The field of rehabilitation is dedicated to assisting individuals, primarily adults, with disabilities to live full and independent lives. Graduates of the B.S. program are prepared to enter a wide-range of entry-level careers in rehabilitative and human services. Graduates are also prepared academically to continue into graduate studies in rehabilitation counseling and other related majors. The undergraduate degree places special emphasis in hands-on, experiential learning which is integrated into all course work. The educational experience culminates in a 360 hour practicum in an approved community setting.

STUDENT LEARNING OUTCOMES:
1. Understand disability and related issues.
2. Understand psychological, medical, and social aspects of disability.
3. Knowledge of services and service providers who serve this population.

Addiction Studies Concentration
1. Understand addictions.
2. Knowledge of services and service providers who work with this population.
3. Understand the medical, familial, and psychological aspects of addictions.

Deaf Studies Concentration
1. Understand Deaf culture.
2. Able to communicate in sign language.
3. Understand basics of audiology.
4. Exposure to service learning opportunities within the Deaf community.
5. Knowledge of services and service providers who serve this population.

A – GENERAL EDUCATION CORE – 42 HOURS

Students must fulfill the General Education Core requirements. The courses listed below satisfy both degree requirements and General Education core requirements.

Recommended

Language, Philosophy, and Culture – 3 hours
PHIL 1310 Ethics, Happiness, and the Good Life

Social and Behavioral Sciences – 3 hours
PSYC 2301 General Psychology

B – MAJOR REQUIREMENTS – 60 HOURS (51 advanced)

1 – Rehabilitation Foundation – 39 hours (36 hours)
REHS 2301 Introduction to Rehabilitation
REHS 3303 Case Management I
