The University of Texas-Pan American

2002 • 2004 Undergraduate Catalog

The University of Texas-Pan American is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia, telephone 404/679-4501) to award bachelor's, master's and doctoral degrees. In addition, these programs are separately accredited or approved by the:

Accreditation Council for Occupational Therapy Education (ACOTE)-American Occupational Therapy Association

The Association to Advance Collegiate Schools of Business (AACSB International)

American Chemical Society

American Dietetic Association

American Speech-Language-Hearing Association

Board of Nurse Examiners for the State of Texas

The Council on Rehabilitation Education

The Council on Social Work Education

Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology

National Accrediting Agency for Clinical Laboratory Sciences (NAACLS)

National Association of Schools of Theatre

State Board for Educator Certification

Texas Education Agency

Accreditation Review Commission on Education for the Physician Assistant

The University of Texas-Pan American is a member of the American Association of Colleges for Teacher Education
American Association of State Colleges and Universities
American Council on Education
Association for Continuing Higher Education
Conference of Southern Graduate Schools
Council for Advancement and Support of Education
Council of Graduate Schools
Hispanic Association of Colleges and Universities

This catalog was prepared based on the best information available at the time. The University of Texas-Pan American reserves the right to change any information, including statement of fees, course offerings, and admission and graduation deadlines and requirements without notice or obligation, in keeping with the policies of the University of Texas System Board of Regents and in conformance with the laws of the State of Texas.

For updates to this catalog, check the online version on the World Wide Web at http://www.panam.edu/catalog

Individuals with disabilities wishing to acquire this publication in an alternative format should contact the Office of Admissions and Records at 956/381-2206 or Voice/TDD 956/381-2215.

$2.00 (tax included)
The University of Texas-Pan American operates subject to the Rules and Regulations of the Board of Regents of The University of Texas System.

This catalog is a general information publication. It is not intended to nor does it contain all regulations that relate to students. The provisions of this catalog do not constitute a contract, expressed or implied, between any applicant, student or faculty member of The University of Texas-Pan American or The University of Texas System.

The University of Texas-Pan American reserves the right to withdraw courses at any time, to change fees or tuition, calendar, curriculum, degree requirements, graduation procedures and any other requirements affecting students. Changes will become effective whenever officially implemented by proper authorities and will apply to both prospective students and those already enrolled.

Non-Discrimination Policy Statement

The University of Texas-Pan American declares and reaffirms a policy of administering all of its educational programs and related supporting services and benefits in a manner that does not discriminate because of a student’s or prospective student’s race, color, religion, sex, national origin, age, veteran status, disability or other characteristics that lawfully cannot be the basis for provision of such services. These programs, services and benefits include, but are not limited to, admission, class assignments, scholarships and other financial and employment assistance, counseling, physical education and recreational services, and the membership practices of registered student organizations.

Pursuant to this policy statement, The University of Texas-Pan American will undertake a continuing program of compliance with all federal, state and local laws relating to equal educational opportunity and affirmative action, specifically those addressing the obligations of the institution under Title VI of the Civil Rights Act of 1964 as amended, Title IX of the Educational Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990.

To the extent provided by applicable law, no person shall be excluded from participation in, denied the benefits of, or be subject to discrimination under any program or activity sponsored or conducted by The University of Texas System or any of its component institutions on the basis of race, color, national origin, religion, sex, age, veteran status or disability.

Inquiries or complaints may be directed to the immediate supervisor or to the Compliance Officer in Room 335, Administration Building, telephone 956/381-2127; the chair of the department; or the Dean of Students in Room 104 of the University Center, telephone 956/381-2260. Inquiries concerning ADA should be directed to the Coordinator of Services for Persons with Disabilities, Emilia Schunior Ramirez Hall, Room 100, telephone 956/316-7005.

Individuals who believe they have been discriminated against in violation of any of the non-discrimination policies may, after an initial interview with the appropriate compliance officer named above, initiate grievance proceedings in accordance with the provisions and procedures stipulated under “Student Complaint Procedures” and “Grievance Policy for Complaints Concerning Discrimination on the Basis of Disability” found in the University’s Handbook of Operating Procedures.

Individuals are protected from coercion, intimidation, interference or discrimination for filing a complaint or assisting in an investigation.

Registration for any given semester begins in the preceding semester. For example, registration for the fall semester for currently enrolled students and for new students who meet the early application deadline will begin in the spring.

**Fall Semester 2002**

**February 1, 2002, Friday**
Admission application and document deadline for ASSIST registration by telephone or web. All students applying after this deadline will register late.

**February 28, 2002, Thursday**
Recommended priority date for submission of the 2002/2003 “Free Application for Federal Student Aid” (FAFSA) for fall 2002. (Final Deadline: You may still submit the 2002/2003 FAFSA through June 30, 2003.)

**March 25, 2002, Monday, (tentative)**
ASSIST registration (telephone or web) begins by appointment.

**August 9, 2002, Friday**
Admission application and document deadline for late registration. Applications received after this deadline will be processed for the next semester.

**August 26, 2002, Monday**
First day of classes.

**September 2, 2002, Monday**
Labor Day holiday.

**September 9, 2002, Monday**
Deadline to file application for degree form with the Office of Admissions and Records for May 2003 graduation.

**September 11, 2002, Wednesday**
Twelfth University class day; official census date.

**September 24, 2002, Tuesday**
Last day to drop a course or to withdraw from the University with a grade of “DR” or “W” recorded; last day to change to non-credit.

**October 21, 2002, Monday, (tentative)**
ASSIST registration (telephone or web) begins by appointment for spring 2003.

**November 20, 2002, Wednesday**
Last day to drop or withdraw through the Office of Admissions and Records.

**November 28-30, 2002 inclusive**
Thanksgiving holiday.

**December 1, 2002, Sunday**
Scholarship deadline for academic year 2003-2004.

**December 5-6, 2002 inclusive**
Limited departmental final exams; dead days.

**December 7-12, 2002 inclusive**
Fall semester final examinations.

**December 13, 2002, Friday**
Final grade reports due in the Office of Admissions and Records by 10 a.m.

**December 13 and 14, 2002, (tentative)**
Commencement exercises.

**Spring Semester 2003**

**September 6, 2002, Friday**
Admission application and document deadline for ASSIST registration by telephone or web. All students applying after this deadline will register late.

**September 9, 2002, Monday**
Deadline to file application for degree form with the Office of Admissions and Records for May 2003.

**September 15, 2002, Sunday**
Recommended priority date for submission of the 2002/2003 “Free Application for Federal Student Aid”
October 21, 2002, Monday, (tentative)
ASSIST registration (telephone or web) begins by appointment.

December 20, 2002, Friday
Admission application and document deadline for late registration. Applications received after this deadline will be processed for the next semester.

January 6, 2003, Monday
Deadline to file application for degree form with the Office of Admissions and Records for August 2003 graduation.

January 13, 2003, Monday
First day of classes.

January 20, 2003, Monday
Martin Luther King Jr. Day holiday; no classes.

January 29, 2003, Wednesday
Twelfth University class day; official census date.

February 11, 2003, Tuesday
Last day to drop a course or to withdraw from the University with a grade of "DR" or "W" recorded; last day to change to non-credit.

March 10-15, 2003 inclusive
Spring Break.

March 24, 2003, Monday, (tentative)
ASSIST registration (telephone or web) begins for summer I, summer II and fall 2003 by appointment.

April 7, 2003, Monday
Deadline to file application for degree form with the Office of Admissions and Records for December 2003 graduation.

April 18-19, 2003 inclusive
Easter holiday.

April 25, 2003, Friday
Last day to drop a course or withdraw through the Office of Admissions and Records.

May 8-9, 2003 inclusive
Limited final exams; dead days

May 10-15, 2003 inclusive
Spring semester final examinations.

May 16, 2003
Final grade reports due in the Office of Admissions and Records by 10 a.m.

May 16 and 17, 2003, (tentative)
Commencement exercises.

First Summer Session 2003

January 6, 2003, Monday
Deadline to file application for degree form with the Office of Admissions and Records for August 2003 graduation.

February 3, 2003, Monday
Admission application and document deadline for ASSIST registration by telephone or web. All students applying after this deadline will register late.

February 15, 2003, Saturday
Recommended priority date for submission of the 2002/2003 Free Application for Federal Student Aid (FAFSA) for summer I 2003. (Final Deadline: You may still submit the 2002/2003 FAFSA through June 30, 2003.)

March 24, 2003, Monday, (tentative)
ASSIST registration (telephone or web) begins by appointment for summer session I, summer session II and fall 2003.

May 9, 2003, Friday
Admission application and document deadline for late registration. Applications received after this deadline will be processed for the next semester.

June 2, 2003, Monday
First day of classes.

June 5, 2003, Thursday
Fourth University class day; official census date.
June 11, 2003, Wednesday
Last day to drop a course or to withdraw from the University with a grade of “DR” or “W” recorded; last day to change to non-credit.

June 27, 2003, Friday
Last day to drop a course or withdraw through the Office of Admissions and Records.

July 4, 2003, Friday
Independence Day Holiday.

July 8, 2003, Tuesday
First summer session final examinations.

July 11, 2003, Friday
Final grade reports due in the Office of Admissions and Records by 10 a.m.

Second Summer Session 2003

January 2, 2003, Thursday
Financial Aid Summer Application available for summer 2003. This application is in addition to the 2002/2003 “Free Application for Federal Student Aid” (FAFSA).

January 6, 2003, Monday
Deadline to file application for degree form with the Office of Admissions and Records for August 2003 graduation.

February 3, 2003, Monday
Admission application and document deadline for ASSIST registration by telephone or web. All students applying after this deadline will register late.

February 15, 2003, Saturday
Recommended priority date for submission of the 2002/2003 “Free Application for Federal Student Aid” (FAFSA) for summer II 2003. (Final Deadline: You may still submit the 2002/2003 FAFSA through June 30, 2003.)

March 24, 2003, Monday, (tentative)
ASSIST registration (telephone or web) begins by appointment for summer session II and fall 2003.

Fall Semester 2003

February 3, 2003, Monday
Admission application and document deadline for ASSIST registration by telephone or web. All students applying after this deadline will register late.

February 28, 2003, Friday

March 24, 2003, Monday, (tentative)
ASSIST registration (telephone or web) begins by appointment for fall 2003.

April 7, 2003, Monday
Deadline to file Application for Degree form with the Office of Admissions and Records for December 2003 graduation.
August 8, 2003, Friday
   Admission application and document deadline for late registration. Applications received after this deadline will be processed for the next semester.

August 25, 2003, Monday
   First day of classes.

September 1, 2003, Monday
   Labor Day holiday.

September 8, 2003, Monday
   Deadline to file Application for Degree form with the Office of Admissions and Records for May 2004 graduation.

September 10, 2003, Wednesday
   Twelfth University class day; official census date.

September 23, 2003, Tuesday
   Last day to drop a course or to withdraw from the University with a grade of “DR” or “W” recorded; last day to change to non-credit.

October 20, 2003, Monday, (tentative)
   ASSIST registration (telephone or web) begins by appointment for spring 2004.

November 19, 2003, Wednesday
   Last day to drop a course or withdraw through the Office of Admissions and Records.

November 27-28, 2003 inclusive
   Thanksgiving holiday.

December 1, 2003, Monday
   Scholarship application deadline for academic year 2004-2005.

December 4-5, 2003 inclusive
   Limited departmental final examinations; dead days.

December 6-11, 2003 inclusive
   Fall semester final examinations.

December 12, 2003, Friday
   Final grade reports due in the Office of Admissions and Records by 10 a.m.

December 12 and 13, 2003, (tentative)
   Commencement exercises.

Spring Semester 2004

September 5, 2003, Friday
   Admission application and document deadline for ASSIST registration by telephone or web. All students applying after this deadline will register late.

September 8, 2003, Monday
   Deadline to file Application for Degree form with the Office of Admissions and Records for May 2004 graduation.

September 15, 2003, Monday

October 20, 2003, Monday, (tentative)
   ASSIST registration (telephone or web) begins by appointment for spring 2004.

December 19, 2003, Friday
   Last day to drop a course or to withdraw from the University with a grade of “DR” or “W” recorded; last day to change to non-credit.

Second summer session final examinations.

August 16, 2004, Monday  
Final grade reports due in the Office of Admissions and Records by 10 a.m.
The University of Texas-Pan American

Overview

The University of Texas-Pan American is a comprehensive, public coeducational institution located in Edinburg, Texas, close to the Mexican border and the Gulf of Mexico.

Mission Statement

The University of Texas-Pan American is a comprehensive general academic component of The University of Texas System established to serve the higher education needs of South Texas. The University is committed to excellence in instruction, student performance, research, scholarly accomplishment and professional service, and to expansion of international emphasis in all major areas of institutional endeavor.

The University of Texas-Pan American is committed to providing an environment of academic freedom in which faculty engage in teaching, research and service.

Students learn from faculty scholars who engage in research and creative activity to promote excellence in teaching, to develop and maintain scholarship, and to extend human knowledge. The results of that research and creativity are shared with the general public through performance, presentation, publication and public service activities. The University of Texas-Pan American strives to fulfill its responsibilities by providing a variety of quality academic programs in social and behavioral sciences, science and engineering, arts and humanities, health sciences and human services, education, and business administration leading to degrees at the undergraduate and graduate level and to certification in selected professions.

These programs are grounded in the liberal arts and emphasize competency, multicultural understanding and high ethical standards.

The University of Texas-Pan American is committed to maintaining an admissions policy that recognizes the complex educational needs of its students and that provides access to qualified applicants. The University pledges itself to the fullest development of its students by seeking financial assistance, providing appropriate developmental and support services, and offering enriched programs.

In addition, the University is committed to providing appropriate and current library, information technology, computer, laboratory and physical resources to support its academic programs and to evaluating consistently and responsibly the effectiveness of its instructional programs. The University of Texas-Pan American seeks to complement the instructional programs of the institution by:
- reflecting and responding to the international, multicultural, multilingual character of the Pan American community;
- providing a wide range of extracurricular activities and experiences that enhance the region’s intellectual, cultural, civic, social, economic and physical environment;
- maintaining services that accommodate and fulfill personal needs and that enrich the academic and social development of students;
- involving the institution in the community by providing services, programs, continuing education, cultural experiences, educational leadership and expertise to the community-at-large;
- encouraging the community-at-large to contribute to the effectiveness of their University; and
- cooperating with other institutions, schools, communities and agencies to maximize educational opportunity and effectiveness through resource sharing and collaborative efforts.

University History

The school first opened in 1927 as Edinburg College, a two-year community college governed by the Edinburg School District.

In 1933, the institution was approved by the State Department of Education, designated a “First Class Junior College” by the Association of Texas Colleges, became a member of the Association of Colleges and Secondary Schools of Southern States and was renamed Edinburg Junior College. In 1947, Edinburg Junior College began offering classes at night and at off-campus locations in neighboring towns. The following year, the name was changed again, this time to Edinburg Regional College, as the school was separated from the Edinburg School District and began receiving partial state support.

On December 20, 1951, the voters of Hidalgo County approved the establishment of a four-year college, Pan American College, to serve the needs of the region. Between 1952 and 1965, the former Edinburg Regional College served as the junior division of the new college, and a senior division was established to furnish upper-level work and award degrees.
The name Pan American College was selected because it reflected the institution’s desire to bridge the cultures of North and South America and to reflect the cultural and ethnic diversity of the institution.

Pan American College became part of the Texas System of Colleges and Universities on Sept. 1, 1963. A two-year transition period was provided during which the school passed from partial state support to full state assistance, control and ownership. In 1965, the college officially became the 22nd state-supported senior institution in Texas.

In the late 1960s, Pan American College responded to increasing requests to provide graduate-level work, and by 1970, the school had received approval to offer graduate instruction in the arts, education and science. To reflect the increased range of studies available, the name of the school was changed to Pan American University on September 1, 1971.

Pan American University began to offer courses in Brownsville in 1973 to better serve the citizens of Cameron County and the Lower Rio Grande Valley. A few years later, the Pan American University Board of Regents created Pan American University at Brownsville, which is now a separate university.

The greatest change in recent years was the University’s merger on September 1, 1989, with The University of Texas System, renaming the school The University of Texas-Pan American. The historic event culminated two years of study, hearings, discussion and negotiations involving regents, legislators, faculty, students, alumni and the community. With the addition of Pan American University, The University of Texas System gained a window on eastern Mexico and a strong presence in one of the fastest-growing regions of the state. To its advantage, Pan American gained the participation and support of the System and its components in expanding the number of academic opportunities it offers its students.

In 1994, the Texas Higher Education Coordinating Board approved UT Pan American’s first doctoral degree, a Ph.D. program in business administration with an emphasis in international business, effectively marking the beginning of a new era in the development of the institution. In 1998, the Coordinating Board approved a second doctoral program, an Ed.D. in educational leadership. UT Pan American has continued to broaden its curriculum, adding baccalaureate, master’s and doctoral degree programs. Today, it is the 10th largest of the state’s 35 senior institutions.

**The Students**

UT Pan American has one of the largest enrollments of Hispanic students among four-year colleges and universities in the United States. About 86 percent of the undergraduate students are Mexican-American, reflecting the demographic characteristics of the immediate region, the Rio Grande Valley.

In May 2000, The Hispanic Outlook in Higher Education reported that UTPA is second in the nation in the number of bachelor degrees awarded to Hispanics and first in the state of Texas.

Enrollment in fall 1999 was 12,500. The Texas Higher Education Coordinating Board predicts the University will have a fall enrollment of 15,600 students by the year 2010.

**Degrees and Programs**

UT Pan American’s six academic colleges — Arts and Humanities, Business Administration, Education, Health Sciences and Human Services, Science and Engineering, and Social and Behavioral Sciences — offer a wide range of degree options encompassing a comprehensive series of academic concentrations and selected areas of professional study.

**Bachelor’s Degrees**

Lydia Aleman, Director, Corporate and Foundation Support, University Development Center
Debby Grant, Director, Alumni Relations and Special Projects
Enedelia Piña Kidd, Director, Career Placement Services
Admission

General Information

The University of Texas-Pan American is an equal opportunity educational institution. Under this philosophy, students are admitted to the University without regard to race, creed, color, sex, ethnic origin, religion, age, veteran status or disability.

Admission is only for the semester requested. Students who apply but do not attend must submit an updated application for admission to enroll for a later semester. Students not enrolled for the previous regular semester must apply for readmission.

Students are admitted to The University of Texas-Pan American through the Office of Admissions and Records, which is responsible for administering admission policies. Students who wish to attend the University must meet all admission requirements by the published deadline date for the semester for which they are applying. Failure to have applications with supporting documents on file by these dates will result in restrictive admission or denial of admission at that time. Request documents to be sent to:

Office of Admissions and Records
Student Services Building, Room 108
The University of Texas-Pan American
1201 W. University Drive
Edinburg, TX 78541-2999
956/381-3040 or 956/381-2201
Voice/Telecommunications
Device for the Deaf: 956/381-2215
Web: www.panam.edu/admissions
E-mail: admissions@panam.edu

Required high school and/or college transcripts must be requested from each individual institution attended. These official transcripts must be sent by the institution directly to the Office of Admissions and Records at the above address. Information regarding how test scores may be requested may be obtained from the University Testing Center, UTPA Annex, 2412 S. Closner, telephone 956/316-2457. E-mail: potesting@panam.edu

Failure to submit a complete and correct application, including all transcripts, is grounds for rejection of application, withdrawal of offer of acceptance or, after enrollment, disciplinary action including expulsion. Any applicant, whether a new student or a former student at the University, who has attended another collegiate institution is not at liberty to disregard any part of the collegiate record and apply for admission to UT Pan American on the basis of a partial record of his or her college work, but is subject without exception to the regulations for admission.

All documents submitted become the property of UT Pan American. Admission documents submitted will remain on file for one year, if the student does not attend, or five years if the student attends UT Pan American. Documents will not be returned.

Texas Common Application

In accordance with Sections 51.762 and 51.763 of the Texas Education Code, students have the opportunity to apply to any public institution in the State of Texas through a common application process. Please check with the Office of Admissions and Records for full details.

Automated Student Information Services

Telephone Voice Response: Students may check the progress of their applications or access other information by calling the Advanced Services for Student Information Supported by Technology (ASSIST) at 956/381-3040 on a touch-tone phone. ASSIST offers recorded information on admission, grades, registration and transcripts and information specific to each student through a series of voice prompts.

Kiosk Stations: Standard forms, general information, a campus directory and student record information, including application status, can be accessed from any of the kiosk stations located on the UT Pan American campus.

Web for Students: The services available by kiosk and telephone voice response are also available via the World Wide Web at http://assist.panam.edu or cp.panam.edu (Campus Pipeline)

Application Deadlines

There are two admission application deadlines for each semester and summer session at the University. The earliest deadline, usually the first work day in February for both summer sessions and the fall semester or the first work day in September for the spring semester, allows students to participate in priority telephone or Web registration via the computerized ASSIST registration system. Registration is conducted in the spring for the summer and fall sessions and in fall for the spring semester.
The second application deadline, usually about 60 days before the beginning of the semester, is for late registration. Specific deadline dates for each semester are listed in the Schedule of Classes and in the University Calendar in this catalog.

**Academic Fresh Start**

**Undergraduate Programs:** An applicant for admission who is a Texas resident may seek to enter this institution pursuant to the “academic fresh start” statute, Texas Education Code, Paragraph 51.931. If the applicant informs the Office of Admissions and Records in writing of the election, the institution for admissions purposes will not consider academic course credits or grades earned by the applicant 10 or more years prior to the starting date of the semester in which the applicant seeks to enroll. An applicant who makes the election to apply under this statute may not receive any course credit for courses taken 10 or more years prior to enrollment.

**Procedure after Admission**

Successful applicants will receive a letter of acceptance from the Office of Admissions and Records. Entering freshmen, first-year freshmen, provisional (PEP) students, students who have not passed the Texas Academic Skills Program (TASP) test, and students who have not yet declared a major will report for advisement in the LAC Counseling and Advisement Center, Student Services Building Room 513. All other students are advised in their intended major departments, which will appoint an advisor to counsel them on registration, degree programs and other required procedures. Students should have their schedules approved each semester by their advisors (or an approved substitute) before registering for courses. Advisement is mandatory at all levels.

**Undergraduate Admission**

Applicants may gain undergraduate admission to the University as entering freshmen, transfer students and through concurrent enrollment as high school juniors and seniors.

**Entering Freshman Admission**

Entering freshmen are students who have not attended any accredited college or university. To be admitted as an entering freshman, an applicant must meet the following requirements and submit required documents to the Office of Admissions and Records by the published deadline date for the semester for which he or she is applying. Applicants must submit the following required documents:

1. Entering Freshman Application for Admission.
2. High School Transcript showing rank in class, official date of graduation and that the student has earned at least 21 accredited high school units, or GED scores that qualify for issuance of a Texas high school certificate based on GED test results. (For more information on high school accreditation, see the Glossary on page 351.)
3. American College Testing Program (ACT) scores or Scholastic Aptitude Test (SAT) scores. ACT or SAT scores posted on an official high school transcript will be accepted. Entering freshmen will not be permitted to register without ACT or SAT scores. "Pre" test scores such as the PSAT and scores from a residual ACT test taken at an institution other than UT Pan American may not be used for admission purposes.
4. Test of English as a Foreign Language (TOEFL) is required of students graduating from a high school in a country where English is not the native language (minimum score of 500 for paper based test or 173 for computer based test required).
   **NOTE:** International students must also complete requirements listed under International Student Admission.
5. Texas Academic Skills Program (TASP) exam (or approved alternate exam) sent directly from the testing agency. Entering freshmen will not be permitted to enroll in college-level courses without TASP scores unless exempt from TASP. See page 59 for more information.

There are two types of admission for entering freshmen: Regular Admission and Provisional Enrollment.

**Regular Admission**

Applicants who have graduated from accredited United States high schools, or their equivalents, are eligible for Regular Admission if they meet one of the following criteria:

1. completion of a high school curriculum certified as “Recommended” or “Distinguished Achievement;”
2. completion of a regular high school program
with a class rank in the top quartile of the graduating class; or
3. an ACT Composite of 20 or above (SAT 930 or above).

Students must attend University orientation and be advised by the Counseling and Advisement Center in the Learning Assistance Center for their first year.

The following recommended High School Curriculum will be phased-in as a requirement for Regular Admission:

**English Language Arts**
- 4 credits
  - *English I, II, III, IV*
    - English I and II for Speakers of Other Languages may be substituted for English I and II only for immigrant students with limited English proficiency.

**Mathematics**
- 3 credits
  - *Algebra I, Algebra II and Geometry*

**Science**
- 3 credits
  - *Selected from: four specified areas as indicated below. (No more than one credit may be chosen from each of the four areas.)*
  - Integrated Physics and Chemistry
    - Biology, AP Biology, or IB Biology
    - Chemistry, AP Chemistry, or IB Chemistry
    - Physics, Principles of Technology I, AP Physics or IB Physics
  - Students are encouraged to take Biology, Chemistry, and Physics.

**Social Studies**
- 3 1/2 credits
  - World History Studies (1 credit)
  - World Geography Studies (1 credit)
  - U.S. History Studies Since Reconstruction (one credit) and
  - U.S. Government (one-half credit)

**Economics**
- 1/2 credit
  - with emphasis on the free enterprise system and its benefits (one-half credit).

**Physical Education**
- 1 1/2 credits
  - One-and-one-half credits to include Foundations of Personal Fitness (one-half credit).
  - (Limit of two credits.) *Can substitute:*
    - drill team
    - marching band
    - cheerleading

- ROTC
- athletics
- Dance I-IV
- approved private program or
- certain career and technology education courses

**Health Education**
- 1/2 credit
  - One half credit or
  - Health Science Technology (one credit)

**Language other than English**
- 2 credits
  - Two credits must consist of Level I and Level II in the same language.

**Fine Arts**
- 1 Credit
  - One credit. (Speech may not substitute.)

**Speech**
- 1/2 credit
  - *One-half credit selected from either:
    - Communication Applications
    - Speech Communication
    - Debate or
    - Oral Interpretation

**Technology Application**
- 1 credit
  - *One credit selected from either:
    - Computer Science I or II
    - Desktop Publishing
    - Digital Graphics/Animation
    - Multimedia
    - Video Technology
    - Web Mastering
    - Independent Study in Technology Applications
    - Business Image Management and Multimedia
    - Telecommunications and Networking, Business Computer Information Systems I or II
    - Business Computer Programming
    - Computer Applications
    - Technology Systems (computer lab-based)
    - Communication Graphics (computer lab-based) or
    - Computer Multimedia and Animation Technology
Electives  3 1/2 credits
(choose from Option I, Option II or Option III, below)

TOTAL  24 credits

   A. Mathematics (one credit) must be Precalculus.
   B. Science (one credit) selected from either:
      - Integrated Physics and Chemistry
      - Biology, AP Biology, or IB Biology
      - Environmental Systems, IB Environmental Systems or AP Environmental Science
      - Chemistry, AP Chemistry, or IB Chemistry
      - Aquatic Science
      - Physics, AP Physics, or IB Physics
      - Astronomy
      - Geology, Meteorology, and Oceanography
      - Scientific Research and Design
      - Anatomy and Physiology of Human Systems
      - Medical Microbiology
      - Pathophysiology or
      - Principles of Technology I and Principles of Technology II.
   C. Elective (one and one-half credits).

2. Option II: Career and Technology.
   Three and one-half credits in a coherent sequence of courses for career and technology preparation.

   Three and one-half credits in state-approved courses in:
   - language arts
   - science
   - social studies
   - mathematics
   - languages other than English
   - fine arts or
   - technology applications

*Advanced Placement (AP), International Baccalaureate (IB) or college courses may substitute.

♦ Provisional Enrollment Program (PEP)
   Entering freshman applicants who have graduated from accredited U.S. high schools or their equivalents but who do not meet the criteria for regular admission may enroll through the Provisional Enrollment Program (PEP).
   PEP students must attend University orientation, must be advised by the LAC Counseling and Advisement Center, must select classes from those prescribed by the University College/General Education requirements, must attend academic assessment sessions with University advisors each semester, and must participate in non-credit programs identified to develop study and academic skills.
   During the semester in which a PEP student has a minimum cumulative total of nine (9) or more attempted hours, the student may fulfill criteria for regular admission by meeting two requirements:
   1. a grade point average (GPA) of 2.0 or higher in courses completed from at least two of the following areas: English, mathematics, natural sciences, social sciences, foreign language or humanities; and
   2. successful completion (with grade of A, B, C, D, CR or Pass) of attempted hours:

<table>
<thead>
<tr>
<th>Enrolled:</th>
<th>Must Complete:</th>
</tr>
</thead>
<tbody>
<tr>
<td>first 9 hours</td>
<td>6 hours</td>
</tr>
<tr>
<td>10 to 12 hours</td>
<td>9 hours</td>
</tr>
<tr>
<td>above 12 hours</td>
<td>10 hours</td>
</tr>
</tbody>
</table>

   PEP students who do not have a 2.0 GPA (based upon 9 or more attempted hours) will be permitted an additional semester of enrollment if they have at least a 1.5 GPA and if they meet the “successful completion” criteria outlined above. During this additional PEP semester, students must earn at least the minimum GPA required by probation policies for Regular Admission students (see requirements on page 59). PEP students may satisfy the requirements for Regular Admission when they complete 21 earned hours with the GPA required to avoid academic probation.
   PEP students who do not satisfy these conditions for continued enrollment have two options for readmission to UT Pan American:
   1. apply for “provisional” readmission after two calendar years from the date of last attendance, or
   2. transfer 9 college-level hours from another accredited college or university with a 2.0 or higher GPA.

   Refer to the section on scholastic probation and suspension on page 58 of this catalog for additional information.

♦ University Honors Program
   The purpose of the University Honors Program is to provide capable and interested students with a means of enriching their college education. Students in the program attend special honors classes at the
freshman and sophomore level and complete an independent study program in their majors or a related field of study at the junior and senior level.

There are three ways beginning freshmen win admission to the Honors Program:

1. have a composite ACT score of 22 or higher (or SAT equivalent of 1030), or
2. have graduated in the top 10 percent of their class, or
3. have graduated with a 90 percent or higher grade average in academic courses.

Admission to the University Honors Program is not granted as a result of admission to the University. Students must apply directly to the Honors Program. For an application or information, contact:

Director, University Honors Program
Social and Behavioral Sciences Building, Room 104
The University of Texas-Pan American
1201 W. University Drive
Edinburg, TX 78541-2999
956/381-3461

Students who already have college credit may also apply for admission to the University Honors Program. College grades and recommendations from professors determine a college student’s admission to the program. Any student who has earned 12 semester hours or more of college credit with at least a 3.0 GPA is eligible for admission to the Honors Program. A list of courses and other information about the Honors Program are on page 93 and page 295 of this catalog. Contact the University Honors Program office for additional information.

**Concurrent Enrollment Program for High School Students**

UT Pan American sponsors two types of Concurrent Enrollment Programs — the High School to University Program (Off-Campus Attendance or Distance Learning) and the Independent Student Program (On-Campus Attendance). Both programs are designed to give outstanding High School juniors and seniors an opportunity to earn college credit in a university-supervised learning environment. Concurrent Enrollment students are graded in the same manner as are other college students and are awarded college credit upon graduation from high school. Students who wish to receive dual credit (high school and college credit) must receive approval from their school districts for high school credit to be awarded.

NOTE: Students who receive Concurrent Enrollment credit at UT Pan American may be eligible for The University Scholars Scholarships (tuition and fees for four years) upon regular admission to the University. For more information, contact the Scholarship Office at 956/381-2190.

To be admitted to the Concurrent Enrollment Program, students must submit the following admission documents by the published deadline date for the semester for which they are applying:

- Application for Concurrent Enrollment Admission.
- High school transcript sent directly from the high school showing completion of the sophomore year.
- American College Testing Program (ACT) scores with a minimum composite of 22 [or equivalent Scholastic Assessment Test (SAT) score of 1030].
- Scores from the Texas Academic Skills Program (TASP) (or approved alternate exam) sent directly from the testing agency. Students will not be permitted to register without TASP scores unless exempt from TASP. See page 59 for more information.

*Submission of ACT/SAT scores is optional for High School to University Program applicants.

All admission documents for the Concurrent Enrollment Program must be submitted to:

**The University of Texas-Pan American**
High School to University Services
Mailing address: 1201 W. University Dr.,
Edinburg, TX 78541-2999
Physical address: UTPA Annex #101,
2412 S. Closner, Edinburg, Texas
Phone: 956/388-2700
Fax: 956/388-2711
E-mail: ce@panam.edu

It is recommended that all documents be sent at one time. All documents submitted become the property of The University of Texas-Pan American.

In order to continue in the Concurrent Enrollment Program, participating students must earn a grade of “C” or higher in each University course taken and must meet all TASP requirements as mandated by the State of Texas (see requirements on page 59).

Upon graduation from high school, Concurrent Enrollment students must submit a final high school
transcript indicating: (1) that the student is a graduate; (2) that the student has earned at least 21 accredited high school units; and (3) the student’s class rank. Concurrent Enrollment students who wish to continue their studies at UT Pan American after high school graduation will be readmitted as Entering Freshmen and will be invited to attend Freshman Orientation.

Concurrent Enrollment students are assessed regular student fees in accordance with current rates set for all other students. Although financial aid is not available for students in the Concurrent Enrollment Program, UT Pan American has formed partnerships with school districts participating in the “High School to University” Program to make the program available at a very limited cost to students.

The High School to University Program (On-Campus Attendance or Distance Learning)
Qualified students are encouraged to apply for this program through their high schools or school districts. UT Pan American works with participating districts to provide access to specific courses and tuition incentives that cover most of the student’s costs. Typically, the school districts and University plan these courses one semester in advance of the fall or spring term when they are offered.

Admission Criteria for the High School to University Program:
1. ACT composite of 22 (SAT 1030) or top 10% class rank or 90 or above average in academic* courses.
2. Recommendations from high school counselor and principal each semester of attendance.
3. Permission of parent or guardian.
4. Meet deadlines for Concurrent Enrollment admission.

The Independent Student Program (On-Campus Attendance)
Outstanding high school students may apply on an individual basis to take college classes in the evening or on weekends. High school counselors are usually available to assist individual students in preparing their applications for admission to the Concurrent Enrollment Program.

Admission Criteria for the Independent Student Program:
1. ACT composite of 22 (SAT 1030).
2. Top 10% class rank or 90 or above average in academic* courses.
3. Recommendations from high school counselor and principal each semester of attendance.
4. Permission of parent or guardian.
5. Meet deadlines for Concurrent Enrollment admission.

Concurrent Enrollment Honors Program
The Concurrent Enrollment Honors Program offers an exceptional educational experience for academically talented high school students. Benefits to program participants include small class sizes, innovative teaching techniques, individualized instruction, research opportunities, academic recognition, and a wide variety of extracurricular activities. Honors courses are offered in a wide range of academic disciplines including English, History, political science, humanities, biology, statistics, and others. Concurrent Enrollment Honors Program participants who continue their education at The University of Texas-Pan American after high school graduation have an opportunity to graduate from the University within the framework of the Honors Program.

Admission Criteria for the Concurrent Enrollment Honors Program
In addition to meeting the criteria and submitting all documents required for regular admission to the Concurrent Enrollment program, students must:

› Complete a Concurrent Enrollment Honors Program application form.
› Submit a personal narrative that:
   1. summarizes the important events in the student’s life, giving particular attention to special interests and to any honors or awards received;
   2. gives the student’s reasons for wanting to participate in the Concurrent Enrollment Honors Program at UTPA.
› Have an ACT composite score of at least 22 (or the SAT equivalent, 1030).

Concurrent Enrollment Honors Program applicants must meet all regular application deadlines for Concurrent Enrollment. Because of limited seating in honor classes, students are encouraged to apply early.

* Academic average is based on a student’s grades in academic courses such as English, mathematics, natural sciences and social sciences. Non-academic courses such as physical education, music and vocational courses are not considered.
**Returning Student Admission**

Students who last attended UT Pan American are admitted as Returning Students after an absence of at least one regular semester. To be admitted as a Returning Student, an applicant must be in good academic standing or have served his or her period of suspension, and submit the following to the Office of Admissions and Records by the published deadline date for the semester applying.

1. Returning Student Application for Admission.
2. Clear Record of Academic or Financial “Holds.” Returning students must clear any previous admission or financial obligations to the University prior to readmission.
3. Texas Academic Skills Program (TASP) exam (or approved alternate exam) sent directly from the testing agency. Students will not be permitted to enroll in college-level courses without TASP scores unless exempt from TASP. See pages 59-60 for more information.

Students not in attendance for the previous regular semester should apply for readmission for the semester in which they plan to resume studies. For application deadlines, see the printed Schedule of Classes or the University Calendar in this catalog.

It is recommended that students who are returning after an extended absence seek advising, either from an academic advisor or the LAC Counseling and Advisement Center. Students with 60 or more hours should work with their academic advisor in their major department to make any necessary updates to their degree plan.

Returning students who are not TASP exempt and who have not passed all sections of TASP, must seek Advising at the LAC Counseling and Advisement Center.

Students who have course credit or grades earned 10 or more years ago may elect to be readmitted under the Academic Fresh Start program. See page 16 for more information.

---

**Transfer Admission**

Students admitted as Transfer Students have attended an accredited college or university other than, or in addition to, UT Pan American. To be admitted as a Transfer Student, an applicant must submit the following information to the Office of Admissions and Records:

1. Transfer Student Application for Admission.
2. Official College Transcript(s) sent directly from each institution attended. A student’s previous college work will be evaluated in terms of UT Pan American standards. Only coursework or degrees earned at an institution accredited by a regional accrediting association will be recognized. (For more information on accreditation, see the Glossary on page 351.) All college transcripts must be sent directly from the institution attended to the Office of Admissions and Records. Transcripts that are hand-carried, faxed or issued to students will not be accepted.
3. For transfer students with less than 30 hours of transferable college-level work, High School Transcript (or GED scores) and American College Testing Program (ACT) scores or Scholastic Aptitude Test (SAT) scores. Scores from a residual ACT test taken at an institution other than UT Pan American may not be used for admission purposes.
4. TASP (Texas Academic Skills Program) scores sent directly from the testing agency for TASP students. Students will not be permitted to enroll in college level courses without TASP scores unless exempt from TASP. (For more information on TASP requirements, see pages 59-60.)
5. For international students only: Documents and other requirements listed under International Student Admission on page 23.

All documents submitted become the property of UT Pan American. Transfer students who are not TASP exempt, or who have not passed all three sections of TASP, are required to attend a mandatory orientation session.

Students who are on academic suspension based on UT Pan American standards will not be granted admission during the regular (fall or spring) semesters of the suspension period. Students on suspension are encouraged to enroll for summer sessions to repeat courses in which they have low or failing grades. (For information on scholastic suspension, see page 58.) Failure to submit a complete and correct application, including all transcripts, is grounds for rejection of application, withdrawal of an offer of acceptance or, after enrollment, any disciplinary action including expulsion. Any applicant, whether a new student or a former student at the University, who has attended another collegiate institution is not at liberty to disregard any part of the collegiate record and apply for admission to UT Pan American on the basis of the high school record or a partial record of his or her college work, but is subject without exception to the regulations given above.

Students who have course credit or grades earned 10 or more years ago may elect to be readmitted under
the Academic Fresh Start program. See page 16 for more information.

- **Transfer of Undergraduate Credits**
  Transfer of regular academic credit or recognition of degrees from another institution to UT Pan American involves at least three considerations:
  1. the educational quality of the institution from which the student transfers,
  2. the comparability of the nature, content and level of credit earned to that offered by UT Pan American, and
  3. the appropriateness and applicability of credit earned to the programs offered by UT Pan American.

  Accreditation speaks primarily to the first of these considerations, serving as the basic indicator that an institution meets certain minimum standards. Accreditation affords reason for confidence in an institution's purposes, in the appropriateness of the resources and plans for carrying out these purposes and in its effectiveness in accomplishing its goals. UT Pan American requires that the institution be accredited by the regional accreditation association responsible for the geographical area in which the institution is located. Institutions that are not accredited may lack that status for reasons unrelated to questions of quality. Such institutions, however, cannot provide a reliable, third-party assurance that they meet or exceed minimum standards.

  Comparability of nature, content and level of transfer credit and the appropriateness and applicability of the credit earned to programs offered by UT Pan American are as important in the evaluation process as the accreditation status of the institution at which the transfer credit was awarded. Since accreditation does not address these questions, this information must be obtained from the catalog and other materials from the sending institution.

  The University accepts transfer credit and recognizes degrees from both traditional and non-traditional education institutions that are accredited by regional accreditation bodies in the United States. In cases where credits and degrees are awarded by non-traditional accredited institutions requiring no-in-residence coursework, individual evaluation of transcripts must be made to determine credits for transfer. These evaluations will normally be made by the appropriate academic or administrative office.

  There may be some differences between the acceptance of credit for admission purposes and the applicability of credit for degree purposes. UT Pan American may accept previous work, place a credit value on it and enter it on the transcript. However, because of its nature and not its inherent quality, it may be determined to have no applicability to a specific degree program to be pursued by the student.

  Foreign institutions, in most cases, are chartered and authorized by their national governments, usually through a ministry of education. Although this provides for a standardization within a country, it does not produce useful information about comparability from one country to another. No other nation has a system comparable to the voluntary accreditation used in the United States. The Country Index, published by the International Education Research Foundation Inc., and the student's performance in his or her first year of coursework shall be used as the guide for evaluating post-secondary work from foreign institutions.

- **Transfer Credit Guidelines**
  The grading policies of The University of Texas-Pan American will be applied to all coursework transferring from other institutions. Some special circumstances regarding the transfer or non-transfer of credit to UT Pan American are listed as follows:

  1. **Bible Coursework** — Exegetical or doctrinal courses in religion are not transferable. Courses in Bible of a historical or literary nature (but non-doctrinal) are transferable up to a maximum of 12 semester hours of lower-division credit.

  2. **Incomplete Grades** — Incomplete grades are treated as "F" grades for the purpose of grade point average calculation.

  3. **Life Experience** — Normally, no credit will be awarded for "life experience". Exception to this rule may include those cases where the credit has been validated either by another accredited institution of higher education, or by a test administered by an academic department and approved by the Provost's Office.

  4. **Remedial Courses** — Sub-college courses such as remedial reading, developmental reading, remedial science and orientation are not transferable for credit.

  5. **Terminal Courses** — Terminal courses offered at many junior colleges are not offered for the purpose of transfer to senior colleges and usually are clearly labeled in the college catalog as being non-transferable. Examples of terminal courses are auto mechanics, machine shop, electricity, data processing and welding.
Transfer Curricula and Resolution of Transfer Disputes for Lower Division Courses
The following policy was developed for students transferring to UT Pan American from other Texas public institutions:
1. The transfer of curricula shall be as prescribed by the current issue of the Texas Higher Education Coordinating Board’s guide to Transfer Curricula and Transfer of Credit. Current guidelines can be reviewed in the Office of Admissions and Records.
2. The following procedures shall be followed by public institutions of higher education in the resolution of transfer disputes involving lower division courses:
   a. If an institution of higher education does not accept a course credit earned by a student at another Texas public institution of higher education, that institution shall give written notice to the student and the other institution that the transfer of the course credit is denied.
   b. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Coordinating Board rules and/or guidelines.
   c. If the transfer dispute is not resolved to the satisfaction of the student or the institution at which the credit was earned within 45 days after the date the student received written notice of the denial, the institution that denies the transfer of the course credit shall notify the Commissioner of Higher Education of its denial and the reason for the denial.
3. The Commissioner or the Commissioner’s designee shall make the final determination about a dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.
4. All Texas public institutions of higher education shall furnish data to the Coordinating Board on reported transfer disputes as the Board may require in accordance with its statutory responsibilities under Section 61.078(e) of the Texas Education Code.

Texas Common Course Numbering System
The Texas Common Course Numbering System (TCCNS) has been designed to aid students in the transfer of general academic courses between colleges and universities throughout Texas. Common courses are freshman and sophomore academic credit courses that have been identified as common by institutions that are members of the TCCNS. The system ensures that if the student takes courses that the receiving institution has designated as common, then the courses will be accepted in transfer, and the credit will be treated as if the courses had actually been taken on the receiving institution’s campus.

The table on pages 24-25 lists the courses UT Pan American has identified as common and their TCCNS equivalents. Before using this table, students should be sure that the institution they attend employs the TCCNS. Course availability varies from institution to institution.

Only courses that have direct equivalents are shown. Other courses may transfer by title. Students wishing to transfer a course to UT Pan American that is not listed in this guide should obtain approval from the Office of Admissions and Records prior to taking the course.

The UT Pan American Office of Admissions and Records must receive an official transcript directly from the registrar’s office of the institution attended before credit can be transferred. (See section on Transfer of Undergraduate Credits on page 22 for complete transfer of course credit regulations.)

Distance Learning Courses
UTPA offers two types of distance learning education courses in addition to the traditional classroom setting. Interactive video courses are identified by the letter “I” after the section number, and local web delivery courses are identified by the letter “L” after the section number: (i.e. ENG 1301.90I or ENG 1301.90L).

For further information, contact the course instructor, visit the Center for Distance Learning web site at cdl.panam.edu or call the Center at 956/381-2979.

UT TeleCampus Courses
Some courses listed in this catalog are offered from The University of Texas-Pan American via the UT TeleCampus. The UT TeleCampus is the centralized support center for online education throughout The University of Texas System. In the web site you’ll find: online classrooms, a digital library, free online tutorial services, 24/7 technical support, links to various admissions and registrar offices throughout the UT System and full program descriptions for the online courses and degrees the UT TeleCampus facilitates. Designated contacts at each campus are available to assist you as are the student services support staff of the UT TeleCampus. With questions please call toll-free: 1-888-TEXAS-16 (1-888-839-2716).

NOTE: To see a full listing of courses and host universities for the UTTC programs, please access the UT TeleCampus web site at http://www.telecampus.utsystem.edu

International Student Admission
An applicant is considered an International Student if the applicant is not a citizen of the United States or a permanent resident alien. Applicants who have permanent resident alien status do not apply as International Students. All required documents must be on file in the Office of Admissions and Records 60 days prior to the beginning of the semester for late registration or by the published application deadline for ASSIST telephone Web registration.

International students must not only meet standard admission requirements, but must also submit the following:
1. International Student Application for Admission. This application requires official certification of sources of funds from the student.
2. Test of English as a Foreign Language (TOEFL) or other acceptable exam. Students from countries whose native language is not English will be expected to take the TOEFL. TOEFL scores must be sent directly from the Educational Testing Service. UT Pan American will not accept residual TOEFL exams taken at another institution. Students scoring below 500 (173 for computer based tests) on the TOEFL will be denied admission. Undergraduate students scoring between 500 and 550, but otherwise meeting department requirements, will be required to take prescribed courses in English.
3. Proof of sufficient funds to pay for one year of educational and living expenses. This may be proved through financial documents and bank statements showing specific dollar amounts available.
4. English Translation of Educational Records. In addition to the official transcripts required for admission as a graduate or undergraduate student, an English translation must be included to allow for accurate interpretations. Educational documents may be returned to the Educational Ministry of the student’s country for assistance in the evaluation of credits.
5. Purchase of Mandatory Medical Insurance from the University. Medical insurance is required each semester of attendance with minimum coverage as follows: Major Medical $50,000; Medical Evacuation $10,000; Repatriation of Remains $7,500. Medical insurance will be automatically billed at the beginning of each semester and must be maintained throughout your time at our University.
6. Texas Academic Skills Program (TASP) Exam: The TASP and QUICK TASP exams are offered locally. Enrollment in college-level coursework will not be permitted until TASP or QUICK TASP scores are on file with the Office of Admissions and Records. A minimum score is not required for admission; however, passing standards must be achieved prior to enrollment in upper-division coursework.

Procedure After Admission - Issuance of I-20
Upon completion of the application process, successful applicants will be issued an I-20 by the International Student Advisor, who is the University’s designated official to report the status of international students to the Immigration and Naturalization Service. Students then present the I-20 to the American Consulate or embassy in their home country to obtain a visa.

International students are required to report any change in status immediately to the International Student Advisor, located in the first floor of the University Center Building, 956/381-2922.

Duration: A non-immigrant student may be admitted for “duration of status.” This means that the student is authorized to stay in the United States for the entire length of time during which the student is enrolled full-time in an educational program and any period of authorized practical training plus 60 days. While in the United States, the student must maintain a valid foreign passport unless exempt from passport requirements.

School on Visa: For initial admission, the student must attend the school specified on the visa. If the
are only required to have an official transcript showing the awarding of a bachelor’s degree (or higher) sent from the awarding institution. Special students seeking teaching certification or a second bachelor’s degree are required to have transcripts sent from all institutions attended. (A request for a second degree evaluation form must be completed at the Office of Admissions and Records for students seeking additional bachelor’s degrees. For more information, see page 63.)

Special Graduate Students are those holding a master’s degree from an accredited institution who do not wish to enter a graduate program. For more information, consult the Graduate Catalog.

Graduate Admission

Graduate admission is addressed in detail in the Graduate Catalog. Any student who would like to enroll in a graduate-level course (5000-9000 level) must apply and be accepted for graduate study at UT Pan American. Students accepted for graduate study are still eligible to enroll in undergraduate courses.

Reservation of Work by Undergraduates for Graduate Credit

It is possible for undergraduate students to enroll in graduate courses in their last semester under the following conditions:

1. The undergraduate student must lack no more than 12 hours of work to complete all requirements for his or her first bachelor’s degree.
2. These 12 hours (or less) must be completed in the same semester, or two six-week summer sessions, in which the student is taking the graduate courses.
3. Total enrollment must not exceed 15 hours in a regular semester, or 12 hours in a 12-week summer session.
4. The student has a minimum graduate admission GPA of at least a 2.5 (on a 4.0 scale) on work completed to date. (For information on the calculation of graduate admission GPA, consult the Graduate Catalog.)
5. The application for such graduate work is submitted to the Graduate School by the published deadline.

Undergraduates cannot count their work in graduate courses toward the bachelor’s degree. Such work will be reserved for credit toward a graduate degree.
The cost of attending The University of Texas-Pan American is relatively low — approximately $1,100.73 per semester for 12 hours of required tuition and fees for an undergraduate resident of Texas. The student financial aid program offering part-time employment, scholarships, grants and loans assists most students at UT Pan American in meeting the costs of attending college. (For more information on financial aid, see the Financial Assistance section on page 38 of this catalog.)

**Financial Responsibility**

State universities cannot extend credit. Students are expected to meet financial obligations to the University within the designated time allowed. Registration fees are payable at the time of registration, and students are not entitled to enter a class or laboratory until all their fees have been paid. *(Exception: See Payment by Installment on page 33.)*

Other charges are due within 10 days after a bill is rendered by the University, or according to the special payment instructions that may be printed on the bill. Failure to pay the amount owed in the allotted time can result in the withholding of registration privileges, official transcripts, grades and degrees, University disciplinary action, and other penalties and actions authorized by law.

A student is only registered in the University and entitled to university privileges after he or she has paid all required fees. A hold against re-entry is imposed on a student who fails to pay a debt owed to the University.

Initial payment of registration fees may be made by personal check, money order payable to The University of Texas-Pan American, credit card (VISA, MasterCard and Discover only) or cash. Students are advised to exercise care in paying fees by check. When a bad check for registration fees is returned to the University, a $15 returned check service charge is assessed, and the student is given 10 days from receipt of notice to make full payment by cash, cashier’s check or money order. Failure to comply will result in the penalties described above.

**Residency Classification for Tuition Purposes**

The Office of Admissions and Records is responsible for determining residence status of students for purposes of tuition. The Office is guided by the Texas Education Code, 54.052, et seq., the Rules and Regulations for Determining Residence Status of the Texas Higher Education Coordinating Board and University regulations. Under the state statutes and regulations, for tuition purposes, a student or prospective student is classified either as a resident of Texas, non-resident (U.S. citizens from another state), or foreign students who are citizens from another country.

- A resident of the state of Texas for tuition purposes is an individual who is either a U.S. citizen, Permanent Resident Alien who has lived and worked in the state of Texas for a period of 12 months prior to enrollment or is an undocumented student* (who has graduated from a Texas High School).

Students who do not complete their degree within 45 semester hours of their degree requirement will have to pay out-of-state tuition for the remainder of their classes. *(Please refer to “45 Semester Hour Rule on the next page.)*

A non-resident for tuition purposes is a U.S. citizen or Permanent Resident Alien who has not lived and worked in the state of Texas for a period of 12 months prior to enrollment.

A foreign student is an alien who is not a permanent resident of the U.S. or has not been permitted by Congress to adopt the U.S. as his or her domicile. Residency for tuition purposes for a dependent is established on the residency of the parents or legal guardian.

While these state requirements for establishing residency are complex and should be referred to in each particular circumstance, they generally require a minimum of 12 months of residing and gainful employment in Texas prior to enrollment.

Individuals classified as a non-resident or foreign students may qualify for resident tuition rates and other charges while continuing to be classified as a non-resident or a foreign student under the following exceptions:

- Students who receive academic competitive scholarships
- Teaching or research assistants
- Faculty employment
- Special types of Visas
- Military

INFORMATION ON RESIDENCY, RECLASSIFICATION, TUITION EXCEPTIONS AND WAIVERS is available at the Office of Admissions and Records, Room 108 of the Student Services Building.
telephone 956/381-2732 or 956/381-2209. Students are required to sign an oath of residency as part of the application process. Residency for tuition purposes will be based on this oath and other information/documents submitted by the student.

*Undocumented students must have 1) attended a Texas high school, 2) lived in Texas for three years, 3) enrolled in college after Fall 2001, 4) filed an affidavit intending to become a permanent resident.

** 45 Semester Hour Rule
Pursuant to Section 61.0595 of the Texas Education Code, resident undergraduate students who, before the semester or other academic session begins, have attempted* a number of semester credit hours for courses taken at any institution of higher education while classified as a resident student for tuition purposes that exceeds by at least 45 hours the number of semester credit hours required for completion of the degree program in which the student is enrolled, will be classified as non-resident for tuition purposes. For purposes of this regulation, an undergraduate student who is not enrolled in a degree program is considered to be enrolled in a degree program requiring a minimum of 120 semester credit hours.

This regulation does not apply to semester credit hours earned by a student who initially enrolled as an undergraduate student in any institution of higher education before the 1999 fall semester.

"Attempted hours" refers to the number of hours for which the student was enrolled as of the official census date of each term, including courses that are dropped after the official census date, optional internship and repeated courses, with the following exceptions:
- semester credit hours earned by the student before receiving a baccalaureate degree that has previously been awarded to the student;
- semester credit hours earned by the student by examination or under any other procedure by which credit is earned without registering for a course for which tuition is charged;
- credit for a remedial education course, a technical course, a workforce education course funded according to contact hours, or another course that does not count toward a degree program at the institution; and
- semester hours earned by the student at a private institution or an out-of-state institution.

* Texas Education Code, 54.504 - Incidental Fees and 55.16 Board Responsibility authorizes the governing board to fix and collect fees and charges. The averages are not given for college and course related fees (laboratory, incidental, supplemental/individual fees) since charges vary according to academic program and courses; actual fees are published in the institutional catalog and/or other publications. A summary description of these fees and the optional student fees may be found in The University of Texas-Pan American Catalog.

**Due to the signing of Senate Bill 1907 the General Use Fee has been combined with Tuition effective Sept. 1, 1997.**

**General Information:** The Texas Legislature, except for basic tuition, does not set the specific amount for any particular student fee. The student fees assessed are authorized by state statute; however, the specific fee amounts and the determination to increase fees are made by the University administration and The University of Texas System Board of Regents.
Tuition and Mandatory Fees
Tuition, fees and charges are assessed to students based on semester credit hours, charge per semester, or specific services. The Texas Legislature, except for basic tuition, does not set the specific amount for any particular student fee. The student fees assessed are authorized by state statute; however, the University Administration and The University of Texas System Board of Regents make the specific fee amounts and the determination to increase fees. Texas Education Code, 54.504 — Incidental fees and 55.16 — Board Responsibility authorizes the governing board to fix and collect fees and charges.

Shown in the Fee Tables on pages 30-31 are the required tuition and fees charged each semester:

- **Tuition/Tuition Designated charges** in 2002-2003 are $70 per semester credit hour for resident undergraduate students and $299 per semester credit hour for all non-resident students and in 2003-2004 $72 and $299, respectively.
- **Student Service Fee** supports student activities such as intramural and intercollegiate athletics, the campus newspaper, student accident insurance, University Program Board, drama, dance group, Student Government Association, University Center and other student services as determined by the Board of Regents. At the time of the printing of this catalog, the fee is charged at $11 per semester credit hour up to a maximum of $131.73 per regular semester or $65.86 per summer session.
- **Student Union Fee** of $30 per student per regular semester and $15 per student per summer session will be assessed to provide operational and maintenance support of the Student Union Building.
- **Computer Access Fee** of $6.75 per semester credit hour up to a $10.15 maximum per regular semester and summer session is charged to fund costs incurred in providing access to and supervision of computer laboratories.
- **International Education Fee** of $1 per semester is charged to assist students participating in international student exchanges or study programs.
- **Registration Fee** of $8 per semester is charged to defray the cost of providing ASSIST services for registration.
- **Library Technology Fee** of $1.50 per semester credit hour is charged to enhance student access to library information via technology.
- **Medical Service Fee** of $15 per regular semester or $7.50 per summer session is charged to fund Student Health Services.

NOTE: The Fee tables do not include required laboratory fees or individual instruction fees, which are listed with the individual course descriptions.

Course Specific Fees

- **Biology Course Fee**: $15-$17 will be assessed on biology courses to defray the costs of supplies, chemicals and costs associated with replacement of equipment.
- **Computer Science Instruction Fee**: $3-$9 will be assessed on Computer Science courses to defray the cost of computer hardware, maintenance, lab monitors and software upgrades.
- **Dietetics Course Fee**: $15 will be assessed on specific Dietetic courses to defray the cost of supplies, chemicals and costs associated with replacement of equipment.
- **Distance Education Fee**: $25 per course will be assessed to students enrolled in distance learning courses offered through interactive video. Students enrolled in these courses may request fee waivers if special circumstances preclude them from using UTSA facilities, activities and/or student services on which a fee is based. Reference Distance Learning Tuition Waivers on page 46 for additional information. The exception will be those students enrolled in an Online Master Program. Students will be charged a common cost of $250 set by UT System. This amount includes all mandatory fees and a distance-learning fee.
- **Educational Resource and Equipment Access Fee**: $8 will be assessed to defray cost of field trips, supplies, chemicals and costs associated with replacement of equipment to students enrolled in specific chemistry courses.
- **Engineering Student Fee**: $50 per engineering/pre-engineering student per semester will be assessed to support the cost of software and other peripherals utilized in engineering courses.
- **Engineering Educational Technology Course Fee**: $2-$30 will be assessed to defray the cost of computer repairs, lab supplies, materials and equipment to students enrolled in specific engineering courses.
- **Instrument Users Fee**: $10 will be assessed for Clinical Laboratory Science courses, $25 to certain College of Education courses, and $8-$58 for specific music courses to support maintenance and equipment replacement costs.
- **Individual Instruction Fees**: For courses in art, communication and music that provide individual coaching or instruction, a fee of $35 for a 1- or 2-hour course or $60 for a 4-hour course may be charged.
Specific music courses are assessed $2.

- **Kinesiology Activity Course Fees:** $6 will be assessed for all 2-hour kinesiology activity courses. In the case of bowling, golf and scuba diving, there is an additional fee for the use of non-University facilities and equipment, which is paid directly to the provider of these facilities; the additional fees are subject to change at the provider's discretion.

- **Laboratory Fees:** $3-30 may be assessed for each laboratory course depending upon cost of material used.

- **Nursing Testing Fee:** The actual cost of testing will be assessed for standardized testing required by the Board of Nurse Examiners. This fee is non-refundable.

- **Occupational Therapy Course Fee:** $30 will be assessed to defray costs of supplies, chemicals and costs associated with replacement of equipment to students enrolled in specific courses.

- **Technology Fee:** Students enrolled in the College of Business Administration or College of Science and Engineering will be assessed a fee to defray costs associated with technical support and software licensing. Fee rates will be:
  - **College of Business Administration** —
    - undergraduates, $10 per three semester credit hours with a $30 maximum; MBA graduates, $15 per three semester credit hours with a $45 maximum; Ph.D. graduates, $25 per three semester credit hours with a $75 maximum.
  - **College of Science and Engineering** —
    - undergraduates, $3 per semester credit hour; graduates, $15 per semester credit hour.

- **Payment by Installment**

  Section 54.007 of the Texas Education Code provides for payment by installment of tuition and mandatory fees in the fall and spring semesters. Students electing to use the installment plan must be enrolled for a minimum of seven semester hours and must personally fill out a contract at the Office of Payments and Collections, Student Services Building, Room 115. Students already receiving some form of financial aid, including scholarships, are not eligible.

  Eligible students may elect one of the following two options during fall and spring registration:
  - **Option A:** Full payment on specified due date
  - **Option B:** Half payment on specified due date

  One-fourth payment before the 6th class week
  One-fourth payment before the 11th class week

  Once an option has been selected, it may not be changed; however, advance payments will be accepted. Students electing to pay in accordance with Option B must personally sign a promissory note. A non-refundable Tuition Installment Incidental Charge of $22.50 will be collected to defray the cost to the University of providing this delayed-payment service.

  The law requires collection of the second and any subsequent installment before the class week indicated above. Late installments will be accepted during the first three class days of the class week indicated above, but a non-refundable Late Payment Charge of $5 will be assessed in addition to the installment amount.

  After the first three class days of the class week indicated above, late installments will still be accepted, but a non-refundable Reinstatement Fee of $25 will be assessed in addition to the installment amount.

  A student who fails to provide full payment of tuition and fees, including assessed late fees, to the University when the payments are due is subject to one or more of the following actions at the University’s option:
  a. being withdrawn from the University;
  b. being barred from readmission to the institution;
  c. the withholding of the student’s grades, degree and official transcript;
  d. all penalties and actions authorized by law.

- **Concurrent Enrollment Fees**

  Fees for students registering concurrently at two Texas public institutions of higher education are called Concurrent Enrollment Fees.

  A student shall pay the full tuition charge to the first institution at which he or she is registered. Generally, only the hourly rate is paid at the second institution. However, if the minimum amount is less at the first institution, then the student must pay the difference in the two minimums to the second institution, but in no case shall the student pay to the institution less than the hourly rates. Tuition Designated, Student Service Fees, and optional fees are billed by each institution at its regularly authorized rates.

- **Other Fees and Deposits**

  - **Auditing Fees:** $20 non-refundable fee will be charged if the instructor permits anyone to audit the course.
  - **Cafeteria Meal Tickets:** Cafeteria meals for students residing on campus are included in the Residence Hall contract. Other students may purchase a semester or summer session meal ticket. For more
information, see Student Housing on page 83.

- **Catalog:** The first University Catalog is provided free to each undergraduate and graduate student; subsequent catalogs will cost $2 each.

- **Cooperative Pharmacy Program Application Fee:** $60 will be assessed to defray the cost associated with the application process and travel of faculty between UT Austin and UT Pan American for admission committee meetings.

- **Course Drop Fee:** $5 non-refundable fee is assessed to students dropping courses on the first day of classes and thereafter.

- **Dietetics Course Fee:** $15 will be assessed on specific Dietetic courses to defray the cost of supplies, chemicals and costs associated with replacement of equipment.

- **Diploma Replacement Fee:** $20 will be charged to students who request the replacement of a diploma for replacement and duplication costs.

- **Emergency Loan Processing Fee:** $15 Non-refundable fee to defray administrative costs incurred in processing and collecting emergency loan payments. (See page 45 for more on Emergency Loans.)

- **Foreign Transcript Evaluation Fee:** $80 to defray the cost associated with evaluation of foreign transcripts.

- **General Property Deposit:** $10 one-time deposit to ensure against losses, damages or breakage in laboratories and libraries.

- **Graduation Fee:** $25 Non-refundable fee is assessed for undergraduate and graduate degrees. This fee is payable at the time the candidate presents the application for graduation to the Office of Admissions and Records. This fee is used to pay for processing the application for graduation, music, graduation speaker, postage, diplomas and other expenses associated with graduation. All students participating in the commencement ceremony are required to purchase the proper graduation regalia from the University Bookstore. No students will be permitted to participate without the proper regalia. Students wishing to transfer their application for graduation to another semester will be required to pay an additional $10 fee for each time they transfer.

- **Health Insurance Fee:** This is mandatory insurance for international students holding non-immigrant visas and living in the United States. The fee is variable, to match the premium for approved UT System Student Insurance Plan. For more information, see page 81.

- **ID Card Replacement Fee:** $7 non-refundable fee for a replacement ID card. Entering students are provided a free University Photo Identification Card. Students may pay the fee at the Office of Student Activities, University Center, Room 205, when they request a replacement ID Card.

- **International Business Doctorate Application Fee:** $35 non-refundable fee to defray costs of processing applications for admission to the doctoral program in international business.

- **Late Registration Fee:** $25 non-refundable fee to defray the costs of late registration and extra services required.

- **Library Fees:** The fees are, for late book, $0.10 per workday per book; lost book, $20-$86 to be determined by LC Call No. plus $15 processing fee; damage fee, $5 if repairable in-house, $12 if rebinding needed by commercial binder; late reserve material, $0.50 per hour; late special collections book, $1 per day; late vertical file/Annual Report item, $1 per day; graduate carrel locker, $10 per year; photocopy fee, $0.20 per page; Interlibrary loan, actual cost; laptop computer fee, $5; locker rental fee, $.25; lost book returned without CD-ROM, cost of item plus $15 processing fee; lost audio visual and computer materials, replacement cost plus $15 processing fee. All library fees are paid at the Circulation Desk of the University Library.

- **New Student Fee:** This $50 fee is charged to defray costs associated with new student advising and pre-registration and other activities.

- **Orientation Deposit Fee:** $15 non-refundable deposit fee, which will be credited against the New Student Fee if the student enrolls, will be charged to defray the cost associated with providing students materials during Orientation.

- **Parking Permit:** See Vehicle Registration and Operation Permit below.

- **Professional MBA Program Fees:** Fee is assessed to cover the program-related costs, including textbooks, supplies and guest lecturers. The amount varies based on actual costs.

- **Residence Hall Installment Charge:** See Student Housing on page 84.

- **Returned Check Charge:** $15 non-refundable service charge will be assessed to a student for each bad check. The University may refuse to accept a check from a student who has previously given a bad check (insufficient funds, account closed, signature irregular, payment stopped, etc.).

- **Short-Term Loan Fees:** $5 processing fee and a $5
late payment fee. (For more information on short-term loans, see page 44.)

- **University Testing Services:** Fees may be charged for tests to defray the cost of administering and scoring academic tests. Accuplacer Test Fee-$29; ACT Residual Test-$50; Advanced Standing Examination Fee-$20; CLEP Service Fee-$15; Correspondence Exam-$20; Institutional TOEFL-$40; Miller Analogies Test-$45; Quick Tasp-$10; Texas Commission on Law Enforcement Officers Standards and Education-$25. Please inquire at the University Testing Center.

- **Student Liability Insurance:** All students enrolled in specific programs in the College of Health Sciences and Human Services, College of Education or College of Social & Behavioral Sciences must carry liability insurance. This is necessary in order for students to participate in clinical practicum activities associated with coursework. Fee assessed will reflect actual cost of insurance.

- **TASP Activity Fee:** $85 will be charged to students participating in the Learning Assistance Center’s Texas Academic Skills Program (TASP). This fee supports non-course based developmental education activities.

- **TASP Affected Student Advisement Fee:** $20 per semester will be charged to students not cleared from TASP to defray the cost of advising.

- **Teacher Alternative Certification Program Application Fee:** $50 will be charged for processing applications for the Alternative Certification Program in the College of Education.

- **Teacher Certification Deficiency Plan Preparation Fee:** $25 for enrolled students or $40 for non-enrolled students will be charged to prepare a Teacher Certification Deficiency Plan in the College of Education.

- **Teacher Preparation Program Fee:** A $30 one-time fee will be charged to defray costs related to services provided to the College of Education students seeking certification in the Teacher Preparation Program upon completion of 90 hours.

- **TELESYS Account Fee:** Students are charged $36 per year or $17 per fall or spring semester and $14 for both summer terms for 260 hours annually (pro-rated if paid by semester) of Internet access through a SLIP/PPP modem pool. The charges for $20 hours are $72 per year or $34 per fall or spring semester and $28 for both summer terms. The charge for 1040 hours is $108 per year or $42 per fall or spring semester and $36 for both summer terms. Internet access for more than 1040 hours annually is available at $2 per hour. The fee is assessed only for those students who make use of the service.

- **Thesis Binding Fee:** An original and two copies of a master’s thesis must be bound and presented to the University. Although the cost will vary depending on the size of the thesis, it will be approximately $15 per copy.

- **Thesis Microfilming Fee:** Each master’s thesis is microfilmed and placed in the University Library. The cost will be approximately $20, depending on length of thesis.

- **Tuition Installment Incidental Charge:** See Installment Payments on page 33.

- **University Center Recreation Room Late Payment Fee:** This fee is charged to defray the cost of processing late payments of recreation room charges. The fee is $5 the first day plus $1 per day after the first day to a maximum of $10.

- **Vehicle Registration and Operation Permit (Parking Permit):** All students, whether full- or part-time, who operate a motor vehicle in the campus area must register the vehicle with the University Police Department. A decal to be placed on the vehicle indicating the permit number and class “C” parking privileges will be provided. The charge for the academic year beginning September 1 and ending August 31 is $16 if paid during the fall semester, $12 if paid during the spring semester, $8 during the first summer session and $4 during the second summer session. There are no refunds after the 12th class day (fourth class day in the summer). Vehicle operation regulations are available at the Office of Student Activities, the University Police Department, the University Library Lobby, the Office of Payments and Collections and on the VAX (university mainframe computer) at campus info.

**NOTE:** Unpaid fees that become overdue may result in a “hold” being placed on students’ records. The fees listed above must be paid at the Office of Payments and Collections, Student Services Building, Room 115, except for the Library Fees and ID Card Replacement Fee as noted above. Students who are unsure where to pay fees or what fees they owe may call the Office of Payments and Collections at 956/381-2715 for more information.

- **Refund of Registration Fees**

To officially withdraw from the University or drop a course, a student must go to the Office of Admissions and Records. A student withdrawing officially and completely during a fall or spring semester will receive
a refund of total tuition and fees (excluding non-refundable fees) according to the following scale (Section 54.006, Texas Education Code):

- 100 percent before the first day of classes
- 80 percent during the first five class days
- 70 percent during the second five class days
- 50 percent during the third five class days
- 25 percent during the fourth five class days
- No refund after fourth five class day period.

Refund of total tuition and fees (excluding non-refundable fees) during a summer term to students withdrawing officially and completely will be made according to the following scale:

- 100 percent before the first day of classes
- 80 percent during the first three class days
- 50 percent during the fourth, fifth and sixth class days
- No refund after the sixth class day

NOTE: The term “class days” refers to days the University schedules classes, not the individual student’s schedule.

Students officially dropping courses but remaining enrolled at the University receive a full refund of tuition and mandatory fees actually paid for the dropped classes through the 12th class day (official census date) during a fall or spring semester; or the fourth class day (official census day) during a summer term, minus a non-refundable $5 course drop fee and other non-refundable fees assessed for each course dropped beginning with the first day of classes. Students will not receive refunds for classes dropped after these dates. Additionally, per the Texas Higher Education Coordinating Board Rules and Regulations, students may not enroll in a course after the official census date (Chapter 9, Subch. B, 9.31.a).

Refund checks will be mailed within 45 days to the student’s billing address on file at the Office of Admissions and Records (within 30 days if the student did not receive some form of financial assistance through the University). Refunds for a student under the installment plan will be first applied to the student’s unpaid balance.

Students who do not officially withdraw through the Office of Admissions and Records will be responsible for tuition, fees and any circumstances arising from failure to withdraw.

- **Tuition Rebates**
  - **Eligible Students**

To qualify for a tuition rebate of $1,000 upon graduation from UTPA, students must meet all of the following criteria:

1. Student must have attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree in the catalog under which they graduated. (See definition of Attempted Hours below.)
2. Student must have enrolled for the first time in an institution of higher education in the fall of 1997 semester or later.
3. Student must be requesting a rebate for work related to a first baccalaureate degree received from a Texas public university.
4. Student must have been a resident of Texas, must have attempted all coursework at a Texas public institution of higher education, and have been entitled to pay resident tuition at all times while pursuing the degree.

**Definition:** Attempted hours include transfer credits, course credit earned exclusively by examination, courses that are dropped after the official census date, for-credit developmental courses, optional internship and cooperative education courses, and repeated courses. Courses dropped for reasons that are determined by the institution to be totally beyond the control of the student shall not be counted.

- **Amount of Tuition Rebates**

1. The amount of tuition to be rebated to a student under this program is $1,000, unless the total amount of undergraduate tuition paid by the student to the institution awarding the degree was less than $1,000, for any amount of undergraduate tuition paid by the student to the institution.
2. A student who paid the institution awarding the degree an amount of undergraduate tuition less than $1,000 may qualify for an increase in the amount of the rebate, not to exceed a total rebate of $1,000, for any amount of undergraduate tuition paid by the student to the Texas public institutions of higher education by providing the institution awarding the degree with proof of the total amount of that tuition paid to other institutions.
3. Tuition rebates shall be reduced by the amount of any outstanding student loan, including an emergency loan, owed to or guaranteed by this state, including the Texas Guaranteed Student Loan Corporation. If a student has more than one outstanding student loan, the institution shall apply the amount of the rebate to the loans as directed by the student. If the student fails to provide timely instructions on the application of the amount, the institution shall apply the amount of the rebate to retire the loans with the highest interest rates first.

**Responsibilities of Institutions**

1. Institutions shall notify first-time freshmen of the tuition rebate program. A notice in the official catalog shall be one acceptable form of notice.

2. If requested by potentially eligible students, public institutions of higher education are required to provide these students opportunities to enroll during each fall and spring semester in the equivalent of at least 12 semester credit hours that apply toward their degrees. Institutions are not required to provide students with the opportunity to enroll in specific courses or specific sections. The requirement may be met by allowing substitutions for required courses or by allowing concurrent enrollment in courses from another institution, so long as the courses are taught on the student's home campus and the student incurs no financial penalty.

3. Texas public universities are required to provide students with appropriate forms and instructions for requesting tuition reimbursement at the time that students apply for baccalaureate degrees.

4. Institutions are required to provide tuition rebates to students who apply for them within 60 days after graduation or provide the student with a statement explaining the reason the student is ineligible for the rebate.

5. Institutions are required to provide a dispute resolution process to resolve disputes related to local administration of the program.

6. Disputes related to lower division credit transfer should be resolved in accordance with Coordinating Board rules, Chapter 5, Section 5.393 of this title (relating to transfer of lower division course credit).

7. Institutions may adopt rules and regulations related to administration of the program.

**Responsibilities of Students**

1. Students desiring to qualify for tuition rebates are responsible for complying with all University rules and regulations related to administration of the program.

2. Students desiring to qualify for tuition rebates are solely responsible for enrolling only in courses that will qualify them for the rebates.

3. A student who has transferred from another institution of higher education is responsible for providing to the institution awarding the degree official transcripts from all institutions attended by the student.

4. Students must apply for rebates prior to receiving their baccalaureate degrees on forms provided by the institution admission office and must keep the institution apprised of their address for at least 60 days after their graduation date.

**Refund Policy**

Return of Title IV Funds procedures for students receiving Title IV Financial Aid: Federal Law requires that a percentage of the earned and unearned Title IV aid of student financial aid recipients who withdraw completely from the University be returned.

Earned Title IV aid is the percentage of aid earned that is equal to the percentage of the enrollment period completed as of the day the student withdrew. To determine the earned aid, the school will divide the total number of days of enrollment completed for which aid is awarded by the number of calendar days in that enrollment period.

Unearned aid is determined as the amount of Title IV aid not earned by the student. This is calculated by multiplying the unearned percent by the total aid received, which will equal to the total amount of aid to be returned to Title IV programs.

If a student withdraws after completing at least 60 percent of the payment period or period of enrollment, then it is assumed the student earned 100 percent of the Title IV aid.
**FINANCIAL ASSISTANCE**

**General Information**

Financial aid plays a vital role at The University of Texas-Pan American, where a large percentage of students receive some type of financial assistance.

Tuition and fees at UT Pan American are significantly lower than private colleges and equal to, or lower than, most public colleges. This, together with the availability of federal financial aid funds, makes UT Pan American reasonably priced.

There are several sources of undergraduate student aid — employment at the University, placement in part-time jobs off campus, scholarships, federal and state grants and federal loan funds.

For more information about the various types of financial assistance, contact:

**Student Financial Services**
Student Services Building, Room 186
1201 W. University Drive
Edinburg, Texas 78541-2999
Telephone: 956/381-2501
E-mail: finaid@panam.edu, loans@panam.edu, scholarship@panam.edu, workstudy@panam.edu,
On the web: [http://www.panam.edu/finaid/](http://www.panam.edu/finaid/)

For other financial aid information, the following services are available:

Financial Aid Voice Response System
956/381-3060
TDD/Telecommunication Device for the Deaf
956/381-3654
Hours: 8 a.m. to 5 p.m., Monday-Friday

**Federal Student Aid Information Center**
1/800/4-FED-AID (1/800/433-3243)
Hours: 8 a.m. to 12 midnight. (Eastern Time)

To find out if his/her federal student financial aid application has been processed, or for a copy of his/her Student Aid Report (SAR), a student should call 1-800-433-3243 or visit the web site [www.ed.gov/studentaid](http://www.ed.gov/studentaid)

**Application Process**

The University of Texas-Pan American is an equal employment opportunity institution in the administration of its financial aid program. In keeping with this policy, financial aid is extended to students without regard to race, creed, sex, national origin, veteran status, religion, age or disability.

An applicant will qualify for financial assistance if he or she meets the following criteria:

a. is a U.S. citizen or eligible non-citizen;

b. has registered with Selective Service (if required);

c. has signed a statement of educational purpose/certification statement on refunds and default;

d. is enrolled as a regular student working toward a degree in an eligible program;

e. is not in default on any federal or institutional loan, and does not owe a refund on any federal or state grant program;

f. demonstrates financial need, except when applying for funds from a program that does not require proof of financial need;

g. is in satisfactory academic standing, and making satisfactory academic progress (as defined by the Satisfactory Academic Progress Policy described below) at the University;

h. has a financial aid application and all required documentation on file by the appropriate deadline.

**How to file a FAFSA:**

- Attend an electronic FAFSA Processing Workshop to transmit your application electronically at the UTPA Student Financial Services Office.

- File your FAFSA over the Internet at [http://www.fafsa.ed.gov](http://www.fafsa.ed.gov); request a PIN at: [www.pin.ed.gov](http://www.pin.ed.gov) (This is your electronic signature for FAFSA on the web.)

- Mail your completed FAFSA using the self-addressed envelope included with the application.

  All required documents must be submitted before any aid can be awarded.

  **003599 UTPA School Code for FAFSA**

In the event that two or more completed and eligible applications are submitted on the same date, priority will be given to those students with exceptional need.

When the student applies and receives a Student Aid Report (SAR), he or she should contact Student Financial Services, Student Services Building, Room 186, to receive instructions on what steps to follow to
continue the process. The steps will vary depending on the status of the student’s application.

◆ Application Deadlines
To ensure processing before registration, the recommended priority dates for submission of the Free Application for Federal Student Aid “FAFSA” are as follows:
- Fall awards: February 28
- Spring awards: September 15
- Summer awards: February 15

Final deadline to apply and receive financial aid: June 30

Students who did not apply for financial aid or submit required documents by the recommended priority dates, may not have their aid awarded at the time payment is due. Arrangements will then need to be made by the student for an alternative method of payment.

◆ Benefits of Applying Early —
- You increase your chance of receiving some of the state and/or local aid, which is in limited supply.
- You get an eligibility reply (award letter) prior to the payment of tuition & fees.
- If your file needs corrections, these can be completed before the payment date of tuition and fees.

Note: For students transferring in less than 60 hours, the Student Financial Services Office is required to monitor the completion of a high school diploma or its equivalent by requesting that such documentation be on file or turned in to the Office of Admissions and Records before awarding any financial assistance.

◆ Satisfactory Academic Progress Policy
Federal regulations state that a student receiving financial assistance under Title IV programs must be maintaining satisfactory academic progress whether or not the student was receiving financial aid during the period of prior enrollment. The institution must certify that the student is maintaining satisfactory academic progress in his or her course of study. The student is responsible for understanding and adhering to the policy.

◆ Policy
Campus-based and Pell Grant financial assistance may be provided for a maximum of 12 semesters to undergraduate students. Campus-based assistance at the Master’s degree level (teaching assistantships, fellowships, etc.) may be provided for a maximum of four semesters to full-time graduate students. (A separate policy for graduate programs may be obtained at Student Financial Services.)

Three factors are taken into consideration in determining satisfactory progress — grade point average, increments and maximum time frame.

◆ Grade Point Average Requirement
The student must maintain a grade point average required for continued enrollment consistent with the University’s graduation requirements.

◆ Increments
Increments are measured at the end of each academic period. One academic period is defined as the fall and spring semesters. Therefore, the incremental progress will be monitored at the end of the spring semester.

Part-time students will be required to meet their increment requirements on a proportional basis, i.e., half-time students will have to meet 50 percent of the increment requirement.

The requirement for transfer undergraduate students will be adjusted to the appropriate increment based upon the number of accepted transfer hours; i.e., if 40 undergraduate hours are accepted in transfer, the undergraduate student will be in the second year of academic progress.

◆ Maximum Time Frame
Maximum Time Frame is measured at the end of each fall and spring semester. The following table illustrates the increment requirements that a student must satisfactorily complete and the maximum time frame requirements:

<table>
<thead>
<tr>
<th>Undergraduate Student</th>
<th>Academic Progress Period</th>
<th>Total Cumulative Hours Earned</th>
<th>Incremental Hours to be completed</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st yr-2 semesters</td>
<td>20</td>
<td>20</td>
<td></td>
</tr>
<tr>
<td>2nd yr-4 semesters</td>
<td>40</td>
<td>20</td>
<td></td>
</tr>
<tr>
<td>3rd yr-6 semesters</td>
<td>60</td>
<td>20</td>
<td></td>
</tr>
<tr>
<td>4th yr-8 semesters</td>
<td>84</td>
<td>24</td>
<td></td>
</tr>
<tr>
<td>5th yr-10 semesters</td>
<td>108</td>
<td>24</td>
<td></td>
</tr>
<tr>
<td>6th yr-12 semesters</td>
<td>132</td>
<td>24</td>
<td></td>
</tr>
</tbody>
</table>

Maximum Time Frame (years)*
Full-time: 6 years
Half-time: 12 years
• **Special Student**

  Academic  Total Cumulative  Incremental Hours  
  Progress Period  Hours Earned  to be Completed
  1st yr-2 semesters  18  18

**Maximum Time Frame (years)**

Full-time: 2  Half-time: 4

*Any combination of enrollment status is calculated proportionately to exceed the maximum number of years as stated for each career level (undergraduate, special). Summer school will not be considered a portion of the semester limits.*

Students who have already received a baccalaureate degree but are not in a graduate program will be treated as undergraduate students for financial aid purposes.

Students seeking a second undergraduate degree will be evaluated on the same satisfactory academic progress criterion as the undergraduate students.

Students who hold a first baccalaureate or have met the requirements for the baccalaureate are not eligible for a Federal Pell Grant or Federal Supplemental Opportunity Grant to continue their education.

**Enrollment Status**

Enrollment status will be determined as of the 12th class day of each term in accordance with the definition in this catalog.

Grades of “A” through “D” and “P” will be considered in determining credit hours earned. Grades of “F,” “WP,” “WF,” “DP,” “DF” or “I” will not be considered as credit earned for the increment measure. Students who withdraw from the University must still maintain satisfactory academic progress regarding increments and maximum time frame.

Summer school enrollment at UT Pan American may be used as a means to make up credit hour deficiencies. Summer School enrollment elsewhere may be used as a means to clear deficiencies as long as the deficiency occurred prior to the summer enrollment. Repeat courses for which a grade was received and remedial courses not completed at UT Pan American will not clear a deficiency.

When UT Pan American has a consortium agreement with a participating institution, the student must meet the satisfactory academic progress policy of the institution that is awarding aid.

Students enrolled concurrently at South Texas Community College and UT Pan American in the same semester and who are receiving Title IV assistance from UT Pan American for the concurrently enrolled term will have the hours from STCC included in the satisfactory academic progress calculations for increments and maximum time frame. The exception will be for remedial classes that do not transfer for a grade. Repeat classes for which a passing grade has been received are also an exception. Classes that come under this exception rule do not clear deficiencies or count in the maximum time frame. Eligible students are identified each term.

Students who opt for the Academic Fresh Start policy (see page 13) or qualify under the exclusion of “F” grades seven or more years old may have a recalculation of financial aid increments and maximum time frame. The recalculation will be based on University policy governing these two methods of excluding academic failures.

**Financial Aid Probation**

Students that are placed under academic probation by the Office of Admissions and Records will automatically be on Financial Aid Probation. Although a student on Financial Aid Probation is still eligible to receive financial aid, the student must ensure that after the spring semester they meet Satisfactory Academic Progress Policy Requirements (no deficient hours). If, after the spring semester, the student remains deficient in the number of increment hours required, he/she will be on probationary status during the summer sessions. Summer school enrollment may be used as a means to make up hours deficiencies.

**Financial Aid Suspension**

Students on Academic Suspension will automatically be considered to be on Financial Aid Suspension. Failure to meet the increment requirements after a probationary period (summer sessions) will result in Financial Aid Suspension. Exhausting the maximum time frame allowed will result in Financial Aid Suspension.

**Appeals Process**

Students may appeal Financial Aid Suspension status due to unusual circumstances such as illness, death in the family, accidents or other mitigating circumstances. An appeal form with documentation relating to unusual circumstance must be submitted to Student Financial Services prior to the intended period of enrollment. Check with SFS Office for availability of
forms and deadlines, and staff will review the appeal. All decisions made by the committee are final.

**Distance Learning**
- **UT TeleCampus**
  
  An agreement exists between UTPA and other UT institutions to award eligible student Title IV aid when taking courses at two or more of those institutions. This agreement, entered into between each of the named institutions, hereinafter referred to as “Home” or “Host” Institutions, is intended to provide the basis for the Home Institution to pay and/or certify federal/state and institutional student financial assistance to UT TeleCampus students matriculated at a Home Institution and also studying at a Host Institution.

**Participating Institutions**
- The University of Texas at Arlington
- The University of Texas at Brownsville
- The University of Texas at El Paso
- The University of Texas-Pan American
- The University of Texas at the Permian Basin
- The University of Texas at Tyler
- The University of Texas Health Science Center at San Antonio
- The University of Texas Health Science Center Houston
- The University of Texas Southwestern Medical Center at Dallas
- The University of Texas Medical Branch at Galveston
- The University of Texas M.D. Anderson Cancer Center
- The University of Texas at Austin
- The University of Texas at Dallas
- The University of Texas at San Antonio

**Home:** The U.T. component at which a student is fully admitted and enrolled in a degree or certificate program. The Home Institution will award the student’s degree or certificate.

**Host:** The U.T. component institution at which a student may enroll and take courses applicable to the degree or certificate program at his/her Home Institution.

A student wishing to enroll in a distance-learning course must first complete an “Inter-Institutional Distance Education Admission and Registration” (IDEAR) Form. The form is available at the Office of Admissions and Records or can be obtained at the following web site:

http://www.telecampus.utsystem.edu

For additional questions, please contact the Department of Student Financial Services at 956/381-2501.

**Types of Financial Assistance**

**Grants**
- **Federal Pell Grant:** This grant is available to qualifying students who complete a Free Application for Federal Student Aid (FAFSA), which is mailed by the student to the processing center or may be transmitted electronically via computer to the central processor if the student attends a Financial Aid Express workshop. Student Financial Services determines the amount of the grant after the U.S. Department of Education has calculated family contribution. Applications are available at Student Financial Services. Pell Grants are not available to students who have already received a bachelor’s degree.

- **Federal Supplemental Educational Opportunity Grant (FSEOG):** The Federal Government established this program for students with high financial need. Graduate students, special students or others who have already received a bachelor’s degree are not eligible for FSEOG. The actual amount and qualification is determined after the FAFSA is submitted for processing. Awards from this program are based on the availability of funds.

- **Texas Public Educational Grant (TPEG):** A Texas Public Educational Grant (TPEG) is a campus-based grant for undergraduate and graduate students with financial need. Unlike the Federal Pell Grant, there is no guarantee that a student is eligible to receive a TPEG; awards from this program are based on the availability of funds. If a student is awarded a TPEG at UTPA, his/her account will be credited.

- **TEXAS Grant:** The TEXAS Grant was created to provide a grant to enable well-prepared students to attend public and private nonprofit institutions of higher education in Texas. To qualify for TEXAS Grant, a student must:
  - Be a Texas Resident
  - Complete the FAFSA and demonstrate financial need
  - Complete the Recommended, Advanced or Distinguished Curriculum in high school or receive an Associate degree on or after May 2001
  - Enroll at least 3/4 time (9 hours or more) in an
Undergraduate program
- Not have been convicted of a felony or a crime involving a controlled substance.

Students must ensure that an official high school transcript is on record with the Admissions and Records Office before they can get an award.

