through the Office of Admissions and Records. Residence halls close for Thanksgiving holidays at 6:30 p.m.

November 23-24, 2000, inclusive  
Thanksgiving holidays.

November 26, 2000, Sunday  
Residence halls re-open at 9 a.m.

December 1, 2000, Friday  
Scholarship application deadline for academic year 2001-2002.

December 7-8, 2000, inclusive  
Limited departmental final examinations; Dead Days.

December 9-14, 2000, inclusive  
Fall semester final examinations.

December 14, 2000, Thursday  
Residence halls and cafeteria close at 6:30 p.m.

December 15, 2000, Friday  
Final grade reports due in the Office of Admissions and Records by 10 a.m.

December 16, 2000, Saturday  
Commencement exercises.

• Spring Semester 2001

July 15, 2000, Saturday  
Recommended date to mail Free Application for Federal Student Aid (FAFSA) for processing.

September 1, 2000, Friday  
Admission application and document deadline for ASSIST registration by telephone, Web or terminal. All students applying after this deadline will register late.

September 11, 2000, Monday  
Deadline to file Application for Degree form with the Office of Admissions and Records for May 2001 graduation.

September 15, 2000, Saturday  
Priority deadline for submission of financial aid application for spring 2001 awards.

October 23, 2000, Tuesday  
ASSIST registration (telephone, Web or terminal) begins by appointment.

November 6, 2000, Monday  
Deadline to file Application for Degree form with the Office of Admissions and Records for May 2001 graduation.

November 12, 2000, Friday  
Final grade reports due in the Office of Admissions and Records by 10 a.m.

November 13-14, 2000, inclusive  
Winter recess.

November 15, 2000, Saturday  
Commencement exercises.
### December 18, 2000, Monday (tentative)
Assist II Registration begins.

### January 8, 2001, Monday
Deadline to file Application for Degree form with the Office of Admissions and Records for August 2001 graduation.

### January 11, 2001, Thursday
Residence halls open at noon.

### January 12, 2001, Friday
Cafeteria opens for breakfast.

### January 15, 2001, Monday
Martin Luther King Jr. Day holiday; no classes.

### January 16, 2001, Tuesday
Classes begin; schedule changes through January 19.

### January 31, 2001, Wednesday
Twelfth class day; official census date.

### February 1, 2001, Thursday
Admission application and document deadline for ASSIST registration by telephone, Web or terminal. All students applying after this deadline will register late.

The University of Texas-Pan American

**An Overview**

The University of Texas-Pan American is a comprehensive, public coeducational institution located in Edinburg, Texas, close to the Mexican border and the Gulf of Mexico.

**Mission Statement**

The University of Texas-Pan American is a comprehensive general academic component of The University of Texas System established to serve the higher education needs of South Texas. The University is committed to excellence in instruction, student performance, research, scholarly accomplishment and professional service, and to expansion of international emphasis in all major areas of institutional endeavor.

The University of Texas-Pan American is committed to providing an environment of academic freedom in which faculty engage in teaching, research and service. Students learn from faculty scholars who engage in research and creative activity to promote excellence in teaching, to develop...
and maintain scholarship, and to extend human knowledge. The results of that research and creativity are shared with the general public through performance, presentation, publication and public service activities.

The University of Texas-Pan American strives to fulfill its responsibilities by providing a variety of quality academic programs in social and behavioral sciences, science and engineering, arts and humanities, health sciences and human services, education, and business administration leading to degrees at the undergraduate and graduate level and to certification in selected professions. These programs are grounded in the liberal arts and emphasize competency, multicultural understanding and high ethical standards.

The University of Texas-Pan American is committed to maintaining an admissions policy that recognizes the complex educational needs of its students and that provides access to qualified applicants. The University pledges itself to the fullest development of its students by seeking financial assistance, providing appropriate developmental and support services, and offering enriched programs. In addition, the University is committed to providing appropriate and current library, information technology, computer, laboratory and physical resources to support its academic programs and to evaluating consistently and responsibly the effectiveness of its instructional programs.

The University of Texas-Pan American seeks to complement the instructional programs of the institution by:
- reflecting and responding to the international, multicultural, multilingual character of the Pan American community;
- providing a wide range of extracurricular activities and experiences that enhance the region's intellectual, cultural, civic, social, economic and physical environment;
- maintaining services that accommodate and fulfill personal needs and that enrich the academic and social development of students;
- involving the institution in the community by providing services, programs, continuing education, cultural experiences, educational leadership and expertise to the community-at-large;
- encouraging the community-at-large to contribute to the effectiveness of their University; and
- cooperating with other institutions, schools, communities and agencies to maximize educational opportunity and effectiveness through resource sharing and collaborative efforts.

**University History**

The school first opened in 1927 as Edinburg College, a two-year community college governed by the Edinburg School District.

In 1933, the institution was approved by the State Department of Education, designated a “First Class Junior College” by the Association of Texas Colleges, became a member of the Association of Colleges and Secondary Schools of Southern States and was renamed Edinburg Junior College.

In 1947, Edinburg Junior College began offering classes at night and at off-campus locations in neighboring towns. The following year, the name was changed again, this time to Edinburg Regional College, as the school was separated from the Edinburg School District and began receiving partial state support.

On December 20, 1951, the voters of Hidalgo County approved the establishment of a four-year college, Pan American College, to serve the needs of the region. Between 1952 and 1965, the former Edinburg Regional College served as the junior division of the new college, and a senior division was established to furnish upper-level work and award degrees.

The name Pan American College was selected because it reflected the institution’s desire to bridge the cultures of North and South America and to reflect the cultural and ethnic diversity of the institution.

Pan American College became part of the Texas System of Colleges and Universities on Sept. 1, 1963. A two-year transition period was provided during which the school passed from partial state support to full state assistance, control and ownership. In 1965, the college officially became the 22nd state-supported senior institution in Texas.

In the late 1960s, Pan American College responded to increasing requests to provide graduate-level work, and by 1970, the school had received approval to offer graduate instruction in the arts, education and science. To reflect the increased range of studies available, the name of the school was changed to Pan American University on September 1, 1971.

Pan American University began to offer courses in Brownsville in 1973 to better serve the citizens of Cameron County and the Lower Rio Grande Valley. A few years later, the Pan American University Board of Regents created Pan American University at Brownsville, which is now a separate university.

The greatest change in recent years was the University's merger on September 1, 1989, with The University of Texas System, renaming the school The University of Texas-Pan American. The historic event culminated two years of study, hearings, discussion and negotiations involving regents, legislators, faculty, students, alumni and the community.

With the addition of Pan American University, The University of Texas System gained a window on eastern Mexico and a strong presence in one of the fastest-growing regions of the state. To its advantage, Pan American gained the participation and support of the System and its components in expanding the number of academic opportunities it offers its students.

In 1994, the Texas Higher Education Coordinating Board approved UT Pan American’s first doctoral degree, a PhD program in business administration with an emphasis in international business, effectively marking the beginning of a new era in the development of the institution. In 1998, the Coordinating Board approved a second doctoral program, an Ed.D. in educational leadership.
UT Pan American has continued to broaden its curriculum, adding baccalaureate, master's and doctoral degree programs. Today, it is the 10th largest of the state's 35 senior institutions.

• The Students

UT Pan American has one of the largest enrollments of Hispanic students among four-year colleges and universities in the United States. About 86 percent of the undergraduate students are Mexican-American, reflecting the demographic characteristics of the immediate region, the Rio Grande Valley.

In May 2000, *The Hispanic Outlook in Higher Education* reported that UTPA is second in the nation in the number of Bachelor degrees awarded to Hispanics and first in the state of Texas.

Enrollment in fall 1999 was 12,500. The Texas Higher Education Coordinating Board predicts the University will have a fall enrollment of 15,600 students by the year 2010.

• Degrees and Programs

UT Pan American’s six academic colleges – Arts and Humanities, Business Administration, Education, Health Sciences and Human Services, Science and Engineering, and Social and Behavioral Sciences – offer a wide range of degree options encompassing a comprehensive series of academic concentrations and selected areas of professional study.

▷ Bachelor’s Degrees

**College of Arts and Humanities**

Admission

• General Information

The University of Texas-Pan American is an equal opportunity educational institution. Under this philosophy, students are admitted to the University without regard to race, creed, color, sex, ethnic origin, religion, age, veteran status or disability.

Admission is only for the semester requested. Students who apply but do not attend must submit an updated application for admission to enroll for a later semester. Students not enrolled for the previous regular semester must apply for readmission.

Students are admitted to The University of Texas-Pan American through the Office of Admissions and Records, which is responsible for administering admission policies. Students who wish to attend the University must meet all admission requirements by the published deadline date for the semester for which they are applying. Failure to have applications with supporting documents on file by these dates will result in restrictive admission or denial of admission at that time. Request documents to be sent to:

Office of Admissions and Records
Student Services Building, Room 108

Charles B. Mullins, MD, Executive Vice Chancellor for Health Affairs
Kerry L. Kennedy, Interim Executive Vice Chancellor for Business Affairs

The University of Texas-Pan American
Admission

Texas Common Application

In accordance with Sections 51.762 and 51.763 of the Texas Education Code, students have the opportunity to apply to any public institution in the State of Texas through a common application process. Please check with the Office of Admissions and Records for full details.

Automated Student Information Services

Telephone Voice Response: Students may check the progress of their applications or access other information by calling the Advanced Service for Student Information Supported by Technology (ASSIST) at 956/381-3040 on a touch-tone phone. ASSIST offers recorded information on admission, grades, registration and transcripts and information specific to each student through a series of voice prompts.

Kiosk Stations: Standard forms, general information, a campus directory and student record information, including application status, can be accessed from any of the kiosk stations located on the UT Pan American campus.

Web for Students: The services available by kiosk and telephone voice response are also available via the World Wide Web at http://www.panam.edu/assist.

Application Deadlines

There are two admission application deadlines for each semester and summer session at the University. The earliest deadline, usually the first work day in February for both summer sessions and the fall semester or the first work day in September for the spring semester, allows students to participate in priority telephone/terminal/Web registration via the computerized ASSIST registration system. Registration is conducted in the spring for the summer and fall sessions and in fall for the spring semester.

The second application deadline, usually about 60 days before the beginning of the semester, is for late registration.

Specific deadline dates for each semester are listed in the Schedule of Classes and in the University Calendar in this catalog.

Academic Fresh Start

Undergraduate Programs: An applicant for admission who is a Texas resident may seek to enter this institution pursuant to the "academic fresh start" statute, Texas Education Code, Paragraph 51.931. If the applicant informs the Office of Admissions and Records in writing of the election, the institution for admissions purposes will not consider academic course credits or grades earned by the applicant 10 or more years prior to the starting date of the semester in which the applicant seeks to enroll. An applicant who makes the election to apply under this statute may not receive any course credit for courses taken 10 or more years prior to enrollment.

Procedure after Admission

Successful applicants will receive a letter of acceptance from the Office of Admissions and Records. Entering freshmen and transfer students who have not yet fulfilled Texas Academic Skills Program (TASP) compliance requirements should contact the Learning Assistance Center's Counseling and Advisement Center for academic advisement. Other transfer students and graduate students should contact the Office of their major department, which will appoint an advisor to counsel them on registration, degree programs and other required procedures. Students should have their schedules approved each semester by their advisors (or an approved substitute) before registering for courses. Advisement is mandatory at all levels. Entering freshmen, first-year freshmen, provisional (PEP) students, students who have not passed the Texas Academic Skills Program (TASP) test, and students who have not yet declared a major will report for advisement in the LAC Counseling and Advisement Center, Student Services Building Room 513. All other students are advised in their intended major departments.

Undergraduate Admission

Applicants may gain undergraduate admission to the University as entering freshmen, transfer students and through concurrent enrollment as high school juniors and seniors.
Entering Freshman Admission

Entering freshmen are students who have not attended any accredited college or university. To be admitted as an entering freshman, an applicant must meet the following requirements and submit required documents to the Office of Admissions and Records by the published deadline date for the semester for which he or she is applying. Applicants must submit the following required documents:

1. Entering Freshman Application for Admission.
2. High School Transcript showing rank in class, official date of graduation and that the student has earned at least 21 accredited high school units, or GED scores that qualify for issuance of a Texas high school certificate based on GED test results. (For more information on high school accreditation, see the Glossary on page 281.)

   NOTE: Students graduating from a nontraditional high school setting, such as home schooling, must submit a document of completion and have a minimum ACT composite score of 23.

3. American College Testing Program (ACT) scores or Scholastic Aptitude Test (SAT) scores. ACT or SAT scores posted on an official high school transcript will be accepted. Entering freshmen will not be permitted to register without ACT or SAT scores. “Pre” test scores such as the PSAT and scores from a residual ACT test scores taken at an institution other than UT Pan American may not be used for admission purposes.

4. Test of English as a Foreign Language (TOEFL) is required of students graduating from a high school in a country where English is not the native language.

   NOTE: International students must also complete requirements listed under International Student Admission.

5. Texas Academic Skills Program (TASP) exam (or approved alternate exam) sent directly from the testing agency. Entering freshmen will not be permitted to enroll without TASP scores unless exempt from TASP. See page 43 for more information.

There are two types of admission for entering freshmen: Regular Admission and Provisional Enrollment.

• Regular Admission

Applicants who have graduated from accredited United States high schools, or their equivalents, are eligible for Regular Admission if they meet one of the following criteria:

1. completion of a high school curriculum certified as “Recommended” or “Distinguished Achievement;” or
2. completion of a regular high school program with a class rank in the top quartile of the graduating class; or
3. an ACT Composite of 20 or above (SAT 930 or above).

Students must attend University orientation and be advised by the Counseling and Advisement Center in the Learning Assistance Center for their first year.

The following recommended high school curriculum will be phased-in* as a requirement for Regular Admission:

<table>
<thead>
<tr>
<th>Subject</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>English Language Arts</td>
<td>4</td>
</tr>
<tr>
<td>Mathematics</td>
<td>3</td>
</tr>
<tr>
<td>English</td>
<td>4</td>
</tr>
<tr>
<td>Mathematics (Algebra I)</td>
<td>3</td>
</tr>
</tbody>
</table>

Science

3 credits selected from:
- Physical Science
- Biology I and II
- Chemistry I and II
- Physics I and II
- Science III and IV** *(No more than two credits can be taken from any combination of Physical Science, Science III and IV and Biology I)*

Social Studies

3 1/2 credits
- World History Studies
- World Geography Studies
- U.S. History
- U.S. Government

Economics

1/2 credit

Language other than English

2 credits

Physical Education

1 1/2 credits to include 1/2 credit in Foundations of Personal Fitness

Health Education

1/2 credit

Technology Application

1 credit Selected from:
- Computer Science I or II
- Business Computer Applications I or II
- Business Computer Programming I or II
- Computer Applications
- Microcomputer Applications
- Business Information Processing
- Computer Mathematics
- Industrial Technology Computer Applications

Fine Arts

1 credit (Speech may not substitute)**

Speech

1/2 credit Selected from:
- Introduction to Speech Communication
- Public Speaking
- Debate or Oral Interpretation

Electives

3 1/2 credits (choose from Option I, Option II or Option III, below)

TOTAL

24 credits

Option I: One additional math credit that requires Algebra II as a prerequisite; one additional science credit from the following:
- Biology I and II
- Chemistry I and II
- Physics I and II
- and Electives.
Option II: A coherent sequence of courses for career and technology preparation (including Tech-Prep).

Option III: A specialization consisting of state-approved, college-preparatory courses in fine arts, continuation of the first or second language other than English, technology applications, language arts (including speech and journalism), mathematics, science or social studies.

* By fall semester 2000, no deviation in English, no more than 1 credit deviation in any other subject area, and no more than a total variance of 4 credits from the list of high school courses above will be allowed for Regular Admission. By fall semester 2002, no deviation in English, no more than 1 credit deviation in any other subject area, and no more than a total variance of 2 credits will be allowed. By fall semester 2004, no deviation in any subject area will be allowed.

** Advanced Placement (AP), International Baccalaureate (IB) or college courses may substitute.

**Provisional Enrollment Program (PEP)**

Entering freshman applicants who have graduated from accredited U.S. high schools or their equivalents but who do not meet the criteria for regular admission may enroll through the Provisional Enrollment Program (PEP).

PEP students must attend University orientation, must be advised by the LAC Counseling and Advisement Center, must select classes from those prescribed by the University College/General Education requirements, must attend academic assessment sessions with University advisors each semester, and must participate in non-credit programs identified to develop study and academic skills.

During the semester in which a PEP student has a minimum cumulative total of nine (9) or more attempted hours, the student may fulfill criteria for regular admission by meeting two requirements:

1. a grade point average (GPA) of 2.0 or higher in courses completed from at least two of the following areas: English, mathematics, natural sciences, social sciences, foreign language or humanities; and
2. successful completion (with grade of A, B, C, D, CR or Pass) of attempted hours:

   - Enrolled: Must Complete:
     - first 9 hours 6 hours
     - 10 to 12 hours 9 hours
     - above 12 hours 10 hours

PEP students who do not have a 2.0 GPA (based upon 9 or more attempted hours) will be permitted an additional semester of enrollment if they have at least a 1.5 GPA and if they meet the “successful completion” criteria outlined above. During this additional PEP semester, students must earn at least the minimum GPA required by probation policies for Regular Admission students (see requirements on page 42). PEP students may satisfy the requirements for Regular Admission when they complete 21 earned hours with the GPA required to avoid academic probation.

PEP students who do not satisfy these conditions for continued enrollment have two options for readmission to UT Pan American:

1. apply for “provisional” readmission after two calendar years from the date of last attendance, or
2. transfer 9 college-level hours from another accredited college or university with a 2.0 or higher GPA.

Refer to the section on scholastic probation and suspension on page 42 of this catalog for additional information.

**Honors Studies Program**

The purpose of Honors Studies is to provide capable and interested students with a means of enriching their college education. Students in the program attend special honors classes at the freshman and sophomore level and complete an independent study program in their majors or a related field of study at the junior and senior level.

There are three ways beginning freshmen win admission to the Honors Studies Program:

1. have a composite ACT score of 22 or higher (or SAT equivalent of 1030), or
2. have graduated in the top 10 percent of their class, or
3. have graduated with a 90 percent or higher grade average in academic courses.

Admission to the Honors Studies Program is not granted as a result of admission to the University. Students must apply directly to the Honors Studies Program. For an application or information, contact:

**Director, Honors Studies Program**
Social and Behavioral Sciences Building, Room 104
The University of Texas-Pan American
1201 W. University Drive
Edinburg, TX 78539-2999
956/381-3461

Students who already have college credit may also apply for admission to the Honors Studies Program. College grades and recommendations from professors determine a college student's admission to the program. Any student who has earned 12 semester hours or more of college credit with at least a 3.0 GPA is eligible for admission to the Honors Studies Program. A list of courses and other information about Honors Studies are on page 236 and page 70 of this catalog. Contact the Honors Studies Program office for additional information.

**Concurrent Enrollment Program for High School Students**

UT Pan American sponsors two types of Concurrent Enrollment Programs – the High School to University Program (Off-Campus Attendance or Distance Learning) and the Independent Student Program (On-Campus Attendance). Both programs are designed to give outstanding juniors and seniors from accredited Texas high schools an opportunity to earn college credit in a university-supervised learning environment. Concurrent Enrollment students are graded in the same manner as are other college students and are awarded college credit upon graduation from high school. Students who wish to receive dual credit (high school and college credit) must
receive approval from their school districts for high school credit to be awarded.

NOTE: Students who receive Concurrent Enrollment credit at UT Pan American may be eligible for University Scholars Distinguished Achievement Scholarships (tuition and fees for four years) upon regular admission to the University. For more information, contact the Scholarship Office at 956/381-2190.

To be admitted to the Concurrent Enrollment Program, students must submit the following admission documents by the published deadline date for the semester for which they are applying:

• Application for Concurrent Enrollment Admission.
• High school transcript sent directly from the high school showing completion of the sophomore year at an accredited high school.
• American College Testing Program (ACT) scores with a minimum composite of 22 [or equivalent Scholastic Assessment Test (SAT) score of 1030].*
• Scores from the Texas Academic Skills Program (TASP) (or approved alternate exam) sent directly from the testing agency. Students will not be permitted to register without TASP scores unless exempt from TASP. See page 43 for more information.
* Submission of ACT/SAT scores is optional for High School to University Services applicants.

All admission documents for the Concurrent Enrollment Program must be submitted to:

The University of Texas-Pan American
High School to University Services
UTPA Annex #101
2412 S. Closner
Edinburg, TX 78539

956/388-2700
Fax: 956/388-2711

It is recommended that all documents be sent at one time. All documents submitted become the property of The University of Texas-Pan American.

In order to continue in the Concurrent Enrollment Program, participating students must earn a grade of “C” or higher in each University course taken and must meet all TASP requirements as mandated by the State of Texas (see requirements on page 43).

Upon graduation from high school, Concurrent Enrollment students must submit a final high school transcript indicating: (1) that the student is a graduate; (2) that the student has earned at least 21 accredited high school units; and (3) the student’s class rank. Concurrent Enrollment students who wish to continue their studies at UT Pan American after high school graduation will be readmitted as Entering Freshmen and will be invited to attend Freshman Orientation.

Concurrent Enrollment students are assessed regular student fees in accordance with current rates set for all other students. Although financial aid is not available for students in the Concurrent Enrollment Program, UT Pan American has formed partnerships with school districts participating in the “High School to University” Program to make the program available at a very limited cost to students.

• The High School to University Program (On-Campus Attendance or Distance Learning)

Qualified students are encouraged to apply for this program through their high schools or school districts. UT Pan American works with participating districts to provide access to specific courses and tuition incentives that cover most of the student’s costs. Typically, the school districts and University plan these courses one semester in advance of the fall or spring term when they are offered.

Admission Criteria for the High School to University Program:

• ACT composite of 22 (SAT 1030) or top 10 percent class rank or 90 percent academic average.*
• Recommendation of high school counselor and principal.
• Deadlines for admission are arranged for group processing.

• The Independent Student Program (On-Campus Attendance)

Outstanding high school students may apply on an individual basis to take college classes in the evening or on weekends. High school counselors are usually available to assist individual students in preparing their applications for admission to the Concurrent Enrollment Program.

Admission Criteria for the Independent Student Program:

• ACT composite of 22 (SAT 1030) and top 10 percent class rank or 90 percent academic average.*
• Recommendation of high school counselor and principal every semester of participation.
• Other admission criteria (including deadlines) for regular freshmen apply.

* Academic average is based on a student’s grades in academic courses such as English, mathematics, natural sciences and social sciences. Non-academic courses such as physical education, music and vocational courses are not considered.

Returning Student Admission

Students who last attended UT Pan American are admitted as Returning Students after an absence of at least one regular semester. To be admitted as a Returning Student, an applicant must be in good academic standing or have served his or her period of suspension, and submit the following to the Office of Admissions and Records by the published deadline date for the semester applying:

1. Returning Student Application for Admission.
2. Clear Record of Academic or Financial “Holds.”
3. Texas Academic Skills Program (TASP) exam (or approved alternate exam) sent directly from the testing agency.

High School to University Services applicants must meet the following admission criteria:

1. Returning Student Application for Admission.
2. Clear Record of Academic or Financial “Holds.”
3. Texas Academic Skills Program (TASP) exam (or approved alternate exam) sent directly from the testing agency.

• Other admission criteria (including deadlines) for regular freshmen apply.

All admission documents for the Concurrent Enrollment Program must be submitted to:

The University of Texas-Pan American
High School to University Services
UTPA Annex #101
2412 S. Closner
Edinburg, TX 78539

956/388-2700
Fax: 956/388-2711

It is recommended that all documents be sent at one time. All documents submitted become the property of The University of Texas-Pan American.

In order to continue in the Concurrent Enrollment Program, participating students must earn a grade of “C” or higher in each University course taken and must meet all TASP requirements as mandated by the State of Texas (see requirements on page 43).

Upon graduation from high school, Concurrent Enrollment students must submit a final high school transcript indicating: (1) that the student is a graduate; (2) that the student has earned at least 21 accredited high school units; and (3) the student’s class rank. Concurrent Enrollment students who wish to continue their studies at UT Pan American after high school graduation will be readmitted as Entering Freshmen and will be invited to attend Freshman Orientation.

Concurrent Enrollment students are assessed regular student fees in accordance with current rates set for all other students. Although financial aid is not available for students in the Concurrent Enrollment Program, UT Pan American has formed partnerships with school districts participating in the “High School to University” Program to make the program available at a very limited cost to students.

• The High School to University Program (On-Campus Attendance or Distance Learning)

Qualified students are encouraged to apply for this program through their high schools or school districts. It is recommended that all documents be sent at one time. All documents submitted become the property of The University of Texas-Pan American.

In order to continue in the Concurrent Enrollment Program, participating students must earn a grade of “C” or higher in each University course taken and must meet all TASP requirements as mandated by the State of Texas (see requirements on page 43).

Upon graduation from high school, Concurrent Enrollment students must submit a final high school transcript indicating: (1) that the student is a graduate; (2) that the student has earned at least 21 accredited high school units; and (3) the student’s class rank. Concurrent Enrollment students who wish to continue their studies at UT Pan American after high school graduation will be readmitted as Entering Freshmen and will be invited to attend Freshman Orientation.

Concurrent Enrollment students are assessed regular student fees in accordance with current rates set for all other students. Although financial aid is not available for students in the Concurrent Enrollment Program, UT Pan American has formed partnerships with school districts participating in the “High School to University” Program to make the program available at a very limited cost to students.

• The High School to University Program (On-Campus Attendance or Distance Learning)

Qualified students are encouraged to apply for this program through their high schools or school districts. UT Pan American works with participating districts to provide access to specific courses and tuition incentives that cover most of the student’s costs. Typically, the school districts and University plan these courses one semester in advance of the fall or spring term when they are offered.

Admission Criteria for the High School to University Program:

• ACT composite of 22 (SAT 1030) or top 10 percent class rank or 90 percent academic average.*
• Recommendation of high school counselor and principal.
• Deadlines for admission are arranged for group processing.

• The Independent Student Program (On-Campus Attendance)

Outstanding high school students may apply on an individual basis to take college classes in the evening or on weekends. High school counselors are usually available to assist individual students in preparing their applications for admission to the Concurrent Enrollment Program.

Admission Criteria for the Independent Student Program:

• ACT composite of 22 (SAT 1030) and top 10 percent class rank or 90 percent academic average.*
• Recommendation of high school counselor and principal every semester of participation.
• Other admission criteria (including deadlines) for regular freshmen apply.

* Academic average is based on a student’s grades in academic courses such as English, mathematics, natural sciences and social sciences. Non-academic courses such as physical education, music and vocational courses are not considered.

Returning Student Admission

Students who last attended UT Pan American are admitted as Returning Students after an absence of at least one regular semester. To be admitted as a Returning Student, an applicant must be in good academic standing or have served his or her period of suspension, and submit the following to the Office of Admissions and Records by the published deadline date for the semester applying:

1. Returning Student Application for Admission.
2. Clear Record of Academic or Financial “Holds.”
3. Texas Academic Skills Program (TASP) exam (or approved alternate exam) sent directly from the testing agency.

• Other admission criteria (including deadlines) for regular freshmen apply.
Transfer Admission

Students admitted as Transfer Students have attended an accredited college or university other than, or in addition to, UT Pan American. To be admitted as a Transfer Student, an applicant must submit the following information to the Office of Admissions and Records:

1. Transfer Student Application for Admission.
2. Official College Transcript(s) sent directly from each institution attended. A student's previous college work will be evaluated in terms of UT Pan American standards. Only coursework or degrees earned at an institution accredited by a regional accrediting association will be recognized. (For more information on accreditation, see the Glossary on page 281.) All college transcripts must be sent directly from the institution attended to the Office of Admissions and Records. Transcripts that are hand-carried, faxed or issued to students will not be accepted.
3. For transfer students with less than 60 hours of transferable college-level work, High School Transcript (or GED scores) and American College Testing Program (ACT) scores or Scholastic Aptitude Test (SAT) scores. Scores from a residual ACT test taken at an institution other than UT Pan American may not be used for admission purposes.
4. TASP (Texas Academic Skills Program) scores sent directly from the testing agency for TASP students. Students will not be permitted to register without TASP scores unless exempt from TASP. (For more information on TASP requirements, see pages 43-44.)
5. For international students only: Documents and other requirements listed under International Student Admission on page 19.

All documents submitted become the property of UT Pan American. Transfer students applying from an out-of-state, private institution or who are classified as “TASP affected” are required to attend a mandatory orientation session.

Students who are on academic suspension based on UT Pan American standards will not be granted admission during the regular (fall or spring) semesters of the suspension period. Students on suspension are encouraged to enroll for summer sessions to repeat courses in which they have low or failing grades. (For information on scholastic suspension, see page 42.)

Failure to submit a complete and correct application, including all transcripts, is grounds for rejection of application, withdrawal of an offer of acceptance or, after enrollment, and disciplinary action including expulsion. Any applicant, whether a new student or a former student at the University, who has attended another collegiate institution is not at liberty to disregard any part of the collegiate record and apply for admission to UT Pan American on the basis of the high school record or a partial record of his or her college work, but is subject without exception to the regulations given above.

Students who have course credit or grades earned 10 or more years ago may elect to be readmitted under the Academic Fresh Start program. See page 13 for more information.

• Transfer of Undergraduate Credits

Transfer of regular academic credit or recognition of degrees from another institution to UT Pan American involves at least three considerations:

1. the educational quality of the institution from which the student transfers,
2. the comparability of the nature, content and level of credit earned to that offered by UT Pan American, and
3. the appropriateness and applicability of credit earned to the programs offered by UT Pan American, in light of the student's educational goals.

Accreditation speaks primarily to the first of these considerations, serving as the basic indicator that an institution meets certain minimum standards. Accreditation affords reason for confidence in an institution’s purposes, in the appropriateness of the resources and plans for carrying out these purposes and in its effectiveness in accomplishing its goals. UT Pan American requires that the institution be accredited by the regional accreditation association responsible for the geographical area in which the institution is located. Institutions that are not accredited may lack that status for reasons unrelated to questions of quality. Such institutions, however, cannot provide a reliable, third-party assurance that they meet or exceed minimum standards.

Comparability of nature, content and level of transfer credit and the appropriateness and applicability of the credit earned to programs offered by UT Pan American are as important in the evaluation process as the accreditation status of the institution at which the transfer credit was awarded. Since accreditation does not address these questions, this information must be obtained from the catalog and other materials from the sending institution.

UT Pan American will not award credit or recognize degrees from institutions that do not follow a traditional educational structure, i.e., the institution does not require in-residence coursework; does not have teaching faculty, a traditional campus or support facilities; and/or does not have a
limit to non-traditional courses accepted for credit through exams, life experience, military service, etc. Any course credit and degrees earned through distance learning will be evaluated based on the above criteria.

There may be some differences between the acceptance of credit for admission purposes and the applicability of credit for degree purposes. UT Pan American may accept previous work, place a credit value on it and enter it on the transcript. However, because of its nature and not its inherent quality, it may be determined to have no applicability to a specific degree program to be pursued by the student.

Foreign institutions, in most cases, are chartered and authorized by their national governments, usually through a ministry of education. Although this provides for a standardization within a country, it does not produce useful information about comparability from one country to another. No other nation has a system comparable to the voluntary accreditation used in the United States. The Country Index, published by the International Education Research Foundation Inc., and the student’s performance in his or her first year of coursework shall be used as the guide for evaluating post-secondary work from foreign institutions.

**Transfer Credit Guidelines**

The grading policies of The University of Texas-Pan American will be applied to all coursework transferring from other institutions. Some special circumstances regarding the transfer or non-transfer of credit to UT Pan American are listed as follows:

1. **Bible Coursework** – Exegetical or doctrinal courses in Religion are not transferable. Courses in Bible of a historical or literary nature (but non-doctrinal) are transferable up to a maximum of 12 semester hours of lower-division credit.

2. **Incomplete Grades** – Incomplete grades are treated as “F” grades for the purpose of grade point average calculation.

3. **Life Experience** – No credit will be awarded for “life experience.” (There will be limited exceptions to this rule in the case of students pursuing a Bachelor of Applied Arts and Sciences degree when this credit has been validated and placed on the transcript by a junior college or technical institution.)

4. **Nursing Coursework** – Nursing work taken at junior colleges or from hospitals is normally considered to be terminal and does not transfer.

5. **Remedial Courses** – Sub-college courses such as remedial reading, developmental reading, speed reading, remedial science and orientation are not transferable for credit.

6. **Terminal Courses** – Terminal courses offered at many junior colleges are not offered for the purpose of transfer to senior colleges and usually are clearly labeled in the college catalog as being non-transferable. Examples of terminal courses are auto mechanics, machine shop, electricity, data processing and welding. (There will be limited exceptions to this rule in the case of the Bachelor of Applied Arts and Sciences degree. For more information, see page 169.)

7. **Vocational/Technical Courses** – Drill or skill courses such as filing methods and vocational or technical training courses such as shop courses, welding, carpentry, plumbing and masonry are not transferable.

8. **Second Undergraduate Degrees** – Transfer students entering with a bachelor's degree who seek a second undergraduate degree from UT Pan American must officially request that an evaluation of credits be completed by the Office of Admissions and Records.

**Transfer Curricula and Resolution of Transfer Disputes for Lower Division Courses**

The following policy was developed for students transferring to UT Pan American from other Texas public institutions:

1. The transfer of curricula shall be as prescribed by the current issue of the Texas Higher Education Coordinating Board’s guide to Transfer Curricula and Transfer of Credit. Current guidelines can be reviewed in the Office of Admissions and Records.

2. The following procedures shall be followed by public institutions of higher education in the resolution of transfer disputes involving lower division courses:

   a. If an institution of higher education does not accept a course credit earned by a student at another Texas public institution of higher education, that institution shall give written notice to the student and the other institution that the transfer of the course credit is denied.

   b. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Coordinating Board rules and/or guidelines.

   c. If the transfer dispute is not resolved to the satisfaction of the student or the institution at which the credit was earned within 45 days after the date the student received written notice of the denial, the institution that denies the transfer of the course credit shall notify the Commissioner of Higher Education of its denial and the reason for the denial.

3. The Commissioner or the Commissioner’s designee shall make the final determination about a dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.

4. All Texas public institutions of higher education shall furnish data to the Coordinating Board on reported transfer disputes as the Board may require in accordance with its statutory responsibilities under Section 61.078(e) of the Texas Education Code.

**Texas Common Course Numbering System**

The Texas Common Course Numbering System (TCCNS) has been designed to aid students in the transfer of general academic courses between colleges and universities throughout Texas. Common courses are freshman and sophomore academic credit courses that have been identified as common by institutions that are members of the TCCNS. The system ensures that if the student takes courses that the receiving institution has designated as common, then the courses will be accepted in transfer, and the credit will be treated as if the courses had actually been taken on the receiving institution’s campus.

The table on pages 20-21 lists the courses UT Pan
The student must submit a request in writing indicating how the deposit should be applied (i.e., toward tuition, fees, and Records 60 days prior to the beginning of the semester for late registration or by the published application deadline for ASSIST registration or by the published application deadline for ASSIST telephone/terminal/Web registration.

International students must not only meet standard admission requirements, but must also submit the following:

1. International Student Application for Admission. This application requires official certification of sources of funds from the student.
2. Test of English as a Foreign Language (TOEFL) or other acceptable exam. Students from countries whose native language is not English will be expected to take the TOEFL. TOEFL scores must be sent directly from the Educational Testing Service. UT Pan American will not accept residual TOEFL exams taken at another institution. Students scoring below 500 on the TOEFL will be denied admission. Undergraduate students scoring between 500 and 550, but otherwise meeting department requirements, will be required to take prescribed courses in English.
3. Financial Deposit, equal to the cost of room and board in a UT Pan American residence hall for one semester. This pre-payment must be in the form of a money order or cashier's check. The student must submit a request in writing indicating how the deposit should be applied (i.e., toward tuition, residence hall or returned to the student if required for off-campus living expenses). Any refunds for students who do not attend must also be requested in writing. Submit written requests to:

Office of Payments and Collections
Student Services Building, Room 115
The University of Texas-Pan American
1201 W. University Drive
Edinburg, TX 78539-2999
956/381-2715

NOTE: Graduate students employed by UT Pan American as Graduate Assistants or Teaching Assistants are excluded from this financial deposit.

4. English Translation of Educational Records. In addition to the official transcripts required for admission as a graduate or undergraduate student, an English translation must be included to allow for accurate interpretations. Educational documents may be returned to the Educational Ministry of the student's country for assistance in the evaluation of credits.
5. Proof of Mandatory Medical Insurance. Medical insurance is required each semester of attendance with minimum coverage as follows: Major Medical $50,000; Medical Evacuation $10,000; Repatriation of Remains $7,500. Medical insurance may be purchased at the Office of Payments and Collections, Student Services Building, Room 115, telephone 956/381-2715.
6. Texas Academic Skills Program (TASP) Exam: Undergraduate students will be required to take the TASP (or QUICK TASP) exam at least one week prior to registration. The TASP and QUICK TASP exams are offered locally. Registration for coursework will not be permitted until TASP or QUICK TASP scores are on file with the Office of Admissions and Records. A minimum score is not required for admission; however, passing standards must be achieved prior to enrollment in upper division coursework.

• Procedure After Admission – Issuance of I-20

Upon completion of the application process, successful applicants will be issued an I-20 by the International Student Advisor, who is the University's designated official to report the status of international students to the Immigration and Naturalization Service. Students then present the I-20 to the American Consulate or embassy in their home country to obtain a visa.

International students are required to report any change in status immediately to the International Student Advisor, located in the Communication Arts and Sciences Building, Room 125, 956/381-2922.

Duration: A non-immigrant student may be admitted for “duration of status.” This means that the student is authorized to stay in the United States for the entire length of time during which the student is enrolled full-time in an educational program and any period of authorized practical training plus 60 days. While in the United States, the student must maintain a valid foreign passport unless exempt from passport requirements.

School on Visa: For initial admission, the student must attend the school specified on the visa. If the student has a Form I-20 A-B from more than one school, it is important to have the name of the intended school specified on the visa by presenting a Form I-20 A-B from that school to the visa-issuing consular officer. Failure to attend the specified school will result in the loss of student status and subject the individual to deportation.

Re-entry: A non-immigrant student may be readmitted to the University after a temporary absence of five months or less from the United States, if the student is otherwise admissible. The student may be readmitted by presenting a valid foreign passport.

</table>
passport, a valid visa and either a new Form I-20 A-B or a page 4 of the Form I-20 A-B (the I-20 ID Copy) properly endorsed for re-entry if the information on the I-20 form is current.

**Transfer:** A non-immigrant student is permitted to transfer to a different school provided the transfer procedure is followed. To transfer to a different school, the student should first notify the school being attended of the intent to transfer, then obtain a Form I-20 A-B from the new school. Transfer will be effected only if the student returns the Form I-20 A-B to the designated school official within 15 days of beginning attendance at the new school. The designated school official will then report the transfer to the Immigration and Naturalization Service.

**Extension of Stay:** If the student cannot complete the educational program after having been in student status for the anticipated length of the program plus a grace period in a single educational level, or for more than eight consecutive years, the student must apply for extension of stay. An application for extension of stay on a Form I-538 should be filed with the International Student Advisor at least 15 days but no more than 60 days before the expiration of the student’s stay.

### Special Students

A student holding a bachelor's degree from an accredited institution who does not wish to enter a graduate program may be permitted to register as a “Special Student” in one of the undergraduate colleges and is subject to all rules and regulations of that college.

Special Students seeking professional improvement are only required to have an official transcript showing the awarding of a bachelor’s degree (or higher) sent from the awarding institution. Special students seeking teaching certification or a second bachelor's degree are required to have transcripts sent from all institutions attended. (A request for a second degree evaluation form must be completed at the Office of Admissions and Records for students seeking additional bachelor’s degrees. For more information, see page 46.)

Special Graduate Students are those holding a master’s degree from an accredited institution who do not wish to enter a graduate program. For more information, consult the Graduate Catalog.

### Graduate Admission

Graduate admission is addressed in detail in the Graduate Catalog.

Any student who would like to enroll in a graduate-level course (5000-9000 level) must apply and be accepted for graduate study at UT Pan American. Students accepted for graduate study are still eligible to enroll in undergraduate courses.

---

**Reservation of Work by Undergraduates for Graduate Credit**

It is possible for undergraduate students to enroll in graduate courses in their last semester under the following conditions:

1. The undergraduate student must lack no more than 12 hours of work to complete all requirements for his or her first bachelor's degree.
2. These 12 hours (or less) must be completed in the same semester, or two six-week summer sessions, in which the student is taking the graduate courses.
3. Total enrollment must not exceed 15 hours in a regular semester, or 12 hours in a 12-week summer session.
4. The student has a minimum graduate admission GPA of at least a 2.5 (on a 4.0 scale) on work completed to date. (For information on the calculation of graduate admission GPA, consult the Graduate Catalog.)
5. The application for such graduate work is submitted to the Graduate School by the published deadline. Undergraduates cannot count their work in graduate courses toward the bachelor's degree. Such work will be reserved for credit toward a graduate degree.
**FISCAL POLICIES**

### General Information

The cost of attending The University of Texas-Pan American is relatively low – approximately $992.73 per semester for 12 hours of required tuition and fees for an undergraduate resident of Texas. A large student financial aid program offering part-time employment, scholarships, grants and loans helps most students at UT Pan American meet the costs of attending college. (For more information on financial aid, see the Financial Assistance section on page 30 of this catalog.)

### Financial Responsibility

State universities cannot extend credit. Students are expected to meet financial obligations to the University within the designated time allowed. Registration fees are payable at the time of registration, and students are not entitled to enter a class or laboratory until all their fees have been paid. (Exception: See Payment by Installment on page 26.) Other charges are due within 10 days after a bill is rendered by the University, or according to the special payment instructions that may be printed on the bill. Failure to pay the amount owed in the allotted time can result in the withholding of registration privileges, official transcripts, grades and degrees, University disciplinary action, and other penalties and actions authorized by law.

A student is only registered in the University and entitled to university privileges after he or she has paid all required fees. A hold against re-entry is imposed on a student who fails to pay a debt owed to the University.

Initial payment of registration fees may be made by personal check, money order payable to The University of Texas-Pan American, credit card (VISA, MasterCard and Discover only) or cash. Students are advised to exercise care in paying fees by check. When a bad check for registration fees is returned to the University, a $15 returned check service charge is assessed, and the student is given 10 days from receipt of notice to make full payment by cash, cashier’s check or money order. Failure to comply will result in the penalties described above.

### Residency Classification for Tuition Purposes

The Office of Admissions and Records is responsible for determining residence status of students for purposes of tuition. The Office is guided by the Texas Education Code, 54.052, et seq., the Rules and Regulations for Determining Residence Status of the Texas Higher Education Coordinating Board and University regulations. Under the state statutes and regulations, a student or prospective student is classified as a resident of Texas, a non-resident or a foreign student.

A resident is an individual who is either a U.S. citizen, national or Permanent Resident Alien or an alien who has been permitted by Congress to adopt the U.S. as his or her domicile while in the United States and who has otherwise met the state requirements for establishing residency for tuition purposes.

A non-resident is a citizen, national or permanent resident of the U.S. or an alien who has been permitted by Congress to adopt the U.S. as his or her domicile while in this country and who has not met the state requirements for establishing residency for tuition purposes. While these state requirements for establishing residency are complex and should be referred to in each particular circumstance, they generally require a minimum of 12 months residence in Texas prior to enrollment.

Pursuant to Section 61.0595 of the Texas Education Code, resident undergraduate students who, before the semester or other academic session begins, have attempted* a number of semester credit hours for courses taken at any institution of higher education while classified as a resident student for tuition purposes that exceeds by at least 45 hours the number of semester credit hours required for completion of the degree program in which the student is enrolled will be classified as non-resident for tuition purposes. For purposes of this regulation, an undergraduate student who is not enrolled in a degree program is considered to be enrolled in a degree program requiring a minimum of 120 semester credit hours.

This regulation does not apply to semester credit hours earned by a student who initially enrolled as an undergraduate student in any institution of higher education before the 1999 fall semester.

*“Attempted hours” refers to the number of hours for which the student was enrolled as of the official census date of each term, including courses that are dropped after the official census date, optional internship and repeated courses, with the following exceptions:

* semester credit hours earned by the student before receiving a baccalaureate degree that has previously been awarded to the student;
* semester credit hours earned by the student by examination or under any other procedure by which credit is earned without registering for a course for which tuition is charged;
* credit for a remedial education course, a technical course, a workforce education course funded according to contact hours, or another course that does not count toward a degree program at the institution; and
* semester hours earned by the student at a private institution or an out-of-state institution

A foreign student is an alien who is not a permanent resident of the U.S. or has not been permitted by Congress to adopt the U.S. as his or her domicile. An individual classified as a non-resident or foreign student may qualify, under certain exceptions specified in these rules, for resident tuition rates and other charges while continuing to be classified as a non-resident or a foreign student.

---

* Averages are not given for college and course-related fee charges (laboratory, incidental, supplemental/individual instruction fees) since charges vary according to academic program and courses; actual fees are published in the institutional catalog and/or other publications. A summary description of these fees and the optional student services fees may be found in The University of Texas-Pan American Catalog.

Visit our Web site at [www.panam.edu](http://www.panam.edu)

** Due to the signing of Senate Bill 1907, the General Use Fee has been combined with Tuition effective Sept. 1, 1997.
Information on Residency, Reclassification, Tuition Exceptions and Waivers is available at the Office of Admissions and Records, Room 108 of the Student Services Building, telephone 956/381-2209.

Students are required to sign an oath of residency as part of the application process. Residency for tuition purposes will be based on this oath and other information/documents submitted by the student.

**Tuition and Mandatory Fees**

Shown in the Fee Tables on pages 24-25 are the required tuition and fees charged each semester:

- Tuition/Tuition Designated charges in 2000-2001 and 2001-2002 are $62 per semester credit hour for resident undergraduate students and $276 per semester credit hour for all non-resident students.
- Student Service Fee is a mandatory fee that supports student activities such as intramural and intercollegiate athletics, the campus newspaper, student accident insurance, University Program Board, drama, dance group, Student Government Association, University Center and other student services as determined by the Board of Regents. At the time of the printing of this catalog, the fee is charged at $11 per semester credit hour up to a maximum of $131.73 per regular semester or $65.86 per summer session.
- Student Union Fee, a fee of $30 per student per regular semester and $15 per student per summer session will be assessed to finance the construction and provide operational and maintenance support of the Student Union Building.
- Computer Access Fee is a mandatory fee used to fund costs incurred in providing access to and supervision of computer laboratories. The fee is $4.25 per semester credit hour up to a $51 maximum per regular semester and summer session.
- International Education Fee is a mandatory fee of $1 per semester charged to assist students participating in international student exchanges or study programs.
- Registration Fee, a fee of $8 per semester, is charged to defray the cost of providing ASSIST services for registration.
- Library Technology Fee, a fee of $1 per semester credit hour, is charged to enhance student access to library information via technology.
- Medical Service Fee, a fee of $15 per regular semester or $7.50 per summer session, is charged to fund Student Health Services.

*NOTE: The Fee Tables do not include required laboratory fees or individual instruction fees, which are listed with the individual course descriptions.*

**Course Specific Fees**

- Biology Course Fee: A fee of $15-$17 will be assessed on biology courses to defray costs of supplies, chemicals and costs associated with replacement of equipment.
- Technology Fee: Students enrolled in the College of Business Administration or College of Science and Engineering will be charged a technology fee to defray costs associated with technical support and software licensing. Fee rates will be: College of Business Administration – undergraduates, $10 per three semester credit hours with a $30 maximum; MBA graduates, $15 per three semester credit hours with a $45 maximum; PhD graduates, $25 per three semester credit hours with a $75 maximum.
- College of Science and Engineering – undergraduates, $3 per semester credit hour; graduates, $15 per semester credit hour.
- Computer Science Instruction Fee: A $3-$9 fee will be assessed on Computer Science courses to defray the cost of computer hardware, maintenance, lab monitors and software upgrades.
- Distance Education Fee: A fee of $25 per course will be charged to students enrolled in distance learning courses offered locally. The exception will be those students enrolled in the MBA Online Program who will be charged a distance education fee of $2.12 per course.
- This fee will support course development and recover administrative and technical support costs. Students enrolled in distance learning courses may request fee waivers if special circumstances preclude them from using UTPA facilities, activities and/or student services on which a fee is based. Reference Distance Learning Tuition Waivers on page 34 for additional information.
- Kinesiology Activity Course Fee: A $6 fee is charged for all 2-hour kinesiology activity courses. In the case of bowling, golf and scuba diving, there is an additional fee for the use of non-University facilities and equipment, which is paid directly to the provider of these facilities; the additional fees are subject to change at the provider's discretion.
- Laboratory Fees: For each laboratory course, a fee of $3 to $30, depending upon cost of material used, may be charged.
- Nursing Testing Fee: The actual cost of testing will be collected for standardized testing required by the Board of Nurse Examiners. This fee is non-refundable.

**Payment by Installment**

Section 54.007 of the Texas Education Code provides for payment by installment of tuition and mandatory fees in the fall and spring semesters. Students electing to use the installment plan must be enrolled for a minimum of 7 semester hours and must personally fill out a contract at the Office of Payments and Collections, Student Services Building, Room 956/381-2209.
115. Students already receiving some form of financial aid, including scholarships, are not eligible. Eligible students may elect one of the following two options during fall and spring registration:

Option A: Full payment on specified due date
Option B: Half payment on specified due date
   - One-fourth payment before the 6th class week
   - One-fourth payment before the 11th class week

Once an option has been selected, it may not be changed; however, advance payments will be accepted. Students electing to pay in accordance with Option B must personally sign a promissory note. A non-refundable Tuition Installment Incidental Charge of $22.50 will be collected to defray the cost to the University of providing this delayed-payment service.

The law requires collection of the second and any subsequent installment before the class week indicated above. Late installments will be accepted during the first three class days of the class week indicated above, but a non-refundable Late Payment Charge of $5 will be assessed in addition to the installment amount.

After the first three class days of the class week indicated above, late installments still will be accepted, but a non-refundable Reinstatement Fee of $25 will be assessed in addition to the installment amount.

A student who fails to provide full payment of tuition and fees, including assessed late fees, to the University when the payments are due is subject to one or more of the following actions at the University’s option:
   a. being withdrawn from the University;
   b. being barred from readmission to the institution;
   c. the withholding of the student’s grades, degree and official transcript;
   d. all penalties and actions authorized by law.

**Concurrent Enrollment Fees**

Fees for students registering concurrently at two Texas public institutions of higher education are called Concurrent Enrollment Fees. A student shall pay the full tuition charge to the first institution at which he or she is registered. Generally, only the hourly rate is paid at the second institution. However, if the minimum amount is less at the first institution, then the student must pay the difference in the two minimums to the second institution, but in no case shall the student pay to the institution less than the hourly rates. Tuition Designated, Student Service Fees, and optional fees are billed by each institution at its regularly authorized rates.

**Other Fees and Deposits**

*ACT Residual Test Fee:* A $45 fee is charged for ACT exams administered at a time other than a regularly scheduled test date.

*Advanced Standing Examination Fee:* A fee of $20 is charged for each Advanced Standing Examination.

*Auditing Fees:* If auditing a course is permitted by the instructor, a non-refundable fee of $20 will be charged.

_Cafeteria Meal Tickets:_ Cafeteria meals for students residing on campus are included in the Residence Hall contract. Other students may purchase a semester or summer session meal ticket. For more information, see Student Housing on page 61.

_Catalog:_ The first University Catalog is provided free to each undergraduate and graduate student; subsequent catalogs will cost $2 each.

_Course Drop Fee:_ On the first day of classes, students will be assessed a $5 charge per course dropped. This fee is non-refundable.

*Diploma Replacement Fee:_ Students who request the replacement of a diploma will be charged $20 for replacement and duplication costs.

*Emergency Loan Processing Fee:_ Students must pay a non-refundable fee of $15 to defray administrative costs incurred in processing and collecting emergency loan payments. (See page 33 for more on Emergency Loans.)

*Foreign Transcript Evaluation Fee:_ Students will be charged $80 to defray the cost associated with evaluation of foreign transcripts.

*General Property Deposit:_ Students must pay a one-time general property deposit of $10 to ensure against losses, damages or breakage in laboratories and libraries.

*Graduation Fee:_ A non-refundable fee of $25 is charged for undergraduate and graduate degrees. This fee is payable at the time the candidate presents the application for graduation to the Office of Admissions and Records. This fee is used to pay for processing the application for graduation, music, graduation speaker, postage, diplomas and other expenses associated with graduation. All students participating in the commencement ceremony are required to purchase the proper graduation regalia from the University Bookstore. No students will be permitted to participate without the proper regalia. Students wishing to transfer their application for graduation to another semester will be required to pay an additional $10 fee for each time they transfer.

*Health Insurance Fee:_ This is mandatory insurance for international students holding non-immigrant visas and living in the United States. The fee is variable, to match the premium for approved UT System Student Insurance Plan. For more information, see page 58.

*ID Card Replacement Fee:_ Entering students are provided a free University Photo Identification Card. A non-refundable fee of $7 is charged for a replacement of this card. The fee is subject to change. Students may pay the fee at the Office of Student Activities, University Center Room 205, when they request a replacement ID Card.

*International Business Doctorate Application Fee:_ Applicants must pay a non-refundable fee of $35 to defray costs of processing applications for admission to the doctoral program in international business.

*Late Payment Charge:_ See Installment Payments on page 26. For information on Residence Hall installment late payments, see Student Housing on page 61.

*Late Registration Charge:_ Students who do not register before classes begin must pay a special non-refundable charge of $25 to defray the costs of late registration and extra services.
required to effect his or her late registration.

Library Fees: The fees are, for late book, $0.10 per workday per book; lost book, $20-$86 to be determined by LC Call # plus $15 processing fee; damage fee, $5 if repairable in-house, $12 if re-binding needed by commercial binder; late reserve material, $0.50 per hour; late special collections book, $1 per day; late vertical file/Annual Report item, $1 per day; graduate carrel locker, $10 per year; public patron registration, $25 per year; photocopy fee, $0.20 per page; lost book returned without CD-ROM, cost of item plus $15 processing fee; lost audio visual and computer materials, replacement cost plus $15 processing fee. All Library Fees are paid at the Circulation Desk of the University Library.

New Student Orientation Fee: This $35 fee is charged to defray costs associated with new student advising and pre-registration.

Parking Permit: See Vehicle Registration and Operation Permit below.

Professional MBA Program Fees: This fee is charged to cover the program-related costs, including textbooks, supplies and guest lecturers. The amount varies based on actual costs.

Residence Hall Installment Charge: See Student Housing on page 60.

Returned Check Charge: A non-refundable service charge of $15 will be assessed to a student for each bad check. The University may refuse to accept a check from a student who has previously given a bad check (insufficient funds, account closed, signature irregular, payment stopped, etc.).

Short-Term Loan Fees: Students must pay a $5 processing fee. There is also a $5 late payment fee. (For more information on short-term loans, see page 33.)

Special Tests and Examinations: Fees may be charged for tests such as entrance tests and credit by examination tests and for other test services. Please inquire at the University Testing Center.

Student Liability Insurance: All students enrolled in programs in the College of Health Sciences and Human Services or College of Education must carry liability insurance. This is necessary in order for students to participate in clinical practicum activities associated with coursework. Fee assessed will reflect actual cost of insurance.

TASP Activity Fee: Students participating in the Learning Assistance Center’s Texas Academic Skills Program (TASP) will be charged $75 per semester. This fee supports non-course based developmental education activities.

Teacher Alternative Certification Program Application Fee: Students are charged $50 for the processing of applications to the Alternative Certification Program in the College of Education.

Teacher Certification Deficiency Plan Preparation Fee: The College of Education charges $25 for enrolled students, $40 for non-enrolled students to prepare a Teacher Certification Deficiency Plan.

Teacher Preparation Program Fee: A one-time fee of $30 will be charged to defray costs related to services provided to the College of Education students seeking certification in the Teacher Preparation Program upon completion of 90 hours.

TELESYS Account Fee: Students are charged $36 per year or $17 per fall or spring semester and $14 for both summer terms for 260 hours annually (pro-rated if paid by semester) of Internet access through a SLIP/PPP modem pool. The charges for 520 hours are $72 per year or $34 per fall or spring semester and $28 for both summer terms. The charge for 1040 hours is $108 per year or $42 per fall or spring semester and $36 for both summer terms. Internet access for more than 1040 hours annually is available at $2 per hour. The fee is assessed only for those students who make use of the service.

Thesis Binding Fee: An original and two copies of a master’s thesis must be bound and presented to the University. Although the cost will vary depending on the size of the thesis, it will be approximately $15 per copy.

Thesis Microfilming Fee: Each master’s thesis is microfilmed and placed in the University Library. The cost will be approximately $20, depending on length of thesis.

University Center Recreation Room Late Payment Fee: This fee is charged to defray the cost of processing late payments of Recreation Room charges. The fee is $5 the first day plus $1 per day after the first day to a maximum of $10.

Vehicle Registration and Operation Permit (Parking Permit): All students, whether full- or part-time, who operate a motor vehicle in the campus area must register the vehicle with the University Police Department. A decal to be placed on the vehicle indicating the permit number and class “C” parking privileges will be provided. The charge for the academic year beginning September 1 and ending August 31 is $16 if paid during the fall semester, $12 if paid during the spring semester, $8 during the first summer session and $4 during the second summer session. There are no refunds after the 12th class day (fourth class day in the summer). Vehicle operation regulations are available at the Office of Student Activities, the University Police Department, the University Library Lobby, the Office of Payments and Collections and on the VAX (university mainframe computer) at campusinfo.

NOTE: Unpaid fees that become overdue may result in a “hold” being placed on students’ records. The fees listed above must be paid at the Office of Payments and Collections, Student Services Building, Room 115, except for the Library Fees and ID Card Replacement Fee as noted above. Students who are unsure where to pay fees or what fees they owe may call the Office of Payments and Collections at 956/381-2715 for more information.

Refund of Registration Fees

To officially withdraw from the University or drop a course, a student must go to the Office of Admissions and Records. A student withdrawing officially and completely during a fall or spring semester will receive a refund of total tuition and fees (excluding non-refundable fees) according to the following scale (Section 54.006, Texas Education Code):

- 100 percent before the first day of classes
- 80 percent during the first five class days
- 70 percent during the second five class days
- 50 percent during the third five class days
- 25 percent during the fourth five class days
- No refund after fourth five class day period.

Refund of total tuition and fees (excluding non-refundable fees) during a summer term to students withdrawing officially and completely will be made according to the following scale:
- 100 percent before the first day of classes
- 80 percent during the first three class days
- 50 percent during the fourth, fifth and sixth class days
- No refund after the sixth class day

NOTE: The term “class days” refers to days the University schedules classes, not the individual student’s schedule.

Students officially dropping courses but remaining enrolled at the University receive a full refund of tuition and mandatory fees actually paid for the dropped classes through the 12th class day (official census date) during a fall or spring semester or the fourth class day (official census day) during a summer term, minus a non-refundable $5 course drop fee and other non-refundable fees assessed for each course dropped beginning with the first day of classes. Students will not receive refunds for classes dropped after these dates. Additionally, per the Texas Higher Education Coordinating Board Rules and Regulations, students may not enroll in a course after the official census date (Chapter 9, Subch. B, 9.31.a).

Refund checks will be mailed within 45 days to the student’s billing address on file at the Office of Admissions and Records (within 30 days if the student did not receive some form of financial assistance through the University). Refunds for a student under the installment plan will be first applied to the student’s unpaid balance.

Students who do not officially withdraw through the Office of Admissions and Records will be responsible for tuition, fees and any circumstances arising from failure to withdraw.

**Eligible Students**

To qualify for a tuition rebate of $1,000 upon graduation from UTPA, students must meet all of the following criteria:

1. Student must have attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree in the catalog under which they graduated (See definition of Attempted Hours below).
2. Student must have enrolled for the first time in an institution of higher education in the fall of 1997 semester or later.
3. Student must be requesting a rebate for work related to a first baccalaureate degree received from a Texas public university.
4. Student must have been a resident of Texas, must have attempted all coursework at a Texas public institution of higher education, and have been entitled to pay resident tuition at all times while pursuing the degree.

Definition: Attempted Hours include transfer credits, course credit earned exclusively by examination, courses that are dropped after the official census date, for-credit developmental courses, optional internship and cooperative education courses, and repeated exclusively by examination, courses that are dropped after the official census date, for-credit developmental courses, optional internship and cooperative education courses, and repeated courses. Courses dropped for reasons that are determined by the institution to be totally beyond the control of the student shall not be counted.

**Amount of Tuition Rebates**

1. The amount of tuition to be rebated to a student under this program is $1,000, unless the total amount of undergraduate tuition paid by the student to the institution awarding the degree was less than $1,000, for any amount of undergraduate tuition paid by the student to the institution.
2. A student who paid the institution awarding the degree an amount of undergraduate tuition less than $1,000 may qualify for an increase in the amount of the rebate, not to exceed a total rebate of $1,000, for any amount of undergraduate tuition the student paid to other Texas public institutions of higher education by providing the institution awarding the degree with proof of the total amount of that tuition paid to other institutions.
3. Tuition rebates shall be reduced by the amount of any outstanding student loan, including an emergency loan, owed to or guaranteed by this state, including the Texas Guaranteed Student Loan Corporation. If a student has more than one outstanding student loan, the institution shall apply the amount of the rebate to the loans as directed by the student. If the student fails to provide timely instructions on the application of the amount, the institution shall apply the amount of the rebate to retre the loans with the highest interest rates first.

**Responsibilities of Institutions**

1. Institutions shall notify first-time freshmen of the tuition rebate program. A notice in the official catalog shall be one acceptable form of notice.
2. If requested by potentially eligible students, public institutions of higher education are required to provide these students opportunities to enroll during each fall and spring semester in the equivalent of at least 12 semester credit hours that apply toward their degrees. Institutions are not required to provide students with the opportunity to enroll in specific courses or specific sections. The requirement may be met by allowing substitutions for required courses or by allowing concurrent enrollment in courses from another institution, so long as the courses are taught on the students’ home campus and the student incurs no financial penalty.
3. Texas public universities are required to provide students with appropriate forms and instructions for requesting tuition reimbursement at the time that students apply for baccalaureate degrees.
4. Institutions are required to provide tuition rebates to students who apply for them within 60 days after graduation or provide the student with a statement explaining the reason the student is ineligible for the rebate.
5. Institutions are required to provide a dispute resolution process to resolve disputes related to local administration of the program.
6. Disputes related to lower division credit transfer should be resolved in accordance with Coordinating Board rules, Chapter 5, Section 5.393 of this title (relating to transfer of lower division course credit).
7. Institutions may adopt rules and regulations for administering the program.

• Responsibilities of Students

1. Students desiring to qualify for tuition rebates are responsible for complying with all University rules and regulations related to administration of the program.
2. Students desiring to qualify for tuition rebates are solely responsible for enrolling only in courses that will qualify them for the rebates.
3. A student who has transferred from another institution of higher education is responsible for providing to the institution awarding the degree official transcripts from all institutions attended by the student.
4. Students must apply for rebates prior to receiving their baccalaureate degrees on forms provided by the institution admission office and must keep the institution apprised of their address for at least 60 days after their graduation date.

Refund Policy

Return of Title IV Funds procedures for students receiving Title IV Financial Aid: Federal Law requires that a percentage of the earned and unearned Title IV aid of student financial aid recipients who withdraw completely from the University be returned.

Earned Title IV aid is the percentage of aid earned that is equal to the percentage of the enrollment period completed as of the day the student withdrew. To determine the earned aid, the school will divide the total number of days of enrollment completed for which aid is awarded by the number of calendar days in that enrollment period.

Unearned aid is determined as the amount of Title IV aid not earned by the student. This is calculated by multiplying the unearned percent by the total aid received which will equal to the total amount of aid to be returned to Title IV programs. If a student withdraws after completing at least 60 percent of the payment period or period of enrollment, then it is assumed the student earned 100 percent of the Title IV aid.

FINANCIAL ASSISTANCE

• General Information

Financial aid plays a vital role at The University of Texas-Pan American, where a large percentage of students receive some type of financial assistance.

Tuition and fees at UT Pan American are significantly lower than private colleges and equal to, or lower than, most public colleges. This, together with the availability of federal financial aid funds, makes UT Pan American reasonably priced.

There are several sources of undergraduate student aid – employment at the University, placement in part-time jobs off campus, scholarships, federal and state grants and federal loan funds.

For more information about the various types of financial assistance, contact the:

Student Financial Services
Student Services Building, Room 186
1201 W. University Drive
Edinburg, Texas 78539-2999
Telephone: 956/381-2501
E-mail: finaid@panam.edu, loans@panam.edu,
scholarship@panam.edu, workstudy@panam.edu,
On the Web: http://www.panam.edu/finaid/

For other financial aid information, the following services are available:

Financial Aid Voice Response System 956/381-3060
TDD/Telecommunication Device for the Deaf 956/381-3654
Hours: 8 a.m. to 5 p.m., Monday-Friday

Federal Student Aid Information Center
1/800/4-FED-AID (1/800/433-3243)
Hours: 9 a.m. to 8 p.m. (Eastern Time)

To find out if his/her federal student financial aid application has been processed, or for a copy of his/her Student Aid Report (SAR), a student should call 1-800-433-3243 or visit the Web site www.FAFSA.Ed.Gov.

• Application Process

The University of Texas-Pan American is an equal employment opportunity institution in the administration of its financial aid program. In keeping with this policy, financial aid is extended to students without regard to race, creed, sex, national origin, veteran status, religion, age or disability.

An applicant will qualify for financial assistance if he or she meets the following criteria:

a. is a U.S. citizen or eligible non-citizen;

b. has registered with Selective Service (if required);
c. has signed a statement of educational purpose/certification statement on refunds and default;
d. is enrolled as a regular student working toward a degree in an eligible program;
e. is not in default on any federal or institutional loan, and does not owe a refund on any federal or state grant program;
f. demonstrates financial need, except when applying for funds from a program that does not require proof of financial need;
g. is in satisfactory academic standing, and making satisfactory academic progress (as defined by the Satisfactory Academic Progress Policy described below) at the University;
h. has a financial aid application and all required documentation on file by the appropriate deadline;
i. has been admitted to the University.

In the event that two or more completed and eligible applications are submitted on the same date, priority will be given to those students with exceptional need.

When the student applies and receives a Student Aid Report (SAR), he or she should contact Student Financial Services, Student Services Building, Room 186, to receive instructions on what steps to follow to continue the process. The steps will vary depending on the status of the student's application.

Application Deadlines
To ensure processing before registration, the deadlines for submission of applications are as follows:
Fall awards: April 15
Spring awards: September 15
Summer awards: February 15

All applications received after these deadlines are considered only if money is available. Eligible students filing late applications will receive any available award during the semester. With few exceptions, one application can and should be used by all students seeking federal assistance. It is highly recommended that the application process begin in early spring for the upcoming fall semester.

Satisfactory Academic Progress Policy
Federal regulations state that a student receiving financial assistance under Title IV programs must be maintaining satisfactory academic progress whether or not the student was receiving financial aid during the period of prior enrollment. The institution must certify that the student is maintaining satisfactory academic progress in his or her course of study. The student is responsible for understanding and adhering to the policy.

Policy
Students on Title IV financial assistance must maintain satisfactory academic progress toward completion of their baccalaureate, master's or doctoral degree. Campus-based financial assistance may be provided for a maximum of 12 semesters to undergraduate students. (A separate policy for graduate programs may be obtained at Student Financial Services.)

Three factors are taken into consideration in determining satisfactory progress – grade point average, increments and maximum time frame.

Grade Point Average Requirement
The student must maintain a grade point average required for continued enrollment consistent with the University's graduation requirements.

Increments
Increments are measured at the end of each academic period. One academic period is defined as the fall and spring semesters. Therefore, the incremental progress will be monitored at the end of the spring semester.

Part-time students will be required to meet their increment requirements on a proportional basis, i.e., half-time students will have to meet 50 percent of the increment requirement.

The requirement for transfer undergraduate students will be adjusted to the appropriate increment based upon the number of accepted transfer hours; i.e., if 40 undergraduate hours are accepted in transfer, the undergraduate student will be in the second year of academic progress.

Maximum Time Frame
Maximum time frame will be measured at the end of the fall and spring semesters.

The following table illustrates the increment requirements that a student must satisfactorily complete and the maximum time frame requirements:

Undergraduate Student

<table>
<thead>
<tr>
<th>Academic Progress Period</th>
<th>Total Cumulative Hours Earned</th>
<th>Incremental Hours to be Completed</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st yr-2 semesters</td>
<td>20</td>
<td>20</td>
</tr>
<tr>
<td>2nd yr-4 semesters</td>

* Any combination of enrollment status is calculated
Financial Aid Probation is eligible to receive financial aid. However, awards for future semesters will not be offered until grades for the current semester are posted.

If, after the spring semester, the student is deficient in the number of increment hours required, he or she will be on a probationary status during the summer. Students may receive financial aid during the probationary period.

The probationary period will not be extended after the student has exhausted his or her maximum time frame.

Financial Aid Suspension

Students on Academic Suspension will automatically be considered to be on Financial Aid Suspension. Failure to meet the increment requirements after a probationary period (summer sessions) will result in Financial Aid Suspension. Exhausting the maximum time frame allowed will result in Financial Aid Suspension.

Appeals Process

Students may appeal Financial Aid Suspension status due to unusual circumstances such as illness, death in the family, accidents or other mitigating circumstances. A written appeal must be submitted to Student Financial Services prior to the intended period of enrollment.

The appeal will be reviewed by the Financial Aid Committee consisting of faculty and staff. All decisions made by the committee are final.

Types of Financial Assistance

Grants

Federal Pell Grant: This grant is available to qualifying students who complete a Free Application for Federal Student Aid (FAFSA), which is mailed by the student to the processing center or may be transmitted electronically via computer to the central processor if the student attends a Financial Aid Express workshop. Student Financial Services determines the amount of the grant after the U.S. Department of Education has calculated family contribution. Applications are available at Student Financial Services. Pell Grants are not available to students who have already received a bachelor's degree.

Federal Supplemental Educational Opportunity Grant (FSEOG): The Federal Government established this program for students with great financial need. Graduate students, special students or others who have already received a bachelor's degree are not eligible for FSEOG. The actual amount and qualification is determined after the FAFSA is submitted for processing.

Texas Public Educational Grant (TPEG): A Texas Public Educational Grant (TPEG) is a campus-based grant for undergraduate and graduate students with financial need and does not have to be repaid. Unlike the Federal Pell Grant, there is no guarantee that a student is eligible to receive a
Loans

**Federal Perkins Loan/Direct Loan (formerly National Direct Student Loan):** Recognizing that loans are an increasingly important aspect of financing an education, UT Pan American, by participating in the Federal Perkins Loan program, has funds available with which a student may finance a substantial part of his or her education. When the borrower ceases to be enrolled at an accredited higher education institution at least half-time, interest begins accruing and repayment must begin on a schedule as follows:

- Six months later for previous borrowers.
- Nine months later for new borrowers with no outstanding balance as of July 1, 1987.

Applicants are considered on the basis of financial need and demonstrated academic ability. Funds are limited, and preference is given to renewal borrowers. Further information may be obtained from Student Financial Services.

**Federal Family Educational Loan Program (FFELP):** The FFELP Program offers subsidized and unsubsidized Stafford Loans. The first step in the application process is the completion of the Free Application for Federal Student Aid (FAFSA) or Renewal FAFSA. After the student’s FAFSA is processed, Student Financial Services will review the results and advise the student as to his or her loan eligibility. The student also must complete the Federal Stafford Loan Application and Promissory Note, available from Student Financial Services or a lender. After the student completes the student section of the application, Student Financial Services will complete its portion, certifying that the student is or has been accepted for enrollment during the period the application covers and recommending the amount of loan the student would need to meet his or her educational costs. A student may be eligible to borrow $2,625 during the first year of study, $3,500 during the sophomore year, $5,500 each year during the junior and senior years, and $8,500 a year as a graduate student. The lender will send the loan proceeds to the University in at least two payments by check, made payable to the student or both the student and the University. No single payment may exceed one half of the loan amount.

**Hinson-Hazlewood Student Loan Program:** This loan program has the same terms as the Federal Family Educational Loan Program. It is offered through the Texas Higher Education Coordinating Board.

**College Short-Term Loans:** Made possible through donations from a number of individuals and organizations, these funds are administered by Student Financial Services and are available to students for short-term loans. Loans are limited and must be repaid within the semester for which they are borrowed. The loans are designed to aid students who do not have sufficient funds to purchase books and supplies or to assist students when emergencies arise. A $5 charge is assessed against each loan. Funds are limited. Apply at Student Financial Services.

**Emergency Tuition and Fee Loans:** Emergency loans are available to UT Pan American students needing assistance in paying registration costs. Emergency loans must be paid back to the University during the same semester in which they are borrowed. An applicant will be required to pay a $15 processing fee per semester. Students may borrow up to the amount of tuition and fees. Applications and information about the Emergency Loan program are available at the Student Loan Collections Office in Room 214 of the Marialice Shary Shivers Administration Building.

Scholarships

The University of Texas-Pan American awards a variety of scholarships through the University Scholarship Committee and departmental committees. These scholarships are based on various prerequisites and are intended to recognize students for their outstanding academic accomplishments and future potential. These awards are made possible through the generosity of local as well as national business firms, organizations, individuals and University-endowed funds.

The majority of the scholarships are not automatically renewed, and students must apply each year for continued consideration. Although most awards are restricted to U.S. citizens and permanent residents of the United States, some are open to foreign students, who are encouraged to apply.

For a complete list of scholarships and application requirements, request a UT Pan American Scholarship Guide available at Student Financial Services. Criteria, and who to contact for an application, are provided for each scholarship and because the scholarship process is very competitive,
students are encouraged to apply early and to make sure their applications are complete when submitted. The deadline to apply for most scholarships is Dec. 1.

**University Scholars:** Entering freshmen from Cameron, Hidalgo, Starr and Willacy counties of Texas who have earned Advanced Placement credit through AP examinations and/or Concurrent Enrollment credit at The University of Texas-Pan American may qualify for four-year tuition and fee scholarships at the University through the University Scholars Distinguished Achievement Scholarship program. For more information, contact the Scholarship Office in the UT Pan American Student Financial Services or a high school counselor.

### Fellowships

The University of Texas-Pan American awards a limited number of fellowships. Applications may be requested from the department or college awarding the fellowship.

At the undergraduate level, the Department of Chemistry awards Robert A. Welch Foundation Fellowships to deserving junior and senior students. The awards, both full and half fellowships, are based upon departmental research programs and the student’s background in chemical science. The student must be majoring in Chemistry or Biology with a Chemistry minor.

### Tuition Waivers

**Competitive Scholarships:** Certain University scholarships are designated as Competitive Scholarships. A nonresident or foreign student who, in competition with other students, including Texas residents, is awarded one of the designated Competitive Scholarships may qualify for a waiver of the difference between the tuition charged to a resident and nonresident student. To be eligible, the nonresident student must be awarded a Competitive Scholarship of at least $1,000 for the academic year, summer sessions or both by an official scholarship committee of the University. Competitive Scholarships are granted for the purpose of encouraging academic excellence in the academic program in which the student is enrolled.

**Distance Learning Fee Waiver:** Students enrolled in distance learning courses may apply for a fee waiver. To be eligible, a student must prove special circumstances exist that preclude the student from utilizing activities, facilities and/or services on which a fee is based. Submit a written request with supporting documentation (as needed) to:

**Office of the Vice President for Business Affairs**
1201 W. University Dr., AB 306
Edinburg, TX 78539

Consideration for fee waivers will be determined prior to the twelfth class day during a fall or spring semester or prior to the fourth class day during a summer term.

**Mandatory or Discretionary Fee Waiver:** A student or specific category of students may apply for a waiver of mandatory or discretionary fees. Fee waivers may be considered if a student will not utilize the activity, service or facility for which a fee is charged. Consideration may also be given if the waiver is in the best interest of the institution or is critical to the viability of an academic initiative. Fee waivers will not be granted for tuition or laboratory fees.

Students must submit a written request with supporting documentation (as needed) to:

**Office of the Vice President for Business Affairs**
1201 W. University Dr., AB 306
Edinburg, TX 78539

Consideration for fee waivers will be determined prior to the twelfth class day during a fall or spring semester or prior to the fourth class day during a summer term.

**Mexican Nationals:** Citizens of Mexico may apply for a Non-Resident Tuition Waiver. To be eligible, a student must be enrolled full-time and must apply before the required deadline dates. For information about this program, contact the International Student advisor in the Communication Arts and Sciences (CAS) Building, Room 125, 956/381-2922.

**Good Neighbor Scholarship:** A limited number of Good Neighbor Scholarships, which provide exemption of tuition, are available to native-born citizens and residents from nations of the Western Hemisphere other than the United States and Cuba. Information is available from the International Student advisor in the Communication Arts and Sciences (CAS) Building, Room 125, 956/381-2922.

**Hazlewood Act for Veterans:** Texas Veterans of World War I, World War II, the Korean War or Vietnam who have no remaining Veterans Administration educational benefits may be exempt from payment of tuition fees, laboratory fees and individual instruction fees. For more information regarding exemptions under this act, contact Student Financial Services. Undergraduate veterans applying under this act will be required to submit a Free Application for Federal Student Aid (FAFSA). The FAFSA and the Hazlewood Act application are available at Student Financial Services.

**UTPA Excellence Scholarship:** Application deadline is Dec. 1.

**Tuition and Fee Exemption for Foster Care Students:** A student who was in foster care or other residential care under the conservatorship of the Texas Department of Protective and Regulatory Services on or after the day preceding his or her 18th birthday, the day of his or her 14th birthday if the student was eligible for adoption on or after that day, or the day the student received a high school diploma or equivalent may apply for a tuition and fee exemption. The student must enroll not later than the third anniversary of the date of discharge from that care or the 21st birthday. Information is available at Student Financial Services.
Tuition and Fee Exemption for Children of Veterans of the Armed Forces: Children of members of the armed forces who were killed in action, who die or died while in service, who are missing in action or whose death is documented to be directly caused by illness or injury connected with service in the armed forces of the United States, are entitled to an exemption from payment of all dues, fees, and charges (excluding only student property deposits, student service fees, and lodging, board or clothing) that would otherwise be paid to attend UT Pan American.

Tuition and Fee Exemption for Children of Disabled Firemen and Peace Officers: Children of firefighters or peace officers who were disabled or killed in the line of duty may be eligible for an exemption from tuition. Information is available at Student Financial Services.

Tuition and Fee Exemption for Blind and Deaf Students: Blind or deaf individuals may be eligible for exemption from payment of tuition if appropriately certified by a state vocational rehabilitation agency. Contact the Texas Commission for the Blind for more information.

Certified Educational Aides Exemption Program: Students who have been employed for at least two years in a public school as a certified teacher's aide in a position requiring classroom interaction with students may be eligible for a waiver of tuition and mandatory fees or a portion thereof based on need. Information is available at Student Financial Services.

Tuition Waiver for Senior Citizens: A tuition waiver for senior citizens is available at UT Pan American. For more information, contact Student Financial Services, Student Services Building, Room 186, telephone 956/381-2501.

### Course Information

The information concerning the courses offered by each department (or college for interdisciplinary courses) will be found in the Course Descriptions section of this catalog. The listing for each course includes the following information:

- **Course Number, Title and Contact Hours**
  If the course has defined weekly contact hours, these will be shown in brackets [ ] following the course title, with lecture hours first, laboratory hours second, and clinical hours, if any, third. These contact hours are for the fall and spring semesters. Summer weekly contact hours will be adjusted according to the length of the summer session. (See page 281 in the Glossary for more information and an example.)

- **Common Course Number**
  If the course is generally equivalent to other lower-division courses taught at universities and community colleges within the state, the Texas Common Course Number is shown for informational purposes. See page 18 for further information.

- **Course Frequency Information**
  If the course is normally taught on a regular schedule, such as every fall or every fall and spring semester, this information is provided under the course title. If circumstances warrant, the schedule for offering the course may be changed without notice. Therefore, it is in the students' best interest, as well as their responsibility, to determine by other means (such as semester course schedules) when courses required for their degree programs are being offered. Program requirements will not be waived as a result of the course not being offered as indicated in the course frequency information provided in this catalog.
  Courses not normally offered on a regular schedule are identified “As Scheduled.”

- **Course Description**
  This portion of the course listing includes a brief description of the course content.

- **Course Numbers**
  Courses are numbered to show both the collegiate level at which they are offered and the hour value of the course. The first digit shows the level, and the second digit shows the credit hours. The last two digits are departmental designations. For example, Spanish 1301 shows that the course is taught at the freshman level and carries 3 hours of credit per semester. All lower-division undergraduate courses ending in the numbers 87 and 88 are honors courses.

### ENROLLMENT

#### General Information

- **Classification**
  Students are classified according to the number of hours of college credit they have earned. Classifications are as follows:
  - Freshmen: 0 - 29 earned hours
  - Sophomores: 30 - 59 earned hours
  - Juniors: 60 - 89 earned hours
  - Seniors: 90 or more earned hours
  - Special Students: Undergraduate students who hold a bachelor's degree from an accredited institution.
  - Graduate students: Students who have earned a bachelor's degree and have been accepted to UT Pan American for graduate study.
  - Special Graduates: Students who have earned a graduate degree and are continuing in another graduate program.
  - Doctoral students: Those who have been accepted to a doctoral program.
1000 numbered courses Freshman level
2000 numbered courses Sophomore level
3000 numbered courses Junior level
4000 numbered courses Senior level
All 5000-9000 numbered courses are masters-level courses.
All 8000-9000 numbered courses are doctoral-level courses.

• Grading Policies

Grading System
UT Pan American uses a 4.0 system. The following grades are used to designate achievement in coursework. Their corresponding grade values and points are indicated.

A Excellent (4 grade points per hour)
B Good (3 grade points per hour)
C Satisfactory (2 grade points per hour)
D Below Average (1 grade point per hour – may not be assigned in graduate classes)
F Failure (0 grade points per hour)
P Passing (not considered in calculating grade points or attempted hours)
NP No Pass (not considered in calculating grade points or attempted hours)
IP In Progress (not considered in calculating grade points or attempted hours; for remedial courses only)
I Incomplete (not considered in calculating grade points or attempted hours; however, hours are counted in total earned hours)
CR Credit (not considered in calculating grade points or attempted hours)
NC No Credit (not considered in calculating grade points or attempted hours)
DR Course Dropped (not considered in calculating grade points or attempted hours)
DP Drop Passing (not considered in calculating grade points or attempted hours)
DF Drop Failing (considered as an “F” for calculating the grade point average)
W Withdrawal from School (not considered in calculating grade points or attempted hours)
WP Withdrawal Passing (not considered in calculating grade points or attempted hours)
WF Withdrawal Failing (considered as an “F” for calculating the grade point average)

• Calculation of Undergraduate Grade Point Average (GPA)
The grade point average (GPA) is computed by dividing the total grade points earned by the total hours attempted. The current semester grade point average is calculated using only coursework attempted within a specific semester.

Some courses may be repeated by the student to improve his or her GPA. (For more information, see the section on Repeated Courses on page 37.)

All failing grades received in undergraduate courses more than seven years old shall be excluded from the grade point average computation, except in determining Graduate Admission GPA. (See the Graduate Catalog for additional information.) The failing grades will remain on the student’s transcript, although they will not be used to compute the GPA.

Attempted hours are the total number of hours for courses that a student has attempted, including failing grades such as F, DF and WF. Repeated courses, failing grades more than seven years old, incomplete grades and credit (CR) grades are not included in attempted undergraduate hours (with the exception of the calculation of graduate admission GPA).

Grade Points: Grade points are assigned based on the grade received multiplied by the number of credit hours. For example, a grade of “A” is equivalent to 4 grade points. If the course was offered for 3 credit hours, the grade points would be calculated as follows:

4 (for grade of A) X 3 (hours) = 12 grade points

Grade points are assigned as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4 pts.</td>
</tr>
<tr>
<td>B</td>
<td>3 pts.</td>
</tr>
<tr>
<td>C</td>
<td>2 pts.</td>
</tr>
<tr>
<td>D</td>
<td>1 pt.</td>
</tr>
<tr>
<td>F</td>
<td>0 pts.</td>
</tr>
</tbody>
</table>

Following is an illustration of the method of calculation of the grade point average:

<table>
<thead>
<tr>
<th>Course No.</th>
<th>Grade</th>
<th>Hours</th>
<th>Points Per Hour</th>
<th>Points Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENG 1301</td>
<td>C</td>
<td>3</td>
<td>2 pts. per hr</td>
<td>6</td>
</tr>
<tr>
<td>MATH 1327</td>
<td>D</td>
<td>3</td>
<td>1 pt. per hr</td>
<td>3</td>
</tr>
<tr>
<td>HIST 2313</td>
<td>B</td>
<td>3</td>
<td>3 pts. per hr</td>
<td>9</td>
</tr>
<tr>
<td>CHEM 1401</td>
<td>F</td>
<td>4</td>
<td>0 pts. per hr</td>
<td>0</td>
</tr>
<tr>
<td>KIN 1201</td>
<td>A</td>
<td>2</td>
<td>4 pts. per hr</td>
<td>8</td>
</tr>
</tbody>
</table>

| TOTAL     |       |      |                | 26            |

Total attempted hours = 15
Total grade points = 26

To calculate the GPA for this example, divide the grade points by the attempted hours as follows:

26 divided by 15 = 1.73

• Incomplete Grades

A grade of “I” may be given when a student has not completed the required work of a course within the allotted time of a regular semester or summer session if the instructor determines that the reasons for the work being incomplete are valid and that the grade of “I” is justified. A grade of “I” must be changed within one regular (fall or spring) semester from
the date received, unless an extension is requested by the student’s instructor. If a Change of Grade Form is not received from the instructor upon completion of the one regular semester, the grade will automatically be recorded as an “F” on the student’s official transcripts.

Improper Use of the “I” Grade: A student must not be given an “I” grade to permit the student time to prepare coursework in addition to that assigned the entire class, time to repeat the entire course or the opportunity to raise a grade. “Incomplete” grades are not issued for student or faculty convenience; they may be issued for the reasons stated in the paragraph above only in the case of compelling, non-academic circumstances beyond the student’s control.

**Credit by Examination**

Students may receive credit by examination for some course requirements. For more information, see page 46.

**Quality of Work**

While a grade of “D” is considered passing in a subject, an overall average of “C,” which corresponds to a grade point average of 2.0, must be maintained by the student if the student expects to graduate. In addition, UT Pan American has certain specific grade requirements. For example, the student must make a “C” in College Algebra and required Freshman English courses. The student must also have at least a “C” average in both the major and minor fields. NOTE: Other specific requirements can be found in the program descriptions in other sections of the catalog.

**Repeated Courses**

When an undergraduate course is repeated (and the grade received is A, B, C, CR, D, DF, F, P or WF), only the last grade and hours attempted are used to calculate the grade point average. However, repeated courses will remain on the student’s academic record (transcript). NOTE: Repeated courses will be used in determining the Graduate Admission GPA. See the Graduate Catalog for further information.

**Grade Change**

If an error in computation, evaluation or recording warrants a grade change, only the instructor may process a grade change form through the Office of the Dean of his or her college. If the grade change is made after graduation for a course taken prior to graduation, the change request form must have written justification by the instructor, the recommendation of the college dean and approval by the Council of Deans. Change of Grade Forms may not be released to students, and must be sent directly from the appropriate academic department.

**Dean’s List**

After each regular (fall or spring) semester, a Dean’s List is published listing the names of all full-time undergraduate students (those who have completed 12 or more hours of non-remedial coursework) who have a grade point average of 3.5 or better for courses taken that semester. A Dean’s List is not produced during summer sessions.

**Grade Reports**

Students will be mailed a grade report approximately one week after completion of the semester. A student may also access his or her grades using ASSIST telephone/terminal/Web programs described below.

**Registration Procedures**

**Registration**

Students must officially register through the proper registration procedure to be eligible to receive credit for a course. Students will not be added to the official class rolls or grade sheets after the registration periods have closed. Per The Texas Higher Education Coordinating Board Rules and Regulations, students may not enroll in a course after the official census date (Ch. 9, Subchapter B, Sec. 9.31a).

**ASSIST Registration (telephone/terminal/Web)**

Registration over a touch-tone telephone, by computer terminal and on the World Wide Web is available to currently enrolled students and students who apply by the published admission deadline for ASSIST registration. Academic advisement is mandatory to receive a Registration Access Code (RAC) and be eligible for priority registration by ASSIST. Students with admission, disciplinary, financial or TASP holds will not be permitted to register until such time as the hold has been cleared. A schedule change period by telephone is scheduled prior to the beginning of each semester and the first two class-days (summer sessions) or the first five class-days (fall/spring semesters). There is no arena registration.

Computers are available in the Academic Services Building for student use for terminal or Web registration.

**Dropping/Withdrawing**

If a student chooses not to attend a class or classes, he or she is responsible for officially dropping or withdrawing through the Office of Admissions and Records. (See the sections on Withdrawal from the University and on Dropping a Course on page 38.) Students who decide not to attend and do not officially notify the Office of Admissions and Records will be responsible for tuition, fees and any other circumstances resulting from failure to officially drop or withdraw. Students must not assume that they will “automatically” be dropped from their classes if they do not attend or do not pay. (If a student has requested some form of financial assistance, payment may have been posted to his or her account.) Refer to the published Schedule of Classes for refund schedules.
Selection of Courses
During the freshman and sophomore years, the student should plan to satisfy not only the General Education Requirements for a bachelor’s degree (see pages 67-69) but also any introductory or prerequisite courses in the major and minor field, as specified by the departments. Also, he or she should, unless excused by waiver, enroll in one activity course in kinesiology (physical education) each semester until the required hours are satisfied. Although each of the departments of the University lists many of the specific courses required in the major and minor areas, usually some choice of courses is permitted at the lower level, the advanced level or at both levels. Choice is permitted when hours are specified as elective hours.

The student should develop an outline of required courses, supplementing it with those courses he or she wishes to take in satisfaction of any elective hours allowed by the department. Any deviation from courses required must be approved by the department chair and the dean of the college, and must be incorporated into the student's Degree Plan. If deviations are made that subsequently are not approved, the student may find that these will merely add hours to graduation requirements. (See also Degree Requirements on page 45.)

Many courses listed in the catalog are not offered every semester. This is particularly the case with upper-level courses. In planning a program, the student should ascertain whether a particular course will be offered during the semester he or she plans to take it, and that prerequisites to the course will be achieved prior to enrollment for the course.

When students enter this University with the expectation of subsequently transferring to another institution, they should be certain to obtain a copy of the catalog of that other institution and use it as a guide to courses for which they will register at UT Pan American. It is the student’s responsibility to check the requirements, although a faculty advisor will be glad to help interpret requirements of other colleges.

Students who plan to graduate from UT Pan American should consult the catalog sections concerning graduation and the specific requirements and suggestions listed under their respective colleges and departments to ensure that all required work is satisfied. The department chairs and deans will help clarify matters about which the student may be uncertain.

Prior to registering, students go through academic advisement to be counseled concerning the best selection of courses. First-year freshmen, students who have not passed the Texas Academic Skills Program (TASP) test, students who are enrolled under the Provisional Enrollment Program (PEP) and students who have not yet declared a major are advised at the Counseling and Advisement Center, Student Services Building, Room 513. All other students are advised by faculty members in their major area.

At advisement, each student receives a Registration Access Code (RAC) that provides access to the ASSIST telephone/terminal/Web registration system.

Registration Policies
Dropping a Course
A student is “dropping” a course or courses if he or she remains enrolled in a minimum of 1 credit hour after all course drops have been completed. Students who drop all classes for which they are enrolled are considered to have withdrawn from the University for that semester. (For more information on withdrawal, see the section below on Withdrawal from the University.)

To drop a course or courses after the official census date (after all registration functions are completed for the semester), a student must: (1) obtain a class drop form from the Office of Admissions and Records, (2) obtain the signature of the instructor of record on the form, and (3) return the completed form to the Office of Admissions and Records, Student Services Building, Room 108.

All course drops must be completed at least two weeks prior to the end of a regular semester and one week prior to the end of a summer session (refer to the University Calendar in this catalog for drop deadlines). A student dropping a course during the first 30 calendar days of the semester (10 days in a summer session) will receive a “DR” on the permanent record for the course dropped. If a course is dropped later in the semester, the student will be given a grade of “DP” or “DF” by the instructor for the course dropped.

If a student chooses not to attend a class or classes, he or she is responsible for officially dropping or withdrawing through the Office of Admissions and Records. Students who decide not to attend and do not officially notify Admissions and Records may be responsible for tuition, fees and any other circumstances resulting from failure to officially drop or withdraw. Students must not assume that they will “automatically” be dropped from their classes if they do not attend or do not pay. (Although the student may not have paid for classes personally, payment may have been posted to his or her account by a financial assistance agency. It is important that the student officially notify the Office of Admissions and Records of his or her intention not to attend.) Refer to the published Schedule of Classes for refund schedules.

Withdrawal from the University
To withdraw from the University, a student must complete a formal withdrawal procedure through the Office of Admissions and Records at least two weeks prior to the end of a regular semester or one week prior to the end of a summer session. Withdrawals must be requested by completing the appropriate withdrawal form, or by providing written notification, to the Office of Admissions and Records, Student Services Building, Room 108, 956/381-2201.

A student withdrawing during the first 30 calendar days of a semester (10 calendar days in a summer session) will receive a “W” on his or her permanent record for each course in which the student was enrolled. If the student withdraws later in the semester, he or she will be given a grade of “WP”
or “WF” by the instructor for each course in which the student was enrolled. Refer to the published Schedule of Classes for refund periods.

**Transfer Student**

Transfer students with 30 or more hours but without the University College-approved courses, or courses deemed comparable by The University of Texas-Pan American, may take upper-division courses if otherwise qualified, but they too must complete all University College and General Education requirements before graduation. Transfer students who lack 6 hours of freshman English or the equivalent and 3 hours of mathematics with a grade of at least “C” in each course should complete these requirements within their first two semesters at UT Pan American.

**Non-Credit Enrollment**

Students have the option of enrolling in a course for non-credit, which allows the student to participate fully in the course but not to receive a grade or to count the course in fulfilling degree requirements. Enrollment for non-credit requires the same payment of tuition and fees as enrollment for credit. (Students may also audit courses for a lesser fee; this normally allows only limited participation. For more information on auditing a class, see below.)

A student who enrolls in a course for credit may change the enrollment to non-credit by completing a Non-Credit Form in the Office of Admissions and Records, Student Services Building, Room 108, no later than 30 calendar days in a regular semester or 10 calendar days in a summer session from the date classes begin.

**Auditing Classes**

Students must obtain special permission from the instructor of record to audit or visit a class. Students who wish to audit graduate classes (5000-9000 level) must be eligible to enroll in the course for credit before they will be allowed to audit.

Students auditing classes do not receive academic credit and do not have the course or courses listed on their academic record. One may enroll as an auditor at any time by: (1) obtaining a Class Audit Form from the Office of Admissions and Records, (2) having it approved by the instructor of the class to be audited, (3) paying the required fee at the Office of Payments and Collections, and (4) using the receipt as an admission card to the class. Such approval may be granted only when space is available and if the instructor permits the student to be a visitor. Instructors reserve the right to refuse any request to visit a course. Enrollment as an auditor does not permit the enrollee to take examinations, have tests or other papers checked by the instructor, or to participate in the class discussion. Audited courses are not posted on the student’s permanent record. Audit fees ($20 per course) are non-refundable and may not be appealed. Individuals who are not regularly enrolled students at the University are also eligible to audit classes subject to the regulations stated above.

**Residency**

Residency for tuition purposes is determined by regulations set forth by the State of Texas. Students are required to sign an oath of residency as part of the application process. Residency for tuition purposes will be based on this oath and other information/documents submitted by the student. The requirements are outlined on page 23 of the Fiscal Policies section of this catalog.

**Other Procedures**

**Identification Cards**

Every student enrolled at The University of Texas-Pan American must possess an official identification card, issued through the supervision of the Dean of Students. This card must be validated each semester for the duration of the student’s enrollment at this institution. The card remains the property of The University of Texas-Pan American.

The card must be presented for:

- any University or department-sponsored activity,
- admission to all intercollegiate athletic events,
- identification for cashing checks on campus,
- authorization to resell books to the University Bookstore or Student Book Exchange,
- checking out equipment from the University Center Recreation Room,
- identification for receipt of transcripts at the Office of Admissions and Records,
- identification for receipt of awards from Student Financial Services,
- use of the University food service meal plans,
- use of physical education facilities during recreation hours,
- use of the Student Health Services,
- purchase of campus parking permit,
- campus library privileges,
- voting in campus elections and referendums, and
- identifying oneself to a University official when requested to do so.

This card is non-transferable. Beginning freshmen and first-time entering transfer students will receive their original ID cards at no charge. A service charge of $7 will be required for cards processed during subsequent semesters and for replacement cards. Loss or mutilation of cards must be reported to the Office of Student Activities, University Center, Room 205. Fees are subject to change.

Students may not have in their possession more than one student ID card at the same time. This includes Teaching Assistant cards, which are special identification cards given to students who are employed by the University as teaching assistants. For more information, call the Office of Student Activities at 956/381-2660.

**Name Change**

A student or former student may change the full, legal
name on his or her permanent academic record by completing a Change of Name form and submitting the appropriate documentation as follows to the Office of Admissions and Records, Student Services Building, Room 108:

1. **Misspelling** – student must present a copy of the birth certificate.
2. **New Legal Name** – student must present a copy of the signed court order showing the authorized new legal name.
3. **Marriage** – if a student wishes to assume his or her spouse’s name, the student must present a copy of the marriage certificate.
4. **Divorce** – a student who wishes to discontinue the use of a married name and resume the use of the former name, or another name, must present a divorce decree or signed court order showing court restoration of the former, or other, name.

### Change of Address and/or Telephone Number

If a student changes his or her address or telephone number, he or she is expected to notify the Office of Admissions and Records in writing immediately. The student will be held responsible for any communication from University offices sent to the address last given to the Office of Admissions and Records. No special consideration will be given to students who move and fail to receive the communication. Students whose mail is returned to the University will not receive additional communication until an address change has been submitted.

### Enrollment Verification

Enrollment for a given semester cannot be certified until after the official census date for the semester, which is the 12th class day of a fall or spring semester and the fourth class day in a summer session. After this date, students may be classified as full-time, half-time, less than half-time, not enrolled or withdrawn.

Enrollment verification for lending agencies is requested at Student Financial Services, Student Services Building, Room 108. Verification of enrollment for personal use (i.e., insurance companies, employment) is requested at the Office of Admissions and Records.

