Innovation that Powers Life-Changing Research

The world needs innovation and creative thought leaders now more than ever and UTRGV will deliver. You'll work with world renowned faculty, the most modern technology and learning resources to fulfill your quest to be just that kind of leader.

Our location in the Valley – on the U.S.-Mexico border and in close proximity to the Gulf Coast – offers distinctive opportunities for research and study in areas like international business and trade, healthcare, biology, maquiladoras and manufacturing in Free Trade Zones, and much more.

We will deliver graduate programs that have the power to make life better for all of us. We will provide the knowledge and training it takes to achieve your goals. We will offer opportunities for research and collaboration that position you for a lifetime of success. We will make a difference in the world.

And so will you.

The University of Texas Rio Grande Valley, where academic journeys reach new heights every day.

Conducting Research that will Impact the Valley and Beyond

Our mission is simple – to offer world-class academic programs and research opportunities that will enhance life in the Valley, the Americas and the global community. We will position you on the forefront of some of the most innovative work being conducted in the sciences, healthcare, business, the arts and humanities, information science, education, engineering, and all points in between.

Positioning You to Succeed

At UTRGV we offer convenient program delivery options for both the traditional graduate student and the full-time working professional. You can choose from graduate programs that are offered on campus, traditional online and accelerated online or hybrid. On-campus and online programs follow the traditional semester format while the accelerated online programs are taught in seven-week terms which allow you to complete a master's degree in as few as 12 months.

Admission Requirements

The minimum admissions criteria for all graduate programs include the following, unless additional requirements are included in the program-specific criteria:

- Earned baccalaureate degree from a regionally accredited institution in the U.S. or a recognized international equivalent in the field similar to that of the graduate program to which application is being made.
- Minimum undergraduate GPA of 3.0 overall required for clear admission.
- GRE or GMAT entrance exams, when required, must be taken within five years of applying, unless otherwise specified. (Learn more at ets.org/gre or mba.com.)
- Students whose native language is not English will be expected to provide test scores for either the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). The minimum score requirements are as follows:

TOEFL Minimum Scores:
 550 Paper-Based
 79 Internet-Based
 IELTS Minimum Score:
 6.5

Application materials required:

- Online application at utrgv.edu/gradapply.
- Official transcripts from each institution attended must be submitted directly to UTRGV.
- International applicants must submit a notarized English translation of their transcripts.

For additional requirements of the individual programs, visit utrgv.edu/grad.

Learn more about the exceptional graduate educational experience waiting for you at UTRGV today. Contact us at (956) 665-3661 or (956) 882-6552 or email gradcollege@utrgv.edu, visit us online at utrgv.edu/grad, or send us this card with your completed information below so an admissions counselor can contact you.

Visionary Leaders for the Valley, the Americas and the World

The hallmark of a truly great graduate learning experience is personal mentorship from internationally acclaimed faculty and the ability to work with the kind of technology you'll find at the forefront of business and industry. UTRGV provides those mentors and that technology.

- Our faculty are respected thought leaders** who publish in the world's most significant journals and are dedicated to working individually with students.
- Our locations throughout the Valley** are home to cutting-edge facilities for research and hands-on learning across the broad spectrum of academic disciplines.

The UTRGV Support Network

We will do everything possible to help you make the most of your potential and achieve your goals. From our Veterans Services Office, to student financial services, to the English Language Institute, to testing services, you'll find all the personalized support you need. The Valley offers an affordable cost of living with a wide range of housing options near our campuses, and resources like our Wellness Center, organizations, clinics and laboratory facilities, and campus dining options help deliver the fullest learning experience possible.

Creating a Bilingual, Bicultural, Biliterate Setting

Our passion to create a bilingual, bicultural, and biliterate university enhances opportunities for student success by incentivizing research, scholarship, creative works, and performance that address these initiatives. Our campus community embraces the historical and cultural heritage of the region we serve.