- Federal Work-Study Program (FWS)
  The Federal Work-Study (FWS) Program provides jobs for undergraduate and graduate students with financial need. This program allows the student to earn money to help pay educational expenses and also encourages community service work and work related to the student’s course of study.

  The FWS salary will be at least the current federal minimum wage. Students employed by UT Pan American through the Federal Work-Study Program will be paid directly and once a month.

  Work-Study employment may be on campus or off campus. Off campus, the employer is usually a private nonprofit organization or public agency, and the work performed must be in the public interest.

  The amount a student receives in wages under Work-Study cannot exceed the total Federal Work-Study amount awarded. The employer will consider the student’s class schedule when preparing the work schedule.

- State Waivers

- Foster Care Program
  Exemption of tuition and fees for persons who were in foster care or other residential care with the Department of Protective and Regulatory Services on or after the day preceding their 18th birthday; the day of the student’s 14th birthday, if the student was also eligible for adoption on or after that day; or the day the student graduated from high school or received GED. In order to take advantage of this exemption the student must enroll as an undergraduate no later than three years of the earliest of the following dates: after receiving a high school diploma or GED, or being discharged from foster care, or the student’s 21st birthday. Student must provide the Student Financial Services Department with proof of having been in foster care.

- Aid to Families with Dependent Children (TANF) Program
  To be eligible under this program, a student must be a dependent child on TANF for at least six (6) months of their senior year of high school. Student must also be a Texas resident and have attended high school in Texas only. Student must enroll as an undergraduate student at a public college or university within 24 months of graduation from high school.

  A student eligible for this program will be exempt from tuition and fees for two years after their high school graduation. This is an entitlement for eligible students.

  To qualify for this exemption, the student must acquire a letter from the Texas Department of Human Services indicating the student received TANF benefits. The letter must be turned in to Student Financial Services.

- Children of Disabled Firemen and Peace Officers Program
  Tuition and some fees are exempted for any student whose parent is an eligible employee and suffered an injury resulting in death or disability sustained in the line of duty.

  Eligible employees must be full paid or volunteer firemen, full paid municipal, county or state peace officers, custodial employees of the Texas Department of Corrections, or game wardens, who have a child under 21 years of age.

  In order to apply for this exemption, the student must submit a letter of certification to the Texas Higher Education Coordinating Board. The
Coordinating Board will then send a letter certifying the student’s eligibility to the appropriate university.

**Valedictorian Tuition Waiver**

Valedictorians of each accredited Texas high school are exempted from tuition during the first two regular semesters following high school graduation.

In order to qualify for this exemption, the student should submit a copy of their certificate to Student Financial Services, confirming that the student was the highest-ranking student of his/her high school.

**Certified Educational Aide Exemption**

This program exempts eligible students attending public colleges or universities in Texas from the payment of tuition and fees (other than class or lab fees).

To qualify, a student must:

a. Be a school employee serving in any capacity
b. Have worked as an educational aide in a Texas public school for at least one year during the five years preceding the semester for which the exemption is received (includes substitutes)
c. Be enrolled in classes leading to teacher certification
d. Show financial need, be a Texas resident and meet the academic progress requirements of Student Financial Services.

In order to determine the student’s financial need, a student must either apply for financial aid by filing the Free Application for Federal Student Aid (FAFSA) through the college to be attended or by submitting a current income tax return.

Applications for the Educational Aide Exemption program are available through the school district, university and college financial aid offices, or the Texas Higher Education Coordinating Board at 1-800-242-3062, extension 6457.

At UTPA, eligible students for the exemption are awarded after the 12th class day of the fall and spring semester and after the 4th class day of each summer session.

**Fifth Year Accounting Student Scholarship**

The Fifth Year Accounting Scholarship Program was established to recognize and support outstanding scholars who plan to pursue careers in accounting and serve as CPAs in the state of Texas.

The program can provide up to $3,000 (lifetime maximum) to eligible students to assist with the cost of completing the educational requirements to sit for the CPA exam in Texas.

No Image Available due to file size.

Individually who may apply must:

- Show financial need (financial aid file must be complete to determine the need);
- Be enrolled at least half-time;
- Have completed at least 120 credit hours (including at least 15 hours of accounting);
- Make satisfactory academic progress according to the Student Financial Services Office;
- Have a GPA of at least 2.5; and
- Be willing to sign a written statement confirming their intent to take the uniform Certified Public Accountant (CPA) examination in Texas for the purpose of becoming a CPA.

Applications are available in mid June at the Student Financial Services office. Funding is limited, so only complete and eligible applications will be considered.

**Professional Nursing Scholarship Program**

The purpose of this program is to provide financial assistance to students who are planning on becoming professional nurses. No individual award may be for more than the student’s financial need. The maximum award is $3,000. Some, but not all the funds are targeted to students from rural communities, while others are targeted to graduate students in nursing.

To apply, the student must:

- Be a Texas resident;
- Show financial need (financial aid file must be complete to show basis of need);
- Register for the Selective Service or be exempt from this requirement;
- Enroll in the classes leading to Licensure as a Professional Nurse and;
- Must be enrolled at least halftime.

Applications are available in mid-April in the Student Financial Services Office or the Department of Nursing. Only complete applications will be considered.
Texas National Guard Tuition Assistance Program

The purpose of this program is to provide an exemption from the payment of tuition to eligible individuals in the Texas National Guard, Texas Air Guard, or in the State Guard attending a public or private institution of higher education in the state of Texas.

Individuals may receive tuition assistance for up to 12 semester hours, but it will not exceed 12 semester hours per individual for any given semester. Funding does not cover fees. To apply, individuals must:

- Be Texas residents;
- Register for the Selective Service or be exempt from this requirement and;
- Be an active drilling member of the Texas National Guard, Texas Air Guard or the State Guard.

Students eligible for the exemption will be reimbursed after the 12th class day of the semester. Students interested in applying must contact the unit commander of his/her

National Guard, Air Guard or State Guard unit or the Education Officer, State Adjutant General's Office;

P.O. Box 5218/AGTX-PAE, Austin TX 78763-5218 or at 512/465-5001.

The Education Office will provide instructions. You can also visit the Texas National Guard web site at:

http://www.agd.state.tx.us/education_office/state_tuition.htm

Senior Citizen Waiver

Senior citizens may be exempted from payment of tuition for up to six credit hours per term on a space-available basis. A senior citizen is defined as a student of age 65 or older. For more information, contact the Student Financial Services Office.

For additional information on any of these programs you may contact the

UTPA Student Financial Services Office or visit the Texas Higher Education Coordinating Board web site at:

http://www.collegefortexans.com/

Loans

Federal Perkins Loan: Recognizing that loans are an increasingly important aspect of financing an education, UT Pan American, by participating in the Federal Perkins Loan program, has funds available with which a student may finance a substantial part of his or her education. When the borrower ceases to be enrolled at an accredited higher education institution at least half time or graduates, he/she has nine months after graduation or a break in enrollment before he/she begins repayment on their Federal Perkins Loan.

Applicants are considered on the basis of financial need and demonstrated academic ability. Funds are limited, and preference is given to renewal borrowers. Further information may be obtained from Student Financial Services.

Federal Family Educational Loan Program (FFELP): The FFEL Program offers subsidized and unsubsidized Stafford Loans. The first step in the application process is the completion of the Free Application for Federal Student Aid (FAFSA) or Renewal FAFSA. After the student’s FAFSA is processed, Student Financial Services will review the results and advise the student as to his or her loan eligibility. The student also must attend a pre-loan counseling session and complete the Federal Stafford Loan Application and Promissory Note, available from Student Financial Services or a lender. After the student completes the student section of the application, Student Financial Services will complete its portion, certifying that the student is or has been accepted for enrollment during the period the application covers and recommending the amount of loan the student would need to meet his or her educational costs. A student may be eligible to borrow $2,625 as a freshman, $3,500 during the sophomore year, $4,500 each year during the junior and senior years, and $8,500 a year as a graduate student. The lender will send the loan proceeds to the University in at least two payments by (EFT) electronic funds transfer, which is credited to the student’s university account. The school will mail any loan-credited balance to the student within 3-5 days. No single disbursement may exceed one half of the loan amount.

College Short-Term Loans: Made possible through donations from a number of individuals and organizations, these funds are administered by Student Financial Services and are available to students for short-term loans. Loans are limited and must be repaid within the semester for which they are borrowed. The loans are designed to aid students who do not have sufficient funds to purchase books and supplies or to assist students when emergencies arise. A $5 charge is assessed against each loan. Funds are limited. Apply at Student Financial Services.
Emergency Tuition and Fee Loans: Emergency loans are available to UT Pan American students needing assistance in paying registration costs. Emergency loans must be paid back to the University during the same semester in which they are borrowed. An applicant will be required to pay a $15 processing fee per semester. Students may borrow up to the amount of tuition and fees. Applications and information about the Emergency Loan program are available at the Student Loan Collections Office in Room 214 of the Marialice Shary Shivers Administration Building.

Scholarships

The University of Texas-Pan American awards a variety of scholarships through the University Scholarship Committee and departmental committees. These scholarships are based on various prerequisites and are intended to recognize students for their outstanding academic accomplishments and future potential. These awards are made possible through the generosity of local as well as national business firms, organizations, individuals and University-endowed funds.

The majority of the scholarships are not automatically renewed, and students must apply each year for continued consideration. Although most awards are restricted to U.S. citizens and permanent residents of the United States, some are open to international students, who are encouraged to apply.

For a complete list of scholarships and application requirements, request a UT Pan American Scholarship Guide available at Student Financial Services or online at www.panam.edu/scholarships. Criteria, and who to contact for an application, are provided for each scholarship and because the scholarship process is very competitive, students are encouraged to apply early and to make sure their applications are complete when submitted. The deadline to apply for most scholarships is Dec. 1.

University Scholars Program: Entering freshmen from Cameron, Hidalgo, Brooks, Duval, Jim Hogg, Jim Wells, Kenedy, Kleberg, Nueces, Webb, Zapata, Starr and Willacy counties of Texas who have earned Advanced Placement credit through AP examinations and/or Concurrent Enrollment credit at The University of Texas-Pan American may qualify for four-year tuition and fee scholarship at the University through the University Scholars Distinguished Achievement Scholarship program. To qualify to enter UT Pan American as a University Scholar you must meet one of the following requirements while in High school:

- Have a ‘B’ average in 12 hours of AP or CE credit (from four separate exams or courses in different subject areas)
- Have a ‘B’ average in six hours of AP or CE credit (from two separate exams or courses in different subject areas) and have a minimum ACT composite score of 24 (with at least 19 in English and 19 in Math) or an SAT score of 1110 (with at least 500 verbal and 500 math).

For more information, contact the Scholarship Office at the UTPA Department of Student Financial Services or a high school counselor.

How to Apply

There is no formal application for the University Scholars Scholarship. Once we receive the required AP scores and/or UTPA concurrent enrollment grades you will automatically qualify once grades/scores are confirmed. However, it will be helpful for you to do the following as early as possible during your senior year in high school:

- Submit an Entering Freshmen Application for Admission to The University of Texas-Pan American, request your AP scores to be sent to UTPA and complete all regular admission requirements. Once we receive the required AP scores (usually in July), we will confirm your scholarship.
- Although there is no formal application for this scholarship, we ask that — in a separate letter attached to your Application for Admission — you identify yourself as a prospective candidate for the University Scholars Scholarship.

* (Optional) In order to help us package other scholarships and financial assistance that you may be eligible to receive, please file a UTPA Scholarship Application as well as the FAFSA application (Free Application for Federal Student Aid).

Outside Scholarships

Many agencies, employers, military and service organizations award funds to students. Receipt of these external awards may result in a reduction of your financial aid from UT-Pan American. Therefore, if you are a financial aid recipient, you must notify the Student Financial Services Office, in writing, of any scholarships you are awarded from sources other than UTPA. To the extent possible, we will adjust loan awards before reducing grants.

It is also the student’s responsibility to notify the Student Financial Services Department of any special instructions or billing information regarding external
scholarships. All checks for these awards should be made payable to The University of Texas-Pan American and sent to:

**UT Pan American**
Student Financial Services Office, SS 186  
Attn: Scholarship Coordinator  
1201 W. University Drive  
Edinburg TX 78541-2999

No credit will be entered on your account before the check arrives. It is UTPA’s policy to equally divide external scholarships between fall and spring.

**Fellowships**

The University of Texas-Pan American awards a limited number of fellowships. Applications may be requested from the department or college awarding the fellowship.

At the undergraduate level, the Department of Chemistry awards Robert A. Welch Foundation Fellowships to deserving junior and senior students. The awards, both full and half fellowships, are based upon departmental research programs and the student’s background in chemical science. The student must be majoring in Chemistry or Biology with a Chemistry minor.

**Tuition Waivers**

**Competitive Scholarships:** Certain University scholarships are designated as Competitive Scholarships. A nonresident or international student who, in competition with other students, including Texas residents, is awarded one of the designated Competitive Scholarships may qualify for a waiver of the difference between the tuition charged to a resident and nonresident student. To be eligible, the nonresident student must be awarded a Competitive Scholarship of at least $1,000 for the academic year, summer sessions or both by an official scholarship committee of the University. Competitive Scholarships are granted for the purpose of encouraging academic excellence in the academic program in which the student is enrolled.

**Distance Learning Fee Waiver:** Students enrolled in distance learning courses may apply for a fee waiver. To be eligible, a student must prove special circumstances exist that preclude the student from utilizing activities, facilities and/or services on which a fee is based. Submit a written request with supporting documentation (as needed) to:

**Office of the Vice President for Business Affairs**  
1201 W. University Dr., AB 306  
Edinburg, TX 78541-2999

Consideration for fee waivers will be determined prior to the twelfth class day during a fall or spring semester or prior to the fourth class day during a summer term.

**Mandatory or Discretionary Fee Waiver:** A student or specific category of students may apply for a waiver of mandatory or discretionary fees. Fee waivers may be considered if a student will not utilize the activity, service or facility for which a fee is charged. Consideration may also be given if the waiver is in the best interest of the institution or is critical to the viability of an academic initiative. Fee waivers will not be granted for tuition or laboratory fees. Students must submit a written request with supporting documentation (as needed) to:

**Office of the Vice President for Business Affairs**  
1201 W. University Dr., AB 306  
Edinburg, TX 78541-2999

Consideration for fee waivers will be determined prior to the twelfth class day during a fall or spring semester or prior to the fourth class day during a summer term.

**Mexican Nationals:** Citizens of Mexico may apply for a Non-Resident Tuition Waiver. To be eligible, a student must have or obtain an F-1 student status, enroll full-time and must apply before the required deadline dates. For information about this program, contact the International Student advisor at the Student Services Building in Room 618, 956/381-2922.

**Good Neighbor Scholarship:** A limited number of Good Neighbor Scholarships, which provide exemption of tuition, are available to native-born citizens and residents from nations of the Western Hemisphere other than the United States and Cuba. Information is available from the International Student advisor at the Student Services Building in Room 618, 956/381-2922.

**Hazlewood Act for Veterans:** The Hazlewood Act (Section 54.203 of the Texas Education Code) Student Eligibility: The purpose of the Hazlewood Act is to encourage U.S. veterans to pursue higher education at federal and state expense. This act exempts the veterans of World War I, World War II, the Korean War and the Vietnam Conflict, the Persian Gulf War or any future national emergency declared in accordance with federal law, who have no remaining Veterans Administration
educational benefits, from the payment of tuition, laboratory fees, building fees, and individual instruction fees. It does not exempt such veterans from the payment of student service fees or other fees and deposits. In addition to veterans, children of the members of the Armed Forces who were killed in action or died while in the service are also exempted from the payment of tuition. All undergraduate students must apply for the Free Application for Federal Student Aid (FAFSA) to determine Pell eligibility and must be in default of any federal student loan.

**Tuition and Fee Exemption for Children of Veterans of the Armed Forces:** Children of members of the armed forces who were killed in action, who die or died while in service, who are missing in action or whose death is documented to be directly caused by illness or injury connected with service in the armed forces of the United States, are entitled to an exemption from payment of all dues, fees, and charges (excluding only student property deposits, student service fees, and lodging, board or clothing) that would otherwise be paid to attend UT Pan American. This exemption program provides a $1,000 scholarship to the highest-ranking student of his/her high school. The letter must be sent to the Student Financial Services Office.

**Tuition and Fee Exemption for Children of Disabled Firemen and Peace Officers:** Children of firefighters or peace officers who were disabled or killed in the line of duty may be eligible for an exemption from tuition. Information is available at Student Financial Services.

**Tuition and Fee Exemption for Blind and Deaf Students:** Blind or deaf individuals may be eligible for exemption from payment of tuition if appropriately certified by a state vocational rehabilitation agency. Contact the Texas Commission for the Blind for more information.

**Certified Educational Aides Exemption Program:** Students who have been employed for at least one year in a public school as a certified teacher’s aide in a position requiring classroom interaction with students may be eligible for a waiver of tuition and mandatory fees or a portion thereof based on need. Information is available at Student Financial Services, Student Services Building, Room 186, telephone 956/381-2501.

**Tuition Waiver for Senior Citizens:** A tuition waiver for senior citizens 65 years of age or older, is available at UT Pan American. For more information, contact Student Financial Services, Student Services Building, Room 186, telephone 956/381-2501.

**Aid to Families with Dependent Children (TANF) Program**
To be eligible for this program, student must be a dependent child on TANF for at least six (6) months of their senior year of high school. A student must also be a Texas resident and have attended high school in Texas only. Student must enroll as an undergraduate student at a public college or university within 24 months of graduation from high school. A student eligible for this program will be exempt from tuition and fees for two years after their high school graduation. This is an entitlement for eligible students.

**Valedictorian Tuition Waiver**
Valedictorian of each accredited Texas high school is exempted from tuition during the first two regular semesters following high school graduation. In order to qualify for this exemption, the student should submit a copy of their certificate to the Student Financial Services Office, confirming that the student was the highest-ranking student of his/her high school.

**Texas National Guard Tuition Assistance Program**
The purpose of the program is to provide an exemption from the payment of tuition to eligible individuals in the Texas National Guard, Texas Air Guard, or the State Guard attending public or private institutions of higher education in Texas.
Individuals may receive tuition assistance for up to 12 semester hours, but it will not exceed 12 semester hours per individual for any given semester. Funding does not cover fees. To qualify, individuals must:

- Be Texas residents;
- Register for the Selective Service or be exempt from this requirement; and
- Be active, drilling member of the Texas National Guard, Texas Air Guard or the State Guard

Students eligible for the exemption will be reimbursed after the 12th class day of the semester.

Students interested in applying must contact the unit commander of his/her

**National Guard, Air Guard or State Guard unit or the Education Officer**

**State Adjutant General’s Office**

PO Box 5218/AGTX-PAE, Austin TX 78763-5218 or at 512/465-5001

The Education Office will provide instructions. You can also visit the Texas National Guard web site at

[http://www.agd.state.tx.us/education_office/state_tuition.htm](http://www.agd.state.tx.us/education_office/state_tuition.htm)
ENROLLMENT

General Information

Classification

Students are classified according to the number of hours of college credit they have earned. Classifications are as follows:

- **Freshmen** 0 - 29 earned hours
- **Sophomores** 30 - 59 earned hours
- **Juniors** 60 - 89 earned hours
- **Seniors** 90 or more earned hours
- **Special Students** Undergraduate students who hold a bachelor’s degree from an accredited institution.
- **Graduate Students** Students who have earned a bachelor’s degree and have been accepted to UT Pan American for graduate study.
- **Special Graduates** Students who have earned a graduate degree and are continuing in another graduate program.
- **Doctoral Students** Students who have been accepted to a doctoral program.

Course Information

The information concerning the courses offered by each department (or college for interdisciplinary courses) will be found in the Course Descriptions section of this catalog. The listing for each course includes the following information:

- **Course Number, Title and Contact Hours**
  - If the course has defined weekly contact hours, these will be shown in brackets [ ] following the course title, with lecture hours first, laboratory hours second, and clinical hours, if any, third. These contact hours are for the fall and spring semesters. Summer weekly contact hours will be adjusted according to the length of the summer session. (See page 351 in the Glossary for more information and an example.)

- **Common Course Number**
  - If the course is generally equivalent to other lower-division courses taught at universities and community colleges within the state, the Texas Common Course Number is shown for informational purposes. See page 23 for further information.

Course Frequency Information

If the course is normally taught on a regular schedule, such as every fall or every fall and spring semester, this information is provided under the course title. If circumstances warrant, the schedule for offering the course may be changed without notice. Therefore, it is in the students’ best interest, as well as their responsibility, to determine by other means (such as semester course schedules) when courses required for their degree programs are being offered. Program requirements will not be waived as a result of the course not being offered as indicated in the course frequency information provided in this catalog.

Courses not normally offered on a regular schedule are identified “As Scheduled.”

Course Description

This portion of the course listing includes a brief description of the course content.

Course Numbers

Courses are numbered to show both the collegiate level at which they are offered and the hour value of the course. The first digit shows the level, and the second digit shows the credit hours. The last two digits are departmental designations. For example, Spanish 1301 shows that the course is taught at the freshman level and carries 3 hours of credit per semester. All lower-division undergraduate courses ending in the numbers 87 and 88 are honors courses.

- 1000 numbered courses Freshman level
- 2000 numbered courses Sophomore level
- 3000 numbered courses Junior level
- 4000 numbered courses Senior level
- All 5000-7000 numbered courses are masters-level courses.
- All 8000-9000 numbered courses are doctoral-level courses.
**Grading Policies**

**Grading System**

UT Pan American uses a 4.0 system. The following grades are used to designate achievement in coursework. Their corresponding grade values and points are indicated.

- **A** Excellent (4 grade points per hour)
- **B** Good (3 grade points per hour)
- **C** Satisfactory (2 grade points per hour)
- **D** Below Average (1 grade point per hour - may not be assigned in graduate classes)
- **F** Failure (0 grade points per hour)
- **P** Passing (not considered in calculating grade points or attempted hours)
- **NP** No Pass (not considered in calculating grade points or attempted hours)
- **IP** In Progress (not considered in calculating grade points or attempted hours; for remedial courses only)
- **I** Incomplete (not considered in calculating grade points or attempted hours)
- **CR** Credit (not considered in calculating grade points or attempted hours)
- **NC** No Credit (not considered in calculating grade points or attempted hours)
- **DR** Course Dropped (not considered in calculating grade points or attempted hours)
- **DP** Drop Passing (not considered in calculating grade points or attempted hours)
- **DF** Drop Failing (considered as an “F” for calculating the grade point average)
- **W** Withdrawal from School (not considered in calculating grade points or attempted hours)
- **WP** Withdrawal Passing (not considered in calculating grade points or attempted hours)
- **WF** Withdrawal Failing (considered as an “F” for calculating the grade point average)

**Calculation of Undergraduate Grade Point Average (GPA)**

The grade point average (GPA) is computed by dividing the total grade points earned by the total hours attempted. The Cumulative Grade Point Average is calculated using all coursework (excluding repeated courses) attempted. The current semester grade point average is calculated using only coursework attempted within a specific semester.

Some courses may be repeated by the student to improve his or her GPA. (For more information, see the section on Repeated Courses on page 51.)

All failing grades received in undergraduate courses more than seven years old shall be excluded from the grade point average computation, except in determining Graduate Admission GPA. (See the Graduate Catalog for additional information.) The failing grades will remain on the student’s transcript, although they will not be used to compute the GPA.

Attempted hours are the total number of hours for courses that a student has attempted, including failing grades such as F, DF and WF. Repeated courses, failing grades more than seven years old, incomplete grades and credit (CR) grades are not included in attempted undergraduate hours (with the exception of the calculation of graduate admission GPA).
Grade Points: Grade points are assigned based on the grade received multiplied by the number of credit hours. For example, a grade of “A” is equivalent to 4 grade points. If the course was offered for 3 credit hours, the grade points would be calculated as follows: 4 (for grade of A) X 3 (hours) = 12 grade points

Grade points are assigned as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4 pts.</td>
</tr>
<tr>
<td>B</td>
<td>3 pts.</td>
</tr>
<tr>
<td>C</td>
<td>2 pts.</td>
</tr>
<tr>
<td>D</td>
<td>1 pt.</td>
</tr>
<tr>
<td>F</td>
<td>0 pts.</td>
</tr>
</tbody>
</table>

The following is an illustration of the method of calculation of the grade point average:

<table>
<thead>
<tr>
<th>Course No.</th>
<th>Grade</th>
<th>Hours</th>
<th>Points Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENG 1301</td>

</tr>
<tr>
<td>TOTAL</td>
<td></td>
<td>15</td>
<td>26</td>
</tr>
</tbody>
</table>

Total attempted hours = 15
Total grade points = 26

To calculate the GPA for this example, divide the grade points by the attempted hours as follows:

26 divided by 15 = 1.73

Incomplete Grades

A grade of “I” may be given when a student has not completed the required work of a course within the allotted time of a regular semester or summer session if the instructor determines that the reasons for the work being incomplete are valid and that the grade of “I” is justified. A grade of “I” must be changed within one regular (fall or spring) semester from the date received, unless an extension is requested by the student’s instructor. If a Change of Grade Form is not received from the instructor upon completion of the one regular semester, the grade will automatically be recorded as an “F” on the student’s official transcripts.

Improper Use of the “I” Grade: A student must not be given an “I” grade to permit the student time to prepare coursework in addition to that assigned the entire class, time to repeat the entire course or the opportunity to raise a grade. “Incomplete” grades are not issued for student or faculty convenience; they may be issued for the reasons stated in the paragraph above only in the case of compelling, non-academic circumstances beyond the student’s control.

Credit by Examination

Students may receive credit by examination for some course requirements. For more information, see page 64.

Quality of Work

While a grade of “D” is considered passing in a subject, an overall average of “C,” which corresponds to a grade point average of 2.0, must be maintained by the student if the student expects to graduate. In addition, UT Pan American has certain specific grade requirements. For example, the student must make a “C” in College Algebra and required Freshman English courses. The student must also have at least a “C” average in both the major and minor fields.

NOTE: Other specific requirements can be found in the program descriptions in other sections of the catalog.

Repeated Courses

When an undergraduate course is repeated (and the grade received is A, B, C, CR, D, DF, F, P or WF), only the last grade and hours attempted are used to calculate the grade point average. However, repeated courses will remain on the student’s academic record (transcript).

NOTE: Repeated courses will be used in determining the Graduate Admission GPA. See the Graduate Catalog for further information.

Grade Change

If an error in computation, evaluation or recording warrants a grade change, only the instructor may process a grade change form through the Office of the Dean of his or her college. If the grade change is made after graduation for a course taken prior to graduation, the change request form must have written justification by the instructor, the recommendation of the college dean and approval by the Council of Deans. Change of Grade Forms may not be released to students, and must be sent directly from the appropriate academic department.
◆ Dean’s List

After each regular (fall or spring) semester, a Dean’s List is published listing the names of all full-time undergraduate students (those who have completed 12 or more hours of non-remedial coursework) who have a grade point average of 3.5 or better for courses taken that semester. A Dean’s List is not produced during summer sessions.

◆ Grade Reports

Student grade reports are not mailed automatically for students in good academic standing. Students may obtain their grades using ASSIST via telephone (956/381-3020), web (assist.panam.edu) and KIOSK services. Students requiring a paper copy of their grades may request a transcript to be mailed to their home address on file with the Office of Admissions and Records using ASSIST via telephone, web and KIOSK services.

◆ Registration Procedures

◆ Registration

Students must officially register through the proper registration procedure to be eligible to receive credit for a course. Students will not be added to the official class rolls or grade sheets after the registration periods have ended. Per The Texas Higher Education Coordinating Board Rules and Regulations, students may not enroll in a course after the official census date (Ch. 9, Subchapter B, Sec. 9.31a).

◆ ASSIST Registration (telephone or web)

Registration by a touch-tone telephone and on the World Wide Web is available to currently enrolled students and students who apply by the published admission deadline for ASSIST registration. Academic advisement is mandatory to receive a Registration Access Code (RAC) and be eligible for priority registration by ASSIST. Students with admission, disciplinary, financial or TASP holds will not be permitted to register until such time as the hold has been cleared. A schedule change period by telephone or web is scheduled prior to the beginning of each semester and the first two class-days (summer sessions) or the first five class-days (fall/spring semesters). There is no arena registration. Computers are available in the Academic Services Building for web registration.

◆ Dropping/Withdrawing

If a student chooses not to attend a class or classes, he or she is responsible for officially dropping or withdrawing through the Office of Admissions and Records. (See the sections on Withdrawal from the University and on Dropping a Course on page 53.) Students who decide not to attend and do not officially notify the Office of Admissions and Records will be responsible for tuition, fees and any other circumstances resulting from failure to officially drop or withdraw. Students must not assume that they will “automatically” be dropped from their classes if they do not attend or do not pay. (If a student has requested some form of financial assistance, payment may have been posted to his or her account.) Refer to the published Schedule of Classes for refund schedules.

◆ Selection of Courses

During the freshman and sophomore years, the student should plan to satisfy not only the Core Curriculum Requirements for a bachelor’s degree (see pages 91-93) but also any introductory or prerequisite courses in the major and minor field, as specified by the departments. Also, he or she should, unless excused by waiver, enroll in one activity course in kinesiology (physical education) each semester until the required hours are satisfied. Although each of the departments of the University lists many of the specific courses required in the major and minor areas, usually some choice of courses is permitted at the lower level, the advanced level or at both levels. Choice is permitted when hours are specified as elective hours.

The student should develop an outline of required courses, supplementing it with those courses he or she wishes to take in satisfaction of any elective hours allowed by the department. Any deviation from courses required must be approved by the department chair and the dean of the college, and must be incorporated into the student’s Degree Plan. If deviations are made that subsequently are not approved, the student may find that these will merely add hours to graduation requirements. (See also Degree Requirements on page 62.)

Many courses listed in the catalog are not offered every semester. This is particularly the case with upper-level courses. In planning a program, the student should ascertain whether a particular course will be offered during the semester he or she plans to take it, and that prerequisites to the course will be achieved prior to enrollment for the course.
When students enter this University with the expectation of subsequently transferring to another institution, they should be certain to obtain a copy of the catalog of that other institution and use it as a guide to courses for which they will register at UT Pan American. It is the student’s responsibility to check the requirements, although a faculty advisor will be glad to help interpret requirements of other colleges.

Students who plan to graduate from UT Pan American should consult the catalog sections concerning graduation and the specific requirements and suggestions listed under their respective colleges and departments to ensure that all required work is satisfied. The department chairs and deans will help clarify matters about which the student may be uncertain.

Prior to registering, students go through academic advisement to be counseled concerning the best selection of courses. First-year freshmen, students who have not passed the Texas Academic Skills Program (TASP) test, students who are enrolled under the Provisional Enrollment Program (PEP) and students who have not yet declared a major are advised at the Counseling and Advisement Center. All other students are advised by faculty members in their major area.

At advisement, each student receives a Registration Access Code (RAC) that provides access to the ASSIST telephone/web registration system.

Registration Policies

Dropping a Course

A student is “dropping” a course or courses if he or she remains enrolled in a minimum of 1 credit hour after all course drops have been completed. Students who drop all classes for which they are enrolled are considered to have withdrawn from the University for that semester. (For more information on withdrawal, see the section below on Withdrawal from the University.)

To drop a course or courses after the official census date (after all registration functions are completed for the semester), a student must: (1) obtain a class drop form from the Office of Admissions and Records, (2) obtain the signature of the instructor of record on the form, and (3) return the completed form to the Office of Admissions and Records, Student Services Building, Room 108.

All course drops must be completed at least two weeks prior to the end of a regular semester and one week prior to the end of a summer session (refer to the University Calendar in this catalog for drop deadlines). A student dropping a course during the first 30 calendar days of the semester (10 days in a summer session) will receive a “DR” on the permanent record for the course dropped. If a course is dropped later in the semester, the student will be given a grade of “DP” or “DF” by the instructor for the course dropped.

If a student chooses not to attend a class or classes, he or she is responsible for officially dropping or withdrawing through the Office of Admissions and Records. Students who decide not to attend and do not officially notify Admissions and Records may be responsible for tuition, fees and any other circumstances resulting from failure to officially drop or withdraw. Students must not assume that they will “automatically” be dropped from their classes if they do not attend or do not pay. (Although the student may not have paid for classes personally, payment may have been posted to his or her account by a financial assistance agency. It is important that the student officially notify the Office of Admissions and Records of his or her intention not to attend.) Refer to the published Schedule of Classes for refund schedules.

Transfer Student

Transfer students with 30 or more hours but without the University College-approved courses, or courses deemed comparable by The University of Texas-Pan American, may take upper-division courses if otherwise qualified, but they too must complete all...
Core Curriculum requirements before graduation. Transfer students who lack six hours of freshman English or the equivalent and three hours of mathematics with a grade of at least “C” in each course should complete these requirements within their first two semesters at UT Pan American.

**Non-Credit Enrollment**

Students have the option of enrolling in a course for non-credit, which allows the student to participate fully in the course but not to receive a grade or to count the course in fulfilling degree requirements. Enrollment for non-credit requires the same payment of tuition and fees as enrollment for credit. (Students may also audit courses for a lesser fee; this normally allows only limited participation. For more information on auditing a class, see below.)

A student who enrolls in a course for credit may change the enrollment to non-credit by completing a Non-Credit Form in the Office of Admissions and Records, Student Services Building, Room 108, no later than 30 calendar days in a regular semester or 10 calendar days in a summer session from the date university classes begin.

**Auditing Classes**

Students must obtain special permission from the instructor of record to audit or visit a class. Students who wish to audit graduate classes (5000-9000 level) must be eligible to enroll in the course for credit before they will be allowed to audit.

Students auditing classes do not receive academic credit and do not have the course or courses listed on their academic record. One may enroll as an auditor at any time by: (1) obtaining a Class Audit Form from the Office of Admissions and Records, (2) having it approved by the instructor of the class to be audited, (3) paying the required fee at the Office of Payments and Collections, and (4) using the receipt as an admission card to the class. Such approval may be granted only when space is available and if the instructor permits the student to be a visitor. Instructors reserve the right to refuse any request to visit a course. Enrollment as an auditor does not permit the enrollee to take examinations, have tests or other papers checked by the instructor or to participate in the class discussion. Audited courses are not posted on the student’s permanent record. Audit fees ($20 per course) are non-refundable and may not be appealed. Individuals who are not regularly enrolled students at the University are also eligible to audit classes subject to the regulations stated above.

**Residency**

Residency for tuition purposes is determined by regulations set forth by the State of Texas. Students are required to sign an oath of residency as part of the application process. Residency for tuition purposes will be based on this oath and other information documents submitted by the student. The requirements are outlined on page 28 of the Fiscal Policies section of this catalog.

**Other Procedures**

**Identification Cards**

Every student enrolled at The University of Texas-Pan American must possess an official identification card, issued through the supervision of the Dean of Students. This card must be validated each semester for the duration of the student’s enrollment at this institution. The card remains the property of The University of Texas-Pan American.

The card must be presented for:
- any University or department-sponsored activity
- admission to all intercollegiate athletic events
- identification for cashing checks on campus
- authorization to resell books to the University Bookstore or Student Book Exchange
- checking out equipment from the University Center Recreation Room
- identification for receipt of transcripts at the Office of Admissions and Records
- identification for receipt of awards from Student Financial Services
- use of the University food service meal plans
- use of physical education facilities during recreation hours
- use of the Student Health Services
- purchase of campus parking permit
- campus library privileges
- voting in campus elections and referendums and identifying oneself to a University official when requested to do so

This card is non-transferable. Beginning freshmen and first-time entering transfer students will receive their original ID cards at no charge. A service charge of $7 will be required for cards processed during subsequent semesters and for replacement cards. Loss or mutilation of cards must be reported to the Office of
Student Activities, University Center, Room 205. Fees are subject to change.

Students may not have in their possession more than one student ID card at the same time. This includes Teaching Assistant cards, which are special identification cards given to students who are employed by the University as teaching assistants. For more information, call the Office of Student Activities at 956/381-2660.

◆ Name Change

A student or former student may change the full, legal name on his or her permanent academic record by completing a Change of Name form and submitting the appropriate documentation as follows to the Office of Admissions and Records, Student Services Building, Room 108:

1. Misspelling — Student must present a copy of the birth certificate.
2. New Legal Name — Student must present a copy of the signed court order showing the authorized new legal name.
3. Marriage — If a student wishes to assume his or her spouse’s name, the student must present a copy of the marriage certificate.
4. Divorce — A student who wishes to discontinue the use of a married name and resume the use of the former name, or another name, must present a divorce decree or signed court order showing court restoration of the former, or other, name.

◆ Change of Address and/or Telephone Number

If a student changes his or her address or telephone number, he or she is expected to notify the Office of Admissions and Records in writing immediately. The student will be held responsible for any communication from University offices sent to the address last given to the Office of Admissions and Records. No special consideration will be given to students who move and fail to receive the communication. Students whose mail is returned to the University will not receive additional communication until an address change has been submitted.

◆ Enrollment Verification

Enrollment for a given semester cannot be certified until after the official census date for the semester, which is the 12th class day of a fall or spring semester and the fourth class day in a summer session. After this date, students may be classified as full-time, half-time, less than half-time, not enrolled or withdrawn.

Enrollment verification for lending agencies is requested at Student Financial Services, Student Services Building, Room 168. Verification of enrollment for personal use (i.e., insurance companies, employment) is requested at the Office of Admissions and Records.

• Full-time Undergraduate

An undergraduate student who is enrolled for at least 12 semester hours during a regular semester, or at least six hours of credit during a summer session, is considered full-time.

• Half-time Undergraduate

A half-time undergraduate student is one who is enrolled for 6-8 semester hours during the regular semester or three hours of credit during a summer session.

• Three-quarter time Undergraduate

A three-quarter time undergraduate student is one who is enrolled for 9-11 semester hours during the regular semester.

◆ Transcripts

A student may secure an official transcript of his or her UT Pan American record by presenting picture identification at the Office of Admissions and Records or by requesting the transcript in writing from the Office of Admissions and Records. Transcripts will be issued at no charge.

The term “transcript of records” is understood to refer to the recorded results of the student’s work in the classroom and is a comprehensive record of an individual’s total academic progress at UT Pan American. This statement will contain all the important facts pertaining to the student’s admission, academic level and academic achievements. No partial or incomplete classroom records (for example, with grades of “F” omitted) will be given. Students who owe debts to the University will have their official transcripts withheld until the debts are paid.
# Attendance Policies

## Attendance

In accordance with the policy on absences in the University’s Handbook of Operating Procedures, regular attendance in all meetings of courses for which the student is registered is expected. When a student is absent excessively (when in the judgment of the instructor the student has missed more work than can be made up successfully), the student may be dropped from the course with a grade of “DP” or “DF.” The Office of Admissions and Records will notify the student that he or she has been dropped from the course. A student who enrolls for a course and then does not attend is considered absent from class until the student officially drops the course.

If the student does not plan to attend the course, he or she must officially drop or withdraw through the Office of Admissions and Records by the published deadline dates. Students will be responsible for all tuition, fees and grades received in classes in which they do not officially drop or withdraw. (See the Schedule of Classes for refund periods for drops and withdrawals.)

### Absences on Religious Holy Days

#### Definition

Religious holy days means holy days observed by a religion whose place of worship is exempt from property taxation under Section 11.20 Tax Code.

#### Rules

a. A student who is excused from classes for the observance of a religious holy day shall be allowed to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence.

b. A student who is excused for observance of a religious holy day may not be penalized for the absences if proper notice of the planned absence is given.

c. A student may be penalized by the instructor if he or she fails to satisfactorily complete the assignment or examination originally scheduled for the day(s) absent within a reasonable time after the absences.

#### Procedures

a. The student must submit the request for approved absences for observance of a religious holy day on the Notification of Absence Form.

b. The request must be made no later than the 15th day after the first day of the semester.

c. The completed Notification of Absence Form shall be delivered by the student personally to the instructor of each class, with receipt of the notification acknowledged and dated by the instructor or certified mail, return receipt requested, addressed to the instructor of each class.

d. The instructor will provide the student with a dated copy of the signed form.

## Absences for University-Recognized Activities

Students absent while representing the University in officially-recognized University activities (such as athletic events or scholastic or student development activities) are required to inform their class instructors at least one week in advance of the absence and arrange with the instructor to make up missed work or missed examinations. Instructors are encouraged to provide those students the opportunity to make up the work (either prior to or after the anticipated absence) or otherwise adjust the grading to ensure that the student is not penalized for the absence.

## Special Populations

### Persons with Disabilities

UT Pan American will not discriminate against any individual on the basis of a disability or because of Vietnam Era/Disabled Veteran Status in either admission to, or treatment of employment in, its programs and activities.

Students with disabilities should visit the Office of Services for Persons with Disabilities prior to registration to receive information on the variety of services available. The office is located in Emilia Schunior Ramirez Hall, Room 1.101, Voice/Telecommunications Device for the Deaf (TDD) 956/316-7092. Non-students should contact the Equal Opportunity Office in the Administration Building, Room 335, 956/381-2127.

The Texas Rehabilitation Commission also provides services for individuals with disabilities.

For more information, see page 80.

### Varsity Athletes

To be in compliance with NCAA Division I eligibility requirements for athletic participation and/or athletically related financial aid, a student athlete must meet University and NCAA admission requirements and “satisfactory progress towards graduation” requirements in addition to the University’s grade...
point progress requirements stated under Scholastic Probation and Suspension:

1. Enrollment during each regular semester must not drop below 12 hours.
2. Subsequent to the student athlete’s first academic year in residence and prior to each term in which a season of competition begins, 24 hours of additional credit required for a bachelor’s degree in a designated program of studies must be accumulated since the beginning of the student athlete’s last season of competition.

Veterans

The Office of Veterans’ Affairs assists veterans in completing documents necessary to receive educational benefits for attendance at UT Pan American. Personnel coordinate activities with the Veterans Certification Officer in the Office of Admissions and Records and the Learning Assistance Center, Student Services Building, Room 629, 956/381-2280.

Students receiving V.A. educational benefits must make progress toward a degree as specified in this catalog under Satisfactory Progress and Scholastic Probation and Suspension (see page 40 and page 58).

Reserve Officers’ Training Corps

The Army maintains a senior division of the Reserve Officers’ Training Corps (ROTC) at UT Pan American. A four-year program and a two-year program are available to interested students, both male and female.

The four-year program consists of the basic course (freshman and sophomore) and the advanced course (junior and senior). Advanced instruction is oriented toward general military science and includes a six-week summer camp, usually at the end of the junior year. Students who have successfully completed three or four years of Junior ROTC in high school may, at the discretion of the professor of Military Science, be given placement credit for one year of the basic course regardless of academic classification.

Veterans also may be given advanced placement for the basic course, at the discretion of the professor.

Successful students are, upon graduation, commissioned as second lieutenants in the U.S. Army Reserve or U.S. Army National Guard. Students may elect to serve as reserve officers on active duty for an initial commitment period of three years or they may elect to serve for as little as three months of branch schooling followed by an extended tour with a Reserve or National Guard Unit. Qualified cadets may apply for commission in the regular Army.

During the course of instruction, the Army furnishes all required uniforms and military textbooks. Advanced course students receive a tax-free monetary allowance of $150 per month.

A special two-year program is available for full-time students who have a minimum of two years remaining on a degree plan and who have not had prior military training or ROTC. This program consists of an intensified course of instruction in military subjects that will qualify the student for the advanced course. The course of instruction is normally taken in the summer between the sophomore and junior years. Students attend a six-week Basic Camp at Fort Knox, Kentucky, receive transportation allowance to and from the camp, uniforms, room and board, and are paid approximately $750 for the period. No military obligation is incurred by attendance at this camp.

Application for the two-year program must be completed during the spring semester so that attendance at Basic Camp may be arranged. Further details are available at the Department of Military Science, Southwick Hall, Room 207, 956/381-3600.
Continuing Enrollment

Academic Standards for Regularly Admitted Students

Undergraduate students are expected to meet certain minimal academic standards in work completed in post-secondary education. Students who fail to maintain these minimum standards will be placed on academic probation or academic suspension, as appropriate. In determining whether a student will be placed on academic probation or suspension, all grades earned by the student (only the last grade is used if the student has attempted the course more than once) will be included in the computations of the grade point average.

Scholastic Probation and Suspension Policy

The Academic Probation and Suspension Policy for undergraduate students at The University of Texas-Pan American is as follows:

1. Academic probation or suspension will be determined each regular (fall or spring) semester on the basis of the student’s current semester and cumulative grade point average.
2. An undergraduate student will be placed on academic probation as follows:
   a. Freshman - whenever the student’s cumulative grade point average is below 1.70.
   b. Sophomore - whenever the student’s cumulative grade point average is below 1.80.
   c. Junior and Senior - whenever the student’s cumulative grade point average is below 2.00.
3. An undergraduate student will be placed on academic suspension for one regular semester whenever the student enters a semester on academic probation and does not remove himself or herself from academic probation. If the student’s current semester grade point average is 2.25 or above for a fall or spring semester, the student will continue on probation.

Level of Academic Status

GPA criteria

<table>
<thead>
<tr>
<th>Good Standing</th>
<th>Cumulative GPA is 2.00 or above (1.70 in case of freshmen or 1.80 in case of sophomores)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Placed on Academic Probation</td>
<td>Cumulative GPA has dropped below 2.00 (1.70 in case of freshmen or 1.80 in case of sophomores)</td>
</tr>
</tbody>
</table>

Continued on Academic Probation

Cumulative GPA is below 2.00 (1.70 in case of freshmen or 1.80 in case of sophomores) but current semester GPA is 2.25 or above.

Academic Suspension

Previously on Academic Probation, Cumulative GPA is below 2.00 (1.70 in case of freshmen or 1.80 in case of sophomores) and current semester GPA is below 2.25.

4. A student on academic suspension may enroll for summer sessions for the purpose of raising the Cumulative GPA to the level required for good standing for the student’s classification. (Once placed on suspension for a semester, the suspension cannot be removed or changed to probation on the basis that the current semester GPA is a 2.25 or higher.) Removal from suspension can be most efficiently accomplished by enrolling only for courses in which the student has previously earned a low or failing grade.

5. A student on academic suspension who raises the Cumulative GPA to the level required for good standing will be reinstated as a student in good standing following notification of the Office of Admissions and Records.

6. If a student who has been suspended for failure to meet academic probation requirements feels that unusual circumstances warrant a review, the student may direct a written appeal to the Admissions Committee, in care of the Office of Admissions and Records, no later than one week prior to registration. The petition must detail the reasons for alleging that circumstances warrant special consideration and should indicate reasons why the circumstances will not recur. The committee may reinstate a student who has not served the period of academic suspension only when convinced the best interests of both the University and the student will be served by such action.

All students are responsible for knowing whether they are eligible to continue at the University. An ineligible student who nevertheless registers, or has registered prior to completion of the semester in which academic standing is determined, shall be dropped and cannot attend classes. Students shall not receive special consideration for lack of knowledge of scholastic status, regardless of whether the student registered and paid fees.

Scholastic probation and suspension for graduate students is discussed in the Graduate Catalog.
◆ Provisional Enrollment Program (PEP)

Students admitted under the Provisional Enrollment Program may continue enrollment at the University under one of two plans:
- Regular Admission
- Continued PEP Enrollment

◆ Eligibility for Regular Admission

PEP students will be evaluated for Regular Admission at the following times only, using the criteria shown:
1. At the end of the semester in which the total number of hours the student has attempted at the University first reaches at least 9, and the number of hours completed is at least 6.* The student must have a cumulative GPA of 2.0 or higher and completion of college-level courses from at least two of the eligible areas shown below with at least a 2.0 GPA.

Eligible Areas: English, mathematics, natural sciences, social sciences, foreign language, and humanities.

2. At the end of the semester in which the student first achieves a total of 21 earned hours. At this point, the student must meet the GPA standard for regularly admitted students, which is 1.7 for students with fewer than 30 earned hours and 1.8 for students with 30-59 hours. Students who do not meet the GPA requirement will be ineligible to return to the University for a period of two years. (See “Discontinuation and Requalification” below.)

Eligibility for Continued PEP Enrollment

1. PEP students who have attempted fewer than 9 college-level hours are eligible to continue in the program without meeting further criteria.

2. PEP students who have attempted 9 or more college-level hours and do not qualify for Regular Admission may continue in PEP if they meet both the minimum hours completion criteria and GPA requirement as outlined below:

Minimum Hours Completion Criteria: A minimum number of hours must be successfully completed with a grade of either A, B, C, D, CR or, in developmental English, P, or in developmental math, C. The minimum number, which depends upon the hours attempted, is as follows:

<table>
<thead>
<tr>
<th>Hours Attempted</th>
<th>Hours Completed</th>
</tr>
</thead>
<tbody>
<tr>
<td>9</td>
<td>6</td>
</tr>
<tr>
<td>10-12</td>
<td>9</td>
</tr>
<tr>
<td>Above 12</td>
<td>10</td>
</tr>
</tbody>
</table>

Minimum GPA Requirement: The student’s cumulative GPA must be at least 1.7; however, PEP students who have just completed the semester in which the hours attempted reaches a total of 9, and have earned a GPA of at least 1.5, are allowed one additional semester in which to achieve the minimum GPA of 1.7.

Discontinuation and Requalification

Students who do not qualify for either Continued PEP Enrollment or Regular Admission will be ineligible to return to the University for a period of two years. However, if a student attends another institution during that time and successfully completes at least 9 college-level hours from the eligible areas (as previously noted) with a GPA of 2.0 or better, an exception will be made to the two-year waiting period.

In extenuating circumstances, students who are ineligible to continue under provisional policies may petition the Admission Committee for reinstatement.

◆ Texas Academic Skills Program (TASP)

The Texas Academic Skills Program (TASP) is a statewide, comprehensive program designed to ensure that students attending public institutions of higher education in Texas have the necessary academic skills to perform effectively in college-level coursework.

TASP, in part, requires the following:
1. Mandatory Testing and Assessment — All students must take the TASP test (or approved alternate test) prior to enrolling in college-level courses at a Texas public post-secondary institution, effective fall 1998.

2. Mandatory Orientation — All new students to UT Pan American, including transfer and transient students, must attend an orientation session prior to being allowed to register for classes; TASP information is disseminated at these orientation sessions.

3. Mandatory Academic Advisement — All students who have not passed all sections of the TASP test must be advised prior to registration each semester; and

4. Mandatory Developmental Education (if indicated by assessment) — The TASP test concentrates on three basic skills: reading, mathematics and writing. The standards for passing the test represent the minimum knowledge students entering college in Texas should have in order to succeed academically. Developmental courses or programs are provided to help students overcome deficiencies identified from the assessment; students must remain in continuous developmental education activities until they pass all sections of TASP.
Students who have been diagnosed as having dyslexia or a related disorder or a specific learning disability in mathematics and who complete the developmental program prescribed by the institution may be required to retake the test once but may not be referred to any additional developmental course by other developmental programs or precluded from enrolling in an upper division course because of the student’s performance on the test. Contact the Learning Assistance Center in the Student Services Building, Room 618, telephone 956/381-2585, for further information.

**The TASP Test**

The TASP test is designed to determine whether students possess the basic skills in reading, writing and mathematics necessary for University courses.

In accordance with Texas Education Code, Section 51.306, all students in the following categories who enter public institutions of higher education and have not earned at least 3 college-level semester credit hours before fall 1989 must take the TASP test or an alternate exam prior to enrolling in college-level courses: (1) all full-time and part-time freshmen enrolled in a certificate program or degree program and (2) any other student, including transfers from private or out-of-state institutions. State-approved alternate exams are: ASSET, MAPS, COMPASS, ACCUPLACER and Quick TASP.

The law exempts the following categories of students:

- those who have earned at least 3 college-level semester credit hours before fall 1989.
- those who have a composite score on the TAAS, ACT or SAT at or above the level set by the Texas Higher Education Coordinating Board [TAAS 1770 writing and Texas Learning Index (TLI) 86 math and (TLI) 89 reading; SAT taken April 1995 and thereafter — 1070 composite and 500 math and 500 verbal, SAT taken prior to April 1995 — 970 composite and 470 math and 420 verbal; ACT 23 composite and 19 math and 19 English]. For exemption purposes, a TAAS score is valid for three years and an SAT or ACT score is valid for five years. The TAAS minimum scores must be obtained on the first attempt of the TAAS test.
- blind and deaf students who earned 3 credit hours prior to Sept. 1, 1995. Beginning Sept. 1, 1995, blind and deaf students must take the TASP test. Blind students will be required to take the TASP test with proper accommodations. Deaf students will take the Stanford Achievement Test, which has been normed on the hearing-impaired population by Gallaudet University.
- those in certificate programs of less than one year (level one certificates — 42 or fewer semester credit hours).
- those who enroll on a temporary basis (maximum of one semester) and are also enrolled in a private or independent institution of higher education or an out-of-state institution of higher education the semester immediately preceding enrollment at UTPA, or have graduated from an institution of higher education when the appropriate documentation is submitted by the 12th class day for a fall or spring semester and by the fourth class day for the first or second summer session.
- those who have earned at least 3 college-level semester credit hours or the equivalent awarded prior to the fall semester 1989 are exempt from the Texas Academic Skills Program regardless of any election pursuant to the “Academic Fresh Start” statute, Section 51.931, Texas Education Code. An institution may also exempt a person 55 years of age or over and an international student who is not seeking a degree or certificate.
- those who have earned at least 3 college-level semester credit hours before fall 1989.
- those who have a composite score on the TAAS, ACT or SAT at or above the level set by the Texas Higher Education Coordinating Board [TAAS 1770 writing and Texas Learning Index (TLI) 86 math and (TLI) 89 reading; SAT taken April 1995 and thereafter — 1070 composite and 500 math and 500 verbal, SAT taken prior to April 1995 — 970 composite and 470 math and 420 verbal; ACT 23 composite and 19 math and 19 English]. For exemption purposes, a TAAS score is valid for three years and an SAT or ACT score is valid for five years. The TAAS minimum scores must be obtained on the first attempt of the TAAS test.
- blind and deaf students who earned 3 credit hours prior to Sept. 1, 1995. Beginning Sept. 1, 1995, blind and deaf students must take the TASP test. Blind students will be required to take the TASP test with proper accommodations. Deaf students will take the Stanford Achievement Test, which has been normed on the hearing-impaired population by Gallaudet University.
- those in certificate programs of less than one year (level one certificates — 42 or fewer semester credit hours).
- those who enroll on a temporary basis (maximum of one semester) and are also enrolled in a private or independent institution of higher education or an out-of-state institution of higher education the semester immediately preceding enrollment at UTPA, or have graduated from an institution of higher education when the appropriate documentation is submitted by the 12th class day for a fall or spring semester and by the fourth class day for the first or second summer session.

Exemption from TASP requirements for students who graduate from a public high school or an accredited private high school in any state with a grade point average of 3.5 or higher on a 4.0 scale or the equivalent and completed the recommended or advanced high school curriculum or an equivalent or similar curriculum at an accredited private high school or at an out-of-state high school. The exemption is effective only for a student who enrolls in an institution of higher education on or before the second anniversary of the date the student graduated from high school.

**Other TASP Rules**

1. Students who fail one or more parts of the TASP test must register for developmental courses or enroll in developmental programs in a deficient area every semester until they meet standards set by the State of Texas for each part of the TASP test. Standards are set by the Texas Higher Education Coordinating Board and are subject to change.
2. Students who have not passed all parts of the TASP test may not register for any 3000- or 4000-level courses if the number of college hours they already earned plus the number of hours for which they wish to register totals 60 or more hours.
3. Students may not enroll in courses designated as skill area (B or Better) courses until both TASP and
The TASP Test

departmental developmental education requirements have been met. The following have been designated as B or Better courses: Reading: ENG 2303, ENG 2305, ENG 2307, HIST 2313, HIST 2314, PSY 1310, POLS 2313, and POLS 2314; Math: MATH 1340 or higher level math; Writing: ENG 1301, ENG 1302. Contact an advisor in the Counseling and Advisement Center for information regarding enrollment in B or Better courses.

4. Students are required to retake the TASP exam in their deficient area(s) after completing all required developmental education before enrolling in a “B or Better” course.

5. Concurrent enrollment students and international students seeking a degree are subject to the same TASP requirements as all other students.

6. TASP scores are considered official only if they are sent directly from the testing company to UT Pan American, or if they appear on an official transcript from another Texas college or university.

Additional TASP information, including the rules adopted by the Texas Higher Education Coordinating Board, and information about special provisions related to certain disabilities, is available in the Learning Assistance Center and the Office of Admissions and Records at UT Pan American. Students needing more information on TASP rules or their TASP status can call 956/381-2529 or 956/381-2735. The TASP Registration Bulletin is available from the University Testing Center, UTPA Annex Room 112, 2412 S. Closner, telephone 956/316-2457, e-mail potesting@panam.edu, or from a high school counselor’s office.
The University of Texas-Pan American offers the following types of undergraduate curricula:

1. Those leading to one of the following Bachelor's Degrees conferred by UT Pan American:
   - Bachelor of Arts (BA)
   - Bachelor of Applied Arts and Sciences (BAAS)
   - Bachelor of Business Administration (BBA)
   - Bachelor of Fine Arts (BFA)
   - Bachelor of General Studies (BGS)
   - Bachelor of Interdisciplinary Studies (BIS)
   - Bachelor of Science (BS)
   - Bachelor of Science in Criminal Justice (BSCJ)
   - Bachelor of Science in Electrical Engineering (BSEE)
   - Bachelor of Science in Mechanical Engineering (BSME)
   - Bachelor of Science in Manufacturing Engineering (BSMfgE)
   - Bachelor of Science in Nursing (BSN)
   - Bachelor of Social Work (BSW)

2. Those satisfying the requirements leading toward degrees offered at other institutions, such as curricula leading to degrees in law, pharmacy, medicine and other specialized fields
   - 48 hours of Core Curriculum
   - 12 major courses
   - 18 required hours in a minor field (6 of which must be advanced)
   - 48 hours of advanced work (3000/4000 level)

3. Core Curriculum Hours and GPA: 48 hours of Core requirements must be satisfactorily completed with a minimum GPA of 2.0. (See page 18 and on page 94.

   - Students also may choose to graduate within the framework of Honors Studies. Requirements are listed on page 18 and on page 94.

   - Requirements for a Bachelor's Degree

     **General Requirements:** The general requirements for graduation are the same for each bachelor’s degree and are listed below. Specific requirements for each major field are listed in the catalog sections dealing with majors. It is the responsibility of the student to be familiar with all the requirements for the degree sought.

     1. **Degree, Minimum Hours and GPA:** A student cannot receive two degrees at the same time. Students who wish to pursue more than one major, that fall under different disciplines, must decide at the point of graduation the type of degree he/she will receive. For students wishing to pursue a new degree, please refer to the section of "Additional Bachelor’s Degrees." A minimum of 124 hours of work is required with an overall minimum grade point average (GPA) of 2.0. Some major requirements exceed the minimum hours and/or require a higher minimum grade point average.

     2. **Major and Minor GPA:** A minimum GPA of 2.0 in the required hours for both the major and minor fields, or for the broad-field major, is required. Graduates who seek certification as elementary teachers must have a minimum GPA of 2.5 cumulative GPA, and for secondary and all-level certification, a 2.5 cumulative GPA is required. Accounting majors are required to have a 2.5 in their accounting courses.

     3. **Core Curriculum Hours and GPA:** 48 hours of Core requirements must be satisfactorily completed with a minimum GPA of 2.0. (See page 91-93 for specific coursework.)

     4. **Freshman English:** A minimum grade of “C” must be achieved in each of the two required freshman English courses (ENG 1301, ENG 1302 or equivalent Honors courses).

     5. **College Algebra:** A minimum grade of “C” must be achieved in College Algebra or an approved higher-level math course.

     6. **Advanced Hours Overall:** Must include a minimum of 51 hours of advanced-level (3000/4000) work. Some degrees require additional advanced hours.

     7. **Major/Minor Requirements:** The coursework must include a minimum of the following: 30 hours of work in a major field of concentration (15 of which must be advanced) and 18 hours in a minor field (6 of which must be advanced). A minimum of 48 hours of work in a broadly integrated area (such as Business
Administration, Music) may be substituted for the major and minor requirement. In such cases, at least 21 advanced hours must be included, and a department may specify not more than 60 total hours in the area.

8. Residency: The student must complete and receive credit in residence for: (a) a total of at least 31 semester hours of coursework counted toward the degree; and (b) 24 of the last 30 semester hours; and (c) six semester hours of advanced work in the major. (Clinical Laboratory Sciences Majors: The last 30 hours of college work must be completed at UT Pan American; they must include at least eight hours of Biology or Chemistry, and a minimum of six advanced hours.)

9. "Re-Using" a Course: A course may not be used to satisfy a requirement for both a major and minor, or for two majors or for two minors.

10. Teacher Certification: All applications for teacher certification are processed through the UT Pan American Certification Office. Since degree plans for bachelor’s degrees with teacher certification may differ from plans without certification, students should ensure that a revised, official degree plan and degree worksheet are filed by their major department with the Office of Admissions and Records.

11. Course Distribution: The major-minor or broad-field major course distribution must follow the requirements set forth by the various departments, subject to any limitations and requirements noted in the catalog or in published form issued by the various departments or colleges of the University.

12. Degree Plan: The degree plan must be approved by the student’s department chair and dean and must be on file in the office of the dean of the college. This requirement is normally to be accomplished as soon as possible after the close of the sophomore year (completion of 60 or more hours). In any event, the degree plan must be on file before the deadline for submitting the "Application for Degree."

13. Application for Degree: The Application for Degree must be filed by the student with the Office of Admissions and Records on or before the date specified in the University Calendar, which is approximately nine months prior to the intended date of graduation.

14. Catalog - Seven Year Limit: The degree requirements that must be completed for graduation will be those in effect at the time of the student’s entrance or those provided in a subsequent catalog. In any case, the catalog used to determine the degree requirements must not be more than seven years old. Any changes in the degree plan to comply with a later catalog must be approved by the department chair and the dean of the college. For purposes of graduation requirements, this catalog expires August 2009.

15. Substitutions/Waivers: A “Substitution Form,” initiated at the departmental level, is required for any deviation from the degree plan and University requirements. For department substitutions/waivers, only department and Dean approval are required; for University requirements, the department, Dean and Provost approvals are required.

16. Graduate Courses: Graduate courses may not be used to satisfy any undergraduate graduation requirements for a bachelor’s degree.

17. Non-Traditional Credit: A maximum of 45 hours of college credit will be accepted toward a bachelor’s degree by any combination of extension, examination or correspondence, with an 18-hour limit on correspondence credit. No credit will be awarded for "life experience."

All course requirements for a bachelor's degree in any one of the several disciplines are formulated within the department in which the discipline falls, and are announced and listed elsewhere in the catalog by the respective departments of the University. Students should contact their major department and request a degree plan as soon as possible upon completion of their sophomore year.

◆ Additional Bachelor’s Degrees

Students who received their first bachelor’s degree from UT Pan American or other accredited institution may earn an additional bachelor’s degree in a different major from UT Pan American. Such students continue to be classified as undergraduates and must:

1. Complete an additional minimum of 30 hours of credit in UT Pan American courses (of which at least 12 must be advanced and a minimum of six of these must be in the major field; in the case of a double major, a minimum of six advanced hours is required in each major field) for each bachelor’s degree sought beyond the first.

2. Complete all requirements for the additional major(s), as set forth in the catalog.

3. Complete all requirements for the additional degree(s), including grade point average requirements, General Education requirements, elective courses and advanced courses, as set forth in the catalog.

4. Comply with all other regulations as stated under Core Curriculum on page 91-93.
**General Information**

**Graduation Under a Specific Catalog**

The degree requirements that must be completed for graduation will be those in effect at the time of the student's entrance or those provided in a subsequent catalog. In any case, the catalog used to determine the degree requirements must not be more than seven years old.

Any changes in the degree plan to comply with a later catalog must be approved by the department chair and the dean of the college. For purposes of graduation requirements, this catalog expires August 2009.

**Graduate Programs**

A list of graduate degrees offered by UT Pan American is on pages 11-13. For more information on graduate programs, consult the Graduate Catalog.

**Credit by Examination**

UT Pan American offers college credit by examination to qualified students through a variety of approved examinations. A student may receive up to 45 hours of undergraduate credit by examination through the following programs:

- American College Testing (ACT) Program - Credit by Examination
- College Entrance Examination Board (CEEB) Achievement Tests
- Advanced Placement (AP) Tests
- College Level Examination Program (CLEP)
- UT Pan American Local Advanced Standing Examinations - for Credit

Test scores must be sent directly from the testing agency; student or hand-carried copies are not accepted. Credit is posted on the student’s permanent record (transcript) when the student officially enrolls at UT Pan American. Credit by exam is accepted as “credit only” (CR) and does not affect the student’s cumulative grade point average (GPA). Unsuccessful attempts to earn credit by examination are not recorded on the student’s official transcript. Policies on credit earned by examination are reviewed every two years in conjunction with the publication of a new catalog.

For further information regarding credit by examination at UT Pan American, visit the:

Office of Admissions & Records
Student Services Building, Room 108
phone: 956/381-2201
e-mail: admissions@panam.edu

For additional information regarding testing, contact the:

UT Pan American Testing Center
UTPA Annex, 2412 S. Closner, Edinburg
phone 956/316-2457
e-mail: potesting@panam.edu

Credit by examination at UT Pan American is available as follows:

- **ACT Exam Scores**

<table>
<thead>
<tr>
<th>Subject</th>
<th>Minimum ACT English Score</th>
<th>UTPA Course</th>
</tr>
</thead>
<tbody>
<tr>
<td>English Language</td>
<td>30 (SAT 680)</td>
<td>ENG 1301</td>
</tr>
<tr>
<td>English Lang./Comp.</td>
<td>31 (SAT 700)</td>
<td>ENG 1302</td>
</tr>
</tbody>
</table>

- **CEEB Achievement and Advanced Placement (AP) Tests**

If you are a high school student anticipating course credit through College Entrance Examination Board (CEEB) Achievement and/or Advanced Placement (AP) Tests, you should make arrangements to take the proper examination(s) with your high school counselor or AP coordinator. This should be done in time for your scores to be received and evaluated by UT Pan American before you begin your first semester. Course credit — or exemptions — may be obtained in the subjects listed below:

- **CEEB Achievement Tests**

**Please note:** High school students anticipating college credit through College Entrance Examination Board (CEEB) Achievement and/or Advanced Placement Tests should make arrangements to take the proper examination(s) with their high school counselors or AP coordinators. This should be done in time for scores to be received and evaluated by UT Pan American before students begin their first semester.

### College Level Examination Program (CLEP)

Students can earn course credit at UT Pan American in a wide variety of subject areas through CLEP Subject Examinations, which are standardized 90-minute, multiple-choice tests. These exams are administered by the UT Pan American Testing Center once a month during the academic year; one or two tests can be taken in one day of testing. For a list of testing dates, contact the

**UT Pan American Testing Center**

UTPA Annex
2412 S. Closner, Edinburg
phone: 956/316-2457
e-mail: potesting@panam.edu

Listed below are subject areas in which UT Pan American credit can be earned through the CLEP testing program, along with the required minimum score for each test. (The minimum score usually represents successful completion of 35 to 50 percent of the questions on an examination.) UT Pan American credit is posted to a student’s transcript only after he or she officially enrolls at the University.

Students who do not plan to enroll at UT Pan American are also permitted to take CLEP tests at the UT Pan American Testing Center. However, it is the responsibility of the student to contact the institution at which he or she plans to enroll in order to verify which CLEP tests are accepted for credit.

In order to prepare for CLEP testing, students may purchase The Official Guide for the CLEP Examinations at the UT Pan American Bookstore or order it from The College Board using the order form attached to the CLEP Registration-Admission form. Many students also obtain an appropriate textbook and/or study guide for the specific test(s).

The steps to follow in registering for CLEP testing are outlined in College Credit by Examination, a brochure available at the UT Pan American Testing Center.

* Plus departmental essay

### UT Pan American Local Advanced Standing Examinations — For Credit

Students interested in acquiring credit through local departmental examinations at UT Pan American may contact the University’s Testing Center to find out more about the requirements and fees. Projected local test possibilities are planned for each separate department.

Local examinations may not be taken for courses for which an approved CLEP subject exam exists.

### Local Advanced Standing Examinations — For Credit

Students may acquire college credit through local departmental examinations at UT Pan American. Local examinations may not be taken for courses for which an approved CLEP subject examination exists. Students are encouraged to contact the individual academic departments for more information regarding the availability of local examinations, requirements and fees.

### Teaching Certificates

Requirements for teaching certificates in various fields or areas are shown in the respective academic sections of the catalog. General information for undergraduates is shown on page 142 of this catalog and in the Graduate Catalog for graduate students. Consult the Office of the Dean of the College of Education for full details on all certification requirements.

### Degree Plan

In general, a student may follow the degree requirements listed in this catalog by the respective departments of the University, thus planning a schedule of courses. However, having a degree plan on file is a requirement for graduation, and a student is well advised to have the degree plan drawn up by the department chair on the proper form as soon as possible to preclude the possibility of taking courses that will not satisfy requirements for the degree the student seeks.

Students seeking a bachelor’s degree are expected to file an official degree plan with their major department upon completion of their sophomore year. (Students seeking a master’s degree or doctoral degree are expected to meet with their graduate advisor and file an official degree plan during their first semester of enrollment. For more information, refer to the Graduate Catalog.)

Students who change their major, area of concentration or teacher certification status must have a new official degree plan reflecting their current
status on file with the appropriate department. Upon request, the department chairs will aid students in preparing degree plans that may be required by institutions or agencies other than UT Pan American. As an illustration, some public school systems require prospective teachers who have not completed their degrees to file an approved plan in the superintendent’s office.

**Graduation Policies and Procedures**

**Application for Degree**  
All students who intend to receive a degree from The University of Texas-Pan American must submit a completed Application for Degree form to the Office of Admissions and Records by the published deadline in the University Calendar, which is approximately nine months prior to the intended date of graduation. Applications received after the deadline will be processed for the next available graduation date. These deadlines are necessary in order for prospective graduates to be notified of any deficiencies in time to register for the appropriate coursework.

**Graduation Fee**  
A non-refundable graduation fee of $25 is charged for undergraduate and graduate degrees. This fee is payable at the Office of Payments and Collections, Student Services Building, Room 115, at the time the candidate presents the Application for Graduation to the Office of Admissions and Records. This fee is used to pay for the processing of applications for graduation, music, graduation speakers, postage, diplomas and other expenses associated with graduation.

**Transfer of Graduation Date**  
Prospective graduates who have submitted their Application for Degree form and do not meet graduation requirements for that graduation date must “transfer” their application to a later graduation date. Students will be required to pay an additional $10 fee each time the graduation date is transferred.

**Commencement Exercises**  
The University of Texas-Pan American confers degrees four times each year — in December, May, July and August. Commencement exercises are scheduled for December and May only. July and August graduates may attend the December commencement exercises.

**Regalia (Cap and Gown)**  
All students participating in the commencement ceremony are required to purchase the proper graduation regalia from the University Bookstore. (No students will be permitted to participate without the proper regalia.)

**Correspondence**  
In order to ensure that information regarding graduation requirements, deficiencies and commencement exercises are received on a timely basis, the student’s correct address must be on file with the Office of Admissions and Records. Prospective graduates will not receive special consideration for lack of knowledge of graduation requirements, deficiencies or deadlines.

**Honors**  
Upon graduation, a student receiving a bachelor’s degree is listed with “Honors” in accordance with the following standards based on his or her final overall grade point average:

- **Summa Cum Laude**  Grade point average of 3.9 to 4.0
- **Magna Cum Laude**  Grade point average of 3.7 to 3.89
- **Cum Laude**  Grade point average of 3.5 to 3.69

Honors are listed in the graduation program based on the student’s GPA prior to completion of his or her last semester of coursework, and does not guarantee graduation with honors upon calculation of the overall GPA after the student’s last semester has been completed.
The University Library is the campus center for resources that support the academic programs at The University of Texas-Pan American. The four-story brick and glass structure contains 170,000 square feet. The cornerstone of the building was dedicated on April 10, 1978; a modern addition was completed in early 1999.

The Library houses a collection of approximately 450,000 volumes, 300,000 government documents, more than 6,000 subscriptions, 1,000,000 microform units, and 10,000 audiovisual items. Library collections and databases may be accessed at workstations throughout the building; instructional services are provided in state-of-the-art-classrooms. Of interest to the region and beyond are the special collection materials contained in the Lower Rio Grande Valley Historical Collection and the Rio Grande Folklore Archive. Materials available pertain to the Texas counties of the Valley and northeastern Mexico.

The reference area has numerous microcomputers connected to the Library local area network (LAN) and available for accessing information resources and e-mail. Connectivity with the Internet provides access to the catalogs of other library collections and shared databases made available by The University of Texas System and the TexShare project. Available via CD-ROMs, the Internet or stand-alone systems are different subject area citation and abstract databases; many include an array of full text articles.

Library patrons are offered services that include reference and information consultation and assistance, computerized database searching, interlibrary loan and library use instruction.

All UT Pan American students must be registered in order to borrow materials from the library and obtain use of other services during the fall and/or spring semester(s). Graduate students who are registered in the spring semester will automatically receive privileges for the summer sessions. Students who are not registered during the fall or spring semester(s) may join the Friends of the Library for library privileges.

The benefits of the Friends of the Library membership extended for one full year are that members:
- may check out materials as per circulation policies;
- are eligible for interlibrary loan privileges
- receive in advance the library newsletter and notification of all special events sponsored by the organization and will be admitted free of charge to such events;

**Students enrolled in cooperative programs:** Students enrolled in cooperative programs must be registered in either of the cooperating institutions to have library privileges. They will follow the policy for UT Pan American graduate students.

The program coordinator must submit a letter with the list of students in the cooperative program to the Circulation Department. The list must include the following information:
- the names of the students
- the students’ Social Security numbers
- the students’ mailing addresses
- the students’ telephone numbers
- the name of the institution where the students are registered and
- the name of the program

Students with incomplete courses: Unenrolled UT Pan American students with incomplete courses during the fall or spring semesters need to purchase the Friends of the Library card if they wish to use the library services.

Resources of the University Library are available seven days a week during regular academic sessions. Detailed information about hours and services may be obtained at the circulation desk or the Library Website: www.lib.panam.edu, telephone: 956/381-3306 or voice/TDD 956/381-2763.

Students enrolled in cooperative programs: Students enrolled in cooperative programs must be registered in either of the cooperating institutions to have library privileges. They will follow the policy for UT Pan American graduate students.

The program coordinator must submit a letter with the list of students in the cooperative program to the Circulation Department. The list must include the following information:
- the names of the students
- the students’ Social Security numbers
- the students’ mailing addresses
- the students’ telephone numbers
- the name of the institution where the students are registered and
- the name of the program

Students with incomplete courses: Unenrolled UT Pan American students with incomplete courses during the fall or spring semesters need to purchase the Friends of the Library card if they wish to use the library services.

Resources of the University Library are available seven days a week during regular academic sessions. Detailed information about hours and services may be obtained at the circulation desk or the Library Website: www.lib.panam.edu, telephone: 956/381-3306 or voice/TDD 956/381-2763.
Learning Assistance Center

The purpose of the Learning Assistance Center (LAC) is to provide all students with an equal opportunity to succeed in college by maintaining a program of support services to address their unique educational, career and personal needs. The major goal is to increase UT Pan American retention and graduation rates while providing quality academic programs.

The LAC is made up of various units. The tutorial unit and some activities of the Counseling and Advisement Center are coordinated with a U.S. Department of Education Title IV federal project - Student Support Services Program. Call 956/381-2585 or 381-2529 for connections to any of the services listed below. The LAC offices will be moving September 1, 2002. The Counseling Center will be in the first floor of the University Center, Academic Advisement will be in the third floor of the Student Services building and the LAC tutorials will move into an unnamed building. Please check the web at: www.panam.edu for information. The Writing Center is located in the first floor of the Library.

Academic Advisement: Designed to assist students with educational planning with regard to general education course requirements and to inform them about course placement as it relates to legislation governing the Texas Academic Skills Program (TASP) and institutional policy. Mandatory advisement is provided for UT Pan American students who have not met the state passing standard in the three areas of TASP. This service unit also advises all entering freshman students after they attend New Student Orientation, students in the Provisional Enrollment Program (PEP), students on scholastic probation or academic suspension, and students recently transferred from other colleges and universities, or who are planning to transfer from UT Pan American. Also advised are those students wanting to return after a long absence from school, and general walk-ins seeking information or considering enrollment at UTPA.

Tutoring: Designed to help students improve their comprehension of coursework material and to develop the academic skills required for achievement at the University by providing professional staff and peer tutors to work with them on an individual or small group basis. These services assist those who are having difficulty comprehending course content, who have low grades or who wish to improve their grade point average. Tutoring is available in the subject areas of English, Spanish, mathematics, biology, chemistry, physics and the social sciences.

Reading Program: Designed to assist students who wish to improve their reading skills. Students may work selectively in improving vocabulary, reading comprehension or other areas of need specific to reading skills development.

Study Skills: Designed to assist students who are having difficulty with their coursework. The study skills focus on getting organized, procrastination, listening and note-taking, reading textbooks, memory and concentration, time management, test-taking skills and test anxiety.

Developmental Education Program: The LAC tutorial laboratories provide academic support to students who must enroll in developmental courses and/or are in the process of fulfilling legislative requirements of the Texas Academic Skills Program (TASP) test.

TASP Labs: Designed to meet the state-mandated non-course based developmental education requirements in the TASP areas of writing, reading and mathematics.

Computer-Assisted Instruction: Designed to provide assistance by use of commercial software program tutorials in certain college-level courses, basic skills development and TASP preparation.

Personal Counseling: Designed to assist students who are having issues with personal, social, emotional and/or interpersonal relationships that may be affecting their adjustment to the University environment or interfering with academic achievement. Counseling activities help students clarify their goals, facilitate personal growth, increase effective coping skills, provide support and encourage personal responsibility for their actions. Some activities are conducted in group counseling sessions, topical seminars or workshops. Students with serious mental health pathology are referred for psychiatric evaluation when appropriate.

Career Counseling: Designed to assist students in career exploration activities through individual counseling, the career library and career seminars. To facilitate the process, testing or standardized evaluation may be used to help students gain a better understanding of their academic abilities, interests, aptitudes and personality. Test instruments may be of special interest to those who are unsure of a choice of major or career, or students who want to verify a tentative choice.
Advanced Services for Student Information Supported by Technology (ASSIST)

In order to provide students with easy access to student information, The University of Texas-Pan American developed ASSIST (Advanced Services for Student Information Supported by Technology).

With ASSIST technology, students may access general, academic and financial information from home or various locations on campus. Personal information is protected by a Personal Identification Number (PIN), which initially is the student’s date of birth entered as a six-digit number (for example, March 15, 1964, is entered as 031564).

A Registration Access Code (RAC) is required to access ASSIST registration services, and is issued to students by an academic advisor each semester.

ASSIST services include the following:

- **Kiosk Information Stations:** Currently 13 Kiosk Information Stations are located across the UT Pan American campus, with plans to add more stations in the future. These stations are located in the Administration Building, Academic Services Building, Business Administration Building, Communication Arts and Sciences Building, Education Building, Engineering Building, Health and Physical Education II, Health Sciences Building, Science Building, Social and Behavioral Sciences Building, University Library, and Student Union, Student Services Building. Kiosk services include:
  - Campus Map and Directory
  - Calendar of Events
  - Staff and Faculty Job Openings
  - General Information: Course Availability, Department List, Standard Forms, Financial Aid Awards (PIN required)
  - Student Records (PIN required): Account Balance, Admission Status, Grades/Unofficial Transcript, Student Schedule

- **Voice Response (Telephone) System:** Information on admissions, grades, registration and payments can be accessed through the voice response system with a touch-tone phone. (These are not toll-free numbers.) Courtesy telephones are available in the Office of Admissions and Records. Voice Response services include:
  - Application Status
  - Deadline Dates/How to Apply
  - Requirements for Admission
  - TASP Information
  - Grades (PIN required)
  - Registration Information
    - Class Schedule (PIN required)
    - Dates and Procedures
    - Registration Holds (PIN required)
    - Transcript Information
    - Dates Available/How to Request

Registration — 956/381-3000 (RAC required)

ASSIST registration is normally available Monday-Thursday between 7 a.m.-11 p.m. and Friday between 7 a.m.-6 p.m. Some weekends/holidays may be available.

**Note:** This is not a toll-free call. (Times are subject to change.)

**STEP 1** Select one of the following options:
- Enter 1 to register or drop/add courses or list schedule
- Enter 2 for course availability
- Enter 3 for general registration information and deadlines, office hours, and applying for graduation
- Enter *7 to repeat this menu
- Enter *9 to end this call

**STEP 2** Enter your nine digit student ID number (your number will be repeated to you, then enter one if correct, or two if incorrect).

**STEP 3** Enter your six digit Registration Access Code (RAC) provided by your advisor.

**STEP 4** Select a term (following the instructions provided by the voice system).

**STEP 5** Select from the following registration options:
- Enter 1 to register for courses:
  - Enter the five digit call number of the course you would like to add (the call number will be repeated to you, then enter one if correct, or two if incorrect).
  - Enter 2 to drop a course
  - As each course from your schedule is spoken:
    - Enter 1 if you do not want to drop the course listed
    - Enter 2 to drop the course listed.
- Enter 3 to conditionally drop this course to add a...
new course.  

**Enter 3** to list your current course schedule  
**Enter *2** to return to the main menu.  
**Enter *7** to repeat this menu.  
**Enter *9** to end this call.

**STEP 6**  
Pay your tuition and fees on or before the payment deadlines

Payment may be made with your VISA or MasterCard or Discover via ASSIST:  
› ASSIST Telephone Payment: 956/381-3030  
› ASSIST Web Payment: www.panam.edu/assist  
› KIOSK Payment at 13 locations:  
  • Academic Support Services Building  
  • Administration Building  
  • Business Administration Building  
  • Communication Arts & Sciences Building  
  • Engineering Building  
  • Education Building  
  • Physical Education II Building  
  • Health Sciences Building  
  • Science Building  
  • Social & Behavioral Sciences Building  
  • Student Union  
  • University Library  
  • Student Services Building  

Payments and Collections — 956/381-3030  
How to Pay Fees/Office Location  
Tuition Information/Deadline Dates  
Current Balance/Residency Status (PIN required)  
Request Parking Permit (PIN required)  
Credit Card Payment (PIN required)  

To end a call, press 9# and listen to closing messages.

**Web for Students:** Admission, grade, registration and financial information can be accessed on the Web at www.asisst.panam.edu or cp.panam.edu (Campus Pipeline). Web services include:  
› University Catalogs  
› Class Schedules  
› Admission Information  
  • Apply for Admission  
  • View Admission Status  
› Registration (RAC required)  
  • Add/Drop Classes  
  • View Class Availability  
  • Conditional Drop/Add  
  • Student Schedule (graphic)  
  • Student Schedule (detailed)  
› View Fee Assessment  
› Student Records (PIN required)  
  • View Address Information  
  • Update Address  
  • View Grades  
  • Academic Transcript  
  • Account Summary  
  • Change PIN Number  
› Financial Aid Awards (PIN required)

**Student Rights and Responsibilities**

**Student Guide**

Students are responsible for becoming familiar with policies that govern students. The University of Texas-Pan American Student Guide provides detailed information on numerous aspects of campus life and University policies governing students. Copies of the Student Guide are available through the Office of the Dean of Students, University Center, Room 104.

**Student Travel**

Student travel at The University of Texas-Pan American will be guided by the student travel policy in the Handbook of Operating Procedures Section 5.6.3 as follows:

**A. Purpose**

The purpose of this policy is to set forth University rules and procedures regarding student travel and to comply with The University of Texas system policy and State Law (Texas Education Code §51.949) relating to student travel. University students may travel off campus when representing a student organization, University department, or engaging in intercollegiate competition or academic activities. Examples of student travel include, but are not limited to, class field trips and assignments; attendance at scholarly or professional conferences; University-funded student organization travel; class trips for educational or cultural enrichment; athletic, student publication, dramatic, music, or forensic competition or performances; student leadership conferences; placement forums; and graduate school visits.

**B. Authorization**

Student travel, as described above, must be registered with and approved by the Dean of Students or his or
her designee. The Authorization for Student Travel and Release of All Claims forms must be completed and submitted to the Office of the Dean of Students at least two weeks prior to the trip. Each individual requesting authorization for travel must submit a completed Release of All Claims form with the Authorization for Student Travel form.

C. Statutory Requirements
The statutory requirements in Section D of this policy are applicable to student travel undertaken by one or more currently enrolled students to reach an activity or event that meets all of the following criteria:

1. An activity or event organized and sponsored by the University. An activity or event is considered to be organized and sponsored if it has been planned and funded by the University and approved by the Dean of Students or his or her designee;
2. The activity or event is located more than 25 miles from the University; and
3. (a) Travel to the activity or event is funded and undertaken using a vehicle owned, rented, or leased by the University; or (b) Attendance at the activity or event is required by a registered student organization and approved in accordance with this Policy.

D. Safety and Mode of Travel

1. All Motor Vehicle Travel
   (a) Seat Belts
   Occupants of motor vehicles shall use seat belts or other approved safety restraint devices required by law or regulation at all times when the vehicle is in operation. The number of occupants in a vehicle cannot exceed the number of working seatbelts in the vehicle.
   (b) Alcohol and Illegal Substance Prohibited
   Occupants of motor vehicles shall not consume, possess, or transport any alcoholic beverages or illegal substance. Operators shall not drive while under the influence of drugs or alcohol; this includes over the counter or prescription medication that may impair the driver’s ability.
   (c) Passenger Capacity
   The total number of passengers in any vehicle at any time it is in operation shall not exceed the manufacturer’s recommended capacity or the number specified in applicable federal or State law or regulations, whichever is lower. Fifteen-passenger vans shall not be used to carry more than 9 occupants (including the driver) at any one time. Consideration should be given to decreasing the number of passengers if luggage is to be transported in the same vehicle; luggage should be stored under seats or at the rear storage area.
   (d) License and Training
   Each operator of a motor vehicle shall have a valid operator’s license, be at least 18 years of age and trained as required by law to drive the vehicle that will be used. Persons who drive a 15-passenger van must successfully complete a van driving training course at least once every three years.
   Van driving training is available at the Environmental Health and Safety Office.
   (e) Proof of Insurance, Inspection, and Safety Devices
   Each motor vehicle to which this Policy applies must be covered by liability insurance and display a current State inspection certificate, be equipped with all safety devices or equipment required by federal or State law or regulation, and comply with all other applicable requirements of federal or State law or regulations.
   (f) Legal Operation of Vehicle and Driving Schedule
   Operators of motor vehicles shall comply with all laws, regulations, and posted signs regarding speed and traffic control and shall not operate the vehicle for a continuous period that is longer than the maximum provided by federal or State law. A driver may not drive longer than 4 continuous hours without a scheduled rest stop. The rest stop must last a minimum of 30 minutes before that same driver may resume driving. Total driving time within a 24-hour period may not exceed 8 hours per authorized driver. There should be no driving between the hours of 11 p.m. and 6 a.m. without prior approval of the appropriate administrative official.
2. Travel Using a Vehicle Owned, Rented, or Leased by the University
   (a) Service and Maintenance
   In addition to those provisions in Section F.1, each vehicle owned or leased by the University must be subject to scheduled periodic service and maintenance by qualified persons and comply with all applicable requirements of The University of Texas System Business Procedures Memoranda.
   (b) Operators of Vehicles
   All operators of vehicles owned, rented, or leased by the University shall be employees of the University and shall have a valid operator’s license for the operation of the particular vehicle. All drivers of rental vehicles must be listed on the vehicle rental agreement. In addition, operators shall have a current Motor Vehicle Record on file with the University Department of Environmental Health and Safety. Drivers must have a rating of three points or less as required by The
University of Texas System Business Procedures Memorandum 16-03-02: Automobile Insurance Coverage for Officers and Employees and General Requirements for the Use of Vehicles (BPM 16-03-02).

(c) Travel by Common Carrier

When a common carrier is used for student travel covered by this Policy, the University shall take reasonable steps to assure the travel is undertaken in conformance with this Policy.

◆ Student Right to Know and Campus Security Act

The Student Right to Know and Campus Security Act of 1990 requires that colleges and universities take reasonable steps to publicize graduation rates and certain campus crime statistics. One purpose of this federal legislation is to give students, prospective students, parents of students, employees and others who may be interested a better understanding of the frequency of serious crime on campus and, ultimately, to make this and other campuses safer.

The University of Texas-Pan American is concerned about the safety and security of the entire University community. In an effort to provide a safe and secure campus, the University maintains a full-time professional police force composed of state-certified, licensed law enforcement officers, commissioned by the University of Texas System, with the power of arrest, and other noncommissioned security personnel. They patrol the campus 24 hours a day, 365 days a year.

The University Police Department maintains a police substation at the University Library as well as emergency phones throughout campus with direct lines to the Police Department. The department also provides escort to and from any location on campus upon request.

All members of the University community should be aware of dangers to their personal safety. Crime happens on campus just as it happens off campus. If someone is the victim of a crime or witnesses a crime, he or she should report it and cooperate with the University Police Department to ensure that the crime is properly investigated and prosecuted.

To report a crime, call the University Police at 956/316-7151. In the event of an emergency, call H-E-L-P (381-4357), or dial 911, 24 hours a day, 365 days a year.

Crimes reported on the UT Pan American Campus can be accessed at the following web address: www.panam.edu/campussafety. A hard copy of the UTPA Campus Safety and Security Report can be requested by contacting the Office of Student Judicial Affairs at 956/318-5375.