### Transcripts

A student may secure an official transcript of his or her UT Pan American record by presenting picture identification at the Office of Admissions and Records or by requesting the transcript in writing from the Office of Admissions and Records. Transcripts will be issued at no charge.

The term “transcript of records” is understood to refer to the recorded results of the student’s work in the classroom and is a comprehensive record of an individual’s total academic progress at UT Pan American. This statement will contain all the important facts pertaining to the student’s admission, academic level and scholarship. No partial or incomplete classroom records (for example, with grades of “F” omitted) will be given. Students who owe debts to the University may have their official transcripts withheld until the debts are paid.

### Attendance Policies

#### Attendance

In accordance with the policy on absences in the University’s Handbook of Operating Procedures, regular attendance in all meetings of courses for which the student is registered is expected. When a student is absent excessively (when in the judgment of the instructor the student has missed more work than can be made up successfully), the student may be dropped from the course with a grade of “DP” or “DF.” The Office of Admissions and Records will notify the student that he or she has been dropped from the course. A student who enrolls for a course and then does not attend is considered absent from class until the student officially drops the course.

If the student does not plan to attend the course, he or she must officially drop or withdraw through the Office of Admissions and Records by the published deadline dates. Students will be responsible for all tuition, fees and grades received in classes in which they do not officially drop or withdraw. (See the Schedule of Classes for refund periods for drops and withdrawals.)

### Absences on Religious Holy Days

**Definition**

Religious holy days means holy days observed by a religion whose place of worship is exempt from property taxation under Section 11.20 Tax Code.

**Rules**

a. A student who is excused from classes for the observance of a religious holy day shall be allowed to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence.

b. A student who is excused for observance of a religious holy day may not be penalized for the absences if proper notice of the planned absence is given.

c. A student may be penalized by the instructor if he or she fails to satisfactorily complete the assignment or examination originally scheduled for the day(s) absent within a reasonable time after the absences.

**Procedures**

a. The student must submit the request for approved absences for observance of a religious holy day on the Notification of Absence Form.

b. The request must be made no later than the 15th day after the first day of the semester.

c. The completed Notification of Absence Form shall be delivered by the student personally to the instructor of each class, with receipt of the notification acknowledged and dated by the instructor or certified
Absences for University-Recognized Activities
Students absent while representing the University in officially-recognized University activities (such as athletic events or scholastic or student development activities) are required to inform their class instructors at least one week in advance of the absence and arrange with the instructor to make up missed work or missed examinations. Instructors are encouraged to provide those students the opportunity to make up the work (either prior to or after the anticipated absence) or otherwise adjust the grading to ensure that the student is not penalized for the absence.

Special Populations

Persons with Disabilities
UT Pan American will not discriminate against any individual on the basis of a disability or because of Vietnam Era/Disabled Veteran Status in either admission to, or treatment of employment in, its programs and activities. Students with disabilities should visit the Office of Services for Persons with Disabilities prior to registration to receive information on the variety of services available. The office is located in Emilia Schunior Ramirez Hall, Room 1.101, Voice/Telecommunications Device for the Deaf (TDD) 956/316-7092. Non-students should contact the Equal Opportunity Office in the Administration Building, Room 335, 956/381-2127.

The Texas Rehabilitation Commission also provides services for individuals with disabilities. For more information, see page 58.

Varsity Athletes
To be in compliance with NCAA Division I eligibility requirements for athletic participation and/or athletically related financial aid, a student athlete must meet University and NCAA admission requirements and “satisfactory progress towards graduation” requirements in addition to the University’s grade point progress requirements stated under Scholastic Probation and Suspension:
1. Enrollment during each regular semester must not drop below 12 hours.
2. Subsequent to the student athlete’s first academic year in residence and prior to each term in which a season of competition begins, 24 hours of additional credit required for a bachelor’s degree in a designated program of studies must be accumulated since the beginning of the student athlete’s last season of competition.

Veterans
The Office of Veterans’ Affairs assists veterans in completing documents necessary to receive educational benefits for attendance at UT Pan American. Personnel coordinate activities with the Veterans Certification Officer in the Office of Admissions and Records and the Learning Assistance Center, Student Services Building, Room 629, 956/381-2280.

Students receiving V.A. educational benefits must make progress toward a degree as specified in this catalog under Satisfactory Progress and Scholastic Probation and Suspension (see page 31 and page 42).

Reserve Officers’ Training Corps
The Army maintains a senior division of the Reserve Officers’ Training Corps (ROTC) at UT Pan American. A four-year program and a two-year program are available to interested students, both male and female.

The four-year program consists of the basic course (freshman and sophomore) and the advanced course (junior and senior). Advanced instruction is oriented toward general military science and includes a six-week summer camp, usually at the end of the junior year. Students who have successfully completed three or four years of Junior ROTC in high school may, at the discretion of the professor of Military Science, be given placement credit for one year of the basic course regardless of academic classification.

Veterans also may be given advanced placement for the basic course, at the discretion of the professor.

Successful students are, upon graduation, commissioned as second lieutenants in the U.S. Army Reserve or U.S. Army National Guard. Students may elect to serve as reserve officers on active duty for an initial commitment period of three years or they may elect to serve for as little as three months of branch schooling followed by an extended tour with a Reserve or National Guard Unit. Qualified cadets may apply for commission in the regular Army.

During the course of instruction, the Army furnishes all required uniforms and military textbooks. Advanced course students receive a tax-free monetary allowance of $150 per month.

A special two-year program is available for full-time students who have a minimum of two years remaining on a degree plan and who have not had prior military training or ROTC. This program consists of an intensified course of instruction in military subjects that will qualify the student for the advanced course. The course of instruction is normally taken in the summer between the sophomore and junior years. Students attend a six-week Basic Camp at Fort Knox, Kentucky, receive transportation allowance to and from the camp, uniforms, room and board, and are paid approximately $750 for the period. No military obligation is incurred by attendance at this camp.

Application for the two-year program must be completed during the spring semester so that attendance at Basic Camp may be arranged. Further details are available at the Department of Military Science, Southwick Hall, Room 207, 956/381-3600.
• Continuing Enrollment

▷ Academic Standards for Regularly Admitted Students

Undergraduate students are expected to meet certain minimal academic standards in work completed in post-secondary education. Students who fail to maintain these minimum standards will be placed on academic probation or academic suspension, as appropriate. In determining whether a student will be placed on academic probation or suspension, all grades earned by the student (only the last grade is used if the student has attempted the course more than once) will be included in the computations of the grade point average.

▷ Scholastic Probation and Suspension Policy

The Academic Probation and Suspension Policy for undergraduate students at The University of Texas-Pan American is as follows:

1. Academic probation or suspension will be determined each regular (fall or spring) semester on the basis of the student’s current semester and cumulative grade point average.

2. An undergraduate student will be placed on academic probation as follows:
   a. Freshman – whenever the student’s cumulative grade point average is below 1.70.
   b. Sophomore – whenever the student’s cumulative grade point average is below 1.80.
   c. Junior and Senior – whenever the student’s cumulative grade point average is below 2.00.

3. An undergraduate student will be placed on academic suspension for one regular semester whenever the student enters a semester on academic probation and does not remove himself or herself from academic probation. If the student’s current semester grade point average is 2.25 or above for a fall or spring semester, the student will continue on probation.

4. A student on academic suspension may enroll for summer sessions for the purpose of raising the Cumulative GPA to the level required for good standing for the student’s classification. (Once placed on suspension for a semester, the suspension cannot be removed or changed to probation on the basis that the current semester GPA is a 2.25 or higher.) Removal from suspension can be most efficiently accomplished by enrolling only for courses in which the student has previously earned a low or failing grade.

5. A student on academic suspension who raises the Cumulative GPA to the level required for good standing will be reinstated as a student in good standing following notification of the Office of Admissions and Records.

6. If a student who has been suspended for failure to meet academic probation requirements feels that unusual circumstances warrant a review, the student may direct a written appeal to the Admissions Committee, in care of the Office of Admissions and Records, no later than one week prior to registration. The petition must detail the reasons for alleging that circumstances warrant special consideration and should indicate reasons why the circumstances will not recur. The committee may reinstate a student who has not served the period of academic suspension only when convinced the best interests of both the University and the student will be served by such action.

All students are responsible for knowing whether they are eligible to continue at the University. An ineligible student who nevertheless registers, or has registered prior to completion of the semester in which academic standing is determined, shall be dropped and cannot attend classes. Students shall not receive special consideration for lack of knowledge of scholastic status, regardless of whether the student registered and paid fees.

Scholastic probation and suspension for graduate students is discussed in the Graduate Catalog.

▷ Provisional Enrollment Program (PEP)

Students admitted under the Provisional Enrollment Program may continue enrollment at the University under one of two plans:

- Regular Admission
- Continued PEP Enrollment

▷ Eligibility for Regular Admission

PEP students will be evaluated for Regular Admission at the following times only, using the criteria shown:

1. At the end of the semester in which the total number of hours the student has attempted at the University first reaches at least 9, and the number of hours completed is
at least 6.* The student must have a cumulative GPA of 2.0 or higher and completion of college-level courses from at least two of the eligible areas shown below with at least a 2.0 GPA.

Eligible Areas: English, mathematics, natural sciences, social sciences, foreign language, and humanities.

2. At the end of the semester in which the student first achieves a total of 21 earned hours. At this point, the student must meet the GPA standard for regularly admitted students, which is 1.7 for students with fewer than 30 earned hours and 1.8 for students with 30-59 hours. Students who do not meet the GPA requirement will be ineligible to return to the University for a period of two years. (See “Discontinuation and Requalification” below.)

Eligibility for Continued PEP Enrollment

1. PEP students who have attempted fewer than 9 college-level hours are eligible to continue in the program without meeting further criteria.

2. PEP students who have attempted 9 or more college-level hours and do not qualify for Regular Admission may continue in PEP if they meet both the minimum hours completion criteria and GPA requirement as outlined below:

   Minimum Hours Completion Criteria: A minimum number of hours must be successfully completed with a grade of either A, B, C, D, CR or, in developmental English, P, or in developmental math, C. The minimum number, which depends upon the hours attempted, is as follows:

<table>
<thead>
<tr>
<th>Hours Attempted</th>
<th>Hours Completed</th>
</tr>
</thead>
<tbody>
<tr>
<td>9</td>
<td>6</td>
</tr>
<tr>
<td>10-12</td>
<td>9</td>
</tr>
<tr>
<td>Above 12</td>
<td>10</td>
</tr>
</tbody>
</table>

Minimum GPA Requirement: The student's cumulative GPA must be at least 1.7; however, PEP students who have just completed the semester in which the hours attempted reaches a total of 9, and have earned a GPA of at least 1.5, are allowed one additional semester in which to achieve the minimum GPA of 1.7.

Discontinuation and Requalification

Students who do not qualify for either Continued PEP Enrollment or Regular Admission will be ineligible to return to the University for a period of two years. However, if a student attends another institution during that time and successfully completes at least 9 college-level hours from the eligible areas (as previously noted) with a GPA of 2.0 or better, an exception will be made to the two-year waiting period.

In extenuating circumstances, students who are ineligible to continue under provisional policies may petition the Admission Committee for reinstatement.

Texas Academic Skills Program (TASP)

The Texas Academic Skills Program (TASP) is a statewide, comprehensive program designed to ensure that students attending public institutions of higher education in Texas have the necessary academic skills to perform effectively in college-level coursework.

TASP, in part, requires the following:

1. Mandatory Testing and Assessment – All students must take the TASP test (or approved alternate test) prior to entering a Texas public post-secondary institution, effective fall 1998.

2. Mandatory Orientation – All new students to UT Pan American, including transfer and transient students, must attend an orientation session prior to being allowed to register for classes; TASP information is disseminated at these orientation sessions.

3. Mandatory Academic Advisement – All students who have not passed all sections of the TASP test must be advised prior to registration each semester; and

4. Mandatory Developmental Education (if indicated by assessment) – The TASP test concentrates on three basic skills: reading, mathematics and writing. The standards for passing the test represent the minimum knowledge students entering college in Texas should have in order to succeed academically. Developmental courses or programs are provided to help students overcome deficiencies identified from the assessment; students must remain in continuous developmental education activities until they pass all sections of TASP. Students who have been diagnosed as having dyslexia or a related disorder or a specific learning disability in mathematics and who complete the developmental program prescribed by the institution may be required to retake the test once but may not be referred to any additional developmental course by other developmental programs or precluded from enrolling in an upper division course because of the student's performance on the test.

Contact the Learning Assistance Center in the Student Services Building, Room 618, telephone 956/381-2585, for further information.

The TASP Test

The TASP test is designed to determine whether students possess the basic skills in reading, writing and mathematics necessary for University courses.

In accordance with Texas Education Code, Section 51.306, all students in the following categories who enter public institutions of higher education and have not earned at least 3 college-level semester credit hours before fall 1989 must take the TASP test or an alternate exam: (1) all full-time and part-time freshmen enrolled in a certificate program or degree program and (2) any other student, including transfers from private or out-of-state institutions. State-approved alternate exams are: ASSET, MAPS, COMPASS, ACCUPLACER and Quick TASP.

The law exempts the following categories of students:

- those who have earned at least 3 college-level semester credit hours before fall 1989.
- those who have a composite score on the TAAS, ACT or SAT at or above the level set by the Texas Higher Education Coordinating Board (TAAS 1770 writing and Texas Learning Index (TLI) 86 math and (TLI) 89 reading; SAT taken April 1995 and thereafter – 1070 composite and 500 math and 500
verbal, SAT taken prior to April 1995 – 970 composite and 470 math and 420 verbal; ACT 23 composite and 19 math and 19 English]. For exemption purposes, a TAAS score is valid for three years and an SAT or ACT score is valid for five years. The TAAS minimum scores must be obtained on the first attempt of the TAAS test.

楯 blind and deaf students who earned 3 credit hours prior to Sept. 1, 1995. Beginning Sept. 1, 1995, blind and deaf students must take the TASP test. Blind students will be required to take the TASP test with proper accommodations. Deaf students will take the Stanford Achievement Test, which has been normed on the hearing-impaired population by Gallaudet University.

楯 those in certificate programs of less than one year (level one certificates – 42 or fewer semester credit hours).

楯 those who enroll on a temporary basis (maximum of one semester) and are also enrolled in a private or independent institution of higher education or an out-of-state institution of higher education the semester immediately preceding enrollment at UTPA, or have graduated from an institution of higher education when the appropriate documentation is submitted by the 12th class day for a fall or spring semester and by the fourth class day for the first or second summer session.

Students with 3 or more semester credit hours or the equivalent awarded prior to the fall semester 1989 are exempt from the Texas Academic Skills Program regardless of any election pursuant to the "Academic Fresh Start" statute, Section 51.931, Texas Education Code. An institution may also exempt a person 55 years of age or over and an international student who is not seeking a degree or certificate.

A student whose performance on the TASP is below the minimum standards set in all test sections.

楯 all tests must be repeated until the student meets or exceeds the minimum standards set in all test sections.

楯 all sections of the TASP must be passed prior to completion and award of a certificate or degree.

楯 for complete and current TASP information, contact the LAC Counseling and Advisement Center.

◮ Other TASP rules

1. Students who fail one or more parts of the TASP test must register for developmental courses or enroll in developmental programs in a deficient area every semester until they meet standards set by the State of Texas for each part of the TASP test. Standards are set by the Texas Higher Education Coordinating Board and are subject to change.

2. Students who have not passed all parts of the TASP test may not register for any 3000- or 4000-level courses if the number of college hours they already earned plus the number of hours for which they wish to register totals 60 or more hours.

3. Students may not enroll in courses designated as skill area (B or Better) courses until both TASP and departmental developmental education requirements have been met. The following have been designated as B or Better courses: Reading: ENG 2303, ENG 2305, ENG 2307, HIST 2313, HIST 2314, PSY 1310, POLS 2313, and POLS 2314; Math: MATH 1340 or higher level math; Writing: ENG 1301, ENG 1302.

4. The TASP test must be repeated by students who fail one or more parts of the test. Only the section(s) failed must be repeated.

5. Concurrent enrollment students and international students seeking a degree are subject to the same TASP requirements as all other students.

6. TASP scores are considered official only if they are sent directly from the testing company to UT Pan American, or if they appear on an official transcript from another Texas college or university.

Additional TASP information, including the rules adopted by the Texas Higher Education Coordinating Board, and information about special provisions related to certain disabilities, is available in the Learning Assistance Center and the Office of Admissions and Records at UT Pan American. Students needing more information on TASP rules or their TASP status can call 956/381-2529 or 956/381-2735. The TASP Registration Bulletin is available from the University Testing Center, UTPA Annex Room 112, 2412 S. Closner, telephone 956/316-2457, e-mail potesting@panam.edu, or from a high school counselor’s office.

The University of Texas-Pan American offers the following types of undergraduate curricula:

1. Those leading to one of the following Bachelor’s Degrees conferred by UT Pan American:

       • Bachelor of Arts (BA)
       • Bachelor of Applied Arts and Sciences (BAAS)
       • Bachelor of Business Administration (BBA)
       • Bachelor of Fine Arts (BFA)
       • Bachelor of General Studies (BGS)
       • Bachelor of Interdisciplinary Studies (BIS)
       • Bachelor of Science (BS)
       • Bachelor of Science in Criminal Justice (BSCJ)
       • Bachelor of Science in Electrical Engineering (BSEE)
       • Bachelor of Science in Mechanical Engineering (BSME)
2. Those satisfying the requirements leading toward degrees offered at other institutions, such as curricula leading to degrees in law, pharmacy, medicine and other specialized fields
3. Courses satisfying requirements for a minor field
4. Courses meeting requirements for certification as a teacher.

A complete list of degrees UT Pan American offers is located on pages 10-11.

The College of Science and Engineering also offers curricula meeting requirements for pre-dental (with a major in Biology or Chemistry), pre-optometry (with a major in Biology or Chemistry), pre-pharmacy (two years) and pre-medical (with a major in Biology or Chemistry) studies.

Minors are offered in most of the fields that offer majors. Additional minors are available in geology, bilingual/bicultural education, generic special education, French, statistics, military science, Mexican-American studies and reading (for students seeking certification only).

Supporting courses are available in a variety of fields, including astronomy, Bible, Chinese, geography, German, Japanese and Russian.

Students also may choose to graduate within the framework of Honors Studies. Requirements are listed on page 15 and on page 70.

Requirements for a Bachelor’s Degree

General Requirements: The general requirements for graduation are the same for each bachelor’s degree and are listed below. Specific requirements for each major field are listed in the catalog sections dealing with majors. It is the responsibility of the student to be familiar with all the requirements for the degree sought.

1. Degree, Minimum Hours and GPA: A student cannot receive two degrees at the same time. Students who wish to pursue more than one major, that fall under different disciplines, must decide at the point of graduation the type of degree he/she will receive. For students wishing to pursue a new degree, please refer to the section of “Additional Bachelor’s Degrees.” A minimum of 124 hours of work is required with an overall minimum grade point average (GPA) of 2.0. Some major requirements exceed the minimum hours and/or require a higher minimum grade point average.

2. Major and Minor GPA: A minimum GPA of 2.0 in the required hours for both the major and minor fields, or for the broad-field major, is required. Graduates who seek certification as elementary teachers must have a minimum GPA of 2.25 cumulative GPA, and for secondary and all-level certification, a 2.5 cumulative GPA is required. Accounting majors are required to have a 2.5 in their accounting courses.

3. University College/General Education Hours and GPA: 48 hours of UC/GE requirements must be satisfactorily completed with a minimum GPA of 2.0. (See page 67 for specific coursework.)

4. Freshman English: A minimum grade of “C” must be achieved in each of the two required freshman English courses (ENG 1301, ENG 1302 or equivalent Honors courses).

5. College Algebra: A minimum grade of “C” must be achieved in College Algebra or an approved higher-level math course.

6. Advanced Hours Overall: Must include a minimum of 51 hours of advanced-level (3000/4000) work. Some degrees require additional advanced hours.

7. Major/Minor Requirements: The coursework must include a minimum of the following: 30 hours of work in a major field of concentration (15 of which must be advanced) and 18 hours in a minor field (6 of which must be advanced). A minimum of 48 hours of work in a broadly integrated area (such as Business Administration, Music) may be substituted for the major and minor requirement. In such cases, at least 21 advanced hours must be included, and a department may specify not more than 60 total hours in the area.

8. Residency: The student must complete and receive credit in residence for: (a) a total of at least 31 semester hours of coursework counted toward the degree; and (b) 24 of the last 30 semester hours; and (c) 6 semester hours of advanced work in the major. (Clinical Laboratory Sciences Majors: The last 30 hours of college work must be completed at UT Pan American; they must include at least 8 hours of Biology or Chemistry, and a minimum of 6 advanced hours.)

9. “Re-Using” a Course: A course may not be used to satisfy a requirement for both a major and minor, or for two majors or for two minors.

10. Teacher Certification: All applications for teacher certification are processed through the UT Pan American Certification Office (Education Building, Room 138). Since degree plans for bachelor’s degrees with teacher certification may differ from plans without certification, students should ensure that a revised, official degree plan and degree worksheet are filed by their major department with the Office of Admissions and Records.

11. Course Distribution: The major-minor or broad-field major course distribution must follow the requirements set forth by the various departments, subject to any limitations and requirements noted in the catalog or in published form issued by the various departments or colleges of the University.

12. Degree Plan: The degree plan must be approved by the student’s department chair and dean and must be on file in the office of the dean of the college. This requirement is normally to be accomplished as soon as possible after the close of the sophomore year (completion of 60 or more hours). In any event, the degree plan must be on file before the deadline for submitting the “Application for Degree.”

13. Application for Degree: The Application for Degree must be filed by the student with the Office of Admissions and Records on or before the date specified in the University Calendar, which is approximately nine months prior to the intended date of graduation.

14. Catalog – Seven Year Limit: The degree requirements
that must be completed for graduation will be those in effect at the time of the student’s entrance or those provided in a subsequent catalog. In any case, the catalog used to determine the degree requirements must not be more than seven years old. Any changes in the degree plan to comply with a later catalog must be approved by the department chair and the dean of the college. For purposes of graduation requirements, this catalog expires August 2007.

### Graduate Programs

A list of graduate degrees offered by UT Pan American is on pages 10-11. For more information on graduate programs, consult the Graduate Catalog.

### General Information

#### Credit by Examination

UT Pan American offers college credit by examination to qualified students through a variety of approved examinations. A student may receive up to 45 hours of undergraduate credit by examination through the following programs:

- American College Testing (ACT) Program – Credit by Examination
- College Entrance Examination Board (CEEB) Achievement Tests
- Advanced Placement (AP) Tests
- College Level Examination Program (CLEP)
- UT Pan American Local Advanced Standing Examinations – for Credit

Test scores must be sent directly from the testing agency; student or hand-carried copies are not accepted. Credit is posted on the student's permanent record (transcript) when the student officially enrolls at UT Pan American. Credit by exam is accepted as “credit only” (CR) and does not affect the student’s cumulative grade point average (GPA). Unsuccessful attempts to earn credit by examination are not recorded on the student’s official transcript. Policies on credit earned by examination are reviewed every two years in conjunction with the publication of a new catalog.

For further information regarding credit by examination at UT Pan American, visit the Office of Admissions & Records, Student Services Building, Room 108 (phone: 956/381-2201; e-mail: admissions@panam.edu).

For additional information regarding testing, contact the UT Pan American Testing Center, UTPA Annex, 2412 S. Closner, Edinburg (phone 956/316-2457; e-mail: potesting@panam.edu).

Credit by examination at UT Pan American is available as follows:

#### CEEB Achievement and Advanced Placement (AP) Tests

If you are a high school student anticipating course credit through College Entrance Examination Board (CEEB)
Achievement and/or Advanced Placement (AP) Tests, you should make arrangements to take the proper examination(s) with your high school counselor or AP coordinator. This should be done in time for your scores to be received and evaluated by UT Pan American before you begin your first semester. Course credit – or exemptions – may be obtained in the subjects listed below:

### CEEB Achievement Tests

<table>

Please note: High school students anticipating college credit through College Entrance Examination Board (CEEB) Achievement and/or Advanced Placement Tests should make arrangements to take the proper examination(s) with their high school counselors or AP coordinators. This should be done in time for scores to be received and evaluated by UT Pan American before students begin their first semester.

### College Level Examination Program (CLEP)

Students can earn course credit at UT Pan American in a wide variety of subject areas through CLEP Subject Examinations, which are standardized 90-minute, multiple-choice tests. These exams are administered by the UT Pan American Testing Center once a month during the academic year; one or two tests can be taken in one day of testing. For a list of testing dates, contact the UT Pan American Testing Center, UTPA Annex, 2412 S. Closner, Edinburg (phone: 956/316-2457; e-mail: potesting@panam.edu).

Listed below are subject areas in which UT Pan American credit can be earned through the CLEP testing program, along with the required minimum score for each test. (The minimum score usually represents successful completion of 35 to 50 percent of the questions on an examination.) UT Pan American credit is posted to a student’s transcript only after he or she officially enrolls at the University.

Students who do not plan to enroll at UT Pan American are also permitted to take CLEP tests at the UT Pan American Testing Center. However, it is the responsibility of the student to contact the institution at which he or she plans to enroll in order to verify which CLEP tests are accepted for credit.

In order to prepare for CLEP testing, students may purchase The Official Guide for the CLEP Examinations at the UT Pan American Bookstore or order it from The College Board using the order form attached to the CLEP Registration-Admission form. Many students also obtain an appropriate textbook and/or study guide for the specific test(s).

The steps to follow in registering for CLEP testing are outlined in College Credit by Examination, a brochure available at the UT Pan American Testing Center.

* Plus departmental essay

**UT Pan American Local Advanced Standing Examinations – For Credit**

Students interested in acquiring credit through local departmental examinations at UT Pan American may contact the University's Testing Center to find out more about the requirements and fees. Projected local test possibilities are planned for each separate department. Local examinations may not be taken for courses for which an approved CLEP subject exam exists.

**Local Advanced Standing Examinations – For Credit**

Students may acquire college credit through local departmental examinations at UT Pan American. Local examinations may not be taken for courses for which an approved CLEP subject examination exists. Students are encouraged to contact the individual academic departments for more information regarding the availability of local examinations, requirements and fees.

**Teaching Certificates**

Requirements for teaching certificates in various fields or areas are shown in the respective academic sections of the catalog. General information for undergraduates is shown on page 111 of this catalog and in the Graduate Catalog for graduate students. Consult the Office of the Dean of the College of Education for full details on all certification requirements.

**Degree Plan**

In general, a student may follow the degree requirements listed in this catalog by the respective departments of the University, thus planning a schedule of courses. However, having a degree plan on file is a requirement for graduation, and a student is well advised to have the degree plan drawn up by the department chair on the proper form as soon as possible to preclude the possibility of taking courses that will not satisfy requirements for the degree the student seeks.

Students seeking a bachelor’s degree are expected to file an official degree plan with their major department upon completion of their sophomore year. Students seeking a master’s degree or doctoral degree are expected to meet with their graduate advisor and file an official degree plan during their first semester of enrollment. For more information, refer to the Graduate Catalog.

Students who change their major, area of concentration or teacher certification status must have a new official degree plan reflecting their current status on file with the appropriate department.

Upon request, the department chairs will aid students in preparing degree plans that may be required by institutions or agencies other than UT Pan American. As an illustration, some public school systems require prospective teachers who have not completed their degrees to file an approved plan in the superintendent’s office.

**Graduation Policies and Procedures**

**Application for Degree**

All students who intend to receive a degree from The University of Texas-Pan American must submit a completed Application for Degree form to the Office of Admissions and Records by the published deadline in the University Calendar, which is approximately nine months prior to the intended date of graduation. Applications received after the deadline will be processed for the next available graduation date. These deadlines are necessary in order for prospective graduates to be notified of any deficiencies in time to register for the appropriate coursework.

**Graduation Fee**

A non-refundable graduation fee of $25 is charged for undergraduate and graduate degrees. This fee is payable at the Office of Payments and Collections, Student Services Building, Room 115, at the time the candidate presents the Application for Graduation to the Office of Admissions and Records. This fee is used to pay for the processing of applications for graduation, music, graduation speakers, postage, diplomas and other expenses associated with graduation.

**Transfer of Graduation Date**

Prospective graduates who have submitted their Application for Degree form and do not meet graduation requirements for that graduation date must “transfer” their application to a later graduation date. Students will be required to pay an additional $10 fee each time the graduation date is transferred.
Commencement Exercises
The University of Texas-Pan American confers degrees four times each year – in December, May, July and August. Commencement exercises are scheduled for December and May only. August graduates may attend the December commencement exercises.

Regalia (Cap and Gown)
All students participating in the commencement ceremony are required to purchase the proper graduation regalia from the University Bookstore. (No students will be permitted to participate without the proper regalia.)

Correspondence
In order to ensure that information regarding graduation requirements, deficiencies and commencement exercises are received on a timely basis, the student’s correct address must be on file with the Office of Admissions and Records. Prospective graduates will not receive special consideration for lack of knowledge of graduation requirements, deficiencies or deadlines.

Honors
Upon graduation, a student receiving a bachelor’s degree is listed with “Honors” in accordance with the following standards based on his or her final overall grade point average:

- Summa Cum Laude: Grade point average of 3.9 to 4.0
- Magna Cum Laude: Grade point average of 3.7 to 3.89
- Cum Laude: Grade point average of 3.5 to 3.69

Honors are listed in the graduation program based on the student's GPA prior to completion of his or her last semester of coursework, and does not guarantee graduation with honors upon calculation of the overall GPA after the student’s last semester has been completed.

University Library
The University Library is the campus center for resources that support the curricular offerings of The University of Texas-Pan American. The four-story brick and glass structure contains 122,500 square feet. The cornerstone of the building was dedicated on April 10, 1978.

The Library houses a collection of approximately 437,000 volumes, 300,000 government documents; 4,500 periodical subscriptions; one million units of microforms; and 6,000 audiovisual items. Library collections are catalogued via OCLC and made available to patrons by the DRA circulation and public access automated library systems.

Of interest to the region and beyond are the special collection materials contained in the Lower Rio Grande Valley Historical Collection and the Rio Grande Folklore Archive. Materials available pertain to the Texas counties of the Valley and northeastern Mexico.

The reference area has numerous microcomputers connected to the Library local area network (LAN) and available for accessing information resources and e-mail. Connectivity with the Internet provides access to the catalogs of other library collections and shared databases made available by The University of Texas System and the TexShare project. Available via CD-ROMs, the Internet or stand-alone systems are different subject area citation and abstract databases; many include an array of full text articles.

Library patrons are offered services that include reference and information consultation and assistance, computerized database searching, interlibrary loan and library use instruction.

Students enrolled in cooperative programs: Students enrolled in cooperative programs must be registered in order to borrow materials from the library and obtain use of other services during the fall and/or spring semester(s). Graduate students who are registered in the spring semester will automatically receive privileges for the summer sessions. Students who are not registered during the fall or spring semester(s) may join the Friends of the Library for library privileges.

The benefits of the Friends of the Library membership extended for one full year are that members:

- may check out materials as per circulation policies;
- are eligible for interlibrary loan privileges and establishment of a SLIP account through the Computer Center;
- receive in advance the library newsletter and notification of all special events sponsored by the organization and will be admitted free of charge to such events; and
- receive advance admission to the annual book sale.

Students with incomplete courses: Unenrolled UT Pan American students with incomplete courses during the fall or spring semesters need to purchase the Friends of the Library card if they wish to use the library services.

Resources of the University Library are available seven days a week during regular academic sessions. Detailed information about hours and services may be obtained at the circulation department.
desk or the Library Web site: www.lib.panam.edu, telephone: 956/381-3306 or voice/TDD 956/381-2763.

• Learning Assistance Center

The purpose of the Learning Assistance Center (LAC) is to provide all students with an equal opportunity to succeed in college by maintaining a program of support services to address their unique educational, career, and personal needs. The major goal is to increase UT Pan American retention and graduation rates while providing quality academic programs.

The LAC is made up of various units as noted below. The tutorial unit and some activities of the Counseling and Advisement Center are coordinated with a U.S. Department of Education Title IV federal project—Special Student Support Program. Call 956/381-2585 or 381-2529 for connections to any of the services listed below. All LAC services are located in the Student Services Building.

Academic Advisement: Designed to assist students with educational planning with regard to general education course requirements and to inform them about course placement as it relates to legislation governing the Texas Academic Skills Program (TASP) and institutional policy. Mandatory advisement is provided for UT Pan American students who have not met the state passing standard in the three areas of TASP. This service unit also advises all entering freshman students after they attend New Student Orientation, students in the Provisional Enrollment Program (PEP), students on scholastic probation or academic suspension, and students recently transferred from other colleges and universities, or who are planning to transfer from UT Pan American. Also advised are those students wanting to return after a long absence from school, and general walk-ins seeking information or considering enrollment at UTPA.

Tutoring: Designed to help students improve their comprehension of coursework material and to develop the academic skills required for achievement at the University by providing professional staff and peer tutors to work with them on an individual or small group basis. These services assist those who are having difficulty comprehending course content, who have low grades or who wish to improve their grade point average. Tutoring is available in the subject areas of English, Spanish, mathematics, biology, chemistry, physics and the social sciences.

Reading Program: Designed to assist students who wish to improve their reading skills. Students may work selectively in improving vocabulary, reading comprehension or other areas of need specific to reading skills development.

Study Skills: Designed to assist students who are having difficulty with their coursework. The study skills focus on getting organized, procrastination, listening and note-taking, reading textbooks, memory and concentration, time management, test-taking skills and test anxiety.

Developmental Education Program: The LAC tutorial laboratories provide academic support to students who must enroll in developmental courses and/or are in the process of fulfilling legislative requirements of the Texas Academic Skills Program (TASP) test.

TASP Labs: Designed to meet the state-mandated non-course based developmental education requirements in the TASP areas of writing, reading, and mathematics.

Computer-Assisted Instruction: Designed to provide assistance by use of commercial software program tutorials in certain college-level courses, basic skills development and TASP preparation.

Personal Counseling: Designed to assist students who are having problems with personal, social, emotional and/or interpersonal relationships that may be affecting their adjustment to the University environment or interfering with academic achievement. Counseling activities help students clarify their goals, facilitate personal growth, increase effective coping skills, provide support and encourage personal responsibility for their actions. Some activities are conducted in group counseling sessions, topical seminars or workshops. Students with serious mental health pathology are referred for psychiatric evaluation when appropriate.

Career Counseling: Designed to assist students in career exploration activities through individual counseling, the career library and career seminars. To facilitate the process, testing or standardized evaluation may be used to help students gain a better understanding of their academic abilities, interests, aptitudes and personality. Test instruments may be of special interest to those who are unsure of a choice of major or career, or students who want to verify a tentative choice.

STUDENT SERVICES
& INFORMATION

Advanced Services for Student Information Supported by Technology (ASSIST)

In order to provide students with easy access to student information, The University of Texas-Pan American developed ASSIST (Advanced Services for Student Information Supported by Technology).

With ASSIST technology, students may access general, academic and financial information from home or various locations on campus. Personal information is protected by a Personal Identification Number (PIN), which initially is the student’s date of birth entered as a six-digit number (for example, March 15, 1964, is entered as 031564).

A Registration Access Code (RAC) is required to access ASSIST registration services, and is issued to students by an academic advisor each semester.

ASSIST services include the following:

• Kiosk Information Stations: Currently 11 Kiosk Information Stations are located across the UT Pan American
campus, with plans to add more stations in the future. These stations are located in the Administration Building, Academic Services Building, Business Administration Building, Communication Arts and Sciences Building, Education Building, Health and Physical Education II, Health Sciences Building, Science Building, Social and Behavioral Sciences Building, University Library and University Center. Kiosk services include:

- Campus Map and Directory
- Calendar of Events
- Staff and Faculty Job Openings
- General Information: Course Availability, Department List, Standard Forms Financial Aid Awards (PIN required)
- Student Records (PIN required): Account Balance, Admission Status, Grades/Unofficial Transcript, Student Schedule

**Terminal Registration System:** The Terminal Registration System provides registration services via the Internet. Terminal Registration services include:

Registration (RAC required): Register/Add/Drop, Display Student Schedule, Display Student Grades

Telnet Instructions:

**Step 1:** At the C:/> prompt, type telnet reg.panam.edu, press enter.

**Step 2:** At the Username prompt, type IA_PRREG, press enter.

**Step 3:** Follow the instructions that appear on the screen.

(For modems, dial AT&T 3813591, select item 1, 2 or 3, then proceed with Step 2 above.)

**Voice Response (Telephone) System:** Information on admissions, grades, registration and payments can be accessed through the voice response system with a touch-tone phone. (These are not toll-free numbers.) Courtesy telephones are available in the Office of Admissions and Records. Voice Response services include:

Application Status
Deadline Dates/How to Apply
Requirements for Admission
TASP Information
Grades (PIN required)
Registration Information
Class Schedule (PIN required)
Dates and Procedures
Registration Holds (PIN required)
Transcript Information
Dates Available/How to Request

Registration – 956/381-3000 (RAC required)

ASSIST registration is normally available Monday-Friday between 7 a.m.-6 p.m. and 6:30 p.m.-midnight. Some weekends/holidays may be available. Note: This is not a toll-free call.

**ASSIST:**

**STEP 1** Select one of the following options:

- **Enter 1** to register or drop/add courses or list schedule
- **Enter 2** for course availability
- **Enter 3** for general registration information and deadlines, office hours, and applying for graduation
- **Enter *7** to repeat this menu
- **Enter *9** to end this call

**STEP 2** Enter your 9 digit **student ID number** (your number will be repeated to you, then enter 1 if correct, or 2 if incorrect).

**STEP 3** Enter your 6 digit Registration Access Code (RAC): provided by your advisor.

**STEP 4** Select a term (following the instructions provided by the voice system).

**STEP 5** Select from the following registration options:

- **Enter 1** to register for courses
  Enter the 5 digit call number of the course you would like to add (the call number will be repeated to you, then enter 1 if correct, or 2 if incorrect).

- **Enter 2** to drop a course
  As each course from your schedule is spoken:
  - Enter 1 if you do not want to drop the course listed
  - Enter 2 to drop the course listed.
  - Enter 3 to conditionally drop this course to add a new course.

- **Enter 3** list your current course schedule
  Enter *2 to return to the main menu.
  Enter *7 to repeat this menu.
  Enter *9 to end this call.

**STEP 6** Pay your tuition and fees on or before the payment deadlines

Payment may be made with your VISA or MASTERCARD via ASSIST:

ASSIST Telephone Payment: 956/381-3030
ASSIST Web Payment: www.panam.edu/assist
KIOSK Payment at 10 locations:

Academic Support Services Building
Administration Building
Business Administration Building
Communication Arts & Sciences Building
Education Building
Health Sciences Building
Science Building
Social & Behavioral Sciences Building
University Center
University Library

Payments and Collections – 956/381-3030
How to Pay Fees/Office Location
Tuition Information/Deadline Dates
Current Balance/Residency Status (PIN required)
Request Parking Permit (PIN required)
Credit Card Payment (PIN required)

To end a call, press 9# and listen to closing messages.

**Web for Students:** Admission, grade, registration and financial information can be accessed on the Web at www.panam.edu/assist. Web services include:
- University Catalogs
- Class Schedules
- Admission Information
  - Apply for Admission
  - View Admission Status
- Registration (RAC required)
  - View Class Availability
  - Conditional Drop/Add
- Student Schedule (graphic)
- Student Schedule (detailed)
- View Fee Assessment
- Student Records (PIN required)
  - View Address Information
  - Update Address
  - View Grades
  - Academic Transcript
  - Account Summary
  - Change PIN Number
- Financial Aid Awards (PIN required)

### Student Rights and Responsibilities

#### Student Guide

Students are responsible for becoming familiar with policies that govern students. The University of Texas-Pan American Student Guide provides detailed information on numerous aspects of campus life and University policies governing students. Copies of the Student Guide are available through the Office of the Dean of Students, University Center, Room 104.

#### Student Right to Know and Campus Security Act

The Student Right to Know and Campus Security Act of 1990 requires that colleges and universities take reasonable steps to publicize graduation rates and certain campus crime statistics. One purpose of this federal legislation is to give students, prospective students, parents of students, employees and others who may be interested a better understanding of the frequency of serious crime on campus and, ultimately, to make this and other campuses safer.

The University of Texas-Pan American is concerned about the safety and security of the entire University community. In an effort to provide a safe and secure campus, the University maintains a full-time professional police force composed of state-certified, licensed law enforcement officers, commissioned by The University of Texas System, with the power of arrest, and other noncommissioned security personnel. They patrol the campus 24 hours a day, 365 days a year.

The University Police Department maintains a police substation at the University Library as well as emergency phones throughout campus with direct lines to the Police Department. The department also provides escort to and from any location on campus upon request.

All members of the University community should be aware of dangers to their personal safety. Crime happens on campus just as it happens off campus. If someone is the victim of a crime or witnesses a crime, he or she should report it and cooperate with the University Police Department to ensure that the crime is properly investigated and prosecuted.

To report a crime, call the University Police at 956/316-7151. In the event of an emergency, call H-E-L-P (381-4357), or dial 911, 24 hours a day, 365 days a year.

* Attempted.
** Different standards used to compute; numbers from previous years not comparable.

**Note:** For purposes of reporting the data, the term “on campus” includes the adjacent areas off-campus owned or controlled by registered student organizations. The University has no responsibility for security policies, procedures or safety at these locations.

University policies and Texas law prohibit the disruption of University operations and events and regulate the use of alcoholic beverages on campus. Violators will be subject to prosecution under the law and the University's disciplinary code. University policies related to the possession, sale and use of alcoholic beverages on campus are described in The University of Texas-Pan American Student Guide. Copies are available on request in the Office of the Dean of Students, University Center, Room 104.

Other policies that pertain to crime reporting and crime prevention, facilities access and security, authority of police and
related matters are contained in the Student Guide, in the University's Handbook of Operating Procedures, and in a leaflet mailed to all students. All are available from the Office of the Dean of Students and the Office of University Relations.

The following offices are available to assist you:
- University Police 316-7151 or H-E-L-P (4357)
- Counseling Center 381-2529
- Dean of Students 381-2260
- Student Health Services 381-2511
- Alcohol and Drug Abuse Program 381-3676

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. §1232g, and the Texas Public Information Act, Texas Government Code §552.001 et seq., are respectively a federal and a state law that provide for the review and disclosure of student educational records. In accordance with these laws, The University of Texas-Pan American has adopted the following policy. Individuals are informed of their rights under these laws through this policy, which is included in the University's Handbook of Operating Procedures (HOP) and this catalog. The catalog is made available through the Graduate School and the Office of Admissions and Records and copies of the Handbook of Operating Procedures are available in the University Library and most administrative offices and on the Internet at http://www.panam.edu/hop.

The University will not permit access to or the release to any party of personally identifiable information contained in student education records without the written consent of the student, except as authorized by FERPA. FERPA's authorizations for release without consent include the following:

1. to appropriate University officials who require access to educational records in order to perform their legitimate educational duties;
2. to officials of other schools in which the student seeks or intends to enroll, upon request of these officials, and upon the condition that the student be notified and receive a copy of the record if desired;
3. to federal, state or local officials or agencies authorized by law;
4. in connection with a student's application for, or receipt of, financial aid;
5. to accrediting organizations or organizations conducting educational studies, provided that these organizations do not release personally identifiable data and destroy such data when it is no longer needed for the purpose for which it was obtained;
6. to the parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1954;
7. in compliance with a judicial order or subpoena, unless such subpoena specifically directs the institution not to disclose the existence of a subpoena;
8. in an emergency situation if the information is necessary to protect the health or safety of students or other persons; or
9. to an alleged victim of any crime of violence, the results of the alleged perpetrator's disciplinary proceeding may be released.

The University will release information in student education records to appropriate University officials as indicated in 1. above when there is a legitimate educational interest. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Regents; or a student serving on an official committee or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Where required by regulations, a record of requests for disclosure and such disclosure of personally identifiable information from student education records shall be maintained by the vice president for Business Affairs for each student and will also be made available for inspection pursuant to this policy. If the institution discovers that a third party who has received student records from the institution has released or failed to destroy such records in violation of this policy, it will prohibit access to educational records for five years. Respective records no longer subject to audit nor presently under request for access may be purged according to regular schedules.

• Directory Information

At its discretion, the University may release directory information which shall include:

1. name, address, telephone number
2. date and place of birth
3. major field of study
4. participation in officially recognized activities and sports
5. dates of attendance
6. most recent previous educational institution attended
7. classification
8. degrees, honors and awards received
9. date of graduation
10. physical factors (height and weight) of athletes
11. photographs
12. University e-mail address

Students may have any or all directory information withheld by notifying the Graduate School in writing. Request for nondisclosure will be honored by the University until such time that the student grants permission, in writing, to release the information.
**Access to File**

Upon written request, the University shall provide a student with access to his or her educational records. The vice president for Business Affairs at UT Pan American has been designated by the institution to coordinate the inspection and review procedures for student education records, which include admissions files, academic files and financial files. Students wishing to review their education records must make written requests to the vice president for Business Affairs listing the item or items of interest. Education records covered by the Act will be made available within 45 days of the request.

A list of education records and those officials responsible for the records shall be maintained at the Office of the Vice President for Business Affairs. This list includes:

- **Academic Records**
  - Graduate School, AB 116
  - Office of Admissions and Records, Registrar, SS 108
  - College, Division, Department and Faculty Offices

- **Student Affairs/Student Services Records**
  - Counseling Office: Director of Counseling, SS 513
  - Student Services: Dean of Students, UC 104
  - Housing Office: Director of Campus Life, Women’s Residence Hall
  - Office of Career Placement Services: Director, SS 147

- **Financial Records**
  - Business Office: Vice President for Business Affairs, AB 306
  - Student Financial Services: Director, SS 186

Educational records do not include:

1. financial records of the student’s parents or guardian;
2. confidential letters of recommendations that were placed in the educational records of a student prior to January 1, 1975;
3. records of instructional, administrative and educational personnel that are kept in the sole possession of the maker and are not accessible or revealed to any other individual except a temporary substitute for the maker;
4. records of law enforcement units;
5. employment records related exclusively to an individual’s employment capacity;
6. medical and psychological records;
7. thesis or research papers; or
8. records that only contain information about an individual after the individual is no longer a student at the institution.

**Challenge to Record**

Students may challenge the accuracy of their educational records. Students who believe that their educational records contain information that is inaccurate or misleading, or is otherwise in violation of their privacy or their rights, may discuss their problems informally with the department that generated the record in dispute. If an agreement is reached with respect to the student’s request, the appropriate records will be amended. If not, the student will be notified within a reasonable period of time that the records will not be amended, and he or she will be informed by the head of that department of his or her right to a formal hearing.

Student requests for a formal hearing must be made in writing to the vice president for Business Affairs who, within a reasonable period of time after receiving such requests, will inform students of the date, place and the time of the hearing. Students may present evidence relevant to the issues raised and may be assisted or represented at the hearings by one or more persons of their choice, including attorneys, at the student’s expense. The hearing officer who will adjudicate such challenges will be appointed by the vice president for Business Affairs in non-academic matters and by the provost and vice president for Academic Affairs in academic matters.

Decisions of the hearing officer will be final, will be based solely on the evidence presented at the hearing, will consist of the written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned.

The education records will be corrected or amended in accordance with the decision of the hearing officer, if the decision is in favor of the student. If the decision is unsatisfactory to the student, the student may place with the education records statements commenting on the information in the records or statements setting forth any reasons for disagreeing with the decision of the hearing officer, or both.

The statements will be placed in the education records, maintained as part of the student’s records, and released whenever the records in question are disclosed.

Students who believe that the adjudications of their challenges were unfair or not in keeping with the provisions of the Act may request, in writing, assistance from the president of the institution.

**Copies**

Students may have copies of their educational records and this policy. These copies will be made at the student’s expense at rates authorized in the Texas Public Information Act. (There is no charge for student transcripts.) Official copies of academic records or transcripts will not be released for students who have a delinquent financial obligation or financial “hold” at the University.

**Complaints**

Complaints regarding alleged failures to comply with the provisions of the FERPA may be submitted in writing to the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-4605.

**Student Academic Responsibilities and Appeals**

- **Academic Responsibilities**

  Students are expected to inform themselves thoroughly concerning the regulations of the University and the course...
requirements for degrees and to make inquiries in case of
doubt. It shall not be the University's responsibility should
complications arise because of failure to follow regulations and
requirements. Regulations will not be waived nor exceptions
to requirements made on a plea of ignorance of the regulation
or requirement. Students, therefore, should become familiar
with all of the information related to the program contained in
the printed University bulletins.

Each student, by registering, enters some college of the
University and, except as to conduct, is thereafter under its
jurisdiction with regard to the student's program of study and
degree requirements. Students should work directly with the
person in their major department who is assigned the
responsibility of supervising their programs concerning course
requirements and options, deficiencies, degree plan and
special regulations. Requests to waive regulations and/or
requirements should be directed in writing to the dean of the
college.

- Academic Appeals

Periodically, misunderstandings arise with regard to
academic expectations and final grades. Students wishing to
appeal final grades or misunderstandings in academic
standards should first discuss the matter with the instructor of
the class. If no resolution occurs, and the student wishes to
pursue the matter further, he or she should appeal in writing
to the department chair involved. The department chair will
respond in writing to the student within 10 class days of the
receipt of the student's written appeal. Pursuant appeals will be written and directed within 10
class days of the date of the department chair's decision to the
College Academic Appeals Committee. The committee will
consist of a panel of three faculty members, two of whom may
not be from the department in which the appeal originated.
The dean of the college will appoint the panel members upon
receipt of the written appeal and notify the student in writing of
the date, time and location of the hearing and the names of
the members of the panel. The student and the faculty
member involved may appear in person before the panel and
present evidence and/or witnesses. The hearing will be closed
to the public and no person other than the student, the faculty
member involved and panel members may be present. No
person may represent the student or the faculty member.

After the College Academic Appeals Committee has
heard the appeal, it will deliberate and come to a decision.
The committee's decision will be written and mailed or
delivered in person to the student and faculty member within
three class days of the close of the hearing. The student may
appeal in writing within 10 class days to the dean. The dean's
decision will be final and must be mailed or delivered in person
to the student within 10 class days of the receipt of the
student's written appeal. This policy may be found in the
Student Guide.

NOTE: At the time of publication of this catalog, this policy
was being revised. See the Office of the Dean of Students or
Provost and Vice President for Academic Affairs for the latest
approved policy.

- Student Complaint Procedures

  - Purpose

  The University of Texas-Pan American endeavors to provide
fair and objective procedures for hearing student complaints
and endorses compliance with the spirit of non-discrimination
regulations. The following will advise students of procedures to
be followed in filing non-academic complaints.

  - Discrimination/Disability Complaints

  Students with questions concerning discrimination in
employment or based on sex or disability must contact the
appropriate compliance officer prior to initiating grievance
procedures. Compliance officers are listed below:

  1. Title IX (non-discrimination on the basis of sex): Student
     inquiries or complaints concerning Title IX or discrimination on
     the basis of sex may be presented to the director of the
department in question or to the Dean of Students
(Compliance Officer), University Center 104, 956/381-2262.

  2. Sexual Harassment: The University of Texas-Pan
American condemns sexual harassment of its students, staff
and faculty. Sexual harassment is a form of sexual
discrimination and is illegal. Students who believe they have
been subjected to sexual harassment are encouraged to
immediately report the incident to the Dean of Students,
University Center 104, 956/381-2262.

  The University's policy concerning sexual harassment may
be found in the Student Guide and the Handbook of Operating
Procedures.

  3. AIDS-Related Issues: Students may not be subjected to
impermissible discrimination on the basis of Acquired Immune
Deficiency Syndrome (AIDS) or Human Immunodeficiency Virus
(HIV). The policy addressing AIDS-related issues may be found
in the Student Guide and the Handbook of Operating
Procedures. Student complaints or inquiries should be directed
to the Director of Student Health, Emilia Schunior Ramirez Hall,
Room 1.105, telephone 956/381-2511.

  4. Section 504 of the Rehabilitation Act/Americans with
Disabilities Act: The University of Texas-Pan American provides
for the prompt and equitable resolution of complaints alleging
violations of these acts, including complaints regarding a refusal
to provide requested accommodations and auxiliary aids or
services and programs that are perceived to be inaccessible.
Students should address ADA or Section 504 complaints to The
University of Texas-Pan American, ADA Coordinator, 1201 W.
University Drive, Edinburg, TX 78539, 956/381-2127.

- Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA)
concerns the maintenance and confidentiality of student
records. The University's policy regarding FERPA may be found
in the Student Guide, the Handbook of Operating Procedures
and page 53 of this catalog. Students who believe their records
are inaccurate or have been disclosed in an unauthorized
manner should contact the Vice President for Business Affairs,
Administration Building 320, 956/381-2121.
All Other Non-Academic Complaints

In an effort to resolve misunderstandings or concerns, a student must first make every effort to resolve the problem by discussing his or her concerns with the faculty or staff member against whom the complaint is lodged. If the concern still exists, the student may discuss the complaint with the appropriate chair or head of the department in which the complaint originated. Additional appeals may be pursued through administrative channels. Students should consult “Student Complaint Procedures” in the Student Guide or Handbook of Operating Procedures for detailed information or request assistance from the Office of the Dean of Students, University Center 104, 956/381-2262.

- Student Advisement for Concerns/Complaints
  The Office of the Dean of Students in University Center, Room 104, offers assistance to students who have concerns or complaints other than those addressed above, or who have questions regarding existing policies and procedures.

- Student Conduct and Disciplinary Code
  All students at The University of Texas-Pan American are subject to the rules and regulations governing student conduct and discipline as described in the UT Pan American Student Guide and Handbook of Operating Procedures and in Part One, Chapter VI, Section 3 of the Rules and Regulations of the Board of Regents of The University of Texas System. These documents are available for review in the University Library, the Office of the Dean of Students and the Office of the Vice President for Enrollment and Student Services.

- Hazing
  Hazing is both a violation of University policy and a criminal offense (Sections 37.151 et seq. and 51.936, Texas Education Code) and may result in arrest and prosecution by civil authorities as well as disciplinary action pursuant to the Regents’ Rules and Regulations (Part One, Chapter VI, Sections 3.28 and 3.6) and the University’s Handbook of Operating Procedures, Section 6.4.1.
  Hazing with or without the consent of a student is prohibited by the University and by the UT System. Both the hazer and victim are subject to discipline.
  According to state law, a person can commit a hazing offense not only by engaging in a hazing activity, but also by soliciting, directing, encouraging, aiding or attempting to aid another in hazing; by intentionally, knowingly or recklessly allowing hazing to occur; or by failing to report in writing to the dean of students or other appropriate individual of the institution firsthand knowledge that a hazing incident is planned or has occurred. The fact that a person consented to or acquiesced in a hazing activity is not a defense to prosecution for hazing under the law.
  In an effort to encourage reporting of hazing incidents, the law grants immunity from civil or criminal liability to any person who reports a specific hazing event to the dean of students or other appropriate individual of the institution and immunizes that person from participation in any judicial proceeding resulting from that report. The penalty for failure to report is a fine of up to $1,000, up to 180 days in jail, or both. Penalties for other hazing offenses vary according to the severity of the injury which results and include fines from $5,000 to $10,000 and/or confinement for up to two years.
  The law does not affect or in any way restrict the right of the University to enforce its own rules against hazing.
  The law defines hazing as any intentional, knowing, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization whose members are or include students at an educational institution. Hazing includes but is not limited to:
  - Any type of physical brutality, such as whipping, beating, striking, branding, electric shocking, placing of a harmful substance on the body, or similar activity;
  - Any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, or other activity that subjects the student to unreasonable risk of harm or which adversely affects the mental or physical health of the student;
  - Any activity involving consumption of food, liquid, alcoholic beverage, liquor, drug, or other substance which subjects the students to an unreasonable risk of harm or which adversely affects the mental or physical health or safety of the student;
  - Any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame, or humiliation, or that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described in this subsection; and
  - Any activity that induces, causes, or requires the student to perform a duty or task which involves a violation of the Penal Code.

Solicitation on Campus

The University’s policy on solicitation is outlined in The University of Texas System Regents’ Rules and Regulations, Part One, Chapter VI.6.6. (The term “solicitation” means the sale, lease, rental or offer for sale, lease, rental of any property, product, merchandise, publication, or service, whether for immediate or future delivery; an oral statement or the distribution or display of printed material, merchandise, or products that is designed to encourage the purchase, use, or rental of any property, product, merchandise, publication, or service; the oral or written appeal or request to support or join an organization other than a registered student, faculty, or staff organization; the receipt of or request for any gift or contribution; or the request to support or oppose or to vote for or against a candidate, issue, or proposition appearing on the ballot at any election held pursuant to state or federal law or local ordinances.)
• **Student Services**

**Career Placement Services**

In a time when heavy academic emphasis is being placed on career-oriented programs, UT Pan American's Office of Career Placement Services is an important component of any student's preparation.

Through this office, students gain new insight into their future career plans, different job opportunities, average pay scales and other useful information. The Career Information Center is located in the office and is available to any interested student.

The UT Pan American Office of Career Placement Services places students in jobs in two ways. During the students' college years, the office will assist them in locating part-time employment. Then as they approach graduation, the office helps connect them with prospective employers. Many major corporations, government agencies and other top employers recruit at UT Pan American each year.

**Placement:** A placement credential service, an online résumé service, and on-campus employment interviews are available for seniors. Special activities are also held for all UT Pan American students and alumni in preparation for the career search. These include Career Day, Teacher's Job Expo, Allied Health Career Day, Graduate and Professional School Fair, Engineering and Computer Science Career Day and Job Interview Skills Workshops, as well as other activities.

**Career Information Center:** The Career Information Center houses sources of occupational information; registers and directories; information on hundreds of different companies, school districts and government agencies; fellowship/scholarship information; and graduate/professional school catalogs. Computers are available to assist with company research.

**Student Employment Service:** A number of local businesses and agencies contact the office seeking students for part-time or full-time employment. The Student Employment Service operates as a referral system to match these employers with UT Pan American students. International students are required to apply through the International Student Advisor in the Communication Arts and Sciences Building (CAS), Room 125, telephone 956/381-2922.

**Cooperative Education Program:** The Cooperative Education (Co-Op) Program at UT Pan American offers students an opportunity to gain work experience in an employment situation directly related to their major course of study.

The Co-Op Program has three options:

- Alternating/Full-time — Students alternate semesters or six-month terms of full-time work with full-time study.
- Parallel/Part-time — Students work part-time, usually 25 hours or less, while continuing to take classes.
- Summer Internship — Students work during the summer months on a full-time basis.

To be eligible to participate in the Co-Op Program students must:

- have completed a minimum of 30 semester credit hours.
- maintain at least a 2.0 grade point average.
- be enrolled at least half-time (6 hours).
- either be currently enrolled, or have been enrolled the previous semester and be registered for the upcoming semester.

The Co-Op student may be eligible to receive academic credit for his or her Co-Op work assignment in ART 4391, COMM 3623, COMM 3627, CRJ 4402, GENB 2346, POLS 2343 and POLS 3185. Refer to the course descriptions in the academic departments section of this catalog for more information.

The Office of Career Placement Services is located in the Student Services Building, Room 147. Telephone: 956/381-2247. E-mail: career_place@panam.edu. Web site careerservices.panam.edu.

**High School to University Services**

The office of High School to University Services promotes educational excellence in local public schools by providing University resources and services to support a wide variety of programs and activities. These initiatives are designed to encourage students to pursue high levels of academic achievement in high school and to help prepare them for success in college and beyond.

**The Advanced Placement Summer Institutes** are planned to prepare high school and middle school teachers to teach Advanced Placement and Pre-AP courses. These intensive week-long training sessions are sponsored by the University in cooperation with the College Board.

UTPA Annex, 2412 S. Closner, Edinburg.
Telephone: 956/388-2700.

**The Concurrent Enrollment program** allows outstanding juniors and seniors in accredited Texas high schools to enroll in University courses and receive college credit. Concurrent Enrollment opportunities are offered through both distance learning and on-campus attendance programs. The “High School to University Program” makes tuition incentives available to qualified students from participating school districts.

UTPA Annex, 2412 S. Closner, Edinburg.
Telephone: 956/388-2700.

**The University Testing Center** offers numerous national and specialized examinations such as the American College Test (ACT), Scholastic Assessment Test (SAT), Graduate Record Exam (GRE), Graduate Management Admissions Test (GMAT), Law School Admissions Test (LSAT), Medical College Admission Test (MCAT), Texas Academic Skills Program (TASP), Quick TASP, Test of English as a Foreign Language (TOEFL), Institutional TOEFL, College Level Examination Program (CLEP), Local Advanced Standing Exam (LASE), Miller Analogies Test (MAT) and a number of others.

UTPA Annex, 2412 S. Closner, Edinburg.
Telephone: 956/316-2457.
E-mail: potesting@panam.edu
Texas Scholars, an initiative of the Texas Business and Education Coalition, encourages secondary students to enroll in challenging courses and to complete the “Recommended” high school curriculum. UT Pan American supports the program by serving as a resource for school districts and by providing incentives to students.

UTPA Annex, 2412 S. Closner, Edinburg.
Telephone: 956/388-2700

The Training for Educators program provides a wide variety of in-service training opportunities for professionals and paraprofessionals employed in the field of education. Non-credit courses, workshops, and certificate programs are available for teachers, counselors, teacher aides, substitute teachers and child care providers.

UTPA Annex, 2412 S. Closner, Edinburg.
Telephone: 956/388-2700.

Student Outreach Services

The Student Outreach Services Office assists UT Pan American’s efforts to establish, meet and maintain desired enrollment levels of students by recruiting and orienting students to the University. The recruitment program acts in support of these efforts by developing and coordinating various strategies to reach prospective students.

The Student Orientation Office conducts orientation sessions designed to facilitate new students’ adjustment to the University environment, to develop an understanding of academic expectations, to become familiar with campus services and activities and to provide academic advisement for their first term at UT Pan American. Attendance at orientation is mandatory for all entering freshmen and TASP-affected transfer students. All new students (transfer and/or entering freshmen) to the University are assessed a new student orientation fee.

Services for Persons with Disabilities

The Office of Services for Persons with Disabilities (OSPD) is designed to provide supportive services that meet the educational, career and personal needs of persons with disabilities who attend or plan to attend UT Pan American.

Major program responsibilities include:

• identifying persons with disabilities, verifying disabling condition(s) and determining and providing appropriate accommodations to meet students’ needs,
• promoting full utilization of existing resources, full participation and enjoyment of the University environment, and the development of better, more effective methodologies for meeting special needs,
• increasing service and disability awareness among UT Pan American students, faculty, staff and the general public, and
• promoting and assisting with the development of “accessible” programs and facilities at UT Pan American.

Persons with disabilities requiring information or services are encouraged to contact the OSPD as early as possible. Requests for services must be accompanied by professional assessments/reports not more than three years old from individuals qualified to diagnose the disability involved.

Additional information may be obtained by calling 956/316-7005 (Voice/TDD 316-7092, fax 316-7034) or visiting Emilia Schunior Ramirez Hall, Room 1.101.

Student Health Services

Student Health Services is a fully accredited ambulatory health care facility staffed with physicians and mid-level providers including physician assistants and family nurse practitioners. Primary medical care, health and wellness education and support services are provided to students registered at UT Pan American.

Confidential, unlimited, free medical consultations are available on a walk-in basis during clinic hours. Referrals and appointments to outside providers are routinely made when necessary. Fee for service charges are assessed for ordered laboratory tests, pharmaceuticals, women’s health care and certain procedures. The student must pay for services on the day they are rendered, but if extenuating circumstances prevent payment on that day, provision has been made to have charges transferred to the student’s account at the Office of Payments and Collections.

Convenient pharmacy services include prescription and over-the-counter medications and patient counseling. A full-service laboratory offers same day or next day results for most tests. Immunizations, flu vaccines, pregnancy tests, allergy injections and screening tests for tuberculosis, anemia and diabetes are also available. Confidential, anonymous HIV antibody testing is free to students, staff and faculty.

Located on the first floor of Emilia Schunior Ramirez Hall, Student Health Services is open from 8 a.m. to 4 p.m. Monday through Friday. Call 956/381-2511 for more information.

HIV/AIDS/HBV: An HIV/AIDS/HBV education and awareness program is available for UT Pan American students, faculty and staff. Under the oversight of Student Health Services, information and programming is available on a one-to-one basis and to various campus groups. Free, confidential, anonymous HIV antibody testing with pre- and post-testing counseling from Valley AIDS Council is available at Student Health Services. The HBV (Hepatitis B) vaccine is available to all students, faculty and staff at a minimal fee. Clients may be referred to appropriate off-campus facilities for additional counseling and treatment as warranted.

AIDS-Related Issues: Institutional policy and educational procedures are detailed in the Student Guide, available through the Office of the Dean of Students.

Student Insurance: Students are encouraged to purchase an optimal, low-cost health insurance plan that provides health and accident coverage. Information regarding policy coverage and claim procedures can be obtained at Student Health Services on the first floor of Emilia Schunior Ramirez Hall or by calling 956/381-2511.

International Students: Health insurance is required for all international students (F-1 and J-1 visa holders) and may be required for dependents; therefore, purchase of this health insurance will be mandatory for such students unless a waiver...
has been obtained from the International Student Advisor. The issuance of a waiver requires proof that the student has insurance coverage comparable to the minimum required. Contact Student Health Services or International Student Services at 956/381-2922 for further information.

Student Immunizations: In accordance with state law, the following immunizations are required for all students enrolled in health-related courses that will involve direct patient contact in medical or dental care facilities or who come in contact with human biological fluids or tissue. Students for whom these immunizations are not required are strongly urged to obtain these immunizations for their own protection.

Measles: Proof of two doses of measles vaccine administered on or after the first birthday, if born after 1957. The required two doses should be administered at least 28 days apart or have proof of immunity.

Mumps: Proof of one dose of mumps vaccine administered on or after the first birthday or proof of immunity.

Rubella: Proof of one dose of rubella vaccine administered on or after the first birthday or proof of immunity.

Tetanus/diphtheria: Proof of one “booster” dose of Td vaccine within 10 years.

Hepatitis B virus (HBV): Proof of serologic immunity to HBV or certification of immunization with a complete series of Hepatitis B vaccine. Students will be required to present a letter or other suitable written certification.

Certain exemptions are allowed for the immunization requirement; students should contact the Student Health Services for information.

Students enrolled at UT System institutions will assume the full cost of the immunizations.

Students may obtain information from Student Health Services regarding the consequences of not being current on immunization for certain diseases, the age groups most vulnerable to these vaccine-preventable diseases and local providers of immunization services.

Alcohol and Drug Abuse Program (ADAP)
The Alcohol and Drug Abuse Program (ADAP) has been established to meet the needs of all UT Pan American students who may have a substance abuse concern/issue or who may be dealing with a related concern. The Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226, require that each campus implement a program to address substance abuse issues.

ADAP is committed to all UT Pan American students by providing an environment for education, exploration and personal growth. The ADAP staff maintains a dedication to the overall wellness of each student on campus. ADAP strives to fulfill its responsibilities by providing a variety of different services to the student body. Some of these services include, but are not limited to, counseling, crisis intervention and consultations. In addition, ADAP has books, videos and literature available to faculty, staff and students.

The ADAP staff is fully trained and licensed in chemical dependency and related issues. All of the services offered are strictly confidential, and services are free to all students.

The program offers individual counseling for students who are experiencing a substance abuse problem or who may be in recovery. All individual counseling is by appointment. ADAP also provides group counseling through a campus AA group. Groups are run once a week at designated times. The ADAP staff is available for referrals, consultations, group presentations and crisis intervention services.

The Alcohol and Drug Abuse Program is located in the University Center, Room 305, telephone 956/381-2659. ADAP is open from 8 a.m. to 5 p.m. Monday through Friday.

Student Publications
Students at UT Pan American are invited to contribute and work on the staff of student publications. Writing, editing and photography usually start before the opening of classes in the fall semester. Some positions are paid, but volunteer workers also are sought as reporters, copyreaders and headline writers. The student-run newspaper, The Pan American, and Panorama magazine are headquartered in the Department of Communication in the Communication Arts and Sciences Building, Room 170, telephone 956/381-2541, fax 956/316-7122, Web page http://www.panam.edu/dept/panamerican.

Clubs and Organizations
A variety of clubs and organizations offer the UT Pan American student friendship, relationships with people of similar interests, avenues for organized and meaningful service and opportunities for self-development. Because new organizations are formed each year, a complete updated list — and assistance in starting up new organizations — is available in the Office of Student Development, University Center, Room 305, telephone 956/381-2659.

Student Housing

The University of Texas-Pan American provides two three-story residence halls on campus for men and women. Each facility has a capacity of 192 beds and is within walking distance to all academic and service facilities at UT Pan American.

Residence halls are centrally air-conditioned and heated. Each suite contains two rooms and an adjoining restroom with vanity and shower. Rooms are equipped with two beds, two desks, two bookshelves, two lockers and two dressers.

Telephone service and cable television are available in each room and public telephones are available on each floor. There are a lobby and kitchen/dining area on the first floor and a laundry room and recreation area on the third floor of each facility. In addition, a 24-hour computer lab with network extension is available for residents’ use.

Staff is available to address student needs and to organize and conduct educational, recreational and social activities throughout the year.

Both facilities are within walking distance to shopping, restaurants, banks and other facilities.

Note: Residence hall opening and closing dates are subject to change. Please verify availability and opening/closing dates with the Office of Housing & Campus Life at 956/381-3439.
For reservations and other information on University residence halls and apartment housing, contact the:

**Housing Office**
The University of Texas-Pan American
1201 West University Drive
Edinburg, Texas 78539-2999
Telephone: 956/381-3439
Fax: 956/384-5055

**Residence Hall Fees**
Rates for the academic year 2000-2001 are:

<table>
<thead>
<tr>
<th>Semester</th>
<th>Room/Double</th>
<th>Board</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>$770.00</td>
<td>$541.25</td>
<td>$1,311.25</td>
</tr>
<tr>
<td>Spring</td>
<td>$770.00</td>
<td>$541.25</td>
<td>$1,311.25</td>
</tr>
<tr>
<td>Summer I</td>
<td>$308.00</td>
<td>$270.62</td>
<td>$578.62</td>
</tr>
<tr>
<td>Summer II</td>
<td>$308.00</td>
<td>$270.62</td>
<td>$578.62</td>
</tr>
</tbody>
</table>

NOTE: Fees and meal plans are subject to change. For current rates, contact the Housing Office.

**Installment Plan**
An "installment plan" is available to pay fall and spring semester fees. There is an Installment Plan Fee of $20 and a $5.50 Late Charge for payments made after the due date. Neither fee is refundable. Full payment for summer sessions must be made before moving in.

Payment schedule for academic year 2000-2001 is:

**Fall Semester**
1st payment before moving in (Aug. 31) $332.81
2nd payment Sept. 22 $332.81
3rd payment Oct. 20 $332.81
4th payment Nov. 17 $332.82

**Spring Semester**
1st payment before moving in (Jan. 11) $332.81
2nd payment Feb. 23 $332.81
3rd payment March 23 $332.81
4th payment April 20 $332.82

Arrangements for use of the installment plan are made through the:

**Office of Payments and Collections**
Student Services Building, Room 115
The University of Texas-Pan American
1201 West University Drive
Edinburg, Texas 78539-2999

NO REFUND will be made after the 12th class day.

**Reservations and Room Deposits**
Reservations for the residence halls are made through the Housing Office.

Requests are made on a first-come first-served basis; students may be placed on a waiting list until space is available through cancellations and "no-shows."

A reservation/damage deposit of $55 is required. The deposit is refundable, less any property damage, lost keys and improper checkout, if cancellations are received by the following dates:

<table>
<thead>
<tr>
<th>Semester</th>
<th>Cancellation Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>August 1</td>
</tr>
<tr>
<td>Spring</td>
<td>December 1</td>
</tr>
<tr>
<td>First Summer</td>
<td>May 1</td>
</tr>
<tr>
<td>Second Summer</td>
<td>June 1</td>
</tr>
</tbody>
</table>

Deposit refunds will take approximately four weeks.

School holidays and breaks are not included as part of the room and board plan and are not included in the fees.

**Cafeteria Meals — Declining Balance System**
Residence hall fees include a $541.25 credit towards meals in the University Snackbar/Cafeteria. The $541.25 credit is the minimum purchase amount required of students who live on campus. Meal costs are estimated at $900 to $1,200 per semester. Students living on or off campus may purchase additional meal tickets. There are restaurants within walking distance of the University.

Students who withdraw officially from the University and have made full payment may receive a refund for the remaining portion of the residence hall fee. Students who cancel the residence hall lease for any reason other than official withdrawal will be charged one-fourth of the remaining unexpired portion of the room and board fee as a penalty, in addition to the prorated daily charges accumulated.

**Telephone Payments**
All arrangements and payments for local and long distance telephone service in residence halls are made directly to the telephone company servicing the halls.

**Bronc Village**
Located on the UT Pan American campus, Bronc Village offers one-, two-, and four-bedroom unfurnished apartments. For more information, contact property manager Rey Rodriguez at 956/380-1020 or rbroncman@aol.com.

**University Outreach Programs**
**Upward Bound** is a federally funded program designed to assist high school students in developing their potential for success in a post-secondary institution. Emilia Schunior Ramirez Hall, Room 2.202, telephone 956/381-2596.

**Educational Talent Search** encourages and assists middle school, junior high and high school students in their pursuit of a post-secondary education through individual and group counseling, academic skill building, life management skills development and career exploration and assessment. University Center, Room 315, telephone 956/381-3651.

**The Mother-Daughter Program** recruits female 8th-12th graders and their mothers to participate in creative pre-collegiate strategies that prepare them for success in a post-secondary setting. Emilia Schunior Ramirez Hall, Room 2.206, telephone 956/381-2153.
The High School Equivalency Program offers preparatory classes, testing, and placement in employment or post-secondary education for migrant or seasonal farmworkers who dropped out of high school and wish to acquire a GED. Emilia Schunior Ramirez Hall, Room 2.207, telephone 956/381-2521.

The Texas Prefreshman Engineering Program identifies high achieving middle and high school students with the potential and interest in becoming engineers and scientists to guide them toward acquiring the knowledge and skills required for success in their professional aspirations. Emilia Schunior Ramirez Hall, Room 2.207, telephone 956/381-2521.

The College Assistance Migrant Program (CAMP) is designed to meet the special educational needs of migrant and seasonal farmworkers in pursuing higher education. The CAMP program provides outreach, recruitment, academic, supportive and financial assistance to migrant and seasonal farmworkers to help them successfully complete the first academic year of college and to continue in postsecondary education. Additional services include academic advising, monthly stipend, tutoring, personal counseling, career development, and educational/cultural trips. Lamar West, Room 9B, telephone 956/318-5333.

• Other Centers, Support Services and Activities
  
  Academic Centers
  
  • Center for Applied Research in Education
    The Center for Applied Research in Education (CARE) was founded in 1994 to serve as the research arm of the College of Education. CARE performs the following four functions for the College of Education: 1) conducts and supports educational research in South Texas and the Rio Grande Valley, 2) disseminates research to the local education community, 3) facilitates the professional development of College of Education students and faculty, and 4) procures funding for educational research. The center engages in cooperative research agreements with school districts in South Texas and the Rio Grande Valley in order to improve the quality of education for students at grades pre-K through higher education. CARE maintains a World Wide Web site on the Internet (http://www.care.panam.edu) to serve as a research and information tool for students, faculty and clients. Education Building, Room 114, telephone 956/381-3437.

  • Center for International Studies
    The Center for International Studies facilitates and encourages campus efforts to develop international programs. Among these are research, publications, continuing education, faculty development, community outreach and student experiences abroad. It supports international initiatives among student groups, faculty and agencies in the fields of health, education, government and industry on both sides of the Texas-Mexico border. In addition, the center promotes studies of other regions of the world and provides assistance in writing proposals and establishing relations with universities all over the world, including institutions in Latin America, Mexico, Asia, Europe and the Caribbean. The Center sponsors multicultural and cross-national research, forming liaisons with community groups and sponsoring presentations on Hispanic and international issues. The center also sponsors two publications, Rio Bravo Journal and Letras Hispanas, and a third, Border Journal of Science and Technology, is now in the planning stage. The Center for International Studies directs the Latin American Studies Center and the Mexican-American Studies Program. Communication Arts and Sciences Building, Room 342, telephone 956/381-3572.

  • Center for Tourism Research
    The Center for Tourism Research in the College of Business Administration addresses social, cultural, environmental and economic issues related to the tourism industry locally, regionally and nationally. Tourism studies targeted by the center include senior travelers or “Winter Texans,” Mexican national visitors to the United States, spring breakers at South Padre Island, ecotourism, historic tourism, recreational tourism and local residents’ attitudes and reactions toward tourism. The center’s most recent publications are A Winter Texan Guide to Community Volunteerism and the 1998-99 Winter Visitor Report. The center promotes tourism to Texas, particularly South Texas, and assesses the economic impact of tourism on the regions. It also provides an opportunity for students to learn applied research methodologies and to become involved in the research activities of the center. Business Administration Building, Room 122, telephone 956/381-3395.

  • Coastal Studies Laboratory
    The Coastal Studies Laboratory (CSL), established as a marine biology laboratory in 1973 in Isla Blanca Park on South Padre Island, was reorganized and expanded in 1985 with a concentration on University education, public education and coastal research. The CSLs public display contains representative species of fauna and flora from the immediate area of the Lower Laguna Madre and South Padre Island. The CSL also supports classes and field trips from the University and other schools; many universities in Texas and surrounding states use the CSL facilities for field trips each year. A number of marine-oriented courses are offered at the CSL, 100 Marine Lab Drive, South Padre Island, Texas 78597; telephone: 956/761-2644; fax: 956/761-2913; e-mail: dlh33e7@panam.edu; Web: http://www.panam.edu/dept/csl/csl.html.

  • Neuhaus Center for Entrepreneurship and Economic Education
    The Neuhaus Center for Entrepreneurship and Economic Education is a multifaceted center that aims to propagate the benefits of entrepreneurship and the market system to the Rio Grande Valley community. With regard to education programs, the center coordinates a set of courses on entrepreneurship that undergraduate students in the College of Business Administration may take to obtain a minor in entrepreneurship. The center is affiliated with the Texas Council on Economic Education. Through this partnership, programs on economic education are offered to elementary and secondary school teachers. The research activities of the center
foster basic and applied research on the characteristics and workings of the small firm with a particular emphasis on the Rio Grande Valley and northern Mexico. One primary research goal of the center is to better understand the forces driving small business success in the local community. Business Administration Building, Room 216B, telephone 956/316-7136.

• **Speech and Hearing Center**
  The UT Pan American Speech and Hearing Center’s Speech-Language and Audiology clinics provide comprehensive evaluations for children, college students and older adults. The Speech-Language Clinic evaluates speech, language, feeding, swallowing and related behaviors. The Audiology Clinic evaluates hearing and provides hearing aid fittings. Clients may be referred to other treatment centers in the area or recommended for therapy in the Speech and Hearing Center. Therapy services are provided in the Speech and Hearing Center on a limited basis. The clinic treats communication disorders related to aphasia, fluency, developmental delay, voice, dysphagia, hearing impairment and others. Evaluation and therapy services are available in English or Spanish. The center also provides accent reduction classes for individuals learning American-English as a second language.
  Communication Arts and Sciences Building, Room 125, telephone 956/381-3587.

• **The University of Texas System Texas-Mexico Border Health Coordination Office**
  The mission of The University of Texas System Texas-Mexico Border Health Coordination Office (TMBHCO) is to foster collaborative health education, health services and health research leading to improved health for Texans living along the Texas-Mexico border. It was created in 1990 in response to recommendations from a task force of representatives from health-related UT System institutions and other University, state and federal agencies that continue to guide the office’s activities. The TMBHCO has collaborated with community-based agencies to promote health services and education, providing technical assistance to communities and institutions, sponsoring health education efforts, including conferences and workshops, and most recently establishing a Diabetes Registry. TMBHCO, 800 Van Week Street, Edinburg, telephone 956/381-3687.

• **Outreach Centers**

  ◦ **Office of Center Operations and Community Services (COSERVE)**
    http://coserve1.panam.edu
    Telephone 956/381-3361 Fax 956/381-2322
    COSERVE serves as an umbrella organization to a number of centers that provide services and support to businesses, governmental entities and individuals in the community. COSERVE’s mission is to promote growth, expansion, innovation and increased productivity and improve management skills in economic development, job creation and economic growth in the Rio Grande Valley. COSERVE’s main office is the International Trade and Technology Building. The activities and locations of individual centers are listed below.

  ◦ **Center for Entrepreneurship and Economic Development (CEED)** – serves as a catalyst for business and economic development, job creation and income growth by providing a broad range of technical and educational assistance targeted to businesses, public officials, economic development organizations and the community in general.
    International Trade and Technology Building 956/381-3361.

  ◦ **Small Business Development Center (SBDC)** – promotes the creation and development of small companies in the Lower Rio Grande Valley through one-on-one business counseling and training. The SBDC is a partnership program with the U.S. Small Business Administration 956/316-2610.

  ◦ **English Language Institute (ELI)** – was established in 1982 to prepare students to enter an academic program with academically-oriented English, assist professionals and business people in career-oriented English and offer all participants the opportunity to learn functional use of the English language. The ELI encourages anyone who wishes to learn English in a serious yet friendly atmosphere to apply to any of its three programs: Intensive Day Program (192 hours), Semi-Intensive Evening Program (48 hours) and Semi-Intensive Saturday Program (48 hours). The ELI is located in Building E, Room 102, telephone 956/381-2133. The ELI is a member of the following professional organizations: National Association of Foreign Student Affairs (NAFSA), Association of International Educators (AIE), Teachers of English as a Second or Other Language (TESOL), Texas Association of University and College English Language Programs (TAUCEL) and American Association of Intensive English Programs (AAIEP World Wide Web: http://coserve1.panam.edu/coserve.eli1.html).

  ◦ **Data and Information Systems Center (DISC)** – is the storehouse and provider of timely, relevant and quality data about the people and economy of the Southwest Border Region. International Trade and Technology Building 956/381-3361.

  ◦ **Southwest Border Nonprofit Resource Center (SBNRC)** – serves as the catalyst for sustainable, long-term development of nonprofit organizations in the Rio Grande Valley and South Texas. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg 956/316-2610.

  ◦ **Mexican Business Information Center (MBIC)** – provides the client with comprehensive information on Mexico to enable them to make better decisions and facilitate accurate analysis of Mexican market potentials. International Trade and Technology Building 956/381-3361.
• **Industrial Partnership Center (IPC)** – assists manufacturers and suppliers in the Rio Grande Valley of Texas and Mexico by providing assistance in a global manufacturing environment. Also supports the post-secondary and secondary education systems in the area of advanced technical training, partnering with colleges and universities to provide training, services and assistance to students 956/316-7011.

• **The International Trade and Technology Center (IT²)** – promotes international trade through the use of technology and provides access to a variety of managerial, research and technical services designed to promote international commerce. International Trade and Technology Building 956/381-3361.

• **South Texas Minority Business Opportunity Committee (MBOC)** – creates procurement and international trade opportunities by providing a vital link between corporations, government agencies and the minority entrepreneur while promoting partnership and economic development among the public and private sectors. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2619.

• **EDA University Center (EDA-UC)** – serves as a catalyst to assist distressed communities in achieving their long-term competitive economic potential through the strategic investment of resources. International Trade and Technology Building 956/381-3361.

• **Center for Local Government (CLG)** - works to increase the capacity of local governments (counties and cities) and special districts in the Rio Grande Valley of Texas to more efficiently manage scarce public resources and to meet the future problems in a positive, creative and constructive manner. Director's office, International Trade and Technology Building 956/381-3361.

• **Center for Manufacturing (CFM)** – provides assistance to current and prospective manufacturers through the utilization of services available from the center and from academic, industrial, governmental or private sources; also facilitates faculty research, providing training, experience and employment for students. Center for Manufacturing, telephone 956/316-7011.

• **Community Outreach Partnership Center (COPC)** – mobilizes University and regional resources to act as a catalyst for community development in South Texas rural towns and colonias. UT Pan American Annex, 2412 S. Closner, Edinburg. Telephone 956/385-3808.

• **Women’s Empowerment Business Center (WEBC)** – provides business and technical assistance to women entrepreneurs focused on their unique economic and societal needs. The center's special focus is on micro- and home-based businesses. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

• **Cultural Activities**

  ◦ **Art Department Exhibits**

    The Charles and Dorothy Clark Gallery, located in the Fine Arts Complex, and the University Gallery, located in the Communication Arts and Sciences Building (CAS), feature art exhibitions that are open to the public throughout the year. Works by UT Pan American students, faculty and other professional artists are exhibited. The Lamar Gallery, located in the Lamar School complex, exhibits works from the University’s permanent collection. Gallery operations are administered through the Art Department. The office for the University Galleries is adjacent to the Clark Gallery in the Fine Arts Complex. The Gallery Director may be reached at 956/381-2655. Web: http://www.panam.edu/dept/art/gallery.htm.

  ◦ **Dance Companies**

    • **UT Pan American Dance Ensemble**: Founded in 1984, the Dance Ensemble is the only modern/contemporary dance company in the Rio Grande Valley. Membership in the company is open to all UT Pan American students and is determined by audition. The Dance Ensemble focuses on producing formal theatrical dance performances that maintain high artistic and production standards. Health and Physical Education Building II, Room 110, telephone 956/381-2315.

    • **UT Pan American Folkloric Dance Company**: The UT Pan American Folkloric Dance Company, organized in 1970, has as its purpose the preservation and performance of the dance art of Mexico and Spain. Throughout the performing season, the company presents numerous concerts for school children, the general public and private affairs throughout the University, community and state. Membership in the company is available through class audition. Health and Physical Education Building I, Room 110F, telephone 956/381-2230.

  ◦ **Faculty Artist Series**

    During the school year, the Department of Music presents a series of performances by faculty members in addition to student recitals. Included in these recitals are vocal and instrumental performances. Fine Arts Complex, Room 132, telephone 956/381-3471.

  ◦ **Living Author Series**

    Through its Living Author Series program, the Department of
Other Centers, Support Services and Activities

UNDERGRADUATE ACADEMIC PROGRAMS

A Liberal Arts Education

Your education at The University of Texas-Pan American will be better measured by the skills you learn and the knowledge you gain than by the number of credit hours you take. We want you to improve your abilities to analyze, synthesize, determine values, use and understand mathematics, and communicate. No matter what subject you choose to major in, you will be required to complete courses in fields that reinforce those skills.

To understand the University College and General Education requirements, you should understand the established goals. These are the characteristics you will be given the opportunity to attain from your work and study here.

The Goals of a Liberal Arts Education

- An inquiring attitude which acknowledges the many-sided nature of most important questions, recognizes the need to examine inherited judgments, and reveals a desire for continued learning and creative expression.
- Competence in the processes of learning, including the abilities to read, write, listen and speak, a knowledge of logic and scientific method, and the mental self-discipline needed for rigorous critical analysis and synthesis of facts and ideas.
- The ability to use words and numbers accurately and effectively, and communicate clearly through the spoken and written word as well as through the symbols of mathematics.
- A historical perspective provided by familiarity with the most significant events, people and achievements of the past; an understanding of the most enduring ideas and values in human history; and a knowledge of the many ways these are expressed in world cultures and in social, political and economic institutions.
- A general knowledge and appreciation of nature, science and technology.
- A general knowledge and appreciation of the fine and performing arts and of literature.
- An understanding of self, along with empathy for the strengths, weaknesses, rights and needs of others, as well as the ability to relate to others with human understanding.
- An appreciation for the responsibilities of the individual to family and society; skill in serving as a constructive member in groups and organizations; and sensitivity to the need for informed, independent moral and ethical decisions.
- Knowledge of the economic and geographical inter-relationships of regions and nations and their resources.

These are the goals of a liberal arts education and the qualities that distinguish a liberally educated person. They are the skills and characteristics that we hope to nurture in our students through the University College and General Education Requirements.
Due to graphic file size, this photo has been removed.

A hard copy of the catalog in its entirety is available at the Office of Admissions & Records.
The University College and General Education Requirements apply to all students who enter The University of Texas-Pan American to pursue a bachelor's degree. General Education requirements total 48 hours of work, primarily in the humanities, the social sciences and the natural sciences. These 48 hours must be completed before graduation; however, a subset of these requirements, known as the University College requirements (described below) must be completed within the first 60 hours of college work. All undergraduate students must complete the requirements.

Summary of General Education Requirements

Humanities 18 hours
- 6 hours of freshman English
- 3 hours of sophomore literature
- 3 hours in a language other than English
- 3 hours from the arts
- 3 hours of philosophy, modern or classical language literature, or honors

Science and Mathematics 11 hours
- 8 hours of a laboratory science
- 3 hours of college algebra or higher-level mathematics

Computer Literacy 2 hours
- 2 hours

Kinesiology and Wellness 2 hours
- 2 hours of Kinesiology wellness, health wellness or appropriate ROTC courses

Social Science 15 hours
- 6 hours of American history
- 6 hours of American and Texas government
- 3 hours from any one of these areas: anthropology, criminal justice, economics, psychology or sociology

Courses that may be used to satisfy these requirements are outlined below.

University College Requirements

To satisfy University College requirements, a student must complete 30 hours: 6 hours of freshman English, Mathematics 1340 (or a higher-level mathematics course) and 21 other hours selected from the General Education requirements. University College requirements must be completed within the first 60 hours of college work with at least a 2.0 grade point average. Students may not enroll in other courses until these requirements are met. Freshman English and Mathematics 1340 (or a higher-level mathematics course) must be taken every semester until successfully completed with a grade of “C” or better. Junior-level students may not begin taking upper-division courses (3000 and 4000 numbered courses) until they have completed their University College requirements.

Special Considerations for Transfer Students

Transfer students with 30 or more hours but without the University College-approved courses, or courses deemed comparable by The University of Texas-Pan American, may take upper-division courses if otherwise qualified, but they too must complete all University College and General Education requirements before graduation. Transfer students who lack 6 hours of freshman English and/or 3 hours of mathematics or their equivalents with grades of at least “C” in each course must complete these requirements within their first two semesters at The University of Texas-Pan American.

State Core Curriculum and Transferability

In fall 1999, a new core curriculum went into effect pursuant to the Texas Education Code. Beginning with the fall semester, 1999, Texas institutions honor the block transfer of completed core curricula and individual transfer of core courses, as specified in statute (Texas Education Code 61.821-829) and the Texas Higher Education Coordinating Board rules (Chapter 5, Subchapter S). Students who transfer will have their satisfactorily completed core courses transferred and applied as specified in the rules.

Specific Courses that Meet University College and General Education Requirements

Individual degree programs may require specified courses be completed to meet these General Education requirements rather than allowing the full range of selections shown here. Students should check degree requirements in this catalog for the degree they are pursuing to determine what specific courses, if any, are recommended or required to fulfill these requirements.

A. Humanities 18 hours

Group 1. Freshman English 6 hours
Complete one of the following:
ENG 1301 Composition or
ENG 1387 Rhetoric and Composition (Honors Plan)
The University of Texas-Pan American

General Information

Group 2. English Literature 3 hours
Select one from the following:
- ENG 2300 Introduction to Literature
- ENG 2303 Readings in American Literature
- ENG 2305 Readings in English Literature
- ENG 2307 Readings in World Literature
- ENG 2308 Readings in Special Topics
- ENG 2313 Readings in Dramatic Literature
- ENG 2387 Readings in World Literature (Honors Plan)
- ENG 2388 Readings in World Literature (Honors Plan)

Group 3. Language Other Than English 3 hours
A higher-level course may be substituted for any beginning course.
- Chinese
  - CHIN 1391 Beginning Chinese
  - CHIN 1392 Beginning Chinese
- French
  - FREN 1321 Beginning French I
  - FREN 1322 or Beginning French II
  - FREN 1387 Beginning French (Honors Plan)
  - FREN 1388 Beginning French (Honors Plan)
- German
  - GERM 1331 Beginning German
  - GERM 1332 Beginning German
- Japanese
  - JAPN 1351 Beginning Japanese
  - JAPN 1352 Beginning Japanese
- Spanish
  - SPAN 1301 Beginning Spanish (non-native speaker)
  - SPAN 1302 Beginning Spanish (non-native speaker) or

- Sign Language
  - COMD 1310 Sign Language I (beginning)
  - COMD 1320 Sign Language II (intermediate)

Group 4. Other Humanities 6 hours
Select one course from each of the following two areas:
Area 1: The Arts
- ART 1301 Art Appreciation
- ART 3381 Perception and Expression in Art I
- COMM 2312 Theatre Appreciation
- KIN 2323 Dance Appreciation
- MUS 1307 Music Appreciation
- MUS 1308 Mexican Folk Music
- MUS 2301 Music Literature I
- MUS 2302 Music Literature II
- MUS 3311 Essentials of Music I

Area 2: Philosophy and Modern or Classical Language Literature
- PHIL 1310 Introduction to Philosophy
- PHIL 1320 Introduction to Logic
- PHIL 2330 Ethics
- PHIL 2340 Philosophy of the Person
- PHIL 2350 Social Philosophy
- PHIL 2370 Eastern Thought
- PHIL 2390 Professional Ethics
- MCLL 2301 Topics in Modern and Classical Literature
- HONR 2387 Humanities I
- HONR 2388 Humanities II

B. Science and Mathematics 11 hours

Group 1. Natural Science 8 hours
(Must be in same discipline)
Complete one of the following course sequences:
Astronomy
- ASTR 1401 General Astronomy
- ASTR 1402 General Astronomy

Biology
- BIOL 1401 General Biology
- BIOL 1402 or Honors Biology
- BIOL 1487 Honors Biology
- BIOL 1488 or Honors Biology
- BIOL 2403 Anatomy and Physiology
- BIOL 2404 Anatomy and Physiology

Chemistry
- CHEM 1301 General Chemistry I and CHEM 1101 (Laboratory)
- CHEM 1302 General Chemistry II and CHEM 1102 (Laboratory)

Geology
- GEOL 1401 Physical Geology
- GEOL 1402 Historical Geology

Physical Science
- PSCI 1421 Physical Science
- PSCI 1422 Physical Science

Physics
- PHYS 1401 General Physics
- PHYS 1402 General Physics

Group 2. Mathematics 3 hours
- MATH 1340 College Algebra
  or equivalent or higher-level mathematics course such as MATH 1321, 1356, 1357, 1401, 1388 (Honors Plan, but excluding MATH 2306 and MATH 2307)

C. Computer Literacy 2 hours
Select 1 from the following:
- CIS 1201 Introduction to Information Systems and
University College & General Education Requirements

Total for the General Education Requirements: 60 hrs

*All students must pass ENG 1301 and ENG 1302 and MATH 1340 or their equivalents with a grade of "C" or better in the first 60 hours of work to proceed to upper-level classes. Students should register in these classes every semester until they have met these requirements.

**Kinesiology can be taken at a later time if the student must start a major during the freshman year.
The purpose of Honors Studies is to provide capable and interested students a means of enriching their college education. This purpose is achieved in several ways: by offering honors classes at the freshman and sophomore level; independent study at the upper level; and events such as guest speakers, development seminars, educational travel and a national student society to provide enrichment to the basic curriculum.

**Honors Classes**

Honors classes provide an ideal learning situation for the student. The classes are small — usually 20 students or less — and are attended by students with above average academic capabilities. This setting furnishes a student greater opportunity to function as an individual and the professor the chance to utilize creative and innovative teaching techniques. Enrichment rather than acceleration is the main objective. Honors classes are not necessarily more difficult, but rather more stimulating and interesting than many other offerings.

**Independent Study**

Independent study furnishes the honors student an opportunity, while still an undergraduate, to work on a one-to-one basis with a professor. In the junior year, honors students begin exploring topics of their own choice in their majors or related areas. This work is done under the supervision of faculty members who possess special expertise in the student’s chosen area.

**Admission Requirements**

There are three ways beginning freshmen win admission to the Honors Studies Program:

1. have a composite ACT score of 22 or higher (or SAT equivalent); or
2. graduate in the top 10 percent of their class; or
3. graduate with a 90 percent or higher grade average in academic courses.

Students who already have college credit may also apply for admission. College grades and recommendations from professors determine a college student’s admission to the program. Any student who has earned 12 hours or more of college credit with at least a 3.0 GPA is eligible for admission to the Honors Studies Program. Contact the Honors Studies Office for additional information.

**Scholarships**

The Honors Studies Program has a wide range of scholarships available for qualified students. Contact the Honors Studies Office for scholarship applications.

**Honors Studies Curriculum**

In choosing honors classes at the freshman and sophomore level, students should refer to the suggested curriculum under their major and select honors classes to substitute for regular classes whenever feasible to do so.

For example, if the suggested curriculum for the major lists ENG 1301, ENG 1302 and HIST 2313, HIST 2314, students may take the comparable honors ENG 1387, ENG 1388 and honors HIST 2387, HIST 2388. In the case of science, foreign language and mathematics, some majors require specific classes in these areas while other majors do not. If the suggested curriculum guide simply lists foreign language or science or mathematics but does not indicate a specific class, students may wish to take one of the honors classes in these areas. Contact the Honors Studies Office for information on offerings in any given semester. The director can help interested students fit the Honors Studies Program into any major on campus.

**Graduating within the Framework of Honors Studies**

While many students may wish to take honors courses as enrichment experiences, there are specific requirements for graduation within the framework of Honors Studies:

1. Completion of the two humanities courses, HONR 2387 and HONR 2388. The purpose of these courses is to give students a broad overview of their intellectual heritage, thus better enabling them to assimilate knowledge from their other courses and studies.
2. Completion of Independent Studies. Students receive credit in HONR 3187, HONR 3387 and HONR 4387. Independent study, leading to the Senior Honors Thesis, allowing students to delve into a specialized area of knowledge, thus giving them valuable experience as independent scholars. Students may receive credit in their major for Honors 4387.
3. An overall grade point average of at least 3.0.

**Student Activities: Gamma Beta Phi**

The Honors Studies Program sponsors a chapter of Gamma Beta Phi, a national honors and service society, which connects the academic program with wider social and service interests of honors students. Its national status and worthy reputation provide visibility and prestige for its members.

**Inquiries about Honors Studies**

For applications or for further information about the Honors Studies Program, write the Director of Honors Studies Program, The University of Texas-Pan American, 1201 West University Drive, Edinburg, Texas 78539-2999.

General Overview

The College of Arts and Humanities includes the departments of Art, Communication, English, History and Philosophy, Modern Languages and Literature, and Music.

The goals of the College of Arts and Humanities are based upon the recognition that a liberal arts education is the foundation for all University studies. Consequently, the college endorses the “Goals of a Liberal Arts Education” found on page 65 of this catalog.

