

# Medical Brigades

Hello Bmed students,

We currently have some spots open for our upcoming brigade to Cuzco, Peru. We would like to give this opportunity to students who are passionate about healthcare, and would like to make an impact in underprivileged communities. In this organization, you will have the opportunity to fundraise for the trip, obtain community service hours, attend trainings, and develop professionalism skills. If you have any questions, please contact Nitchelle Rodriguez or Dr. Rodriguez.