Any law enforcement information provided by state law enforcement agencies concerning registered sex offenders may be obtained from the UT Pan American Police Department at 956/316-7151.

University policies and Texas law prohibit the disruption of University operations and events and regulate the use of alcoholic beverages on campus. Violators will be subject to prosecution under the law and the University’s disciplinary code. University policies related to the possession, sale and use of alcoholic beverages on campus are described in The University of Texas-Pan American Student Guide. Copies are available on request in the Office of the Dean of Students, University Center, Room 104. Other policies that pertain to crime reporting and crime prevention, facilities access and security, authority of police and related matters are contained in the Student Guide and in the University’s Handbook of Operating Procedures. All are available from the Office of the Dean of Students and the Office of University Relations. The following offices are available to assist you:

◆ Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g, and the Texas Public Information Act, Texas Government Code § 552.001 et seq., are respectively a federal and a state law that provide for the review and disclosure of student educational records.
In accordance with these laws, The University of Texas-Pan American has adopted the following policy. Individuals are informed of their rights under these laws through this policy, which is included in the University’s Handbook of Operating Procedures (HOP), Section 5.2.3 and this catalog. The catalog is made available for inspection through the Graduate School and the Office of Admissions and Records and copies of the Handbook of Operating Procedures are available in the University Library and most administrative offices and on the Internet at http://www.panam.edu/hop. This document shall be reviewed periodically by the Dean of Students and the vice president for Business Affairs.

The University will not permit access to or the release to any party of personally identifiable information contained in student education records without the written consent of the student, except as authorized by FERPA. FERPA’s authorizations for release without consent include the following:

1. to appropriate University officials who require access to educational records in order to perform their legitimate educational duties;
2. to officials of other schools in which the student seeks or intends to enroll, upon request of these officials, and upon the condition that the student be notified and receive a copy of the record if desired;
3. to federal, state or local officials and agencies authorized by law;
4. in connection with a student’s application for, or receipt of, financial aid;
5. to accrediting organizations or organizations conducting educational studies, provided that these organizations do not release personally identifiable data and destroy such data when it is no longer needed for the purpose for which it was obtained;
6. to the parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1954;
7. in compliance with a judicial order or subpoena, unless such subpoena specifically directs the institution not to disclose the existence of a subpoena;
8. in an emergency situation if the information is necessary to protect the health or safety of students or other persons; or
9. to an alleged victim of any crime of violence, the results of the alleged perpetrator’s disciplinary proceeding may be released.

Additionally, any law enforcement information provided by state law enforcement agencies concerning registered sex offenders may be released from the UT Pan American Police Department. The Police Department can be contacted at 956/316-7151.

The University will release information in student education records to appropriate University officials as indicated in 1. above when there is a legitimate educational interest. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Regents; or a student serving on an official committee or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Where required by regulations, a record of requests for disclosure and such disclosure of personally identifiable information from student education records shall be maintained by the vice president for Business Affairs for each student and will also be made available for inspection pursuant to this policy. If the institution discovers that a third party who has received student records from the institution has released or failed to destroy such records in violation of this policy, it will prohibit access to educational records for five years. Respective records no longer subject to audit nor presently under request for access may be purged according to regular schedules.

**Directory Information**

At its discretion, the University may release directory information which shall include:

1. name, address, telephone number
2. date and place of birth
3. major field of study
4. participation in officially recognized activities and sports
5. dates of attendance
6. most recent previous educational institution attended
7. classification
8. degrees, honors and awards received
9. date of graduation
Students may have any or all directory information withheld by notifying the University in writing. Request for nondisclosure will be honored by the University until such time that the student grants permission, in writing, to release the information.

- **Access to File**

  In accordance with House Bill 1922, with few exceptions, you are entitled on your request to be informed about the information UT Pan American collects about you. Under Sections 552.021 and 552.023 of the Texas Government Code, you are entitled to receive and review the information. Under Section 559.004 of the Texas Government Code, you are entitled to have UT Pan American correct information about you that is held by us and that is incorrect, in accordance with the procedures set forth in The University of Texas System Business Procedures Memorandum 32. The information that UT Pan American collects will be retained and maintained as required by Texas records retention laws (Section 441.180 et seq. of the Texas Government Code) and rules. Different types of information are kept for different periods of time.

  Upon written request, the University shall provide a student with access to his or her educational records. The vice president for Business Affairs at UT Pan American has been designated by the institution to coordinate the inspection and review procedures for student education records, which include admissions files, academic files, and financial files. Students wishing to review their education records must make written requests to the vice president for Business Affairs listing the item or items of interest. Education records covered by the act will be available within 45 days of the request.

  A list of education records and those officials responsible for the records shall be maintained at the Office of the vice president for Business Affairs. This list includes:

  - **Academic Records**
    Graduate School, AB 116
    Office of Admissions and Records, Registrar, SS 108
    College, Division, Department and Faculty Offices
  - **Student Affairs/Student Services Records**
    Student Financial Services: Director, SS 186
    Housing Office: Director of Residence Life, Women’s Residence Hall
    Counseling Office: Director of Counseling, SS 513
    Business Office: Vice President for Business Affairs, AB 306
    Office of Career Placement Services: Director, SS 147

  Educational records do not include:
  1. financial records of the student’s parents or guardian;
  2. confidential letters of recommendations that were placed in the educational records of a student prior to January 1, 1975;
  3. records of instructional, administrative and educational personnel that are kept in the sole possession of the maker and are not accessible or revealed to any other individual except a temporary substitute for the maker;
  4. records of law enforcement units;
  5. employment records related exclusively to an individual’s employment capacity;
  6. medical and psychological records;
  7. thesis or research papers; or
  8. records that only contain information about an individual after the individual is no longer a student at the institution.

- **Challenge to Record**

  Students may challenge the accuracy of their educational records. Students who believe that their educational records contain information that is inaccurate or misleading, or is otherwise in violation of their privacy or their rights, may discuss their problems informally with the department that generated the record in dispute. If an agreement is reached with respect to the student’s request, the appropriate records will be amended. If not, the student will be notified within a reasonable period of time that the records will not be amended, and he or she will be informed by the head of that department of his or her right to a formal hearing.

  Student requests for a formal hearing must be made in writing to the vice president for Business Affairs who, within a reasonable period of time after receiving such requests, will inform students of the date, place and the time of the hearing. Students may present evidence relevant to the issues raised and may be assisted or represented at the hearings by one or more persons of their choice, including attorneys, at the student’s expense. The hearing officer who will
adjudicate such challenges will be appointed by the vice president for Business Affairs in non-academic matters and by the provost and vice president for Academic Affairs in academic matters.

Decisions of the hearing officer will be final, will be based solely on the evidence presented at the hearing, will consist of the written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned. The education records will be corrected or amended in accordance with the decision of the hearing officer, if the decision is in favor of the student. If the decision is unsatisfactory to the student, the student may place with the education records statements commenting on the information in the records or statements setting forth any reasons for disagreeing with the decision of the hearing officer, or both.

The statements will be placed in the education records, maintained as part of the student’s records, and released whenever the records in question are disclosed.

Students who believe that the adjudications of their challenges were unfair or not in keeping with the provisions of the Act may request, in writing, assistance from the president of the institution.

• Copies

Students may have copies of their educational records and this policy. These copies will be made at the student’s expense at rates authorized in the Texas Public Information Act. (There is no charge for student transcripts.) Official copies of academic records or transcripts will not be released for students who have a delinquent financial obligation or financial “hold” at the University.

• Complaints

Complaints regarding alleged failures to comply with the provisions of the FERPA may be submitted in writing to the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-4605.

• Student Academic Responsibilities and Appeals

• Academic Responsibilities

Students are expected to inform themselves thoroughly concerning the regulations of the University and the course requirements for degrees and to make inquiries in case of doubt. It shall not be the University’s responsibility should complications arise because of failure to follow regulations and requirements.

Regulations will not be waived nor exceptions to requirements made on a plea of ignorance of the regulation or requirement. Students, therefore, should become familiar with all of the information related to the program contained in the printed University bulletins.

Each student, by registering, enters some college of the University and, except as to conduct, is thereafter under its jurisdiction with regard to the student’s program of study and degree requirements. Students should work directly with the person in their major department who is assigned the responsibility of supervising their programs concerning course requirements and options, deficiencies, degree plan and special regulations. Requests to waive regulations and/or requirements should be directed in writing to the dean of the college.

• Academic Appeals

Periodically, misunderstandings arise with regard to academic expectations and final grades. Students wishing to appeal final grades or misunderstandings in academic standards should first discuss the matter with the instructor of the class. If no resolution occurs, and the student wishes to pursue the matter further, he or she should appeal in writing to the department chair involved. The department chair will respond in writing to the student within 10 class days of the receipt of the student’s written appeal.

Pursuant appeals will be written and directed within 10 class days of the date of the department chair’s decision to the College Academic Appeals Committee. The committee will consist of a panel of three faculty members, two of whom may not be from the department in which the appeal originated. The dean of the college will appoint the panel members upon receipt of the written appeal and notify the student in writing of the date, time and location of the hearing and the names of the members of the panel. The student and the faculty member involved may appear in person before the panel and present evidence and/or witnesses. The hearing will be closed to the public and no person other than the student, the faculty member involved and panel members may be present. No person may represent the student or the faculty member.

After the College Academic Appeals Committee has heard the appeal, it will deliberate and come to a
decision. The committee's decision will be written and mailed or delivered in person to the student and faculty member within three class days of the close of the hearing. The student may appeal in writing within 10 class days to the dean. The dean's decision will be final and must be mailed or delivered in person to the student within 10 class days of the receipt of the student's written appeal. This policy may be found in the Student Guide.

NOTE: At the time of publication of this catalog, this policy was being revised. See the Office of the Dean of Students or provost and vice president for Academic Affairs for the latest approved policy.

◆ Student Complaint Procedures

• Purpose
The University of Texas-Pan American endeavors to provide fair and objective procedures for hearing student complaints and endorses compliance with the spirit of non-discrimination regulations. The following will advise students of procedures to be followed in filing non-academic complaints.

• Discrimination/Disability Complaints
Students with questions concerning discrimination in employment or based on sex or disability must contact the appropriate compliance officer prior to initiating grievance procedures. Compliance officers are listed below:

1. Title IX (non-discrimination on the basis of sex):
   Student inquiries or complaints concerning Title IX or discrimination on the basis of sex may be presented to the director of the department in question or to the Dean of Students (Compliance Officer), University Center 104, 956/381-2262.

2. Sexual Harassment:
The University of Texas-Pan American condemns sexual harassment of its students, staff and faculty. Sexual harassment is a form of sexual discrimination and is illegal. Students who believe they have been subjected to sexual harassment are encouraged to immediately report the incident to the Dean of Students, University Center 104, 956/381-2262. The University's policy concerning sexual harassment may be found in the Student Guide and the Handbook of Operating Procedures.

3. AIDS-Related Issues:
   Students may not be subjected to impermissible discrimination on the basis of Acquired Immune Deficiency Syndrome (AIDS) or Human Immunodeficiency Virus (HIV). The policy addressing AIDS-related issues may be found in the Student Guide and the Handbook of Operating Procedures. Student complaints or inquiries should be directed to the Director of Student Health, Emilia Schunior Ramirez Hall, Room 1.105, telephone 956/381-2511.

4. Section 504 of the Rehabilitation Act/Americans with Disabilities Act:
The University of Texas-Pan American provides for the prompt and equitable resolution of complaints alleging violations of these acts, including complaints regarding a refusal to provide requested accommodations and auxiliary aids or services and programs that are perceived to be inaccessible. Students should address ADA or Section 504 complaints to The University of Texas-Pan American, ADA Coordinator, 1201 W. University Drive, Edinburg, TX 78541-2999, 956/381-2127.

◆ Family Educational Rights and Privacy Act
The Family Educational Rights and Privacy Act (FERPA) concerns the maintenance and confidentiality of student records. The University's policy regarding FERPA may be found in the Student Guide, the Handbook of Operating Procedures and page 72 of this catalog. Students who believe their records are inaccurate or have been disclosed in an unauthorized manner should contact the vice president for Business Affairs, Administration Building 320, 956/381-2121.

◆ All Other Non-Academic Complaints
In an effort to resolve misunderstandings or concerns, a student must first make every effort to resolve the problem by discussing his or her concerns with the faculty or staff member against whom the complaint is lodged. If the concern still exists, the student may discuss the complaint with the appropriate chair or head of the department in which the complaint originated. Additional appeals may be pursued through administrative channels. Students should consult "Student Complaint Procedures" in the Student Guide or Handbook of Operating Procedures for detailed information or request assistance from the Office of the Dean of Students, University Center 104, 956/381-2262.

◆ Student Advisement for Concerns/Complaints
The Office of the Dean of Students in University Center, Room 104, offers assistance to students who have concerns or complaints other than those addressed above, or who have questions regarding existing policies and procedures.
♦ Student Conduct and Disciplinary Code

All students at The University of Texas-Pan American are subject to the rules and regulations governing student conduct and discipline as described in the UT Pan American Student Guide and Handbook of Operating Procedures and in Part One, Chapter VI, Section 3 of the Rules and Regulations of the Board of Regents of The University of Texas System. These documents are available for review in the University Library, the Office of the Dean of Students and the Office of the vice president for Enrollment and Student Services.

♦ Hazing

Hazing is both a violation of University policy and a criminal offense (Sections 37.151 et seq. and §1.936, Texas Education Code) and may result in arrest and prosecution by civil authorities as well as disciplinary action pursuant to the Regents’ Rules and Regulations (Part One, Chapter VI, Sections 3.28 and 3.6) and the University’s Handbook of Operating Procedures, Section 6.4.1.

Hazing with or without the consent of a student is prohibited by the University and by the UT System. Both the hazer and victim are subject to discipline.

According to state law, a person can commit a hazing offense not only by engaging in a hazing activity, but also by soliciting, directing, encouraging, aiding or attempting to aid another in hazing; by intentionally, knowingly or recklessly allowing hazing to occur; or by failing to report in writing to the dean of students or other appropriate individual of the institution firsthand knowledge that a hazing incident is planned or has occurred. The fact that a person consented to or acquiesced in a hazing activity is not a defense to prosecution for hazing under the law.

In an effort to encourage reporting of hazing incidents, the law grants immunity from civil or criminal liability to any person who reports a specific hazing event to the dean of students or other appropriate individual of the institution and immunizes that person from participation in any judicial proceeding resulting from that report. The penalty for failure to report is a fine of up to $1,000, up to 180 days in jail, or both. Penalties for other hazing offenses vary according to the severity of the injury which results and include fines from $5,000 to $10,000 and/or confinement for up to two years. The law does not affect or in any way restrict the right of the University to enforce its own rules against hazing.

The law defines hazing as any intentional, knowing, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization whose members are or include students at an educational institution.

Hazing includes but is not limited to:

- Any type of physical brutality, such as whipping, beating, striking, branding, electric shocking, placing of a harmful substance on the body, or similar activity;
- Any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
- Any activity involving consumption of food, liquid, alcoholic beverage, liquor, drug, or other substance which subjects the student to an unreasonable risk or harm or which adversely affects the mental or physical health of the student;
- Any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame, or humiliation, or that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described in this subsection; and
- Any activity that induces, causes, or requires the student to perform a duty or task which involves a violation of the Penal Code.

♦ Solicitation on Campus

The University’s policy on solicitation is outlined in The University of Texas System Regents’ Rules and Regulations, Part One, Chapter VI.6.6. (The term “solicitation” means the sale, lease, rental or offer for sale, lease, rental of any property, product, merchandise, publication, or service, whether for immediate or future delivery; an oral statement or the distribution or display of printed material, merchandise, or products that is designed to encourage the purchase, use, or rental of any property, product, merchandise, publication, or service; the oral or written appeal or request to support or join an organization other than a registered student, faculty, or staff organization; the receipt of or request for any gift or contribution; or the request to support or oppose or to
vote for or against a candidate, issue, or proposition appearing on the ballot at any election held pursuant to state or federal law or local ordinances.)

Student Services

Career Placement Services
In a time when heavy academic emphasis is being placed on career-oriented programs, UT Pan American’s Office of Career Placement Services is an important component of any student’s preparation.

Through this office, students gain new insight into their future career plans, different job opportunities, average pay scales and other useful information. The Career Information Center is located in the office and is available to any interested student.

The UT Pan American Office of Career Placement Services places students in jobs in three ways. During the students’ college years, the office will assist them in locating part-time employment. An internship or co-op assignment is strongly encouraged during the sophomore and junior years for any student wishing to improve his or her job marketability. Then, as they approach graduation, the office helps connect them with prospective employers. Many major corporations, government agencies and other top employers recruit at UT Pan American each year.

Placement: A placement credential service, an online résumé service and on-campus employment interviews are available for seniors. Special activities are also held for all UT Pan American students and alumni in preparation for the career search. These include Career Day, Teacher’s Job Expo, Health Professions Career Day, Graduate and Professional School Fair, Engineering and Computer Science Career Day and Job Preparation Workshops, as well as other activities.

Career Information Center: The Career Information Center houses a computer/printer with Internet capability to assist students in conducting company research; a kiosk sponsored by U.S. Customs facilitates student access to all federal government jobs; sources of occupational information; registers and directories; information on hundreds of different companies, school districts and government agencies; fellowship/scholarship information; and graduate/professional school catalogs. Computers are available to assist with company research.

Student Employment Service: A number of local businesses and agencies contact the office seeking students for part-time or full-time employment. The Student Employment Service operates as a referral system to match these employers with UT Pan American students. International students are required to apply through the International Student Advisor in the Communication Arts and Sciences Building (CAS), Room 125, telephone 956/381-2922.

Cooperative Education Program: The Cooperative Education (Co-Op) Program at UT Pan American offers students an opportunity to gain work experience in an employment situation directly related to their major course of study.

The Co-Op Program has three options:
- Alternating/Full-time — Students alternate semesters or six-month terms of full-time work with full-time study.
- Parallel/Part-time — Students work part-time, usually 25 hours or less, while continuing to take classes.
- Summer Internship — Students work during the summer months on a full-time basis.

To be eligible to participate in the Co-Op Program, students must:
- have completed a minimum of 30 semester credit hours.
- maintain at least a 2.0 grade point average.
- be enrolled at least half-time (six hours).
- either be currently enrolled, or have been enrolled the previous semester and be registered for the upcoming semester.

The Co-Op student may be eligible to receive academic credit for his or her Co-Op work assignment in ART 4391, COMM 3623, COMM 3627, CRJ 4402, GENB 2346, POLS 2343 and POLS 3185. Refer to the course descriptions in the academic departments section of this catalog for more information.

The Office of Career Placement Services
Student Services Building, Room 147

Web site: careerservices.panam.edu

High School to University Services
The Office of High School to University Services promotes educational excellence in local public schools by providing University resources and services to support a wide variety of programs and activities. These initiatives are designed to encourage students to pursue high levels of academic achievement in high school and to help prepare them for success in college and beyond.
The **Advanced Placement Summer Institutes** prepare high school and middle school teachers to teach Advanced Placement and Pre-AP courses. These intensive week-long training sessions are sponsored by the University in cooperation with the College Board. UTPA Annex, 2412 S. Closner, Edinburg. Telephone: 956/388-2700.

The **Concurrent Enrollment** program allows outstanding high school juniors and seniors to enroll in University courses and receive college credit. Concurrent Enrollment opportunities are offered through both distance learning and on-campus attendance programs. The “High School to University Program” makes tuition incentives available to qualified students from participating school districts. UTPA Annex, 2412 S. Closner, Edinburg. Telephone: 956/388-2700. E-mail: ce@panam.edu

**University Testing Services** offers numerous national and specialized examinations such as the American College Test (ACT), Scholastic Assessment Test (SAT), Graduate Record Exam (GRE), Graduate Management Admissions Test (GMAT), Law School Admissions Test (LSAT), Medical College Admission Test (MCAT), Texas Academic Skills Program (TASP), Quick TASP, Test of English as a Foreign Language (TOEFL), Institutional TOEFL, College Level Examination Program (CLEP), Local Advanced Standing Exam (LASE), Miller Analogies Test (MAT) and a number of others. UT Pan American supports the program by serving as a resource for school districts and by providing incentives to qualified students from participating school districts. UT Pan American. Telephone: 956/316-2457. E-mail: testing@panam.edu

**Texas Scholars**, an initiative of the Texas Business and Education Coalition, encourages secondary students to enroll in challenging courses and to complete the “Recommended” high school curriculum. UT Pan American supports the program by serving as a resource for school districts and by providing incentives to students. UTPA Annex, 2412 S. Closner, Edinburg. Telephone: 956/316-2457. E-mail: testing@panam.edu

The **Training for Educators** program provides a wide variety of in-service training opportunities for professionals and paraprofessionals employed in the field of education. Non-credit courses, workshops, and certificate programs are available for teachers, counselors, teacher aides, substitute teachers and child care providers. UTPA Annex, 2412 S. Closner, Edinburg. Telephone: 956/388-2700.

**Student Outreach Services**

The Student Outreach Services Office assists UT Pan American's efforts to establish, meet and maintain desired enrollment levels of students by recruiting and orienting students to the University. The recruitment program acts in support of these efforts by providing information about UT Pan American and to prospective students. The Student Orientation Office conducts orientation sessions designed to facilitate new students’ adjustment to the University environment, to develop an understanding of academic expectations, to become familiar with campus services and activities and to provide academic advisement for their first term at UT Pan American. Attendance at orientation is mandatory for all entering freshmen and TASP-affected transfer students. All new students (transfer and/or entering freshmen) to the University are assessed a new student fee.

**Services for Persons with Disabilities**

The Office of Services for Persons with Disabilities (OSPD) is designed to provide supportive services that meet the educational, career and personal needs of persons with disabilities who attend or plan to attend UT Pan American.

Major program responsibilities include:
- identifying persons with disabilities, verifying disabling condition(s) and determining and providing appropriate accommodations to meet students’ needs,
- promoting full utilization of existing resources, full participation and enjoyment of the University environment, and the development of better, more effective methodologies for meeting special needs,
- increasing service and disability awareness among UT Pan American students, faculty, staff and the general public, and
- promoting and assisting with the development of “accessible” programs and facilities at UT Pan American.

Persons with disabilities requiring information or services are encouraged to contact the OSPD as early as possible. Requests for services must be accompanied by professional assessments/reports not more than three years old from individuals qualified to diagnose the disability involved.

Additional information may be obtained by calling 956/316-7005 (Voice/TDD 316-7092, fax 316-7034) or visiting Emilia Schunior Ramirez Hall, Room 1.101.

**Student Health Services**

Student Health Services is a fully accredited ambulatory health care facility staffed with physicians
and mid-level providers including physician assistants and family nurse practitioners. Primary medical care, health and wellness education and support services are provided to students registered at UT Pan American.

Confidential, unlimited, free medical consultations are available on a walk-in basis during clinic hours. Referrals and appointments to outside providers are routinely made when necessary. Fees for service charges are assessed for ordered laboratory tests, pharmaceuticals, women’s health care and certain procedures. The student must pay for services on the day they are rendered, but if extenuating circumstances prevent payment on that day, provision has been made to have charges transferred to the student’s account at the Office of Payments and Collections.

Convenient pharmacy services include prescription and over-the-counter medications and patient counseling. A full-service laboratory offers same day or next day results for most tests. Immunizations, flu vaccines, pregnancy tests, allergy injections and screening tests for tuberculosis, anemia and diabetes are also available. Confidential, anonymous HIV antibody testing is free to students, staff and faculty.

Located on the first floor of Emilia Schunior Ramirez Hall, Student Health Services is open from 8 a.m. to 4 p.m. Tuesday and Friday, 8 a.m.–7 p.m. Monday, Wednesday, Thursday. Call 956/381-2511 for more information.

HIV/AIDS/HBV: An HIV/AIDS/HBV education and awareness program is available for UT Pan American students, faculty and staff. Under the oversight of Student Health Services, information and programming is available on a one-to-one basis and to various campus groups. Free, confidential, anonymous HIV antibody testing with pre- and post-testing counseling from Valley AIDS Council is available at Student Health Services. The HBV (Hepatitis B) vaccine is available to all students, faculty and staff at a minimal fee. Clients may be referred to appropriate off-campus facilities for additional counseling and treatment as warranted.

AIDS-Related issues: Institutional policy and educational procedures are detailed in the Student Guide, available through the Office of the Dean of Students.

Student Insurance: Students are encouraged to purchase an optimal, low-cost health insurance plan that provides health and accident coverage. Information regarding policy coverage and claim procedures can be obtained at Student Health Services on the first floor of Emilia Schunior Ramirez Hall or by calling 956/381-2511.

International Students: Health insurance is required for all international students (F-1 and J-1 visa holders) and may be required for dependents; therefore, purchase of this health insurance will be mandatory for such students unless a waiver has been obtained from the International Student Advisor. The issuance of a waiver requires proof that the student has insurance coverage comparable to the minimum required $50,000 Major Medical, $10,000 Medical Evacuation, and $7,500 Repatriation. Medical Evacuation and Repatriation may not be waived. Contact Student Health Services or International Student Services at 956/381-2922 for further information.

Student Immunizations: In accordance with state law, the following immunizations are required for all students enrolled in health-related courses that will involve direct patient contact in medical or dental care facilities or who come in contact with human biological fluids or tissue. Students for whom these immunizations are not required are strongly urged to obtain these immunizations for their own protection.

Measles: Proof of two doses of measles vaccine administered on or after the first birthday, if born after 1957. The required two doses should be administered at least 28 days apart or have proof of immunity.

Mumps: Proof of one dose of mumps vaccine administered on or after the first birthday or proof of immunity.

Rubella: Proof of one dose of rubella vaccine administered on or after the first birthday or proof of immunity.

Tetanus/diphtheria: Proof of one “booster” dose of Td vaccine within 10 years.

Bacterial Meningitis: Bacterial meningitis is a potentially deadly disease that can progress extremely fast. It is an inflammation of the membranes that surround the brain and spinal cord. The bacteria that cause meningitis also can infect the bloodstream. Vaccinations are effective against four of the five most common bacterial types that cause 70 percent of the disease in the United States. Vaccines are available in the Student Health Center and are recommended for students living in close quarters and those 25 years old or younger.

Hepatitis B virus (HBV): Proof of serologic immunity to HBV or certification of immunization with a complete series of Hepatitis B vaccine. Students will be required to present a letter or other suitable written certification.

Certain exemptions are allowed for the immunization requirement; students should contact the Student Health Services for information.

Students enrolled at UT System institutions will
assume the full cost of the immunizations. Students may obtain information from Student Health Services regarding the consequences of not being current on immunization for certain diseases, the age groups most vulnerable to these vaccine-preventable diseases and local providers of immunization services.

◆ Alcohol and Drug Abuse Program (ADAP)
The Alcohol and Drug Abuse Program (ADAP) has been established to meet the needs of all UT Pan American students who may have a substance abuse concern/issue or who may be dealing with a related concern. The Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226, require that each campus implement a program to address substance abuse issues.

ADAP is committed to all UT Pan American students by providing an environment for education, exploration and personal growth. The ADAP staff maintains a dedication to the overall wellness of each student on campus. ADAP strives to fulfill its responsibilities by providing a variety of different services to the student body. Some of these services include, but are not limited to, counseling, crisis intervention and consultations. In addition, ADAP has books, videos and literature available to faculty, staff and students.

The ADAP staff is fully trained and licensed in chemical dependency and related issues. All of the services offered are strictly confidential, and services are free to all students.

The program offers individual counseling for students who are experiencing a substance abuse problem or who may be in recovery. All individual counseling is by appointment. ADAP also provides group counseling through a campus recovery group. Groups are run once a week at designated times. The ADAP staff is available for referrals, consultations, group presentations and crisis intervention services.

The Alcohol and Drug Abuse Program is located in the University Center, Room 305, telephone 956/381-2659. ADAP is open from 8 a.m. to 5 p.m. Monday through Friday and by appointment.

◆ Student Publications
Students at UT Pan American are invited to contribute and work on the staff of student publications. Writing, editing and photography usually start before the opening of classes in the fall semester. Some positions are paid, but volunteer workers also are sought as reporters, copyreaders and headline writers.

The student-run newspaper, The Pan American, and Panorama magazine are headquartered in the Department of Communication in the Communication Arts and Sciences Building, Room 170, telephone 956/381-2541, fax 956/316-7122, Web page http://www.panam.edu/dept/panamerican

◆ Clubs and Organizations
A variety of clubs and organizations offer the UT Pan American student friendship, relationships with people of similar interests, avenues for organized and meaningful service and opportunities for self-development. Because new organizations are formed each year, a complete updated list — and assistance in starting up new organizations — is available in the Office of Student Development, University Center, Room 205, telephone 956/381-2660.

Student Housing: Residence Halls
The University experience is about trials and triumphs in the classroom, as well as friendships made and new ideas explored throughout your college career. To that end, the residence life staff at UTPA invites you to join the resident community we call home.

Residence living offers you many prized benefits as a university student: the convenience of short walks to classes and campus events; leadership opportunities as a member of the Residence Hall Association, Residence Life Advisory Committee, Food Service Committee or Residence Life Staff; a community of peers where you can build lifetime friendships, form late night study groups, and interact with a diverse population; the opportunity to learn responsibility and live independently; and an atmosphere filled with the pride of being a UTPA Bronc.

For your housing accommodations, the UTPA campus is home to two Residence Halls and Bronc Village Apartments.

Whether you hail from the Valley, out-of-state, or out-of-country, make UTPA your home while earning your academic degree and experience true university life. A host of activities has been planned for your stay with us, and we are eager to serve your housing needs.

For specific information on the Residence Halls and Bronc Village Apartments, please refer to the sections below.

Each Residence Hall facility has a capacity of 192 beds and is within walking distance to all academic and
service facilities at UT Pan American. Residence halls are centrally air-conditioned and heated. Each suite contains two rooms and an adjoining restroom with vanity and shower. Rooms are equipped with two Ethernet ports, two beds, two desks, two bookshelves, two lockers and two dressers. Telephone service and cable television are available in each room and public telephones are available on each floor. There are a lobby and kitchen/dining area on the first floor and a laundry room and recreation area on the third floor of each facility. In addition, a 24-hour computer lab with network extension is available for residents’ use. Staff is available to address student needs and to organize and conduct educational, recreational and social activities throughout the year.

Both facilities are within walking distance to shopping, restaurants, banks and other facilities.

NOTE: Residence hall opening and closing dates are subject to change. Please verify availability and opening/closing dates with the Office of Residence Life at 956/381-3439. For reservations and other information on University residence halls and apartment housing, contact the:

Office of Residence Life
Women’s Residence Hall
The University of Texas-Pan American
1201 West University Drive
Edinburg, Texas 78541-2999
Telephone: 956/381-3439
Fax: 956/384-5055
E-mail: home@panam.edu

• Residence Hall Fees
Fall/Spring semester room rates are as follows (cost per semester):
- Regular Double-occupancy Room: $1,203
- Regular Single-occupancy Room: $1,839
- South Wing Double-occupancy Room: $1,323
- South Wing single-occupancy Room: $2,018

NOTE: The above rates do not include meal plan fees. Fees and meal plans are subject to change. For current rates, contact the Housing Office.

• Installment Plan
An “installment plan” is available to pay fall and spring semester fees. There is an Installment Plan Fee of $20 and a $5.50 Late Charge for payments made after the due date. Neither fee is refundable. Full payment for summer sessions must be made before moving in. Arrangements for use of the installment plan are made through the:

Office of Payments and Collections
Student Services Building, Room 115
The University of Texas-Pan American
1201 West University Drive
Edinburg, Texas 78541-2999

NO REFUND will be made after the 12th class day.

• Reservations and Room Deposits
Reservations for the residence halls are made through the Office of Residence Life. Requests are made on a first-come first-served basis; students may be placed on a waiting list until space is available through cancellations and “no-shows.” A reservation/damage deposit of $75 is required. The deposit is refundable, less any property damage, lost keys and improper checkout, if cancellations are received by the following dates:

<table>
<thead>
<tr>
<th>Semester</th>
<th>Cancellation Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>July 15</td>
</tr>
<tr>
<td>Spring</td>
<td>November 15</td>
</tr>
<tr>
<td>First Summer</td>
<td>May 1</td>
</tr>
<tr>
<td>Second Summer</td>
<td>June 1</td>
</tr>
</tbody>
</table>

Deposit refunds will take approximately four weeks.

School holidays and breaks are not included as part of the room and board plan and are not included in the fees.

• Cafeteria Meals
Each residence hall resident must purchase one of the following meal plans per long semester:
- 10 meals per week + $50 Bronc Bucks for semester: $786.15
- 14 meals per week + $75 Bronc Bucks for semester: $885.90
- 17 meals per week + $100 Bronc Bucks for semester: $963.58

Students who withdraw officially from the University and have made full payment may receive a refund for the remaining portion of the residence hall fee. Students who cancel the residence hall lease for any reason other than official withdrawal will be charged one-fourth of the remaining unexpired portion of the room and board fee as a penalty, in addition to the prorated daily charges accumulated.

• Telephone Payments
All arrangements and payments for local and long
distance telephone service in residence halls are made directly through the telephone company servicing the halls.

- **Student Housing: Bronc Village**
  Bronc Village Apartments are owned and controlled by The University of Texas-Pan American. Bronc Village offers one-, two- and four-bedroom furnished apartments. Each apartment bedroom is equipped with Ethernet port, cable connection, and telephone jack (phone service is the responsibility of the resident).
  Each apartment is equipped with a refrigerator, dishwasher, stove/oven, microwave, and washer/dryer connections. Select apartments are equipped with washers and dryers for an additional fee.
  Family housing is available at Bronc Village Apartments; interested students, faculty, and staff should contact the Office of Residence Life for additional information on family housing.
  Nine- and 12-month lease information/rates can be obtained by contacting the Office of Residence Life. Each apartment resident must purchase a minimum meal plan (declining balance) per long semester.

- **University Outreach Programs**
  **Upward Bound** is a federally funded academic enhancement program designed to assist first generation or low income high school students in developing their potential for success in a post-secondary institution through classroom instruction during the academic year and a five-week summer component on the UTPA campus. Emilia Schunior Ramirez Hall, Room 2.207, telephone 956/381-2521.
  **Educational Talent Search (ETS)** is an early intervention outreach program that serves participants in grades 6-12. The program’s objective is to assist participants in the acquisition of skills that will prepare them for entry into the college of their choice. ETS also provides assistance for adult re-entry/GED students. Participants receive a variety of services that include, but are not limited to: counseling; academic advisement; assistance with financial aid and admissions; study skills, career exploration, interest inventories; visits to post-secondary institutions and job sites. University Center, Room 315, telephone 956/381-3651.
  **The Mother-Daughter Program** recruits female 8th-12th graders and their mothers to participate in creative pre-collegiate strategies that prepare them for success in a post-secondary setting. Emilia Schunior Ramirez Hall, Room 2.205, telephone 956/381-2154.

- **Other Centers, Support Services and Activities**
  **Academic Centers**
  - **Center for Applied Research in Education**
    The Center for Applied Research in Education (CARE) was founded in 1994 to serve as the research arm of the College of Education and of the University. CARE performs the following four functions for the College of Education: 1) conducts and supports educational research in South Texas and the Rio Grande Valley, 2) disseminates research to the local education community, 3) facilitates the professional development of College of Education students and faculty, and 4) procures funding for educational research. The center engages in cooperative research agreements with school districts in South Texas and the Rio Grande Valley in order to improve the quality of education for students at grades pre-K through higher education. CARE maintains a World Wide Web site on the Internet (http://www.care.panam.edu) to serve as a research and information tool for students, faculty and clients. Education Building, Room 114,
telephone 956/381-3437.

**Center for International Studies.** The Center for International Studies facilitates and encourages campus efforts to develop international programs. Among these are research, publications, continuing education, faculty development, community outreach and student experiences abroad. It supports international initiatives among student groups, faculty and agencies in the fields of health, education, government and industry on both sides of the Texas-Mexico border. In addition, the center promotes studies of other regions of the world and provides assistance in writing proposals and establishing relations with universities all over the world, including institutions in Latin America, Mexico, Asia, Europe and the Caribbean.

The Center sponsors multicultural and cross-national research, forming liaisons with community groups and sponsoring presentations on Hispanic and international issues. The center also sponsors two publications, Rio Bravo Journal and Letras Hispanas, and a third, Border Journal of Science and Technology, is now in the planning stage. The Center for International Studies directs the Latin American Studies Center and the Mexican-American Studies Program. Communication Arts and Sciences Building, Room 342, telephone 956/381-3572.

**Center for Tourism Research.** The Center for Tourism Research in the College of Business Administration addresses social, cultural, environmental and economic issues related to the tourism industry locally, regionally and nationally. Tourism studies targeted by the center include senior travelers or “Winter Texans,” Mexican national visitors to the United States, spring breakers at South Padre Island, ecotourism, historic tourism, recreational tourism and local residents’ attitudes and reactions toward tourism. The center’s most recent publications are *A Winter Texan Guide to Community Volunteerism* and the *Winter Visitor Report, and South Padre Island Spring Break 2000*. The center promotes tourism to Texas, particularly South Texas, and assesses the economic impact of tourism on the regions. It also provides an opportunity for students to learn applied research methodologies and to become involved in the research activities of the center. Business Administration Building, Room 122, telephone 956/381-3395.

**Coastal Studies Laboratory.** The Coastal Studies Laboratory (CSL), established as a marine biology laboratory in 1973 in Isla Blanca Park on South Padre Island, was reorganized and expanded in 1985 with a concentration on University education, public education and coastal research. The CSL’s public display contains representative species of fauna and flora from the immediate area of the Lower Laguna Madre and South Padre Island. The CSL also supports classes and field trips from the University and other schools; many universities in Texas and surrounding states use the CSL facilities for field trips each year. A number of marine-oriented courses are offered at the CSL, 100 Marine Lab Drive, South Padre Island, Texas 78597; telephone: 956/761-2644; fax: 956/761-2913; e-mail: coastal@panam.edu; Web: http://www.panam.edu/dept/csl/csl.html

**International Journal of Mathematics and Mathematical Sciences.** The main editorial office of the *International Journal of Mathematics and Mathematical Sciences (IJMMS)* is established at the Department of Mathematics, The University of Texas-Pan American. This is a refereed weekly journal devoted to publications of original research papers, research notes, and research expository and survey articles, with emphasis on unsolved problems and open questions in Mathematics and Mathematical Sciences. All areas listed on the cover of Mathematical Reviews, such as Pure and Applied Mathematics, Mathematical Physics, Theoretical Mechanics, Probability and Mathematical Statistics, and Mathematical Biology, are included within the scope of the journal. Dr. Lokenath Debnath, Professor and chair of Mathematics is the Founding Managing Editor of IJMMS. *International Journal* will always carry out not only research, knowledge, and information, but also the name and therefore, the prestige of The University of Texas-Pan American.

**Neuhaus Center for Entrepreneurship and Economic Education.** The Neuhaus Center for Entrepreneurship and Economic Education is a multifaceted center that aims to propagate the benefits of entrepreneurship and the market system to the Rio Grande Valley community. With regard to economic and entrepreneurship education programs, the center coordinates a set of courses on entrepreneurship that undergraduate students may take to obtain a minor in entrepreneurship. The center is accredited by the National Council on Economic Education and affiliated with the Texas Council on Economic Education. Through these partnerships, economic and entrepreneurship education programs are offered to elementary and secondary school teachers. The research activities of the center foster basic and applied research on the characteristics and workings of the small firm and economic development
with a particular emphasis on the Rio Grande Valley and northern Mexico. One primary research goal of the center is to better understand the forces driving the economy of the local community. Business Administration Building, Room 216B, telephone 956/316-7136.

- **Speech and Hearing Center.** The UT Pan American Speech and Hearing Center’s Speech-Language and Audiology clinics provide comprehensive evaluations for children, college students and older adults. The Speech-Language Clinic evaluates speech, language, feeding, swallowing and related behaviors. The Audiology Clinic evaluates hearing and provides hearing aid fittings. Clients may be referred to other treatment centers in the area or recommended for therapy in the Speech and Hearing Center. Therapy services are provided in the Speech and Hearing Center on a limited basis.

  The clinic treats communication disorders related to aphasia, fluency, developmental delay, voice, dysphagia, hearing impairment and others. Evaluation and therapy services are available in English or Spanish. The center also provides accent reduction classes for individuals learning American-English as a second language. Health Science and Human Services West Bldg. -west 1.112 (956) 381-3587.

- **The University of Texas-Pan American Texas-Mexico Border Health Coordination Office.** The mission of The University of Texas-Pan American Texas-Mexico Border Health Coordination Office (TMBHCO) is to foster collaborative health education, health services and health research leading to improved health for the citizens of Texas living along the Texas-Mexico border. Created in 1990, the TMBHCO collaborates with community-based agencies to promote health services and education, providing technical assistance to communities and institutions. The TMBHCO sponsors conferences and workshops on such topics as substance abuse prevention, diabetes, children’s health, aging issues and other border health issues. The TMBHCO has produced documents on the demographics and health statistics of the 32 Texas-Mexico border counties. The most recent edition of The UT System Inventory of Texas-Mexico Border Health Services Activity book list 381 health related projects.

  One of the other major projects the TMBHCO is involved in includes the establishment and operation of an active Diabetes Registry. The mission of the Diabetes registry is to employ a system of Surveillance, Education and Intervention for the prevention and management of diabetes and its complications.

  **The Acanthosis Nigricans:** The Education and Screening (ANTES) Initiative involves screening school children for Acanthosis Nigricans, a skin condition that signals high insulin levels in the body. Acanthosis Nigricans screenings can help identify youth who may be at-risk for developing Type II diabetes.

> **Outreach Centers**

- **Office of Center Operations and Community Services (CoSERVE)**

  http://www.coserve.panam.edu
  OR http://coserve1.panam.edu
  Telephone 956/381-3361
  Fax 956/381-2322

  CoSERVE is a component of the Division of External Affairs at UTPA. It is an umbrella organization with more than 20 different outreach centers.

  CoSERVE is a national model for economic development and community development providing education, training and professional expertise to local, state, national and international communities to improve the quality of life and foster innovative solutions to economic challenges. COSERVE’s main office is the International Trade and Technology Building. The activities and locations of individual centers are listed below.

  - **Census Information Center (CIC)** — provides census data access to local communities that might not have access to data through the Internet. International Trade and Technology Building. Telephone 956/381-3361.

  - **Center for Entrepreneurship & Economic Development (CEED)** — serves as a catalyst for business and economic development through the development of public and private partnerships. International Trade and Technology Building. Telephone 956/381-3361.

  - **Center for Local Government (CLG)** — increases the capacity of local governments to more efficiently manage public resources and to meet problems in a positive, creative and constructive manner. International Trade and Technology Building. Telephone 956/381-3361.

  - **Center for Manufacturing (CFM)** — provides assistance to manufacturers through academic, industrial, governmental or private sources, facilitating faculty research and training, experience and employment for students. Center for Manufacturing. Telephone 956/316-7011.
• **Community Outreach Partnership Center (COPC)** — mobilizes community resources for self-help entrepreneurial activities and micro-enterprises technical assistance in rural communities. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

• **Data & Information System Center (DISC)** — serves the southernmost 19 counties of Texas by meeting their data and mapping needs. International Trade and Technology Building. Telephone 956/381-3361.

• **Economic Development Administration (EDA)** — University center provides technical assistance in strategic management planning and applied research. International Trade and Technology Building. Telephone 956/381-3361.

• **English Language Institute (ELI)** — offers a variety of English language programs to meet the diverse needs of its students. The programs include an intensive daytime program and semi-intensive evening and Saturday programs for students 17 years of age and older. Telephone 956/381-2670.

• **Industrial Partnership Center (IPC)** — develops partnerships between manufacturers and suppliers. Center for Manufacturing. Telephone 956/316-7011.

• **The International Trade and Technology Center (ITT)** — promotes international trade through the use of the latest technology. International Trade and Technology Building 956/381-3361.

• **International & Workforce Development** — provides corporate training to employees of companies and helps in enhancing skills of workers in various fields of education. Telephone 956/843-6782.

• **Mexican Business Information Center (MBIC)** — provides the business client with comprehensive information on Mexico to enable them to make better decisions and facilitate accurate analysis of opportunities in Mexico. International Trade and Technology Building 956/381-3361.

• **National Center of Excellence (NCE)** — builds community capacity in the Rio Grande Valley Empowerment Zone by providing leadership-training skills and technology-based community networking. International Trade and Technology Building. Telephone 956/381-3361.

• **One Stop Capital Shop (OSCS)** — assists clients to create, retain and develop business within the Rio Grande Valley Empowerment Zone by providing access to free technical and business assistance. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

• **Project FORGE** — provides business training and technical assistance to agricultural and other business located in the rural areas and communities of the Rio Grande Valley. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

• **Small Business Development Center (SBDC)** — provides managerial and technical assistance through free one-on-one business counseling to small business owners and entrepreneurs as well as workshops and seminars. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

• **South Texas Minority Business Opportunity Committee (MBOC)** — provides procurement and international business opportunities to minority entrepreneurs in South Texas. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

• **Southwest Border Nonprofit Resource Center (SBNRC)** — builds capacity for sustainable, long-term development of non-profit organizations through technical skills training, funding sources research, and philanthropic organizations’ network. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

• **Texas Manufacturing Assistance Center (TMAC)** — assists small manufacturers to increase productivity and quality, find new markets and ensure their future on the global stage. Center for Manufacturing. Telephone 956/316-7011.

• **Veterans Business Outreach Center (VBOC)** — creates, retains and develops business across Texas, Arkansas, Louisiana, New Mexico and Oklahoma by coupling veterans with local SBA-sponsored technical and managerial assistance. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

• **Women’s Empowerment Business Center (WEBC)** — assists women entrepreneurs by providing quality business and technical assistance. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

**Cultural Activities**

**Art Department Exhibits**

The Charles and Dorothy Clark Gallery, located in the Fine Arts Complex, and the University Gallery located in the Communication Arts and Sciences Building (CAS), feature art exhibitions that are open to the public throughout the year. Works by The University of Texas Pan American faculty and students as well as professional artists are exhibited. Located in the Lamar School complex, the Lamar Gallery exhibits...
work from the University’s permanent collection. The Art Galleries are administered through the Art Department. The office for the University Art Galleries is adjacent to the Clark Gallery in the Fine Arts Complex. The Gallery Director may be reached at 956/381-2655 or by E-mail: galleries@panam.edu

◆ Dance Companies
  • UT Pan American Dance Ensemble: Founded in 1984, the Dance Ensemble is the only modern/contemporary dance company in the Rio Grande Valley. Membership in the company is open to all UT Pan American students and is determined by audition. The Dance Ensemble focuses on producing formal theatrical dance performances that maintain high artistic and production standards. Health and Physical Education Building II, Room 110, telephone 956/381-2315.
  • UT Pan American Folkloric Dance Company: The UT Pan American Folkloric Dance Company, organized in 1970, has as its purpose the preservation and performance of the dance art of Mexico and Spain. Throughout the performing season, the company presents numerous concerts for school children, the general public and private affairs throughout the University, community and state. Membership in the company is available through class audition. Health and Physical Education Building I, Room 110F, telephone 956/381-2230.

◆ Faculty Artist Series
  During the school year, the Department of Music presents a series of performances by faculty members in addition to student recitals. Included in these recitals are vocal and instrumental performances. Fine Arts Complex, Room 132, telephone 956/381-3471.

◆ Living Author Series
  Through its Living Author Series program, the Department of English brings prominent literary authors — novelists, poets, dramatists — to campus to address the student body and the public. Communication Arts and Sciences Building, Room 265, telephone 956/381-3421.

◆ Musical Performances
  Performing for students and the public are the University Choir, Men’s and Women’s Choruses, the Concert Band, the Jazz Ensemble, the South Texas Chamber Orchestra, the Mariachi and the Valley Symphony Orchestra and Chorale. Telephone 956/381-3471 for more information.

◆ Albert L. Jeffers Theatre
  The Albert L. Jeffers Theatre produces seven to 10 full-length plays each year, including three to four plays in the summer during Pan American Summer Stock (PASS), four to five plays in the fall and spring. The community can purchase individual tickets to each performance; season subscriptions are also available. University ID card-holders are permitted two free admissions per I.D. and as space permits. Actors include University students, faculty and staff, along with community members. The Albert L. Jeffers Theatre seeks to present, within a four-year cycle, quality productions featuring examples from every major genre of dramatic literature. Performances for children and children’s theater classes are frequently offered. Funding for the Albert L. Jeffers Theatre is provided by Student Activity Fees, donations, grants and other sources. Communication Arts and Sciences Building (CAS), first floor, telephone 956/381-3581.

◆ Public Use of Facilities
  The property, buildings or facilities owned or controlled by The University of Texas-Pan American are not open for assembly, speech or other activities as are the public streets, sidewalks and parks. The responsibility of the UT System Board of Regents to operate and maintain an effective and efficient system of institutions of higher education requires that the time, place and manner of assembly, speech and other activities on the grounds and in the buildings and facilities of the UT System or component institutions be regulated.

  No person, organization, group, association or corporation may use property, buildings or facilities owned or controlled by UT Pan American for any purpose other than in the course of the regular programs or activities related to the role and mission of the University, unless authorized by the Regents’ Rules and Regulations. Any authorized use must be conducted in compliance with the provisions of the Regents’ Rules and Regulations, the University’s Handbook of Operating Procedures, and applicable federal, state and local laws and regulations.

  Anyone from outside the University who is seeking information about scheduling and use of University Special Use Facilities should contact the Office of the Director of Auxiliary Services.

  For more information, consult the Regents’ Rules and Regulations and the University’s Handbook of Operating Procedures.
A Liberal Arts Education

Your education at The University of Texas-Pan American will be better measured by the skills you learn and the knowledge you gain than by the number of credit hours you take. We want you to improve your abilities to analyze, synthesize, determine values, use and understand mathematics, and communicate. No matter what subject you choose to major in, you will be required to complete courses in fields that reinforce those skills.

To understand the University College and General Education requirements, you should understand the established goals. These are the characteristics you will be given the opportunity to attain from your work and study here.

The Goals of a Liberal Arts Education

- An inquiring attitude which acknowledges the many-sided nature of most important questions, recognizes the need to examine inherited judgments, and reveals a desire for continued learning and creative expression.
- Competence in the processes of learning, including the abilities to read, write, listen and speak, a knowledge of logic and scientific method, and the mental self-discipline needed for rigorous critical analysis and synthesis of facts and ideas.
- The ability to use words and numbers accurately and effectively, and communicate clearly through the spoken and written word as well as through the symbols of mathematics.
- A historical perspective provided by familiarity with the most significant events, people and achievements of the past; an understanding of the most enduring ideas and values in human history; and a knowledge of the many ways these are expressed in world cultures and in social, political and economic institutions.
- A general knowledge and appreciation of nature, science and technology.
- A general knowledge and appreciation of the fine and performing arts and of literature.
- An understanding of self, along with empathy for the strengths, weaknesses, rights and needs of others, as well as the ability to relate to others with human understanding.
- An appreciation for the responsibilities of the individual to family and society; skill in serving as a constructive member in groups and organizations; and sensitivity to the need for informed, independent moral and ethical decisions.
- Knowledge of the economic and geographical inter-relationships of regions and nations and their resources.

These are the goals of a liberal arts education and the qualities that distinguish a liberally educated person. They are the skills and characteristics that we hope to nurture in our students through the University College and General Education Requirements.
Core Curriculum Requirements

The Core Curriculum Requirements apply to all students who enter The University of Texas-Pan American to pursue a bachelor’s degree. Core Curriculum requirements total 48 hours of work, primarily in the humanities, the social sciences and the natural sciences. These 48 hours must be completed before graduation with at least a 2.0 grade point average. All undergraduate students must complete the requirements.

Summary of Core Curriculum Requirements

Humanities 18 hours
- 6 hours of freshman English
- 3 hours of sophomore literature
- 3 hours in a language other than English
- 3 hours from the arts
- 3 hours of philosophy, modern or classical language literature, or honors

Science and Mathematics 11 hours
- 8 hours of a laboratory science
- 3 hours of college algebra or higher-level mathematics

Computer Literacy 2 hours
- 2 hours

Kinesiology and Wellness 2 hours
- 2 hours of Kinesiology wellness, health wellness or appropriate ROTC courses

Social Science 15 hours
- 6 hours of American history
- 6 hours of American and Texas government
- 3 hours from any one of these areas: anthropology, criminal justice, economics, psychology or sociology

Courses that may be used to satisfy these requirements are outlined later in this section.

Special Considerations for Transfer Students

Transfer students with 30 or more hours but without the Core Curriculum-approved courses, or courses deemed comparable by The University of Texas-Pan American, may take upper-division courses if otherwise qualified, but they too must complete all Core Curriculum requirements before graduation. Transfer students who lack 6 hours of freshman English and/or three hours of mathematics or their equivalents with grades of at least “C” in each course must complete these requirements within their first two semesters at The University of Texas-Pan American.

State Core Curriculum and Transferability

In fall 1999, a new core curriculum went into effect pursuant to the Texas Education Code. Beginning with the fall semester, 1999, Texas institutions honor the block transfer of completed core curricula and individual transfer of core courses, as specified in statute (Texas Education Code 61.821-829) and the Texas Higher Education Coordinating Board rules (Chapter 5, Subchapter S). Students who transfer will have their satisfactorily completed core courses transferred and applied as specified in the rules.

Specific Courses that Meet Core Curriculum Requirements

Individual degree programs may require specified courses be completed to meet these requirements rather than allowing the full range of selections shown here. Students should check degree requirements in this catalog for the degree they are pursuing to determine what specific courses, if any, are recommended or required to fulfill these requirements.

A. Humanities 18 hours

Group 1. Freshman English 6 hours
Complete one of the following:
- ENG 1301 Composition or
- ENG 1387 Rhetoric and Composition (Honors Plan)

Group 2. Sophomore English 3 hours
Complete one of the following:
- ENG 1302 Rhetoric or
- ENG 1388 Rhetoric and Literature (Honors Plan)
Group 2. English Literature 3 hours
Select one from the following:
- ENG 2300 Introduction to Literature
- ENG 2303 Readings in American Literature
- ENG 2305 Readings in English Literature
- ENG 2307 Readings in World Literature
- ENG 2308 Readings in Special Topics
- ENG 2313 Readings in Dramatic Literature
- ENG 2387 Readings in World Literature (Honors Plan)
- ENG 2388 Readings in World Literature (Honors Plan)

Group 3. Language Other Than English 3 hours
A higher-level course may be substituted for any beginning course.

Chinese
- CHIN 1391 Beginning Chinese
- CHIN 1392 Beginning Chinese

French
- FREN 1321 Beginning French I
- FREN 1322 or Beginning French II
- FREN 1387 Beginning French (Honors Plan)
- FREN 1388 Beginning French (Honors Plan)

German
- GERM 1331 Beginning German
- GERM 1332 Beginning German

Japanese
- JAPN 1351 Beginning Japanese
- JAPN 1352 Beginning Japanese

Spanish
- SPAN 1301 Beginning Spanish (non-native speaker)
- SPAN 1302 Beginning Spanish (non-native speaker) or
- SPAN 1303 Beginning Spanish (native speaker)
- SPAN 1304 or Beginning Spanish (native speaker)
- SPAN 1387 Beginning Spanish (Honors Plan)
- SPAN 1388 Beginning Spanish (Honors Plan)

Sign Language
- COMD 1310 Sign Language I (beginning)
- COMD 1320 Sign Language II (intermediate)

Group 4. Other Humanities 6 hours
Select one course from each of the following two areas:
Area 1: The Arts
- ART 1301 Art Appreciation
- ART 3381 Perception and Expression in Art I
- COMM 2312 Theatre Appreciation
- KIN 2323 Dance Appreciation
- MUS 1307 Music Appreciation
- MUSIC 1308 Mexican Folk Music
- MUSIC 2301 Music Literature I
- MUSIC 2302 Music Literature II
- MUSIC 3311 Essentials of Music I

Area 2: Philosophy and Modern or Classical Language Literature
- PHIL 1310 Introduction to Philosophy
- PHIL 1320 Introduction to Logic
- PHIL 2330 Ethics
- PHIL 2340 Philosophy of the Person
- PHIL 2350 Social Philosophy
- PHIL 2370 Eastern Thought
- PHIL 2390 Professional Ethics
- MCLL 2301 Topics in Modern and Classical Literature
- HONR 2387 Humanities I
- HONR 2388 Humanities II

Group 1. Natural Science 8 hours
(Must be in same discipline)
Complete one of the following course sequences:

Astronomy
- ASTR 1401 General Astronomy
- ASTR 1402 General Astronomy

Biology
- BIOL 1401 General Biology
- BIOL 1402 or General Biology
- BIOL 1487 Honors Biology
- BIOL 1488 or Honors Biology
- BIOL 2403 Anatomy and Physiology
- BIOL 2404 Anatomy and Physiology

Chemistry
- CHEM 1301 General Chemistry I and CHEM 1101 (Laboratory)
- CHEM 1302 General Chemistry II and CHEM 1102 (Laboratory)
Geology
GEOL 1401 Physical Geology
GEOL 1402 Historical Geology

Physical Science
PSCI 1421 Physical Science
PSCI 1422 Physical Science

Physics
PHYS 1401 General Physics
PHYS 1402 General Physics

Group 2. Mathematics 3 hours
MATH 1340 College Algebra or equivalent or higher-level mathematics course such as MATH 1321, 1356, 1357, 1401, 1388 (Honors Plan, but excluding MATH 2306 and MATH 2307)

C. Computer Literacy 2 hours
Select 1 from the following:
CIS 1201 Introduction to Information Systems and Technology
CSCI 1201 Introduction to Computer Information Technology
CSCI 1300 Computers and Society
CSCI 1380 Computer Science I
CSCI 2325 Survey of Elementary Scientific Programming (or an appropriate computer course)

D. Kinesiology 2 hours
Any Kinesiology wellness activity course, excluding folkloric dance or
ROT 1201, 3201, 3202
NURS 2301, 3311
KIN 2301
Note: Kinesiology waivers will no longer be issued.

E. Social Sciences 15 hours

Group 1. American History 6 hours
Complete one of the following sequences:
HIST 2313, 2387 American Heritage I
HIST 2314, 2388 American Heritage II

Group 2. Political Science 6 hours
Complete one of the following sequences:
POLS 2313, 2387 United States and Texas Government and Politics
POLS 2314, 2388 United States and Texas Government and Politics

Group 3. Other Social Science 3 hours
Select from one of the following four areas:
Area 1. Anthropology
ANTH 1323 Introduction to Cultural Anthropology
ANTH 1324 Human Evolution
ANTH 1342 Introduction to Archaeology
ANTH 1353 Introduction to Folklore
ANTH 2323 Mexican-American Culture

Area 2. Criminal Justice
CRJ 1301 Introduction to the Criminal Justice System
CRJ 1307 Crime in America

Area 3. Economics
ECON 1301 Introduction to Economics
ECON 2301 Principles of Economics I
ECON 2302 Principles of Economics II

Area 4. Psychology
PSY 1310 Introduction to Psychology

Area 5. Sociology
SOC 1313 Principles of Sociology
SOC 1323 Current Social Issues
SOC 1387 Principles of Sociology (Honors Plan)
SOC 2333 Marriage and the Family

♦ Purpose of Program
The purpose of University Honors Program is to provide capable and interested students a means of enriching their college education. This purpose is achieved in several ways: by offering honors classes at the freshman and sophomore level; independent study at the upper level; and events such as guest speakers, development seminars, educational travel and a national honor society to provide enrichment to the basic curriculum.

♦ Honors Classes
Honors classes provide an ideal learning situation for the student. The classes are small — usually 25 students or less — and are attended by students with above average academic capabilities. This setting furnishes a student greater opportunity to function as an individual and the professor the chance to utilize creative and innovative teaching techniques. Enrichment rather than acceleration is the main objective. Honors classes are not necessarily more difficult, but rather more stimulating and interesting than many other offerings.
Independent Study

Independent study furnishes the honors student an opportunity, while still an undergraduate, to work on a one-to-one basis with a professor. In the junior year, honors students begin exploring topics of their own choice in their majors or related areas. This work is done under the supervision of faculty members who possess special expertise in the student’s chosen area.

Admission Requirements

There are three ways beginning freshmen gain admission to the University Honors Program:

1. have a composite ACT score of 22 or higher (or SAT equivalent); or
2. graduate in the top 10 percent of their class; or
3. graduate with a 90 percent or higher grade average in academic courses.

Students who already have college credit may also apply for admission. College grades and recommendations from professors determine a college student’s admission to the program. Any student who has earned 12 hours or more of college credit with at least a 3.0 GPA is eligible for admission to the Honors Program. Contact the University Honors Office for additional information.

Scholarships

The University Honors Program has a wide range of scholarships available for qualified students. Contact the Honors Program Office for scholarship applications.

University Honors Program Curriculum

In choosing honors classes at the freshman and sophomore level, students should refer to the suggested curriculum under their major and select honors classes to substitute for regular classes whenever feasible to do so.

For example, if the suggested curriculum for the major lists ENG 1301, ENG 1302 and HIST 2313, HIST 2314, students may take the comparable honors ENG 1387, ENG 1388 and honors HIST 2387, HIST 2388. In the case of science, foreign language and mathematics, some majors require specific classes in these areas while other majors do not. If the suggested curriculum guide simply lists foreign language or science or mathematics but does not indicate a specific class, students may wish to take one of the honors classes in these areas. Contact the Honors Office for information on offerings in any given semester. The director can help interested students fit the Honors Program into any major on campus.

Graduating within the Framework of Honors Studies

While many students may wish to take honors courses as enrichment experiences, there are specific requirements for graduation within the framework of the University Honors Program:

1. Completion of the two humanities courses, HONR 2387 and HONR 2388. The purpose of these courses is to give students a broad overview of their intellectual heritage, thus better enabling them to assimilate knowledge from their other courses and studies.
2. Completion of Independent Studies. Students receive credit in HONR 3187, HONR 3387 and HONR 4387 Independent studies, leading to the Senior Honors Thesis or a creative project, allowing students to delve into a specialized area of knowledge, thus giving them valuable experience as independent scholars. Students may receive credit in their major for Honors 4387.
3. An overall grade point average of at least 3.0.

Student Activities: Gamma Beta Phi

The Honors Studies Program sponsors a chapter of Gamma Beta Phi, a national honors and service society, which connects the academic program with wider social and service interests of honors students. Its national status and worthy reputation provide visibility and prestige for its members.

Inquiries about the University Honors Program

For applications or for further information about the University Honors Program, write to:

Director of the University Honors Program
The University of Texas-Pan American
1201 West University Drive
Edinburg, Texas 78541-2999
or e-mail honors@panam.edu
General Overview

The College of Arts and Humanities includes the departments of Art, Communication, English, History and Philosophy, Modern Languages and Literature, and Music.

The goals of the College of Arts and Humanities are based upon the recognition that a liberal arts education is the foundation for all University studies. Consequently, the college endorses the “Goals of a Liberal Arts Education” found on page 90 of this catalog.

Academic Programs

The college offers the Bachelor of Arts in Art, English, History, Latin American Studies, Journalism, Mexican-American Studies, Music, Philosophy, Spanish, Communication and Theatre. Students also may earn a Bachelor of Fine Arts in Art and may choose a further specialization in graphic design.

Students may minor in Art, Communication, English, French, History, Journalism, Mexican-American Studies, Music, Philosophy and Spanish.

Secondary teacher certification is available in art, English, French, History, Journalism, Music, Spanish, Communication and Theatre Arts. Elementary teacher specialization or certification is available in Art, History, Music, Social Studies and Spanish, and all-level teacher certification is available in Music.

At the graduate level, students may earn master’s degrees in Art, English, English as a Second Language, History, Spanish, Communication, Music, and Theatre. More information on master’s degrees is available in the Graduate Catalog.

The College of Arts and Humanities provides several options to satisfy the General Education requirements for the humanities and for the history portion of the social science requirement.

General Overview

Mission
It is the mission of the department to develop individual directions among its students. Personal expression in art is encouraged through the use of technical skills combined with creative and critical thinking. In order to achieve this goal, the following objectives are stressed in each art area:

- increased visual perception
- maximum creative thought potential
- knowledge of technical skills
- knowledge of current art trends
- multicultural art knowledge
- a positive work ethic

General Departmental Requirements
Students transferring into the department who have more than 15 hours of art courses must present a portfolio to the department chair for advisement into the BFA programs. BFA candidates will be expected to participate in a senior exhibit during their last semester of study.

Ghanem, Salma, Associate Professor, Department Chair, Journalism
Grabowski, Thomas E., Assistant Professor, Theatre/TV/Film
McLemore, George C., Associate Professor, Communication Studies
McQuillen, Jeffrey, Assistant Professor, Graduate Advisor, Communication Studies
Monta, Marian F., Professor, Program Coordinator, Theatre/TV/Film
Nirenberg, Jacqueline, Lecturer, Journalism
Rieke, R. Neal, Assistant Professor, Undergraduate Program Coordinator, Communication Studies
Saavedra, Dora E., Associate Professor, Communication Studies
Selber, Gregory, Assistant Professor, Journalism
Stanley, Jack R., Professor, Journalism and Theatre/TV/Film
Wiley, Eric, Assistant Professor, Theatre/TV/Film

General Overview

The primary aim of the Department of Communication is to advance the discovery and application of humanistic, behavioral and linguistic knowledge of human symbolic interaction. As such, communication is examined in its various forms, verbal/nonverbal; in its media occurrences — conference, platform, theatre, print, radio, film, television; in its interpersonal/organizational environments; in its cultural contexts; and in its influence on the course and quality of public policy and societal change.

To help satisfy the fine arts requirement in humanities, the department offers a theatre course (COMM 2312) in the General Education curriculum. The department sponsors a chapter of Alpha Psi Omega, the national theatre honorary fraternity, and hosts a University chapter of the American Advertising Federation.

The theatre program is accredited by the National Association of Schools of Theatre and the Texas Educational Theatre Association.

The department offers the following degree programs:

- Bachelor of Arts in Communication
  - Option in Journalism
  - Option in Communication Studies
  - Option in Theatre/TV/Film
- Master of Arts in Communication
- Master of Arts in Theatre

Career Potential: Broad career areas in communication disciplines include: international communication; sales and marketing; public relations and advertising; training and organizational development; mass communication-broadcast and print journalism; communication education/instruction; electronic educational materials; government-politics-religious-social services; educational theatre; community theatre; design and directing; acting; arts management; and TV direction and production.

- Bachelor of Arts in Communication

Communication is a broad-based major with three options. The student will select a single option area from either the Communication Studies, Journalism or Theatre/TV/Film program areas. Theatre majors must take a one-hour communication practicum course each fall and spring semester of enrollment. Within each concentration area are specialized career tracks. The student must work closely with a curriculum advisor in selecting an appropriate career track for the student’s degree plan.

Career Tracks (non-certification) available under each option area are as follows:

- Journalism option
  - Print Journalism track
  - Broadcast Journalism track
  - Advertising/Public Relations track

- Communication Studies option

- Theatre/TV/Film option
  - Design track
• **Public School Teacher Certification**
  Career Tracks available under each option area are as follows: [NOTE: Teacher certification degree plans are structured differently, requiring teaching field(s), a possible minor and 21 advanced hours of Professional Development/Education coursework. Confer with the undergraduate advisor.]

• **Communication Studies Option I** 37 hours*
  *Includes General Education Requirement of COMM 1303 or COMM 1313

COMM 1310 Oral Interpretation
COMM 1313 Fundamentals of Speech Communication
COMM 1315 Survey of the Media
COMM 2315 Interpersonal Communication
COMM 3301 Rhetoric of Television
COMM 3316 Intercultural Communication
COMM 3317 Speech for the Classroom Teacher
COMM 3330 Argumentation and Debate
COMM 3334 Communication Through Group Process
COMM 3335 Advanced Public Speaking
COMM 3350 Research in Communication
COMM 3413 Literature in Performance

Plus a Second Teaching Field 24 hours
(must include 12 advanced hours)

• **Communication Studies Option II** 24 hours
  Recommended courses include:

COMM 1310 Oral Interpretation
COMM 1313 Fundamentals of Speech Communication
COMM 1315 Survey of the Media
COMM 2315 Interpersonal Communication
COMM 3301 Rhetoric of Television
COMM 3317 Speech for the Classroom Teacher
COMM 3330 Argumentation and Debate
COMM 3334 Communication Through Group Process

• **Theatre Option**
  Secondary Level, Option I and Secondary Level, Option II Certifications are available. See page 106 for details.

• **Journalism Option**
  Secondary Level, Option II Certification is available. See page 103 for details.

---

**Minor in Communication**

The student, with departmental advisement, will complete 18 hours, of which 9 hours must be advanced coursework, in a single concentration of Communication — either Communication Studies, Journalism or Theatre/TV/Film.

• **Option in Journalism**
  The Department of Communication stresses a broad background in liberal arts and sciences for journalism students. The student spends about three-fourths of his or her time on general background courses. The remaining one-fourth involves the development of professional journalism techniques in relation to this general background knowledge.

  To enroll in upper-level journalism courses, a student must have a University grade point average of 2.25. Students who do not fulfill this requirement will be dropped from journalism courses. (This requirement is waived for transfer students during their first semester while establishing a University grade point average.)

  In addition to completing the 48 hours of the General Education requirements, journalism students must have completed COMM 1315 with a grade of at least “C” prior to enrolling in any journalism courses.

• **Option in Journalism Degree Requirements**

**A. Core Courses** 25 hours

Journalism students must take the following 25 hours of core courses:

COMM 1315 Survey of the Media
COMM 3303 Writing for the Mass Media
COMM 3305 Copy Editing
COMM 3327 Reporting I
COMM 3350 Research in Communication
COMM 4313 Media Law and Ethics
COMM 4327 Mass Communication and Society
COMM 4332 Media Publishing

**B. Concentration Requirements**

**Concentration Areas:** 15 hours

“C” Minimum

COMM 3306 Feature Writing
COMM 3328 Writing for Publication
COMM 3329 Specialized Reporting
COMM 4326 Photojournalism

3 hours Advanced Journalism Elective
Advertising/Public Relations  
18 hours  
“C” Minimum  
COMM 2304 Television Production  
COMM 3304 Advertising  
COMM 4321 Public Relations  
COMM 4322 Public Relations Writing  
3 Hours from below may be substituted from another track:  
COMM 4334 Communication Campaigns  
COMM 4335 Creative Strategies and Media Planning

Broadcast Journalism Track  
18 Hours  
“C” Minimum  
COMM 2304 Television Production  
COMM 3401 Broadcast News Writing  
COMM 3403 Television News Production and Reporting  
3 hours from below may be substituted from another track:  
COMM 4101 Practicum  
COMM 4314 Advanced Television/Film Production  
COMM 4417 Radio/TV and Television Advertising Production

Other Requirements  
A portion of the journalism student’s coursework must be chosen outside the journalism area. The outside concentration requirement may be elected as:  
1. 18 hours in one academic department, or  
2. 18 hours in an area of study to meet specific career goals or to satisfy a minor.  
In either option, 9 of the 18 hours must be at the 3000-level or above, and all 18 hours must be completed with a course grade of “C” or better. A journalism student must have a grade of at least “C” in each journalism course counted toward the degree.

• Public School Teacher Certification  
Students seeking state certification in journalism should consult the College of Education. Only Option II is available. Students wanting to teach journalism at the secondary level will complete the following 24 hours:  
COMM 3304 Advertising  
COMM 3305 Copy Editing  
COMM 3306 Feature Writing  
COMM 3327 Reporting I  
COMM 3328 Writing for Publication  
COMM 4313 Media Law and Ethics

• Minor in Journalism  
Applicants must complete 18 hours, of which 9 hours must be advanced coursework. All courses must be completed with a grade of “C” or better.

• Option in Communication Studies  
The option in Communication Studies offers students the opportunity to specialize in one of two tracks: Communication Studies or Certification.

General Education Requirements  
48 hours  
Complete the requirements shown in the General Education Requirements section of this catalog on pages 91-93.

Section A. Humanities  
COMM 1303 Presentational Speaking or  
COMM 1313 Fundamentals of Speech Communication

Core Courses  
Communication  
37 hours  
COMM 2315 Interpersonal  
COMM 3301 Rhetoric of Television  
COMM 3314 Persuasive Communication  
COMM 3316 Intercultural Communication  
COMM 3330 Argumentation & Debate  
COMM 3331 Principles of Interviewing  
COMM 3332 Organizational Communication  
COMM 3333 Rhetorical and Communication Theory  
COMM 3334 Group Process  
COMM 3335 Advanced Public Speaking  
COMM 3350 Communication Research  
COMM 4103 Practicum  
COMM 4307 Social/Political Movements

• Minor in Communication Studies  
(non-certification)  
A minor in Communication Studies (non-certification) requires a total of 18 semester hours. All courses must be completed with a course grade of “C” or better. Students should consult with a departmental advisor for guidance with course selection.

• Option in Theatre/TV/Film  
The option in Theatre/TV/Film supports three major educational objectives:
1. preparation for entry into the workforce as a theatre pre-professional;
2. preparation for entry into a graduate degree program in theatre; and
3. preparation as a theatre teacher.

Students pursuing the third objective should select one of the curriculum tracks that leads to certification.

- Curriculum Tracks in Theatre/TV/Film

**General Education Requirements** 48 hours
Complete the General Education requirements as shown on pages 91-93 of this catalog EXCEPT as shown below:

**Section A. Humanities**
It is recommended that students select ENG 2313/COMM 2313 as one of the courses.

**Core Courses** 18 hours
COMM 1305 Acting I
COMM 2304 Television Production
COMM 4301 Directing I
COMM 4302 Directing II
COMM 4314 Advanced Television Film Production
COMM 4316 History of the Theatre II

**Technical Electives** 28-33 hours
See individual requirements below.

**Other Electives** 12-17 hours

**TOTAL** 124 hours

- Specific Requirements: Performance Track

**Technical Electives** 33 hours
COMM 2101 Practicum-Theatre-TV-Film (must be taken four times)
COMM 2306 Acting II
COMM 2319 Make-Up
COMM 3302 Speech for Stage and Screen
COMM 3341 Acting III or
COMM 3342 Acting IV
COMM 3311 Contemporary Drama
COMM 3323 World Drama
COMM 4101 Practicum-Theatre-TV-Film (must be taken twice)
COMM 4315 History of the Theatre I
COMM 4418 Theory and Styles of Acting or
COMM 4419 Problems in Acting

Studies with a concentration in English. More information is available in the Graduate Catalog.

Major and minor programs in English offer students an opportunity to discover more about the world in which they live, to learn to appreciate the artistic works of fellow human beings and to develop literary and language aptitudes of their own.

To students who view education primarily as career training, English programs provide excellent preparation for any profession requiring a high degree of skill and comprehension in oral and written communication.

Major in English

The Bachelor of Arts degree with a major in English requires 36 hours of English, of which 24 must be advanced. ENG 2300 and ENG 2308 (when special topic is “Introduction to Classical Literature”) or ENG 2387 and ENG 2388 are recommended sophomore literature courses for English majors. Required courses: ENG 3319; ENG 3312 or ENG 3313; and ENG 3331 or ENG 3332.

The Department of English offers courses in literature, language (linguistics), English as a Second Language and writing. Students may consider the offerings below in order to develop an individual degree plan in consultation with an advisor from the department.

• Offerings in Literature:
  ENG 2300, 2303, 2305, 2307, 2308 (when special topic is literary), 2313, 2387, 2388, 3301, 3304, 3305, 3306, 3307, 3309, 3310, 3311, 3312, 3313, 3317, 3320 (when topic is literary), 3322, 3323, 3324, 3331, 3332, 4301, 4309, 4310, 4312, 4316, 4318.

• Offerings in Language (Linguistics):
  ENG 3319, 3320 (when topic is linguistic), 3321, 3330, 4302, 4308, 4314, 4321, 4326, 4331.

• Offerings in English as a Second Language:
  ENG 3319*, 3321*, 4326, 4328*, 4331.

*Denotes courses that (in addition to EDBE 3324) are required by the State of Texas for ESL endorsement. Students getting this endorsement must have a 2.25 GPA in the required four courses.
Degree Requirements

General Education Requirements 48 hours
Complete the requirements shown in the General Education Requirements section of this catalog on pages 91-93 EXCEPT for the sections, groups, or areas listed below, which must be satisfied only as shown below.

Section A. Humanities
Group 2. English Literature
The following are recommended:
ENG 2300 Introduction to Literature
ENG 2308 Readings in Special Topics (when the topic is "Introduction to Classical Literature")
ENG 2388 Readings in World Literature (Honors Plan)

Required Courses 3 hours
ENG 3319 Introduction to Descriptive Linguistics

Designated Electives 6 hours
Select one course from each sequence:
ENG 3312 Survey of American Literature or
ENG 3313 Survey of American Literature
ENG 3331 Survey of English Literature or
ENG 3332 Survey of English Literature

Other English Courses 27 hours

Other Requirements
At least 24 advanced hours of English.

TOTAL 124 hours

• Minor in English
18 hours of English, of which 6 must be advanced. ENG 2300 and ENG 2308 (when special topic is "Introduction to Classical Literature") or ENG 2387 and ENG 2388 are recommended sophomore literature classes for English minors.

• Teacher Certification in English (Secondary)

Required Courses 9 hours
ENG 3319 Introduction to Descriptive Linguistics
ENG 4325 Composition Techniques
ENG 4318 Approaches to Literature

Designated Electives 6 hours
Select one course from each sequence:
ENG 3312 Survey of American Literature or
ENG 3313 Survey of American Literature
ENG 3331 Survey of English Literature or
ENG 3332 Survey of English Literature

Other English Courses 12 hours

Other Requirements
12 advanced hours of English

• Certification with a Concentration
Students wishing certification with a concentration in literature, language, English as a Second Language or writing may take additional advanced hours and should consult the offerings listed above for English majors. Students seeking certification or an ESL endorsement must have at least a 2.5 GPA in the content area courses.

• Course Descriptions
A listing of courses offered by the Department of English can be found on page 282.

Salmon, Roberto M., Professor
Weaver, Michael K., Associate Professor

General Overview: History

Students majoring or minoring in history may become teachers or seek employment in business or government. History is an excellent background for those who wish to go to law school or enter journalism. The Department of History and Philosophy, in conjunction with the departments of Modern Languages and Literature, Sociology, and Social Work, also offers a BA degree in Latin American Studies and Mexican American Studies.

Beginning history majors are urged to take Civilization Through the Centuries and American Heritage early in their academic careers. Well-prepared students are encouraged to establish credit in some of these beginning courses by passing advanced standing examinations.

The department also welcomes non-history majors who may wish to take courses in Mexican-American heritage, Russian history or a wide assortment of courses in Latin American, American and European history.

Degree Requirements

Major in History
(with or without Teacher Certification)

Select three hours from:

- POLS 3314 American State and Local Government
- POLS 3316 American Public Policy
- POLS 4332 American Political Theory
- POLS 4360 American Executive Process
- POLS 4363 American Legislative Process
- POLS 4367 American Judicial Process
- POLS 4373 American Political Parties and Politics

Select nine advanced hours in history. Three hours must be selected from each of the following history fields: American, Latin American, European.

**Course Descriptions**

A listing of history courses offered by the Department of History and Philosophy can be found on page 290.

**PHILOSOPHY**

**Full-time Faculty**

- Buckman, Kenneth L., Associate Professor
- Carter, David K., Assistant Professor
- Pearson, Thomas D., Associate Professor
- Welch, Raymond P., Professor

**General Overview:**

Philosophy

The Department of History and Philosophy offers a major in philosophy within the Bachelor of Arts degree, as well as a minor in philosophy. The study of philosophy can serve many useful purposes, but perhaps the most important are:

- Training in philosophy helps one to think more clearly, more perceptively and more effectively. Regardless of one’s personal and occupational goals, and regardless of the projects in which one is interested, being able to think clearly and well about them is an essential tool.
- Study of philosophy uniquely helps one to better understand and appreciate oneself, the world outside and how the two are related. One of the deepest human needs is to make sense of life and one’s place in it, and the satisfaction of that need is the central concern of philosophy.

A major in philosophy would provide strong preparation for a variety of careers, particularly in business, law, public policy and the ministry, as well as college teaching. A minor in philosophy would provide excellent support for majors in numerous fields, particularly history, government, English, psychology, sociology, math and certain areas in science and business administration.
Degree Requirements

- Major in Philosophy

General Education Requirements 48 hours
Complete the General Education requirements as shown on pages 91-93 of this catalog.

Core Courses 24 hours
- PHIL 1310 Introduction to Philosophy
- PHIL 1320 Introduction to Logic
- PHIL 2330 Ethics or
- PHIL 2350 Social Philosophy
- PHIL 3320 Symbolic Logic or
- PHIL 4320 Philosophy of Science
- PHIL 4310 Theories of Knowledge or
- PHIL 4340 Philosophy of Mind
- PHIL 3360 History of Philosophy: Ancient and Medieval
- PHIL 3361 History of Philosophy: Modern
- PHIL 3362 History of Philosophy: Contemporary

Designated Electives 12 hours
Select 12 additional hours of philosophy, at least 9 of which must be advanced.

TOTAL 124 hours

- Minor in Philosophy
18 hours in philosophy, of which 6 hours must be advanced.

Required Courses
- PHIL 1310 Introduction to Philosophy or
- PHIL 2330 Ethics
- PHIL 1320 Introduction to Logic

Course Descriptions
A listing of philosophy courses offered by the Department of History and Philosophy can be found on pages 290-323.

Bachelor of Arts in Latin American Studies
The undergraduate major in Latin American Studies offers students a unique opportunity to combine concentrated work in more than one academic field in preparation for careers in a wide variety of areas. These include government and industry, banking and international commerce, international organizations and agencies, private foundations, journalism and teaching. In addition, the Latin American Studies major provides excellent preparation for advanced study in graduate or professional schools where degree programs are related to Latin American issues.

### Concentration in Political Science 9 hours

Choose three courses from the following group:

- POLS 3363 American Hispanic Politics
- POLS 3364 U.S.-Mexico Border Relations
- POLS 4383 Politics of Central America and the Caribbean
- POLS 4386 South American Politics
- POLS 4387 Politics of Mexico

### Other Electives 12 hours

Choose four courses from the following group. Courses must be taken in at least two different disciplines.

- ANTH 2323 Mexican-American Culture
- ANTH 3368 Peoples of South America
- ANTH 3375 Mexican-American Folklore
- ANTH 4348 Peoples and Cultures of Mexico
- ANTH 4353 Folklore of the Lower Rio Grande Valley
- ANTH 4365 Archaeology of South America
- ANTH 4369 Archaeology of Mexico and Central America
- ART 4351 Latin American Art: Pre-Conquest
- ART 4352 Latin American Art: Post-Conquest
- ECO 3336 The Political Economy of Mexico (Prerequisites: ECO 2353 and ECO 2354)
- ENG 3320 Special Topics: Latino Literature
- ENG 4316 Mexican-American Literature
- HIST 2363 Mexican-American Heritage
- HIST 3333 Colonial Mexico, Central America and South America
- HIST 3335 History of Spain
- HIST 4322 Spanish Southwest to 1821
- HIST 4345 Mexico’s First Century as an Independent Republic
- HIST 4352 Brazil After Independence
- HIST 4353 History of Mexican Culture
- HIST 4354 Contemporary Mexico

SPAN 3330 Spanish Grammar or
SPAN 4336 Grammar and Composition
SPAN 4303 Spanish Civilization

• Minor in French
(without certification)
18 hours, of which 6 must be advanced and among the following: FREN 3321, FREN 3322 and FREN 4322, FREN 4324, FREN 4325 or FREN 4339.

• Minor In French
(with teacher certification)
24 hours, of which 12 must be advanced and among the following: FREN 3321, FREN 3322 and FREN 4322, FREN 4324, FREN 4325 or FREN 4339.

• Course Descriptions
Courses offered by the Department of Modern Languages and Literature can be found under their respective headings in the Course Descriptions section beginning on page 233.
General Overview: Music

The Department of Music offers a major within the Bachelor of Arts degree and minors in Applied Music and in Teacher Certification. In addition, it offers teaching fields for majors in both secondary and all-level Music Teacher Certification.

All students majoring in music, in addition to taking courses in general education, theory, and literature of music, pursue excellence in performance in their areas of major interest. Instruction is offered in voice, guitar, piano and all of the instruments of the band and orchestra.

Graduate music courses are offered leading to the Master of Music, Master of Arts in Interdisciplinary Studies degree with a concentration in Music (MAIS-Music). More information is available in the Graduate Catalog.

Degree Requirements

Departmental Requirements

A grade of “C” or higher in each required course in music is necessary for that course to apply toward a degree with a major in music.

Transfer students may be required to validate (by examination) credits earned in Applied Music and Music Theory at other institutions. Failure to pass validation will result in the repetition of courses required to reach proper standards.

Precise definition of standards is provided by the department, and examination in Applied Music is before a faculty jury.

Music majors and music minors must enroll in piano until the piano proficiency examination has been passed. The piano proficiency examination must be passed as a prerequisite to enrolling in upper-level music courses. Transfer students are required to pass the department’s piano proficiency examination, regardless of the number of transfer hours.

Each full-time music major must be a member of the large ensemble of his/her area of concentration each semester during which he/she is enrolled, or a minimum of seven semesters. These assignments are as follows: Wind and Percussion-Band; Strings-Orchestra; Voice, Piano-Choir; Guitar-Guitar Ensemble. Pianists and others who play appropriate instruments with sufficient proficiency may use Band or Orchestra for their ensemble requirements. Participation in smaller ensembles is strongly encouraged.

A music major who selects the performance curriculum will perform a 30-minute public recital during the junior year and an hour-long public recital during the senior year. A music major who selects the teacher preparation curriculum will prepare one-half of a music recital during the senior year, and, at the discretion of a faculty committee, perform it in public.

Music majors will study privately in their areas of concentration during each semester they are enrolled full-time (12 hours or more). Music majors enrolled in Applied Music will enroll in Applied Music Lab and attend University concerts and recitals as a part of the course requirement. Examinations in Applied Music are given at the end of each semester before a jury of music faculty members. Students enrolled in Applied Music will appear in recitals at the discretion of their instructor.
Major in Music (Applied Music)

General Education Requirements 48 hours
Complete the General Education requirements as shown on pages 91-93 of this catalog.

Core Courses 30 hours
MUS 1313 First Year Music Theory I
MUS 1314 First Year Music Theory II
MUS 2301 Music Literature I
MUS 2302 Music Literature II

**General Overview**

The College of Business Administration (COBA) at The University of Texas-Pan American has 49 full-time faculty who serve 2,250 Bachelor of Business Administration (BBA), Master of Business Administration (MBA) and doctoral students. The undergraduate and master’s programs are fully accredited by AACSB International. COBA is currently seeking initial accreditation for its Doctor of Philosophy (Ph.D.) degree in Business Administration.

**Academic Programs**

The COBA is organized into four departments: the Department of Accounting and Business Law, the Department of Computer Information Systems and Quantitative Methods, the Department of Economics and Finance, and the Department of Management, Marketing and International Business. The assistant dean, four department chairpersons, the director of undergraduate studies and the directors of the MBA and doctoral programs assist the dean in coordinating the academic activities of the college.

The Neuhaus Center is committed to advancing the scholarship of entrepreneurship, and the Center for Tourism Research is devoted to meeting regional needs.

Vision, Mission and Philosophy

As the College of Business Administration engages in the process of continuous improvement, we are committed to achieving goals and objectives of our vision, mission, and philosophy statements as follows:

**Vision**
The College of Business Administration at The University of Texas-Pan American will serve as the synergistic educational center for the Rio Grande Valley for education in business and management. The doctoral program will achieve international recognition for its global perspective and for its contribution to the field of knowledge encompassing international business and North American Trilateral business practices. The undergraduate and MBA programs will receive regional and state recognition for excellence in teaching, applied research and service to the business community. The College will receive international recognition for creating a stimulating, bicultural environment where diversity and academic excellence coexist.

**Mission**
The mission of the College of Business Administration at The University of Texas-Pan American is to:

- Develop business and academic leaders who are qualified and committed to the improvement of the society,
- Produce scholarly research relevant to domestic and global business.
- Support professional, community and university activities that contribute to economic progress, social improvement and intellectual development.

**Philosophy**
Through the process of continuous improvement, the College of Business Administration supports the mission of The University of Texas-Pan American by providing well-balanced, high quality education for undergraduate and graduate students and by providing solutions to business problems through research and community service.

Involvement in research ensures that both students and faculty continue to be current in their disciplines and fosters the advancement of knowledge. The college promotes and produces research that mirrors current issues of business organizations and society, including topics from cross-discipline and cross-cultural perspectives that are appropriate to international business. Faculty intellectual contributions are encouraged in applied scholarship, basic scholarship and instructional development.

Located in the ethnically diverse region along the U.S.-Mexico border, the college uses the social, bicultural, scientific and technical resources unique to South Texas to enrich its educational, outreach and research programs. The college is responsive to the needs of South Texas and the bicultural national community it serves and seeks to develop and strengthen partnerships with these external constituents. The college also fosters cooperative interactions with institutions of higher education throughout the world, with a special emphasis on Mexico and Latin America.

The local economy depends primarily upon agriculture, tourism, trade and government activities. Significant growth is occurring in the manufacturing sector as a result of continued growth and industrial activity along the Texas-Mexico border and the North American Free Trade Agreement. These factors have caused the College of Business Administration to develop programs and curricula that recognize this dynamic and unique situation.