Academic Programs

The college offers the Bachelor of Arts in Art, English, History, Latin American Studies, Journalism, Mexican-American Studies, Music, Philosophy, Spanish, Speech Communication and Theatre. Students also may earn a Bachelor of Fine Arts in Art and may choose a further specialization in graphic design or biological illustration.

Students may minor in art, communication, English, French, history, journalism, Mexican-American studies, music, philosophy and Spanish.

Secondary teacher certification is available in art, English, French, history, journalism, music, Spanish, speech communication and theatre arts. Elementary teacher specialization or certification is available in art, history, music, social studies and Spanish, and all-level teacher certification is available in music.

At the graduate level, students may earn master’s degrees in Art, English, English as a Second Language, History, Spanish, Speech Communication and Theatre. More information on master’s degrees is available in the Graduate Catalog.

The College of Arts and Humanities provides several options to satisfy the General Education requirements for the humanities and for the history portion of the social science requirement.

General Overview

Mission
It is the mission of the department to develop individual directions among its students. Personal expression in art is encouraged through the use of technical skills combined with creative and critical thinking. In order to achieve this goal, the following objectives are stressed in each art area:

- increased visual perception  
- maximum creative thought potential  
- knowledge of technical skills  
- knowledge of current art trends  
- multicultural art knowledge  
- a positive work ethic

General Departmental Requirements
Students transferring into the department who have more than 15 hours of art courses must present a portfolio to the department chair for advisement into the BFA programs. BFA candidates will be expected to participate in a senior exhibit during their last semester of study.

Nirenberg, Jacqueline, Lecturer, Journalism
Saavedra, Dora E., Associate Professor, Speech Communication
Stanley, Jack R., Professor, Theatre, Television, Film
Strong, William, Associate Professor, Speech Communication
Wiley, Eric, Lecturer, Theatre

General Overview

The primary aim of the Department of Communication is to advance the discovery and application of humanistic, behavioral and linguistic knowledge of human symbolic interaction. As such, communication is examined in its various forms, verbal/nonverbal; in its media occurrences—conference, platform, theatre, print, radio, film, television; in its interpersonal/organizational environments; in its cultural contexts; and in its influence on the course and quality of public policy and societal change.

To help satisfy the fine arts requirement in humanities, the department offers a theatre course (COMM 2312) in the General Education curriculum.

The department offers the following degree programs:
• Bachelor of Arts in Communication
  Option in Journalism
  Option in Speech Communication
  Option in Theatre
  • Master of Arts in Speech Communication
  • Master of Arts in Theatre
  Career Potential: Broad career areas in communication disciplines include: international communication; sales and marketing; public relations and advertising; training and organizational development; mass communication-broadcast and print journalism; communication education/instruction; electronic educational materials; government-politics-religious-social services; educational theatre; community theatre; design and directing; acting; arts management; and TV direction and production.

Bachelor of Arts in Communication

Communication is a broad-based major with three options. The student will select a single option area from either the Speech Communication, Theatre or Journalism program areas. Theatre majors must take a one-hour communication practicum course each fall and spring semester of enrollment. Within each concentration area are specialized career tracks. The student must work closely with a curriculum advisor in selecting an appropriate career track for the student's degree plan.

Career Tracks available under each option area are as follows:

Journalism option
Print Journalism track
Broadcast Journalism track
Advertising/Public Relations track

Speech Communication option
Organizational Communication track
Persuasion/Influence Studies track

Theatre option
Design track
Performance track
Television, Film track

Public School Teacher Certification

Career Tracks available under each option area are as follows: [NOTE: Teacher certification degree plans are structured differently, requiring teaching field(s), a possible minor and 18 advanced hours of Professional Development/Education coursework. Confer with the undergraduate advisor.]

Speech Communication Option I

*Includes General Education Requirement of COMM 1303 or COMM 1313

COMM 3335  Advanced Public Speaking
COMM 3350  Research in Communication
COMM 3413  Literature in Communication

Plus a Second Teaching Field  24 hours
(must include 12 advanced hours)

Speech Communication Option II  24 hours
Recommended courses include:
COMM 1310  Oral Interpretation
COMM 1313  Fundamentals of Speech Communication
COMM 1315  Survey of Radio/TV Broadcast/Cable
COMM 2315  Interpersonal Communication
COMM 3301  Rhetoric of Television
COMM 3317  Speech for the Classroom Teacher
COMM 3330  Argumentation and Debate
COMM 3334  Communication through Group Process

• Theatre Option
  Secondary Level, Option 1 and Secondary Level, Option 2 Certifications are available. See pages 79 and 80 for details.

• Journalism Option
  Secondary Level, Option 2 Certification is available. See page 78 for details.

Minor in Communication
The student, with departmental advisement, will complete 18 hours, of which 9 hours must be advanced coursework, in a single concentration of Communication -- either Speech Communication, Theatre or Journalism.

• Option in Journalism
The Department of Communication stresses a broad background in liberal arts and sciences for journalism students. The student spends about three-fourths of his or her time on general background courses. The remaining one-fourth involves the development of professional journalism techniques in relation to this general background knowledge.

The department permits 37 hours of journalism courses to be applied toward graduation. A student must earn 87 hours of non-journalism hours as part of the 124 hours required. Any professional work beyond the 37 hours must be added to the 124 hours required for graduation.

To enroll in upper-level journalism courses, a student must have a University grade point average of 2.25. Students who do not fulfill this requirement will be dropped from journalism courses. (This requirement is waived for transfer students during their first semester while establishing a University grade point average.)

In addition to completing the 60 hours of the General Education requirements, journalism students must have completed COMM 2350 with a grade of at least “C” prior to enrolling in any journalism courses.

• Option in Journalism Degree Requirements

A. Core Courses  25 hours
Journalism students must take the following 25 hours of core courses:
COMM 2350  Writing for the Mass Media
COMM 2404  Television Production
COMM 3350  Research in Communication
COMM 4313  Mass Media Law or
COMM 4328  Ethics
COMM 4326  Photojournalism
COMM 4327  Mass Communication and Society
COMM 4329  Media Presentation
COMM 4332  Media Publishing

B. Concentration Requirements  12 hours
Journalism students must take at least three courses from their concentration area and one other course from any of the three concentrations (including their own concentration).

Concentration Areas:
Print
COMM 3305  Editing
COMM 3306  Feature Writing
COMM 3327  Reporting I
COMM 3328  Writing for Publication

Advertising/Public Relations
COMM 3304  Advertising
COMM 4321  Public Relations
COMM 4334  Advanced Public Relations
COMM 4335  Advanced Advertising

Broadcast
COMM 3401  Broadcast News Writing
COMM 3403  Television News Production and Reporting
COMM 4314  Advanced Television/Film Production
COMM 4417  Radio and Television Advertising Production

Other Requirements
A portion of the journalism student's upper-division coursework must be chosen outside the journalism area. The outside concentration requirement may be elected as:
1. 18 hours in one academic department, or
2. 18 hours in an area of study to meet specific career goals.

In either option, 15 of the 18 hours must be at the 3000-level or above, and all 18 hours must be completed with a course grade of “C” or better. A journalism student must have a grade of at least “C” in each journalism course counted.
toward the degree. A maximum of 37 hours in journalism courses is required for a major.

• **Public School Teacher Certification**
  Students seeking state certification in journalism should consult the College of Education. Only Option II is available. Students wanting to teach journalism at the secondary level will complete the following 24 hours:
  - COMM 3304 Advertising
  - COMM 3305 Editing
  - COMM 3306 Feature Writing
  - COMM 3327 Reporting I (formerly COMM 1304)
  - COMM 3328 Writing for Publication
  - COMM 4313 Mass Media Law
  - COMM 4326 Photojournalism
  - COMM 4327 Mass Communication and Society

❖ **Minor in Journalism**
  Applicants must complete 18 hours, of which 9 hours must be advanced coursework. All courses must be completed with a grade of “C” or better.

• **Option in Speech Communication**
  The option in Speech Communication offers students the opportunity to specialize in one of three tracks: Organizational Communication, Persuasion/Influence Studies or Teacher Certification.

General Education Requirements 48 hours
  Complete the requirements shown in the General Education Requirements section of this catalog on pages 67-69 EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown below.

Section A. Humanities
  - COMM 1303 Presentational Speaking or COMM 1313 Fundamentals of Speech

Core Courses 22 hours
  - COMM 2315 Interpersonal Communication
  - COMM 3301 Rhetoric of Television
  - COMM 3314 Persuasive Communication
  - COMM 3316 Intercultural Communication
  - COMM 3332 Organizational Communication
  - COMM 3333 Rhetorical and Communication Theory
  - COMM 3350 Research in Communication
  - COMM 4103 Practicum–Forensics

Specific Requirements for Organizational Communication Track 15 hours
  Select 15 hours from the following courses:
  - COMM 3315 Communication in Human Relations (may be taken twice)
  - COMM 3331 Principles of Interviewing
  - COMM 3334 Communication through Group Process
  - COMM 3335 Advanced Public Speaking
  - COMM 4330 Communication Consulting and Training
  - COMM 4336 Applied Organizational Communication

TOTAL 124 hours

Specific Requirements for Persuasion/Influence Studies 15 hours
  Select 15 hours from the following courses:
  - COMM 3318 Great American Oratory
  - COMM 3330 Argumentation and Debate
  - COMM 3331 Principles of Interviewing
  - COMM 3335 Advanced Public Speaking
  - COMM 4307 Contemporary Rhetoric of Social and Political Movements
  - COMM 4308 Special Problems in Rhetorical Criticism
  - COMM 4331 Senior Synthesis Seminar in Speech Communication

TOTAL 125 hours

❖ **Minor in Speech Communication (non-certification)**
  A minor in Speech Communication (non-certification) requires a total of 18 semester hours, 3 of which are core hours, COMM 1303 or COMM 1313. The core hours should be taken before enrolling in any of the 15 additional hours of coursework. All courses must be completed with a course grade of “C” or better. Students should consult with a departmental advisor for guidance with course selection.

• **Option in Theatre**
  The option in Theatre supports three major educational objectives:
  1. preparation for entry into the workforce as a theatre pre-professional;
  2. preparation for entry into a graduate degree program in theatre; and
  3. preparation as a theatre teacher.
  Students pursuing the third objective should select one of the curriculum tracks that leads to certification.

• **Curriculum Tracks in Theatre**

General Education Requirements 48 hours
  Complete the General Education requirements as shown on pages 67-69 of this catalog EXCEPT as shown below:

Section A. Humanities
  It is recommended that students select ENG 2313/COMM 2313 as one of the courses.

Core Courses 19 hours
  - COMM 1305 Acting I
  - COMM 2404 Television Production
  - COMM 4301 Directing I
  - COMM 4302 Directing II
  - COMM 4314 Advanced Television Film Production
  - COMM 4316 History of the Theatre II
Technical Electives 28-33 hours
See individual requirements below.

Other Electives 17-12 hours

TOTAL 124 hours

• Specific Requirements: Performance Track

Technical Electives 33 hours
COMM 2101 Practicum–Theatre-TV-Film (must be taken four times)
COMM 2306 Acting II
COMM 2411 Make-Up
COMM 3302 Speech for Stage and Screen
COMM 3409 Acting III or
COMM 3410 Acting IV
COMM 3311 Contemporary Drama

General Overview
The Department of English offers undergraduate major and minor programs in English, with specializations in literature, language and English as a Second Language. Teacher certification plans in English are available at both secondary and elementary levels.

In addition, the department also offers graduate major programs leading to the Master of Arts in English, the Master of Arts in English as a Second Language and the Master of Arts in Interdisciplinary Studies with a concentration in English. More information is available in the Graduate Catalog.

Major and minor programs in English offer students an opportunity to discover more about the world in which they
live, to learn to appreciate the artistic works of fellow human beings and to develop literary and language aptitudes of their own.

To students who view education primarily as career training, English programs provide excellent preparation for any profession requiring a high degree of skill and comprehension in oral and written communication.

-major in English-

The Bachelor of Arts degree with a major in English requires 36 hours of English, of which 24 must be advanced. ENG 2300 and ENG 2308 (when special topic is “Introduction to Classical Literature”) or ENG 2387 and ENG 2388 are recommended sophomore literature courses for English majors. Required courses: ENG 3319; ENG 3312 or ENG 3313; and ENG 3331 or ENG 3332.

The Department of English offers courses in literature, language (linguistics), English as a Second Language and writing. Students may consider the offerings below in order to develop an individual degree plan in consultation with an advisor from the department.

• Offerings in Literature:
ENG 2300, 2303, 2305, 2307, 2308 (when special topic is literary), 2313, 2387, 2388, 3301, 3304, 3305, 3306, 3307, 3309, 3310, 3311, 3312, 3313, 3317, 3320 (when topic is literary), 3322, 3323, 3324, 3331, 3332, 4301, 4309, 4310, 4312, 4316, 4318.

• Offerings in Language (Linguistics):
ENG 3319, 3320 (when topic is linguistic), 3321, 3330, 4302, 4308, 4314, 4321, 4326, 4331.

• Offerings in English as a Second Language:
ENG 3319*, 3321*, 4326, 4328*, 4331.

*Denotes courses that (in addition to EDBE 3324) are required by the State of Texas for ESL endorsement. Students getting this endorsement must have a 2.25 GPA in the required four courses.

• Offerings in Writing:
ENG 1301, 1302, 1320, 1387, 1388, 2308 (when special topic is writing), 3320 (when special topic is writing), 3333, 4322, 4325.

• Degree Requirements

General Education Requirements 48 hours
Complete the requirements shown in the General Education Requirements section of this catalog on pages 67-69 EXCEPT for the sections, groups, or areas listed below, which must be satisfied only as shown below.

Section A. Humanities
Group 2. English Literature
The following are recommended:
ENG 2300  Introduction to Literature
ENG 2308  Readings in Special Topics (when the topic is “Introduction to Classical Literature”)
ENG 2388  Readings in World Literature (Honors Plan)

Required Courses 3 hours
ENG 3319  Introduction to Descriptive Linguistics

Designated Electives 6 hours
Select one course from each sequence:
ENG 3312  Survey of American Literature or
ENG 3313  Survey of American Literature
ENG 3331  Survey of English Literature or
ENG 3332  Survey of English Literature

Other English Courses 27 hours

Other Requirements
At least 24 advanced hours of English.

TOTAL 124 hours

Minor in English
18 hours of English, of which 6 must be advanced. ENG 2300 and ENG 2308 (when special topic is “Introduction to Classical Literature”) or ENG 2387 and ENG 2388 are recommended sophomore literature classes for English minors.

• Teacher Certification in English (Secondary)

Required Courses 9 hours
ENG 3319  Introduction to Descriptive Linguistics
ENG 4325  Composition Techniques
ENG 4318  Approaches to Literature

Designated Electives 6 hours
Select one course from each sequence:
ENG 3312  Survey of American Literature or
ENG 3313  Survey of American Literature
ENG 3331  Survey of English Literature or
ENG 3332  Survey of English Literature

Other English Courses 12 hours
Other Requirements
12 advanced hours of English

• Certification with a Concentration
  Students wishing certification with a concentration in literature, language, English as a Second Language or writing may take additional advanced hours and should consult the offerings listed above for English majors. Students seeking certification or an ESL endorsement must have at least a 2.5 GPA in the content area courses.

Course Descriptions
  A listing of courses offered by the Department of English can be found on pages 225-228.

HISTORY AND PHILOSOPHY

Dr. Michael Weaver, Department Chair
Social & Behavioral Sciences Building,
Room 319
Telephone: 956/381-3561
Fax: 956/384-5096
E-mail: mwc67f@panam.edu

General Overview
  The Department of History and Philosophy offers majors in History, Social Studies composite and Philosophy, as well as minors in history and philosophy. In addition, it offers courses for students seeking a second teaching field for teacher certification.
  On the graduate level, the department offers a Master of Arts in History and a Master of Arts in Interdisciplinary Studies with a concentration in History. More information is available in the Graduate Catalog.

HISTORY

Full-time Faculty
Adair, Penelope A., Assistant Professor
Butler, Brian, Lecturer
Faubion, Michael L., Assistant Professor
Garza, Juanita, Lecturer
Goodwin, Dolores, Lecturer
Henggeler, Paul R., Associate Professor
McCormack, Brian, Assistant Professor
Miller, Christopher L., Associate Professor
Neitzel, Sarah C., Professor
Prather, Charles, Assistant Professor
Rocha, Rodolfo, Professor
Salmon, Roberto M., Professor
Weaver, Michael K., Associate Professor
Zarate, Arnold, Lecturer

General Overview: History
  Students majoring or minoring in history may become teachers or seek employment in business or government. History is an excellent background for those who wish to go to law school or enter journalism. The Department of History and Philosophy, in conjunction with the departments of Modern Languages and Literature, Sociology, and Social Work, also offers a BA degree in Latin American Studies.
  Beginning history majors are urged to take Civilization through the Centuries and American Heritage early in their
academic careers. Well-prepared students are encouraged to establish credit in some of these beginning courses by passing advanced standing examinations.

The department also welcomes non-history majors who may wish to take courses in Mexican-American heritage, Russian history or a wide assortment of courses in Latin American, American and European history.

• Degree Requirements

❖ Major in History
(with or without Teacher Certification)

General Education Requirements 48 hours
Complete the General Education requirements as shown on pages 67-69 of this catalog.

Core Courses 15 hours
HIST 2313 American Heritage I*
HIST 2314 American Heritage II*
HIST 2331 Civilization through the Centuries*
HIST 2332 Civilization through the Centuries*
HIST 3332 Historiography and Methods

*With department approval, HONR 2387 and HONR 2388 may be substituted for HIST 2331 and HIST 2332. Honors HIST 2387 and HIST 2388 may be substituted for HIST 2313 and HIST 2314.

Designated Electives 21 hours
6 advanced hours from American history
6 advanced hours from European history
6 advanced hours from Latin American history
3 advanced hours of history from any area

TOTAL 124 hours

❖ Minor in History

Core Courses 9 hours
HIST 2313 American Heritage I*
HIST 2314 American Heritage II*
HIST 2331 Civilization through the Centuries*
HIST 2332 Civilization through the Centuries*

*With department approval, HONR 2387 and HONR 2388 may be substituted for HIST 2331 and HIST 2332. Honors HIST 2387 and HIST 2388 may be substituted for HIST 2313 and HIST 2314.

Other Requirements
Minors must take 9 additional hours, including 6 advanced hours.

❖ Teacher Certification in History

The following criteria are required of all history majors and minors seeking teacher certification:
• Students must have a 2.5 cumulative GPA in their history courses.
• Students must have a “C” or better in each of their history courses.

Secondary Plan I:
Required Courses
HIST 2313 American Heritage I
HIST 2314 American Heritage II
HIST 2331 Civilization through the Centuries
HIST 2332 Civilization through the Centuries
HIST 3330 A General Survey of the History of Texas

Secondary Plan II
24 hours of history, of which 15 hours must be advanced and include 3 advanced hours from each of the three fields: American, Latin American and European history.

Required Courses
HIST 2313 American Heritage I
HIST 2314 American Heritage II
HIST 2331 Civilization through the Centuries or
HIST 2332 Civilization through the Centuries
HIST 3330 A General Survey of the History of Texas

❖ Elementary Plan I, History Specialization

12 hours of history, which must include the courses listed below and 6 advanced hours in history.

Required Courses
HIST 2331 Civilization through the Centuries or
HIST 2332 Civilization through the Centuries
HIST 3330 A General Survey of the History of Texas

❖ Elementary Plan II, History Specialization

18 hours of history, which must include the courses listed below and 9 advanced hours with 3 hours from each of the American, Latin American and European fields of history.

Required Courses
HIST 2331 Civilization through the Centuries or
HIST 2332 Civilization through the Centuries
HIST 3330 A General Survey of the History of Texas

❖ Elementary Plan III, Social Studies Specialization

24 hours in social studies. Must include the courses shown below.

Required Courses
ECO 1301 Introduction to Economics
The University of Texas-Pan American

**College of Arts & Humanities**

<table>

- **HIST 3332** Historiography and Methods
- **POLS 2313** United States and Texas Government and Politics
- **POLS 2314** United States and Texas Government and Politics

**Designated Electives**

Select three hours from:

- **ECO 3351** Macroeconomic Theory
- **ECO 3352** Microeconomic Theory
- **ECO 3355** Economic Development
- **ECO 4359** History of Economic Thought

Select three hours from:

- **POLS 3314** American State and Local Government
- **POLS 3316** American Public Policy
- **POLS 4332** American Political Theory
- **POLS 4360** American Executive Process
- **POLS 4363** American Legislative Process
- **POLS 4367** American Judicial Process
- **POLS 4373** American Political Parties and Politics

Select nine advanced hours in history. Three hours must be selected from each of the following history fields: American, Latin American, European.

**Course Descriptions**

A listing of history courses offered by the Department of History and Philosophy can be found on pages 232-235.
**General Overview: Philosophy**

The Department of History and Philosophy offers a major in philosophy within the Bachelor of Arts degree, as well as a minor in philosophy. The study of philosophy can serve many useful purposes, but perhaps the most important are:

- Training in philosophy helps one to think more clearly, more perceptively and more effectively. Regardless of one’s personal and occupational goals, and regardless of the projects in which one is interested, being able to think clearly and well about them is an essential tool.
- Study of philosophy uniquely helps one to better understand and appreciate oneself, the world outside and how the two are related. One of the deepest human needs is to make sense of life and one’s place in it, and the satisfaction of that need is the central concern of philosophy.

A major in philosophy would provide strong preparation for a variety of careers, particularly in business, law, public policy and the ministry, as well as college teaching. A minor in philosophy would provide excellent support for majors in numerous fields, particularly history, government, English, psychology, sociology, math and certain areas in science and business administration.

**Degree Requirements**

- **Major in Philosophy**

Full-time Faculty

The faculty associated with the Center for Latin American Studies and the Latin American Studies major are drawn from a wide variety of departments and programs throughout the University. A list of all Latin American Studies faculty members is available at the center.

❖ Bachelor of Arts in Latin American Studies

The undergraduate major in Latin American Studies offers students a unique opportunity to combine concentrated work in more than one academic field in preparation for careers in a wide variety of areas. These include government and industry, banking and international commerce, international organizations and agencies, private foundations, journalism, and teaching. In addition, the Latin American Studies major provides excellent preparation for advanced study in graduate or professional schools where degree programs are related to Latin American issues.

❖ Degree Requirements

❖ Major in Latin American Studies

General Education Requirements 48 hours

Complete the General Education requirements as described in this catalog. It is recommended that students take 6 hours of beginning Spanish to fulfill their General Education language requirement and to prepare them for the core courses in Spanish. These Spanish courses are either:

Course Descriptions

Descriptions of the courses listed above can be found under their respective headings in the Course Description section beginning on page 184.

MODERN LANGUAGES AND LITERATURE

Dr. Victoria Contreras, Interim Department Chair
Communication Arts & Sciences Building
Room 329
Telephone: 956/381-3441
Fax: 956/318-5381
E-mail: vcontreras@panam.edu

Full-time Faculty

Ardalani, Elvia G., Lecturer, Spanish
Behar, Stella, Associate Professor, French
Brown, Peter E., Associate Professor, Spanish
Contreras, Victoria, Associate Professor, Spanish
Domínguez, Sylvia M., Professor, Spanish
García, Carmela, Lecturer, Spanish
García, Lino, Jr., Professor, Spanish
Kohler, Ninfa, Lecturer, Spanish
Martínez, Jose Maria, Assistant Professor, Spanish
Mejías, Hugo, Associate Professor, Spanish
Rea, Ramiro R., Associate Professor, Spanish
Romero, Hector R., Professor, Spanish
Sanchez, Encarnacion, Assistant Professor, Spanish
Vassberg, Liliane M., Associate Professor, French

General Overview

The Department of Modern Languages and Literature consists of the subject areas of Spanish, French, German, Russian, Chinese and Japanese. A major, leading to a Bachelor of Arts degree, is offered in Spanish, and a minor is offered in Spanish and in French. Beginning courses are offered in Chinese, German, Japanese and Russian.

Teacher certification plans in Spanish are available at both the elementary and secondary levels.

The department also offers a graduate program with a major in Spanish leading to the Master of Arts degree. More information is available in the Graduate Catalog.

Departmental Requirements

Major in Spanish
(with certification)

General Education Requirements 48 hours

Complete the requirements shown in the General Education Requirements section of this catalog on pages 67-69 EXCEPT for the sections, groups or areas listed here, which must be satisfied only as shown below.
Section A. Humanities

Group 4. Other Humanities

Students must select courses from Area 1 and Area 2.

Area 1. The Arts
ART 1301 or MUS 2307 must be selected.

Core Courses 24 hours

Select one beginning sequence:

- SPAN 1301 Beginning Spanish and SPAN 1302 Beginning Spanish or
- SPAN 1303 Beginning Spanish and SPAN 1304 Beginning Spanish or
- SPAN 1387 Beginning Spanish (Honors Studies) and SPAN 1388 Beginning Spanish (Honors Studies)

Complete the following:

- SPAN 2307 Intermediate Spanish for Native Speakers
- SPAN 2308 Intermediate Spanish for Native Speakers
- SPAN 3303 Advanced Spanish Composition or SPAN 3304 Advanced Spanish Composition
- SPAN 3306 Basic Concepts of Spanish Phonetics and Phonology
- SPAN 3330 Spanish Grammar or SPAN 4336 Grammar and Composition
- SPAN 4316 Problems and Issues Related to Language

Designated Electives 12 hours

Select 6 hours from the following:

- SPAN 3301 Spanish Literature (from 1100 to 1750)

**Mexican-American Studies Program**

Dr. Michael Weaver, Director
Social & Behavioral Sciences Building, Room 319
Telephone: 956/381-3561
Fax: 956/384-5096
E-mail: mwcc67f@panam.edu

Students who want to major or minor in Mexican-American Studies should consult with the director.
Choose 1 from these American History courses:
HIST 4322  The Spanish Southwest to 1821
HIST 4325  The American Southwest after 1821
Choose 1 from these European History courses:
HIST 3341  History of England I, to 1686
HIST 3342  History of England II, after 1686
HIST 4370  The Renaissance and the Reformation, 1300 to 1650
HIST 4376  Revolutionary Europe, 1789-1850

Sociology and Anthropology required courses     24 hours
SOC 1313  Principles of Sociology
SOC 1323  Current Social Issues
ANTH 3375  Mexican-American Folklore
SOC 4323  The Mexican-American People

Choose 1 from the following:
SOC 3301  Methods of Social Research
SOC 4333  Social Theory

Choose 3 from the following:
ANTH 1353  Introduction to Folklore
ANTH 4353  Folklore of the Lower Rio Grande Valley
SOC 4313  American Minorities
SOC 4373  Latin American Society

Additional recommended courses include:
ANTH 1323  Introduction to Cultural Anthropology
ENG 3321  Language and Culture
ENG 4316  Mexican-American Literature
SPAN 3310  Masterpieces in Spanish-American Literature I
SPAN 3311  Masterpieces in Spanish-American Literature II
SPAN 3316  The Mexican Novel
POLS 3360  American Minority Politics

Minor in Mexican-American Studies
This is an interdisciplinary program, taught by the faculty of the departments of History and Philosophy, Modern Languages and Literature, English, Psychology and Anthropology, and Political Science, that is aimed at giving students a more appreciable understanding of the heritage of the Mexican-American ancestry and its contributions to the present environment.

The minor in Mexican-American Studies offers excellent support for majors in Spanish and History and students in the College of Social and Behavioral Sciences. It also provides support for students wishing to teach, particularly those at the secondary level or specializing in bilingual education.

The curriculum for this program is divided into two classifications: impact courses, which deal specifically and directly with the Mexican-American, and support courses, which, for the most part, are concerned with Mexico, aspects of its culture and the Spanish language. Programs of study will be influenced by the student's major. Any course may be taken as an elective.

Minor Requirements
18 hours, of which 12 hours must be from core courses.

Core courses         12 hours
Select from the following:
ANTH 2323  Mexican-American Culture
ANTH 3375  Mexican-American Folklore
ANTH 4353  Folklore of Lower Rio Grande Valley
ENG 4316  Mexican-American Literature
HIST 2363  Mexican-American Heritage
HIST 4322  The Spanish Southwest to 1821
POLS 3363  American Hispanic Politics
SOC 4323  The Mexican-American People

Support Courses     6 hours
Select from the following:
HIST 4325  The American Southwest after 1821
HIST 4354  Contemporary Mexico

SPAN 4329  Mexico's Contemporary Literature
SPAN 3310  Masterpieces of Spanish American Literature I
SPAN 3311  Masterpieces of Spanish American Literature II
SPAN 4307  Spanish-American Novel
SPAN 4326  Contemporary Spanish-American Literature: A New Era
SPAN 4336  Grammar and Composition

Course Descriptions
Courses offered by the Department of Modern Languages and Literature can be found under their respective headings in the Course Descriptions section beginning on page 184.
The Department of Music offers a major within the Bachelor of Arts degree and minors in Applied Music and in Teacher Certification. In addition, it offers teaching fields for majors in both secondary and all-level Music Teacher Certification.

All students majoring in music, in addition to taking courses in general education and in the theory and literature of music, pursue excellence in performance in their areas of major interest. Instruction is offered in voice, guitar, piano and all of the instruments of the band and symphony orchestra.

Graduate music courses are offered leading to the Master of Arts in Interdisciplinary Studies degree with a concentration in Music (MAIS-Music). More information is available in the Graduate Catalog.

- **Degree Requirements**

**Departmental Requirements**

A grade of "C" or higher in each required course in music is necessary for that course to apply toward a degree with a major in music.

Transfer students may be required to validate (by examination) credits earned in Applied Music and Music Theory at other institutions. Failure to pass validation will result in the repetition of courses required to reach proper standards.

Precise definition of standards is provided by the department, and examination in Applied Music is before a faculty jury.

Music majors and music minors must enroll in piano until the piano proficiency examination has been passed. The piano proficiency examination must be passed as a prerequisite to enrolling in upper-level music courses. Transfer students are required to pass the department's piano proficiency examination, regardless of the number of transfer hours.

Each full-time music major must be a member of the large ensemble of his/her area of concentration each semester during which he/she is enrolled, or a minimum of seven semesters. These assignments are as follows: Wind and Percussion—Band; Strings—Orchestra; Voice, Piano—Choir; Guitar—Guitar Ensemble. Pianists and others who play appropriate instruments with sufficient proficiency may use Band or Orchestra for their ensemble requirements.

Participation in smaller ensembles is strongly encouraged.

A music major who selects the performance curriculum will perform one-half of a public recital during the junior year and a complete public recital during the senior year. A music major who selects the teacher preparation curriculum will prepare one-half of a music recital during the senior year, and, at the discretion of a faculty committee, perform it in public.

Music majors will study privately in their areas of concentration during each semester they are enrolled full-time (12 hours or more). Music majors enrolled in Applied Music will enroll in Applied Music Lab and attend University concerts and recitals as a part of the course requirement. Examinations in Applied Music are given at the end of each semester before a jury of music faculty members. Students enrolled in Applied Music will appear in recitals at the discretion of their instructor.

Course Descriptions
A listing of courses offered by the Department of Music can be found on pages 248-252.
General Overview
The College of Business Administration (COBA) at The University of Texas-Pan American has 49 full-time faculty who serve 2,250 Bachelor of Business Administration (BBA), Master of Business Administration (MBA) and doctoral students. The undergraduate and master's programs are fully accredited by the American Assembly of Collegiate Schools of Business (AACSB)—The International Association for Management Education. COBA is currently seeking initial accreditation for its Doctor of Philosophy (PhD) degree in Business Administration.

Academic Programs
The COBA is organized into four departments: the Department of Accounting and Business Law, the Department of Computer Information Systems and Quantitative Methods, the Department of Economics and Finance, and the Department of Management, Marketing and International Business. The assistant dean, four department chairpersons, the director of undergraduate studies and the director of graduate studies coordinate the academic activities of the college.

The Neuhaus Center is committed to advancing the scholarship of entrepreneurship, and the Center for Tourism Research is devoted to meeting regional needs.

VISION AND MISSION

As the College of Business Administration engages in the process of continuous improvement, it is the desire of its staff and faculty to achieve the following:

• **Vision**

The College of Business Administration of The University of Texas-Pan American will serve as the synergistic educational center for the Rio Grande Valley for education in business and management. The doctoral program will achieve international recognition for its global perspective and for its contribution to the field of knowledge encompassing international business and North American trilateral business practices. The undergraduate and MBA programs will receive regional and state recognition for excellence in teaching, applied research, and service to the business community. The college will receive international recognition for creating a stimulating, bicultural environment where diversity and academic excellence coexist.

• **Mission**

Through the process of continuous improvement, the College of Business Administration supports the mission of The University of Texas-Pan American by providing well-balanced, high quality education for undergraduate and graduate students and by providing solutions to business problems through research and community service.

Involvement in research ensures that both students and faculty continue to be current in their disciplines and fosters the advancement of knowledge. The college promotes and produces research that mirrors current issues of business organizations and society, including topics from cross-discipline and cross-cultural perspectives that are appropriate to international business. Faculty intellectual contributions are encouraged in applied scholarship, basic scholarship and instructional development.

Located in the ethnically diverse region along the U.S.-Mexico border, the college uses the social, bicultural, scientific and technical resources unique to South Texas to enrich its educational, outreach and research programs. The college is responsive to the needs of South Texas and the bicultural national community it serves and seeks to develop and strengthen partnerships with these external constituents. The college also fosters cooperative interactions with institutions of higher education throughout the world, with a special emphasis on Mexico and Latin America.

The local economy depends primarily upon agriculture, tourism, trade and government activities. Significant growth is occurring in the manufacturing sector as a result of continued growth and industrial activity along the Texas-Mexico border and the North American Free Trade Agreement. These factors have caused the College of Business Administration to develop programs and curricula that recognize this dynamic and unique situation.

The University of Texas-Pan American is committed to perpetuating the best of American cultural heritage and blending it with the outstanding features of Latin American culture. The academic programs of the College of Business Administration support this philosophy by offering its students a broad foundation in the liberal arts and sciences followed by professional business curricula. Students are afforded the opportunity to acquire skills necessary for success in business and society while simultaneously developing a global awareness and an appreciation for the unique characteristics of the University and its constituents. As a professional college, specific attention is given to the following educational objectives:

- to develop critical thinking and logical problem-solving skills;
- to develop professional attitudes and an appreciation for the role of business in a free enterprise economy;
- to develop basic quantitative and analytical skills;
- to develop written and oral communication skills;
- to develop a global awareness and appreciation for cultural diversity; and
- to develop ethical decision-making skills.

The regional nature of the University and its obligation to serve the needs of the Lower Rio Grande Valley are recognized and emphasized in the research and service functions of the college. The college conducts research for state, county and city agencies and private firms. Additionally, the college holds or sponsors short courses, seminars and workshops for business and governmental agencies. These non-credit programs have served thousands of people in the Valley and have provided opportunities for students to work for and with the business community.

• **Graduate Programs**

The college provides the opportunity for advanced study leading to the Master of Business Administration (MBA) degree. The MBA program is designed for those who wish to pursue advanced study in a bicultural environment as a means of enhancing their business and administrative careers. Both full- and part-time students enroll in the regular MBA program. The Professional MBA allows students to complete the program in two years by attending classes on Saturday only. The Professional MBA is designed to accommodate executives and professionals who wish to pursue a graduate business education while maintaining full-time employment.

The recent addition of the Doctor of Philosophy degree in Business Administration with an emphasis in International Business has added the dimension of basic research to the college’s mission. The degree serves the population of the South Texas region and the State of Texas by:

- offering graduates the opportunity to prepare to assume faculty positions in state or regional universities or to fill management roles in the private sector or in government service;
- developing a center for the study of international business, especially as it relates to rising trade expectations among North, Central and South American countries and the global business environment;
- strengthening itself as a research, teaching and service unit dedicated to the economic, social and cultural
growth of the Rio Grande region; and
• producing quality graduates, which includes becoming
  the leading producer in the nation of Hispanic-
  Americans with business doctoral qualification.

NOTE: More information on graduate programs may be found
in the Graduate Catalog.

• Student Organizations
  A total university experience includes providing students
  with the opportunity to develop leadership skills, to become
  part of the decision-making process and to create linkages with
  the business community. To that end, the following fraternities
  and student chapters of professional organizations are
  sponsored:
  • Alpha Kappa Psi, a professional fraternity
  • Beta Gamma Sigma, a national honor fraternity for
    business administration majors
  • Association of Information Technology Professionals
  • Human Resource Management Society
  • Financial Management Association
  • American Marketing Association
  • Accounting Society
  • MBA Association
  • Forum for International Relations and Business
  • Students in Free Enterprise

• Advisory Council
  Advice and guidance from civic and business leaders are
  provided through the College of Business Administration
  Advisory Council. The council serves as a liaison to the
  business community, helps provide financial support for the
  college and provides job opportunities for graduates.

Center for Advisement, Recruitment, Internships and
Retention (CARIR)
Internships that lead to careers and job placement are
handled by Victor Huerta, director, Business Administration
Building, Room 120B, telephone 956/381-3355. Or contact
Career Placement Services, Student Services Building, Room
147, telephone 956/381-2243.

❍ Minor in Business Administration
  A minor in business administration may help make
  students with non-business majors more marketable upon
  graduation. This minor complements such degree programs as
  engineering, health care, nursing, counseling and
  communication.

  The minor in business administration consists of the
  following courses:
  ACC 2329    Fundamentals of Managerial
               Accounting
  ACC 2421    Introduction to Financial Accounting
  ECON 2301    Principles of Economics II
  MANA 3361    Principles of Management and
               Organizational Behavior
  MARK 3371    Principles of Marketing
  FINA 3383    Managerial Finance

  TOTAL                                      19 hours

❍ Minor in Human Resource Management
  A minor in Human Resource Management (HRM) may
  help complement many students’ majors, making them more
  marketable upon graduation. Majors such as psychology,
  communication, nursing, counseling, engineering and political
  science may be especially interested in complementing their
  major with a minor in HRM. The minor in HRM consists of the
  following courses:

  Human Resource Management Specialization        15 hours
  MANA 3362    Personnel Management
  MANA 3365    Wages and Salary Administration
  MANA 3366    Recruitment and Selection
  MANA 3367    Organizational Training and
               Development
  MANA 4361    Human Behavior in Organizations

  Human Resource Management Electives            3 hours
  Select three hours from:
  MANA 3300    Internship in Management*
  MANA 3335    Organizational Communications
  MANA 4368    Industrial Relations

  TOTAL                                      18 hours

  Contact either Dr. William Thompson, Director of
  Undergraduate Programs, College of Business Administration,
  Room 120C, 956/381-2827, or Dr. Linda Matthews, Assistant
  Professor of Management, Room 222F, 956/381-3382, for
  further information.

*Must involve a position in HRM.

❍ Minor in Entrepreneurship
  A minor in entrepreneurship serves as an ideal
  complement for economic students wishing to start and
  successfully operate a small business upon graduation. The
  minor in entrepreneurship also meets the minor requirement
  for the Bachelor of Arts in Economics, as well as for non-
  business degrees. The program particularly caters to
  understanding small business operations in the Lower Rio
  Grande Valley.

  The minor in entrepreneurship consists of 18 hours from
  the following courses:*
  ECON 3359    Family and the Small Business
  ECON 3360    Managerial Economics
  FINA 3391    Small Business Financial Management
  FINA 3393    Entrepreneurial Finance
  CIS 3380     Small Business Technology
  MANA 4362    Small Business Venture
  MANA 4366    Small Business Management

  TOTAL                                      19 hours
ECON 4362  Global Entrepreneurship

TOTAL 18 hours

*Non-business students wishing to minor in entrepreneurship must also take ACC 2421, ECON 1301 and MANA 3361 as prerequisites to the entrepreneurship courses.

Bachelor of Business Administration

General requirement for graduation

All students seeking a BBA from the College of Business Administration must take at least 50 percent of their business courses at UT Pan American.

Degree applicability of coursework from business programs that are not accredited by the American Assembly of Collegiate Schools of Business (AACSB)—The International Association for Management Education must be determined through appropriate validation procedures and/or examination. Final approval of non-AACSB accredited coursework will be by the department chair or dean of the College of Business Administration.

NOTE: Before being allowed to enroll in 3000- or 4000-level business courses, a student must:

1. complete the following courses: ACC 2421, ACC 2329, CIS 1201 and CIS 1101 (or CIS 1301), ECON 2301, ECON 2302, and
2. satisfy one of the following minimum grade requirements:
   a. attain a grade of “C” or better in each course, or
   b. attain a GPA of 2.25 or higher for the six courses.

Transfer Credit—Verification

Any upper-division business course taken at a non-AACSB-accredited school must be validated before it will be applied to satisfy graduation requirements for business degrees at UT Pan American. Validation may be accomplished by:

1. taking a higher-level course in the same subject area and making a grade of “C” or better,
2. retaking the course.

Contact Dr. William Thompson, Director of Undergraduate Programs, College of Business Administration, Room 120C, 956/381-2827, for further information.

Communication Skills Certification

Students receiving a degree from the College of Business Administration may participate in a communication skills certification program.

Contact Margaret Allison, Director of Communication Skills, Business Administration Building, Room 120A, telephone 956/381-3360, for further information.

ACCOUNTING & BUSINESS LAW

Dr. Gouranga Ganguli, Department Chair
Business Administration Building
Room 220
Telephone: 956/381-2406
Fax: 956/381-2407
E-mail: ganguli@panam.edu

Full-time Faculty
Atamian, Rubik, Assistant Professor, Accounting
DeMoville, Wig B., Professor, Accounting
Folk, Ellen, Assistant Professor, Accounting and Business Law
Ganguli, Gouranga, Professor, Accounting
Hume, Evelyn, Associate Professor, Accounting
Jarvis, Susan S., Professor, Business Law
McCoy, Timothy L., Assistant Professor, Accounting
Neipert, David, Assistant Professor, Business Law
Walker, Edward R., Assistant Professor, Accounting

Mission

The Department of Accounting and Business Law contributes to the mission of the College of Business Administration by conducting outstanding instruction at the undergraduate and graduate levels, by fostering meaningful intellectual contributions, and by actively participating in service to the components of the University and to the legal and accounting professions.

General Overview

The Department of Accounting and Business Law offers the Bachelor of Business Administration (BBA) degree with a major in accounting. A major in accounting is designed to prepare graduates for entry-level positions in both private and public accounting. The degree partially prepares a graduate to take each of the accounting certification examinations: CPA, CMA and CIA, depending on the graduate’s interest. Since each examination is structured to test the candidates over a broad range of accounting topics, students should seek advice from the accounting faculty to select elective courses that will help them in their satisfactory completion of certification requirements. An accounting specialization is available at the MBA level.

The coursework leading to the BBA degree in accounting is classified as follows:

A. General Education Requirements 48 hours
B. Business Foundation Courses 17 hours
C. Business Core Courses 36 hours
D. Specialization (Major) Courses 27 hours

Total 128 hours
Major in Accounting

Admission Requirements

Admission into the accounting major involves two steps. First, all students desiring an accounting degree must initially specify "Pre-Accounting" as their major. This designation is effective for all students changing major, transfer students, special students and entering freshmen. Second, the student then applies to the Department of Accounting and Business Law for a change to "Accounting" major status when the following guidelines are met:

1. Applicants must be in good academic standing (non-probationary status).
2. Applicants must have completed at the time of application at least 10 hours of accounting, including ACC 2421, 2329 and 3321, with a grade point average of 2.2 for all accounting courses taken at the time of application.

Admission of the applicant to the accounting major will be determined by the chair of the Department of Accounting and Business Law or his or her designated representative(s). Students who have been denied admission to the accounting program may appeal to the dean of the College of Business Administration according to the appeal requirements.

Degree Requirements

In addition to having completed the General Education and Business Foundation courses and the Business Core requirements, accounting majors must have an average grade point of at least 2.5 in all accounting courses taken in order to graduate. Prerequisites cannot be repeated if the subsequent higher-level course has been completed.

General Education Requirements

Complete the requirements shown in the General Education Requirements section shown on pages 67-69 of this catalog EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown below.

Section A. Science and Mathematics

Group 2. Mathematics
Students must select MATH 1321 or Math 1340.

Section B. Computer Literacy

CIS 1201
May take CIS 1301 to satisfy core and business foundation.

Section C. Social Sciences

Group 3. Other Social Sciences
Students must select ECON 2301.

Business Foundation

ACC 2421 Introduction to Financial Accounting
ACC 2329 Fundamentals of Managerial Accounting

Accounting Specialization

NOTE: A student must attain a GPA of 2.2 or higher in ACC 2421, ACC 2329 and ACC 3321 before being allowed to enroll in any other 3000- or 4000-level accounting course.

Required Courses

ACC 3320 Cost Accounting
ACC 3321 Intermediate Accounting I

TOTAL         128 hours

• 150-Hour Program for Potential Certified Public Accountants
Students who are interested in being licensed as a Certified Public Accountant (CPA) in the State of Texas must complete at least 150 hours in order to be eligible to take the CPA examination. If the student desires to meet this requirement at the undergraduate level, the student should complete the accounting major as shown above and the additional curriculum shown below. Comparable courses may be substituted with prior approval by the department.

Additional Courses Recommended for Those Desiring to Take the CPA Examination

<table>

Vincent, Vern C., Professor, Quantitative Methods; Director of Tourism Research

General Overview
The Department of Computer Information Systems and Quantitative Methods offers a Bachelor of Business Administration with a major in Computer Information Systems based on the curricula recommended by the Association of Information Technology Professionals. This major is designed to prepare students with the broad business and computer-related knowledge necessary to enter the computer field. A minor in computer information systems is available to students from all non-business disciplines and is designed to prepare the student for entry-level positions in the computer field.
The department provides Computer Information Systems courses for CIS majors, CIS minors, and other majors. It offers Quantitative Methods (QUMT), Management Information Systems (MIS), and Information Systems and Quantitative Methods (ISQM) courses. Also, the department provides computer literacy courses for all majors to satisfy the computer literacy requirement of the University Core Curriculum.

It is recommended that students receiving a degree from the College of Business Administration have their communication skills and computer literacy certified.

Mission

It is the mission of the Computer Information Systems and Quantitative Methods Department to offer students a quality broad-based business education as well as to prepare students with the necessary analytical, technical and managerial skills in the field of information technology and develop the ability and desire to continue learning in order to compete effectively in the global workplace.

Degree Requirements

A. General Education Requirements 48 hours
B. Business Foundation Courses 17 hours
C. Business Core Courses 33 hours
D. CIS Major 27 hours
Total 125 hours

NOTE: Students should file an official degree plan after earning 60 hours. An official degree plan must be filed before an application for graduation will be processed.

General Education Requirements 48 hours

Complete the requirements shown in the General Education Requirements section on pages 67-69 of this catalog EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown below.

Section A. Science and Mathematics
Group 2. Mathematics
Students must select MATH 1321 or MATH 1340.

Section B. Computer Literacy
CIS 1201
May take CIS 1301 to satisfy core and business foundation.

Section C. Social Sciences
Group 3. Other Social Sciences
Students must select ECON 2301.

Business Foundation 17 hours
These 20 hours do not include ECON 2301 or the 2 hours of computer literacy included in the core.

* See detailed requirements above.

Course Descriptions

A listing of courses offered by the Department of Management, Marketing and International Business can be found on pages 239-241 (MANA), 242-243 (MARK) and 236-237 (INTB).
General Overview
The College of Education includes the Department of Curriculum and Instruction, the Department of Educational Psychology, the Department of Health and Kinesiology and the Department of School Administration and Supervision.

Academic Programs
At the undergraduate level, the college offers a Bachelor of Science degree with majors in Kinesiology and Health, Secondary Education and Bachelor of Interdisciplinary Studies with undergraduate certification in Elementary, Secondary and all-level Art, Music and Kinesiology education with options for specialized endorsements. Students are encouraged to check with the departments early in their program for specific degree requirements and development of degree plans.

At the graduate level, the College of Education also offers a Master of Education degree with specializations in Elementary Education, Secondary Education, Special Education, Early Childhood Education, Reading, Educational Diagnostician, Bilingual Education, Counseling and Guidance, Educational Administration, Gifted Education, and Supervision. The College of Education also offers a Master of Arts degree in School Psychology.

Although the graduate programs in education are intended primarily for personnel in public/private schools, the knowledge and skills taught are applicable to other agencies. A student may complete some MEd programs at The University of Texas-Pan American without meeting all the teacher certification requirements. Please consult with the director of each program for more specific guidelines and information.

Credit for 5000-level courses may not be given to a student with previous undergraduate credit in similar courses.

All programs in the College of Education are fully accredited by the State Board for Educator Certification (SBEC).
■ MISSION STATEMENT

The mission of the College of Education at The University of Texas-Pan American is to continuously improve the educational process as it is implemented in the college and the community through teaching, research and service. The college values the rich cultural and linguistic history of the international border area and directs its programs and course offerings toward the preparation of professionals for an increasingly diverse population of learners.

General Information

• Certificate Requirements for Teachers

Teachers in Texas elementary, middle and secondary schools are required by law to hold a valid Texas teacher’s certificate at the appropriate level in the teaching field and specialization to which they are assigned.

Prospective teacher education students should consult with the undergraduate advisor and the appropriate department in the College of Education. Individuals seeking an emergency teaching credential should consult the credentialing officer in the Certification Office of the College of Education.

• General Requirements for Texas Teaching Credentials

State Board for Educator Certification rules require an individual to have the following qualifications in order to receive a standard certificate. An individual must:

A. be a citizen of the United States or indicate intent to become a naturalized citizen as evidenced by filing a Statement of Intention to Become a United States Citizen (TCER-023) with the Division of Teacher Certification;

B. be at least 18 years of age;

C. be of good moral character as evidenced by statement of three individuals or be recommended by a Texas senior college, and be clear of a felony or misdemeanor conviction for a crime that directly relates to the duties and responsibilities of the teaching profession;

D. be willing to support and defend the constitutions of the United States and Texas;

E. have college credit or examination credit on knowledge of the Texas and U.S. constitutions and U.S. history; and,

F. be able to speak and understand the English language sufficiently to use it easily and readily in conversation and teaching.

• Texas Testing Requirements for Certification

To be approved for a Standard Texas Teacher’s Certificate, persons, including those holding a valid out-of-state certificate, shall be required to achieve a satisfactory level of performance on an examination prescribed by the State Board for Educator Certification.

The test is called ExCET – Examination for the Certification of Educators in Texas. The ExCET must be taken and passed for the appropriate level, specialization, certificate and endorsement in order to be recommended for certification.

Students who enroll only in a certification program are expected to meet or exceed the admission requirements of students in the regular program that corresponds to that certificate.

• Criminal Records

In accordance with Article 6252-13c, Texas Civil Statutes, the Texas Commissioner of Education may suspend or revoke a teaching certificate, or refuse to issue a teaching certificate, for a person who has been convicted of a felony or misdemeanor for a crime that directly relates to the duties and responsibilities of the teaching profession. All potential certificate applicants with felony or misdemeanor criminal convictions should contact the Certification Officer immediately to seek clarification of their certification status.

• Admission to the College of Education

Teacher Education & Internship II

Admission to the College of Education:

The College of Education is a professional college whose students must work closely with school-age individuals in the public schools. Consequently, admission to the college and continued enrollment in its programs is subject not only to meeting the formal requirements listed above but also to obtaining the endorsement of the undergraduate advisor or the credentialing officer, as appropriate, and meeting the faculty’s expectations for effective and professional behavior. Students who enroll in any 3000- or 4000-level education courses with the following prefixes: ED, EDCI, EDBE, SPED, READ or KIN without being formally admitted to the College of Education will be dropped from these courses; in the event these courses have been completed, no course credit toward the teaching credential will be awarded.

A student must apply for admission to the College of Education during the semester in which the student will have earned 63 hours for elementary certification or 78 hours for secondary or all-level certification. A formal application for admission must be filed with the Office for Educator Certification, Room 139, in the College of Education. Students must meet the following requirements prior to admission to the College of Education:

1. Pass all three subtest areas of the Texas Academic Skills Program (TASP) test with the following minimum scores in each area:
   a. Reading 230
   b. Mathematics 230
   c. Writing 220

Note: A student who fails any section of the TASP must visit with the TASP coordinator at the Admissions and Records Office.

2. Successfully complete a minimum of 63 hours for elementary certification, or 78 hours for secondary or all-level certification, which must include the following:
a. ENG 1301, with a “C” or better
   ENG 1302, with a “C” or better
b. MATH 1340 or higher, with a “C” or better
c. MATH 2306 and 2307 (elementary only)
d. 3 hours of a foreign language
e. 8 hours of a laboratory science

3. For elementary certification, achieve a 2.25 cumulative grade point average (GPA) in general education and, for secondary or all-level certification, achieve a cumulative 2.5 GPA for all hours earned.

4. Unless prior approval is received from the student's department chair, no course may be substituted for another unless a grade of “C” or better has been earned in that course, and does not result in the GPA falling below 2.25.

5. File an official degree plan if seeking elementary or secondary certification.

NOTE: Transfer students must delay application until successful completion of the above all-level requirements.

Beginning spring 2001, cumulative GPA must be 2.5 on the elementary or secondary degree plans; TASP reading, 260.

Admission to Internship II: Regular Undergraduates

Students in the undergraduate teacher education program must make a separate application to be admitted to Internship II as they near the completion of their professional coursework. Applicants must have achieved a grade point average of 2.5 overall and 2.5 in their interdisciplinary area (major) and academic specialization. This requirement applies to all students irrespective of their admission date to the University. For more information on Internship II, see page 119.

NOTE: The University of Texas-Pan American's College of Education will not recommend persons on deficiency plans for certification without completing the courses outlined in their plans, passing the ExcET tests and submitting a signed and certified statement from a designated school district official (personnel director or building principal) that attests to their success in working with students in a setting that corresponds to the area of certification sought.

• Degreed Students Seeking Certification (Non-traditional)

Accelerated Alternative Program (AAP)

The Accelerated Alternative Program (AAP) is designed for prospective public school teachers with degrees in disciplines other than education. The program offers a fast, efficient path to the classroom as the teacher of record.

Certification is offered in seven tracks: elementary, elementary/bilingual, elementary/ESL, secondary (all specializations), secondary/ESL and special education. Pre-assignment courses provide the academic foundation to enter the classroom in a specific track. The assignment (internship) phase consists of two 6-hour courses (one fall, one spring). Internship and employment is at the discretion of the employing school district. Internship courses require a special fee. A criminal records check will be conducted by employing districts; a felony conviction may be disqualifying.

Program prerequisites include: admission to AAP, a baccalaureate degree from an accredited institution, overall GPA of 2.5, passing score on TASP or PPST and credit for college algebra (or higher) with a “C” or better.

Deficiency Plan/Emergency Permit

In order to meet school district staffing needs, school districts may elect to hire degreed personnel who are deficient in education coursework, ExcETs, etc.

The following criteria must be met in order for the Office of Admission and Certification to process a deficiency plan for an Emergency Permit:

• Submit an official request for an Internship II form to the COE Office of Admission and Certification OR
• Submit a Student Educational Plan Request (obtain form at Certification Office).
• 2.50 cumulative GPA on transcript with a minimum of 2.25 in the area to be certified.
• Passing scores on all sections of TASP or meet UTPA Certification TASP Exemption Standards.
• Have minimum of 9 hours of specified COE Professional Education coursework (EDCI 4301, EDCI 4302, READ 4351); 9 hours waived if permit being requested is in major or minor area.
• Degreed students from other institutions may be required to obtain additional coursework for certification in the content area, which targets ExcET competencies.

If a permit is issued (for non-degreed or degreed), the field experience for Internship II (formerly Student Teaching) must be replaced by two years as a teacher of record (full-time teacher in the area and at the level in which certification is being sought) plus an additional 6 hours of approved upper-division education coursework must be taken in lieu of Internship II coursework to fulfill degree requirements. These 6 hours will be assigned when the deficiency plan is processed.

• Policy and Advisory Groups

The University Teacher Education Committee

All departments that offer certification programs at The University of Texas-Pan American maintain membership on the University Teacher Education Committee. The basic functions of the committee are to:

1. approve any teacher education program changes originating in the College of Education or in departments offering certification programs.
2. approve any changes in courses that are part of any university certification program.
3. approve candidates for elementary, secondary and all-
level Internship II.
4. approve appeals made by prospective student teachers
who had previously been denied or dropped or who failed
Internship II.

It shall be understood that approval of an application does
not constitute subsequent recommendation on the part of the
University for a certificate to teach. Such recommendation is
contingent upon continued demonstration of promise as a
prospective teacher and completion of the certification
requirements both in professional education and in the major
or minor teaching fields.

The South Texas Center for Professional Development of
Teachers (STCPDT)

The South Texas CPDT is a collaborative composed of
University faculty, administrators from the University, public
school districts and Region One Education Service Center,
public school teachers, and teacher education students. Its
purpose is to collaboratively design, implement and assess the
field-based teacher preparation program offered in the College
of Education at UT Pan American. The South Texas CPDT
Governance Board advises on and/or approves changes
regarding admission and certification requirements, course
offerings, program changes, field experiences and the
Internship II semester.

Degree Programs

• For Elementary Teachers

A Bachelor of Interdisciplinary Studies was implemented in
fall 1989 and revised fall 1997 for students seeking state
certification in elementary education. In compliance with the
Texas Education Code and the new “CPDT Rule” on teacher
education, the following specializations and delivery systems
are offered:

Specializations
Art
Bilingual Education
Biology
Early Childhood Education
English
Generic Special Education
Health
• Delivery Systems

• For Secondary Teachers
  Provisional teacher certification at the secondary level is offered in the following teaching fields:
  - Art
  - Biology
  - Chemistry
  - Computer Information Systems
  - Earth Science
  - English
  - French
  - Generic Special Education
  - Government
  - Health
  - History
  - Journalism (Print)
  - Kinesiology
  - Mathematics
  - Music
  - Physical Science
  - Physics
  - Psychology
  - Reading
  - Social Studies
  - Sociology
  - Spanish
  - Speech Communication
  - Theatre Arts

  Specific requirements for all certification programs at the secondary level may be located within program descriptions under individual departments throughout this catalog.

• For All-Level Teachers
  All-level provisional teacher certificates are offered in Art, Music and Kinesiology. Specific requirements for certification programs may be located within each department.

• Teacher Certification Programs

General Education Requirements for Teacher Education Certification

Students pursuing teacher certification must complete an academic major prescribed by the standards for teacher education. Prospective teacher education students should consult with their major advisors and with the appropriate department in the College of Education.

Students pursuing teacher certification at the elementary level are required to satisfy the University’s General Education requirements as specified by the State Board of Education, the State Board for Educator Certification and the Texas Higher Education Coordinating Board. Students must complete the requirements shown in the General Education Requirements section on pages 67-69 of this catalog EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown below.

• Academic Specializations for Elementary Certification

Elementary (Grades 1-8) Certification – Various Academic Specializations
The following academic specializations are available; they require a minimum of 18 hours, with a minimum of 9 advanced hours:
- Art
- Biology
- English
- Health
- History
- Kinesiology
- Mathematics
- Music
- Physical Science
- Reading
- Social Studies
- Spanish

Elementary (Grades 1-8) Certification
The following specializations are available; they require a minimum of 21 hours, with 18 advanced hours:
- Bilingual Education
- Generic Special Education

Elementary (Pre/K-6) Certification
The following specialization is available; it requires a minimum of 18 hours, all at the advanced level:
- Early Childhood Education

• Requirements for Academic Specializations
The requirements for the specializations for elementary certification that are offered through the College of Education are shown below. The requirements for all other academic specializations are shown in their respective departments.

Specialization: Reading
- READ 3310 Narrative and Expository Analysis Elementary/Secondary
- READ 3323 Reading Acquisition
- READ 3325 Cognitive Development and Reading Comprehension
- READ 3326 Reading Across the Curriculum Content Areas
- READ 3327 Assessment and Diagnosis of Special Needs Students
- READ 3329 Language Arts Curriculum

Specialization: Bilingual Education
- EDBE 3315 The Bilingual Curriculum in the Content Areas
- EDBE 3316 The Development of Biliteracy
- EDBE 3322 Foundations of Bilingual Education
- EDBE 3324 English as a Second Language

Specialization: Generic Special Education
- SPED 1305 Introduction to the Exceptionalities
- SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities
- SPED 3301 Inclusion of the Exceptionalities
- SPED 3302 Theories of Learning Disabilities
- SPED 4300 Testing and Assessment of Exceptional Individuals
- SPED 4303 Theories of Social Competence and Behavioral Interventions
- SPED 4309 Program Planning for Secondary Special Education

Specialization: Early Childhood
- EDEC 4314 Research in Early Childhood
- EDEC 4390 Developmentally Appropriate Practices in Early Childhood Education
- EDEC 4391 Foundations of Early Childhood
- EDEC 4392 Acquisition and Conceptualization Processes in Early Childhood
- EDEC 4393 Cultural Dimensions Related to Early Childhood
- EDEC 4394 Cognitive and Psychomotor Development in Early Childhood
- HLTH 2352 Personal Health and Wellness

• Elementary Certification – Various Academic Specializations

Interdisciplinary Area 34 hours

Elementary Certification Language Arts:
- READ 3323 Reading Acquisition
- READ 3325 Cognitive Development and Reading Comprehension
- READ 3326 Reading Across the Curriculum Content Areas
- ENG 4321 Foundations of Language Learning

Math/Science:
- MATH 2306 Foundations of Mathematics I
- MATH 2307 Foundations of Mathematics II
- Select from one of the following*:
  - BIOL 1401, 1402 General Biology I or II or
  - PSCI 1421, 1422 Physical Science I or II or
  - PSCI 2408 Survey of Physical Science

Social Science/Other Humanities:
- HIST 3302 World History Studies
- GEOG 2313 Principles of World Geography or
- COMM 3308 Creative Drama or
COMM 1303  Presentational Speaking  
COMM 1333  Intermediate Sign Language  
ANTH 3333  U.S. and Other World Cultures  
HLTH 2352  Personal Health and Wellness  
MUS 1307  Music Appreciation or  
MUS 1308  Mexican Folk Music or  
MUS 3311  Essential Elements of Music I  

Physical Science, if Biology was selected in General Education; Biology, if Physical Science was selected in General Education.

** If Health is selected as academic specialization, HLTH 2352 must be completed in this area.

### Elementary Certification—Reading

- MUS 1307 Music Appreciation or
- MUS 1308 Mexican Folk Music or
- MUS 3311 Essential Elements of Music

• **Professional Education (Certification Coursework) Elementary**

Various Academic Specializations (including Reading): 24 hours
- EDEC 4390, EDBE 3322, EDCI 3305, SPED 3301, EDCI 4305, EDCI 4306 and EDCI 4611

Bilingual Education: 18 hours
- EDEC 4390, SPED 3301, EDCI 4305, EDCI 4306 and EDCI 4611

Special Education: 21 hours
- EDCI 3305, EDCI 4302, EDCI 4305, EDBE 3322, EDCI 4306, EDCI 4311 and ED 4313

Early Childhood: 21 Hours
- EDBE 3322, SPED 3301, EDCI 3305, EDCI 4305, EDCI 4306, EDCI 4311 and EDEC 4312

• **Endorsement Requirements**
Endorsements consisting of 9-12 additional hours may be added to Texas teacher certificates in Bilingual Education, English as a Second Language, Early Childhood (see below) and Information Technology. A certification of 24 hours in Generic Special Education may be added.

• **Endorsement: Bilingual Education**
The Bilingual Education endorsement may be added to valid provisional teacher certificates and provisional special education certificates. The professional development sequence for the endorsement consists of:

1. Oral and written proficiency in the language of the target population as measured by examinations approved by the State Education Agency.
   - A. Oral proficiency shall be determined by the Texas Oral Proficiency Test (TOPT) with a passing score of level 3.
   - B. Written proficiency shall be determined by the College Level Examination Program (CLEP) with a passing score of 50.

2. 12 hours at the graduate or undergraduate level earned after the bachelor's degree as follows:
   - EDBE 3315 or ED 6335
   - EDBE 3316 or ED 6350
   - EDBE 3322 or ED 6322
   - EDBE 4304 or ED 6351

3. One year of successful teaching experience in a state-approved bilingual classroom.
4. Successful completion on ExCET/Bilingual.

• **Endorsement: Early Childhood**
The early childhood endorsement may be added to valid provisional teacher certificates with elementary or all-level options and provisional special education certificates. The professional developmental sequence for the early childhood endorsement consists of:

1. 12 hours: EDEC 4390, EDEC 4391, EDEC 4392, EDEC 4393. In addition, EDEC 4394 is strongly recommended.
2. 3 hours of early childhood student teaching (EDCI 4312 Student Teaching in Early Childhood); or one year of successful early childhood teaching experience on a permit in an accredited school and 3 additional hours (EDEC 4314 Survey of Research in Early Childhood) of early childhood education. Teaching or student teaching in a multi-age class that includes kindergarten shall be acceptable as appropriate experience.

• **Endorsement: English as a Second Language (ESL)**
The English as a Second Language (ESL) endorsement may be added to valid provisional teacher certificates (elementary or secondary) and provisional special education certificates. The professional development sequence for the ESL endorsement consists of 12 hours (2.25 GPA):
- ENG 3319 Introduction to Descriptive Linguistics
ENG 3321  Language and Culture
ENG 4328  Introduction to English as a Second Language
EDBE 3324  English as a Second Language

Students who are completing this endorsement as part of their initial teacher certificate should partially fulfill their student teaching requirements with the following course:
EDCI 4310  Directed Teaching-ESL

**Endorsement: Information Technology**

This endorsement may be added to valid teaching certificates, special education certificates or vocational education certificates that require a college degree. The Level I endorsement shall consist of the following 9 hours:

- CSCI 1380  Computer Science I
- CSCI 3321  Survey of Computer Concepts
- ED 3350  Information Technology

**Certification Requirements for Secondary**

For the prospective secondary teacher, The University of Texas-Pan American offers bachelor’s degrees (BA, BS, BFA or BBA) in various academic disciplines with secondary certification through the College of Education. The General Education and major requirements for the various academic disciplines are specified by the departments in this catalog.

In addition to the General Education requirements and the major requirements, the following requirements apply for students seeking Provisional Teacher Certificates at the secondary level:

1. Professional Development Sequence  21 hours

- 18 hours upper division, including EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308, READ 4351 and EDCI 4641 (and/or appropriate student teaching course number for Generic Special Education). For all-level certificates, see “Requirements for All-Level Certificates.”

2. Electives  12 hours

   **Students must complete one course from two of the following areas:**

   **Area 1.**
   - ART 1301  Art Appreciation

   **Area 2.**
   - COMM 1303  Presentational Speaking

   **Area 3.**
   - PHIL 1320  Introduction to Logic
   - PHIL 2330  Ethics

   **Students must complete one course from two of the following areas:**

   **Area 1.**
   - ANTH 1323  Introduction to Cultural Anthropology

   **Area 2.**
   - ECO 1301  Introduction to Economics
   - ECO 2353  Principles of Economics I

   **Area 3.**
   - PSY 1310  Introduction to Psychology

   **Area 4.**
   - SOC 1313  Principles of Sociology
   - SOC 1323  Current Social Issues
   - SOC 2333  Marriage and the Family

**Secondary Teacher Certifications**

The College of Education offers Provisional Secondary Teacher Certifications in the teaching fields and delivery systems shown below.

- **Secondary (Grades 7-12) Option I:**

  An Option I certificate requires one 36-hour (minimum) teaching field, including 21 upper-division hours. They are available in the following fields:
  - **Biology**
  - **Chemistry**
  - **Computer Information Systems**
  - **Earth Science**
  - **English**
  - **French**
  - **Political Science**
  - **History**
  - **Mathematics**
  - **Spanish**
  - **Speech Communication**
  - **Theatre Arts**

- **Secondary (Grades 7-12) Option II:**

  An Option II certificate requires two 24-hour (minimum) teaching fields/delivery systems, including 12 upper-division hours. They are available in the following fields:
  - **Art**
  - **Biology**
  - **Chemistry**
  - **Computer Information Systems**
  - **Earth Science**
  - **English**
  - **Generic Special Education**
  - **Health**
  - **History**
  - **Journalism**
  - **Kinesiology**
  - **Mathematics**
  - **Physical Science**
  - **Physics**
  - **Political Science**
  - **Psychology**
• **Secondary (Grades 7-12) Option III:**
  An Option III certificate requires one 48-semester hour (minimum) broad teaching field, including 24 upper-division hours. They are available in the following fields:
  - Art
  - Music

• **Secondary (Grades 7-12) Option IV:**
  An Option IV certificate requires one 48-semester hour (minimum) composite teaching field, including 24 hours in one area, of which 12 hours must be upper division. It is available in the following field:
  - Social Studies

• **Requirements for Teaching Fields Offered in the College of Education**
  The requirements for the teaching fields offered in the College of Education for those seeking a provisional secondary teacher certificate are shown below.

• **Secondary Option II (minor or second teaching field) in Generic Special Education**

  **Required Courses**
  - **24 hours**
  - SPED 1305 Introduction to the Exceptionalities
  - SPED 2304 Computer Applications and Adaptations for Individuals with Disabilities
  - SPED 3301 Inclusion of the Exceptionalities
  - SPED 3302 Theories of Learning Disabilities
  - SPED 4300 Testing and Assessment of Exceptional Individuals
  - SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities
  - SPED 4303 Theories of Social Competence and Behavioral Interventions
  - SPED 4309 Program Planning for Secondary Special Education
  - KIN 4351* Adaptive Kinesiology or
  - SPED 4372 Individual Differences or
  - READ 3327 Assessment/Diagnosis of Special Needs Students

  *Students majoring in Kinesiology are required to take SPED 4372 Individual Differences.

• **Teaching Field (Option II): Reading Secondary**
  - READ 3310 Narrative and Expository Analysis-Elementary/Secondary
  - READ 3323 Reading Acquisition
  - READ 3325 Cognitive Development and Reading Comprehension
  - READ 3326 Reading Across the Curriculum Content Areas
  - READ 3327 Assessment/Diagnosis of Special Needs Students
  - READ 3351 Literature for the Young Adult
  - READ 4351 Developmental Reading in Secondary Schools

• **Requirements for All-Level Certificates**
  Provisional Teacher Certificates, all-level, are offered in Art, Kinesiology and Music. A kinesiology all-level major requires a second teaching field of 24 hours; second teaching fields are not required for art and music all-level majors. Specific requirements for each are located in the appropriate departments elsewhere in this catalog; however, the professional development (21 upper-division hours) sequence for provisional teacher certificate all-level, offered through the College of Education for art and music, is as follows: EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308, READ 4351, EDCI 4398 and EDCI 4311. All-level for Kinesiology is as follows: EDCI 4301, EDCI 4302, EDCI 4307, READ 4351, EDUK 4354, and EDCI 4699.

• **Internship II**
  The College of Education offers the Internship II experience as an important component in the preparation of competent teachers. Prospective teacher preparation students should consult with their program advisors and apply at the College of Education Office of Field Experiences. The Internship II admission requirements below are subject to change due to new state agency regulations or College of Education/University-approved policy.

**Requirements for Admission to Internship II Semester**

**Elementary Education**
1. Minimum overall grade point average (GPA) on degree plan of 2.5.
2. All General Education courses completed with a minimum GPA of 2.25.
3. All professional education courses completed with a GPA of 2.5.
4. ENG 1301 and ENG 1302 completed with a minimum grade of "C" in each.
5. Successful completion of MATH 1340, MATH 2306 and MATH 2307 with a grade of "C" or better in each.
6. Completed minimum of 3/4 of total hours required in the interdisciplinary area with a minimum 2.5 GPA.
7. Satisfactory completion of the following courses in Elementary Education: EDBE 3322, SPED 3301, EDEC 4300, EDCI 4305, EDCI 3305, EDCI 4306, READ 3323 and READ 3325 with a minimum GPA of 2.5.
8. Completed minimum of 3/4 of total hours required in academic specialization or delivery system with a minimum GPA of 2.5 in each.
All requirements for Internship II, including successful completion of Internship I, must be met before a student is given a clear admission status. All students are required to successfully complete the program and developmental benchmarks. See College of Education program advisors for specific information.

Secondary Education
1. Minimum overall grade point average (GPA) of 2.5.
2. General Education required courses completed with a minimum GPA of 2.25.
3. ENG 1301 and ENG 1302 completed with a minimum grade of “C” in each.
4. Successful completion of MATH 1340 with a grade of “C” or better.
5. Completed minimum of 3/4 of total hours required in major teaching field.
6. Minimum of 2.5 grade point average (GPA) in major.
7. Additional requirements as specified by major department.
8. Completed minimum of 3/4 of total hours required in the minor or second teaching field.
9. Minimum of 2.5 grade point average (GPA) in minor.
10. Additional requirements as specified by minor department.
11. 15 hours in Secondary Education: EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308 and READ 4351.
12. Minimum of 2.5 grade point average (GPA) in professional education.

All-Level and Secondary Kinesiology
1. Minimum overall grade point average (GPA) of 2.5.
2. General Education required courses completed with a minimum GPA of 2.5.
3. ENG 1301 and ENG 1302 completed with a minimum grade of “C” in each.
4. Successful completion of MATH 1340 with a grade of “C” or better.
5. Minimum of 2.5 grade point average in major.
6. Additional requirements as specified by major department.
7. Minimum of 2.5 grade point average in minor.
8. Additional requirements as specified by minor department.
9. 15 hours in Secondary Education: EDCI 4301, EDCI 4302, EDCI 4307, READ 4351 and EDUK 4354.
10. Minimum of 2.5 grade point average in professional education courses.

Course Descriptions
A listing of courses offered by the College of Education can be found in the Course Descriptions section beginning on page 219.
• **Baccalaureate in Interdisciplinary Studies, Elementary Option III:** Certification-Generic Special Education

**General Education Requirements**
Complete the requirements shown in the General Education Requirements section shown on pages 67-69 of this catalog EXCEPT for the sections, groups, or areas listed below, which must be satisfied only as shown below.

**Section A.** Humanities
Group 4. Other Humanities

*Students may select only from the following list:*
Three hours from ART 1301 or ART 3381
Three hours from PHIL 1320 or PHIL 1388

**Section B.** Science and Mathematics
Group 1. Natural Science
BIOL 2403 and BIOL 2404

**Section C.** Computer Literacy
CSCI 1201 or CSCI 1301
Group 3. Other Social Sciences

*Students must take Psychology 1310.*

**Interdisciplinary Studies Area** 34 hours
READ 3323
READ 3325
ENG 4321
ENG 4326, ENG 4328, ENG 3321
COMD 1310
COMD 1320
COMM 1313 or COMM 1303
MATH 2306
MATH 2307
PSCI 1421, PSCL 1422, PSCL 2308
KIN 4351

*Select 3 semester hours from the following: MUS 1307, MUS 1308, MUS 3311, PHIL 1320, PHIL 1388 or ANTH 3333 Modern Language (Part 2 of same Modern Language selected under General Education).*

**Professional Education** 21 hours
EDCI 3305 Foundations of Multicultural Education
EDCI 4302 Educational Psychology
EDCI 4305 Instructional Technology and Curriculum Development

**Academic Specialization:**

**Generic Special Education** 21 hours
SPED 1305 Introduction to the Exceptionalities
SPED 3301 Inclusion of the Exceptionalities
SPED 3302 Theories of Learning Disabilities
SPED 4300 Testing and Assessment of Exceptional Individuals
SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities
SPED 4303 Theories of Social Competence and Behavioral Interventions
SPED 4309 Program Planning for Secondary Special Education

**Teaching Certification: Secondary Option II (minor or second teaching field)**

(24 hours)

**in Generic Special Education**
SPED 1305 Introduction to the Exceptionalities
SPED 2304 Computer Applications and Adaptations for Individuals with Disabilities
SPED 3302 Theories of Learning Disabilities
SPED 4300 Testing and Assessment of Exceptionalities
SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities
SPED 4303 Theories of Social Competence and Behavioral Interventions
SPED 4309 Program Planning for Secondary Special Education
KIN 4351* Adaptive Kinesiology or
SPED 4372 Individual Differences or
READ 3327 Assessment/Diagnosis of Special Needs Students

*Students majoring in Kinesiology are required to take SPED 4372 Individual Differences.*

**Certificate: Generic Special Education** 21 hours

The Generic Special Education certificate may be added to valid provisional teacher certificates with elementary, secondary or all-level options certificates. The professional developmental sequence for the Generic Special Education certificate consists of 24 hours as follows:

SPED 1305 Introduction to the Exceptionalities
SPED 2304 Computer Applications and Adaptations for Individuals with Disabilities
SPED 3302 Theories of Learning Disabilities
SPED 4300 Testing and Assessment of Exceptional Individuals
SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities
SPED 4303 Theories of Social Competence and Behavioral Interventions
SPED 4309 Program Planning for Secondary Special Education
KIN 4351* Adaptive Kinesiology or
**Minor in Generic Special Education (non-certified or institutional minor) 24 hours**

- SPED 1305 Introduction to the Exceptionalities
- SPED 2304 Computer Applications and Adaptations for Individuals with Disabilities
- SPED 3302 Theories of Learning Disabilities
- SPED 4300 Testing and Assessment of Exceptional Individuals
- SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities
- SPED 4303 Theories of Social Competence and Behavioral Interventions
- SPED 4309 Program Planning for Secondary Special Education
- *KIN 4351 Adaptive Kinesiology or
- SPED 4372 Individual Differences or
- READ 3327 Assessment/Diagnosis of Special Needs Students

*Students majoring in Kinesiology are required to take SPED 4372 Individual Differences

**Directed Student Teaching Requirements for Generic Special Education**

A student seeking certification in elementary or secondary education and minoring in generic special education must complete one-half of his or her student teaching semester in an elementary or secondary classroom and one-half in a special education classroom. All students must enroll in ED 4313 to fulfill special education student teaching requirements. Before entering student teaching, the student must have completed all minor courses, with the exception of night block students, who may take SPED 4300 concurrently with student teaching. For additional requirements, please refer to the section on student teaching in the Department of Curriculum and Instruction.

**Endorsements**

**Endorsement in Gifted Education**
See Graduate Programs, Department of Educational Psychology.

**Endorsement in Information Technology**
1. Texas Teaching Certificate
2. 9 hours: ED 3350, CSCI 1380 and CSCI 3321

**Certificate and Endorsements in Special Education (graduate level)**
See graduate programs, Department of Educational Psychology.
HEALTH & KINESIOLOGY

Full-time Faculty
Blomquist, Melinda, Lecturer, Dance
Chen, Shihui, Assistant Professor, Kinesiology
Danna, Joe, Assistant Professor, Kinesiology
Dugas, Donna, Assistant Professor, Pedagogy and Kinesiology
Gonzalez, Juan, Assistant Professor, Kinesiology
Guinn, Robert, Professor and Program Coordinator, Health
Jorgensen, Layne, Professor, Kinesiology
Mottinger, Sue, Assistant Professor, Kinesiology
Munoz, Frank, Lecturer, Kinesiology
Nelson, Larry, Lecturer
Ryman, Jeannene, Lecturer, Kinesiology
Schmidt, Marcelo, Lecturer
Semper, Louis T., Associate Professor and Program Coordinator,
   Kinesiology
Villas, Paul, Associate Professor, Health
Wawrejko-Cochran, Diane, Assistant Professor, Dance

Mission Statement
The mission of the Department of Health and Kinesiology is congruous with those of The University of Texas-Pan American and the College of Education. Specifically, it is to prepare health and kinesiology students to function professionally in a changing diverse society, to fulfill the General Education requirements and to improve the quality of University life through the understanding, delivering and promotion of physical activity in the wellness program.

General Overview
The Department of Health and Kinesiology offers a Bachelor of Science degree with majors in Health and in Kinesiology. The department also offers minors in Health, Kinesiology, and Dance.

At the graduate level, the Department of Health and Kinesiology offers a Master of Science degree with a specialization in Kinesiology. As part of The University of Texas System Consortium, an online master's degree is offered.

Teacher Certification
The following plans are offered:

Health

Elementary Option I
(within Interdisciplinary Elementary majors only)

Elementary Option II
(within Interdisciplinary Elementary majors only)

Secondary Option II
Kinesiology

Elementary Option I
(within Interdisciplinary Elementary majors only)

Elementary Option II
(within Interdisciplinary Elementary majors only)

Secondary Option II
All-Level Kinesiology Option II

The General Education requirement for all students is 2 hours of credit in a kinesiology wellness activity course. This requirement is met during the freshman and/or sophomore year by taking a 2-hour wellness activity course. Students who are unable to participate in physical activity courses must obtain a waiver and are required to take KIN 2301 to satisfy the requirement. (See pages 67-69 for General Education requirements.)

Degree Requirements
Special General Education Requirements for Bachelor of Science Degrees in Health and Kinesiology
Complete the requirements shown in the General Education requirements section on pages 67-69 of this catalog EXCEPT for the sections, group, or areas listed below, which must be satisfied only as shown below.

Section B. Science and Mathematics
Group 1. Natural Science
   BIOL 2403 and BIOL 2404 required

Section D. Kinesiology
   KIN 1201 (for Kinesiology majors only). This satisfies the General Education requirements.

Student Teaching
Please refer to the Student Teaching section under the Department of Curriculum and Instruction. In addition, health and/or kinesiology students must satisfy the following as part of their student teaching requirements:

*No student is allowed to student teach in the school(s) from which they matriculated, and
*No student is allowed to student teach under the supervision of an immediate family member.

Health
Secondary Option II (Major): Must have completed HLTH 1354 and 21 additional health hours of which nine must be advanced, and have a GPA of 2.50 or better.

Secondary Option II (Minor): Must have completed HLTH 1354 and 15 additional hours of which six must be advanced, and a GPA of 2.50 or better.

Kinesiology
Secondary Option II (Major): Must have completed KIN 1351, 1354, 3312, 3319, 3345, 3353, 3365, 4351, and 3 additional hours and have a GPA of 2.50 or better.

Secondary Option II (Minor): Must have completed KIN 1351, 1354, 3312, 3319, 3345, 3353, 3365, and 4351 and have a GPA of 2.50 or better.

Health Degree Requirements
Health majors should consult with their advisor in the department.

Health Major (non-certified)–requires a minor.

Required courses 33 hours
30 total hours in health of which 15 must be advanced including HLTH 4353
3 hours of Communication 1303 or 1313
TOTAL 33 hours

A health major (non-certified) requires a Support Area of 12 hours from the following, with a minimum of 6 advanced: CRIJ 1301, CRIJ 3303, HRP 3310, KIN 3365, MARK 3371, PSY 1310, PSY 3324, REHS 2301, SOC 2332, SOC 3324, SOCW 2314, SOCW 3345, SOCW 4320.
TOTAL 12 hours

• Health Minor (non-certified)
18 hours in health, of which 6 must be advanced

• Teacher Certification in Health
Health major or minor must have a GPA of 2.50 or higher.

Health Elementary Option I (Elementary majors only)
Required Courses 6 hours
HLTH 1354 Safety and First Aid
HLTH 2352 Personal Health and Wellness
6 hours from the following:
HLTH 3373 Human Sexuality
HLTH 3374 Chronic and Degenerative Disease
HLTH 3375 Consumer Health
TOTAL 12 hours

BIOL 2403 Anatomy and Physiology—preferred
BIOL 2404 Anatomy and Physiology—preferred

• Health Elementary Option II (Elementary majors only)
Required Courses 9 hours
HLTH 1352 Community and Environmental Health
HLTH 2352 Personal Health and Wellness
HLTH 2372 Nutrition and Health
6 hours from the following:
HLTH 3373 Human Sexuality
HLTH 3374 Chronic and Degenerative Disease
HLTH 3375 Consumer Health
3 advanced hours of HLTH electives
TOTAL 18 hours

BIOL 2403 Anatomy and Physiology—preferred
BIOL 2404 Anatomy and Physiology—preferred

• Health Secondary Option II (Health major or first teaching field)–Requires second teaching field
Required Courses 30 hours
HLTH 1354 Safety and First Aid
HLTH 4350 Organization of the Health Program
12 hours from lower-division courses, excluding HLTH 2352
12 hours from upper-division courses
COMM 1303 or COMM 1313 3 hours
TOTAL 33 hours

Professional Education
EDCI 4301 Foundations of Education
EDCI 4302 Educational Psychology
EDCI 4307 Secondary Curriculum: Internship I
EDCI 4308 Advanced Secondary Curriculum: Internship I
READ 4351 Developmental Reading in Secondary Schools
EDCI 4641 Secondary Internship II

Other Requirements
BIOL 2403 Anatomy and Physiology
BIOL 2404 Anatomy and Physiology

• Health Secondary Option II (Minor or secondary teaching field)
Required Courses 24 hours
HLTH 1354 Safety and First Aid
HLTH 4350 Organization of the Health Program
9 hours from lower-division courses excluding HLTH 2352
9 hours from upper-division courses

Recommended Courses
BIOL 2403 Anatomy and Physiology
BIOL 2404 Anatomy and Physiology
• Kinesiology Degree Requirements
  Kinesiology majors should consult with their advisor in the department.

  ❍ Major in Kinesiology (non-certified)

  Required Courses  
  KIN 1351 Introduction to Kinesiology 
  KIN 1354 Safety and First Aid 
  KIN 3312 Dance Activities for Adolescents 
  KIN 3319 Tumbling and Gymnastics 
  KIN 3345 Biomechanics 
  KIN 3353 Physiology of Exercise 
  KIN 3365 Tests and Measurements in Kinesiology 
  KIN 4351 Adapted Kinesiology 
  KIN 4664 Kinesiology Practicum

  Kinesiology Wellness Activity Courses  
  Select one course from Areas 1-3 and two from Area 4:

  Area 1: Team Sports
  KIN 1250 Speedball-Soccer 
  KIN 1255 Softball 
  KIN 2201 Flag Football 
  KIN 2202 Volleyball 
  KIN 2221 Basketball

  Area 2: Dual Sports
  KIN 2203 Badminton I 
  KIN 2204 Tennis I 
  KIN 2213 Badminton II 
  KIN 2241 Racquetball I 
  KIN 2242 Racquetball II 
  KIN 2256 Tennis II 
  KIN 2264 Fencing

  Area 3: Aquatics
  KIN 1200 Swimming I 
  KIN 2280 Lifeguard Training 
  KIN 2281 Water Safety Instruction 
  KIN 2282 Scuba Diving

  Area 4: Others
  Select any two courses from those not listed previously.
  COMM 1303 or 1313

  TOTAL  43 hours

• Support Area
  A Kinesiology major (non-certified) requires a 24-hour support area containing:
  CIS 2352 
  HLTH 2352 
  MANA 3361 
  MARK 3371 

  MARK 4372 
  SOC 3310 
  6 hours advanced elective of anything

  TOTAL  24 hours

• Minor in Kinesiology (non-certified)

  Professional Kinesiology (Theory Courses)  
  A minimum of 6 hours advanced.

  Kinesiology Wellness Activity Courses  
  Six hours activity wellness classes: KIN 1200 (or another aquatic)

  KIN 1201, and 2 hours elective.

  TOTAL  24 hours

• Teacher Certification in Kinesiology
  Kinesiology major or minor must have a GPA of 2.50 or higher in theory classes.

• Kinesiology Elementary Option I
  (Elementary majors only)

  Required Courses  
  KIN 3310 Modified Team and Individual Sports 
  KIN 3313 Dance for Children 
  KIN 3317 Theory and Performance of Gymnastics 
  KIN 3356 Movement Exploration

  Recommended Courses
  BIOL 2403 Anatomy and Physiology 
  BIOL 2404 Anatomy and Physiology

• Kinesiology Elementary Option II
  (Elementary majors only)

  Required Courses  
  KIN 3310 Modified Team and Individual Sports 
  KIN 3313 Dance for Children 
  KIN 3317 Theory and Performance of Gymnastics 
  KIN 3356 Movement Exploration

  Designated Electives  
  Select 6 hours from the following:
  KIN 3300 Theory of Football 
  KIN 3302 Teaching Individual Sports 
  KIN 3303 Theory of Basketball 
  KIN 3304 Theory of Baseball 
  KIN 3305 Theory of Track and Field 
  KIN 3320 Theory of Volleyball 
  KIN 3333 Theory of Soccer 
  KIN 4351 Adapted Kinesiology

  TOTAL  18 hours

  Recommended Courses
  BIOL 2403 Anatomy and Physiology 
  BIOL 2404 Anatomy and Physiology
### Kinesiology Secondary Option II (Major or First Teaching Field)—Requires second teaching field

Professional Education 18 hours
EDCI 4301 Foundations of Education
EDCI 4302 Educational Psychology
EDCI 4307 Secondary Curriculum: Internship I
READ 4351 Developmental Reading in Secondary Schools
EDCI 4699 Internship-All Levels
EDUK 4354 Kinesiology in the Public Schools

Other Requirements 8 hours
BIOL 2403 Anatomy and Physiology
BIOL 2404 Anatomy and Physiology

• Athletic Coaching Specialization
In an effort to meet the demand for men and women coaches in all sports, an Athletic Coaching Specialization Certificate is offered. With the completion of this program, a Departmental Certificate is awarded. The student need not be either a major or minor in kinesiology to complete this program.
To be eligible to receive the Athletic Coaching Specialization Certificate, the student must complete the following program of study:

Required Courses 12 hours
KIN 3345 Biomechanics
KIN 3352 Care, Treatment and Prevention of Athletic Injuries
KIN 3353 Physiology of Exercise
HLTH/ KIN 1354 Safety and First Aid

Designated Electives 12 hours
Select four from the following:
KIN 3300 Theory of Football
KIN 3302 Teaching Individual Sports
KIN 3303 Theory of Basketball
KIN 3304 Theory of Baseball
KIN 3305 Theory of Track and Field
KIN 3320 Theory of Volleyball
KIN 3333 Theory of Soccer

• Athletic Trainer Licensure Program
The Department of Health and Kinesiology and the UT Pan American Head Athletic Trainer provide an avenue for UT Pan American students to secure a Texas State Athletic Trainer Licensure through the Texas Department of Health. An athletic trainer is an Allied Health Care Professional primarily concerned with the prevention, recognition, immediate treatment and rehabilitation of injuries incurred in an athletic or sports setting. Athletic trainers are employed in a wide variety of settings including but not limited to interscholastic athletic programs, intercollegiate athletic programs, sports medicine clinics and health clubs.
The requirements for licensure are:
Curriculum Requirements
BIOL 2403 Anatomy and Physiology
BIOL 2404 Anatomy and Physiology or
KIN 3353 Physiology of Exercise
KIN 1354 Safety and First Aid
   (must include CPR Certification)
KIN 3345 Biomechanics
KIN 3352 Care, Treatment and Prevention of Athletic Injuries
Health – any 3 hours

Apprenticeship (Internship) Requirements
1. Scheduled interview with UT Pan American Head Athletic Trainer.
2. Minimum of three academic years (six semesters of fall and spring) under direct supervision of State Licensed Athletic Trainer (UT Pan American Head Athletic Trainer).
3. A minimum of 600 supervised “lab clock hours” each year for a total of 1,800 hours.
4. Enrollment as a full-time student at UT Pan American during each of the three academic years (six semesters).

Application Requirements for Texas State License Exam
1. Student must request an application from the Texas Department of Health.
2. Student must be within 30 hours of graduation and must have completed at least 1,500 clock hours (five semesters) of Apprenticeship.

Texas State License is granted:
1. Once applicant has successfully passed the Texas State License Exam.
2. Once applicant has provided proof of graduation from UT Pan American.
3. Once applicant has all documentation regarding apprenticeship and course requirements in order.
4. Once applicant has paid his/her licensure fee.
5. If applicant has not been convicted of a felony or misdemeanor relating to the duties of an athletic trainer.

Course Descriptions
A listing of courses offered by the Department of Health and Kinesiology can be found on pages 235 and 237-239.
Due to graphic file size, this photo has been removed.

A hard copy of the catalog in its entirety is available at the Office of Admissions & Records.
General Overview

Recognizing the need for the University to take a leading role in the education of health care and human service professionals, the college, with the assistance and cooperation of regional facilities, is dedicated to providing educational programs necessary to meet the needs for competent health and human service professionals in the Rio Grande Valley and Texas.

Academic Programs

The College of Health Sciences and Human Services offers a Bachelor of Science degree in Clinical Laboratory Sciences, Dietetics, Nursing, Rehabilitative Services, Communication Sciences and Disorders, and a Bachelor of Social Work degree. Physician Assistant Studies and Occupational Therapy programs are also offered at the baccalaureate level. Communication Disorders, Nursing, Rehabilitative Services and Social Work offer programs leading to the granting of master’s degrees at the graduate level. More information on master’s degrees is available in the Graduate Catalog.

General admission requirements conform to those of the University. Specific variations of requirements are stated within each program description.

The faculty of the college provide academic advisement and assistance to students pursuing careers in health and/or the social and human services. Curricula for programs within the college are structured to provide theory as well as practice-based learning experiences. In order to provide the practice-experience component of the college’s programs, the University has negotiated affiliation agreements with numerous health/human service/social service facilities in South Texas and in other regions.
HEALTH-RELATED PROGRAMS

INTERDISCIPLINARY COURSES

Interdisciplinary courses are offered to:
1. promote and provide understanding of the role of personnel involved in the delivery of health care, patient/client education, and human and social services;
2. focus on the team approach to patient and client care in the delivery of health and human services;
3. introduce the student to the wide range of available careers in the sectors of health and social and human services; and
4. provide the student with a working knowledge of medical terminology.

Another interdisciplinary course is offered to teach basic clinical nutrition concepts.

A listing of these courses can be found under the heading “Health-Related Programs Interdisciplinary Courses” in the Course Descriptions section of this catalog see page 236.

CLINICAL LABORATORY SCIENCES

Prof. Karen Chandler, Program Coordinator
Health Sciences and Human Services  West (HSHW)
Room 2.206
Telephone: 956/318-5269
Fax: 956/318-5253

Full-time Faculty
Chandler, Karen, Associate Professor
Eyambe, George, Assistant Professor
Hunter, Karen, Lecturer
Tijerina, Sandra L., Associate Professor

General Overview
Clinical Laboratory Sciences (Medical Technology) is a profession in which theoretical knowledge in the fields of biology and chemistry is applied in the analysis of various cells and body fluids. Clinical laboratory scientists, or medical technologists, assist in the diagnosis and treatment of disease conditions through laboratory procedures in hematology, microbiology, immunology, blood banking, clinical chemistry and urinalysis.

The pre-professional curriculum is composed of 84 hours of General Education requirements and biology and chemistry courses. Admission to the professional portion of the Bachelor of Science in Clinical Laboratory Sciences Program is limited; therefore, students are urged to keep high standards of performance during their pre-professional years.

• Admission Requirements

In order to be accepted into the Clinical Laboratory Sciences Program, the student must submit an application to the Clinical Laboratory Sciences Program upon completion of 70 hours of pre-professional coursework, but no later than March 31 of his or her junior year. The Admissions Committee meets in April to consider all applications received by March 31. Applications received after March 31 are considered on a space-available basis. A completed application must include official transcripts and three letters of reference.

• Admission Course Prerequisites

UTPA Core 48 hours
Complete the requirements in the General Education Core EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown.

Science and Mathematics
Group 1. Natural Science
Students must select BIOL 1401 and BIOL 1402.

Science Support Courses 24 hours
Required Courses
BIOL 3401 General Microbiology
CHEM 1301 and 1101 General Chemistry I
CHEM 1302 and 1102 General Chemistry II
CHEM 2302 and 2102 Organic Chemistry I
CHEM 2303 and 2103 Organic Chemistry II or
CHEM 3303 and 3103 Biochemistry

Approved biology course to be selected from any of the following:
BIOL 3403 Medical Microbiology
BIOL 3412 Cell Biology
BIOL 3413 Genetics
BIOL 4406 Mycology
BIOL 4407 Animal Parasitology

Applicants who plan to utilize coursework more than seven years old in the areas of general chemistry or the biological sciences will be required to demonstrate an up-to-date knowledge in these areas. This may be accomplished by either of the following:
A. Completion of at least one formal course in chemistry and one formal course in the biological sciences within the last five years with a grade of at least “C.”
B. One year of relevant experience in the field of clinical laboratory science within the last five years.
• **Other Admission Information**

A. Students must complete all non-Clinical Laboratory Science coursework prior to entering the program. CLSC 3301 is an introductory-level course, and students are strongly encouraged to take this course prior to actually entering the professional phase of the program.

B. Applications from international students with foreign transcripts or degrees seeking admission to the program and planning to apply for a degree in Clinical Laboratory Sciences from The University of Texas-Pan American will be handled in accordance with University policies and must meet all applicable degree requirements.

C. Readmission to the program is not automatic and is on a space-available basis.

**Other Requirements**

A minimum GPA of 2.0 and a minimum science GPA of 2.0 is required for admission to the program.

• **Alternate Admission Pathways**

A. A student who does not wish to receive a degree from The University of Texas-Pan American but who wishes to attend the professional portion of the curriculum must meet one of the following requirements:

1. hold a baccalaureate degree from an accredited institution and have a minimum of 16 semester hours of chemistry including inorganic and organic or biochemistry and 16 semester hours of biology including microbiology and a college level math course;

2. hold a foreign baccalaureate degree from an international institution, meet all admission requirements of UT Pan American and have his or her transcript evaluated by agencies acceptable to the National Certification Agencies; this evaluation must show that his or her degree is equivalent to a baccalaureate in the United States with appropriate coursework in biology, chemistry and mathematics;

3. have completed all preprofessional course work at their parent institution with 16 semester hours of biology, including a course in microbiology, 16 semester hours of chemistry including inorganic and organic or biochemistry, 3 semester hours of college-level mathematics; and an affiliation agreement between The University of Texas-Pan American and his/her parent university stating that, upon satisfactory completion of the Clinical Laboratory Sciences curriculum offered at The University of Texas-Pan American, the student will be awarded a baccalaureate degree.

• **Certification Requirements**

Certification requires a baccalaureate degree including 16 hours of biological sciences, 16 hours of chemistry, 3 hours of college mathematics and completion of the accredited Clinical Laboratory Sciences Program. Microbiology, immunology and organic chemistry courses should be part of the curriculum. All professional courses must be completed with a grade of “C” or better.

**NOTE:** Senior year courses include clinical practicum work that may not necessarily conform exactly to the University calendar.

• **Other Requirements**

Students must complete all professional courses with a grade of “C” or better. Students who receive a “D” or below in the on-campus professional courses will not be allowed to proceed to clinical practicums until a satisfactory grade of “C” or better is attained. Re-admission to the program is not automatic and is on a space-available basis.

**TOTAL** 130 hours

**Course Descriptions**

A listing of courses offered by the Program in Clinical Laboratory Sciences can be found on pages 202-203.

