Provide proof of MENINGITIS VACCINATION

In accordance with Texas law, students under the age of 22 must submit proof of bacterial meningitis vaccination or exemption. The vaccine must be given within the 5-years prior to the start of the term you applied for. The document must contain your full name, date of birth, vaccine name, date vaccine was given, and signature/stamp from physician/facility that administered the vaccine. The document can be submitted online through [Document Central](#) or emailed to application@utrgv.edu.

Send ALL COLLEGE CREDIT you have earned

Submit an official college transcript from all institutions you have attended including Dual Credit classes to get your courses transferred to UTRGV before attending New Student Orientation. Your College Transcript must be sent directly from the college/university to UTRGV.

Submit your TSI SCORES or proof of exemption

If you already took the TSI exam, upload your scores through [Document Central](#) or email them to application@utrgv.edu. If we do not have passing TSI scores or a college transcript with courses that could clear you of the TSI requirement, you will be required to start classes at UTRGV during the second Summer Session (July-August).

Submit Advanced Placement scores

If applicable, request official Advanced Placement test scores to be sent directly from the College Board.