The University of Texas-Pan American is committed to perpetuating the best of American cultural heritage and blending it with the outstanding features of Latin American culture. The academic programs of the College of Business Administration support this philosophy by offering its students a broad foundation in the liberal arts and sciences followed by professional business curricula. Students are afforded the opportunity to acquire skills necessary for success in business and society while simultaneously developing a global awareness and an appreciation for the unique characteristics of the University and its constituents. As a professional college, specific attention is given to the following educational objectives:

- to develop critical thinking and logical problem-solving skills;
- to develop professional attitudes and an appreciation for the role of business in a free enterprise economy;
- to develop basic quantitative and analytical skills;
- to develop written and oral communication skills;
to develop a global awareness and appreciation for cultural diversity; and
to develop ethical decision-making skills.

The regional nature of the University and its obligation to serve the needs of the Lower Rio Grande Valley are recognized and emphasized in the research and service functions of the college. The college conducts research for state, county and city agencies and private firms. Additionally, the college holds or sponsors short courses, seminars and workshops for business and governmental agencies. These non-credit programs have served thousands of people in the Valley and have provided opportunities for students to work for and with the business community.

♦ Graduate Programs

The college provides the opportunity for advanced study leading to the Master of Business Administration (MBA) degree and Doctor of Philosophy (Ph.D.) degree.

The MBA program is designed for those who wish to pursue advanced study in a multicultural environment as a means of enhancing their business and administrative careers. Both full- and part-time students enroll in the regular MBA program.

The Professional MBA allows students to complete the program in two years by attending classes on Saturday only. The Professional MBA is designed to accommodate executives and professionals who wish to pursue a graduate business education while maintaining full-time employment.

The Ph.D. in Business Administration with an emphasis in International Business adds the dimension of basic research to the college’s mission. The degree serves the population of the South Texas region and the State of Texas by:

♦ offering graduates the opportunity to prepare to assume faculty positions in state or regional universities or to fill management roles in the private sector or in government service;
♦ developing a center for the study of international business, especially as it relates to rising trade expectations among North, Central and South American countries and the global business environment;
♦ strengthening itself as a research, teaching and service unit dedicated to the economic, social and cultural growth of the Rio Grande region; and
♦ producing quality graduates, which includes becoming the leading producer in the nation of Hispanic-Americans with business doctoral qualification.

NOTE: More information on graduate programs may be found in the Graduate Catalog.

♦ Student Organizations

A total university experience includes providing students with the opportunity to develop leadership skills, to become part of the decision-making process and to create linkages with the business community. To that end, the following fraternities and student chapters of professional organizations are sponsored:

♦ Alpha Kappa Psi, a professional fraternity
♦ Beta Gamma Sigma, a national honor fraternity for business administration majors
♦ Association of Information Technology Professionals
♦ Human Resource Management Society
♦ Financial Management Association
♦ American Marketing Association
♦ Accounting Society
♦ MBA Association
♦ Forum for International Relations and Business
♦ Students in Free Enterprise
♦ Entrepreneurship Club

♦ Advisory Council

Advice and guidance from civic and business leaders are provided through the College of Business Administration Advisory Council. The council serves as a liaison to the business community, helps provide financial support for the college and provides job opportunities for graduates.

Center for Advisement, Recruitment, Internships and Retention (CARIR) Internships that lead to careers and job placement are handled by Victor Huerta, director, Business Administration Building, Room 120B, telephone 956/381-3355. Or contact Career Placement Services, Student Services Building, Room 147, telephone 956/381-2243. The University Retention Advisement Program (URAP) maintains an office in the College of Business Administration. The Student Development Specialist for Business Administration Students, Olga Martinez, can be reached by calling 956/316-7965.
**Minor in Business Administration**
A minor in business administration is designed to help make students with non-business majors more marketable upon graduation. This minor complements such degree programs as engineering, health care, nursing, counseling and communication.

The minor in business administration consists of the following courses:

- ACC 2329: Fundamentals of Managerial Accounting
- ACC 2421: Introduction to Financial Accounting
- ECON 2301: Principles of Economics II
- MANA 3361: Principles of Management and Organizational Behavior
- MARK 3371: Principles of Marketing
- FINA 3383: Managerial Finance

**TOTAL 19 hours**

**Minor in Human Resource Management**
A minor in Human Resource Management (HRM) is designed to help complement many students’ majors, making them more marketable upon graduation. Majors such as psychology, communication, nursing, counseling, engineering and political science may be especially interested in complementing their major with a minor in HRM. The minor in HRM consists of the following courses:

**Human Resource Management Specialization 15 hours**
- MANA 3362: Personnel Management
- MANA 3365: Wages and Salary Administration
- MANA 3366: Recruitment and Selection
- MANA 3367: Organizational Training and Development
- MANA 4361: Human Behavior in Organizations

**Human Resource Management Electives 3 hours**
Select three hours from:
- MANA 3300: Internship in Management*
- MANA 3335: Organizational Communications
- MANA 4368: Industrial Relations

**TOTAL 18 hours**

*Must involve a position in HRM.

**Minor in Entrepreneurship**
A minor in entrepreneurship serves as an ideal complement for economic students wishing to start and successfully operate a small business upon graduation. The minor in entrepreneurship also meets the minor requirement for the Bachelor of Arts in Economics, as well as for non-business degrees. The program particularly caters to understanding small business operations in the Lower Rio Grande Valley.

The minor in entrepreneurship consists of 18 hours from the following courses:**

- ECON 3359: Family and the Small Business
- ECON 3360: Managerial Economics
- FINA 3391: Small Business Financial Management
- FINA 3393: Entrepreneurial Finance
- CIS 3380: Small Business Technology
- MANA 4362: Small Business Venture
- MANA 4366: Small Business Management
- ECON 4362: Global Entrepreneurship

**TOTAL 18 hours**

* Non-business students wishing to minor in entrepreneurship must also take ACC 2421, and MANA 3361 and 3 hours of Economics as prerequisites to the entrepreneurship courses.

Contact either Dr. William Thompson, Director of Undergraduate Programs, College of Business Administration, Room 120C, 956/381-2827, or Dr. Linda Matthews, Assistant Professor of Management, Room 222F, 956/381-3382, for further information.

---

No Image Available due to file size.
**Bachelor of Business Administration**

**General requirement for graduation**

All students seeking a BBA from the College of Business Administration must take at least 50 percent of their business courses at UT Pan American.

Degree applicability of coursework from business programs that are not accredited by the American Assembly of Collegiate Schools of Business (AACSB)-The International Association for Management Education must be determined through appropriate validation procedures and/or examination. Final approval of non-AACSB accredited coursework will be by the department chair or dean of the College of Business Administration.

**Transfer Credit-Verification**

Any upper-division business course taken at a non-AACSB-accredited school must be validated before it will be applied to satisfy graduation requirements for business degrees at UTPA.

Validation may be accomplished by:
1. taking a higher-level course in the same subject area and making a grade of “C” or better,
2. retaking the course.

Contact Dr. William Thompson, Director of Undergraduate Programs, College of Business Administration, Room 120C, 956/381-2827, for further information.

**Communication Skills Certification**

Students receiving a degree from the College of Business Administration may participate in a communication skills certification program.

Contact Margaret Allison, Director of Communication Skills, Business Administration Building, Room 120A, telephone 956/381-3360, for further information.

Moyes, Glen, Associate Professor, Accounting
Neipert, David, Assistant Professor, Business Law
Owusu-Ansah, Stephen,
Assistant Professor, Accounting
Walker, Edward R., Assistant Professor, Accounting

---

**Mission**

The Department of Accounting and Business Law contributes to the mission of the College of Business Administration by providing outstanding instruction at the undergraduate and graduate levels, by fostering meaningful intellectual contributions, and by actively participating in service to the components of the University and to the legal and accounting professions.

**General Overview**

The Department of Accounting and Business Law offers the Bachelor of Business Administration (BBA) degree with a major in accounting. A major in accounting is designed to prepare graduates for entry-level positions in both private and public accounting. The degree partially prepares a graduate to take each of the accounting certification examinations: CPA, CMA and CIA, depending on the graduate’s interest.
Since each examination is structured to test the candidates over a broad range of accounting topics, students should seek advice from the accounting faculty to select elective courses that will help them in their satisfactory completion of certification requirements. An accounting specialization is available at the MBA level.

The coursework leading to the BBA degree in accounting is classified as follows:

### Major in Accounting

#### Admission Requirements
Admission into the accounting major involves two steps. First, all students desiring an accounting degree must initially specify "Pre-Accounting" as their major. This designation is effective for all students changing majors, transfer students, special students and entering freshmen. Second, the student then applies to the Department of Accounting and Business Law for a change to "Accounting" major status when the following guidelines are met:

1. Applicants must be in good academic standing (non-probationary status).
2. Applicants must have completed at the time of application at least 10 hours of accounting, including ACC 2421, 2329 and 3321, with a grade point average of 2.2 for all accounting courses taken at the time of application.

Admission of the applicant to the accounting major will be determined by the chair of the Department of Accounting and Business Law or his or her designated representative(s). Students who have been denied admission to the accounting program may appeal to the dean of the College of Business Administration according to the appeal requirements.

#### Degree Requirements
In addition to having completed the General Education and Business Foundation courses and the Business Core requirements, accounting majors must have an average grade point of at least 2.5 in all accounting courses taken in order to graduate. Prerequisites cannot be repeated if the subsequent higher-level course has been completed.

### General Education Requirements 48 hours
Complete the requirements shown in the General Education Requirements section shown on pages 91-93 of this catalog EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown below.

**Section A. Science and Mathematics**

**Group 2. Mathematics**

Students must select MATH 1321 or Math 1340.

**Section B. Computer Literacy**

CIS 1201

May take CIS 1301 to satisfy core and business foundation.

**Section C. Social Sciences**

**Group 3. Other Social Sciences**

Students must select ECON 2301.

ACC 3350  International Accounting
ACC 4323  Contemporary Accounting Theory
ACC 4327  Advanced Auditing
ACC 4329  Corporate and Partnership Taxation
ACC 4331  Advanced Accounting II
ACC 4332  Advanced Income Tax Research
ACC 4333  Estate and Gift Taxation
BLAW 3358  Business Law II

TOTAL 125 hours

150-Hour Program for Potential Certified Public Accountants
Students who are interested in being licensed as a Certified Public Accountant (CPA) in the State of Texas must complete at least 150 hours in order to be eligible to take the CPA examination. If the student desires to meet this requirement at the undergraduate level, the student should complete the accounting major as shown above and the additional curriculum shown below. Comparable courses may be substituted with prior approval by the department.

Additional Courses Recommended for Those Desiring to Take the CPA Examination

Accounting Electives 24 hours
Other additional courses in area of specialization (i.e., Business Law II) 3 hours

The student should check the State Board Requirements in the state he or she selects for the CPA examination.

Course Descriptions

General Overview

The Department of Computer Information Systems and Quantitative Methods offers a Bachelor of Business Administration with a major in Computer Information Systems based on the curricula recommended by the Association of Information Technology Professionals. This major is designed to prepare students with the broad business and computer-related knowledge necessary to enter the computer field. A minor in computer information systems is available to students from all non-business disciplines and is designed to prepare the student for entry-level positions in the computer field.

The department provides Computer Information Systems courses for CIS majors, CIS minors, and other majors. It offers Quantitative Methods (QUMT), Management Information Systems (MIS), and Information Systems and Quantitative Methods (ISQM) courses. Also, the department provides computer literacy courses for all majors to satisfy the computer literacy requirement of the University Core Curriculum.

It is recommended that students receiving a degree from the College of Business Administration certify their communication skills by taking the appropriate test.

Mission

The Department of Computer Information Systems and Quantitative Methods contributes to the College of Business Administration: by providing students a quality broad-based business education with a computer information systems emphasis; by preparing students with the necessary analytical, technical, and managerial skills; and by developing students’ abilities and desires to continue learning so that they may compete effectively in the global workplace.

Degree Requirements

The coursework leading to the BBA degree is classified as follows:

A. General Education Requirements 48 hours
B. Business Foundation Courses 17 hours
C. Business Core Courses 33 hours
D. CIS Major 27 hours

Total 125 hours

Full-time Faculty

Allison, Margaret R., Assistant Professor, Computer Information Systems; Director of Communication Skills
Crews, R. Michael, Associate Professor, Computer Information Systems
Feinberg, Martin, Assistant Professor, Quantitative Methods
Hodges, DeWayne L., Assistant Professor, Quantitative Methods
Johnk, David, Lecturer, Quantitative Methods
Rao, Mohan, Associate Professor, Computer Information Systems
Roge, Joseph, Associate Professor, Computer Information Systems
Rydl, Lester M., Associate Professor, Computer Information Systems and Quantitative Methods, Chairman
Shell, Richard, Lecturer, Quantitative Methods
Villarreal, Marco, Lecturer, Computer Information Systems
Vinaja, Robert, Assistant Professor, Computer Information Systems
Vincent, Vern C., Professor, Quantitative Methods; Director of Tourism Research
NOTE: Students should file an official degree plan after earning 60 hours. An official degree plan must be filed before an application for graduation will be processed.

General Education Requirements 48 hours
Complete the requirements shown in the General Education Requirements section on pages 91-93 of this catalog EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown unless ALL of core is completed elsewhere.

MANA 3361 Principles of Management and Organizational Behavior
MANA 4363 Production Management
MANA 4369 Strategic Management
MARK 3371 Principles of Marketing
QUMT 2341 Elementary Business and Economic Statistics
QUMT 3342 Intermediate Business and Economic Statistics

General Education, Business Foundation and Business Core Requirements 98 hours

Computer Information Systems Major 27 hours
Required Courses
CIS 2308 Introduction to Programming with Visual Basic
CIS 2310 COBOL Programming
CIS 3335 Database Management
CIS 3336 Systems Analysis
CIS 3338 Networking
CIS 4336 Systems Design and Development

Elective Courses
Select 3 from the following list of courses. Selection must include CIS 3308 or CIS 3310.
CIS 3300 Internship in CIS
CIS 3308 Advanced Programming with Visual Basic
CIS 3310 Advanced Programming Techniques
CIS 3312 Introduction to Web Programming
CIS 4308 Information Resource Management
CIS 4312 Application Development for Commerce

TOTAL 125 hours

◆ Minor in Computer Information Systems (for non-business majors)

ACC 2421 Introduction to Financial Accounting
MANA 3361 Principles of Management and Organizational Behavior
CIS 2308 Introduction to Programming with Visual Basic
CIS 2310 COBOL Programming
CIS Electives (6 advanced hours)

TOTAL 19 hours
Teacher Certification in Computer Information Systems
Certification can be obtained through alternative certification or through the Computer Science Department.

Course Descriptions
A listing of courses offered by the Department of Computer Information Systems and Quantitative Methods can be found on page 249 (CIS) and 333 (QUMT). Other ISQM, MIS, QUMT courses can be found in the Graduate Catalog.

ECONOMICS AND FINANCE

Full-time Faculty
Assefa, Zewdineh, Associate Professor, Finance
Brown, Cynthia, Assistant Professor, Finance
Cardenas, Gilbert, Professor, Economics
Dávila, Alberto, Professor, Economics
Ellard, Charles J., Professor, Economics
Emery, John T., Professor, Finance
Ozuna, Jr., Teofilo, Associate Professor, Economics
Pagan, Jose A., Associate Professor, Economics
Prock, Jerry D., Professor, Finance
Soydemir, Gokce, Assistant Professor, Finance, International Economics

General Overview
The Department of Economics and Finance offers degree opportunities in two areas: economics and finance. Students interested in economics may pursue either a Bachelor of Business Administration or a Bachelor of Arts degree. The Bachelor of Business Administration is also available in finance.

General Degree Requirements
The following are required for the Bachelor of Business Administration (BBA) degrees in Economics and Finance:

General Education Requirements 48 hours
Complete the requirements shown in the General Education Requirements section on pages 91-93 of this catalog EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown below.

Section A. Science and Mathematics
Group 2. Mathematics
Students must select MATH 1321.

Section B. Computer Literacy
CIS 1201
May take CIS 1301 to satisfy core and business foundation.

Section C. Social Sciences
Group 3. Other Social Sciences
Students must select ECON 2301.

Business Foundation 20 hours
ACC 2421 Introduction to Financial Accounting
ACC 2329 Fundamentals of Managerial Accounting
ECON 2302 Principles of Economics I
MANA 1331 Introduction to Business
MATH 1322 Business Calculus
CIS 1101 Introduction to Office Software
COMM 1303 Presentational Speaking

Business Core 33 hours
BLAW 3337 Business Law I
CIS 3390 Management Information Systems
FINA 3383 Managerial Finance
INTB 3330 International Business
MANA 3335 Organizational Communication
MANA 3361 Principles of Management and Organizational Behavior
MANA 4363 Production Management
MANA 4369 Strategic Management
MARK 3371 Principles of Marketing
QUMT 2341 Elementary Business and Economic Statistics
QUMT 3342 Intermediate Business and Economic Statistics
**ECONOMICS**

**Programs in Economics**

**Major in Economics - BBA**
General Education, Business Foundation and Business Core Requirements 101 hours

- Economics Specialization Courses 6 hours
  - ECON 3351: Macroeconomic Theory
  - ECON 3352: Microeconomic Theory

- Economics Electives (Upper Division) 12 hours

- Economics Support Field 6 hours
  1. ECON 3341: Econometrics
  2. Choose 3 hours from the following:
     - ECON 3342: Forecasting
     - MATH 1401: Calculus I
     - Math elective
     - Upper-level accounting course

**Minor in Economics**

A minor in economics is available to students from all areas within the University and requires 18 hours of economics that include 6 hours of economics electives.

- **Required Courses** 12 hours
  - ECON 2301: Principles of Economics I
  - ECON 2302: Principles of Economics II
  - ECON 3351: Macroeconomic Theory
  - ECON 3352: Microeconomic Theory

- International Business Specialization 12 hours
  - INTB 3310 Entering International Trade
  - INTB 3340 Legal Considerations of International Business
  - INTB 4364 Management Environment in International Business
  - MARK 4330 International Marketing

Select one option from below: 12 hours

- **Management Option:**
  - INTB 4365 (International Competitiveness) plus 9 MANA elective hours

- **Marketing Option:**
  - FINA 4381 (International Finance) plus 9 MARK elective hours

- **ECO/FINA Option:**
  - ECO 3353 (Int'l Trade) plus FINA 4381 (Int'l Finance) and 6 hours of ECO or FINA elective.

TOTAL 125 hours

* See detailed requirements above.

Course Descriptions

A listing of courses offered by the Department of Management, Marketing and International Business can be found on page 299 (MANA), 303 (MARK) and 296 (INTB).
General Overview

The College of Education includes the Department of Curriculum and Instruction, the Department of Educational Psychology, the Department of Health and Kinesiology and the Department of Educational Leadership.

Academic Programs

At the undergraduate level, the College offers a Bachelor of Science degree with majors in Kinesiology and Health, a Bachelor of Arts degree in Dance and Bachelor of Interdisciplinary Studies with undergraduate certification in Elementary, Secondary and all-level Art, Music and Kinesiology education with options for specialized endorsements and endorsements in areas such as Bilingual Education, Special Education, Early Childhood, Dance and Reading. Students are encouraged to check with the departments early in their program for specific degree requirements and development of degree plans.

At the graduate level, the College of Education also offers a Master of Education degree with specializations in Elementary Education, Secondary Education, Special Education, Early Childhood Education, Reading, Educational Diagnostician, Bilingual Education, Counseling and Guidance, Educational Administration, Gifted Education, and Supervision. The College of Education offers a Master of Arts degree in School Psychology and a Master of Science degree in Kinesiology.

Although the graduate programs in education are intended primarily for personnel in public/private schools, the knowledge and skills taught are applicable to other agencies. A student may complete some M.Ed. programs at The University of Texas-Pan American without meeting all the teacher certification requirements. Please consult with the director of each program for more specific guidelines and information.

Credit for 5000-level courses may not be given to a student with previous undergraduate credit in similar courses.

All programs in the College of Education are fully accredited by the State Board for Educator Certification (SBEC).

Dr. Hilda Medrano, Dean
College of Education Building

MISSION STATEMENT

The mission of the College of Education at The University of Texas-Pan American is to continuously improve the educational process as it is implemented in the College and the community through teaching, research and service. The College values the rich cultural and linguistic history of the international border area and directs its programs and course offerings toward the preparation of professionals for an increasingly diverse population of learners.

General Information

Certificate Requirements for Teachers

Teachers in Texas are required by law to hold a valid Texas teacher’s certificate at the appropriate level in the teaching field and specialization to which they are assigned.

Prospective teacher education students should consult with the undergraduate advisor and the appropriate department in the College of Education. Individuals seeking an emergency teaching credential should consult the credentialing officer in the Certification Office of the College of Education.

General Requirements for Texas Teaching Credentials

State Board for Educator Certification rules require an individual to have the following qualifications in order to receive a standard certificate.

An individual must:
A. be a citizen of the United States or indicate intent to become a naturalized citizen as evidenced by filing a Statement of Intention to become a United States Citizen (TCER-023) with the Division of Teacher Certification;
B. be at least 18 years of age;
C. be of good moral character as evidenced by statement of three individuals or be recommended by a Texas senior college, and be clear of a felony or misdemeanor conviction for a crime that directly relates to the duties and responsibilities of the teaching profession;
D. be willing to support and defend the constitutions of the United States and Texas;
E. have college credit or examination credit on knowledge of the Texas and U.S. constitutions and U.S. history; and,
F. be able to speak and understand the English language sufficiently to use it easily and readily in conversation and teaching.

Texas Testing Requirements for Certification

To be approved for a Standard Texas Teacher’s Certificate, persons, including those holding a valid out-of-state certificate, shall be required to achieve a satisfactory level of performance on an examination prescribed by the State Board for Educator Certification.

The test is called ExCET - Examination for the Certification of Educators in Texas. The ExCET must be taken and passed for the appropriate level, specialization, certificate and endorsement in order to be recommended for certification.

Students who enroll only in a certification program are expected to meet or exceed the admission requirements of students in the regular program that corresponds to that certificate.

Criminal Records

In accordance with Article 6252-13c, Texas Civil Statutes, the Texas Commissioner of Education may suspend or revoke a teaching certificate, or refuse to issue a teaching certificate, for a person who has been convicted of a felony or misdemeanor for a crime that directly relates to the duties and responsibilities of the teaching profession. All potential certificate applicants with felony or misdemeanor criminal convictions should contact the Certification Officer immediately to seek clarification of their certification status.

Admission to the College of Education

Teacher Education & Internship I

Admission to the College of Education

The College of Education is a professional college whose students must work closely with school-age individuals in the public schools. Consequently, admission to the college and continued enrollment in its programs is subject not only to meeting the formal requirements listed above but also to obtaining the endorsement of the undergraduate advisor or the credentialing officer, as appropriate, and meeting the faculty’s expectations for effective and professional behavior. Students who enroll in any 3000- or 4000-level education courses with the following prefixes: ED, EDCI, EDBE, EDEC, EDUK, SPED, READ or KIN without being formally admitted to the College of Education will be dropped from these courses; in the event these
courses have been completed, no course credit toward the teaching credential will be awarded.

A student must apply for admission to the College of Education during the semester in which the student will have earned 63 hours for elementary certification or 78 hours for secondary or all-level certification. A formal application for admission must be filed with the Office for Educator Certification, Room 139, in the College of Education. Students must meet the following requirements prior to admission to the College of Education:

1. Pass all three subtest areas of the Texas Academic Skills Program (TASP) test with the following minimum scores in each area:
   a. Reading 230  
   b. Mathematics 230  
   c. Writing 220  
or meet the TASP Exception standard “B or better” Rule.

   NOTE: A student who fails any section of the TASP must visit with the TASP coordinator at the Admissions and Records Office.

2. Successfully complete a minimum of 63 hours for elementary certification, or 78 hours for secondary or all-level certification, which must include the following:
   a. ENG 1301, with a “C” or better
   b. MATH 1340 or higher, with a “C” or better
   c. ENG 1302, with a “C” or better
   d. MATH 2306 and 2307 (elementary only)
   e. 3 hours of a foreign language
   f. 8 hours of a laboratory science

3. For elementary certification, achieve a 2.50 cumulative grade point average (GPA) on the degree plan in general education and, for secondary or all-level certification, achieve a cumulative 2.5 GPA for all hours earned.

4. Unless prior approval is received from the student’s department chair, no course may be substituted for another unless a grade of “C” or better has been earned in that course, and does not result in the GPA falling below 2.25.

5. File an official degree plan if seeking elementary or secondary certification.

   NOTE: Transfer students must delay application until successful completion of the above all-level requirements.

Beginning spring 2001, cumulative GPA must be 2.5 on the elementary or secondary degree plans; TASP reading, 250, and “B” rule does not apply. This requirement applies to all students irrespective of their admission date to the University.

- Admission to Internship II: Regular Undergraduates

Students in the undergraduate teacher education program must make a separate application to be admitted to Internship II as they near the completion of their professional coursework. Applicants must have achieved a grade point average of 2.5 overall and 2.5 in their interdisciplinary area (major) and academic specialization. This requirement applies to all students irrespective of their admission date to the University. For more information on Internship II, see page 150.

   NOTE: The University of Texas-Pan American’s College of Education will not recommend persons on deficiency plans for certification without completing the courses outlined in their plans, passing the ExCET tests and submitting a signed and certified statement from a designated school district official (personnel director or building principal) that attests to their success in working with students in a setting that corresponds to the area of certification sought.

- Degreed Students Seeking Certification (Non-traditional)

- Alternative Certification Program (ACP)

The Alternative Certification Program (ACP) is designed for prospective public school teachers with degrees in disciplines other than education. The program offers a fast, efficient path to the classroom as the teacher of record.

Certification is offered in seven tracks: elementary, elementary/bilingual, elementary/ESL, secondary (all specializations), secondary/ESL and special education. Pre-assignment courses provide the academic foundation to enter the classroom in a specific track. The assignment (internship) phase consists of two 6-hour courses (one fall, one spring). Internship and employment is at the discretion of the employing school district. Internship courses require a special fee. A criminal records check will be conducted by employing districts; a felony conviction may be disqualifying.

Program prerequisites include: admission to ACP, a baccalaureate degree from an accredited institution, overall GPA of 2.5, passing score on TASP or PPST and credit for college algebra (or higher) with a “C” or better.
• **Deficiency Plan/Emergency Permit**

In order to meet school district staffing needs, school districts may elect to hire degreed personnel who are deficient in education coursework, ExCETs, etc.

The following criteria must be met in order for the Office of Admission and Certification to process a deficiency plan for an Emergency Permit:

1. Submit an official request for a plan by the school district offering employment to the COE Office of Admission and Certification OR
   - Submit a Student Educational Plan Request (obtain form at Certification Office).
2. 2.50 cumulative GPA on transcript with a minimum of 2.25 in the area to be certified.
3. Passing scores on all sections of TASP or meet UTPA Certification TASP Exemption Standards.
4. Have minimum of 9 hours of specified COE Professional Education coursework (EDCI 4301, EDCI 4302, READ 4351); 9 hours waived if permit being requested is in major or minor area.
5. Degreed students from other institutions may be required to obtain additional coursework for certification in the content area, which targets ExCET competencies.

If a permit is issued (for non-degreed or degreed), the field experience for Internship II (formerly Student Teaching) must be replaced by two years as a teacher of record (full-time teacher in the area and at the level in which certification is being sought) plus an additional 6 hours of approved upper-division education coursework must be taken in lieu of Internship II coursework to fulfill degree requirements. These 6 hours will be assigned when the deficiency plan is processed.

• **Policy and Advisory Groups**

- **The University Teacher Education Committee**

  All departments that offer certification programs at The University of Texas-Pan American maintain membership on the University Teacher Education Committee. The basic functions of the committee are to:

  1. Approve any teacher education program changes originating in the College of Education or in departments offering certification programs.
  2. Approve any changes in courses that are part of any university certification program.
  3. Approve candidates for elementary, secondary and all-level Internship II.
  4. Approve appeals made by prospective student teachers who had previously been denied or dropped or who failed Internship II.

  It shall be understood that approval of an application does not constitute subsequent recommendation on the part of the University for a certificate to teach. Such recommendation is contingent upon continued demonstration of promise as a prospective teacher and completion of the certification requirements both in professional education and in the major or minor teaching fields.

- **The South Texas Center for Professional Development of Teachers (STCPDT)**

  The South Texas CPDT is a collaborative composed of University faculty, administrators from the University, public school districts and Region One Education Service Center, public school teachers, and teacher education students. Its purpose is to collaboratively design, implement and assess the field-based teacher preparation program offered in the College of Education at UT Pan American. The South Texas CPDT Governance Board advises on and/or approves changes regarding admission and certification requirements, course offerings, program changes, field experiences and the Internship II semester.
Degree Programs

For Elementary Teachers

A Bachelor of Interdisciplinary Studies was implemented in fall 1997 and revised spring 2002 for students seeking state certification in elementary education. In compliance with the Texas Education Code and the new "CPDT Rule" on teacher education, the following academic specializations are offered leading to early Childhood-fourth grade certification:

- Specializations and Delivery Systems
  - Bilingual Education
  - Early Childhood Education
  - Generic Special Education

For Secondary Teachers

Standard teacher certification at the secondary level is offered in the following teaching fields:

- Art
- Biology
- Chemistry
- Computer Information Systems
- Dance
- Earth Science
- English
- French
- Generic Special Education
- Government
- Health
- History
- Journalism (Print)
- Kinesiology
- Mathematics
- Music
- Physical Science
- Physics
- Psychology
- Social Studies
- Sociology
- Spanish
- Speech Communication
- Theatre Arts

Specific requirements for all certification programs at the secondary level may be located within program descriptions under individual departments throughout this catalog.

For All-Level Teachers

All-level standard teacher certificates are offered in Art, Music and Kinesiology. Specific requirements for certification programs may be located within each department.

Teacher Certification Programs

General Education Requirements for Teacher Education Certification

Students pursuing teacher certification must complete an academic major prescribed by the standards for teacher education. Prospective teacher
certification students should consult with their major advisors and with the appropriate department in the College of Education.

Students pursuing teacher certification at the elementary level are required to satisfy the University’s General Education requirements as specified by the State Board of Education, the State Board for Educator Certification and the Texas Higher Education Coordinating Board. Students must complete the requirements shown in the General Education Requirements section on pages 91-93 of this catalog EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown below.

Section A. Humanities
Group 1. Freshman English 6 hours
A grade of “C” or better must be obtained in both courses.

Group 2. English Literature 3 hours

Group 3. Language Other than English 3 hours
Spanish is required for the Bilingual and Early Childhood Specializations

Group 4. Other Humanities 6 hours
Area 1. The Arts
Sub-area 1. ART 1301 or ART 3381
NOTE: Students must complete a course from the arts sub-area not selected as an additional degree requirement.
Area 2. Philosophy and Modern or Classical Language

Section B. Science and Mathematics
Group 1. Natural Science (must be in the same discipline)
Physical Science must be selected for Elementary (EC-4 Certification). Anatomy and Physiology for Special Ed and Kinesiology

Group 2. Mathematics
MATH 1340 must be completed with a “C” or better for certification.

Section C. Computer Literacy
CSCI 1201 or CIS 1201 must be selected.

◆ Standard Elementary Certification within the Baccalaureate Interdisciplinary Degree
In addition to completing the General Education requirements noted above, students must complete the following:

Minimum Academic Specialization 18 hours
(including 9 advanced)

Interdisciplinary Area (Combination of Subjects) 43-49 hours

Professional Development Sequence 21 hours

◆ Academic Specializations for Elementary Certification
- Elementary (Grades EC-4) Certification
  The following specializations are available; they require a minimum of 18 hours.
  Bilingual Education
  Early Childhood Education
  Generic Special Education

◆ Requirements for Academic Specializations in Bilingual, Early Childhood and Special Education
The requirements for the specializations for elementary certification that are offered through the College of Education are shown below.

- Specialization: Bilingual Education
  EDBE 3315 The Bilingual Curriculum in the Content Areas
  EDBE 3316 The Development of Biliteracy
  EDBE 3322 Foundations of Bilingual Education
  EDBE 3324 English as a Second Language
  EDBE 4304 The Development of Bilingualism
  ENG 3320 Advanced Topics in English (Literacy Development)

- Specialization: Generic Special Education
  SPED 1305 Introduction to the Exceptionalities
  SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities
  SPED 3301 Inclusion of the Exceptionalities
  SPED 3302 Theories of Learning Disabilities

The University of Texas-Pan American
Elementary Certification

HIST3330 A General Survey of the History of Texas or
HIST3373 Mexican-American Heritage
HLTH2352 Personal Health and
MUS 3311 Essential Elements of Music

• Professional Education (Certification Coursework) Elementary

  Bilingual Education: 21 hours
  EDEC 4390, SPED 3301, EDCI 3305, EDCI 4305,
  EDCI 4306, EDCI 4311 and EDCI 4312

  Special Education: 21 hours
  EDCI 3305, EDCI 4302, EDCI 4305, EDBE 3322, EDCI
  4306, EDCI 4311 and ED 4313

  Early Childhood: 21 Hours
  EDEC 4390, SPED 3301, EDCI 3305, EDCI 4305,
  EDCI 4306, EDCI 4311 and EDEC 4312

• Endorsement Requirements

  Endorsements consisting of 9-12 additional hours
  may be added to Texas teacher certificates in Bilingual
  Education, English as a Second Language, Early
  Childhood (see below) and Information Technology. A
  certification of 24 hours in Generic Special Education
  may be added.

  Endorsement: Bilingual Education

  The Bilingual Education endorsement may be
  added to valid Provisional teacher certificates and
  provisional special education certificates. The
  professional development sequence for the
  endorsement consists of:
  1. Oral and written proficiency in the language of
     the target population as measured by examinations
     approved by the State Education Agency.
     A. Oral proficiency shall be determined by the
        Texas Oral Proficiency Test (TOPT) with a passing
        score of level 3.
     B. Written proficiency shall be determined by
        the College Level Examination Program (CLEP) with a
        passing score of 50.
  2. 12 hours at the graduate or undergraduate level
     earned after the bachelor’s degree as follows:
     
     EDBE 3315 or ED 6335
     EDBE 3316 or ED 6350
     EDBE 3322 or ED 6322
     EDBE 4304 or ED 6351
  3. One year of successful teaching experience in a
     state-approved bilingual classroom.
  4. Successful completion on ExCET/Bilingual.

  Endorsement: Early Childhood

  The early childhood endorsement may be added to
  valid standard teacher certificates with elementary or
  all-level options and Standard special education
  certificates. The professional development sequence
  for the early childhood endorsement consists of:
  1. 12 hours: EDEC 4390, EDEC 4391, EDEC 4392,
     EDBE 3315, EDCI 4305, EDCI 4306, EDCI 4311
     and EDEC 4312
  2. 3 hours of early childhood student teaching
     (EDCI 4312 Student Teaching in Early Childhood); or
     one year of successful early childhood teaching
     experience on a permit in an accredited school and 3
     additional hours (EDEC 4314 Survey of Research in
     Early Childhood) of early childhood education.
     Teaching or student teaching in a multi-age class that
     includes kindergarten shall be acceptable as
     appropriate experience.

  Endorsement: English as a Second Language (ESL)

  The English as a Second Language (ESL)
  endorsement may be added to valid Standard teacher
  certificates (elementary or secondary) and Standard
  special education certificates. The professional
  development sequence for the ESL endorsement
  consists of 12 hours (2.25 GPA):

  ENG 3319 Introduction to Descriptive Linguistics
  ENG 3321 Language and Culture
  ENG 4328 Introduction to English as a
     Second Language
  EDBE 3324 English as a Second Language
  Students who are completing this endorsement as part
  of their initial teacher certificate should partially fulfill
  their student teaching requirements with the following
  course:

  EDCI 4310 Directed Teaching-ESL
Endorsement: Information Technology
This endorsement may be added to valid teaching certificates, special education certificates or vocational education certificates that require a college degree. The Level I endorsement shall consist of the following 9 hours:

- CSCI 1380 Computer Science I
- CSCI 3321 Survey of Computer Concepts
- ED 3350 Information Technology

Certification Requirements for Secondary
For the prospective secondary teacher, The University of Texas-Pan American offers bachelor’s degrees (BA, BS, BFA or BBA) in various academic disciplines with secondary certification through the College of Education. The General Education and major requirements for the various academic disciplines are specified by the departments in this catalog.

In addition to the General Education requirements and the major requirements, the following requirements apply for students seeking Standard Teacher Certificates at the secondary level:

Professional Development Sequence 21 hours
18 hours upper division, including EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308, READ 4351 and EDCI 4641 (and/or appropriate student teaching course number for Generic Special Education). For all-level certificates, see “Requirements for All-Level Certificates.”

Electives 12 hours
Students must complete one course from two of the following areas:

Area 1.
- ART 1301 Art Appreciation

Area 2.
- COMM 1303 Presentational Speaking

Area 3.
- PHIL 1320 Introduction to Logic
- PHIL 2330 Ethics

Students must complete one course from two of the following areas:

Area 1.
- ANTH 1323 Introduction to Cultural Anthropology
- ANTH 1353 Introduction to Folklore
- ANTH 2323 Mexican-American Culture

Area 2.
- ECO 1301 Introduction to Economics
- ECO 2333 Principles of Economics I

Area 3.
- PSY 1310 Introduction to Psychology

Area 4.
- SOC 1313 Principles of Sociology
- SOC 1323 Current Social Issues
- SOC 2333 Marriage and the Family

Secondary Teacher Certifications
The College of Education offers Provisional Secondary Teacher Certifications in the teaching fields and delivery systems shown below.

Secondary (Grades 7-12) Option I:
An Option I certificate requires one 36-hour (minimum) teaching field, including 21 upper-division hours. They are available in the following fields:
- Biology
- Chemistry
- Computer Information Systems
- Dance
- Earth Science
- English
- French
- Political Science
- History
- Mathematics
- Spanish
- Speech Communication
- Theatre Arts

Secondary (Grades 7-12) Option II:
An Option II certificate requires two 24-hour (minimum) teaching fields/delivery systems, including 12 upper-division hours. They are available in the following fields:
- Art
- Biology
- Chemistry
- Computer Information Systems
- Dance
- Earth Science
- English
- Generic Special Education
- Health
History
Journalism
Kinesiology
Mathematics
Physical Science
Physics
Political Science
Psychology
Sociology
Spanish
Speech Communication

• Secondary (Grades 7-12) Option III:
  An Option III certificate requires one 48-semester hour (minimum) broad teaching field, including 24 upper-division hours. They are available in the following fields:
  - Art
  - Music

• Secondary (Grades 7-12) Option IV:
  An Option IV certificate requires one 48-semester hour (minimum) composite teaching field, including 24 hours in one area, of which 12 hours must be upper division. It is available in the following field:
  - Social Studies

• Requirements for Teaching Fields Offered in the College of Education
  The requirements for the teaching fields offered in the College of Education for those seeking a Standard secondary teacher certificate are shown below.

• Secondary Option II (minor or second teaching field) in Generic Special Education

  Required Courses 24 hours
  SPED 1305 Introduction to the Exceptionalities
  SPED 2304 Computer Applications and Adaptations for Individuals with Disabilities
  SPED 3302 Theories of Learning Disabilities
  SPED 4300 Testing and Assessment of Exceptional Individuals
  SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities
  SPED 4303 Theories of Social Competence and Behavioral Interventions
  SPED 4309 Program Planning for Secondary Special Education

  KIN 4351* Adaptive Kinesiology or
  SPED 4372 Individual Differences or
  READ 3327 Assessment/Diagnosis of Special Needs Students

*Students majoring in Kinesiology are required to take: SPED 4372 Individual Differences.

• Requirements for All-Level Certificates
  Standard Teacher Certificates, all-level, are offered in Art, Kinesiology and Music. A kinesiology all-level major requires a second teaching field of 24 hours; second teaching fields are not required for art and music all-level majors. Specific requirements for each are located in the appropriate departments elsewhere in this catalog; however, the professional development (21 upper-division hours) sequence for Standard teacher certificate all-level, offered through the College of Education for art and music, is as follows: EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308, READ 4351, EDCI 4398 and EDCI 4311. All-level for Kinesiology is as follows: EDCI 4301, EDCI 4302, EDCI 4307, READ 4351, EDUK 4354, and EDCI 4699.

• Internship II
  The College of Education offers the Internship II experience as an important component in the preparation of competent teachers. Prospective teacher preparation students should consult with their program advisors and apply at the College of Education Office of Field Experiences. The Internship II admission requirements below are subject to change due to new state agency regulations or College of Education/University-approved policy.

• Requirements for Admission to Internship II Semester

  Elementary Education
  1. Minimum overall grade point average (GPA) on degree plan of 2.5.
  2. All General Education courses completed with a minimum GPA of 2.25.
  3. All professional education courses completed with a GPA of 2.5.
  4. ENG 1301 and ENG 1302 completed with a minimum grade of “C” in each.
  5. Successful completion of MATH 1340, MATH 2306 and MATH 2307 with a grade of “C” or better in each.
6. Completed minimum of 3/4 of total hours required in the interdisciplinary area with a minimum 2.5 GPA.

7. Satisfactory completion of the following courses in Elementary Education: EDBE 3322, SPED 3301, EDEC 4390, EDCI 4305, EDCI 3305, EDCI 4306, READ 3323 and READ 3325 with a minimum GPA of 2.5.

8. Completed minimum of 3/4 of total hours required in academic specialization or delivery system with a minimum GPA of 2.5 in each.

All requirements for Internship II, including successful completion of Internship I, must be met before a student is given a clear admission status. All students are required to successfully complete the program and developmental benchmarks. See College of Education program advisors for specific information.

Secondary Education
1. Minimum overall grade point average (GPA) of 2.5.
2. General Education required courses completed with a minimum GPA of 2.25.
3. ENG 1301 and ENG 1302 completed with a minimum grade of “C” in each.
4. Successful completion of MATH 1340 with a grade of “C” or better.
5. Completed minimum of 3/4 of total hours required in major teaching field.
6. Minimum of 2.5 grade point average (GPA) in major.
7. Additional requirements as specified by major department.
8. Completed minimum of 3/4 of total hours required in the minor or second teaching field.
9. Minimum of 2.5 grade point average (GPA) in minor.
10. Additional requirements as specified by minor department.
11. 15 hours in Secondary Education: EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308 and READ 4351.
12. Minimum of 2.5 grade point average (GPA) in professional education.

All-Level and Secondary Kinesiology
1. Minimum overall grade point average (GPA) of 2.5.
2. General Education required courses completed with a minimum GPA of 2.5.
3. ENG 1301 and ENG 1302 completed with a minimum grade of “C” in each.
4. Successful completion of MATH 1340 with a grade of “C” or better.
5. Minimum of 2.5 grade point average in major.
6. Additional requirements as specified by major department.
7. Minimum of 2.5 grade point average in minor.
8. Additional requirements as specified by minor department.
9. 15 hours in Secondary Education: EDCI 4301, EDCI 4302, EDCI 4307, READ 4351 and EDUK 4354.
10. Minimum of 2.5 grade point average in professional education courses.

♦ Course Descriptions
A listing of courses offered by the College of Education can be found in the Course Descriptions section beginning on page 274.
The Department of Educational Psychology offers an undergraduate area of specialization (minor) in Generic Special Education. The department also offers the Master of Education degree (M.Ed.) in Gifted Education, Educational Diagnostician, Special Education and Guidance and Counseling, and a Master of Arts degree (MA) in School Psychology.

Certificates and/or endorsements in Generic Special Education; Gifted Education; Information Technology; Licensed Specialist in School Psychology; School Psychologist certification from the National Association for School Psychologists (NASP); and School Counselor are also offered by the department.

A second very important focus for the department is the coordination of all studies that are generic or core to all undergraduate and graduate degree programs. These include studies in Measurement, Statistics, Research, Educational Psychology, Multicultural Education, Human Growth and Development, and Educational Technology.

## Degree Requirements

Generic Special Education may be attached to a major in three different ways: Baccalaureate in Interdisciplinary Studies, Elementary Option; Certification-Generic Special Education; Teaching Certification Secondary Option II (minor or second teaching field); Minor in Generic Special Education (non-certified or institutional minor).

### Baccalaureate in Interdisciplinary Studies, Elementary Option III: Certification — Generic Special Education

#### General Education Requirements

Complete the requirements shown in the General Education Requirements section shown on pages 91-93 of this catalog EXCEPT for the sections, groups, or areas listed below, which must be satisfied only as shown below.

**Section A. Humanities**

**Group 4. Other Humanities**

Students may select only from the following list:

- Three hours from ART 1301 or ART 3381
- Three hours from PHIL 1320 or PHIL 1388

**Section B. Science and Mathematics**

**Group 1. Natural Science**

- BIOL 2403 and BIOL 2404

**Section C. Computer Literacy**

CSCI 1201 or CSCI 1301

**Group 3. Other Social Sciences**

Students must take Psychology 1310.

**Interdisciplinary Studies Area**

- 34 hours

COMD 1320
COMM 1313 or COMM 1303
MATH 2306
MATH 2307
PSCI 1421, PSCI 1422, PSCI 2308
KIN 4351
Select 3 semester hours from the following:

MUS 1307
MUS 1308
MUS 3311
PHIL 1320
PHIL 1388 or
ANTH 3333

Modern Language (Part 2 of same Modern Language selected under General Education).

Professional Education 21 hours
EDCI 3305 Foundations of Multicultural Education
EDCI 4302 Educational Psychology
EDCI 4305 Instructional Technology and Curriculum Development
EDBE 3322 Foundations of Bilingual Education
EDCI 4306 Instructional Methods and Classroom Management
EDCI 4311 Directed Teaching-Elementary
ED 4313 Directed Teaching-Generic Special Education

Academic Specialization: Generic Special Education 21 hours
SPED 1305 Introduction to the Exceptionalities
SPED 3301 Inclusion of the Exceptionalities
SPED 3302 Theories of Learning Disabilities
SPED 4300 Testing and Assessment of Exceptional Individuals
SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities
SPED 4303 Theories of Social Competence and Behavioral Interventions
SPED 4309 Program Planning for Secondary Special Education

Teaching Certification: Secondary Option II (minor or second teaching field) in Generic Special Education 24 hours
SPED 1305 Introduction to the Exceptionalities
SPED 2304 Computer Applications and Adaptations for Individuals with Disabilities
SPED 3302 Theories of Learning Disabilities
SPED 4300 Testing and Assessment of Exceptionalities

Certificate: Generic Special Education 21 hours
The Generic Special Education certificate may be added to valid provisional teacher certificates with elementary, secondary or all-level options certificates. The professional developmental sequence for the Generic Special Education certificate consists of 24 hours as follows:

SPED 1305 Introduction to the Exceptionalities
SPED 2304 Computer Applications and Adaptations for Individuals with Disabilities
SPED 3302 Theories of Learning Disabilities
SPED 4300 Testing and Assessment of Exceptional Individuals
SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities
SPED 4303 Theories of Social Competence and Behavioral Interventions
SPED 4309 Program Planning for Secondary Special Education
KIN 4351* Adaptive Kinesiology or
SPED 4372 Individual Differences

*Students majoring in Kinesiology are required to take:
SPED 4372 Individual Differences.

Minor in Generic Special Education (non-certified or institutional minor) 24 hours
SPED 1305 Introduction to the Exceptionalities
SPED 2304 Computer Applications and Adaptations for Individuals with Disabilities
SPED 3302 Theories of Learning Disabilities
SPED 4300 Testing and Assessment of Exceptional Individuals
SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities
SPED 4303 Theories of Social Competence and Behavioral Interventions
SPED 4309 Program Planning for Secondary Special Education
*KIN 4351 Adaptive Kinesiology or
SPED 4372 Individual Differences

*Students majoring in Kinesiology are required to take:
SPED 4372 Individual Differences

Directed Student Teaching Requirements for Generic Special Education

A student seeking certification in elementary or secondary education and minor in generic special education must complete one-half of his or her student teaching semester in an elementary or secondary classroom and one-half in a special education classroom. All students must enroll in ED 4313 to fulfill special education student teaching requirements. Before entering student teaching, the student must have completed all minor courses, with the exception of night block students, who may take SPED 4300 concurrently with student teaching. For additional requirements, please refer to the section on student teaching in the Department of Curriculum and Instruction.

Endorsements

Endorsement in Gifted Education

See Graduate Programs, Department of Educational Psychology.

Endorsement in Information Technology
1. Texas Teaching Certificate
2. 9 hours: ED 3350, CSCI 1380 and CSCI 3321

Certificate and Endorsements in Special Education (graduate level)

See graduate programs, Department of Educational Psychology.

Full-time Faculty
Blomquist, Melinda, Lecturer, Dance
Chen, Shihui, Associate Professor, Kinesiology
Darsow, Fred, Assistant Professor, Program Coordinator, Dance
Dugas, Donna, Assistant Professor, Pedagogy and Kinesiology
Gonzalez, Juan, Assistant Professor, Kinesiology
Guinn, Robert, Professor and Program Coordinator, Health
Jorgensen, Layne, Professor and Graduate Coordinator, Kinesiology
Mottinger, Sue, Associate Professor, Kinesiology
Muñoz, Francisco, Lecturer, Dance
Nelson, Larry, Lecturer, Kinesiology
Ryman, Jeannean, Lecturer, Kinesiology
Schmidt, Marcelo, Lecturer, Kinesiology
Semper, Louis T., Associate Professor and Program Coordinator, Kinesiology
Villas, Paul, Professor, Health

Mission Statement

The mission of the Department of Health and Kinesiology is congruous with those of The University of Texas-Pan American and the College of Education. Specifically, it is to prepare health, kinesiology, and dance students to function professionally in a changing diverse society, to fulfill the General Education requirements and to improve the quality of University life through the understanding, delivering and promotion of physical activity in the wellness program.
**General Overview**

The Department of Health and Kinesiology offers a Bachelor of Science degree with majors in Health and in Kinesiology and a Bachelor of Arts in Dance degree. The department also offers minors in Health, Kinesiology, and Dance. At the graduate level, the Department of Health and Kinesiology offers a Master of Science degree with a specialization in Kinesiology. As part of The University of Texas System Consortium, an online master's degree is offered.

**Teacher Certification**

*The following plans are offered:*

- Health
- Elementary Option I (within Interdisciplinary Elementary majors only)
- Elementary Option II (within Interdisciplinary Elementary majors only)
- Secondary Option II Kinesiology
- Elementary Option I (within Interdisciplinary Elementary majors only)
- Elementary Option II (within Interdisciplinary Elementary majors only)
- Secondary Option II ALL-Level Kinesiology Option II
- Dance
- Secondary Option I
- Secondary Option II

The General Education requirement for all students is 2 hours of credit in a kinesiology wellness activity course. This requirement is met during the freshman and/or sophomore year by taking a 2-hour wellness activity course. Students who are unable to participate in physical activity courses must obtain a waiver and are required to take KIN 2301 to satisfy the requirement. (See pages 91-93 for General Education requirements.)

**Degree Requirements**

**Special General Education Requirements for Bachelor of Science Degrees in Health and Kinesiology**

Complete the requirements shown in the General Education requirements section on pages 91-93 of this catalog EXCEPT for the sections, groups, or areas listed below, which must be satisfied only as shown below.

<table>
<thead>
<tr>
<th>Section B. Science and Mathematics</th>
</tr>

- **Student Teaching**

  Please refer to the Student Teaching section under the Department of Curriculum and Instruction. In addition, health, kinesiology and dance students must satisfy the following as part of their student teaching requirements:

  *No student is allowed to student teach in the school(s) from which they matriculated, and*

  *No student is allowed to student teach under the supervision of an immediate family member.*

- **Health**

  **Secondary Option II (Major):** Must have completed HLTH 1354 and 21 additional health hours of which nine must be advanced, and have a GPA of 2.50 or better. HLTH 2352 may not be used to satisfy Option II Teacher Certification.

  **Secondary Option II (Minor):** Must have completed HLTH 1354 and 15 additional hours of which six must be advanced, and a GPA of 2.50 or better. HLTH 2352 may not be used to satisfy Option II Teacher Certification.

- **Kinesiology**

  **Secondary Option II (Major):** Must have completed KIN 1351, 1354, 3312, 3319, 3345, 3353, 3365, 4351, and 3 additional hours and have a GPA of 2.50 or better.

  **Secondary Option II (Minor):** Must have completed KIN 1351, 1354, 3312, 3319, 3345, 3353, 3365, and 4351 and have a GPA of 2.50 or better.
**All-level Option II (major):** must have completed KIN 1351, 1354, 3313, 3319, 3353, 3356, 3365, and have a GPA of 2.50 or better.

- **Dance**
  - **Secondary Option I and II (Major):** Must have completed DANC 3202, 2203, 3309, 3310, 3311, 3320, 4202, 4310, 4311, 4312 and at least two 4000 level Technique dances.

- **Health Degree Requirements**
  - Health majors should consult with their advisor in the department.

- **Health Major (non-certified)** — requires a minor.

• Health Secondary Option II
(Minor or secondary teaching field)

Required Courses 24 hours

HLTH 1354: Safety and First Aid
HLTH 4350: Organization of the Health Program
9 hours from lower-division courses excluding HLTH 2352
9 hours from upper-division courses

Recommended Courses
BIOL 2403: Anatomy and Physiology
BIOL 2404: Anatomy and Physiology

• Kinesiology Degree Requirements
Kinesiology majors should consult with their advisor in the department.

• Major in Kinesiology (non-certified)

Required Courses 30 hours

KIN 1351: Introduction to Kinesiology
KIN 1354: Safety and First Aid
KIN 3312: Dance Activities for Adolescents
KIN 3319: Tumbling and Gymnastics
KIN 3345: Biomechanics
KIN 3353: Physiology of Exercise
KIN 3365: Tests and Measurements in Kinesiology
KIN 4351: Adapted Kinesiology
KIN 4664: Kinesiology Practicum

Kinesiology Wellness Activity Courses 8 hours

Select one course from Areas 1-4

NOTE: All departmental courses listed as either "Intermediate or II" require the satisfactory prerequisite completion of a similar content course listed as either basic, beginning or level I or must satisfactorily demonstrate requisite skill level proficiency to course instructor. Students lacking the prerequisite courses and/or skill levels who enroll in intermediate or level II courses will be dropped by the course instructor.

Area 1: Team Sports
KIN 1250: Speedball-Soccer
KIN 1255: Softball
KIN 2201: Flag Football
KIN 2202: Volleyball
KIN 2221: Basketball

Area 2: Dual Sports
KIN 2203: Badminton I
KIN 2204: Tennis I
KIN 2213: Badminton II
KIN 2241: Racquetball I
KIN 2242: Racquetball II
KIN 2256: Tennis II
KIN 2264: Fencing

Area 3: Aquatics
KIN 1200: Swimming I
KIN 2280: Lifeguard Training
KIN 2281: Water Safety Instruction
KIN 2282: Scuba Diving

Area 4: Others
Select any course from those not listed previously.
COMM 1303 or 1313 3 hours

TOTAL 41 hours

• Support Area
A Kinesiology major (non-certified) requires a 24-hour support area containing:

CIS 2352
HLTH 2352
MANA 3361
MARK 3371
MARK 4372
SOC 3310
6 hours advanced elective of anything

TOTAL 24 hours

• Minor in Kinesiology (non-certified)

Professional Kinesiology (Theory Courses) 18 hours
A minimum of 6 hours advanced.

Kinesiology Wellness Activity Courses 6 hours
Six hours activity wellness classes:
KIN 1200: or another aquatic
KIN 1201, and 2 hours elective.

TOTAL 24 hours

Teacher Certification in Kinesiology
Kinesiology major or minor must have a GPA of 2.50 or higher in theory classes.
• **Kinesiology Elementary Option I**  
(Elementary majors only)

**Required Courses**  
**12 hours**

• Athletic Coaching Specialization
In an effort to meet the demand for men and women coaches in all sports, an Athletic Coaching Specialization Certificate is offered. With the completion of this program, a Departmental Certificate is awarded. The student need not be either a major or minor in kinesiology to complete this program.

To be eligible to receive the Athletic Coaching Specialization Certificate, the student must complete the following program of study:

Required Courses  12 hours
KIN 3345 Biomechanics
KIN 3352 Care, Treatment and Prevention of Athletic Injuries
KIN 3353 Physiology of Exercise
HLTH/1354 Safety and First Aid

Designated Electives  12 hours
Select four from the following:
KIN 3300 Theory of Football
KIN 3302 Teaching Individual Sports
KIN 3303 Theory of Basketball
KIN 3304 Theory of Baseball
KIN 3305 Theory of Track and Field
KIN 3320 Theory of Volleyball
KIN 3333 Theory of Soccer

• Athletic Trainer Licensure Program
The Department of Health and Kinesiology and the UT Pan American Head Athletic Trainer provide an avenue for UT Pan American students to secure a Texas State Athletic Trainer Licensure through the Texas Department of Health. An athletic trainer is an Allied Health Care Professional primarily concerned with the prevention, recognition, immediate treatment and rehabilitation of injuries incurred in an athletic or sports setting. Athletic trainers are employed in a wide variety of settings including but not limited to interscholastic athletic programs, intercollegiate athletic programs, sports medicine clinics and health clubs.
The requirements for licensure are:

Curriculum Requirements
BIOL 2403 Anatomy and Physiology
BIOL 2404 Anatomy and Physiology or
KIN 3353 Physiology of Exercise
KIN 1354 Safety and First Aid
   (must include CPR Certification)
KIN 3345 Biomechanics
KIN 3352 Care, Treatment and Prevention
   of Athletic Injuries
Health — any 3 hours

Apprenticeship (Internship) Requirements
1. Scheduled interview with UT Pan American Head
   Athletic Trainer.
2. Minimum of three academic years (six semesters
   of fall and spring) under direct supervision of State
   Licensed Athletic Trainer (UT Pan American Head
   Athletic Trainer).
3. A minimum of 600 supervised “lab clock hours”
   each year for a total of 1,800 hours.
4. Enrollment as a full-time student at UT Pan
   American during each of the three academic years (six
   semesters).

Application Requirements for Texas State License Exam
1. Student must request an application from the
   Texas Department of Health.
2. Student must be within 30 hours of graduation
   and must have completed at least 1,500 clock hours
   (five semesters) of Apprenticeship.

Texas State License is granted:
1. Once applicant has successfully passed the Texas
   State License Exam.
2. Once applicant has provided proof of graduation
   from UT Pan American.
3. Once applicant has all documentation regarding
   apprenticeship and course requirements in order.
4. Once applicant has paid his/her licensure fee.
5. If applicant has not been convicted of a felony or
   misdemeanor relating to the duties of an athletic
   trainer.

College of Health Sciences & Human Services

General Overview

Recognizing the need for the University to take a leading role in the education of health care and human service professionals, the college, with the assistance and cooperation of regional facilities, is dedicated to providing educational programs necessary to meet the needs for competent health and human service professionals in the Rio Grande Valley and Texas.

Academic Programs

The College of Health Sciences and Human Services offers a Bachelor of Science degree in Clinical Laboratory Sciences, Dietetics, Nursing, Rehabilitative Services, Communication Sciences and Disorders, and a Bachelor of Social Work degree. Physician Assistant Studies and Occupational Therapy programs are also offered at the baccalaureate level. Communication Disorders, Nursing, Rehabilitation Counseling and Social Work offer programs leading to the granting of master's degrees at the graduate level. More information on master’s degrees is available in the Graduate Catalog.

General admission requirements conform to those of the University. Specific variations of requirements are stated within each program description.

The faculty of the college provide academic advisement and assistance to students pursuing careers in health sciences and human services. Curricula for programs within the college are structured to provide theory as well as practice-based learning experiences. In order to provide the practice-experience component of the college’s programs, the University has negotiated affiliation agreements with numerous health/human service/social service facilities in South Texas and in other regions.

Dr. William J. McIntyre, Interim Dean
Health Sciences and Human Services West (HSHW)
Room 2.230
1201 W. University Drive
Edinburg, Texas 78541-2999
Telephone: 956/381-2291
Fax: 956/384-5054
E-mail: mcintyrew@panam.edu
On the web: http://www.panam.edu/colleges/cohshs.cfm
Interdisciplinary courses are offered to:
1. promote and provide understanding of the role of personnel involved in the delivery of health care, patient/client education, and human and social services;
2. focus on the team approach to patient and client care in the delivery of health and human services;
3. introduce the student to the wide range of available careers in the sectors of health and social and human services; and
4. provide the student with a working knowledge of medical terminology.

Another interdisciplinary course is offered to teach basic clinical nutrition concepts.

A listing of these courses can be found under the heading “Health-Related Programs Interdisciplinary Courses” in the Course Descriptions section of this catalog. See page 296.
1. Provide a quality education to students enrolled in the clinical laboratory science program, which will allow them to perform as competent career entry professionals.

2. Provide a flexible curriculum, which meets the needs of the traditional as well as the non-traditional student.

3. Provide a curriculum that presents opportunities for students to develop leadership skills and will enable them to function as an integral part of the healthcare team.

4. Prepare students to meet the unique challenges of a multicultural border health region.

**General Overview**

Clinical Laboratory Sciences (Medical Technology) is a profession in which theoretical knowledge in the fields of biology and chemistry is applied in the analysis of various cells and body fluids. Clinical laboratory scientists, or medical technologists, assist in the diagnosis and treatment of disease conditions through laboratory procedures in hematology, microbiology, immunology, blood banking, clinical chemistry and urinalysis.

The pre-professional curriculum is composed of the University Core Requirements plus additional biology and chemistry courses. Admission to the professional portion of the Bachelor of Science in Clinical Laboratory Sciences Program is limited; therefore, students are urged to keep high standards of performance during their pre-professional years.

**Admission Requirements**

In order to be accepted into the Clinical Laboratory Sciences Program, the student must submit an application to the Clinical Laboratory Sciences Program upon completion of 70 hours of pre-professional coursework, but no later than March 31 of his or her junior year. The Admissions Committee meets in April to consider all applications received by March 31. Applications received after March 31 are considered on a space-available basis. A completed application must include official transcripts and three letters of reference.

**Admission Course Prerequisites**

**UTPA Core**

48 hours

- Complete the requirements in the General Education Core EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown.

**Science and Mathematics**

**Group 1. Natural Science**

- Students must select BIOL 1401 and BIOL 1402.

**Science Support Courses**

24 hours

- Required Courses
  - BIOL 3401 General Microbiology
  - CHEM 1301 and 1101 General Chemistry I
  - CHEM 1302 and 1102 General Chemistry II
  - CHEM 2302 and 2102 Organic Chemistry I
  - CHEM 2303 and 2103 Organic Chemistry II or
  - CHEM 3303 and 3103 Biochemistry

- Approved biology course to be selected from any of the following:
  - BIOL 3403 Medical Microbiology and Immunology
  - BIOL 3412 Cell Biology
  - BIOL 3413 Genetics
  - BIOL 4406 Mycology
  - BIOL 4407 Animal Parasitology

Applicants who plan to utilize coursework more than seven years old in the areas of general chemistry or the biological sciences will be required to demonstrate an up-to-date knowledge in these areas. This may be accomplished by either of the following:

A. Completion of at least one formal course in chemistry and one formal course in the biological sciences within the last five years with a grade of at least “C.”

B. One year of relevant experience in the field of clinical laboratory science within the last five years.

**Other Admission Information**

A. Students must complete all non-Clinical Laboratory Science coursework prior to entering the program. CLSC 3301 is an introductory-level course, and students are strongly encouraged to take this course prior to actually entering the professional phase of the program.
B. Applications from international students with foreign transcripts or degrees seeking admission to the program and planning to apply for a degree in Clinical Laboratory Sciences from The University of Texas-Pan American will be handled in accordance with University policies and must meet all applicable degree requirements.

C. Readmission to the program is not automatic and is on a space-available basis.

Other Requirements
A minimum GPA of 2.0 and a minimum science GPA of 2.0 is required for admission to the program.

► Alternate Admission Pathways
A. A student who does not wish to receive a degree from The University of Texas-Pan American but who wishes to attend the professional portion of the curriculum must meet one of the following requirements:

1. hold a baccalaureate degree from an accredited institution and have a minimum of 16 semester hours of chemistry including inorganic and organic or biochemistry and 16 semester hours of biology including microbiology and a college level math course;

2. hold a foreign baccalaureate degree from an international institution, meet all admission requirements of UT Pan American and have his or her transcript evaluated by agencies acceptable to the National Certification Agencies; this evaluation must show that his or her degree is equivalent to a baccalaureate in the United States with appropriate coursework in biology, chemistry and mathematics;

3. have completed all preprofessional coursework at their parent institution with 16 semester hours of biology, including a course in microbiology, 16 semester hours of chemistry including inorganic and organic or biochemistry, 3 semester hours of college-level mathematics; and an affiliation agreement between The University of Texas-Pan American and his/her parent university stating that, upon satisfactory completion of the Clinical Laboratory Sciences curriculum offered at The University of Texas-Pan American, the student will be awarded a baccalaureate degree.

► Certification Requirements
Certification requires a baccalaureate degree including 16 hours of biological sciences, 16 hours of chemistry, 3 hours of college mathematics and completion of the accredited Clinical Laboratory Sciences Program. Microbiology, immunology and organic chemistry courses should be part of the curriculum. All professional courses must be completed with a grade of “C” or better.

NOTE: Senior year courses include clinical practicum work that may not necessarily conform exactly to the University calendar.

Other Requirements
Students must complete all professional courses with a grade of “C” or better. Students who receive a “D” or below in the on-campus professional courses will not be allowed to proceed to clinical practicums until a
satisfactory grade of “C” or better is attained. Re-admission to the program is not automatic and is on a space-available basis.

TOTAL 130 hours

Wang, Bailey, Assistant Professor
Nericcio, Mary Anne, Assistant Professor

♦ Major in Communication Disorders

The Bachelor of Arts in Communication Disorders is a pre-professional degree designed to prepare its graduates for graduate study in one of two professions, speech-language pathology or audiology. Because certification requirements require a graduate degree to practice in the field, this Bachelor of Arts degree is not designed to prepare its graduates for immediate employment in either profession. However, graduates of the program are qualified to pursue a variety of professional careers requiring baccalaureate-level preparation.

COORDINATED PROGRAM IN DIETETICS

Dr. Esperanza Briones, Program Coordinator
Health Sciences and Human Services West (HSHW)
Room 2.226
Telephone: 956/318-5264
Fax: 956/318-5265
E-mail: ebriones@panam.edu

Full-time Faculty
Briones, Esperanza, Associate Professor
Edionwe, Alexander, Associate Professor
Faraji, Bahram (Bob), Associate Professor

General Description

The Dietetics Program prepares students to successfully complete the national registration examination and be qualified for entry-level positions in administrative, clinical or community dietetics. Graduates will possess additional knowledge and skills that will enable them to work with the specific and unique needs of the local community which is largely Mexican-American, as well as other areas of the country with large Hispanic populations.

The goals of the Dietetics Program are to train students to deliver high quality nutrition services to diverse clients and community groups in various settings, to develop communication, leadership, and teamwork skills which will carry to the professional setting and to lead them toward continued pursuit of goals of continuous education and involvement as dietitians.

The accelerated program combines the academic study of dietetics with the opportunity to apply knowledge in a professional setting. Qualified students complete their education in dietetics in a variety of settings during their junior and senior years. Upon successful completion, students earn a Bachelor of Science degree with a major in Dietetics. Upon graduation, they are eligible to become an active member of the American Dietetic Association and take the examination to become a Registered Dietitian (RD) and Licensed Dietitian (LD).

The Dietetics Program is accredited by the American Dietetic Association Commission on Accreditation/Approval for Dietetics Education (CADE).

Requirements for Admission to the Dietetics Program

A. Submission of the following:
1. Completed application for admission to the Coordinated Program in Dietetics. Call 956/318-5264 for information.
2. Official transcript showing completion of at least 60 hours with a minimum of 2.5 grade point average to include (or to include at start of the program):
   - ENG 1301 and ENG 1302
   - MATH 2330
   - BIOL 2403, BIOL 2404 and BIOL 3401 or CLSC 2429, CHEM 1301, 1101, CHEM 1302, 1102, CHEM 2102, CHEM 2302 and CHEM 3103, 3303
   - HRP 2303, DIET 2351 and DIET 2352

   NOTE: A minimum GPA of 2.0 with a minimum grade of “C” in each course is required in the Science Support Courses. A minimum GPA of 2.5 with a minimum grade of “C” in HRP 2303, DIET 2352 is required. DIET 2351 is required in the Dietetic Core.

3. Three letters of recommendation.
4. Handwritten letter from the applicant stating reason for interest in the Dietetics program.
5. Results of the Nelson-Denny Reading Test (test administered through the Learning Assistance Center).
6. Completion of a minimum of 80 hours of work-related experience, either volunteer or paid, in the area of dietetics or food service prior to entrance into the Dietetics program; this must be documented and verified by the applicant’s employer.

B. Selection by the Admissions Committee is based upon the following:
1. Completion and submission of the required material by the first Monday in April.
2. Grade point average overall and in science courses.
3. Evaluation of selected references and criteria.
4. Score on the Nelson-Denny Reading Test.
5. Responses to the student interview with the Admissions Committee.

**Readmission**

Readmission is not automatic. Students desiring readmission must notify the Dietetics program in writing at least one semester (or two summer sessions) in advance. Complete information regarding readmission can be obtained in the current Dietetics Program Student Guidebook available in the department.

**Major in Dietetics**

**Degree Requirements**

**General Education Requirements** 48 hours

Complete the requirements shown in the General Education Requirements section on pages 91-93 of this catalog EXCEPT for the sections, groups or areas listed here, which must be satisfied only as shown below.

- **Section B. Science and Mathematics**
  - **Group 1. Natural Science**
    Students should select BIOL 2403 and BIOL 2404, CHEM 1301, 1101 and CHEM 1302, 1102. Otherwise, both sequences must be taken as part of the science support courses.

- **Section E. Social Sciences**
  - **Group 3. Other Social Science**
    Students must select one course from Area 2, Economics, and Area 3, Psychology 1310.

**Science Support Courses** 20-28 hours*

- CHEM 1301 General Chemistry
- CHEM 1101 General Chemistry Lab I
- CHEM 1302 General Chemistry
- CHEM 1102 General Chemistry Lab II
- CHEM 2102 Organic Chemistry Lab
- CHEM 2302 Organic Chemistry I
- CHEM 3103 Biochemistry Laboratory
- CHEM 3303 Biochemistry
- BIOL 2403 Anatomy and Physiology
- BIOL 2404 Anatomy and Physiology
- BIOL 3401 General Microbiology or CLSC 2429 Clinical Microbiology

*If the student completes BIOL 2403 and BIOL 2404 or CHEM 1301, 1101 and CHEM 1302, 1102 as part of the General Education Requirements, only 20 additional hours of science support courses are required. The grades for all courses listed will be used in determining compliance with minimum grade and GPA requirements.

**Interdisciplinary Support Courses** 6 hours

- MANA 3361 Principles of Management and Organizational Behavior
- ECON 1301 Introduction to Economics

**Admission Prerequisite**

**Dietetic Core Courses** 9 hours

- DIET 2352 Food Preparation
- HRP 2303 Medical Terminology
- DIET 2351 Introduction to Clinical Nutrition

**Dietetic Professional Courses** 48 hours

(Enrollment eligibility based on acceptance into the Dietetics Program.)

- **First year (Junior)**
  - DIET 3452 Quantity Foods Production
  - DIET 3353 Advanced Nutrition
  - DIET 3354 Food Systems Management
  - DIET 3655 Food Systems Management Practicum
  - DIET 3356 Experimental Foods
  - DIET 3357 Medical Nutrition Therapy I
  - DIET 3358 Medical Nutrition Therapy II

- **Second year (Senior)**
  - DIET 4852 Clinical Nutrition Practicum
  - DIET 4455 Community Nutrition Practicum
  - DIET 4456 General Dietetics Practicum
  - DIET 4257 Seminar in Dietetics
  - DIET 4358 Communication Skills in Dietetics
  - DIET 4259 Community and Life Cycle Nutrition

**Other Requirements**

A minimum grade of “C” is required for all Dietetics (DIET) courses (lecture, labs and clinicals) and for all science support courses.

**TOTAL** 131 hours

**Course Descriptions**

A listing of courses offered by the Coordinated Program in Dietetics can be found on pages 271.
General Overview

The Nursing Department offers a Bachelor of Science in Nursing and a Master of Science in Nursing, both accredited by the Board of Nurse Examiners for the State of Texas and the National League for Nursing (National League for Nursing Accreditation Commission, 350 Hudson Street, New York, NY 10014, 212/989-9393).

The Nursing Department supports the mission of the College of Health Sciences and Human Services through programs that educate individuals to meet the health care needs of a culturally diverse society. These programs facilitate the development of competent practitioners with critical thinking skills to provide holistic nursing care to individuals, families, aggregates, and communities. A commitment to fostering research and service that enhance health promotion, maintenance, and restoration is integral to the mission of the Nursing Department.

Bachelor of Science in Nursing Program

The Bachelor of Science in Nursing (BSN) Program is generic in nature with an alternate pathway for registered nurses. It is designed to enable students to integrate knowledge from theory and research, high-level skills, and concepts of leadership into the practice of professional nursing care of individuals, families, and groups. The BSN Program provides a foundation for graduate study.

Generic BSN graduates are eligible to apply to the Texas State Board of Nurse Examiners to take the National Council Licensure Examination. After successfully completing this examination, the graduate is issued a license to practice as a registered nurse in the State of Texas.

Dr. Sandy Sánchez, BSN Coordinator
Health Sciences and Human Services East (HSHE)
Room 2.190
Telephone: 956/381-3491
E-mail: ssanchez@panam.edu

Requirements for Admission to the BSN Program

1. Meet UT Pan American’s admission requirements.
2. Have a minimum 2.5 grade point average (GPA) on a 4.0 scale on all prerequisite courses.
3. Complete all prerequisites with a minimum grade of “C” in each course (see detail below).
4. Pass math quiz (grade of 100).
5. Provide proof of current certification in cardiopulmonary resuscitation (CPR; health care provider).
6. Provide documentation verifying absence of active pulmonary disease.
7. Provide documentation verifying current immunization or immunity status for specified diseases (Hepatitis B, Measles, Mumps, Rubella, Tetanus/Diphtheria, Varicella, etc.).
8. Alternate pathway applicants: Be a registered nurse in the state of Texas or have a temporary permit.
to practice professional nursing in Texas.
9. Submit application to the BSN Program by October 1.
10. Be admitted by the BSN Student Development Committee. After being rank-ordered according to prerequisite GPA, students will be admitted on a space-available basis.

**Prerequisite Course Requirements**

**for Admission**

**General Education Requirements** 48 hours
Complete the requirements shown in the General Education Requirements section shown on pages 91-93 of this catalog EXCEPT for the sections, groups, or areas listed below, which must be satisfied only as shown here.

**Section B. Science and Mathematics**

**Group 1. Natural Science**
BIOL 2403 and BIOL 2404 must be selected.

**Group 2. Mathematics**
MATH 2330 must be selected.

**Section E. Social Science**

**Group 3. Other Social Science**
ANTH 1323 (from Area 1, Anthropology) or
SOCI 1313 (from Area 4, Sociology) must be selected.

**Other Course Requirements** 22-25 hours

PSY 3337 Developmental Psychology: Life Span
PSY 1310 Introduction to Psychology

**Kinesiology (activity)** 2 hours

**Modern Language (in same language)** 3 hours

**♦ BSN Advisement**

Current and prospective BSN students must be advised by a BSN advisor every semester.

**♦ Exceptions to Admission Criteria**

Students may formally petition the BSN Student Development Committee for exceptions to the admission criteria. Each request will be evaluated on an individual basis.

**♦ Advanced Placement**

Alternate Pathway (RN) students may be granted credit for selected BSN courses after approval by the BSN Student Development Committee.

**♦ Computerized Background Checks**

According to the Texas Nurse Practice Act contained in the Texas Occupations Code (Chapters 301 and 303), the Board of Nurse Examiners (BNE) may refuse to admit persons to its examinations who have:
1. been denied licensure by any licensing/certifying authority in any country, state, or province;
2. had disciplinary action taken against their license by any licensing/certifying authority in any country, state, or province;
3. been convicted of a crime other than a minor traffic violation;
4. been diagnosed with, treated, or hospitalized in the last five years for schizophrenia or other psychotic disorders, bipolar disorder, paranoid personality disorder, antisocial personality disorder, or borderline personality disorder;
5. been addicted to or treated for the use of alcohol or any other drug within the past five years;
6. been issued any order concerning eligibility for examination or licensure by the Texas BNE or received a proposal of ineligibility.

Any individual enrolled or planning to enroll in an educational program that prepares an individual for an initial license as a registered nurse who has reason to believe that he/she is ineligible for the license may petition the Board for a declaratory order as to his/her potential ineligibility (Article 301.2570).

**♦ Professional Liability Insurance**

All students enrolled in clinical nursing courses are required to maintain professional liability insurance. Since "blanket" student coverage is billed along with other student fees, RNs who have their own coverage and do not wish to purchase student coverage must inform the BSN Coordinator.
**Progression Criteria**
To continue enrollment in the BSN program, students must:

1. Maintain at least $1$ million in professional liability insurance.
2. Provide annual documentation verifying absence of active pulmonary disease.
3. Provide documentation verifying current immunization or immunity for selected diseases (Hepatitis B, Measles, Mumps, Rubella, Tetanus/Diphtheria, Varicella, etc.).
4. Provide annual proof of current certification in CPR (health care provider).
5. Maintain a 2.0 GPA on a 4.0 scale.
6. Achieve a minimum grade of “C” in each required course. (Any grade below a “C” is a failing grade.)
7. Satisfactorily complete nursing courses in approved sequence.
8. Alternate Pathway students: Provide evidence of current licensure to practice registered nursing in the State of Texas. Students will not be permitted to continue in clinical courses if a temporary permit expires without a license being issued or if a license to practice registered nursing has expired or been suspended, canceled, or revoked.
9. Seek academic advisement each semester regarding program progression.

**Readmission**
Readmission into the BSN program is not guaranteed. After failing (or dropping) a BSN course, the student must apply for readmission, in writing, to the BSN Student Development Committee before continuing with nursing courses. Students applying for readmission will be considered on a space-available basis pending recommendation of the BSN Student Development Committee and the consent of the course faculty. Students must apply by April 1 for summer or fall readmission or October 1 for spring readmission.

A student who has failed (or dropped) a clinical course may petition to be allowed to enroll in nonclinical courses. Being allowed to do so does not guarantee that the student will be readmitted into the program. Students being readmitted into BSN courses may be required to demonstrate proficiency in select nursing skills (e.g., psychomotor, psychosocial, cognitive, etc.), as determined by course faculty.

Students are generally not allowed readmission after a year’s absence from the BSN program. Students who fail the same BSN course twice are ineligible for readmission into the BSN program.

**Graduation Criteria**
1. Achieve a minimum grade of “C” in each required course.
2. Satisfactorily complete all required courses.
3. Have a 2.0 GPA on a 4.0 scale.
4. File a Degree Plan approved by the BSN Coordinator.
5. File an acceptable Application for Degree with the Office of Admissions and Records on or before the date specified in the University Calendar.
6. Meet UT Pan American’s General Requirements for a Bachelor’s Degree.
7. Pass BSN Readiness Exam.

**Degree Requirements for the Bachelor of Science in Nursing**

Balda, Alicia, Assistant Professor
Bowen, Judith E., Associate Professor
Scoggin, Angela E., Associate Professor
Wells, Shirley, Assistant Professor

General Overview

Occupational therapy is a vital, exciting and rewarding health profession. Therapists work with many different types of patients, helping them to regain independence and health. Occupational therapists work with individuals with a wide variety of conditions including physical illnesses and injuries such as arthritis and stroke, developmental problems of infants and children, social and emotional difficulties of people of all ages, and problems of aging. Therapists also provide services to prevent injuries and promote wellness education.

The therapist helps the patient learn to perform...
tasks of living (or occupations) that are essential to an independent and meaningful life. These activities might include eating, dressing, regaining lost skills, learning to manage artificial limbs, retraining eyes and hands through different forms of art and recreation, managing a household or returning to work after injury or illness.

New developments in occupational therapy include the use of work simulators, biofeedback techniques and microcomputers. These technological advances help the patient take a more active part in his or her treatment as it progresses, give the therapist more time to relate to the patient and allow those persons with severe disabilities to successfully manage their environments.

After graduation, a qualified occupational therapist might work in a hospital, clinic, school, rehabilitation center, psychiatric facility, industrial setting, private home, private practitioner environment or community setting.

There are opportunities for career advancement ranging from becoming an expert in specialized aspects of patient treatment to positions in administration, research, education and consultation.

Individuals considering a career in occupational therapy should have an interest in understanding the continuum from wellness to illness. The ability to establish sound interpersonal relationships and to communicate effectively are critical to successful practice.

**The Program**

The Bachelor of Science degree in Occupational Therapy requires a minimum of 149 semester hours of credit, 24 hours of which are earned in six months of fieldwork. During the pre-professional phase (freshman and sophomore years), students complete general education requirements and occupational therapy prerequisites. This lower-division work may be taken at any regionally accredited college or university. The professional phase, which is comprised of two years of academic courses and six months of fieldwork, is offered at UT Pan American and clinical facilities.

Completion of the program is required for eligibility to take the national examination for certification as a Registered Occupational Therapist (OTR). A license to practice in the State of Texas is contingent upon passing this examination.

**Admission Requirements**

Requirements for admission to the professional phase of the occupational therapy program include a minimum of 60 semester hours of prescribed coursework. Academic considerations include a minimum GPA of 3.0 in prerequisite coursework. Additional admission requirements include a minimum of 20 hours of volunteer and/or observation hours under the general supervision of a registered occupational therapist. Documentation of the volunteer/observation hours, as well as two letters of reference, must be submitted with the admission application. A personal interview is required of all candidates who meet the basic admission requirements.

Additional considerations include nonacademic achievements, motivation, maturity and communication skills. A maximum of 22 students will be admitted to the Occupational Therapy Program each year. Admission is competitive.

**Prerequisites**

The preprofessional phase requires a minimum of 60 semester hours of college-level prerequisites with a GPA of 3.0. The Occupational Therapy Program course requirements are outlined below.

<table>

**Application Procedure**

Application for admission to the professional phase should be made through the Department of
Occupational Therapy Program between September 1 and February.

1. Application forms are available in the Occupational Therapy office of the Health Sciences and Human Services Building East, Room 1.130. Individuals who are selected for admission will be notified by letter in early spring.

   It is the responsibility of the applicant to stay informed about possible prerequisite changes for each application period.

   Prospective applicants who are not students at UTPA must apply for admission to the University before applying for the professional program. Applicants may submit requests for an unofficial evaluation to the Admissions Committee, Occupational Therapy Program. All prerequisite coursework must be completed prior to the February 1 application deadline.

◆ Accreditation

   This program is accredited by the Accreditation Council of Occupational Therapy Education (ACOTE).

   American Occupational Therapy Association
   4720 Montgomery Lane
   P. O. Box 31220
   Bethesda, MD 20824-1220
   Phone (301) 652-2682

◆ Professional Phase Requirements

   Students accepted into the professional phase begin upper-division work the summer before the junior year. Coursework in the professional phase must be taken on a full-time basis and in sequence. The Professional Phase Curriculum is listed below:

TOTAL 12

The two extended, full-time fieldwork experiences (each three months in duration) must be completed to fulfill requirements of the program. Level II Fieldwork experience may be attempted only by students who have satisfactorily completed all corresponding academic coursework.

Fieldwork experiences are designed to permit students to demonstrate application of principles and techniques of practice under the supervision of experienced therapists. Fieldwork is accomplished at selected clinical sites. While students are given an opportunity to express their location preference for fieldwork placements, the program cannot grant assurances that any student will be placed in a setting of choice. Students should be prepared to incur expenses for transportation, food and lodging, if fieldwork placements require temporary location outside the Rio Grande Valley. The Bachelor of Science degree in Occupational Therapy will be awarded to students at the completion of all fieldwork.

Application Period/Deadline

Application Period: September 1-February 1
Application Deadline: February 1

Advancement, Promotion, Dismissal

Unconditional advancement in the Occupational Therapy Program requires that the student complete the scheduled requirements each semester or summer session with no grades lower than “C” and a minimum cumulative grade point average of 2.0.

A student who receives an “F” in any course will be dismissed. A student who receives a “D” in any course or whose grade point average falls below 2.0 will be placed on probation. If a student on probation receives an unsatisfactory grade (“D” or “F”) in any course during the probational semester or fails to earn a grade point average of at least 2.0, he or she may be suspended or dismissed.

A student who receives more than one unsatisfactory grade during any one semester will be subject to suspension or dismissal. Additionally, any student who accumulates three or more unsatisfactory grades (“D” or “F”) during his/her enrollment will be dismissed. A student who has been suspended remains on continuing academic probation following his/her return. Readmission is not automatic. Further academic difficulty for such students will result in dismissal.

Advancement to fieldwork requires satisfactory (“C” or above) completion of theory and skills courses appropriate to the placement.

Additional Program Costs

In addition to tuition and required fees, students in the professional phase of the Occupational Therapy Program are required to purchase lab equipment, textbooks and manuals essential to the program.

Upon graduation, the student is certified by the program as eligible to sit for the national certification examination offered by the National Board for Certification in Occupational Therapy. This examination is required as part of the application for licensure to practice in Texas and in most other states.

The B.S. in Occupational Therapy will transition to an entry level Master’s Degree program in Occupational Therapy, with the first graduate enrollment anticipated in 2004. When this occurs, the B.S. in Occupational Therapy will no longer be offered. Interested students are advised to check periodically with the Occupational Therapy Program office to stay current with the transition process. Beginning January 2007, Occupational Therapy educational programs will only be accredited at the post baccalaureate degree level.

Course Descriptions

A listing of courses offered by the Occupational Therapy Program can be found on page 317.
**General Overview**

The Physician Assistant Studies Program (PASP) within the College of Health Sciences & Human Services offers a two-year professional curriculum leading to the Bachelor of Science degree in Physician Assistant Studies and a certificate of completion.

The Physician Assistant Studies Program is designed to offer the student the opportunity to develop the competencies necessary to practice as an assistant to the primary care physician as defined by the Commission on Accreditation of Allied Health Education Programs. The graduate will be prepared to assist the physician in multiple and complex tasks directly related to health and medical care; interviewing, examining, compiling and evaluating medical data; and treatment as approved by the physician; follow-up care; maintaining a continuity of communications and observations; and coordinating other health-related personnel. In emergency situations and within the defined standards, the graduate may be called upon to carry out responsibilities specifically assigned to him or her without the immediate surveillance of a physician. The graduate physician assistant remains directly responsible to the physician-supervisor/employer, who retains complete control over the management of the patient.

**Admission Requirements**

All prerequisites must be completed prior to or within the semester of the application deadline.

1. Complete the 61 credit hours of pre-professional studies with a minimum of a 2.5 GPA in three areas: overall, last 30 hours of coursework, and prerequisite sciences.
2. Submit a typewritten, two page maximum, personal goals statement.
3. Upon invitation, sit for a panel interview.
4. Provide three letters of support.

**Application Process**

Students must apply both to The University of Texas-Pan American and to the Physician Assistant Studies Program. Application packet requests are available from the PASP program office. Applications are sent after documentation of completion of the prerequisite curriculum.
Prerequisites

Although the pre-professional course of study may be accomplished at any accredited junior college, senior college or university, it is preferred that all science courses be taken at a senior college or university. Coursework must include the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Humanities</strong></td>
<td></td>
</tr>
<tr>

<td>61</td>
</tr>
</tbody>
</table>

Note: The above prerequisites represent the minimum prerequisite courses and hours. Classes begin annually in June.

To be considered for an interview for admission, the student must also accomplish the following:

1. Insure that all application materials, including transcripts, are postmarked by the annual deadline.
2. Complete the 61 credit hours of prerequisite coursework as described above, with a minimum GPA of 2.5 (4.0 scale) in three categories: overall GPA, prerequisite science GPA and last 30 hour GPA.
3. Provide acceptable letters of reference to the PASP.

Professional Course of Study

The professional curriculum, six semesters in length, is as follows:

<table>

</tr>
</tbody>
</table>
Upon successful completion of academic and clinical training requirements, the student is conferred the degree of Bachelor of Science in Physician Assistant Studies and a certificate of completion for the professional curriculum.

The curriculum meets and exceeds the requirements outlined in the Essentials of an Approved Educational Program for the Assistant to the Primary Care Physician established by the American Medical Association. Graduates of the program are eligible to apply for membership in the American Academy of Physician Assistants or other nationally recognized organizations representing the physician assistant and to sit for the Physician Assistant National Certifying Examination, administered by the National Board of Medical Examiners. Successful completion of the examination leads to certification by the National Commission on Certification of Physician Assistants and is accepted by many states as proof of competency.

♦ Academic Fresh Start
An applicant who is a Texas resident may seek to enter pursuant to the “academic fresh start” statute, Texas Education Code, Paragraph 51.929. If the applicant informs the Registrar in writing of this election, the University, for admissions purposes, will not consider academic course credits or grades earned by the applicant 10 or more years prior to the starting date of the semester in which the applicant seeks to enroll. An applicant who makes the election to apply under this statute may not receive any course credit for courses taken 10 or more years prior to enrollment.

♦ Physician Assistant Studies
All courses in the Professional Curriculum of the PASP must be passed with a grade of “C” or better for advancement in the PASP. If a grade lower than “C” is recorded, the student must repeat the course regardless of overall grade point average and will be placed on scholastic probation status. Courses may not be repeated more than twice, and the timing of the repeated course or remedial instruction will be scheduled at the discretion of departmental faculty.