Meline, Timothy J., Professor
Molinar, Monica R., Lecturer, Clinic Coordinator
Parchman-Gonzalez, Keri, Lecturer
Radford, Nola, Associate Professor
Salinas, Sonya, Lecturer
Sibley, Keith, Lecturer
Wang, Bailey, Assistant Professor

Major in Communication Disorders

The Bachelor of Arts in Communication Disorders is a pre-professional degree designed to prepare its graduates for graduate study in one of two professions, speech-language pathology or audiology. Because certification requirements require a graduate degree to practice in the field, this Bachelor of Arts degree is not designed to prepare its graduates for immediate employment in either profession. However, graduates of the program are qualified to pursue a variety of professional careers requiring baccalaureate-level preparation.

Degree Requirements

General Education Requirements 48 hours

Required Academic Coursework 36 hours
COMD 1310 Beginning Sign Language
COMD 1320 Intermediate Sign Language
COMD 2310 Introduction to Speech-Language Pathology
COMD 2320 Voice and Phonetics
COMD 3310 Normal Language Development
COMD 3315 Anatomy and Physiology of the Speech and Hearing Mechanism
COMD 3320 Methods for Clinical Practice
COMD 3330 Articulation Development and Disorders
COMD 3340 Audiology I
COMD 3350 Introduction to Speech and Hearing Science

Electives 7 hours

TOTAL 124 hours

Course Descriptions

A listing of courses offered by the Department of Communication Sciences and Disorders can be found on pages 203-205.
General Description

Dietetics is a profession concerned with the science and art of human nutritional care, an essential component of health science. It includes the extending and imparting of knowledge concerning foods that will provide nutrients sufficient for health and during disease throughout the life cycle and the management of group feeding. Dietitians, by their education, training and knowledge of the interrelationships of food, nutrition and health, are uniquely qualified to help individuals and society to meet these needs.

The Coordinated Program in Dietetics is accredited by the American Dietetic Association. The “generalist” program allows the student to gain knowledge and experience required for a dietetics profession in food service management, clinical nutrition and community nutrition.

“Traditional” dietetic programs require students to complete a one-year internship after graduation with a bachelor's degree in foods and nutrition or institutional management. The University of Texas-Pan American’s dietetic program is unique in that it combines the two into a four-year program. Completion of the dietetics program leads to a Bachelor of Science degree with a major in Dietetics, membership eligibility in the American Dietetic Association and eligibility to take the national registration examination.

Requirements for Admission to the Dietetics Program

A. Submission of the following:
   1. Completed application for admission to the Coordinated Program in Dietetics.
      Call 956/318-5264 for information.
   2. Official transcript showing completion of at least 60 hours with a minimum of 2.5 grade point average to include (or to include at start of the program):
      - ENG 1301 and ENG 1302 MATH 2330
      - Science Support Courses: BIOL 2403, BIOL 2404 and BIOL 3401 or CLSC 2429, CHEM 1301, 1101, CHEM 1302, 1102, CHEM 2102, CHEM 2302 and CHEM 3103, 3303
      - Dietetic Core: HRP 2303 DIET 2351 and DIET 2352
      NOTE: A minimum GPA of 2.0 with a minimum grade of “C” in each course is required in the Science Support Courses. A minimum GPA of 2.5 with a minimum grade of “C” in HRP 2303, DIET 2351 and DIET 2352 is required. DIET 2351 is required in the Dietetic Core.
   3. Three letters of recommendation.
   4. Handwritten letter from the applicant stating reason for interest in the Dietetics program.
   5. Results of the Nelson-Denny Reading Test (test administered through the Learning Assistance Center).
   6. Completion of a minimum of 80 hours of work-related experience, either volunteer or paid, in the area of dietetics or food service prior to entrance into the Dietetics program; this must be documented and verified by the applicant’s employer.

B. Selection by the Admissions Committee is based upon the following:
   1. Completion and submission of the required material by the first Monday in April.
   2. Grade point average overall and in science courses.
   3. Evaluation of selected references and criteria.
   4. Score on the Nelson-Denny Reading Test.
   5. Responses to the student interview with the Admissions Committee.

Readmission

Readmission is not automatic. Students desiring readmission must notify the Dietetics program in writing at least one semester (or two summer sessions) in advance. Complete information regarding readmission can be obtained in the current Dietetics program Student Guidebook available in the department.

Major in Dietetics

Degree Requirements

General Education Requirements 48 hours
Complete the requirements shown in the General Education Requirements section on pages 67-69 of this catalog EXCEPT for the sections, groups or areas listed here, which must be satisfied only as shown on the next page.
Section B. Science and Mathematics

Group 1. Natural Science

Students should select BIOL 2403 and BIOL 2404, CHEM 1301, 1101 and CHEM 1302, 1102. Otherwise, both sequences must be taken as part of the science support courses.

Section E. Social Sciences

Group 3. Other Social Science

Students must select one course from Area 2, Economics, and Area 3, Psychology 1310.

Science Support Courses \(20-28\) hours*

Dietetic Professional Courses 48 hours

(Enrollment eligibility based on acceptance into the Dietetics Program.)

- First year (Junior)
  - DIET 3452 Quantity Foods Production
  - DIET 3353 Advanced Nutrition
  - DIET 3354 Food Systems Management
  - DIET 3655 Food Systems Management Practicum
  - DIET 3356 Experimental Foods
  - DIET 3357 Medical Nutrition Therapy I
  - DIET 3358 Medical Nutrition Therapy II

- Second year (Senior)
  - DIET 4852 Clinical Nutrition Practicum
  - DIET 4455 Community Nutrition Practicum
  - DIET 4456 General Dietetics Practicum
  - DIET 4257 Seminar in Dietetics
  - DIET 4358 Communication Skills in Dietetics
  - DIET 4259 Community and Life Cycle Nutrition

Other Requirements

A minimum grade of “C” is required for all Dietetics (DIET) courses (lecture, labs and clinicals) and for all science support courses.

TOTAL 131 hours

Course Descriptions

A listing of courses offered by the Coordinated Program in Dietetics can be found on pages 216-217.
The Nursing Department offers a Bachelor of Science in Nursing and a Master of Science in Nursing, both accredited by the Board of Nurse Examiners for the State of Texas and the National League for Nursing (National League for Nursing Accreditation Commission, 350 Hudson Street, New York, NY 10014, 212/989-9393).

**General Overview**

The Nursing Department offers a Bachelor of Science in Nursing and a Master of Science in Nursing, both accredited by the Board of Nurse Examiners for the State of Texas and the National League for Nursing. The BSN Program provides a foundation for graduate study. Generic BSN graduates are eligible to apply to the Texas State Board of Nurse Examiners to take the National Council Licensure Examination. After successfully completing this examination, the graduate is issued a license to practice as a registered nurse in the State of Texas.

Dr. Sandy Sanchez, BSN Coordinator
Health Sciences and Human Services East (HSHE) Room 2.190
Telephone: 956/381-3491
E-mail: ssanchez@panam.edu

**Requirements for Admission to the BSN Program**

1. Meet UT Pan American's admission requirements.
2. Have a minimum 2.5 grade point average (GPA) on a 4.0 scale on all prerequisite courses.
3. Complete all prerequisites with a minimum grade of “C” in each course (see detail below).
4. Pass math quiz (grade of 100).
5. Provide proof of current certification in cardiopulmonary resuscitation (CPR; health care provider).
6. Provide documentation verifying absence of active pulmonary disease.
7. Provide documentation verifying current immunization or immunity status for specified diseases (Hepatitis B, Measles, Mumps, Rubella, Tetanus/Diphtheria, Varicella, etc.)
8. Alternate pathway applicants: Be a registered nurse in the State of Texas or have a temporary permit to practice professional nursing in Texas.
9. Submit application to BSN Program by October 1.
10. Be admitted by the BSN Student Development Committee. After being rank-ordered according to prerequisite GPA, students will be admitted on a space-available basis.

**Prerequisite Course Requirements for Admission**

**General Education Requirements**

48 hours

Complete the requirements shown in the General Education Requirements section shown on pages 67-69 of this catalog EXCEPT for the sections, groups, or areas listed below, which must be satisfied only as shown here.

**Section B. Science and Mathematics**

**Group 1. Natural Science**

BIOL 2403 and BIOL 2404 must be selected.

**Group 2. Mathematics**

MATH 2330 must be selected.
Section E. Social Science

Group 3. Other Social Science
ANTH 1323 (from Area 1, Anthropology) or SOCI 1313 (from Area 4, Sociology) must be selected.

Other Course Requirements 22-25 hours
Science 8 hours
CLSC 2429 Clinical Microbiology
CHEM 1301 and 1101 General Chemistry I and Lab

Nutrition 3 hours
DIET 2351 Introduction to Clinical Nutrition or HLT 2372 Nutrition and Health

Nursing (Generics only) 3 hours
NURS 2301 Wellness

Psychology 6 hours
PSY 3337 Developmental Psychology: Life Span
PSY 1310 Introduction to Psychology

Kinesiology (activity) 2 hours

Modern Language (in same language) 3 hours

• BSN Advisement
  Current and prospective BSN students must be advised by a BSN advisor every semester.

• Exceptions to Admission Criteria
  Students may formally petition the BSN Student Development Committee for exceptions to the admission criteria. Each request will be evaluated on a case-by-case basis.

• Advanced Placement
  Alternate Pathway (RN) students may be granted credit for selected BSN courses after approval by the BSN Student Development Committee.

• Computerized Background Checks
  According to the Texas Nurse Practice Act contained in the Texas Occupations Code (Chapters 301 and 303), the Board of Nurse Examiners (BNE) may refuse to admit persons to its examinations who have:
  1. been denied licensure by any licensing/certifying authority in any country, state, or province;
  2. had disciplinary action taken against their license by a licensing/certifying authority for nurses (LPN/LVN) in any country, state, or province;
  3. been convicted of a crime other than minor traffic violation;
  4. been diagnosed with, treated or hospitalized in the last five years for schizophrenia or other psychotic disorders, bipolar disorder, paranoid personality disorder, antisocial personality disorder or borderline personality disorder;
  5. been addicted to or treated for the use of alcohol or any other drug within the past five years;
  6. been issued any order concerning eligibility for examination or licensure by the Texas BNE or received a proposal of ineligibility.

  Any individual enrolled or planning to enroll in an educational program that prepares an individual for an initial license as a registered nurse who has reason to believe that he/she is ineligible for the license may petition the Board for a declaratory order as to his/her potential ineligibility (Article 301.2570).

• Professional Liability Insurance
  All students enrolled in clinical nursing courses are required to maintain professional liability insurance. Since “blanket” student coverage is billed along with other student fees, RNs who have their own coverage and do not wish to purchase student coverage must inform the BSN Coordinator.

• Progression Criteria
  To continue enrollment in the BSN program, students must:
  1. Maintain at least $1 million in professional liability insurance.
  2. Provide annual documentation verifying absence of active pulmonary disease.
  3. Provide documentation verifying current immunization or immunity for selected diseases (Hepatitis B, Measles, Mumps, Rubella, Tetanus/Diphtheria, Varicella, etc.).
  4. Provide annual proof of current certification in CPR (health care provider).
  5. Maintain a 2.0 GPA on a 4.0 scale.
  6. Achieve a minimum grade of “C” in each required course. (Any grade below a “C” is a failing grade.)
  7. Satisfactorily complete nursing courses in approved sequence.
  8. Alternate Pathway students: Provide evidence of current licensure to practice registered nursing in the State of Texas. Students will not be permitted to continue in clinical courses if a temporary permit expires without a license being issued or if a license to practice registered nursing has expired or been suspended, canceled or revoked.
  9. Seek academic advisement each semester regarding program progression.

• Readmission
  Readmission into the BSN program is not guaranteed. After failing (or dropping) a BSN course, the student must apply for readmission, in writing, to the BSN Student Development Committee before continuing with nursing courses. Students applying for readmission will be considered on a space-available basis pending recommendation of the BSN Student Development Committee and the consent of the course faculty. Students must apply by April 1 for summer or fall readmission or October 1 for spring readmission.
A student who has failed (or dropped) a clinical course may petition to be allowed to enroll in nonclinical courses. Being allowed to do so does not guarantee that the student will be readmitted into the program. Students being readmitted into BSN courses may be required to demonstrate proficiency in select nursing skills (e.g., psychomotor, psychosocial, cognitive, etc.) as determined by course faculty.

In general, students will not be allowed readmission after a year’s absence from the BSN program. A student who has failed the same BSN course twice will be ineligible for readmission into the BSN program.

**Graduation Criteria**

1. Achieve a minimum grade of “C” in each required course.
2. Satisfactorily complete all required courses.
3. Have a 2.0 GPA on a 4.0 scale.
4. File a Degree Plan approved by the BSN Coordinator.
5. File an acceptable Application for Degree with the Office of Admissions and Records on or before the date specified in the University Calendar.
6. Pass BSN Readiness Exam.
7. Meet UT Pan American’s General Requirements for a Bachelor’s Degree.

**Course Descriptions**

BSN course descriptions can be found on pages 252-253.
General Overview

Occupational therapy is a vital, exciting and rewarding health profession. Therapists work with many different types of patients, helping them to regain independence and health. Occupational therapists work with individuals with a wide variety of conditions including physical illnesses and injuries such as arthritis and stroke, developmental problems of infants and children, social and emotional difficulties of people of all ages, and problems of aging. Therapists also provide services to prevent injuries and promote wellness education.

The therapist helps the patient learn to perform tasks of living (or occupations) that are essential to an independent and meaningful life. These activities might include eating, dressing, regaining lost skills, learning to manage artificial limbs, retraining eyes and hands through different forms of art and recreation, managing a household or returning to work after injury or illness.

New developments in occupational therapy include the use of work simulators, biofeedback techniques and microcomputers. These technological advances help the patient take a more active part in his or her treatment as it progresses, give the therapist more time to relate to the patient and allow those persons with severe disabilities to successfully manage their environments.

After graduation, a qualified occupational therapist might work in a hospital, clinic, school, rehabilitation center, psychiatric facility, industrial setting, private home, private practitioner environment or community setting.

There are opportunities for career advancement ranging from becoming an expert in specialized aspects of patient treatment to positions in administration, research, education and consultation.

Individuals considering a career in occupational therapy should have an interest in understanding about illness and disability. The ability to establish sound interpersonal relationships and to communicate effectively are critical to successful practice.

• The Program

The Bachelor of Science degree in Occupational Therapy requires a minimum of 149 semester hours of credit, 24 hours of which are earned in six months of fieldwork. During the pre-professional phase (freshman and sophomore years), students complete general education requirements and occupational therapy prerequisites. This lower-division work may be taken at any regionally accredited college or university. The professional phase, which is comprised of two years of academic courses and six months of fieldwork, is offered at UT Pan American and clinical facilities.

Completion of the program is required for eligibility to take the national examination for certification as a Registered Occupational Therapist (OTR). A license to practice in the State of Texas is contingent upon passing this examination.

• Admission Requirements

Requirements for admission to the professional phase of the occupational therapy program include a minimum of 60 semester hours of prescribed coursework. Academic considerations include a minimum GPA of 3.0 in prerequisite coursework. Additional admission requirements include a minimum of 20 hours of volunteer and/or observation hours under the general supervision of a registered occupational therapist. Documentation of the volunteer/observation hours, as well as two letters of reference, must be submitted with the admission application. A personal interview is required of all candidates who meet the basic admission requirements.

Additional considerations include nonacademic achievements, motivation, maturity and communication skills. A maximum of 22 students will be admitted to the Occupational Therapy Program each year. Admission is competitive.

• Prerequisites

The preprofessional phase requires a minimum of 60 semester hours of college-level prerequisites with a GPA of 3.0. The Occupational Therapy Program course requirements are outlined below.

Application Procedure

Application for admission to the professional phase should be made through the Department of Occupational Therapy Program between September 1 and February 1. Application forms are available in the Occupational Therapy office of the Health Sciences and Human Services Building East, Room 1.130. Individuals who are selected for admission will be notified by letter in early spring.

It is the responsibility of the applicant to stay informed about possible prerequisite changes for each application period.

Prospective applicants who are not students at UTPA must apply for admission to the University before applying for the professional program. Applicants may submit requests for an unofficial evaluation to the Admissions Committee, Occupational Therapy Program. All prerequisite coursework must be completed prior to the February 1 application deadline.

Accreditation

This program is accredited by the Accreditation Council of Occupational Therapy Education (ACOTE).

American Occupational Therapy Association
4720 Montgomery Lane
P. O. Box 31220
Bethesda, MD 20824-1220
Phone (301) 652-2682

Professional Phase Requirements

Students accepted into the professional phase begin upper-division work the summer before the junior year. Coursework in the professional phase must be taken on a full-time basis and in sequence. The Professional Phase Curriculum is listed below:

<table>

</table>

The two extended, full-time fieldwork experiences (each three months in duration) must be completed to fulfill requirements of the program. Level II Fieldwork experience may be attempted only by students who have satisfactorily
completed all corresponding academic coursework.

Fieldwork experiences are designed to permit students to demonstrate application of principles and techniques of practice under the supervision of experienced therapists. Fieldwork is accomplished at selected clinical sites. While students are given an opportunity to express their location preference for fieldwork placements, the program cannot grant assurances that any student will be placed in a setting of choice. Students should be prepared to incur expenses for transportation, food and lodging, if fieldwork placements require temporary location outside the Rio Grande Valley. The Bachelor of Science degree in Occupational Therapy will be awarded to students at the completion of all fieldwork.

Application Period/Deadline

Application Period: September 1-February 1
Application Deadline: February 1

Advancement, Promotion, Dismissal

Unconditional advancement in the Occupational Therapy Program requires that the student complete the scheduled requirements each semester or summer session with no grades lower than "C" and a minimum cumulative grade point average of 2.0.

A student who receives an "F" in any course will be dismissed. A student who receives a "D" in any course or whose grade point average falls below 2.0 will be placed on probation. If a student on probation receives an unsatisfactory grade ("D" or "F") in any course during the probational semester or fails to earn a grade point average of at least 2.0, he or she may be suspended or dismissed.

A student who receives more than one unsatisfactory grade during any one semester will be subject to suspension or dismissal. Additionally, any student who accumulates three or more unsatisfactory grades ("D" or "F") during his/her enrollment will be dismissed. A student who has been suspended remains on continuing academic probation following his/her return. Readmission is not automatic. Further academic difficulty for such students will result in dismissal.

Advancement to fieldwork requires satisfactory ("C" or above) completion of theory and skills courses appropriate to the placement.

Additional Program Costs

In addition to tuition and required fees, students in the professional phase of the Occupational Therapy Program are required to purchase lab equipment, textbooks and manuals essential to the program.

Upon graduation, the student is certified by the program as eligible to sit for the national certification examination offered by the National Board for Certification in Occupational Therapy. This examination is required as part of the application for licensure to practice in Texas and in most other states.
General Overview

The Physician Assistant Studies Program (PASP) within the College of Health Sciences & Human Services offers a two-year professional curriculum leading to the Bachelor of Science degree in Physician Assistant Studies and a certificate of completion.

The Physician Assistant Studies Program is designed to offer the student the opportunity to gain the competencies necessary to practice as an assistant to the primary care physician as defined by the Commission on Accreditation of Allied Health Education Programs. The graduate may be involved in assisting the physician in multiple and complex tasks directly related to health and medical care; interviewing, examining, compiling case record data; treatment as approved by the physician; follow-up care; maintaining a continuity of communications and observations; and coordinating other health-related personnel. In emergency situations and within the defined rules, the graduate may be called upon to carry out responsibilities specifically assigned to him or her without the immediate surveillance of a physician. The graduate physician assistant remains directly responsible to the physician-supervisor/employer, who retains complete control over the management of the patient.

Admission Requirements

All prerequisites must be completed prior to or within the semester of the application deadline.

1. Complete the 61 credit hours of pre-professional studies with a minimum of a 2.5 GPA in three areas: overall, last 30 hours of coursework, and prerequisite sciences.

2. Submit a typewritten, 2 page maximum, personal goals statement.

3. Upon invitation, sit for a panel interview.

4. Provide 3 letters of support.

Application Process

Students must apply to The University of Texas-Pan American and to the Physician Assistant Studies Program. Application packet requests are available from the PASP program office. Applications are sent after documentation of completion of the prerequisite curriculum.

Prerequisites

Although the pre-professional course of study may be accomplished at any accredited junior college, senior college or university, it is preferred that all science courses be taken at a senior college or university. Coursework must include the following:

<table>
<thead>
<tr>
<th>Course</th>

Total Prerequisite Hours 61

Note: The above prerequisites represent the minimum prerequisite courses and hours. Classes begin annually in June.
To be considered for an interview for admission, the student must also accomplish the following:

1. Insure that all application materials, including transcripts, are postmarked by the annual deadline.
2. Complete the 61 credit hours of prerequisite course work as described above, with a minimum GPA of 2.5 (4.0 scale) in three categories: overall GPA, prerequisite science GPA and last 30 hour GPA.
3. Provide acceptable letters of reference to the PASP.

Documentation must be provided on the application that all prerequisites are completed by the application deadline. The applicant must have his or her most recent coursework submitted on an official transcript as soon as the records become available. A complete transcript displaying that all prerequisites have been completed must be received before the student may be considered for the interview.

• **Professional Course of Study**

  The professional curriculum, six semesters in length, is as follows:

<table>
<thead>
<tr>
<th>Didactic Year</th>

<tr>
<td>Clinical Elective</td>
<td>4</td>
</tr>
</tbody>
</table>

  **Total Clinical Year** 40

  **Total Professional Curriculum Hours** 84

  Upon successful completion of academic and clinical training requirements, the student is conferred the degree of Bachelor of Science in Physician Assistant Studies and a certificate of completion for the professional curriculum. The curriculum meets and exceeds the requirements outlined in the Essentials of an Approved Educational Program for the Assistant to the Primary Care Physician established by the American Medical Association. Graduates of the program are eligible to apply for membership in the American Academy of Physician Assistants or other nationally recognized organizations representing the physician assistant and to sit for the Physician Assistant National Certifying Examination, administered by the National Board of Medical Examiners. Successful completion of the examination leads to certification by the National Commission on Certification of Physician Assistants and is accepted by many states as proof of competency.

• **Academic Fresh Start**

  An applicant who is a Texas resident may seek to enter pursuant to the “academic fresh start” statute, Texas Education Code, Paragraph 51.929. If the applicant informs the Registrar in writing of this election, the University, for admissions purposes, will not consider academic course credits or grades earned by the applicant 10 or more years prior to the starting date of the semester in which the applicant seeks to enroll. An applicant who makes the election to apply under this statute may not receive any course credit for courses taken 10 or more years prior to enrollment.

• **Physician Assistant Studies**

  All courses in the Professional Curriculum of the PASP must be passed with a grade of “C” or better for advancement in the PASP. If a grade lower than “C” is recorded, the student must repeat the course regardless of overall grade point average and will be placed on scholastic probation status. Courses may not be repeated more than twice, and the timing of the repeated course or remedial instruction will be scheduled at the discretion of departmental faculty.

**Course Descriptions**

A listing of courses offered by the Physician Assistant Studies Program can be found on pages 255-258.

General Overview
The University of Texas-Pan American offers a Bachelor of Science degree in Rehabilitative Services. The program has two primary objectives:

- Preparing individuals to enter a wide range of beginning-level careers involving work with people who have disabilities.
- Preparing students who have the educational background and desire to continue graduate studies in rehabilitation.

Rehabilitation is defined as a comprehensive sequence of services, mutually planned by the person with a disability and the rehabilitation worker, to maximize employability, independence, integration and participation of people with disabilities in the workplace and the community. Total rehabilitation includes physical, mental, economic, familial, social, environmental, personal and vocational goals in life as part of the comprehensive process that is rehabilitation.

The rehabilitation process generally involves three identifiable stages:

1. Medical;
2. Physical or technical aid and adjustive services;
3. Vocational, social and independent living.

In practice, it is found that improvement in the ability to work and to live independently brings about a concurrent adjustment in other areas of an individual's life. Work is, after all, the basic premise underlying free enterprise and the American way of life. Work is also a major source of self-esteem and identification.

The Rehabilitative Services Program at UT Pan American focuses primarily on preparing students to assist individuals during the third phase of the process—vocational, social and independent living—although a basic understanding of the first two phases, and their interrelationships, is essential.

The Rehabilitative Services student will have an opportunity to learn to help people with disabilities through a series of services designed to conserve, develop or restore the ability of the individual with a disability to become independent in daily living skills and financially through employment.

The Rehabilitative Services Program at UT Pan American has a special emphasis on the training of bilingual and/or bicultural individuals. The need for such personnel has been demonstrated through feasibility studies conducted since 1982, both in the Rio Grande Valley and nationally.

Career Opportunities
New career opportunities in rehabilitation counseling are emerging rapidly. A student trained in Rehabilitative Services might seek employment in state vocational rehabilitation agencies, correctional facilities, community mental health programs, vocational evaluation and work adjustment facilities, independent living centers, residential facilities, alcohol and substance abuse programs, private rehabilitation companies and private nonprofit rehabilitation programs such as Easter Seals and Goodwill Industries.

Other potential employers include the Veterans Administration, Social Security Administration, state employment services, public assistance, private personnel and placement companies, vocational advisory services and special disability organizations. In addition, many private industries employ rehabilitation specialists for their personnel and employee assistance programs.

Admission Requirements

Students seeking admission to the Rehabilitative Services Program should apply prior to the year in which they intend to be an upper-division major. Applicants must provide the following to the Program Coordinator by April 1:

1. A completed application form. (Application forms are available in Health Sciences Building West Room 1.266.)
2. Two letters of recommendation using the program's recommendation form; at least one must be from a university/college instructor outside of this program. The recommendation form should be transmitted to the Program Coordinator directly from the reference source.
3. A current transcript from each college or university attended.

Provide all completed application material to:

Admissions Committee
Rehabilitative Services Program
The University of Texas-Pan American
1201 W. University Drive
Edinburg, Texas 78539-2999

Application material will be reviewed by, and a personal interview will be scheduled with, the Admissions Committee. Admission to the Rehabilitative Services Program is competitive.
and based upon a rating system using the following criteria:
A. Completion of all application material.
B. Grade point average. A minimum 2.0 GPA is required for admission.
C. Evaluation of letters of recommendation.
D. Responses to the individual interview questions.
Students will be notified as to the outcome of their application prior to the end of the spring semester in which they apply.

• Degree Requirements

○ Major in Rehabilitative Services (BS Degree)

General Education Requirements 48 hours
Complete the General Education Requirements as shown on pages 67-69 of this catalog. The following are recommended, but not required:

Recommended General Education Courses
Spanish or Sign Language
8 hours of Anatomy and Physiology (BIOL 2403, BIOL 2404)
PSY 1310
PHIL 1320 or PHIL 2330

Support Courses 15 hours
HRP 2303 Medical Terminology
SOC/PSY 2301 Statistics
COMM 3316 Intercultural Communication
MANA 3361 Principles of Management
PSY 4313 Abnormal Psychology

Major Electives 3 hours
REHS 3340 Intermediate Aspects in Addiction Studies
REHS 4100 Independent Study
REHS 4340 Clinical Issues in Addiction Studies
REHS 4345 Special Populations in Addiction Studies
REHS 4350 Special Topics

Rehabilitative Services Concentration Courses 42 hours
REHS 2301 Introduction to Rehabilitation
REHS 2311 Disability Policy and Consumerism
REHS 2321 Introduction to Addiction Studies
REHS 2331 Psychology of Disability (PSY 2331)
REHS 3303 Case Management I
REHS 3320 Family and Disability
REHS 3330 Medical Aspects of Rehabilitation
REHS 4301 Vocational Assessment
REHS 4302 Job Placement
REHS 4303 Case Management II
REHS 4330 Clinical Topics in Rehabilitation
REHS 4360 Assistive Technology
REHS 4602 Clinical Practicum

Electives 7 hours
TOTAL 124 hours

○ Minor in Rehabilitative Services

Required Courses 12 hours
REHS 2301 Introduction to Rehabilitation
REHS 2311 Disability Policy and Consumerism
REHS 2331 Psychology and Disability
REHS 3330 Medical Aspects of Rehabilitation

Designated Electives 6 hours
6 hours of rehabilitative services from REHS 3320, REHS 3340, REHS 4100, REHS 4330, REHS 4340, REHS 4345, REHS 4350 and REHS 4360.

○ Minor in Addiction Studies

REHS 2301 Introduction to Rehabilitation
REHS 2321 Introduction to Addiction Studies
REHS 3303 Case Management I
REHS 3340 Intermediate Aspects in Addiction Studies
REHS 4340 Clinical Issues in Addiction Studies
REHS 4345 Special Populations in Addiction Studies

○ Course Descriptions

A listing of courses offered by the Rehabilitative Services Program can be found on pages 267-268.
General Overview

The Department of Social Work offers a Bachelor of Social Work degree program, which is a four-year broad field major with a liberal arts base, a required foundation content in behavioral sciences and professional social work courses. It provides basic knowledge of the social welfare systems, the social work profession and the knowledge, values and skills necessary for social change in practice, and prepares students to pursue graduate study in social work and related professions. The BSW Program is accredited by the Council on Social Work Education.

The department also offers a Master of Science in Social Work, which is detailed in the Graduate Catalog.

The overall goal of the program is to impart knowledge, values, skills and attitudes for beginning professional social work practice with special emphasis in the uniqueness of the bilingual/bicultural Texas-Mexico border.

The student will have the opportunity to learn the competencies of the entry-level generalist practitioner. These include such functional skills as the problem-solving approach to assessing needs, intervening, evaluating responses and linking individuals with resources and opportunities for change. Mastery of the required standards for social work practice will be required of the BSW candidate.

A student who wishes to major in Social Work should complete SOCW 1313 Introduction to the Social Work Profession, and after successful completion of the University college requirements, the student should apply for admission into the Social Work program. Eligibility for field instruction in social work requires an official degree plan and application for the internship on file in the Social Work Office. A 2.5 GPA is required for entry into the major. Academic advisement is required for all Social Work majors. As departmental requirements, the student must take 8 hours of Human Anatomy and Physiology and 6 hours in Spanish, 3 hours in philosophy (PHIL 2330 or 2390) and must select 3 hours from HRP 2303, REHAB 2331 or NURS 2301. Students must complete a 480-hour field internship.

Full-time students in the Social Work Program are eligible for membership in the Student Association of Social Work (The Social Work Club) and the National Association of Social Workers, Texas Chapter and local NASW Unit. Upon graduation, a BSW student may be licensed as a social worker (LSW) under the Texas Professional Social Work Act.

• Degree Requirements

○ Major in Social Work

General Education Requirements        48 hours

Complete the requirements shown in the General Education Requirements section shown on pages 67-69 of this catalog except for the sections, groups or areas listed below, which must be satisfied only as shown below.

Section A. Humanities
Group 3. Language other than English
Group 4. Other Humanities

Section B. Science and Mathematics
Group 1. Natural Science
BIOL 2403 and BIOL 2404 must be selected.

Social Work Core Courses                39 hours (30 hours are advanced)

General Overview

The College of Science and Engineering consists of the departments of Biology, Chemistry, Computer Science, Engineering, Mathematics, and Physics and Geology.

Academic Programs

The college offers the Bachelor of Science in Biology, Chemistry, Computer Science, Electrical Engineering, Manufacturing Engineering, Mathematics, Mechanical Engineering and Physics.

Students may minor in biology, chemistry, computer science, electrical engineering, elementary mathematics, geology, manufacturing engineering, mathematics, mechanical engineering/thermal, physical science, physics and statistics. Secondary teacher certification is available in biology, chemistry, computer information systems, earth science, mathematics, physical science and physics, and elementary teacher certification is available in biology, mathematics and physical science.

Also included in the Biology and Chemistry departments are programs for pre-dental and pre-medical students. Chemistry also has a plan of study for pre-pharmacy students.

At the graduate level, students can earn master’s degrees in Biology, Computer Science and Mathematics. More information on master’s degrees is available in the Graduate Catalog.

The College of Science and Engineering provides several options to satisfy the University College/General Education requirements in science, mathematics and computer literacy. New state-of-the-art facilities house the departments of Biology, Chemistry, Engineering and Computer Science.

General Overview
The Department of Biology offers a major leading to a Bachelor of Science degree and a minor in Biology. Biology students may elect a curriculum for a major in Biology or a Biology elementary or secondary teaching plan.
  The department also offers study beyond the bachelor’s degree leading to a Master of Science in Biology. A limited number of teaching assistantships are usually available.

Interested persons should consult the Graduate Catalog or the chair of the Department of Biology.

NOTE: Students are typically expected to furnish their own transportation for laboratory sessions and field work.

  BIOL 4303 Mammalogy
  BIOL 4304 Ichthyology
  BIOL 4309 Herpetology
  BIOL 4314 Plant Taxonomy
  BIOL 4402 Marine Zoology
  BIOL 4407 Animal Parasitology
  BIOL 4408 Plant Pathology
  BIOL 4410 Marine Botany
  BIOL 4412 Ornithology
  BIOL 4415 Entomology
  BIOL 4416 Environmental Toxicology
BIOL 4419  Aquatic Entomology

- Physiology
  BIOL 2403  Anatomy and Physiology
  BIOL 2404  Anatomy and Physiology
  BIOL 3411  Mammalian Physiology
  BIOL 4305  Plant Physiology
  BIOL 4311  Ecological Physiology
  Select additional biology courses to complete 30 hours in biology, of which 15 must be advanced.

Other Requirements
Where appropriate, the following requirements may also be used to satisfy General Education requirements.

- Mathematics
  Complete 6 hours from the following:
  MATH 1340  College Algebra
  MATH 1356  Trigonometry
  MATH 1401  Calculus I
  MATH 1402  Calculus II
  MATH 2330  Survey of Elementary Statistics

- Chemistry
  Complete all of the following:
  CHEM 1301/1101  General Chemistry I, General Chemistry Lab I
  CHEM 1302/1102  General Chemistry II, General Chemistry Lab II
  CHEM 2302/2102  Organic Chemistry I, Organic Chemistry Lab I

- Statistics
  Complete 3 hours
  MATH 2330  Survey of Elementary Statistics or
  STAT 2330  Survey of Elementary Statistics

Other Science
PHYS 1401 and PHYS 1402 or GEOL 1401 and GEOL 1402 are recommended, but not required.

Minimum GPA Requirements
A minimum GPA of 2.0 in the required hours for both the major and minor fields is required.

- Pre-Dental/Pre-Medical/Pre-Optometry
  Biology majors who are pre-dental, pre-medical or pre-optometry students should include BIOL 2402 in their major and should minor in chemistry. Additional course requirements include: CHEM 2102, CHEM 2302, CHEM 2103, CHEM 2303, PHYS 1401 and 1402. MATH 1401 is required for pre-medical and pre-optometry students. (MATH 1401 is not required for admission to Baylor College of Medicine or most dental schools.) Additional courses suggested include: CHEM 3103, CHEM 3303, PSY 1310 and an introductory statistics course.
  Pre-medical, pre-dental and pre-optometry students who have completed a minimum of 90 hours and the general education requirements at UT Pan American may apply for the BS degree after completion of two years in an accredited college of medicine, dentistry or optometry, with grades acceptable for transfer to UT Pan American. The hours accepted will be credited toward the major and minor in biology or chemistry.

 OSI Major in Biology with Teacher Certification

Core Courses  9 hours
BIOL 1401  General Biology or
BIOL 1487  Honors Biology
BIOL 1402  General Biology or
BIOL 1488  Honors Biology
BIOL 4100  Biology Seminar

Designated Electives  27 hours
Select at least 3 hours from each of the following areas:

- Molecular Biology, Cellular Biology or Microbiology
  BIOL 3401  General Microbiology
  BIOL 3412  Cell Biology
  BIOL 3415  Introduction to Molecular Biology
  BIOL 4404  General Virology
  BIOL 4418  Electron Microscopy

- Genetics or Biological Evolution
  BIOL 3301  Biological Evolution
  BIOL 3413  Genetics
  BIOL 4417  Bacterial Genetics

- Vertebrate Morphology or Physiology
  BIOL 2401  Vertebrate Zoology
  BIOL 2402  Comparative Vertebrate Anatomy
  BIOL 2403  Anatomy and Physiology
  BIOL 2404  Anatomy and Physiology
  BIOL 3411  Mammalian Physiology
  BIOL 4311  Ecological Physiology

- Environmental Biology
  BIOL 2305  Environmental Biology
  BIOL 3409  Ecology
  BIOL 4402  Marine Zoology
  BIOL 4410  Marine Botany
  BIOL 4416  Environmental Toxicology

- Advanced Zoology
  BIOL 3405  Histology
  BIOL 3407  Comparative Embryology
  BIOL 3414  Invertebrate Zoology
  BIOL 4303  Mammalogy
  BIOL 4304  Ichthyology
  BIOL 4407  Animal Parasitology
  BIOL 4309  Herpetology
  BIOL 4412  Ornithology
  BIOL 4415  Entomology
  BIOL 4419  Aquatic Entomology

- Advanced Botany
  BIOL 3403  Medical Microbiology and Immunology
BIOL 3408  Plant Morphology
BIOL 4305  Plant Physiology
BIOL 3410  A Survey of the Plant Kingdom
BIOL 4314  Plant Taxonomy
BIOL 4408  Plant Pathology

Select additional biology courses to complete 36 hours in biology, of which 21 must be advanced.

Minimum GPA Requirements
Graduates who seek certification as elementary or secondary teachers must have a minimum GPA of 2.5 in both the major and minor fields.

Minor in Biology

18 hours in Biology, of which 6 hours must be advanced.

Teacher Certification with Biology Minor

Elementary Plan II

Required Courses
BIOL 1401  General Biology
BIOL 1402  General Biology
BIOL 3409  Ecology

Designated Electives

Select one course from the following:
BIOL 2401  Vertebrate Zoology
BIOL 2402  Comparative Vertebrate Anatomy
BIOL 2305  Environmental Biology
BIOL 3301  Biological Evolution

Select one course from the following:
BIOL 3408  Plant Morphology
BIOL 3414  Invertebrate Zoology
BIOL 4314  Plant Taxonomy

Select additional advanced hours to complete 9 hours at the advanced level.

TOTAL  20 hours

Secondary Plan II

Required Courses
BIOL 1401  General Biology
BIOL 1402  General Biology
BIOL 3409  Ecology

Designated Electives

Select one course from the following:
BIOL 2401  Vertebrate Zoology
BIOL 2402  Comparative Vertebrate Anatomy

Select additional advanced hours to complete 12 hours at the advanced level.

TOTAL  24 hours

Course Descriptions
A listing of courses offered by the Department of Biology can be found on pages 194-197.
introduce students to the fundamental fields of chemistry and provides opportunities for chemical research.

The department is committed to engaging in its activities of teaching, research and professional service in an environment of academic freedom.

The Chemistry Department at The University of Texas-Pan American provides an excellent program in helping the University fulfill its responsibility of providing high quality academic programs for the people of this region and the State of Texas.

• Degree Requirements

○ Major in Chemistry

General Education Requirements: 48 hours
Complete the requirements shown in the General Education Requirements section on pages 67-69 of this catalog EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown.

Natural Science and Mathematics

CHEM 1301 General Chemistry I
CHEM 1101 General Chemistry Lab I
CHEM 1302 General Chemistry II
CHEM 1102 General Chemistry Lab II
MATH 1340 College Algebra

Major Course Requirements 32 hours

Chemistry Core Courses

CHEM 2301 Analytical Chemistry
CHEM 2101 Analytical Chemistry Lab
CHEM 2302 Organic Chemistry I
CHEM 2102 Organic Chemistry Lab I
CHEM 2303 Organic Chemistry II
CHEM 2103 Organic Chemistry Lab II
CHEM 3301 Inorganic Chemistry
CHEM 3202 Inorganic Chemistry Lab
CHEM 3304 Physical Chemistry I
CHEM 3104 Physical Chemistry Lab I
CHEM 3305 Physical Chemistry II
CHEM 3105 Physical Chemistry Lab II
CHEM 4101 Chemistry Seminar
CHEM 4201 Chemistry Problems I
CHEM 4304 Instrumental Analysis
CHEM 4104 Instrumental Analysis Lab

Designated Electives in Chemistry
In addition to the Major Course Requirements shown above, the Department of Chemistry offers the following elective courses: (These may be used to help satisfy the College requirement of 45 advanced hours or to acquire greater depth in a specific area of chemistry.)
Chemistry

CHEM 3303  Biochemistry
CHEM 3103  Biochemistry Lab
CHEM 3306  Polymer Science and Engineering
CHEM 4202  Chemistry Problems II
CHEM 4301  Advanced Inorganic Chemistry
CHEM 4302  Advanced Biochemistry
CHEM 4303  Advanced Organic Chemistry
CHEM 4378  Special Topics in Chemistry

Other Course Requirements 16 hours
MATH 1401  Calculus I
MATH 1402  Calculus II
PHYS 1401  General Physics
PHYS 1402  General Physics

TOTAL 124 hours

Students are required to select electives that will bring their total number of advanced hours to 45 and the total number of hours for the completion of their degree to 124.

NOTE: The Department of Chemistry allows students to receive credits for courses in the curriculum if proficiency is demonstrated in these courses by advanced placement exams such as CEEB or CLEP. Contact the UT Pan American Testing Center for information on advanced placement tests.

• Minimum GPA Requirements
  A minimum GPA of 2.0 is required for both major and minor fields.

• Pre-Dental and Pre-Medical
  Chemistry majors in pre-dental and pre-medical programs are required to complete 18 hours of biology, of which 6 hours must be advanced. These hours must include BIOL 2402.

• Teacher Certification in Chemistry
  There are two options available to students who desire teaching certification with chemistry as the teaching field. Secondary Option I: 37-38 hours in chemistry, of which 25-26 hours must be advanced. Secondary Option II: 28 hours in chemistry, of which 16 hours must be advanced.
  Students seeking teacher certification must have a minimum GPA of 2.25 in both the major and minor fields. They should consult with the Teacher Certification Office regarding other specific requirements.

• Pre-Pharmacy
  Students are required to complete the following courses in their freshman and sophomore years.
  Freshman Year: ENG 1301, ENG 1302; CHEM 1301, CHEM 1101, CHEM 1302, CHEM 1102; BIOL 1401, BIOL 1402; MATH 1401; HIST 2313, HIST 2314; Kinesiology 2 hours.
  Sophomore Year: English (Sophomore Literature) 6 hours; CHEM 2302, CHEM 2303, CHEM 2102, CHEM 2103; MATH 2330; PHYS 1401; POLS 2313, POLS 2314; Kinesiology 2 hours.
  NOTE: The University of Texas at Austin requires one semester of freshman English and one of sophomore English. BIOL 3401 is required by the University of Houston and UT Austin, while Texas Southern University requires BIOL 2402. The University of Houston also requires COMM 1303, PSY 1310, 3 hours of social science electives, and 6 hours of cultural heritage electives, while UT Austin requires 9 hours of electives. Texas Southern University requires 1 hour of medical terminology and a 3-hour elective in philosophy, music, sociology or psychology. Texas Tech University offers only the Pharm.D. degree. The prerequisites include COMM 1303, ECO 1301, PHYS 1402 and a minimum of 15 hours of electives in the humanities and social sciences. See the faculty advisor in the Department of Chemistry for more information, since curricula at other institutions may vary.

Minor in Chemistry

18 hours of chemistry, of which 6 must be advanced.

Course Descriptions

A listing of courses offered by the Department of Chemistry can be found on pages 198-200.

• Introduction
Computer science is the study of the structure, function and application of computers and is central to the rapidly expanding use of information technology. Computers have traditionally been used in business, engineering and scientific applications, and now applications are found in almost all human activities from art to zoology.

The Department of Computer Science offers a Bachelor of Science in Computer Science degree as a broad-field major and a Bachelor of Science degree with a major in Computer Science (minor required) based upon the IEEE Computer Society and the Association for Computing Machinery recommendations for curricula and courses.

The department also offers a Master of Science in Computer Science. For more information, consult the Graduate Catalog.

• Mission/Goals/Objectives
The curriculum in computer science is designed to provide the student with marketable expertise to enter the computer field, to develop the skills necessary to adapt to the rapidly changing nature of the field, and/or to prepare students to pursue graduate study in computer science.

The department also provides service courses in support of the general education computer literacy requirement and the degree requirements of other disciplines that require more extensive knowledge of computing.

• Departmental Admission Requirements
Students must have computer experience equivalent to CSCI 1300 and must have completed or be concurrently enrolled in MATH 1340 before enrolling in CSCI 1380, Computer Science I.

• Other Information
The department has access to the well-equipped University computing facilities, which include IBM-compatible and Macintosh computers and Sun Workstations with networked access to the University VAX cluster and the Internet. A lab of Pentium-based PCs donated by the Intel Corporation is dedicated specifically to the Computer Science program. Advanced courses and research efforts are supported by departmental Unix workstations.

• Degree Requirements
The Department of Computer Science offers a 131-hour Bachelor of Science in Computer Science (BSCS) degree as a broad-field major, a 36-hour major (minor required) leading to a Bachelor of Science (BS) degree, and an 18-hour minor in computer science. The computer science major can be completed to fulfill an Option I plan for secondary teacher certification. The department also offers a 24-hour Option II plan for secondary teacher certification.

For the 36-hour major in computer science, students are required to complete a minor and are encouraged to select the minor from a supporting discipline. Typical minors include mathematics, business administration, computer information systems and electrical engineering; however, a variety of other minors can support the degree. The degree requires 9 hours of mathematics, including calculus and discrete structures, and 3 hours of a designated elective. Students are encouraged to complete their calculus requirement by selecting a minimum of 6 hours from MATH 1357, MATH 1401 and MATH 1402.

Students should seek advisement from the computer science faculty in their freshman year to plan a timely completion of their degree. An official degree plan must be filed with the department upon completion of 60 hours of University courses.

Bachelor of Science in Computer Science (BSCS) as a Broad-Field Major

Students pursuing the Bachelor of Science in Computer Science (BSCS) as a broad-field major must complete the University General Education requirements and a computer science core. No minor is required for this degree.

General Education Requirements
Complete the requirements shown in the General Education Requirements section shown on pages 67-69 of this catalog. PHIL 2390 (Professional Ethics) must be taken to meet the philosophy requirement. Courses to meet the natural science requirement must be taken from biology, chemistry or
physics. Note: The computer literacy and mathematics requirements (the remaining 5 hours of the general education requirements) are met by required courses listed below.

### Computer Science Core Courses
- 27 hours
  - **CSCI 1380** Computer Science I
  - **CSCI 1381** Foundations of Computer Science
  - **CSCI 2330** C++ Programming
  - **CSCI 2333** Computer Organization and Assembly Language
  - **CSCI 2380** Computer Science II
  - **CSCI 3333** Algorithms and Data Structures
  - **CSCI 3334** Systems Programming
  - **CSCI 3336** Organization of Programming Languages
  - **CSCI 4390** Senior Project

### Designated Computer Science Electives
- 21 hours
Select 3 hours from the following: CSCI 2320, CSCI 2325, CIS 2308, CIS 2310 or any advanced CSCI course.
Select 18 hours of advanced CSCI courses, must include 6 hours selected from CSCI 3340, 4334 and 4335.
A maximum of 3 hours from CSCI 3300 and CSCI 3390 can be used to fulfill CSCI elective requirements.

### Mathematics/Engineering
- 33-34 hours
  - **MATH 1401** Calculus I
  - **MATH 1402** Calculus II
  - **MATH 2345** Elementary Linear Algebra
  - **MATH 3373** Discrete Structures
  - **ELEE 2130** Digital Systems Laboratory
  - **ELEE 2330** Digital Systems Engineering I
  - Select 3 hours from the following:
    - **MATH 3337** Applied Statistics I
    - **MATH 4339** Probability and Statistics
    - **ELEE 3340** Probability and Statistics for Electrical Engineers

### Communications/English
- 6 hours
  - **ENG 3333** Technical Report Writing
  - Select 3 hours from the following:
    - **COMM 1303** Presentation Speaking
    - **COMM 1313** Fundamentals of Speech Communication

### Lab Science
- 4 hours
Any 4-hour laboratory science course from biology, chemistry or physics. (This is in addition to the general education requirement but need not be in the same subject as the 8 hours taken for that requirement.)

### Other Electives
- 9-12 hours
Students must select electives to complete a total of 51 advanced hours in their degree. Depending on the selection of electives, this will require from 9 to 12 hours of advanced electives.

### Other Requirements
Students must complete all Computer Science Core Courses with a grade of “C” or better.

**Total** 131-134 hours

---

**Bachelor of Science in Computer Science (BSCS) as a Broad-Field Major with Computer Engineering Emphasis**

Although UT Pan American does not offer a computer engineering degree, through a careful choice of electives from advanced computer science, mathematics, electrical engineering and physics, a student can design a degree that can be marketed as Computer Science with a Computer Engineering emphasis.

Students pursuing the Bachelor of Science in Computer Science (BSCS) as a broad-field major with Computer Engineering emphasis should complete the University General Education Requirements and the Computer Science with Computer Engineering Emphasis core.

### General Education Requirements
- 43 hours
  - Complete the requirements shown in the General Education Requirements section shown on pages 67-69 of this catalog. PHIL 2390 (Professional Ethics) must be taken to meet the philosophy requirement. Courses to meet the natural science requirement must be from biology, chemistry or physics. Note: The computer literacy and mathematics requirements (the remaining 5 hours of the general education requirements) are met by required courses listed below.

### Computer Science Core Courses
- 27 hours
  - **CSCI 1380** Computer Science I
  - **CSCI 1381** Foundations of Computer Science
  - **CSCI 2330** C++ Programming
  - **CSCI 2333** Computer Organization and Assembly Language
  - **CSCI 2380** Computer Science II
  - **CSCI 3333** Algorithms and Data Structures
  - **CSCI 3334** Systems Programming
  - **CSCI 3336** Organization of Programming Languages
  - **CSCI 4390** Senior Project

### Designated Electives
- 21 hours
Select 3 hours from the following: CSCI 2320, CSCI 2325, CIS 2308, CIS 2310 or any advanced CSCI course.
Select 6 hours from any advanced CSCI courses.
A maximum of 3 hours from CSCI 3300 and CSCI 3390 can be used to fulfill CSCI elective requirements.

### Mathematics/Engineering
- 33-34 hours
  - **MATH 1401** Calculus I
  - **MATH 1402** Calculus II
  - **MATH 2345** Elementary Linear Algebra
  - **MATH 3373** Discrete Structures
  - **CSCI 3340** Software Engineering
  - **CSCI 4334** Operating Systems
  - **CSCI 4335** Computer Architecture
  - **CSCI 4345** Computer Networks
  - Select 3 hours from the following: CSCI 2320, CSCI 2325, CIS 2308, CIS 2310 or any advanced CSCI course.
  - Select 6 hours from any advanced CSCI courses.
  - A maximum of 3 hours from CSCI 3300 and CSCI 3390 can be used to fulfill CSCI elective requirements.

### Other Electives
- 21 hours
  - **CSCI 3340** Software Engineering
  - **CSCI 4334** Operating Systems
  - **CSCI 4335** Computer Architecture
  - **CSCI 4345** Computer Networks
  - Select 3 hours from the following: CSCI 2320, CSCI 2325, CIS 2308, CIS 2310 or any advanced CSCI course.
  - Select 6 hours from any advanced CSCI courses.
  - A maximum of 3 hours from CSCI 3300 and CSCI 3390 can be used to fulfill CSCI elective requirements.

### Mathematics/Engineering
- 33-34 hours
  - **MATH 1401** Calculus I
  - **MATH 1402** Calculus II
  - **MATH 2345** Elementary Linear Algebra
  - **MATH 3373** Discrete Structures
ELEE 2130  Digital Systems Laboratory
ELEE 2330  Digital Systems Engineering I
ELEE 3306  Electronic Systems
Select either of the following:
ELEE 2420  Network Theory I
ELEE 3305  Electrical Systems
Select 3 hours from the following:
MATH 3337  Applied Statistics I
MATH 4339  Probability and Statistics
ELEE 3340  Probability and Statistics for Electrical Engineers
Select 6-9 hours of ELEE courses with departmental approval to total 18 hours (9 advanced) ELEE courses.

Communications/English  6 hours
ENG 3333  Technical Report Writing
Select 3 hours from the following:
COMM 1303  Presentational Speaking
COMM 1313  Fundamentals of Speech Communication

Lab Science  4 hours
Any 4-hour laboratory science course from biology, chemistry, or physics. (This is in addition to the general education requirement but need not be in the same subject as the 8 hours taken for that requirement.)

Other Electives  0-3 hours
Students must select electives to complete a total of 51 advanced hours in their degree. Depending on the selection of electives, this will require from 0 to 3 hours of advanced electives.

Other Requirements
Students must complete all Computer Science Core Courses with a grade of “C” or better.

TOTAL  134-141 hours

Bachelor of Science (BS) with Major in Computer Science (minor required)

Students wishing to major in computer science must complete the University General Education requirements, a computer science core and the requirements for a related minor.
It is recommended that students wishing to pursue graduate study in computer science complete Sequence 1 under the mathematics requirements.

General Education Requirements  48 hours
Complete the requirements shown in the General Education Requirements section shown on pages 67-69 of this catalog. For the computer literacy requirement, CSCI 1380 or higher CSCI course may be recommended by the department for students with prior computer experience. Mathematics requirement can be satisfied by requirements listed below.

Computer Science Core Courses  24 hours
CSCI 1380  Computer Science I
CSCI 1381  Foundations of Computer Science
CSCI 2330  C++ Programming
CSCI 2333  Computer Organization and Assembly Language
CSCI 2380  Computer Science II
CSCI 3333  Algorithms and Data Structures
CSCI 3334  Systems Programming
CSCI 3336  Organization of Programming Languages

Designated Electives in Computer Science  12 hours
Select 12 hours of advanced CSCI courses. A maximum of 3 hours from CSCI 3300 and CSCI 3390 can be used to fulfill CSCI elective requirements.

Mathematics  9-11 hours
MATH 3373  Discrete Structures
Select one sequence from the following:
Sequence 1 (recommended).
Complete at least two of the following courses:
MATH 1357  Pre-calculus Mathematics
MATH 1401  Calculus I
MATH 1402  Calculus II
Sequence 2.
Student may substitute for Sequence 1 with advisor approval:
MATH 1321  Business Algebra
MATH 1322  Business Calculus

Communications/English  6 hours
ENG 3333  Technical Report Writing
Select 3 hours from the following:
COMM 1303  Presentational Speaking
COMM 1313  Fundamentals of Speech Communication

Minor  18-24 hours
Students must complete all requirements for a related minor.

Other Electives  9-12 hours
Students must select electives to complete a total of 45 advanced hours in their degree. Depending on the number of advanced courses for the minor, the selection of elective hours in the major and the selection of other course requirements, this will require from 9 to 12 hours of advanced electives.

Other Requirements
Students must complete all Computer Science Core Courses with a grade of “C” or better.

TOTAL  126-137 hours
○ Bachelor of Science (BS) with Major in Computer Science (minor required)

• Teacher Certification in Computer Information Systems (Option I)
  Teacher certification in Computer Information Systems is required for teachers of Computer Science I and II in the secondary schools. This certification also allows teachers to teach the computer literacy course in the junior high school. To graduate with completion of the 36-hour Option I plan for secondary certification in Computer Information Systems, students must be admitted to the Teacher Education Program and complete all the requirements for the Computer Science BS degree (minor required):

  The Option I plan does not require a second teaching field; however, students are encouraged to seek a second field. The Option II certification in Computer Information Systems program is described in the section below under minors.

General Education Requirements 48 hours
Computer Science Core Courses 24 hours
Designated Electives in Computer Science 12 hours
Professional Education Courses 21 hours

Admission to Teacher Education is required prior to enrolling in the following courses:
  - EDCI 4301 Foundations of Education
  - EDCI 4302 Educational Psychology
  - EDCI 4307 Secondary Curriculum: Internship I
  - EDCI 4308 Secondary Curriculum: Internship II
  - EDCI 4641 Secondary Internship II
  - READ 4351 Developmental Reading in Secondary Schools

Communication/English 6 hours
Mathematics 9-11 hours
Minor 18-24 hours
TOTAL 132-146 hours

○ Minor in Computer Science with Teacher Certification in Computer Information Systems (Option II):

Core Courses 15 hours
  - CSCI 1380 Computer Science I
  - CSCI 1381 Foundations of Computer Science
  - CSCI 2330 C++ Programming
  - CSCI 2380 Computer Science II
  - CSCI 3333 Algorithms and Data Structures

Designated Electives 9 hours
  Select 9 advanced hours in Computer Science (up to 6 hours from CIS 3335, CIS 3338 and CIS 4308 may be used to partially satisfy this requirement).

TOTAL 24 hours

○ Minor in Computer Science

Core Courses 12 hours
  - CSCI 1380 Computer Science I
  - CSCI 1381 Foundations of Computer Science
  - CSCI 2330 C++ Programming
  - CSCI 2380 Computer Science II

Designated Electives 6 hours
  Select 6 hours of advanced Computer Science courses.

TOTAL 18 hours

● Course Descriptions

**General Overview**

UT Pan American offers Bachelor of Science degrees in electrical, manufacturing and mechanical engineering that are equivalent in scope to engineering programs at other institutions in Texas. All three BS degrees have accreditation from the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET) effective May 1996. These engineering curricula provide a rigorous foundation for engineering practice in industrial and governmental organizations as well as for graduate studies in engineering, business administration, law and medicine. In addition, a number of graduate engineering courses are offered for professional development.

UT Pan American is located in an industrialized region with numerous manufacturing facilities that provide an unusual opportunity for students to participate in practical applications of engineering knowledge in both the United States and Mexico.

**Mission**

The University of Texas-Pan American Engineering Department will provide a quality engineering education to prepare students for the practice of engineering with sufficient depth to continue their education beyond the baccalaureate degree. A strong laboratory component in the curriculum, with opportunities for industrial internships or co-op experience, will provide engineering skills that enhance the understanding of the applications of engineering sciences. Engineering design with a strong emphasis on verbal and written communication will be stressed in all aspects of the curriculum.

**Degree Requirements**

**Basic Engineering**  
* 36 hours

All students must complete a Basic Engineering requirement (35-36 hours) composed of the following courses:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 1301/1101</td>
<td>General Chemistry I*</td>
</tr>
<tr>
<td>CHEM 1302/1102</td>
<td>General Chemistry II*</td>
</tr>
<tr>
<td>CSCI 1380</td>
<td>Computer Science I* or Survey of Elementary Scientific Programming*</td>
</tr>
<tr>
<td>ENG 1301</td>

</tbody>
</table>
| MECE 2440   | Engineering Materials (Manufacturing and Mechanical Engineering only) or Digital Systems Engineering I (Electrical Engineering only) and
| ELEE 2330   | Digital Systems Engineering I (Electrical Engineering only) |
| ELEE 2130   | Digital Systems Laboratory (Electrical Engineering only) |

* This course also satisfies the University’s General Education requirements (see page 159).

A student must complete each of the above courses with a grade of “C” (or higher) before enrollment in subsequent engineering courses will be recommended. Highly qualified students are expected to obtain advanced standing credit through acceptable test scores on ACT, CEEB (Advanced Placement Test) or CLEP. Common courses for which advanced standing credit can be attained include ENG 1301 and ENG 1302, CHEM 1301/1101 and CHEM 1302/1102, HIST 2313 and modern language. Additional information about advanced standing credit is given on pages 46-47 of this catalog.
General Education Requirements 29 hours
(19 hours of the General Education Requirements are satisfied as part of the Basic Engineering Requirements.) All students must complete the University's General Education requirements shown on pages 67-69 of this catalog EXCEPT for the sections, groups and areas noted below which must be satisfied as shown.

Humanities & Visual and Performing Arts 12 hours
Must select Art, Music, Dance or Theatre Appreciation. 3 hours
PHIL 2390 3 hours
English Literature 3 hours
Modern Language 3 hours
Science and Mathematics
Computer Literacy
Social Sciences
U.S. History 6 hours
Political Science 6 hours
Economics 3 hours
Kinesiology 2 hours
TOTAL 29 hours

*These courses satisfy the Basic Engineering requirements on page 158.

Other Non-Engineering Courses 11 hours
The following non-engineering courses are also required in all programs:
MATH 2401 Calculus III
MATH 3349 Differential Equations
PHYS 2302 Intermediate Physics
PHYS 2102 Intermediate Laboratory

• Electrical Engineering Program

Electrical Engineering is an extremely broad field that encompasses power generation and transmission, computer systems, control systems, telecommunications and electronic applications in such diverse areas as medicine, geophysics and aerospace. Because of the widespread need for electrical engineers, there are more graduates in this field than in any other in engineering.

The total course requirements for the Bachelor of Science in Electrical Engineering consist of the following:

Electrical Engineering Program 137 hours

Basic Engineering 36 hours
Other General Education Requirements 29 hours
Other Non-Engineering Requirements 11 hours

Other General Education Requirements 29 hours
Other Non-Engineering Requirements 11 hours
Program Requirements 61 hours

The actual number of courses taken at UT Pan American will depend on a student's high school preparation and on the number of courses for which advanced standing credit is received. Program requirements for this degree are shown below.

Program Requirements 61 hours

Core Courses 52 hours
MECE 2405 Engineering Mechanics
ELEE 2420 Network Theory I
ELEE 2321 Network Theory II
ELEE 3301 Electronic Circuits I
ELEE 3302 Electronic Circuits II
ELEE 3315 Electromagnetic Engineering
ELEE 3225 Electrical Engineering Laboratory I
ELEE 3330 Electrical Engineering Laboratory II
ELEE 3340 Probability and Statistics for Electrical Engineers
ELEE 3435 Microprocessor Programming
ELEE 4303 Digital Systems II
ELEE 4321 Automatic Control
ELEE 4328 Solid State Electronics
ELEE 4351 Communication Theory
ENGR 4461 Senior Design Project I
ENGR 4462 Senior Design Project II

Technical Electives 9 hours
Select with faculty advisor's approval. Engineering courses in which a grade of “C” or higher has been earned cannot be repeated in an attempt to earn a higher grade.

• Manufacturing Engineering Program

Manufacturing Engineering is a new engineering specialty; UT Pan American offers the only bachelor's degree in Manufacturing Engineering in Texas. The curriculum includes elements of traditional mechanical, electrical and industrial engineering curricula. Graduates with this specialization will find many opportunities for employment in all types of manufacturing facilities.

The total course requirements for Bachelor of Science in Manufacturing Engineering consist of the following:

Manufacturing Engineering Program 137 hours
Basic Engineering 36 hours
Other General Education Requirements 29 hours
Other Non-Engineering Requirements 11 hours
The actual number of courses taken at UT Pan American will depend on a student's high school preparation and on the number of courses for which advanced standing credit is received. Program requirements for this degree are shown below.

Program Requirements 60 hours

Core Courses 54 hours
- MECE 2303 Statics
- ENGR 4461 Senior Design Project I
- ENGR 4462 Senior Design Project II
- ELEE 3305 Electrical Systems
- MANE 3364 Manufacturing Processes and Laboratory
- MANE 3300 Computer-Aided Design
- MECE 3302 Computer-Aided Manufacturing
- MECE 3311 Quality Control
- MANE 3315 Fluid Mechanics
- MECE 3320 Measurements and Instrumentation
- MECE 3350 Mechanical Engineering Analysis
- MECE 3360 Heat Transfer Laboratory
- MECE 3380 Kinetics and Dynamics of Machines
- MECE 4140 Mechanical Systems Laboratory
- MECE 4350 Machine Elements

Technical Electives 6 hours
Select with faculty advisor's approval.

Engineering courses in which a grade of “C” or higher has been earned cannot be repeated in an attempt to earn a higher grade.

- Mechanical Engineering Program
  Mechanical engineers possess a broad technical background that enables them to work in virtually every industrial sector. They are concerned generally with the development of mechanical systems for energy conversion, power generation, environmental control and transportation, as well as materials handling and processing. Mechanical engineers usually work closely with engineers having other specializations.

The total course requirements for the Bachelor of Science in Mechanical Engineering consist of the following:

Mechanical Engineering Program 136 hours
Basic Engineering 36 hours
Other General Education Requirements 29 hours
Other Non-Engineering Requirements 11 hours
Program Requirements 60 hours

Minors in Engineering

Minor in Electrical Engineering

This minor provides a background in electrical engineering designed to allow the student to understand the basic operation of computers and other electronic devices. It is intended to support majors in computer science, physics or other related fields. The minor requires a total of 18 hours of electrical engineering courses, of which 9 must be at the advanced level. The required courses include laboratories so that a student will have a strong hands-on experience with electronics and computer hardware. The minor requires certain support courses as prerequisites as shown below.

Required Courses:
- ELEE 2330 Digital Systems Engineering I
- ELEE 2310 Digital Systems Laboratory
- ELEE 2420 Network Theory I or
Approved advanced level Electrical Engineering Courses*

Prerequisites:
CSCI 1380  Computer Science I  
MATH 1401  Calculus I  
MATH 1402  Calculus II  
PHYS 1402  General Physics  

* Total number of hours must meet the 18-hour minimum requirement. Advanced level courses selected with Electrical Engineering advisor’s approval.

Minor in Mechanical Engineering/Thermal

This minor provides a background in thermal sciences, fluids and heat transfusion. It is intended to support majors in chemistry, physics and mathematics. The minor requires a total of 18 hours of mechanical engineering courses, of which 6 must be at the advanced level. The minor requires certain support courses as prerequisites as shown below.

<table>

Prerequisites:
MATH 2401  Calculus III  
MATH 3349  Differential Equations  
PHYS 1401  General Physics  

Minor in Manufacturing Engineering

This minor provides a background in manufacturing engineering. It is intended to support business majors and other engineering majors and will be especially valuable for those who will be involved in manufacturing enterprises. It requires 18 hours in engineering, 6 of which must be at the advanced level. The minor requires certain support courses as prerequisites. Check with the department for more information.

MANE 3101  Projects in Manufacturing Engineering  
MANE 3300  Computer-Aided Design  
MANE 3302  Computer-Aided Manufacturing  
MANE 4311  Quality Control  
MANE 4331  Manufacturing Planning and Control  
MANE 4352  Manufacturing Simulation

Course Descriptions

Courses offered by the Department of Engineering can be found under their respective headings in the Course Descriptions section beginning on page 184.
• Degree Programs

The Department of Mathematics offers a major in Mathematics leading to a Bachelor of Science degree, minors in mathematics and statistics, and a specialization in elementary mathematics. In addition, it offers courses for students seeking a second teaching field for teacher certification in mathematics.

The mathematics major requires coursework in mathematics, computer science and statistics. In addition, mathematics majors have options available for elective coursework both in and out of the department. Mathematics majors should work closely with their departmental advisor in order to choose these electives.

All students majoring in mathematics must complete the General Education requirements, as well as requirements for a minor. Students are encouraged to consult with their academic advisors regarding their minor. In addition, students must complete the mathematics requirements with a 2.25 GPA and with at least 21 advanced-level mathematics hours excluding the following courses: MATH 3310, MATH 3312, MATH 3313, MATH 3315, MATH 3316 and MATH 3319.

Depending on their professional goals, students must complete MATH 3349 or the combination of MATH 3304 and MATH 3311 to meet their mathematics requirements. Students considering graduate work or work in industry are encouraged to take MATH 3349, MATH 3337 and MATH 3338.

Students may seek teacher certification in addition to completing the degree requirements. They should consult with the Teacher Certification Office regarding specific requirements. For example, a student seeking teacher certification (Option I*) must complete MATH 3304 and MATH 3311 in addition to Professional Education requirements: EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308, READ 4351 and EDCI 4641 (which may partially fulfill advanced elective requirements).

*Option I as outlined in UT Pan American Secondary Education Program; see the College of Education Advisement Center for details.

• Degree Requirements

○ Major in Mathematics

General Education Requirements

48 hours

Complete the requirements shown in the General Education Requirements section on pages 67-69 of this catalog EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown.

Section B. Science and Mathematics

Group 1. Natural Science
At least one course in Physics is required.

Group 2. Mathematics
MATH 1401 is the recommended beginning course.

Section C. Computer Literacy

A course from the Department of Computer Science above CSCI 1300 is required.

Students seeking teacher certification should consult the Teacher Certification Office for other General Education requirements.
Major Course Requirements 36 hours

Core Courses: 24 hours
MATH 1401 Calculus I
MATH 1402 Calculus II
MATH 2401 Calculus III
MATH 2345 Elementary Linear Algebra
MATH 4339 Probability and Statistics
MATH 4351 Modern Algebra (grade of “C” or better)
MATH 4357 Real Analysis (grade of “C” or better)

Designated Electives: 3-6 hours
MATH 3349 Differential Equations or
MATH 3304 Geometry and
MATH 3311 The Organizational Structures and Processes of Mathematics

Other Electives 6-9 hours
Other advanced mathematics electives (6 or 9 hours, depending on which designated electives are taken). These electives cannot include MATH 3310, MATH 3312, MATH 3313, MATH 3315, MATH 3316 or MATH 3319.

Students seeking teacher certification should consult with the Teacher Certification Office regarding mathematics courses required for certification.

Other Requirements:
• Completion of the major course requirements with a 2.25 or better.
• Completion of at least 21 hours of advanced-level mathematics excluding the following courses: MATH 3310, MATH 3312, MATH 3313, MATH 3315, MATH 3316 and MATH 3319.
• Completion of requirements for a minor.

TOTAL 124 hours

Minor in Mathematics

Students may seek a minor in mathematics with or without teacher certification. A minor in mathematics for those students not seeking certification requires 24 semester hours of mathematics, of which 9 hours must be advanced, including MATH 1401, MATH 1402, MATH 2401, MATH 2345, and 9 approved advanced semester hours of mathematics.

Students seeking teacher certification under Option II* must complete an additional 3 approved advanced semester hours of mathematics, and must include both MATH 3304 and MATH 3311 (for a total of 27 hours). For additional certification requirements, a student should consult with the Teacher Certification Program Office.

In either case, MATH 3310, MATH 3312, MATH 3313, MATH 3315, MATH 3316 and MATH 3319 are not appropriate or approved for the advanced-level mathematics requirements in this minor.

*Math as outlined in UT Pan American Secondary Education Programs. See the College of Education Advisement Center for details.

Mathematics Specialization for the Bachelor in Interdisciplinary Studies

A specialization in elementary mathematics requires 27 hours in mathematics of which 18 must be advanced.

Required Courses 27 hours
MATH 1340 College Algebra
MATH 2306 Foundations of Mathematics I
MATH 2307 Foundations of Mathematics II
MATH 3310 Foundations of Mathematical Problem Solving
MATH 3312 Foundations of Measurement and Informal Geometry
MATH 3313 Foundations of Algebraic Structures
MATH 3315 Foundations of Probability and Statistics
MATH 3316 Foundations of Mathematics in a Computer Environment
MATH 3319 Mathematical Foundations of Structures and Processes of Mathematics

Minor in Statistics

The minor in statistics is available for students in mathematics and science as well as for students in other disciplines needing statistics as a tool. The minor requires 18 approved hours of mathematics, statistics or computer science, of which 9 must be advanced. These 18 hours cannot be used simultaneously to fulfill requirements in the student's major. MATH 3310, MATH 3312, MATH 3313, MATH 3315, MATH 3316 and MATH 3319 are not appropriate or approved for the advanced-level math requirements in this minor. The degree plan must include the following courses:

MATH/STAT 2330 Survey of Elementary Statistics
MATH/STAT 3337 Applied Statistics I
MATH 3338 Applied Statistics II
MATH 4339 Probability and Statistics
STAT 4336 Sampling

Course Descriptions

A listing of courses offered by the Department of Mathematics can be found on pages 243-247.

Shockley, William C., Jr., Assistant Professor

General Overview
The Department of Physics and Geology offers a Bachelor of Science degree with a major in physics and minors in geology, physical science and physics. The geology minor is compatible with major fields of study in physics, chemistry, education, biology, engineering and business.

There are secondary and elementary teaching fields in physics, physical science and earth science. The department also offers courses in subject areas of astronomy and geography.

Students are expected to furnish their own transportation and expenses on field trips.

• Degree Requirements
• Major in Physics

General Education Requirements
Complete the General Education requirements as shown on pages 67-69 of this catalog.

Core Courses
PHYS 1401 General Physics
PHYS 1402 General Physics
PHYS 2301 Intermediate Physics
PHYS 2101 Intermediate Laboratory
PHYS 2302 Intermediate Physics
PHYS 2102 Intermediate Laboratory
PHYS 3301 Electromagnetic Theory
PHYS 3303 Heat and Thermodynamics
PHYS 3304 Optics
PHYS 3305 Mechanics

Designated Electives
PHYS 3402 Modern Physics or
PHYS 3101 Junior Laboratory
4 advanced hours of Physics

Minor in Physics

Required Courses
PHYS 1401 General Physics (or equivalent)
PHYS 1402 General Physics (or equivalent)
PHYS 2301 Intermediate Physics
PHYS 2101 Intermediate Laboratory
PHYS 2302 Intermediate Physics
PHYS 2102 Intermediate Laboratory

Designated Electives
PHYS 3402 Modern Physics or
PHYS 4301 Topics in Modern Physics and
PHYS 3101 Junior Laboratory
2 additional advanced hours of physics

TOTAL

Minor in Geology

19 hours in Geology

Required Courses
GEOL 1401 Physical Geology
GEOL 1402 Historical Geology
GEOG 2313 Physical Geography
GEOL 2401 Geomorphology or
GEOL 2402 Structural Geology
GEOL 3403 Oceanography

Minor in Geographic Information Systems

19 hours in Geology and Geographic Information Systems

GEOL 1401 Physical Geology
GEOL 1402 Historical Geology
GEOL 3406 Introduction to Geographic Information Systems
GEOL 4408 Applications of Geographic Information Systems
GEOL 4309 Problems in Geology and Geophysics
Minor in Physical Science (Option I)
22 hours in the physical sciences, of which 6 hours must be advanced.

Required Courses
CHEM 1301/1101 General Chemistry I
CHEM 1302/1102 General Chemistry II
PHYS 1401 General Physics
PHYS 1402 General Physics

Designated Electives
6 advanced hours in any combination of advanced courses in chemistry, geology, physical science and physics.

TOTAL 22 hours

Minor in Physical Science (Option II)
24 hours in the physical sciences, of which 8 hours must be advanced.

Required Courses
PSCI 1421 Physical Science
PSCI 1422 Physical Science
GEOL 1401 Physical Geology or
GEOL 1403 Environmental Geoscience I
GEOL 1402 Historical Geology or
GEOL 2401Geomorphology
GEOL 3403 Oceanography or
GEOL 3401 Mineralogy
PSCI 4311 Topics in Physical Science
PHYS 3101 Junior Laboratory

TOTAL 24 hours

Teacher Certification in Physical Science

Secondary Option II
24 hours in the physical sciences, of which 8 must be advanced.

Required Courses
CHEM 1301/1101 General Chemistry I
CHEM 1302/1102 General Chemistry II
PHYS 1401 General Physics
PHYS 1402 General Physics

Designated Electives
8 advanced hours in any combination of advanced courses in chemistry, physical science and physics.

TOTAL 24 hours

Secondary Option II
24 hours in the physical sciences, of which 8 must be advanced.

Required Courses
CHEM 1301/1101 General Chemistry I
CHEM 1302/1102 General Chemistry II
PHYS 1401 General Physics
PHYS 1402 General Physics

Designated Electives
8 advanced hours in any combination of advanced courses in chemistry and physics.

TOTAL 24 hours

Teacher Certification in Earth Science

Secondary Option I
36 hours in geology, of which 20 hours must be advanced.

Required Courses
GEOL 1401 Physical Geology
GEOL 1402 Historical Geology
GEOL 2401 Geomorphology
GEOL 2402 Structural Geology
GEOL 3401 Mineralogy
GEOL 3403 Oceanography
GEOL 3404 Stratigraphy-Sedimentation
GEOL 3405 Petrology

Designated Electives
4 additional advanced hours of geology.

TOTAL 36 hours

Secondary Option II
24 hours in geology, of which 12 hours must be advanced.
Required Courses
GEOL 1401  Physical Geology
GEOL 1402  Historical Geology
GEOL 2401  Geomorphology or
GEOL 2402  Structural Geology
GEOL 3401  Mineralogy
GEOL 3403  Oceanography
GEOL 3405  Petrology

TOTAL 24 hours

Students in either certification option should take, as recommended electives, 4 hours of astronomy and 3 hours of physical geography in preparation for the ExCET test.

Course Descriptions
A listing of courses offered by the Department of Physics and Geology can be found on pages 231 (GEOL) and 259-260 (PHYS).
Due to graphic file size, this photo has been removed.

A hard copy of the catalog in its entirety is available at the Office of Admissions & Records.
General Overview

The College of Social and Behavioral Sciences is composed of five departments: Criminal Justice, Military Science, Political Science, Psychology and Anthropology, and Sociology. The goals of the College of Social and Behavioral Sciences are based upon the importance for students that a liberal arts education has as the foundation for all university studies. Consequently, the college endorses the “Goals of a Liberal Arts Education” found on page 65 of this catalog.

Academic Programs

The college offers the Bachelor of Arts in Anthropology, Political Science and Psychology; the Bachelor of Science in Psychology and in Sociology; and the Bachelor of Science in Criminal Justice in two majors – Corrections and Police Administration.

Students may minor in anthropology, criminal justice, military science, political science, psychology or sociology. Secondary teacher certification is available in political science, psychology, social sciences and sociology. At the graduate level, students can earn master’s degrees in Criminal Justice, Psychology, Public Administration and Sociology. More information on master’s degrees is available in the Graduate Catalog.

The College of Social and Behavioral Sciences helps provide students with a liberal arts education by offering instruction in several areas. Students also can satisfy the General Education requirements for physical activity and social science courses (see pages 67-69) by taking classes within the college.

Additionally, the Department of Military Science provides Army Reserve Officers' Training Corps training that can lead to commissioning in the Army, Army Reserve or National Guard.

Fax: 956/381-2180

A hard copy of the catalog in its entirety is available at the Office of Admissions & Records.
• Interdisciplinary Programs

❖ Bachelor of Applied Arts & Sciences (BAAS)

• Program Description

The Bachelor of Applied Arts and Sciences (BAAS) is an inverted degree program specifically designed to allow individuals who hold an Associate of Applied Arts and Sciences degree from an accredited institution to earn a degree with a major in a technical or an occupational area. The BAAS degree will be awarded to individuals who successfully complete (a) the liberal arts-based general education requirement (48 hours), (b) one of the professional development sequences (36 hours), and (c) the occupational or vocational emphasis (48-51 hours) completed in meeting the requirements for an Associate of Applied Arts and Sciences degree.

• Program Requirements

**Academic Foundations**                          48 hours

Complete the General Education requirements as shown on pages 67-69 of this catalog.

**College Core**             9 hours

6 hours in 2 separate social science disciplines outside the major.
3 additional hours in either the same language or 3 hours of communication.

**BAAS Professional Development Sequences**

Before entering the BAAS Program, the student is assigned a degree counselor. With the advice of the degree counselor, the student selects one of the Professional Development Sequences, and a degree plan is placed on record. Sequences are as follows:

**Applied Business Technologies** 36 hours

Students selecting this sequence will receive preparation in areas that can be applied to different occupations.

**Required Courses** 18 hours

ECO 3356 Business Enterprise and Public Policy
MANA 3335 Organizational Communication
POLS 3323 Introduction to Public Administration
POLS 3324 Government Organizations and Administrative Theory or
POLS 3343 International Politics or
POLS 3314 State and Local Government
SOC 3324 Sociology of Health or
SOC 4352 Social Inequality
Any advanced elective in business, political science, or sociology

**Designated Electives** 6 hours

Complete one of the following groups:

**Group A**
MANA 3361 Principles of Management and Organizational Behavior
MANA 3362 Personnel Management

**Group B**
MARK 3371 Principles of Marketing
MARK 3373 Industrial Marketing

**Group C**
FINA 3381 Money and Banking (prereq. ECO 2354)
FINA 3386 Financial Institutions and Markets

**Electives** 12 hours

Select 12 hours of advanced non-business courses in conference with academic advisor.

**Liberal Arts** 36 hours

Students selecting this sequence may be prepared for careers in hotel/motel management or state/federal services in which skills in the use of modern languages are required.

**Required Courses** 18-24 hours

Language Other than English

Complete at least 12 advanced hours in the same language or 18 advanced hours in two languages (i.e., 6 and 12).

**Other**
MANA 3361 Principles of Management and Organizational Behavior
MANA 3362 Personnel Management

**Designated Electives** 12 hours

**Business** 3 hours of advanced electives in business

**Political Science**

Select at least 6 hours from the following:
POLS 3314 American State and Local Government
POLS 3323 Introduction to Public Administration
POLS 3324 Government Organization and Administrative Theory
POLS 4310 Comparative Public Administration
POLS 4320 American Constitutional Law: Federalism
POLS 4360 American Executive Process
POLS 4365 American Administrative Process
POLS 4367 American Judicial Process

**History**

Select 3 hours from the following:
HIST 4313 20th Century America, 1917 to the Present
HIST 4325 The American Southwest after 1821
HIST 4353 History of Mexican Culture
HIST 4354 Contemporary Mexico
HIST 4363  U.S.-Latin American Relations
HIST 4374  The Caribbean and Central America

Free Electives  6-0 hours
6-0 advanced hours, to be selected in conference with
academic advisor (hours required depend upon amount of
language taken above).

Occupational or Vocational Emphasis  48-51 hours
Occupational or vocational work completed as a part of BAAS
degree.

Other Requirements
At least 51 hours must be at the advanced level.

TOTAL          124 hours

❖ Baccalaureate in General
   Studies (BGS)

• Program Description
Students taking the Baccalaureate in General Studies will
complete a minimum of 124 hours with at least 45-54 hours of
advanced coursework. Students will develop their academic
programs in consultation with the Dean of the College of
Social and Behavioral Sciences and the academic advisors for
the department(s) involved.

• Program Requirements

General Education requirements:  48 hours
Complete the General Education requirements as shown
on pages 67-69 of this catalog

College Core  9 hours
6 hours in two separate social science disciplines outside
the major.
3 additional hours in either the same language or three
hours of communication.

Required Courses:  54 hours
Discipline #1  18 hours (minimum of 12 adv. hours)
Discipline #2  18 hours (minimum of 12 adv. hours)
Discipline #3  18 hours (minimum of 12 adv. hours)

The disciplines selected must come from those taught in
the colleges of Arts and Humanities, Science and
Engineering, and Social and Behavioral Sciences. The
following is a list of departments along with some
potential areas of study:

Art
Anthropology
Biology

Chemistry
Communication
   Journalism

O’Day, Patrick M., Assistant Professor

General Overview
The Department of Criminal Justice prepares the student to enter such careers as law enforcement, probation, parole, institutional corrections, youth services and police management at all levels of government. The well-rounded academic experience provided by the Department of Criminal Justice serves as a strong foundation for those students interested in graduate study in the social sciences.

The Department of Criminal Justice is one of the largest in Texas and enjoys an excellent reputation. Graduates have been successfully placed in agencies at all levels of government, in addition to pursing graduate work.

A criminal justice minor is also available to supplement the academic experience of students majoring in political science, sociology, psychology, business and related disciplines.

Students interested in a criminal justice career may select a major in criminal justice with one of two concentrations – Police administration or corrections. For further information, please contact the department at 956/381-3566.

• Degree Requirements

○ Major in Criminal Justice

• Corrections Concentration

The Bachelor of Science in Criminal Justice in Corrections is designed to prepare students for a career in adult or juvenile corrections. Students will be prepared for entry-level positions in correctional institutions, probation, parole and community-based correctional programs. The degree requires 124-129 semester hours, including an 18-hour minor and 45-54 advanced hours (3000- or 4000-level courses).

As part of the degree, students will complete 30 semester hours in criminal justice, 15 hours in social science support courses, 7-12 hours of electives, 3 hours of statistics, 3 hours additional modern language, the same language as taken in the University General Education Core, and an 18-hour minor. All majors will also complete 48 semester hours under the University General Education Core.

General Education Requirements 48 hours
Students will meet the University General Education Core requirements on pages 67-69 with the following deviations:

Modern Language: Must take 6 hours of the same language.

 Humanities and Visual and Performing Arts (Philosophy, or Modern or Classical Language Arts): Must take 3 hours of Philosophy-Professional Ethics for Criminal Justice.

Students must select one course each from

Criminal Justice Core Courses 9 hours
CRJ 1301 Introduction to Criminal Justice
CRJ 3303 Criminology
CRJ 3304 Criminal Justice Research Methods

Corrections Concentration Courses 12 hours
CRJ 2313 Correctional Systems and Practices
CRJ 2335 Legal Aspects of Corrections
CRJ 3345 Correctional Organization and Administration
CRJ 4343 Current Issues in Corrections

Criminal Justice Elective Groups 9 hours
(A minimum of 6 hours must be advanced and a minimum of 3 hours must be taken from each group.)

• Criminal Justice:
  CRJ 1306 Court Systems and Practices
  CRJ 1307 Crime in America
  CRJ 4361 Comparative Criminal Justice Systems
  CRJ 4362 Special Topics in Criminal Justice*
  CRJ 4363 Independent Studies in Criminal Justice*
  CRJ 4464 Field Internship Experience
  * Can be taken only once for credit.

• Corrections:
  CRJ 1313 Juvenile Justice System
  CRJ 3341 Probation and Parole
  CRJ 3344 Techniques of Interviewing
  CRJ 4341 Correctional Casework and Counseling

• Police Administration:
  CRJ 1310 Fundamentals of Criminal Law
  CRJ 2314 Criminal Investigation
  CRJ 2323 Legal Aspects of Law Enforcement
  CRJ 2326 Police-Community Relations
  CRJ 2328 Police Systems and Practices
  CRJ 4311 Police Organization and Administration
CRJ 4312 Police Supervision
CRJ 4313 Current Issues in Law Enforcement

Social Science Support Courses 15 hours total
Political Science 6 hours total

Group One: 3 hours
Select one course from the following:
POLS 4321 American Constitutional Law: Civil Liberties
POLS 4367 American Judicial Processes

Group Two: 3 hours
Select one course from the following:
POLS 3314 American State and Local Government
POLS 3316 American Public Policy
POLS 3323 Introduction to Public Administration
POLS 3324 Government Organization and Administrative Theory
POLS 3325 Public Personnel Administration
POLS 4384 Seminar in Local Government

*Can be taken once only for credit.

• Course Prerequisites
Enrollment in advanced level courses (3000 and 4000) requires having successfully completed a minimum of 45 semester hours, 9 of which must have been in criminal justice, for 3000-level courses and having completed 60 semesters or more, 12 of which must have been in criminal justice, for 4000-level courses or specific
permission by the instructor.

Course Descriptions
A listing of courses offered by the Department of Criminal Justice can be found on pages 212-214.

MILITARY SCIENCE

LTC. Wallace Cox Jr., Department Chair
Army Reserve Officers’ Training Corps (ROTC)
Southwick Hall
Room 207
Telephone: 956/381-3600
Fax: 956/381-3603
E-mail: rotc@panam.edu

Full-time Faculty
Miles, Michael G., Master Sergeant (R), Senior Military Instructor
Padilla, George, Captain, Assistant Professor of Military Science
Rivers, Christopher, LTC, Assistant Professor of Military Science
Rodriguez, Hector, Master Sergeant, Senior Instructor

General Overview
The departmental objective is to develop selected men and women with potential to serve as commissioned officers in the active Army, National Guard or Army Reserve. The leadership and management experience gained through the Army Reserve Officers’ Training Corps and service as a commissioned officer will benefit the student in civilian as well as in military science and national defense pursuits. Students in the program have the opportunity to:
1. enhance leadership and managerial potential;
2. attain basic understanding of military fundamentals and national security;
3. attain clear understanding of the concept of military art and science; and
4. develop a strong sense of personal honor, integrity and individual responsibility.

ROTC Faculty Advisory Committee
The Reserve Officers’ Training Corps (ROTC) Faculty Advisory Committee, composed of 9 advisors from different departments, serves as liaison with the Department of Military Science and helps provide guidance on career opportunities with the Army or Reserve/National Guard for students of other departments at The University of Texas-Pan American.

Army Scholarship Program
Students who meet prerequisites may compete for nationally or state-awarded U.S. Army scholarships that pay for tuition, books, fees and other purely educational costs and provide a tax-free monthly subsistence allowance for 10 months of each year the scholarship is in effect. Free room and board is available on campus for a limited number of students, with priority going to ROTC Scholarship winners. Several
application deadlines exist. Contact the Department of Military Science for details.

- **Veterans Assistance**
  Veterans who enroll in upper-level Military Science receive a tax-free monthly subsistence allowance for 10 months each of the two years, in addition to benefits provided by the Veterans Administration, Army Reserve or National Guard.

- **Simultaneous Membership Program (SMP)**
  Eligible students are allowed to participate with Army Reserve or the National Guard combined with College ROTC. In addition to Reserve or National Guard pay, the student receives ROTC pay. In the SMP, the student's pay will be elevated to the rank of E-5 (Sergeant) and the student will fill the position of a junior leader in that unit. Upon completion of a bachelor's degree and the ROTC program, the student may be commissioned in the Active Army, Army Reserve or National Guard in the rank of second lieutenant.

- **Departmental Activities**
  The Department of Military Science sponsors several extracurricular activities such as the annual Military Ball, Dining-Out, JROTC Day, Field Training Exercises and Guadalupe River canoe trip. Additional opportunities to participate in team events are available in Color Guard, Bronc Club and Ranger Challenge.

- **Army Training**
  Selected cadets enrolled in the course may be eligible to compete for attendance to either the Airborne, Air Assault, Northern Warfare, Mountain Warfare or Cadet Troop Leadership Training. Selection is based upon motivation, physical condition and performance in Military Science.

- **Minor in Military Science**
  The Department of Military Science offers a minor in military science and a commission as an officer in the Active Army, Army Reserve or Army National Guard through the Reserve Officers’ Training Corps (ROTC) program on the Edinburg campus.

- **No Commitment or Obligation for Lower Level Courses**
  Students need not seek a career in the U.S. Army to enroll in lower-level courses such as Marksmanship and First Aid, Survival and Land Navigation Training, and Basic Leadership, which provide the opportunity to increase individual skills and knowledge in leadership and management techniques in and outside the classroom. Lower-level courses also fulfill the physical education requirement for General Education.

- **Requirements for Advanced Military Science Standing and Commissioning**
  1. Complete four semesters of lower-level ROTC courses or have advanced credit as a veteran, or from USAR/ARNG Basic Training and ROTC Basic Camp, or have JROTC credit and approval.
  2. Maintain full-time student status.
  3. Pass a military physical examination.
  4. Pass the ROTC Physical Aptitude Examination.
  5. Maintain an overall grade point average of 2.0.
  6. Sign an Advanced ROTC and Commissioning Agreement.
  7. Successfully complete four semesters of advanced ROTC courses.
  8. Successfully complete ROTC Advanced Camp.
  9. Successfully complete an undergraduate degree program.
  10. Complete at least one departmentally approved Professional Military Education course from each of the areas listed: written communications skills, human behavior, computer literacy, mathematics and military history.

**Minor Requirements**
18 hours: ROTC 3202 plus 16 hours of advanced military science courses.

- **Course Descriptions**
  A listing of courses offered by the Department of Military Science can be found on page 269-270.
General Overview
Political Science majors and minors take courses in six fields:

- American Government and Politics, including local, state and national
- Comparative Government and Politics
- International Relations
- Methods of Political Science Research
- Political Theory
- Public Administration

Political science faculty and students are actively involved in such campus activities as pre-law advising, student government and other student political activities. Students majoring in political science may pursue active careers in public administration; law; national, state and local government; diplomatic services; journalism; and teaching.

Pre-Law
Although pre-law advising at UT Pan American is located in the Department of Political Science, any undergraduate major will offer a student the opportunity to prepare for law school. Students interested in a career in law should obtain the pre-law handout, available in the main office of the Department of Political Science (Social and Behavioral Sciences Building Room 208). For additional information, please contact Dr. J.L. Polinard at 956/381-3341.

Certificate of Legal Reasoning
As part of UTPA’s pre-law program, the University offers a Certificate in Legal Reasoning. Students can obtain this certificate by completing the following courses:

- PHIL 1320 Logic
- PHIL 2330 Ethics
- ENG 4325 Composition Techniques
- POLS 4320 American Constitutional Law: Federalism
- POLS 4321 American Constitutional Law: Civil Liberties
- PREL 4300 Legal Research & Writing I
- PREL 4301 Legal Research & Writing II

Degree Requirements

Major in Political Science
124 hours

General Education Requirements
48 hours
Complete the General Education requirements as shown on pages 67-69 of this catalog, including POLS 2313 and 2314 or POLS 2387 and 2388.

College and Departmental Core Requirements
15 hours

- 3 hours of modern language in the same language as taken to complete General Education Requirements
- 3 hours of social science in a discipline other than the discipline taken to meet the General Education social science requirement.
- 3 hours of Introductory Statistics (MATH/STAT 2330, PSY/ANTH 2401, SOC 2301, or QUMT 2341. MATH/STAT 2330 satisfies the General Education mathematics requirement.)
- 6 hours from two of the following three areas:
  - Introduction to Political Science (POLS 1333);
  - Introduction to Political Economy (POLS 2334);
  - Economics (ECO 1301, ECO 2301 or ECO 2302)

Designated Advanced Coursework
27 hours

- 6 hours in American Government and Politics
- 3 hours in Comparative Government
- 3 hours in International Relations
- 3 hours in Methods of Political Science Research (POLS 3330)
- 3 hours in Political Theory
- 3 hours in Public Administration
- 6 hours of advanced Political Science electives

Hours for Minor and Advanced Electives
34 hours
Minor in Political Science

18 hours in Political Science, of which 9 hours must be advanced.

Required Courses
- POLS 2313 United States and Texas Government and Politics
- POLS 2314 United States and Texas Government and Politics

Designated Electives
- POLS 1333 Introduction to Political Science
- POLS 2334 Political Economy

9 advanced hours in Political Science.

* Teacher Certification in Political Science
  Secondary Plan I:
  Students must major in Political Science to be certified to teach political science/government.
  Requirements are the same for political science major with the following stipulations:
  1. 9 hours in advanced American Government and Politics
  2. 3 hours of advanced Political Science electives, which can be any 3000- or 4000-numbered Political Science course.
  3. A 2.5 cumulative GPA in all Political Science courses.
  4. A “C” or better in every Political Science course taken.

Secondary Plan II:
No certification plan is offered to political science minors.

* Teacher Certification in Social Sciences:
  Secondary Plan II:
  129 hours
  75 hours in Social Sciences and Education.
  This is an interdisciplinary program designed specifically for students seeking certification in the Social Sciences in order to teach government, history and economics at the secondary level.

General Education Requirements
48 hours
Complete the General Education requirements as shown on pages 67-69 of this catalog.

College of Social and Behavioral Sciences Requirements
6 hours
3 hours of modern language (in the same language as taken to satisfy the General Education language requirements).
3 hours of social science in a discipline other than political science or the discipline taken to satisfy the General Education requirements.

Required Basic Courses: (beyond General Education courses) 12 hours
- ECON 2301 Principles of Economics I*
- ECON 2302 Principles of Economics II
- HIST 2313 American Heritage I*
- HIST 2314 American Heritage II*
- HIST 2332 World Civilization I
- HIST 2333 World Civilization II
- POLS 2313 United States and Texas Government and Politics*
- POLS 2314 United States and Texas Government and Politics*
- POLS 2334 Introduction to Political Economy

* Part of the 48-hour General Education requirements

Required Advanced Courses 30 hours
- HIST 3303 Geography and Environment
- HIST 3330 A General Survey of the History of Texas
- HIST 3332 Historiography and Methods
- EDCI 4301 Foundations in Education
- EDCI 4302 Educational Psychology
- EDCI 4307 Secondary Curriculum: Internship I
- EDCI 4308 Advanced Secondary Curriculum: Internship II
- EDCI 4641 Secondary Internship
- READ 4351 Developmental Reading in Secondary Schools

Designated Advanced Electives 33 hours
History: Select 12 advanced hours in history. Three hours must be selected from each of the three following history fields: American, Latin American, European.

Political Science:
Select 15 advanced hours in political science. Nine hours must be from the following designated courses:
- POLS 3314 American State and Local Government
- POLS 3316 American Public Policy
- POLS 3333 Classical Political Theory
- POLS 4320 American Constitutional Law: Federalism*
- POLS 4321 American Constitutional Law: Civil Liberties*
- POLS 4332 American Political Theory
- POLS 4360 American Executive Process
- POLS 4363 American Legislative Process
- POLS 4367 American Judicial Process*
- POLS 4373 American Political Parties and Politics
- POLS 4374 Public Opinion and Political Behavior

*Only one course from POLS 4320, 4321 and 4367 may be counted toward fulfilling the 9-hour requirement.

Economics:
Select 6 hours from the following designated courses:
- ECON 3351 Macroeconomic Theory
ECON 3352  Microeconomic Theory
ECON 3355  Economic Development
ECON 4359  History of Economic Thought

Total Required for Graduation  129 hours

Additional Requirements
1. Students must have a 2.5 cumulative GPA in their history, political science and economics courses.
2. Students must have a “C” or better in each of their history, political science and economics courses.

Montgomery, Gary T., Professor
Winkel, Mark H., Associate Professor
Wisener, Robert H. III, Assistant Professor

General Overview of Psychology
A major is offered in psychology with either a Bachelor of Arts or a Bachelor of Science degree. A demand exists for baccalaureate psychology graduates in public and private agencies dealing with human relations.

However, the more challenging and specialized fields in psychology usually require further study beyond the bachelor’s degree. High academic standards are required of those students planning to do graduate work, and the BS program is designed to ensure that students planning further study acquire a background that will maximize their chances.
of success in graduate school. Training in research methods, statistics and theory are required of all majors. According to their own interests, majors take further courses in the areas of clinical, experimental, community, social and developmental psychology. Students pursuing the BS degree also take further courses in the natural sciences and computer science.

Whenever possible, students are involved in the many ongoing research programs of the department, giving them practical experience in the discipline.

In addition, the department offers a minor in psychology.

Mission Statement

The Department of Psychology and Anthropology is an academic administrative unit within the College of Social and Behavioral Sciences at The University of Texas-Pan American. The department has been established to facilitate accomplishing the University mission to meet the higher education needs of the citizenry of South Texas and the State of Texas. The department is committed to excellence in instruction, student performance, research, scholarly accomplishment and professional service in the disciplines constituting psychology and anthropology.

