

# THE POWER IS IN YOUR HANDS

As we approach the holiday season, we are finding opportunities to be good stewards of our resources through energy conservation initiatives.

We ask for your assistance with these initiatives:

## Check the projector when leaving & entering classrooms/labs.

If it was on when you entered - **turn it off!**  
If you turned it on and used it - **turn it off!**

## Turn off your computer & monitor at the end of the day.

If you have access to the outlet or powerstrip - **unplug it!**

## Unplug small appliances:

- Coffee-makers,
- Desk lamps, fans, and speakers
- Cell phone/laptop chargers
- Mini-fridges, etc.

If it is within reach - **unplug it!**

## Take a break! The campus will be closed.

Requests outside of essential research facilities will require divisional VP pre-approvals for modifications to indoor temperatures during the break.

THESE INITIATIVES  
SAVE UTRGV  
A CONSIDERABLE  
SUM OF MONEY  
IN A TIME WHEN  
EVERY PENNY  
COUNTS.

( they also reduce our  
campus carbon footprint! )

**WILL YOU JOIN US?**

**TAKE YOUR  
HOLIDAY BREAK  
THE VAQUERO WAY  
& HELP UTRGV  
SAVE!**