♦ Course Descriptions
A listing of courses offered by the Physician Assistant Studies Program can be found on page 319.

---

**General Overview**

The University of Texas-Pan American offers a Bachelor of Science degree in Rehabilitative Services. The program has two primary objectives:

- Preparing individuals to enter a wide range of beginning-level careers involving work with people who have disabilities.
- Preparing students who have the educational background and desire to continue graduate studies in rehabilitation.

Rehabilitation is defined as a comprehensive sequence of services, mutually planned by the person with a disability and the rehabilitation worker, to maximize employability, independence, integration and participation of people with disabilities in the workplace and the community. Total rehabilitation includes physical, mental, economic, familial, social, environmental, personal and vocational goals in life as part of the comprehensive process that is rehabilitation.

The rehabilitation process generally involves three identifiable stages:
1. Medical;
2. Physical or technical aid and adjustable services;
3. Vocational, social and independent living.
   In practice, it is found that improvement in the ability to work and to live independently brings about a concurrent adjustment in other areas of an individual’s life. Work is a major source of self-esteem and identification.

   The Rehabilitative Services Program at UT Pan American focuses primarily on preparing students to assist individuals during the third phase of the process — vocational, social and independent living — although a basic understanding of the first two phases, and their interrelationships, is essential.

   The Rehabilitative Services student will have an opportunity to learn to help people with disabilities through a series of services designed to conserve, develop or restore the ability of the individual with a disability to become independent in daily living skills and financially through employment.

   The Rehabilitative Services Program at UT Pan American has a special emphasis on the training of bilingual and/or bicultural individuals. The need for such personnel has been demonstrated through feasibility studies conducted since 1982, both in the Rio Grande Valley and nationally.

### Career Opportunities

New career opportunities in rehabilitation counseling are emerging rapidly. A student trained in Rehabilitative Services might seek employment in state vocational rehabilitation agencies, correctional facilities, community mental health programs, vocational evaluation and work adjustment facilities, independent living centers, residential facilities, alcohol and substance abuse programs, private rehabilitation companies and private nonprofit rehabilitation programs such as Easter Seals and Goodwill Industries.

Other potential employers include the Veterans Administration, Social Security Administration, state employment services, public assistance, private personnel and placement companies, vocational advisory services and special disability organizations. In addition, many private industries employ rehabilitation specialists for their personnel and employee assistance programs.

### Admission Requirements

Students seeking admission to the Rehabilitative Services Program should apply prior to the year in which they intend to be an upper-division major. Applicants must provide the following to the Program Coordinator by April 1:

1. A completed application form. (Application forms are available in Health Sciences Building West Room 1.266.)
2. Two letters of recommendation using the program’s recommendation form; at least one must be from a university/college instructor outside of this program. The recommendation form should be transmitted to the Program Coordinator directly from the reference source.
3. A current transcript from each college or university attended.

Provide all completed application material to:

**Admissions Committee**
**Rehabilitative Services Program**
The University of Texas-Pan American
1201 W. University Drive
Edinburg, Texas 78541-2999

Application material will be reviewed by, and a personal interview will be scheduled with, the Admissions Committee. Admission to the Rehabilitative Services Program is competitive and based upon a rating system using the following criteria:

A. Completion of all application material.
B. Grade point average. A minimum 2.0 GPA is required for admission.
C. Evaluation of letters of recommendation.
D. Responses to the individual interview questions.

Students will be notified as to the outcome of their application prior to the end of the spring semester in which they apply.
Degree Requirements

Major in Rehabilitative Services (BS Degree)

General Education Requirements 48 hours
Complete the General Education Requirements as shown on pages 91-93 of this catalog. The following are recommended, but not required:

Recommended General Education Courses
Spanish or Sign Language
8 hours of Anatomy and Physiology (BIOL 2403, BIOL 2404)
PSY 1310
PHIL 1320 or PHIL 2330

Support Courses 15 hours
HRP 2303 Medical Terminology
SOC/PSY 2301 Statistics
COMM 3316 Intercultural Communication
MANA 3361 Principles of Management
PSY 4313 Abnormal Psychology

## General Overview

The Department of Social Work offers a Bachelor of Social Work (BSW) degree program accredited by the Council on Social Work Education. The BSW is a professional degree built on a liberal arts foundation with supporting course content in the social and behavioral sciences. Department courses provide basic knowledge of social welfare systems, the social work profession and the knowledge necessary for generalist social work practice, as well as preparing students to pursue graduate study in social work and related professions.

The department also offers a Master of Science in Social Work, which is detailed in the Graduate Catalog. The students who complete the BSW may apply for advanced standing in the Master’s program.

The overall goal of the program is to impart knowledge, values, skills and attitudes for beginning professional social work practice with special emphasis in the uniqueness of the bilingual/bicultural Texas-Mexico border.

The student will have the opportunity to learn the competencies of the entry-level generalist practitioner. These include such functional skills as the problem-solving approach to assessing needs, intervening, evaluating responses and linking client systems to resources and opportunities for change. A student who wishes to major in Social Work should complete SOCW 1313 Introduction to the Social Work Profession, as well as successful completion of 30 hours of University general education requirements.

Next, the student should apply for admission into the Social Work program. A 2.5 GPA is required for entry into the major. Academic advisement is required for all Social Work majors. As departmental requirements, the student must take 8 hours of Human Anatomy and Physiology and 6 hours in Spanish, 3 hours in philosophy (PHIL 2330 or 2390) and must select 3 hours from HRP 2303, REHAB 2331 or NURS 2301. Students must complete a 480-hour field internship. Eligibility for field instruction in Social Work requires an official degree plan and application for the internship on file in the Social Work Office.

Students in the Social Work Program are eligible for membership in the Student Association of Social Work (The Social Work Club) and the National Association of Social Workers — Texas Chapter, and local NASW Unit. Upon graduation, a BSW student may be licensed as a social worker (LSW) under the Texas Professional Social Work Act and passing of the Texas licensing exam.

## Degree Requirements

### Major in Social Work

#### General Education Requirements

- Complete the requirements shown in the General Education Requirements section shown on pages 91-93 of this catalog except for the sections, groups or areas listed below, which must be satisfied only as shown below.

#### Section A. Humanities

- **Group 3. Language requirement is Spanish**

#### Section B. Science and Mathematics

- **Group 1. Natural Science**

  BIOL 2403 and BIOL 2404 must be selected.
Social Work Core Courses 39 hours
(30 hours are advanced)
SOCW 1313 Introduction to the Social Work Profession
SOCW 2325 Statistics for Social Services
SOCW 2314 The Social Welfare Institution
SOCW 3321 Human Behavior and the Social Environment I
SOCW 3322 Human Behavior and the Social Environment II
SOCW 3314 Social Welfare Policy and Programs
SOCW 3323 Social Work Practice I
SOCW 4301 Social Work Practice II
SOCW 4311 Research for the Social Services
SOCW 4302 Social Work Practice III
SOCW 4619 Field Block Placement
SOCW 4353 Integrative Seminar

Introduction

The University of Texas-Pan American, in cooperation with the University of Texas at Austin College of Pharmacy, offers a six-year curriculum leading to the Doctor of Pharmacy (Pharm.D.) degree. The UTPA/UT-Austin Cooperative Pharmacy Program is designed to facilitate access to the College of Pharmacy in Austin by providing opportunities to fulfill graduation requirements at Pan American.

Students can be admitted into the University of Texas College of Pharmacy either through the UTPA Pharmacy Scholars Program or by application directly to the University of Texas at Austin after completion of the pre-pharmacy requirements.

UTPA faculty members are available to assist students with either application. The College of Pharmacy at UT-Austin offers the Doctor of Pharmacy (Pharm.D.) degree as the sole entry-level degree. It is a professional doctoral program that is designed to prepare future researchers or practitioners who can provide patient-oriented pharmaceutical care in contemporary settings including community practice, hospital environments and long-term care facilities among others.

The professional curriculum is structured around an integrated approach to drug therapy management. The Pharm.D. Program emphasizes an integrated and problem-based approach to disease management as the core of the didactic and laboratory program of study. The capstone of the Pharm.D. Program is a series of seven six-week rotations known as the internship. Each internship course includes 40 to 50 hours per week of on-site experience supervised by practitioner faculty.

Mission Statement

The mission of Cooperative Pharmacy Program is to enhance the knowledge, health, and well-being of the people we serve in concert with the mission, vision, and values of both cooperating campuses of The University of Texas through the recruitment, training, and retention of proficient Doctor of Pharmacy trained pharmacists. The program will strive to encourage the provision of pharmaceutical care by cultivation in our graduates’ critical thinking skills and an appreciation for the need for life-long learning. The program will foster the development of clinical and transitional research and clinical pharmacy services with other health care providers in the region, state, and nationally.

Accreditation

The American Council on Pharmaceutical Education (ACPE), 311 West Superior Street, Suite 512, Chicago, Illinois 60610, accredits the College of Pharmacy at The University of Texas at Austin. Phone: (312) 664-3575 or (800) 533-3606. Fax: (312) 664-4652. Only graduates of accredited programs are eligible for state licensure. Passing NAPLEX (NORTH AMERICAN PHARMACIST LICENSURE EXAMINATION) and Texas Pharmacy jurisprudence examination are required for state licensure.

Course of Study

- Pre-Pharmacy years at UTPA
  Years 1 & 2: Coursework in communication, mathematics, and the natural sciences.

- Professional Education in Pharmacy (Pharmacy School)

- Years 3 & 4 at College of Pharmacy UT Austin
  Year 3: A board foundation in physiology, pathology, pharmaceutical sciences and pharmacy administration
  Year 4: An interdisciplinary approach to disease and application to patients through case-based learning.
Cooperative Pharmacy Program

- Year 5 & 6 at UTPA and the Rio Grande Valley
  Year 5: Advanced coursework in patient care
  Year 6: Calendar year consisting of 7 six-week experiential rotations at pharmacy practice sites around the Rio Grande Valley.

- Pre-Pharmacy Course Requirements
  Pre-Pharmacy Course Requirements
  Laboratory Sciences 36 hours
  - BIOL 1401 or 1487-honors
  * Each one is 4 credit hours
  - BIOL 1402
    or 1488 Honors
  - BIOL 3401 Microbiology
  - BIOL 3413 Genetics
  - CHEM 1301 General Chemistry I and
    1101 General Chemistry Lab I
  - CHEM 1302 General Chemistry II and
    1102 General Chemistry Lab II
  - CHEM 2302 Organic I and
    2102 Lab
  - CHEM 2303 Organic II and
    2103 Lab
  - PHYS 1401 General

  Mathematics 7 hours
  - MATH 1401 Calculus
  - MATH 2330 Survey of Elementary Statistics or
    MATH 3337 Applied Statistics I

  English 9 hours
  - ENG 1301 Composition or
    1387 Honors
  - ENG 1302 Rhetoric or
    1388 Honors
  - ENG 2300, 2303, 2305, 2307, 2387-Honors or
    2388-Honors

  Political Sciences 6 hours
  - POLS 2313 or
    2387 Honors
  - POLS 2314 or
    2388 Honors

  History 6 hours
  - HIST 2313 American Heritage I or
    2387 Honors
  - HIST 2314 American Heritage II or
    2388 Honors

  Electives 6 hours
  Choose from:
  Social and Behavioral Sciences or
  Arts and Humanities

  Total 70 hours

Upon completion of the pre-pharmacy course requirements, Pharmacy Scholars are directly admitted to the College of Pharmacy as long as they maintain a 3.0 overall grade point and a 3.2 grade point in core science classes.

- Requirements for Admission to the Cooperative Pharmacy Program:
  To be eligible to be a Pharmacy Scholar, high school students must complete the following high school courses:

  - English (4 years)
  - Foreign language (2 years)
  - Math (3 years)
  - Science (3 years)
  - Social Studies (3 years)

  To be competitive, students should have a core grade point in English, math, social studies, science, and foreign language of 85% (3.4 on a scale of 4.0). Students must take either the SAT or ACT. Either a combined verbal and Math score of 1000 on SAT or a composite ACT of 20 is recommended.

- Application
  Each applicant for admission must:
  1. Submit transcripts for all high school and college work performed.
  2. Submit a typed statement of interest.
  3. Obtain three letters of recommendation. Forms will be provided by the program to the applicant.
  4. Forward a finished and signed application.
  5. Participate in a personal interview with members of the admissions committee.
  6. Complete a written essay on the day of the interview.

  Students who have completed the required pre-pharmacy coursework at UTPA may apply for admission to the College of Pharmacy. In addition to the preceding requirements for application, these students must take the Pharmacy College Admission Test (PCAT).
General Overview

The College of Science and Engineering consists of the departments of Biology, Chemistry, Computer Science, Electrical Engineering, Manufacturing Engineering, Mechanical Engineering, Mathematics, and Physics and Geology.

Academic Programs

The college offers the Bachelor of Science in Biology, Chemistry, Computer Science, Electrical Engineering, Manufacturing Engineering, Mathematics, Mechanical Engineering and Physics.

Students may minor in biology, chemistry, computer science, electrical engineering, elementary mathematics, geology, manufacturing engineering, mathematics, mechanical engineering/thermal, physical science, physics and statistics. Secondary teacher certification is available in biology, chemistry, computer information systems, earth science, mathematics, physical science and physics, and elementary teacher certification is available in biology, mathematics and physical science.

Also included in the Biology and Chemistry departments are programs for pre-dental and pre-medical students. Chemistry also has a plan of study for pre-pharmacy students.

At the graduate level, students can earn master's degrees in Biology, Computer Science, Electrical Engineering, Manufacturing Engineering, Mechanical Engineering, and Mathematics. More information on master’s degrees is available in the Graduate Catalog.

The College of Science and Engineering provides several options to satisfy the University College/General Education requirements in science, mathematics and computer literacy.

New state-of-the-art facilities house the departments of Biology, Chemistry, Mechanical, Electrical, Manufacturing and Computer Science.

Overview

The School of Engineering and Computer Science is an organization within the College of Science and Engineering that groups together four of the eight academic departments in the College. The School is made up of three engineering departments: Electrical, Manufacturing, and Mechanical Engineering plus the Computer Science Department. The School is headed by an Associate Dean and Director who oversees the academic program development, the accreditation processes and the effective interactions with industry for the departments within the School. There is an external industry advisory council for computer science and also an engineering advisory council that provide advice on program development, evaluation of our placement processes for graduates and general feedback on the preparation of our students for jobs in industry or government facilities.

Academic Programs

Each of the four departments in the School of Engineering and Computer Science offers the bachelor's and the master's degree in the discipline. The graduates of these four departments are among the most sought-after graduates in the university and they command the highest starting salaries for bachelor's degrees, according to a recent survey of the National Association of Colleges and Employers.

All four departments share the new Engineering Building that contains over $7 million of teaching and research equipment. More than 63 percent of the funded research in the College of Science and Engineering resides in the School of Engineering and Computer Science. The enrollment of majors in the School is about 1,000 and makes up about half the total enrollment of the College.

General Overview

The Department of Biology offers a major leading to a Bachelor of Science degree and a minor in Biology. Biology students may elect a curriculum for a major in Biology or a Biology elementary or secondary teaching plan.

The department also offers study beyond the bachelor’s degree leading to a Master of Science in Biology. A limited number of teaching assistantships are usually available. Interested persons should consult the Graduate Catalog or the chair of the Department of Biology.

NOTE: Students are typically expected to furnish their own transportation for laboratory sessions and field work.

Degree Requirements

Major in Biology

General Education Requirements 48 hours
Complete the General Education requirements as shown on pages 91-93 of this catalog.

Core Courses 12 hours
BIOL 1401 General Biology or Biology 1487 (Honors)
BIOL 1402 General Biology or Biology 1488 (Honors)
BIOL 4100 Biology Seminar
BIOL 3302 Biological Writing

Designated Electives 21 hours
Select one course from each of the following areas:

Molecular Biology, Cellular Biology or Microbiology
BIOL 3401 General Microbiology
BIOL 3412 Cell Biology
BIOL 3415 Introduction to Molecular Biology
BIOL 4404 General Virology
BIOL 3403 Medical Microbiology and Immunology

Genetics or Biological Evolution
BIOL 3301 Biological Evolution
BIOL 3413 Genetics
BIOL 4417 Bacterial Genetics

Developmental or Morphological Biology
BIOL 2401 Vertebrate Zoology
BIOL 2402 Comparative Vertebrate Anatomy
BIOL 3405 Histology

Premedical Honors College Program

Some students may qualify for the Premedical Honors College, a cooperative program of UT Pan American and Baylor College of Medicine. Students accepted into the program receive a tuition and fee waiver for four years of undergraduate study at UT Pan American as a Biology or Chemistry major and four years of medical education at Baylor College of Medicine, if they meet minimum requirements.

For application information, telephone the Office of Admissions and Records at 956/381-2206. For specific information about the program, contact Dr. Cindy Martinez Wedig, program coordinator, Science Building, Room 1.308, telephone 956/316-7025.
BIOL 3407 Comparative Embryology
BIOL 3408 Plant Morphology
BIOL 4418 Electron Microscopy

- Organismal or Environmental Biology
  BIOL 2305 Environmental Biology
  BIOL 3409 Ecology
  BIOL 3414 Invertebrate Zoology
  BIOL 4303 Mammalogy
  BIOL 4304 Ichthyology
  BIOL 4309 Herpetology
  BIOL 4314 Plant Taxonomy
  BIOL 4402 Marine Zoology
  BIOL 4403 Introduction to Remote Sensing Technology
  BIOL 4407 Animal Parasitology
  BIOL 4408 Plant Pathology
  BIOL 4410 Marine Botany
  BIOL 4412 Ornithology
  BIOL 4415 Entomology
  BIOL 4416 Environmental Toxicology
  BIOL 4419 Aquatic Entomology

- Physiology
  BIOL 2403 Anatomy and Physiology
  BIOL 2404 Anatomy and Physiology
  BIOL 3411 Mammalian Physiology
  BIOL 4305 Plant Physiology
  BIOL 4311 Ecological Physiology
  Select additional Biology courses to complete 30 hours in Biology, of which 15 must be advanced.

Other Requirements
Where appropriate, the following requirements may also be used to satisfy General Education requirements.

- Mathematics
  Complete 6 hours from the following:
  MATH 1340 College Algebra
  MATH 1356 Trigonometry
  MATH 1357 Precalculus Mathematics
  MATH 1401 Calculus I
  MATH 1402 Calculus II
  MATH 2330 Survey of Elementary Statistics

- Chemistry
  Complete all of the following:
  CHEM 1301 General Chemistry I,
  1101 General Chemistry Lab I
  CHEM 1302 General Chemistry II,
  1102 General Chemistry Lab II
  CHEM 2302 Organic Chemistry I,
  2102 Organic Chemistry Lab I

- Statistics
  Complete 3 hours:
  MATH 2330 Survey of Elementary Statistics or
  STAT 2330 Survey of Elementary Statistics

Other Science
PHYS 1401 and PHYS 1402 or GEOL 1401 and GEOL 1402 are recommended, but not required.

Minimum GPA Requirements
A minimum GPA of 2.5 in the required hours for both the major and minor fields is required. A minimum GPA of 2.5 is required for Pre-Dental, Pre-Medical and Pre-Optometry majors.

- Pre-Dental/Pre-Medical/Pre-Optometry
  Biology majors who are pre-dental, pre-medical or pre-optometry students should include BIOL 2402 in their major and should minor in chemistry.
  Additional course requirements include: CHEM 1101/1301, CHEM 1102/1302, CHEM 2102, CHEM 2302, CHEM 2103, CHEM 2303, PHYS 1401 and 1402. MATH 1401 is suggested for pre-medical and pre-optometry students. (Within the State of Texas MATH 1401 is only required for admission to UT-Houston Medical School and UH College of Optometry.) Additional courses suggested include: CHEM 3103, CHEM 1303 and PSY 1310. Pre-medical, pre-dental and pre-optometry students who...
have completed a minimum of 90 hours and the general education requirements at UT Pan American may apply for the BS degree after completion of two years in an accredited college of medicine, dentistry or optometry, with grades acceptable for transfer to UT Pan American. The hours accepted will be credited toward the major and minor in biology or chemistry.

Designated Electives 27 hours
Select at least three hours from each of the following areas:

- Molecular Biology, Cellular Biology or Microbiology
  BIOL 3401 General Microbiology
  BIOL 3412 Cell Biology
  BIOL 4401 Introduction to Molecular Biology
  BIOL 4404 General Virology
  BIOL 4418 Electron Microscopy
  BIOL 3403 Medical Microbiology and Immunology

- Genetics or Biological Evolution
  BIOL 3301 Biological Evolution
  BIOL 3413 Genetics
  BIOL 4417 Bacterial Genetics

- Vertebrate Morphology or Physiology
  BIOL 2401 Vertebrate Zoology
  BIOL 2402 Comparative Vertebrate Anatomy
  BIOL 2403 Anatomy and Physiology
  BIOL 2404 Anatomy and Physiology
  BIOL 3411 Mammalian Physiology
  BIOL 4311 Ecological Physiology

- Environmental Biology
  BIOL 2305 Environmental Biology
  BIOL 3409 Ecology
  BIOL 4402 Marine Zoology
  BIOL 4410 Marine Botany
  BIOL 4416 Environmental Toxicology

- Advanced Zoology
  BIOL 3405 Histology
  BIOL 3407 Comparative Embryology
  BIOL 3414 Invertebrate Zoology
  BIOL 4303 Mammalogy

  BIOL 4304 Ichthyology
  BIOL 4407 Animal Parasitology
  BIOL 4309 Herpetology
  BIOL 4412 Ornithology
  BIOL 4415 Entomology
  BIOL 4419 Aquatic Entomology

- Advanced Botany
  BIOL 3403 Medical Microbiology and Immunology
  BIOL 3408 Plant Morphology
  BIOL 4305 Plant Physiology
  BIOL 3410 A Survey of the Plant Kingdom
  BIOL 4314 Plant Taxonomy
  BIOL 4408 Plant Pathology
  Select additional biology courses to complete 36 hours in biology, of which 21 must be advanced.

Minimum GPA Requirements
Graduates who seek certification as elementary or secondary teachers must have a minimum GPA of 2.5 in both the major and minor fields.

◆ Minor in Biology

18 hours in Biology, of which six hours must be advanced.

Program Requirements
A Biology major seeking teacher certification must:
1. Maintain a minimum of a 2.5 GPA in both major and minor fields.
2. Complete a Workshop in preparation for certification.
3. Pass a Department Benchmark exam.

◆ Teacher Certification with Biology Minor

Elementary Plan II

Required Courses
BIOL 1401 General Biology
BIOL 1402 General Biology
BIOL 3409 Ecology

Designated Electives
Select one course from the following:
BIOL 2401 Vertebrate Zoology
BIOL 2402 Comparative Vertebrate Anatomy
BIOL 2305 Environmental Biology
BIOL 3301 Biological Evolution
Select one course from the following:
BIOL 3408 Plant Morphology
BIOL 3414 Invertebrate Zoology
BIOL 4314 Plant Taxonomy

Select additional advanced hours to complete 9 hours at the advanced level.

TOTAL 20 hours

Secondary Plan II

Required Courses
BIOL 1401 General Biology
BIOL 1402 General Biology
BIOL 3409 Ecology

Designated Electives
Select one course from the following:
BIOL 2401 Vertebrate Zoology
BIOL 2402 Comparative Vertebrate Anatomy
BIOL 2403 Anatomy and Physiology
BIOL 2305 Environmental Biology
BIOL 3301 Biological Evolution

Select one course from the following:
BIOL 3408 Plant Morphology
BIOL 3414 Invertebrate Zoology
BIOL 4314 Plant Taxonomy

Select additional advanced hours to complete 12 hours at the advanced level.

TOTAL 24 hours

♦ Course Descriptions

A listing of courses offered by the Department of Biology can be found on page 242.
Mission

The Department of Chemistry is committed to the mission of providing quality education in the process of preparing students for graduate work or careers in chemistry and the biomedical sciences. The department strives to fulfill its mission by offering a program that leads to an undergraduate major or minor in chemistry. In addition, the department prepares students for admission to schools of dentistry, pharmacy and medicine. The department also offers a program that leads to teacher certification. The chemical curriculum is designed to introduce students to the fundamental fields of chemistry and provides opportunities for chemical research.

The department is committed to engaging in its activities of teaching, research and professional service in an environment of academic freedom.

The Chemistry Department at The University of Texas-Pan American provides an excellent program in helping the University fulfill its responsibility of providing high quality academic programs for the people of this region and the State of Texas.

Degree Requirements

Major in Chemistry

General Education Requirements: 48 hours

Complete the requirements shown in the General Education Requirements section on pages 91-93 of this catalog EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown.

Natural Science and Mathematics

CHEM 1302 General Chemistry II
CHEM 1102 General Chemistry Lab II
MATH 1340 College Algebra

Major Course Requirements 32 hours

- Chemistry Core Courses
CHEM 2301 Analytical Chemistry
CHEM 2101 Analytical Chemistry Lab
CHEM 2302 Organic Chemistry I
CHEM 2102 Organic Chemistry Lab I
CHEM 2303 Organic Chemistry II
CHEM 2103 Organic Chemistry Lab II
CHEM 3301 Inorganic Chemistry
CHEM 3202 Inorganic Chemistry Lab
CHEM 3103 Biochemistry Lab
CHEM 3303 Biochemistry
CHEM 3304 Physical Chemistry I
CHEM 3104 Physical Chemistry Lab I
CHEM 3305 Physical Chemistry II
CHEM 3105 Physical Chemistry Lab II
CHEM 4101 Chemistry Seminar
CHEM 4201 Chemistry Problems I
CHEM 4304 Instrumental Analysis
CHEM 4104 Instrumental Analysis Lab

Designated Electives in Chemistry

In addition to the Major Course Requirements shown above, the Department of Chemistry offers the following elective courses: (These may be used to help satisfy the College requirement of 51 advanced hours or to acquire greater depth in a specific area of chemistry.)

CHEM 3303 Biochemistry
CHEM 3103 Biochemistry Lab
CHEM 3306 Polymer Science and Engineering
CHEM 4202 Chemistry Problems II
CHEM 4301 Advanced Inorganic Chemistry
CHEM 4302 Advanced Biochemistry
CHEM 4303 Advanced Organic Chemistry
CHEM 4378 Special Topics in Chemistry

Other Course Requirements 16 hours

MATH 1401 Calculus I
MATH 1402 Calculus II
PHYS 1401 General Physics
PHYS 1402 General Physics

TOTAL 124 hours

Students are required to select electives that will bring their total number of advanced hours to 45 and the total number of hours for the completion of their degree to 124.

NOTE: The Department of Chemistry allows students to receive credits for courses in the curriculum if proficiency is demonstrated in these courses by advanced placement exams such as CEEB or CLEP. Contact the UT Pan American Testing Center for information on advanced placement tests.

Minimum GPA Requirements

A minimum GPA of 2.0 is required for both major and minor fields.
• Pre-Dental and Pre-Medical
Chemistry majors in pre-dental and pre-medical programs are required to complete 18 hours of biology, of which 6 hours must be advanced. These hours must include BIOL 2402.

• Teacher Certification in Chemistry
There are two options available to students who desire teaching certification with chemistry as the teaching field.
Secondary Option I: 37-38 hours in chemistry, of which 25-26 hours must be advanced.
Secondary Option II: 28 hours in chemistry, of which 16 hours must be advanced.
Students seeking teacher certification must have a minimum GPA of 2.25 in both the major and minor fields. They should consult with the Teacher Certification Office regarding other specific requirements.

• Pre-Pharmacy
Students are required to complete the following courses in their freshman and sophomore years.
Freshman Year: ENG 1301, ENG 1302; CHEM 1301, CHEM 1110, CHEM 1302, CHEM 1102; BIOL 1401, BIOL 1402; MATH 1401; HIST 2313, HIST 2314;
Sophomore Year: English (Sophomore Literature) 6 hours; CHEM 2302, CHEM 2303, CHEM 2102, CHEM 2103; MATH 2330; PHYS 1401; POLS 2313, POLS 2314.

NOTE: The University of Texas at Austin requires one semester of freshman English and one of sophomore English. BIOL 3401 is required by the University of Houston and UT Austin, while Texas Southern University requires BIOL 2402. The University of Houston also requires COMM 1303, PSY 1310, 3 hours of social science electives, and 6 hours of cultural heritage electives, while UT Austin requires 6 hours of electives. Texas Southern University requires 1 hour of medical terminology and a 3-hour elective in philosophy, music, sociology or psychology. Texas Tech University offers only the Pharm.D. degree. The prerequisites include COMM 1303, ECO 1301, PHYS 1402 and a minimum of 15 hours of electives in the humanities and social sciences. See the faculty advisor in the Department of Chemistry for more information, since curricula at other institutions may vary.

• Minor in Chemistry
18 hours of chemistry, of which six must be advanced.

• Course Descriptions
A listing of courses offered by the Department of Chemistry can be found on page 246.

COMPUTER SCIENCE

Dr. Richard H. Fowler, Interim Department Chair
Engineering Building
Room 3.295
Telephone: 956/381-2320
Fax: 956/384-5099
E-mail: fowler@panam.edu

Full-time Faculty
Abraham, John P., Associate Professor
Brazier, Pearl W., Associate Professor
Chen, Zhixiang, Associate Professor
Dietrich, Gustavo D., Lecturer
Egle, David L., Lecturer
Fowler, Richard H., Professor
Lawrence-Fowler, Wendy A., Professor
Paul, Jesudah, Lecturer

Introduction
Computer science is the study of the structure, function and application of computers and is central to the rapidly expanding use of information technology. Computers have traditionally been used in business, engineering and scientific applications, and now applications are found in almost all human activities from art to zoology.

Mission/Goals/Objectives

Mission
The department offers four degrees: Bachelor’s of Science in Computer Science (BSCS) as a broad-field major, Bachelor’s of Science with a major in Computer
Science (BS) with a required minor field, Master’s of Science with a major in Computer Science (MS), and Master’s of Science in Information Technology (MSIT). The department offers courses leading to teacher certification in computer information systems, service courses to fulfill University College / General Education requirements, and computer science courses required for degree programs in engineering, science, and mathematics. Faculty conduct research in computer science, computer science education, and interdisciplinary fields, and contribute their professional service to student advising, mentoring, professional organizations, university activities, industrial interactions and to the community through professional expertise.

The undergraduate curricula in computer science are based on the Association for Computing Machinery and the Institute of Electrical and Electronics Engineers Computer Society recommendations for curricula and reflect the goals of a liberal arts education. The graduate curricula provide advanced and specialized study in the areas of computer science and information technology. The curricula in computer science provide the student with marketable expertise to enter the computing and information technology fields, the skills and education required to adapt to the rapid change characteristic of the fields, and the foundation to pursue graduate study in computer science and information technology.

### Degree Requirements

The Department of Computer Science offers a 128-hour Bachelor of Science in Computer Science (BSCS) degree as a broad-field major, a 39-hour major (minor required) leading to a Bachelor of Science (BS) degree and an 18-hour minor in computer science. The Computer Science major can be completed to fulfill an Option I plan for secondary teacher certification. The department also offers a 24-hour Option II plan for secondary teacher certification.

For the 39-hour major in computer science, students are required to complete a minor and are encouraged to select the minor from a supporting discipline. Typical minors include mathematics, business administration, computer information systems and electrical engineering; however, a variety of other minors can support the degree. Students should seek advisement from the computer science faculty in their freshman year to plan a timely completion of their degree. An official degree plan must be filed with the department upon completion of 60 hours of University courses.

#### Bachelor of Science in Computer Science (BSCS) as a Broad-Field Major

Students pursuing the Bachelor of Science in Computer Science (BSCS) as a broad-field major must complete the University General Education requirements and a computer science core. No minor is required for this degree.

### General Education Requirements 48 hours

Complete the requirements shown in the General Education Requirements section shown on pages 91-93 of this catalog. PHIL 2390 (Professional Ethics) must be taken to meet the philosophy requirement. Courses to meet the natural science requirement must be taken from biology, chemistry or physics.

**NOTE:** The computer literacy and mathematics requirements (the remaining 5 hours of the general education requirements) are met by required courses listed below.

### Computer Science Core Courses 27 hours

- CSCI 1380  Computer Science I
- CSCI 1381  Foundations of Computer Science
- CSCI 2333  Computer Organization and Assembly Language
The University of Texas-Pan American

CSCI 2380 Computer Science II
CSCI 3333 Algorithms and Data Structures
CSCI 3334 Systems Programming
CSCI 3336 Organization of Programming Languages
CSCI 3340 Software Engineering
CSCI 4390 Senior Project

**Designated Computer Science Electives** 21 hours
Select 3 hours from the following:
- CSCI 3326, CSCI 3327 or CSCI 2320
Select 3 hours from the following: Any advanced CSCI course or CSCI 2325, CIS 2308, CIS 2310
Select 6 hours from the following:
- CSCI 4333, CSCI 4335 or CSCI 4345
Select 9 hours of advanced CSCI courses.

**NOTE:** A maximum of 3 hours from CSCI 3300 and CSCI 3390 can be used to fulfill CSCI elective requirements. Only CSCI 2320 and CSCI 4341 may be repeated for credit when topics change.

**Mathematics/Engineering** 21 hours
- MATH 1401 Calculus I
- MATH 1402 Calculus II
- MATH 2345 Elementary Linear Algebra
- MATH 3373 Discrete Structures
- ELEE 2130 Digital Systems Laboratory
- ELEE 2330 Digital Systems Engineering I
Select 3 hours from the following:
- MATH 3337 Applied Statistics I
- MATH 4339 Probability and Statistics
- ELEE 3340 Probability and Statistics for Electrical Engineers

**Communications/English** 6 hours
- ENG 3333 Technical Report Writing
Select 3 hours from the following:
- COMM 1303 Presentational Speaking
- COMM 1313 Fundamentals of Speech Communication

**Lab Science** 4 hours
Any four-hour laboratory science course from biology, chemistry or physics. (This is in addition to the general education requirement but need not be in the same subject as the eight hours taken for that requirement.)

**Other Electives** 6-12 hours
Students must select electives to complete a total of 51 advanced hours in their degree. Depending on the selection of electives, this will require from 6 to 12 hours of advanced electives.

**Other Requirements**
Students must complete all Computer Science Core Courses with a grade of "C" or better.

**Total** 136 hours

**Bachelor of Science in Computer Science (BSCS) as a Broad-Field Major with Computer Engineering Emphasis**
Although UT Pan American does not offer a computer engineering degree, through a careful choice of electives from advanced computer science, mathematics, electrical engineering and physics, a student can design a degree that can be marketed as Computer Science with a Computer Engineering emphasis.

Students pursuing the Bachelor of Science in Computer Science (BSCS) as a broad-field major with Computer Engineering emphasis should complete the University General Education Requirements and the Computer Science with Computer Engineering Emphasis core.

**General Education Requirements** 48 hours
Complete the requirements shown in the General Education Requirements section shown on pages 91-93 of this catalog. PHIL 2390 (Professional Ethics) must be taken to meet the philosophy requirement. Courses to meet the natural science requirement must be from biology, chemistry or physics.

**NOTE:** The computer literacy and mathematics requirements (the remaining 5 hours of the general education requirements) are met by required courses listed below.

**Computer Science Core Courses** 27 hours
- CSCI 1380 Computer Science I
- CSCI 1381 Foundations of Computer Science
- CSCI 2333 Computer Organization and Assembly/Language
- CSCI 2380 Computer Science II
- CSCI 3333 Algorithms and Data Structures
- CSCI 3334 Systems Programming
- CSCI 3336 Organization of Programming Languages
- CSCI 3340 Software Engineering
- CSCI 4390 Senior Project

The University of Texas-Pan American
### Designated Electives (21 hours)
- CSCI 4334 Operating Systems
- CSCI 4335 Computer Architecture
- CSCI 4345 Computer Networks

Select 3 hours from the following:
- CSCI 2320, CSCI 3326, CSCI 3327

Select 3 hours from the following:
- CSCI 2325, CIS 2308, CIS 2310 or any advanced CSCI course.

Select 6 hours from any advanced CSCI courses.

**NOTE:** A maximum of 3 hours from CSCI 3300 and CSCI 3390 can be used to fulfill CSCI elective requirements. Only CSCI 4341 may be repeated for credit when topics change.

### Mathematics/Engineering (21 hours)
- MATH 1401 Calculus I
- MATH 1402 Calculus II
- MATH 2345 Elementary Linear Algebra
- MATH 3373 Discrete Structures
- ELEE 2130 Digital Systems Laboratory
- ELEE 2330 Digital Systems Engineering I
- ELEE 3306 Electronic Systems

Select either of the following:
- ELEE 2420 Network Theory I
- ELEE 3305 Electrical Systems

Select 3 hours from the following:
- MATH 3337 Applied Statistics I
- MATH 4339 Probability and Statistics
- ELEE 3340 Probability and Statistics for Electrical Engineers

Select 6-9 hours of ELEE courses with departmental approval to total 18 hours (9 advanced) ELEE courses.

### Communications/English (6 hours)
- ENG 3333 Technical Report Writing

Select 3 hours from the following:
- COMM 1303 Presentational Speaking
- COMM 1313 Fundamentals of Speech Communication

### Lab Science (4 hours)
Any 4-hour laboratory science course from biology, chemistry, or physics. (This is in addition to the general education requirement but need not be in the same subject as the 8 hours taken for that requirement.)

### Other Electives (6-12 hours)
Students must select electives to complete a total of 51 advanced hours in their degree. Depending on the selection of electives, this may require from 0 to 36 hours of advanced electives.

### Other Requirements
Students must complete all Computer Science Core Courses with a grade of "C" or better.

### TOTAL (136 hours)

#### Bachelor of Science (BS) with Major in Computer Science (minor required)

Students wishing to major in computer science must complete the University General Education requirements, a computer science core and the requirements for a related minor.

It is recommended that students wishing to pursue graduate study in computer science complete Sequence 1 under the mathematics requirements.

### General Education Requirements (48 hours)
Complete the requirements shown in the General Education Requirements section shown on pages 91-93 of this catalog. For the computer literacy requirement, CSCI 1380 or higher CSCI course may be recommended by the department for students with prior computer experience. Mathematics requirement can be satisfied by requirements listed below.

### Computer Science Core Courses (24 hours)
- CSCI 1380 Computer Science I
- CSCI 1381 Foundations of Computer Science
- CSCI 2333 Computer Organization and Assembly Language
- CSCI 2380 Computer Science II
- CSCI 3333 Algorithms and Data Structures
- CSCI 3334 Systems Programming
- CSCI 3336 Organization of Programming Languages
- CSCI 3340 Software Engineering

### Designated Electives in Computer Science (15 hours)
Select 3 hours from the following:
- CSCI 3326, CSCI 3327, CSCI 2320.

Select 6 hours from the following:
- CSCI 4333, CSCI 4335 or CSCI 4345.

Select 9 hours of advanced CSCI courses.

A maximum of 3 hours from CSCI 3300 and CSCI 3390 can be used to fulfill CSCI elective requirements.
in Computer Information Systems, students must be admitted to the Teacher Education Program and complete all the requirements for the Computer Science BS degree (minor required):

The Option I plan does not require a second teaching field; however, students are encouraged to seek a second field. The Option II certification in Computer Information Systems program is described in the section below under minors.

**General Education Requirements**  
48 hours

Complete the requirements shown in the General Education Requirements section shown on pages 91-93 of this catalog. For the computer literacy requirement, CSCI 1380 or higher CSCI course may be recommended by the department for students with prior computer experience.

**NOTE:** The computer literacy and mathematics requirements (the remaining 5 hours of the general education requirements) are met by required courses listed below.

**Computer Science Core Courses**  
24 hours

**Minor in Computer Science with Teacher Certification in Computer Information Systems (Option II):**

**Core Courses**

- CSCI 1380: Computer Science I
- CSCI 1381: Foundations of Computer Science
- CSCI 2380: Computer Science II
- CSCI 3333: Algorithms and Data Structures

**Designated Electives**

Select one of CSCI 2320, CSCI 3326 or CSCI 3327. Select 9 advanced hours in Computer Science (up to 6 hours from CIS 3335, CIS 3338 and CIS 4308 may be used to partially satisfy this requirement).

**TOTAL**

24 hours

**Minor in Computer Science**

**Core Courses**

- CSCI 1380: Computer Science I
- CSCI 1381: Foundations of Computer Science
- CSCI 2380: Computer Science II

**Designated Electives**

Select one of CSCI 2320, CSCI 3326 or CSCI 3327. Select 6 hours of advanced Computer Science courses.

**TOTAL**

18 hours

Nambiar, Rajiv V., Associate Professor
Timmer, Douglas H., Assistant Professor

General Overview

UT Pan American offers the Bachelor of Science degree in Manufacturing engineering that is equivalent in scope to engineering programs at other institutions in Texas. The BS degree has accreditation from the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET) effective May 1996. The engineering curriculum provides a rigorous foundation for engineering practice in industrial and governmental organizations as well as for graduate studies in engineering, business administration, law and medicine. In addition, a number of graduate engineering courses are offered for professional development and a Master of Science degree in Engineering-concentration Manufacturing.

UT Pan American is located in an industrialized region with numerous manufacturing facilities that provide an unusual opportunity for students to participate in practical applications of engineering knowledge in both the United States and Mexico.

Mission

The University of Texas-Pan American Manufacturing Engineering Department will provide a quality engineering education to prepare students for the practice of engineering. A strong laboratory component in the curriculum, with opportunities for industrial internships and research experience, will provide engineering skills that enhance the understanding of the applications of engineering sciences and the importance of lifelong learning. A strong emphasis on verbal and written communication is stressed in all aspects of the curriculum.

Degree Requirements

Basic Engineering 36 hours
All students must complete a Basic Engineering requirement composed of the following courses:

Chem 1301/1101 General Chemistry I*
Chem 1302/1102 General Chemistry II*
CSCI 1380 or CSCI 2325 Computer Science I* or Programming*
Eng 1301 Composition*
Eng 1302 Rhetoric*
Math 1401 Calculus I*
Math 1402 Calculus II
Phys 2301 Intermediate Physics
Phys 2101 Intermediate Physics Laboratory
Engr 1101 Introduction to Engineering
Mece 1221 Engineering Graphics
Mece 2440 Engineering Materials

*This course also satisfies the University’s General Education requirements (see below).

A student must complete each of the above courses with a grade of “C” (or higher) before enrollment in subsequent engineering courses will be recommended. Highly qualified students are expected to obtain advanced standing credit through acceptable test scores on ACT, CEEB (Advanced Placement Test) or CLEP. Common courses for which advanced standing credit can be attained include Eng 1301 and Eng 1302, Chem 1301/1101 and Chem 1302/1102, Hist 2313 and modern language. Additional information about advanced standing credit is given on pages 64-66 of this catalog.

General Education Requirements 29 hours
(19 hours of the General Education Requirements are satisfied as part of the Basic Engineering Requirements.) All students must complete the University’s General Education requirements shown on
pages 91-93 of this catalog EXCEPT for the sections, groups and areas noted below which must be satisfied as shown.

**Humanities & Visual and Performing Arts** 12 hours
- Must select Art, Music,
  - Dance or Theatre Appreciation 3 hours
  - PHIL 2390 3 hours
  - English Literature 3 hours
  - Modern Language 3 hours
  - Science and Mathematics
  - Computer Literacy
  - Social Sciences
  - U.S. History 6 hours
  - Political Science 6 hours
  - Economics 3 hours
  - Kinesiology 2 hours

**TOTAL** 29 hours

*These courses satisfy the Basic Engineering requirements on page 202.

**Other Non-Engineering Courses** 11 hours
- The following non-engineering courses are also required:
  - MATH 2401 Calculus III
  - MATH 3349 Differential Equations
  - PHYS 2302 Intermediate Physics
  - PHYS 2102 Intermediate Laboratory

**Manufacturing Engineering Major**

Manufacturing Engineering is a new engineering specialty; UT Pan American offers the only accredited bachelor’s degree in Manufacturing Engineering in Texas. The curriculum includes elements of traditional mechanical, electrical and industrial engineering curricula. Graduates with this specialization will find many opportunities for employment in all types of manufacturing facilities.

The total course requirements for Bachelor of Science in Manufacturing Engineering consist of the following:

**Major Requirements** 61 hours
- The actual number of courses taken at UT Pan American will depend on a student’s high school preparation and on the number of courses for which advanced standing credit is received. The major requirements for this degree are shown below.

**Major Requirements** 61 hours
- The following courses are also required:
  - MANE 2101 Manufacturing Technology Laboratory
  - MECE 2303 Statics
  - MECE 2304 Dynamics
  - ENGR 4461 Senior Design Project I
  - ENGR 4462 Senior Design Project II
  - ELEE 3305 Electrical Systems
  - ELEE 3306 Electronic Systems
  - MANE 3364 Manufacturing Processes and Design
  - MANE 3164 Manufacturing Processes Lab
  - MANE 3332 Engineering Statistics
  - MANE 2340 Fundamentals of Industrial Engineering
  - MANE 3300 Computer-Aided Design
  - MANE 3302 Computer-Aided Manufacturing
  - MANE 4311 Quality Control
  - MANE 4321 Automation Systems
  - MANE 4331 Manufacturing Planning and Control
  - MECE 3321 Mechanics of Solids
  - MECE 2335 Thermodynamics I
  - MECE 3315 Fluid Mechanics

**Technical Electives** 6 hours
- Select with faculty advisor’s approval.

Engineering courses in which a grade of “C” or higher has been earned cannot be repeated in an attempt to earn a higher grade.

No Image Available due to file size.
Minor in Manufacturing Engineering

This minor provides a background in manufacturing engineering. It is intended to support business majors and other engineering majors and will be especially valuable for those who will be involved in manufacturing enterprises. It requires 18 hours in engineering, 6 of which must be at the advanced level. The minor requires certain support courses as prerequisites. Check with the department for more information.

Required Courses

- MANE 3332 Engineering Statistics
- MANE 3364 Manufacturing Processes and
- MANE 3164 Manufacturing Processes Lab
- MECE 2440 Engineering Materials

Designated Electives

Select 7 hours from the following:
- MANE 3101 Projects in Manufacturing Engineering
- MANE 3300 Computer-Aided Design
- MANE 3302 Computer-Aided Manufacturing
- MANE 4311 Quality Control
- MANE 4331 Manufacturing Planning and Control
- MANE 4352 Manufacturing Simulation

Course Descriptions

Courses offered by the Manufacturing Engineering Department can be found under their respective headings in the Course Descriptions section beginning on page 201.
**Mission**

The Electrical Engineering Department will provide students a quality education to prepare them for the practice of engineering, with sufficient depth to continue their education beyond the baccalaureate degree. The curriculum will provide skills that enhance the understanding of the applications of engineering sciences. In order to provide an awareness of current and emerging industrial practice, the department will provide the students the opportunity to participate in professional organization, industrial internships or co-op experiences, and scholarly activities including supervised research. The faculty will be readily accessible and will continuously strive to improve their instructional materials and the methods of dissemination. The faculty will also practice life-long learning by keeping abreast of and participating in the latest developments in their chosen areas of expertise and interacting across disciplines. The opportunity for student success in the undergraduate programs will be enhanced by liberal access to the computational facilities and laboratories.

**Degree Requirements**

**General Education Requirements** 48 hours

Students must meet the University General Education requirements; however, some of the requirements must be fulfilled with particular courses:

- English, Literature
  - same as University Requirements
- Language Other Than English
  - same as University Requirements
- The Arts
  - same as University Requirements
- Philosophy or Modern or Classical Language Literature
  - PHIL 2390
- Natural Science
  - PHYS 2301/2101, 2302/2102
- Mathematics
  - MATH 1401*
- Computer Literacy
  - CSCI 1380*
- Kinesiology
  - same as University Requirement
- History
  - same as University Requirement

**Political Science**
- same as University Requirement
**Other Social Science**
- ECON 2301

*Note:* 3 hours of MATH 1401 and 2 hours of CSCI 1380 are used to satisfy the General Education requirements, the remainder fall under “Other Course Requirements.”

**Electrical Engineering Required Course** 47 hours

- ELEE 2319  Numerical Computation and Data Visualization
- ELEE 2330  Digital Systems Engineering I
- ELEE 2130  Digital Systems Laboratory
- ELEE 2420  Electrical Circuits I
- ELEE 2321  Electrical Circuits II
- ELEE 3301  Electronics I
- ELEE 3225  Electrical Engineering Lab I
- ELEE 3435  Microprocessor Systems
- ELEE 3315  Electromagnetics
- ELEE 3340  Probability & Statistics for EE
- ELEE 3302  Electronics II
- ELEE 3330  Electrical Engineering Lab II
- ELEE 4303  Digital Systems Engineering II
- ELEE 4321  Automatic Control Systems
- ELEE 4351  Communication Theory
- ELEE 4328  Solid State Devices

**Electrical Engineering Elective Courses** 9 hours

Students choose 9 hours of additional ELEE courses with faculty advisor approval. The following courses have been approved as electives:

- ELEE 3370  Power Electronics
- ELEE 4360  Microwave Systems Engineering
- ELEE 4365  Digital Signal Processing
- ELEE 4375  Introduction to VLSI Design
- ELEE 4380  Computer Architecture
- ELEE 4390  Communications Networks
- ELEE 4333  Topics in Electrical Engineering (may be repeated for credit)

Other elective course options may be available. Consult your faculty advisor for approval. ELEE 3305 and ELEE 3306 are not acceptable as technical electives.

**Senior Design** 8 hours

Students must complete a major capstone design project, to be completed over a two-semester period.
ENGR 4461 Senior Design I  
ENGR 4462 Senior Design II  

Other Course Requirements*  
ENGR 1101 Introductions to Engineering  
MATH 1402 Calculus II  
MATH 2346 Math for Electrical Engineers  
MATH 2401 Calculus III  
MATH 3349 Differential Equations  
CHEM 1301 Chemistry I  
CHEM 1101 Chemistry I Lab  
MECE 2405 Engineering Mechanics  

*Includes 1 hour each from MATH 1401 and CSCI 1380  

Total 137 hours  

A grade of “C” or higher is required in any course that is a prerequisite (directly or indirectly) for an ELEE course. Electrical Engineering courses in which a grade of “C” or higher has been earned cannot be repeated in an attempt to earn a higher grade.

Mission

The Mechanical Engineering Department will provide students a quality education to prepare them for the practice of engineering, with sufficient depth to continue their education beyond the baccalaureate degree. The curriculum will provide skills that enhance the understanding of the applications of engineering sciences. In order to provide an awareness of current and emerging industrial practice, the department will provide the students the opportunity to participate in professional organizations, industrial internships or co-op experiences, and scholarly activities including supervised research. The faculty will be readily accessible and will continuously strive to improve their instructional materials and the methods of dissemination. The faculty will also practice life-long learning by keeping abreast of and participating in the latest developments in their chosen areas of expertise and interacting across disciplines. The opportunity for the student success in the undergraduate programs will be enhanced by liberal access to the computational facilities and laboratories.

General Overview

The School of Engineering and Computer Science offers an Accredited Bachelor’s of Science Degree in Mechanical Engineering from the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET) effective 1996. The Mechanical Engineering curriculum provides a rigorous foundation for engineering practice in industrial and governmental organizations as well as graduate studies in engineering.

Mechanical engineers possess a broad technical background that enables them to work in virtually every industrial sector. They are concerned generally with the development of energy systems, power generation, environmental control machines and vehicles, as well as materials processing. Mechanical engineers usually work closely with engineers having other specializations.

The total course requirements for the Bachelor’s of Science in Mechanical Engineering consist of the following:

Mechanical Engineering

Mahdi, Hashim, Associate Professor  
Qubbaj, Ala, Assistant Professor  
Smith, Monty, Assistant Professor
### General Education Requirements (50 hours)

**Humanities (18 hours)**
- **ART** Visual and Performing Arts
- **ENG 1301** Composition
- **ENG 1302** Rhetoric
- **ENG 23xx** Sophomore Literature
- **PHIL 2390** Professional Ethics

**Science & Math (12 hours)**
- **MATH 1401** Calculus I
- **PHYS 2101** Intermediate Lab
- **PHYS 2102** Intermediate Lab
- **PHYS 2301** Intermediate Physics
- **PHYS 2302** Intermediate Physics

**Computer Literacy (3 hours)**
- **CSCI 1380** Computer Science I or
- **CSCI 2325** Survey of Elementary Scientific Programming

**Kinesiology (2 hours)**
- **KIN X2XX** Kinesiology and Wellness

**Social Science (15 hours)**
- **ECON 2301** Principles of Economics
- **HIST 2313** American Heritage I
- **HIST 2314** American Heritage II
- **POLS 2313** U.S. & Texas Government and Politics
- **POLS 2314** U.S. & Texas Government and Politics

### Other Non-Engineering Courses

- **CHEM 1101** General Chemistry Lab I
- **CHEM 1301** General Chemistry I
- **CHEM 1302** General Chemistry II or
- **PHYS 33XX** Upper-Level Physics
- **MATH 1402** Calculus II
- **MATH 2401** Calculus III
- **MATH 3349** Differential Equations

Highly qualified students are expected to obtain advanced standing credit through acceptable test scores on ACT, CEEB (Advanced Placement Test) or CLEP. Common courses for which advanced standing credit can be obtained are:

- **CHEM 1101**
- **ECON 2301**
- **HIST 2313**
- **PHYS 2302**
- **CHEM 1301**
- **ENG 1301**
- **HIST 2314**
- **POLS 2313**
- **CHEM 1302**
- **ENG 1302**

### Engineering Courses (59 hours)

- **ENGR 1101** Introduction to Engineering
- **ENGR 4161** Senior Design Project I
- **ENGR 4261** Senior Design I Lab
- **ENGR 4362** Senior Design Project II
- **ELEE 3305** Electrical Systems
- **ELEE 3306** Electronic Systems
- **MANE 3164** Manufacturing Processes Lab
- **MANE 3304** Manufacturing Processes
- **MECE 1221** Engineering Graphics
- **MECE 2303** Statics
- **MECE 2304** Dynamics
- **MECE 2335** Thermodynamics
- **MECE 2440** Engineering Materials
- **MECE 3115** Fluid Mechanics
- **MECE 3160** Heat Transfer Lab
- **MECE 3315** Fluid Mechanics
- **MECE 3320** Measurement and Instrumentation
- **MECE 3321** Mechanics of Solids
- **MECE 3336** Thermodynamics II
- **MECE 3350** Mechanical Engineering Analysis
- **MECE 3360** Heat Transfer
- **MECE 3380** Kinematics and Dynamics
- **MECE 4101** Fundamentals of Engineering
- **MECE 4350** Machine Elements

### Technical Electives (choose nine hours) (9 hours)

- **MECE 3304** Introduction to Dynamics Systems
- **MECE 3385** Mechanical Vibrations
- **MECE 4321** Intermediate Mechanics of Solids
- **MECE 4322** Introduction to the Practice of Finite Elements
- **MECE 4323** Introduction to Combustion Engineering
- **MECE 4324** Energy Systems, Analysis and Design
- **MECE 4326** Classical Control, Theory and Applications
- **MECE 4327** Intermediate Materials Engineering
- **MECE 4328** Introduction to Plastic Engineering
- **MECE 4329** Meteorology of Engineering Alloys
- **MECE 4345** Composite Material Design
- **MECE 4365** Heating, Air Conditioning and Refrigeration Design

**TOTAL (136 hours)**
Upper Division Admission Policy

Students will enter the university as ENGR majors. Upon completion of the lower courses listed with a grade of C or better, they may apply for admission to the major. Only admitted major students may take upper division MECE courses.

Lower division list
- CHEM 1301/1101: General Chemistry I
- ENGR 1101: Introduction to Engineering
- MATH 1401: Calculus I
- MECE 1221: Engineering Graphics
- MECE 2303: Statics
- MECE 2440: Engineering Materials

Minor in Mechanical Engineering/Thermal

This minor provides a background in thermal sciences, fluids and heat transfusion. It is intended to support majors in chemistry, physics and mathematics. The minor requires a total of 18 hours of mechanical engineering courses, of which 6 must be at the advanced level. The minor requires certain support courses as prerequisites as shown below.

Required Courses
- MECE 2335: Thermodynamics I
- MECE 2440: Engineering Materials
- MECE 3315: Fluid Mechanics
- MECE 3315: Fluid Mechanics Laboratory
- MECE 3336: Thermodynamics II
- MECE 3360: Heat Transfer
- MECE 3160: Heat Transfer Laboratory

Prerequisites
- MATH 2401: Calculus III
- MATH 3349: Differential Equations
- PHYS 1401: General Physics

Mathematics and General Classrooms Building
Room 3.202
Telephone: 956/381-3452
Fax: 956/384-5091
E-mail: debnathl@panam.edu

Full-time Faculty
- Alvarado, Frances E. M., Lecturer
- Alvarado, Jose F., Lecturer
- Arnold, Sharon T., Lecturer
- Asghorian, Leleah, Lecturer
- Bernard, John E., Professor
- Chance, Joseph E., Professor
- Debnath, Lokenath, Professor and Department Chair
- Ebaseh-Onofa, Benjamin O., Associate Professor
- Fatehi, Mohammed, Lecturer
- Gilpin, Jerry M., Lecturer
- Gonzalez, Roberto, Lecturer
- Heller, William, Associate Professor
- Hinthorn, Richard W., Lecturer
- Jabs, David, Lecturer
- Knobel, Roger A., Jr., Associate Professor
- Martinez, Guillermo, Lecturer
- Olsen, Janet, Lecturer
- Paredes, Miguel, Professor
- Pontius, Paul, Assistant Professor
- Poorkarimi, Hushang, Professor
- Ramirez, Olga M., Professor
- Rivera, Gustavo, Lecturer
- Sifuentez, Cristela, Lecturer
- Skow, Donald P., Senior Lecturer
- Taylor, Monty B., Professor
- Torres, J. Rene, Lecturer
- Uddin, Muhammed, Lecturer
- Villalobos, Maria C., Assistant Professor
- Von Kuster, Lee, Visiting Professor
- Watkins, William, Professor
- Wiener, Bella, Senior Lecturer

Degree Programs

The Department of Mathematics offers a major in Mathematics leading to a Bachelor of Science degree,
minors in mathematics and statistics. It also offers a Bachelor of Interdisciplinary Studies in Mathematics for certification in grades 4-8. In addition, it offers courses for students seeking a second teaching field for teacher certification in mathematics.

The mathematics major requires coursework in mathematics, computer science and statistics. In addition, mathematics majors have options available for elective coursework both in and out of the department. Mathematics majors should work closely with their departmental advisor in order to choose these electives.

All students majoring in mathematics must complete the General Education requirements, as well as requirements for a minor. Students are encouraged to consult with their academic advisors regarding their minor. In addition, students must complete the mathematics requirements with a 2.25 GPA and with at least 21 advanced-level mathematics hours excluding the following courses: MATH 3310, MATH 3312, MATH 3313, MATH 3315, MATH 3316 and MATH 3319.

Depending on their professional goals, students must complete MATH 3349 or the combination of MATH 3304 and MATH 3311 to meet their mathematics requirements. Students considering graduate work or work in industry are encouraged to take MATH 3310, MATH 3312, MATH 3313, MATH 3315, MATH 3316 and MATH 3319.

Students may seek teacher certification in addition to completing the degree requirements. They should consult with the Teacher Certification Office regarding specific requirements. For example, a student seeking teacher certification (Option I*) must complete MATH 3304 and MATH 3311 in addition to Professional Education requirements: EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308, READ 4351 and EDCI 4641 (which may partially fulfill advanced elective requirements).

*Option I as outlined in UT Pan American Secondary Education Program; see the College of Education Advisement Center for details.

* Degree Requirements

** Major in Mathematics

General Education Requirements 48 hours

Complete the requirements shown in the General Education Requirements section on pages 91-93 of this catalog EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown.

| Section B. Science and Mathematics |
| Group 1. Natural Science |
| At least one course in Physics is required. |
| Group 2. Mathematics |
| MATH 1401 is the recommended beginning course. |

| Section C. Computer Literacy |
| A course from the Department of Computer Science above CSCI 1300 is required. |

| Major Course Requirements |
| Core Courses 36 hours |
| MATH 1401  Calculus I |
| MATH 1402  Calculus II |
| MATH 2401  Calculus III |
| MATH 2345  Elementary Linear Algebra |
| MATH 4339  Probability and Statistics |
| MATH 4351  Modern Algebra (grade of “C” or better) |
| MATH 4357  Real Analysis (grade of “C” or better) |

| Designated Electives 3-6 hours |
| MATH 3349  Differential Equations or |
| MATH 3304  Geometry and |
| MATH 3311  The Organizational Structures and Processes of Mathematics |

| Other Electives 6-9 hours |
| Other advanced mathematics electives (6 or 9 hours, depending on which designated electives are taken). |

| Bachelor of Interdisciplinary Studies — Mathematics Teacher Certification for Grades 4-8 |
| General Education/Core Requirements 48 hours |
| Complete the requirements shown in the General Education/Core Requirements section of this catalog. |

NOTE: By choosing appropriately, a student may use some General Education/Core Requirement courses to fulfill other requirements listed below.

| Interdisciplinary Major Area |
| Math 54 hours |
| MATH 2306  Foundations of Mathematics I |
| MATH 2307  Foundations of Mathematics II |
| MATH 3309  Foundations of Mathematics III |
MMAT 3312 Measurement and Geometry
MMAT 3313 Algebraic Structures
MMAT 3315 Probability and Statistics
MMAT 3317 Basics of Discrete Mathematics
MMAT 3318 Basics of Number Theory
MMAT 3319 Mathematical Structures & Processes
MMAT 3320 Basics of Mathematical Modeling
MMAT 3321 Mathematical Problem Solving
MMAT 4320 Basics of Mathematical Modeling

Grade of "C" or better required in all EMAT and MMAT courses. A GPA of 2.25 or greater also required for these courses.

Language Arts 6 hours
READ 3325 Reading in the Content Areas
READ 3326 Cognitive Development & Reading Comprehension

Science (beyond the Core) 6 hours
PHYS, ASTR, GEOL, PSCI (At least one course in physics with a lab is required if not in core.)

Computer/Technology 3 hours
CSCI 1380 Computer Science or
MMAT 3316 Mathematics in a Computer Environment

Arts & Humanities 3 hours
PHIL 1320 Introduction to Logic (if not in Core)

Academic MINOR 18 hours
Any Discipline (9 hrs advanced)

Education Component 18 hours
EDMS 3305 Exceptional Learner
EDMS 3353 Adolescent Development
EDMS 3354 Curriculum Development & Assessment
EDMS 3355 Instructional Methods & Classroom Management
EDMS 4657 Internship

TOTAL 138 hours

Students seeking teacher certification should consult with the Teacher Certification Office regarding mathematics courses required for certification.

Other Requirements
- Completion of the major course requirements with a 2.25 or better.
- Completion of at least 21 hours of advanced-level mathematics excluding the following courses: MATH 3310, MATH 3312, MATH 3313, MATH 3315, MATH 3316 and MATH 3319.
- Completion of requirements for a minor.

TOTAL 124 hours

Minor in Mathematics
Students may seek a minor in mathematics with or without teacher certification. A minor in mathematics for those students not seeking certification requires 24 semester hours of mathematics, of which 9 hours must be advanced, including MATH 1401, MATH 1402, MATH 2401, MATH 2345 and 9 approved advanced semester hours of mathematics.

Students seeking teacher certification under Option II* must complete an additional 3 approved advanced semester hours of mathematics, and must include both MATH 3304 and MATH 3311 (for a total of 27 hours). For additional certification requirements, a student should consult with the Teacher Certification Program Office.

In either case, MATH 3310, MATH 3312, MATH 3313, MATH 3315, MATH 3316 and MATH 3319 are not appropriate or approved for the advanced-level mathematics requirements in this minor.

*Option II as outlined in UT Pan American Secondary Education Programs. See the College of Education Advisement Center for details.

Mathematics Specialization for the Bachelor in Interdisciplinary Studies
A specialization in elementary mathematics requires 27 hours in mathematics of which 18 must be advanced.

Required Courses 27 hours
MATH 1340 College Algebra
MATH 2306 Foundations of Mathematics I
MATH 2307 Foundations of Mathematics II
MATH 3310 Foundations of Mathematical Problem Solving
MATH 3312 Foundations of Measurement and Informal Geometry
MATH 3313 Foundations of Algebraic Structures
No Image Available due to file size.

Minor in Statistics

The minor in statistics is available for students in mathematics and science as well as for students in other disciplines needing statistics as a tool. The minor requires 18 approved hours of mathematics, statistics or computer science, of which 9 must be advanced. These 18 hours cannot be used simultaneously to fulfill requirements in the student’s major. MATH 3310, MATH 3312, MATH 3313, MATH 3315, MATH 3316 and MATH 3319 are not appropriate or approved for the advanced-level math requirements in this minor.

The degree plan must include the following courses:

- **MATH/STAT 2330** Survey of Elementary Statistics
- **MATH/STAT 3337** Applied Statistics I
- **MATH 3338** Applied Statistics II
- **MATH 4339** Probability and Statistics
- **STAT 4336** Sampling

Course Descriptions

A listing of courses offered by the Department of Mathematics can be found on page 304.

General Overview

The Department of Physics and Geology offers a Bachelor of Science degree with a major in physics and minors in geology, physical science and physics. The geology minor is compatible with major fields of study in physics, chemistry, education, biology, engineering and business. There are secondary and elementary teaching fields in physics, physical science and earth science. The department also offers courses in subject areas of astronomy and geography.

Students are expected to furnish their own transportation and expenses on field trips.

Degree Requirements

Major in Physics

General Education Requirements 48 hours

Complete the General Education requirements as shown on pages 91-93 of this catalog.

Core Courses 28 hours

- **PHYS 1401** General Physics
PHYS 1402 General Physics
PHYS 2101 Intermediate Laboratory
PHYS 2302 Intermediate Physics
PHYS 2102 Intermediate Laboratory
PHYS 3301 Electromagnetic Theory I
PHYS 3302 Electromagnetic Theory II
PHYS 3303 Heat and Thermodynamics
PHYS 3304 Optics
PHYS 3305 Mechanics

Designated Electives 8 hours
PHYS 3402 Modern Physics or
PHYS 4301 Topics in Modern Physics and
PHYS 3101 Junior Laboratory
4 advanced hours of Physics

◆ Minor in Physics
Required Courses
PHYS 1401 General Physics (or equivalent)
PHYS 1402 General Physics (or equivalent)
PHYS 2301 Intermediate Physics
PHYS 2101 Intermediate Laboratory
PHYS 2302 Intermediate Physics
PHYS 2102 Intermediate Laboratory

Designated Electives
PHYS 3402 Modern Physics or
PHYS 4301 Topics in Modern Physics and
PHYS 3101 Junior Laboratory
2 additional advanced hours of physics

TOTAL 22 hours

◆ Minor in Earth Science
19 hours in Geology

Required Courses
GEOL 1401 Physical Geology
GEOL 1402 Historical Geology
GEOG 2313 Physical Geography
GEOL 2401 Geomorphology or
GEOL 2402 Structural Geology
GEOL 3403 Oceanography

◆ Minor in Geographic Information Systems
19 hours in Geology and Geographic Information Systems — Track I
GEOL 1401 Physical Geology
GEOL 1402 Historical Geology
GEOL 3408 Introduction to Geographic Information Systems

GEOL 4408 Applications of Geographic Information Systems
GEOL 4309 Problems in Geology and Geophysics

◆ Minor in GIS-Track II
GEOL 1401 Physical Geology or
PHSC 1422 Physical Science
PHSC 2313 Principles of Physical Geography
GEOL 3408 Introduction to Geographic Information Systems (GIS)
GEOL 4408 Applications of Geographic Information Systems
GEOL 4309 Undergraduate Research

TOTAL 18 hrs.

◆ Minor in Physical Science (Option I)
22 hours in the physical sciences, of which 6 hours must be advanced.

Required Courses
CHEM 1301 General Chemistry I
CHEM 1302 General Chemistry II
PHYS 1401 General Physics
PHYS 1402 General Physics

Designated Electives
6 advanced hours in any combination of advanced courses in chemistry, geology, physical science and physics.

TOTAL 22 hours

◆ Minor in Physical Science (Option II)
24 hours in the physical sciences, of which 8 hours must be advanced.

Required Courses
PSCI 1421 Physical Science
PSCI 1422 Physical Science
GEOL 1401 Physical Geology or
GEOL 1403 Environmental Geoscience I
GEOL 1402 Historical Geology or
GEOL 2401 Geomorphology
GEOL 3403 Oceanography or
GEOL 3401 Mineralogy
PSCI 4311 Topics in Physical Science
PHYS 3101 Junior Laboratory

TOTAL 24 hours
Teacher Certification with a Minor in Physics

Secondary Option II

Required Courses
- PHYS 1401 General Physics or equivalent
- PHYS 1402 General Physics or equivalent
- PHYS 2301 Intermediate Physics
- PHYS 2101 Intermediate Laboratory
- PHYS 2302 Intermediate Physics
- PHYS 2102 Intermediate Laboratory

Designated Electives
12 advanced hours in physics.

TOTAL 28 hours

Teacher Certification in Physical Science

Secondary Option III

24 hours in physical sciences, of which 8 must be advanced.

Required Courses
- CHEM 1301 General Chemistry I
- CHEM 1302 General Chemistry II
- PHYS 1401 General Physics
- PHYS 1402 General Physics

Designated Electives
8 advanced hours in any combination of advanced courses in chemistry, physical science and physics.

TOTAL 24 hours

Secondary Option II

24 hours in the physical sciences, of which 8 must be advanced.

Required Courses
- CHEM 1301 General Chemistry I
- CHEM 1302 General Chemistry II
- PHYS 1401 General Physics
- PHYS 1402 General Physics

Designated Electives
8 advanced hours in any combination of advanced courses in chemistry and physics.

TOTAL 24 hours

Teacher Certification in Earth Science

Secondary Option I

36 hours in geology, of which 20 hours must be advanced.

Required Courses
- GEOL 1401 Physical Geology
- GEOL 1402 Historical Geology
- GEOL 2401 Geomorphology
- GEOL 2402 Structural Geology
- GEOL 3401 Mineralogy
- GEOL 3403 Oceanography
- GEOL 3404 Stratigraphy-Sedimentation
- GEOL 3405 Petrology

Designated Electives
4 additional advanced hours of geology.

TOTAL 36 hours

Secondary Option II

24 hours in geology, of which 12 hours must be advanced.

Required Courses
- GEOL 1401 Physical Geology
- GEOL 1402 Historical Geology
- GEOL 2401 Geomorphology or GEOL 2402 Structural Geology
- GEOL 3401 Mineralogy
- GEOL 3403 Oceanography
- GEOL 3405 Petrology

TOTAL 24 hours

Students in either certification option should take, as recommended electives, 4 hours of astronomy and 3 hours of physical geography in preparation for the ExCET test.

Course Descriptions
A listing of courses offered by the Department of Physics and Geology can be found on pages 289 (GEOL) and 325 (PHYS).
General Overview

The College of Social and Behavioral Sciences is composed of five departments: Criminal Justice, Military Science, Political Science, Psychology and Anthropology, and Sociology.

The goals of the College of Social and Behavioral Sciences are based upon the importance for students that a liberal arts education has as the foundation for all university studies. Consequently, the college endorses the “Goals of a Liberal Arts Education” found on page 90 of this catalog.

Academic Programs

The college offers the Bachelor of Arts in Anthropology, General Studies, Political Science and Psychology; the Bachelor of Science in Psychology, Sociology and Criminal Justice; and the Bachelor of Applied Arts and Sciences. Students may minor in anthropology, criminal justice, military science, political science, psychology or sociology.

At the graduate level, students can earn master’s degrees in Criminal Justice, Psychology, Public Administration, Sociology, and Interdisciplinary Studies with a concentration in Anthropology. More information on master’s degrees is available in the Graduate Catalog.

The College of Social and Behavioral Sciences helps provide students with a liberal arts education by offering instruction in several areas. Students also can satisfy the General Education requirements for physical activity and social science courses (see pages 91-93) by taking classes within the college.

Additionally, the Department of Military Science provides Army Reserve Officers’ Training Corps training that can lead to commissioning in the Army, Army Reserve or National Guard.

Dr. Homer Garcia, Dean
Social & Behavioral Sciences Building
Room 238

Edinburg, Texas 78541-2999
Telephone: 956/381-3551
Fax: 956/381-2180
On the web: http://www.panam.edu/colleges/cosbs.cfm

Dr. Sheila Pozorski, Assistant Dean
Social & Behavioral Sciences Building
Room 234
1201 W. University Drive
Edinburg, Texas 78541-2999
Telephone: 956/381-3551
Fax: 956/381-2180
The Bachelor of Applied Arts and Sciences (BAAS) is specifically designed to allow individuals who hold an Associate of Applied Arts and Sciences degree in a technical or an occupational area from an accredited institution to earn a bachelor’s degree. The BAAS degree will be awarded to individuals who successfully complete (a) the liberal arts-based general education requirement (48 hours), (b) one of the professional development sequences (36 hours), and (c) the occupational or vocational coursework (48-51 hours) completed in meeting the requirements for an Associate of Applied Arts and Sciences degree.

**Program Requirements**

**Academic Foundations**

- Complete the General Education requirements as shown on pages 91-93 of this catalog.

**College Core**

- **9 hours**
  - 6 hours in 2 separate social science disciplines outside the general education core.
  - 3 additional hours in either the same language or 3 hours of communication.

**BAAS Professional Development**

- **4 Sequences**
  - Before entering the BAAS Program, the student is assigned a degree counselor within the Office of the Dean. With the advice of the degree counselor, the student selects one of the Professional Development Sequences, and a degree plan is placed on record.

**Sequences**

- Required Courses
  - **18 hours**
    - ECO 3358 Labor or Economics (or)
    - ECO 3360 Managerial Economics (or)

- Designated Electives
  - **6 hours**
    - Complete one of the following groups:
      - **Group A**
        - MANA 3361 Principles of Management and Organizational Behavior
        - MANA 3362 Human Resource Management
      - **Group B**
        - MARK 3371 Principles of Marketing
        - MARK 3373 Industrial Marketing
      - **Group C**
        - FINA 3381 Money and Banking
        - FINA 3386 Financial Institutions and Markets

- Electives
  - **12 hours**
    - Select 12 hours of advanced non-business courses in conference with academic advisor.
• Liberal Arts 36 hours
Students selecting this sequence may be prepared for careers in hotel/motel management or state/federal services in which skills in the use of modern languages are required.

**Required Courses 18-24 hours**

**Language Other than English**
Complete at least 12 advanced hours in the same language or 18 advanced hours in two languages (i.e., 6 and 12).

**Other**
MANA 3361 Principles of Management and Organizational Behavior
MANA 3362 Human Resource Management

**Designated Electives 12 hours**

**Business**
3 hours of advanced electives in business

**Political Science**
Select at least 6 hours from the following:
POLS 3314 American State and Local Government
POLS 3323 Introduction to Public Administration
POLS 3342 Government Organization and Administrative Theory
POLS 4310 Comparative Public Administration
POLS 4320 American Constitutional Law: Federalism
POLS 4360 American Executive Process
POLS 4365 American Administrative Process
POLS 4367 American Judicial Process

**History**
Select 3 hours from the following:
HIST 4313 20th Century America, 1917 to the Present
HIST 4325 The American Southwest after 1821
HIST 4353 History of Mexican Culture
HIST 4354 Contemporary Mexico
HIST 4363 U.S.-Latin America Relations
HIST 4374 The Caribbean and Central America

**Free Electives 6-0 hours**
6-0 advanced hours, to be selected in conference with academic advisor (hours required depend upon amount of language taken above).

---

**Occupational or Vocational Emphasis 48-51 hours**
Occupational or vocational work completed as a part of BAAS degree.

**Other Requirements**
At least 51 hours must be at the advanced level.

**TOTAL 124 hours**

---

**Baccalaureate in General Studies (BGS)**

**Program Description**
Students taking the Baccalaureate in General Studies will complete a minimum of 124 hours with at least 51 hours of advanced coursework. Students will develop their academic programs in consultation with the Dean of the College of Social and Behavioral Sciences and the academic advisors for the department or disciplines involved.

**Program Requirements**

**General Education requirements 48 hours**
Complete the General Education requirements as shown on pages 91-93 of this catalog

**College Core 9 hours**
6 hours in two separate social science disciplines outside the general education core.
3 additional hours in either the same language or three hours of communication.

**Required Courses:** 54 hours
Discipline #1 18 hours (minimum of 12 adv. hours)
Discipline #2 18 hours (minimum of 12 adv. hours)
Discipline #3 18 hours (minimum of 12 adv. hours)

The 3 disciplines selected may come from any academic department within the University that offers a major or minor. Students must complete all the requirements for each minor. Some minors may require more than 18 hours per minor.

**Free Electives 22 hours**
Including a minimum of 15 advanced hours.

**Other Requirements**
A minimum of 51 hours of advanced coursework.

**TOTAL 124 hours**
Criminal Justice

Dr. Daniel K. Dearth, Department Chair
Social and Behavioral Sciences Building
Room 321
Telephone: 956/381-3566
Fax: 956/381-2490
E-mail: dkd@panam.edu

Full-time Faculty
Appiahene-Gyamfi, Joseph, Assistant Professor
Cohen, Nigel, Assistant Professor
Dantzker, Mark, Associate Professor
Dearth, Daniel K., Associate Professor
Ethridge, Philip, Associate Professor
Resendiz, Rosalva, Assistant Professor

General Overview
The Department of Criminal Justice undergraduate programs are directed at preparing students for professional service in criminal justice agencies and entrance into graduate programs and professional schools. A major focus is to equip students to become change-agent professionals in a variety of criminal justice institutions in law enforcement, courts, and corrections as well as related public and private entities that focus on preservation and protection of democratic principles and social order.

The Department of Criminal Justice helps fulfill and support the mission and goals of the University, the Division of Academic Affairs, and the College of Social and Behavioral Sciences. The department is committed to helping provide all students at the University, regardless of their major, with effective instruction grounded in the liberal arts-consistent with the University “Goals of a Liberal Arts Education” found on pages 91-93 of this catalog.

Degree Requirements

**Major in Criminal Justice (BSCJ Degree)**
Upon completion of all requirements students will be awarded a Bachelor of Science in Criminal Justice (BSCJ) degree with a major in Criminal Justice.

University General Education Requirements 48 hours
Complete the General Education requirements as shown on pages 91-93 of this catalog.

**NOTE:** Under Humanities and Visual and Performing Arts, the Criminal Justice Department strongly advises students to take Philosophy 2390 — Professional Ethics.

College Core and Social Science Support Courses 27 Hours

Modern Language 3 hours
Same language as taken to complete General Education Requirements

Introductory Statistics 3 Hours
Select one course only:
SOC 2301 Statistics for Behavioral Sciences
PSY 2401 Basic Statistics for Psychologists
QUIMT 2341 Elementary Business/Economic Statistics
MATH 2330 Survey of Elementary Statistics

Political Science 6 hours
Select one course only from each group:

**Group One:**
POLS 4321 American Constitutional Law: Civil Liberties
POLS 4367 American Judicial Processes

**Group Two:**
POLS 3314 American State and Local Government
POLS 3316 American Public Policy
POLS 3323 Introduction to Public Administration
POLS 3324 Government Organization and Administrative Theory
POLS 3325 Public Personnel Administration
POLS 4384 Seminar in Local Government

Psychology 3 hours
Advanced elective

Sociology 6 hours
Advanced electives

Free Electives 6 hours
Advanced electives
## Criminal Justice Core
- CRIJ 1301 Introduction to Criminal Justice
- CRIJ 1306 Court Systems and Practices
- CRIJ 2313 Correctional Systems and Practices
- CRIJ 2328 Police Systems and Practices
- CRIJ 3303 Criminology
- CRIJ 3304 Criminal Justice Research Methods
- CRIJ 4399 Criminal Justice System-Capstone

### Criminal Justice Electives Groups
15 hours

You must have 12-15 advanced hours, depending on the selected minor, from the following:
- CRIJ 1307 Crime in America
- CRIJ 1310 Fundamentals of Criminal Law
- CRIJ 1313 Juvenile Justice System
- CRIJ 2314 Criminal Investigation
- CRIJ 2323 Legal Aspects of Law Enforcement
- CRIJ 2326 Police-Community Relations
- CRIJ 2335 Legal Aspects of Corrections
- CRIJ 3341 Probation and Parole
- CRIJ 3344 Techniques of Interviewing
- CRIJ 3345 Correctional Administration
- CRIJ 4311 Police Organization and Administration
- CRIJ 4312 Principles of Law Enforcement Supervision
- CRIJ 4313 Current Issues in Law Enforcement
- CRIJ 4341 Correctional Casework and Counseling
- CRIJ 4343 Current Issues in Corrections
- CRIJ 4361 Comparative Criminal Justice Systems
- CRIJ 4362 Special Topics in Criminal Justice
- CRIJ 4363 Independent Studies in Criminal Justice
- CRIJ 4464 Field Internship Experience

Each student must complete a minor selected from a discipline other than criminal justice. The specific minor should be selected in consultation with a faculty advisor. Departments vary in the number of required total semester hours and number of required advanced hours in their respective minors. Some departments offer minors requiring only 6 advanced hours but allow additional advanced hours to be selected from electives. We suggest that students take a minimum of 9 advanced hours in their chosen minor. Criminal Justice majors cannot minor in criminal justice.

### Minor in Criminal Justice

The criminal justice minor requires the completion of 18 semester hours in criminal justice. Nine semester hours must be advanced. Criminal justice majors cannot minor in criminal justice.

#### Required Criminal Justice Courses
9 hours
- CRIJ 1301 Introduction to Criminal Justice
- CRIJ 2328 Police Systems and Practices
- CRIJ 2313 Correctional Systems and Practices

#### Criminal Justice Electives
9 hours
Select three courses from the following:
- CRIJ 3303 Criminology for Criminal Justice
- CRIJ 3304 Criminal Justice Research Methods
- CRIJ 3341 Probation and Parole
- CRIJ 3344 Techniques and Interviewing
- CRIJ 3345 Correctional Administration
- CRIJ 4311 Police Organization and Administration
- CRIJ 4312 Police Supervision
- CRIJ 4313 Current Issues in Law Enforcement
- CRIJ 4341 Correctional Casework and Counseling
- CRIJ 4343 Current Issues in Corrections
- CRIJ 4361 Comparative Criminal Justice Systems
- CRIJ 4362 Special Topics in Criminal Justice*
- CRIJ 4363 Independent Studies in Criminal Justice*
- CRIJ 4464 Field Internship Experience

*Can be taken once only for credit.

#### Course Prerequisites

Enrollment in advanced level courses (3000 and 4000) requires having successfully completed a minimum of 45 semester hours, 9 of which must have been in criminal justice, for 3000-level courses and having completed 60 semesters or more, 12 of which must have been in criminal justice, for 4000-level courses or specific permission by the instructor.

#### Course Descriptions

A listing of courses offered by the Department of Criminal Justice can be found on page 263.
The departmental objective is to develop selected men and women with potential to serve as commissioned officers in the active Army, National Guard or Army Reserve. The leadership and management experience gained through the Army Reserve Officers’ Training Corps and service as a commissioned officer will benefit the student in civilian as well as in military service and national defense pursuits. Students in the program have the opportunity to:

1. enhance leadership and managerial potential;
2. attain basic understanding of military fundamentals and national security;
3. attain clear understanding of the concept of military art and science; and
4. develop a strong sense of personal honor, integrity and individual responsibility.

**General Overview**

**ROTC Faculty Advisory Committee**

The Reserve Officers’ Training Corps (ROTC) Faculty Advisory Committee, composed of 9 advisors from different departments, serves as liaison with the Department of Military Science and helps provide guidance on career opportunities with the Army, Army Reserve or National Guard for students of other departments at The University of Texas-Pan American.

**Army Scholarship Program**

Students who meet prerequisites may compete for nationally or state-awarded U.S. Army scholarships that pay for tuition, books, fees and other purely educational costs and provide a tax-free monthly subsistence allowance for 10 months of each year the scholarship is in effect. Free room and board is available on campus for a limited number of students, with priority going to ROTC Scholarship winners. Several application deadlines exist. Contact the Department of Military Science for details.

**Veterans Assistance**

Veterans who enroll in upper-level Military Science receive a tax-free monthly subsistence allowance for 10 months each of the two years, in addition to benefits provided by the Veterans Administration, Army Reserve or National Guard.

**Simultaneous Membership Program (SMP)**

Eligible students are allowed to participate with Army Reserve units or the National Guard combined with College ROTC. In addition to Reserve or National Guard pay, the student receives ROTC pay. In the SMP, the student’s pay will be elevated to the rank of E-5 (Sergeant) and the student will fill the position of a junior leader in that unit. Upon completion of a bachelor’s degree and the ROTC program, the student may be commissioned in the Active Army, Army Reserve or National Guard in the rank of second lieutenant.

**Departmental Activities**

The Department of Military Science sponsors several extracurricular activities such as the annual Military Ball, Dining-Out, JROTC Day, Field Training Exercises and Guadalupe River canoe trip. Additional opportunities to participate in team events are available in Color Guard, Bronc Club and Ranger Challenge.

**Army Training**

Selected cadets enrolled in the course may be eligible to compete for attendance to either the Airborne, Air Assault, Northern Warfare, Mountain Warfare or Cadet Troop Leadership Training. Selection is based upon motivation, physical condition and performance in Military Science.
◆ Minor in Military Science

The Department of Military Science offers a minor in military science and a commission as an officer in the Active Army, Army Reserve or Army National Guard through the Reserve Officers’ Training Corps (ROTC) program on the Edinburg campus.

◆ No Commitment or Obligation for Lower Level Courses

Students need not seek a career in the U.S. Army to enroll in lower-level courses such as Marksmanship and First Aid, Survival and Land Navigation Training, and Basic Leadership, which provide the opportunity to increase individual skills and knowledge in leadership and management techniques in and outside the classroom. Lower-level courses also fulfill the physical education requirement for General Education.

◆ Requirements for Advanced Military Science Standing and Commissioning

1. Complete four semesters of lower-level ROTC courses or have advanced credit as a veteran, or from USAR/ARNG Basic Training, ROTC Basic Camp, or have JROTC credit and approval.
2. Maintain full-time student status.
3. Pass a military physical examination.
4. Pass the ROTC Physical Aptitude Examination.
5. Maintain an overall grade point average of 2.0.
6. Sign an Advanced ROTC and Commissioning Agreement.
7. Successfully complete four semesters of advanced ROTC courses.
8. Successfully complete ROTC Advanced Camp.
9. Successfully complete an undergraduate degree program.
10. Complete at least one departmentally approved Professional Military Education course from each of the areas listed: written communications skills, human behavior, computer literacy, mathematics and military history.

Minor Requirements

18 hours: ROTC 3202 plus 16 hours of advanced military science courses. (ROTC 3401, ROTC 3402, ROTC 4401, ROTC 4403).

◆ Course Descriptions

A listing of courses offered by the Department of Military Science can be found on page 336.
opportunity to prepare for law school. Students interested in a career in law should obtain the pre-law handout, available in the main office of the Department of Political Science (Social and Behavioral Sciences Building Room 208). For additional information, please contact Dr. J.L. Polinard at 956/381-3341.

Certificate of Legal Reasoning

As part of UTPA’s pre-law program, the University offers a Certificate in Legal Reasoning. Students can obtain this certificate by completing the following courses:

- PHIL 1320 Logic or
- PHIL 2330 Ethics
- ENG 4325 Composition Techniques
- POLS 4320 American Constitutional Law: Federalism
- POLS 4321 American Constitutional Law: Civil Liberties
- PREL 4300 Legal Research & Writing I
- PREL 4301 Legal Research & Writing II

Degree Requirements

Major in Political Science 124 hours

General Education Requirements 48 hours

Complete the General Education requirements as shown on pages 91-93 of this catalog, including POLS 2313 and 2314 or POLS 2387 and 2388.

College and Departmental Core Requirements 15 hours

- 3 hours of modern language in the same language as taken to complete General Education Requirements.

- 3 hours of social science in a discipline other than the discipline taken to meet the General Education social science requirement.

- 3 hours of Introductory Statistics (MATH/STAT 2330, PSY/ANTH 2401, SOC 2301, or QUMT 2341. MATH/STAT 2330 satisfies the General Education mathematics requirement.)

- 6 hours from two of the following three areas:
  a. Introduction to Political Science (POLS 1333);
  b. Introduction to Political Economy (POLS 2334);
  c. Economics (ECO 1301, ECO 2301 or ECO 2302)

Designated Advanced Coursework 27 hours

- 6 hours in American Government and Politics
- 3 hours in Comparative Government
- 3 hours in International Relations
- 3 hours in Methods of Political Science Research (POLS 3330)
- 3 hours in Political Theory
- 3 hours in Public Administration
- 6 hours of advanced Political Science electives

Hours for Minor and Advanced Electives 34 hours

Minor in Political Science

18 hours in Political Science, of which 9 hours must be advanced.

Required Courses

- POLS 2313 United States and Texas Government and Politics
- POLS 2314 United States and Texas Government and Politics

Designated Electives

- POLS 1333 Introduction to Political Science or
- POLS 2334 Political Economy

9 advanced hours in Political Science.

Teacher Certification in Social Sciences: 129 hours

Secondary Plan II:

75 hours in Social Sciences and Education. This is an interdisciplinary program designed specifically for students seeking certification in the Social Sciences in order to teach government, history and economics at the secondary level.

General Education Requirements 48 hours

Complete the General Education requirements as shown on pages 91-93 of this catalog.

College of Social and Behavioral Sciences Requirements 6 hours

- 3 hours of modern language (in the same language as taken to satisfy the General Education language requirements).