The Department of Psychology and Anthropology strives to fulfill its responsibilities by providing quality undergraduate academic programs in anthropology and psychology. The department also provides instruction leading toward teacher certification in psychology. At the graduate level, the department provides opportunities for students with baccalaureate degrees to pursue advanced study in clinical and experimental psychology. (More information on graduate programs is available in the Graduate Catalog.) The department is committed to providing an environment of academic freedom and academic responsibility so that faculty may develop and implement successful teaching activities that ensure high standards of instruction and student performance.

The Department of Psychology and Anthropology recognizes that its faculty have a commitment to those research and creative activities indicative of scholarly excellence. The department attempts to nurture and support such activities so that faculty may maintain currency in their knowledge of subject matter, vibrancy in their teaching, dedication to their respective disciplines, and interest in extending the boundaries of human knowledge and understanding.

The Department of Psychology and Anthropology is also committed to providing effective instructional opportunities for all students at the University, regardless of their major area of concentration. The department attempts to meet this goal by providing students with instruction in several areas of study that ground the liberal arts tradition. To this end, the department provides instructional opportunities for all students to develop further the following characteristics indicative of a university-educated person:

1. An inquiring attitude that acknowledges the many-sided nature of most important questions, recognizes the need to examine inherited judgments, and reveals a desire for continued learning and creative expression.

2. The ability to use words accurately and effectively, and to communicate clearly in oral and written formats.

3. The ability to analyze complex problems and to synthesize facts and ideas.

4. An appreciation for the responsibilities of the individual to family and society; skill in serving as a constructive member in groups and organizations; sensitivity to the need for informed, independent, moral and ethical decisions.

5. Knowledge of political and social systems in the United States and other nations, and their interrelationships.

6. An understanding of self, along with an empathy for the strengths, weaknesses, rights and needs of others, as well as the ability to relate to others with human understanding.

The Department of Psychology and Anthropology is also committed to sponsoring service activities that meet the intellectual and cultural interests of the University and the community that the University serves.

Degree Requirements

Major in Psychology

(BA Degree)

General Education Requirements 48 hours
Complete the General Education requirements as shown on pages 67-69 of this catalog.

College Core 9 hours
6 hours in two separate social science disciplines outside the major.

3 additional hours in either the same language or 3 hours of communication.

Core Courses 16 hours
- PSY 1310 Introduction to Psychology
- PSY 2401 Basic Statistics for Psychologists
- PSY 3325 Research Methods
- PSY 3343 Tests and Measurements in Psychology
- PSY 4313 Abnormal Psychology

Electives 15 hours
Select 15 hours of psychology courses, 9 of which must be advanced.

Other requirements for BA or BS degree in Psychology:

Please be aware of the "Requirements for a Bachelor’s Degree" enumerated on pages 45-46. These include completion of a total of 124 hours of coursework, completion of a minor, and completion of a minimum of 45-54 hours of upper-level (3000/4000) coursework.
O Major in Psychology  
(BS Degree)

General Education Requirements  48 hours  
Complete the General Education requirements as shown on pages 67-69 of this catalog.

College Core  9 hours  
6 hours in two separate social science disciplines outside the major.

3 additional hours in either the same language or 3 hours of Communication.

Core Courses  13 hours  
PSY 1310  Introduction to Psychology  
PSY 2401  Basic Statistics for Psychologists  
PSY 3325  Research Methods  
PSY 3343  Tests and Measurements in Psychology

Designated Electives  18 hours  
1. Select one course from each of the following sets:  12 hours  
PSY 4313  Abnormal Psychology or  
PSY 4333  Theories of Personality  
PSY 3353  Physiological Psychology or  
PSY 3373  Sensation and Perception  
PSY 4319  Cognitive Processes or  
PSY 4320  Memory  
PSY 4318  Theories of Learning or  
PSY 4363  Systems and Theories in Psychology

2. Select one course from the following:  3 hours  
PSY 3324  Social Psychology  
PSY 2336  Developmental Psychology: Adolescence  
PSY 3337  Developmental Psychology: Lifespan  
PSY 3332  Developmental Psychology: Infancy and Childhood  
PSY 3333  Psychology of Adulthood: Maturity and Old Age

3. Select one course from the following:  3-4 hours  
PSY 2331  Psychology of Disability  
PSY 3340  Stress Management  
PSY 3345  Psychology of Learning  
PSY 3405  Behavior Modification

Electives  6 hours  
Select 6 hours of Psychology courses.

Other Requirements  11-20 hours  
1. Select two sequences from the following:  
BIOL 1401  General Biology and  
BIOL 1402  General Biology

CHEM 1301/1101  General Chemistry/General Chemistry Lab and
CHEM 1302/1102  General Chemistry/General Chemistry Lab
PHYS 1401  General Physics and
PHYS 1402  General Physics

NOTE: One of the sequences may be taken as a part of the General Education requirements above.

2. Select one additional course from the following:  
A biology, chemistry or physics course that is sophomore (2000) level or higher, or a computer science course above CSCI 1300.

Other Requirements  
Completion of 15 hours of advanced coursework in psychology as a part of the requirements noted above.

Please be aware of the "Requirements for a Bachelor's Degree" enumerated on pages 45-46. These include completion of a total of 124 hours of coursework, completion of a minor, and completion of a minimum of 45-54 hours of upper-level (3000/4000) coursework.

O Minor in Psychology

18 hours in Psychology, of which 6 must be advanced.

Required Course  
PSY 1310  Introduction to Psychology

• Teacher Certification in Psychology

Secondary Option II  
24 hours in psychology, of which 12 must be advanced

Required Course  
PSY 1310  Introduction to Psychology

Course Descriptions  
A listing of Psychology courses can be found on pages 264-266.
The Anthropology Program is committed to providing graduate hours outside one’s field of study to earn a interdisciplinary master’s degree and to fulfill required opportunities for students with baccalaureate degrees anthropology, physical anthropolog, and archaeology. Special topics courses are also available in advanced folklore, anthropological theory and methods and New World archaeology.

A major or minor in anthropology is particularly appropriate for professionals who plan to practice in South Texas or a comparable area made special by the meeting of different cultures. Anthropology also provides an excellent preparation for careers in international business, government, politics, criminal justice, social work and medicine or other health-related professions. The more specialized fields in anthropology usually require further study beyond the bachelor’s degree.

**Mission Statement**

The Anthropology Program is an academic unit within the College of Social and Behavioral Sciences at The University of Texas-Pan American. The program has been established to facilitate accomplishing the University’s mission to meet the higher education needs of the citizenry of South Texas and the State of Texas. The program is committed to excellence in instruction, student performance, research, scholarly accomplishment and professional service in the discipline of anthropology.

The Anthropology Program strives to fulfill its responsibilities by providing quality undergraduate academic programs in anthropology. Emphasis is placed on exposing students to a holistic approach to anthropology that incorporates the three major subfields – cultural anthropology, physical anthropolog, and archaeology. At the graduate level, the program provides opportunities for students with baccalaureate degrees to fulfill an anthropology concentration for an interdisciplinary master’s degree and to fulfill required graduate hours outside one’s field of study to earn a master’s degree in various disciplines at the University. The Anthropology Program is committed to providing an environment of academic freedom and academic responsibility so that faculty may develop and implement successful teaching activities that ensure high standards of instruction and student performance.

The Anthropology Program recognizes that its faculty have a commitment to those research and creative activities indicative of scholarly excellence. The program attempts to nurture and support such activities so that faculty may maintain currency in their knowledge of subject matter, vibrancy in their teaching, dedication to their respective disciplines, and interest in extending the boundaries of human knowledge and understanding.

The Anthropology Program is also committed to providing effective instructional opportunities for all students at the University, regardless of their major area of concentration. The program attempts to meet this goal by providing students with instruction in several areas of study that ground the liberal arts tradition. To this end, the program provides instructional opportunities for all students to develop further the following characteristics indicative of a university-educated person:

1. Learning about anthropology fosters an inquiring attitude that acknowledges the many-sided nature of most important questions, recognizes the need to examine inherited judgments and reveals a desire for continued learning and creative expression.
2. A holistic approach to anthropology hones a person’s ability to use words accurately and effectively and to communicate clearly in oral and written formats.
3. Anthropological thinking nurtures the ability to analyze complex problems and to synthesize facts and ideas.
4. Exposure to the field of anthropology encourages an appreciation for the responsibilities of the individual to family and society; skill in serving as a constructive member in groups and organizations; and sensitivity to the need for informed, independent, moral and ethical decisions.
5. Learning about anthropology increases knowledge about political and social systems in the United States and other nations, and their interrelationships; such multicultural perspectives can foster greater understanding, tolerance and respect for different lifestyles and viewpoints.
6. Anthropology encourages an understanding of self, along with an empathy for the strengths, weaknesses, rights and needs of others, as well as the ability to relate to others with human understanding.

The Anthropology Program is also committed to sponsoring service activities that meet the intellectual and cultural interests of the University and the community that the University serves.

**Degree Requirements**

The department offers a major in anthropology leading to the Bachelor of Arts degree.

**Major in Anthropology**

**General Education Requirements**

Complete the General Education requirements as shown on pages 67-69 of this catalog.
College Core
6 hours in two separate social science disciplines outside the major.
3 additional hours in either the same language or 3 hours of Communication.

Core Courses
ANTH 1323 Introduction to Cultural Anthropology
ANTH 1324 Human Evolution
ANTH 1342 Introduction to Archaeology
ANTH 1353 Introduction to Folklore
ANTH 4345 Anthropological Theory and Methodology

Designated Electives
Select 21 hours from anthropology; a substitution for one 3-hour course may be chosen from the following list of related courses.

Related courses:
ENG 3319 Descriptive Linguistics
ENG 3321 Language and Culture

Other Requirements
A minimum of 18 hours in anthropology must be at the advanced level.

Please be aware of the “Requirements for a Bachelor’s Degree” enumerated on pages 45-46. These include completion of a total of 124 hours of coursework, completion of a minor, and completion of a minimum of 45-54 hours of upper-level (3000/4000) coursework.

Minor in Anthropology
18 hours in Anthropology, of which 6 hours must be advanced.

Required Courses
ANTH 1323 Introduction to Cultural Anthropology
ANTH 1324 Human Evolution
ANTH 4345 Anthropological Theory and Methodology

Course Descriptions
A listing of Anthropology courses can be found on pages 188-190.
• Degree Requirements

ساسياسية

General Education Requirements 48 hours
Complete the General Education requirements as shown on pages 67-69 of this catalog.

College of Social and Behavioral Sciences Requirements 9 hours
6 additional hours of Social Science courses in 2 separate Social Science disciplines (anthropology, criminal justice, economics, political science or psychology) outside sociology.

3 hours in the same modern language used to satisfy the General Education requirement or 3 hours of Communication (COMM 1303, 1313).

Core Courses 15 hours
SOC 1313 Principles of Sociology
SOC 2301 Statistics for the Behavioral Sciences
SOC 3301 Methods of Social Research
SOC 4333 Social Theory
SOC 4352 Social Inequality

Designated Electives 15 hours
Select 15 hours of Sociology, of which at least 9 hours must be advanced.

Other requirements for BA in Sociology:
Please be aware of the “Requirements for a Bachelor's Degree enumerated on pages 45-46. These include completion of a total of 124 hours of coursework, completion of a minor, and completion of a minimum of 45-54 hours of upper-level (3000/4000) coursework.

ساسياسية

Minor in Sociology

18 hours in Sociology, of which 9 hours must be advanced; must include the following:
SOC 1313 Principles of Sociology
SOC 4333 Social Theory or
SOC 4352 Social Inequality

Minor in Sociology with Teacher Certification

Secondary Option II:
24 hours in Sociology. Required:
SOC 1313 Principles of Sociology
SOC 1323 Current Social Issues
SOC 4310 Sex Roles in Contemporary America
SOC 4323 The Mexican-American People

Course Descriptions
A listing of courses offered by the Department of Sociology can be found on pages 270-272.
Due to graphic file size, this photo has been removed.

A hard copy of the catalog in its entirety is available at the Office of Admissions & Records.
Every course at The University of Texas-Pan American is identified by a subject code with a maximum of four letters and a four-digit number that specifies the level and the number of hours of credit for the course.

Course numbers show both the collegiate level at which they are offered and the semester hour value of the course. The first digit shows the level and the second digit shows the credit hours. The last two digits are departmental designations. For example, SPAN 1301 is a Spanish course given in the freshman year that carries three hours of credit per semester. All undergraduate courses ending in the numbers 87 and 88 are honors courses.

For more information on course numbering, see page 35. The subject codes listed below correspond to the following subjects and departments:

Accounting

ACC 2329 Fundamentals of Managerial Accounting [3-0]
(Texas Common Course Number is ACCT 2301.)
Fall, Spring, Summer
Introduction to financial statements and product costing for manufacturing concerns, organizational planning and budgeting, cost control and responsibility accounting. Prerequisite: ACC 2421 with a grade of "C" or better.

ACC 2421 Introduction to Financial Accounting [4-0]
(Texas Common Course Number is ACCT 2401.)
Fall, Spring, Summer
The course discusses the accounting environment; the accounting model; business transaction analysis and financial statement preparation; financial statement analysis; accounting for assets, liabilities and owners' equity in proprietorships and corporations. Mandatory lab, two hours per week. Prerequisite: MATH 1340 or MATH 1321 with a grade of "C" or better.

ACC 3300 Internship in Accounting [3-0]
Fall, Spring, Summer
This course is designed to give students an opportunity to gain real world experience in their chosen career field by working with a participating employing firm or organization. The students will be supervised by a faculty member acting as a liaison between the employing organization and the academic department to assure compliance with specific learning and experience requirements for the assignment. The employment can be either paid or unpaid, and must be at least 10 hours of work each week over the period of one academic term. Prerequisites: Upper-division standing and approval by both department chair and employer providing internship experience.

ACC 3320 Cost Accounting [3-0]
Fall, Spring, Summer
Basic cost accounting concepts and techniques, with an emphasis on providing information for management decision making. Topics include job and process costing, cost-volume-profit analysis, budgeting, standard costs and variance analysis, direct costing, cost behavior, discretionary costs and relevant costs. Prerequisite: ACC 2329 with a grade of "C" or better.

ACC 3321 Intermediate Accounting I [3-0]
Fall, Spring, Summer
A study of the accounting process and financial statements, including a thorough examination of the procedures involved in financial statement presentation as well as the underlying theory; a detailed study of current assets and current liabilities. Prerequisite: ACC 2329 with a grade of "C" or better.

ACC 3322 Intermediate Accounting II [3-0]
Fall, Spring, Summer
Continuation of the examination of the accounting process with emphasis on non-current assets and liabilities including pensions and leases. Prerequisite: ACC 3321 with a grade of "C" or better.

ACC 3323 Income Tax Procedure [3-0]
Fall, Spring, Summer
Analysis of federal tax laws, with emphasis being placed on the determination of net taxable income and the preparation of income tax returns for individuals. Prerequisite: ACC 2329 with a grade of "C" or better.

ACC 3325 Fund Accounting [3-0]
Fall, Spring or Summer
The special features of fund accounting as applied to not-for-profit entities, municipalities, school districts and other governmental units. Prerequisite: ACC 2421 with a grade of "C" or better.

ACC 3326 Accounting Information Systems [3-0]
Fall, Spring, Summer
Basic concepts and techniques associated with the analysis, design and installation of manual and computerized accounting information systems. Prerequisites: ACC 3321 and CIS 1301.

ACC 3327 Fundamentals of Auditing [3-0]
Fall, Spring, Summer
A survey of auditing standards and procedures applied by public accountants and internal auditors in examining financial statements and verifying underlying data. The scope of this course includes elements of operational auditing. Prerequisites: ACC 3322 with a grade of "C" or better and credit or concurrent enrollment in QMT 3342.

ACC 3328 Advanced Cost Accounting [3-0]
Fall or Spring
A continuation of ACC 3320. Topics include cost allocations, process costing with spoilage and scrap losses, decentralization, inventory control, mix-and-yield variance analysis and quantitative subject areas such as linear programming and regression analysis. Prerequisite: ACC 3320 with a grade of "C" or better.

ACC 3329 Intermediate Accounting III [3-0]
Fall, Spring
Continuation of the examination of the accounting process with emphasis upon equity accounts of corporations and partnerships; introduction to corporate taxation, nonprofit accounting and other special topics. Prerequisite: ACC 3322 with a grade of "C" or better.

ACC 3350 Introduction to International Accounting [3-0]
Fall, Spring
Examines similarities and differences between accounting in the United States and those of other countries. Considers accounting for foreign currency translation, inflation, consolidation of foreign subsidiaries and taxation. Considers
the impact of the local environment on accounting-related activities and the analysis of financial statements.
Prerequisites: ACC 2329 and INTB 3330.

NOTE: All 4000-level Accounting courses are limited primarily to students who are in conformity with Accounting major admission standards and receive permission of department chair.

ACC 4323 Contemporary Accounting Theory [3-0]
Fall or Summer
Contemporary advanced accounting and auditing theory, including controversial issues, with emphasis on income determination and asset valuation; particular attention is given to current publications of professional and governmental agencies. Prerequisite: ACC 3322 with a grade of “C” or better.

ACC 4327 Advanced Auditing (Auditing II) [3-0]
Fall, Spring
An advanced study of selected standards of auditing. The course emphasizes new topics in auditing, cases, readings and problems used to illustrate applications of auditing. Included are such topics as statistical sampling, auditing effects of EDP, internal auditing functions, operational auditing and work paper techniques. Prerequisite: ACC 3327 with a grade of “C” or better.

ACC 4329 Corporate & Partnership Taxation [3-0]
Fall, Spring
Comprehensive analysis of federal income tax consequences applicable to business entities. Tax law topics for regular Subchapter C and Subchapter S corporations and partnerships will be discussed. Multistate and international tax topics may also be covered. Prerequisite: ACC 3323 or consent of department.

ACC 4330 Advanced Accounting I [3-0]
Fall, Spring
A study of the theory and techniques of accounting for partnerships and consolidated financial statements. Prerequisite: ACC 3322 with a grade of “C” or better.

ACC 4331 Advanced Accounting II [3-0]
Fall, Spring
A study of selected accounting topics. This course will have variable content and may be repeated for credit with consent of instructor. Prerequisite: ACC 3322 with a grade of “C” or better.

ACC 4332 Advanced Income Tax Research [3-0]
Fall, Spring
A course to acquaint the student with the organization of the Internal Revenue Service and its relation to practice, tax research techniques, and ethical tax advice and reporting. Prerequisite: ACC 3323 or consent of department.

ACC 4333 Estate and Gift Taxation [3-0]
Fall, Spring
Topics related to estate, gift and trust taxation will be included. Integration of these taxes with income taxes and personal financial plans also will be explored. Prerequisite: ACC 3323 or consent of department.

Anthropology

ANTH 1323 Introduction to Cultural Anthropology [3-0]
Fall, Spring, and As Scheduled
An introduction to cultural anthropology. Major aspects of culture (social organization, economics, religion, etc.), cultural patterns and socio-cultural change are emphasized.

ANTH 1324 Human Evolution [3-0]
Fall, Spring
An introduction to human evolution, hominid morphology, human variation and prehistoric development. A survey of the biological and cultural evolution of human beings to the present.

ANTH 1342 Introduction to Archaeology [3-0]
Fall, Spring
General introduction to the field of archaeology. Emphasis on methods of data collection, analysis and a world review of major events in the development of past human civilizations. Previous Course Number: ANTH 2342. Credit may be received for only one course.

ANTH 1353 Introduction to Folklore [3-0]
Fall and As Scheduled
General introduction into the field of folklore data including collection, preservation, analysis and interpretation according to the main social science theories of folklore. Emphasis on folk music, narrative, drama, art, medicine and material culture. Previous Course Number: ANTH 2353. Credit may be received for only one course.

ANTH 2323 Mexican-American Culture [3-0]
Fall and As Scheduled
An introduction to the culture and tradition of Mexican-Americans. The cultural history, organization of the family, traditions, lifestyle, kinship patterns, values and social organization of Chicano culture will be emphasized.

ANTH 2401 Basic Statistics for Anthropologists [3-0]
Fall, Spring, and As Scheduled
A practical study of the procedures used in handling psychological and sociological data including descriptive statistics, central tendency, variation, correlation and inference. Equivalent Course: May be counted as PSY 2401; a student may receive credit in only one course. Prerequisites: MATH 1340 and 6 hours from the following: ANTH 1323, ANTH 1324, ANTH 1342; PSY 1310.
ANTH 3333 United States and Other World Cultures [3-0]
Fall, Spring, and As Scheduled
This course is concerned with the many aspects of human culture – including traditions, customs, folkways and religious beliefs – on local, national and worldwide levels. It explores topics ranging from roles and responsibilities within the family unit to the interaction of different cultures with their social and physical environment. As the course assesses important contributions of various past and present cultures, considerable emphasis is placed on similarities and differences between the United States and other world cultures. Prerequisite: 3 hours from any of these areas: anthropology, economics, psychology or sociology, or consent of instructor.

ANTH 3343 Museum Studies [3-0]
Fall, Spring
Provides students with practical, "hands-on" experience through active participation in museum work alongside museum professionals. While performing a variety of tasks, each student will receive instruction concerning key features common to all museums such as policies and procedures; artifact cataloging, care and conservation; exhibit preparation; and education programs and publicity. May be repeated for a total of 6 hours credit. Prerequisite: 6 hours of anthropology and consent of instructor.

ANTH 3344 Archive Studies [3-0]
Fall, Spring
Students gain practical, firsthand experience by actively working alongside professionals within a variety of archival situations. While working with collections as diverse as photographic archives, historic documents and newspapers, and the computerized Rio Grande Valley Folklore Archive, each student will receive instruction in proper policies and procedures for the collection, study, cataloging and conservation of archive materials. May be repeated for a total of 6 hours credit. Prerequisites: 6 hours of anthropology and consent of instructor.

ANTH 3363 Archaeological Method and Theory [3-0]
Spring, even years
Reviews major theoretical orientations from an historical perspective with an emphasis on current approaches. Examines major aspects of archaeological methodology including excavation and laboratory procedures, sampling strategy, dating techniques, and floral and faunal analysis. Prerequisite: ANTH 1342 or consent of instructor.

ANTH 3368 Peoples of South America [3-0]
Spring, even years
A study of societies native to the South American continent from the time of the first Western contact to the present. Considerable emphasis is placed on their interactions with environments as diverse as the high Andes and the Amazon basin. Prerequisite: ANTH 1323 or consent of instructor.

ANTH 3375 Mexican-American Folklore [3-0]
Spring, even years
This course is designed to introduce Mexican-American folklore. The course includes the study of Chicano legends, folk tales, riddles, folk music, ballads and festivals. Students have the opportunity to learn how to collect and archive folklore materials. Prerequisite: ANTH 1353 or consent of instructor.

ANTH 3380 Social Anthropology [3-0]
Fall, even years
A cross-cultural review of kinship, economic and political organization. The course will review rules of marriage, descent groups, reciprocity, bands, tribes and chiefdoms, among other topics. Prerequisite: ANTH 1323 or ANTH 2323 or consent of instructor.

ANTH 4302 Primate Behavior [3-0]
Spring, odd years
A review of the behavior of selected representatives of the order Primates, based upon research conducted both in the laboratory and in the field. In addition, students will collect and analyze data on a representative primate group at the Gladys Porter Zoo in Brownsville. Equivalent Course: May be counted as PSY 4302; a student may receive credit for only one course. Previous Course Number: ANTH 3384; a student may receive credit for only one course. Prerequisites: PSY 1310 and PSY 3383, or ANTH 1324, or consent of instructor.

ANTH 4345 Anthropological Theory and Methodology [3-0]
Spring, odd years
Instruction in the methodology (interviewing, participant observation, network analysis, etc.) and theoretical perspectives of anthropology. Prerequisite: 6 hours of anthropology.

ANTH 4348 Peoples and Cultures of Mexico [3-0]
Spring, odd years
This course provides an introduction to the diverse peoples and cultures of Mexico and Central America. The traditions, beliefs and practices of different cultures will be examined through an emphasis on the ethnography and ethno-history of indigenous cultures of the region. Prerequisite: 6 hours of anthropology or consent of instructor.

ANTH 4353 Folklore of the Lower Rio Grande Valley [3-0]
Fall, even years on an arranged basis
A field research approach to the folklore of the Valley. A review of the legends, fairy tales, ballads, proverbs, riddles and folklife of the Lower Rio Grande Valley. Prerequisites: ANTH 1353 or ANTH 3375 and consent of instructor.

ANTH 4355 Psychology and Mythology [3-0]
Fall, odd years
This course will study the impact and interrelationships of psychological thought and mythological theory. The impact of the theories of Freud, Adler, Jung, Levi-Strauss and others on
mythology will be studied. Equivalent Course: PSY 4355; a student may receive credit in only one course. Prerequisite: ANTH 1323, ANTH 1353, PSY 1310 or consent of instructor.

ANTH 4365 Archaeology of South America [3-0]  
Fall, odd years  
A study of the prehistory of South America, with an emphasis on the Andean area. Cultural development will be traced from the time of the first inhabitants through the Incas. The development of complex societies leading up to the Incas will be emphasized. Prerequisite: ANTH 1342 or consent of instructor.

ANTH 4369 Archaeology of Mexico and Central America [3-0]  
Fall, even years  
A study of the prehistory of Mexico and Central America beginning with the first cultures to inhabit the area and ending with the arrival of the Spanish. Major civilizations of the area, including the Olmecs, Mayas and Aztecs, will be emphasized. Prerequisite: ANTH 1342 or consent of instructor.

ANTH 4374 Archaeology of North America [3-0]  
Spring, odd years  
A study of the prehistory of North America north of Mexico. The course deals with cultural development from the time of the initial peopling of the New World until the arrival of Columbus. Major cultural developments in the southwestern and eastern U.S. will be emphasized. Prerequisite: ANTH 1342 or consent of instructor.

ANTH 4385 Topics in Anthropology [3-0]  
As Arranged  
Topics are varied according to availability of faculty and student interest. Course can be repeated as topics change. Prerequisites: 6 hours of anthropology and consent of instructor.

ANTH 4395 Fieldwork in Anthropology  
As Arranged  
Students gain practical experience by participating in anthropological research projects that involve fieldwork. Each student will work closely with one or more professionals. This will enable students to receive both instruction about the specific topic under investigation and practical experience in applying appropriate field research methods. May be repeated for a total of 9 hours credit as topics change. Prerequisites: 6 hours of anthropology and consent of instructor.

Art

ART 1301 Art Appreciation [3-0]  
(Texas Common Course Number is ARTS 1301.)  
Fall, Spring, Summer  
Values and meanings in the visual arts. This is a general art lecture course concentrating on development and differences in artistic style.

ART 1311 Drawing I [3-0]  
(Texas Common Course Number is ARTS 1316.)  
Fall, Spring, Summer  
Introduction to drawing, including work in a variety of drawing media. Basic concepts are explored. A minimum of 3 hours of outside assignments per week is required. $4 laboratory fee.

ART 1331 Design I [3-0]  
(Texas Common Course Number is ARTS 1311.)  
Fall, Spring, Summer  
Principles of design and development of design structures on two-dimensional surfaces. A minimum of 3 hours of outside assignments per week is required. $4 laboratory fee.

ART 1332 Digital Typography [3-0]  
Fall, Spring  
An introduction to the study of letterforms, their application in design and technical translation to computers. This course will utilize type as the basic material of graphic communications taking the place of image, design, illustration, or photography to convey a message. The final project will cover font design by the manipulation of existing typefaces. Development of concept, content and execution is stressed. A minimum of 3 hours of outside assignments per week is required. $4 laboratory fee.

ART 2303 Jewelry/Metalworking I [3-0]  
(Texas Common Course Number is ARTS 2341.)  
Fall, Spring  
Instruction is given in the use of hand tools, metals handling and creative use of shop equipment. Emphasis is on creative artistic expression focusing on jewelry as a portable art form. Other materials are considered. A minimum of 3 hours of outside assignments per week is required. $4 laboratory fee.

ART 2312 Drawing II [3-0]  
(Texas Common Course Number is ARTS 2380.)  
Fall, Spring  
The human figure as expressive subject matter in drawing. A minimum of 3 hours of outside assignments per week is required. Prerequisite: ART 1311. $4 laboratory fee.

ART 2321 Painting I [3-0]  
(Texas Common Course Number is ARTS 2316.)  
Fall, Spring  
Introduction to water painting media involving individual development and invention. A minimum of 3 hours of outside assignments per week is required. Prerequisites: ART 1311 and ART 1331. $4 laboratory fee.

ART 2322 Painting II [3-0]  
(Texas Common Course Number is ARTS 2317.)  
Spring and As Scheduled  
An introduction to oil and/or acrylic painting techniques working from nature and the living model. Observation and interpretation are stressed. A minimum of 3 hours of outside assignments per week is required. Prerequisites: ART 1311.
and ART 1331. $4 laboratory fee.

ART 2332 Design II [3-0]
(Texas Common Course Number is ARTS 1312.)
Spring, Summer
Three-dimensional design includes investigation into the phenomena existing in the three-dimensional arts. A variety of materials handling and creative methods for the purposes of creating a three-dimensional form are considered. A minimum of 3 hours of outside assignments per week is required. Prerequisite: ART 1331. $4 laboratory fee.

ART 2341 Sculpture I [3-0]
(Texas Common Course Number is ARTS 2326.)
Fall
Introductory course in sculptural concepts through basic sculptural media. A minimum of 3 hours of outside assignments per week is required. Prerequisite: ART 2332. $4 laboratory fee.

ART 2351 Art Survey I [3-0]
(Texas Common Course Number is ARTS 1303.)
Fall
Historical survey of art from Paleolithic through the Middle Ages.

ART 2352 Art Survey II [3-0]
(Texas Common Course Number is ARTS 1304.)
Spring
Historical survey of art from the Renaissance through modern times.

ART 2361 Printmaking I [3-0]
(Texas Common Course Number is ARTS 2333.)
Fall, Spring
Introduction to printmaking as a means of personal expression and aesthetic communication. Relief printing in several forms, as well as mono-printing and silk screen printing will be emphasized. Other printmaking processes will be discussed. Prerequisites: ART 1311 and ART 1331. $4 laboratory fee.

ART 2371 Ceramics I [3-0]
(Texas Common Course Number is ARTS 2346.)
Fall, Spring
Introduction to ceramic design concentrating on handbuilding. Some work with potter’s wheel, glazing and firing. A minimum of 3 hours of outside assignments per week is required. $4 laboratory fee.

ART 3302 Jewelry/Metalworking II [3-0]
(Fall, Spring)
Continuation of jewelry/metalworking processes with an emphasis on advanced techniques. A minimum of 3 hours of outside assignments per week is required. Prerequisite: ART 2303. $4 laboratory fee.

ART 3303 Jewelry/Metalworking III [3-0]
(Fall, Spring)
Introduction of techniques in silversmithing such as raising, fabricating, smithing and casting. These are pursued in the production of expressive holloware. Additional materials are considered. A minimum of 3 hours of outside assignments per week is required. Prerequisite: ART 3302. $4 laboratory fee.

ART 3311 Drawing III [3-0]
(Fall, Spring)
Advanced experience in drawing; these may include mixed mediums, experimental surfaces and other nontraditional directions. Prerequisites: ART 1311 and ART 2312. $4 laboratory fee.

ART 3321 Painting III [3-0]
(Fall, Spring)
Advanced studio problems in painting. (May be repeated for a total of 12 hours credit.) A minimum of 3 hours of outside assignments per week is required. Prerequisites: ART 1311 and ART 1331. $4 laboratory fee.

ART 3330 Digital Illustration [3-0]
Fall
This course will explore computer illustration techniques using the object-oriented drawing tools of Adobe Illustrator combined with the bit-mapped attributes of Adobe Photoshop. A minimum of 3 hours of outside assignments per week is required.

ART 3331 Visual Communications I [3-0]
Fall
The translation of verbal language into visual language through a variety of media. A minimum of 3 hours of outside assignments per week is required. Prerequisite: ART 3333. $4 laboratory fee.

ART 3332 Design III [3-0]
Fall
Advanced creative problem solving. A minimum of 3 hours of outside class assignments per week is required. Prerequisites: ART 1331 and ART 2332, or permission of instructor.

ART 3333 Design and Production [3-0]
Fall
Introduction to graphic design and production. This course offers the opportunity to develop the awareness of graphic images and teaches the tools and techniques of preparing camera-ready duplication. A minimum of 3 hours of outside assignments per week is required. Prerequisites: ART 1331 and ART 1332. $4 laboratory fee.

ART 3334 Photography as an Art Form [3-0]
Spring
Introduction to photography as a means of personal expression. The history of art photography is covered. Emphasis is on black and white processes. Students must provide own 35mm camera. A minimum of 3 hours outside work per week is required. Prerequisite: ART 1331. $4 laboratory fee.

</table>
ART 4311 Advanced Drawing [3-0]
As Scheduled
Topics covered include pastel portraiture, advanced figure drawing and other advanced drawing problems. (May be repeated for a total of 12 hours credit.) A minimum of 3 hours of outside assignments per week is required. Prerequisites: ART 1311 and ART 2312, or consent of instructor. $4 laboratory fee.

ART 4312 Advanced Drawing-Biological Illustration [3-0]
Fall, Spring
Course specializing in biological illustration. A minimum of 3 hours of outside work per week is required. Prerequisites: ART 1311, ART 2312 and ART 3311. $4 laboratory fee.

ART 4321 Painting IV [3-0]
As Scheduled
Advanced study in painting. A minimum of 3 hours outside work is required. (May be repeated for a total of 12 hours credit.) Prerequisite: ART 3321. $4 laboratory fee.

ART 4333 Graphic Design I [3-0]
Spring
A systematic approach to design problem solving, with a series of studio assignments and critiques relating directly to two- and three-dimensional graphic design. The course offers the opportunity to develop creative and technical ability by the production of professional assignments. A minimum of 3 hours of outside assignments per week is required. Prerequisite: ART 3333. $4 laboratory fee.

ART 4334 Graphic Design II [3-0]
Fall
A series of advanced problems and intensive critiques relating to graphic design to condition students to think in terms of "client-designer" relationships in simulated working conditions. Assignments criticized by professional standards will ideally result in portfolio pieces. A minimum of 3 hours of outside assignments per week is required. Prerequisite: ART 4333. $4 laboratory fee.

ART 4337 Digital Photography [3-0]
Fall, Spring
An introduction to the study of digital image processing using Adobe Photoshops and editing tool. Linking the Kodak digital camera directly to the small portfolio of computer-printed photographs addressing both the technical and aesthetic issues of this medium. A minimum of 3 hours of outside assignments per week is required.

ART 4338 Web Page Design [3-0]
Summer
Learning current Web page design software, students will design actual Web pages using a variety of electronics effects. The course will focus on the design possibilities. A minimum of 3 hours of outside assignments per week is required. Prerequisites: 24 hours of art completed. $4 laboratory fee.

ART 4339 Portfolio [3-0]
Fall, Spring
This course focuses on the compiling of the professional portfolio. Students will prepare and organize work into a presentable dossier for use in their future graphic design career. A minimum of 3 hours of outside assignments per week is required. Prerequisite: Senior level standing. $4 laboratory fee.

ART 4341 Sculpture III [3-0]
Fall, Spring
Continuation of the student's personal direction in sculpture. A minimum of 3 hours outside work per week is required. (May be repeated for a total of 12 hours credit.) Prerequisite: ART 3341. $4 laboratory fee.

ART 4351 Latin American Art: Pre-Conquest [3-0]
Fall
An in-depth historical study of the arts of Mexico, Central America and South America prior to the Spanish Conquest. Prerequisite: Junior standing.

ART 4352 Latin American Art: Post-Conquest [3-0]
Spring
Mexican art under the Spanish influence is discussed from the Colonial period to the present. Prerequisite: Junior standing.

ART 4353 American Art [3-0]
Fall and As Scheduled
History of the visual arts in the United States, 17th century to the present, including the art of the American Indian. Prerequisites: ART 2351 and ART 2352.

ART 4361 Printmaking IV [3-0]
Fall, Spring
In-depth study in printmaking; the student may pursue previous printmaking interests, or move toward experimental goals. May be repeated for 12 hours credit. A minimum of 3 hours outside work is required. Prerequisite: ART 3361 or ART 3362. $4 laboratory fee.

ART 4371 Ceramics IV [3-0]
Fall, Spring
Continuation of Ceramics III. Student is expected to be involved in a personal direction in the use of clay/glaze. May be repeated for a total of 12 hours credit. A minimum of 3 hours of outside assignments per week is required. Prerequisite: ART 3372. $4 laboratory fee.

ART 4383 Career Aspects of the Visual Arts [3-0]
Spring
This course offers information about earning a living in the studio art field. Preparation of contracts regarding gallery agreements, studio administration and the acceptance of terms of sale for art goods are explained. Procedures involved in gallery exhibitions, teaching institutions and private businesses are discussed, along with wholesaling vs. retailing art work and
tax laws relating to artists. Prerequisite: Junior standing.

**ART 4391 Individual Problems/Internship/Co-op**  
*Fall, Spring, Summer*  
Advanced problems in an art area of the student's choice and/or internship with an art professional in the field of interest. (May be repeated for a total of 12 hours of credit.) Prerequisites: Senior standing (for Internship/Co-Op); all courses in the area chosen.

**ART 4392 Individual Problems**  
*Fall, Spring, Summer*  
Advanced problems in the area of student's choice. Prerequisite: ART 4391.

### Astronomy

**ASTR 1401 General Astronomy [3-3]**  
*(Texas Common Course Number is PHYS 1411.)*  
*Fall*  
A study of basic concepts in astronomy and of the solar system. Telescopes and other instruments, including the planetarium, are used as an integral part of the course. $4 laboratory fee.

**ASTR 1402 General Astronomy [3-3]**  
*(Texas Common Course Number is PHYS 1412.)*  
*Spring*  
A study of the stellar universe. Telescopes and other instruments, including the planetarium, are used as an integral part of the course. Prerequisite: ASTR 1401. $4 laboratory fee.

### Biology

**BIOL 1401 General Biology [3-3]**  
*(Texas Common Course Number is BIOL 1411.)*  
*Fall, Spring, Summer*  
A study of the basic principles of biology. Topics will include biological chemistry, cell structure and function, photosynthesis and respiration, DNA structure and function, mitosis, meiosis, Mendelian genetics, evolution and the structure and function of bacteria, viruses, protozoa, algae, fungi and plants. Credit Restriction: Credit may be received in only one of BIOL 1401 or BIOL 1487. $3 laboratory fee.

**BIOL 1402 General Biology [3-3]**  
*(Texas Common Course Number is BIOL 2401.)*  
*Fall, Spring, Summer*  
A continuation of Biology 1401. Topics include evolution and diversity of invertebrate and vertebrate animals; mechanisms of support and movement, digestion and nutrition, respiration, circulation, homeostasis, hormonal control, nervous control, sexual reproduction, development, behavior and ecology. Credit Restriction: Credit may be received in only one of BIOL 1402 or BIOL 1488. Prerequisite: BIOL 1401. $3 laboratory fee.

**BIOL 1487 Honors Biology [3-3]**  
*Fall*  
An accelerated study of the basic principles of biology. Topics covered include cellular biology, photosynthesis, respiration, protein synthesis, cellular reproduction, genetics, microbial genetics and a survey of the diversity of organisms. Open to students enrolled in the Honors Studies Program or by permission of the instructor. Credit Restriction: Credit may be received in only one of BIOL 1401 or BIOL 1487. $3 laboratory fee.

**BIOL 1488 Honors Biology [3-3]**  
*Spring*  
An accelerated study of the basic concepts of biology. Topics covered include reproduction and development, digestion and nutrition, transport, homeostasis, the nervous system, ecology and evolution. Open to students enrolled in the Honors Studies Program or by permission of the instructor. Credit Restriction: Credit may be received in only one of BIOL 1402 or BIOL 1488. $3 laboratory fee.
BIOL 2201  Special Problems in Biology  [1-2]
As Scheduled
Study of special topics in biology for freshman and sophomore-level students. The course will involve the independent study of a specific problem through conferences and activities directed by the instructor. Student must receive approval of instructor for study of specific problem prior to registration.

BIOL 2305  Environmental Biology  [3-3]
As Scheduled
A consideration of the biological problems of population expansion, environmental destruction and resource conservation as they relate to man's past, present and future. $3 laboratory fee.

BIOL 2401  Vertebrate Zoology  [3-3]
As Scheduled
A basic introductory course dealing with fundamental biological principles and concepts. Designed to acquaint the student with structure, physiology and life histories of representative vertebrate types. Prerequisite: BIOL 1401. $4 laboratory fee.

BIOL 2402  Comparative Vertebrate Anatomy  [3-3]
(Texas Common Course Number is BIOL 2428.)
As Scheduled
Comparative studies of the morphological, embryological and physiological relationships among vertebrates, with inclusion of histological and paleontological information. Prerequisite: Consent of instructor. $5 laboratory fee.

BIOL 2403  Anatomy and Physiology  [3-3]
(Texas Common Course Number is BIOL 2401.)
Fall, Spring, Summer
A study of the structure and function of the human body including cells, tissues and organs of the following systems: integumentary, skeletal, muscular, nervous system and special senses. Prerequisite: Consent of instructor. $4 laboratory fee.

BIOL 2404  Anatomy and Physiology  [3-3]
(Texas Common Course Number is BIOL 2402.)
Fall, Spring, Summer
A continuation of BIOL 2403. Includes endocrine, circulatory, respiratory, digestive, urinary and reproductive systems. Other topics include metabolism, acid-base balance, development and heredity. Prerequisite: BIOL 2403. $4 laboratory fee.

BIOL 2408  A Survey of Biology  [3-3]
As Scheduled
A one-semester survey course designed to introduce the basic biological concepts in the following areas: the chemistry of life, cell structure, function and reproduction, the kingdoms of life, interactions within ecosystems and basic anatomy and physiology of the major systems of the human body. Will not count toward a major or minor in Biology. Prerequisites: PSCI 1421 and PSCI 1422. $4 laboratory fee.

BIOL 3301  Biological Evolution  [3-0]
As Scheduled
Genetic, ecological, and paleontological aspects of evolution. Includes review of evolutionary history and thought, species concepts, speciation, and other evolutionary processes. Emphasis is on evolutionary mechanisms. Prerequisites: BIOL 1401 and BIOL 1402, or permission of instructor.

BIOL 3401  General Microbiology  [3-3]
Fall, Spring
A general survey of the field of microbiology with emphasis on bacteria. Topics will include structure, growth, reproduction, metabolism, genetics and taxonomy of bacteria; a general survey of fungi, algae, protozoa and viruses and microbiology of soil, water, foods and industry. Laboratory work will include staining, growing, biochemistry, characterization and control of bacteria with a general survey of other microorganisms. Prerequisites: BIOL 1401 and BIOL 1402; CHEM 1301, CHEM 1101, CHEM 1302 and CHEM 1102. $4 laboratory fee.

BIOL 3403  Medical Microbiology and Immunology  [3-3]
Spring
A study of microorganisms that cause disease and immune responses of the host to these pathogens. Emphasis will be on principles of immunology and selected infectious disease processes. Laboratory exercises will include a study of basic serologic procedures and cultural characteristics of related pathogenic microorganisms. Prerequisite: BIOL 3401. $4 laboratory fee.

BIOL 3405  Histology  [3-3]
As Scheduled
Lectures will place major emphasis on the structure and function of major tissue types and their cellular components. The laboratory will provide an opportunity for firsthand experience in examining the microscopic structure of the major tissue types and their relationships in organ structure. Prerequisites: 12 hours of biology including 4 hours from BIOL 2401, BIOL 2402 or BIOL 2403. $4 laboratory fee.

BIOL 3407  Comparative Embryology  [3-3]
As Scheduled
Developmental studies from the zygote through embryological stages (chiefly concerned with amphibians, birds and mammals). Prerequisites: 9 hours of biology, including 4 hours from BIOL 2401, BIOL 2402 or BIOL 2403. BIOL 3413 recommended. $4 laboratory fee.

BIOL 3408  Plant Morphology  [3-3]
As Scheduled
A study of the morphology, development and relationships of fungi, algae, liverworts, mosses, ferns, gymnosperms and angiosperms. Particular attention is given to the evolution of these groups. Prerequisite: 9 hours of biology, including BIOL 1402. $4 laboratory fee.
BIOL 3409 Ecology [3-3]  
Fall, Spring
A study of the basic environmental factors affecting plants and animals, and their relation to economic and conservation problems. Field work. Prerequisite: 12 hours of biology. $4 laboratory fee.

BIOL 3410 A Survey of the Plant Kingdom [3-3]  
As Scheduled
A study of the anatomy and physiology of plants, based on the study of higher plants, together with a correlative and comparative survey of the plant kingdom. Emphasis will be placed on the development and reproduction of plants and their relationships to man. $4 laboratory fee.

BIOL 3411 Mammalian Physiology [3-3]  
As Scheduled
A survey of the physiological mechanisms of the organs and organ systems of mammals with emphasis on man. The laboratory will provide experiences with modern techniques. Topics will include muscle, nerve, digestive, urinary, respiratory, circulatory and reproductive systems. Prerequisites: 12 hours of biology, including 4 hours from BIOL 2401, BIOL 2402 or BIOL 2403 and 8 hours of chemistry. $5 laboratory fee.

BIOL 3412 Cell Biology [3-3]  
As Scheduled
A study of cell structure and function with emphasis on bioenergetics, membranes, genes and genetic control, cell division and its regulation and cellular differentiation. Prerequisites: BIOL 1401 and BIOL 1402; CHEM 2102 and CHEM 2302. $5 laboratory fee.

BIOL 3413 Genetics [3-3]  
Fall, Spring
Introductory lectures and laboratories in classical genetics. Topics will include Mendelian genetics, cell mechanics, sex determination, sex linkage, DNA structure and function, genetic linkage, crossing over, gene mapping, mutation, regulation of gene expression, chromosomal variations, population genetics and evolution. Prerequisites: BIOL 1401 and BIOL 1402; CHEM 2101, CHEM 1101, CHEM 1302 and CHEM 1102. $5 laboratory fee.

BIOL 3414 Invertebrate Zoology [3-3]  
Fall
Study of the comparative morphology, evolution, systematics and natural history of the invertebrates. Recommended as a preparatory course for BIOL 4402, BIOL 4407, BIOL 4415 and BIOL 5316. Prerequisites: 6 hours of biology and junior standing. $4 laboratory fee.

BIOL 3415 Introduction to Molecular Biology [3-3]  
As Scheduled
An introduction to the structure and function of biological macromolecules. Topics include structure of nucleic acids and proteins, DNA replication and repair, transcription, translation, bacteriophages, mobile genetic elements, genetic engineering and gene regulation. Prerequisites: BIOL 1401 and BIOL 1402; CHEM 1301, CHEM 1101, CHEM 1302 and CHEM 1102.

BIOL 4100 Biology Seminar [1-0]  
Fall, Spring
A study of current biological literature and the discussion of research in progress. Required of all biology majors in their senior year; open to non-majors only by permission.

BIOL 4201 Biology Problems [1-2]  
As Scheduled
A course adapted to the study of special topics in biology. For advanced students capable of developing a problem independently through conference and activities directed by the instructor. Problem is chosen by the student with the approval of the instructor prior to registration. Prerequisite: Major in biology with at least junior standing. $4 laboratory fee.

BIOL 4202 Biology Problems [1-2]  
As Scheduled
A continuation of BIOL 4201. Prerequisite: BIOL 4201. $4 laboratory fee.

BIOL 4303 Mammalogy [2-3]  
Spring
A study of anatomy, evolution, distribution, systematics, ecology and physiology of mammals of North America, with special emphasis on local forms. Prerequisite: 9 hours of biology. $4 laboratory fee.

BIOL 4304 Ichthyology [2-3]  
Fall
A study of ecology, distribution, adaptations, physiology, systematics and evolution of freshwater and marine fishes, with an emphasis on local forms. Laboratories will stress identification and other practical applications of modern ichthyological techniques. Prerequisite: 9 hours of biology. $4 laboratory fee.

BIOL 4305 Plant Physiology [3-3]  
As Scheduled
An introduction of the basic principles of the physiology, growth and development of plants. Prerequisite: 6 hours of biology. $5 laboratory fee.

BIOL 4309 Herpetology [2-3]  
Fall
A study of the anatomy, evolution, distribution, systematics, ecology and physiology of amphibians and reptiles; primarily of North American species, with special emphasis on local forms. Prerequisites: 8 hours of introductory biology (1400-level) and BIOL 2401 or BIOL 2402. $4 laboratory fee.

BIOL 4311 Ecological Physiology [2-3]  
As Scheduled
A comparative study of the physiological adaptations of vertebrate animals to their environments. Emphasis is placed...
on the physiological basis of animal distribution and evolution. Prerequisite: 12 hours of biology, including BIOL 2401 or BIOL 2402. $4 laboratory fee.

**BIOL 4314 Plant Taxonomy** [2-3]  
As Scheduled  
Identification of vascular plants, with emphasis on native flowering plants. Prerequisite: 9 hours of biology, including BIOL 1402. $4 laboratory fee.

**BIOL 4402 Marine Zoology** [3-3]  
*Summer*  
A study of the common marine animals, especially invertebrates in coastal waters. Particular attention is given to structural and physiological relationships. Strenuous field work required. Students must provide their own transportation to and from South Padre Island or other field trip sites. Prerequisites: 9 hours of biology (BIOL 3414 recommended) and junior standing. $4 laboratory fee.

**BIOL 4404 General Virology** [3-3]  
This is a comprehensive course covering aspects of human, animal and plant virology. The course emphasizes current research on the genome and replication of viruses, functions and regulations of viral genes, molecular mechanisms of virus-host and virus-vector interactions, and novel molecular control strategies. The course will also cover prions and several sub-viral pathogens including viroids, virusoids and satellite RNA. Prerequisite: BIOL 3401 or BIOL 3403. $10 laboratory fee.

**BIOL 4407 Animal Parasitology** [3-3]  
*Spring*  
Introduction to study of parasitic protozoa and worms (especially trematodes, cestodes, nematodes and acanthocephala). Prerequisites: 9 hours of biology, including 4 hours from BIOL 2401, BIOL 2402, BIOL 2403 or BIOL 3414, and junior standing. $4 laboratory fee.

**BIOL 4408 Plant Pathology** [3-3]  
As Scheduled  
An introductory course on the causes, nature and control of plant diseases. Emphasis will be given to diseases of plants of economic importance. Prerequisite: 6 hours of biology. $4 laboratory fee.

**BIOL 4410 Marine Botany** [3-3]  
As Scheduled  
A study of the common local marine flora including microscopic and macroscopic algae, sea grasses and terrestrial angiosperms. Students are expected to furnish their own transportation to field laboratory sessions at South Padre Island. Prerequisite: 9 hours of biology, including BIOL 1402. $4 laboratory fee.

**BIOL 4412 Ornithology** [3-3]  
As Scheduled  
Principles of avian classification, morphology and ecology, including migration, distribution and relationships to man. Field work. Prerequisite: 9 hours of biology, including 4 hours from BIOL 2401, BIOL 2402 or BIOL 2403. $4 laboratory fee.

**BIOL 4414 Freshwater Macroinvertebrates** [3-3]  
As Scheduled  
A study of the systematics, evolution and ecology of freshwater insects, crustaceans and mollusks. Emphasis will be on local aquatic habitats. Laboratories will consist of field trips and identification of specimens. Prerequisite: 9 hours of biology. $4 laboratory fee.

**BIOL 4415 Entomology** [3-3]  
*Spring*  
An introduction to the study of insects and other arthropods of agricultural, medical and veterinary importance. Includes basic insect morphology, physiology, classification and pest management. Laboratory consists of insect identification supported by field trips. Prerequisite: BIOL 3414. $5 laboratory fee.

**BIOL 4416 Environmental Toxicology** [3-3]  
*Fall*  
A survey of interaction of environmental pollutants with living systems. Laboratory consists of toxicological evaluation of selected environmental chemicals. Prerequisites: BIOL 3412 and 6 hours of organic chemistry or biochemistry. $5 laboratory fee.

**BIOL 4417 Bacterial Genetics** [3-3]  
This course will cover bacterial genetics from both classical and molecular perspectives. Topics will include transcription, translation, mutagenesis, transduction, transformation, conjugation and transposition. The lab will include techniques related to those topics, and will include Northern blotting, DNA sequencing and the polymerase chain reaction. Prerequisites: BIOL 1401 and BIOL 1402, CHEM 1301, CHEM 1101, CHEM 1302, CHEM 1102 and BIOL 3415. BIOL 3415 recommended. $20 laboratory fee.

**BIOL 4418 Electron Microscopy** [3-3]  
This course will provide an opportunity to learn scanning and transmission electron microscopy. Topics include the principles of electron microscopes, cell ultrastructure, specimen preparation, microtomy, immunocytochemistry, operation of electron microscopes, darkroom techniques and graphic arts. Prerequisites: BIOL 1401 and 1402, CHEM 1301 and 1101, and 2 hours computer literacy.

**BIOL 4419 Aquatic Entomology** [3-3]  
This course will cover the identification, taxonomy and ecology of aquatic insects. Emphasis will be on local aquatic environments. Laboratories will consist of field trips and identification of specimens. This course replaces BIOL 4414, and cannot be taken for credit if BIOL 4414 has already been taken. Prerequisites: 9 hours of biology, including BIOL 1402. $20 laboratory fee.
Business Law

BLAW 3337 Business Law I [3-0]
Fall, Spring
The study of the development and functioning of our legal environment. The development of case law and precedents; the application of procedural and substantive law pertaining to civil and penal matters and the study and analysis of cases and rules of law relating to basic business practices. Governmental regulations of business, property rights and business ethics. Course also includes torts, contracts, commercial transactions and agency. Relevant ethical considerations are included in each topic.

BLAW 3338 Business Law II [3-0]
Fall, Spring
A continuation and expansion of the study of rules of law in a business society including sales, commercial paper and credit transactions with emphasis on the Uniform Commercial Code; business organizations; and government regulations, property, wills and trusts, consumer protection, bankruptcy. Prerequisite: BLAW 3337.

BLAW 3339 Consumer Law [3-0]
Spring, alternate years
Study of federal and state consumer product laws with focus on both the consumers' rights and the responsibilities of the seller/manufacturer; regulation of advertising and marketing of consumer products; credit financing of consumer transactions. Prerequisite: BLAW 3337 or consent of instructor.

Chemistry

CHEM 1101 General Chemistry Lab I [0-3]
Fall, Spring, Summer
An introduction to basic laboratory techniques using experiments to understand chemical concepts of reactions, stoichiometry and titrations. Prerequisite: CHEM 1301; can be taken concurrently with CHEM 1301. $4 laboratory fee.

CHEM 1102 General Chemistry Lab II [0-3]
Fall, Spring, Summer
A continuation of CHEM 1101 using more advanced laboratory techniques such as volumetric, gravimetric and spectrophotometric methods of analysis, and qualitative inorganic analysis to reinforce topics covered in CHEM 1302. Prerequisite: CHEM 1302; can be taken concurrently with CHEM 1302. $4 laboratory fee.

CHEM 1300 Introductory Chemistry [3-0]
Fall, Spring
Designed for students with little or no chemistry background. It introduces basic vocabulary, fundamentals of chemical mathematics, scientific laws, chemical formulas and equations. This course will not satisfy a laboratory science requirement.

CHEM 1301 General Chemistry I [3-0]
(Texas Common Course Number is CHEM 1411.)
Fall, Spring, Summer
Fundamentals of atomic structure, electronic structure and periodic table, nomenclature, the stoichiometry reactions, gas laws, thermochemistry, chemical bonding, and structure and geometry of molecules. Prerequisite: CHEM 1300 or one year of high school chemistry.

CHEM 1302 General Chemistry II [3-0]
(Texas Common Course Number is CHEM 1412.)
Fall, Spring, Summer
This course presents the properties of liquids and solids, solutions' acid-base theory, chemical kinetics, equilibrium, chemical thermodynamics, electrochemistry, nuclear chemistry and representative organic compounds. Prerequisite: CHEM 1301.

CHEM 2101 Analytical Chemistry Lab [0-3]
Fall
A laboratory hands-on experience in quantitative inorganic analytical methods including gravimetric, titrimetric, colorimetric, and electroanalytical methods. Prerequisite/co-requisite: CHEM 2301.

CHEM 2102 Organic Chemistry Lab I [0-3]
Fall, Spring, Summer
An introduction to organic synthesis. Fundamental techniques such as crystallization, distillation, extraction and chromatography are discussed and applied to the preparation of organic compounds. Prerequisite: CHEM 2302; can be taken concurrently with CHEM 2302. $4 laboratory fee.

CHEM 2103 Organic Chemistry Lab II [0-3]
Fall, Spring, Summer
Syntheses are more advanced, with greater emphasis on aromatic compounds. Grignard and diazonium salt preparations are included. Compounds are characterized by spectroscopic techniques. Prerequisite: CHEM 2102. $4 laboratory fee.

CHEM 2301 Analytical Chemistry [3-0]
Fall
An introduction to principles of quantitative inorganic analytical methods including gravimetric, titrimetric, colorimetric and electroanalytical methods. Prerequisite: CHEM 1302.

CHEM 2302 Organic Chemistry I [3-0]
Fall, Spring, Summer
CHEM 2303 Organic Chemistry II [3-0]  
Fall, Spring, Summer
This course is a continuation of CHEM 2302 and includes an introduction to aromaticity and aromatic compounds. The study of functional groups and the mechanisms of their reactions is continued. Physical methods of structure determination: UV-Vis, IR and NMR. Prerequisite: CHEM 2302.

CHEM 3103 Biochemistry Lab [0-3]  
Fall, Spring
Introduction to the application of various techniques such as column chromatography, electrophoresis to study macromolecules such as protein estimation, enzyme kinetics and chemistry of carbohydrate, lipids and nucleic acids. Prerequisite: CHEM 3303; can be taken concurrently with CHEM 3303. $4 laboratory fee.

CHEM 3104 Physical Chemistry Lab I [0-3]  
Fall
Experiments are designed to demonstrate and reinforce the concepts developed in physical chemistry lectures. Emphasis is given to error analysis and statistical treatment of data. Prerequisite: CHEM 3304; can be taken concurrently with CHEM 3304. $4 laboratory fee.

CHEM 3105 Physical Chemistry Lab II [0-3]  
Spring
This course is a continuation of CHEM 3104. Experiments are performed to reinforce concepts in quantum mechanics, spectroscopy and chemical kinetics. Prerequisite: CHEM 3305; can be taken concurrently with CHEM 3305. $4 laboratory fee.

CHEM 3202 Inorganic Chemistry Lab [1-3]  
Spring
Microscale synthesis and characterization of inorganic, organometallic, coordination and bioinorganic compounds employing advanced laboratory techniques. Prerequisite: CHEM 3301; can be taken concurrently with CHEM 3301. $4 laboratory fee.

CHEM 3301 Inorganic Chemistry [3-0]  
Spring
A descriptive study of modern topics in inorganic chemistry that includes periodicity, acid-base theories, structure, bonding and reactivity of inorganic compounds, and chemistry of nontransition elements and their compounds. (Writing intensive.) Prerequisite: 12 hours of chemistry, including CHEM 2302.

CHEM 3303 Biochemistry [3-0]  
Fall, Spring
A discussion of the structural and functional viewpoint of biological macromolecules including proteins, carbohydrates and nucleic acids and the techniques used in their study. The course material will also include study of energy yielding metabolic pathways such as glycolysis, the Krebs cycle, fatty acid oxidation and oxidative phosphorylation. Prerequisite: CHEM 2302.

CHEM 3304 Physical Chemistry I [3-0]  
Fall
An introduction to the properties of gases, the kinetic molecular theory and the study of thermodynamics, including an in-depth coverage of the first, second and third laws of thermodynamics and equilibrium. Statistical mechanics is used in the development of energy related concepts. Prerequisites: MATH 1401 and MATH 1402, and 12 hours of chemistry.

CHEM 3305 Physical Chemistry II [3-0]  
Spring
The second half of physical chemistry investigates concepts in quantum mechanics, group theory and symmetry, and spectroscopy. Studies of chemical kinetics and electrochemistry are also included. Prerequisite: CHEM 3304.

CHEM 3306 Polymer Science and Engineering [3-0]  
Fall
A general introduction to the theories and industrial practices for polymeric materials. The course includes synthesis, physical characterization and structure-property relationships of polymers. Emphasis is given to industrially important polymers as materials. Prerequisite: CHEM 1302.

CHEM 4101 Chemistry Seminar [1-0]  
Fall
An introduction to the use of current chemical literature and periodicals. Each student is expected to conduct an in-depth study of a chemical topic that will serve as a basis for a presentation in a seminar. Required of all chemistry majors. Prerequisite: Chemistry major with senior standing or permission of the instructor.

CHEM 4104 Instrumental Analysis Lab [0-3]  
Spring
A laboratory hands-on experience in instrumental analysis. Includes application of modern instrumentation and scientific software in solving analytical problems. Prerequisite/co-requisite: CHEM 4304.

CHEM 4201 Chemistry Problems I [0-6]  
Fall, Spring, Summer
A course adapted to the study of special topics in chemistry through research. Students are allowed to select the research problem through individual conferences with faculty members, who develop one- or two-semester research projects for the course. Students must have the approval of the instructor prior to registration. Prerequisite: Chemistry major with junior standing or permission of the instructor. $4 laboratory fee.

CHEM 4202 Chemistry Problems II [0-6]  
Fall, Spring, Summer
A continuation of CHEM 4201. Prerequisite: CHEM 4201. $4 laboratory fee.
CHEM 4301 Advanced Inorganic Chemistry [3-0]  
Fall  
Study of nomenclature, structure, and reactivity of coordination compounds, Ligand field theory and chemistry of transition elements.

CHEM 4302 Advanced Biochemistry [3-0]  
The course is a continuation of CHEM 3303. This course reviews the mechanisms of biosynthesis of macromolecules, particularly amino acids, proteins, fatty acids, lipids, polysaccharides, purines, pyrimidines and nucleic acids. Emphasis will be given to how these processes are controlled and integrated with the metabolism of the cell and molecular basis of disorders related to intermediary metabolism. Prerequisites: CHEM 3103 and CHEM 3303.

CHEM 4303 Advanced Organic Chemistry [3-0]  
Fall  
The course describes the advanced organic synthetic methods and mechanisms and illustrations of their applications in the synthesis of biologically active molecules such as chiral medicinal drugs and insect pheromones. Prerequisites: CHEM 2302 and CHEM 2303. No lab required.

CHEM 4304 Instrumental Analysis [3-0]  
Spring  
A study of principles of instrumental analysis measurements and techniques. Components and operation of basic and modern instrumentation will be covered. Prerequisites: CHEM 2301 and CHEM 2101.

CHEM 4378 Special Topics in Chemistry [3-0]  
Fall, Spring  
A course designed to cover specialized areas in the science of chemistry. It can be repeated when topic changes. However, a maximum of 4 credit hours is applicable to the degree requirement. Prerequisite: Chemistry major with junior standing.

Chinese

CHIN 1391 Beginning Chinese [3-0]  
As Scheduled  
An introductory course in Chinese designed to teach basic knowledge of the Chinese language, including speaking, writing, listening and reading.

CHIN 1392 Beginning Chinese [3-0]  
As Scheduled  
Continuation of CHIN 1391. An introductory course in Chinese designed to teach basic knowledge of the Chinese language, including speaking, writing, listening and reading.

Computer Information Systems

CIS 1101 Introduction to Office Software [1-0]  
Fall, Spring, Summer  
A hands-on approach to different software packages for word processing, spread sheets, database, e-mail and Internet.

CIS 1201 Introduction to Information Systems and Technology [2-0]  
Fall, Spring, Summer  
This course includes a study of computer-based technology in communicating, solving problems, acquiring information and conducting business. Students will be presented the history and development of computer information systems, the social implications and ramifications of these developments along with the limits, possibilities, problems and careers associated with the use of technology. Students will be introduced to the skills/tools necessary to evaluate and learn new technologies as they become available. Students with no or limited computer experience are advised to concurrently enroll in CIS 1101 or enroll in CIS 1301 instead of CIS 1201.

CIS 1301 Computer Information Systems [3-0]  
(Texas Common Course Number is COSC 1305.)  
Fall, Spring, Summer  
This course serves as an introduction to the primary components of a business computer system and to the primary application software packages used to increase productivity of business professionals. These topics will be reinforced with microcomputer laboratory exercises. Prerequisite: College mathematics or permission of department chair.

CIS 2308 Introduction to Program and Development Design [3-0]  
Fall, Spring  
This course focuses on the phases of program design including problem clarification, design, coding, debugging and documentation. Structural program design considerations will be stressed. Prerequisites: MATH 1321 or MATH 1340 and computer literacy skills.

CIS 2310 COBOL Programming [3-0]  
(Texas Common Course Number is COSC 1332.)  
Fall, Spring  
A programming course designed to emphasize structured programming concepts using COBOL programming language. Concepts will be reinforced with programming exercises that include COBOL syntax, data and file structures, input and output devices, and operating systems facilities for support of batch programs. Prerequisite: CIS 2308 or PASCAL programming.
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Semester(s)</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>CIS 2312</td>
<td>Microcomputer Software and Hardware Concepts with Business Applications</td>
<td>[3-0]</td>
<td>Fall, Spring</td>
<td>A survey of technical topics related to microcomputer systems with emphasis on the relationship between hardware architecture, systems software and application software. Prerequisite: Computer literacy.</td>
</tr>
<tr>
<td>CIS 3300</td>
<td>Internship in CIS</td>
<td>[3-0]</td>
<td>Fall, Spring, Summer</td>
<td>This course is designed to give students an opportunity to gain real world experience in their chosen career field by working with a participating employing firm or organization. The students will be supervised by a faculty member acting as a liaison between the employing organization and the academic department to assure compliance with specific learning and experience requirements for the assignment. The employment can be either paid or unpaid, and must be at least 10 hours of work each week over the period of one academic term. Prerequisites: Upper-division standing and approval by both department chair and employer providing internship experience.</td>
</tr>
<tr>
<td>CIS 3311</td>
<td>Advanced Programming Techniques</td>
<td>[3-0]</td>
<td>Fall, Spring</td>
<td>This course is a continuation of CIS 2310 and is designed to thoroughly familiarize the student with advanced design techniques, binary table searches, variable length record techniques and hashing. This course also includes an introduction to the basics of data structures needed for online retrieval, which include ordered lists, file structures, pointers and linkages, directories, memory management and data access methods. Prerequisite: CIS 2310.</td>
</tr>
<tr>
<td>CIS 3320</td>
<td>Business Computer Systems</td>
<td>[3-0]</td>
<td>Spring</td>
<td>Introduction to current development tools and programming languages utilized by business to accommodate information needs such as payroll, accounts receivable, inventory, point of sale and online purchases. Prerequisite: CIS 2308.</td>
</tr>
<tr>
<td>CIS 3335</td>
<td>Database Management</td>
<td>[3-0]</td>
<td>Fall, Spring</td>
<td>This course is an introduction to the foundations of database technology. Basic knowledge in data structures, normalization of data and data modeling will be included. Relational, hierarchical and network models will be covered. The student will be introduced to the rudiments of the construction of database schema via laboratory experiences stressing application development through advanced programming techniques and a database language. Prerequisites: 6 hours of CIS or CSCI above computer literacy and COBOL programming knowledge.</td>
</tr>
<tr>
<td>CIS 3336</td>
<td>Systems Analysis</td>
<td>[3-0]</td>
<td>Fall</td>
<td>This course is concerned with the critical analysis of data processing systems and their redesign vis-à-vis business computer applications. Prerequisites: 6 hours of CIS or CSCI (excluding CIS 1301 or CSCI 1300).</td>
</tr>
<tr>
<td>CIS 3338</td>
<td>Networking</td>
<td>[3-0]</td>
<td>Fall, Spring</td>
<td>An introduction to the characteristics, feasibility and design of networks and distributed data processing. Focus is on the business and elementary technical aspects of distributed processing involving digital communication. The business aspects will include implementation strategies, security, control and selection of distributed data processing. Elementary technical aspects will include data communication technology, hardware configuration and application software. Prerequisite: 6 hours of CIS or CSCI above computer literacy or consent of department chair.</td>
</tr>
<tr>
<td>CIS 3380</td>
<td>Small Business Technology</td>
<td>[3-0]</td>
<td>Fall, Spring</td>
<td>The purpose of this course is to study technology to efficiently manage a small business. Students will learn about faxes, microcomputers, printers, copiers, modems and small business networks. Students will also learn about small business accounting packages, including payroll, accounts receivable and accounts payable. Additional topics include desktop publishing and use of the Internet in small business. Each student will be required to complete a term project on an application or technology. Prerequisites: ACC 2421, ECO 1301 (or 3 hours of Economics) and MANA 3361.</td>
</tr>
<tr>
<td>CIS 3390</td>
<td>Management Information Systems</td>
<td>[3-0]</td>
<td>Fall, Spring, Summer</td>
<td>This course is a study of the use of current technology in strategic decision making and operations of the modern organizations, both public and private. The course examines how organizations plan, develop, implement, and maintain information systems to take advantage of recent technological advances in information technology. Prerequisites: MANA 3361 and CIS 1301.</td>
</tr>
<tr>
<td>CIS 4308</td>
<td>Information Resource Management</td>
<td>[3-0]</td>
<td>Fall, Spring</td>
<td>Introduces the concept of resource management in information processing systems. The student is introduced to issues related to the management of an information system such as planning, organizing, controlling, evaluating and staffing an Information Center. Societal and technological issues related to managing an Information Center are discussed. Prerequisites: MANA 3361 and 6 hours of CIS or CSCI above computer literacy.</td>
</tr>
</tbody>
</table>
CIS 4333 Information Systems [3-0]  
*Spring*  
A practical course that applies previous courses of study in computer information systems to the design of information systems that are capable of handling ad-hoc reporting requests. Prerequisites: CIS 3335 and CIS 3336.

**Clinical Laboratory Sciences**

CLSC 2429 Clinical Microbiology in Health Care [3-3]  
*As Scheduled*  
This course will focus on the immunology, diagnosis, treatment and prevention of infectious diseases. The major categories of microbial pathogens such as viruses, bacteria, fungi and parasites will be discussed in relationship to human disease processes. Utilization and interpretation of laboratory findings in the health care setting will be emphasized. Students will acquire skills in the use of universal precautions and infection control techniques. Recommended for pre-professional students interested in health professions. Prerequisite: 8 hours of biology.

CLSC 3227 Clinical Laboratory Methods [1-3]  
*Fall*  
Lecture-laboratory course that introduces the student to the medical laboratory. Emphasizes appropriate laboratory studies for specific diseases, normal laboratory values and procedures for obtaining samples. Students are given the opportunity to perform waivered and PPM lab studies. Prerequisite: PHAS (“C” or better).

CLSC 3301 Introduction to Clinical Laboratory Science [2-5]  
*Spring*  
An introduction to the basic skills utilized in the clinical laboratory including specimen collection and processing, professional ethics, laboratory safety and routine examination of urine. Regulatory requirements for laboratories will also be introduced. Open to all interested students. Prerequisites: 8 hours of biology and 8 hours of chemistry.

CLSC 3410 Hematology I [3-3]  
*Fall*  
Formation, function and identifying characteristics of the cellular elements of blood. Lecture and laboratory emphasize the enumeration, morphology and staining characteristics of normal and abnormal blood cells in healthy and diseased states. Coagulation physiology and methods of detecting defects will also be introduced. Prerequisite: Admission into the Clinical Laboratory Sciences Program or special approval.

CLSC 3420 Clinical Chemistry I [3-3]  
*Fall*  
Studies in clinical chemistry with concentration on the physiology of normal and abnormal metabolism as they relate to those techniques commonly performed in general clinical chemistry laboratories. Basic clinical chemistry instrumentation, quality control and methodology will be emphasized along with a discussion of diagnostic applications. Prerequisite: Admission into the Clinical Laboratory Sciences Program or special approval.

CLSC 3513 Clinical Immunology and Immunohematology [4-3]  
*Fall*  
Basic aspects of the immune response and its relationship to the diagnosis and treatment of disease. Lecture and laboratory stress the basic concepts of the human immune system as well as clinical applications in the detection and diagnosis of disease processes by common serological tests including immunohematology applications. Prerequisite: Admission into the Clinical Laboratory Sciences Program or special approval.

CLSC 3530 Clinical Microbiology I [4-5]  
*Fall*  
Lecture and laboratory studies of human pathogens including common bacteria and parasites. Emphasis on staining, cultural and differential biochemical characteristics, as well as methods of isolation. Prerequisite: Admission into the Clinical Laboratory Sciences Program or special approval.

CLSC 4112 Advanced Hematology [1-0]  
*Fall*  
Specialized procedures in hematology with an emphasis on body fluid analysis. Prerequisites: Admission into Clinical Laboratory Sciences Program and successful completion of CLSC 3410 and CLSC 4311.

CLSC 4115 Advanced Clinical Immunology [1-0]  
*Fall*  
Advanced concepts in clinical immunology with an emphasis on specialized tests including the HLA system. Abnormalities of the immune system will be emphasized. Prerequisites: Admission into the Clinical Laboratory Sciences Program and CLSC 3513.

CLSC 4144 Clinical Practicum V [0-0-6]  
*Fall*  
Clinical application of theory and techniques in affiliated institutions. Prerequisites: Admission into Clinical Laboratory Sciences Program and successful completion of on-campus coursework.

CLSC 4303 Medical Laboratory Leadership [3-0]  
*Fall*  
An introduction to the leadership roles and responsibilities of the clinical laboratory scientist in management, supervision and education as well as regulatory and legal aspects of laboratory medicine. Prerequisite: Admission into the Clinical Laboratory Sciences Program.
CLSC 4311 Clinical Hematology II [2-5]  
**Spring**  
Continuation of Hematology I with an emphasis on abnormal morphology and related disease states. Coagulation abnormalities and associated clinical conditions will also be covered as well as the more specialized techniques in hematology and coagulation. Prerequisites: Admission into the Clinical Laboratory Sciences Program and CLSC 3410.

CLSC 4314 Advanced Immunohematology [2-5]  
**Spring**  
Lecture and laboratory stress the detection, identification and characterization of rarer and atypical antigens and antibodies, compatibility testing, blood component therapy and problem-solving techniques. Prerequisites: Admission into the Clinical Laboratory Sciences Program and CLSC 3513.

CLSC 4322 Advanced Clinical Chemistry [3-0]  
**Summer**  
Discussion of special procedures and instrumentation in the clinical chemistry laboratory including toxicology, therapeutic drug monitoring and clinical correlation of biochemical results as well as problem-solving strategies. Prerequisites: Admission into the Clinical Laboratory Sciences Program and CLSC 4421.

CLSC 4340 Clinical Practicum I [1-0-12]  
**Summer I**  
Clinical application of theory and techniques in affiliated institutions. Prerequisites: Admission into the Clinical Laboratory Sciences Program and successful completion of on-campus coursework.

CLSC 4341 Clinical Practicum II [1-0-12]  
**Summer II**  
Clinical application of theory and techniques in affiliated institutions. Prerequisites: Admission into the Clinical Laboratory Sciences Program and successful completion of on-campus coursework.

CLSC 4342 Clinical Practicum III [1-0-12]  
**Fall**  
Clinical application of theory and techniques in affiliated institutions. Prerequisites: Admission into the Clinical Laboratory Sciences Program and successful completion of on-campus coursework.

CLSC 4343 Clinical Practicum IV [1-0-12]  
**Fall**  
Clinical application of theory and techniques in affiliated institutions. Prerequisites: Admission into the Clinical Laboratory Sciences Program and successful completion of on-campus coursework.

CLSC 4421 Clinical Chemistry II [3-5]  
**Spring**  
Continuation of Clinical Chemistry I with an emphasis on more advanced concepts in quality control, method evaluation and instrumentation as well as the associated normal and abnormal physiology and the appropriate clinical correlation of results. Prerequisites: Admission into the Clinical Laboratory Sciences Program and CLSC 3420.

CLSC 4631 Clinical Microbiology II [5-5]  
**Spring**  
Continuation of Clinical Microbiology I with an emphasis on fastidious bacteria, fungi, viruses and rickettsia. Disease processes, therapy and prevention as they relate to microbiology will also be emphasized. Prerequisites: Admission into the Clinical Laboratory Sciences Program and CLSC 3530.

**Communication Disorders**

NOTE: The American Speech-Language-Hearing Association (ASHA) defines areas within Communication Disorders for the purpose of describing programs and requirements. If applicable, the corresponding ASHA area is shown following each course.

COMD 1310 Beginning Sign Language [3-0]  
**Fall, Spring, Summer**  
This course is for the students to become aware of basic knowledge about American Sign Language and deaf people. Emphasis in the course is on acquisition of both comprehension and production skills as well as knowledge of the deaf community and the development of cultural awareness necessary for maximal communication interaction. The students will begin with visual readiness activities and then progress through group targeted lexical items taught within meaningful contexts that stress use of questions, commands and conversational rules such as attention-getting and turn-taking. Basic finger-spelling skills also will be stressed.

COMD 1320 Intermediate Sign Language [3-0]  
**Fall, Spring, Summer**  
This course is a continuation of Beginning Sign Language (COMD 1310) and emphasizes expansion and refinement of the fundamental comprehension and production skills covered in Beginning Sign Language, with the acquisition of additional functional grammatical structure and targeted lexical items. Spontaneous, interactive use of American Sign Language is stressed through discussion of deaf community and other activities being held by the deaf community. The students will continue study of information related to everyday life experiences of deaf Americans and deaf people anywhere in the world. Prerequisite: COMD 1310 or departmental approval.

COMD 2310 Introduction to Speech-Language Pathology [3-0]  
**Fall, Spring**  
Designed to acquaint the prospective communication disorders, education, public services majors with the five types of communication disorders and their etiologies, identification and basic intervention procedures. Also introduces acoustic,
physiological, production and perceptual processes underlying human communication.
ASHA: Basic human communication processes

**COMD 2320 Voice and Phonetics [3-0]**
Fall
Introduction to speech science basics and the characteristics of proper voice and diction. The International Phonetic Alphabet is used to present the speech sounds of American English. Students are offered the opportunity to learn to recognize and analyze the production of speech sounds and to modify speech production. This course is designed for Communication Disorders majors and prospective elementary teachers. Prerequisite: COMD 2310.
ASHA: Basic human communication processes

**COMD 3310 Normal Language Development [3-0]**
Fall
A study of the theories of language development and language sampling. A description of language, sensory and motor development is presented. Prerequisites: COMD 2310, COMD 2320 and junior standing. ASHA: Basic human communication processes

**COMD 3315 Anatomy and Physiology of the Speech and Hearing Mechanism [3-0]**
Fall, Spring
A detailed study of the anatomical and physiological structure and function of the speech and hearing mechanism. Prerequisites: COMD 2310 and COMD 2320; junior standing. ASHA: Basic human communication processes

**COMD 3320 Methods for Clinical Practice [3-0]**
Fall, Spring
In preparation for the supervised clinical practice, the course includes information on clinical procedures specific to client management, clinic forms, Speech and Hearing Center policies and procedures and intervention materials. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330 and junior standing. ASHA: Speech disorders

**COMD 3330 Articulation Development and Disorders [3-0]**
Fall
A study of the theories of normal and abnormal articulation development with emphasis on the practical applications of theory. Identification, evaluation and management of articulation disorders and delays will be addressed. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315 and junior standing. ASHA: Speech disorders

**COMD 3340 Audiology I [3-0]**
Fall
Basic orientation to audiology including physics of sound, anatomy and physiology of the hearing mechanism, pathology of hearing, and evaluation of hearing, which includes emphasis on pure tone and impedance audiometry. Prerequisites: COMD 2310, COMD 2320 and junior standing. ASHA: Hearing disorders and hearing evaluation

**COMD 4310 Behavior Modification in Speech-Language Pathology [3-0]**
Spring
Detailed study of the theories of behavior as they relate to and underlie speech and hearing intervention procedures. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330 and junior standing. ASHA: Speech disorders

**COMD 4330 Aural Rehabilitation [3-0]**
Spring
Methods and techniques utilized in the aural habilitation and rehabilitation of hearing impaired individuals. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3330, COMD 3340 and junior standing. ASHA: Audiology habilitative and rehabilitative procedures

**COMD 4340 Neuro-Anatomy and Physiology for Speech, Language and Hearing [3-0]**
Fall
A study of the structure and function of neuroanatomical parts that contribute to the production, perception and processing of speech and language. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330, COMD 3340, COMD 3420 and junior standing. ASHA: Basic human communication processes

**COMD 4350 Clinical Experience I [3-0]**
Fall, Spring
A first clinical experience that may include observation, volunteer work in schools or health care settings, or assisting in the therapy process. Clinical experiences are typically assigned in The University of Texas-Pan American Speech and Hearing Clinic but may include experience at external sites. Clinical experience hours do not meet the ASHA supervised clock hour requirements. Prerequisites: Minimum GPA 3.0 in communication disorders. Submission of clinical experience application by announced deadline. COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3320, COMD 3330, and COMD 4310 (or concurrent enrollment in COMD 4310.) ASHA: Speech disorders

**COMD 4355 Clinical Experience II [3-0]**
Fall, Spring
A second clinical experience that may include observation, volunteer work in schools or health care settings, or assisting in the therapy process. Clinical experiences are typically assigned in external sites but may include experience at The University of Texas-Pan American Speech and Hearing Clinic. Clinical experience hours do not meet the ASHA supervised clock hour requirements. Prerequisite: Minimum GPA 3.0 in communication disorders. Submission of clinical experience application by announced deadline. COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3320, COMD 3330, COMD 4310 and COMD 4350. ASHA: Speech disorders.
COMD 4360 Abnormal Language Development and Introduction to Clinical Management [3-0]

Spring
A study of the characteristics of language development in children at risk. A sampling of three to five special populations will be presented. These may include, but are not limited to, language development in twins, mentally handicapped, hearing impaired, genetic syndromes and attention deficit disorders. Students will be introduced to basic techniques for the clinical management of abnormal language development.
Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330, COMD 4310 and junior standing. ASHA: Language disorders

COMD 4390 Diagnostic Procedures [3-0]

Fall
A study of diagnostic techniques and specific testing instruments utilized in the evaluation of language disorders.
Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3320, COMD 3330 and COMD 4310 or concurrent enrollment in COMD 3320; junior standing. ASHA: Language disorders

Communication

Following each entry in the course inventory is a code that lists the option to which the course can be applied. If a course has two codes, it is cross-listed between option areas. The code is as follows:

CO = Communication Core
SP = Speech Communication
TH = Theatre
JO = Journalism
GE = General Education

Students must seek advisement from the Department of Communication on a regular basis to discover when specific courses are to be scheduled and taught.

COMM 1303 Presentational Speaking (SP) (GE) [3-0]
As Scheduled
Instruction and practice in speech preparation and delivery. Includes audience analysis, selecting and developing the topic, drafting the speech outline, arranging and intensifying the speech, use of visual aids and supporting materials, effective delivery techniques and speech evaluation. Stresses logical thinking as a basis for formulation of the communication message.

COMM 1305 Acting I (TH) [3-0]
As Scheduled
Improvisational acting techniques and the application of these principles to stage, television and film.

COMM 1308 Photography [3-0]
As Scheduled
This course is an introduction to the techniques of taking photographs and the process of developing, printing, enlarging, cropping and dodging. Journalism students cannot count these hours toward their major.

COMM 1310 Oral Interpretation (SP) (TH) [3-0]
As Scheduled
Introduction and practice in the principles of speech as applied to the oral presentation of various literary forms. Includes prose and poetry, dramatic and duo-dramatic interpretation as well as storytelling.

COMM 1311 Technical Production I [3-0]
As Scheduled
This course gives instruction and practice in the methods of construction, painting, rigging, shifting stage scenery and properties, as well as the application of these techniques to television production.

COMM 1312 Technical Production II [3-0]
As Scheduled
This course is a continuation of COMM 1311. It consists of instruction and practical experience in production problems, including lighting and sound.

COMM 1313 Fundamentals of Speech Communication (SP) (GE) [3-0]
As Scheduled
Theory and application of the various elements of the speech communication process; through lecture, class discussion and active participation, students have the opportunity to develop skills in specific types of communication behavior including listening, interviewing, small group interaction and public speaking.

COMM 1315 Survey of Radio/TV Broadcast/ Cable (JO) (TH) [3-0]
(Texas Common Course Number is COMM 1335.)
As Scheduled
An overview of broadcasting and cablecasting; history, programming, regulations and financial structures. Commercial, educational and public radio and TV, both in the United States and around the world, will be covered with an emphasis on helping the student be a better-informed and more critical consumer.

COMM 1387 Speech Communication (Honors Plan) (SP) (GE) [3-0]
As Scheduled
Theory and intensive application of various elements of the speech communication process. Through lecture, class discussion and active participation, students have the opportunity to develop skills in communication behavior including listening, interviewing, small group interaction, audiovisual aid use and public speaking. Course substitutes for General Education option in Speech Communication. Credit...
Restriction: Credit may not be received for both COMM 1387 and COMM 1313.

**COMM 1408 Photography (JO)**  [3-0]

*As Scheduled*

An introduction to the techniques of taking photographs and the processes of developing, printing, enlarging, cropping and dodging. Journalism students cannot count these hours toward their major.

**COMM 1411 Technical Production I (TH)**  [3-3]

*As Scheduled*

Instruction and practice in the methods of construction, painting, rigging, shifting stage scenery and properties, as well as the application of these techniques to television production. Arranged lab.

**COMM 1412 Technical Production II (TH)**  [3-3]

*As Scheduled*

A continuation of COMM 1411. Instruction and practical experience in production problems, including light and sound. Arranged lab.

**COMM 1615 Summer Theatre Workshop (TH)**

Designed to introduce beginning students to basic techniques of theatre staging through practical situations, this workshop requires students to participate in a series of productions for public viewing. Because of the intensive nature of this course, students are not allowed to take other studies or outside employment during their workshop enrollment period without permission of the instructor.

**COMM 1616 Summer Television Workshop (JO) (TH)**

An intensive workshop course in which students are responsible for all aspects of the production of a major dramatic work that will be produced for television and that will embody the principles of dramatic production in television form.

**COMM 2101 Practicum – Theatre-TV-Film (TH)**  [1-0]

Participation in theatre, television or film programs sponsored by the department. One hour of credit requires a minimum of 60 hours of satisfactory participation plus any additional requirements set by the advisor. May be repeated for credit a maximum of four times.

**COMM 2304 Television Production**

*As Scheduled*

This course is an introduction to television studio operations with emphasis on television production. It covers cameras, microphones, lights, setting and performers.

**COMM 2306 Acting II (TH)**  [3-0]

*As Scheduled*

Intensive study of the techniques of building and developing a characterization.

**COMM 2312 Theatre Appreciation (TH) (GE)**  [3-1]

*As Scheduled*

An introduction to the theatre, how to enjoy and understand plays, an appreciation and understanding of the various factors that make up a live theatre performance. Designed for non-majors.

**COMM 2313 Readings in Dramatic Literature (TH)**  [3-0]

*As Scheduled*

Critical review and analysis of selected classic plays from Greek antiquity to the present time, designed to clarify the nature and major achievements of Western dramatic art. Equivalent Course: ENG 2313; may be counted as English or Communication in satisfying degree requirements. Credit may be received for only one course.

**COMM 2315 Interpersonal Communication (SP)**  [3-0]

*As Scheduled*

Instruction and activities in the principles of human communication and interaction. Includes self-concept, self-disclosure and risk, defensiveness, perception, empathy, semantics and abstraction, emotions and behavior, nonverbal communication, listening and feedback, relational communication, assertiveness and conflict management. Previous Course Number: COMM 1307; a student may receive credit in only one course.

**COMM 2319 Make-Up**

*As Scheduled*

This course is a study of make-up for stage, film and television camera. It includes the study of make-up design and application and special effect make-up. Students must provide their own make-up for the course.

**COMM 2320 Costuming**

*As Scheduled*

This course is a study of costume design and construction with emphasis on problems encountered in designing clothes for theatre, television and dance.

**COMM 2350 Writing for the Mass Media (JO)**  [3-0]

*Fall, Spring*

Development of fundamental writing and fact-gathering skills for printing and electronic media. Students must pass skill tests of computer word processing, grammar, spelling and punctuation. Writing projects aid students in their understanding of the requirements of different fields of communication. Successful completion of this course with a grade of a “C” or better is a prerequisite for all journalism courses.

**COMM 2387 Theatre Appreciation (Honors Plan) (TH)**  [3-0]

*As Scheduled*

An introduction to the theatre. Students are offered the opportunity to learn how to enjoy and understand plays, and are given the opportunity to gain an appreciation and
understanding of the various factors that make up a live theatre performance. Designed for non-majors. Credit Restriction: Credit may be received for only one of COMM 2312 or COMM 2387. Prerequisite: Admission to Honors Program or by permission of instructor.

**COMM 2404 Television Production (JO) (TH) [2-3]**
*Fall, Spring*
Introduction to television studio operation with emphasis on television production. Covers cameras, microphones, lights, setting and performers.

**COMM 2411 Make-Up (TH) [3-3]**
*As Scheduled*
A study of make-up for stage, film and television camera. Includes the study of make-up design and application and special effects make-up. Students must provide their own make-up for the course.

**COMM 2412 Costuming (TH) [3-3]**
*As Scheduled*
A study of costume design and construction with emphasis on problems encountered in designing clothes for theatre, television and dance.

**COMM 3301 Rhetoric of Television (SP) (JO) [3-0]**
*As Scheduled*
A consideration of television and its pervasive influence upon contemporary social, political and cultural institutions. Course explores the forms of persuasion embedded in television and methods by which these rhetorical structures affect human perceptual systems and resulting human behavior.

**COMM 3302 Speech for Stage and Screen (TH) (JO) [3-0]**
*As Scheduled*
An intensive course in high quality diction for those planning to speak professionally on stage, TV, radio or film. Work on diction, foreign accents and dialects. Some voice work included.

**COMM 3304 Advertising (JO) [3-0]**
*Fall, Spring*
Principles of advertising as they are applied and used in radio, television, film, print media and theatre. Practice in writing advertising copy, layout and design.

**COMM 3305 Editing (JO) [3-0]**
*Fall*
A study of copy editing, headline writing and graphic designing for newspapers. Layout and design will be included in the course. Much of the coursework will be completed in the computer lab.

**COMM 3306 Feature Writing (JO) [3-0]**
*Spring*
Interpreting trends in reader appeal; analyzing feature story structure; finding ideas for gathering materials; writing and selling feature articles.

**COMM 3308 Creative Drama (TH) [3-0]**
*As Scheduled*
A study of informal drama in its application to the elementary classroom. Development of creativity through original dramatizations by children. Of special interest to the elementary teacher.

**COMM 3309 Scene Design [3-0]**
*As Scheduled*
This course teaches the principles of design as applied to modern stage and television production.

**COMM 3310 Lighting for the Stage, Film and TV (TH) [3-0]**
*As Scheduled*
Problems of lighting design and execution as applied to the various media – stage, screen and television.

**COMM 3311 Contemporary Drama (TH) [3-0]**
*As Scheduled*
A study of trends and movements in 20th century American, British and European drama with emphasis on works of major playwrights. Equivalent Course: ENG 3311; can be counted as English or Communication in satisfying degree requirements. Credit may be received for only one course. Prerequisite: 12 hours of English.

**COMM 3314 Persuasive Communication (SP) (JO) [3-0]**
*As Scheduled*
Persuasive techniques and rhetorical principles as they apply to verbal and nonverbal communication where the goal is social influence. In-class speeches and projects stress practical application of persuasive strategies. Persuasive characteristics of contemporary culture, structure and content of persuasive messages, source credibility, propaganda, ethics and role of attitudes, belief systems and values in persuasive communication.

**COMM 3315 Communication in Human Relations (SP) [3-0]**
*As Scheduled*
Application of the Speech Communication perspective as a dynamic process of human interaction. Significant issues and topics in interpersonal relationships, such as family communication, health communication, gender communication, social conflict and crisis communication, supervisory communication. May be repeated once for credit. Prerequisite: COMM 2315 or by permission of instructor.

**COMM 3316 Intercultural Communication (SP) (JO) [3-0]**
*As Scheduled*
Study of the symbolic and relativistic nature of culture and the resultant problems in attempting to communicate meaning across cultural lines.

|             | Theory and intensive application of various public speaking situations – informative, persuasive and special occasion.
speeches. Critical thinking, analysis, reasoning, support for assertions, humor and clear organization are stressed. Ethical communication and an audience-centered approach are central issues. Prerequisite: COMM 1313 or COMM 1303.

COMM 3341 Acting III
As Scheduled
This course is a study of work with partners in scenes. It gives the students practice in the techniques of working in large and small groups, working for specificity of character and developing responsive and responsible rehearsal techniques.

COMM 3342 Acting IV
As Scheduled
This course consists of working with particular acting problems, such as characterization in the musical, individuation in group scenes, commercials, supporting partners, etc.

COMM 3350 Research in Communication (CO) [3-0]
As Scheduled
Major methods of research used in the concentration areas of communication: speech communication, theatre arts and journalism/mass media. Each student is responsible for the successful completion of a research project. Required of all communication majors. Previous Course Numbers: COMM 4303, COMM 4324 and COMM 4325; a student may receive credit for only one course.

COMM 3401 Broadcast News Writing (JO) [4-0]
Fall
Development of skills and practice in the art of writing news for radio and television. Scripts will be written and evaluated as related to audience, medium and structure.

COMM 3403 Television News Production and Reporting (JO) [4-0]
Spring
Methods of gathering facts, words and images, then developing them into professional video newscasts, including audio and video recording, editing, production, delivery and transmission, within the scope of standard electronic journalistic ethics and practices. Prerequisite: COMM 2404.

COMM 3409 Acting III (TH) [2-4]
As Scheduled
Study of work with partners in scenes. Techniques of working in large and small group scenes, working for specificity of character and developing responsive and responsible rehearsal techniques.

COMM 3410 Acting IV (TH) [2-4]
As Scheduled
Working with particular acting problems, such as characterization in the musical, individuation in group scenes, commercials, supporting partners, etc.

COMM 3412 Arts Management and Publicity (TH) (JO) [3-3]
As Scheduled
Basic principles of managing arts events or arts centers. Practical experience in publicity, release writing, box office management, program and poster production and public relations.

COMM 3413 Literature in Performance (SP) [4-0]
As Scheduled
An advanced course in the theory and practice of the oral interpretation of literature stressing methods of assembling materials of various genres and individual and group performance. A rehearsal lab is required. Prerequisites: COMM 1310 and/or permission of instructor.

COMM 3623 Professional Internship Cooperative Education – Theatre (TH)
A planned program of half-time (20 hours per week) work, for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to the work period. Students should be classified as seniors. Credit will be determined on the basis of satisfactory employer's evaluation and the student's written report.

COMM 3625 Professional Internship Cooperative Education – Print Media (JO)
A planned program of half-time (20 hours per week) work, for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to the work period. Students should be classified as seniors. Credit will be determined on the basis of satisfactory employer's evaluation and the student's written report.

COMM 3626 Professional Internship Cooperative Education – Radio-TV-Film (JO)
A planned program of half-time (20 hours per week) work, for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to the work period. Students should be classified as seniors. Credit will be determined on the basis of satisfactory employer's evaluation and the student's written report.

COMM 3627 Professional Internship-Cooperative Education – Advertising-Public Relations (JO)
A planned program of half-time (20 hours per week) work for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to work period. Credit will be determined on basis of employer's evaluation and student's written report.

COMM 4101 Practicum – Theatre-TV-Film (TH) (JO) [1-0]
Participation in theatre, television or film programs sponsored by the department or other programs approved by the instructor. One hour of credit requires a minimum of 60 hours of satisfactory participation, plus any additional requirements
set by the instructor. May be repeated for credit a maximum of four times.

COMM 4103 Practicum – Forensics (SP)
Participation in the forensics program of the University. One hour of credit requires a minimum of 60 hours of satisfactory participation, plus any additional requirements set by the instructor. May be repeated for credit a maximum of four times.

COMM 4301 Directing I (TH) [2-2]
As Scheduled
Study, observation and practice in selecting scripts and working with problems, methods and techniques of direction and production.

COMM 4302 Directing II (TH) [1-4]
As Scheduled
A continuation of COMM 4301 with stress upon student direction and production of plays and television programs.

COMM 4303 Special Topics
As Scheduled
For the advanced undergraduate, this course may be taken more than once if the topic changes. The class is designed to give students an opportunity to study a special advanced theatre topic not required in the undergraduate curriculum.

COMM 4304 Scriptwriting for Stage and Screen (TH) [3-0]
As Scheduled
Advanced-level course in the arts and crafts of scriptwriting for stage and screen (motion picture and/or television). Course would be-repeatable for credit with new work or work with different medium.

COMM 4307 Contemporary Rhetoric of Social and Political Movements (SP) (JO) [3-0]
As Scheduled
Rhetoric as an instrument of change within current political and social protest movements. Analysis of strategies and tactics of agitation and control. Study of pamphlets, speeches, underground publications, files, music, nonverbal symbols and body rhetoric. Includes such movements as the Far Right, New Left, Black Power, Chicano movements and Women’s Liberation.

COMM 4308 Special Problems in Rhetorical Criticism (SP) (JO) [3-0]
As Scheduled
Significant issues and topics in rhetorical criticism. Principles of criticism applied to political and social communication behavior. May be repeated once for credit.

COMM 4313 Mass Media Law (JO) [3-0]
Fall
A thorough study of freedom of the press, libel, invasion of privacy and the conflict between free press and fair trial.

COMM 4314 Advanced Television/Film Production (JO) (TH) [3-0]
As Scheduled
Advanced-level course stressing the application of basic arts and media developed in COMM 2404 and making use of advanced students in directing, technical crafts, performance and scriptwriting. May be repeated for credit with new production. Course will alternate years between theatre-television (even years) and journalism (odd years).

COMM 4315 History of the Theatre I (TH) [3-0]
As Scheduled
A thorough study of the history of theatre from its origins until the end of the Jacobean era.

COMM 4316 History of the Theatre II (TH) [3-0]
As Scheduled
A thorough study of the history of theatre from the Restoration until the present.

COMM 4317 Children’s Theatre Workshop
As Scheduled
This is an intensive workshop course in which students are responsible for all aspects of the production of a major dramatic work that will be produced for children and that will embody the principles of dramatic production in forms suitable for elementary school audiences.

COMM 4318 Theory and Styles of Acting
As Scheduled
This course covers techniques of period acting and exploration of major theories of acting techniques.

COMM 4319 Problems in Acting
As Scheduled
This course teaches acting techniques to adapt performance to varying situations such as large and small proscenium, film and television. It also includes preparation of audition material and problems in developing range of characterization.

COMM 4321 Public Relations (JO) [3-0]
Fall
Planning and preparation of publicity materials for media, application of public relations techniques and clinical study of current public relations campaigns. Some laboratory work in the Department of Communication.

