

Degree Type – Bachelor of Arts (BA)
Degree Title – Spanish Translation and Interpreting

Being the first and most complete BA program in Spanish Translation and Interpreting in the State of Texas, the program scope is to help future practitioners of the art and science of Translation and Interpreting to play a vital role in shaping the global society of the 21st century. The program will contribute to the development of analytical skills, cultural literacy, linguistic competence, and professionalism, skills needed for superior translators and interpreters. In addition to course offerings in Modern Languages, the program encourages students to complete a thorough translation and interpreting curriculum that matches the standard international requirements, which also consists of a combination of three operational languages.

STUDENT LEARNING OUTCOMES:

1. **Students will develop critical reading skills in both English and Spanish by learning to differentiate stylistic, formal, denotative, and connotative aspects within a text.**
2. **Students will develop superior writing skills in both English and Spanish by producing stylistically and grammatically cogent textual materials in both languages without strong reciprocal interference.**
3. **Students will translate general texts from English into Spanish and vice versa at a professional level by considering cultural, morpho-syntactical and formal differences between both languages, and by successfully dealing with major syntactical and lexical problems while accurately conveying meaning both at a denotative and at a connotative level**
4. **Students will meet the technological demands of the professional translation and interpreting market, by acquiring terminological research techniques, advanced word-processing capabilities, advanced use of Internet resources, and basic management of translation memories and terminological databases.**
5. **Students will translates specialized texts from English into Spanish and Spanish into English in the areas of legal, commercial, scientific, medical and technical translation at a quasi-professional level.**
6. **Students will reflect characteristics of professional interpreters and cultural mediators by developing short-memory building strategies, décalage reading capabilities for sight-translation, and note-taking techniques for consecutive interpreting.**