- 3 hours of social science in a discipline other than political science or the discipline taken to satisfy the General Education Requirements.
### Required Basic Courses
12 hours
(beyond General Education Requirements)
(beyond General Education courses)
- ECON 2301 Principles of Economics I*
- ECON 2302 Principles of Economics II
- HIST 2313 American Heritage I*
- HIST 2314 American Heritage II*
- HIST 2332 World Civilization I
- HIST 2333 World Civilization II
- POLS 2313 United States and Texas Government and Politics*
- POLS 2314 United States and Texas Government and Politics*
- POLS 2334 Introduction to Political Economy

*Part of the 48-hour General Education requirements

### Required Advanced Courses
30 hours
- HIST 3303 Geography and Environment
- HIST 3330 A General Survey of the History of Texas
- HIST 3332 Historiography and Methods
- EDCI 4301 Foundations in Education
- EDCI 4302 Educational Psychology
- EDCI 4307 Secondary Curriculum: Internship I
- EDCI 4308 Advanced Secondary Curriculum: Internship II
- EDCI 4641 Secondary Internship
- READ 4351 Developmental Reading in Secondary Schools

### Designated Advanced Electives
33 hours
**History:** Select 12 advanced hours in history. Three hours must be selected from each of the three following history fields: American, Latin American, European.

**Political Science:** Select 15 advanced hours in political science. Nine hours must be from the following designated courses:
- POLS 3314 American State and Local Government
- POLS 3316 American Public Policy
- POLS 3333 Classical Political Theory
- POLS 4320 American Constitutional Law: Federalism*
- POLS 4321 American Constitutional Law: Civil Liberties*
- POLS 4332 American Political Theory
- POLS 4360 American Executive Process
- POLS 4363 American Legislative Process
- ECON 3351 Macroeconomic Theory
- ECON 3352 Microeconomic Theory
- ECON 3355 Economic Development
- ECON 4359 History of Economic Thought

### Additional Requirements
1. Students must have a 2.5 cumulative GPA in their history, political science and economics courses.
2. Students must have a “C” or better in each of their history, political science and economics courses.

*Only one course from POLS 4320, 4321 and 4367 may be counted toward fulfilling the 9-hour requirement.

### Total Required for Graduation
129 hours

---

**Course Descriptions**
A listing of courses offered by the Department of Political Science can be found on page 326.
General Overview of Psychology Program

A major is offered in psychology with either a Bachelor of Arts or a Bachelor of Science degree. A demand exists for baccalaureate psychology graduates in public and private agencies dealing with human relations.

However, the more challenging and specialized fields in psychology usually require further study beyond the bachelor’s degree. High academic standards are required of those students planning to do graduate work, and the BS program is designed to ensure that students planning further study acquire a background that will maximize their chances of success in graduate school. Training in research methods, statistics and theory are required of all majors. According to their own interests, majors take further courses in the areas of clinical, experimental, social and developmental psychology. Students pursuing the BS degree also take further courses in the natural sciences and computer science.

Whenever possible, students are involved in the many ongoing research programs of the department, giving them practical experience in the discipline.

In addition, the department offers a minor in psychology.

Mission Statement

The Department of Psychology and Anthropology is an academic administrative unit within the College of Social and Behavioral Sciences at The University of Texas-Pan American. The department has been established to facilitate accomplishing the University mission to meet the higher education needs of the citizenry of South Texas and the State of Texas. The department is committed to excellence in instruction, student performance, research, scholarly accomplishment and professional service in the disciplines constituting psychology and anthropology.

The Department of Psychology and Anthropology strives to fulfill its responsibilities by providing quality undergraduate academic programs in anthropology and psychology. At the graduate level, the department provides opportunities for students with baccalaureate degrees to pursue advanced study in clinical and experimental psychology. (More information on graduate programs is available in the Graduate Catalog.) The department is committed to providing an environment of academic freedom and academic responsibility so that faculty may develop and implement successful teaching activities that ensure high standards of instruction and student performance.

The Department of Psychology and Anthropology recognizes that its faculty has a commitment to those research and creative activities indicative of scholarly excellence. The department attempts to nurture and support such activities so that faculty may maintain currency in their knowledge of subject matter, vibrancy in their teaching, dedication to their respective
disciplines, and interest in extending the boundaries of human knowledge and understanding.

The Department of Psychology and Anthropology is also committed to providing effective instructional opportunities for all students at the University, regardless of their major area of concentration. The department attempts to meet this goal by providing students with instruction in several areas of study that ground the liberal arts tradition. To this end, the department provides instructional opportunities for all students to develop further the following characteristics indicative of a university-educated person:

1. An inquiring attitude that acknowledges the many-sided nature of most important questions, recognizes the need to examine inherited judgments, and reveals a desire for continued learning and creative expression.

2. The ability to use words accurately and effectively, and to communicate clearly in oral and written formats.

3. The ability to analyze complex problems and to synthesize facts and ideas.

4. An appreciation for the responsibilities of the individual to family and society; skill in serving as a constructive member in groups and organizations; sensitivity to the need for informed, independent, moral and ethical decisions.

5. Knowledge of political and social systems in the United States and other nations, and their interrelationships.

6. An understanding of self, along with an empathy for the strengths, weaknesses, rights and needs of others, as well as the ability to relate to others with human understanding.

The Department of Psychology and Anthropology is also committed to sponsoring service activities that meet the intellectual and cultural interests of the University and the community that the University serves.

**Degree Requirements**

**Major in Psychology (BA Degree)**

Anthropology

Full-time Faculty
   Glazer, Mark, Professor
   Hinojosa, Servando, Assistant Professor
   Pozorski, Shelia, Professor
   Pozorski, Thomas, Professor

◆ General Overview of Anthropology Program

The primary focus of both the major and minor is on anthropology as a broad-based discipline, with special emphasis on cultural anthropology, physical anthropology, archaeology and folklore. Special topics courses are also available in advanced folklore, anthropological theory and methods and New World archaeology.

A major or minor in anthropology is particularly appropriate for professionals who plan to practice in South Texas or a comparable area made special by the meeting of different cultures. Anthropology also provides an excellent preparation for careers in international business, government, politics, criminal justice, social work and medicine or other health-related professions. The more specialized fields in...
anthropology usually require further study beyond the bachelor’s degree.

**Mission Statement**

The Anthropology Program is an academic unit within the College of Social and Behavioral Sciences at The University of Texas-Pan American. The program has been established to facilitate accomplishing the University’s mission to meet the higher education needs of the citizenry of South Texas and the State of Texas. The program is committed to excellence in instruction, student performance, research, scholarly accomplishment and professional service in the discipline of anthropology.

The Anthropology Program strives to fulfill its responsibilities by providing quality undergraduate academic programs in anthropology. Emphasis is placed on exposing students to a holistic approach to anthropology that incorporates the three major subfields - cultural anthropology, physical anthropology and archaeology. At the graduate level, the program provides opportunities for students with baccalaureate degrees to fulfill an anthropology concentration for an interdisciplinary master’s degree and to fulfill required graduate hours outside one’s field of study to earn a master’s degree in various disciplines at the University. The Anthropology Program is committed to providing an environment of academic freedom and academic responsibility so that faculty may develop and implement successful teaching activities that ensure high standards of instruction and student performance.

The Anthropology Program recognizes that its faculty has a commitment to those research and creative activities indicative of scholarly excellence. The program attempts to nurture and support such activities so that faculty may maintain currency in their knowledge of subject matter, vibrancy in their teaching, dedication to their respective disciplines, and interest in extending the boundaries of human knowledge and understanding.

The Anthropology Program is also committed to providing effective instructional opportunities for all students at the University, regardless of their major area of concentration. The program attempts to meet this goal by providing students with instruction in several areas of study that ground the liberal arts tradition. To this end, the program provides instructional opportunities for all students to develop further the following characteristics indicative of a university-educated person:

1. Learning about anthropology fosters an inquiring attitude that acknowledges the many-sided nature of most important questions, recognizes the need to examine inherited judgments and reveals a desire for continued learning and creative expression.

2. A holistic approach to anthropology hones a person’s ability to use words accurately and effectively and to communicate clearly in oral and written formats.

3. Anthropological thinking nurtures the ability to analyze complex problems and to synthesize facts and ideas.

4. Exposure to the field of anthropology encourages an appreciation for the responsibilities of the individual to family and society; skill in serving as a constructive member in groups and organizations; and sensitivity to the need for informed, independent, moral and ethical decisions.

5. Learning about anthropology increases knowledge about political and social systems in the United States and other nations, and their interrelationships; such multicultural perspectives can foster greater understanding, tolerance and respect for different lifestyles and viewpoints.

6. Anthropology encourages an understanding of self, along with an empathy for the strengths, weaknesses, rights and needs of others, as well as the ability to relate to others with human understanding.

The Anthropology Program is also committed to sponsoring service activities that meet the intellectual and cultural interests of the University and the community that the University serves.

**Degree Requirements**

The department offers a major in anthropology leading to the Bachelor of Arts degree.

General Overview
The Department of Sociology offers a major in sociology leading to the Bachelor of Arts degree, as well as a minor in sociology.

Students majoring and minoring in sociology receive excellent preparation for careers in public and private agencies dealing in human relations. The more challenging and specialized fields in sociology usually require further study beyond the bachelor’s degree. Sociology also provides excellent background for those persons considering careers in such fields as education, health, law, law enforcement, business and journalism.

Degree Requirements

♦ Major in Sociology

General Education Requirements 48 hours
Complete the General Education requirements as shown on pages 91-93 of this catalog.

College of Social and Behavioral Sciences Requirements 9 hours
6 additional hours of Social Science courses in 2 separate Social Science disciplines (anthropology, criminal justice, economics, political science or psychology) outside sociology.
3 hours in the same modern language used to satisfy the General Education requirement or 3 hours of Communication (COMM 1303, 1313).

Core Courses 15 hours
SOC 1313 Principles of Sociology
SOC 2301 Statistics for the Behavioral Sciences
SOC 3301 Methods of Social Research
SOC 4333 Social Theory
SOC 4352 Social Inequality

Designated Electives 15 hours
Select 15 hours of Sociology, of which at least 9 hours must be advanced.

Other requirements for BA in Sociology:
Please be aware of the “Requirements for a Bachelor’s Degree” enumerated on pages 62-63. These include completion of a total of 124 hours of coursework, completion of a minor, and completion of a minimum of 45-54 hours of upper-level (3000/4000) coursework.

♦ Minor in Sociology
18 hours in Sociology, of which 9 hours must be advanced; must include the following:
SOC 1313 Principles of Sociology
SOC 4333 Social Theory or
SOC 4352 Social Inequality

♦ Course Descriptions
A listing of courses offered by the Department of Sociology can be found on page 338.
No Image Available due to file size.
Every course at The University of Texas-Pan American is identified by a subject code with a maximum of four letters and a four-digit number that specifies the level and the number of hours of credit for the course.

Course numbers show both the collegiate level at which they are offered and the semester hour value of the course. The first digit shows the level and the second digit shows the credit hours. The last two digits are departmental designations. For example, SPAN 1301 is a Spanish course given in the freshman year that carries three hours of credit per semester. All undergraduate courses ending in the numbers 87 and 88 are honors courses.

For more information on course numbering, see page 49. The subject codes listed below correspond to the following subjects and departments:

ACC 2329 Fundamentals of Managerial Accounting
(Texas Common Course Number is ACCT 2301.)
Fall, Spring, Summer
This course discusses selected management accounting techniques consistent with contemporary management philosophies. Activity-based costing, cost of quality, cost classification, relationships, and analysis, as well as short and long-term decision making are emphasized. Prerequisite: ACC 2329 with a grade of "C" or better.

ACC 2421 Introduction to Financial Accounting
(Texas Common Course Number is ACCT 2401.)
Fall, Spring, Summer
The course discusses the accounting environment; the accounting model; business transaction analysis and financial statement preparation; financial statement analysis; accounting for assets, liabilities and owners’ equity in proprietorships and corporations. Mandatory lab, two hours per week. Prerequisites: MATH 1340 or MATH 1321 with a grade of "C" or better.

ACC 3300 Internship in Accounting
Fall, Spring, Summer
This course is designed to give students an opportunity to gain real world experience in their chosen career field by working with a participating employing firm or organization. The students will be supervised by a faculty member acting as a liaison between the employing organization and the academic department to assure compliance with specific learning and experience requirements for the assignment. The employment can be either paid or unpaid, and must be at least 10 hours of work each week over the period of one academic term. Prerequisites: Upper-division standing and approval by both department chair and employer providing internship experience.

ACC 3320 Cost Accounting
Fall, Spring, Summer
This course complements the coverage in ACC 2329, and focuses on product costing, cost allocation, and budgeting techniques. Specifically, it emphasizes master and flexible budgets, and job order and process costing, joint cost allocation, and standard costing and analysis. Prerequisite: ACC 2329 with a grade of "C" or better.

ACC 3321 Intermediate Accounting I
Fall, Spring, Summer
A study of the accounting process and financial statements, including a thorough examination of the procedures involved in financial statement presentation as well as the underlying theory; a detailed study of current assets and current liabilities. Prerequisite: ACC 2329 with a grade of "C" or better.

ACC 3322 Intermediate Accounting II
Fall, Spring, Summer
Continuation of the examination of the accounting process with emphasis on non-current assets and liabilities including pensions and leases. Prerequisite: ACC 3321 with a grade of "C" or better.

ACC 3323 Income Tax Procedure
Fall, Spring, Summer
This course provides an analysis of federal tax laws, with emphasis being placed on the determination of net taxable income and the preparation of income tax returns for individuals. Prerequisite: Junior standing

ACC 3325 Fund Accounting
Fall, Spring or Summer
The special features of fund accounting as applied to not-for-profit entities, municipalities, school districts and other governmental units. Prerequisite: ACC 2421 with a grade of "C" or better.

ACC 3326 Accounting Information Systems
Fall, Spring, Summer
This course prepares the student to succeed in upper level accounting and business courses that require computer use proficiency. It emphasizes the contemporary computer skills demanded of an accounting professional. It also solidifies the student’s knowledge of the accounting cycle and accounting controls. Prerequisite: ACC 2329

ACC 3327 Fundamentals of Auditing
Fall, Spring, Summer
This course surveys auditing standards and procedures applied by public accountants and internal auditors in examining financial statements and verifying underlying data. The scope of this course includes elements of operational auditing. Prerequisite: ACC 3322 or concurrent enrollment.
ACC 3328  Advanced Cost Accounting  [3-0]  
**Fall or Spring**  
This course covers cost/management accounting topics, including transfer pricing, segment reporting, performance evaluation, capital budgeting, cost control, and activity-based costing. **Prerequisite:** ACC 3320 with a grade of “C” or better.

ACC 4329  Intermediate Accounting III  [3-0]  
**Fall, Spring**  
This course continues the examination of the accounting process with emphasis on equity accounts of corporations and partnerships; coverage also included accounting for income taxes, and comprehensive income. **Prerequisite:** ACC 3322 with a grade of “C” or better.

ACC 3350  Introduction to International Accounting  [3-0]  
**Fall, Spring**  
This course examines the similarities and differences between selected U.S. and International Accounting Standards. It also examines the effects of socio-economic and cultural factors on the development of accounting standards in different regions of the world. Finally, this course explores the role of IASB in the international standard setting process. **Prerequisites:** ACC 3321 and INTB 3330.

ACC 4323  Contemporary Accounting Theory  [3-0]  
**Fall or Summer**  
A study of the theory and techniques of accounting for investments in the stock of other companies with emphasis on long-term investments with consolidated financial statements. **Prerequisite:** ACC 3322 with a grade of “C” or better.

ACC 4327  Advanced Auditing (Auditing II)  [3-0]  
**Fall, Spring**  
This course embodies a study of selected standards of auditing with an emphasis on new topics in auditing, cases, reading and problems used to illustrate applications of auditing. Included are such topics as statistical sampling, auditing effects of EDP, internal auditing functions, operational auditing and work paper techniques. **Prerequisites:** ACC 3327 with a grade of “C” or better and QUMT 3342.

ACC 4329  Corporate & Partnership Taxation  [3-0]  
**Fall, Spring**  
Comprehensive analysis of federal income tax consequences applicable to business entities. Tax law topics for regular Subchapter C and Subchapter S corporations and partnerships will be discussed. Multistate and international tax topics may also be covered. **Prerequisite:** ACC 3323 or consent of department.

ACC 4330  Advanced Accounting I  [3-0]  
**Fall, Spring**  
A study of the theory and techniques of accounting for partnerships and consolidated financial statements. **Prerequisite:** ACC 3322 with a grade of “C” or better.

ACC 4331  Advanced Accounting II  [3-0]  
**Fall, Spring**  
A study of selected accounting topics. This course will have variable content and may be repeated for credit with consent of instructor. **Prerequisite:** ACC 3322 with a grade of “C” or better.

ACC 4332  Advanced Income Tax Research  [3-0]  
**Fall, Spring**  
A course to acquaint the student with the organization of the Internal Revenue Service and its relation to practice, tax research techniques, and ethical tax advice and reporting. **Prerequisite:** ACC 3323 or consent of department.

ACC 4333  Estate and Gift Taxation  [3-0]  
**Fall, Spring**  
Topics related to estate, gift and trust taxation will be included. Integration of these taxes with income taxes and personal financial plans also will be explored. **Prerequisite:** ACC 3323 or consent of department.

**Anthropology**

ANTH 1323  Introduction to Cultural Anthropology  [3-0]  
**Fall, Spring, and As Scheduled**  
An introduction to cultural anthropology. Major aspects of culture (social organization, economics, religion, etc.), cultural patterns and socio-cultural change are emphasized.

ANTH 1324  Human Evolution  [3-0]  
**Fall, Spring**  
An introduction to human evolution, hominid morphology, human variation and prehistoric development. A survey of the biological and cultural...
evolution of human beings to the present.

**ANTH 1342  Introduction to Archaeology [3-0]**  
**Fall, Spring**  
General introduction to the field of archaeology. Emphasis on methods of data collection, analysis and interpretation according to the main social science theories of archaeology. Considerable emphasis is placed on similarities and differences between the United States and other world cultures. **Prerequisite:** 3 hours from any of these areas: anthropology, economics, psychology or sociology, or consent of instructor.

**ANTH 3343  Museum Studies [3-0]**  
**Fall, Spring**  
Provides students with practical, “hands-on” experience through active participation in museum work alongside museum professionals. While performing a variety of tasks, each student will receive instruction concerning key features common to all museums such as policies and procedures; artifact cataloging, care and conservation; exhibit preparation; and education programs and publicity. May be repeated for a total of 6 hours credit. **Prerequisite:** 6 hours of anthropology or consent of instructor.

**ANTH 3344  Archive Studies [3-0]**  
**Fall, Spring**  
Students gain practical, firsthand experience by actively working alongside professionals within a variety of archival situations. While working with collections as diverse as photographic archives, historic documents and newspapers, and the computerized Rio Grande Valley Folklore Archive, each student will receive instruction in proper policies and procedures for the collection, study, cataloging and conservation of archive materials. May be repeated for a total of 6 hours credit. **Prerequisite:** 6 hours of anthropology or consent of instructor.

<tbody>
<tr>
<td>ANTH 3375</td>
<td>Mexican-American Folklore</td>
<td>3-0</td>
<td>Spring, even years&lt;br&gt;This course is designed to introduce Mexican-American folklore. The course includes the study of Chicano legends, folk tales, riddles, folk music, ballads and festivals. Students have the opportunity to learn how to collect and archive folklore materials. Prerequisite: ANTH 1353 or consent of instructor.</td>
</tr>
<tr>
<td>ANTH 3380</td>
<td>Social Anthropology</td>
<td>3-0</td>
<td>Fall, even years&lt;br&gt;A cross-cultural review of kinship, economic and political organization. The course will review rules of marriage, descent groups, reciprocity, bands, tribes and chiefdoms, among other topics. Prerequisites: ANTH 1323 or ANTH 2323 or consent of instructor.</td>
</tr>
<tr>
<td>ANTH 4302</td>
<td>Primate Behavior</td>
<td>3-0</td>
<td>Spring, odd years&lt;br&gt;A review of the behavior of selected representatives of the order Primates, based upon research conducted both in the laboratory and in the field. In addition, students will collect and analyze data on a representative primate group at the Gladys Porter Zoo in Brownsville. Equivalent Course: May be counted as PSY 4302; a student may receive credit for only one course. Previous Course Number: ANTH 3384; a student may receive credit for only one course. Prerequisites: PSY 1310 and PSY 3383, or ANTH 1324, or consent of instructor.</td>
</tr>
<tr>
<td>ANTH 4345</td>
<td>Anthropological Theory and Methodology</td>
<td>3-0</td>
<td>Spring, odd years&lt;br&gt;Instruction in the methodology (interviewing, participant observation, network analysis, etc.) and theoretical perspectives of anthropology. Prerequisite: 6 hours of anthropology.</td>
</tr>
<tr>
<td>ANTH 4348</td>
<td>Peoples and Cultures of Mexico</td>
<td>3-0</td>
<td>Spring, odd years&lt;br&gt;This course provides an introduction to the diverse peoples and cultures of Mexico and Central America. The traditions, beliefs and practices of different cultures will be examined through an emphasis on the ethnography and ethno-history of indigenous cultures of the region. Prerequisite: 6 hours of anthropology or consent of instructor.</td>
</tr>
<tr>
<td>ANTH 4350</td>
<td>Mexican-American Folk Medicine</td>
<td></td>
<td>This course is concerned with popular medical traditions found among Mexicans and Mexican Americans. It identifies influences from European and Native American sources, and examines ongoing changes in the folk medical landscape. Prerequisites: ANTH 1323 or ANTH 2323 or ANTH 1353 or consent of instructor.</td>
</tr>
<tr>
<td>ANTH 4353</td>
<td>Folklore of the Lower Rio Grande Valley</td>
<td>3-0</td>
<td>Fall, even years on an arranged basis&lt;br&gt;A field research approach to the folklore of the Valley. A review of the legends, fairy tales, ballads, proverbs, riddles and folklife of the Lower Rio Grande Valley. Prerequisites: ANTH 1353 or ANTH 3375 and consent of instructor.</td>
</tr>
<tr>
<td>ANTH 4355</td>
<td>Psychology and Mythology</td>
<td>3-0</td>
<td>Fall, odd years&lt;br&gt;This course will study the impact and interrelationships of psychological thought and mythological theory. The impact of the theories of Freud, Adler, Jung, Levi-Strauss and others on mythology will be studied. Equivalent Course: PSY 4355; a student may receive credit in only one course. Prerequisite: ANTH 1323, ANTH 1353, PSY 1310 or consent of instructor.</td>
</tr>
<tr>
<td>ANTH 4365</td>
<td>Archaeology of South America</td>
<td>3-0</td>
<td>Fall, odd years&lt;br&gt;A study of the prehistory of South America, with an emphasis on the Andean area. Cultural development will be traced from the time of the first inhabitants through the Incas. The development of complex societies leading up to the Incas will be emphasized. Prerequisite: ANTH 1342 or consent of instructor.</td>
</tr>
<tr>
<td>ANTH 4369</td>
<td>Archaeology of Mexico and Central America</td>
<td>3-0</td>
<td>Fall, even years&lt;br&gt;A study of the prehistory of Mexico and Central America beginning with the first cultures to inhabit the area and ending with the arrival of the Spanish. Major civilizations of the area, including the Olmecs, Mayas and Aztecs, will be emphasized. Prerequisite: ANTH 1342 or consent of instructor.</td>
</tr>
<tr>
<td>ANTH 4374</td>
<td>Archaeology of North America</td>
<td>3-0</td>
<td>Spring, odd years&lt;br&gt;A study of the prehistory of North America north of Mexico. The course deals with cultural development from the time of the initial peopling of the New World until the arrival of Columbus. Major cultural developments in the southwestern and eastern U.S.</td>
</tr>
</tbody>
</table>
will be emphasized. Prerequisite: ANTH 1342 or consent of instructor.

**ANTH 4385 Topics in Anthropology [3-0]**
*As Arranged*
Topics are varied according to availability of faculty and student interest. Course can be repeated as topics change. Prerequisites: 6 hours of anthropology and consent of instructor.

**ANTH 4395 Fieldwork in Anthropology**
*As Arranged*
Students gain practical experience by participating in anthropological research projects that involve fieldwork. Each student will work closely with one or more professionals. This will enable students to receive both instruction about the specific topic under investigation and practical experience in applying appropriate field research methods. May be repeated for a total of 9 hours credit as topics change. Prerequisites: 6 hours of anthropology and consent of instructor.

**ART 1301 Art Appreciation [3-0]**
*(Texas Common Course Number is ARTS 1301.)*
*Fall, Spring, Summer*
Values and meanings in the visual arts. This is a general art lecture course concentrating on development and differences in artistic style.

**ART 1311 Drawing I [3-0]**
*(Texas Common Course Number is ARTS 1316.)*
*Fall, Spring, Summer*
Introduction to drawing, including work in a variety of drawing media. Basic concepts are explored. A minimum of 3 hours of outside assignments per week is required. $4 laboratory fee.

**ART 1331 Design I [3-0]**
*(Texas Common Course Number is ARTS 1311.)*
*Fall, Spring, Summer*
Principles of design and development of design structures on two-dimensional surfaces. A minimum of 3 hours of outside assignments per week is required. $4 laboratory fee.

**ART 1332 Digital Typography [3-0]**
*Fall, Spring*
An introduction to the study of letterforms, their application in design and technical translation to computers. This course will utilize type as the basic material of graphic communications taking the place of image, design, illustration, or photography to convey a message. The final project will cover font design by the manipulation of existing typefaces. Development of concept, content and execution is stressed. A minimum of 3 hours of outside assignments per week is required. $4 laboratory fee.

**ART 2303 Jewelry/Metalworking I [3-0]**
*(Texas Common Course Number is ARTS 2341.)*
*Fall, Spring*
Instruction is given in the use of hand tools, metals handling and creative use of shop equipment. Emphasis is on creative artistic expression focusing on jewelry as a portable art form. Other materials are considered. A minimum of 3 hours of outside assignments per week is required. $4 laboratory fee.

**ART 2312 Drawing II [3-0]**
*(Texas Common Course Number is ARTS 2380.)*
*Fall, Spring*
The human figure as expressive subject matter in drawing. A minimum of 3 hours of outside assignments per week is required. Prerequisite: ART 1311. $4 laboratory fee.

**ART 2321 Painting I [3-0]**
*(Texas Common Course Number is ARTS 2316.)*
*Fall, Spring*
Introduction to water painting media involving individual development and invention. A minimum of 3 hours of outside assignments per week is required. Prerequisites: ART 1311 and ART 1331. $4 laboratory fee.

**ART 2322 Painting II [3-0]**
*(Texas Common Course Number is ARTS 2317.)*
*Spring and As Scheduled*
An introduction to oil and/or acrylic painting techniques working from nature and the living model. Observation and interpretation are stressed. A minimum of 3 hours of outside assignments per week is required. Prerequisites: ART 1311 and ART 1331. $4 laboratory fee.

**ART 2332 Design II [3-0]**
*(Texas Common Course Number is ARTS 1312.)*
*Spring, Summer II*
Three-dimensional design includes investigation into the phenomena existing in the three-dimensional arts. A variety of materials handling and creative methods
for the purposes of creating a three-dimensional form are considered. A minimum of 3 hours of outside assignments per week is required. **Prerequisite**: ART 1331. $4 laboratory fee.

**ART 2341 Sculpture I** [3-0]
*(Texas Common Course Number is ARTS 2326.)*
*Fall*
Introductory course in sculptural concepts through basic sculptural media. A minimum of 3 hours of outside assignments per week is required. **Prerequisite**: ART 2332. $4 laboratory fee.

**ART 2351 Art Survey I** [3-0]
*(Texas Common Course Number is ARTS 1303.)*
*Fall*
Historical survey of art from Paleolithic through the Middle Ages.

**ART 2352 Art Survey II** [3-0]
*(Texas Common Course Number is ARTS 1304.)*
*Spring*
Historical survey of art from the Renaissance through modern times.

**ART 2361 Printmaking I** [3-0]
*(Texas Common Course Number is ARTS 2333.)*
*Fall, Spring*
Introduction to printmaking as a means of personal expression and aesthetic communication. Relief printing in several forms, as well as mono-printing and silk screen printing will be emphasized. Other printmaking processes will be discussed. **Prerequisites**: ART 1311 and ART 1331. $4 laboratory fee.

**ART 2371 Ceramics I** [3-0]
*(Texas Common Course Number is ARTS 2346.)*
*Fall, Spring*
Introduction to ceramic design concentrating on handbuilding. Some work with potter's wheel, glazing and firing. A minimum of 3 hours of outside assignments per week is required. $4 laboratory fee.

**ART 3302 Jewelry/Metalworking II** [3-0]
*Fall, Spring*
Continuation of jewelry/metalworking processes with an emphasis on advanced techniques. A minimum of 3 hours of outside assignments per week is required. **Prerequisite**: ART 2303. $4 laboratory fee.

**ART 3303 Jewelry/Metalworking III** [3-0]
*Fall, Spring*
Introduction of additional techniques in silversmithing such as raising and production methods. These are pursued in the production of expressive metalworks. Additional materials are considered. A minimum of 3 hours of outside assignments per week is required. **Prerequisite**: ART 3302. $4 laboratory fee.

**ART 3311 Drawing III** [3-0]
*Fall, Spring*
Advanced experience in drawing; these may include mixed mediums, experimental surfaces and other nontraditional directions. **Prerequisites**: ART 1311 and ART 2312. $4 laboratory fee.

**ART 3321 Painting III** [3-0]
*Fall, Spring*
Advanced studio problems in painting. (May be repeated for a total of 12 hours credit.) A minimum of 3 hours of outside assignments per week is required. **Prerequisites**: ART 1311 and ART 1331. $4 laboratory fee.

**ART 3330 Digital Illustration** [3-0]
*Fall*
This course will explore computer illustration techniques using the vector drawing tools of Adobe Illustrator combined with the bit-mapped attributes of Adobe Photoshop. A minimum of 3 hours of outside assignments per week is required.

**ART 3331 Visual Communications I** [3-0]
*Fall*
The translation of verbal language into visual language through a variety of media. A minimum of 3 hours of outside assignments per week is required. **Prerequisite**: ART 3333. $4 laboratory fee.

**ART 3333 Design and Production** [3-0]
*Fall*
Introduction to graphic design and production. This course offers the opportunity to develop the awareness of graphic images and teaches the tools and techniques of preparing camera-ready duplication. A minimum of 3 hours of outside assignments per week is required. **Prerequisites**: ART 1331 and ART 1332. $4 laboratory fee.

**ART 3334 Photography as an Art Form** [3-0]
*Spring*
Introduction to photography as a means of personal expression. The history of art photography is covered.
on the planographic system. A minimum of 3 hours outside work per week is required. **Prerequisite:** ART 2361. $4 laboratory fee.

**ART 3362 Printmaking III**  
**Fall, Spring**  
Introduction to intaglio processes. A minimum of 3 hours outside work per week is required. **Prerequisite:** ART 2361. $4 laboratory fee.

**ART 3371 Ceramics II**  
(Texas Common Course Number is ARTS 2347.)  
**Fall, Spring, Summer**  
Emphasis on basic wheel-thrown shapes and introduction to glaze calculation. A minimum of 3 hours outside assignments per week is required. **Prerequisite:** ART 2371. $4 laboratory fee.

**ART 3372 Ceramics III**  
**Fall, Spring, Summer**  
Advanced studio problems in ceramics. A minimum of 3 hours of outside assignments per week is required. **Prerequisite:** ART 3371.

**ART 3381 Perception and Expression in Art I**  
**Fall, Spring, Summer**  
A course designed to strengthen visual perception and divergent thinking through visual and conceptual stimuli with primary emphasis on studio activities. **Prerequisite:** Senior standing.

**ART 3382 Perception and Expression in Art II**  
**Spring and As Scheduled**  
Emphasis on further studio development in-depth. **Prerequisite:** ART 3381 or permission of instructor. Recommended for certification requirements.

**ART 3383 Creative and Critical Thinking**  
**Fall**  
The course offers discussion and exercises in synectics, brainstorming and analytical thinking. A topology of creative behavior development is presented along with spatial exercises. Mini-workshops dealing with studio areas not regularly taught at this campus are offered. This may include serigraphy, fiber, textiles, photography and collograph. **Prerequisite for student teaching:** ART 3292.
ART 4193 Senior Exhibit [1-0]
Fall, Spring
A one- or two-person studio show. Prerequisite: Senior standing.

ART 4301 Philosophies of Art [3-0]
As Scheduled
A study of the relationship of art to philosophy. A study of the various theories of art and of the philosophical presuppositions regarding being, knowledge and value inherent in these theories. Prerequisite: Junior standing.

ART 4303 Jewelry/Metalworking IV [3-0]
As Scheduled
Personal development in metals/jewelry. A minimum of 3 hours of outside assignments per week is required. (May be repeated for a total of 12 hours credit). §4 laboratory fee.

ART 4311 Advanced Drawing [3-0]
As Scheduled
Topics covered include pastel portraiture, advanced figure drawing and other advanced drawing problems. (May be repeated for a total of 12 hours credit.) A minimum of 3 hours of outside assignments per week is required. Prerequisites: ART 1311 and ART 2312, or consent of instructor. §4 laboratory fee.

ART 4321 Painting IV [3-0]
As Scheduled
Advanced study in painting. A minimum of 3 hours outside work is required. (May be repeated for a total of 12 hours credit.) Prerequisite: ART 3321. §4 laboratory fee.

ART 4331 Graphic Design I [3-0]
Spring
A systematic approach to design problem solving, with a series of studio assignments and critiques relating directly to two- and three-dimensional graphic design. The course offers the opportunity to develop creative and technical ability by the production of professional assignments. A minimum of 3 hours of outside assignments per week is required. Prerequisite: ART 3333. §4 laboratory fee.

ART 4334 Graphic Design II [3-0]
Fall
A series of advanced problems and intensive critiques relating to graphic design to condition students to think in terms of “client-designer” relationships in simulated working conditions. Assignments criticized by professional standards will ideally result in portfolio pieces. A minimum of 3 hours of outside assignments per week is required. Prerequisite: ART 4333. §4 laboratory fee.

ART 4337 Digital Photography [3-0]
Fall, Spring
An introduction to the study of digital image processing using Adobe Photoshop as an editing tool, linking the Kodak digital camera directly to the small portfolio of computer-printed photographs addressing both the technical and aesthetic issues of this medium. A minimum of 3 hours of outside assignments per week is required.

ART 4338 Web Page Design [3-0]
Summer
Learning current Web page design software, students will design actual Web pages using a variety of electronics effects. The course will focus on the design possibilities. A minimum of 3 hours of outside assignments per week is required. Prerequisites: 24 hours of art completed. §4 laboratory fee.

ART 4339 Portfolio [3-0]
Fall, Spring
This course focuses on the compiling of the professional portfolio. Students will prepare and organize work into a presentable dossier for use in their future graphic design career. A minimum of 3 hours of outside assignments per week is required. Prerequisite: Senior level standing. §4 laboratory fee.

ART 4341 Sculpture III [3-0]
Fall, Spring
Continuation of the student’s personal direction in sculpture. A minimum of 3 hours outside work per week is required. (May be repeated for a total of 12 hours credit.) Prerequisite: ART 3341. §4 laboratory fee.

ART 4351 Latin American Art: Pre-Conquest [3-0]
Fall
An in-depth historical study of the arts of Mexico, Central America and South America prior to the Spanish Conquest. Prerequisite: Junior standing.
ART 4352 Latin American Art: Post-Conquest [3-0]  
Spring  
Mexican art under the Spanish influence is discussed from the Colonial period to the present. Prerequisite: Junior standing.

ART 4353 American Art [3-0]  
As Scheduled  
History of the visual arts in the United States, 17th century to the present, including the art of the American Indian. Prerequisites: ART 2351 and ART 2352.

ART 4361 Printmaking IV [3-0]  
Fall, Spring  
In-depth study in printmaking; the student may pursue previous printmaking interests, or move toward experimental goals. May be repeated for 12 hours credit. A minimum of 3 hours outside work is required. Prerequisites: ART 3361 or ART 3362. §4 laboratory fee.

ART 4371 Ceramics IV [3-0]  
Fall, Spring  
Continuation of Ceramics III. Student is expected to be involved in a personal direction in the use of clay/glaze. May be repeated for a total of 12 hours credit. A minimum of 3 hours of outside assignments per week is required. Prerequisite: ART 3372. §4 laboratory fee.

ART 4383 Art Curriculum [3-0]  
Spring  
This course offers information about earning a living in the studio art field. Preparation of contracts regarding gallery agreements, studio administration and the acceptance of terms of sale for art goods are explained. Procedures involved in gallery exhibitions, teaching institutions and private businesses are discussed, along with wholesaling vs. retailing art work and tax laws relating to artists. Prerequisite: Junior standing.

ART 4391 Individual Problems/Internship/Co-op  
Fall, Spring, Summer  
Advanced problems in an art area of the student’s choice and/or internship with an art professional in the field of interest. (May be repeated for a total of 12 hours of credit.) Prerequisites: Senior standing (for Internship/Co-Op); all courses in the area chosen.

ART 4392 Individual Problems  
Fall, Spring, Summer  
Advanced problems in the area of student’s choice. Prerequisite: ART 4391.

Astronomy

ASTR 1401 General Astronomy [3-3]  
(Texas Common Course Number is PHYS 1411.)  
Fall  
A study of basic concepts in astronomy and of the solar system. Telescopes and other instruments, including the planetarium, are used as an integral part of the course. §4 laboratory fee.

ASTR 1402 General Astronomy [3-3]  
(Texas Common Course Number is PHYS 1412.)  
Spring  
A study of the stellar universe. Telescopes and other instruments, including the planetarium, are used as an integral part of the course. Prerequisite: ASTR 1401. §4 laboratory fee.

Bible

BIBL 1310 Old Testament Survey [3-0]  
As Scheduled  
A survey of the history and literature of the Old Testament. Particular emphasis is placed upon the teachings concerning God, man, salvation and social relations; especially those teachings that deal with the preparation for the coming of Christ.

BIBL 1311 New Testament Survey [3-0]  
As Scheduled  
A brief survey of the Christian movement in the Mediterranean world during the first Century, the life of Christ, the beginning of the Christian church, the life and letters of Paul and the general development of the New Testament as considered from the historical viewpoint.

BIBL 1312 Bible and Everyday Living [3-0]  
As Scheduled  
A study of some aspects of the nature of man and of his relationship to Christ as studied in related Bible readings.
BIBL 1314 Acts of the Apostles [3-0]
As Scheduled
An historical study of the beginning and extension of Christianity, based on the Book of Acts.

BIBL 2302 The Life and Letters of John [3-0]
As Scheduled
A study of the life and works of John. A special emphasis is given to his gospel and epistles with a brief review of Revelation.

Biology

BIOL 1401 General Biology [3-3]
(Texas Common Course Number is BIOL 1411.)
Fall, Spring, Summer
A study of the basic principles of biology. Topics will include biological chemistry, cell structure and function, photosynthesis and respiration, DNA structure and function, mitosis, meiosis, Mendelian genetics, evolution and the structure and function of bacteria, viruses, protozoa, algae, fungi and plants. Credit Restriction: Credit may be received in only one of BIOL 1401 or BIOL 1487. §3 laboratory fee.

BIOL 1402 General Biology [3-3]
(Texas Common Course Number is BIOL 2401.)
Fall, Spring, Summer
A continuation of Biology 1401. Topics include evolution and diversity of invertebrate and vertebrate animals; mechanisms of support and movement, digestion and nutrition, respiration, circulation, homeostasis, hormonal control, nervous control, sexual reproduction, development, behavior and ecology. Credit Restriction: Credit may be received in only one of BIOL 1402 or BIOL 1488. Prerequisite: BIOL 1401. §3 laboratory fee.

BIOL 1487 Honors Biology [3-3]
Fall
An accelerated study of the basic principles of biology. Topics covered include cellular biology, photosynthesis, respiration, protein synthesis, cellular reproduction, genetics, microbial genetics and a survey of the diversity of organisms. Open to students enrolled in the Honors Studies Program or by permission of the instructor. Credit Restriction: Credit may be received in only one of BIOL 1401 or BIOL 1487. §3 laboratory fee.

BIOL 1488 Honors Biology [3-3]
Spring
An accelerated study of the basic concepts of biology. Topics covered include reproduction and development, digestion and nutrition, transport, homeostasis, the nervous system, ecology and evolution. Open to students enrolled in the Honors Studies Program or by permission of the instructor. Credit Restriction: Credit may be received in only one of BIOL 1402 or BIOL 1488. §3 laboratory fee.

BIOL 2201 Special Problems in Biology [1-2]
As Scheduled
Study of special topics in biology for freshman- and sophomore-level students. The course will involve the independent study of a specific problem through conferences and activities directed by the instructor. Student must receive approval of instructor for study of specific problem prior to registration.

BIOL 2305 Environmental Biology [3-3]
As Scheduled
A consideration of the biological problems of population expansion, environmental destruction and resource conservation as they relate to man's past, present and future. §3 laboratory fee.

BIOL 2401 Vertebrate Zoology [3-3]
As Scheduled
A basic introductory course dealing with fundamental biological principles and concepts. Designed to acquaint the student with structure, physiology and life histories of representative vertebrate types. Prerequisite: BIOL 1401. §4 laboratory fee.

BIOL 2402 Comparative Vertebrate Anatomy [3-3]
(Texas Common Course Number is BIOL 2428.)
As Scheduled
Comparative studies of the morphological, embryological and physiological relationships among vertebrates, with inclusion of histological and paleontological information. Prerequisite: Consent of instructor. §5 laboratory fee.

BIOL 2403 Anatomy and Physiology [3-3]
(Texas Common Course Number is BIOL 2401.)
Fall, Spring, Summer
A study of the structure and function of the human body including cells, tissues and organs of the following systems: integumentary, skeletal, muscular, nervous system and special senses. Prerequisite: Consent of instructor. §4 laboratory fee.
BIOL 2404 Anatomy and Physiology [3-3]
(Texas Common Course Number is 2402.)
Fall, Spring, Summer
A continuation of BIOL 2403. Includes endocrine, circulatory, respiratory, digestive, urinary and reproductive systems. Other topics include metabolism, acid-base balance, development and heredity. Prerequisite: BIOL 2403. §4 laboratory fee.

BIOL 3301 Biological Evolution [3-0]
As Scheduled
Genetic, ecological, and paleontological aspects of evolution. Includes review of evolutionary history and thought, species concepts, speciation, and other evolutionary processes. Emphasis is on evolutionary mechanisms. Prerequisites: BIOL 1401 and BIOL 1402, or permission of instructor.

BIOL 3401 General Microbiology [3-3]
Fall, Spring
A general survey of the field of microbiology with emphasis on bacteria. Topics will include structure, growth, reproduction, metabolism, genetics and taxonomy of bacteria; a general survey of fungi, algae, protozoa and viruses and microbiology of soil, water, foods and industry. Laboratory work will include staining, growing, biochemistry, characterization and control of bacteria with a general survey of other microorganisms. Prerequisites: BIOL 1401 and BIOL 1402; CHEM 1301, CHEM 1101, CHEM 1302 and CHEM 1102. §4 laboratory fee.

BIOL 3402 Medical Microbiology and Immunology [3-3]
Spring
A study of microorganisms that cause disease and immune responses of the host to these pathogens. Emphasis will be on principles of immunology and selected infectious disease processes. Laboratory exercises will include a study of basic serologic procedures and cultural characteristics of related pathogenic microorganisms. Prerequisite: BIOL 3401. §4 laboratory fee.

BIOL 3405 Histology [3-3]
As Scheduled
Lectures will place major emphasis on the structure and function of major tissue types and their cellular components. The laboratory will provide an opportunity for firsthand experience in examining the microscopic structure of the major tissue types and their relationships in organ structure. Prerequisites: 12 hours of biology including 4 hours from BIOL 2401, BIOL 2402 or BIOL 2403. §4 laboratory fee.

BIOL 3407 Comparative Embryology [3-3]
As Scheduled
Developmental studies from the zygote through embryological stages (chiefly concerned with amphibians, birds and mammals). Prerequisites: 9 hours of biology, including 4 hours from BIOL 2401, BIOL 2402 or BIOL 2403. BIOL 3413 recommended. §4 laboratory fee.

BIOL 3408 Plant Morphology [3-3]
As Scheduled
A study of the morphology, development and relationships of fungi, algae, liverworts, mosses, ferns, gymnosperms and angiosperms. Particular attention is given to the evolution of these groups. Prerequisite: 9 hours of biology, including BIOL 1402. §4 laboratory fee.

BIOL 3409 Ecology [3-3]
Fall, Spring
A study of the basic environmental factors affecting plants and animals, and their relation to economic and conservation problems. Field work. Prerequisite: 12 hours of biology. §4 laboratory fee.

BIOL 3410 A Survey of the Plant Kingdom [3-3]
As Scheduled
A study of the anatomy and physiology of plants, based on the study of higher plants, together with a correlative and comparative survey of the plant kingdom. Emphasis will be placed on the development and reproduction of plants and their relationships to man. §4 laboratory fee.

BIOL 3411 Mammalian Physiology [3-3]
As Scheduled
A survey of the physiological mechanisms of the organs and organ systems of mammals with emphasis on man. The laboratory will provide experiences with modern techniques. Topics will include muscle, nerve, digestive, urinary, respiratory, circulatory and reproductive systems. Prerequisites: 12 hours of biology, including 4 hours from BIOL 2401, BIOL 2402 or BIOL 2403 and 8 hours of chemistry. §5 laboratory fee.
BIOL 3412 Cell Biology [3-3]
As Scheduled
A study of cell structure and function with emphasis on bioenergetics, membranes, genes and genetic control, cell division and its regulation and cellular differentiation. Prerequisites: BIOL 1401 and BIOL 1402; CHEM 2102 and CHEM 2302. §4 laboratory fee.

BIOL 3413 Genetics [3-3]
Fall, Spring
Introductory lectures and laboratories in classical genetics. Topics will include Mendelian genetics, cell mechanics, sex determination, sex linkage, DNA structure and function, genetic linkage, crossing over, gene mapping, mutation, regulation of gene expression, chromosomal variations, population genetics and evolution. Prerequisites: BIOL 1401 and BIOL 1402; CHEM 1301, CHEM 1101, CHEM 1302 and CHEM 1102. §5 laboratory fee.

BIOL 3414 Invertebrate Zoology [3-3]
Fall
Study of the comparative morphology, evolution, systematics and natural history of the invertebrates. Recommended as a preparatory course for BIOL 4402, BIOL 4407, BIOL 4415 and BIOL 5316. Prerequisites: 6 hours of biology and junior standing. §4 laboratory fee.

BIOL 3415 Introduction to Molecular Biology [3-3]
As Scheduled
An introduction to the structure and function of biological macromolecules. Topics include structure of nucleic acids and proteins, DNA replication and repair, transcription, translation, bacteriophages, mobile genetic elements, genetic engineering and gene regulation. Prerequisites: BIOL 1401 and BIOL 1402; CHEM 1301, CHEM 1101, CHEM 1302 and CHEM 1102.

BIOL 4100 Biology Seminar [1-0]
Fall, Spring
A study of current biological literature and the discussion of research in progress. Required of all biology majors in their senior year; open to non-majors only by permission.

BIOL 4201 Biology Problems [1-2]
As Scheduled
A course adapted to the study of special topics in biology. For advanced students capable of developing a problem independently through conference and activities directed by the instructor. Problem is chosen by the student with the approval of the instructor prior to registration. Prerequisite: Major in biology with at least junior standing. §4 laboratory fee.

BIOL 4202 Biology Problems [1-2]
As Scheduled
A continuation of BIOL 4201. Prerequisite: BIOL 4201. §4 laboratory fee.

BIOL 4303 Mammalogy [2-3]
Spring
A study of anatomy, evolution, distribution, systematics, ecology and physiology of mammals of North America, with special emphasis on local forms. Prerequisite: 9 hours of biology. §4 laboratory fee.

BIOL 4304 Ichthyology [2-3]
Fall
A study of ecology, distribution, adaptations, physiology, systematics and evolution of freshwater and marine fishes, with an emphasis on local forms. Laboratories will stress identification and other practical applications of modern ichthyological techniques. Prerequisite: 9 hours of biology. §4 laboratory fee.

BIOL 4305 Plant Physiology [3-3]
As Scheduled
An introduction of the basic principles of the physiology, growth and development of plants. Prerequisite: 6 hours of biology. §5 laboratory fee.

BIOL 4309 Herpetology [2-3]
Fall
A study of the anatomy, evolution, distribution, systematics, ecology and physiology of amphibians and reptiles; primarily of North American species, with special emphasis on local forms. Prerequisites: 8 hours of introductory biology (1400-level) and BIOL 2401 or BIOL 2402. §4 laboratory fee.

BIOL 4311 Ecological Physiology [2-3]
As Scheduled
A comparative study of the physiological adaptations of vertebrate animals to their environments. Emphasis is placed on the physiological basis of animal distribution and evolution. Prerequisite: 12 hours of biology, including BIOL 2401 or BIOL 2402. §4 laboratory fee.
Biology

Biol 4314  Plant Taxonomy  [2-3]
As Scheduled
Identification of vascular plants, with emphasis on native flowering plants. Prerequisite: 9 hours of biology, including BIOL 1402. §4 laboratory fee.

Biol 4402  Marine Zoology  [3-3]
Summer
A study of the common marine animals, especially invertebrates in coastal waters. Particular attention is given to structural and physiological relationships. Strenuous field work required. Students must provide their own transportation to and from South Padre Island or other field trip sites. Prerequisite: 9 hours of biology (BIOL 3414 recommended) and junior standing. §4 laboratory fee.

Biol 4404  General Virology  [3-3]
This is a comprehensive course covering aspects of human, animal and plant virology. The course emphasizes current research on the genome and replication of viruses, functions and regulations of viral genes, molecular mechanisms of virus-host and virus-vector interactions, and novel molecular control strategies. The course will also cover prions and several sub-viral pathogens including viroids, virusoids and satellite RNA. Prerequisite: BIOL 3401 or BIOL 3403. §10 laboratory fee.

Biol 4407  Animal Parasitology  [3-3]
Spring
Introduction to study of parasitic protozoa and worms (especially trematodes, cestodes, nematodes and acanthocephala). Prerequisite: 9 hours of biology, including 4 hours from BIOL 2401, BIOL 2402, BIOL 2403 or BIOL 3414, and junior standing. §4 laboratory fee.

Biol 4408  Plant Pathology  [3-3]
As Scheduled
An introductory course on the causes, nature and control of plant diseases. Emphasis will be given to diseases of plants of economic importance. Prerequisite: 6 hours of biology. §4 laboratory fee.

Biol 4410  Marine Botany  [3-3]
As Scheduled
A study of the common local marine flora including microscopic and macroscopic algae, sea grasses and terrestrial angiosperms. Students are expected to furnish their own transportation to field laboratory sessions at South Padre Island. Prerequisite: 9 hours of biology, including BIOL 1402. §4 laboratory fee.

Biol 4412  Ornithology  [3-3]
As Scheduled
Principles of avian classification, morphology and ecology, including migration, distribution and relationships to man. Field work. Prerequisite: 9 hours of biology, including 4 hours from BIOL 2401, BIOL 2402 or BIOL 2403. §4 laboratory fee.

Biol 4414  Freshwater Macroinvertebrates  [3-3]
As Scheduled
A study of the systematics, evolution and ecology of freshwater insects, crustaceans and mollusks. Emphasis will be on local aquatic habitats. Laboratories will consist of field trips and identification of specimens. Prerequisite: 9 hours of biology. §4 laboratory fee.

Biol 4415  Entomology  [3-3]
Spring
An introduction to the study of insects and other arthropods of agricultural, medical and veterinary importance. Includes basic insect morphology, physiology, classification and pest management. Laboratory consists of insect identification supported by field trips. Prerequisite: BIOL 3414. §5 laboratory fee.

Biol 4416  Environmental Toxicology  [3-3]
Fall
A survey of interaction of environmental pollutants with living systems. Laboratory consists of toxicological evaluation of selected environmental chemicals. Prerequisite: BIOL 3412 and 6 hours of organic chemistry or biochemistry. §5 laboratory fee.

Biol 4417  Bacterial Genetics  [3-3]
This course will cover bacterial genetics from both classical and molecular perspectives. Topics will include transcription, translation, mutagenesis, transduction, transformation, conjugation and transposition. The lab will include techniques related to those topics, and will include Northern blotting, DNA sequencing and the polymerase chain reaction. Prerequisite: BIOL 1401 and BIOL 1402, CHEM 1301, CHEM 1101, CHEM 1302, CHEM 1102 and BIOL 3415. BIOL 3401 recommended. §20 laboratory fee.

Biol 4418  Electron Microscopy  [3-3]
This course will provide an opportunity to learn scanning and transmission electron microscopy. Topics
include the principles of electron microscopes, cell ultrastructure, specimen preparation, microtomy, immunocytochemistry, operation of electron microscopes, darkroom techniques and graphic arts. Prerequisites: BIOL 1401 and 1402, CHEM 1301 and 1101, and 2 hours computer literacy.

BIOL 4419 Aquatic Entomology [3-3]
This course will cover the identification, taxonomy and ecology of aquatic insects. Emphasis will be on local aquatic environments. Laboratories will consist of field trips and identification of specimens. This course replaces BIOL 4414, and cannot be taken for credit if BIOL 4414 has already been taken. Prerequisites: 9 hours of biology, including BIOL 1402. $20 laboratory fee.

Chemistry

CHEM 1101 General Chemistry Lab I [0-3]
Fall, Spring, Summer
An introduction to basic laboratory techniques using experiments to understand chemical concepts of reactions, stoichiometry and titrations. Prerequisite: CHEM 1301; can be taken concurrently with CHEM 1301. $4 laboratory fee.

CHEM 1102 General Chemistry Lab II [0-3]
Fall, Spring, Summer
A continuation of CHEM 1101 using more advanced laboratory techniques such as volumetric, gravimetric and spectrophotometric methods of analysis, and qualitative inorganic analysis to reinforce topics covered in CHEM 1302. Prerequisite: CHEM 1302; can be taken concurrently with CHEM 1302. $4 laboratory fee.

CHEM 1300 Introductory Chemistry [3-0]
Fall, Spring
Designed for students with little or no chemistry background. It introduces basic vocabulary, fundamentals of chemical mathematics, scientific laws, chemical formulas and equations. This course will not satisfy a laboratory science requirement.

CHEM 1301 General Chemistry I [3-0]
(Texas Common Course Number is CHEM 1411.)
Fall, Spring, Summer
Fundamentals of atomic structure, electronic structure and periodic table, nomenclature, the stoichiometry reactions, gas laws, thermochemistry, chemical bonding, and structure and geometry of molecules.
Prerequisite: CHEM 1300 or one year of high school chemistry.

CHEM 1302 General Chemistry II  [3-0]
(Texas Common Course Number is CHEM 1412.)
Fall, Spring, Summer
This course presents the properties of liquids and solids, solutions’ acid-base theory, chemical kinetics, equilibrium, chemical thermodynamics, electrochemistry, nuclear chemistry and representative organic compounds. Prerequisite: CHEM 1301.

CHEM 2101 Analytical Chemistry Lab  [0-3]
Fall
A laboratory hands-on experience in quantitative inorganic analytical methods including gravimetric, titrimetric, colorimetric, and electroanalytical methods. Prerequisite/co-requisite: CHEM 2301.

CHEM 2102 Organic Chemistry Lab I  [0-3]
Fall, Spring, Summer
An introduction to organic synthesis. Fundamental techniques such as crystallization, distillation, extraction and chromatography are discussed and applied to the preparation of organic compounds. Prerequisite: CHEM 2302; can be taken concurrently with CHEM 2302. §4 laboratory fee.

CHEM 2103 Organic Chemistry Lab II  [0-3]
Fall, Spring, Summer
Syntheses are more advanced, with greater emphasis on aromatic compounds. Grignard and diazonium salt preparations are included. Compounds are characterized by spectroscopic techniques. Prerequisite: CHEM 2102. §4 laboratory fee.

CHEM 2301 Analytical Chemistry  [3-0]
Fall
An introduction to principles of quantitative inorganic analytical methods including gravimetric, titrimetric, colorimetric and electroanalytical methods. Prerequisite: CHEM 1302.

CHEM 2302 Organic Chemistry I  [3-0]
Fall, Spring, Summer

CHEM 2303 Organic Chemistry II  [3-0]
Fall, Spring, Summer
This course is a continuation of CHEM 2302 and includes an introduction to aromaticity and aromatic compounds. The study of functional groups and the mechanisms of their reactions is continued. Physical methods of structure determination: UV-Vis, IR and NMR. Prerequisite: CHEM 2302.

CHEM 3103 Biochemistry Lab  [0-3]
Fall, Spring
Introduction to the application of various techniques such as column chromatography, electrophoresis to study macromolecules such as protein estimation, enzyme kinetics and chemistry of carbohydrate, lipids and nucleic acids. Prerequisite: CHEM 3303; can be taken concurrently with CHEM 3303. §4 laboratory fee.

CHEM 3104 Physical Chemistry Lab I  [0-3]
Fall
Experiments are designed to demonstrate and reinforce the concepts developed in physical chemistry lectures. Emphasis is given to error analysis and statistical treatment of data. Prerequisite: CHEM 3304; can be taken concurrently with CHEM 3304. §4 laboratory fee.

CHEM 3105 Physical Chemistry Lab II  [0-3]
Spring
This course is a continuation of CHEM 3104. Experiments are performed to reinforce concepts in quantum mechanics, spectroscopy and chemical kinetics. Prerequisite: CHEM 3305; can be taken concurrently with CHEM 3305. §4 laboratory fee.

CHEM 3202 Inorganic Chemistry Lab  [1-3]
Spring
Microscale synthesis and characterization of inorganic, organometallic, coordination and bioinorganic compounds employing advanced laboratory techniques. Prerequisite: CHEM 3301; can be taken concurrently with CHEM 3301. §4 laboratory fee.

CHEM 3301 Inorganic Chemistry  [3-0]
Spring
A descriptive study of modern topics in inorganic chemistry that includes periodicity, acid-base theories, structure, bonding and reactivity of inorganic compounds, and chemistry of nontransition elements.
and their compounds. (Writing intensive.) Prerequisite: 12 hours of chemistry, including CHEM 2302.

**CHEM 3303 Biochemistry** [3-0]
*Fall, Spring*
A discussion of the structural and functional viewpoint of biological macromolecules including proteins, carbohydrates and nucleic acids and the techniques used in their study. The course material will also include study of energy yielding metabolic pathways such as glycolysis, the Krebs cycle, fatty acid oxidation and oxidative phosphorylation. Prerequisite: CHEM 2302.

**CHEM 3304 Physical Chemistry I** [3-0]
*Fall*
An introduction to the properties of gases, the kinetic molecular theory and the study of thermodynamics, including an in-depth coverage of the first, second and third laws of thermodynamics and equilibrium. Statistical mechanics is used in the development of energy related concepts. Prerequisites: MATH 1401 and MATH 1402, and 12 hours of chemistry.

**CHEM 3305 Physical Chemistry II** [3-0]
*Spring*
The second half of physical chemistry investigates concepts in quantum mechanics, group theory and symmetry, and spectroscopy. Studies of chemical kinetics and electrochemistry are also included. Prerequisite: CHEM 3304.

**CHEM 3306 Polymer Science and Engineering** [3-0]
*Fall*
A general introduction to the theories and industrial practices for polymeric materials. The course includes synthesis, physical characterization and structure-property relationships of polymers. Emphasis is given to industrially important polymers as materials. Prerequisite: CHEM 1302.

**CHEM 4101 Chemistry Seminar** [1-0]
*Fall*
An introduction to the use of current chemical literature and periodicals. Each student is expected to conduct an in-depth study of a chemical topic that will serve as a basis for a presentation in a seminar. Required of all chemistry majors. Prerequisite: Chemistry major with senior standing or permission of the instructor.

**CHEM 4104 Instrumental Analysis Lab** [0-3]
*Spring*
A laboratory hands-on experience in instrumental analysis. Includes application of modern instrumentation and scientific software in solving analytical problems. Prerequisite/co-requisite: CHEM 4304.

**CHEM 4201 Chemistry Problems I** [0-6]
*Fall, Spring, Summer*
A course adapted to the study of special topics in chemistry through research. Students are allowed to select the research problem through individual conferences with faculty members, who develop one- or two-semester research projects for the course. Students must have the approval of the instructor prior to registration. Prerequisite: Chemistry major with junior standing or permission of the instructor. §4 laboratory fee.

**CHEM 4202 Chemistry Problems II** [0-6]
*Fall, Spring, Summer*
A continuation of CHEM 4201. Prerequisite: CHEM 4201. §4 laboratory fee.

**CHEM 4301 Advanced Inorganic Chemistry** [3-0]
*Fall*
Study of nomenclature, structure, and reactivity of coordination compounds, Ligand field theory and chemistry of transition elements.

**CHEM 4302 Advanced Biochemistry** [3-0]
The course is a continuation of CHEM 3303. This course reviews the mechanisms of biosynthesis of macromolecules, particularly amino acids, proteins, fatty acids, lipids, polysaccharides, purines, pyrimidines and nucleic acids. Emphasis will be given to how these processes are controlled and integrated with the metabolism of the cell and molecular basis of disorders related to intermediary metabolism. Prerequisites: CHEM 3103 and CHEM 3303.

**CHEM 4303 Advanced Organic Chemistry** [3-0]
*Fall*
The course describes the advanced organic synthetic methods and mechanisms and illustrations of their applications in the synthesis of biologically active molecules such as chiral medicinal drugs and insect pheromones. Prerequisites: CHEM 2302 and CHEM 2303. No lab required.
CHEM 4304 Instrumental Analysis [3-0]
Spring
A study of principles of instrumental analysis measurements and techniques. Components and operation of basic and modern instrumentation will be covered. Prerequisites: CHEM 2301 and CHEM 2101.

CHEM 4378 Special Topics in Chemistry [3-0]
Fall, Spring
A course designed to cover specialized areas in the science of chemistry. It can be repeated when topic changes. However, a maximum of 4 credit hours is applicable to the degree requirement. Prerequisite: Chemistry major with junior standing.

Chinese

CHIN 1391 Beginning Chinese [3-0]
As Scheduled
An introductory course in Chinese designed to teach basic knowledge of the Chinese language, including speaking, writing, listening and reading.

CHIN 1392 Beginning Chinese [3-0]
As Scheduled
Continuation of CHIN 1391. An introductory course in Chinese designed to teach basic knowledge of the Chinese language, including speaking, writing, listening and reading.

Computer Information Systems

CIS 1101 Introduction to Office Software [1-0]
Fall, Spring, Summer
A hands-on approach to different software packages for word processing, spread sheets, database, e-mail and internet.

CIS 1201 Introduction to Information Systems and Technology [2-0]
Fall, Spring, Summer
This course includes a study of computer-based technology in communicating, solving problems, acquiring information and conducting business.

Students will be presented the history and development of computer information systems, the social implications and ramifications of these developments along with the limits, possibilities, problems and careers associated with the use of technology. Students will be introduced to the skills/tools necessary to evaluate and learn new technologies as they become available. Students with no or limited computer experience are advised to concurrently enroll in CIS 1101 or enroll in CIS 1301 instead of CIS 1201.

CIS 1301 Computer Information Systems [3-0]
(Texas Common Course Number is COSC 1305.)
Fall, Spring, Summer
This course serves as an introduction to the primary components of a business computer system and to the primary application software packages used to increase productivity of business professionals. These topics will be reinforced with microcomputer laboratory exercises. Prerequisite: College mathematics or permission of department chair.

CIS 2308 Introduction to Programming with Visual Basic [3-0]
Fall, Spring
Students will be introduced to developing business applications using Visual Basic. Topics include fundamentals Basic programming, Windows user interface design, Windows and Visual Basic controls, data controls, and integration with applications. Prerequisite: MATH 1321 OR MATH 1340 and computer literacy skills.

CIS 2310 COBOL Programming [3-0]
(Texas Common Course Number is COSC 1332.)
Fall, Spring
A programming course designed to emphasize structured programming concepts using COBOL programming language. Concepts will be reinforced with programming exercises that include COBOL syntax, data and file structures, input and output devices, and operating systems facilities for support of batch programs. Prerequisite: C or better in any programming language course.

CIS 3300 Internship in CIS
Fall, Spring, Summer
This course is designed to give students an opportunity to gain real world experience in their chosen career field by working with a participating employing firm or organization. The students will be supervised by a
CIS 3308  Advanced Programming with Visual Basic
This course is a continuation of CIS 2308 using advanced features of Visual Basic for business applications. Students will develop applications such as payroll, accounts receivable, inventory, point of sale and online purchases. Prerequisite: C or better in CIS 2308.

CIS 3310  Advanced Programming Techniques
This course is a continuation of CIS 2310 and is designed to thoroughly familiarize the student with advanced design techniques, binary table searches, variable length record techniques and hashing. This course also includes the introduction to the basics of data structures needed for online retrieval, which include ordered lists, file structures, pointers and linkages, directories, memory management and data access methods.

CIS 3312  Introduction to Web Programming
A study of the concepts and principles of programming Web pages and delivery of business content on the Web using HTML, JavaScript, VBScript and other tools. Hands-on projects and exercises will be used to emphasize various tools and techniques used in Web programming.

CIS 3335  Database Management [3-0]
Fall, Spring
This course is an introduction to the foundations of database technology. Basic knowledge in data structures, normalization of data and data modeling will be included. Relational, hierarchical and network models will be covered. The student will be introduced to the rudiments of the construction of database schema via laboratory experiences stressing application development through advanced programming techniques and a database language. Prerequisites: Two programming language courses with a C or better in each course.

CIS 3336  Systems Analysis [3-0]
Fall
This course examines the analysis of business information systems and their redesign vis-à-vis automated applications. Student teams will be required to initiate, plan and analyze a real-life project within an organization. Team projects will result in a System Proposal. Prerequisites: Two programming courses with a C or better in each course.

CIS 3338  Networking [3-0]
Fall, Spring
An introduction to the characteristics, feasibility and design of networks and distributed data processing. Focus is on the business and elementary technical aspects of distributed processing involving digital communication. The business aspects will include implementation strategies, security, control and selection of distributed data processing. Elementary technical aspects will include data communication technology, hardware configuration and application software. Prerequisite: 6 hours of CIS or CSCI above computer literacy or consent of department chair.

CIS 3380  Small Business Technology [3-0]
Fall, Spring
The purpose of this course is to study technology to efficiently manage a small business. Students will learn about faxes, microcomputers, printers, copiers, modems and small business networks. Students will also learn about small business accounting packages, including payroll, accounts receivable and accounts payable. Additional topics include desktop publishing and use of the Internet in small business. Each student will be required to complete a term project on an application or technology. Prerequisites: ACC 2421, ECO 1301 (or 3 hours of Economics) and MANA 3361.

CIS 3390  Management Information Systems [3-0]
Fall, Spring, Summer
This course is a study of the use of current technology in strategic decision making and operations of the modern organizations, both public and private. The course examines how organizations plan, develop, implement, and maintain information systems to take advantage of recent technological advances in information technology. Prerequisites: MANA 3361 and CIS 1301.
CIS 4308 Information Resource Management

Fall, Spring
Introduces the concept of resource management in information processing systems. The student is introduced to issues related to the management of an information system such as planning, organizing, controlling, evaluating and staffing an Information Center. Societal and technological issues related to managing an Information Center are discussed. Prerequisites: MANA 3361 and 6 hours of CIS or CSCI above computer literacy.

CIS 4312 Application Development for E-commerce
This course introduces the development of electronic commerce applications using object-oriented programming. Students will develop business applications and applets for web-based systems using Java and/or more current objected-oriented programming languages. Prerequisite: CIS 3312 with a grade of C or better.

CIS 4336 Systems Design and Development
This course is a continuation of CIS 3336. Students will be required to design, develop and implement a real-life project from a System proposal. Students will be organized into teams and will be required to apply the concepts learned in earlier courses. Prerequisites: C or better in CIS 3335 and CIS 3336.

Clinical Laboratory Sciences

CLSC 2429 Clinical Microbiology in Health Care

As Scheduled
This course will focus on the immunology, diagnosis, treatment and prevention of infectious diseases. The major categories of microbial pathogens such as viruses, bacteria, fungi and parasites will be discussed in relationship to human disease processes. Utilization and interpretation of laboratory findings in the health care setting will be emphasized. Students will acquire skills in the use of universal precautions and infection control techniques. Recommended for pre-professional students interested in health professions. Prerequisite: 8 hours of biology.

CLSC 3227 Clinical Laboratory Methods

Fall
Lecture-laboratory course that introduces the student to the medical laboratory. Emphasizes appropriate laboratory studies for specific diseases, normal laboratory values and procedures for obtaining samples. Students are given the opportunity to perform waivered and PPM lab studies. Prerequisite: PHAS (“C” or better).

CLSC 3301 Introduction to Clinical Laboratory Science

Spring
An introduction to the basic skills utilized in the clinical laboratory including specimen collection and processing, professional ethics, laboratory safety and routine examination of urine. Regulatory requirements for laboratories will also be introduced. Open to all interested students. Prerequisites: 8 hours of biology and 8 hours of chemistry.

CLSC 3410 Hematology I

Fall
Formation, function and identifying characteristics of the cellular elements of blood. Lecture and laboratory emphasize the enumeration, morphology and staining characteristics of normal and abnormal blood cells in healthy and diseased states. Coagulation physiology and methods of detecting defects will also be introduced. Prerequisite: Admission into the Clinical Laboratory Sciences Program or special approval.

CLSC 3420 Clinical Chemistry I

Fall
Studies in clinical chemistry with concentration on the physiology of normal and abnormal metabolism as they relate to those techniques commonly performed in general clinical chemistry laboratories. Basic clinical chemistry instrumentation, quality control and methodology will be emphasized along with a discussion of diagnostic applications. Prerequisite: Admission into the Clinical Laboratory Sciences Program or special approval.

CLSC 3513 Clinical Immunology and Immunohematology

Fall
Basic aspects of the immune response and its relationship to the diagnosis and treatment of disease. Lecture and laboratory stress the basic concepts of the human immune system as well as clinical applications
in the detection and diagnosis of disease processes by
common serological tests including immunohematology
applications. Prerequisite: Admission into the Clinical
Laboratory Sciences Program or special approval.

**CLSC 3530 Clinical Microbiology I [4-5]**
Fall
Lecture and laboratory studies of human pathogens
including common bacteria and parasites. Emphasis on
staining, cultural and differential biochemical
characteristics, as well as methods of isolation.
Prerequisite: Admission into the Clinical Laboratory
Sciences Program or CLSC 3513.

**CLSC 4112 Advanced Hematology [1-0]**
Fall
Specialized procedures in hematology with an emphasis
on body fluid analysis. Prerequisites: Admission into
Clinical Laboratory Sciences Program and successful
completion of CLSC 3410 and CLSC 4311.

**CLSC 4115 Advanced Clinical Immunology [1-0]**
Fall
Advanced concepts in clinical immunology with an
emphasis on specialized tests including the HLA
system. Abnormalities of the immune system will be
emphasized. Prerequisites: Admission into the Clinical
Laboratory Sciences Program and CLSC 3513.

**CLSC 4144 Clinical Practicum V [0-0-6]**
Fall
Clinical application of theory and techniques in
affiliated institutions. Prerequisites: Admission into
Clinical Laboratory Sciences Program and successful
completion of on-campus coursework.

**CLSC 4303 Medical Laboratory Leadership [3-0]**
Fall
An introduction to the leadership roles and
responsibilities of the clinical laboratory scientist in
management, supervision and education as well as
regulatory and legal aspects of laboratory medicine.
Prerequisite: Admission into the Clinical Laboratory
Sciences Program.

**CLSC 4311 Clinical Hematology II [2-5]**
Spring
Continuation of Hematology I with an emphasis on
abnormal morphology and related disease states.
Coagulation abnormalities and associated clinical
conditions will also be covered as well as the more
specialized techniques in hematology and coagulation.
Prerequisites: Admission into the Clinical Laboratory
Sciences Program and CLSC 3410.

**CLSC 4314 Advanced Immunohematology [2-5]**
Spring
Lecture and laboratory stress the detection,
identification and characterization of rarer and atypical
antigens and antibodies, compatibility testing, blood
component therapy and problem-solving techniques.
Prerequisites: Admission into the Clinical Laboratory
Sciences Program and CLSC 3513.

**CLSC 4322 Advanced Clinical Chemistry [3-0]**
Summer
Discussion of special procedures and instrumentation
in the clinical chemistry laboratory including
toxicology, therapeutic drug monitoring and clinical
correlation of biochemical results as well as problem-
solving strategies. Prerequisites: Admission into the
Clinical Laboratory Sciences Program and CLSC 4421.

**CLSC 4340 Clinical Practicum I [1-0-12]**
Summer I
Clinical application of theory and techniques in
affiliated institutions. Prerequisites: Admission into
Clinical Laboratory Sciences Program and successful
completion of on-campus coursework.

**CLSC 4341 Clinical Practicum II [1-0-12]**
Summer II
Clinical application of theory and techniques in
affiliated institutions. Prerequisites: Admission into the
Clinical Laboratory Sciences Program and successful
completion of on-campus coursework.

**CLSC 4342 Clinical Practicum III [1-0-12]**
Fall
Clinical application of theory and techniques in
affiliated institutions. Prerequisites: Admission into the
Clinical Laboratory Sciences Program and successful
completion of on-campus coursework.

**CLSC 4343 Clinical Practicum IV [1-0-12]**
Fall
Clinical application of theory and techniques in
affiliated institutions. Prerequisites: Admission into the
Clinical Laboratory Sciences Program and successful
completion of on-campus coursework.
CLSC 4421  Clinical Chemistry II  [3-5]
*Spring*
Continuation of Clinical Chemistry I with an emphasis on more advanced concepts in quality control, method evaluation and instrumentation as well as the associated normal and abnormal physiology and the appropriate clinical correlation of results. **Prerequisites:** Admission into the Clinical Laboratory Sciences Program and CLSC 3420.

CLSC 4631  Clinical Microbiology II  [5-5]
*Spring*
Continuation of Clinical Microbiology I with an emphasis on fastidious bacteria, fungi, viruses and rickettsia. Disease processes, therapy and prevention as they relate to microbiology will also be emphasized. **Prerequisites:** Admission into the Clinical Laboratory Sciences Program and CLSC 3530.

---

**Communication Disorders**

**NOTE:** The American Speech-Language-Hearing Association (ASHA) defines areas within Communication Disorders for the purpose of describing programs and requirements. If applicable, the corresponding ASHA area is shown following each course.

COMD 1310  Beginning Sign Language  [3-0]
*Fall, Spring, Summer*
This course is for the students to become aware of basic knowledge about American Sign Language and deaf people. Emphasis in the course is upon acquisition of both comprehension and production skills as upon knowledge of the deaf community interaction. The students will begin with visual readiness activities and then progress through group targeted lexical items taught within meaningful contexts that stress use of questions, commands and conversational rules such as attention-getting and turn-taking and basic finger-spelling skills also will be stressed.

COMD 1320  Intermediate Sign Language  [3-0]
*Fall, Spring, Summer*
This course is a continuation of Beginning Sign Language (COMD 1310) and emphasizes expansion and refinement of the fundamental comprehension and production skills covered in Beginning Sign Language, with the acquisition of additional functional grammatical structure and targeted lexical items. Spontaneous, interactive use of American Sign Language is stressed through discussion of deaf community and other activities being held by the deaf community. The students will continue study of information related to everyday life experiences of deaf Americans and deaf people anywhere in the world. **Prerequisites:** COMD 1310 or departmental approval.

COMD 2310  Introduction to Speech-Language Pathology  [3-0]
*Fall, Spring*
This course acquaints the prospective major with the profession of Speech-language pathology, which will include requirements for entering the profession and professional issues. The course will also introduce students to five basic types of communication disorders and their etiologies. **Prerequisites:** None.

COMD 2320  Phonetics  [3-0]
*Fall, Spring*
This course is an introduction to the International Phonetic Alphabet and application of this symbol system to analyze various languages. The course will acquaint students with the subset of phonetic symbols that are used to transcribe various dialects of General American English. This course is designed for Communication Disorders Majors and Education majors. The course will acquaint students with transcription techniques to analyze speech production. **Prerequisites:** None.

COMD 3310  Normal Language Development  [3-0]
*Fall*
A study of the theories of language development and language sampling. A description of language, sensory and motor development is presented. **Prerequisites:** COMD 2310, COMD 2320 and junior standing. **ASHA:** Basic human communication processes.
COMD 3315  Anatomy and Physiology of the Speech and Hearing Mechanism  [3-0]
Fall, Spring
A detailed study of the anatomical and physiological structure and function of the speech and hearing mechanism. Prerequisites: COMD 2310 and COMD 2320. ASHA: Basic human communication processes.

COMD 3330  Articulation Development and Disorders  [3-0]
Fall
The course is a study of the theories of normal articulation and phonological development with emphasis on the practical applications of theory. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330.

COMD 3340  Audiology I  [3-0]
Fall
Basic orientation to audiology including physics of sound, anatomy and physiology of the hearing mechanism, pathology of hearing, and evaluation of hearing, which includes emphasis on pure tone and impedance audiometry. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330 and junior standing. ASHA: Hearing disorders and hearing evaluation.

COMD 3350  Introduction to Speech Science  Fall, Spring
The course is a study of the structure and function of neuroanatomical parts that contribute to production and perception and processing of speech and language. Prerequisites: COMD 2310, 2320, 3310, 3315, 3330.

COMD 3360  Neuroanatomy and Physiology for Speech, Language, and Hearing  Fall, Spring
The course is a study of the structure and function of neuroanatomical parts that contribute to production and perception and processing of speech and language. Prerequisites: COMD 2310, 2320, 3310, 3315, 3330.

COMD 4310  Behavior Modification in Speech-Language Pathology  [3-0]
Spring
The course is a practical study of behavior management as it relates to and underlies speech and language intervention procedures. Prerequisites: COMD 2310, 2320, 3310, 3315, 3330, 3340, 3350, 3360.

COMD 4330  Audiology (Re)Habilitation  [3-0]
Fall
The course presents methods and techniques utilized in the aural (re)habilitation of individuals who are hard of hearing and deaf. Prerequisites: COMD 2310, 2320, 3310, 3330, 3340, 3350, 3360.

COMD 4350  Clinical Applications  [3-0]
Spring
This course is designed to provide exposure to speech-language pathology in various settings, analysis of client assessment and treatment profiles, and journal research. This course may include observations, volunteer work in schools, or health care settings, or assisting in the therapy process. Prerequisites: COMD 2310, 2320, 3310, 3330, 3340, 3350, 3360, 4330, 4360, 4365, 4310.

COMD 4355  Clinical Experience II  [3-0]
Fall, Spring
A second clinical experience that may include observation, volunteer work in schools or health care settings, or assisting in the therapy process. Clinical experiences are typically assigned in external sites but may include experience at The University of Texas-Pan American Speech and Hearing Clinic. Clinical experience hours do not meet the ASHA supervised clock hour requirements. Prerequisite: Minimum GPA 3.0 in communication disorders. Submission of clinical experience application by announced deadline. COMD 2310, COMD, 2320, COMD 3310, COMD 3315, COMD 3320, COMD 3330, COMD 4310 and COMD 4350. ASHA: Speech disorders.

COMD 4360  Language Disorders in Children I  [3-0]
Fall
The course is a study of the characteristics of language development in children at risk. A sampling of three to five special populations will be presented. Students will be introduced to basic techniques for the clinical management of children with language disorders. Prerequisites: COMD 2310, 2320, 3310, 3315, 3330, 3340, 3350, 3360, 4330, 4360, 4365, 4310.

COMD 4365  Functional Speech Disorders  Fall
The course is an introduction to functional disorders of speech, which may include those that impact articulation, fluency, and voice. Prerequisites: COMD 2310, 2320, 3310, 3315, 3330, 3340, 3350, 3360.
COMD 4370  Professional Report Writing in Speech Language Pathology
Spring
A study of basic writing skills, scientific writing, and professional writing, particularly for assessment reports, treatment plans, progress, reports, and professional correspondence in Speech-Language Pathology and other health professions. Prerequisites: COMD 2310, 2320, 3310, 3315, 3330, 3340, 3350, 3360, 4330, 4360, 4365, 4310.

COMD 4380  Clinical Problem Solving
Spring
The course is an orientation to the basic principles fundamental to clinical practice Speech-Language Pathology. Prerequisites: COMD 2310, 2320, 3310, 3315, 3330, 3340, 3350, 3360, 4330, 4360, 4365, 4310.

COMD 4390  Principles in Assessment of Speech Language Pathology  [3-0]
Spring
The course is a study of diagnostic techniques and specific testing instruments utilized in the evaluation of articulation and language disorders. Prerequisites: COMD 2310, 2320, 3310, 3315, 3330, 3340, 3350, 3360, 4330, 4360, 4365, 4310.

Communication
Following each entry in the course inventory is a code that lists the option to which the course can be applied. If a course has two codes, it is cross-listed between option areas. The code is as follows:

CO = Communication Core
CS = Communication Studies
TH = Theatre/TV/Film
JO = Journalism
GE = General Education

Students must seek advisement from the Department of Communication on a regular basis to discover when specific courses are to be scheduled and taught.

COMM 1303  Presentational Speaking (CS)  [3-0]
As Scheduled
Instruction and practice in speech preparation and delivery. Includes audience analysis, selecting and developing the topic, drafting the speech outline, arranging and intensifying the speech, use of visual aids and supporting materials, effective delivery techniques and speech evaluation. Stresses logical thinking as a basis for formulation of the communication message.

COMM 1305  Acting I (TH)  [3-0]
As Scheduled
Improvisational acting techniques and the application of these principles to stage, television and film.

COMM 1308  Photography  [3-0]
As Scheduled
This course is an introduction to the techniques of taking photographs and the process of developing, printing, enlarging, cropping and dodging. Journalism students cannot count these hours toward their major.

COMM 1310  Oral Interpretation (CS)(TH)  [3-0]
As Scheduled
Introduction and practice in the principles of speech as applied to the oral presentation of various literary forms. Includes prose and poetry, dramatic and duo-dramatic interpretation as well as storytelling.

COMM 1311  Technical Production I (TH)  [3-0]
As Scheduled
This course gives instruction and practice in the methods of construction, painting, rigging, shifting stage scenery and properties, as well as the application of these techniques to television production.

COMM 1312  Technical Production II (TH)  [3-0]
As Scheduled
This course is a continuation of COMM 1311. It consists of instruction and practical experience in production problems, including lighting and sound.

COMM 1313  Fundamentals of Speech Communication (CS)  [3-0]
As Scheduled
This class will provide an overview of traditional and non-traditional media with an emphasis on the history and evolution of the different media in society.

COMM 1315  Survey of Radio/TV Broadcast/Cable (JO) (TH)  [3-0]
(Texas Common Course Number is COMM 1335.)
As Scheduled
An overview of broadcasting and cablecasting; history, programming, regulations and financial structures.
COMM 1387  Speech Communication (Honors Plan) (CS)  [3-0]
As Scheduled
Theory and intensive application of various elements of the speech communication process. Through lecture, class discussion and active participation, students have the opportunity to develop skills in communication behavior including listening, interviewing, small group interaction, audiovisual aid use and public speaking. Credit Restriction: Credit may not be received for both COMM 1387 and COMM 1313.

COMM 1616  Summer Television Workshop (TH)
An intensive workshop course in which students are responsible for all aspects of the production of a major dramatic work that will be produced for television and that will embody the principles of dramatic production in television form.

COMM 2304  Television Production (TH) (JO)
As Scheduled
This course is an introduction to television studio operations with emphasis on television production. It covers cameras, microphones, lights, setting and performers.
COMM 2311  Drawing and Rendering for the Theatre
As Scheduled
This course covers the processes of communicating design ideas through drafting, drawing and rendering and modeling. This course needs to be taken before any of the design classes or concurrently with the student’s first class in design.

COMM 2387  Theatre Appreciation (Honors Plan) (TH) [3-0]
As Scheduled
An introduction to the theatre. Students are offered the opportunity to learn how to enjoy and understand plays, and are given the opportunity to gain an appreciation and understanding of the various factors that make up a live theatre performance. Designed for non-majors. Credit Restriction: Credit may be received for only one of COMM 2312 or COMM 2387. Prerequisite: Admission to Honors Program or by permission of instructor.

COMM 3301  Rhetoric of Television (CS) [3-0]
As Scheduled
A consideration of television and its pervasive influence upon contemporary social, political and cultural institutions. Course explores the forms of persuasion embedded in television and methods by which these rhetorical structures affect human perceptual systems and resulting human behavior.

COMM 3302  Speech for Stage and Screen (TH) [3-0]
As Scheduled
An intensive course in high quality diction for those planning to speak professionally on stage, TV, radio or film. Work on diction, foreign accents and dialects. Some voice work included.

COMM 3303  Writing for the Mass Media (JO)
As Scheduled
This course will focus on the various writing techniques required for different media. Student must pass skill test of grammar, spelling, and punctuation.

COMM 3304  Advertising (JO) [3-0]
As Scheduled
Principles of advertising as they are applied and used in radio, television, film, print media and theatre. Practice in writing advertising copy, layout and design.

COMM 3305  Copy Editing (JO) [3-0]
As Scheduled
This course focuses on copy editing and headline writing using the Associated Press Style Manual as a guide.

COMM 3306  Feature Writing (JO) [3-0]
Spring
Interpreting trends in reader appeal; analyzing feature story structure; finding ideas for gathering materials; writing and selling feature articles.

COMM 3308  Creative Drama (TH) [3-0]
As Scheduled
A study of informal drama in its application to the elementary classroom. Development of creativity through original dramatizations by children. Of special interest to the elementary teacher.

COMM 3309  Scene Design (TH) [3-0]
As Scheduled
This course teaches the principles of design as applied to modern stage and television production.

COMM 3310  Lighting for the Stage, Film and TV (TH) [3-0]
As Scheduled
Problems of lighting design and execution as applied to the various media — stage, screen and television.

COMM 3311  Contemporary Drama (TH) [3-0]
As Scheduled
A study of trends and movements in 20th century American, British and European drama with emphasis on works of major playwrights. Equivalent Course: ENG 3311; can be counted as English or Communication in satisfying degree requirements. Credit may be received for only one course. Prerequisite: 12 hours of English.

COMM 3312  Costume Design (TH)
As Scheduled
This course teaches the principles of designing as applied to costumes for the various media — stage, television and film.

COMM 3314  Persuasive Communication (CS) [3-0]
As Scheduled
Persuasive techniques and rhetorical principles as they apply to verbal and nonverbal communication where the goal is social influence. In-class speeches and
projects stress practical application of persuasive strategies. Persuasive characteristics of contemporary culture, structure and content of persuasive messages, source credibility, propaganda, ethics and role of attitudes, belief systems and values in persuasive communication.

COMM 3315 Communication in Human Relations (CS) [3-0]
As Scheduled
Application of the Speech Communication perspective as a dynamic process of human interaction. Significant issues and topics in interpersonal relationships, such as family communication, health communication, gender communication, social conflict and crisis communication, supervisory communication. May be repeated once for credit. Prerequisite: COMM 2315 or by permission of instructor.

COMM 3316 Intercultural Communication (CS) [3-0]
As Scheduled
Study of the symbolic and relativistic nature of culture and the resultant problems in attempting to communicate meaning across cultural lines.

COMM 3317 Speech for the Classroom Teacher (S) [3-0]
As Scheduled
This course emphasizes methods for establishing a positive communication climate in the classroom and for enhancing instruction through effective communication. Topics will include active listening, critical listening, storytelling and assessment of oral communication competencies.

COMM 3318 Great American Oratory (CS) [3-0]
As Scheduled

COMM 3319 Arts Management and Publicity (TH) [3-0]
As Scheduled
This course teaches the basic principles of managing arts events or arts centers. It gives the student practical experience in publicity, release writing, box office management, program and poster production and public relations.

COMM 3323 World Drama (TH) [3-0]
As Scheduled
Study of trends and movements in dramatic literature from ancient Greece through World War I. Emphasis on the works of major playwrights. Equivalent Course: ENG 3323; can be counted as English or Communication in satisfying degree requirements. Credit may be received for only one course. Prerequisite: 12 hours of English.

COMM 3324 Cinematography/ Videography (TH) [3-1]
As Scheduled
Principles of single camera “film style” location video production. Using video equipment, students will produce short productions based on careful preproduction planning (scripting and storyboarding). Major stress on post-production editing and quality of finished product.

COMM 3325 Motion Picture History and Significance (TH) [3-0]
As Scheduled
Historical survey of motion pictures from 1890s to the present. Students will view, study and review major motion pictures from various periods, noting important periods, styles, genres and movements in the dramatic film (including foreign films and TV). Viewing lab arranged.

COMM 3327 Reporting I (JO) [3-0]
As Scheduled
An introduction to reporting focusing on writing articles in journalism style for print media, the course examines information gathering, interviewing techniques and reporting skills. Classes are conducted in computer lab rooms when available.

COMM 3328 Writing for Publication (JO) [3-0]
As Scheduled
This course stresses writing for a variety of publications, both print and electronic, with emphasis on in-depth research and writing.