COMM 4326 Photojournalism (JO) [3-0]
Fall, Spring
Principles and practices of photojournalism. Topics include news photography and interrelationship with text. Participation in campus publications is encouraged. Students must furnish 35mm camera and equipment. Prerequisite: COMM 1408 or permission of instructor.
COMM 4327  Mass Communication and Society (JO)  [3-0]
Fall
This course will provide an overview of the relationship between the mass media and society from a historical perspective and will examine current trends such as the impact of media technology on society. The different theories of the press as well as theories of mass communication will also be examined.

COMM 4328  Ethics (JO)  [3-0]
Spring
A thorough study of media cases as they relate to questions of ethics, as well as the historical development of ethical philosophies of Western Civilization, will be examined.

COMM 4329  Media Presentation (JO)  [3-0]
Fall
This course will introduce students to the theoretical and practical applications of multimedia presentations and will help students in their preparation of portfolios and resumes.

COMM 4330  Communication Consulting and Training (SP)  [3-0]
As Scheduled
Study of the consultant’s role in planning and implementing organizational communication diagnosis and change. Factors affecting the consultant-client relationship as well as ethical considerations will be highlighted. In addition, methods, techniques and practice in communication training programs and workshops will be addressed.

COMM 4331  Senior Synthesis Seminar in Speech Communication (SP)  [3-0]
As Scheduled
Students are provided the opportunity to integrate principles, ideas and information covered in lower- and upper-division Speech Communication coursework and to apply theories, research methods and intervention techniques in various analytical and experimental situations. Prerequisites: COMM 1301 and 24 hours in Speech Communication, including 9 advanced hours.

COMM 4332  Media Publishing (JO)  [3-0]
Spring
Computer production of a variety of print media publishing, including layout, design and writing.

COMM 4333  Communication for the Secondary Teacher (CO)  [3-0]
As Scheduled
Methods of teaching speech communication, journalism and theatre in high school. Materials for intramural and interschool speech, theatre and journalism activities in both junior and senior high schools. Particular attention is given to the UIL one-act play and the student newspaper and yearbook. Methods of training participants in these activities are emphasized.

(Replaces all courses designated as Communication for the Secondary Teacher for specific disciplines, i.e. Speech, Drama, Journalism.)

COMM 4334  Advanced Public Relations (JO)  [3-0]
Spring
A continuation of the initial course in public relations. Considerable class time will be devoted to public relations research, target audiences, laws affecting public relations practice and communication channels. Assignments will include an in-depth study of a public relations campaign. Prerequisite: COMM 4321.

COMM 4335  Advanced Advertising (JO)  [3-0]
Spring
A continuation of advertising procedures. The study of various forms of advertising research techniques and retail advertising. Assignments include an in-depth study of an advertising campaign. Prerequisite: COMM 3304.

COMM 4336  Applied Organizational Communication (SP)  [3-0]
As Scheduled
Application of organizational communication theories and concepts within organizational contexts. Prerequisite: COMM 3332.

COMM 4337  Professional Internship-Cooperative Education – Speech Communication (SP)
A planned program of half-time work (10 hours per week), for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to the work period. Students should be classified as seniors. Credit will be determined on the basis of satisfactory employer’s evaluation and the student’s written report. May be repeated once for credit.

COMM 4414  Children’s Theatre Workshop (TH)
An intensive workshop course in which students are responsible for all aspects of the production of a major dramatic work that will be produced for children and that will embody the principles of dramatic production in form suitable for elementary school audiences.

COMM 4417  Radio and Television Advertising Production (JO)  [3-3]
As Scheduled
Application of principles of advertising to production of radio and television commercials. Prerequisites: COMM 2404 and COMM 3304.

COMM 4418  Theory and Styles of Acting (TH)  [2-4]
As Scheduled
Techniques of period acting and exploration of major theories of acting techniques.

COMM 4419  Problems in Acting (TH)  [2-4]
As Scheduled
Acting techniques to adapt performance to varying situations such as large and small proscenium, film and television. Preparation of audition material and problems in developing range of characterization.

COMM 4615 Summer Theatre Workshop (TH)
For the advanced undergraduate, experience in all areas of theatrical presentation. Students assume responsibility for one or more of the following areas: technical theatre production problems in acting and directing, theatre business management. Because of the intensive nature of this course, students are not allowed to take other studies or outside employment during the workshop enrollment period without permission of the instructor.

COMM 4616 Summer Film and Television Workshop (JO) (TH)
For the advanced undergraduate, an intensive workshop in which students are responsible for the production of a major dramatic work that will be produced for television and that will embody the principles of dramatic production in television form. Journalism students taking the course will produce a documentary concerning the production.

COMM 4624 Professional Internship-Cooperative Education – Speech Communication
A planned program of half-time (20 hours per week) work, for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to the work period. Students should be classified as seniors. Credit will be determined on the basis of satisfactory employer's evaluation and the student's written report. Previous Course Number: COMM 3624; a student may receive credit for only one course.

Criminal Justice

NOTE: The entire course inventory is not offered each semester. Students are advised to plan ahead when making decisions about their semester schedules.

CRIJ 1301 Introduction to the Criminal Justice System [3-0]
(Texas Common Course Number is CRIJ 1301.)
Fall, Spring, Summer
The history, development and philosophy of the criminal justice system; an overview of law enforcement, courts and corrections subsystems.

CRIJ 1306 Court Systems and Practices [3-0]
(Texas Common Course Number is CRIJ 1306.)
Spring
The judiciary in the criminal justice system; right to counsel; pre-trial release; grand juries; adjudication process; types and rules of evidence; sentencing. Previous Course Number: CRIJ 2333; a student may receive credit in only one course.

CRIJ 1307 Crime in America [3-0]
(Texas Common Course Number is CRIJ 1307.)
Fall, Summer
American crime problems in historical perspective; social and public policy factors affecting crime; crime impact and trends; social characteristics of specific crimes; prevention of crime. Previous Course Numbers: CRIJ 2301 and CRIJ 3361; a student may receive credit in only one course.

CRIJ 1310 Fundamentals of Criminal Law [3-0]
(Texas Common Course Number is CRIJ 1310.)
Fall
A study of the nature of criminal law; philosophical and historical development; major definitions and concepts; classification of crime; elements of crime and penalties using Texas statutes as illustrations; criminal responsibility. Previous Course Number: CRIJ 2331; a student may receive credit in only one course.

CRIJ 1313 Juvenile Justice System [3-0]
(Texas Common Course Number is CRIJ 1313.)
Spring
An overview of the nature of juvenile delinquency; the theory and practice of juvenile courts; juvenile case law; juvenile crime prevention; treatment of juvenile offenders; juvenile justice system. Previous Course Number: CRIJ 2303; a student may receive credit in only one course.

CRIJ 2313 Correctional Systems and Practices [3-0]
(Texas Common Course Number is CRIJ 2313.)
Spring, Summer
Corrections in the criminal justice systems; correctional role; institutional operations, alternatives to institutionalization; treatment and rehabilitation; current and future issues. Previous Course Number: CRIJ 2342; a student may receive credit in only one course.

CRIJ 2314 Criminal Investigation [3-0]
(Texas Common Course Number is CRIJ 2314.)
Fall, Summer
An introduction and analysis of current criminal investigation procedures; philosophy of the crime scene investigation; an advanced study of important areas involved in criminal investigation, such as proper handling of physical evidence, arrest, search and seizure, hearings and probable cause; a discussion of techniques involved in drug and narcotic investigations. Previous Course Number: CRIJ 2323; a student may receive credit in only one course.

CRIJ 2323 Legal Aspects of Law Enforcement [3-0]
(Texas Common Course Number is CRIJ 2323.)
Spring, Summer
Police authority; responsibilities; constitutional restraints; laws of arrest, search and seizure; police liability. Previous Course Number: CRIJ 2332; a student may receive credit in only one course.
CRIJ 2326 Police-Community Relations [3-0]
(Texas Common Course Number is CRIJ 2326.)
Spring
A study of the problems involving law enforcement agencies and the community; the philosophy of community action groups and boards; theories regarding police involvement in community projects and the principles and techniques used in establishing a proper law enforcement-community relationship; principles and techniques of crime prevention and various approaches to crime prevention programs. Previous Course Number: CRIJ 2304; a student may receive credit in only one course.

CRIJ 2328 Police Systems and Practices [3-0]
(Texas Common Course Number is CRIJ 2328.)
Fall, Spring
The police profession; organization of law enforcement systems; the police role; police discretion; current and future issues. Previous Course Number: CRIJ 1313; a student may receive credit in only one course.

CRIJ 2335 Legal Aspects of Corrections [3-0]
Fall
Legal problems and principles from conviction to release, to include consideration of convictions, imprisonment, sentencing, conditional release, post-conviction procedures, prisoner rights, probationer rights and validity of conviction. Previous Course Number: CRIJ 3331; a student may receive credit in only one course.

CRIJ 3303 Criminology [3-0]
Fall, Spring
Provides an overall perspective of the crime problem with special emphasis given to philosophical and theoretical ideas pertaining to crime causation and its control. Includes victimology and criminal typologies.

CRIJ 3304 Criminal Justice Research Methods [3-0]
Fall, Spring
A review of current literature and examination of selected problems affecting the criminal justice system; instruction of steps involved in the scientific approach to problem solving. Discussion of research techniques and paper writing; applications of research in criminal justice. Previous Course Number: CRIJ 3402; a student may receive credit in only one course.

CRIJ 3341 Probation and Parole [3-0]
Spring
The philosophy, history and principles of probation, parole and other community-based treatment programs; philosophy of punishment and rehabilitation; trends, practices and current research in probation and parole, including methods of analysis, selection and prediction.

CRIJ 3344 Techniques of Interviewing [3-0]
Spring
Addresses techniques and interaction involved in the face-to-face interview; knowledge of behavioral reactions; development of an awareness of likely responses to the behavior of the interviewer; and interview techniques for pre-sentence investigations, classification, supervision and related correctional tasks.

CRIJ 3345 Correctional Administration [3-0]
As Scheduled
Fundamental concepts of management, organization and administration as specifically applicable to correctional institutions, field services and community-based corrections.

CRIJ 4311 Police Organization and Administration [3-0]
Fall
In-depth discussion of organizational and administrative theory; comparative discussion of philosophies utilized in business and public administration with potential relationships to police organizations; methodology of societal trends affecting criminal justice administration.

CRIJ 4312 Principles of Law Enforcement Supervision [3-0]
Spring
An examination of the principles involved in law enforcement supervision; principles of leadership in dealing with people; psychology involved in handling grievances and in building morale; duties and responsibilities of command-level personnel; law enforcement budgeting procedures, supervisory problems and responsibilities relating to discipline and internal affairs investigations.

CRIJ 4313 Current Issues in Law Enforcement [3-0]
Fall
Analysis and discussion of contemporary issues in policing with particular attention to current developments, service delivery and the changing police role. Integration of established scientific knowledge with practical police experiences in various areas of policing.

CRIJ 4341 Correctional Casework and Counseling [3-0]
As Scheduled
Examines the role and techniques of casework in corrections with emphasis on the integration of casework and counseling responsibilities and procedures. Includes examination of therapeutic techniques and processes in various correctional settings and the study of service delivery programs tailored to the specific needs of correctional clients. Previous Course Number: CRIJ 4441; a student may receive credit in only one course.

CRIJ 4343 Current Issues in Corrections [3-0]
As Scheduled
Analysis and evaluation of contemporary correctional systems;
discussion of recent research concerning correctional institutions and various corrections field services. Emphasis is given to both administrative and treatment concerns in corrections.

CRIJ 4361 Comparative Criminal Justice Systems [3-0]
As Scheduled
This is an upper-division course elective. The course's primary goal is to introduce students to the idea of a world criminal justice system. Several countries will be selected each semester. A survey of the criminal justice systems (government, police, judiciary, laws, corrections and juvenile justice) will be conducted of each of the countries.

CRIJ 4362 Special Topics in Criminal Justice [3-0]
As Scheduled
Designed to give advanced undergraduate students academic flexibility and the opportunity to study contemporary issues in crime and criminal justice.

CRIJ 4363 Independent Studies in Criminal Justice [3-0]
As Scheduled
Designed for advanced students who are capable of independent study and research to examine an issue or project of specific interest. Registration upon approval of the Chair of the Department of Criminal Justice and the professor directing the course.

CRIJ 4464 Field Internship Experience [4-0]
Fall, Spring
Three hours per week learning job interview techniques and resume writing. Placement in a criminal justice agency or related experience for on-the-job training for a minimum of 120 hours. Evaluation of student and agency critiques, daily logs and a weekly meeting with the intern coordinator. Previous Course Number: CRIJ 4401; a student may receive credit in only one course.

Computer Science

CSCI 1201 Introduction to Computer and Information Technology [2-0]
Fall, Spring, Summer
A computer literacy course to develop awareness of the expanding role of computer and information technology and to provide knowledge and skills related to personal and social uses of computers. Topics include applications of computers, societal and ethical issues involving computers, history, the Internet, packaged software, and hardware and software terminology. Students with limited or no computer experience are advised to enroll in CSCI 1300.

CSCI 1300 Computers and Society [3-0]
Fall, Spring, Summer
A computer literacy course to develop awareness of the expanding role of computer technology and to provide rudimentary knowledge and skills related to personal and social uses of computers. Topics include applications of computers, societal ethical issues involving computers, history, algorithms and elementary programming in a high-level language, usage of packaged software, and hardware and software terminology.

CSCI 1380 Computer Science I [3-0]
Fall, Spring, Summer
An introduction to computer science and computer programming. The fundamentals of a high-level programming language will be introduced. Methods of problem solving, techniques of algorithmic development and concepts of structured programming will be emphasized. Prerequisites: CSCI 1300 or equivalent experience and grade of “C” or better in MATH 1340 or MATH 1321.

CSCI 1381 Foundations of Computer Science [3-0]
Fall, Spring
A breadth-first examination of computer science that continues the introduction to the field of computer science first begun in CSCI 1380. Includes an introduction to the mathematical foundations of computing, computer architecture, binary representations, software engineering, social and ethical issues of a computerized society, and an overview of various computer science fields and topics. Prerequisite: CSCI 1380 or departmental permission.

CSCI 2320 Computer Programming in a Second Language [3-0]
As Scheduled
Computer programming in a high-level programming language such as Ada, Modula-2, Java, LISP and PROLOG. May also cover two different languages, such as both LISP and PROLOG. Designed for students who already know how to program in another high-level language. May be repeated when languages change. Prerequisite: CSCI 1380 or CSCI 2325 or consent of instructor.
student has already had exposure to at least one other programming language. Prerequisite: CSCI 1380, CSCI 2325, CIS 2310 or consent of instructor.

CSCI 2333 Computer Organization and Assembly Language [3-0]
Fall, Spring
An introduction to computer organization, use of assembly language programming, basic instruction sets, arithmetic and logical operations, addressing modes and macro definition. Several computer programming projects are included. Prerequisite: CSCI 2380 or consent of instructor.

CSCI 2380 Computer Science II [3-0]
Fall, Spring
A second programming course includes problem solving by structured design; provides an introduction to elementary data structures, including linked lists, stacks, queues, trees and graphs, and advanced programming techniques, including recursion, sorting and searching. Prerequisites: CSCI 1381 and CSCI 2330 with a grade of "C" or better.

CSCI 3300 Internship in Computer Science [3-0]
This course is designed to give students an opportunity to gain practical experience in the computer science career field by working with a participating employing firm or organization. The student will be supervised by a faculty member acting as a liaison between the University and the employing organization to ensure compliance with specific learning and experience requirements. The employment can be either paid or unpaid, and normally would include practical experience spread over one academic term or summer. A maximum of 3 hours of credit from CSCI 3300 or CSCI 3390 can be used toward the computer science major. May be repeated once. Prerequisite: Upper-division standing, minimum 12 hours of computer science completed and approved by both the department and employer providing the practicum/internship experience.

CSCI 3330 Introduction to Unix [3-0]
An introduction to the UNIX operating system and variations such as Linux. The course will provide instruction in the UNIX user interface, discuss at a high level internal components of UNIX, including threads, multitasking and resource handling. The course will emphasize shell programming in scripting languages such as Tcl/Tk and Perl, network applications including the World Wide Web, and commonly used UNIX utilities. Prerequisite: CSCI 2330.

CSCI 3333 Algorithms and Data Structures [3-0]
Fall, Spring
Continuation of data structures topics covered in CSCI 2380 along with advanced algorithms and algorithmic complexity. Topics covered include advanced searching and sorting algorithms, recursive algorithms, and implementations of structures and related algorithms pertaining to advanced trees (including 2-3, 2-3-4, red-black and B-trees), graphs and networks. Prerequisite: CSCI 2380.

CSCI 3334 Systems Programming [3-0]
Fall, Spring
An introduction to the organization and structure of the major hardware components of computers, the design of assemblers, linkers and loaders, and the fundamental concepts of operating systems. Prerequisites: CSCI 2333 and CSCI 2380.

CSCI 3336 Organization of Programming Languages [3-0]
As Scheduled
Introduction to the specification analysis and implementation of programming languages, including the runtime behavior, desirable features and limitations of various languages. Prerequisites: CSCI 2380 and programming experience in two high-level languages.

CSCI 3340 Software Engineering [3-0]
As Scheduled
A formal approach to the state-of-the-art techniques in software design and development. Provides the student with the opportunity to work on large projects in a group situation. Prerequisite: CSCI 2380.

CSCI 3350 Numerical Methods [3-0]
As Scheduled
This course includes interpolation, numerical integration, numerical solutions to differential equations and a study of numerical solutions to systems of equations. Equivalent course: MATH 3368; a student may receive credit in only one course. Prerequisites: MATH 1401; CSCI 1380 or CSCI 2325 or consent of the instructor.

CSCI 3390 Practicum in Computer Science [3-0]
As Scheduled
Practical experience in management of computer laboratories and administration of computer systems. Students will assist in the operation of computing facilities. Course will include a 1-hour seminar and 8 hours of practicum experience per week. May be taken once for credit toward computer science major or minor. A maximum of 3 hours of credit from CSCI 3300 or CSCI 3390 can be used toward the computer science major. May be repeated once. Prerequisites: Junior standing and 12 hours of computer science.

CSCI 4333 Database Design and Implementation [3-0]
As Scheduled
Study of logical (hierarchical, network, relational) and physical (sequential, indexed, relative) organization of databases. Database management systems and their features, querying databases, distributed databases and data compression. Prerequisite: CSCI 3333.

CSCI 4334 Operating Systems [3-0]
As Scheduled
Detailed study of operating system principles, including
procedure activation, memory management, process management, resource allocation and protection. 
Prerequisites: CSCI 3333 and CSCI 3334.

CSCI 4335 Computer Architecture [3-0]
As Scheduled
Computer organization and architecture of computer systems, basic logic design, coding and micro-programming. 
Prerequisites: CSCI 2333 and CSCI 3333.

CSCI 4341 Topics in Computer Science [3-0]
As Scheduled
Topics or problems in Computer Science; subject matter changes from semester to semester. May be repeated for credit as topic varies. Prerequisite: Consent of instructor.

CSCI 4345 Computer Networks [3-0]
As Scheduled
An introduction to data communication topics, including data transmission, encoding, data link control, switching, network topologies, protocols, internetworking and data security. Examples of existing networks and network architectures are studied. Prerequisite: CSCI 4334, CSCI 4335 or consent of instructor.

CSCI 4350 Artificial Intelligence [3-0]
As Scheduled
Study of intelligent machines and machine learning. Includes problem solving and heuristic search, natural language understanding, game playing, database and expert systems. Artificial Intelligence projects will be implemented using an AI language such as LISP, Prolog, C++ or Ada. Prerequisite: CSCI 3333.

CSCI 4360 Computer Graphics and Interactive Systems [3-0]
As Scheduled
A study of the representation and display of graphical information including the design and analysis of interactive systems. Prerequisite: CSCI 3333 or consent of instructor.

CSCI 4390 Senior Project
As Scheduled
Students will construct a software product, following it through the stages from initial specification to the final completed project, including user manual. Prerequisites: CSCI 3340 and consent of instructor.

Dietetics

DIET 2351 Introduction to Clinical Nutrition [3]
Fall, Spring
Basic principles of human nutrition with emphasis on the nutrients and factors that affect their utilization in the human body; nutritional requirements of the body at all age levels; modern concept of an adequate diet; cultural influences on food selection; principles of diet modification and its importance in the treatment of disease.

DIET 2352 Food Preparation [2-3]
Spring
Application of scientific principles in food selection and preparation (conventional and microwave cooking). Consideration is given to the composition and properties of food, nutritional value, desirability standards, simple menu service and food economics.

DIET 3353 Advanced Nutrition [3-0]
Fall
Study of biological, physiological, sociological and environmental aspects of nutrition science. Controversial issues in nutrition are examined. Medical terminology is stressed. Prerequisites: CHEM 3403 or concurrent enrollment, HRP 2351, BIOL 2403 and admission to the Coordinated Program in Dietetics.

DIET 3354 Food Systems Management [3-0]
Spring
Organization and management of a food service system and basic operational subsystems (procurement, inventory, production, distribution, sanitation and fiscal control). Prerequisites: DIET 3452, DIET 3353 and DIET 3356, each with a minimum grade of “C”.

DIET 3356 Experimental Foods [2-3]
Fall
Investigation of chemical, physical and nutritional properties of foods and additives during food preparation. Study of food modifications necessary for diet therapy; consideration of cultural preferences. Prerequisites: DIET 2352, CHEM 2302 and admission to the Coordinated Program in Dietetics.

DIET 3357 Nutritional Assessment and Introduction to Diet and Disease [2-2]
Spring
Introduction to the concepts of providing nutritional care to individuals. Topics include nutritional assessment procedures (anthropometrics, biochemical, clinical and dietary) nutrition care plan, medical records including problem-oriented medical record, basic principles of interviewing and counseling, diabetic and renal calculations, total parenteral nutrition (TPN) and tube feeding methods, and use of computers for dietary analysis of intakes. Prerequisites: DIET 3452, DIET 3353 and DIET 3356, each with a minimum grade of “C”.

DIET 3452 Quantity Foods Production [3-0-6]
Fall
Principles and methods of buying, preparing and serving foods for various types of quantity food facilities are considered. Standardization of recipes and cost controls. Use and care of institutional equipment. Safety and sanitation. 8 hours clinical experience per week. Prerequisites: DIET 2352, BIOL 3401, concurrent enrollment in DIET 3353 and DIET 3356, and
admission to the Coordinated Program in Dietetics.

**DIET 3655 Food Systems Management Practicum [0-18]**

*Spring*
Selected problems and clinical experiences directly correlated to DIET 3354. 18 hours clinical experience per week. Prerequisites: DIET 3452, DIET 3353 and DIET 3356, each with a minimum grade of “C,” and concurrent enrollment in DIET 3354.

**DIET 4257 Seminar in Dietetics [2-0]**

*Spring*
Introduction to interpretation and evaluation of nutrition literature. Study of research methods and applications to dietetic practice. Students will critique research papers and present seminars focusing on dietetic research in management, clinical nutrition and community nutrition areas. Prerequisites: DIET 4852 and DIET 4258, each with a minimum grade of “C.”

**DIET 4258 Communication Skills in Dietetics [2-0]**

*Fall*
Study of the major components of communication, interviewing, counseling, behavior modification, group process, delivery of oral presentations and workshops, learning and motivation. Prerequisites: DIET 3354, DIET 3655, DIET 3357 and DIET 4351, each with a minimum grade of “C.”

**DIET 4259 Community and Life Cycle Nutrition [2-0]**

*Spring*
Study of community assessment planning, education and implementation of community programs. Also includes the study of physiological changes and nutritional requirements in infancy, childhood, adolescence and adulthood (including the elderly). Prerequisites: DIET 4258 and DIET 4852, each with a minimum grade of “C.”

**DIET 4351 Diet and Disease [3-0]**

*Summer*
Pathophysiological effect of disease on humans and rationale for diet therapy. Development of ability to translate dietary prescription into meal plans that will satisfy nutritional, emotional and cultural needs of people. Prerequisites: DIET 3354, DIET 3655 and DIET 3357, each with a minimum grade of “C.”

**DIET 4455 Community Nutrition Practicum [0-0-12]**

*Spring*
Survey of major problems arising from food habits of population groups, including the study of the Mexican-American culture. Techniques for teaching effective nutrition to groups. Clinical experience includes observation and participation with selected community agencies and schools. 16 hours clinical experience per week for 11 weeks. Prerequisites: DIET 4852 and DIET 4351, each with a minimum grade of “C,” and concurrent enrollment in DIET 4259.

**DIET 4456 General Dietetics Practicum [0-0-9]**

*Spring*
Integration of nutritional care and dietetic service into various systems of health care, food systems management or clinical nutrition. Under close supervision, students will assume the role of the generalist dietitian. 32 hours clinical experience per week for four weeks. Prerequisites: DIET 4258 and DIET 4852, each with a minimum grade of “C.”

**DIET 4852 Clinical Nutrition Practicum [0-24]**

*Fall*
An introduction to the role of the clinical dietitian in the health care environment. Selected problems and clinical experiences directly correlated to DIET 4351. 24 hours clinical experience per week. Prerequisites: DIET 3354, DIET 3655, DIET 3357 and DIET 4351, each with a minimum grade of “C.”

---

**Economics**

**ECON 1301 Introduction to Economics [3-0]**

*(Texas Common Course Number is ECON 1301.)*

*As Scheduled*
Economics for students who have active interests in fields other than business administration or economics. Primary emphasis is given to the study of man in relation to his economic environment. Students will have the opportunity to gain an understanding of the capitalist system.

**ECON 1387 Introduction to Economics (Honors Plan) [3-0]**

*As Scheduled*
The principles of economics are studied with primary emphasis on man in relation to his economic environment. Students will have the opportunity to gain knowledge of the purpose, functions and results of a market system, as well as an understanding of current economic problems. Credit Restriction: Credit may be received in only one of ECO 1301 or ECO 1387. Prerequisites: MATH 1334 or satisfactory ACT placement, admission to Honors Studies or by invitation.

**ECON 2301 Principles of Economics I [3-0]**

*(Texas Common Course Number is ECON 2301.)*

*As Scheduled*
This course provides an introduction to the basic macroeconomic concepts of aggregate supply and aggregate demand, as well as income determination. Topics covered include money and banking, unemployment, inflation, international economics and comparative economic systems.

**ECON 2302 Principles of Economics II [3-0]**

*(Texas Common Course Number is 2302.)*

*As Scheduled*
This course studies the basic microeconomic concepts of consumer demand and firm supply and provides an analysis of factor markets and market structures. Topics covered include
problems of resource allocation and economic efficiency in the market economy.

**ECON 3300 Internship in Economics [3-0]**
As Scheduled
This course is designed to give students an opportunity to gain real world experience in their chosen career field by working with a participating employing firm or organization. The students will be supervised by a faculty member acting as a liaison between the employing organization and the academic department to assure compliance with specific learning and experience requirements for the assignment. The employment can be either paid or unpaid, and must be at least 10 hours of work each week over the period of one academic term. Prerequisites: Upper-division standing and approval by both department chair and employer providing internship experience.

**ECON 3336 The Political Economy of Mexico [3-0]**
As Scheduled
This course surveys the growth of the Mexican economy, its institutions and problems. Emphasis is placed on the relative roles of government and private enterprise in the development process. Prerequisites: ECO 2301 and ECO 2302.

**ECON 3351 Macroeconomic Theory [3-0]**
As Scheduled
This course provides an analysis of the construction, character and operational uses of the macroeconomic models of classical, Keynesian, monetarist and Neo-Classical schools. Applications of the foregoing models to problems of inflation, unemployment, interest rates and investment in the United States economy are emphasized. Prerequisites: ECO 2301 and ECO 2302.

**ECON 3352 Microeconomic Theory [3-0]**
As Scheduled
This course provides an in-depth study of the theory of consumer demand and the theory of the firm. Supply and demand analysis, distribution theory and imperfect competition models are also covered. Prerequisites: ECO 2301 and ECO 2302.

**ECON 3353 International Trade [3-0]**
As Scheduled
The mechanism of international trade and its effects on a national economy are studied in this course. Particular emphasis is placed on the study of foreign investments, cartels, international output and price controls. Prerequisites: ECO 2301 and ECO 2302.

**ECON 3355 Economic Development [3-0]**
As Scheduled
This course provides a study of the multidimensional factors/influences of economic development and the eradication of poverty. Topics include theories of economic growth and development, investment and capital development, market efficiency and growth, technology and technological transfers, international trade and development. Prerequisites: ECO 2301 and ECO 2302.

**ECON 3356 Business Enterprise and Public Policy [3-0]**
As Scheduled
The purpose of this course is to study the nature, scope and effects on the business community of governmental involvement and regulation. Emphasis is placed on the impact of federal legislation as it pertains to antitrust enforcement and the maintenance of competition, the regulation of public utilities and interregional transport, agricultural adjustment, labor relations and public ownership. This course is designed to give a broad understanding of the many ways in which business and economic life are shaped and influenced by government.

**ECON 3357 Economics of Poverty [3-0]**
As Scheduled
This course provides an in-depth analysis of labor market structures and processes, patterns and determinants of work and wages, labor force participation, unemployment, discrimination and human capital. Prerequisites: ECO 2301 and ECO 2302.

**ECON 3358 Labor Economics [3-0]**
As Scheduled
This course studies the family business employing systems theory, culture and the stages of evolution. Issues such as individual development, management of family structure, conflicts and relationships are explored. Other topics include organizational issues (such as succession and estate planning) and formalizing the firm. Students will be required to undertake a field project where they will report, via a group seminar to the class, on an existing family small business.

**ECON 3359 Family and the Small Business [3-0]**
As Scheduled
This course applies economic reasoning to entrepreneurial decision-making. The course covers topics such as personnel economics, production theory, pricing policies and investment planning. Prerequisites: ACC 2421, MANA 3361 and 3 hours of Economics.

**ECON 4359 History of Economic Thought [3-0]**
As Scheduled
This course provides a survey of the entire field of economics. Pre-scientific, classical and contemporary works will be studied to offer knowledge of the development of economic theory and view of current direction and scope. Prerequisites: ECO 2301 and ECO 2302.
ECON 4361 Studies in Economics [3-0]
As Scheduled
A special topic selected by the instructor will be assigned. Total course content will be established a priori. This course will have variable content and may be repeated for credit with consent of instructor. Prerequisites: ECO 2301 and ECO 2302.

ECON 4362 Global Entrepreneurship [3-0]
As Scheduled
This course will provide students with a global entrepreneurship experience. It will feature the study of successful entrepreneurs from around the world and will entail the art of doing business in different countries. A focal point of the course will be to learn how to evaluate global opportunities for new ventures and how to gather resources to take advantage of these opportunities. The student will be required to complete a project where he or she will contrast local, national and global strategies for business development. Prerequisites: ECO 2301 and ECO 2302, except for non-business majors who need ECO 1301, ACC 2401, and MANA 3361.

Education

ED 3350 Information Technology [3-0]
Fall, Spring, Summer
Operational skills in computer applications to educational word processing, database, worksheet, desktop publishing, testing, graphics and communication. Emphasis will be given to a critical review of methodology for instruction and management of instruction. Prerequisite: CSCI 1300 or consent of instructor.

ED 4313 Directed Teaching – Generic Special Education
Fall, Spring
Course consists of observation, limited participation in teaching, then full teaching responsibility in a public school (TEA-accredited) special education classroom to which the student is assigned. This work is done under the guidance of the teacher of the class to which the student is assigned and the supervision of a college professor who makes periodic observations and evaluations of the student’s progress. Seminars and individual conferences are required. Students are assigned to the public school classroom for a minimum number of hours as mandated by TEA. The number of hours per day and the number of days per week are regulated by TEA, UTPA Student Teaching Manual and local school districts. Prerequisites: Approval of UTPA Teacher Education Committee. For additional prerequisites, refer to Directed Student Teaching Requirements for Generic Special Education.

EDAC 4320 Internship
As Scheduled
Will consist of on-site supervision. Seminars will meet weekly during the semester and for a minimum of 12 hours during the spring semester. Courses are required to meet elementary and secondary requirements for teacher certification. May not be substituted for Student Teaching. Prerequisites: Baccalaureate degree and acceptance into the UT Pan American Alternative Certification Program.

EDAC 4321 Internship
As Scheduled
Will consist of on-site supervision. Seminars will meet weekly during the semester and for a minimum of 12 hours during the spring semester. Courses are required to meet elementary and secondary requirements for teacher certification. May not be substituted for student teaching. Prerequisites: Baccalaureate degree and acceptance into the UT Pan American Alternative Certification Program.

EDAC 4340 Introduction to the Teaching Profession [3-0]
Fall, Spring, Summer
This course, designed for both elementary and secondary Alternative Certification candidates, will orient students to the teaching profession, the lesson cycle, the teaching process and real-life requirements of teaching in a modern public school. Following instruction in observation skills, students will spend 45 clock hours, including three full consecutive days, in a public school setting where they will have the opportunity to prepare lessons and teach them in small and large group settings. ACP students will be evaluated in both the University and public school setting.

EDAC 4342 Introduction to Early Childhood Education [3-0]
As Scheduled
Teachers of young children (birth to age 8) must understand how children develop socially, emotionally, physically and cognitively so that they can plan developmentally appropriate experiences for each child. The major purpose of this course is to present current theories, knowledge and research about children that underlie decision-making in early childhood programs. A second purpose is to illustrate how theories and research findings evolve into curriculum organization, teaching strategies and activities that are developmentally appropriate for young children.

EDAC 4343 The Process of Reading [3-0]
As Scheduled
The reading process and its correlates as they pertain to
emergent literacy through the acquisition of comprehension processes; focus on the directed reading process for grades 1 through 3 and the directed reading-thinking process for grades 3 through 6; connections among the processes of language, writing and reading; basic diagnosis techniques and assessment procedures as they relate to the reading/writing process.

**EDAC 4344** First and Second Language Acquisition: Theory and Methodology [3-0]  
As Scheduled  
A study of the teaching-learning process in a dual language classroom, focusing on research and methodology of first and second language acquisition by the elementary and secondary Hispanic student.

**EDAC 4345** Theory and Methodology of Instruction Planning in the Elementary Schools [3-0]  
As Scheduled  
This course will present principles of curriculum organization and planning based on learner needs. Students will design instruction to enable elementary students to achieve educational goals and objectives. Implementation of the lesson cycle with utilization of instructional media will be stressed. The scope, sequence and materials for teaching the elementary school curriculum will be studied. The course will include basic principles and procedures of instruction and classroom management, with emphasis on discipline and effective teaching strategies. Skills needed to meet the requirements of the Texas Teacher Appraisal System will also be addressed. Microteaching with appropriate instructional media and technology for the elementary learner will be included.

**EDAC 4348** Instructional Planning Methodology and Classroom Management in the Secondary Schools [3-0]  
As Scheduled  
This course focuses on the practical application of Texas curriculum requirements incorporating the lesson cycle for planning, implementing and evaluating the teaching-learning process in secondary schools within legal and ethical guidelines. It includes basic principles and procedures of instruction and classroom management, with emphasis on discipline and effective teaching strategies. Skills needed to meet the requirements of the Texas Teacher Appraisal System will also be addressed. Microteaching with appropriate instructional media and technology for the secondary learner will be included.

**EDAC 4620, 4621** Internship  
As Scheduled  
Internship will consist of on-site supervision. Seminars will meet weekly during the fall semester and for a minimum of 12 hours during the spring semester. Courses are designed to meet elementary or secondary requirements for teacher certification. May not be substituted for student teaching. Prerequisites: Baccalaureate degree and acceptance into the UT Pan American Alternative Certification Program.

## Bilingual Education

**EDBE 3315** The Bilingual Curriculum in the Content Areas [3-0]  
Fall, Spring (and Summer for endorsement only)  
This is a course in which the learner-centered curriculum for the content area will be studied, focusing on the Texas Essential Knowledge and Skills (TEKS) of science, mathematics, social studies and health in a dual language classroom. (Field-Based Approved Course.)

**EDBE 3316** The Development of Biliteracy [3-0]  
Fall, Spring (and Summer for endorsement only)  
This course will examine the transfer of Spanish literacy to English literacy. The course will also emphasize the current perspective of the social nature of the biliteracy process in order to provide relevant and meaningful learning experiences for all learners. (Field-Based Approved Course.)

**EDBE 3322** Foundations of Bilingual Education [3-0]  
Fall, Spring, Summer  
The study of cultural, psychological, socioeconomic, linguistic, cognitive and curricular factors affecting the academic achievement of bilingual students. This course also will investigate the philosophical, legal and sociological aspects of bilingual education in the American public school system. National, state and local guidelines designed to meet the needs of multilingual and multicultural student populations will be reviewed.

**EDBE 3324** English as a Second Language [3-0]  
Fall, Spring, Summer  
The rationale, theories, goals and practical applications of a comprehensive learner-centered ESL curriculum will be studied. The integration of a learner-centered ESL curriculum in biliteracy development will also be examined as an integral component of a bilingual education program.

**EDBE 4304** The Development of Bilingualism [3-0]  
Fall, Spring (and Summer for endorsement only)  
This course is designed to investigate the nature of dual language development in a bilingual setting, beginning with early childhood through the sixth grade. Special emphasis is placed on first and second language development and transference of skills and concepts resulting in balanced bilingualism. (Field-Based Approved Course.)
Curriculum and Instruction

EDCI 3305 Foundations of Multicultural Education [3-0]
Fall, Spring
A review of the concept of culture, its components and dimensions, and its implications for the education of students in a multicultural society. Consideration will be given to the value and importance of cultural pluralism as reflected in a multicultural world. These concepts will be integrated into instructional strategies and curriculum that will enable the teacher to respond appropriately to diverse groups of learners. (Field-Based Approved Course.)

EDCI 4301 Foundations of Education [3-0]
Fall, Spring, Summer
This course is designed for the student who is preparing to teach in middle school or secondary school. Students will investigate the teaching profession as it relates to social, political and economic forces in a global society. The historical and philosophical systems that have influenced and shaped the current state of schools will also be studied. Research, issues and trends in these areas with regard to middle schools and high schools will be examined through classroom instruction, print and non-print resources, online news services, and field-based experiences (e.g., attendance at school board meetings, professional teachers' association meetings, interviews with educators, interviews with persons of diverse educational backgrounds). These field-based experiences will be examined critically in seminars, larger group discussions, through the writing of reaction papers and through investigating case studies. The importance of professional ethics and personal integrity will be examined, and each student will be expected to write a statement of his or her philosophy of education as a course completion requirement. For secondary education students only.

EDCI 4302 Educational Psychology [3-0]
Fall, Spring, Summer
In this course, the prospective teacher will examine the development of children, with emphasis on the development of students in middle and secondary school. The importance of understanding and demonstrating how to work with diverse groups of learners will be stressed (e.g., SES, exceptionalities, race, ethnicity, gender equity, language), and students will be involved in field-based experiences in the schools and/or the community. The importance of the interrelationship between students, educators, parents and the community will be stressed.

EDCI 4305 Instructional Technology and Curriculum Development [3-0]
Fall, Spring
This course will present principles of curriculum organization, planning and technology applications that provide relevant and meaningful learning experiences for all students. The infusion of instructional technology across content areas will be emphasized.

EDCI 4306 Instructional Methods and Classroom Management [3-0]
Fall, Spring
This course focuses on instructional methods that emphasize practical applications of a learner-centered curriculum and classroom organization and management. Teaching strategies for delivering learner-centered instruction will be stressed. (Field-Based Approved Course.)

EDCI 4307 Secondary Curriculum: Internship I
Fall, Spring, Summer
This course is designed for students preparing to teach in middle and secondary schools. In this course, the prospective teacher will identify needs and will plan, implement and assess instruction using technology and other resources. Ability to demonstrate lessons in the content area utilizing appropriate technology will be stressed. The course will be conducted, with EDCI 4308, for one-half day, primarily at school and technology center sites. EDCI 4307 MUST be taken as part of a block with EDCI 4308 with the exception of All-Level Certification students. Prerequisites: EDCI 4301 and EDCI 4302.

EDCI 4308 Advanced Secondary Curriculum: Internship I
Fall, Spring, Summer
This course is designed for students preparing to teach in middle schools and secondary schools. In this course, the prospective teacher examines and models teaching/learning styles that place the learner at the center of instruction. Integration of other disciplines, the learners' interests and technological resources will be stressed in considering central themes of subject matter from many different cultural and intellectual viewpoints. Strategies for classroom management will be examined. The course will be conducted, with EDCI 4307, for one-half day, primarily at school and technology center sites. EDCI 4308 MUST be taken as part of a block with EDCI 4307. Prerequisites: EDCI 4301 and EDCI 4302.

EDCI 4310 Directed Teaching–ESL–Internship II
Fall, Spring
(Student must also be enrolled in EDCI 4311-Elementary or EDCI 4398-Secondary.) This course must be taken by all undergraduate student teachers working toward an English as a Second Language endorsement for teaching in ESL language programs. Course requires observation and teaching experiences in a public school ESL classroom for one-half day, Monday through Friday, for half a semester. This work is done under the direction of a fully certified teacher of the class to which the student is assigned. Periodic observations and evaluations will be done by the course instructor. Weekly seminars and individual conferences are a required part of the course. Prerequisite: Approval by the UT Pan American Teacher Education Committee. Elementary prerequisites: EDCI 3305
and EDCI 4306. Secondary prerequisites: EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308 and READ 4351.

EDCI 4311 Directed Teaching – Elementary Internship II

Fall, Spring
Course consists of observation, limited participation in teaching, then full teaching responsibility in an elementary public school (TEA-accredited) classroom to which the student is assigned. This work is done under the guidance of the teacher of the class to which the student is assigned and the supervision of a college professor who makes periodic observations and evaluations of the student’s progress. Seminars and individual conferences are required. Students are assigned to the public school classroom for a minimum number of hours as dictated by TEA. The number of hours per day and the number of days per week are regulated by TEA, UT Pan American Student Teaching Manual and local school districts. Prerequisites: Meet requirements for student teaching and approval of UT Pan American Teacher Education Committee.

EDCI 4312 Directed Teaching – Early Childhood Internship II

Fall, Spring
Course consists of observation, limited participation in teaching, then full teaching responsibility in an elementary public school (TEA-accredited) pre-kindergarten or kindergarten classroom to which the student is assigned. This work is done under the guidance of the teacher of the class to which the student is assigned and the supervision of a college professor who makes periodic observations and evaluations of the student’s progress. Seminars and individual conferences are required. Students are assigned to the public school classroom for a minimum number of hours as dictated by TEA. The number of hours per day and the number of days per week are regulated by TEA, UT Pan American Student Teaching Manual and local school districts. Prerequisites: Meet requirements for student teaching and approval of UT Pan American Teacher Education Committee.

EDCI 4316 Principles of Teaching Workshop for Elementary/Secondary Teachers Advanced [3-0]

As Scheduled
A workshop course designed for the person entering the teaching profession to study classroom management and to give the student the opportunity to develop instructional skills needed in the area of the instructional assignment. Prerequisite: Special permission must be given to each participant before enrollment in the course.

EDCI 4318 Special Topics in Secondary Education

As Scheduled
An elective course for Secondary Certification candidates. Topics vary. Will be used primarily as a substitute for the 6-hour student teaching course for students on emergency degree plans. Can be repeated for credit. Prerequisite: EDCI 4302 or consent of instructor.

EDCI 4398 Secondary Special Education/English as a Secondary Language Internship II

Fall, Spring
This course gives secondary students experience in responsible teaching at the secondary level under the guidance of public school supervising teachers (mentors) and University supervisors (mentors). The course is designed primarily for secondary students who have a special education minor or who are seeking an ESL endorsement. Prerequisites: EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308, READ 4351 and approval of UT Pan American Teacher Education Committee.

EDCI 4399 Secondary All-Level Internship II

Fall, Spring
This course is designed for students in kinesiology, art or music who need both elementary and secondary grade level placement plus an additional teaching field certification. The course requires classroom observations, classroom instruction, assumption of professional duties and attendance at University seminars. The intern will be placed in a state-accredited school under the guidance of an experience classroom teacher (mentor) and a University supervisor (mentor). Prerequisites: EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308, READ 4351 and approval of UT Pan American Teacher Education Committee.

EDCI 4611 Directed Teaching – Elementary Internship II

Fall, Spring
Course consists of observation, limited participation in teaching, then full teaching responsibility in an elementary public school (TEA-accredited) classroom to which the student is assigned. This work is done under the guidance of the teacher of the class to which the student is assigned and the supervision of a college professor who makes periodic observations and evaluations of the student’s progress. Seminars and individual conferences are required. Students are assigned to the public school classroom for a minimum number of hours as dictated by TEA. The number of hours per day and the number of days per week are regulated by TEA, UT Pan American Student Teaching Manual and local school districts. Prerequisites: EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308, and approval of UT Pan American Teacher Education Committee.

EDCI 4641 Secondary Internship II

Fall, Spring
Internship for all options. One 36-hour teaching field, two 24-hour teaching fields or one 48-hour teaching field in approved subject would require a 12-week program which includes instruction on the University campus and full day internship in an approved school with weekly seminars that re-emphasize previous course content and its application to the classroom. Prerequisites: EDCI 4305 and EDCI 4306 and approval of UT Pan American Teacher Education Committee.
EDCI 4699 Internship – All Levels
Fall, Spring
This course is designed for students in kinesiology, art or music who need both elementary and secondary grade-level placement plus an additional teaching field certification. Course requires classroom observations, classroom instruction, professional duties and University seminars. The intern will be placed in a state-accredited school under the guidance of an experienced classroom teacher (mentor) and a University supervisor (mentor). Prerequisites: EDCI 4301, EDCI 4302, EDCI 4307 and EDCI 4308 and approval of UT Pan American Teacher Education Committee.

Early Childhood

EDEC 4314 Research in Early Childhood [3-0]
Fall, Spring
Students will research and survey current trends in early childhood programs including day care. Theories of classroom management and supervision of children will be emphasized. Prerequisites: EDEC 4390 and EDEC 4391.

EDEC 4390 Developmentally Appropriate Practices in Early Childhood Education [3-0]
Fall, Spring, Summer
This course will address child development at the early childhood level. Developmentally appropriate practices in a learner-centered curriculum for early childhood education will be emphasized. (Field-Based Approved Course.)

EDEC 4391 Foundations of Early Childhood Education [3-0]
Fall, Spring, Summer
This course will address child development during early childhood as it impacts formal learning settings. A learner-centered curriculum which includes learning centers, thematic instruction, and authentic assessment in a field-based setting will be emphasized. (Field-Based Approved Course.)

EDEC 4392 Acquisition and Conceptualization Processes in Early Childhood [3-0]
Fall, Spring (and Summer for endorsement only)
Analysis of processes of acquisition and conceptualization of Piagetian concepts, socialization, wellness and fitness. (Field-Based Approved Course.) Prerequisite: EDEC 4390.

EDEC 4393 Cultural Dimensions Related to Early Childhood [3-0]
Fall, Spring (and Summer for endorsement only)
Multicultural, pluralistic societies will be reviewed with emphasis on major components of culture. The culture of Hispanics and other minorities will be an integral part of this course. Dynamics of socioeconomic status, stereotyping, family structure, language acquisition and health/nutrition will be researched.

EDEC 4394 Cognitive and Psychomotor Development in Early Childhood [3-0]
Fall, Spring (and Summer for endorsement only)
Theories of and stages of cognitive and psychomotor development will be analyzed. Developmental program models will be studied. Readiness for first language learning and second language acquisition will be addressed. (Field-Based Approved Course.)

Kinesiology Education

EDUK 4354 Kinesiology in the Public Schools [3-0]
A survey of activities for program planning in public high schools including unit instruction, lesson planning, class organization, special programs and sources of materials. Laboratory experience to be arranged. Field-based. Prerequisites: EDCI 4301 and EDCI 4302.

Electrical Engineering

ELEE 2130 Digital Systems Laboratory [0-3]
Fall, Spring
Basics of digital logic and hardware combinational circuits, flip-flops, resistors, sequential circuits and state-machines. Prerequisite: Enrollment in ELEE 2330. $20 laboratory fee.

ELEE 2321 Network Theory II [3-0]
Fall, Spring
Transient response of networks by Fourier and Laplace transform methods, frequency-domain techniques and time-domain techniques. Prerequisites: ELEE 2420 and credit for or enrollment in MATH 3349.

ELEE 2330 Digital Systems Engineering I [3-0]
Fall, Spring
Boolean algebra; analysis and synthesis of combinational and sequential switching network; applications to computer design. Prerequisite: Sophomore standing recommended.

ELEE 2420 Network Theory I [3-3]
Fall, Spring
Basic network principles; steady-state response to signals; simple transient response; nodal and loop analysis. Prerequisite: Credit for or concurrent enrollment in MATH 2401. $10 laboratory fee.

ELEE 3225 Electrical Engineering Laboratory I [0-6]
Fall
Basic experimental methods; theory and practice of measurements; limitations of theoretical models; reporting of technical results. Prerequisites: ELEE 2330, ELEE 2130 and credit for or concurrent enrollment in ELEE 2321 and ELEE

<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Semester</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>ELEE 3301</td>
<td>Electronic Circuits I [3-0]</td>
<td>Fall</td>
<td>A course in the physical principles of electronic devices with emphasis on semiconductor electronics. Includes the analysis and design of electronic circuits such as rectifiers, amplifiers and switching circuits using diodes, bipolar transistors, field effect transistors and operational amplifiers. Prerequisite: ELEC 3301 and ELEE 3225 with grade of “C” or better, credit for or enrollment in ELEE 3302.</td>
<td></td>
</tr>
<tr>
<td>ELEE 3302</td>
<td>Electronic Circuits II [3-0]</td>
<td>Spring</td>
<td>Provides further study in electronic circuits. Includes analysis and design of differential and multistage amplifiers, feedback and frequency response techniques in amplifier design. Prerequisites: ELEE 2321 and ELEE 3301.</td>
<td></td>
</tr>
<tr>
<td>ELEE 3305</td>
<td>Electrical Systems [2-3]</td>
<td>Fall</td>
<td>Introduction to electric circuits and machines for non-majors. Circuit elements, voltage, current and power, DC circuits, AC circuits in the steady state, elementary transients, poly-phase circuits; types and characteristics of DC motors, transformers and AC motors. This course cannot be used by electrical engineering majors to satisfy degree requirements. Prerequisite: MATH 1402. $15 laboratory fee.</td>
<td></td>
</tr>
<tr>
<td>ELEE 3306</td>
<td>Electronic Systems [2-3]</td>
<td>Spring</td>
<td>Electronic devices and circuits with applications in modern industrial control systems; electronic circuits for signal processing and wave shaping and analog computing; basic digital computer circuits; transducers and sensors; electronic instruments; measurements; basic feedback control systems. Prerequisite: ELEE 3305. $15 laboratory fee.</td>
<td></td>
</tr>
<tr>
<td>ELEE 3315</td>
<td>Electromagnetic Engineering [3-0]</td>
<td>Fall</td>
<td>Introduction to electrostatics and magnetostatics; properties of conductive, dielectric, and magnetic materials; time varying-fields; Maxwell’s equations; transmission lines and transmission line circuits; fundamentals of electromagnetic radiation. Prerequisites: ELEE 2420 and MATH 2401 with a grade of “C” or better.</td>
<td></td>
</tr>
<tr>
<td>ELEE 3330</td>
<td>Electrical Engineering Laboratory II [1-6]</td>
<td>Spring</td>
<td>Experimental solution of engineering problems, including design, optimization, evaluation and simulation; advanced measurement techniques in electrical, electronic and digital systems. Prerequisites: ELEE 3301 and ELEE 3225; credit for or enrollment in ELEE 3302 and ELEE 3315. $30 laboratory fee.</td>
<td></td>
</tr>
<tr>
<td>ELEE 3340</td>
<td>Probability and Statistics for Electrical Engineers [3-0]</td>
<td>Spring</td>
<td>Probability, random variables, distribution and density functions, limit theorems, random processes, correlation functions, power spectra, response of random inputs. Prerequisite: ELEE 2321.</td>
<td></td>
</tr>
<tr>
<td>ELEE 3370</td>
<td>Power Electronics [3-0]</td>
<td>As Scheduled</td>
<td>Power electronic devices (diodes, thyristors, etc.); power electronic circuits (rectifiers, DC choppers, AC voltage controllers, etc.); applications (AC and DC motor drives, etc.); modeling and simulation using Spice software. Prerequisite: ELEE 3301. $10 laboratory fee.</td>
<td></td>
</tr>
<tr>
<td>ELEE 3435</td>
<td>Microprocessor Programming [3-3]</td>
<td>Fall</td>
<td>Basic microprocessor programming and principles of assembly language programming; microprocessor organization and interfacing; applications, including data acquisition, control and communication. Prerequisites: CSCI 1380, ELEE 2330.</td>
<td></td>
</tr>
<tr>
<td>ELEE 4303</td>
<td>Digital Systems Engineering II [3-0]</td>
<td>As Scheduled</td>
<td>Hardware implementation of arithmetic and other algorithmic processes; organization, design and simulation of digital systems; programmable logic devices; hardware description language. Prerequisites: ELEE 4303 with grade of “C” or better, or consent of instructor.</td>
<td></td>
</tr>
<tr>
<td>ELEE 4308</td>
<td>Electromechanical Systems [3-0]</td>
<td>Spring</td>
<td>Magnetic circuits and transformers; principles of electromechanical energy conversion, rotating AC and DC electric machinery. Prerequisite: ELEE 2321 or ELEE 3305.</td>
<td></td>
</tr>
<tr>
<td>ELEE 4321</td>
<td>Automatic Control [3-0]</td>
<td>Fall</td>
<td>Dynamic system modeling; system stability; time-domain analysis; root-locus technique; frequency-domain analysis; control system design. Prerequisites: ELEE 2321 and MATH 3349.</td>
<td></td>
</tr>
<tr>
<td>ELEE 4328</td>
<td>Solid State Electronic Devices [3-0]</td>
<td>Fall</td>
<td>Semiconductor materials and carrier transport; p-n junctions and Schottky barriers; bipolar and field effect transistors; integrated circuits. Prerequisites: CHEM 1301, CHEM 1101, ELEE 3315 and ELEE 3301.</td>
<td></td>
</tr>
<tr>
<td>ELEE 4351</td>
<td>Communication Theory [3-0]</td>
<td>Fall</td>
<td>Signals, systems and analog modulation techniques; effects of noise in modulation systems, signal-to-noise ratio; digital data transmission; probability of error. Prerequisite: ELEE 3340.</td>
<td></td>
</tr>
</tbody>
</table>
ELEE 4360 Microwave Systems Engineering [2-3]  
As Scheduled  
Ideal and lossy transmission lines: s-parameters; couplers, isolators, circulators and filters; basic active circuits; systems and component specifications; antenna and radiation specifications. Prerequisites: ELEE 3315 and ELEE 3301. $5 laboratory fee.

ELEE 4365 Digital Signal Processing [3-0]  
As Scheduled  
Sampling theory, discrete processing of analog signals, discrete Fourier transforms, signal analysis, z-transforms, digital filter design, real-time digital signal processing, applications. Prerequisites: ELEE 2321 and credit for or concurrent enrollment in MATH 3349.

ELEE 4375 Introduction to VLSI Design [3-0]  
Fall, Spring  
This course is aimed at providing a broad exposure to the area of CMOS VLSI design and the experience of designing VLSI circuits. The course will be suitable for any electrical engineering, computer engineering and computer science undergraduate student. Prerequisites: ELEE 2130, at least junior standing or consent of instructor. $10 laboratory fee.

English

ENG 1301 Composition [3-0]  
(Texas Common Course Number is ENGL 1301.)  
As Scheduled  
This course affords the opportunity for students to develop their ability to communicate effectively and responsibly through written discourse. Emphasis upon mechanical proficiency and organization skills in writing expository essays, analysis of style, tone and point of view of expository prose. (Credit for this course may be obtained by qualified students through advanced placement or advanced standing examinations.) Prerequisite: Satisfactory scores on English portion of ACT test and TASP examination, or ENG 1320.

ENG 1302 Rhetoric [3-0]  
(Texas Common Course Number is ENGL 1302.)  
As Scheduled  
This course offers the opportunity to learn to recognize and to employ the principles of rhetoric in written discourse. Analysis of rhetoric and logic, writing of essays, and study of research and documentation techniques. Requires the completion of a research project. (Credit for this course may be obtained by qualified students through advanced placement or advanced standing examinations.) Prerequisite: A grade of “C” or better in ENG 1301, ENGL 1387 or ENG 1406.

ENG 1310 Reading-Vocabulary [3-0]  
As Scheduled  
This course offers students the opportunity to develop their ability to read college-level materials. Emphasis on vocabulary and word recognition skills, comprehension skills, study skills and efficiency in content area reading. Required of students with reading skills below college level. Course does not satisfy General Education requirements.

ENG 1320 Basic Writing [3-0]  
As Scheduled  
Intensive study and practice in basic grammar and fundamentals of composition. Emphasis on punctuation, sentence combining, sentence construction, correct language use and other basic writing skills. Does not count toward hours for graduation or in the computation of hours attempted or earned. A course grade will be recorded as Pass (P) or No Pass (NP). (There will be special sections for foreign-born students. A minimum score of 500 on TOEFL or minimum score of 60 on MTEL is required for entrance.)

ENG 1387 Rhetoric and Composition (Honors Plan) [3-0]  
As Scheduled  
Study and practice of writing effectively, with emphasis on expository writing and the research paper. Prerequisite: Admission to the Honors Studies Program or by invitation.

ENG 1388 Rhetoric and Literature (Honors Plan) [3-0]  
As Scheduled  
Study and practice of writing effectively/interpreting literature. Emphasis on critical analysis of essays, fiction and poetry. Prerequisite: ENGL 1387 or by invitation.

ENG 2300 Introduction to Literature [3-0]  
As Scheduled  
An introduction to literary genres, with special emphasis on the short story, novel or novella, drama and poetry. Requires careful reading and the writing of critical essays about individual works. Prerequisite: Minimum grade of “C” in 6 hours of required freshman English.

ENG 2303 Readings in American Literature [3-0]  
As Scheduled  
(Texas Common Course Number is ENGL 2326.)  
A study of several masterpieces of American literature, with emphasis on careful reading and on writing critical essays about individual works. Prerequisite: Minimum grade of “C” in 6 hours of required freshman English.

ENG 2305 Readings in English Literature [3-0]  
As Scheduled  
(Texas Common Course Number is ENGL 2322.)  
A study of several masterpieces of English literature, with emphasis on careful reading and on writing critical essays about individual works. Prerequisite: Minimum grade of “C” in 6 hours of required freshman English.
ENG 2307 Readings in World Literature [3-0]
As Scheduled
A study of several masterpieces of world literature in translation, with emphasis on careful reading and on writing critical essays about individual works. Prerequisite: Minimum grade of “C” in 6 hours of required freshman English.

ENG 2308 Readings in Special Topics [3-0]
As Scheduled
A study of the literature associated with a special group, area, movement or technique. The topic to vary with each section. Special topics to be announced in the class schedule. Credit Restriction: May be taken only once to satisfy General Education requirements but may be repeated for elective credit when the topic varies. Prerequisite: Minimum grade of “C” in 6 hours of required freshman English.

ENG 2313 Readings in Dramatic Literature [3-0]
As Scheduled
Critical review and analysis of selected plays from Greek antiquity to the present time. Designed to clarify the nature and major achievements of Western dramatic art. Equivalent Course: COMM 2313; may be counted as English or Communication in satisfying degree requirements. Credit may be received for only one course. Prerequisite (for English credit): Minimum grade of “C” in 6 hours of required freshman English.

ENG 2387 Readings in World Literature (Honors Plan) [3-0]
As Scheduled
A study of the literature of Greece, Rome and Medieval Europe. Prerequisite: Admission to Honors Studies or by invitation.

ENG 2388 Readings in World Literature (Honors Plan) [3-0]
As Scheduled
A study of selected works from the literature of Greece, Rome and Medieval Europe. Prerequisite: Admission to Honors Studies or by invitation.

ENG 3301 Medieval Literature [3-0]
As Scheduled
A study of various types of medieval literature, including the epic, the romance and the allegory, with special attention to Middle English writers. Prerequisite: 12 hours of English.

ENG 3304 The Eighteenth Century [3-0]
As Scheduled
A study of the major works of English writers of the Neoclassical period, including Dryden, Congreve, Pope, Swift, Sterne and Samuel Johnson. Prerequisite: 12 hours of English.

ENG 3305 The Romantic Period [3-0]
As Scheduled
A study of the development of romanticism in France, Germany and England, with the main emphasis on English writers. Prerequisite: 12 hours of English.

ENG 3306 The English Novel to 1850 [3-0]
As Scheduled
A study of the origins and development of the English novel with emphasis on the major novelists. Prerequisite: 12 hours of English.

ENG 3307 The English Novel from 1850 to Present [3-0]
As Scheduled
A study of the continuing development and techniques of the English novel with emphasis on the major novelists. Prerequisite: 12 hours of English.

ENG 3309 Development of the American Novel [3-0]
As Scheduled
A study of the American novel from its beginnings to the present, with emphasis on the major novelists. Prerequisite: 12 hours of English.

ENG 3310 Twentieth Century English and American Poetry [3-0]
As Scheduled
A study of the trends and movements in contemporary poetry, with emphasis on the works of the major writers. Prerequisite: 12 hours of English.

ENG 3311 Contemporary Drama [3-0]
As Scheduled
A study of trends and movements in 20th Century American, British and European drama, with emphasis on works of major playwrights. Equivalent Course: COMM 3311; may be counted as English or Communication in satisfying degree requirements. Credit may be received for only one course. Prerequisite: 12 hours of English.

ENG 3312 Survey of American Literature [3-0]
As Scheduled
A chronological study of the principal authors, works and trends in American literature from the Colonial period through the Civil War. Prerequisite: 12 hours of English.

ENG 3313 Survey of American Literature [3-0]
As Scheduled
A chronological study of the principal authors, works and trends in American literature from the Civil War to the present. Prerequisite: 12 hours of English.

ENG 3317 The Short Story and the Novella [3-0]
As Scheduled
A study of the development and technique of the short story and novella with emphasis on literary analysis. Prerequisite: 12 hours of English.
ENG 3319 Introduction to Descriptive Linguistics [3-0]
As Scheduled
An introduction to the methods of linguistic science with emphasis on problem-solving techniques and their application to specific problems. Prerequisite: 12 hours of English.

ENG 3320 Advanced Topics in English [3-0]
As Scheduled
A course adapted to the study of advanced special topics in English. Course may be offered for open enrollment when topic is selected by the instructor, or course may be conducted as independent/conference study when topic is selected by student and approved by the instructor. May be repeated for credit when topics vary. Prerequisite: 12 hours of English.

ENG 3321 Language and Culture [3-0]
As Scheduled
Systematic exploration of social aspects of language and language use, including language attitudes, sociolinguistic dynamics of language contact situations, language learning, and the social and linguistic nature of dialects, language variation and language change. Prerequisite: 12 hours of English.

ENG 3322 Poetry [3-0]
As Scheduled
An in-depth study of the art and nature of poetry, with emphasis on sounds, forms, language and modes of poetry. Prerequisite: 12 hours of English.

ENG 3323 World Drama [3-0]
As Scheduled
A study of trends and movements in dramatic literature from ancient Greece through the present. Emphasis on the works of major playwrights. Equivalent Course: COMM 3323; may be counted as English or Communication in satisfying degree requirements. Credit may be received for only one course. Prerequisite: 12 hours of English.

ENG 3324 The Victorian Period [3-0]
As Scheduled
A study of the literature of Victorian England, from 1832 to the end of the 19th Century. Prerequisite: 12 hours of English.

ENG 3330 English Grammar [3-0]
As Scheduled
A study of grammatical concepts with concentration on basic sentence structure, principles of punctuation and functional grammar. Course designed for, but not limited to, prospective teachers of students with limited English speaking/writing ability and/or ESL students. Prerequisite: ENG 3319.

ENG 3331 Survey of English Literature [3-0]
As Scheduled
A chronological study of the principal authors, works and trends in English literature from the Anglo-Saxon period to the beginning of the Romantic movement. Prerequisite: 12 hours of English.

ENG 3332 Survey of English Literature [3-0]
As Scheduled
A chronological study of the principal authors, works and trends in English literature from pre-Romantic poetry to the 20th century. Prerequisite: 12 hours of English.

ENG 3333 Technical Report Writing [3-0]
As Scheduled
Training in writing and presentation of special types of reports often used in engineering, science and business. Prerequisite: 12 hours of English.

ENG 4301 Shakespeare [3-0]
As Scheduled
A study of representative comedies, histories, romances and tragedies. Prerequisite: 12 hours of English.

ENG 4302 Modern English Syntax [3-0]
As Scheduled
Studies in modern English syntax with attention given to investigative methods and findings of contemporary linguistic analysis. Prerequisite: ENG 3319.

ENG 4308 History of the English Language [3-0]
As Scheduled
A history of the English language from the Anglo-Saxon period to the present. Prerequisite: 12 hours of English.

ENG 4309 Chaucer [3-0]
As Scheduled
A study of selected works of the 14th century English poet. Prerequisite: 12 hours of English.

ENG 4310 American Literature of the South [3-0]
As Scheduled
A study of the works of representative writers of the South. Prerequisite: 12 hours of English.

ENG 4312 Milton [3-0]
As Scheduled
A study of the major poems and selected prose and minor poetry. Prerequisite: 12 hours of English.

ENG 4314 Contrastive Grammar [3-0]
As Scheduled
A comparison of English and Spanish grammatical systems with emphasis on substantive and descriptive problems arising from the differences in the systems. Course open only to students with proficiency in both English and Spanish. Prerequisite: ENG 4302.

ENG 4316 Mexican-American Literature [3-0]
As Scheduled
A study of the literature by and about Mexican-Americans, with emphasis on the literary techniques and the cultural
reflections in this literature. Prerequisite: 12 hours of English.

ENG 4318 Approaches to Literature [3-0]
As Scheduled
A study of the characteristics of poetry, drama and fiction, and of the major approaches to these genres with some attention to works encountered in secondary schools. Prerequisite: 12 hours of English.

ENG 4321 Fundamentals of Language Development [3-0]
As Scheduled
A study of how children develop language skills from age five through adolescence. Covers all systems of language from basic sounds through competence in oral and written communication.

ENG 4322 Creative Writing I [3-0]
As Scheduled
A study of literary forms, techniques and values, with practice in writing poetry and prose. Prerequisite: 12 hours of English or permission of instructor.

ENG 4325 Composition Techniques [3-0]
As Scheduled
A study of advanced composition techniques, including theories and methods of teaching composition skills. Prerequisite: 12 hours of English.

ENG 4326 Language Acquisition [3-0]
Spring, even years
An analysis of the process of language learning, the normal development of speech and language, and the relationship of language to cognitive and social development.

ENG 4328 Introduction to English as a Second Language [3-0]
As Scheduled
A study of the process of learning English as a second language. Special attention given to theories, variables and second language acquisition.

ENG 4331 Problems in Grammar, Dialects and Language Performance [3-0]
As Scheduled
A study of the second language learner’s transition from regional Spanish to standard English. Emphasis on the particular characteristics of the English and Spanish dialects of the region and the manner in which they interrelate. The course will treat theory already learned as well as that presented in the course in the light of practical methodological tools. Prerequisite: SPAN 2308. Prerequisites for bilingual certification students: ENG 3319; ENG 3330 or SPAN 3330 or consent of instructor.

---

**General Engineering**

ENGR 1101 Introduction to Engineering [1-0]
Fall, Spring, Summer
Introduction to engineering as a career, the requirements for registration as a professional engineer and the fields of specialization within engineering. Approaches to engineering problem solving and the graphical presentation of data. Prerequisite: Computer literacy.

ENGR 1221 Engineering Graphics [1-3]
Fall, Spring, Summer
This course provides an introduction to computer-aided drafting techniques. Topics include methods of graphical communication, two- and three-dimensional drawing presentation, working drawing, data analysis, design synthesis and production methods. Prerequisite: Computer literacy. $20 laboratory fee.

ENGR 2101 Engineering Technology Laboratory [0-3]
Fall, Spring, Summer
Introduction to machine shop tool operations, metrology, advanced laboratory skills and data analysis. Prerequisites: Sophomore standing and completion of ENGR 1221. $4 laboratory fee.

ENGR 3101 Engineering Projects Laboratory [0-3]
As Scheduled
Special construction projects, research activities or supervised engineering studies. May be repeated once for credit. Prerequisite: Junior standing or consent of the instructor. $4 laboratory fee.

ENGR 3333 Topics in Engineering [3-0]
As Scheduled
The topic will be changed by demand. May be repeated for credit. Intermediate topics in the engineering disciplines will be presented. Prerequisite: Junior standing in engineering or consent of instructor.

ENGR 4461 Senior Design Project I [1-9]
Fall, Spring
Preparation for a capstone design experience drawing from all previous coursework. Discussion of engineering methods, problem definition, assumptions, methods of analysis, testing and reporting results. Project to be undertaken in Senior Design Project II will be selected. Prerequisite: Senior standing in engineering. $30 laboratory fee.

ENGR 4462 Senior Design Project II [1-9]
Fall, Spring
Continuation of Senior Design Project I. Students will conduct a comprehensive engineering design of a project related to their major and report on the results. Synthesis using past
coursework and outside reference material will be expected. Periodic progress reports and final oral and written reports will be required. Classroom discussions will consider professional responsibility, ethics, technology and society; entrepreneurship. Prerequisite: ENGR 4461. $30 laboratory fee.

Finance

FINA 1381 Personal Finance [3-0]
(Texas Common Course Number BUSI 1307.)
As Scheduled
This course studies personal income, budgeting and consumer credit problems, development of plans for purchasing insurance, real estate and securities. Taxation as it affects the individual's income, assets and estate are also studied. (Not an advanced finance elective.)

FINA 3381 Money and Banking [3-0]
As Scheduled
The components, nature, functions, creation and destruction of money and credit are surveyed in this course. Other topics include financial institutions and their functions and an introduction to monetary theory and policy.

FINA 3382 Investment Principles [3-0]
As Scheduled
This course provides an overview of the valuation of investment securities of corporations and governmental agencies. The purchase and sale of securities through brokerage houses and investment banking firms are also studied.

FINA 3383 Managerial Finance [3-0]
As Scheduled
The finance function in the firm and the specific responsibilities of the firm's financial manager are studied in this course. Emphasis is placed on financial decisions using managerial information systems as an integrating force to deliver planned results. This study includes, but is not limited to, decisions affecting the internal management of the firm and the acquisition of new assets and funds. Prerequisite: It is recommended that students be currently enrolled in, or have already completed, the first statistics class.

FINA 3384 Fundamentals of Real Estate [3-0]
As Scheduled
This course studies the physical and economic characteristics of real estate, particularly as they relate to law, taxation, appraisal, marketing and finance.

FINA 3385 Principles of Insurance [3-0]
As Scheduled
The identification and control of risks facing the individual and the business firm, as well as the use of insurance and other mechanisms in dealing with them, are studied. Other topics include risk analysis, loss prevention, personal and property insurance, insurance programs and estate plans.

FINA 3386 Financial Institutions and Markets [3-0]
As Scheduled
The dynamics of financial markets and their interaction with the suppliers of funds, particularly financial intermediaries, are studied in this course. Prerequisites: FINA 3381.

FINA 3387 Real Estate Finance [3-0]
As Scheduled
This course provides an analysis of the nature and problems of developing the financing of real estate. Also, it covers a study of financial markets and instruments that are used to solve the financial needs of various real estate activities. Prerequisite: FINA 3384 or consent of instructor.

FINA 3390 Public Finance [3-0]
As Scheduled
This course will cover the following topics: public expenditures; their nature, changes and classifications; sources of public revenues; debt management; and an introduction of fiscal theory and policy. Prerequisites: 6 hours each of accounting and economics.

FINA 3391 Small Business Financial Management [3-0]
As Scheduled
This course covers three important aspects of financial management for the small business: 1) sources of financing; 2) financial planning; and 3) valuation of the small business. Students will be required to complete a term project involving at least one of these aspects in a real business situation. Prerequisites: ACC 2421, MANA 3361 and 3 hours of Economics.

FINA 3392 Internship [3-0]
As Scheduled
A practicum with financial institutions or related service entities with a view to relate classroom theories with actual practice.

FINA 3393 Entrepreneurial Finance [3-0]
This course provides an in-depth analysis of venture financing and techniques to manage entrepreneurial risk. Prerequisites: ACC 2421, MANA 3361 and 3 hours of Economics.

FINA 4300 Topics in Finance [3-0]
As Scheduled
A special finance topic will be selected by the instructor. Total course content and requirements will be established on an individual basis by the instructor. Prerequisite: Consent of instructor and 12 hours of advanced courses in finance.

FINA 4381 International Finance [3-0]
As Scheduled
The application of finance principles in the international environment are discussed in this course, including the nature of the balance of payment mechanism, the factors affecting the foreign exchange market, defensive techniques to protect the business against foreign exchange risk and the investing, financing and working capital management within a
multinational firm. Prerequisites: FINA 3383 and 6 additional hours of advanced courses in finance.

FINA 4382 Portfolio Management [3-0]  
As Scheduled  
This course provides the theoretical framework, techniques and applications of investment management. It also develops models for performance evaluation emphasizing optimum combination of risk and return. Prerequisite: FINA 3382.

FINA 4383 Advanced Managerial Finance [3-0]  
As Scheduled  
This course considers the commitment of funds to asset purchases and the measuring and influencing of cost of capital. It emphasizes the development of tools and techniques using quantitative methods for the analytical study of financial administration and its applications in the major problem areas of corporate finance. Prerequisite: FINA 3383.

FINA 4389 Commercial Banking [3-0]  
As Scheduled  
The principles and policies affecting the services, organization and management of funds in the commercial bank are studied in this course; policy formulation is emphasized; coordination with general economic and money market conditions is covered. Prerequisites: FINA 3381 and FINA 3386 or consent of instructor.

French

FREN 1321 Beginning French I [3-0]  
(Texas Common Course Number is FREN 1311.)  
Fall, Spring  
A study of the essentials of French grammar, pronunciation, elementary conversation and prose reading. Credit Restriction: A student may receive credit for only one of FREN 1321 or FREN 1387.

FREN 1322 Beginning French II [3-0]  
(Texas Common Course Number is FREN 1312.)  
Fall, Spring  
A continuation of FREN 1321. Credit Restriction: A student may receive credit for only one of FREN 1322 or FREN 1388. Prerequisite: FREN 1321.

FREN 1387 Beginning French (Honors Plan) [3-0]  
As Scheduled  
A beginning French course designed to meet the needs of Honors students interested in learning to read, write and speak French fluently at an accelerated pace. French culture and appropriate reading will be introduced. Open to students needing accelerated introduction to the French language. Credit Restriction: A student may receive credit for only one of FREN 1321 or FREN 1387. Prerequisite: Admission to the Honors Studies Program or by invitation.

FREN 1388 Beginning French (Honors Plan) [3-0]  
As Scheduled  
A beginning French course designed to meet the needs of Honors students interested in learning to read, write and speak French fluently at an accelerated pace. Elements of French culture and literature and appropriate reading will be introduced. Open to students needing accelerated introduction to the French language. Credit Restriction: A student may receive credit for only one of FREN 1322 or FREN 1388. Prerequisite: FREN 1387 or by invitation.

FREN 2321 Intermediate French I [3-0]  
(Texas Common Course Number is FREN 2311.)  
As Scheduled  
Grammar review, conversation and writing practice based on selected literary and cultural readings. An emphasis on usage of different modes and tenses, as well as complex syntax. Prerequisite: FREN 1322.

FREN 2322 Intermediate French II [3-0]  
(Texas Common Course Number is FREN 2312.)  
As Scheduled  
Grammar review, conversation and writing practice based on selected literary and cultural readings. An emphasis on usage of different modes and tenses, as well as complex syntax. Prerequisite: FREN 2321.

FREN 3321 French Composition I [3-0]  
As Scheduled  
Practice in writing expository, narrative and descriptive prose. Prerequisite: FREN 2322.

FREN 3322 French Composition II [3-0]  
As Scheduled  
Practice in writing critical appreciations of selected literary works. Prerequisite: FREN 3321.

FREN 4324 French Civilization I [3-0]  
As Scheduled  
A study of French culture and civilization from the Roman conquest of Gaul by Julius Caesar to the French Revolution of 1789. Prerequisite: FREN 3321.

FREN 4325 French Civilization II [3-0]  
As Scheduled  
A study of French culture and civilization from the French Revolution of 1789 to the present. Prerequisite: FREN 3321.

FREN 4339 Special Topics [3-0]  
As Scheduled  
Special topics from the field of French language and literature. Prerequisite: FREN 3321.
## Geography

**GEOG 2313 Principles of Physical Geography [3-0]**
*Fall, Spring, Summer*
An introduction to physical geography with emphasis on weather, ocean currents and climates. Soils and vegetation types and distributions are also studied. Can be counted in the supporting areas of elementary education curriculum.

## Geology

**GEOL 1401 Physical Geology [3-3]**
*(Texas Common Course Number is GEOL 1403.)*
*Fall, Spring, Summer*
Involves a comprehensive description of materials composing the earth and deals with the classification and analysis of geologic agents responsible for the origin, structure and evolution of the earth’s crust. $4 laboratory fee.

**GEOL 1402 Historical Geology [3-3]**
*(Texas Common Course Number is GEOL 1404.)*
*Fall, Spring, Summer*
A course dealing with the geological history of the earth and its inhabitants as revealed by the fossil record with emphasis on North America. $4 laboratory fee.

**GEOL 1403 Environmental Geoscience I [3-3]**
*As Scheduled*
This course explores the human-planet relationship – how Earth processes influence human lives, and how human actions, in turn, alter the interactions of Earth systems. Hazardous geologic processes, use and care of energy resources, and the human impacts on the environment are the focus of this course.

**GEOL 2401 Geomorphology [3-3]**
*As Scheduled*
A course designed for sophomores interested in geology and teachers of earth science. An analysis of land forms of the earth and processes by which they are formed. Also, comparative studies of lunar-earth land forms. Emphasis will be placed on mapping and interpretation of local geomorphology. Field trips. Prerequisite: GEOL 1401. $4 laboratory fee.

**GEOL 2402 Structural Geology [3-3]**
*As Scheduled*
A course designed for geology minors and teachers of earth science. A study of the architecture of the earth, including the causes of deformation, resulting structures and their interrelationships. Field trips. Prerequisites: GEOL 1401 and GEOL 1402. $4 laboratory fee.

**GEOL 3401 Mineralogy [3-3]**
*As Scheduled*
A course designed for geology minors, chemistry majors or minors, or teachers of earth science. A study of the major mineral groups, their atomic structure, chemical composition, external forms, properties and geologic interpretation. Field trips. Prerequisites: GEOL 1401 or CHEM 1401 and CHEM 1402. $4 laboratory fee.

**GEOL 3403 Oceanography [3-3]**
*As Scheduled*
An introduction to physical oceanography designed for geology minors, biology majors and earth science teachers. A study of the origin, motions and the physical and chemical properties of marine waters. Field trips. Prerequisite: GEOL 1401 or advanced standing in any of the related sciences or consent of the instructor. $4 laboratory fee.

**GEOL 3404 Stratigraphy-Sedimentation [3-3]**
*As Scheduled*
A study of sedimentary processes and principles of stratigraphy, followed by a survey of stratified rocks of North America, their correlation, stratigraphic relations and guide fossils. Field trips. Prerequisites: GEOL 1401, GEOL 1402, GEOL 2402 and GEOL 3401. $4 laboratory fee.

**GEOL 3405 Petrology [3-3]**
*As Scheduled*
A course designed for geology minors or teachers of earth science. A study of the major rock groups, their origin, classification and chemical and physical properties. Both megascopic and petrographic techniques will be emphasized. Field trips. Prerequisite: GEOL 3401. $4 laboratory fee.

**GEOL 3408 Introduction to Geographic Information Systems [3-3]**
*As Scheduled*
A study of the input, management, manipulation and output of georeferenced information using digital computers. Methods of layering geologic, geographic, meteorologic, electromagnetic, biologic and political knowledge will be presented. Computer data structures including relational data bases will be examined. The spatial analysis potential of a GIS will be compared with traditional manual (cartographic) methods.

**GEOL 4309 Undergraduate Research in Geoscience [3-0]**
Independent work in geosciences and/or environmental geosciences under the direction of a faculty member. Open only to students who have completed at least 12 hours in geology or by approval of the instructor.

**GEOL 4408 Applications of Geographic Information Systems [3-3]**
*As Scheduled*
New ways of using georeferenced data. Methods of integrating information from multiple sources will be used to analyze the interdependencies of both human and physical systems in a rapidly changing rural to urban environment. Examples will be given of uses in evaluating resource capability.
units, analyzing hazardous radiation areas, mineral exploration, land management, flood prediction and control, earthquake prediction and hurricane preparation. Attention will be given to problems of data quality, errors, accuracy and logical consistency. Prerequisite: GEOL 3408.

**German**

**GERM 1331 Beginning German** [3-0]
(Texas Common Course Number is GERM 1311.)
*Fall*
A study of the essentials of German grammar, pronunciation, elementary conversation and prose reading.

**GERM 1332 Beginning German** [3-0]
(Texas Common Course Number is GERM 1312.)
*Spring*
A continuation of GERM 1331. Prerequisite: GERM 1331.

**GERM 2331 Intermediate German** [3-0]
*As Scheduled*
Grammar review, conversation, composition and readings from modern classics. Prerequisite: GERM 1332 or the equivalent.

**GERM 2332 Intermediate German** [3-0]
*As Scheduled*
Continuation of GERM 2331. Prerequisite: GERM 2331.

**History**

**HIST 2313 American Heritage I** [3-0]
(Texas Common Course Number is HIST 1301.)
*Fall, Spring, Summer*
An integration of social, political and economic history of the United States with attention directed to geography and its influences. The approach is by problems that move chronologically from the earliest Colonial Period through the Civil War. Open to freshmen who enter with a credit in American history from high school. Credit Restriction: Credit may be received in only one of HIST 2313 and HIST 2387.

**HIST 2314 American Heritage II** [3-0]
(Texas Common Course Number is HIST 1302.)
*Fall, Spring, Summer*
An integration of social, economic and political history of the United States with attention directed to geography and its influences. The approach is by problems that move chronologically from Reconstruction to the present. Open to freshmen who enter with a credit in American history from high school. Credit Restriction: Credit may be received in only one of HIST 2314 and HIST 2388.

**HIST 2331 Civilization through the Centuries** [3-0]
*Fall, Spring, Summer*
A thorough survey of the political, social and cultural history of Europe through the treaty of Westphalia. Emphasis will be given to the contributions of Greece and Rome to the western world, the fall of Rome, the beginning of feudalism and the rise of national states, the Renaissance and the Protestant reformation. Major developments in world history will be related to these periods of European history. Credit Restriction: Credit may be received in only one of HIST 2331 and HONR 2387.

**HIST 2332 Civilization through the Centuries** [3-0]
*Fall, Spring, Summer*
A continuation of History 2331 to the present time. Emphasis will be given to European expansion, the French Revolution and Napoleon, the Industrial Revolution, the spread of socialism and the world conflicts of the 20th century. Major developments in world history will be related to these periods of European history. Credit Restriction: Credit may be received in only one of HIST 2332 and HONR 2388.

**HIST 2387 American Heritage I (Honors Plan)** [3-0]
*Fall*
An integration of social, political and economic history of the United States with attention directed to geography and its influences. The approach is by problems which move chronologically from the earliest Colonial Period through the Civil War. Credit Restriction: Credit may be received in only one of HIST 2313 and HIST 2387. Prerequisite: Admission to Honors Studies or by invitation.

**HIST 2388 American Heritage II (Honors Plan)** [3-0]
*Spring*
An integration of social, economic and political history of the United States with attention to the geographical influences. The approach is by problems that move chronologically from Reconstruction to the present. Credit Restriction: Credit may be received in only one of HIST 2314 and HIST 2388. Prerequisite: Admission to Honors Studies or by invitation.

**HIST 3301 The History of Ideas** [3-0]
*As Scheduled*
A study of major beliefs and patterns of thought in Western culture, emphasizing the development of the arts and sciences, social thought and religion. Prerequisite: 6 hours of history.

**HIST 3302 World History Studies** [3-0]
*Fall, Spring, Summer*
A comprehensive survey of social, economic, political, cultural and geographical factors influencing the course of world history. Emphasis will be on thematic and content material. Prerequisite: 6 hours of history with HIST 2331 recommended.

**HIST 3303 Geography and the Environment in History** [3-0]
*As Scheduled*
This class examines the effects of the environment and geography on history. The course will focus on how humanity has reacted to the environment and influenced ecosystems, and how different cultures have interacted with similar
environments. The course will also examine trade routes, the effects of disease, and the connections between resources and the rise of civilizations and empires. Prerequisite: 6 hours of history.

HIST 3313 American Colonial Era to 1783 [3-0]
As Scheduled
A study of American Colonial history from the founding of the first colony through the American Revolution with emphasis given to the development of American civilization; causes, course and results of the American Revolution. Prerequisite: 6 hours of history.

HIST 3324 Formative Period of the American Nation, 1783-1840 [3-0]
As Scheduled
A study of the early years of the American nation from the critical period to the adoption of the Constitution and launching of the new government through the transformation of American society by the Jacksonian Era of the Common Man. Prerequisite: 6 hours of history.

HIST 3330 A General Survey of the History of Texas [3-0]
As Scheduled
A survey of the history of Texas from indigenous period to present. Previous Course Number: HIST 2333; a student may receive credit for only one course. Prerequisite: 6 hours of history.

HIST 3332 Historiography and Methodology [3-0]
As Scheduled
This course will acquaint students with the various schools of history; famous scholars and common debates in the field of history. The class will also provide instruction in the various tools and research methods that are utilized by historians. Prerequisite: 9 hours of history, including either 2331 or 2332.

HIST 3333 Colonial Mexico, Central and South America [3-0]
As Scheduled
A study of the establishment of Spanish dominion; geography and natural resources; institutional and social development; cultural aspects and contribution. Prerequisite: 6 hours of history.

HIST 3335 History of Spain [3-0]
As Scheduled
The historical development of the Spanish nation from earliest times to the present. Emphasis will be given to the evolution of the political, economic and social institutions that are important to the conquest and colonization of the Americas. Prerequisite: 6 hours of history.

HIST 3341 History of England I, to 1686 [3-0]
As Scheduled
English history from earliest times through the period of the Stuart kings. Emphasis will be given to the factors that have influenced the development of British and American institutions. Prerequisite: 6 hours of history.

HIST 3342 History of England II, after 1686 [3-0]
As Scheduled
The period of the Glorious Revolution to the British Empire and commonwealth of nations. Prerequisite: 6 hours of history.

HIST 3350 The American Military Experience [3-0]
As Scheduled
The American military experience will be examined from the colonial period to the present. The course will examine not only the operational history of the American military but also the causes and consequences of war and the role of the military in American society. Prerequisite: 6 hours of history.

HIST 3373 Mexican-American Heritage [3-0]
As Scheduled
An interpretation of the historical heritage of the Mexican-American in the United States. Prerequisite: 6 hours of history.

HIST 4303 The Emergence of Modern America, 1877-1917 [3-0]
As Scheduled
A study of the growth of American business and industry, the emergence of the United States as a world power, the populist protest and progressive reform movements. Prerequisite: 6 hours of history.

HIST 4313 Twentieth Century America, 1917 to the Present [3-0]
As Scheduled
A study of the history of the United States from World War I to the present with emphasis on domestic and foreign affairs and in their relationship to and effect on each other. Prerequisite: 6 hours of history.

HIST 4322 The Spanish Southwest to 1821 [3-0]
As Scheduled
A study of the northward colonization of Mexico with emphasis on institutions and the settlement of the interior provinces of Texas, New Mexico, Arizona and California. Prerequisite: 6 hours of history.

HIST 4325 The American Southwest after 1821 [3-0]
As Scheduled
The American penetration of Texas and the war with Mexico; subjugation of the Indians; extension of mining, railroad, cattle industry and farming across the Southwest; and the transition from raw frontier to modern states of the Southwest. Prerequisite: 6 hours of history.

HIST 4343 Era of Sectional Conflict 1840-1877 [3-0]
As Scheduled
United States history from 1840 to 1877 with emphasis upon the development of sectionalism, Southern nationalism, the
breakdown of American political parties, Civil War and Reconstruction. Prerequisite: 6 hours of history.

HIST 4345 Mexico’s First Century as an Independent Republic [3-0]
As Scheduled
A study of the political, social and economic development of Mexico from the independence movement to the Revolution of 1910. A study of the problems of Mexico and the various distinct eras of its first century as a republic. Prerequisite: 6 hours of history.

HIST 4352 Brazil after Independence [3-0]
As Scheduled
A study of Brazil as an empire and a republic with emphasis on the social, geographic and political factors that make it a unique nation in the Western hemisphere. Prerequisite: 6 hours of history.

HIST 4353 History of Mexican Culture [3-0]
As Scheduled
A study of the Mexican people, including development of their social institutions, thinking, concepts, attitudes, values, reactions and sensitivities. Prerequisite: 6 hours of history.

HIST 4354 Contemporary Mexico [3-0]
As Scheduled
A study of the nature and impact of the social, political and economic transformations since the revolutionary epoch of 1910-1917; greatest emphasis on the contemporary factors that have made Mexico’s experience unique. Prerequisite: 6 hours of history.

HIST 4355 Spanish South America Since Independence [3-0]
As Scheduled
The historical development of the major Hispanic South American republics; general trends in their social, economic and political growth. Prerequisite: 6 hours of history with HIST 3333 recommended.

HIST 4363 United States-Latin American Relations [3-0]
As Scheduled
The development of a distinctive system of international relations – economic, cultural and political – between the nations of Latin America and the United States. Prerequisite: 6 hours of history.

HIST 4370 The Renaissance and the Reformation, 1300 to 1650 [3-0]
As Scheduled
A study of the political, social and cultural developments of Western Europe from the decline of the Medieval system, through the Age of the New Monarchies, with emphasis on France, Germany and Italy. Prerequisite: 6 hours of history with HIST 2331 recommended.

HIST 4371 Russia since 1905 [3-0]
As Scheduled
Russia from the precursors of the Revolution through the Revolutions of 1905 and 1917 and the development of the Soviet regime to current trends. Prerequisite: 6 hours of history with HIST 2332 recommended.

HIST 4374 The Caribbean and Central America [3-0]
As Scheduled
A study of the 19th century efforts of these nations to emerge as separate entities and an evaluation of their 20th century experiences. Prerequisite: 6 hours of history with HIST 3333 recommended.

HIST 4375 Absolutism and Enlightenment in Europe, 1650-1789 [3-0]
As Scheduled
Traces the development of the Absolutist State, benevolent despotism and the intellectual and scientific trends of the Enlightenment. Prerequisite: 6 hours of history with HIST 2332 recommended.

HIST 4376 Revolutionary Europe, 1789-1850 [3-0]
As Scheduled
A study of Europe of this period with emphasis on the growth of democratic institutions from the beginning of the French Revolution through the Revolution of 1848. Prerequisite: 6 hours of history with HIST 2332 recommended.

HIST 4383 Europe’s Age of Imperialism 1850-1919 [3-0]
As Scheduled
A study of European history through the period of growing nationalism and imperialism leading to World War I. Prerequisite: 6 hours of history with HIST 2332 recommended.

HIST 4393 Contemporary Europe 1919 to Present [3-0]
As Scheduled
A study of the causes of World War II, its resulting problems and current trends. Prerequisite: 6 hours of history with HIST 2332 recommended.

HIST 4395 Special Topics in Historical Study [3-0]
As Scheduled
A study of selected topics in history, including comparative history, philosophies of history, and regions outside of Europe and the Americas. Topics are varied according to availability of faculty and student interest. Course can be repeated once for credit as topics change. Prerequisite: 6 hours of history.

HIST 4396 Special Topics in European History [3-0]
As Scheduled
A study of selected topics in European history. Topics are varied according to availability of faculty and student interest. Course can be repeated once for credit as topics change. Prerequisite: 9 hours of history, including either 2331 or 2332.
**HIST 4397** Special Topics in U.S. History [3-0]  
*As Scheduled*
A study of selected topics in the history of the United States. Topics are varied according to availability of faculty and student interest. Course can be repeated once for credit as topics change. Prerequisite: 9 hours of history, including either 2331 or 2332.

**HIST 4398** Special Topics in Latin American History [3-0]  
*As Scheduled*
A study of selected topics in Latin American history. Topics are varied according to availability of faculty and student interest. Course can be repeated once for credit as topics change. Prerequisite: 9 hours of history, including either 2331 or 2332.

**Health**

**HLTH 1352** Community and Environmental Health [3-0]  
*As Scheduled*
Basic community health problems with emphasis upon communicable disease, waste disposal, safe water, food and drug control and the improvement of community health.

**HLTH 1354** Safety and First Aid [3-0]  
*As Scheduled*
Basic knowledge for safe and effective living. The essential aspects of home, work, motor vehicle and public safety. Includes both theoretical and practical aspects of emergency care. Standard First Aid and Personal Safety and Cardio-Pulmonary Resuscitation (CPR) certification upon completion of specific requirements. Equivalent Course: KIN 1354; a student may receive credit for only one course.

**HLTH 2352** Personal Health and Wellness [3-0]  
*As Scheduled*
A survey of factors involved in human physical and psychological wellness. Disorders arising from mutagenic, teratogenic infections, environment and lifestyle behaviors will be studied. May not be used to satisfy Health Secondary Option II Teacher Certification.

**HLTH 2371** Health Problems in the Use of Alcohol, Tobacco and Narcotics [3-0]  
*As Scheduled*
Examination of the psychological, physiological and social effects of the misuse of drugs and other harmful agents. Legal and ethical implications for the individual and society.

**HLTH 2372** Nutrition and Health [3-0]  
*As Scheduled*
Study of food constituents relating to human nutritive needs and sources through the span of life, infancy through later adulthood.

**HLTH 2373** Growth, Development and Fitness [3-0]  
*As Scheduled*
A study of the growth process and systemic development of the human organism. The concept of physical fitness is analyzed and related to organismic function and well being.

**HLTH 3373** Human Sexuality [3-0]  
*As Scheduled*
Adjustment of the individual to life in the social group with emphasis upon problems occurring in mental and emotional health, aging, family living and human sexuality.

**HLTH 3374** Chronic and Degenerative Disease [3-0]  
*As Scheduled*
A study of chronic and degenerative disease with respect to the nature, source, incidence, control and treatment of diseases such as cancer, cardio-vascular anomalies, neurological disorders, mental retardation and genetic disorders. Emphasis is upon providing sufficient and usable information that will provide the basis for responsible action in matters of personal health.

**HLTH 3375** Consumer Health [3-0]  
*As Scheduled*
Selection, evaluation and understanding of health information, medical services, health product and advertising and socio-cultural factors in consumer health protection.

**HLTH 4350** Organization of the Health Program [3-0]  
*As Scheduled*
The organization and management of the health program in school, community and clinical settings with special emphasis on program phases, responsibilities, evaluation and functional relationships with local, state and federal agencies. Prerequisite: 15 hours of health.

**HLTH 4353** Principles of Public Health [3-0]  
*As Scheduled*
Examination of the role and practice of official or voluntary health agencies. Content includes study of health needs, assessment, models for health promotion, program evaluation, basic issues and management funding methods achieved. University classroom and field-based experiences.

**HLTH 4357** Health Seminar [3-0]  
*Summer, odd years*
For teachers, nurses, principals, superintendents and community leaders to gain perspective and insight into essential cooperative efforts of home, school and community to meet the growing health needs of our society.

**HLTH 4358** Current Health Readings and Reported Research [3-0]  
*As Scheduled*
Research and analysis of the latest concepts and findings relating to the school health program. This will be conducted through review of the literature, written reports and
independent study in a health-substantive area.

Honors

HONR 2387 Humanities I [3-0]
An interdisciplinary course that emphasizes cultural roots from ancient Greece through the Middle Ages. The course stresses the integration of the humanities (philosophy, painting, sculpture, architecture, literature, music) into the Western civilization framework.

HONR 2388 Humanities II [3-0]
An interdisciplinary course that emphasizes cultural roots from the Renaissance to the present. The course stresses the integration of the humanities (philosophy, painting, sculpture, architecture, literature, music) into the Western civilization framework.

HONR 3187 Problems in Independent Study [3-0]
This course is an introduction to basic problems encountered in independent study. It aids the student in choosing a topic for independent study, in setting up objectives for the study and preparing a prospectus.

HONR 3387 Independent Study [3-0]
Supervised independent research in student's topic, with periodic meetings for coordination, instruction in methodology and discussion.

HONR 4387 Independent Study [309]
Supervised completion of research and writing of thesis, with periodic meetings for coordination, instruction in methodology and discussion.

• Departmental Courses, Honors

(See Course Listings for course descriptions.)

Biology: BIOL 1487, 1488 General Biology

Communication: COMM 1387 Speech Communication
COMM 2387 Theatre Appreciation

Economics: ECO 1387 Introduction to Economics

English: ENG 1387 Rhetoric and Composition
ENG 1388 Rhetoric and Literature
ENG 2387, 2388 Readings in World Literature

French: FREN 1387, 1388 Beginning French

History: HIST 2387, 2388 American Heritage

Mathematics: MATH 1387 Algebra
MATH 1388 Precalculus

Philosophy: PHIL 1387 Introduction to Philosophy

PHIL 1388 Introduction to Logic

Political Science: POLS 2387, 2388 U.S. and Texas Government and Politics

Sociology: SOCI 1387 Principles of Sociology

Spanish: SPAN 1387, 1388 Beginning Spanish

Health-Related Programs

• Interdisciplinary Courses

HRP 1301 Introduction to Health Careers [3-0]
Fall, Spring
This course will survey careers in the health and health-related professions. Specific topics related to health careers will include health care organizations, history and trends, ethics, legal aspects, terminology, relevant professional affiliations and vocational trends. Employment options and educational requirements will be covered in some depth.

HRP 2303 Medical Terminology [3-0]
Fall, Spring
This course is designed to introduce the student to analysis techniques and to correct spelling and pronunciation of medical terms. The student will have the opportunity to learn a medical vocabulary, develop skills in recognizing medical terms by analyzing their elements and relating them to the corresponding anatomical site.

HRP 3310 Special Topics in Patient Care Issues [3-0]
As Scheduled
The topics will vary according to current issues in the provisions of health care and prevention. Offering, of course, will be contingent on student demand. May be repeated once for credit as topics vary. Prerequisite: Approval of department.

