
This program leads to a profession which requires an occupational license as defined under Texas Occupations Code 58.001 This requires that all applicants seeking to become licensed must undergo a criminal background check prior to licensure. Students in this program should check with the College of Education and P-16 Integration on the requirements for a criminal background check prior to student teaching.

Globalization and the Internet Revolution have intensified contact among cultures, and hence an education in multiple languages and technology is an absolute imperative in the new millennium. Pursuing a B.A. in Spanish with Teacher Certification not only insures bilingual and bicultural competencies, but also fosters critical and creative thinking skills through the study of literature, linguistics, curriculum, pedagogy, cognition, Culture, and cultures. Our program promotes these skills by introducing students to philosophical issues examined in literature and art; to writing and analytical skills; to professional teaching skills; and to the rich cultural complexities of languages, peoples, and nations across the globe. In addition to Education (public and private K-12 schools, student exchange programs, corporate programs for foreign transfers), a student with a BA degree in Spanish Education may consider work in the following areas: government (armed forces, Department of Justice, US Citizenship and Immigration Service), non-profit organizations (civic organizations, international exchange programs, social work and social services), commerce (customer service, translation and interpretation, research, marketing firms), travel and tourism (airlines and airports, travel agencies, convention centers), arts media & entertainment (advertising, foreign news agencies, museums) or public service (civil service, international service organizations, social and rehab services).