COMM 3329 Specialized Reporting (JO)
As Scheduled
This course focuses on analytical and investigative reporting. It outlines the quantitative and qualitative techniques required to produce accurate and comprehensive assessments of social, political, and scientific issues. Prerequisites: COMM 3303, COMM 3327.
COMM 3330  Argumentation and Debate (CS)  [3-0]
As Scheduled
Instruction and practice in the principles of argumentation and debate. Includes philosophies and concepts, forms of argument, analysis by issues and logical form, evidence and reasoning, positions of advocacy, refutation and rebuttal, cross-examination, ethics of argument and persuasion, and communication strategies in contemporary society. Previous Course Number: COMM 2303; a student may receive credit for only one course.

COMM 3331  Principles of Interviewing (CS)  [3-0]
As Scheduled
Theory, application and selected practice of the interview process in a variety of situations. Students have the opportunity to develop basic skills in selection, appraisal, counseling, discipline, exit, persuasive and focus interviews; interviews in mass media contexts, in data analysis and in other important techniques. Ethical guidelines stressed throughout.

COMM 3332  Organizational Communication (CS)  [3-0]
As Scheduled
The study of the role of communication in organizational contexts. Previous Course Number: COMM 4306; a student may receive credit for only one course.

COMM 3333  Rhetorical and Communication Theory (CS)  [3-0]
As Scheduled
Comprehensive overview and analysis of the various significant theories of rhetoric and communication, with an historical grounding but emphasizing modern themes and perspectives. Previous Course Number: COMM 2320; a student may receive credit for only one course.

COMM 3334  Communication through Group Process (CS)  [3-0]
As Scheduled
Instruction and practice in group theory and technique. Includes principles and methods of discussion, interpersonal relations in groups, problem-solving and decision-making processes, conflict management in groups, sources and philosophies of group leadership, quality circles, preparation of agendas, rules of order, and committee procedures and regulations. Previous Course Number: COMM 2302; a student may receive credit for only one course.

COMM 3335  Advanced Public Speaking (CS)  [3-0]
As Scheduled
Theory and intensive application of various public speaking situations — informative, persuasive and special occasion speeches. Critical thinking, analysis, reasoning, support for assertions, humor and clear organization are stressed. Ethical communication and an audience-centered approach are central issues. Prerequisite: COMM 1313 or COMM 1303.

COMM 3341  Acting III (TH)
As Scheduled
This course is a study of work with partners in scenes. It gives the students practice in the techniques of working in large and small groups, working for specificity of character and developing responsive and responsible rehearsal techniques.

COMM 3342  Acting IV (TH)
As Scheduled
This course consists of working with particular acting problems, such as characterization in the musical, individuation in group scenes, commercials, supporting partners, etc.

COMM 3350  Research in Communication (CO)  [3-0]
As Scheduled
Major methods of research used in the concentration areas of communication: speech communication, theatre arts and journalism/mass media. Each student is responsible for the successful completion of a research project. Required of all communication majors. Previous Course Numbers: COMM 4303, COMM 4324 and COMM 4325; a student may receive credit for only one course.

COMM 3401  Broadcast News Writing (JO)  [4-0]
Fall
Development of skills and practice in the art of writing news for radio and television. Scripts will be written and evaluated as related to audience, medium and structure.

COMM 3403  Television News Production and Reporting (JO)  [4-0]
Spring
Methods of gathering facts, words and images, then developing them into professional video newscasts, including audio and video recording, editing, production, delivery and transmission, within the scope of standard electronic journalistic ethics and practices. Prerequisite: COMM 2404.
COMM 3413  Literature in Performance (CS)  [4-0]  
As Scheduled
An advanced course in the theory and practice of the
oral interpretation of literature stressing methods of
assembling materials of various genres and individual
and group performance. A rehearsal lab is required.
Prerequisites: COMM 1310 and/or permission of
instructor.

COMM 3623  Professional Internship Cooperative
Education — Theatre (TH)
A planned program of half-time (20 hours per week)
work, for a minimum of one semester or two
continuous summer sessions, related to the field.
Enrollment must be completed prior to the work
period. Students should be classified as seniors. Credit
will be determined on the basis of satisfactory
employer’s evaluation and the student’s written report.

COMM 3625  Professional Internship Cooperative
Education — Print Media (JO)
A planned program of half-time (20 hours per week)
work, for a minimum of one semester or two
continuous summer sessions, related to the field.
Enrollment must be completed prior to the work
period. Students should be classified as seniors. Credit
will be determined on the basis of satisfactory
employer’s evaluation and the student’s written report.

COMM 3626  Professional Internship Cooperative
Education — Radio-TV-Film (JO)
A planned program of half-time (20 hours per week)
work, for a minimum of one semester or two
continuous summer sessions, related to the field.
Enrollment must be completed prior to the work
period. Students should be classified as seniors. Credit
will be determined on the basis of satisfactory
employer’s evaluation and the student’s written report.

COMM 3627  Professional Internship Cooperative
Education — Advertising-Public
Relations (JO)
A planned program of half-time (20 hours per week)
work, for a minimum of one semester or two
continuous summer sessions, related to the field.
Enrollment must be completed prior to work period.
Credit will be determined on basis of employer’s
evaluation and student’s written report.

COMM 4101  Practicum — Theatre-TV-Film
(TH) (JO)  [1-0]
Participation in theatre, television or film programs
sponsored by the department or other programs
approved by the instructor. One hour of credit
requires a minimum of 60 hours of satisfactory
participation, plus any additional requirements set by
the instructor. May be repeated for credit a maximum
of four times.

COMM 4103  Practicum — Forensics (CS)
Participation in the forensics program of the University.
One hour of credit requires a minimum of 60 hours of
satisfactory participation, plus any additional
requirements set by the instructor. May be repeated
for credit a maximum of four times.

COMM 4301  Directing I (TH)  [2-2]
As Scheduled
Study, observation and practice in selecting scripts and
working with problems, methods and techniques of
direction and production.

COMM 4302  Directing II (TH)  [1-4]
As Scheduled
A continuation of COMM 4301 with stress upon
student direction and production of plays and
television programs.

COMM 4303  Special Topics (CS)
As Scheduled
For the advanced undergraduate, this course may be
taken more than once if the topic changes. The class is
designed to give students an opportunity to study a
special advanced theatre topic not required in the
undergraduate curriculum.

COMM 4304  Scriptwriting for Stage
and Screen (TH)  [3-0]
As Scheduled
Advanced-level course in the arts and crafts of
scriptwriting for stage and screen (motion picture and/
or television). Course would be repeatable for credit
with new work or work with different medium.

COMM 4307  Contemporary Rhetoric of Social
and Political Movements (CS)  [3-0]
As Scheduled
Rhetoric as an instrument of change within current
political and social protest movements. Analysis of
strategies and tactics of agitation and control. Study of
pamphlets, speeches, underground publications, files, music, nonverbal symbols and body rhetoric. Includes such movements as the Far Right, New Left, Black Power, Chicano movements and Women’s Liberation.

**COMM 4308** Special Problems in Rhetorical Criticism (CS)  
*As Scheduled*
Significant issues and topics in rhetorical criticism. Principles of criticism applied to political and social communication behavior. May be repeated once for credit.

**COMM 4313** Media Law and Ethics (JO)  
*As Scheduled*
This course will cover freedom of the press, libel, invasion of privacy and the conflict between free press and fair trial. Media cases will also be examined as they relate to questions of ethics.

**COMM 4314** Advanced Television/Film Production (JO) (TH)  
*As Scheduled*
Advanced-level course stressing the application of basic arts and media developed in COMM 2404 and making use of advanced students in directing, technical crafts, performance and scriptwriting. May be repeated for credit with new production.

**COMM 4315** History of the Theatre I (TH)  
*As Scheduled*
A thorough study of the history of theatre from its origins until the end of the Jacobean era.

**COMM 4316** History of the Theatre II (TH)  
*As Scheduled*
A thorough study of the history of theatre from the Restoration until the present.

**COMM 4317** Children’s Theatre Workshop (TH)  
*As Scheduled*
This is an intensive workshop course in which students are responsible for all aspects of the production of a major dramatic work that will be produced for children and that will embody the principles of dramatic production in forms suitable for elementary school audiences.

**COMM 4318** Theory and Styles of Acting (TH)  
*As Scheduled*
This course covers techniques of period acting and exploration of major theories of acting techniques.

**COMM 4319** Problems in Acting (TH)  
*As Scheduled*
This course teaches acting techniques to adapt performance to varying situations such as large and small proscenium, film and television. It also includes preparation of audition material and problems in developing range of characterization.

**COMM 4321** Public Relations (JO)  
*As Scheduled*
Planning and preparation of publicity materials for media, application of public relations techniques and clinical study of current public relations campaigns. Some laboratory work in the Department of Communication.

**COMM 4322** Public Relations Writing (JO)  
*As Scheduled*
This is an intensive writing course. Student will learn to research and write for a variety of formats such as news releases, backgrounds, and pitch letters.
*Prerequisites:* COMM 3303 or consent of instructor.

**COMM 4326** Photojournalism (JO)  
*As Scheduled*
Principles and practices of photojournalism. Topics include news photography and interrelationship with text. Participation in campus publications is encouraged. Students must furnish 35mm camera and equipment.
*Prerequisite:* COMM 1408 or permission of instructor.

**COMM 4327** Mass Communication and Society (JO)  
*As Scheduled*
This course will provide an overview of the relationship between the mass media and society from a historical perspective and will examine current trends such as the impact of media technology on society. The different theories of the press as well as theories of mass communication will also be examined.

**COMM 4330** Communication Consulting and Training (CS)  
*As Scheduled*
Study of the consultant’s role in planning and implementing organizational communication diagnosis and change. Factors affecting the consultant-client relationship as well as ethical considerations will be highlighted. In addition, methods, techniques and practice in communication training programs and workshops will be addressed.
COMM 4331  Senior Synthesis Seminar
In Speech Communication (CS) [3-0]
As Scheduled
Students are provided the opportunity to integrate principles, ideas and information covered in lower- and upper-division Speech Communication coursework and to apply theories, research methods and intervention techniques in various analytical and experimental situations. Prerequisites: COMM 1301 and 24 hours in Speech Communication, including 9 advanced hours.

COMM 4332  Media Publishing (JO) [3-0]
As Scheduled
Computer production of a variety of print media publishing, including layout, design and writing.

COMM 4334  Communication Campaigns (JO) [3-0]
As Scheduled
This course will cover the development of communication campaigns from the initiation of a situation analysis, research to final execution. Students will also learn to evaluate the effectiveness of campaigns. Prerequisites: COMM 3304 and/or COMM 4321 or consent of instructor.

COMM 4335  Creative Strategies and Media Planning (JO) [3-0]
As Scheduled
This course will focus on the development of effective creative strategies based on solid research and clear objectives. Media planning, buying and placing will also be covered. Prerequisites: COMM 3304 or consent of instructor.

COMM 4336  Applied Organizational Communication (CS) [3-0]
As Scheduled
Application of organizational communication theories and concepts within organizational contexts. Prerequisite: COMM 3332.

COMM 4337  Professional Internship-Cooperative Education - Communication Studies (CS)
A planned program of half-time work (10 hours per week), for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to the work period. Students should be classified as seniors. Credit will be determined on the basis of satisfactory employer’s evaluation and the student’s written report. May be repeated once for credit.

COMM 4417  Radio and Television Advertising Production (JO) [3-3]
As Scheduled
Application of principles of advertising to production of radio and television commercials. Prerequisites: COMM 2404 and COMM 3304.

COMM 4615  Summer Theatre Workshop (TH)
For the advanced undergraduate, experience in all areas of theatrical presentation. Students assume responsibility for one or more of the following areas: technical theatre production problems in acting and directing, theatre business management. Because of the intensive nature of this course, students are not allowed to take other studies or outside employment during the workshop enrollment period without permission of the instructor.

COMM 4616  Summer Film and Television Workshop (TH)
For the advanced undergraduate, an intensive workshop in which students are responsible for the production of a major dramatic work that will be produced for television and that will embody the principles of dramatic production in television form. Journalism students taking the course will produce a documentary concerning the production.

COMM 4624  Professional Internship-Cooperative Education - Communication Studies
A planned program of half-time (20 hours per week) work, for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to the work period. Students should be classified as seniors. Credit will be determined on the basis of satisfactory employer’s evaluation and the student’s written report. Previous Course Number: COMM 3624; a student may receive credit for only one course.
**Criminal Justice**

**NOTE:** The entire course inventory is not offered each semester. Students are advised to plan ahead when making decisions about their semester schedules.

**CRIJ 1301 Introduction to the Criminal Justice System [3-0]**  
*(Texas Common Course Number is CRIJ 1301.)*  
The history, development and philosophy of the criminal justice system; an overview of law enforcement, courts and corrections subsystems.

**CRIJ 1306 Court Systems and Practices [3-0]**  
*(Texas Common Course Number is CRIJ 1306.)*  
The judiciary in the criminal justice system; right to counsel; pre-trial release; grand juries; adjudication process; types and rules of evidence; sentencing.  
*Previous Course Number: CRIJ 2333; a student may receive credit in only one course.*

**CRIJ 1307 Crime in America [3-0]**  
*(Texas Common Course Number is CRIJ 1307.)*  
American crime problems in historical perspective; social and public policy factors affecting crime; crime impact and trends; social characteristics of specific crimes; prevention of crime.  
*Previous Course Numbers: CRIJ 2301 and CRIJ 3361; a student may receive credit in only one course.*

**CRIJ 1310 Fundamentals of Criminal Law [3-0]**  
*(Texas Common Course Number is CRIJ 1310.)*  
A study of the nature of criminal law; philosophical and historical development; major definitions and concepts; classification of crime; elements of crime and penalties using Texas statutes as illustrations; criminal responsibility.  
*Previous Course Number: CRIJ 2331; a student may receive credit in only one course.*

**CRIJ 1313 Juvenile Justice System [3-0]**  
*(Texas Common Course Number is CRIJ 1313.)*  
An overview of the nature of juvenile delinquency; the theory and practice of juvenile courts; juvenile case law; juvenile crime prevention; treatment of juvenile offenders; juvenile justice system.  
*Previous Course Number: CRIJ 2303; a student may receive credit in only one course.*

**CRIJ 2313 Correctional Systems and Practices [3-0]**  
*(Texas Common Course Number is CRIJ 2313.)*  
Corrections in the criminal justice systems; correctional role; institutional operations, alternatives to institutionalization; treatment and rehabilitation; current and future issues.  
*Previous Course Number: CRIJ 2342; a student may receive credit in only one course.*

**CRIJ 2314 Criminal Investigation [3-0]**  
*(Texas Common Course Number is CRIJ 2314.)*  
An introduction and analysis of current criminal investigation procedures; philosophy of the crime scene investigation; an advanced study of important areas involved in criminal investigation, such as proper handling of physical evidence, arrest, search and seizure, hearings and probable cause; a discussion of techniques involved in drug and narcotic investigations.  
*Previous Course Number: CRIJ 2323; a student may receive credit in only one course.*

**CRIJ 2323 Legal Aspects of Law Enforcement [3-0]**  
*(Texas Common Course Number is CRIJ 2323.)*  
Police authority; responsibilities; constitutional restraints; laws of arrest, search and seizure; police liability.  
*Previous Course Number: CRIJ 2332; a student may receive credit in only one course.*

**CRIJ 2326 Police-Community Relations [3-0]**  
*(Texas Common Course Number is CRIJ 2326.)*  
A study of the problems involving law enforcement agencies and the community; the philosophy of community action groups and boards; theories regarding police involvement in community projects and the principles and techniques used in establishing a proper law enforcement-community relationship; principles and techniques of crime prevention and various approaches to crime prevention programs.  
*Previous Course Number: CRIJ 2304; a student may receive credit in only one course.*

**CRIJ 2328 Police Systems and Practices [3-0]**  
*(Texas Common Course Number is CRIJ 2328.)*  
The police profession; organization of law enforcement systems; the police role; police discretion; current and future issues.  
*Previous Course Number: CRIJ 1313; a student may receive credit in only one course.*

**CRIJ 2335 Legal Aspects of Corrections [3-0]**  
Legal problems and principles from conviction to release, to include consideration of convictions, imprisonment, sentencing, conditional release, post-
conviction procedures, prisoner rights, probationer rights and validity of conviction. Previous Course Number: CRIJ 3331; a student may receive credit in only one course.

**CRIJ 3303 Criminology [3-0]**
Provides an overall perspective of the crime problem with special emphasis given to philosophical and theoretical ideas pertaining to crime causation and its control. Includes victimology and criminal typologies.

**CRIJ 3304 Criminal Justice Research Methods [3-0]**
A review of current literature and examination of selected problems affecting the criminal justice system; instruction of steps involved in the scientific approach to problem solving. Discussion of research techniques and paper writing; applications of research in criminal justice. Previous Course Number: CRIJ 3402; a student may receive credit in only one course.

**CRIJ 3341 Probation and Parole [3-0]**
The philosophy, history and principles of probation, parole and other community-based treatment programs; philosophy of punishment and rehabilitation; trends, practices and current research in probation and parole, including methods of analysis, selection and prediction.

**CRIJ 3344 Techniques of Interviewing [3-0]**
Addresses techniques and interaction involved in the face-to-face interview; knowledge of behavioral reactions; development of an awareness of likely responses to the behavior of the interviewer; and interview techniques for pre-sentence investigations, classification, supervision and related correctional tasks.

**CRIJ 3345 Correctional Administration [3-0]**
Fundamental concepts of management, organization and administration as specifically applicable to correctional institutions, field services and community-based corrections.

**CRIJ 4311 Police Organization and Administration [3-0]**
In-depth discussion of organizational and administrative theory; comparative discussion of philosophies utilized in business and public administration with potential relationships to police organizations; methodology of societal trends affecting criminal justice administration.

**CRIJ 4312 Principles of Law Enforcement Supervision [3-0]**
An examination of the principles involved in law enforcement supervision; principles of leadership in dealing with people; psychology involved in handling grievances and in building morale; duties and responsibilities of command-level personnel; law enforcement budgeting procedures, supervisory problems and responsibilities relating to discipline and internal affairs investigations.

**CRIJ 4313 Current Issues in Law Enforcement [3-0]**
Analysis and discussion of contemporary issues in policing with particular attention to current developments, service delivery and the changing police role. Integration of established scientific knowledge with practical police experiences in various areas of policing.

**CRIJ 4341 Correctional Casework and Counseling [3-0]**
Examines the role and techniques of casework in corrections with emphasis on the integration of casework and counseling responsibilities and procedures. Includes examination of therapeutic techniques and processes in various correctional settings and the study of service delivery programs tailored to the specific needs of correctional clients. Previous Course Number: CRIJ 4441; a student may receive credit in only one course.

**CRIJ 4343 Current Issues in Corrections [3-0]**
Analysis and evaluation of contemporary correctional systems; discussion of recent research concerning correctional institutions and various corrections field services. Emphasis is given to both administrative and treatment concerns in corrections.

**CRIJ 4361 Comparative Criminal Justice Systems [3-0]**
This is an upper-division course elective. The course’s primary goal is to introduce students to the idea of a world criminal justice system. Several countries will be selected each semester. A survey of the criminal justice systems (government, police, judiciary, laws, corrections and juvenile justice) will be conducted of each of the countries.

**CRIJ 4362 Special Topics in Criminal Justice [3-0]**
Designed to give advanced undergraduate students academic flexibility and the opportunity to study contemporary issues in crime and criminal justice.
CRIJ 4363  Independent Studies [3-0]
In Criminal Justice
Designed for advanced students who are capable of independent study and research to examine an issue or project of specific interest. Registration upon approval of the Chair of the Department of Criminal Justice and the professor directing the course.

CRIJ 4464  Field Internship Experience [4-0]
Three hours per week learning job interview techniques and résumé writing. Placement in a criminal justice agency or related experience for on-the-job training for a minimum of 120 hours. Evaluation of student and agency critiques, daily logs and a weekly meeting with the intern coordinator. Previous Course Number: CRIJ 4401; a student may receive credit in only one course.

CRIJ 4399  Criminal Justice System: Capstone
This course is intended to serve as a capstone course. It will give students the opportunity to complete a comprehensive overview of and demonstrate the ability to integrate, all facets of the criminal justice system in the United States: philosophy, history, and development of criminal justice institutions, functions, current controversial issues, and future trends. Prerequisites: CRIJ 1301, 1306, 2314, 2328, 3303, and 3304.

Computer Science

CSCI 1201  Introduction to Computer and Information Technology [2-0]
Fall, Spring, Summer
A computer literacy course to develop awareness of the expanding role of computer and information technology and to provide knowledge and skills related to personal and social uses of computers. Topics include applications of computers, societal and ethical issues involving computers, history, the Internet, packaged software, and hardware and software terminology. Assignments will be given to provide hands-on experience in personal software packages and information networks. Students with limited or no computer experience are advised to enroll in CSCI 1300.

CSCI 1300  Foundations of Modern Information Technology [3-0]
Fall, Spring, Summer
The course presents the foundations of computer and information technology related to its expanding role in communicating, solving problems, and acquiring information in all aspects of society. Knowledge and skills related to personal and professional uses of personal computers and information networks will be developed along with the critical thinking skills necessary to evaluate and learn new technologies as they become available. Topics include applications of computers, limitations and potentials of information technology, societal ethical issues involving computers, history, and hardware and software terminology. Assignments will be given to provide hands-on experience in personal software packages and information networks.

CSCI 1380  Computer Science I [3-0]
Fall, Spring, Summer
An introduction to computer science and computer programming. The fundamentals of a high-level programming language will be introduced. Methods of problem solving, techniques of algorithmic development and concepts of structured programming will be emphasized. Prerequisites: CSCI 1380 or equivalent experience and grade of “C” or better in MATH 1340 or MATH 1321.

CSCI 1381  Foundations of Computer Science [3-0]
Fall, Spring, Summer
A breadth-first examination of computer science that continues the introduction to the field of computer science first begun in CSCI 1380. Includes an introduction to the mathematical foundations of computing, computer architecture, binary representations, software engineering, social and ethical issues of a computerized society, and an overview of various computer science fields and topics. Prerequisite: CSCI 1380 or departmental permission.

CSCI 2320  Computer Programming in a Second Language [3-0]
As Scheduled
Computer programming in a high-level programming language such as Ada, Modula-2, Java, LISP and PROLOG. May also cover two different languages, such as both LISP and PROLOG. Designed for students who already know how to program in another high-level language. May be repeated when languages change. Prerequisite: CSCI 1380 or CSCI 2325 or consent of instructor.
CSCI 2325 Survey of Elementary Scientific Programming [3-0]
As Scheduled
An introduction to computer programming and problem solving in the Fortran language with special emphasis on problems from science and mathematics. Prerequisites: Concurrent enrollment in or grade of "C" or better in MATH 1340 or MATH 1321 and CSCI 1300 or equivalent experience.

CSCI 2330 C++ Programming [3-0]
As Scheduled
Introduction to the programming language C++, covering the syntax and semantics of the language. Application areas include linked structures, file structures, text handling and object-oriented technology. Primary emphasis is on the PC environment, with secondary emphasis on UNIX and other operating system environments. This course introduces C++ as a second programming language, and assumes that the student has already had exposure to at least one other programming language. Prerequisite: Consent of instructor.

CSCI 2333 Computer Organization and Assembly Language [3-0]
Fall, Spring
An introduction to computer organization, use of assembly language programming, basic instruction sets, arithmetic and logical operations, addressing modes and macro definition. Several computer programming projects are included. Prerequisite: CSCI 2380 or consent of instructor.

CSCI 2380 Computer Science II [3-0]
Fall, Spring
A second programming course includes problem solving by structured design; provides an introduction to elementary data structures, including linked lists, stacks, queues, trees and graphs, and advanced programming techniques, including recursion, sorting and searching. Prerequisites: CSCI 1380 and CSCI 1381 with a grade of "C" or better.

CSCI 3300 Internship in Computer Science [3-0]
This course is designed to give students an opportunity to gain practical experience in the computer science career field by working with a participating employing firm or organization. The student will be supervised by a faculty member acting as a liaison between the University and the employing organization to ensure compliance with specific learning and experience requirements. The employment can be either paid or unpaid, and normally would include practical experience spread over one academic term or summer. A maximum of 3 hours of credit from CSCI 3300 or CSCI 3390 can be used toward the computer science major. May be repeated once. Prerequisite: Upper-division standing, minimum 12 hours of computer science completed and approved by both the department and employer providing the practicum/internship experience.

CSCI 3326 Object Oriented Programming in Java
The Java programming language and environment will be introduced with an emphasis on object-oriented programming. Application areas will include Internet-based programming, applets, and HTML, and topics will include control structures, classes, methods, inheritance, Java libraries and packages. Objected-oriented aspects will include graphics, GUI, exception handling, multithreads, multimedia and networking. Prerequisites: CSCI 1380 or consent of the instructor.

CSCI 3327 Object Oriented Programming in Visual Basic
The Visual Basic programming language and environment will be introduced with an emphasis on window-based programming and the use of objects in Visual Basic. Topics will include control structures, graphical user interface concepts, classes, methods, inheritance and the Visual Basic interface and libraries. Prerequisites: CSCI 1380 or consent of instructor.

CSCI 3330 Introduction to Unix [3-0]
An introduction to the UNIX operating system and variations such as Linux. The course will provide instruction in the UNIX user interface, discuss at a high level internal components of UNIX, including threads, multitasking and resource handling. The course will emphasize shell programming in scripting languages such as Tcl/Tk and Perl, network applications including the World Wide Web, and commonly used UNIX utilities. Prerequisite: CSCI 2330.

CSCI 3333 Algorithms and Data Structures [3-0]
Fall, Spring
Continuation of data structures topics covered in CSCI 2380 along with advanced algorithms and algorithmic complexity. Topics covered include advanced searching and sorting algorithms, recursive algorithms, and implementations of structures and related algorithms.
pertaining to advanced trees (including 2-3, 2-3-4, red-black and B-trees), graphs and networks. **Prerequisite:** CSCI 2380.

**CSCI 3334 Systems Programming** [3-0]  
**Fall, Spring**  
An introduction to the organization and structure of the major hardware components of computers, the design of assemblers, linkers and loaders, and the fundamental concepts of operating systems. **Prerequisites:** CSCI 2333 and CSCI 2380.

**CSCI 3336 Organization of Programming Languages** [3-0]  
**As Scheduled**  
Introduction to the specification analysis and implementation of programming languages, including the runtime behavior, desirable features and limitations of various languages. **Prerequisites:** CSCI 2380 and programming experience in two high-level languages.

**CSCI 3340 Software Engineering** [3-0]  
**As Scheduled**  
A formal approach to the state-of-the-art techniques in software design and development. Provides the student with the opportunity to work on large projects in a group situation. **Prerequisite:** CSCI 2380.

**CSCI 3350 Numerical Methods** [3-0]  
**As Scheduled**  
This course includes interpolation, numerical integration, numerical solutions to differential equations and a study of numerical solutions to systems of equations. **Equivalent course:** MATH 3368; a student may receive credit in only one course. **Prerequisites:** MATH 1401; CSCI 1380 or CSCI 2325 or consent of the instructor.

**CSCI 3390 Practicum in Computer Science** [3-0]  
**As Scheduled**  
Practical experience in management of computer laboratories and administration of computer systems. Students will assist in the operation of computing facilities. Course will include a 1-hour seminar and 8 hours of practicum experience per week. May be taken once for credit toward computer science major or minor. A maximum of 3 hours of credit from CSCI 3300 or CSCI 3390 can be used toward the computer science major. May be repeated once. **Prerequisites:** Junior standing and 12 hours of computer science.

**CSCI 4333 Database Design and Implementation** [3-0]  
**As Scheduled**  
Study of logical (hierarchical, network, relational) and physical (sequential, indexed, relative) organization of databases. Database management systems and their features, querying databases, distributed databases and data compression. **Prerequisite:** CSCI 3333.

**CSCI 4334 Operating Systems** [3-0]  
**As Scheduled**  
Detailed study of operating system principles, including procedure activation, memory management, process management, resource allocation and protection. **Prerequisites:** CSCI 3333 and CSCI 3334.

**CSCI 4335 Computer Architecture** [3-0]  
**As Scheduled**  
Computer organization and architecture of computer systems, basic logic design, coding and microprogramming. **Prerequisites:** CSCI 2333 and CSCI 3333.

**CSCI 4341 Topics in Computer Science** [3-0]  
**As Scheduled**  
Topics or problems in Computer Science; subject matter changes from semester to semester. May be repeated for credit as topic varies. **Prerequisite:** Consent of instructor.

**CSCI 4345 Computer Networks** [3-0]  
**As Scheduled**  
An introduction to data communication topics, including data transmission, encoding, data link control, switching, network topologies, protocols, internetworking and data security. Examples of existing networks and network architectures are studied. **Prerequisite:** CSCI 4334, CSCI 4335 or consent of instructor.

**CSCI 4350 Artificial Intelligence** [3-0]  
**As Scheduled**  
Study of intelligent machines and machine learning. Includes problem solving and heuristic search, natural language understanding, game playing, database and expert systems. Artificial Intelligence projects will be implemented using an AI language such as LISP, Prolog, C++ or Ada. **Prerequisite:** CSCI 3333.
CSCI 4360 Computer Graphics and Interactive Systems [3-0]

As Scheduled
A study of the representation and display of graphical information including the design and analysis of interactive systems. Prerequisite: CSCI 3333 or consent of instructor.

CSCI 4390 Senior Project

As Scheduled
Students will construct a software product, following it through the stages from initial specification to the final completed project, including user manual. Prerequisites: CSCI 3340 and consent of instructor.

Dance

DANC 1201 Dance Improvisation
Exploration of dance elements and design through creative problem solving and guided experiences. Must be registered concurrently in any dance technique course.

DANC 2110 Tap Dance I
Introduction to tap dance technique and styles. Prerequisite: Permission of instructor. May be repeated for credit.

DANC 2112 Dance Performance: Beginning/Intermediate
Introduction to dance performance participation and techniques. Must be registered concurrently in any dance technique course. Prerequisite: Instructor permission. May be repeated for credit.

DANC 2120 Jazz Dance I
Introduction to jazz dance technique and styles. Prerequisite: Permission of instructor. May be repeated for credit.

DANC 2130 Dance Technique: Special Topics I
Intensive study in dance technique; study with guest artists. Prerequisite: Instructor permission. May be repeated for credit as topics change.

DANC 2144 Ballet Technique: Pointe I
Instruction in Pointe technique. Prerequisite: Grade of B or better in DANC 2241 or 2242 or permission of instructor. May be repeated for credit.

DANC 2203 Music for Dancers
Introduction to musical elements as they relate to dance technique, performance, and instruction. Musical forms, historical periods, and composers.

DANC 2241 Ballet I: Primary Technique
Study of fundamentals of ballet technique for primary technique area. Prerequisite: Permission of Instructor. May be repeated for credit.

DANC 2242 Ballet I: Secondary Technique
Study of fundamentals of ballet technique for secondary technique area. Prerequisite: Permission of Instructor. May be repeated for credit.

DANC 2245 Modern Dance I: Primary Technique
Study of fundamentals of modern dance technique for primary technique area. Prerequisite: Permission of Instructor. May be repeated for credit.

DANC 2246 Modern Dance I: Secondary Technique
Study of fundamentals of Modern technique for secondary technique area. Prerequisite: Permission of Instructor. May be repeated for credit.

DANC 2249 Mexican Dance I: Primary Technique
Study of fundamentals of Mexican dance technique for primary technique area. Prerequisite: Permission of Instructor. May be repeated for credit.

DANC 2250 Mexican Dance I: Secondary Technique
Study of fundamentals of Mexican dance technique for secondary technique area. Prerequisite: Permission of Instructor. May be repeated for credit.

DANC 2253 Spanish Dance I: Primary Technique
Study of fundamentals of Spanish dance technique for primary technique area. Prerequisite: Permission of Instructor. May be repeated for credit.

DANC 2254 Spanish Dance I: Secondary Technique
Study of fundamentals of Spanish dance technique for secondary technique area. Prerequisite: Permission of Instructor. May be repeated for credit.

DANC 2323 Dance Appreciation [3-0]

As Scheduled
An introduction to theatrical dance, including ballet, modern dance, post-modern dance and Spanish dance. How to understand and enjoy dance, an appreciation and understanding of Western dance performance.
forms. (Fulfills General Education Requirements for Fine Arts; see page 91-93 for details.)

DANC 3110  Tap Dance II
Continuation of DANC 2110. Prerequisite: Grade of B or better in DANC 2110 or permission of instructor. May be repeated for credit.

DANC 3112  Dance Performance: Intermediate/Advanced
Intermediate/advanced dance performance techniques. Must be registered concurrently in any dance technique course. Prerequisite: Instructor permission. May be repeated for credit.

DANC 3120  Jazz Dance II
Continuation of DANC 2120. Prerequisite: Grade of B or better in DANC 2120 or permission of instructor. May be repeated for credit.

DANC 3130  Dance Technique: Special Topics II
Intensive study in advanced dance technique; study with guest artists. Prerequisite: Instructor permission. May be repeated for credit as topics change.

DANC 3143  Ballet Technique: Variations
Focus on ballet repertory, including classical variations and contemporary styles and dance works. Prerequisite: Grade of B or better in DANC 2241 or 2242 or permission of instructor. May be repeated for credit as repertory changes.

DANC 3144  Ballet Technique: Pointe II
Instruction in advanced Pointe technique. Prerequisite: Grade of B or better in DANC 2144 or permission of instructor. May be repeated for credit.

DANC 3202  Choreography I
Investigation of compositional structures, motif, and motif development, space, dynamics, and rhythm as choreographic tools in dance making, leading to production of original dance work for formal/informal presentation. Prerequisite: DANC 1201.

DANC 3241  Ballet II: Primary Technique
Continuing study of fundamentals of ballet technique for primary technique area. Prerequisite: Grade of B or better in DANC 2241 or permission of instructor. May be repeated for credit.

DANC 3242  Ballet II: Secondary Technique
Continuing study of fundamentals of ballet technique for secondary technique area. Prerequisite: Grade of B or better in DANC 2242 or permission of instructor. May be repeated for credit.

DANC 3245  Modern Dance II: Primary Technique
Continuing study of fundamentals of modern dance technique for primary technique area. Prerequisite: Grade of B or better in DANC 2245 or permission of instructor. May be repeated for credit.

DANC 3246  Modern Dance II: Secondary Technique
Continuing study of fundamentals of modern dance technique for secondary technique area. Prerequisite: Grade of B or better in DANC 2246 or permission of instructor. May be repeated for credit.

DANC 3249  Mexican Dance II: Primary Technique
Continuing study of fundamentals of Mexican dance technique for primary technique area. Prerequisite: Grade of B or better in DANC 2249 or permission of instructor. May be repeated for credit.

DANC 3250  Mexican Dance II: Secondary Technique
Continuing study of fundamentals of Mexican dance technique for secondary technique area. Prerequisite: Grade of B or better in DANC 2250 or permission of instructor. May be repeated for credit.

DANC 3253  Spanish Dance II: Primary Technique
Continuing study of fundamentals of Spanish dance technique for primary technique area. Prerequisite: Grade of B or better in DANC 2253 or permission of instructor. May be repeated for credit.

DANC 3254  Spanish Dance II: Secondary Technique
Continuing study of fundamentals of Spanish dance technique for secondary technique area. Prerequisite: Grade of B or better in DANC 2254 or permission of instructor. May be repeated for credit.

DANC 3309  Dance History I
Introduction to history of dance as an art form; examination of the role of dance in early world cultures and the evolution of dance forms through the 1800s, viewed in their cultural and societal contexts.

DANC 3310  Dance History II
Continuing study of evolution of dance forms, viewed in their cultural and societal contexts from the 1800s to the present. Prerequisite: DANC 3309.
DANC 3311 Dance Production
Theory and practice of technical production for dance, including lighting design, costume design and construction, set design, sound and props.

DANC 3312 Dance Philosophy and Criticism
Orientation to historical and contemporary dance philosophies; critical analysis of choreography and dance performance. Prerequisite: DANC 3310.

DANC 3313 World Dance
Inquiry into dance forms and cultural contexts in diverse world cultures. Prerequisite: DANC 3310.

DANC 3320 Dance Science
Fundamentals of physiology, kinesiology, biomechanics, physical conditioning, and injury prevention as they apply to dance techniques and training. Prerequisite: BIOL 2403 and BIOL 2404.

DANC 4102 Senior Project
The production of senior choreographic work or research project for formal presentation. Prerequisite: Instructor permission and DANC 4202.

DANC 4202 Choreography II
Study of space use, group design, and emotional content in dance making, leading to the production of original dance work for formal/informal presentation. Prerequisite: DANC 3202.

DANC 4241 Ballet III: Primary Technique
Continuing study of ballet technique with a strong emphasis on performing skills and styles for primary technique area. Prerequisite: Grade of B or better in DANC 3241 or permission of instructor. May be repeated for credit.

DANC 4242 Ballet III: Secondary Technique
Continuing study of ballet technique with a strong emphasis on performing skills and styles for secondary technique area. Prerequisite: Grade of B or better in DANC 3242 or permission of instructor. May be repeated for credit.

DANC 4245 Modern Dance III: Primary Technique
Continuing study of modern dance technique with a strong emphasis on performing skills and styles for primary technique area. Prerequisite: Grade of B or better in DANC 3245 or permission of instructor. May be repeated for credit.

DANC 4246 Modern Dance III: Secondary Technique
Continuing study of modern dance technique with a strong emphasis on performing skills and styles for secondary technique area. Prerequisite: Grade of B or better in DANC 3246 or permission of instructor. May be repeated for credit.

DANC 4249 Mexican Dance III: Primary Technique
Continuing study of Mexican dance technique with a strong emphasis on performing skills and styles for primary technique area. Prerequisite: Grade of B or better in DANC 3249 or permission of instructor. May be repeated for credit.

DANC 4250 Mexican Dance II: Secondary Technique
Continuing study of Mexican dance technique with a strong emphasis on performing skills and styles for primary technique area. Prerequisite: Grade of B or better in DANC 3250 or permission of instructor. May be repeated for credit.

DANC 4253 Spanish Dance III: Primary Technique
Continuing study of Spanish dance technique with a strong emphasis on performing skills and styles for primary technique area. Prerequisite: Grade of B or better in DANC 3253 or permission of instructor. May be repeated for credit.

DANC 4254 Spanish Dance III: Secondary Technique
Continuing study of Spanish dance technique with a strong emphasis on performing skills and styles for primary technique area. Prerequisite: Grade of B or better in DANC 3254 or permission of instructor. May be repeated for credit.

DANC 4310 Dance Theory: Ballet, Modern, Jazz
Technical and aesthetic theories and practices related to the training of dancers in ballet, jazz dance, and modern dance idioms. Prerequisite: Credit for any 3000 level technique class.

DANC 4311 Dance Theory: Folk
Exploration of theories and practice in folk dances as they relate to diverse world cultures. Prerequisite: Credit for any 3000 level technique class.

DANC 4312 Dance Theory: Children’s Dance
Technical and aesthetic theories and practices related to fashioning developmentally appropriate dance experiences for children. Prerequisite: Credit for any 3000 level technique class.
**Dietetics**

**DIET 2351 Introduction to Clinical Nutrition [3]**
*Fall, Spring, Summer I*
Basic principles of human nutrition with emphasis on the nutrients and factors that affect their utilization in the human body; nutritional requirements of the body at all age levels; modern concept of an adequate diet; cultural influences on food selection; principles of diet modification and its importance in the treatment of disease.

**DIET 2352 Food Preparation [2-3]**
*Spring*
Application of scientific principles in food selection and preparation (conventional and microwave cooking). Consideration is given to the composition and properties of food, nutritional value, desirability standards, simple menu service and food economics.

**DIET 3353 Advanced Nutrition [3-0]**
*Fall*
Study of biological, physiological, sociological and environmental aspects of nutrition science. Controversial issues in nutrition are examined. *Prerequisites*: CHEM 3403 or concurrent enrollment, HRP 2351, BIOL 2403 and admission to the Coordinated Program in Dietetics.

**DIET 3354 Food Systems Management [3-0]**
*Spring*
Organization and management of a food service system and basic operational subsystems (procurement, inventory, production, distribution, sanitation and fiscal control). *Prerequisites*: DIET 3452, DIET 3353 and DIET 3356.

**DIET 3356 Experimental Foods [2-3]**
*Fall*
Investigation of chemical, physical and nutritional properties of foods and additives during food preparation. Study of food modifications necessary for diet therapy; consideration of cultural preferences. *Prerequisites*: DIET 2352, CHEM 2302 and admission to the Coordinated Program in Dietetics.

**DIET 3357 Medical Nutrition Therapy [3-0]**
*Fall*
Introduction to the concepts of providing nutritional care to individuals. Topics include nutritional assessment procedures (anthropometrics, biochemical, clinical and dietary) nutrition care plan, medical records including problem-oriented medical record, basic principles of interviewing and counseling, diabetic and renal calculations, total parenteral nutrition (TPN) and tube feeding methods, and use of computers for dietary analysis of intakes. *Prerequisites*: DIET 3452, DIET 3353 and DIET 3356.

**DIET 3452 Quantity Foods Production [3-0-6]**
*Fall*
Principles and methods of buying, preparing and serving foods for various types of quantity food facilities are considered. Standardization of recipes and cost controls. Use and care of institutional equipment. Safety and sanitation. 8 hours clinical experience per week. *Prerequisites*: DIET 2352, BIOL 2401, concurrent enrollment in DIET 3353 and DIET 3356, and admission to the Coordinated Program in Dietetics.

**DIET 3655 Food Systems Management Practicum [0-18]**
*Spring*
Selected problems and clinical experiences directly correlated to DIET 3354. 18 hours clinical experience per week. *Prerequisites*: DIET 3452, DIET 3353 and DIET 3356, each with a minimum grade of “C,” and concurrent enrollment in DIET 3354.

**DIET 4257 Seminar in Dietetics [2-0]**
*Spring*
The study of principles of research and research design. Introduction, interpretation, and evaluation of dietetics-related professional literature. Study of planning techniques and instructional strategies for professional presentations. Students are provided preliminary directions in the development of a research proposal.

**DIET 4358 Communication Skills in Dietetics [3-0]**
*Fall*
Study of the major components of communication, interviewing, counseling, behavior modification, group
process, delivery of oral presentations and workshops, learning and motivation. Prerequisites: DIET 3354, DIET 3655, DIET 3357 and DIET 4351.

**DIET 4259 Community and Life Cycle Nutrition [2-0]**

*Spring*
Study of community assessment planning, education and implementation of community programs. Also includes the study of physiological changes and nutritional requirements in infancy, childhood, adolescence and adulthood (including the elderly). Prerequisites: DIET 4258 and DIET 4852, and concurrent enrollment in DIET 4455.

**DIET 3358 Medical Nutrition Therapy II [3-0]**

*Spring*
Pathophysiological effect of disease on humans and rationale for diet therapy. Development of ability to translate dietary prescription into meal plans that will satisfy nutritional, emotional and cultural needs of people. Prerequisites: DIET 3354, DIET 3655 and DIET 3357.

**DIET 4455 Community Nutrition Practicum [0-0-12]**

*Spring*
Survey of major problems arising from food habits of population groups, including the study of the Mexican-American culture. Techniques for teaching effective nutrition to groups. Clinical experience includes observation and participation with selected community agencies and schools. 16 hours clinical experience per week for 11 weeks. Prerequisites: DIET 4852 and DIET 4351, and concurrent enrollment in DIET 4259.

**DIET 4456 General Dietetics Practicum [0-0-9]**

*Spring*
Integration of nutritional care and dietetic service into various systems of health care, food systems management or clinical nutrition. Under close supervision, students will assume the role of the generalist dietitian. 32 hours clinical experience per week for four weeks. Prerequisites: DIET 4258 and DIET 4852.

**DIET 4852 Clinical Nutrition Practicum [0-24]**

*Fall*
An introduction to the role of the clinical dietitian in the healthcare environment. Selected problems and clinical experiences directly correlated to DIET 4351. 24 hours clinical experience per week. Prerequisites: DIET 3354, DIET 3655.

**Economics**

**ECON 1301 Introduction to Economics [3-0]**
(Texas Common Course Number is ECON 1301.)

*As Scheduled*
Economics for students who have active interests in fields other than business administration or economics. Primary emphasis is given to the study of man in relation to his economic environment. Students will have the opportunity to gain an understanding of the capitalist system.

**ECON 1387 Introduction to Economics (Honors Plan) [3-0]**

*As Scheduled*
The principles of economics are studied with primary emphasis on man in relation to his economic environment. Students will have the opportunity to gain knowledge of the purpose, functions and results of a market system, as well as an understanding of current economic problems. Credit Restriction: Credit may be received in only one of ECO 1301 or ECO 1387. Prerequisites: MATH 1334 or satisfactory ACT placement, admission to Honors Studies or by invitation.

**ECON 2301 Principles of Economics I [3-0]**
(Texas Common Course Number is ECON 2301.)

*As Scheduled*
This course provides an introduction to the basic macroeconomic concepts of aggregate supply and aggregate demand, as well as income determination. Topics covered include money and banking, unemployment, inflation, international economics and comparative economic systems.

**ECON 2302 Principles of Economics II [3-0]**
(Texas Common Course Number is ECON 2302.)

*As Scheduled*
This course studies the basic microeconomic concepts of consumer demand and firm supply and provides an analysis of factor markets and market structures. Topics covered include problems of resource allocation and economic efficiency in the market economy.

**ECON 3300 Internship in Economics [3-0]**

*As Scheduled*
This course is designed to give students an opportunity to gain real world experience in their chosen career field by working with a participating employing firm or organization. The students will be supervised by a
ECON 3336 The Political Economy of Mexico [3-0]
As Scheduled
This course surveys the growth of the Mexican economy, its institutions and problems. Emphasis is placed on the relative roles of government and private enterprise in the development process. Prerequisites: ECO 2301 and ECO 2302.

ECON 3341 Econometrics
This course studies standards regression procedures of parameter estimation hypothesis testing in economics. This course covers basic probability concepts, the linear regression model, the properties of the least squares estimators, hypothesis testing, functional form, heteroskedasticity, autocorrelation, and the basics of panel data estimation and simultaneous equation. Prerequisite: ECON 2301, ECON 2302, and MATH 1322 or QUMT 2340.

ECON 3342 Business and Economics Forecasting
This course studies forecasting techniques as they apply to finance and economics. The course graphical analysis, modeling and forecasting trends, seasonality adjustment, stationarity, MA, AR, ARMA, ARIMA, unit roots, forecasting with regression models, and forecast evaluation. Prerequisite: ECON 2301, ECON 2302, and MATH 1322 or QUMT 2340.

ECON 3351 Macroeconomic Theory [3-0]
As Scheduled
This course provides an analysis of the construction, character and operational uses of the macroeconomic models of classical, Keynesian, monetarist and Neo-Classical schools. Applications of the foregoing models to problems of inflation, unemployment, interest rates and investment in the United States economy are emphasized. Prerequisites: ECO 2301 and ECO 2302.

ECON 3352 Microeconomic Theory [3-0]
As Scheduled
This course provides an in-depth study of the theory of consumer demand and the theory of the firm. Supply and demand analysis, distribution theory and imperfect competition models are also covered. Prerequisites: ECO 2301 and ECO 2302.

ECON 3353 International Trade [3-0]
As Scheduled
The mechanism of international trade and its effects on a national economy are studied in this course. Particular emphasis is placed on the study of foreign investments, cartels, international output and price controls. Prerequisites: ECO 2301 and ECO 2302.

ECON 3355 Economic Development [3-0]
As Scheduled
This course is designed to provide students with contemporary concepts, analytical approaches, policies, and practices that foster the technology-based economic development of regional and local economies. The course provides evidence on how factors such as knowledge, place, time, capital, institutional relationships, learning, and policy promote technology-based economic development. Worldwide and regional comparative perspectives and alternative strategies are also examined in the course. Prerequisites: 3 hours of economics and junior standing.

ECON 3356 Business Enterprise and Public Policy [3-0]
As Scheduled
The purpose of this course is to study the nature, scope and effects on the business community of governmental involvement and regulation. Emphasis is placed on the impact of federal legislation as it pertains to antitrust enforcement and the maintenance of competition, the regulation of public utilities and interregional transport, agricultural adjustment, labor relations and public ownership. This course is designed to give a broad understanding of the many ways in which business and economic life are shaped and influenced by government.

ECON 3357 Economics of Poverty [3-0]
As Scheduled
The causes and social consequences of poverty, as well as the natures and effectiveness of income transfer programs, are studied in this course; it also includes topics such as welfare reform, Social Security, pension plans, Medicare, national health and negative income tax programs. Prerequisites: ECO 2301 and ECO 2302.
ECON 3358 Labor Economics [3-0]
As Scheduled
This course provides an in-depth analysis of labor market structures and processes, patterns and determinants of work and wages, labor force participation, unemployment, discrimination and human capital. Prerequisites: ECO 2301 and ECO 2302.

ECON 3359 Family and the Small Business [3-0]
As Scheduled
This course studies the family business employing systems theory, culture and the stages of evolution. Issues such as individual development, management of family structure, conflicts and relationships are explored. Other topics include organizational issues (such as succession and estate planning) and formalizing the firm. Students will be required to undertake a field project where they will report, via a group seminar to the class, on an existing family small business.

ECON 3360 Managerial Economics [3-0]
This course applies economic reasoning to entrepreneurial decision-making. The course covers topics such as personnel economics, production theory, pricing policies and investment planning. Prerequisites: ACC 2421, MANA 3361 and 3 hours of Economics.

ECON 4359 History of Economic Thought [3-0]
As Scheduled
This course provides a survey of the entire field of economics. Pre-scientific, classical and contemporary works will be studied to offer knowledge of the development of economic theory and view of current direction and scope. Prerequisites: ECO 2301 and ECO 2302.

ECON 4361 Studies in Economics [3-0]
As Scheduled
A special topic selected by the instructor will be assigned. Total course content will be established a priori. This course will have variable content and may be repeated for credit with consent of instructor. Prerequisites: ECO 2301 and ECO 2302.

ECON 4362 Global Entrepreneurship [3-0]
As Scheduled
This course will provide students with a global entrepreneurship experience. It will feature the study of successful entrepreneurs from around the world and will entail the art of doing business in different countries. A focal point of the course will be to learn how to evaluate global opportunities for new ventures and how to gather resources to take advantage of these opportunities. The student will be required to complete a project where he or she will contrast local, national and global strategies for business development. Prerequisites: ECO 2301 and ECO 2302, except for non-business majors who need ECO 1301, ACC 2401, and MANA 3361.

Education

ED 3350 Information Technology [3-0]
Fall, Spring, Summer
Operational skills in computer applications to educational word processing, database, worksheet, desktop publishing, testing, graphics and communication. Emphasis will be given to a critical review of methodology for instruction and management of instruction. Prerequisite: CSCI 1300 or consent of instructor.

ED 4313 Directed Teaching - Generic Special Education
Fall, Spring
Course consists of observation, limited participation in teaching, then full teaching responsibility in a public school (TEA-accredited) special education classroom to which the student is assigned. This work is done under the guidance of the teacher of the class to which the student is assigned and the supervision of a college professor who makes periodic observations and evaluations of the student’s progress. Seminars and individual conferences are required. Students are assigned to the public school classroom for a minimum number of hours as mandated by TEA. The number of hours per day and the number of days per week are regulated by TEA, UTPA Student Teaching Manual and local school districts. Prerequisites: Approval of UTPA Teacher Education Committee. For additional prerequisites, refer to Directed Student Teaching Requirements for Generic Special Education.
**Alternative Certification Program**

**EDAC 4320 Internship**  
As Scheduled  
Will consist of on-site supervision. Seminars will meet weekly during the semester and for a minimum of 12 hours. This course is required to meet elementary and secondary requirements for teacher certification. May not be substituted for Student Teaching. Prerequisites: Baccalaureate degree and acceptance into the UT Pan American Alternative Certification Program.

**EDAC 4321 Internship**  
As Scheduled  
Will consist of on-site supervision. Seminars will meet weekly during the semester and for a minimum of 12 hours. This course is required to meet elementary and secondary requirements for teacher certification. May not be substituted for Student Teaching. Prerequisites: Baccalaureate degree and acceptance into the UT Pan American Alternative Certification Program.

**EDAC 4340 Introduction to the Teaching Profession**  
Fall, Spring, Summer  
This course, designed for both elementary and secondary Alternative Certification candidates, will orient students to the teaching profession, the lesson cycle, the teaching process and real-life requirements of teaching in a modern public school. Following instruction in observation skills, students will spend 45 clock hours, including three full consecutive days, in a public school setting where they will have the opportunity to prepare lessons and teach them in small and large group settings. ACP students will be evaluated in both the University and public school setting.

**EDAC 4342 Introduction to Early Childhood Education**  
As Scheduled  
Teachers of young children (birth to age 8) must understand how children develop socially, emotionally, physically and cognitively so that they can plan developmentally appropriate experiences for each child. The major purpose of this course is to present current theories, knowledge and research about children that underlie decision-making in early childhood programs. A second purpose is to illustrate how theories and research findings evolve into curriculum organization, teaching strategies and activities that are developmentally appropriate for young children.

**EDAC 4343 The Process of Reading**  
As Scheduled  
The reading process and its correlates as they pertain to emergent literacy through the acquisition of comprehension processes; focus on the directed reading process for grades PK through 4; connections among the processes of language, writing and reading; basic diagnosis techniques and assessment procedures as they relate to the reading/writing process.

**EDAC 4344 First and Second Language Acquisition: Theory and Methodology**  
As Scheduled  
A study of the teaching-learning process in a dual language classroom, focusing on research and methodology of first and second language acquisition by the elementary and secondary Hispanic student.

**EDAC 4345 Theory and Methodology of Instruction Planning in the Elementary Schools**  
As Scheduled  
This course will present principles of curriculum organization and planning based on learner needs. Students will design instruction to enable elementary students to achieve educational goals and objectives. Implementation of the lesson cycle with utilization of instructional media will be stressed. The scope, sequence and materials for teaching the elementary school curriculum will be studied. The course will include basic principles and procedures of instruction and classroom management, with emphasis on discipline and effective teaching strategies. Skills needed to meet the requirements of the Texas Teacher Appraisal System will also be addressed. Microteaching with appropriate instructional media and technology for the elementary learner will be included.

**EDAC 4348 Instructional Planning Methodology and Classroom Management in the Secondary Schools**  
As Scheduled  
This course focuses on the practical application of Texas curriculum requirements incorporating the lesson cycle for planning, implementing and
evaluating the teaching-learning process in secondary schools within legal and ethical guidelines. It includes basic principles and procedures of instruction and classroom management, with emphasis on discipline and effective teaching strategies. Skills needed to meet the requirements of the Texas Teacher Appraisal System will also be addressed. Microteaching with appropriate instructional media and technology for the secondary learner will be included.

**EDAC 4620, 4621 Internship** [6-0-30]
*As Scheduled*
Internship will consist of on-site supervision. Seminars will meet weekly during the fall semester and for a minimum of 12 hours during the spring semester. Courses are designed to meet elementary or secondary requirements for teacher certification. May not be substituted for student teaching. **Prerequisites:** Baccalaureate degree and acceptance into the UT Pan American Alternative Certification Program.

## Bilingual Education

**EDBE 3315 The Bilingual Curriculum in the Content Areas** [3-0-2]
*Fall, Spring (and Summer for endorsement only)*
This is a course in which the learner-centered curriculum for the content area will be studied, focusing on the Texas Essential Knowledge and Skills (TEKS) of science, mathematics, social studies and health in a dual language classroom. (Field-Based Approved Course.)

**EDBE 3316 The Development of Biliteracy** [3-0-2]
*Fall, Spring (and Summer for endorsement only)*
This course will examine the transfer of Spanish literacy to English literacy. The course will also emphasize the current perspective of the social nature of the biliteracy process in order to provide relevant and meaningful learning experiences for all learners. (Field-Based Approved Course.)

**EDBE 3322 Foundations of Bilingual Education** [3-0-11/2]
*Fall, Spring, Summer*
The study of cultural, psychological, socioeconomic, linguistic, cognitive and curricular factors affecting the academic achievement of bilingual students. This course also will investigate the philosophical, legal and sociological aspects of bilingual education in the American public school system. National, state and local guidelines designed to meet the needs of multilingual and multicultural student populations will be reviewed.

**EDBE 3324 English as a Second Language** [3-0-2]
*Fall, Spring, Summer*
The rationale, theories, goals and practical applications of a comprehensive learner-centered ESL curriculum will be studied. The integration of a learner-centered ESL curriculum in biliteracy development will also be examined as an integral component of a bilingual education program.

**EDBE 4304 The Development of Bilingualism** [3-0-2]
*Fall, Spring (and Summer for endorsement only)*
This course is designed to investigate the nature of dual language development in a bilingual setting, beginning with early childhood through the sixth grade. Special emphasis is placed on first and second language development and transference of skills and concepts resulting in balanced bilingualism. (Field-Based Approved Course.)

## Curriculum and Instruction

**EDCI 3305 Foundations of Multicultural Education** [3-0-2]
*Fall, Spring*
A review of the concept of culture, its components and dimensions, and its implications for the education of students in a multicultural society. Consideration will be given to the value and importance of cultural pluralism as reflected in a multicultural world. These concepts will be integrated into instructional strategies and curriculum that will enable the teacher to respond appropriately to diverse groups of learners. (Field-Based Approved Course.)

**EDCI 4301 Foundations of Education** [3-0-11/2]
*Fall, Spring, Summer*
This course is designed for the student who is preparing to teach in middle school or secondary school. Students
will investigate the teaching profession as it relates to social, political and economic forces in a global society. The historical and philosophical systems that have influenced and shaped the current state of schools will also be studied. Research, issues and trends in these areas with regard to middle schools and high schools will be examined through classroom instruction, print and non-print resources, online news services, and field-based experiences (e.g., attendance at school board meetings, professional teachers’ association meetings, interviews with educators, interviews with persons of diverse educational backgrounds). These field-based experiences will be examined critically in seminars, larger group discussions, through the writing of reaction papers and through investigating case studies. The importance of professional ethics and personal integrity will be examined, and each student will be expected to write a statement of his or her philosophy of education as a course completion requirement. For secondary education students only.

**EDCI 4302** Educational Psychology  
*Fall, Spring, Summer*  
This course will present principles of curriculum organization, planning and technology applications that provide relevant and meaningful learning experiences for all students. The infusion of instructional technology across content areas will be emphasized.

**EDCI 4305** Instructional Technology and Curriculum Development  
*Fall*  
This course focuses on instructional methods that emphasize practical applications of a learner-centered curriculum and classroom organization and management. Teaching strategies for delivering learner-centered instruction will be stressed. (Field-Based Approved Course.)

**EDCI 4307 Secondary Curriculum: Internship I**  
*Fall, Spring, Summer*  
This course is designed for students preparing to teach in middle and secondary schools. In this course, the prospective teacher will identify needs and will plan, implement and assess instruction using technology and other resources. Ability to demonstrate lessons in the content area utilizing appropriate technology will be stressed. The course will be conducted, with EDCI 4308, for one-half day, primarily at school and technology center sites. EDCI 4307 MUST be taken as part of a block with EDCI 4308 with the exception of All-Level Certification students. *Prerequisites:* EDCI 4301 and EDCI 4302.

**EDCI 4308 Advanced Secondary Curriculum: Internship I**  
*Fall, Spring, Summer*  
This course is designed for students preparing to teach in middle schools and secondary schools. In this course, the prospective teacher examines and models teaching/learning styles that place the learner at the center of instruction. Integration of other disciplines, the learners’ interests and technological resources will be stressed in considering central themes of subject matter from many different cultural and intellectual viewpoints. Strategies for classroom management will be examined. The course will be conducted, with EDCI 4307, for one-half day, primarily at school and technology center sites. EDCI 4308 MUST be taken as part of a block with EDCI 4307. *Prerequisites:* EDCI 4301 and EDCI 4302.

**EDCI 4310 Directed Teaching — ESL: Internship II**  
*Fall, Spring*  
(Student must also be enrolled in EDCI 4311-Elementary or EDCI 4398-Secondary.)  
This course must be taken by all undergraduate student teachers working toward an English as a Second Language endorsement for teaching in ESL language programs. Course requires observation and teaching experiences in a public school ESL classroom for one-half day, Monday through Friday, for half a semester. This work is done under the direction of a fully certified teacher of the class to which the student is assigned. Periodic observations and evaluations will be done by
the course instructor. Weekly seminars and individual conferences are a required part of the course. 

**Prerequisite:** Approval by the UT Pan American Teacher Education Committee. **Elementary prerequisites:** EDCI 3305 and EDCI 4306. **Secondary prerequisites:** EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308 and READ 4351.

**EDCI 4311 Directed Teaching — Elementary: Internship II**

**[3-0-15]**

*Fall, Spring*

Course consists of observation, limited participation in teaching, then full teaching responsibility in an elementary public school (TEA-accredited) classroom to which the student is assigned. This work is done under the guidance of the teacher of the class to which the student is assigned and the supervision of a college professor who makes periodic observations and evaluations of the student’s progress. Seminars and individual conferences are required. Students are assigned to the public school classroom for a minimum number of hours as dictated by TEA. The number of hours per day and the number of days per week are regulated by TEA, UT Pan American Student Teaching Manual and local school districts. **Prerequisites:** Meet requirements for student teaching and approval of UT Pan American Teacher Education Committee.

**EDCI 4312 Directed Teaching — Early Childhood: Internship II**

**[3-0-15]**

*Fall, Spring*

Course consists of observation, limited participation in teaching, then full teaching responsibility in an elementary public school (TEA-accredited) pre-kindergarten or kindergarten classroom to which the student is assigned. This work is done under the guidance of the teacher of the class to which the student is assigned and the supervision of a college professor who makes periodic observations and evaluations of the student’s progress. Seminars and individual conferences are required. Students are assigned to the public school classroom for a minimum number of hours as dictated by TEA, UT Pan American Student Teaching Manual and local school districts. **Prerequisites:** Meet requirements for student teaching and approval of UT Pan American Teacher Education Committee.

**EDCI 4316 Principles of Teaching Workshop for Elementary/Secondary Teachers Advanced**

**[3-0]**

*As Scheduled*

A workshop course designed for the person entering the teaching profession to study classroom management and to give the student the opportunity to develop instructional skills needed in the area of the instructional assignment. **Prerequisite:** Special permission must be given to each participant before enrollment in the course.

**EDCI 4318 Special Topics in Secondary Education**

**As Scheduled**

An elective course for Secondary Certification candidates. Topics vary. Will be used primarily as a substitute for the 6-hour student teaching course for students on emergency degree plans. Can be repeated for credit. **Prerequisite:** EDCI 4302 or consent of instructor.

**EDCI 4398 Secondary Special Education/English as a Secondary Language Internship II**

*Fall, Spring*

This course gives secondary students experience in responsible teaching at the secondary level under the guidance of public school supervising teachers (mentors) and University supervisors (mentors). The course is designed primarily for secondary students who have a special education minor or who are seeking an ESL endorsement. **Prerequisites:** EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308, READ 4351 and approval of UT Pan American Teacher Education Committee.

**EDCI 4399 Secondary All-Level Internship II**

**[3-0-20]**

*Fall, Spring*

This course is designed for students in kinesiology, art or music who need both elementary and secondary grade level placement plus an additional teaching field certification. The course requires classroom observations, classroom instruction, assumption of professional duties and attendance at University seminars. The intern will be placed in a state-accredited school under the guidance of an experienced classroom teacher (mentor) and a University supervisor (mentor). **Prerequisites:** EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308, READ 4351 and approval of UT Pan American Teacher Education Committee.

**EDCI 4611 Directed Teaching — Elementary Internship II**

**[3-0-30]**

*Fall, Spring*

Course consists of observation, limited participation in teaching, then full teaching responsibility in an elementary public school (TEA-accredited) classroom
to which the student is assigned. This work is done under the guidance of the teacher of the class to which the student is assigned and the supervision of a college professor who makes periodic observations and evaluations of the student’s progress. Seminars and individual conferences are required. Students are assigned to the public classroom for a minimum number of hours as dictated by TEA. The number of hours per day and the number of days per week are regulated by TEA, UT Pan American Student Teaching Manual and local school districts. Prerequisites: EDCI 4305 and EDCI 4306 and approval of UT Pan American Teacher Education Committee.

EDCI 4641 Secondary Internship II [3-0-30]
Fall, Spring
Internship for all options. One 36-hour teaching field, two 24-hour teaching fields or one 48-hour teaching field in approved subject would require a 12-week program which includes instruction on the University campus and full day internship in an approved school with weekly seminars that re-emphasize previous course content and its application to the classroom. Prerequisites: EDCI 4301, EDCI 4302, EDCI 4307 and EDCI 4308 and approval of UT Pan American Teacher Education Committee.

EDCI 4699 Internship-All Levels [3-0-30]
Fall, Spring
This course is designed for students in kinesiology, art or music who need both elementary and secondary grade-level placement plus an additional teaching field certification. Course requires classroom observations, classroom instruction, professional duties and University seminars. The intern will be placed in a state-accredited school under the guidance of an experienced classroom teacher (mentor) and a University supervisor (mentor). Prerequisites: EDCI 4301, EDCI 4302, EDCI 4307 and EDCI 4308 and approval of UT Pan American Teacher Education Committee.

EDEC 4390 Developmentally Appropriate Practices in Early Childhood Education [3-0-11/2]
Fall, Spring, Summer
This course will address child development at the early childhood level. Developmentally appropriate practices in a learner-centered curriculum for early childhood education will be emphasized. (Field-Based Approved Course.)

EDEC 4391 Foundations of Early Childhood Education [3-0-11/2]
Fall, Spring, Summer (and Summer for endorsement only)
This course will address child development during early childhood as it impacts formal learning settings. A learner-centered curriculum which includes learning centers, thematic instruction, and authentic assessment in a field-based setting will be emphasized. (Field-Based Approved Course.) Prerequisite: EDEC 4390.

EDEC 4392 Acquisition and Conceptualization Processes in Early Childhood [3-0-2]
Fall, Spring (and Summer for endorsement only)
Analysis of processes of acquisition and conceptualization of Piagetian concepts, socialization, wellness and fitness. (Field-Based Approved Course.) Prerequisite: EDEC 4390.

EDEC 4393 Cultural Dimensions Related to Early Childhood [3-0-2]
Fall, Spring (and Summer for endorsement only)
Multicultural, pluralistic societies will be reviewed with emphasis on major components of culture. The culture of Hispanics and other minorities will be an integral part of this course. Dynamics of socioeconomic status, stereotyping, family structure, language acquisition and health/nutrition will be researched.

EDEC 4394 Cognitive and Psychomotor Development in Early Childhood [3-0-2]
Fall, Spring (and Summer for endorsement only)
Theories of and stages of cognitive and psychomotor development will be analyzed. Developmental program models will be studied. Readiness for first language learning and second language acquisition will be addressed. (Field-Based Approved Course.)
Kinesiology
Education

EDUK 4354  Kinesiology in the Public Schools  [3-0]
A survey of activities for program planning in public high schools including unit instruction, lesson planning, class organization, special programs and sources of materials. Laboratory experience to be arranged. Field-based. Prerequisite: Enrollment in ELEE 2330.

Electrical Engineering

ELEE 2130  Digital Systems Laboratory  [0-3]
Fall, Spring
Basics of digital logic and hardware combinational circuits, flip-flops, resistors, sequential circuits and state-machines. Prerequisite: Enrollment in ELEE 2330. $20 laboratory fee.

ELEE 2319  Numerical Computation and Data Visualization  [2,3]
Topics in this course include performing engineering numeric calculations using computation tools, introduction to mathematics software languages, writing programs to solve scalar and multivariable problems using matrix algebra, numerical solution of linear equations, relational and logical operators, and plotting and visualization of data. Prerequisites: CSCI 1380 and MATH 2346, both with a grade of “C” or better.

ELEE 2321  Electrical Circuits II  [3-0]
Fall, Spring
Transient response of networks by Fourier and Laplace transform methods, frequency-domain techniques and time-domain techniques. Prerequisites: ELEE 2420 and credit for or enrollment in MATH 3349.

ELEE 2330  Digital Systems Engineering I  [3-0]
Fall, Spring
Boolean algebra; analysis and synthesis of combinational and sequential switching network; applications to computer design. Prerequisite: Sophomore standing recommended.

ELEE 2420  Electrical Circuits I  [3-3]
Fall, Spring
Basic network principles; steady-state response to signals; simple transient response; nodal and loop analysis. Prerequisite: Credit for or concurrent enrollment in MATH 2401. $10 laboratory fee.

ELEE 3100  Projects in Electrical Engineering  [3,0]
Fall
Special projects, research activities or supervised engineering studies. May be repeated for credit. Prerequisite: Consent of instructor.

ELEE 3225  Electrical Engineering Laboratory I  [0-6]
Fall
Basic experimental methods; theory and practice of measurements; limitations of theoretical models; reporting of technical results. Prerequisites: ELEE 2330, ELEE 2130 with a grade of “C” or better and credit for or concurrent enrollment in ELEE 2321 and ELEE 3301. $30 laboratory fee.

ELEE 3301  Electronics I  [3-0]
Fall
A course in the physical principles of electronic devices with emphasis on semiconductor electronics. Includes the analysis and design of electronic circuits such as rectifiers, amplifiers and switching circuits using diodes, bipolar transistors, field effect transistors and operational amplifiers. Prerequisite: ELEE 2420 with a grade of “C” or better, credit for or enrollment in ELEE 2321.

ELEE 3302  Electronics II  [3-0]
Spring
Provides further study in electronic circuits. Includes analysis and design of differential and multistage amplifiers, feedback and frequency response techniques in amplifier design. Prerequisites: ELEE 2321 and ELEE 3301, with a grade of “C” or better.

ELEE 3305  Electrical Systems  [2-3]
Fall
Introduction to electric circuits and machines for non-majors. Circuit elements, voltage, current and power, DC circuits, AC circuits in the steady state, elementary transients, poly-phase circuits; types and characteristics of DC motors, transformers and AC motors. This course cannot be used by electrical engineering majors to satisfy degree requirements. Prerequisite: MATH 1402. $15 laboratory fee.
ELEE 3306 Electronic Systems [2-3]

Spring
Electronic devices and circuits with applications in modern industrial control systems; electronic circuits for signal processing and wave shaping and analog computing; basic digital computer circuits; transducers and sensors; electronic instruments; measurements; basic feedback control systems. Prerequisite: ELEE 3305. $30 laboratory fee.

ELEE 3315 Electromagnetic Engineering [3-0]

Fall
Introduction to electrostatics and magnetostatics; properties of conductive, dielectric, and magnetic materials; time varying-fields; Maxwell’s equations; transmission lines and transmission line circuits; fundamentals of electromagnetic radiation. Prerequisites: ELEE 2420 and MATH 2401 with a grade of “C” or better.

ELEE 3330 Electrical Engineering Laboratory II [1-6]

Spring
Experimental solution of engineering problems, including design, optimization, evaluation and simulation; advanced measurement techniques in electrical, electronic and digital systems. Prerequisites: ELEE 3301 and ELEE 3225 with a grade of “C” or better; credit for or enrollment in ELEE 3302. $30 laboratory fee.

ELEE 3340 Probability and Statistics for Electrical Engineers [3-0]

Spring
Probability, random variables, distribution and density functions, limit theorems, random processes, correlation functions, power spectra, response of random inputs. Prerequisite: ELEE 2321 with a grade of “C” or better.

ELEE 3370 Power Electronics [3-0]

As Scheduled
Power electronic devices (diodes, thyristors, etc.); power electronic circuits (rectifiers, DC choppers, AC voltage controllers, etc.); applications (AC and DC motor drives, etc.); modeling and simulation using Spice software. Prerequisite: ELEE 3301 with a grade of “C” or better. $10 laboratory fee.

ELEE 3435 Microprocessor Programming [3-3]

Fall
Basic microprocessor programming and principles of assembly language programming; microprocessor organization and interfacing; applications, including data acquisition, control and communication. Prerequisites: CSCI 1380, ELEE 2330 with a grade of “C” or better.

ELEE 4303 Digital Systems Engineering II [3-0]

As Scheduled
Hardware implementation of arithmetic and other algorithmic processes; organization, design and simulation of digital systems; programmable logic devices; hardware description language. Prerequisites: CSCI 1380, ELEE 2330, and ELEE 3301 or ELEE 3306 with a grade of “C” or better.

ELEE 4308 Electromechanical Systems [3-0]

Spring
Magnetic circuits and transformers; principles of electromechanical energy conversion, rotating AC and DC electric machinery. Prerequisite: ELEE 2321 or ELEE 3305 with a grade of “C” or better.

ELEE 4321 Automatic Control [3-0]

Fall
Dynamic system modeling; system stability; time-domain analysis; root-locus technique; frequency-domain analysis; control system design. Prerequisites: ELEE 2321 and MATH 3349 with a grade of “C” or better.

ELEE 4328 Solid State Electronic Devices [3-0]

Fall
Semiconductor materials and carrier transport; p-n junctions and Schottky barriers; bipolar and field effect transistors; integrated circuits. Prerequisites: CHEM 1301, CHEM 1101, ELEE 3315 and ELEE 3301 with a grade of “C” or better.

ELEE 4351 Communication Theory [3-0]

Fall
Signals, systems and analog modulation techniques; effects of noise in modulation systems, signal-to-noise ratio; digital data transmission; probability of error. Prerequisite: ELEE 3340 with a grade of “C” or better.

ELEE 4360 Microwave Systems Engineering [2-3]

As Scheduled
Ideal and lossy transmission lines; s-parameters; couplers, isolators, circulators and filters; basic active circuits; systems and component specifications; antenna and radiation specifications. Prerequisites:
ELEE 3315 and ELEE 3301 with a grade of “C” or better. $5 laboratory fee.

ELEE 4365  Digital Signal Processing  [3-0]
As Scheduled
Sampling theory, discrete processing of analog signals, discrete Fourier transforms, signal analysis, z-transforms, digital filter design, real-time digital signal processing, applications. Prerequisites: ELEE 2321 with a grade of “C” or better and credit for or concurrent enrollment in MATH 3349.

ELEE 4375  Introduction to VLSI Design  [3-0]
Fall, Spring
This course is aimed at providing a broad exposure to the area of CMOS VLSI design and the experience of designing VLSI circuits. The course will be suitable for any electrical engineering, computer engineering and computer science undergraduate student. Prerequisites: ELEE 2130 with a grade of “C” or better and credit for or concurrent enrollment in EREC 2310.

ELEE 4380  Computer Architecture  [3-0]
This course presents an overview of digital computer architecture, including architectural issues for processors, instruction sets, microprogramming, memory hierarchy and interleaving, cache and virtual memory mapping, RISC principles, and principles of pipelining and pipeline hazards, as well as input/output devices. Prerequisites: ELEE 3435.

ELEE 4390  Communication Networks  [3-0]
This course covers engineering principles of data communications, including the following topics: communication media and signal encoding schemes, point-to-point communication standards, layering concepts, data-link protocols, network protocols, transport layer protocols, error control, flow control, congestion control, routing algorithms, virtual circuits, call setup procedure, TCP/IP protocol, inter-networking, switching and switching fabric, frame relays, ATM, and emerging technologies. Prerequisites: ELEE 3435 or junior standing.

EN 1301  Composition  [3-0]
(Texas Common Course Number is ENGL 1301.)
As Scheduled
This course affords the opportunity for students to develop their ability to communicate effectively and responsibly through written discourse. Emphasis upon mechanical proficiency and organization skills in writing expository essays, analysis of style, tone and point of view of expository prose. (Credit for this course may be obtained by qualified students through advanced placement or advanced standing examinations.) Prerequisite: Satisfactory scores on English portion of ACT test and TASP examination, or EN 1320.

EN 1302  Rhetoric  [3-0]
(Texas Common Course Number is ENGL 1302.)
As Scheduled
This course offers the opportunity to learn to recognize and to employ the principles of rhetoric in written discourse. Analysis of rhetoric and logic, writing of essays, and study of research and documentation techniques. Requires the completion of a research project. (Credit for this course may be obtained by qualified students through advanced placement or advanced standing examinations.) Prerequisite: A grade of “C” or better in EN 1301, ENGL 1387 or EN 1406.

EN 1310  Reading-Vocabulary  [3-0]
As Scheduled
This course offers students the opportunity to develop their ability to read college-level materials. Emphasis on vocabulary and word recognition skills, comprehension skills, study skills and efficiency in content area reading. Required of students with reading skills below college level. Course does not satisfy General Education requirements.

EN 1320  Basic Writing  [3-0]
As Scheduled
Intensive study and practice in basic grammar and fundamentals of composition. Emphasis on punctuation, sentence combining, sentence construction, correct language use and other basic writing skills. Does not count toward hours for graduation or in the computation of hours attempted or earned. A course grade will be recorded as Pass (P) or No Pass (NP). (There will be special sections
for foreign-born students. A minimum score of 500 on TOEFL or minimum score of 60 on MTEL is required for entrance.)

**ENG 1387** Rhetoric and Composition  
(Honors Plan)  
[3-0]  
*As Scheduled*  
Study and practice of writing effectively, with emphasis on expository writing and the research paper. *Prerequisite:* Admission to the Honors Studies Program or by invitation.

**ENG 1388** Rhetoric and Literature  
(Honors Plan)  
[3-0]  
*As Scheduled*  
Study and practice of writing effectively/interpreting literature. Emphasis on critical analysis of essays, fiction and poetry. *Prerequisite:* ENGL 1387 or by invitation.

**ENG 2300** Introduction to Literature  
[3-0]  
*As Scheduled*  
An introduction to literary genres, with special emphasis on the short story, novel or novella, drama and poetry. Requires careful reading and the writing of critical essays about individual works. *Prerequisite:* Minimum grade of “C” in 6 hours of required freshman English.

**ENG 2303** Readings in American Literature  
[3-0]  
*As Scheduled*  
(Texas Common Course Number is ENGL 2326.)  
A study of several masterpieces of American literature, with emphasis on careful reading and on writing critical essays about individual works. *Prerequisite:* Minimum grade of “C” in 6 hours of required freshman English.

**ENG 2305** Readings in English Literature  
[3-0]  
*As Scheduled*  
(Texas Common Course Number is ENGL 2322.)  
A study of several masterpieces of English literature, with emphasis on careful reading and on writing critical essays about individual works. *Prerequisite:* Minimum grade of “C” in 6 hours of required freshman English.

**ENG 2307** Readings in World Literature  
[3-0]  
*As Scheduled*  
(Texas Common Course Number is ENGL 2331.)  
A study of several masterpieces of world literature in translation, with emphasis on careful reading and on writing critical essays about individual works. *Prerequisite:* Minimum grade of “C” in 6 hours of required freshman English.

**ENG 2308** Readings in Special Topics  
[3-0]  
*As Scheduled*  
A study of the literature associated with a special group, area, movement or technique. The topic to vary with each section. Special topics to be announced in the class schedule. *Credit Restriction:* May be taken only once to satisfy General Education requirements but may be repeated for elective credit when the topic varies. *Prerequisite:* Minimum grade of “C” in 6 hours of required freshman English.

**ENG 2313** Readings in Dramatic Literature  
[3-0]  
*As Scheduled*  
Critical review and analysis of selected plays from Greek antiquity to the present time. Designed to clarify the nature and major achievements of Western dramatic art. *Equivalent Course:* COMM 2313; may be counted as English or Communication in satisfying degree requirements. Credit may be received for only one course. *Prerequisite (for English credit):* Minimum grade of “C” in 6 hours of required freshman English.

**ENG 2378** Readings in World Literature  
(Honors Plan)  
[3-0]  
*As Scheduled*  
A study of selected works from the literature of Greece, Rome and Medieval Europe. *Prerequisite:* Admission to Honors Studies or by invitation.

**ENG 2387** Readings in World Literature  
(Honors Plan)  
[3-0]  
*As Scheduled*  
A study of selected works of Western literature from Renaissance through modern writers. *Prerequisite:* Admission to Honors Studies or by invitation.

**ENG 3301** Medieval Literature  
[3-0]  
*As Scheduled*  
A study of various types of medieval literature, including the epic, the romance and the allegory, with special attention to Middle English writers. *Prerequisite:* 9 hours of English.

**ENG 3304** The Eighteenth Century  
[3-0]  
*As Scheduled*  
A study of the major works of English writers of the Neo-classical period, including Dryden, Congreve, Pope, Swift, Sterne and Samuel Johnson. *Prerequisite:* 9 hours of English.
ENG 3305  The Romantic Period  [3-0]
As Scheduled
A study of the development of romanticism in France, Germany and England, with the main emphasis on English writers. Prerequisite: 9 hours of English.

ENG 3306  The English Novel to 1850  [3-0]
As Scheduled
A study of the origins and development of the English novel with emphasis on the major novelists. Prerequisite: 9 hours of English.

ENG 3307  The English Novel from 1850 to Present  [3-0]
As Scheduled
A study of the continuing development and techniques of the English novel with emphasis on the major novelists. Prerequisite: 9 hours of English.

ENG 3309  Development of the American Novel  [3-0]
As Scheduled
A study of the American novel from its beginnings to the present, with emphasis on the major novelists. Prerequisite: 9 hours of English.

ENG 3310  Twentieth Century English and American Poetry  [3-0]
As Scheduled
A study of the trends and movements in contemporary poetry, with emphasis on the works of the major writers. Prerequisite: 9 hours of English.

ENG 3311  Contemporary Drama  [3-0]
As Scheduled
A study of trends and movements in 20th Century American, British and European drama, with emphasis on works of major playwrights. Equivalent Course: COMM 3311; may be counted as English or Communication in satisfying degree requirements. Credit may be received for only one course. Prerequisite: 9 hours of English.

ENG 3312  Survey of American Literature  [3-0]
As Scheduled
A chronological study of the principal authors, works and trends in American literature from the Colonial period through the Civil War. Prerequisite: 9 hours of English.

ENG 3313  Survey of American Literature  [3-0]
As Scheduled
A chronological study of the principal authors, works and trends in American literature from the Civil War to the present. Prerequisite: 9 hours of English.

ENG 3317  The Short Story and the Novella  [3-0]
As Scheduled
A study of the development and technique of the short story and novella with emphasis on literary analysis. Prerequisite: 9 hours of English.

ENG 3319  Introduction to Descriptive Linguistics  [3-0]
As Scheduled
An introduction to the methods of linguistic science with emphasis on problem-solving techniques and their application to specific problems. Prerequisite: 9 hours of English.

ENG 3320  Advanced Topics in English  [3-0]
As Scheduled
A course adapted to the study of advanced special topics in English. Course may be offered for open enrollment when topic is selected by the instructor, or course may be conducted as independent/conference study when topic is selected by student and approved by the instructor. May be repeated for credit when topics vary. Prerequisite: 9 hours of English.

ENG 3321  Language and Culture  [3-0]
As Scheduled
Systematic exploration of social aspects of language and language use, including language attitudes, sociolinguistic dynamics of language contact situations, language learning, and the social and linguistic nature of dialects, language variation and language change. Prerequisite: 9 hours of English.

ENG 3322  Poetry  [3-0]
As Scheduled
An in-depth study of the art and nature of poetry, with emphasis on sounds, forms, language and modes of poetry. Prerequisite: 9 hours of English.

ENG 3323  World Drama  [3-0]
As Scheduled
A study of trends and movements in dramatic literature from ancient Greece through the present. Emphasis on the works of major playwrights. Equivalent Course: COMM 3323; may be counted as
English or Communication in satisfying degree requirements. Credit may be received for only one course. Prerequisite: 9 hours of English.

ENG 3324  The Victorian Period  [3-0]
As Scheduled
A study of the literature of Victorian England, from 1832 to the end of the 19th Century. Prerequisite: 9 hours of English.

ENG 3330  English Grammar  [3-0]
As Scheduled
A study of grammatical concepts with concentration on basic sentence structure, principles of punctuation and functional grammar. Course designed for, but not limited to, prospective teachers of students with limited English speaking/writing ability and/or ESL students. Prerequisite: ENG 3319.

ENG 3331  Survey of English Literature  [3-0]
As Scheduled
A chronological study of the principal authors, works and trends in English literature from the Anglo-Saxon period to the beginning of the Romantic movement. Prerequisite: 9 hours of English.

ENG 3332  Survey of English Literature  [3-0]
As Scheduled
A chronological study of the principal authors, works and trends in English literature from pre-Romantic poetry to the 20th century. Prerequisite: 9 hours of English.

ENG 3333  Technical Report Writing  [3-0]
As Scheduled
Training in writing and presentation of special types of reports often used in engineering, science and business. Prerequisite: 9 hours of English.

ENG 3334  Gallery
Spring Semester
A hands-on course on the process of selecting material, editing, and publishing a student literary arts journal. Includes fundamentals of publicity; manuscript processing, selection, and editing; page design; cover art; printing requirements. Prerequisite: 9 hours of English.

ENG 4301  Shakespeare  [3-0]
As Scheduled
A study of representative comedies, histories, romances and tragedies. Prerequisite: 9 hours of English.

ENG 4302  Modern English Syntax  [3-0]
As Scheduled
Studies in modern English syntax with attention given to investigative methods and findings of contemporary linguistic analysis. Prerequisite: ENG 3319.

ENG 4308  History of the English Language  [3-0]
As Scheduled
A history of the English language from the Anglo-Saxon period to the present. Prerequisite: 9 hours of English.

ENG 4309  Chaucer  [3-0]
As Scheduled
A study of selected works of the 14th century English poet. Prerequisite: 9 hours of English.

ENG 4310  American Literature of the South  [3-0]
As Scheduled
A study of the works of representative writers of the South. Prerequisite: 9 hours of English.

ENG 4312  Milton  [3-0]
As Scheduled
A study of the major poems and selected prose and minor poetry. Prerequisite: 9 hours of English.

ENG 4314  Contrastive Grammar  [3-0]
As Scheduled
A comparison of English and Spanish grammatical systems with emphasis on substantive and descriptive problems arising from the differences in the systems. Course open only to students with proficiency in both English and Spanish. Prerequisite: ENG 4302.

ENG 4316  Mexican-American Literature  [3-0]
As Scheduled
A study of the literature by and about Mexican-Americans, with emphasis on the literary techniques and the cultural reflections in this literature. Prerequisite: 9 hours of English.

ENG 4318  Approaches to Literature  [3-0]
As Scheduled
A study of the characteristics of poetry, drama and fiction, and of the major approaches to these genres with some attention to works encountered in secondary schools. Prerequisite: 9 hours of English.
ENG 4321 Fundamentals of Language Development [3-0]
As Scheduled
A study of how children develop language skills from age five through adolescence. Covers all systems of language from basic sounds through competence in oral and written communication.

ENG 4322 Creative Writing I [3-0]
As Scheduled
A study of literary forms, techniques and values, with practice in writing poetry and prose. Prerequisite: 9 hours of English or permission of instructor.

ENG 4325 Composition Techniques [3-0]
A study of advanced composition techniques, including theories and methods of teaching composition skills. Prerequisite: 9 hours of English.

ENG 4326 Language Acquisition [3-0]
Spring, even years
An analysis of the process of language learning, the normal development of speech and language, and the relationship of language to cognitive and social development.

ENG 4328 Introduction to English as a Second Language [3-0]
As Scheduled
A study of the process of learning English as a second language. Special attention given to theories, variables and second language acquisition.

ENG 4331 Problems in Grammar, Dialects and Language Performance [3-0]
As Scheduled
A study of the second language learner’s transition from regional Spanish to standard English. Emphasis on the particular characteristics of the English and Spanish dialects of the region and the manner in which they interrelate. The course will treat theory already learned as well as that presented in the course in the light of practical methodological tools. Prerequisite: SPAN 2308. Prerequisites for bilingual certification: ENG 3319; ENG 3330 or SPAN 3330 or consent of instructor.

ENGR 1101 Introduction to Engineering [1-0]
Fall, Spring, Summer
Introduction to engineering as a career, the requirements for registration as a professional engineer and the fields of specialization within engineering. Approaches to engineering problem solving and the graphical presentation of data. Prerequisite: Computer literacy.

ENGR 1221 Engineering Graphics [1-3]
Fall, Spring, Summer
This course provides an introduction to computer-aided drafting techniques. Topics include methods of graphical communication, two- and three-dimensional drawing presentation, working drawing, data analysis, design synthesis and production methods. Prerequisite: Computer literacy. $20 laboratory fee.

ENGR 2101 Engineering Technology Laboratory [0-3]
Fall, Spring, Summer
Introduction to machine shop tool operations, metrology, advanced laboratory skills and data analysis. Prerequisites: Sophomore standing and completion of ENGR 1221. $4 laboratory fee.

ENGR 3101 Engineering Projects Laboratory [0-3]
As Scheduled
Special construction projects, research activities or supervised engineering studies. May be repeated once for credit. Prerequisite: Junior standing or consent of the instructor. $4 laboratory fee.

ENGR 3333 Topics in Engineering [3-0]
As Scheduled
The topic will be changed by demand. May be repeated for credit. Intermediate topics in the engineering disciplines will be presented. Prerequisite: Junior standing in engineering or consent of instructor.

ENGR 4461 Senior Design Project I [1-9]
Fall, Spring
Preparation for a capstone design experience drawing from all previous coursework. Discussion of engineering methods, problem definition, assumptions, methods of analysis, testing and reporting results. Project to be undertaken in Senior Design Project II will be selected. Prerequisite: Senior standing in engineering. $30 laboratory fee.
Finance

ENGR 4462 Senior Design Project II [1-9]
Fall, Spring
Continuation of Senior Design Project I. Students will conduct a comprehensive engineering design of a project related to their major and report on the results. Synthesis using past coursework and outside reference material will be expected. Periodic progress reports and final oral and written reports will be required. Classroom discussions will consider professional responsibility, ethics, technology and society; entrepreneurship. Prerequisite: ENGR 4461. 330 laboratory fee.

