The Department of Health and Human Performance has a focus on preparing Health majors to function professionally in a changing and diverse society, and to improve the quality of life through the understanding, delivering and promotion of health, physical activity, and wellness.

STUDENT LEARNING OUTCOMES:

1. Comprehend concepts related to health promotion and disease prevention.
2. Demonstrate the ability to evaluate valid health information and health-promoting products and services.
3. Advocate for personal, family, and community health.