International Business

INTB 3310 Entering International Trade [3-0]
Fall, Spring
Introduction to import and export procedures and processes. Sources of data and the acquisition of information concerning the country, its culture, business practices and businesses. Accessing markets in, and sources of supply from, foreign countries. Prerequisite: INTB 3330.
INTB 3330 International Business [3-0]  
Fall, Spring, Summer  
Business concepts, analytical processes and philosophical bases for international business operations. Emphasis is on environmental dynamics, multinational business organizations, cultural and economic constraints, unique international business practices and international operations, strategy and policy. Previous course number: GENB 4330; credit may be received for only one course. Prerequisites: MANA 3361, MARK 3371 and FINA 3383.

INTB 3340 Legal Considerations of International Business [3-0]  
Fall, Spring  
U.S. laws governing international business. The impact of foreign laws on business within the host country, including U.S. companies in that country. Prerequisites: BLAW 3337 and INTB 3330.

INTB 4364 Management Environment in International Business [3-0]  
Fall, Spring  
Organizational planning, organizing, including staffing, communication and controlling in an international environment. How these functions of management are affected by, and may need to be adapted for, the social/cultural, economic, legal and political environments. The process of individual negotiation and the impact of culture and business practices on that process. Reference to selected cultures and practices to include Asia, Western Europe and Latin America. Prerequisite: INTB 3330.

INTB 4365 International Competitiveness [3-0]  
Fall, Spring  
International dimensions of competition for global markets, with emphasis on manufacturing, production and operations management as tools of international competitive strategy. Prerequisite: MANA 4363.

INTB 4379 Topics in International Business [3-0]  
As Scheduled  
Special topics in international business as selected by the instructor. Additional topics to be added. Course can be repeated as topics change. Prerequisite: INTB 3330.

Japanese

JAPN 1351 Beginning Japanese [3-0]  
As Scheduled  
An introductory course in Japanese designed to teach basic knowledge of the Japanese language, including speaking, writing, listening and reading.

JAPN 1352 Beginning Japanese [3-0]  
As Scheduled  
A continuation of JAPN 1351. Designed to teach basic knowledge of the Japanese language, including speaking,

### Course Descriptions

- **KIN 1351 Introduction to Kinesiology**
  
- **KIN 1354 Safety and First Aid**
  - Basic knowledge for safe and effective living. The essential aspects of home, work, motor vehicle and public safety. Includes both theoretical and practical aspects of emergency care. Standard First Aid, Personal Safety and Cardio-Pulmonary Resuscitation (CPR). Certification upon completion of specific requirements. Equivalent Course: HLTH 1354; a student may receive credit for only one course.

- **KIN 2301 Health-Related Physical Fitness Appraisal**
  - introduces health-related physical fitness and health risk appraisal procedures that are intended to provide the intellectual and motivational base for positive health. (Taken by students who cannot take 4 hours of required kinesiology activities. Fulfills General Education Requirements; see page 67-69 for details.)

- **KIN 2323 Dance Appreciation**
  - An introduction to theatrical dance, including ballet, modern dance, post-modern dance and Spanish dance. How to understand and enjoy dance, an appreciation and understanding of Western dance performance forms. (Fulfills General Education Requirements for Fine Arts; see page 67-69 for details.)

- **KIN 3300 Theory of Football**
  - A study of and participation in the fundamentals and techniques, rules and strategies of football.

- **KIN 3302 Teaching Individual Sports**
  - The current theories of teaching selected individual/dual sports.

- **KIN 3303 Theory of Basketball**
  - A study of and participation in the fundamentals, techniques,
rules and strategies of basketball.

KIN 3304  Theory of Baseball  [3-0]
As Scheduled
A study involving the use of theory in the analysis and interpretation of coaching techniques and fundamentals in baseball.

KIN 3305  Theory of Track and Field  [3-0]
As Scheduled
A study involving the use of theory in the analysis and interpretation of coaching techniques and fundamentals in track and field.

KIN 3310  Modified Team and Individual Sports  [3-0]
As Scheduled
Analysis and presentation of sports in a modified form appropriate for the elementary school.

KIN 3312  Dance Activities for Adolescents  [3-0]
As Scheduled
Analysis of skill and techniques in teaching social, folk and square dance.

KIN 3313  Dance for Children  [3-0]
As Scheduled
Analysis of skills and techniques in teaching creative dance and folk dance for the elementary school.

KIN 3317  Theory and Performance of Gymnastics  [3-0]
As Scheduled
Development of the basic techniques and performance skills of tumbling and gymnastic apparatus.

KIN 3319  Tumbling and Gymnastics  [3-0]
As Scheduled
Analysis of skills and techniques in teaching basic tumbling and gymnastics.

KIN 3320  Theory of Volleyball  [3-0]
As Scheduled
A study involving the use of theory in the analysis and interpretation of coaching techniques and fundamentals of volleyball.

KIN 3333  Theory of Soccer  [3-0]
As Scheduled
A study of the use of theory in the analysis and interpretation of coaching techniques and fundamentals in soccer.

KIN 3345  Biomechanics  [3-0]
As Scheduled
A study of the structural and mechanical factors that interact with human movement. Prerequisites: BIOL 2403 and BIOL 2404.

KIN 3352  Care, Treatment and Prevention of Athletic Injuries  [3-0]
As Scheduled
Prevention and correction of accidents in physical education and athletic activities. The use of proper personal and field equipment, support methods, conditioning exercises, therapeutic aids, medical examinations and massage.

KIN 3353  Physiology of Exercise  [3-0]
As Scheduled
Basic systemic adaptations to exercise with specific emphasis on teaching kinesiology and on training and conditioning athletes. Prerequisite: KIN 3345.

KIN 3356  Movement Exploration  [3-0]
As Scheduled
A course structured to acquaint students with the essential elements of kinesiology. The underlying techniques of movement exploration are presented.

KIN 3365  Tests and Measurements in Kinesiology  [3-0]
As Scheduled
The use, interpretation, evaluation and administration of valid tests in kinesiology. Also involves the application of elementary statistical procedures.

KIN 4313  Kinesiology Workshop  [3-0]
As Scheduled
This course is designed to give a student experience in research or in-depth study/readings in a substantive area not normally covered within standard courses. Course topics will vary according to student interest. May be repeated for credit with different topics.

KIN 4351  Adapted Kinesiology  [3-0]
As Scheduled
The selection and planning of kinesiology for students whose activity must be adapted due to demands by gravity, trauma, injury, congenital defect, illness or disease. Laboratory experience to be arranged. Field-based.

KIN 4664  Kinesiology Practicum  [3-0]
As Scheduled
University work and field placement in a public and/or private setting where student learns the theory and practice of operating a wellness establishment. Six to nine hours of field work per week. May not be used to satisfy teacher certification.

Management

MANA 1331  Introduction to Business  [3-0]
Fall, Spring, Summer
A survey of the field of business and industry in our economic system. Basic principles of business organization and the information and operation of the several divisions of a business
MANA 3300 Internship in Management [3-0] 
As Scheduled
This course is designed to give students an opportunity to gain real world experience in their chosen career field by working with a participating employing firm or organization. The students will be supervised by a faculty member acting as a liaison between the employing organization and the academic department to assure compliance with specific learning and experience requirements for the assignment. The employment can be either paid or unpaid, and must be at least 10 hours of work each week over the period of one academic term.
Prerequisites: Upper-division standing and approval by both department chair and employer providing internship experience.

MANA 3335 Communication Policy and Strategy [3-0] 
Fall, Spring, Summer
Course focuses on communication policy and practice as contributor to the effectiveness and efficiency of organizational operation in domestic and global theaters. The focus includes decision making, ethical dilemmas and tactics related to establishment of organizational policies and practices guiding communication, internal and external, global and domestic, to the organization. The course uses case study format.
Prerequisite: Satisfaction of general requirements for freshman English.

MANA 3361 Principles of Management and Organizational Behavior [3-0] 
Fall, Spring, Summer
A study of the management functions of planning, organizing, leading and controlling. Emphasis is placed on organizational theory and behavior to include culture and ethics.

MANA 3362 Human Resource Management [3-0] 
Fall, Spring, Summer
This class focuses on the current developments within the field of personnel administration. Students will study the concepts, principles, policies and organizational procedures utilized by business institutions in the management of personnel that includes: selection, placement, compensation, morale, labor turnover, collective bargaining, employee service and supervisory activities. Prerequisite: MANA 3361 or consent of department.

MANA 3364 Organizational Theory [3-0] 
Fall, Spring
This course studies the theory and process of designing, utilizing and evaluating organizational structures. It includes the design of appropriate jobs which will fit into the organizational structure as well as adapting the organizational design to the operational and environmental demands of the organization. Prerequisite: MANA 3361.

MANA 3365 Compensation [3-0] 
Fall, Spring
This course presents the principles and practices of the determination of relative values of jobs and their application to basic wage and salary structure. The class includes the formulation of a job evaluation plan and its accompanying wage structure. Prerequisites: MANA 3361 and MANA 3362 or consent of department.

MANA 3366 Recruitment and Selection [3-0] 
This course is designed to provide an understanding of the process of recruitment and selection in organizations. It will cover the basic aspects of these areas (e.g. job analysis, legal issues, selection devices) as well as current issues such as global staffing, downsizing and contingent workers. While the focus of the course is from an organization's point of reference, a significant portion of the requirements will aid students in developing the tools, resources and awareness to get placed and promoted in organizations.

MANA 3367 Organizational Training and Development [3-0] 
This course is designed to provide students with the fundamental aspects of training as well as hands-on practical experience in developing training programs for organizations. The primary focus of this course deals with aiding students in developing the skills necessary to deliver training and development sessions that can be applied in organizations in order to meet the needs of the fast-paced, information-generating corporate environments that are necessary in firms today. A major emphasis will be on skill development in regard to the design and delivery of training that is both efficient and cost effective to the organization.

MANA 4300 Topics in Management [3-0] 
On Demand
A course of supervised independent study and research into management theory and practice. Prerequisite: 9 semester hours of management courses with at least a 3.0 GPA in these courses.

MANA 4361 Organizational Behavior [3-0] 
Fall, Spring
This course focuses on the study of management theory with emphasis on the investigation of individual and group behaviors within organizations. Prerequisite: MANA 3361 or consent of department.

MANA 4362 Small Business Venture [3-0] 
Fall, Spring
This course explores ways to own a business, including starting a new business and acquiring a franchise or existing business. The student will also study the various federal, state and local institutions that cater to the needs of small business development. Students will be required to complete a term project involving the steps required to start or buy a small business.
MANA 4363 Production Management [3-0]
Fall, Spring, Summer
The concept of the production function and its applicability to all types of business firms, problems that provide background for the integration of scientific decision processes relative to an analysis of production activities and computer applications in the production/operations environment. Prerequisites: QUMT 3342 and MANA 3361.

MANA 4364 Societal Problems in Business [3-0]
Fall, Spring
The behavior and social responsibilities of business firms and other business institutions in modern society to include current cultural and ethical issues. Prerequisite: MANA 3361.

MANA 4366 Small Business Management [3-0]
Fall, Spring
A study of the special characteristics of small business. Emphasis will be placed on the selecting and starting of a small business and the essential function of management in the first years of operation. Prerequisite: Senior standing in business or entrepreneurship minors: ACC 2421, MANA 3361 and 3 hours of Economics.

MANA 4367 Purchasing and Supply Management [3-0]
A study of the integration and coordination of activities, such as purchasing, outsourcing, materials management, logistics, supplier selection, global sourcing, and international distribution, to create an effective flow of materials and information from suppliers to customers.

MANA 4368 Industrial Relations [3-0]
Fall, Spring
An examination of current issues and problem areas facing management and unions in their relationship with employees, government and the community. Emphasis is placed on the role of union and management in the process, on the relationship of this process to contemporary labor legislation, contract negotiations and daily administration of company and union relations. Prerequisites: MANA 3361 and MANA 3362 or consent of the department.

MANA 4369 Strategic Management [3-0]
Fall, Spring, Summer
This capstone course integrates knowledge in functional areas and covers strategy formulation, implementation and evaluation. Different types of organizations in all kinds of environments and industries are studied. Technology, culture and ethics are important environmental variables considered. Prerequisites: MANA 3361, MANA 4363, MARK 3371 and FINA 3383 and INTB 3330.

MANA 4399 Business Consulting [3-0]
On Demand
This course is an on-site evaluation of an operating business by a student or students serving in the role as a consultant or consulting team. Course emphasis will be directed toward an analysis of the basic business functions of accounting, finance, production, marketing and management as they pertain to the successful operation of a business. Prerequisites: Senior standing and consent of department.

### Manufacturing Engineering

MANE 2101 Manufacturing Technology Laboratory [3-0]
Fall, Summer
Introduction to machine shop tool operations, metrology, advanced laboratory skills and data analysis. Prerequisites: Sophomore standing and MECE 1221.

MANE 2340 Fundamentals of Industrial Engineering [3-0]
Fall
Introduction to engineering economic analysis, industrial and project management, ergonomics, human factors, work recording techniques, time and motion study and line balancing.

MANE 2430 Manufacturing Processes [3-3]
Fall
An introduction to manufacturing processes including metal cutting, nontraditional machining, force analysis, casting, deformation and joining processes, plastics, composites, manufacturing of ceramics and electronic devices. Prerequisite: MECE 2440. $30 laboratory fee.

MANE 3101 Projects in Manufacturing Engineering [0-3]
As Scheduled
Special construction projects, research activities or supervised manufacturing engineering studies. May be repeated once for credit. Prerequisites: Junior standing or consent of instructor.

MANE 3164 Manufacturing Processes Lab [0-3]
Fall and Spring
Provides hands-on experience in various manufacturing processes. Equivalent Course Number: MANE 2364/MANE 2164 is equivalent to MANE 2430. Prerequisite: Credit for or enrollment in MANE 3364. $30 laboratory fee.

MANE 3300 Computer-Aided Design [3-0]
Spring
Curve and surface definition, geometric transformation and solid modeling, projections and visualization and numerical analysis, introduction to finite element analysis. Prerequisite: MECE 1221.

MANE 3301 Projects in Manufacturing Engineering [0-9]
As Scheduled
Special construction projects, research activities or supervised
Manufacturing engineering studies. May be repeated once for credit. Prerequisites: Junior standing or consent of instructor.

<td>Engineering Economics</td>
<td></td>
<td>Spring</td>
<td>Application of economics and decision theory to engineering alternatives in planning, developing, constructing and managing engineering projects. Discounted cash flow mechanics, economic analysis, management of money and economic decisions including inflation and utility theory. Prerequisite: MANE 3332.</td>
</tr>
<tr>
<td>MANE 3364</td>
<td>Manufacturing Processes</td>
<td>[3-0]</td>
<td>Fall, Spring</td>
<td>An introduction to manufacturing processes including metal cutting, nontraditional machining, force analysis, casting, deformation and joining processes, plastics, composites, manufacturing of ceramics and electronics devices. Prerequisite: MECE 2440.</td>
</tr>
<tr>
<td>MANE 4301</td>
<td>Robotics</td>
<td>[3-0]</td>
<td>As Scheduled</td>
<td>Introduction to matrix transformation. Study of kinematics, trajectory planning, dynamics and control of robotics. Application of robots for automated manufacturing, assembly and materials handling. Prerequisite: Consent of instructor.</td>
</tr>
<tr>
<td>MANE 4311</td>
<td>Quality Control</td>
<td>[3-0]</td>
<td>Fall</td>
<td>Study of statistical methods applied to the assurance of product quality. Foundational principles developed by Juran, Deming and others will be applied. Sampling techniques and control charts will be applied. Concepts of statistical process control will be emphasized throughout. Design of experiments and Taguchi-type methodologies will be introduced. Prerequisite: MANE 3332.</td>
</tr>
<tr>
<td>MANE 4321</td>
<td>Automation Systems</td>
<td>[3-0]</td>
<td>Fall</td>
<td>Modeling of mechanical, thermal, fluid, electrical and electromechanical systems; time response analysis, block diagram and signal flow representation; stability analysis and design of compensators. Prerequisite: MATH 3349.</td>
</tr>
<tr>
<td>MANE 4331</td>
<td>Manufacturing Planning and Control</td>
<td></td>
<td>Spring</td>
<td>A capstone course covering the principles of manufacturing process and plant design and control emphasizing the interrelationship between product design, process design and the firm's operating plan. Computer models will be used extensively. Prerequisite: Consent of instructor.</td>
</tr>
<tr>
<td>MANE 4333</td>
<td>Topics in Manufacturing Engineering</td>
<td></td>
<td>As Scheduled</td>
<td>Topics selected from current issues of concern in manufacturing industries. May be repeated for credit when topics change. Prerequisite: Consent of instructor.</td>
</tr>
<tr>
<td>MANE 4340</td>
<td>Operations Research</td>
<td>[3-0]</td>
<td>As Scheduled</td>
<td>An introduction to basic concepts in mathematical modeling, stochastic processes, linear programming and optimization. Applications include inventory system and control, plant location and network analysis. Prerequisite: Consent of Instructor.</td>
</tr>
<tr>
<td>MANE 4346</td>
<td>Introduction to Plastics Engineering</td>
<td>[3-0]</td>
<td>As Scheduled</td>
<td>Emphasis on important relationships between material's properties (physical and chemical), the molding process, the design process and the performance of finished products. Prerequisite: MECE 2440.</td>
</tr>
<tr>
<td>MANE 4352</td>
<td>Manufacturing Simulation</td>
<td>[3-0]</td>
<td>As Scheduled</td>
<td>Develops skills in applying discrete computer simulation and modeling techniques for facility layout design and production planning. Topics include data collection, input analysis, distribution fitting, model development, verification and output analysis. Prerequisite: MANE 3332.</td>
</tr>
<tr>
<td>MANE 4365</td>
<td>Tool Design</td>
<td>[3-0]</td>
<td>As Scheduled</td>
<td>Covers topics on tool design methods, locating and clamping methods, design of jigs and fixture, gauges and gauge design, die design and mold design. Prerequisites: MANE 3364 and MANE 3300.</td>
</tr>

<tbody>
<tr>
<td>MARK 3371</td>
<td>Principles of Marketing</td>
<td>[3-0]</td>
<td>Fall, Spring, Summer</td>
<td>The marketing structure as it operates in our economic system, with emphasis on improving the flow of goods and services from producer to consumer. Practical application of principles and techniques. Designed as a beginning course in marketing.</td>
</tr>
</tbody>
</table>
### MARK 3372 Consumer Behavior [3-0]  
**Fall, Spring**  
An overall view of the basic perspectives of consumer behavior. An interdisciplinary approach is utilized by studying the fields of economics, psychology, sociology and anthropology as they relate to marketing. Emphasis is placed on the fundamental process of motivation, perception and learning, as well as analysis of individual predispositions and group influences in marketing. Prerequisite: MARK 3371 or consent of instructor.

### MARK 3373 Industrial Marketing [3-0]  
**As Scheduled**  
A comprehensive study of marketing in other than the retail area. Topics include wholesale institutions, their competitive positions and strategies; channels of distribution; physical distribution; marketing to industrial consumers and industrial buying behavior. Readings, cases and special projects. Prerequisite: MARK 3371 or consent of the instructor.

### MARK 3375 Retailing [3-0]  
**Fall, Summer**  
Principles and methods of modern retailing, emphasis on problems of store location and layout, buying, pricing, credit, stock control, personnel and sales promotion. Designed for students who wish to gain a general knowledge of the retail field as well as those specializing in marketing. Prerequisite: MARK 3371 or consent of instructor.

### MARK 3376 Professional Salesmanship [3-0]  
**Fall, Spring**  
Professional salesmanship, the product, the buyer, planning the presentation, meeting the prospect, the interview, overcoming resistance, closing the sale and building goodwill. Practical applications of selling in the form of structured class presentations with an emphasis on consultative selling. Prerequisite: MARK 3371 or consent of instructor.

### MARK 4330 International Marketing [3-0]  
**Fall, Summer**  
The development of the international marketing mix for the multinational organization, and an in-depth look at global versus domestic marketing management. Prerequisites: MARK 3371 and INTB 3310.

### MARK 4372 Promotions Management [3-0]  
**As Scheduled**  
Management of the promotional mix. Analysis and application of advertising and sales promotion methods through mass communication and management of the sales force for both consumer and industrial goods. Prerequisite: MARK 3371 or consent of instructor.

### MARK 4373 Sales Management [3-0]  
**Fall, Spring**  
Decision making of the sales manager and how it affects the sales force. Emphasis is placed on sales planning, staffing, training and directing of the sales force including sales force analysis and evaluation. Prerequisite: MARK 3371.

### MARK 4377 Marketing Management [3-0]  
**Spring**  
Emphasis on acquiring a knowledge of various tools and models that may be useful in assisting the marketing manager in the decision-making process. All areas of marketing are discussed within the decision-making framework, with practical application of techniques emphasized. Prerequisite: MARK 3371.

### MARK 4378 Marketing Research [3-0]  
**Fall, Spring**  
Quantitative research procedures and techniques used in business today. Problem definition, sources of research data, survey methods, questionnaire design and sampling techniques. Practical application of procedures and techniques is emphasized through class research projects. Prerequisites: QMT 3342 and MARK 3371.

### MARK 4379 Special Problems in Marketing [3-0]  
**As Scheduled**  
In-depth study of specific problems in marketing. A weekly conference is scheduled with the supervising faculty member. Prerequisites: 12 hours in Marketing and consent of instructor.

### Mathematics

### MATH 1300 Elementary Algebra [3-0]  
**As Scheduled**  
A course in elementary algebra designed for the student with a background in numerical skills. Students have the opportunity to prepare for intermediate algebra and other mathematics coursework recommended in education, fine arts, the humanities or social sciences. Topics include basic operations on real numbers, elementary geometry, introduction to algebra, linear equations and graphs, linear equations with applications, elementary inequalities, exponent properties, introduction to radicals, polynomials and factoring methods. This course does not count toward a student's hours for graduation or in the determination of hours attempted or earned. This course may not be used to satisfy any general University graduation requirements.

### MATH 1321 Business Algebra [3-0]  
**As Scheduled**  
This course is designed for students who plan to major within the College of Business Administration. Topics include inequalities, quadratic functions, logarithmic and exponential functions, sequences and series, mathematics of finance, systems of linear equations, matrices and an introduction to linear programming. Use of electronic calculators and microcomputers to perform numerical computations is emphasized. Previous Course Number: MATH 2316. A student may use MATH 1321 to replace a grade received in MATH 2316; however, one may receive credit for only one of MATH 1321, MATH 2316 or MATH 1340. Prerequisite: MATH 1334 with a grade of “C” or better or satisfactory score on ACT or placement exam.
MATH 1322 Business Calculus [3-0]
As Scheduled
This course is designed for students who plan to major within the College of Business Administration. Topics include differential calculus with business optimization applications, multivariable calculus including optimization techniques and applications and an introduction to integral calculus. Prerequisite: MATH 1321 or MATH 2316 with a grade of "C" or better.

MATH 1334 Intermediate Algebra [3-0]
As Scheduled
A course in algebra designed to prepare the student for College Algebra or the equivalent. Topics include factors of polynomials; rational expressions; radical expressions; an introduction to functions; systems of linear equations in two unknowns; quadratic, rational and radical equations with applications. Previous Course Number: MATH 1356. Prerequisite: MATH 1300 with a grade of "C" or better or satisfactory score on ACT or placement exam. This course does not count toward a student's hours for graduation or in the determination of hours attempted or earned.

MATH 1340 College Algebra [3-0]
As Scheduled
Topics include nonlinear and absolute value inequalities, functions, complex numbers, polynomial and rational functions, exponential and logarithmic functions, systems of linear and nonlinear equations, and matrices. Grade Replacement and Credit Restrictions: This course replaces a grade received in MATH 1304, MATH 2316 or MATH 1321; however, one may receive credit for only one of the following: MATH 1304, MATH 1340, MATH 1387, MATH 2316 or MATH 1321. Prerequisite: MATH 1334 with a grade of "C" or better or satisfactory score on ACT or placement exam.

MATH 1356 Trigonometry [3-0]
As Scheduled
Topics include circular functions, identities, special angles, trigonometric equations and graphs. Previous Course Number: MATH 1305; credit may be received for only one course. Prerequisite: MATH 1340 or its equivalent with a grade of "C" or better or satisfactory score on ACT or placement exam.

MATH 1357 Precalculus Mathematics [3-0]
As Scheduled
Topics include transcendental functions, analytic geometry, conic sections, sequences and series. Prerequisite: MATH 1356 with a grade of "C" or better or appropriate high school background and/or placement scores.

MATH 1387 Algebra (Honors Studies) [3-0]
As Scheduled
An enriched algebra course for honors students with topics selected from those normally covered in College Algebra and Business Algebra. Special emphasis will be given to problem solving using computer software such as spreadsheets and computer algebra systems. Credit Restrictions: Credit may be received for only one of MATH 1340 and MATH 1387. Prerequisites: Admission to Honors Studies Program or by permission, and MATH 1334 (or equivalent) or by permission.

MATH 1388 Precalculus (Honors Studies) [3-0]
As Scheduled
A precalculus course designed for honors students interested in an accelerated introduction to the calculus sequence. This course will combine the most important parts of trigonometry and analytic geometry and some essential topics of differential calculus. Credit Restrictions: Credit may only be received for MATH 1388 or for the sequence of MATH 1356 and MATH 1357. Prerequisites: Admission to Honors Studies Program or by permission, and MATH 1340 (or equivalent) or permission.

MATH 1401 Calculus I [4-0]
As Scheduled
Topics include limits, the derivative and its applications, antiderivatives, definite integrals, and the derivatives and integrals of transcendental functions. Credit Restriction: A student may not receive credit for both MATH 1360 and MATH 1401. Prerequisite: MATH 1357 with a grade of "C" or better or appropriate high school background and placement scores.

MATH 1402 Calculus II [4-0]
As Scheduled
Topics include methods and applications of integration, parametrized curves, integration in polar coordinates, and infinite sequences and series. Credit Restriction: A student may not receive credit for both MATH 2342 and MATH 1402. Prerequisite: MATH 1401 with a grade of "C" or better or appropriate high school background and placement scores.

MATH 2306 Foundations of Mathematics I [3-0]
As Scheduled
Students study the mathematical background for meaningful learning of number concepts, precise definitions, fundamental operations and problem-solving mathematics. The structure of the real number system is developed through the use of elementary logic and set theory. Previous Course Number: MATH 1314; a student may use MATH 2306 to replace a grade recorded in MATH 1314; however, one may not receive credit for both MATH 1314 and MATH 2306. Prerequisite: MATH 1340 with grade of "C" or better or satisfactory score on ACT or placement exam.

MATH 2307 Foundations of Mathematics II [3-0]
As Scheduled
This course is a continuation of MATH 2306. Topics include measurement, geometry, probability, statistics, elementary algebra and problem solving. Previous Course Number: MATH 1315. A student may use MATH 2307 to replace a grade received in MATH 1315; however, one may not receive credit for both MATH 1315 and MATH 2307. Prerequisite: MATH 1340 with a grade of "C" or better and MATH 2306 with a grade of "C" or better.
MATH 2330  Survey of Elementary Statistics [3-0]  
As Scheduled  
This course is intended to provide the student with an elementary overview of the mathematical nature and uses of descriptive and inferential statistics. Topics include the definitions and fundamental theorems concerning measures of central tendency and dispersion, empirical and theoretical concepts of probability, the central limit theorem, tests of hypotheses, interval estimation, chi-square tests and regression and correlation. Equivalent Course: STAT 2330. Credit may be received in only one of MATH 2330 or STAT 2330. Prerequisite: MATH 1334 with a grade of “C” or better or satisfactory score on ACT or placement exam.

MATH 2345  Elementary Linear Algebra [3-0]  
As Scheduled  
Topics include systems of linear equations, matrices and their algebraic properties, determinants, vectors, Euclidean N-space, linear transformations and their matrix representations, vector spaces, eigenvalues and eigenvectors and applications to the sciences and business. Previous Course Number: MATH 2304. A student may use MATH 2345 to replace a grade received in MATH 2304; however, one may not receive credit for both MATH 2304 and MATH 2345. Prerequisite: MATH 1401 with a grade of “C” or better.

MATH 2401  Calculus III [4-0]  
As Scheduled  
Topics include vectors, calculus of several variables, partial derivatives, multiple integrals and vector calculus including the Divergence Theorem and Stoke’s Theorem. Credit Restriction: A student may not receive credit for both MATH 3347 and MATH 2401. Prerequisite: MATH 1402 with a grade of “C” or better.

MATH 3303  History of Mathematics [3-0]  
As Scheduled  
This course is a study of the historical development of ideas that shape modern mathematical thinking. Although mathematicians are studied, emphasis is placed on mathematical development. Prerequisite: MATH 1402.

MATH 3304  Geometry [3-0]  
As Scheduled  
This course studies Euclidean and non-Euclidean geometries focusing on axiomatic systems with the purpose of developing students’ understanding of the ability to create mathematical proofs. Prerequisite: MATH 2345 with a grade of “C” or better.

MATH 3310  Foundations of Mathematical Problem Solving [3-0]  
As Scheduled  
This course studies the cognitive and affective aspects of problem solving models, heuristics and strategies. Applications are drawn from many fields including but not limited to arithmetic, algebra, geometry and number theory. Discovering how to get the most out of one’s mathematical knowledge and reasoning ability when transferring to new and/or difficult problematic situations is a fundamental aim of this course. Prerequisite: MATH 2307 with a grade of “C” or better.

MATH 3311  The Organizational Structures and Processes of Mathematics [3-0]  
As Scheduled  
This course examines the content and organization of logical, axiomatic and algorithmic structures and the corresponding networks of concepts, principles and skills in the field of mathematics. It includes the analysis, justification and application of such mathematical processes as those for proofs, algorithms, problem solving and applications of mathematics. This course aims at developing an advanced level of understanding of mathematics (content and method) up through integral calculus. Prerequisite: MATH 1402.

MATH 3312  Foundations of Measurement and Informal Geometry [3-0]  
As Scheduled  
An in-depth study of measurement and informal geometry. Topics will include length, area, volume, the metric system, transformations, symmetry, congruency, similarity and coordinate systems. Prerequisite: MATH 2307 with a grade of “C” or better.

MATH 3313  Foundations of Algebraic Structures [3-0]  
As Scheduled  
Algebraic concepts and structures will be examined with an emphasis on the group and field properties. Prerequisite: MATH 2307 with a grade of “C” or better.

MATH 3315  Foundations of Probability and Statistics [3-0]  
As Scheduled  
An in-depth study of probability and statistics. Topics include constructing and interpreting tables, graphs and charts; descriptive measures; and elementary concepts of probability. Prerequisite: MATH 2307 with a grade of “C” or better.

MATH 3316  Foundations of Mathematics in a Computer Environment [3-0]  
As Scheduled  
This course studies mathematics that can be developed and explored in an environment that includes the computer as the primary investigative tool. Topics include algebraic and geometric patterns, functions, iterative and recursive processes, and probabilistic and statistical models. Prerequisite: MATH 2307 with a grade of “C” or better.

MATH 3319  Mathematical Foundations of Structures and Processes of Mathematics [3-0]  
As Scheduled  
This course examines the content and organization of logical, axiomatic and algorithmic structures and the corresponding networks of concepts, principles and skills in the field of...
mathematics. It includes the analysis, justification and application of such mathematical processes as those for proofs, algorithms, problem solving and applications of mathematics. This course aims at developing an advanced level of understanding of structures and processes of mathematics. Prerequisite: MATH 2307 with a "C" or better.

MATH 3337   Applied Statistics I [3-0]
As Scheduled
This course concerns itself with probabilistic models, regression analysis, nonparametric statistics and the basics of experimental design. Computer laboratory experience will be an important part of the class. Equivalent and Previous Course Information: This course replaces MATH 3308 and is the same as STAT 3337. A student may use MATH 3337 to replace a grade received in MATH 3308; however, one may receive credit for only one of MATH 3308, MATH 3337 and STAT 3337. Prerequisites: Junior standing and either MATH 1340 or MATH 1321. It is highly recommended that the student have some knowledge of statistics such as is offered in MATH 2330.

MATH 3338   Applied Statistics II [3-0]
As Scheduled
This course is a continuation of MATH 3337 and includes special designs, analysis of variance and covariance, multiple comparisons and coding. Prerequisite: MATH 3337 or STAT 3337.

MATH 3349   Differential Equations [3-0]
As Scheduled
A study of ordinary differential equations and applications. Prerequisite: MATH 1402 with a grade of "C" or better.

MATH 3368   Numerical Methods [3-0]
As Scheduled
This course includes interpolation, numerical integration, numerical solutions to differential equations and a study of numerical solutions to systems of equations. Equivalent Course: CSCI 3350; a student may receive credit for only one course. Prerequisites: MATH 1401; CSCI 1380 or CSCI 2325 or consent of instructor.

MATH 3373   Discrete Structures [3-0]
As Scheduled
This course is an introduction to discrete mathematics, studying enumeration, lattices, graphs and other topics in combinatorics. Particular emphasis is given to those structures applicable in computer science. Previous Course Number: MATH 4373. A student may use MATH 3373 to replace a grade received in MATH 4373; however, credit may be received for only one course. Prerequisite: MATH 1401 or MATH 1322.

MATH 4302   Theory of Numbers [3-0]
As Scheduled
This course includes the binomial theorem, the division algorithm, the Euclidean algorithm, diophantine equations, primes and their distribution, congruencies, and number-theoretic functions. Prerequisite: MATH 2345.
repeated for credit. Prerequisite: Consent of instructor.

MATH 4379 Special Problems in Applied Mathematics [3-0]
As Scheduled
This course covers special undergraduate topics in applied mathematics that are not taught elsewhere in the department. May be repeated for credit when topic is different. Previous Course Number: MATH 4311. A student may use MATH 4379 to replace a grade received in MATH 4311; however, credit may be received for only one course. Prerequisite: Consent of instructor.

Mechanical Engineering

MECE 1221 Engineering Graphics [1-3]
Fall, Spring, Summer
This course provides an introduction to computer-aided drafting techniques. Topics include methods of graphical communication, two- and three-dimensional drawing presentation, working drawing, data analysis, design synthesis and production methods. Prerequisite: Computer literacy. $20 laboratory fee.

MECE 2303 Statics [3-0]
(Texas Common Course Number is ENGR 2301.)
Fall, Spring
The study of forces, moments, friction, centers of mass, gravity and pressure using the equations of equilibrium in vector algebraic and calculus forms. Prerequisites: MATH 1401 and credit for or enrollment in MATH 1402.

MECE 2304 Dynamics [3-0]
Fall, Spring
Kinematics, dynamics, work-energy and impulse-momentum methods applied to engineering problems involving particles and rigid bodies. Prerequisite: MECE 2303.

MECE 2335 Thermodynamics I [3-0]
Fall, Spring
Classical thermodynamics with primary emphasis on application of the first and second laws of thermal systems. Introduction to physical and chemical equilibria. Prerequisite: MATH 1402.

MECE 2405 Engineering Mechanics [3-3]
Fall, Spring
Force vectors; free body diagrams; engineering applications of equilibrium; centroids; moment of inertia; kinematics and kinetics applied to engineering problems involving particles and rigid bodies. Prerequisite: MATH 1402.

MECE 2440 Engineering Materials [3-3]
Fall, Spring
An introduction to the atomic crystallographic and microstructural characteristics of solids and the relationship of these characteristics to the engineering properties and behavior of metallic, ceramic and polymeric materials. Topics in corrosion. Prerequisite: CHEM 1301 and CHEM 1101. $15 laboratory fee.

MECE 3115 Fluid Mechanics Laboratory [0-3]
Spring
Introduction to basic fluid mechanics instrumentation; computerized data acquisition and analysis. Experimental verification and reinforcement of analytical concepts introduced in MECE 3315. Prerequisite: Credit for or enrollment in MECE 3315. $25 laboratory fee.

MECE 3160 Heat Transfer Laboratory [0-3]
Fall
Measurements in basic heat transfer design and heat exchangers; computerized data acquisition and analysis, experimental verification on the theoretical and semiempirical results developed in MECE 3360. Prerequisite: Credit for or enrollment in MECE 3360. $15 laboratory fee.

MECE 3315 Fluid Mechanics [3-0]
Spring
Laws and theory relative to incompressible fluids, continuity, momentum and energy relations; internal and external flow in laminar and turbulent regimes; design of piping systems and aircraft parameters. Prerequisites: MECE 2335, MATH 2401 and MATH 3349.

MECE 3320 Measurements and Instrumentation [2-3]
Fall
Fundamentals of measurement systems; standards; treatment of data; statistics; uncertainty analysis, data acquisition; transducers; strain; force, acceleration; pressure; temperature; fluid flow. Prerequisites: PHYS 2302, MATH 3349 and credit for or enrollment in ELEE 3305. $30 laboratory fee.

MECE 3321 Mechanics of Solids [3-0]
Fall, Spring
Internal forces and deformation in solids; stress and strain in elastic and plastic solids; applications to beams, columns, a variety of engineering problems and introduction to computer modeling. Prerequisites: MECE 2303 or MECE 2405 and credit for or enrollment in MATH 2401 and PHYS 2301. $15 laboratory fee.

MECE 3336 Thermodynamics II [3-0]
Spring
Gas and two-phase power and refrigeration cycles. Gas mixtures, chemical reactions, chemical equilibrium. The basic laws and concepts of thermodynamics are viewed as their use is encountered in the course. Prerequisite: MECE 2335.

MECE 3350 Mechanical Engineering Analysis [3-0]
Spring
Mathematical modeling and simulation of engineering systems.
Introduction to the application of Fourier series and partial differential equations to a variety of engineering problems. Prerequisite: CSCI 2335 or CSCI 1380, MATH 2401 and MATH 3349.

MECE 3360 Heat Transfer [3-0]
Fall
Steady and unsteady one- and two-dimensional heat conduction. Forced and free convection, radiation, heat exchangers. Prerequisites: MECE 2335, MECE 3315 and credit for or enrollment in MECE 3350.

MECE 3380 Kinematics and Dynamics of Machines [3-0]
Spring
Kinematic and dynamic modeling and analysis of mechanisms and machines; study of machine components such as linkages, cams, gears, gear trains and differentials. Prerequisites: PHYS 2301 and MECE 2304.

MECE 3385 Mechanical Vibrations [3-0]
As Scheduled
Undamped and damped, free and forced vibrations of single degree of freedom systems with design applications to base excitation, unbalance, rotating shafts, isolation and absorption; multi-degree of freedom systems, continuous systems, transient response; numerical techniques used to analyze alternate designs and propose optimum solutions. Prerequisites: MATH 2401, MATH 3349, MECE 2321 and MECE 2304.

MECE 3437 Thermal and Fluid Sciences [3-3]
Spring
First and second laws of thermodynamics, fluid properties, statics, conservation laws, conduction, convection and radiation heat transfer. Prerequisite: Credit for or enrollment in MATH 3349. $25 laboratory fee.

MECE 4140 Mechanical Systems Laboratory [0-3]
As Scheduled
This laboratory is an integration of mechanical systems concepts, experimental and computational mechanics. Prerequisite: MECE 2304, MECE 2321 or MECE 3321. $25 laboratory fee.

MECE 4345 Composite Material Design [3-0]
As Scheduled
An introduction to the theory of mechanics of solids for elastic and viscoelastic composite materials. Emphasis on analysis and design of structural laminate composite including failure mechanism, e.g., fatigue, delamination and dynamics of composites including effective moduli and material damping. Prerequisites: MECE 2321 and MECE 2440.

MECE 4350 Machine Elements [3-0]
Fall
Stress and deflection analysis, failure theories, design of machine elements for static and fatigue strength, design of welded and bonded connections and computer modeling applications. Prerequisites: MECE 2304, MECE 2440 and MECE 2321.

MECE 4365 Heating, Air Conditioning and Refrigeration Design [3-0]
As Scheduled
Heating, ventilation and air conditioning of buildings for human comfort or industrial processes; design selection, construction equipment and refrigeration systems. Prerequisites: MECE 3315 and credit for or enrollment in MECE 3360.

Music

MUS 1101/3102 Guitar Ensemble
Fall, Spring
Instrumental music organization open by audition to students who play guitar. Each course may be repeated any number of times; however, only 4 hours of each course will count toward a degree.

MUS 1103/3104 University Choir
Fall, Spring
Vocal music organization open by audition to all University students who qualify. Each course may be repeated any number of times; however, only 4 hours of each course will count toward a degree.

MUS 1104/3105 University Band
Fall, Spring
Instrumental music organization open by audition to all University students who play appropriate instruments. Each course may be repeated any number of times; however, only 4 hours of each course will count toward a degree.

MUS 1105/3106 Symphony Orchestra
Fall, Spring
Instrumental music organization open by audition to students who play appropriate instruments. Each course may be repeated any number of times; however, only 4 hours of each course will count toward a degree.

MUS 1107/4108 Women’s Chorus
Fall, Spring
Vocal music organization open by audition to all University students who qualify. Each course may be repeated any number of times.

MUS 1109/4110 Opera Workshop
Fall, Spring
An organization that stages scenes or complete works from opera and Broadway theater, open by audition to all University students. Each course may be repeated any number of times.
MUS 1185/3186 Applied Music Lab
Fall, Spring
Music majors enrolled in Applied Music must register for Applied Music Lab. Each course may be repeated any number of times.

MUS 1207/3208 Jazz Ensemble
Fall, Spring
An instrumental music organization open to all college students who have an ability to play an appropriate instrument. Membership is determined by audition. Organization rehearses and performs popular, rock and jazz music for its own musical development and to satisfy requests on and off the campus. Each course may be repeated any number of times.

MUS 1208/3210 Mariachi Ensemble
Fall, Spring
Instrumental and vocal music organization open by audition to all college students who have the ability to sing or play an appropriate instrument. The organization rehearses and performs traditional Mariachi music at numerous on- and off-campus occasions. Each course may be repeated any number of times.

MUS 1221 Class Piano
Fall, Spring
Piano instruction for students who have no previous training in piano. May be used to satisfy the minimum piano requirements for non-pianist music majors. Three class hours a week. Instructional fee: $10.

MUS 1222 Class Piano
Fall, Spring
Piano instruction for students who have had MUS 1221 or equivalent. May be used to satisfy the minimum piano requirements for non-pianist music majors. Three class hours a week. Instructional fee: $10.

MUS 1223 Beginners Class Voice
Fall, Spring
Vocal instruction for students who have no previous training in voice. May be used to satisfy the voice requirements for non-vocal music majors. Three class hours a week with outside preparation of materials for examination. Instructional fee: $10.

MUS 1224 Beginners Class Voice
Fall, Spring
Vocal instruction for students who have no previous training in voice. May be used to satisfy the voice requirements for non-vocal music majors. Three class hours a week with outside preparation of materials for examination. Instructional fee: $10.

MUS 1225 Beginning Guitar Class I
Fall, Spring
Basic instruction in guitar to include music reading, tuning of the instrument, elementary chord structures and fingerings and strumming techniques. An acoustic instrument is required for this course.

MUS 1226 Beginning Guitar Class II
Fall, Spring
Continuation of MUS 1225. An acoustic instrument is required for this course. Prerequisite: MUS 1225.

MUS 1227 Level-Two Class Guitar
Fall, Spring
Continuation of MUS 1226. An acoustic instrument is required for this course. Prerequisite: MUS 1226.

MUS 1228 Level-Two Class Guitar
Fall, Spring
Continuation of MUS 1227. An acoustic instrument is required for this course. Prerequisite: MUS 1227.

Applied Music
Fall, Spring
Private instruction in the concentration of the student's major area. Credit is earned on the basis of one half-hour lesson and one hour minimum daily practice for 2 hours credit, or two half-hour lessons per week and two hours minimum daily practice for 4 hours credit. Applied music fee: 2 semester hour course, $35; 4 semester hour course, $60.

MUS 1231, 1431, 3232, 3432 Applied Piano
MUS 1233, 1433, 3234, 3434 Applied Voice
MUS 1235, 1435, 3236, 3436 Applied Percussion
MUS 1237, 1437, 3238, 3438 Applied Harp
MUS 1241, 1441, 3242, 3442 Applied Trumpet
MUS 1243, 1443, 3244, 3444 Applied French Horn
MUS 1245, 1445, 3246, 3446 Applied Trombone
MUS 1247, 1447, 3248, 3448 Applied Baritone Horn
MUS 1249, 1449, 3250, 3450 Applied Tuba
MUS 1261, 1461, 3262, 3462 Applied Violin
MUS 1263, 1463, 3264, 3464 Applied Viola
MUS 1265, 1465, 3266, 3466 Applied Cello
MUS 1267, 1467, 3266, 3468 Applied String Bass
MUS 1269, 1469, 3270, 3470 Applied Guitar
MUS 1271, 1471, 3247, 3472 Applied Flute
MUS 1473, 3274, 3474 Applied Oboe
MUS 1275, 1475, 3276, 3476 Applied Clarinet
MUS 1277, 1477, 3278, 3478 Applied Saxophone
MUS 1279, 1479, 3280, 3480 Applied Bassoon

MUS 1307 Music Appreciation [3-0]
Fall, Spring, Summer
An introductory course in the elements, forms and stylistic eras in music. Designed for non-music majors and minors. This course meets the Other Humanities option (Group 4) of the General Education requirements in Humanities.
**MUS 1308 Mexican Folk Music** [3-0]
*Fall, Spring*
An historical survey of Mexican folk music from its origins in ancient Mexican cultures through modern times. Course content will include authentic audio and video tape recordings as well as performance of live music. This course meets the Other Humanities option (Group 4) of the General Education requirements, Section A. Humanities.

**MUS 1313 First Year Music Theory I** [3-3]
*Fall*
Intervals, scales, chord structures, chord progressions, simple cadences, use of inversions, nonharmonic tones, seventh chords, simple modulations and harmonization of melodies, part-writing, music-reading, aural perception and keyboard skills. Concurrent enrollment in MUS 1221 or MUS 1222 (Class Piano) is required.

**MUS 1314 First Year Music Theory II** [3-3]
*Spring*
Intervals, scales, chord structures, chord progressions, simple cadences, uses of inversions, nonharmonic tones, seventh chords, simple modulations, and harmonization of melodies, part-writing, music-reading, aural perception and keyboard skills. Concurrent enrollment in MUS 1221 or MUS 1222 (Class Piano) is required. Prerequisite: MUS 1313 with grade of “C” or satisfactory achievement level on MUS 1313 placement exam.

**MUS 2120 Diction**
*Spring of alternate (even-numbered) years*
This course will undertake in-depth study of the International Phonetic Alphabet, formancy and placement of vowel and consonant sounds, and principles of pronunciation in Italian, German, French and English through readings and standard art song literature.

**MUS 2122 Class Percussion**
(Texas Common Course Number is MUSI 1188.)
*Spring*
Class instruction in the rudiments of performance on and care of a variety of basic percussion instruments.

**MUS 2123 Class Brass**
(Texas Common Course Number is MUSI 2168.)
*Fall*
Class instruction in the rudiments of performance and care of brass instruments.

**MUS 2124 Class Woodwinds**
(Texas Common Course Number is MUSI 2166.)
*Spring*
Class instruction in the rudiments of performance and care of woodwind instruments.

**MUS 2125 Class Strings**
*Fall*
Class instruction in the rudiments of performance and care of standard orchestral string instruments.

**MUS 2127 Song Literature**
*Spring of alternate (odd-numbered) years*
This course covers two topics, a half semester each and may be team-taught. The first involves song literature appropriate to young students in grades seven through 12, how to select a song for each grade level, and how to select the proper key for individual students, including the male adolescent unchanged and changing voice. The second topic is a traditional brief survey of art songs in Italian, German and French. Students will be expected to make class presentations. Knowledge of diction and the International Phonetic Alphabet is recommended.

**MUS 2128 Introduction to Music Education**
*Spring of alternate (even-numbered) years*
This course provides an orientation to music teaching and related issues, including planning and evaluating music instruction, using recognized state and national competencies in music instruction, managing the music teaching environment, and advocating for music education.

**MUS 2301 Music Literature I** [3-0]
*Fall*
A survey of the literature of music for all media from earliest Greek music to contemporary works. A chronological study of the principal composers, their works and the development of music in relation to simultaneous historical developments. A course designed specifically for majors and minors. This course meets the Other Humanities option (Group 4) of the General Education requirements, Section A. Humanities.

**MUS 2302 Music Literature II** [3-0]
*Spring*
Continuation of MUS 2301. This course meets the Other Humanities option (Group 4) of the General Education requirements, Section A. Humanities.

**MUS 2313/2314 Second Year Music Theory I/II** [3-3]
*Fall/Spring*
Study of figured bass, alto and tenor clefs, elementary formal concepts, intervals, scales, chord structure, chord progressions, simple cadences, use of inversions, nonharmonic tones, seventh chords, modulations and harmonization of melodies. Includes part-writing, sight-singing, keyboard and aural skills. Prerequisite: MUS 1314.

**MUS 3102/1101 Guitar Ensemble**
*Fall, Spring*
Instrumental music organization open by audition to students who play guitar. Each course may be repeated any number of times; however, only 4 hours of each course will count toward a degree.

**MUS 3104/1103 University Choir**
*Fall, Spring*
Vocal music organization open by audition to all University students.
students who qualify. Each course may be repeated any number of times; however, only 4 hours of each course will count toward a degree.

**MUS 3105/1104 University Band**  
*Fall, Spring*  
Instrumental music organization open by audition to all University students who play appropriate instruments. Each course may be repeated any number of times; however, only 4 hours of each course will count toward a degree.

**MUS 3106/1105 Symphony Orchestra**  
*Fall, Spring*  
Instrumental music organization open by audition to students who play appropriate instruments. Each course may be repeated any number of times; however, only 4 hours of each course will count toward a degree.

**MUS 3121 Vocal Diagnosis**  
*Fall*  
A study of the diagnosis and classification of selected vocal dysfunctions. Building skills and discovery of appropriate therapeutic mechanisms for their correction. Vocal health required for students pursuing teaching certification who have a major instrument of voice or piano. Prerequisite: MUS 2314 with a grade of “C” or higher.

**MUS 3122 Choral Repertoire**  
*Fall of alternate (odd-numbered) years*  
Course content centers on literature appropriate to junior high and senior high treble, tenor-bass, and mixed choirs. Topics include the University Interscholastic League prescribed music lists and contest rules, other sources of literature, how to select and edit music for various grade levels and stages of vocal maturity, and music appropriate for the changing voice. Prerequisite: Upper-level study in music or permission of the instructor.

**MUS 3186/1185 Applied Music Lab**  
*Fall, Spring*  
Music majors enrolled in Applied Music must register for Applied Music Lab. Each course may be repeated any number of times.

**MUS 3207 Conducting I**  
*Spring*  
Study of baton techniques as related to both instrumental and choral conducting, fundamental phrasing, balance, mood and attack and release technique. Prerequisite: Junior standing.

**MUS 3208/1207 Jazz Ensemble**  
*Fall, Spring*  
An instrumental music organization open to all college students who have an ability to play an appropriate instrument. Membership is determined by audition. Organization rehearses and performs popular, rock and jazz music for its own musical development and to satisfy requests on and off the campus. Each course may be repeated any number of times.

**MUS 3210/1208 Mariachi Ensemble**  
*Fall, Spring*  
Instrumental and vocal music organization open by audition to all college students who have the ability to sing or play an appropriate instrument. The organization rehearses and performs traditional Mariachi music at numerous on- and off-campus occasions. Each course may be repeated any number of times.

**MUS 3301 History of Music**  
*Fall, alternate years*  
Advanced study of the evolution of the musical art from its beginnings through the Baroque era. Prerequisites: MUS 2301 and MUS 2302.

**MUS 3302 History of Music**  
*Spring, alternate years*  
Continuation of MUS 3301. Prerequisite: MUS 3301.

**MUS 3311 Essential Elements of Music I**  
*Fall, Spring, Summer I*  
Basic elements of music with appropriate techniques and principles of singing, playing, moving and listening to music. Not for music majors. This course meets the other Humanities option (Group 4) of the General Education requirements in Humanities. Prerequisite: Junior standing.

**MUS 3312 Essential Elements of Music II**  
*Spring, alternate years*  
A study of musical activities and creative ideas. Emphasis on developing the child’s voice, movement and listening skills. Prerequisite: Music major with junior standing.

**MUS 4108/1107 Women’s Chorus**  
*Fall, Spring*  
Vocal music organization open by audition to all University students who qualify. Each course may be repeated any number of times.

**MUS 4110/1109 Opera Workshop**  
*Fall, Spring*  
An organization that stages scenes or complete works from opera and Broadway theater, open by audition to all University students. Each course may be repeated any number of times.

**MUS 4201 Form and Analysis**  
*Spring*  
Historical development of form and consideration of balance, symmetry and the principles of musical structure, analysis of phrase structure, simple part forms, variation forms and contrapuntal forms. Special consideration of the sonata-allegro form as found in the symphony, concerto and sonata. Prerequisite: MUS 2314.
MUS 4203 Orchestration and Arranging [2-0]
Fall, alternate years
Techniques of scoring and editing music for band, orchestra and instrumental ensembles, ranges, timbres, voicings and limitations of the instruments. Prerequisite: MUS 2314.

MUS 4208 Conducting II [1-2]
Fall
Advanced baton technique. Continuation of instruction begun in MUS 3207, with emphasis on gestural communication and score study. Prerequisites: MUS 3207 and junior standing.

Nursing

NURS 2301 Wellness [2-4]
Fall
This course is designed to introduce the student to theories, concepts, and practices related to wellness, with an emphasis on self-care. The student will have an opportunity to practice and demonstrate competency in selected self-care skills in a simulated situation. (May be taken by students who cannot take 4 hours of required kinesiology activities to fulfill General Education requirements.) Prerequisite: None.

NURS 3202 Pharmacology
This course introduces the student to pharmacological concepts and nursing responsibilities for drug therapy. Dosage calculations, safe administration and the use of the nursing process in the various methods of medication therapy are emphasized. Prerequisite: Consent of the BSN faculty.

NURS 3209 Research
This course enables the student to be a knowledgeable nursing research consumer. An orientation to the research process, various methods of inquiry and ethical considerations are present to assist the student in critical evaluation and appropriate applications of research findings to practice. Prerequisite: Consent of the BSN faculty.

NURS 3307 Special Topics in Nursing
This course is designed to provide students the academic flexibility to study contemporary issues and practices in the nursing profession. The course may be repeated for credit when the topics vary. Prerequisite: Consent of the department.

NURS 3308 Clinical Concentration
This course provides an opportunity to study a selected area of clinical nursing. The student will utilize the nursing process while caring for clients in a supervised clinical site. 1 hour lecture; 8 hours laboratory. Prerequisite: Consent of the BSN faculty.

NURS 3403 Client Assessment [3-4]
Spring
This course allows the student to apply psychological, social and cultural concepts conjointly with anatomy/physiology and assessment skills used in evaluating the health status of clients. The student will use laboratory settings to practice cognitive, affective and psychomotor skills in the systematic assessment of clients and their environment. Prerequisite: Admission to the BSN Program or consent of the BSN faculty.

NUR 3405 Mental Health Nursing [2-8]
Fall
This course provides continued use of nursing concepts in the care of clients experiencing alterations in mental health. The nursing process is emphasized as it relates to altered psychosocial integrity. Prerequisites: NURS 3102, NURS 3403, NURS 3408, NURS 3604 or consent of the BSN faculty.

NURS 3407 RN Mobility [4-0]
Spring
This course is designed to assist the registered nurse in developing a personal philosophy of professional nursing. Changes in the health care delivery system (sociocultural, economic, political, ethicolegal, technological) and their impact on nursing will be described. Emphasis will be placed on the nursing process. Prerequisite: Admission to the BSN Program or consent of the BSN faculty.

NURS 3408 Health Promotion and Maintenance Across the Life Span [2.5-6]
Summer
This course expands on the concepts of wellness, health promotion, health maintenance, health restoration and disease prevention across the life span. The nursing process and critical thinking skills will be applied as they relate to selected health alterations. Students will demonstrate competency in performing nursing skills in a variety of health care settings. Emphasis is placed on the application of the theoretical components to the teaching-learning process as it relates to health promotion activities. Prerequisites: NURS 3102, NURS 3403 and NURS 3604.

NURS 3604 Nursing Fundamentals [3-12]
Spring
This course introduces the student to fundamental health care concepts. The student will demonstrate competency in performing skills in a simulated situation prior to their application in a secondary health care setting. Prerequisites: NURS 2301 and admission to the BSN Program.

NURS 3608 Adult Health I [3-12]
Fall
This course provides for continued use of nursing concepts in providing care for two or more adults in a secondary health care setting. The nursing process is emphasized as it relates to alterations of selected body systems/functions. Prerequisites: NURS 3102, NURS 3403, NURS 3604 and NURS 3408.

NURS 4203 Issues in Nursing [2-0]
Fall
This course will enable the student to analyze issues, trends...
and problems in the delivery of nursing care. The student will identify an issue, trend or problem and evaluate its impact on the health care delivery system. Prerequisite: Consent of the BSN faculty.

NURS 4404 Community Health Nursing [2-8] 
Fall
This course focuses on the role of the nurse in planning and providing primary care to individuals and groups in a community or rural setting. The course will emphasize complex sociocultural, political, economic and health issues within a community. The student will use the nursing process to recognize and meet health needs of individuals and groups. Prerequisite: NURS 4601 or consent of the BSN faculty.

NURS 4601 Adult Health II [3-12] 
Spring
This course provides continued use of nursing concepts in the care of two or more adult clients experiencing crisis and/or complex health alterations in a secondary health care setting. The nursing process is emphasized as it relates to alterations of selected body systems. Prerequisites: NURS 3403, NURS 3408 and NURS 3608 [Generic]; NURS 3403 and passage of advanced placement exam(s) [Alternate Pathway].

NURS 4602 Family Health Care [3-12] 
Spring
This course focuses on the utilization of the nursing process in the care of families throughout the perinatal cycle, childhood and adolescence. Theoretical concepts and selected research findings will be applied to developmental and familial concerns in both normal and high-risk settings. Prerequisite: NURS 3608.

NURS 4607 Leadership in Nursing [3-12] 
Fall
This course focuses on theories of nursing leadership, organizational structures and management in relation to health care. The nursing process will be emphasized as it relates to leadership and management in clinical settings. The transition from student role to professional role will be explored. Prerequisite: NURS 4601 or consent of the BSN faculty.

**Occupational Therapy**

OCCT 3601 Gross Anatomy [3-9]
Dissection and regional study of human gross anatomy with emphasis on arthrology, osteology, gross neuromuscular and vascular anatomy, regional and general relationships between structures, and applied anatomy relevant to the practice of occupational therapy. Prerequisite: Admission to the Occupational Therapy Program.

OCCT 3301 Human Pathophysiology [3-0]
A study of the function of human organ systems in relation to occupational therapy practice with special emphasis on cellular mechanisms and the musculoskeletal, cardiovascular, respiratory and renal systems. Prerequisite: Admission to the Occupational Therapy Program.

OCCT 3201 Foundations in Occupational Therapy [2-0]
An introduction to occupational therapy. This course will survey the history, philosophy, theoretical concepts and clinical methods and techniques that support the practice of occupational therapy. Prerequisites: OCCT 3601, OCCT 3301. Corequisite: OCCT 3401.

OCCT 3401 Health and Occupation [3-3]
A study of the role of human occupation throughout the life cycle, focusing on self care, play, work and leisure as they contribute to health, competence and human performance. This course includes laboratory experiences. Prerequisite: Admission to the Occupational Therapy Program. Corequisite: OCCT 3201.

OCCT 3402 Human Neurosciences in Occupational Therapy [3-3]
A study of the structure and functions of the human nervous system with particular emphasis on the application of theoretical concepts to treatment techniques practiced in occupational therapy. The course includes laboratory experiences. Prerequisite: OCCT 3601.

OCCT 3403 Biomechanical Approach in Occupational Therapy [3-3]
A study of the biomechanical principles related to human motion with application to occupational therapy intervention with musculoskeletal dysfunctions. Prerequisite: OCCT 3601.

OCCT 3202 Assistive Technology in Occupational Therapy [2-0]
The study of the use of assistive technology in occupational therapy practice. Topics addressed include computer technology, modified computer access, augmentative communication, environmental control, seating and mobility. Special emphasis is on client assessment and the selection and use of assistive technology. Prerequisite: Admission to the Occupational Therapy Program.

OCCT 3303 Clinical Medicine [3-0]
An overview of the medical management of medical and surgical conditions encountered in clinical occupational therapy. Prerequisite: OCCT 3301.

OCCT 3404 Design and Fabrication [3-3]
The student is given the opportunity to acquire design and fabrication skills used in occupational therapy intervention. Prerequisite: OCCT 3401.

OCCT 3505 Occupational Therapy in Physical Dysfunction [3-6]
A study of the theories and approaches related to occupational
therapy evaluation and treatment of individuals with physical dysfunction. Includes the study of evaluation and treatment techniques for individuals with physical dysfunction with lab. Prerequisite: OCCT 3601.

OCCT 4305 Research in Occupational Therapy [3-0]  
An introduction to basic concepts and terminology in scientific inquiry and their application in interpreting published research as it impacts on clinical practice. Prerequisite: Senior standing in the program.

OCCT 4506 Occupational Therapy in Psychosocial Dysfunction [3-6]  
A study of the theories and approaches used in the rehabilitation of individuals having psychosocial dysfunction. Students have the opportunity to learn the application of the occupational therapy process in treating psychosocial conditions throughout the life span. Prerequisite: OCCT 3505, OCCT 4502.

OCCT 4205 Practicum C [0-0-6]  
Continuation of Practicum A and B with special emphasis on the Occupational Therapy evaluation and treatment process in a mental health setting. Students will have the opportunity to observe and learn techniques during visits to mental health clinical settings. Prerequisite: OCCT 3203, OCCT 4204.

OCCT 4600 Field Studies in Occupational Therapy: Physical Dysfunction I [0-0-18]  
A three-month fieldwork placement in an occupational therapy practice setting oriented toward treatment of physical dysfunction. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4601. Required for completion of the Occupational Therapy Program.

OCCT 4601 Field Studies in Occupational Therapy: Physical Dysfunction II [0-0-18]  
A three-month fieldwork placement in an occupational therapy practice setting oriented toward treatment of physical disabilities. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4601. Required for completion of the Occupational Therapy Program.

OCCT 4602 Field Studies in Occupational Therapy: Developmental Dysfunction I [0-0-18]  
A three-month fieldwork placement in an occupational therapy practice setting oriented toward the treatment of developmental dysfunction. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4602. Required for completion of the Occupational Therapy Program.

OCCT 4603 Field Studies in Occupational Therapy: Developmental Dysfunction II [0-0-18]  
A three-month fieldwork placement in an occupational therapy practice setting oriented toward the treatment of developmental dysfunction. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4602. Required for completion of the Occupational Therapy Program.
OCCT 4604 Field Studies in Occupational Therapy: Specialty Area I  [0-0-18]
An elective three-month fieldwork placement in an occupational therapy practice setting oriented toward treatment within a specialty area such as hand therapy, pediatrics, work hardening or mental health. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4605.

OCCT 4605 Field Studies in Occupational Therapy: Specialty Area II  [0-0-18]
An elective three-month fieldwork placement in an occupational therapy practice setting oriented toward treatment within a specialty area such as hand therapy, pediatrics, work hardening or mental health. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4604.

NOTE: Field Study courses may not conform to the University calendar.

Physician Assistant Studies

• Didactic Year Courses

PHAS 3321 Legal & Ethical Issues in Health Care  [3-0]

Spring
Explores medical jurisprudence and licensing in the state of Texas. Students will be introduced to the dynamics of the legal system, moral problems in health care and the impact of both on professional and institutional interactions with patients. Students will be given opportunity to demonstrate 1) an understanding of ethical principles and legal factors which impinge upon health care, and 2) the ability to apply ethical and legal concepts to the analysis of the roles and responsibilities of the allied health professional. Prerequisite: Admission to the Physician Assistant Studies Program or permission of the instructor.

PHAS 3337 Preventive Medicine & Community Health  [3-0]

Fall
Examines the bio-demographics of disease in the United States. Emphasis is on prevention from the perspective of the primary health care provider. Encourages community involvement. Discussions focused on prevention of disease. Special attention is given to the local medical practices and beliefs of the Rio Grande Valley and the Texas-Mexico border region. Guest lectures include topics in rural health, community outreach, HIV/AIDS awareness and prevention, cancer awareness, sexual health, and folk and alternative medicine. Prerequisite: Admission to the Physician Assistant Studies Program or permission of the instructor.

PHAS 3401 Medical Human Anatomy & Physiology  [3-3]

Summer I
Introduction to medical anatomy and physiology. Emphasis on normal function of the human body, with clinical references and medical terminology. Investigates biochemical function, cell biology, cell membranes, cellular communication, homeostatic mechanisms, hormonal control, energy metabolism. Organ systems studies include: skeletal, muscular, cardiovascular and pulmonary. Laboratory experience enables the student access to cadaver prosections and computer assisted learning (CAL) modules. Prerequisite: Admission to the Physician Assistant Studies Program or permission of the instructor.

PHAS 3402 Medical Human Anatomy & Physiology II  [3-3]

Summer II
Continuation of PHAS 3401. Explores the digestive system, kidneys and electrolyte metabolism, reproductive systems and neurological mechanisms. Neuroanatomy and physiology are discussed. Laboratory experience enables the student access to cadaver prosections and CAL modules. Prerequisite: PHAS 3401 and admission to the Physician Assistant Studies Program or permission of the instructor.

PHAS 3227 Patient Education  [1-3]

Spring
A laboratory workshop course that enables the student the opportunity to rehearse patient education techniques. Promotes teaching patients and families about disease and treatment in lay terms. Stresses addressing various age groups and medical conditions common to each group. Advocates empathy and acceptance. Employs simulated patients and situations. Prerequisite: PHAS 3226 and admission to the Physician Assistant Studies Program or permission of the instructor.

PHAS 3111 Studies in the PA Profession  [1-0]

Summer I
Examines the history and concept of the physician assistant profession. Discusses issues that are relevant to professional practice and legal practice. Discussion of future trends in the profession. Prerequisite: Admission to the Physician Assistant Studies Program.

PHAS 3225 Medical Interviewing  [1-3]

Summer II
A lecture, laboratory and workshop course designed to provide the means to practice basic techniques of interviewing all age groups, including pediatric and geriatric patients. Details the basic medical history. Cultivates skillful communications with
patients and families. Employs simulated patients and situations.
Prerequisite: Admission into the Physician Assistant Studies Program or permission of the instructor.

PHAS 3226 Medical Psychiatry [2-0]  
Fall
Course material identifies normal, physical, social and psychological processes in distinguishing illness and injury. Explores psychiatric illness and expands on the medical interview with a complicated patient or problem. Directs the ability to assess growth and development for all age groups. Coordinates the relationship of the history and physical examination to the human psyche. Employs simulated patients and situations with a psychiatric focus. Course provides an overview of psychiatric concepts and an introductory approach to the evaluation of patients with emotional problems, in preparation for clinical rotations. Discussions include topics in human sexuality, substance abuse and mental/physical abuse. Prerequisite: PHAS 3225.

PHAS 3262 Clinical Clerkship [1-3]  
Spring
This course covers the indications, contraindications, step-by-step procedures and potential complications of multiple hands-on skills that are commonly performed by physician assistants in clinical practice. Examples include: phlebotomy, injections, IV therapy, urethral and nasogastric catheterization, pulmonary function testing, suturing, casting and splinting, various ENT procedures, electrical cardioversion, and use of various types of monitoring devices and restraints. Students will have an opportunity to scrub, gown and glove in an operating room environment. In addition, students will be required to successfully complete an Advanced Cardiac Life Support (A.C.L.S.) training course. Lecture series includes implementation and interpretation of electrocardiograms. The EKG interpretation section provides students with a systematic method of interpreting a 12-lead EKG with respect to rate, rhythm and blocks, electrical axis determination, hypertrophy, ischemia, injury, infarction, and miscellaneous drug, electrolyte, disease, and pacemaker effects. Course also covers documenting in the medical record. Documents to be covered include the complete medical history, admission notes, SOAP notes, progress notes, procedural notes, discharge summaries, hospital orders, etc. Prerequisite: CLSC 3227.

PHAS 3406 Pathophysiology of Disease [3-3]  
Fall
This course provides a systematic approach to the physiologic basis for disease. The general pathology of cell injury, inflammation, infection and neoplasia is presented along with the disease processes of organ systems including the gastrointestinal, cardiovascular, respiratory, neurologic, renal, urinary, reproductive, musculoskeletal, immunological, endocrine, dermatological, and hematological systems. General concepts of disease are covered including degeneration and necrosis, inflammation and repair, fluid and coagulation disturbances, and general aspects of neoplasia. Disease entities in each organ system are studied with regard to causation, evaluation and morphology of pathological changes. Laboratory experience provides the student with modules, case studies and group discussions to supplement lecture. Prerequisite: PHAS 3402. Corequisite: CLSC 3227.

PHAS 3228 Pharmacology I [2-0]  
Fall
This course represents a broad survey of the general principles of pharmacology. Included are the principles of pharmacokinetics and pharmacodynamics, the mechanisms of action, toxicities and interactions of specific drugs and drug groups, and an introduction to medical therapeutics. The physiologic basis and clinical characteristics of disease states relative to pharmacologic therapy will also be discussed. The objective of the course is to lay a cognitive foundation in pharmacology and therapeutics that can be refined and applied in clinic practice. Prerequisite: PHAS 3406.

PHAS 3329 Pharmacology II [3-0]  
Spring
A continuation of PHAS 3228. Exposes the student to knowledge of conventionally used chemotherapeutic agents and efficacy of use. Promotes the ability to recognize untoward side effects of medications. Enables the student to calculate dosages, write prescriptions, discuss pharmacokinetics and determine the appropriate medication for a particular disease. Emphasis is placed on pharmacotherapeutics of disease. Prerequisite: PHAS 3228.

PHAS 3407 Patient Evaluation [3-3]  
Fall
Instructs the student in the proper use of instruments and techniques used in performing a physical examination. Correlates information acquired in Human Anatomy and Physiology with application to the physical exam. Connects data gathered from the history to the physical examination. Guides the student in organizing history and physical examination details to present to the physician. Utilizes clinical settings and simulated patients and situations in the laboratory. Recording the clinical data and oral presentation will be stressed. Prerequisite: PHAS 3402 and PHAS 3225.

PHAS 3617 Principles of Clinical Medicine [5-3]  
Spring
Advanced clinical medicine course. An in-depth examination of the mechanisms of human disease. Emphasis has been placed on the integration of the essential anatomy, physiology, pathology, microbiology, pharmacology and medical terminology relevant to medical problems encountered in the primary care setting. The differential diagnosis of symptoms and physical findings along with interpretation of laboratory and radiographic tests appropriate to each system is discussed. Topics to include problems of the respiratory tract, cardiology, endocrinology, hematology, nephrology, gastroenterology, pediatrics, infectious disease, obstetrics, gynecology, geriatrics, psychiatry, rheumatology, dermatology and general surgery.
This course will also provide the student with the fundamentals of diagnostic radiography. A brief discussion of the physics of radiologic techniques leads to an intensive series of lectures that instructs students in the methodology of interpreting radiologic findings. Laboratory promotes basic problem-solving skills in evaluating and treating clinical medicine problems. Consolidates topics in medicine by developing a logical methodology of assessment of disease processes or syndromes and subsequent intervention. Students will master the ability to generate a differential diagnosis specific to the patients presenting complaints, signs and symptoms, and laboratory data. A case-study format is used. Seminar experience applies research design and biostatistics in preparing for or reviewing scientific literature. Prerequisite: PHAS 3402 & PHAS 3406.

CLSC 3227 Clinical Laboratory Methods [1-3] 
Fall 
Lecture, laboratory course that introduces the student to the medical laboratory. Emphasizes appropriate laboratory studies for specific disease, normal laboratory values and procedures for obtaining samples. Students are given the opportunity to perform routine lab studies. Prerequisite: PHAS 3402. Corequisite: PHAS 3406.

PHAS 4201 Clinical Elective (2.0) 
Spring 
This course is available to enhance the physical exam and history taking skills. It requires a clinical rotation site assigned by the faculty.

• Clinical Year Courses

PHAS 4431 Pediatric Rotation I (4.0) 
As Scheduled 
Four-week general pediatric rotation that gives the student the opportunity to: 1) elicit and record a complete pediatric history; 2) perform a complete pediatric examination; 3) formulate a management plan for common pediatric problems; 4) perform selected screening, diagnostic and treatment procedures as directed by the precepting physician; 5) advise and educate patients and their parents or guardians regarding optimal health of the child; and 6) monitor pediatric milestones. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4432 Pediatric Rotation II (4.0) 
As Scheduled 
Four-week general pediatric rotation that is a continuation of PHAS 4431. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4433 Obstetrics & Gynecology Rotation I (4.0) 
As Scheduled 
Four-week obstetrics and gynecology rotation that gives the student the opportunity to: 1) elicit, organize, record and present a complete database on an obstetric or gynecologic patient; 2) assist the physician effectively in procedures unique to the discipline; 3) advise the obstetric patient in pre- and post-natal care; and 4) instruct patients on matters of common gynecological problems. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4434 Obstetrics & Gynecology Rotation II (4.0) 
As Scheduled 
Four-week obstetrics and gynecology rotation that is a continuation of PHAS 4433. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4435 Surgery Rotation I (4.0) 
As scheduled 
Four-week supervised clinical course provides the student with hands-on experience in the operating room setting. Both pre-operative and post-operative assessment and care will be emphasized. The student will be assigned to a general surgeon in private practice, where, under supervision, he/she engages in a wide variety of activities in each of the phases of surgical intervention: pre-operative, operative, and post-operative recovery. The student is given opportunities to explore the basic considerations involved in the fluid, electrolyte and nutritional management of the surgical patient, infections, wound healing, and wound care. Students participate in daily rounds, conferences and serve on call. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4436 Surgery Rotation II (4.0) 
As scheduled 
Four-week surgery rotation that is a continuation of PHAS 4435. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4440 Medicine Rotation I (4.0) 
As Scheduled 
Four-week general medicine rotation that gives the student the opportunity to: 1) elicit, organize and record necessary data; 2) formulate a management plan for a particular patient problem; 3) follow patient progress by other diagnostic studies; 4) perform selected screening, diagnostic and treatment procedures as directed by the precepting physician; 5) advise and educate the patient about health maintenance issues; and 8) understand and establish emergency medical care when necessary. Students will be exposed to a variety of patients and medical conditions, such as infectious diseases, respiratory diseases, cardiovascular diseases and psychiatric conditions. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4441 Medicine Rotation II (4.0) 
As Scheduled 
Four-week general medicine rotation that is a continuation of PHAS 4440. Prerequisite: Successful completion of the didactic PHAS professional curriculum.
PHAS 4442 Emergency Medicine Rotation (4.0)
As scheduled
Four-week rotation allows the student to develop skills in managing patients in the emergency room setting. These skills include those necessary for appropriate triage, stabilization, and initial management of patients with traumatic injuries and illnesses, the management of the less life-threatening problems presented to the emergency room, working with the pre-hospital emergency medical service team, and making appropriate secondary referrals. Where possible, students participate in grand rounds, noon conferences and other clinically-relevant didactic presentations. A set of cognitive objectives guides student reading in preparation for a written examination at the end of the rotation. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4443 Clinical Elective Rotation (4.0)
As Scheduled
The four-week elective rotation gives the student the opportunity to: 1) understand and manage complex problems in the particular discipline chosen; 2) understand how additional knowledge and skills can be beneficial in the primary care setting; and 3) understand how to better serve in a primary care setting. This course may include extended clinical care hours, emergency or hospital and community service as deemed appropriate by the precepting physician. Prerequisite: PHAS 4432, PHAS 4434, PHAS 4436, and PHAS 4441.

Philosophy

PHIL 1310 Introduction to Philosophy [3-0]
(Texas Common Course Number is PHIL 1301.)
As Scheduled
An introduction to some of the major philosophical questions that have intrigued mankind over the centuries. This will be done through an examination of the thought of some of the most important figures in the history of philosophy from the early Greeks to modern times. Credit Restriction: Credit may be received in only one of PHIL 1310 or PHIL 1387.

PHIL 1320 Introduction to Logic [3-0]
(Texas Common Course Number is PHIL 2303.)
As Scheduled
The subject matter of this course will be clear and effective thinking. It will examine principles for correct reasoning and ways to distinguish good reasoning from bad, and it will consider the kinds of mistakes in reasoning that are most commonly made in everyday life. Credit Restriction: Credit may be received in only one of PHIL 1320 or PHIL 1388.

PHIL 1387 Introduction to Philosophy (Honors Plan) [3-0]
As Scheduled
An introduction to philosophical questions through an examination of major figures and themes in the history of philosophy from ancient to modern times. Credit Restriction: Credit may be received in only one of PHIL 1310 or PHIL 1387. Prerequisite: Admission to Honors Studies Program or by permission of the program director.

PHIL 1388 Introduction to Logic (Honors Plan) [3-0]
As Scheduled
An introduction to the fundamentals of clear and effective thinking through an examination of the principles of correct reasoning, the structure of knowledge and common obstacles to rational thought. Credit Restriction: Credit may be received in only one of PHIL 1320 or PHIL 1388. Prerequisite: Admission to Honors Studies Program or by permission of the program director.

PHIL 2330 Ethics [3-0]
(Texas Common Course Number is PHIL 2306.)
As Scheduled
This course will be concerned with human values: our own and those of other people. It will ask where those values come from and how we can know they are worth something, and it will examine several related questions such as personal freedom and the meaningfulness of human life.

PHIL 2340 Philosophy of the Person [3-0]
(Texas Common Course Number is PHIL 3340; a student may receive credit in only one course)
As Scheduled
A philosophical examination of what it is to be human. This course will deal with such issues as the problem of personal identity, the nature and structure of the self, the nature of mind and its place in the world and the question of “human nature.”

PHIL 2350 Social Philosophy [3-0]
(Texas Common Course Number is PHIL 2307.)
As Scheduled
This course will provide a philosophical examination of alternative theories of society, and it will investigate the basic presuppositions and structures of society and the ways in which these are to be understood and evaluated. Previous Course Number: PHIL 2380; a student may receive credit in only one course.

PHIL 2370 Eastern Thought [3-0]
As Scheduled
An analysis of the major movements in Eastern philosophy and religion and their relationship to basic philosophical developments in the West. This course will examine systems of thought and culture such as Buddhism, Hinduism, Confucianism, Taoism and Shinto.

PHIL 2390 Professional Ethics [3-0]
As Scheduled
This course will employ the tools of ethical theory to examine moral issues and problems facing professionals in such fields as business, industry and technology, medicine, social work, criminal justice and law. The content of individual sections of
this course may be derived from any of the fields listed above or from a combination of them, depending on student need.

PHIL 3320 Symbolic Logic  [3-0]
As Scheduled
This course will be a continuation of Philosophy 1320, Introduction to Logic, and will be concerned with the principles and methods used in symbolic logic to distinguish between valid and invalid arguments. Prerequisite: PHIL 1320 or consent of instructor.

PHIL 3330 Philosophy of Value  [3-0]
As Scheduled
A philosophical examination of the place of value in aesthetic, moral and practical experience. This course will consider both historical and contemporary treatments of the importance of value in various forms to human thought, feeling and action. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 3360 History of Philosophy: Ancient and Medieval  [3-0]
As Scheduled
A study of the history of philosophy from the Presocratics through the Middle Ages, with particular emphasis on the Presocratics, Plato, Aristotle, Stoicism, Epicureanism, Augustine and Aquinas. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 3361 History of Philosophy: Modern  [3-0]
As Scheduled
A study of the history of philosophy from the Renaissance through the 18th century, with particular emphasis on Descartes, Spinoza, Leibniz, Hobbes, Locke, Berkeley, Hume and Kant. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 3362 History of Philosophy: Contemporary  [3-0]
As Scheduled
A study of the history of philosophy during the 19th and 20th centuries, with particular emphasis on phenomenology, existentialism and the analytic tradition. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 3370 Philosophy of Religion  [3-0]
As Scheduled
A philosophic study of the nature and varieties of religious experience, the meaning and validation of religious belief, the act of faith, the nature and existence of God, the problem of evil, mysticism, immortality, religious belief and moral conduct, religion and myth, and religion and culture. Prerequisite: 3 hours of philosophy.

PHIL 3380 Latin American Thought  [3-0]
As Scheduled
An examination of some of the most important and influential contributions to Latin American thought. Material to be studied will be drawn from both past and contemporary sources. Prerequisite: 3 hours of philosophy.

PHIL 4310 Theories of Knowledge  [3-0]
As Scheduled
A philosophical inquiry into the sources, nature and criteria of knowledge and an examination of alternative approaches to the problems of perception, meaning and truth. The course will also consider the interplay between these issues in epistemology and related problems in metaphysics. Previous Course Number: PHIL 3310; a student may receive credit in only one course. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 4320 Philosophy of Science  [3-0]
As Scheduled
A philosophical examination of the assumptions and methodology of scientific inquiry, with examples drawn from the natural sciences. This course will consider the structure, meaning, confirmation and use of scientific theories, as well as the philosophical implications of current theories in science. Previous Course Number: PHIL 3325; a student may receive credit in only one course. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 4340 Philosophy of Mind  [3-0]
As Scheduled
A study of consciousness, emphasizing the nature of awareness and experience. Topics concerning the capacities and creative powers of mind will be examined in theories based on physical, functional and metaphysical arguments. Previous Course Number: PHIL 3341; a student may receive credit in only one course. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 4380 American Philosophy  [3-0]
As Scheduled
An examination of the contributions of great American thinkers to the philosophical deposit of the world. Prerequisite: 3 hours of philosophy.

PHIL 4390 Special Topics in Philosophy  [3-0]
As Scheduled
A study of selected issues or figures in philosophy; content will vary. May be repeated for up to 9 hours credit as content changes. Prerequisite: 3 hours of philosophy or consent of instructor.

Physics

PHYS 1401 General Physics  [3-3]
(Texas Common Course Number is PHYS 1401.)
Fall, Spring, Summer
An algebra-based introduction to the principles of mechanics, fluids, heat, waves and sound. Prerequisite: MATH 1340. Recommended: Credit for or concurrent enrollment in MATH 1356. $4 laboratory fee.
PHYS 1402 General Physics
(Texas Common Course Number is PHYS 1402.)
Fall, Spring, Summer
A continuation of PHYS 1401 covering the principles of electricity, magnetism, light and modern physics. Prerequisite: PHYS 1401. $4 laboratory fee.

PHYS 2101 Intermediate Laboratory
Fall, Spring
Laboratory exercises illustrating the principles of mechanics, heat and sound. Emphasis is placed on statistical data analysis and error treatment. Corequisite: Concurrent enrollment in PHYS 2301. $4 laboratory fee.

PHYS 2102 Intermediate Laboratory
Fall, Spring
Laboratory exercises illustrating the principles of electricity, magnetism, waves and optics. Corequisite: Concurrent enrollment in PHYS 2302. $4 laboratory fee.

PHYS 2301 Intermediate Physics
Fall, Spring
A calculus-based study of mechanics, heat, thermodynamics, wave motion and sound. Corequisite: Concurrent enrollment in PHYS 2101. Prerequisites: PHYS 1401 and MATH 1402 with concurrent enrollment in MATH 2401.

PHYS 2302 Intermediate Physics
Fall, Spring
Treatment of electricity, magnetism, wave phenomena and optics using calculus. Corequisite: Concurrent enrollment in PHYS 2102. Prerequisites: PHYS 1402, PHYS 2301 and MATH 2401.

PHYS 3101 Junior Laboratory
Fall, Spring, Summer
The course is designed to acquaint the student with the experimental method. Experiments are chosen to cover as many fields of physics as possible in keeping with the background and abilities of the students. Prerequisite: 12 hours of physics. $4 laboratory fee.

PHYS 3102 Junior Laboratory
Fall, Spring, Summer
A continuation of PHYS 3101. $4 laboratory fee.

PHYS 3301 Electromagnetic Theory
As Scheduled
Theory of electrostatics, electromagnetics, magnetic properties of materials, units and thermoelectricity, simple treatment of alternating current, oscillating circuits, electromagnetic radiation and Maxwell's Equation. Prerequisites: 12 hours of physics and MATH 2401, which may be taken concurrently.

PHYS 3303 Heat and Thermodynamics
As Scheduled
Study of heat measuring devices, thermal expansion, behavior of gases, elementary thermodynamics, change of state, specific heats and transfer of heat. Prerequisites: 12 hours of physics and MATH 2401, which may be taken concurrently.

PHYS 3304 Optics
As Scheduled
A study of physical optics, including diffraction, interference, polarization and the beginning of spectroscopy together with some geometrical optics. Prerequisites: 12 hours of physics and MATH 2401, which may be taken concurrently.

PHYS 3305 Mechanics
As Scheduled
A rigorous treatment of the motion of a particle in one, two and three dimensions; the motion of a system of particles with a detailed treatment of the conservation laws; the statics of fluids and solids; an introduction to the motion of rigid bodies. Prerequisites: 12 hours of physics and MATH 3349, which may be taken concurrently.

PHYS 3402 Modern Physics
As Scheduled
Introduction to relativity, physics of atoms and solids and other topics in 20th century physics. Prerequisites: PHYS 2302 and PHYS 2102. $4 laboratory fee.

PHYS 4101 Senior Laboratory
Fall, Spring, Summer
The student performs experiments of greater complexity and difficulty than those in Junior Laboratory. In addition, the student is encouraged to design and carry out original experiments in his or her field of interest. Prerequisites: PHYS 3101 and PHYS 3102. $4 laboratory fee.

PHYS 4102 Senior Laboratory
Fall, Spring, Summer
A continuation of PHYS 4101. $4 laboratory fee.

PHYS 4103 Senior Laboratory
Fall, Spring, Summer
A continuation of PHYS 4102. $4 laboratory fee.

PHYS 4301 Topics in Modern Physics
As Scheduled
A study of recent developments in physics including atomic energy, nuclear structure, X-rays, cosmic rays and radioactivity. Prerequisites: PHYS 2302 and PHYS 2102.

PHYS 4308 Seminar in Physics
As Scheduled
Investigations of problems and progress in contemporary physics will be undertaken. Individual research and reporting will be emphasized. Course may be repeated once for credit. Prerequisites: One year of physics and consent of instructor.
Political Science

POLS 1333 Introduction to Political Science [3-0]
(Texas Common Course Number is GOVT 2304.)
Fall, Spring
Emphasis on political fundamentals, public law, theory and organization of the modern state, political dynamics and institutions. Open to freshmen.

POLS 2313 United States and Texas Government and Politics [3-0]
(Texas Common Course Number is GOVT 2301.)
Fall, Spring, Summer
The origins and development of the American governmental system; U.S. and Texas constitutions; federal, state and interstate relations; the individual as a citizen, person and voter; political parties; civil rights and the judicial system. Fulfills 3 hours of the legislative requirements of 6 hours of American and Texas government. Open to freshmen. Credit Restriction: Credit may be received in only one of POLS 2313 or POLS 2387.

POLS 2314 United States and Texas Government and Politics [3-0]
(Texas Common Course Number is GOVT 2302.)
Fall, Spring, Summer
A functional study of the U.S. and Texas constitutions and governments in relation to the legislative, executive and administrative processes; and a study of the policy process, including domestic and foreign policy areas. Fulfills 3 hours of the legislative requirements of 6 hours of American and Texas government. Open to freshmen. Credit Restriction: Credit may be received in only one of POLS 2314 or POLS 2388.

POLS 2334 Political Economy [3-0]
As Scheduled
This course examines various economic models including private enterprise, capitalism, state capitalism and socialism; the impact of monetary and fiscal policy on the economy; and alternative viewpoints as to the appropriate extent of government regulation of the economy.

POLS 2387 United States and Texas Government and Politics (Honors Plan) [3-0]
Fall
The origins and development of the American governmental system; U.S. and Texas constitutions; federal-state and interstate relations; the individual as a citizen, person and voter; political parties; civil rights and the judicial system. Fulfills 3 hours of the legislative requirements of 6 hours of American and Texas government. Credit Restriction: Credit may be received in only one of POLS 2313 or POLS 2387. Prerequisite: Admission to Honors Studies or by invitation.

POLS 2388 United States and Texas Government and Politics (Honors Plan) [3-0]
Spring
A functional study of the U.S. and Texas constitutions and governments in relation to the legislative, executive and administrative processes; and a study of the policy process, including domestic and foreign policy areas. Fulfills 3 hours of the legislative requirement of 6 hours of American and Texas government. Credit Restriction: Credit may be received in only one of POLS 2314 or POLS 2388. Prerequisite: Admission to Honors Studies or by invitation.

POLS 3185 Internship
As Scheduled
This course is designed for students seeking credit through an internship placement. The internship must be directly related to government; the student must be under direct academic supervision and must complete written assignments to be evaluated by the supervising teacher. The course may be repeated for credit with a maximum of 4 hours counted as an elective toward fulfillment of the requirements for a major in Political Science. (Must receive approval of Political Science Department Chair.) Prerequisites: POLS 2313 and POLS 2314.

POLS 3314 American State and Local Government [3-0]
As Scheduled
A study of the basic functions, structure, procedures and problems of American state and local government, with an emphasis upon intergovernmental relations. Prerequisites: POLS 2313 and POLS 2314.

POLS 3316 American Public Policy [3-0]
As Scheduled
An analysis of rationales underlying selected governmental programs and assessments of the effectiveness of these programs. Prerequisites: POLS 2313 and POLS 2314.

POLS 3318 Special Topics [3-0]
As Scheduled
Significant issues and problems in politics and political systems. Course may be repeated for credit provided different topics are the focus of each class. (Does not count toward fulfillment of any of the five political science fields.) Prerequisites: POLS 2313 and POLS 2314.

POLS 3322 Politics of Developing Nations [3-0]
As Scheduled
Analysis of political institutions and processes with focus on developing nations, such as those in Africa and the Middle East. Prerequisites: POLS 2313 and POLS 2314.

POLS 3323 Introduction to Public Administration [3-0]
As Scheduled
A survey of public administration in the United States, highlighting a wide variety of topics in the discipline, but with emphasis upon the general machinery of the national
bureaucracy and on the powers, problems and control of its agencies. Prerequisites: POLS 2313 and POLS 2314.

**POLS 3324 Government Organization and Administrative Theory [3-0]**

*As Scheduled*

An analysis of the various theories of public administration and government organization. The contribution of such theorists as Weber, Taylor, Mayo, McGregor, Maslow, Simon and others will be studied. The development of public administration will be surveyed. Prerequisites: POLS 2313 and POLS 2314.

**POLS 3325 Public Personnel Administration [3-0]**

*As Scheduled*

Fundamental concepts of public personnel management with analysis and evaluation of employee-employer relations at the national, state and local levels. Treats topics such as environmental influences on the personnel function, career systems, human resources planning and management, performance evaluation, ethics in public service and collective bargaining. Prerequisites: POLS 2313 and POLS 2314.

**POLS 3331 Methods of Political Science Research [3-0]**

*As Scheduled*

Analysis of the study of politics, models of inquiry, research methods and introduction to the use of computers in political science research. Prerequisites: POLS 2313 and POLS 2314.

**POLS 3333 Classical Political Theory [3-0]**

*As Scheduled*

A study of classical political philosophy from Socrates to Machiavelli. Prerequisites: POLS 2313 and POLS 2314.

**POLS 3334 Modern Political Theory [3-0]**

*As Scheduled*

A study of political philosophy from Machiavelli to the end of the 19th century. Prerequisites: POLS 2313 and POLS 2314.

**POLS 3343 International Politics [3-0]**

*As Scheduled*

A study of the political principles, problems and factors involved in the foreign policies and relations of the nation-state with particular emphasis on the sources and uses of national power and the difficulties in limiting the use of such power. Prerequisites: POLS 2313 and POLS 2314.

**POLS 3344 Contemporary Political Theory [3-0]**

*As Scheduled*

A study of 20th century political philosophy. Prerequisite: POLS 2313 and POLS 2314.

**POLS 3363 American Hispanic Politics [3-0]**

*As Scheduled*

A study of the American Hispanic experience. Analyzes political socialization and culture, political participation and behavior, leadership, organizations and power in the American political system. Prerequisites: POLS 2313 and POLS 2314.
theological components of Middle Eastern politics. Prerequisites: POLS 2313 and POLS 2314.

POLS 4320 American Constitutional Law: Federalism [3-0]
As Scheduled
A study of national-state relations by use of court cases, with special emphasis on the impacts of the commerce and taxation clauses; a study of Congressional-presidential relationships by use of court cases. Prerequisites: POLS 2313 and POLS 2314.

POLS 4321 American Constitutional Law: Liberties [3-0]
As Scheduled
A study of the limitations of governmental powers in the United States by use of court cases, with primary emphasis on civil and political rights. Prerequisites: POLS 2313 and POLS 2314.

POLS 4332 American Political Theory [3-0]
As Scheduled
An analysis of American political theory and values from the Colonial period to the present. The work of Jefferson, Jackson, Calhoun, Bellamy, Hoover and Galbraith are included. Prerequisites: POLS 2313 and POLS 2314.

POLS 4353 International Organization [3-0]
As Scheduled
An analysis of the judicial-political foundations. Actual machinery and activities of the principal international organizations, particularly the United Nations and related bodies. An appreciation of their achievements toward international peace. Prerequisites: POLS 2313 and POLS 2314.

POLS 4360 American Executive Process [3-0]
As Scheduled
Advanced study of the development of the power and influence of the president and other American executives; procedures and politics of the executive process; executive policy outputs; the relation of the executive to the other elements of the political system. Prerequisites: POLS 2313 and POLS 2314.

POLS 4363 American Legislative Process [3-0]
As Scheduled
Advanced study of the legislative process; structure, powers, organization, political control and procedures of Congress, state legislatures and local legislative bodies in the rest of the political system. Prerequisites: POLS 2313 and POLS 2314.

POLS 4365 American Administrative Process [3-0]
As Scheduled
Advanced study of law and procedures of national, state and local administrative agencies and their behavior; problems in administrative management; theory of complex organizations; policy outcomes of the administrative process. Prerequisites: POLS 2313 and POLS 2314.

POLS 4367 American Judicial Process [3-0]
As Scheduled
Advanced study of the structure, functions and procedures of the national, state and local judicial systems; the interrelationship between the American judiciary and other components of the political system; the impact of judicial decision making on public policy; jurisprudence. Prerequisites: POLS 2313 and POLS 2314.

POLS 4373 American Political Parties and Politics [3-0]
As Scheduled
A study of the history, organization, function and leadership of political parties and the role they play in the operation of national, state and local governments in the United States and a study of the role of group politics and voting behavior in the American political process. Prerequisites: POLS 2313 and POLS 2314.

POLS 4374 Public Opinion and Political Behavior [3-0]
As Scheduled
An analysis of public opinion and political behavior, with emphasis on the nature, origins, distribution and measurement of public opinion, as well as its impact on citizen participation in the U.S. political system. Prerequisites: POLS 2313 and 2314.

POLS 4375 American Foreign Policy [3-0]
As Scheduled
Study of the politics, formulation, conduct and consequences of U.S. foreign policy. The roles of the president, Congress, interest groups, political parties, the military and intelligence agencies and public opinion are examined. Specific cases of major foreign policy decisions to be examined. Prerequisites: POLS 2313 and POLS 2314.

POLS 4382 Governments and Politics of China, Japan and India [3-0]
As Scheduled
Study of the socio-economic setting, constitutional framework, political forces, authoritative decision-making agencies and certain major policy outputs of China, Japan and India. Prerequisites: POLS 2313 and POLS 2314.

POLS 4383 Politics of Central America and the Caribbean [3-0]
As Scheduled
A survey of governmental structures and politics in Central America and the Caribbean. Examines competing ideologies, group developments, party interests, influence of revolution, relationships among political, social and economic structures and Latin America’s role in the world political arena. Prerequisites: POLS 2313 and POLS 2314.

POLS 4384 Seminar in Local Government Problems [3-0]
As Scheduled
An examination and study of administrative problems in local
The University of Texas-Pan American

### Course Descriptions

**Government**. Prerequisites: POLS 2313 and POLS 2314.

**POLs 4386 South American Politics [3-0]**
As Scheduled
A survey of governmental structures and politics in South America. Examines competing ideologies, group developments, party interests, influence of revolution, relationship between political, social and economic structures and South America’s role in the world political arena. Prerequisites: POLS 2313 and POLS 2314.

**POLs 4387 Politics of Mexico [3-0]**
As Scheduled
A study of the politics and government of Mexico focusing on the political system in the context of history and culture. Study of Mexico’s relations with the United States and other nations. Prerequisites: POLS 2313 and POLS 2314.

### Physical Science

**Psci 1421 Physical Science [3-2]**
(Texas Common Course Number is PHYS 1415.)
Fall, Spring, Summer
A survey course designed to provide an introduction to the concepts and principles of physical science for non-science and elementary teaching majors. The topics covered include astronomy, chemistry and mechanics. Prerequisite: MATH 1334. $4 laboratory fee.

**Psci 1422 Physical Science [3-2]**
(Texas Common Course Number is PHYS 1417.)
Fall, Spring, Summer
A survey course that introduces the concepts and principles of physical science for non-science and elementary teaching majors. Geology, meteorology and physics will be included in this course of study. Prerequisite: PSCI 1421. $4 laboratory fee.

**Psci 2408 Survey of Physical Science [3-2]**
Fall, Spring
Introduction to topics of the physical sciences drawn from physics, chemistry and geology. Basic concepts from mechanics, electricity, light, atomic structure, the elements and compounds, and simple reactions will be covered. Earth materials and processes will be included. Prerequisites: BIOL 1401 and BIOL 1402. $4 laboratory fee.

**Psci 4311 Topics in Physical Science [3-0]**
As Scheduled
A course that incorporates many different topics in physical science. Guest lecturers, student participation and basic concept presentation will be utilized for each topic. The course may be taken more than one semester for different topics. Prerequisites: MATH 1334 and 8 hours of a physical science, or consent of instructor.

### Psychology

**Psy 1310 Introduction to Psychology [3-0]**
Fall, Spring
An introduction to the discipline of psychology as a natural science and as an applied social science. This course includes topics such as the biological bases of behavior, sensation and perception, learning and memory, emotions, personality, abnormal psychology, therapy, developmental and social psychology. Previous Course Numbers: PSY 1313 replaces the previous PSY 1313/1323 sequence. PSY 1310 may be repeated to replace a grade for PSY 1313.

**Psy 2331 Psychology of Disability [3-0]**
As Scheduled
Provides a survey of psychological aspects of disability, with emphasis on physical disability. Includes an overview of research areas and findings. Describes major disability groups and the general psychological processes that are observed in patients and their families as they react and adjust to their disabilities.

