The Bachelor of Arts in Communication – Communication Studies prepares a student to work in fields as varied as sales, education, training and development, management, law enforcement and in administrative roles in information and service industries such as health care organizations. Our graduates also work in public relations, events planning, advertising, and with public and private agencies and organizations as Press Secretaries and Information Officers. The Bachelor of Arts in Communication also prepares the students to pursue graduate programs in Communication, Media Management, Law, Social Work, Education, Health Management, Rehabilitation Counseling, and Public Administration.

STUDENT LEARNING OUTCOMES:

1. Students will be able to demonstrate interpersonal skills: active listening and perspective taking. Students will be able to ask appropriate questions, paraphrase content and emotions, use nonverbal responsive behaviors, and withhold judgment while listening.
2. Students will be able to demonstrate effective presentational speaking abilities: selecting and narrowing a topic, formulating a central idea, using appropriate support material and evidence, using appropriate organizational pattern, using language appropriate to the audience, using vocal variety, articulation, pronunciation and grammar, and using nonverbal.
3. Students will be able to demonstrate discipline-appropriate technology applications throughout their program (i.e., presentation software, library databases, search engines, etc.)
4. Students will be able to explain the components of the communication model, and list and explain the significance of two theories from the following list: interpersonal, small group, intercultural, and persuasion.
5. Students will be able to identify different parts of a research article and explain their significance to the scientific process.