**Psy 2336 Developmental Psychology: Adolescence [3-0]**
(Texas Common Course Number is PSYC 2307.)
As Scheduled
A study of the physical, mental, emotional and social growth from childhood through adolescence. Prerequisite: PSY 1310.

**Psy 2401 Basic Statistics for Psychologists [3-3]**
(Texas Common Course Number is PSYC 2317.)
Fall, Spring
A practical study of the procedures used in handling psychological data including descriptive statistics, central tendency, variation, correlation and inference. Equivalent Course: May be counted as ANTH 2401; a student may receive credit in only one course. Prerequisites: MATH 1340 or higher (except MATH 2306) and 3 hours of the following: PSY 1310, ANTH 1323, ANTH 1324 or ANTH 1342.

**Psy 3324 Social Psychology [3-0]**
As Scheduled
An overview of how groups and society influence behavior and thinking. The main topics include conformity, obedience, prosocial behavior (cooperation and helping others), the behavior of groups, attitudes and prejudice, as well as research on interpersonal attraction, including physical attractiveness and romantic love. The course also examines how everyday people are implicit psychologists, trying to explain and understand the behavior of others as well as their own. Prerequisite: 3 hours of social science credit.

**Psy 3325 Research Methods in Psychology [3-0]**
Fall, Spring
This course provides a lecture-laboratory approach to learning the scientific methodology of empirical psychological research. Basic principles and methods of research design, hypothesis
testing, data collection and analysis, and result interpretation are covered in this course. Prerequisites: PSY 1310; PSY 2401.

PSY 3332 Developmental Psychology: Infancy and Childhood [3-0]
As Scheduled
An overview of human development from conception to adolescence. Topics include biological foundations, physical growth, language and cognition, social and personality development. Traditional and recent theoretical perspectives are reviewed. Prerequisite: PSY 1310.

PSY 3333 Psychology of Adulthood: Maturity and Old Age [3-0]
As Scheduled
A study of such aspects of adulthood as job selection, marriage, child rearing and old age. Prerequisite: 6 hours of psychology.

PSY 3337 Developmental Psychology: Lifespan [3-0]
As Scheduled
The field of developmental psychology is an overview of the physical, cognitive, social, emotional and personality domains of the changes that occur over time. The course focuses on normal development from conception through death. Traditional and theoretical perspectives are reviewed. Prerequisite: PSY 1310 and junior standing.

PSY 3340 Stress Management [3-0]
As Scheduled
This course introduces the student to a wide variety of stress reduction techniques and their implications for health. Practical experiences as well as research in such areas as biofeedback, relaxation training and meditation are provided. Prerequisite: PSY 1310.

PSY 3343 Tests and Measurements in Psychology [3-0]
Fall, Spring
Concentrates on the theoretical aspects of test construction and an extensive survey of the major types of standardized tests used in industry, schools and mental health settings. Prerequisites: PSY 1310 and PSY 2401.

PSY 3345 Psychology of Learning [3-0]
As Scheduled
An introduction to the methods, results and interpretations of experimental studies of learning, including both animal conditioning and human memory. Emphasis will be placed on classical and instrumental conditioning procedures.

PSY 3353 Physiological Psychology [3-0]
As Scheduled
An analysis of the basic physiological mechanisms underlying behavior with emphasis on the role of the central nervous system in sensation, emotion, motivation, learning and memory. A knowledge of biology is helpful but not necessary.

Prerequisite: PSY 1310.

PSY 3373 Sensation and Perception [3-0]
As Scheduled
A study of the basic mechanisms underlying sensation and perception. Experimental methods, research findings and theory are emphasized. Prerequisite: PSY 1310.

PSY 3383 Animal Behavior [3-0]
As Scheduled
An introduction to the methods, results and interpretation of studies of animal behavior from the perspectives of comparative psychology and ethology. An emphasis will be placed on social and communicative behavior. Prerequisite: PSY 1310.

PSY 3405 Behavior Modification [3-3]
As Scheduled
An overview of principles of social learning, operant conditioning and the application of these principles to personal development, relationships and problem behavior. 3 hours lecture and a 3-hour lab. Prerequisite: PSY 1310.

PSY 4302 Primate Behavior [3-0]
As Scheduled
A review of the behavior of selected representatives of the order primates, based upon research conducted in both laboratory and field. In addition, students will collect data on a representative primate group at the Gladys Porter Zoo. Equivalent Course: May be counted as ANTH 4302; a student may receive credit in only one course. Previous Course Number: PSY 3384; a student may receive credit in only one course. Prerequisites: PSY 1310 and PSY 3383, or ANTH 1324, or consent of instructor.

PSY 4312 Female and Male [3-0]
As Scheduled
An examination of the physiological and psychological influences of sex role development, including such topics as human liberation, sexual behavior, child rearing practices and career opportunities. Prerequisite: 9 hours of psychology or consent of instructor.

PSY 4313 Abnormal Psychology [3-0]
Fall, Spring
A comprehensive analysis of various emotional disorders, neuroses and psychoses, their symptoms, etiologies and treatment and approaches. Prerequisite: PSY 1310.

PSY 4318 Theories of Learning [3-0]
As Scheduled
A historical review of major theoretical positions in the field of animal and human learning. Prerequisite: PSY 1310 or consent of instructor.

PSY 4319 Cognitive Processes [3-0]
As Scheduled
The experimental study of conscious, voluntary mental
processes. Topics include recognition of written words and other patterns, recognition of speech and comprehension of language, limits on ability to divide attention, concept formation, problem solving and reasoning. Emphasis is on adult processes rather than on development of the processes in children. Prerequisite: PSY 1310.

**PSY 4320 Memory** [3-0]
*As Scheduled*
The experimental study of the acquisition, storage, retrieval and forgetting of verbal information. Emphasis is on basic research and theory about adult processes, and little consideration is given to either applications or development of the processes in children. Prerequisite: PSY 1310.

**PSY 4326 Cross-Cultural Psychology** [3-0]
*As Scheduled*
The course examines how culture shapes our cognition and behavior. In addition to exploring intercultural contact and cross-cultural research methods, the following areas in psychology are analyzed from a cross-national perspective: perception, cognition, human development, attitudes and interpersonal relations. Prerequisite: PSY 1310.

**PSY 4328 Psychological Issues in the Mexican-American Community** [3-0]
*As Scheduled*
Mexican-American personality development and assessment, ethnic identity and acculturation are examined in the course, as are Chicano perceptions of abnormal conduct and the use of alternative therapists. Selected community issues, such as immigration and prosocial behavior, are also explored from a psychological perspective. Prerequisite: PSY 1310.

**PSY 4333 Theories of Personality** [3-0]
*As Scheduled*
Emphasis is placed on the major theories of personality that attempt to explain the psychological nature and behavior of people. Some consideration is given to the process involved in developing a theory of personality. Prerequisite: PSY 1310.

**PSY 4342 Psychology and Law** [3-0]
*As Scheduled*
This course is designed to give students an appreciation of behavioral phenomena as they apply to our legal system. A general survey of related topics such as the trial process, the psychology of evidence and the psychology of juries will be covered.

**PSY 4355 Psychology and Mythology** [3-0]
*As Scheduled*
This course will study the impact and interrelationships of psychological thought and mythological theory. The impact of the theories of Freud, Adler, Jung, Levi-Strauss and others on mythology will be studied. Equivalent Course: ANTH 4355; a student may receive credit for only one course. Prerequisite: PSY 1323 or ANTH 1323 or ANTH 1353 or instructor's consent.

**PSY 4363 Systems and Theories in Psychology** [3-0]
*As Scheduled*
A history of the development of psychology and a study of theories in contemporary psychology. Prerequisite: PSY 1310.

**PSY 4380 Research Seminar** [3-0]
*As Scheduled*
Students will conduct faculty-supervised research in an area of mutual interest resulting in oral and written presentations of their work to other students and faculty. The course will provide an opportunity to obtain hands-on research experience for undergraduate students who intend to pursue graduate degrees. May be repeated for up to 6 hours credit. Prerequisites: PSY 2401 and PSY 3325, and consent of instructor.

**PSY 4383 Special Problems** [3-0]
*As Scheduled*
Selected topics assigned according to the interest of the class and/or student. Sequential registration for up to 9 hours is permitted as topics vary. Prerequisites: 9 hours of psychology and consent of instructor.

## Quantitative Methods

**QUMT 2340 Introduction to Quantitative Methods in Business** [3-0]
*Fall, Spring, Summer*
This course is an introduction to the quantitative techniques and models applicable to business decision making. Topics include optimization models of deterministic and non-deterministic systems used in the business curriculum (accounting, computer information systems, economics, finance, management, marketing, production and operations). The course integrates computers as tools in solving business problems. Prerequisites: MATH 1321 or MATH 1340; CIS 1301.

**QUMT 2341 Elementary Business and Economic Statistics** [3-0]
*Fall, Spring, Summer*
An analysis of descriptive statistics and statistical inference. Topics include collection, organization and presentation of numerical data; central tendency, variation, skewness, probability, probability distribution, sampling distributions, estimation theory and hypothesis testing. Computer laboratory assignments covering the above topics will be assigned. Prerequisites: MATH 1321 or 1340; CIS 1301 or CIS 1101.

**QUMT 3342 Intermediate Business and Economic Statistics** [3-0]
*Fall, Spring, Summer*
A continuation of elementary statistics, including regression
and correlation, index numbers, time series, nonparametric statistics and other decision-making tools. Computer laboratory assignments covering the above topics will be assigned. Prerequisites: QUMT 2341 and MATH 1322 or QUMT 2340.

### Reading

**READ 3310 Narrative and Expository Analysis—Elementary/Secondary [3-0]**

*Fall, Spring, Summer*

Examines the processes utilized to provide clues to understanding text: identification of relevant information of text and how events in the text are related; utilizing information of text to determine that which is not stated; evaluating and judging text; monitoring what is read for the purpose of clarifying text.

**READ 3323 Reading Acquisition [3-0]**

*Fall, Spring*

Psychological, sociological, cultural, physical and linguistic factors related to reading acquisition; analysis of scope and sequence of word recognition processes: sight word vocabulary, phonics, structural, morphemic and contextual analysis; analysis of organizational and management parameters of learner-centered reading instruction at the primary levels; diagnostic and prescriptive processes as they pertain to readiness, structural and phonetic analysis, vocabulary skills and classification skills. (Field-Based Approved Course.)

**READ 3325 Cognitive Development and Reading Comprehension [3-0]**

*Fall, Spring*

Examination of principles of comprehension; factors that affect comprehension of text; cognition and reading comprehension; components of the learner-centered instructional program of reading comprehension and the correlation of reading processes to the writing processes; analysis of comprehension processes as they apply to various text structures; extending and enriching reading comprehension through literature; diagnostic and prescriptive processes as they pertain to literal, interpretive and evaluative comprehension processes. (Field-Based Approved Course.)

**READ 3326 Reading across the Curriculum Content Areas [3-0]**

*Fall, Spring*

Analysis of research, study and library skills; examination of reading as applied to the various content areas with focus on effective reading processes across text types and subject-specific vocabulary. Prerequisites: READ 3323 and READ 3325.

**READ 3327 Assessment/Diagnosis of Special Needs Students [3-0]**

*Fall, Spring, Summer*

Examination of the affective, cognitive, cultural and linguistic correlates of reading disabilities; examination of the characteristics of gifted readers; analysis of learner reading styles across the modalities of auditory, visual, kinesthetic and tactile; analysis of the principles of assessment and relationships to both remediation and enrichment. Prerequisite: READ 3323.

**READ 3329 Language Arts Curriculum [3-0]**

*Fall, Spring*

Reading as an integral part of the language arts process; study of the relationships between listening, speaking, reading and writing. Prerequisite: READ 3323.

**READ 3351 Literature for the Young Adult [3-0]**

*Spring, Summer*

Emphasis is on the reading and evaluation of literature written for young adults (middle, junior and senior high school students). The selection and reading of a variety of literary genre for the young adult that encompasses literature reflecting culture, ethics and social diversity within a multicultural society will be included.

**READ 4351 Developmental Reading in Secondary Schools [3-0]**

*Fall, Spring, Summer*

Analysis of the relation of reading ability to academic achievement; reading skills needed in content area reading; reading difficulties encountered by students in secondary schools. Prerequisites: READ 3323 and READ 3325 (except for meeting requirements of secondary professional development certification).

### Rehabilitative Services

**REHS 2301 Introduction to Rehabilitation [3-0]**

*Fall, Spring and As Scheduled*

Introduction to the field of rehabilitation and rehabilitation professions and specialties (e.g., Rehabilitation Counseling, Vocational Evaluation, Work Adjustment, Job Placement). The course addresses theory and practice of rehabilitation as well as the history, philosophy and legislative basis for the programs and professions. Includes an overview of the needs of individuals with disabilities and the effects disabilities have upon personal, social and vocational adjustment. The independent living rehabilitation movement and the vocational rehabilitation process are discussed, along with the impact individuals with disabilities have upon the nation's economy. Community resources and agencies which provide services to people who have disabilities are explored. May include field trips, guest lectures and community-oriented assignments.
REHS 2311 Disability Policy and Consumerism [3-0]
Fall, Spring and As Scheduled
Provides an overview of legislation and policies (both federal and state) that impact people with disabilities. Issues related to incentives and disincentives of returning to work, insurance and federal benefits will be covered. Consumer empowerment and independent living will also be explored.

REHS 2321 Introduction to Substance Abuse [3-0]
Fall, Spring and As Scheduled
Provides an introduction to the antecedents and the rehabilitation of the disability of substance abuse in the areas of vocational, social, familial, personal and physical areas. Includes information about multiple disabilities (e.g., physical and emotional disability and substance abuse).

REHS 3303 Case Management I [3-3]
Spring
Introduction to case management skills and techniques including interviewing will be taught. Applied and supervised learning experiences will be emphasized. Prerequisites: REHS 2301, REHS 2311, REHS 2331 and formal admission.

REHS 3320 Family and Disability [3-0]
Spring
Covers relevant issues concerning the family of a person with a disability. Topics such as family dynamics, family support systems and the role of the family in adjustment to disability will be explored. Particular attention will be given to the Mexican-American family. Prerequisites: REHS 2301, REHS 2311, REHS 2331 and consent of instructor.

REHS 3330 Medical Aspects of Rehabilitation [3-0]
Spring
Provides essential medical information to prepare students for working with disabled individuals, physicians and employers. Information on etiology, prognosis and treatment procedures and vocational and independent living implications will be covered for each disability group. Also included in the course is information on medical specialties, therapeutic services, restorative techniques and medical terminology. This course offers the student the opportunity to learn how to assess the total impact of the disability more perceptively and accurately, and to assist the consumer in making more realistic vocational/independent living plans. Prerequisites: REHS 2301, REHS 2311 and REHS 2331.

REHS 4100 Independent Study [1-0]
As Scheduled
 Individualized study and investigation of rehabilitation topic under the direct supervision of a faculty member. A minimum of 25 clock hours per credit hour is required. May be repeated a total of four times. Prerequisite: Consent of instructor.

REHS 4301 Vocational Assessment [3-0]
Spring
This course will focus on the vocational assessment of people within the rehabilitation process. Students will be oriented to vocational evaluation, psychometrics, behavioral observations, work samples, situational assessments as well as modifications in assessment techniques needed to effectively evaluate people with disabilities. Prerequisites: REHS 2301, REHS 2311, REHS 2331 and formal admission.

REHS 4302 Job Placement [3-0]
Fall
A study of job placement theories, approaches and techniques will occur. The student will be introduced to the vocational implications of disability. Job-seeking skills, labor market surveys, job analysis, resume writing and transferable skills analysis are some of the skills that are taught. Prerequisites: REHS 3330 and formal admission.

REHS 4303 Case Management II [3-0]
Fall
Advanced case management skills and techniques such as interviewing, case history development, and program planning within the rehabilitation process will be taught. IWRP development and reviews of client case records will occur in an applied, supervised environment. Legal and ethical issues in service delivery will be addressed. Prerequisites: REHS 3330 and formal admission.

REHS 4330 Clinical Topics in Rehabilitation [3-0]
Fall
This course will focus on priority clinical issues and provide concentrated study in specific areas in rehabilitative services that appear timely. The focus will be placed on independent projects, presentation of papers and group discussion. A field-based clinical study project will be required. Prerequisites: REHS 2301, REHS 2311 and REHS 2331 or consent of instructor.

REHS 4350 Special Topics in Rehabilitation [3-0]
As Scheduled
Selected topics in rehabilitation. May be repeated for up to 6 hours credit when topic varies. Prerequisites: REHS 2301, REHS 2311 and REHS 2331 or consent of instructor.

REHS 4360 Assistive Technology [3-0]
As Scheduled
Issues related to technology and people with disabilities will be examined. Types of technology, service delivery models, funding, training and technology abandonment will be covered. As much as possible, examples of technology will be brought into the classroom. Prerequisites: REHS 2301, REHS 2311 and REHS 2331 or consent of instructor.

REHS 4602 Clinical Practicum in Rehabilitation
Spring
Supervised, field-based clinical experience in a public or private setting serving the disabled. The practicum setting must meet specific program requirements and be approved by the University practicum supervisor. Weekly assignments will focus
on daily components within the rehabilitation process and will be treated in a weekly group session. 320 clock hours, 20 field hours weekly plus 2 hours of regularly scheduled group supervision per week. Prerequisites: Completion of all REHS concentration courses and program approval.

**ROTC**

**(Military Science)**

**ROTC 1201** CPR/First Aid and Marksmanship  [2-1.25]

As Scheduled
Course will examine basic first aid procedures to include evaluation of victims/casualties, cardiopulmonary resuscitation, clearing the airway, and administering first aid. The course studies healthy lifestyle habits (diet, exercise, stress reduction) promoting health and wellness. Course includes studies in the fundamentals of rifle and pistol marksmanship along with practical experience on an outdoor range. Students have the opportunity to earn both CPR and first aid certification through national organizations. Students are encouraged to participate in the ROTC early morning fitness program and leadership laboratories.

**ROTC 1202** Survival and Land Navigation Training  [2-1.25]

As Scheduled
An introduction to basic military science. Studies in basic military skills. Emphasis is placed on methods and techniques of survival and land navigation, but the course is also designed to enhance self-confidence and physical fitness through active participation in adventure training. Includes a leadership laboratory to teach these principles. An optional weekend field training exercise is offered.

**ROTC 2201** Applied Leadership and Management  [2-1.5]

As Scheduled
An application of basic leadership and management principles. The course ethics apply based on leadership skills that develop individual abilities and contribute to the building of effective teams of people. Learn the role of the U.S. Army and Army communications skills such as oral presentations, writing concisely, planning of events, coordination of group efforts, fundamentals of ROTC’s Leadership Development program. Two hours and a required leadership lab. Optional weekend field training exercises are offered.

**ROTC 2202** Intermediate Leadership and Management Techniques  [2-1.5]

As Scheduled
Learn techniques for training others as an aspect of continued leadership development. Supervisory personnel and motivational techniques are studied through placement of students in positions of small unit leaders given assigned tasks.

**ROTC 3201** Basic Army Physical Development  [3-1.25]

As Scheduled
An in-depth study of the Army's physical fitness program. From this curriculum, a student can develop a physical fitness program that best suits one's ability or physical desire. One can learn to perform individual physical assessments. Other topics include nutrition, stress management, mental fitness/performance enhancement and physical training. Includes limited outdoor physical conditioning and a leadership laboratory.

**ROTC 3202** Advanced Army Physical Development  [3-1.25]

As Scheduled
A practicum in physical development where a student applies the physical development skills learned in Basic Army Physical Development and applies them to a program that best suits the individual. The student will be tested in accordance to FM 21-20 and The Army Physical Fitness Test to determine his or her ability and AR 600-9 in attainment of a physical goal. Includes extensive outdoor physical conditioning and a leadership laboratory.

**ROTC 3401** Advanced Military Leadership  [2-3]

As Scheduled
This course introduces the student to the responsibilities, character and uniqueness of the commissioned officer as a professional. Topics include the role of the small unit leader, radio communications, advanced military leadership, tactical operations and oral communications. Weekend field training exercises are mandatory. Prerequisite: Advanced ROTC standing.

**ROTC 3402** Small Unit Tactics  [2-3]

As Scheduled
Analysis of the leader's role in directing and coordinating the efforts of individuals and platoon-sized units in the execution of offensive and defensive tactical missions, make-up and preparation of the five paragraph field order, land navigation and patrolling. Prerequisite: Advanced ROTC standing.

**ROTC 3604** Internship in Military Science  
As Scheduled
The purpose of the Advanced Camp is to train leadership and evaluate officer potential. Technical/Tactical proficiency and leadership skills will be put to the test in a carefully planned and stressful training sequence. Light infantry tactics are the individual training vehicle. Prerequisite: ROTC 3402.

**ROTC 4401** Staff Management and Responsibilities  [2-3]

As Scheduled
An examination of the garrison and administrative
responsibilities of the commissioned officer. An in-depth analysis of staff procedures, the military writing program, advanced leadership assessment and the decision-making process. Precommissioning actions will also be conducted. Weekend field training exercises are mandatory. Prerequisites: Advanced standing, ROTC 3401 and ROTC 3402.

**ROTC 4403 Advanced Military Science [2-3]**

As Scheduled
This course includes the ethical and professional responsibilities of the commissioned officer and studies the military justice system as well as the Army training system and customs and traditions of the Army from the perspective of a newly commissioned second lieutenant. Weekend field training exercises. Prerequisites: Advanced ROTC standing, ROTC 3401 and ROTC 3402.

**Russian**

**RUSS 1341 Beginning Russian [3-0]**

As Scheduled
An introductory course designed to teach students the basic elements of the Russian language. Emphasis on speaking, comprehension, writing and reading.

**Sociology**

**SOC 1313 Principles of Sociology [3-0]**

(Texas Common Course Number is SOCI 1301.)

Fall, Spring, Summer
The social group, culture and personality; social institutions; social interaction; social change. Credit Restriction: Credit may be received in only one of SOC 1313 or SOC 1387.

**SOC 1323 Current Social Issues [3-0]**

(Texas Common Course Number is SOCI 1306.)

Fall, Spring
A sociological analysis of selected social issues present in current society.

**SOC 1325 Japanese Society [3-0]**

As Scheduled
A basic survey of Japanese social structure, institutions and social history. This course is designed to familiarize students with contemporary Japanese society and culture.

**SOC 1387 Principles of Sociology (Honors Plan) [3-0]**

A sociological analysis of major concepts such as social group, culture, socialization, social interaction and group relations. The course is discussion-centered with emphasis on independent study. Credit Restriction: Credit may be received in only one of SOC 1313 or SOC 1387. Prerequisite: Admission to Honors Studies or by invitation.

**SOC 2301 Statistics for the Behavioral Sciences [3-0]**

Fall, Spring
An introduction to the procedures used in handling sociological data including frequency distributions, central tendency, variability, correlation and elementary hypothesis testing. Prerequisites: 3 hours of mathematics (except MATH 2306) and SOC 1313 and SOC 1323 or consent of instructor.

**SOC 2324 Social Psychology [3-0]**

(Texas Common Course Number is SOCI 2326.)

Fall
Principles of social psychology with sociological emphasis of symbolic interactionism. Topics include differences between humans and animals, language and symbols, human development and the instinct controversy.

**SOC 2332 Community [3-0]**

As Scheduled
A consideration of community organization and problems and strategies for change. Special attention will be given to community organization and problems in the Rio Grande Valley.

**SOC 2333 Marriage and the Family [3-0]**

(Texas Common Course Number is SOCI 2301.)

Fall, Spring
A study of problems and an analysis of the factors contributing to successful marriages with study of surveys that have been made of this aspect of the social relations of men and women.

**SOC 3301 Methods of Social Research [3-0]**

Spring
Use of scientific method in social research; formulation of research designs, hypothesis testing, sampling, interviewing, observation, coding, use of documents, questionnaires and scales. Emphasis on interpretation of social data. Prerequisites: SOC 1313 and SOC 2301 or consent of instructor.

**SOC 3310 Sports and Society [3-0]**

Fall, Spring
This course investigates the relationship between sports and society by examining the role and impact of agents of socialization such as the family, the peer group and the mass media on athletes and their personalities. This course also explores the issues of racism, sexism and violence in various sports. The assumption that sports builds character will be examined along with cultural issues such as deviance, retirement and competition.

**SOC 3324 Sociology of Health [3-0]**

As Scheduled
Analysis of basic problems in the maintenance and preservation of health and delivery of health care services by social class. Focus is on environmental causes of disease; social-psychological response to illness; and family cohesion, strain and resources as affected by illness. Prerequisite: 3
hours of sociology or consent of instructor.

SOC 3326 Contemporary Issues in Social Psychology [3-0]
As Scheduled
A review and discussion of recent issues and advances in social psychology. This course will focus on contemporary concerns with regard to both theory and research in the laboratory and the community. Prerequisite: PSY 2324 or SOC 2324.

SOC 3333 Urban Sociology [3-0]
As Scheduled
The culture, history and growth patterns of cities; demographic, ecological patterns and trends. Problems of housing and community organization. Prerequisite: SOC 1313 or consent of instructor.

SOC 3343 Social Issues in Japan [3-0]
As Scheduled
An examination of the social issues that Japanese society is facing in its attempt to maintain ancient traditions while changing into a post-industrial society. Prerequisites: SOC 1313 and SOC 1325, or consent of instructor.

SOC 3344 Societies in Global Perspective [3-0]
Spring
The course is rotated to examine the cultures of Asia, Africa and Latin America, with one of these regions as the focus of study in any particular semester. The course looks into cultures of various societies in terms of their social institutions such as language, religion, education, family, customs, traditions, etc., in contemporary and historical perspective and how such institutions provide the value system that is subsequently internalized in the socialization process and become part of the personality.

SOC 3363 The Sociology of Religion [3-0]
The sociological study of religion has traditionally been an important part of sociology since the beginning of sociology as an academic discipline. This course will focus on the way religion functions in society and its various forms throughout the world.

SOC 3393 Sociology of Aging [3-0]
As Scheduled
Analysis of the basic problems faced by the aged within a social context. Within an institutional framework, focus is on health, income, work, religion, leisure and interpersonal relationships of the aged. Prerequisite: 3 hours of sociology or consent of instructor.

SOC 4310 Gender in a Global Perspective [3-0]
As Scheduled
An exploration of the sociological meaning of gender and gender roles in contemporary society. The focus is on the status of women vis-à-vis that of men in the institutional structure: family, marketplace, school and political-legal arena. The nature and causes of sex role differentiation, of changing sex roles and the future of sexual equality will be discussed. Previous Course Numbers: SOC 4311 and PSY 4311; a student may receive credit in only one course. Prerequisite: 6 hours of sociology or consent of instructor.

SOC 4313 American Minorities [3-0]
Fall, Spring
An analysis of intergroup relations among minority groups and the dominant group with special focus on patterns of conflict, change, adjustment, power and inequality among such groups. Some in-depth description of the problems and characteristics of major American minorities. Prerequisite: 6 hours of sociology or consent of instructor.

SOC 4314 Sociology of Deviance [3-0]
Spring
The nature and extent of deviancy examined through a review of theory and research on deviant behavior. Selective examination of particular types of individual and subcultural deviance (e.g., homosexuality, physical handicaps, prostitution). Prerequisite: 6 hours of sociology or consent of instructor.

SOC 4320 The Sociology of the Family [3-0]
A comparative historical approach will be used to examine sociological issues concerning the family in contemporary America. An in-depth analysis will focus on many of the social problems that affect the most important social institution in society.

SOC 4323 The Mexican-American People [3-0]
Fall, Spring
Presents an examination of the Mexican-American's economic status, cultural values, style of life, educational attainment, family status and political participation as affected by current socio-economic conditions and their historical antecedents. Prerequisites: 6 hours of sociology and/or anthropology or consent of instructor.

SOC 4325 Cultural Sociology [3-0]
The rise of cultural sociology has been one of the most important developments in recent American social science. This course will introduce the student to one of the most popular and important new areas within sociology. The major lines of inquiry: text, code, production, reception and culture in action, which have made cultural sociology flourish in the past 10 years, will be examined. This will be accomplished by relying on the mass media as a concrete and shared mechanism through which culture is produced, received and put into action. This class will use movies, television, magazines, newspapers and the recording industry extensively as sources for examination and analysis of major and timely cultural themes.

SOC 4326 Population and Society
As Scheduled
This course will address the issues of human populations by studying the social processes of births, deaths and migration. The course will study the so-called “population explosion” in developing societies and look as to how the population
increase in these societies is affecting the social institutions such as education, the family, government, etc. These and other related questions will be addressed. Prerequisite: SOC 1313.

SOC 4333 Social Theory [3-0]  
Spring  
A survey of historical development and the theories of major sociologists. Prerequisite: 9 hours of sociology or consent of instructor.

SOC 4352 Social Inequality [3-0]  
Fall, Spring  
A discussion of research, concepts and theory related to inequality in social life, its causes and consequences. The social order of relations between the affluent and the poor and how inequality among the social classes is built into the culture and institutions of society (e.g., government, economics, religion, family). Prerequisite: SOC 1313 or consent of instructor.

SOC 4360 Sociology of Education [3-0]  
As Scheduled  
Social and institutional organization of education and the profession of teaching. Class, ethnic and other social factors affecting the educational process and the effect of educational institutions and practices on the community and society. Prerequisite: SOC 1313 or consent of instructor.

SOC 4380 Social Protest and Social Movements [3-0]  
As Scheduled  
An investigation of the careers of protest and movement organizations. Special attention is directed to the structure of these organizations and the dilemmas and problems they encounter. Case studies are included. Prerequisite: SOC 1313 or consent of instructor.

SOCW 1313 Introduction to the Social Work Profession [3-0]  
Fall, Spring, Summer  
Traces the philosophy and historical development of social work, reflecting its social welfare European roots and its historical evolution in America. A general overview of the social work profession, functions and services as they relate to various fields of practice will be studied. Volunteer work in the community will be required. Previous Course Title: Introduction to Social Work; a student may not repeat the course for credit. Prerequisite: 3 hours of psychology or sociology or consent of instructor.

SOCW 2301 Statistics for the Human Services [3-0]  
Fall, Spring  
This course orients the students to basic statistics concepts and procedures that are needed for generalist social work practice. Students learn techniques for data analysis using chi-square, t-test, Pearson Correlation Coefficient, and ANOVA. Additionally, students use statistical software to compute inferential statistics.

SOCW 2314 The Social Welfare Institution [3-0]  
Fall, Spring  
This course is a continuation of the introductory level course with emphasis on the social welfare institution, its laws, societal responses and parallel social work services. Specific welfare legislation and programs that impact the profession of social work will be examined. Previous Course Title: Social Welfare Legislation; a student may not repeat the course for credit.

SOCW 3314 Social Welfare Policy and Programs [3-0]  
Fall, Spring  
Examines economic, political, intellectual, sociocultural, leadership, values and ideologies and other such factors that shape social welfare policy, programs and services. Addresses various frameworks for studying social policy and examines the roles of policy-makers, process of social change and the role of the social worker as a facilitator of change. Previous Course Number: SOCW 4313; a student may receive credit in only one course. Prerequisites: SOCW 1313 and SOCW 2314.

SOCW 3321 Human Behavior and the Social Environment I [3-0]  
Fall, Spring  
Designed to provide the students with an understanding of human behavior and the social environment as a continuation of SOCW 3321 with emphasis on the later years of the life span with implications for social work practice. Prerequisites: SOCW 1313, 6 hours in sociology and/or psychology, and SOCW 3321 or consent of instructor. Previously SOCW 2324.
SOCW 3323 Social Work Practice I [3-0]  
As Scheduled  
Fall, Spring  
Through classroom and community work, the student examines some of the necessary knowledge, attitudes, values and skills upon which problem-solving is based and learns how the generalist approach to practice is basic to all service-giving in social work. Previous Course Title: Methods in Social Work Practice; a student may not repeat the course for credit.  
Prerequisites: SOCW 1313, SOCW 2314 and SOCW 3321.

SOCW 3333 Special Topics in Social Work Issues [3-0]  
As Scheduled  
An analysis of conceptual frameworks, content, laboratory experiences and research opportunities in current social issues with particular relevance to our community, requiring the social worker’s intervention, problem-solving knowledge, values and skills, and preparing the social work student and other helping professionals for interdisciplinary collaboration in achieving effective social change objectives. Sequential registration for up to 6 hours is permitted as topics vary. Topics will vary according to timeliness of issues, student demand and availability of faculty.

SOCW 3334 Social Work Practice with the Aging Family [3-0]  
As Scheduled  
Students will study interviewing, assessment and intervention, demographics of an aging population in America, roles and functions of families, the quality of life of the elderly, societal and cultural issues for older adults, supportive resources and networks as well as services for the aged and their family members. The generalist approach is applied to work with older clients through case examples and community assignments.

SOCW 3335 Women’s Issues in Social Services  
This course examines societal realities affecting women as individuals, as members of ethnic groups, as clients, and as social workers. The curriculum focus is given on intervention strategies that empower women and seek to adequately address the needs of women as individuals, clients and as social work practitioners.

SOCW 3342 Substance Abuse and the Family [3-0]  
As Scheduled  
Provides an introduction to the basic dynamic nature of the substance-abusing family, including structures, relationships and development in the process of its societal evolution. The function of the family as a socialization agent will be studied. Focus will be given to value transmission, learning patterns of interaction, impact on varieties of relationships and coping styles. Prerequisite: Junior standing or consent of the instructor.

SOCW 3345 Occupational Social Work [3-0]  
As Scheduled  
This course is designed to examine the social worker’s role within industrial and occupational settings. The course will examine the work environment and its linkages to the individual, the family and the community. Various models of employee social service programs, e.g., employee assistance programs, job well being and enhancement programs, and on-site counseling models, will be studied. Previous course Title: Industrial Social Work; a student may not repeat the course for credit.

SOCW 3350 Groups in Social Work [3-0]  
As Scheduled  
Provides a general orientation to small groups in social work practice. Students will examine the values, objectives and principles of social work group practice. Through classroom participation, the various group theories, concepts, dynamics and processes will be experienced. Focus will be on group leadership and development of self-awareness to illustrate the worker’s role in facilitating the processes of group and individual development. Prerequisite: Junior or consent of the instructor.

SOCW 3351 Schools in Social Work  
Examines the major social issues confronting education, as well as how school social workers can interface with educators to address the problems of student absenteeism and underachievement, and the violence, racism, and discrimination that are perpetuated by and against students. The roles and functions of school social workers are described. Prerequisite: Junior standing or consent of instructor.

SOCW 4301 Social Work Practice II [3-0]  
Fall, Spring  
Designed to provide social work students with knowledge of direct practice with families and small groups using the problem-solving approach. Students will selectively use concepts and techniques from various models, e.g., systems perspective, psychosocial theory, behavior modification and family-focused work as frameworks to develop strategies in clinical and cross-cultural intervention. A student may receive credit in only one course. Prerequisite: SOCW 3323.

SOCW 4302 Social Work Practice III [3-0]  
Fall, Spring  
This course provides students with knowledge of direct practice with communities and large organizational systems. Students learn how to apply the problem-solving process to bring about social and economic justice. A student may receive credit in only one course. Prerequisite: SOCW 3323.

SOCW 4311 Research for the Social Services [3-0]  
Fall, Spring  
This course introduces students to the scientific method and how it is used by social workers to effect social change, improve the delivery of social services and to evaluate practice. This course was previously listed as SOCW 3353. A student may receive credit in only one course.
SOCW 4320 Social Work in Health Care [3-0]
As Scheduled
This course focuses on the health care system, clients as consumers of health and health care issues as they relate to social work practice. An examination of health-related settings and the diverse skills, roles and functions of social workers will be studied within a team intervention approach with emphasis on gender, ethnic and cultural aspects of health care.

SOCW 4321 Domestic Violence in Society [3-0]
As Scheduled
The purpose of this course is to examine the phenomenon of domestic violence. Students will study the family structures in which violence occurs, the range (from verbal abuse to homicide) and its extent in society, and the various attitudes toward it. Understanding of the basic theories of violence, identification of support services and systems for victims of domestic violence, and development of basic communication skills for assisting the victims will be expected of the student.

SOCW 4352 Substance Abuse Counseling in the Community [3-0]
As Scheduled
Patterns of street substance abuse, community education and agency consultation, resource evaluation of such support systems as AA, halfway houses, networking, divergency programs, therapy with the abuser and family are emphasized as follow-up and outreach social work intervention at the community level. Counseling processes studied will include vocational rehabilitation. Cultural assessment, evaluation of treatment effectiveness and legal-ethical issues will be examined in the context of social service delivery.

SOCW 4353 Integrative Field Seminar
This course is taken concurrently with SOCW 4619 Field Education. A seminar format facilitates the intern’s integration of the field education experience and the program’s generalist curriculum. Emphasis is placed on linking classroom learning with practice in the field and integrating theory with professional practice. Field practicum situations and issues are used for discussion and analysis.

SOCW 4619 Field Education
Fall, Spring
This course requires a minimum of 480 hours (four days a week for one semester) of in-the-field experiences in established social agencies or community settings under joint supervision of the agency social worker and a Department of Social Work faculty member. SOCW 4619 is taken concurrently with SOCW 4353. Prerequisites: Approval by the Office of Field Instruction.

Spanish

MCLL 2301 Special Topics in Modern/Classical Literature [3-0]
This special topics course explores the literary manifestations of the Classical and Modern world. Using a historical approach to the study of literature, the students examine the evolution of literary genres or movements in Classical and Modern cultures. The objective of this course is to expand the student’s knowledge of the human condition and human cultures, especially in relation to behaviors, ideas and values expressed in literary works.

SPAN 1301 Beginning Spanish [3-0]
(Texas Common Course Number is SPAN 1313.)
Fall, Spring, Summer
A course designed to develop the ability to understand, speak, read and write the Spanish language. Open only to persons who are monolingual. Credit Restriction: A student may receive credit in only one of SPAN 1301, SPAN 1303 or SPAN 1387.

SPAN 1302 Beginning Spanish [3-0]
(Texas Common Course Number is SPAN 1314.)
Fall, Spring, Summer
A continuation of SPAN 1301. Credit Restriction: A student may receive credit in only one of SPAN 1302, SPAN 1304 or SPAN 1388. Prerequisite: SPAN 1301.

SPAN 1303 Beginning Spanish [3-0]
(Texas Common Course Number is SPAN 2313.)
Fall, Spring, Summer
A course designed to develop the ability to read and to write the Spanish language. For students who are bilingual. Credit Restriction: A student may receive credit in only one of SPAN 1301, SPAN 1303 or SPAN 1387.

SPAN 1304 Beginning Spanish [3-0]
(Texas Common Course Number is SPAN 2315.)
Fall, Spring, Summer
A continuation of SPAN 1303. Credit Restriction: A student may receive credit in only one of SPAN 1302, SPAN 1304 or SPAN 1388. Prerequisite: SPAN 1303.

SPAN 1387 Beginning Spanish (Honors Plan) [3-0]
As Scheduled
A beginning Spanish course designed to meet the needs of Honors students interested in learning to read and write Spanish fluently at an accelerated pace. Some readings and culture will be introduced. Open to students needing systematic introduction to the Spanish language. Credit Restriction: A student may receive credit in only one of SPAN 1301, SPAN 1303 or SPAN 1387.

SPAN 1388 Beginning Spanish (Honors Plan) [3-0]
As Scheduled
A beginning Spanish course designed to meet the needs of
Honors students interested in learning to read and write Spanish fluently at an accelerated pace. Some readings and culture will be introduced. Open to students needing systematic introduction to the Spanish language. Credit Restriction: A student may receive credit in only one of SPAN 1302, SPAN 1304 or SPAN 1388.

SPAN 2307 Intermediate Spanish for Native Speakers [3-0]
(Texas Common Course Number is SPAN 2311.)
Fall, Spring, Summer
A comprehensive review of Spanish grammar with special emphasis on writing. Prerequisite: SPAN 1304.

SPAN 2308 Intermediate Spanish for Native Speakers [3-0]
(Texas Common Course Number is SPAN 2312.)
Fall, Spring, Summer
A continuation of SPAN 2307. Prerequisite: SPAN 2307.

SPAN 3301 Spanish Literature (from 1100 to 1750) [3-0]
As Scheduled
A survey of the literature of Spain from El Cid to the middle of the 18th century. Prerequisite: SPAN 2308.

SPAN 3302 Spanish Literature (1750 to the present) [3-0]
As Scheduled
A survey of the literature of Spain from Romanticism to the Modern period. Prerequisite: SPAN 2308.

SPAN 3303 Advanced Spanish Composition [3-0]
As Scheduled
Intensive training in Spanish composition. Prerequisite: SPAN 2308.

SPAN 3304 Advanced Spanish Composition [3-0]
As Scheduled
Additional work in composition. Prerequisite: SPAN 2308.

SPAN 3306 Basic Concepts of Spanish Phonetics and Phonology [3-0]
As Scheduled
An analysis of the phonetic and phonological system of Spanish with special emphasis on the relationship between the phonetic system and writing. Prerequisite: SPAN 2308.

SPAN 3309 Techniques of Literary Analysis [3-0]
As Scheduled
A study and practical application of the fundamentals of literary criticism. Several different approaches to literary analysis will be presented in order to construct a solid basis for the interpretation of literature. Prerequisite: SPAN 2308.

SPAN 3310 Masterpieces of Spanish-American Literature I [3-0]
As Scheduled
An investigation of the literary works of the principal narrators, poets and dramatists of Spanish America from the beginnings of Spanish colonialism to modernism. Analysis of form and content and study of the historical background and literary currents in each work. Prerequisite: SPAN 2308.

SPAN 3311 Masterpieces of Spanish-American Literature II [3-0]
As Scheduled
An investigation of the literary works of the principal narrators, poets and dramatists of Spanish America from modernism to the present. Analysis of form and content and study of the historical background and literary currents in each work. Prerequisite: SPAN 2308.

SPAN 3316 The Mexican Novel [3-0]
As Scheduled
The study of the major novels of Mexico. Prerequisite: SPAN 2308.

SPAN 3330 Spanish Grammar [3-0]
As Scheduled
A study of grammatical concepts with concentration on basic sentence structure, the paragraph, principles of punctuation and functional grammar. Course designed for Spanish majors and minors as well as those interested in bilingual endorsement. Prerequisite: SPAN 2308. Prerequisites for aspirants to bilingual/bicultural endorsement: SPAN 2308 and ENG 3319.

SPAN 3334 Business Spanish [3-0]
As Scheduled

SPAN 4303 Spanish Civilization [3-0]
As Scheduled
A survey course covering the entire range of Iberian history outlining the major differences between Spanish culture and the cultures of other Western nations. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4304 Spanish Lyric Poetry [3-0]
As Scheduled
A survey of lyric poetry from the beginning to the present. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4305 Cervantes [3-0]
As Scheduled
A study of the principal works of Miguel de Cervantes with particular emphasis on Don Quixote. Given in Spanish. Prerequisite: SPAN 2308.
SPAN 4306 History of the Spanish Language [3-0]
As Scheduled
A detailed study of the Spanish language from the beginning to the contemporary period. Historical aspects of each period will be discussed to relate the contributions of different people whose language contributed to the development of the Spanish language. Prerequisite: SPAN 2308.

SPAN 4307 Spanish-American Novel [3-0]
As Scheduled
Begins with a study of literary and historical influence in the 19th century Spanish-American Gaucho and Costumbrista novels and those showing European influence: Guiraldes, Blest Gana, Gamboa. Examination of recent literary trends: Mallea, Sabato, Roa Bastos, Vargas Llosa. Prerequisite: SPAN 2308.

SPAN 4308 Medieval Spanish Literature [3-0]
As Scheduled
A study of the principal literary works of Spain from El Cid to the Romancero. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4309 Contemporary Spanish Literature [3-0]
As Scheduled
A study of the principal literary works of Spain from the Generation of 1898 to the present. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4311 Mexican Literature I [3-0]
As Scheduled
A study of the principal works of Mexican literature beginning with the period of the Spanish conquest until 1850. Prerequisite: SPAN 2308.

SPAN 4316 Problems and Issues Related to Language [3-0]
As Scheduled
Concentrated study of language theory, language acquisition, functions and role of language in society, and current trends and problems related to the topic. Prerequisite: SPAN 2308.

SPAN 4317 Golden Age Prose [3-0]
As Scheduled
A critical study of the most representative prose works of Golden Age Spain. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4318 Theater and Poetry of the Golden Age [3-0]
As Scheduled
Study of the principal dramatists and poets of the Golden Age such as Lope de Vega, Tirso de Molina, Juan Ruiz de Alarcon, Garcia de la Vega, Fernando de Herrera, Luis de Gongora and others. Prerequisite: SPAN 2308.

SPAN 4325 Caribbean Literature [3-0]
As Scheduled
A critical review and analysis of Caribbean literature with emphasis on the literary techniques and the cultural reflection in the literature.

SPAN 4329 Mexico’s Contemporary Literature [3-0]
As Scheduled
An investigation of Mexico’s latest literature taking into account the psychological effects stemming from the industrial surge, the problems of the migration of the poor, the rebirth of the malinchista spirit, the new identity and the erosion of old traditions in the last two decades. Prerequisite: SPAN 2308.

SPAN 4331 Problems in Grammar, Dialects and Language Performance [3-0]
As Scheduled
A study of the second language learner’s transition from regional Spanish to standard English. Emphasis on the particular characteristics of the English and Spanish dialects of the region and the manner in which they interrelate. The course will treat theory already learned as well as that presented in the course in the light of practical methodological tools. Prerequisite: SPAN 2308.

SPAN 4335 Spanish-English Legal Translation [3-0]
As Scheduled
Intensive practice in the translation from Spanish to English of contracts and government regulations, as well as texts relating to both civil and criminal court cases and extracts from the civil registries of Hispanic countries. Prerequisite: SPAN 2308.

SPAN 4336 Grammar and Composition [3-0]
As Scheduled
The study of the Spanish language applicable to the concerns of secondary school classroom teachers and the acquisition of skills and knowledge essential to testing and teaching advanced grammar and composition are the goals of this course. Prerequisite: SPAN 2308.

SPAN 4337 Eighteenth Century Spanish Literature [3-0]
As Scheduled
A survey of the literature of Spain covering the neoclassic from Feijoo to Fernandez de Moratin. Prerequisite: SPAN 2308.

SPAN 4338 Nineteenth Century Spanish Literature [3-0]
As Scheduled
A survey of the literature of Spain covering the two main literary movements: Romanticism and Realism. Prerequisite: SPAN 2308.

SPAN 4339 The Spanish-American Short Story [3-0]
As Scheduled
A study of the evolution of this genre in Spanish-American literature themes, techniques and literary movements will be investigated. The writers studied in this course will include: Echeverria, Palma, Gutierrez Najera, Quiroga, Borges, Garcia Marquez, Fuentes and others.
SPAN 4340 The Spanish-American Essay [3-0]
As Scheduled
A study of this genre in Spanish-American literature. Themes, content, style and literary movements will be studied. The writers studied in this course will include: Andres Bello, Justo Sierra, Antonio Caso, Vasconcelos, Samuel Ramos, Alfonso Reyes, Altamirano, Octavio Paz, Leopoldo Zea and others.

Special Education

SPED 1305 Introduction to the Exceptionalities [3-0]
Fall, Spring, Summer
Focus of this course will include the identification and analysis of characteristics of exceptional individuals. This includes various characteristics of the exceptionalities and the educational and treatment needs through the lifespan. Historical and current social, cultural, legal, educational, and professional topics related to the development of special education will be covered. Course may be taken without admission into the College of Education.

SPED 2304 Computer Applications and Adaptations for Individuals with Disabilities [3-0]
Fall, Spring
The focus of this course will be adapting computer software and equipment to meet the educational needs of individuals with disabilities. Prerequisite: CSCI 1300 or CIS 1301 or consent of instructor. Course may be taken without admission into the College of Education.

SPED 3301 Inclusion of the Exceptionalities [3-0]
Fall, Spring, Summer
The content of this course includes modifications, adaptations, strategies, and materials for including individuals with exceptionalities into the regular education classroom. Field experiences are required. (Field-Based Approved Course.)

SPED 3302 Theories of Learning Disabilities [3-0]
Fall, Spring, Summer
This course surveys the theories basic to the study of learning disabilities. The course emphasizes the inactive learner theory and related cognitive and metacognitive learning strategies. Prerequisite: SPED 1305 or SPED 4372 or consent of the instructor.

SPED 4300 Testing and Assessment of Exceptional Individuals [3-0]
Fall, Spring, Summer
The content of this course will include norm and criterion referenced measures, systematic observational procedures and clinical observation techniques. There will be an emphasis on the assessment of individuals with disabilities who are at variance linguistically and socioculturally. Field experiences are required. (Field-Based Approved Course.) Prerequisite: SPED 1305 or SPED 4372.

SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities [3-0]
Fall, Spring, Summer
This course will include topics such as learning styles, cooperative learning, whole language, manipulatives, materials and strategies for teaching individuals with disabilities. Field-based experiences are required. Prerequisite: SPED 1305 or SPED 4372 or consent of instructor.

SPED 4303 Theories of Social Competence and Behavioral Interventions [3-0]
Fall, Spring, Summer
The content of this course includes the diverse intervention processes and theories in social skills intervention, behavior modification, cognitive-behavioral strategies and crisis prevention intervention. Field experiences are required. Prerequisite: SPED 1305 or SPED 4372 or consent of instructor.

SPED 4309 Program Planning of Secondary Special Education [3-0]
Fall, Spring
This course will address the needs of secondary special education students, including vocational and career assessment, vocational programming, and transitional planning. Field experiences are required. (Field-Based Approved Course.) Prerequisite: SPED 1305 or SPED 4372 or consent of instructor.

SPED 4372 Individual Differences [3-0]
Fall, Spring, Summer
The content of this course will include the nature of individual differences with emphasis on the learning characteristics and application of research and theory to special education programs. There will be an emphasis on psychological, sociocultural and physical characteristics of exceptional individuals. Analysis of major research regarding contemporary trends, issues and programs for exceptional individuals will be presented. Prerequisites: SPED 1305, SPED 4302, SPED 4303, SPED 4309, SPED 4371 or approval of instructor.

Statistics

STAT 2330 Survey of Elementary Statistics [3-0]
As Scheduled
This course is intended to provide students with an elementary overview of the mathematical nature and uses of descriptive and inferential statistics. Topics include the definition and fundamental theorems concerning measures of central tendency and dispersion, empirical and theoretical concepts of probability, the central limit theorem, tests of hypotheses, interval estimation, chi-square tests, and regression and correlation. Equivalent Course: MATH 2330; credit may be received for only one course. Prerequisite: MATH 1334 with a grade of “C” or better or satisfactory score on ACT or placement exam.
STAT 3337  Applied Statistics I  [3-0]
As Scheduled
This course concerns itself with probabilistic models, regression analysis, nonparametric statistics and the basics of experimental design. Computer laboratory experience will be an important part of the course. Equivalent Course: MATH 3337; credit may be received for only one course. Prerequisites: Junior standing and either MATH 1340 or MATH 1321. It is highly recommended that the student have some knowledge of statistics such as is offered in STAT 2330.

STAT 4336  Sampling  [3-0]
As Scheduled
This course surveys the basic elements of sampling, including concepts of population and sample, the organization of a sample survey, coverage content error, questionnaire design, basic survey designs and computation of estimates and variances. Prerequisite: STAT 3337 or MATH 3337.

FILM STUDIES

Although UTPA does not have a formal program leading to a degree in Film Studies, a number of faculty members offer courses on films. The courses are listed below:

COMM 3316  Intercultural Communication
An examination of communication behaviors across cultural lines that uses major films (e.g., Passage to India, Witness, and Merry Christmas, Mr. Lawrence) to illustrate and demonstrate those behaviors. Offered once every three semesters.

COMM 6360  Historical Studies in Mass Media
A graduate seminar that uses film and television to examine different “topics” in communication. Topics include “Film and Television as Propaganda,” and “Political Communication.” Offered once every three semesters.

A special topics course that is designed to introduce students to the use of feature films as historical evidence. The goal is to teach students how to “read” films as historical documents. The focus is on popular U.S. films since 1930 that offer social commentaries on their times. Six themes are examined: 1) War; 2) Technology and Conformity; 3) Mass Politics; 4) Poverty and Affluence; 5) Rebellion; and 6) Oppression.

POLS 3318  (Special Topics in Political Science):
The Political Film
Offered during the fall semester of odd-numbered years. This course explores how films have addressed various political topics, including such issues as racism and sexism politics and corruption, crime as a metaphor for the U.S. political system, individual autonomy vs. institutional obligations and the concept of community.

Due to graphic file size, this photo has been removed.

A hard copy of the catalog in its entirety is available at the Office of Admissions & Records.
[3-0] or [3-0-12] (for example)
Regularly scheduled classes at UT Pan American have prescribed contact hours (the actual number of hours each week a student will spend in lecture, laboratory and/or clinical sessions for that class) that are shown in brackets to the right of the course title in each department's course listings. The first number denotes the number of lecture contact hours; the second number denotes the laboratory contact hours; and a third number, if included, is the number of clinical contact hours. These numbers apply to the courses as they are scheduled for the fall or spring semester. Summer weekly contact hours will be adjusted to compensate for the shorter duration of the semester.

Examples:
- [3-0] The class will have 3 hours of lecture per week.
- [2-3] The class will meet for 2 hours of lecture and 3 hours of laboratory per week.
- [3-0-12] The class will have 3 hours of lecture and 12 hours of clinical experience each week.

Accreditation – college or university
A college or university in the United States is considered accredited if it is recognized by one of the following regional accrediting agencies:
- Middle States Association of Colleges and Schools
- New England Association of Schools and Colleges
- North Central Association of Colleges and Schools
- Northwest Association of Schools and Colleges
- Southern Association of Colleges and Schools
- Western Association of Schools and Colleges

Accreditation – high school
A high school in Texas is considered accredited if it is recognized by the Texas Education Agency (TEA). High schools outside of Texas are considered accredited if they are recognized by their state accreditation agency.

Advanced-level Work
Courses numbered 3000-4000 are advanced or upper-division courses. Courses numbered 3000 are designated as junior level, and 4000-numbered courses are designated as senior level. Approval of the department chair or dean of the college is required for enrollment in advanced-level courses by students who have not reached junior standing. Students who have not passed all portions of the TASP exam may not enroll in any advanced-level coursework if, upon completion of the work, the student would have completed 60 or more hours.

Attempted Hours
Attempted hours are the total number of hours for courses that a student has attempted, including failing grades such as “F,” “DF” and “WF.” Repeated courses, failing grades over seven years old, incomplete grades and credit (“CR”) grades are not included in attempted hours at the undergraduate level.

Census Date
The official census date for The University of Texas-Pan American is the 12th class day for regular fall and spring semesters or the fourth class day for summer sessions.

Common Course Number
If the course is generally equivalent to other lower-division courses taught at universities and community colleges within the state, the Texas Common Course Number is shown in the course description for informational purposes. See pages 20-21 for further information.

Contact Hours
Number of regularly scheduled hours per week that a lecture, laboratory or clinical experience is scheduled to meet during a long semester. (See [3,0] above.)

Dean’s List
After each regular semester, a Dean’s List is published listing the names of all undergraduate students enrolled in a minimum of 12 college-level hours who have a grade point average of 3.5 or better for courses taken that semester. A Dean’s List is not produced during the summer sessions.

Designated Electives
Students have choices within the category of designated electives but must complete the required number of courses or hours from those specified.

Elective Hours
Required semester hours for which specific courses are not prescribed are listed as elective hours.

Entering Freshman
A student admitted as an Entering Freshman has not attended any accredited college or university.

Full-time Graduate
A graduate student who is enrolled for at least 9 hours of credit during a regular semester, or at least 4 hours of credit during a summer session, is considered full-time.

Full-time Undergraduate
An undergraduate student who is enrolled for at least 12 hours of credit during a regular semester, or at least 6 hours of credit during a summer session, is considered full-time.

Half-time Graduate
A half-time graduate student is one who is enrolled for 6-8 hours of credit during the regular semester or 3 hours of graduate credit during a summer session.

Half-time Undergraduate
A half-time undergraduate student is one who is enrolled for
6-11 hours of credit during the regular semester or 3 hours of credit during a summer session.

**Hours**
College credit at UT Pan American is measured in terms of semester credit hours. Ordinarily, a class that meets one 50-minute period per week for a regular semester will carry a credit of 1 hour. The majority of classes meet three periods or their equivalent each week and carry 3 hours of credit. Two or 3 laboratory hours per week are usually required for 1 hour of laboratory credit.

**Leveling Work**
Coursework designed to eliminate deficiencies in educational background of students admitted or being considered for admission to a graduate program is called Leveling Work. (Graduate programs are designed on the assumption that students have a common body of knowledge.)

**Maximum Course Load**
The normal load for a full-time graduate student is 9 hours in a regular semester. A master’s degree student may be permitted to enroll for 15 hours with the approval of his or her graduate advisor and the dean of the college. Normal load for a master’s degree student during a summer session is 4 hours, with up to 9 permitted with the approval of the graduate advisor and the dean of the college. A doctoral student must have advance approval from the associate vice president for Academic Affairs or his or her designee to register for more than 12 hours.

**MTEL**
The MTEL (Michigan Test of English Language) is one of the two major English language proficiency tests for non-native speakers of English. The other exam is the TOEFL, Test of English as a Foreign Language. Only the TOEFL is administered at UT Pan American.

**Prerequisite**
A course listed with a prerequisite means that specified requirements must be met before one can enroll in the course. Specific prerequisites are listed in course descriptions.

**Probation**
Students are placed on scholastic probation when they fail to achieve the required overall grade point average. Students may be placed on disciplinary probation for infraction of any University regulation. In either case, they must satisfy specific requirements before they can return to a non-probationary status. For further information, refer to the section in this catalog on Scholastic Probation and Suspension on page 42 for undergraduate students and to the Graduate Catalog for graduate students. The Student Conduct and Disciplinary Code is discussed on page 56.

**Regular Semester**
A regular semester is any 15-week fall or spring semester.
Abraham, John P., Associate Professor, Department of Computer Science; Networking; EdD, University of Houston, 1986.

Adair, Penelope A., Assistant Professor, Department of History and Philosophy; History; PhD, University of California at Santa Barbara, 1993. (Pending)

Ahmad, Hassan, Associate Professor, Department of Chemistry; Biochemistry; PhD, Aligarh Muslim University, 1983.

Alamia, Alfonso J., Assistant Professor, Department of Psychology and Anthropology; Psychology; Developmental, Adolescence, Behavior Modification, Bilingual Testing; PhD, University of New Mexico, 1985.

Aldridge, James W., Jr., Professor, Department of Psychology and Anthropology; Psychology; Perception, Cognition, Memory; PhD, State University of New York at Binghamton, 1976.

Alexander, Steven A., Assistant Professor, Department of Physics and Geology; Gamma Ray Analysis; PhD, The University of Texas at Austin, 1982.

Alianak, Sonia, Lecturer, Department of Political Science; Comparative Government, International Relations, American Government; PhD, The University of Texas at Austin, 1987.

Allison, Margaret R., Assistant Professor, Department of Computer Information Systems and Quantitative Methods; Computer Information Systems; MEd, University of Houston, 1976.

Allison, Terry C., Professor, Department of Biology; Parasitology, Marine Zoology; PhD, Texas A&M University, 1967.

Alvarado, Frances E., Lecturer, Department of Mathematics; MEd, The University of Texas-Pan American, 1994.

Alvarado, Jose F., Lecturer, Department of Mathematics; Curriculum and Instruction; MA, Texas A&M University, 1983.

Alvarado, Victor, Professor, Department of Educational Psychology; Educational Leadership, Guidance and Counseling; EdD, Western Michigan University, 1976.

Ambriz, Frank, Clinical Assistant Professor and Interim Chair, Physician Assistant Studies Program; Pediatrics, Pulmonology, Internal Medicine; BS, The University of Texas Medical Branch-Galveston, 1979.

Anderson-Mejas, Pamela, Associate Professor, Department of English; Applied Linguistics, Second Language Acquisition; PhD, Indiana University, 1980.

Ardalani, Elvia G., Lecturer, Department of Modern Languages and Literature; Spanish; EdD, Texas A&M University, 1986.

Arizmendi, Lydia, Assistant Professor, Department of Social Work; Generalist Social Work Practice and Macro Practice; JD, University of California, 1998; MSW, University of Michigan, 1973.

Arnold, Bill R., Professor, Department of Psychology and Anthropology; Psychology; Counseling and Rehabilitation, Clinical Neuropsychology; PhD, North Texas State University, 1976.

Arnold, Sharon T., Lecturer, Department of Mathematics; Mathematics, Computer Science; MA, North Texas State University, 1977.

Assefa, Zewdineh, Associate Professor, Department of Economics, Finance and General Business; Finance; PhD, University of Illinois, 1980.

Atamian, Rubik, Assistant Professor, Department of Accounting and Business Law; Accounting; PhD, The University of Texas at Austin, 1984.

Avellan, George, Professor, Department of Management, Marketing and International Business; Associate Vice President for Academic Affairs for Graduate Programs and Research; Marketing; PhD, University of Oklahoma, 1975.

Bacchus, Donna, Clinical Specialist, Department of Nursing.

Baek, Young H., Assistant Professor, Department of Economics and Finance; International Finance; PhD, University of South Carolina, 1999.

Barrett, James Edwin, Assistant Professor, Department of School Administration and Supervision; PhD, University of California, Santa Barbara, 1992.

Bastida, Elena, Professor, Department of Sociology; Aging, Theory, Gender Roles; PhD, University of Kansas, 1979.

Behar, Stella, Associate Professor, Department of Modern Languages and Literature; French; PhD, University of California, Los Angeles, 1991.

Ben Ghalia, Mounir, Assistant Professor, Department of Engineering; Electrical Engineering; Systems Modeling and Robust Control, Robotics, Neural Networks, Knowledge-Based Systems; PhD, Tennessee Technological University, 1995.
Bernal, Ernesto, Professor, Department of Educational Psychology; Educational Psychology, Personality, Social and Developmental, Gifted Education, Unbiased Assessment, Bilingual Education; PhD, The University of Texas at Austin, 1971.

Bernard, John E., Associate Professor, Department of Mathematics; Mathematics Education; PhD, The University of Texas at Austin, 1978.

Bhat, Narayan, Assistant Professor, Department of Chemistry; Organic Chemistry; PhD, Pune University, India, 1982.

Bhatti, Muhammad Idrees, Assistant Professor, Department of Physics and Geology; Atomic Physics; PhD, University of Notre Dame, 1987.

Blomquist, Melinda, Lecturer, Dance.

Bloom, Leonard, Assistant Professor, Department of English; Modern American and Modern British Literature; MA, St. Mary's University, San Antonio, 1968.

Bokina, John, Professor, Department of Political Science; Political Theory, Western and Eastern Europe; PhD, University of Illinois, 1979.

Bomgardner, Stephen D., Assistant Professor, Department of Music; Voice and Performance; DMA, Boston University, 1997.

Bose, Subhash C., Professor, Department of Engineering; Manufacturing Engineering; Computer-Aided Manufacturing, Robotics and Stochastic Modeling and Control; PhD, University of Wisconsin-Madison, 1987.

Bowen, Judith E., Associate Professor, Department of Occupational Therapy; MPA, University of Memphis, 1979; OTR, Columbia College of Physicians & Surgeons, Columbia University, 1966.

Brazier, Pearl W., Assistant Professor and Chair, Department of Computer Science; Programming Languages, Software Engineering; MS, Virginia Polytechnic Institute and State University, 1981.

Brewerton, F. J., Professor, Department of Management, Marketing and International Business; Management; DBA, Louisiana State University, 1968.

Briones, Esperanza R., Associate Professor and Program Coordinator, Coordinated Program in Dietetics; Registered Dietitian; PhD, Michigan State University, 1982.

Brown, Cynthia, Assistant Professor, Department of Economics and Finance; Finance; PhD, The University of Texas-Pan American, 1998.

Brown, Peter E., Associate Professor, Department of Modern Languages and Literature; Spanish; PhD, University of Nebraska, 1993.

Brush, Timothy, Associate Professor, Department of Biology; Zoology; PhD, Rutgers University, 1985.

Buckman, Kenneth L., Associate Professor, Department of History and Philosophy; Philosophy; Continental Philosophy, Oriental Philosophy, Social Philosophy, 19th and 20th Century Philosophy; PhD, Southern Illinois University, 1990.

Burns, Jo Ann Mitchell, Associate Professor, Department of Educational Psychology; Special Education, Educational Psychology, School Psychology; PhD, University of Oklahoma, 1979.

Butler, Brian, Lecturer, History.

Cain, Roy E., Associate Professor, Department of Psychology and Anthropology; Psychology; Physiological Psychology, Biofeedback, Psycho-Physiology, Stress Management; PhD, Texas Tech University, 1972.

Cantu-Cabrera, Juana, Lecturer, Department of Nursing.

Canty, Dean R., Associate Professor, Department of Music; High Brass; University Band Director, Jazz Ensemble Director; DMA, The University of Texas at Austin, 1980.

Cararas, Sandra A., Assistant Professor, Department of English; Technical Writing, Shakespeare, Renaissance and 17th Century English Literature; MA, Northeast Louisiana University, 1968.

Cardena, Etzel, Associate Professor and Chair, Department of Psychology and Anthropology; Psychology; Dissociative States, Hypnosis, Post-Traumatic Stress Disorders; PhD, University of California at Davis, 1988.

Cardenas, Gilbert, Professor, Department of Economics and Finance; Economics; PhD, University of Illinois, 1977.

Carey, John, Lecturer, Department of Physics and Geology; Sedimentation, Quaternary Studies; PhD, Rutgers University, 1997.

Carlan, Carl, Associate Professor and Chair, Department of School Administration and Supervision; Administration, Supervision; EdD, University of California at Berkeley, 1972.

Carlson, Ralph, Associate Professor, Department of Educational Psychology; Psychology (Quantitative Methods, Statistics, Theories of Personality); PhD, University of Houston, 1974.

</table>
Management, Marketing and International Business; Marketing; PhD, The University of Texas at Austin, 1972.

De los Santos, Miguel, Assistant Professor, Department of School Administration and Supervision; Educational Administration; PhD, The University of Texas at Austin, 1980.

Dearth, Daniel K., Interim Dean, College of Social and Behavioral Sciences; Associate Professor and Chair, Department of Criminal Justice; Police Administration, Correctional Administration, Policing Issues, Criminal Procedures and Evidence; PhD, Sam Houston State University, 1984.

del Rio, Eduardo, Lecturer, Department of English; Renaissance, Latino Literature, Translation; PhD, Texas A&M University, 1996.

Delgado, Diana, Assistant Professor, Department of Nursing; MS, The University of Texas at Austin, 1980.

DeMoville, Wig B., Professor, Department of Accounting and Business Law; Accounting; CPA; PhD, Texas Tech University, 1978.

DeYoe, Hudson, Assistant Professor, Department of Biology; Algal Ecology, Sea Grass Ecology; PhD, Bowling Green State University, 1991.

Dietrich, Gustavo G., Lecturer, Department of Computer Science; MS, Texas A&M University at Kingsville, 1988.

Dominguez, Sylvia M., Professor, Department of Modern Languages and Literature; Spanish; PhD, University of Arizona, 1971.

Dowdall, Shannon, Lecturer, Department of Nursing.

Dugas, Donna, Assistant Professor, Pedagogy and Kinesiology.

Eanes, Linda, Assistant Professor, Department of Nursing; MSN, Corpus Christi State University, 1990.

Ebaseh-Onofa, Benjamin O., Associate Professor, Department of Mathematics; Statistics; PhD, Texas A&M University, 1988.

Edionwe, Alexander O., Associate Professor, Coordinated Program in Dietetics; Registered Dietitian; PhD, University of Nebraska-Lincoln, 1991.

Edwards, Robert J., Professor, Department of Biology; Ichthyology, Ecology, Population Biology; PhD, The University of Texas at Austin, 1980.

Egle, Ardath L., Lecturer, Department of Biology; Anatomy and Physiology, Vertebrate Biology; MS, Pan American University, 1988.

Egle, David L., Lecturer, Department of Computer Science; Numerical Analysis, Systems Programming, Computer Organization; MS, Texas A&M University, 1977.

Eisenman, Russell, Assistant Professor, Department of Psychology and Anthropology; Clinical Psychology; PhD, University of Georgia, 1966.

Ellard, Charles J., Professor, Department of Economics, Finance and General Business; Economics; PhD, University of Houston, 1974.

Erdem, Orelia, Clinical Specialist, Department of Nursing; MSN, Corpus Christi State University, 1987.

Estrada, Veronica, Assistant Professor, Department of Curriculum and Instruction; Curriculum and Instruction Education, PhD; The Ohio State University, 1998.

Ethridge, Philip, Associate Professor, Department of Criminal Justice; Criminal Justice Generalist, Police-Community Relations, Privatization, Corrections Law; PhD, Sam Houston State University, 1990.

Evans, Mary, Lecturer, Department of Nursing.

Eyambe, George Sona., MT (ASCP) Assistant Professor, Clinical Laboratory Science Immunology; University of North Texas, 1991.

Faraji, Bahram, Associate Professor, Coordinated Program in Dietetics; Registered Dietitian; DPH, University of California, 1981.

Farooqui, Mohammed Y.H., Professor and Chair, Department of Biology; Physiology, Toxicology, Entomology, Cell Biology; PhD, University of Illinois, 1979.

Fatehi, Mohammed, Lecturer, Department of Mathematics; Linear Algebra, Statistics; PhD, New Mexico State University, 1996.

Faubion, Michael L., Assistant Professor, Department of History and Philosophy; History; PhD, Texas Tech University, 1992.

Feinberg, Martin, Assistant Professor, Department of Computer Information Systems and Quantitative Methods; Quantitative Methods; PhD, Louisiana Tech University, 1999.

Field, Philip S., Professor, Department of Art; Printmaking, Painting, Aesthetics; MFA, Rhode Island School of Design, 1965.

Fielding, Cheryl, Assistant Professor, Educational Psychology.

Folk, Ellen, Assistant Professor, Department of Accounting and Business Law; Tax and Business Law, CPA; JD, LLM,
Quinnipiac College School of Law, 1992.

Foltz, Heinrich D., Associate Professor, Department of Engineering; Electrical Engineering; PhD, The University of Texas at Austin, 1993.

Fowler, Richard H., Professor, Department of Computer Science; Interactive Systems; PhD, University of Houston, 1980.

Fox, Richard K., Associate Professor, Department of Computer Science; Artificial Intelligence; PhD, The Ohio State University, 1992.

Freeman, Robert A., Associate Professor, Department of Engineering; Mechanical Engineering; PhD, University of Florida, 1985.

Freeman, Samuel, Associate Professor, Department of Political Science; Political Parties, U.S. Presidency, Congress, Foreign Policy; PhD, University of Kentucky, 1978.

Fritz, Donald E., Associate Professor, Department of English; Modern British and American Literature, Criticism; PhD, University of Missouri, Columbia, 1975.

Galligan, Martha Villalobos, Assistant Professor, Department of Curriculum and Instruction; English Education; PhD, The University of Texas at Austin, 1994.

Ganguli, Gouranga, Professor, Department of Accounting and Business Law; Accounting; CPA, CMA, CIA; PhD, University of Mississippi, 1983.

Garcia, Carmela, Lecturer, Department of Modern Languages and Literature; Spanish; MAIS, Pan American University, 1986.

Garcia, Lino, Jr., Professor, Department of Modern Languages and Literature; Spanish; PhD, Tulane University, 1981.

Garza, Juanita, Lecturer, Department of History and Philosophy; History; U.S. History; MAIS, Pan American University, 1984.

Garza, Viola, Lecturer, Department of Nursing; MSN, The University of Texas-Pan American, 1996.

Gassler, Christopher, Lecturer, Department of Music; Low Brass, MA, New England Conservatory of Music, 1992.

Ghanem, Salma, Assistant Professor, Department of Communication; Journalism; PhD, The University of Texas at Austin, 1996.

Gilpin, Jerry M., Lecturer, Department of Computer Science and Department of Mathematics; MS, Syracuse University, 1966.

Giouco, Samuel E., Assistant Professor and Chair, Department of Physics and Geology; Acoustics; EdD, Oklahoma State University, 1971.

Glazer, Mark, Professor, Department of Psychology and Anthropology; Anthropology; Folklore, Anthropological Theory; PhD, Northwestern University, 1973.

Gomez, Leo, Associate Professor, Department of Curriculum and Instruction; Philosophy, Curriculum and Instruction, Bilingual/ESL; PhD, Texas A&M University, 1994.

Gonzalez, Genaro, Professor, Department of Psychology and Anthropology; Psychology; Social, Cross-Cultural; PhD, University of California at Santa Cruz, 1982.

Gonzalez, Juan, Assistant Professor, Department of Health and Kinesiology; Physiology/Fitness; PhD, Texas A&M University, 1995.

Gonzalez, Roberto, Lecturer, Department of Mathematics; Mathematics; MS, Pan American University, 1981.

Goodwin, Dolores, Lecturer, History.

Grabowski, Thomas E., Lecturer, Department of Communication; Theatre; MFA, University of Illinois-Urbana, 1982.

Greene, Walter E., Professor, Department of Management, Marketing and International Business; Management; PhD, PHR, University of Arkansas, 1976.

Gregorius, Roberto, Assistant Professor, Department of Chemistry; Polymer Science and Engineering; PhD, University of Massachusetts, 1991.

Grossman, Morley K., Associate Professor, Department of Music; Piano; DMA, Indiana University, 1982.

Guerra, Dahlia, Associate Professor and Chair, Department of Music; Piano and History of Mexican Folk Music; DMA, University of Oklahoma, 1997.

Guerra, Ramon S., Assistant Professor, Department of Sociology; Japanese Society, Mexican-Americans, Ethnicity and Religion; PhD, Southern Methodist University, 1989.

Guinn, Robert, Professor and Program Coordinator, Department of Health and Kinesiology; Health; PhD, Texas A&M University, 1974.
Gunn, Scott J., Associate Professor, Department of Biology; Genetics, Vertebrate Zoology; PhD, Texas A&M University, 1986.

Guzman, Isabel (Penny), Assistant Professor, Department of Nursing; MSN, University of Puerto Rico, 1971.

Gyamfi, Joseph Appiahene, Department of Criminal Justice; Criminology; PhD, Simon Fraser University, 1999.

Hamilton, Lee, Associate Professor, Department of English; 19th Century British Literature, Bibliography; PhD, Louisiana State University, 1982.

Hamilton, Rebekah, Associate Professor, Department of English; English Literature, World Literature, Composition; PhD, Texas A&M University, 1993.

Hannan, A.H.M., Assistant Professor, Department of Physics and Geology; Solar Energy; PhD, University of London, 1978.

Haule, James M., Professor, Department of English; Modern and Contemporary British Literature; PhD, Wayne State University, 1974.

Hausman, Angela, Assistant Professor, Marketing.

Hawley, James A., Associate Professor, Department of Communication; Theatre; PhD, The Ohio State University, 1967.

Heckler, Edward, Associate Professor, Department of English; Linguistics, ESL; PhD, Michigan State University, 1975.

Heller, William, Associate Professor, Department of Mathematics; PhD, University of Maryland, 1991.

Henggeler, Paul R., Associate Professor, Department of History and Philosophy; Recent U.S. History, American Presidency; PhD, Bowling Green State University, 1989.

Henry, Brad, Associate Professor, Department of Biology; Aquatic Entomology, Ecology; PhD, Texas A&M University, 1989.

Heslet, Lynette, Assistant Professor, Department of Psychology and Anthropology; Psychology; Clinical Psychology, Health Psychology, PhD, University of Arizona, 1995.

Himmel, Kelly F., Assistant Professor, Department of Sociology; Methodology, Community, Social Change; PhD, The University of Texas at Austin, 1995.

Hinojosa, Jose R., Associate Professor, Department of Political Science; Public Administration, Minority Politics; PhD, University of Notre Dame, 1980.

Hinojosa, Servando Z., Lecturer, Department of Psychology and Anthropology; Anthropology; Maya of Guatemala, Chicano Culture, Medical Anthropology, Latin America; PhD, Tulane University, 1999.

Hinthorn, Richard W., Lecturer, Department of Mathematics; MS, Pittsburg State University, 1968.

Hodges, DeWayne L., Assistant Professor, Department of Computer Information Systems and Quantitative Methods; Quantitative Methods; PhD, University of Northern Colorado, 1984.

Hoffman, Marc, Assistant Professor, Occupational Therapy Program; MSOT, University of Indianapolis, 1988.

Huerta, Carolina, Professor and Chair, Department of Nursing; Adult Education; EdD, Texas A&M University, 1990.

Hume, Evelyn, Associate Professor, Department of Accounting and Business Law; Accounting; PhD, Louisiana State University, 1988.

Hunter, Karen K., MT (ASCP) Lecturer, Clinical Laboratory Sciences, Administration: Health Services; MS, Central Michigan University, 1998.

Hyslin, Richard P., Professor, Department of Art; Ceramics, Sculpture, Drawing; MA, University of New Mexico, 1968.

Ibrahim, Elamin, Assistant Professor, Department of Chemistry; Analytical Chemistry; PhD, Mississippi State University, 1995.

Jabs, David, Lecturer, Department of Mathematics; Game Theory; MS, Texas A&M University, 1991.

James, Barbara, Lecturer, Department of Nursing.

James-Aldridge, Valerie G., Associate Professor and Interim Chair, Department of Psychology and Anthropology; Psychology; Animal Behavior, Primate Behavior, Research in Zoos; PhD, Oklahoma State University, 1975.

Jarvis, Susan S., Professor, Department of Accounting and Business Law; Business Law; JD, Tulane University School of Law, 1974.

John, Eugene B., Associate Professor, Department of Engineering; Electrical Engineering; PhD, Pennsylvania State University, 1995.

Johnson, Betty A., Assistant Professor, Department of Nursing; MSN, Texas A&M University-Corpus Christi, 1994.

Johnson, Robert, Assistant Professor, Department of English; American Literature, Southern Women Writers; PhD, University of Southern California, 1994.
Jones, Robert E., Jr., Associate Professor, Department of Engineering; Mechanical Engineering; PhD, Texas A&M University, 1990.

Jorgensen, Layne, Professor, Department of Health and Kinesiology; Biomechanics, Research Methods; PhD, Louisiana State University, 1971.

Jou, Jerwen, Associate Professor, Department of Psychology and Anthropology; Psychology; Cognitive Psychology; PhD, Texas Tech University, 1990.

Judd, Frank W., Professor, Department of Biology; Ecology, Ecological Physiology, Herpetology, Mammalogy; PhD, Texas Tech University, 1973.

Kaynak, Hale, Assistant Professor, Department of Management, Marketing and International Business; Management; PhD, University of North Texas, 1996.

Kendrick, Sherrill, Assistant Professor, Department of Psychology and Anthropology; Psychology; Clinical, Behavior Modification; PhD, University of Southern Mississippi, 1974.

Kesar, Shalini, Lecturer, Department of Computer Information Systems and Quantitative Methods; Computer and Management Information Systems; Montfort University, 1999.

Kikos, Timothy A., Lecturer, Department of English; American Literature; MA, The University of Texas-Pan American, 1992.

Knobel, Roger A., Jr., Associate Professor, Department of Mathematics; Differential Equations, Applied Mathematics; PhD, Rensselaer Polytechnic Institute, 1991.

Kohler, Ninfa, Lecturer, Department of Modern Languages and Literature; Spanish; PhD, The University of Texas at Austin, 1986.

Koo, Felix, Assistant Clinical Professor, Physician Assistant Studies Program; Pediatrics; MD, The University of Texas Health Science Center-San Antonio, PhD, The University of Texas Medical Branch-Galveston.

Kowser, Shahadat, Assistant Professor, Department of Computer Science; Object-Oriented Paradigms, Software Engineering, Algorithms, Parallel Programming; PhD, Fairfax University, United Kingdom, 1992.

Kuang, Anxiu, Assistant Professor, Department of Biology; Plant Development, Plant Physiology, Cell Ultrastructure; PhD, Auburn University, 1991.

Kuhn, Lisa, Assistant Professor, Physician Assistant Studies Program; Obstetrics and Gynecology; BS, The University of Texas Medical Branch-Galveston.

LaGrange, Diane C., Assistant Professor, Department of Nursing; MSN, Corpus Christi State University, 1990.

LaPrade, Douglas E., Associate Professor, Department of English; 20th Century American Literature; PhD, University of Illinois, 1988.

Lawrence-Fowler, Wendy A., Associate Professor, Department of Computer Science; Databases, Large Open Information Systems, Information Retrieval; PhD, The Ohio State University, 1983.

Leeson, William R., Lecturer, Department of Physics and Geology; High Energy Physics; PhD, Tufts University, 1995.

LeMaster, Edwin W., Professor and Chair, Department of Engineering; Electrical Engineering; Remote Sensing, Solid State Physics; PhD, The University of Texas at Austin, 1970.

LeMaster, Jane, Associate Professor, Department of Management, Marketing and International Business; Management; PhD, University of North Texas, 1994.

Lieberwitz, Stephen W., Associate Professor, Department of Sociology; Social Psychology, Statistics; PhD, University of Missouri at Columbia, 1979.

Llanes, Jose R., Professor, Department of School Administration and Supervision; DSS, Universidad de la Habana, 1963.

Lonard, Robert I., Professor, Department of Biology; Plant Taxonomy, Grass Systematics; PhD, Texas A&M University, 1970.

Lozano, Karen, Assistant Professor, Department of Engineering; Manufacturing Engineering, Composites, Nano-Structured Materials, Polymer Engineering; PhD, Rice University, 1999.

Lumsdaine, Arnold, Assistant Professor, Department of Engineering; Mechanical Engineering; PhD, University of Michigan, Ann Arbor, 1995.

Lutz, Frank W., Professor, Department of School Administration and Supervision; Research and Educational Administration; EdD, Washington University, 1962.

Lynch, Patrick D., Professor, Department of School Administration and Supervision; Education, Educational Psychology; PhD, University of Minnesota, 1960.

Mahdi, Hashim S., Associate Professor, Department of Engineering; Mechanical Engineering; Computational Methods in Thermal and Fluid Systems; PhD, University of Arizona, 1989.

Mahmood, Akhtar H., Assistant Professor, Department of Physics and Geology; High Energy Physics; PhD, State University

**Maloy, T. Edwin**, Assistant Professor, Department of Political Science; Public Policy and Administration; Public Fiscal and Finance Administration; PhD, Indiana University, 1992.

**Manuela, Frank R.**, Professor, Department of Art; Advertising Art, Design; MS, Pratt Institute, 1982.

**Maril, Robert Lee**, Professor and Chair, Department of Sociology; Rural Sociology, Poverty, U.S.-Mexico Borderlands; PhD, Washington University, 1973.

**Marini, Irmo**, Associate Professor, Rehabilitative Services Program; Certified Rehabilitation Counselor; PhD, Auburn University, 1992.

**Martin, Wilbert R.**, Professor, Department of Art; Printmaking, Photography, Drawing; MFA, The Ohio State University, 1971.

**Martinez, Guillermo**, Lecturer, Department of Mathematics; Applied Mathematics; MS, West Virginia University, 1979.

**Martinez, Jose Maria**, Assistant Professor, Department of Modern Languages and Literature; Hispanic Literature; PhD, Universidad de Valladolid, Spain, 1991.

**Mata-Pistokache, Teri**, Professor and Interim Chair, Department of Communication Sciences and Disorders; Multicultural/Multilingual; PhD, The University of Texas at Austin, 1996.

**Materon, Luis A.**, Assistant Professor, Department of Biology; Food Microbiology, Microbial Ecology, Biological Nitrogen Fixation; PhD, Mississippi State University, 1982.

**Matthews, Linda**, Assistant Professor, Department of Management, Marketing and International Business; Management; PhD, University of Washington, 1996.

**Maville, Janice A.**, Professor, Department of Nursing; EdD, Texas A&M University, 1992.

**Mazariegos, Ruben A.**, Assistant Professor, Department of Physics and Geology; Geophysics; PhD, Texas A&M University, 1993.

**McBride, John**, Professor and Chair, Department of Curriculum and Instruction; Elementary, Science Education, Mathematics Education; EdD, University of Houston, 1977.

**McCallister, Linda**, Professor, Department of Management, Marketing and International Business; Management; PhD, Purdue University, 1981.

**McCormack, Brian**, Assistant Professor, Department of History and Philosophy; Mexican and Latin American History; PhD, University of California-San Diego, 1999.

**McCoy, Timothy L.**, Assistant Professor, Department of Accounting and Business Law; Accounting; CPA; PhD, University of Mississippi, 1994.

**McLemore, George C.**, Associate Professor, Department of Communication; Speech Communication; PhD, University of Pittsburgh, 1985.

**McQuillen, Jeffrey**, Assistant Professor, Department of Communication; Speech Communication; PhD, University of Oklahoma, 1984.

**McWright, Buford**, Assistant Professor, Curriculum and Instruction.

**Medrano, Hilda**, Professor, Department of Curriculum and Instruction and Dean, College of Education; Curriculum and Instruction, Reading and Language Arts; PhD, The University of Texas at Austin, 1985.

**Mejias, Hugo**, Associate Professor, Department of Modern Languages and Literature; Spanish; PhD, State University of New York at Buffalo, 1978.

**Meline, Timothy J.**, Professor, Department of Communication Sciences and Disorders; Dysphagia, Child Language; PhD, University of Illinois-Urbana, 1976.

**Meng, Xiannong**, Associate Professor, Department of Computer Science; Operating Systems, Computer Networks, Distributed Systems, Performance Analysis; PhD, Worcester Polytechnic Institute, 1990.

**Mery, Adelle**, Lecturer, Department of English; American Literature, World Literature; PhD, Texas A&M University, 1990.

**Milan, Cindy L.**, Assistant Professor, Department of Nursing; EdD, University of Houston, 1997.

**Miles, Michael G.**, Senior Instructor, Department of Military Science; Master Sergeant, U.S. Army.

**Miller, Christopher L.**, Associate Professor, Department of History and Philosophy; History; U.S. Colonial, 19th Century, Native American; PhD, University of California at Santa Barbara, 1981.

**Miller, Eva**, Assistant Professor, Rehabilitative Services Program.

**Minor, Michael**, Associate Professor, Department of Management, Marketing and International Business; Marketing; PhD, Vanderbilt University, 1987.

**Mitchell, Paul**, Associate Professor, Department of English; 19th Century British Literature, Rhetoric, Composition,
Mizener, Charlotte, Associate Professor, Department of Music; Harp, Music Education; PhD, The University of Texas at Austin, 1990.

Mondal, Jalal U., Associate Professor and Chair, Department of Chemistry; Inorganic Chemistry; PhD, University of New South Wales, 1979.

Monta, Marian F., Professor, Department of Communication; Theatre; PhD, Cornell University, 1971.

Montgomery, Gary T., Professor, Department of Psychology and Anthropology; Psychology; Developmental, Psychophysiology; PhD, Texas Tech University, 1972.

Morgan, Glynn, Associate Professor, Department of Political Science; U.S. and Texas Politics; MA, University of Mississippi, 1961.

Morse, Kevin, Professor, Department of Curriculum and Instruction; Curriculum and Instruction, Social Science, Administration and Supervision; PhD, The University of Texas at Austin, 1969.

Mottinger, Sue G., Associate Professor, Department of Health and Kinesiology; Administration, Physical Education; PhD, Texas Woman’s University, 1981.

Mounce, Gary, Associate Professor, Department of Political Science; Mexico, Central and South American Politics; PhD, The University of Texas at Austin, 1977.

Moyer, Nancy J., Professor and Chair, Department of Art; Drawing, Metal/Jewelry Design, Art Education; PhD, Southern Illinois University, 1970.

Munn, Christopher, Professor, Department of Music; Music Theory, Music History; University Choir Director; DMA, University of Oklahoma, 1984.

Munn, Vivian, Associate Professor, Department of Music; Voice, Music Theory; DMA, University of Oklahoma, 1990.

Muñoz, Frank, III, Lecturer, Department of Health and Kinesiology; Health and Physical Education, Supervision; MEd, Pan American University, 1982.

Murray, K. Daniel, Assistant Professor, Department of Biology; Molecular Biology; PhD, The University of Texas at Dallas, 1995.

Nadeau, Nancy G., Lecturer, Department of Nursing; MS, D’Youville College, Canada, 1993.

Nambiar, Rajiv V., Associate Professor, Department of Engineering; Manufacturing Engineering; Computer-Aided Design; PhD, The University of Texas at Arlington, 1989.

Nasif, Erkan, Associate Professor and Chair, Department of Management, Marketing and International Business; Management; PhD, University of North Texas, 1988.

Negrete, Dionisio, Clinical Assistant Professor, Physician Assistant Studies Program; General Surgery; MD, University of Missouri, 1960.

Negy, Charles, Assistant Professor, Department of Educational Psychology; Clinical Psychology; PhD, Texas A&M University, 1994.

Neipert, David, Assistant Professor, Department of Management, Marketing and International Business; Marketing; JD, South Texas College of Law, 1974.

Neitzel, Sarah C., Professor, Department of History and Philosophy; History; Germany, Russia, European Social and Cultural; PhD, Texas Tech University, 1974.

Nelson, Larry, Lecturer, Department of Health and Kinesiology; Pedagogy; MA, Colorado State University, 1995.

Newman, Beatrice, Associate Professor, Department of English; Rhetoric and Composition, 19th Century British Literature, Linguistics; PhD, Texas A&M University, 1981.

Newman, Donald, Associate Professor, Department of English; 18th Century British Literature, Johnson and Boswell Studies, Biography; PhD, University of Southern California, 1992.

Newman, Jane, Associate Professor, Rehabilitative Services Program; Certified Rehabilitation Counselor, Licensed Personal Counselor; PhD, University of Arizona, 1993.

Nieto, Beatriz, Assistant Professor, Department of Nursing; MSN, The University of Texas Health Science Center at San Antonio, 1993.

Nirenberg, Jacqueline, Lecturer, Communication Department; Journalism; MA, The University of Texas-Austin, 1991.

O’Day, Patrick M., Assistant Professor, Department of Criminal Justice; Criminology, Theory, Rehabilitation, Comparative Criminal Justice; PhD, University of New Mexico, 1966.

Ojha, Anand K., Assistant Professor, Department of Engineering; Electrical Engineering; Digital and Embedded Systems, Computer Engineering, Computer System, Performance Monitoring and Benchmarking; PhD, University of Tennessee-Knoxville, 1992.

O’Neil, Lorne William, Associate Professor, Department of Music; Woodwinds; DMA, University of Minnesota, 1990.
Olsen, Janet, Lecturer, Department of Mathematics; MS, Utah State University, 1965.

Ortega, Jacobo, Professor, Department of Biology; Plant Pathology, Mycology; PhD, University of Minnesota, 1960.

Overton, Terry, Associate Professor, Educational Psychology.

Padilla, George, Captain, Assistant Professor, Military Science, Department of Military Science; Political Science; BA, The University of Texas-Pan American, 1992.

Pagán, José A., Assistant Professor, Department of Economics and Finance; Economics; PhD, University of New Mexico, 1995.

Parchman-Gonzalez, Keri, Lecturer, Department of Communication Sciences and Disorders; MA, The University of Texas-Pan American, 1989.

Paredes, Miguel, Associate Professor, Department of Mathematics; Mathematical Economics, Mathematical Modeling; PhD, University of Utah, 1985.

Pecina, Julia, Lecturer, Educational Psychology.

Perez, Ricardo, Professor, Department of Curriculum and Instruction; Curriculum and Instruction, Bilingual Education and Social Sciences; PhD, University of Michigan, 1979.

Phillips, Richard, Assistant Professor, Art.

Pierce, George, Clinical Assistant Professor, Physician Assistant Studies.

Pinkerman, John, Assistant Professor, Department of Educational Psychology; Guidance and Counseling; PhD, University of Detroit Mercy, 1994.

Pipkin, Catherine, Lecturer, Department of English; English Literature, American Literature; MA, Pan American University, 1986.

Poelzer, Harold, Associate Professor, Department of Educational Psychology; Educational Psychology, Gifted Education; PhD, Purdue University, 1994.

Polinard, J. L., Professor and Chair, Department of Political Science; Public Law, Minority Politics; PhD, University of Arizona, 1970.

Pontius, Paul, Assistant Professor, Department of Mathematics; Mathematics Education; MA, University of Illinois, 1965.

Poorkarimi, Hushang, Associate Professor, Department of Mathematics; Differential Equations, Applied Mathematics; PhD, The University of Texas at Austin, 1985.

Pozorski, Shelia, Professor, Department of Psychology and Anthropology, and Assistant Dean, College of Social and Behavioral Sciences; Anthropology; New World Archaeology, Archaeological Method and Theory, Ethnobiology, Museum Studies; PhD, The University of Texas at Austin, 1976.

Pozorski, Thomas, Professor, Department of Psychology and Anthropology; Anthropology; New World Archaeology, South American Culture, Complex Societies; PhD, The University of Texas at Austin, 1976.

Prather, Charles, Assistant Professor, Department of History and Philosophy; History; U.S. Colonial; MA, North Texas State University, 1969.

Prock, Jerry D., Professor, Department of Economics and Finance; Economics; PhD, Arizona State University, 1970.

Raajpoot, Uzzer A., Associate Professor, Department of Sociology; Statistics, Methods, Demography; PhD, University of Oregon, 1991.

Radford, Nola T., Associate Professor, Department of Communication Sciences and Disorders; Multicultural, Multilingual Fluency; PhD, University of Memphis, 1992.

Raimo, John, Professor, Department of Music; Piano, Music Literature; DMA, University of Rochester, New York, 1960.

Ramirez, Noe, Assistant Professor, Department of Social Work; PhD, University of Houston, 1998.

Ramirez, Olga M., Associate Professor, Department of Mathematics; Mathematics Education; PhD, Texas A&M University, 1985.

Rao, Mohan, Associate Professor, Department of Computer Information Systems and Quantitative Methods; Computer and Management Information Systems; PhD, University of Alabama, 1988.

Rea, Ramiro R., Associate Professor, Department of Modern Languages and Literature; Spanish; MA, Sam Houston State University, 1969.

Reed, Bruce J., Associate Professor and Program Coordinator, Rehabilitative Services Program; Certified Rehabilitation Counselor, Certified Vocational Evaluator; PhD, University of Northern Colorado, 1993.

Reed, Michael D., Professor, Department of English; Colonial and 19th Century American Literature, Psychoanalytic Criticism, Logic; PhD, University of Oregon, 1974.

Reeve, Robert, Professor, Department of Curriculum and Instruction; Curriculum and Instruction, Science Education, Biology, Educational Research; PhD, Florida State University, 1966.
Reid, Charles R., Assistant Professor, Rehabilitation Services; Certified Rehabilitation Counselor; PhD, University of Arizona, 1997.

Richardson, D. Chad, Professor, Department of Sociology; Borderlands Studies, Sociology of Education, Complex Organizations; PhD, The University of Texas at Austin, 1975.

Rieke, R. Neal, Assistant Professor, Department of Communication; Speech Communication; MS, MPA, North Texas State University, 1976.

Rieken, Eric R., Assistant Professor, Department of Physics and Geology; Geology; PhD, Washington State University, 1993.

Rivera, Gustavo, Lecturer, Department of Mathematics; Mathematics and Computer Networks; MS, The University of Texas-Pan American, 1994.

Rivers, Christopher, Major, Assistant Professor of Military Science; Liberal Studies; BA, University of New York, 1990.

Rocha, Rodolfo, Dean, College of Arts and Humanities; Associate Professor, Department of History and Philosophy; History; Borderlands, Chicano, Mexico, Texas; PhD, Texas Tech University, 1981.

Rodriguez, Ana Maria, Associate Professor and Chair, Department of Educational Psychology; Guidance and Counseling; EdD, University of Houston, 1976.

Rodriguez, Monica, Lecturer, Department of Communication Sciences and Disorders; Communication Disorders/Pediatrics; MA, The University of Texas-Pan American, 1993.

Romero, Hector R., Professor, Department of Modern Languages and Literature; Spanish Literature; University of Illinois-Urbana, 1970.

Rosso, Rosalinda, Assistant Professor, Department of Nursing; MSN, The University of Texas Health Science Center at Houston, 1991.

Ryd, Lester M., Associate Professor and Chair, Department of Computer Information Systems and Quantitative Methods; Quantitative Methods; CDI, PhD, Texas A&M University, 1978.

Ryman, Jeannean, Lecturer, Department of Health and Kinesiology; Physical Education; MEd, Pan American University, 1980.

Saaedra, Dora E., Associate Professor, Department of Communication; Speech Communication; PhD, University of Kansas, 1994.

Salinas, Analida, Lecturer, Department of Curriculum and Instruction; Reading, MS, Texas A&M University, 1987.

Salinas, Sonya, Lecturer, Department of Communication Sciences and Disorders; MA, The University of Texas-Pan American, 1991.

Salmon, Roberto M., Professor, Department of History and Philosophy; History; U.S. Southwest, Chicano Studies; PhD, University of New Mexico, 1978.

Sanchez, Encarnacion, Assistant Professor, Department of Modern Languages and Literature; Spanish; MA, Sam Houston State University, 1970.

Sánchez, M. Sandra, Associate Professor, Department of Nursing; PhD, The University of Texas at Austin, 1997; CNM, State University of New York-Downstate, 1977.

Sargent, John, Assistant Professor, Department of Management, Marketing and International Business; Management; PhD, University of Washington, 1994.

Schmidt, Marcello, Lecturer, Department of Health and Kinesiology; General; MEd, The University of Texas-Pan American, 1998.

Schmidt, William, Assistant Professor, Department of Social Work; University of Houston, 1999.

Scoggin, Angela E., Associate Professor, Department of Occupational Therapy; PhD, University of South Florida, 1993.

Seale, Carl, Professor, Department of Music; Double Reeds, Music Theory; Valley Symphony Orchestra Director; DMA, North Texas State University, 1971.

Semper, Louis T., Associate Professor and Program Coordinator, Department of Health and Kinesiology; Physiology of Exercise, Secondary School Methods; PhD, Texas A&M University, 1971.

Shaney, Gaylen L., Lecturer, Department of Curriculum and Instruction; MAIS, The University of Texas-Pan American, 1989.

Shefcik, Thomas E., Associate Professor, Rehabilitative Services Program; Certified Insurance Rehabilitation Specialist, Certified Rehabilitation Counselor; MS, Oklahoma State University, 1983.

Shell, Richard, Lecturer, Department of Computer Information Systems and Quantitative Methods; Quantitative Methods; MBA, University of Illinois, 1970.

Shockley, William C., Jr., Assistant Professor, Department of Physics and Geology; General Physics; MA, The University of Texas at Austin, 1966.

Sibley, Keith, Lecturer, Department of Communication Sciences and Disorders; American Sign Language; MS, Lamar University, 1996.