FINA 3381 Personal Finance [3-0]
(Texas Common Course Number BUSI 1307.)
As Scheduled
This course studies personal income, budgeting and consumer credit problems, development of plans for purchasing insurance, real estate and securities. Taxation as it affects the individual’s income, assets and estate are also studied. (Not an advanced finance elective.)

FINA 3382 Investment Principles [3-0]
As Scheduled
This course provides an overview of the valuation of investment securities of corporations and governmental agencies. The purchase and sale of securities through brokerage houses and investment banking firms are also studied.

FINA 3383 Managerial Finance [3-0]
As Scheduled
The finance function in the firm and the specific responsibilities of the firm’s financial manager are studied in this course. Emphasis is placed on financial decisions using managerial information systems as an integrating force to deliver planned results. This study includes, but is not limited to, decisions affecting the internal management of the firm and the acquisition of new assets and funds. Prerequisite: It is recommended that students be currently enrolled in, or have already completed, the first statistics class; ACC 2421 and ECON 2301.

FINA 3384 Fundamentals of Real Estate [3-0]
As Scheduled
This course studies the physical and economic characteristics of real estate, particularly as they relate to law, taxation, appraisal, marketing and finance.

FINA 3385 Principles of Insurance [3-0]
As Scheduled
The identification and control of risks facing the individual and the business firm, as well as the use of insurance and other mechanisms in dealing with them, are studied. Other topics include risk analysis, loss prevention, personal and property insurance, insurance programs and estate plans.

FINA 3386 Financial Institutions and Markets [3-0]
As Scheduled
The dynamics of financial markets and their interaction with the suppliers of funds, particularly financial intermediaries, are studied in this course. Prerequisites: FINA 3381.

FINA 3387 Real Estate Finance [3-0]
As Scheduled
This course provides an analysis of the nature and problems of developing the financing of real estate. Also, it covers a study of financial markets and instruments that are used to solve the financial needs of various real estate activities. Prerequisite: FINA 3384 or consent of instructor.

FINA 3391 Small Business Financial Management [3-0]
As Scheduled
This course covers three important aspects of financial management for the small business: 1) sources of financing; 2) financial planning; and 3) valuation of the small business. Students will be required to complete a term project involving at least one of these aspects in a real business situation. Prerequisites: ACC 2421, MANA 3361 and 3 hours of Economics.

FINA 3392 Internship [3-0]
As Scheduled
A practicum with financial institutions or related
service entities with a view to relate classroom theories with actual practice.

FINA 3393 Entrepreneurial Finance [3-0]
This course provides an in-depth analysis of venture financing and techniques to manage entrepreneurial risk. **Prerequisites:** ACC 2421, MANA 3361 and 3 hours of Economics.

FINA 4300 Topics in Finance [3-0]
As Scheduled
A special finance topic will be selected by the instructor. Total course content and requirements will be established on an individual basis by the instructor. **Prerequisites:** Consent of instructor and 12 hours of advanced courses in finance.

FINA 4381 International Finance [3-0]
As Scheduled
The application of finance principles in the international environment are discussed in this course, including the nature of the balance of payment mechanism, the factors affecting the foreign exchange market, defensive techniques to protect the business against foreign exchange risk and the investing, financing and working capital management within a multinational firm. **Prerequisite:** FINA 3383.

FINA 4382 Portfolio Management [3-0]
As Scheduled
This course provides the theoretical framework, techniques and applications of investment management. It also develops models for performance evaluation emphasizing optimum combination of risk and return. **Prerequisite:** FINA 3382.

FINA 4383 Advanced Managerial Finance [3-0]
As Scheduled
This course considers the commitment of funds to asset purchases and the measuring and influencing of cost of capital. It emphasizes the development of tools and techniques using quantitative methods for the analytical study of financial administration and its applications in the major problem areas of corporate finance. **Prerequisite:** FINA 3383.

FINA 4389 Commercial Banking [3-0]
As Scheduled
The principles and policies affecting the services, organization and management of funds in the commercial bank are studied in this course; policy formulation is emphasized; coordination with general economic and money market conditions is covered. **Prerequisites:** FINA 3381 and FINA 3386 or consent of instructor.

French

FREN 1321 Beginning French I [3-0]
(Texas Common Course Number is FREN 1311.)
**Fall, Spring**
A study of the essentials of French grammar, pronunciation, elementary conversation and prose reading. **Credit Restriction:** A student may receive credit for only one of FREN 1321 or FREN 1387.

FREN 1322 Beginning French II [3-0]
(Texas Common Course Number is FREN 1312.)
**Fall, Spring**
A continuation of FREN 1321. **Credit Restriction:** A student may receive credit for only one of FREN 1322 or FREN 1388. **Prerequisite:** FREN 1321.

FREN 1387 Beginning French (Honors Plan) [3-0]
As Scheduled
A beginning French course designed to meet the needs of Honors students interested in learning to read, write and speak French fluently at an accelerated pace. French culture and appropriate reading will be introduced. Open to students needing accelerated introduction to the French language. **Credit Restriction:** A student may receive credit for only one of FREN 1321 or FREN 1387. **Prerequisite:** Admission to the Honors Studies Program or by invitation.
FREN 1388  Beginning French (Honors Plan)  [3-0]
As Scheduled
A beginning French course designed to meet the needs of Honors students interested in learning to read, write and speak French fluently at an accelerated pace. Elements of French culture and literature and appropriate reading will be introduced. Open to students needing accelerated introduction to the French language. Credit Restriction: A student may receive credit for only one of FREN 1322 or FREN 1388. Prerequisite: FREN 1387 or by invitation.

FREN 2321  Intermediate French I  [3-0]
(Texas Common Course Number is FREN 2311.)
As Scheduled
Grammar review, conversation and writing practice based on selected literary and cultural readings. An emphasis on usage of different modes and tenses, as well as complex syntax. Prerequisite: FREN 1322.

FREN 2322  Intermediate French II  [3-0]
(Texas Common Course Number is FREN 2312.)
As Scheduled
Grammar review, conversation and writing practice based on selected literary and cultural readings. An emphasis on usage of different modes and tenses, as well as complex syntax. Prerequisite: FREN 2321.

FREN 3321  French Composition I  [3-0]
As Scheduled
Practice in writing expository, narrative and descriptive prose. Prerequisite: FREN 2322.

FREN 3322  French Composition II  [3-0]
As Scheduled
Practice in writing critical appreciations of selected literary works. Prerequisite: FREN 3321.

FREN 4324  French Civilization I  [3-0]
As Scheduled
A study of French culture and civilization from the Roman conquest of Gaul by Julius Caesar to the French Revolution of 1789. Prerequisite: FREN 3321.

FREN 4325  French Civilization II  [3-0]
As Scheduled
A study of French culture and civilization from the French Revolution of 1789 to the present. Prerequisite: FREN 3321.

FREN 4339  Special Topics  [3-0]
As Scheduled
Special topics from the field of French language and literature. Prerequisite: FREN 3321.

GEOL 1401  Physical Geology  [3-3]
(Texas Common Course Number is GEOL 1403.)
Fall, Spring, Summer
Involves a comprehensive description of materials composing the earth and deals with the classification and analysis of geologic agents responsible for the origin, structure and evolution of the earth’s crust. $4 laboratory fee.

GEOL 1402  Historical Geology  [3-3]
(Texas Common Course Number is GEOL 1404.)
Fall, Spring, Summer
A course dealing with the geological history of the earth and its inhabitants as revealed by the fossil record with emphasis on North America. $4 laboratory fee.

GEOL 1403  Environmental Geoscience I  [3-3]
As Scheduled
This course explores the human-planet relationship — how Earth processes influence human lives, and how human actions, in turn, alter the interactions of Earth systems. Hazardous geologic processes, use and care of energy resources, and the human impacts on the environment are the focus of this course.

GEOL 2401  Geomorphology  [3-3]
As Scheduled
A course designed for sophomores interested in geology and teachers of earth science. An analysis of land forms of the earth and processes by which they are formed. Also, comparative studies of lunar-earth

Geography

GEOG 2313  Principles of Physical Geography  [3-0]
Fall, Spring, Summer
An introduction to physical geography with emphasis on weather, ocean currents and climates. Soils and vegetation types and distributions are also studied. Can be counted in the supporting areas of elementary education curriculum.
land forms. Emphasis will be placed on mapping and interpretation of local geomorphology. Field trips. Prerequisite: GEOL 1401. §4 laboratory fee.

**GEOL 2402 Structural Geology [3-3]**
As Scheduled
A course designed for geology minors and teachers of earth science. A study of the architecture of the earth, including the causes of deformation, resulting structures and their interrelationships. Field trips. Prerequisites: GEOL 1401 and GEOL 1402. §4 laboratory fee.

**GEOL 3401 Mineralogy [3-3]**
As Scheduled
A course designed for geology minors, chemistry majors or minors, or teachers of earth science. A study of the major mineral groups, their atomic structure, chemical composition, external forms, properties and geologic interpretation. Field trips. Prerequisites: GEOL 1401 or CHEM 1401 and CHEM 1402. §4 laboratory fee.

**GEOL 3403 Oceanography [3-3]**
As Scheduled
An introduction to physical oceanography designed for geology minors, biology majors and earth science teachers. A study of the physical and chemical properties of marine waters. Field trips. Prerequisite: GEOL 1401 or advanced standing in any of the related sciences or consent of the instructor. §4 laboratory fee.

**GEOL 3404 Stratigraphy-Sedimentation [3-3]**
As Scheduled
A study of sedimentary processes and principles of stratigraphy, followed by a survey of stratified rocks of North America, their correlation, stratigraphic relations and guide fossils. Field trips. Prerequisites: GEOL 1401, GEOL 1402, GEOL 2402 and GEOL 3401. §4 laboratory fee.

**GEOL 3405 Petrology [3-3]**
As Scheduled
A course designed for geology minors or teachers of earth science. A study of the major rock groups, their origin, classification and chemical and physical properties. Both megascopic and petrographic techniques will be emphasized. Field trips. Prerequisite: GEOL 3401. §4 laboratory fee.

**GEOL 3408 Introduction to Geographic Information Systems [3-3]**
As Scheduled
A study of the input, management, manipulation and output of georeferenced information using digital computers. Methods of layering geologic, geographic, meteorologic, electromagnetic, biologic and political knowledge will be presented. Computer data structures including relational databases will be examined. The spatial analysis potential of a GIS will be compared with traditional manual (cartographic) methods.

**GEOL 4309 Undergraduate Research in Geoscience [3-0]**
Independent work in geosciences and/or environmental geosciences under the direction of a faculty member. Open only to students who have completed at least 12 hours in geology or by approval of the instructor.

**GEOL 4408 Applications of Geographic Information Systems [3-3]**
As Scheduled
New ways of using georeferenced data. Methods of integrating information from multiple sources will be used to analyze the interdependencies of both human and physical systems in a rapidly changing rural to urban environment. Examples will be given of uses in evaluating resource capability units, analyzing hazardous radiation areas, mineral exploration, land management, flood prediction and control, earthquake prediction and hurricane preparation. Attention will be given to problems of data quality, errors, accuracy and logical consistency. Prerequisite: GEOL 3408.

**HIST 2313 American Heritage I [3-0]**
(Texas Common Course Number is HIST 1301.)
Fall, Spring, Summer
An integration of social, political and economic history of the United States with attention directed to geography and its influences. The approach is by problems that move chronologically from the earliest Colonial Period through the Civil War. Open to freshmen who enter with a credit in American history from high school. Credit Restriction: Credit may be received in only one of HIST 2313 and HIST 2387.
HIST 2314 American Heritage II  [3-0]  
(Texas Common Course Number is HIST 1302.) 
Fall, Spring, Summer 
An integration of social, economic and political history of the United States with attention to geographical influences. The approach is by problems that move chronologically from Reconstruction to the present. Open to freshmen who enter with a credit in American history from high school. Credit Restriction: Credit may be received in only one of HIST 2314 and HIST 2388.

HIST 2331 Civilization Through the Centuries  [3-0]  
Fall, Spring, Summer 
A thorough survey of the political, social and cultural history of Europe through the treaty of Westphalia. Emphasis will be given to the contributions of Greece and Rome to the western world, the fall of Rome, the beginning of feudalism and the rise of national states, the Renaissance and the Protestant reformation. Major developments in world history will be related to these periods of European history.

HIST 2332 Civilization Through the Centuries  [3-0]  
Fall, Spring, Summer 
A continuation of History 2331 to the present time. Emphasis will be given to European expansion, the French Revolution and Napoleon, the Industrial Revolution, the spread of socialism and the world conflicts of the 20th century. Major developments in world history will be related to these periods of European history.

HIST 2387 American Heritage I  (Honors Plan)  [3-0]  
Fall 
An integration of social, political and economic history of the United States with attention directed to geography and its influences. The approach is by problems which move chronologically from the earliest Colonial Period through the Civil War. Credit Restriction: Credit may be received in only one of HIST 2313 and HIST 2387. Prerequisite: Admission to Honors Studies or by invitation.

HIST 2388 American Heritage II  (Honors Plan)  [3-0]  
Spring 
An integration of social, economic and political history of the United States with attention to the geographical influences. The approach is by problems that move chronologically from Reconstruction to the present.

Credit Restriction: Credit may be received in only one of HIST 2314 and HIST 2388. Prerequisite: Admission to Honors Studies or by invitation.

HIST 3301 The History of Ideas  [3-0]  
As Scheduled 
A study of major beliefs and patterns of thought in Western culture, emphasizing the development of the arts and sciences, social thought and religion. Prerequisite: 6 hours of history.

HIST 3302 World History Studies  [3-0]  
Fall, Spring, Summer 
A comprehensive survey of social, economic, political, cultural and geographical factors influencing the course of world history. Emphasis will be on thematic and content material. Prerequisite: 6 hours of history with HIST 2331 recommended.

HIST 3303 Geography and the Environment in History  [3-0]  
As Scheduled 
This class examines the effects of the environment and geography on history. The course will focus on how humanity has reacted to the environment and influenced ecosystems, and how different cultures have interacted with similar environments. The course will also examine trade routes, the effects of disease, and the connections between resources and the rise of civilizations and empires. Prerequisite: 6 hours of history.

HIST 3313 American Colonial Era to 1783  [3-0]  
As Scheduled 
A study of American Colonial history from the founding of the first colony through the American Revolution with emphasis given to the development of American civilization; causes, course and results of the American Revolution. Prerequisite: 6 hours of history.

HIST 3324 Formative Period of the American Nation, 1783-1840  [3-0]  
As Scheduled 
A study of the early years of the American nation from the critical period to the adoption of the Constitution and launching of the new government through the transformation of American society by the Jacksonian Era of the Common Man. Prerequisite: 6 hours of history.
HIST 3330 A General Survey of the History of Texas [3-0]
As Scheduled
A survey of the history of Texas from indigenous period to present. Previous Course Number: HIST 2333; a student may receive credit for only one course. Prerequisite: 6 hours of history.

HIST 3332 Historiography and Methodology [3-0]
As Scheduled
This course will acquaint students with the various schools of history, famous scholars and common debates in the field of history. The class will also provide instruction in the various tools and research methods that are utilized by historians. Prerequisite: 9 hours of history, including either 2331 or 2332.

HIST 3333 Colonial Mexico, Central and South America [3-0]
As Scheduled
A study of the establishment of Spanish dominion; geography and natural resources; institutional and social development; cultural aspects and contribution. Prerequisite: 6 hours of history.

HIST 3335 History of Spain [3-0]
As Scheduled
The historical development of the Spanish nation from earliest times to the present. Emphasis will be given to the evolution of the political, economic and social institutions that are important to the conquest and colonization of the Americas. Prerequisite: 6 hours of history.

HIST 3341 History of England I, to 1686 [3-0]
As Scheduled
English history from earliest times through the period of the Stuart kings. Emphasis will be given to the factors that have influenced the development of British and American institutions. Prerequisite: 6 hours of history.

HIST 3342 History of England II, after 1686 [3-0]
As Scheduled
The period of the Glorious Revolution to the British Empire and commonwealth of nations. Prerequisite: 6 hours of history.

HIST 3350 The American Military Experience [3-0]
As Scheduled
The American military experience will be examined from the colonial period to the present. The course will examine not only the operational history of the American military but also the causes and consequences of war and the role of the military in American society. Prerequisite: 6 hours of history.

HIST 3373 Mexican-American Heritage [3-0]
As Scheduled
An interpretation of the historical heritage of the Mexican-American in the United States. Prerequisite: 6 hours of history.

HIST 4303 The Emergence of Modern America, 1877-1917 [3-0]
As Scheduled
A study of the growth of American business and industry, the emergence of the United States as a world power, the populist protest and progressive reform movements. Prerequisite: 6 hours of history.

HIST 4313 Twentieth Century America 1917 to the Present [3-0]
As Scheduled
A study of the history of the United States from World War I to the present with emphasis on domestic and foreign affairs and in their relationship to and effect on each other. Prerequisite: 6 hours of history.

HIST 4322 The Spanish Southwest to 1821 [3-0]
As Scheduled
A study of the northward colonization of Mexico with emphasis on institutions and the settlement of the interior provinces of Texas, New Mexico, Arizona and California. Prerequisite: 6 hours of history.

HIST 4325 The American Southwest After 1821 [3-0]
As Scheduled
The American penetration of Texas and the war with Mexico; subjugation of the Indians; extension of mining, railroad, cattle industry and farming across the Southwest; and the transition from raw frontier to modern states of the Southwest. Prerequisite: 6 hours of history.

HIST 4343 Era of Sectional Conflict 1840-1877 [3-0]
As Scheduled
United States history from 1840 to 1877 with emphasis upon the development of sectionalism, Southern nationalism, the breakdown of American political
parties, Civil War and Reconstruction. Prerequisite: 6 hours of history.

HIST 4345 Mexico's First Century as an Independent Republic [3-0]
As Scheduled
A study of the political, social and economic development of Mexico from the independence movement to the Revolution of 1910. A study of the problems of Mexico and the various distinct eras of its first century as a republic. Prerequisite: 6 hours of history.

HIST 4352 Brazil After Independence [3-0]
As Scheduled
A study of Brazil as an empire and a republic with emphasis on the social, geographic and political factors that make it a unique nation in the Western hemisphere. Prerequisite: 6 hours of history.

HIST 4353 History of Mexican Culture [3-0]
As Scheduled
A study of the Mexican people, including development of their social institutions, thinking, concepts, attitudes, values, reactions and sensitivities. Prerequisite: 6 hours of history.

HIST 4354 Contemporary Mexico [3-0]
As Scheduled
A study of the nature and impact of the social, political and economic transformations since the revolutionary epoch of 1910-1917; greatest emphasis on the contemporary factors that have made Mexico's experience unique. Prerequisite: 6 hours of history.

HIST 4355 Spanish South America Since Independence [3-0]
As Scheduled
The historical development of the major Hispanic South American republics; general trends in their social, economic and political growth. Prerequisite: 6 hours of history with HIST 3333 recommended.

HIST 4363 United States-Latin American Relations [3-0]
As Scheduled
The development of a distinctive system of international relations — economic, cultural and political — between the nations of Latin America and the United States. Prerequisite: 6 hours of history.
HIST 4393 Contemporary Europe 1919 to Present  [3-0]
As Scheduled
A study of the causes of World War II, its resulting problems and current trends. Prerequisite: 6 hours of history with HIST 2332 recommended.

HIST 4395 Special Topics in Historical Study  [3-0]
As Scheduled
A study of selected topics in history, including comparative history, philosophies of history, and regions outside of Europe and the Americas. Topics are varied according to availability of faculty and student interest. Course can be repeated once for credit as topics change. Prerequisite: 6 hours of history.

HIST 4396 Special Topics in European History  [3-0]
As Scheduled
A study of selected topics in European history. Topics are varied according to availability of faculty and student interest. Course can be repeated once for credit as topics change. Prerequisites: 9 hours of history, including either 2331 or 2332.

HIST 4397 Special Topics in U.S. History  [3-0]
As Scheduled
A study of selected topics in the history of the United States. Topics are varied according to availability of faculty and student interest. Course can be repeated once for credit as topics change. Prerequisites: 9 hours of history, including either 2331 or 2332.

HIST 4398 Special Topics in Latin American History  [3-0]
As Scheduled
A study of selected topics in Latin American history. Topics are varied according to availability of faculty and student interest. Course can be repeated once for credit as topics change. Prerequisite: 9 hours of history, including either 2331 or 2332.

HLTH 1354 Safety and First Aid  [3-0]
As Scheduled
Basic knowledge for safe and effective living. The essential aspects of home, work, motor vehicle and public safety. Includes both theoretical and practical aspects of emergency care. Standard First Aid and Personal Safety and Cardio-Pulmonary Resuscitation (CPR) certification upon completion of specific requirements. Equivalent Course: KIN 1354; a student may receive credit for only one course.

HLTH 2352 Personal Health and Wellness  [3-0]
As Scheduled
A survey of factors involved in human physical and psychological wellness. Disorders arising from mutagenic, teratogenic infections, environment and lifestyle behaviors will be studied. May not be used to satisfy Health Secondary Option II Teacher Certification.

HLTH 2371 Health Problems in the Use of Alcohol, Tobacco and Narcotics  [3-0]
As Scheduled
Examination of the psychological, physiological and social effects of the misuse of drugs and other harmful agents. Legal and ethical implications for the individual and society.

HLTH 2372 Nutrition and Health  [3-0]
As Scheduled
Study of food constituents relating to human nutritive needs and sources through the span of life, infancy through later adulthood.

HLTH 2373 Growth, Development and Fitness  [3-0]
As Scheduled
A study of the growth process and systemic development of the human organism. The concept of physical fitness is analyzed and related to organismic function and well being.

HLTH 3373 Human Sexuality  [3-0]
As Scheduled
Adjustment of the individual to life in the social group with emphasis upon problems occurring in mental and emotional health, aging, family living and human sexuality.
HLTH 3374  Chronic and Degenerative Disease  [3-0]
As Scheduled
A study of chronic and degenerative disease with respect to the nature, source, incidence, control and treatment of diseases such as cancer, cardio-vascular anomalies, neurological disorders, mental retardation and genetic disorders. Emphasis is upon providing sufficient and usable information that will provide the basis for responsible action in matters of personal health.

HLTH 3375  Consumer Health  [3-0]
As Scheduled
Selection, evaluation and understanding of health information, medical services, health product and advertising and socio-cultural factors in consumer health protection.

HLTH 4350  Organization of the Health Program  [3-0]
As Scheduled
The organization and management of the health program in school, community and clinical settings with special emphasis on program phases, responsibilities, evaluation and functional relationships with local, state and federal agencies. Prerequisite: 15 hours of health.

HLTH 4353  Principles of Public Health  [3-0]
As Scheduled
Examination of the role and practice of official or voluntary health agencies. Content includes study of health needs, assessment, models for health promotion, program evaluation, basic issues and management/funding methods achieved. University classroom and field-based experiences.

HLTH 4357  Health Seminar  [3-0]
Summer, odd years
For teachers, nurses, principals, superintendents and community leaders to gain perspective and insight into essential cooperative efforts of home, school and community to meet the growing health needs of our society.

HLTH 4358  Current Health Readings and Reported Research  [3-0]
As Scheduled
Research and analysis of the latest concepts and findings relating to the school health program. This will be conducted through review of the literature, written reports and independent study in a health-substantive area.

HONR 2387  Humanities I  [3-0]
An interdisciplinary course that emphasizes cultural roots from ancient Greece through the Middle Ages. The course stresses the integration of the humanities (philosophy, painting, sculpture, architecture, literature, music) into the Western civilization framework.

HONR 2388  Humanities II  [3-0]
An interdisciplinary course that emphasizes cultural roots from the Renaissance to the present. The course stresses the integration of the humanities (philosophy, painting, sculpture, architecture, literature, music) into the Western civilization framework.

HONR 3187  Problems in Independent Study  [3-0]
This course is an introduction to basic problems encountered in independent study. It aids the student in choosing a topic for independent study, in setting up objectives for the study and preparing a research proposal or project.

HONR 3387  Independent Study  [3-0]
Supervised independent research in student's topic, with periodic meetings for coordination, instruction in methodology and discussion.

HONR 4387  Independent Study  [3-0]
Supervised completion of research and writing of thesis or creative project, with periodic meetings for coordination, instruction in methodology and discussion.

◆ Departmental Courses, Honors
(See Course Listings for course descriptions.)

Biology: BIOL 1487, 1488 General Biology

Communication: COMM 1387 Speech Communication
COMM 2387 Theatre Appreciation

Economics: ECO 1387 Introduction to Economics

English: ENG 1387 Rhetoric and Composition
ENG 1388 Rhetoric and Literature
ENG 2387, 2388 Readings in World Literature

French: FREN 1387, 1388 Beginning French
History: HIST 2387, 2388 American Heritage
Mathematics: MATH 2387 Problems and Statistics
MATH 1487 Calculus
Philosophy: PHIL 1387 Introduction to Philosophy
PHIL 1388 Introduction to Logic
Political Science: POLS 2387, 2388 U.S. and Texas Government and Politics
Sociology: SOCI 1387 Principles of Sociology
Spanish: SPAN 1387, 1388 Beginning Spanish

Health-Related Programs

* Interdisciplinary Courses

HRP 1301 Introduction to Health Careers [3-0]
Fall, Spring
This course will survey careers in the health and health-related professions. Specific topics related to health careers will include health care organizations, history and trends, ethics, legal aspects, terminology, relevant professional affiliations and vocational trends. Employment options and educational requirements will be covered in some depth.

HRP 2303 Medical Terminology [3-0]
Fall, Spring
This course is designed to introduce the student to analysis techniques and to correct spelling and pronunciation of medical terms. The student will have the opportunity to learn a medical vocabulary, develop skills in recognizing medical terms by analyzing their elements and relating them to the corresponding anatomical site.

HRP 3310 Special Topics in Patient Care Issues [3-0]
As Scheduled
The topics will vary according to current issues in the provisions of health care and prevention. Offering, of course, will be contingent on student demand. May be repeated once for credit as topics vary. Prerequisite: Approval of department.

---

International Business

INTB 3310 Entering International Trade
Fall, Spring
Introduction to import and export procedures and processes. Sources of data and acquisition of information concerning the country, its culture, business practices and businesses. Accessing markets in, and sources of supply from, foreign countries. Prerequisite: INTB 3330.

INTB 3330 International Business [3-0]
Fall, Spring, Summer
Business concepts, analytical processes and philosophical bases for international business operations. Emphasis is on environmental dynamics, multinational business organizations, cultural and economic constraints, unique international business practices and international operations, strategy and policy. Previous course number: GENB 4330; credit may be received for only one course. Prerequisites: MANA 3361, MARK 3371 and FINA 3383.

INTB 4364 Management Environment in International Business [3-0]
Fall, Spring
Organizational planning, organizing, including staffing, communication and controlling in an international environment. How these functions of management are affected by, and may need to be adapted for, the social/cultural, economic, legal and political environments. The process of individual negotiation and the impact of culture and business practices on that process. Reference to selected cultures and practices to include Asia, Western Europe and Latin America. Prerequisite: INTB 3330.

INTB 4365 International Competitiveness [3-0]
Fall, Spring
International dimensions of competition for global markets, with emphasis on manufacturing, production and operations management as tools of international competitive strategy. Prerequisite: MANA 4363.

INTB 4379 Topics in International Business [3-0]
As Scheduled
Special topics in international business as selected by the instructor. Additional topics to be added by the instructor. Course can be repeated as topics change. Prerequisite: INTB 3330.
INTB 4367  International Transportation and Logistics
This course provides background, understanding and current technical information about the techniques of international transportation and distribution. It deals with intermediate agencies such as freight forwarding agencies and transportation brokers, warehousing, material handling and utilization devices. Prerequisite: INTB 3330.

Japanese

JAPN 1351  Beginning Japanese  [3-0]
As Scheduled
An introductory course in Japanese designed to teach basic knowledge of the Japanese language, including speaking, writing, listening and reading.

JAPN 1352  Beginning Japanese  [3-0]
As Scheduled
A continuation of JAPN 1351. Designed to teach basic knowledge of the Japanese language, including speaking, writing, listening and reading.

Kinesiology

◆ Activity Courses

There is a $6 activity fee for each class unless otherwise indicated.

KIN 1200  Swimming  [2-0]
KIN 1201  Fitness and Motor Development  [2-0]
KIN 1210  Basic Karate  [2-0]
KIN 1211  Intermediate Karate  [2-0]
KIN 1215  Taichi  [2-0]
KIN 1220  Backpacking  [2-0]
KIN 1221  Camping and Hiking  [2-0]
KIN 1230  Wrestling  [2-0]

KIN 1250  Soccer  [2-0]
KIN 1255  Softball  [2-0]
KIN 2202  Volleyball  [2-0]
KIN 2203  Badminton I  [2-0]
KIN 2204  Tennis I  [2-0]
KIN 2206  Weight Training I  [2-0]
KIN 2207  Track and Field  [2-0]
KIN 2208  Gymnastics  [2-0]
KIN 2213  Badminton II  [2-0]
KIN 2216  Weight Training II  [2-0]
KIN 2221  Basketball  [2-0]
KIN 2223  Spanish Dance  [2-0]
KIN 2225  Folk and Square Dance  [2-0]
KIN 2226  Modern Dance  [2-0]
KIN 2230  Jazz Dance  [2-0]
KIN 2232  Aerobic Dance  [2-0]
KIN 2233  Aerobic Dance II  [2-0]
KIN 2235  Mexican Folkloric Dance  [2-0]
KIN 2236  Ballet  [2-0]
KIN 2241  Racquetball I  [2-0]
KIN 2242  Racquetball II  [2-0]
KIN 2256  Tennis II  [2-0]
KIN 2257  Golf  [2-0]

Fee must be paid directly to the golf course for the use of non-University facilities. At the time of publication of this catalog, the fee was $10. (Subject to change)

KIN 2258  Archery  [2-0]
KIN 2259 Bowling [2-0]
Fee must be paid directly to the bowling alley for the use of non-University facilities. At the time of publication of this catalog, the fee was $75. (Subject to change)

KIN 2264 Fencing [2-0]

KIN 2280 Lifeguard Training [2-0]
Prerequisite: KIN 2252 or current emergency water safety training.

KIN 2281 Water Safety Instruction [2-0]
Prerequisite: KIN 2280 or current lifeguard training or emergency water safety training.

KIN 2282 Scuba Diving [2-0]
Fee must be paid to outside vendor. At the time of publication of this catalog, the fee was $200. (Subject to change)

◆ Theory Courses

KIN 1351 Introduction to Kinesiology [3-0]
As Scheduled
Orientation to the field of kinesiology, its scope, organization of professional activities, vocational opportunities and professional qualifications.

KIN 1354 Safety and First Aid [3-0]
As Scheduled
Basic knowledge for safe and effective living. The essential aspects of home, work, motor vehicle and public safety. Includes both theoretical and practical aspects of emergency care. Standard First Aid, Personal Safety and Cardio-Pulmonary Resuscitation (CPR). Certification upon completion of specific requirements. Equivalent Course: HLTH 1354; a student may receive credit for only one course.

KIN 2301 Health-Related Physical Fitness Appraisal [3-0]
As Scheduled
Introduction to health-related physical fitness and health risk appraisal procedures that are intended to provide the intellectual and motivational base for positive health. (Taken by students who cannot take 4 hours of required kinesiology activities. Fulfills General Education Requirements; see page 91-93 for details.)

KIN 3300 Theory of Football [3-0]
As Scheduled
A study of and participation in the fundamentals and techniques, rules and strategies of football.

KIN 3302 Teaching Individual Sports [3-0]
As Scheduled
The current theories of teaching selected individual/dual sports.

KIN 3303 Theory of Basketball [3-0]
As Scheduled
A study of and participation in the fundamentals, techniques, rules and strategies of basketball.

KIN 3304 Theory of Baseball [3-0]
As Scheduled
A study involving the use of theory in the analysis and interpretation of coaching techniques and fundamentals in baseball.

KIN 3305 Theory of Track and Field [3-0]
As Scheduled
A study involving the use of theory in the analysis and interpretation of coaching techniques and fundamentals in track and field.

KIN 3310 Modified Team and Individual Sports [3-0]
As Scheduled
Analysis and presentation of sports in a modified form appropriate for the elementary school.

KIN 3312 Dance Activities for Adolescents [3-0]
As Scheduled
Analysis of skill and techniques in teaching social, folk and square dance.

KIN 3313 Dance for Children [3-0]
As Scheduled
Analysis of skills and techniques in teaching creative dance and folk dance for the elementary school.

KIN 3317 Theory and Performance of Gymnastics [3-0]
As Scheduled
Development of the basic techniques and performance skills of tumbling and gymnastic apparatus.
KIN 3319 Tumbling and Gymnastics [3-0]
As Scheduled
Analysis of skills and techniques in teaching basic tumbling and gymnastics.

KIN 3320 Theory of Volleyball [3-0]
As Scheduled
A study involving the use of theory in the analysis and interpretation of coaching techniques and fundamentals of volleyball.

KIN 3333 Theory of Soccer [3-0]
As Scheduled
A study of the use of theory in the analysis and interpretation of coaching techniques and fundamentals in soccer.

KIN 3345 Biomechanics [3-0]
As Scheduled
A study of the structural and mechanical factors that interact with human movement. Prerequisites: BIOL 2403 and BIOL 2404.

KIN 3352 Care, Treatment and Prevention of Athletic Injuries [3-0]
As Scheduled
Prevention and correction of accidents in physical education and athletic activities. The use of proper personal and field equipment, support methods, conditioning exercises, therapeutic aids, medical examinations and massage.

KIN 3353 Physiology of Exercise [3-0]
As Scheduled
Basic systemic adaptations to exercise with specific emphasis on teaching kinesiology and on training and conditioning athletes. Prerequisite: KIN 3345.

KIN 3356 Movement Exploration [3-0]
As Scheduled
A course structured to acquaint students with the essential elements of kinesiology. The underlying techniques of movement exploration are presented.

KIN 3365 Tests and Measurements in Kinesiology [3-0]
As Scheduled
The use, interpretation, evaluation and administration of valid tests in kinesiology. Also involves the application of elementary statistical procedures.

KIN 4313 Kinesiology Workshop [3-0]
As Scheduled
This course is designed to give a student experience in research or in-depth study/readings in a substantive area not normally covered within standard courses. Course topics will vary according to student interest. May be repeated for credit with different topics.

KIN 4351 Adapted Kinesiology [3-0]
As Scheduled
The selection and planning of kinesiology for students whose activity must be adapted due to demands by gravity, trauma, injury, congenital defect, illness or disease. Laboratory experience to be arranged. Field-based.

KIN 4664 Kinesiology Practicum
As Scheduled
University work and field placement in a public and/or private setting where student learns the theory and practice of operating a wellness establishment. Six to nine hours of field work per week. May not be used to satisfy teacher certification.

Management

MANA 1331 Introduction to Business [3-0]
Fall, Spring, Summer
A survey of the field of business and industry in our economic system. Basic principles of business organization and the information and operation of the several divisions of a business concern: finance, production, marketing and personnel. Designed to acquaint the beginning student with the problems, procedures and practices of modern business.

MANA 3300 Internship in Management [3-0]
As Scheduled
This course is designed to give students an opportunity to gain real world experience in their chosen career field by working with a participating employing firm or organization. The students will be supervised by a faculty member acting as a liaison between the employing organization and the academic department to assure compliance with specific learning and experience requirements for the assignment. The employment can be either paid or unpaid, and must be at least 10 hours of work each week over the period of one academic term. Prerequisites: Upper-division
Standing and approval by both department chair and employer providing internship experience.

**MANA 3335 Communication Policy and Strategy [3-0]**

*Fall, Spring, Summer*

Course focuses on communication policy and practice as contributor to the effectiveness and efficiency of organizational operation in domestic and global theaters. The focus includes decision making, ethical dilemmas and tactics related to establishment of organizational policies and practices guiding communication, internal and external, global and domestic, to the organization. The course uses case study format. *Prerequisite: CIS 1301 or equivalent. Satisfaction of general requirements for freshman English.*

**MANA 3361 Principles of Management and Organizational Behavior [3-0]**

*Fall, Spring, Summer*

A study of the management functions of planning, organizing, leading and controlling. Emphasis is placed on organizational theory and behavior to include culture and ethics. *Prerequisite: CIS 1301 or equivalent.*

**MANA 3362 Human Resource Management [3-0]**

*Fall, Spring, Summer*

This course focuses on the current developments within the field of personnel administration. Students will study the concepts, principles, policies and organizational procedures utilized by business institutions in the management of personnel that includes: selection, placement, compensation, morale, labor turnover, collective bargaining, employee service and supervisory activities. *Prerequisite: MANA 3361 or consent of department.*

**MANA 3364 Organizational Theory [3-0]**

*Fall, Spring*

This course studies the theory and process of designing, utilizing and evaluating organizational structures. It includes the design of appropriate jobs which will fit into the organizational structure as well as adapting the organizational design to the operational and environmental demands of the organization. *Prerequisite: MANA 3361.*

**MANA 3365 Compensation [3-0]**

*Fall, Spring*

This course presents the principles and practices of the determination of relative values of jobs and their application to basic wage and salary structure. The class includes the formulation of a job evaluation plan and its accompanying wage structure. *Prerequisites: ECON 2301 and 2302; MANA 3361 and MANA 3362 or consent of department.*

**MANA 3366 Recruitment and Selection [3-0]**

*Fall, Spring, Summer*

This course is designed to provide an understanding of the process of recruitment and selection in organizations. It will cover the basic aspects of these areas (e.g. job analysis, legal issues, selection devices) as well as current issues such as global staffing, downsizing and contingent workers. While the focus of the course is from an organization’s point of reference, a significant portion of the requirements will aid students in developing the tools, resources and awareness to get placed and promoted in organizations. *Prerequisite: QUMT 3342.*

**MANA 3367 Organizational Training and Development [3-0]**

*Fall, Spring, Summer*

This course is designed to provide students with the fundamental aspects of training as well as hands-on practical experience in developing training programs for organizations. The primary focus of this course deals with aiding students in developing the skills necessary to deliver training and development sessions that can be applied in organizations in order to meet the needs of the fast-paced, information-generating corporate environments that are necessary in firms today. A major emphasis will be on skill development in regard to the design and delivery of training that is both efficient and cost effective to the organization.

**MANA 4300 Topics in Management [3-0]**

*On Demand*

A course of supervised independent study and research into management theory and practice. *Prerequisite: 9 semester hours of management courses with at least a 3.0 GPA in these courses.*

**MANA 4361 Organizational Behavior [3-0]**

*Fall, Spring*

This course focuses on the study of management theory with emphasis on the investigation of individual and group behaviors within organizations. *Prerequisite: MANA 3361 or consent of department.*

**MANA 4362 Small Business Venture [3-0]**

*Fall, Spring*

This course explores ways to own a business, including starting a new business and acquiring a franchise or
existing business. The student will also study the various federal, state and local institutions that cater to the needs of small business development. Students will be required to complete a term project involving the steps required to start or buy a small business.

**MANA 4363 Production Management** [3-0]  
*Fall, Spring, Summer*  
The concept of the production function and its applicability to all types of business firms, problems that provide background for the integration of scientific decision processes relative to an analysis of production activities and computer applications in the production/operations environment. **Prerequisites:** QUMT 3342 and MANA 3361.

**MANA 4364 Societal Problems in Business** [3-0]  
*Fall, Spring*  
The behavior and social responsibilities of business firms and other business institutions in modern society to include current cultural and ethical issues. **Prerequisite:** MANA 3361.

**MANA 4366 Small Business Management** [3-0]  
*Fall, Spring*  
A study of the special characteristics of small business. Emphasis will be placed on the selecting and starting of a small business and the essential function of management in the first years of operation. **Prerequisites:** Senior standing in business or entrepreneurship minors: ACC 2421, MANA 3361 and 3 hours of Economics.

**MANA 4367 Purchasing and Supply Management** [3-0]  
A study of the integration and coordination of activities, such as purchasing, outsourcing, materials management, logistics, supplier selection, global sourcing, and international distribution, to create an effective flow of materials and information from suppliers to customers.

**MANA 4368 Industrial Relations** [3-0]  
*Fall, Spring*  
An examination of current issues and problem areas facing management and unions in their relationship with employees, government and the community. Emphasis is placed on the role of union and management in the process, on the relationship of this process to contemporary labor legislation, contract negotiations and daily administration of company and union relations. **Prerequisites:** MANA 3361 and MANA 3362 or consent of the department.

**MANA 4369 Strategic Management** [3-0]  
*Fall, Spring, Summer*  
This capstone course integrates knowledge in functional areas and covers strategy formulation, implementation and evaluation. Different types of organizations in all kinds of environments and industries are studied. Technology, culture and ethics are important environmental variables considered. **Prerequisites:** MANA 3361, MANA 4363, MARK 3371 and FINA 3383 and INTB 3330.

**MANA 4399 Business Consulting** [3-0]  
*On Demand*  
This course is an on-site evaluation of an operating business by a student or students serving in the role as a consultant or consulting team. Course emphasis will be directed toward an analysis of the basic business functions of accounting, finance, production, marketing and management as they pertain to the successful operation of a business. **Prerequisites:** Senior standing and consent of department.

**Manufacturing Engineering**

**MANE 2101 Manufacturing Technology**  
*Laboratory* [3-0][0-3]  
*Fall, Summer*  
Introduction to machine shop tool operations, metrology, advanced laboratory skills and data analysis. **Prerequisites:** Sophomore standing and MECE 1221.

**MANE 2340 Fundamentals of Industrial Engineering** [3-0]  
*Fall*  
Introduction to engineering economic analysis, industrial and project management, ergonomics, human factors, work recording techniques, time and motion study and line balancing. **Prerequisites:** Sophomore standing or consent of instructor.

**MANE 2430 Manufacturing Processes** [3-3]  
*Fall*  
An introduction to manufacturing processes including metal cutting, nontraditional machining, force analysis, casting, deformation and joining processes, plastics, composites, manufacturing of ceramics and electronic
MANE 3101  Projects in Manufacturing Engineering  [0-3]
As Scheduled
Special construction projects, research activities or supervised manufacturing engineering studies. May be repeated once for credit. *Prerequisites:* Junior standing or consent of instructor.

MANE 3164  Manufacturing Processes Lab  [0-3]
*Fall and Spring*
Provides hands-on experience in various manufacturing processes. *Prerequisite:* Credit for or enrollment in MANE 3364. $30 laboratory fee.

MANE 3300  Computer-Aided Design  [2-3]
*Spring*
Curve and surface definition, geometric transformation and solid modeling, projections and visualization and numerical analysis, introduction to finite element analysis. *Prerequisite:* MECE 1221.

MANE 3301  Projects in Manufacturing Engineering  [0-9]
As Scheduled
Special construction projects, research activities or supervised manufacturing engineering studies. May be repeated once for credit. *Prerequisites:* Junior standing or consent of instructor.

MANE 3302  Computer-Aided Manufacturing  [2-3]
*Spring*
Programmable logic controllers, sensors, robotics, computer control of manufacturing processes and integration. *Prerequisite:* Credit for or enrollment in MANE 3364.

MANE 3332  Engineering Statistics  [3-0]
*Spring*
Fundamentals of probability, commonly encountered density functions, distribution functions, statistical tests and experimental designs as used in manufacturing and product design. Includes use of microcomputer-based statistical analysis software. *Prerequisite:* MATH 1401.

MANE 3337  Engineering Economics  [3-0]
*Spring*
Application of economics and decision theory to engineering alternatives in planning, developing, constructing and managing engineering projects. Discounted cash flow mechanics, economic analysis, management of money and economic decisions including inflation and utility theory. *Prerequisite:* MANE 3332.

MANE 3364  Manufacturing Processes  [3-0]
*Fall and Spring*
An introduction to manufacturing processes including metal cutting, nontraditional machining, force analysis, casting, deformation and joining processes, plastics, composites, manufacturing of ceramics and electronics devices. *Prerequisite:* MECE 2440.

MANE 4301  Robotics  [3-0]
As Scheduled
Introduction to matrix transformation. Study of kinematics, trajectory planning, dynamics and control of robotics. Application of robots for automated manufacturing, assembly and materials handling. *Prerequisite:* Consent of instructor.

MANE 4311  Quality Control  [3-0]
*Fall*
Study of statistical methods applied to the assurance of product quality. Foundational principles developed by Juran, Deming and others will be applied. Sampling techniques and control charts will be applied. Concepts of statistical process control will be emphasized throughout. Design of experiments and Taguchi-type methodologies will be introduced. *Prerequisite:* MANE 3332.

MANE 4321  Automation Systems  [3-0]
*Fall*
Modeling of mechanical, thermal, fluid, electrical and electromechanical systems; time response analysis, block diagram and signal flow representation; stability analysis and design of compensators.  
*Prerequisite:* Credit for or enrollment in MATH 3349.

MANE 4331  Manufacturing Planning and Control  [3-0]
*Spring*
A capstone course covering the principles of manufacturing process and plant design and control emphasizing the interrelationship between product design, process design and the firm’s operating plan. Computer models will be used extensively. *Prerequisite:* Consent of instructor.
MARK 3371 Principles of Marketing [3-0]
Fall, Spring, Summer
The marketing structure as it operates in our economic system, with emphasis on improving the flow of goods and services from producer to consumer. Practical application of principles and techniques. Designed as a beginning course in marketing. Prerequisite: ECON 2302, CIS 1301 or equivalent.

MARK 3372 Consumer Behavior [3-0]
Fall, Spring
An overall view of the basic perspectives of consumer behavior. An interdisciplinary approach is utilized by studying the fields of economics, psychology, sociology and anthropology as they relate to marketing. Emphasis is placed on the fundamental process of motivation, perception and learning, as well as analysis of individual predispositions and group influences in marketing. Prerequisite: MARK 3371 or consent of instructor.

MARK 3373 Industrial Marketing [3-0]
As Scheduled
A comprehensive study of marketing in other than the retail area. Topics include wholesale institutions, their competitive positions and strategies; channels of distribution; physical distribution; marketing to industrial consumers and industrial buying behavior. Readings, cases and special projects. Prerequisite: MARK 3371 or consent of the instructor.

MARK 3375 Retailing [3-0]
Fall, Summer
Principles and methods of modern retailing, emphasis on problems of store location and layout, buying, pricing, credit, stock control, personnel and sales promotion. Designed for students who wish to gain a general knowledge of the retail field as well as those specializing in marketing. Prerequisite: MARK 3371 or consent of instructor.

MARK 3376 Professional Salesmanship [3-0]
Fall, Spring
Professional salesmanship, the product, the buyer, planning the presentation, meeting the prospect, the interview, overcoming resistance, closing the sale and building goodwill. Practical applications of selling in the form of structured class presentations with an emphasis on consultative selling. Prerequisite: MARK 3371 or consent of instructor.

MARK 4330 International Marketing [3-0]
Fall, Spring, Summer
The development of the international marketing mix for the multinational organization, and an in-depth look at global versus domestic marketing management. Prerequisite: MARK 3371

MANE 4333 Topics in Manufacturing Engineering [3-0]
As Scheduled
Topics selected from current issues of concern in manufacturing industries. May be repeated for credit when topics change. Prerequisite: Consent of instructor.

MANE 4340 Operations Research [3-0]
As Scheduled
An introduction to basic concepts in mathematical modeling, stochastic processes, linear programming and optimization. Applications include inventory system and control, plant location and network analysis. Prerequisite: Consent of instructor.

MANE 4346 Introduction to Plastics Engineering [3-0]
As Scheduled
Emphasis on important relationships between material’s properties (physical and chemical), the molding process, the design process and the performance of finished products. Prerequisite: MECE 2440.

MANE 4352 Manufacturing Simulation [3-0]
Spring
Develops skills in applying discrete computer simulation and modeling techniques for facility layout design and production planning. Topics include data collection, input analysis, distribution fitting, model development, verification and output analysis. Prerequisite: MANE 3332.

MANE 4365 Tool Design [3-0]
As Scheduled
Covers topics on tool design methods, locating and clamping methods, design of jigs and fixture, gauges and gauge design, die design and mold design. Prerequisites: MANE 3364 and MANE 3300.
MARK 4372  Promotions Management  [3-0]
As Scheduled
Management of the promotional mix. Analysis and application of advertising and sales promotion methods through mass communication and management of the sales force for both consumer and industrial goods. **Prerequisite:** MARK 3371 or consent of instructor.

MARK 4373  Sales Management  [3-0]
Fall, Spring
Decision making of the sales manager and how it affects the sales force. Emphasis is placed on sales planning, staffing, training and directing of the sales force including sales force analysis and evaluation. **Prerequisite:** MARK 3371.

MARK 4377  Marketing Management  [3-0]
Spring
Emphasis on acquiring a knowledge of various tools and models that may be useful in assisting the marketing manager in the decision-making process. All areas of marketing are discussed within the decision-making framework, with practical application of techniques emphasized. **Prerequisite:** MARK 3371.

MARK 4378  Marketing Research  [3-0]
Fall, Spring
Quantitative research procedures and techniques used in business today. Problem definition, sources of research data, survey methods, questionnaire design and sampling techniques. Practical application of procedures and techniques is emphasized through class research projects. **Prerequisites:** QMT 3342 and MARK 3371.

MARK 4379  Special Problems in Marketing  [3-0]
As Scheduled
In-depth study of specific problems in marketing. A weekly conference is scheduled with the supervising faculty member. **Prerequisites:** 12 hours in Marketing and consent of instructor.

MATH 1300  Elementary Algebra  [3-0]
As Scheduled
A course in elementary algebra designed for the student with a background in numerical skills. Students have the opportunity to prepare for intermediate algebra and other mathematics coursework recommended in education, fine arts, the humanities or social sciences. Topics include basic operations on real numbers, elementary geometry, introduction to algebra, linear equations and graphs, linear equations with applications, elementary inequalities, exponent properties, introduction to radicals, polynomials and factoring methods. This course does not count toward a student's hours for graduation or in the determination of hours attempted or earned. This course may not be used to satisfy any general University graduation requirements.

MATH 1321  Business Algebra  [3-0]
As Scheduled
This course is designed for students who plan to major within the College of Business Administration. Topics include inequalities, quadratic functions, logarithmic and exponential functions, sequences and series, mathematics of finance, systems of linear equations, matrices and an introduction to linear programming. Use of electronic calculators and microcomputers to perform numerical computations is emphasized. **Previous Course Number:** MATH 2316. A student may use MATH 1321 to replace a grade received in MATH 2316; however, one may receive credit for only one of MATH 1321, MATH 2316 or MATH 1340. **Prerequisite:** MATH 1334 with a grade of “C” or better or satisfactory score on ACT or placement exam.

MATH 1322  Business Calculus  [3-0]
As Scheduled
This course is designed for students who plan to major within the College of Business Administration. Topics include differential calculus with business optimization applications, multivariable calculus including optimization techniques and applications and an introduction to integral calculus. **Prerequisite:** MATH 1321 or MATH 2316 with a grade of “C” or better.

MATH 1334  Intermediate Algebra  [3-0]
As Scheduled
A course in algebra designed to prepare the student for College Algebra or the equivalent. Topics include
MATH 1340  College Algebra  [3-0]  
As Scheduled  
Topics include nonlinear and absolute value inequalities, functions, complex numbers, polynomial and rational functions, systems of linear and nonlinear equations, and matrices.  

Grade Replacement and Credit Restrictions: This course replaces a grade received in MATH 1304, MATH 2316 or MATH 1321; however, one may receive credit for only one of the following: MATH 1304, MATH 1340, MATH 1387, MATH 2316 or MATH 1321. Prerequisite: MATH 1334 with a grade of "C" or better or satisfactory score on ACT or placement exam.

MATH 1356  Trigonometry  [3-0]  
As Scheduled  
Topics include circular functions, identities, special angles, trigonometric equations and graphs. Previous Course Number: MATH 1305; credit may be received for only one course. Prerequisite: MATH 1340 or its equivalent with a grade of "C" or better or satisfactory score on ACT or placement exam.

MATH 1357  Precalculus Mathematics  [3-0]  
As Scheduled  
Topics include transcendental functions, analytic geometry, conic sections, sequences and series. Prerequisite: MATH 1356 with a grade of "C" or better or appropriate high school background and/or placement exam.

MATH 1401  Calculus I  [4-0]  
As Scheduled  
Topics include limits, the derivative and its applications, antiderivatives, definite integrals, and the derivatives and integrals of transcendental functions. Credit Restriction: A student may not receive credit for both MATH 1360 and MATH 1401. Prerequisite: MATH 1357 with a grade of "C" or better or appropriate high school background and placement scores.

MATH 1402  Calculus II  [4-0]  
As Scheduled  
Topics include methods and applications of integration, parametrized curves, integration in polar coordinates, and infinite sequences and series. Credit Restriction: A student may not receive credit for both MATH 2342 and MATH 1402. Prerequisite: MATH 1401 with a grade of "C" or better or appropriate high school background and placement scores.

MATH 1487  Calculus I (Honors)  [4-0]  
As Scheduled  
Topics of derivatives, definite integrals, limits are studied taking examples from algebraic and transcendental functions. Emphasis is placed on calculus as a discipline and calculus as a tool in modeling. Credit Restrictions: A student may receive credit for only one of the following: MATH 1360, MATH 1401, MATH 1487. Prerequisites: MATH 1357 with a grade of "C" or better or appropriate high school background and placement scores, together with admissions to the honors program or consent of the instructor.

MATH 1488  Calculus II (Honors)  [4-0]  
As Scheduled  
Topics include methods and applications of integration, alternative coordinate systems, parameterizations, infinite sequences and series. Topics are viewed as useful tools and are studied in the context of calculus as a discipline. Credit Restrictions: A student may receive credit for only one of the following: MATH 1370, MATH 1402, MATH 1488. Prerequisites: MATH 1401, MATH 1487 (or MATH 1401) with a grade of "C" or better or appropriate high school background and placement scores, together with admission to the honors program or consent of the instructor.

MATH 2306  Foundations of Mathematics I  [3-0]  
As Scheduled  
Students study the mathematical background for meaningful learning of number concepts, precise definitions, fundamental operations and problem-solving mathematics. The structure of the real number system is developed through the use of elementary logic and set theory. Previous Course Number: MATH 1314; a student may use MATH 2306 to replace a grade recorded in MATH 1314; however, one may not receive credit for both MATH 1314 and MATH 2306. Prerequisite: MATH 1340 with grade of "C" or better or satisfactory score on ACT or placement exam.
MATH 2307 Foundations of Mathematics II [3-0]
As Scheduled
This course is a continuation of MATH 2306. Topics include measurement, geometry, probability, statistics, elementary algebra and problem solving. Previous Course Number: MATH 1315. A student may use MATH 2307 to replace a grade received in MATH 1315; however, one may not receive credit for both MATH 1315 and MATH 2307. Prerequisite: MATH 1340 with a grade of “C” or better and MATH 2306 with a grade of “C” or better.

MATH 2330 Survey of Elementary Statistics [3-0]
As Scheduled
This course is intended to provide the student with an elementary overview of the mathematical nature and uses of descriptive and inferential statistics. Topics include the definitions and fundamental theorems concerning measures of central tendency and dispersion, empirical and theoretical concepts of probability, the central limit theorem, tests of hypotheses, interval estimation, chi-square tests and regression and correlation. Equivalent Course: STAT 2330. Credit may be received in only one of MATH 2330 or STAT 2330. Prerequisite: MATH 1334 with a grade of “C” or better or satisfactory score on ACT or placement exam.

MATH 2345 Elementary Linear Algebra [3-0]
As Scheduled
Topics include systems of linear equations, matrices and their algebraic properties, determinants, vectors, Euclidean N-space, linear transformations and their matrix representations, vector spaces, eigenvalues and eigenvectors and applications to the sciences and business. Previous Course Number: MATH 2304. A student may use MATH 2345 to replace a grade received in MATH 2304; however, one may not receive credit for both MATH 2304 and MATH 2345. Prerequisite: MATH 1401 with a grade of “C” or better.

MATH 2346 Mathematics for Electrical Engineers [3-0]
As Scheduled
This course covers the essentials of matrix theory, discrete mathematics, and numerical methods needed for majors in Electrical Engineering. Topics include Gaussian elimination, matrix algebra, determinants, graphs, trees, combinatorics, root finding algorithms, numerical differentiation, numerical integration, and numerical matrix methods. Prerequisite: CSCI 1380 with a grade of “C” or better. Co-requisite: MATH 1402.

MATH 2401 Calculus III [4-0]
As Scheduled
Topics include vectors, calculus of several variables, partial derivatives, multiple integrals and vector calculus including the Divergence Theorem and Stoke’s Theorem. Credit Restriction: A student may not receive credit for both MATH 3347 and MATH 2401. Prerequisite: MATH 1402 with a grade of “C” or better.

MATH 3303 History of Mathematics [3-0]
As Scheduled
This course is a study of the historical development of ideas that shape modern mathematical thinking. Although mathematicians are studied, emphasis is placed on mathematical development. Prerequisite: MATH 1402.

MATH 3304 Geometry [3-0]
As Scheduled
This course studies Euclidean and non-Euclidean geometries focusing on axiomatic systems with the purpose of developing students’ understanding of the ability to create mathematical proofs. Prerequisite: MATH 2345 with a grade of “C” or better.

MATH 3310 Foundations of Mathematical Problem Solving [3-0]
As Scheduled
This course studies the cognitive and affective aspects of problem solving models, heuristics and strategies. Applications are drawn from many fields including but not limited to arithmetic, algebra, geometry and number theory. Discovering how to get the most out of one’s mathematical knowledge and reasoning ability when transferring to new and/or difficult problematic situations is a fundamental aim of this course. Prerequisite: MATH 2307 with a grade of “C” or better.

MATH 3311 The Organizational Structures and Processes of Mathematics [3-0]
As Scheduled
This course examines the content and organization of logical, axiomatic and algorithmic structures and the corresponding networks of concepts, principles and skills in the field of mathematics. It includes the analysis, justification and application of such mathematical processes as those for proofs, algorithms, problem solving and applications of mathematics. This course aims at developing an advanced level of understanding of mathematics (content and method) up through integral calculus. Prerequisite: MATH 1402.
MATH 3312  Foundations of Measurement and Informal Geometry  [3-0]
As Scheduled
An in-depth study of measurement and informal geometry. Topics will include length, area, volume, the metric system, transformations, symmetry, congruency, similarity and coordinate systems. Prerequisite: MATH 2307 with a grade of “C” or better.

MATH 3313  Foundations of Algebraic Structures  [3-0]
As Scheduled
Algebraic concepts and structures will be examined with an emphasis on the group and field properties. Prerequisite: MATH 2307 with a grade of “C” or better.

MATH 3315  Foundations of Probability and Statistics  [3-0]
As Scheduled
An in-depth study of probability and statistics. Topics include constructing and interpreting tables, graphs and charts; descriptive measures; and elementary concepts of probability. Prerequisite: MATH 2307 with a grade of “C” or better.

MATH 3316  Foundations of Mathematics in a Computer Environment  [3-0]
As Scheduled
This course studies mathematics that can be developed and explored in an environment that includes the computer as the primary investigative tool. Topics include algebraic and geometric patterns, functions, iterative and recursive processes, and probabilistic and statistical models. Prerequisite: MATH 2307 with a grade of “C” or better.

MATH 3319  Mathematical Foundations of Structures and Processes of Mathematics  [3-0]
As Scheduled
This course examines the content and organization of logical, axiomatic and algorithmic structures and the corresponding networks of concepts, principles and skills in the field of mathematics. It includes the analysis, justification and application of such mathematical processes as those for proofs, algorithms, problem solving and applications of mathematics. This course aims at developing an advanced level of understanding of structures and processes of mathematics. Prerequisite: MATH 2307 with a “C” or better.

MATH 3337  Applied Statistics I  [3-0]
As Scheduled
This course concerns itself with probabilistic models, regression analysis, nonparametric statistics and the basics of experimental design. Computer laboratory experience will be an important part of the class. Equivalent and Previous Course Information: This course replaces MATH 3308 and is the same as STAT 3337. A student may use MATH 3337 to replace a grade received in MATH 3308; however, one may receive credit for only one of MATH 3308, MATH 3337 and STAT 3337. Prerequisites: Junior standing and either MATH 1340 or MATH 1321. It is highly recommended that the student have some knowledge of statistics such as is offered in MATH 2330.

MATH 3338  Applied Statistics II  [3-0]
As Scheduled
This course is a continuation of MATH 3337 and includes special designs, analysis of variance and covariance, multiple comparisons and coding. Prerequisite: MATH 3337 or STAT 3337.

MATH 3349  Differential Equations  [3-0]
As Scheduled
A study of ordinary differential equations and applications. Prerequisite: MATH 1402 with a grade of “C” or better.

MATH 3368  Numerical Methods  [3-0]
As Scheduled
This course includes interpolation, numerical integration, numerical solutions to differential equations and a study of numerical solutions to systems of equations. Equivalent Course: CSCI 3350; a student may receive credit for only one course. Prerequisites: MATH 1401; CSCI 1380 or CSCI 2325 or consent of instructor.

MATH 3373  Discrete Structures  [3-0]
As Scheduled
This course is an introduction to discrete mathematics, studying enumeration, lattices, graphs and other topics in combinatorics. Particular emphasis is given to those structures applicable in computer science. Previous Course Number: MATH 4373. A student may use MATH 3373 to replace a grade received in MATH 4373; however, credit may be received for only one course. Prerequisite: MATH 1401 or MATH 1322.
### Undergraduate Course Descriptions

#### MATH 4302 Theory of Numbers

As Scheduled

This course includes the binomial theorem, the division algorithm, the Euclidean algorithm, diophantine equations, primes and their distribution, congruencies, and number-theoretic functions. **Prerequisite:** MATH 2345.

#### MATH 4317 Complex Analysis

As Scheduled

This course is an introduction to the theory of functions of a complex variable with basic techniques and some applications. Topics include complex numbers and the extended complex plane, elementary functions of a complex variable, differentiation, conformal mappings, contour integration, Cauchy’s theorem, Cauchy’s formula, Taylor and Laurent series, and residue theory. **Prerequisite:** MATH 2401.

#### MATH 4318 Boundary Value Problems

As Scheduled

This course is an introduction to elementary partial differential equations, with applications to physics and engineering. Heat conduction, diffusion processes, wave phenomena and potential theory are explored by means of Fourier analysis. **Prerequisite:** MATH 3349.

#### MATH 4319 Integral Transforms

As Scheduled

This course is an introduction to transform analysis based on the theory of Fourier and Laplace integrals. Topics include contour integration, inverse formulas, convolution methods, with application to mathematical analysis, differential equations and linear systems. **Prerequisites:** MATH 2401 and MATH 3349.

#### MATH 4339 Probability and Statistics

As Scheduled

Topics include probability, random variables, discrete and continuous probability distributions, expectations, moments and moment generating functions, functions of random variables and limiting distributions. **Prerequisite:** MATH 1402 with a grade of “C” or better.

#### MATH 4351 Modern Algebra

As Scheduled

This course provides an introduction to algebraic structures. Topics are to be taken from groups, rings and fields. **Prerequisite:** MATH 2345 with a grade of “C” or better.

#### MATH 4357 Real Analysis

As Scheduled

This course presents a rigorous introduction to the elements of real analysis. Topics include sequences, series, functions, limits, continuity and derivatives. **Prerequisite:** MATH 2401.

#### MATH 4360 Topology

As Scheduled

This course presents a rigorous introduction to the elements of topology. Topics include a study of metric spaces, separation axioms, topological spaces and topological properties of point sets and mappings. **Prerequisite:** MATH 2401.

#### MATH 4364 Special Problems in Mathematics

As Scheduled

This course covers special undergraduate topics in mathematics that are not taught elsewhere in the department. May be repeated for credit. **Prerequisite:** Consent of instructor.

#### MATH 4379 Special Problems in Applied Mathematics

As Scheduled

This course covers special undergraduate topics in applied mathematics that are not taught elsewhere in the department. May be repeated for credit when topic is different. Previous Course Number: MATH 4311. A student may use MATH 4379 to replace a grade received in MATH 4311; however, credit may be received for only one course. **Prerequisite:** Consent of instructor.

#### Mechanical Engineering

#### MECE 1221 Engineering Graphics

Fall, Spring, Summer

This course provides an introduction to computer-aided drafting techniques. Topics include methods of graphical communication, two- and three-dimensional drawing presentation, working drawing, data analysis, design synthesis and production methods. **Prerequisite:** Computer literacy. $20 laboratory fee.
MECE 2303 Statics  [3-0]  (Fall, Spring)
The study of forces, moments, friction, centers of mass, gravity and pressure using the equations of equilibrium in vector algebraic and calculus forms. Prerequisites: MATH 1401 and credit for or enrollment in MATH 1402.

MECE 2304 Dynamics  [3-0]
Kinematics, dynamics, work-energy and impulse-momentum methods applied to engineering problems involving particles and rigid bodies. Prerequisite: MECE 2303.

MECE 2335 Thermodynamics I  [3-0]  (Fall, Spring)
Classical thermodynamics with primary emphasis on application of the first and second laws of thermal systems. Introduction to physical and chemical equilibria. Prerequisite: MATH 1402.

MECE 2405 Engineering Mechanics  [3-0]  (Fall, Spring)
Force vectors; free body diagrams; engineering applications of equilibrium; centroids; moment of inertia; kinematics and kinetics applied to engineering problems involving particles and rigid bodies. Prerequisite: MATH 1402.

MECE 2440 Engineering Materials  [3-0]  (Fall, Spring)
An introduction to the atomic crystallographic and microstructural characteristics of solids and the relationship of these characteristics to the engineering properties and behavior of metallic, ceramic and polymeric materials. Topics in corrosion. Prerequisite: CHEM 1301 and CHEM 1101. $15 laboratory fee.

MECE 3115 Fluid Mechanics Laboratory  [0-3]
Spring
Introduction to basic fluid mechanics instrumentation; computerized data acquisition and analysis. Experimental verification and reinforcement of analytical concepts introduced in MECE 3315. Prerequisite: Credit for or enrollment in MECE 3315. $25 laboratory fee.

MECE 3160 Heat Transfer Laboratory  [0-3]  (Fall)
Measurements in basic heat transfer design and heat exchangers; computerized data acquisition and analysis, experimental verification on the theoretical and semiempirical results developed in MECE 3360. Prerequisite: Credit for or enrollment in MECE 3360. $15 laboratory fee.

MECE 3315 Fluid Mechanics  [3-0]  (Spring)
Laws and theory relative to incompressible fluids, continuity, momentum and energy relations; internal and external flow in laminar and turbulent regimes; design of piping systems and aircraft parameters. Prerequisites: MECE 2335, MATH 2401 and MATH 3349.

MECE 3320 Measurements and Instrumentation  [2-3]  (Fall)
Fundamentals of measurement systems; standards; treatment of data; statistics; uncertainty analysis, data acquisition; transducers; strain; force, acceleration; pressure; temperature; fluid flow. Prerequisites: PHYS 2302, MATH 3349 and credit for or enrollment in ELEE 3305. $30 laboratory fee.

MECE 3321 Mechanics of Solids  [3-0]  (Fall, Spring)
Internal forces and deformation in solids; stress and strain in elastic and plastic solids; applications to beams, columns, a variety of engineering problems and introduction to computer modeling. Prerequisites: MECE 2303 or MECE 2405 and credit for or enrollment in MATH 2401 and PHYS 2301. $15 laboratory fee.

MECE 3336 Thermodynamics II  [3-0]  (Spring)
Gas and two-phase power and refrigeration cycles. Gas mixtures, chemical reactions, chemical equilibrium. The basic laws and concepts of thermodynamics are viewed as their use is encountered in the course. Prerequisite: MECE 2335.
MECE 3350 Mechanical Engineering Analysis [3-0]
Spring
Mathematical modeling and simulation of engineering systems. Introduction to the application of Fourier series and partial differential equations to a variety of engineering problems. Prerequisite: CSCI 2335 or CSCI 1380, MATH 2401 and MATH 3349.

MECE 3360 Heat Transfer [3-0]
Fall
Steady and unsteady one- and two-dimensional heat conduction. Forced and free convection, radiation, heat exchangers. Prerequisites: MECE 2335, MECE 3315 and credit for or enrollment in MECE 3350.

MECE 3380 Kinematics and Dynamics of Machines [3-0]
Spring
Kinematic and dynamic modeling and analysis of mechanisms and machines; study of machine components such as linkages, cams, gears, gear trains and differentials. Prerequisites: PHYS 2301 and MECE 2304.

MECE 3385 Mechanical Vibrations [3-0]
As Scheduled
Undamped and damped, free and forced vibrations of single degree of freedom systems with design applications to base excitation, unbalance, rotating shafts, isolation and absorption; multi-degree of freedom systems, continuous systems; transient response; numerical techniques used to analyze alternate designs and propose optimum solutions. Prerequisites: MATH 2401, MATH 3349, MECE 2321 and MECE 2304.

MECE 4321 Intermediate Mechanics of Solids [3,0]
The topics covered in this course include: energy methods in mechanics, non-systematic bending, shear center, elastic-plastic bending and torsion, torsion and bending of general cross-sections, and column buckling. Prerequisites: MECE 3321, MATH 3349.

MECE 4322 Introduction to the Practice of Finite Elements [3,0]
This course is an introduction to finite element theory, and truss, beam, and plate element formulation for linear static analysis. Application of boundary conditions, element convergence, isoparametric formulation, and gauss quadrature are also examined. This course is design oriented, with a substantial component involving the use of a commercial software package. $25 lab fee.
Prerequisites: MECE 3321, MECE 3350.

MECE 4323 Introduction to Combustion Engineering [3,0]
Role of combustion in Energy, Environment and Fire Problems Thermochemistry; Fuels (Gas, Liquid and Solid); Chemical Kinetics; Combustion of Gaseous and Vaporized Fuels (Flames); Pollutant Emissions; Modern Measurements. Prerequisites: MECE 2335.

MECE 4324 Energy Systems, Analysis and Design [3,0]
This course deals with the analysis, design and simulation of practical energy systems including: Piping systems, Heat Exchangers, Pumps, Fans, and Nozzles. Prerequisites: MECE 2335, MECE 3315, MECE 3360 (or co-requisite)

MECE 4326 Classical Control, Theory and Applications [3,0]
Classical control techniques will be investigated with respect to time and frequency domain for time invariant linear systems. These approached include Bode and Nyquist plots, Nichols charts, and root locus analysis for improved behavior of physical processes and machinery. Prerequisites: Senior standing in Mechanical Engineering.

MECE 4327 Intermediate Materials Engineering [3,0]
The course explores advanced topics in materials science and engineering. Coverage includes ceramic materials, electronic and electrical properties of materials and the newest nano-scale materials.
Prerequisites: MECE 2440, CHEM 1402.

MECE 4328 Introduction to Plastics Engineering [3,0]
Emphasis on important relationships between material’s properties (physical and chemical), the modeling process, the design process, and the performance of finished products. Prerequisites: MECE 2440.

MECE 4329 Metallurgy of Engineering Alloys [3,0]
Coverage of the important microstructures and properties in the commercially significant metal alloys. Topics include binary and trinary phase diagrams, heat treating, microstructural analysis, and engineering properties of steel, aluminum, nickel, and other non-ferrous metals. Prerequisites: MECE 2440, CHEM 1402.
MECE 4345 Composite Material Design [3-0]
As Scheduled
An introduction to the theory of mechanics of solids for elastic and viscoelastic composite materials. Emphasis on analysis and design of structural laminate composite including failure mechanism, e.g., fatigue, delamination and dynamics of composites including effective moduli and material damping. Prerequisites: MECE 2321 and MECE 2440.

MECE 4350 Machine Elements [3-0]
Fall
Stress and deflection analysis, failure theories, design of machine elements for static and fatigue strength, design of welded and bonded connections and computer modeling applications. Prerequisites: MECE 2304, MECE 2440 and MECE 2321.

MECE 4365 Heating, Air Conditioning and Refrigeration Design [3-0]
As Scheduled
Heating, ventilation and air conditioning of buildings for human comfort or industrial processes; design selection, construction equipment and refrigeration systems. Prerequisites: MECE 3315 and credit for or enrollment in MECE 3360.

MUS 1105/3106 Symphony Orchestra
Fall, Spring
Instrumental music organization open by audition to students who play appropriate instruments. Each course may be repeated any number of times; however, only 4 hours of each course will count toward a degree.

MUS 1107/4108 Women's Chorus
Fall, Spring
Vocal music organization open by audition to all University students who qualify. Each course may be repeated any number of times.

MUS 1109/4110 Opera Workshop
Fall, Spring
An organization that stages scenes or complete works from opera and Broadway theater, open by audition to all University students. Each course may be repeated any number of times.

MUS 1185/3186 Applied Music Lab
Fall, Spring
Music majors enrolled in Applied Music must register for Applied Music Lab. Each course may be repeated any number of times.

MUS 1207/3208 Jazz Ensemble
Fall, Spring
An instrumental music organization open to all college students who have an ability to play an appropriate instrument. Membership is determined by audition. Organization rehearses and performs popular, rock and jazz music for its own musical development and to satisfy requests on and off the campus. Each course may be repeated any number of times.

MUS 1208/3210 Mariachi Ensemble
Fall, Spring
Instrumental and vocal music organization open by audition to all college students who have the ability to sing or play an appropriate instrument. The organization rehearses and performs traditional Mariachi music at numerous on- and off-campus occasions. Each course may be repeated any number of times.
MUS 1221  Class Piano
Fall, Spring
Piano instruction for students who have no previous training in piano. May be used to satisfy the minimum piano requirements for non-pianist music majors. Three class hours a week. Instructional fee: $10.

MUS 1222  Class Piano
Fall, Spring
Piano instruction for students who have had MUS 1221 or equivalent. May be used to satisfy the minimum piano requirements for non-pianist music majors. Three class hours a week. Instructional fee: $10.

MUS 1223  Beginners Class Voice
Fall, Spring
Vocal instruction for students who have no previous training in voice. May be used to satisfy the voice requirements for non-vocal music majors. Three class hours a week with outside preparation of materials for examination. Instructional fee: $10.

MUS 1224  Beginners Class Voice
Fall, Spring
Vocal instruction for students who have no previous training in voice. May be used to satisfy the voice requirements for non-vocal music majors. Three class hours a week with outside preparation of materials for examination. Instructional fee: $10.

MUS 1225  Beginning Guitar Class I
Fall, Spring
Basic instruction in guitar to include music reading, tuning of the instrument, elementary chord structures and fingering and strumming techniques. An acoustic instrument is required for this course.

MUS 1226  Beginning Guitar Class II
Fall, Spring
Continuation of MUS 1225. An acoustic instrument is required for this course. Prerequisite: MUS 1225.

MUS 1227  Level-Two Class Guitar
Fall, Spring
Continuation of MUS 1226. An acoustic instrument is required for this course. Prerequisite: MUS 1226.

MUS 1228  Level-Two Class Guitar
Fall, Spring
Continuation of MUS 1227. An acoustic instrument is required for this course. Prerequisite: MUS 1227.

Applied Music
Fall, Spring
Private instruction in the concentration of the student’s major area. Credit is earned on the basis of one half-hour lesson and one hour minimum daily practice for 2 hours credit, or two half-hour lessons per week and two hours minimum daily practice for 4 hours credit. Applied music fee: two-semester hour course, $35; 4 semester hour course, $60. Each course may be repeated four times for credit.

MUS 1231, 1431, 3232, 3432  Applied Piano
MUS 1233, 1433, 3234, 3434  Applied Voice
MUS 1235, 1435, 3236, 3436  Applied Percussion
MUS 1237, 1437, 3238, 3438  Applied Harp
MUS 1241, 1441, 3242, 3442  Applied Trumpet
MUS 1243, 1443, 3444  Applied French Horn
MUS 1245, 1445, 3246, 3446  Applied Trombone
MUS 1247, 1447, 3248  Applied Baritone Horn
MUS 1249, 1449, 3250, 3450  Applied Tuba
MUS 1261, 1461, 3262, 3462  Applied Violin
MUS 1263, 1463, 3264  Applied Viola
MUS 1265, 1465, 3466  Applied Cello
MUS 1267, 1467, 3268, 3468  Applied String Bass
MUS 1269, 1469, 3270, 3470  Applied Guitar
MUS 1271, 1471, 3472  Applied Flute
MUS 1473, 3274, 3474  Applied Oboe
MUS 1275, 1475, 3276, 3476  Applied Clarinet
MUS 1277, 1477, 3278, 3478  Applied Saxophone
MUS 1279, 1479, 3280, 3480  Applied Bassoon

MUS 1307  Music Appreciation  [3-0]
Fall, Spring, Summer
An introductory course in the elements, forms and stylistic eras in music. This course meets the Other Humanities option (Group 4) of the General Education requirements in Humanities.

MUS 1308  Mexican Folk Music  [3-0]
Fall, Spring
An historical survey of Mexican folk music from its origins in ancient Mexican cultures through modern times. Course content will include authentic audio and video tape recordings as well as performance of live music. This course meets the Other Humanities option (Group 4) of the General Education requirements, Section A. Humanities.

MUS 1313  First Year Music Theory I  [3-3]
Fall
Intervals, scales, chord structures, chord progressions,
simple cadences, use of inversions, nonharmonic tones, seventh chords, simple modulations and harmonization of melodies, part-writing, music-reading, aural perception and keyboard skills. Concurrent enrollment in MUS 1221 or MUS 1222 (Class Piano) is required.

**MUS 1314 First Year Music Theory II**  
*Spring*  
Intervals, scales, chord structures, chord progressions, simple cadences, uses of inversions, nonharmonic tones, seventh chords, simple modulations, and harmonization of melodies, part-writing, music-reading, aural perception and keyboard skills. Concurrent enrollment in MUS 1221 or MUS 1222 (Class Piano) is required.  
*Prerequisite:* MUS 1313 with grade of “C” or satisfactory achievement level on MUS 1313 placement exam.

**MUS 2120 Diction**  
*Spring of alternate (even-numbered) years*  
This course will undertake in-depth study of the International Phonetic Alphabet, formancy and placement of vowel and consonant sounds, and principles of pronunciation in Italian, German, French and English through readings and standard art song literature.

**MUS 2122 Class Percussion**  
*(Texas Common Course Number is MUSI 1188.)*  
*Spring*  
Class instruction in the rudiments of performance on and care of a variety of basic percussion instruments.

**MUS 2123 Class Brass**  
*(Texas Common Course Number is MUSI 2168.)*  
*Fall*  
Class instruction in the rudiments of performance and care of brass instruments.

**MUS 2124 Class Woodwinds**  
*(Texas Common Course Number is MUSI 2166.)*  
*Spring*  
Class instruction in the rudiments of performance and care of woodwind instruments.

**MUS 2125 Class Strings**  
*Fall*  
Class instruction in the rudiments of performance and care of standard orchestral string instruments.

**MUS 2127 Song Literature**  
*Spring of alternate (odd-numbered) years*  
This course covers two topics, a half semester each and may be team-taught. The first involves song literature appropriate to young students in grades seven through 12, how to select a song for each grade level, and how to select the proper key for individual students, including the male adolescent unchanged and changing voice. The second topic is a traditional brief survey of art songs in Italian, German and French. Students will be expected to make class presentations. Knowledge of diction and the International Phonetic Alphabet is recommended.

**MUS 2128 Introduction to Music Education**  
*Spring of alternate (even-numbered) years*  
This course provides an orientation to music teaching and related issues, including planning and evaluating music instruction, using recognized state and national competencies in music instruction, managing the music teaching environment, and advocating for music education.

**MUS 2301 Music Literature I**  
*[3-0]*  
*Fall*  
A survey of the literature of music for all media from earliest Greek music to contemporary works. A chronological study of the principal composers, their works and the development of music in relation to simultaneous historical developments. A course designed specifically for majors and minors. This course meets the Other Humanities option (Group 4) of the General Education requirements, Section A. Humanities.

**MUS 2302 Music Literature II**  
*[3-0]*  
*Spring*  
Continuation of MUS 2301. This course meets the Other Humanities option (Group 4) of the General Education requirements, Section A. Humanities.

**MUS 2313/2314 Second Year Music Theory I/II**  
*[3-3]*  
*Fall/Spring*  
Study of figured bass, alto and tenor clefs, elementary formal concepts, intervals, scales, chord structure, chord progressions, simple cadences, use of inversions, nonharmonic tones, seventh chords, modulations and harmonization of melodies. Includes part-writing, sight-singing, keyboard and aural skills.  
*Prerequisite:* MUS 1314.
MUS 3102/1101  Guitar Ensemble

Fall, Spring
Instrumental music organization open by audition to students who play guitar. Each course may be repeated any number of times; however, only 4 hours of each course will count toward a degree.

MUS 3104/1103  University Choir

Fall, Spring
Vocal music organization open by audition to all University students who qualify. Each course may be repeated any number of times; however, only 4 hours of each course will count toward a degree.

MUS 3105/1104  University Band

Fall, Spring
Instrumental music organization open by audition to all University students who play appropriate instruments. Each course may be repeated any number of times; however, only 4 hours of each course will count toward a degree.

MUS 3106/1105  Symphony Orchestra

Fall, Spring
Instrumental music organization open by audition to students who play appropriate instruments. Each course may be repeated any number of times; however, only 4 hours of each course will count toward a degree.

MUS 3121  Vocal Diagnosis  [0-3]

Fall
A study of the diagnosis and classification of selected vocal dysfunctions. Building skills and discovery of appropriate therapeutic mechanisms for their correction. Vocal health required for students pursuing teaching certification who have a major instrument of voice or piano. Prerequisite: MUS 2314 with a grade of “C” or higher.

MUS 3122  Choral Repertoire  

Fall of alternate (odd-numbered) years
Course content centers on literature appropriate to junior high and senior high treble, tenor-bass, and mixed choirs. Topics include the University Interscholastic League prescribed music lists and contest rules, other sources of literature, how to select and edit music for various grade levels and stages of vocal maturity, and music appropriate for the changing voice. Prerequisite: Upper-level study in music or permission of the instructor.

MUS 3186/1185  Applied Music Lab

Fall, Spring
Music majors enrolled in Applied Music must register for Applied Music Lab. Each course may be repeated any number of times.

MUS 3207 Conducting I  [2-2]

Spring
Study of baton techniques as related to both instrumental and choral conducting, fundamental phrasing, balance, mood and attack and release technique. Prerequisite: Junior standing.

MUS 3208/1207  Jazz Ensemble

Fall, Spring
An instrumental music organization open to all college students who have an ability to play an appropriate instrument. Membership is determined by audition. Organization rehearses and performs popular, rock and jazz music for its own musical development and to satisfy requests on and off the campus. Each course may be repeated any number of times.

MUS 3210/1208  Mariachi Ensemble

Fall, Spring
Instrumental and vocal music organization open by audition to all college students who have the ability to sing or play an appropriate instrument. The organization rehearses and performs traditional Mariachi music at numerous on- and off-campus occasions. Each course may be repeated any number of times.

MUS 3301 History of Music  [3-0]

Fall, alternate years
Advanced study of the evolution of the musical art from its beginnings through the Baroque era. Prerequisites: MUS 2301 and MUS 2302.

MUS 3302 History of Music  [3-0]

Spring, alternate years
Continuation of MUS 3301. Prerequisite: MUS 3301.
**MUS 3311** Essential Elements of Music I [3-0]
*Fall, Spring, Summer I*
Basic elements of music with appropriate techniques and principles of singing, playing, moving and listening to music. Not for music majors. This course meets the other Humanities option (Group 4) of the General Education requirements in Humanities. Prerequisite: Junior standing.

**MUS 3312** Essential Elements of Music II [3-0]
*Spring, alternate years*
A study of musical activities and creative ideas. Emphasis on developing the child's voice, movement and listening skills. Prerequisite: Music major with junior standing.

**MUS 4108/1107** Women's Chorus
*Fall, Spring*
Vocal music organization open by audition to all University students who qualify. Each course may be repeated any number of times.

**MUS 4110/1109** Opera Workshop
*Fall, Spring*
An organization that stages scenes or complete works from opera and Broadway theater, open by audition to all University students. Each course may be repeated any number of times.

**MUS 4201** Form and Analysis [3-0]
*Spring*
Historical development of form and consideration of balance, symmetry and the principles of musical structure, analysis of phrase structure, simple part forms, variation forms and contrapuntal forms. Special consideration of the sonata-allegro form as found in the symphony, concerto and sonata. Prerequisite: MUS 2314.

**MUS 4203** Orchestration and Arranging [2-0]
*Fall, alternate years*
Techniques of scoring and editing music for band, orchestra and instrumental ensembles, ranges, timbres, voicings and limitations of the instruments. Prerequisite: MUS 2314.

**MUS 4208** Conducting II [1-2]
*Fall*
Advanced baton technique. Continuation of instruction begun in MUS 3207, with emphasis on gestural communication and score study. Prerequisites: MUS 3207 and junior standing.

**MUS 4212** Choral Arranging
Students learn homophonic and contrapuntal techniques for arranging choral music in two to eight voice parts, and study the characteristics of male and female voices in grades six through twelve. Prerequisite: MUS 2314 and piano proficiency.

### Nursing

**NURS 2301** Wellness [2-4]
*Fall*
This course is designed to introduce the student to theories, concepts, and practices related to wellness, with an emphasis on self-care. The student will have an opportunity to practice and demonstrate competency in selected self-care skills in a simulated situation. (May be take by students who cannot take 4 hours of required kinesiology activities to fulfill General Education requirements.) Prerequisite: None.

**NURS 3202** Pharmacology [2-0]
This course introduces the student to pharmacological concepts and nursing responsibilities for drug therapy. Dosage calculations, safe administration, and the use of the nursing process in the various methods of medication therapy are emphasized. Prerequisite: Consent of the BSN faculty.

**NURS 3209** Research [2-0]
This course enables the student to be a knowledgeable nursing research consumer. An orientation to the research process, various methods of inquiry, and ethical considerations are presented to assist the student in critical evaluation and appropriate applications of research findings to practice. Prerequisite: Consent of the BSN faculty.

**NURS 3307** Special Topics in Nursing [3-0]
This course is designed to provide students the academic flexibility to study contemporary issues and practices in the nursing profession. The course may be repeated for credit when the topics vary. Prerequisite: Consent of the department.

**NURS 3308** Clinical Concentration [1-8]
This course provides an opportunity to study a selected area of clinical nursing. The student will utilize the
nursing process while caring for clients in a supervised clinical site. **Prerequisite:** Consent of the BSN faculty.

**NURS 3403 Client Assessment [3-4]**
This course allows the student to apply psychological, social, and cultural concepts conjointly with anatomy/physiology and assessment skills used in evaluating the health status of clients. The student will use laboratory settings to practice cognitive, affective, and psychomotor skills in the systematic assessment of clients and their environment. **Prerequisite:** Admission to the BSN Program or consent of the BSN faculty.

**NURS 3405 Mental Health Nursing [2-8]**
This course provides continued use of nursing concepts in the care of clients experiencing alterations in mental health. The nursing process is emphasized as it relates to altered psychosocial integrity. **Prerequisites:** NURS 3202, NURS 3403, NURS 3408, NURS 3604, or consent of the BSN faculty.

**NURS 3407 RN Mobility [4-0]**
This course is designed to assist the registered nurse in developing a personal philosophy of professional nursing. Changes in the health care delivery system (sociocultural, economic, political, ethicolegal, technological) and their impact on nursing will be described. Emphasis will be placed on the nursing process. **Prerequisite:** Admission to the BSN Program or consent of the BSN faculty.

**NURS 3408 Health Promotion and Maintenance Across the Life Span [2.5-6]**
*Summer*
This course expands on the concepts of wellness, health promotion, health maintenance, health restoration, and disease prevention across the life span. The nursing process and critical thinking skills will be applied as they relate to selected health alterations. Students will demonstrate competency in performing nursing skills in a variety of health care settings. Emphasis is placed on the application of the theoretical components to the teaching-learning process as it relates to health promotion activities. **Prerequisites:** NURS 3202, NURS 3403, and NURS 3604.

**NURS 3604 Nursing Fundamentals [3-12]**
This course introduces the student to fundamental health care concepts. The student will demonstrate competency in performing skills in a simulated situation prior to their application in a secondary health care setting. **Prerequisites:** NURS 2301 and admission to the BSN Program.

**NURS 3608 Adult Health I [3-12]**
This course provides for continued use of nursing concepts in providing care for two or more adults in a secondary health care setting. The nursing process is emphasized as it relates to alterations of selected body systems/functions. **Prerequisites:** NURS 3202, NURS 3403, NURS 3604, and NURS 3408.

**NURS 4203 Issues in Nursing [2-0]**
This course will enable the student to analyze issues, trends, and problems in the delivery of nursing care. The student will identify an issue, trend, or problem and evaluate its impact on the health care delivery system. **Prerequisite:** Consent of the BSN faculty.

**NURS 4404 Community Health Nursing [2-8]**
This course focuses on the role of the nurse in planning and providing primary care to individuals and groups in a community or rural setting. The course will emphasize complex sociocultural, political, economic, and health issues within a community. The student will use the nursing process to recognize and meet health needs of individuals and groups. **Prerequisite:** NURS 4601 or consent of the BSN faculty.

**NURS 4601 Adult Health II [3-12]**
This course provides continued use of nursing concepts in the care of two or more adult clients experiencing crisis and/or complex health alterations in a secondary health care setting. The nursing process is emphasized as it relates to alterations of selected body systems. **Prerequisites:** NURS 3403, NURS 3408, and NURS 3608.

**NURS 4602 Family Health Care [3-12]**
This course focuses on the utilization of the nursing process in the care of families throughout the perinatal cycle, childhood, and adolescence. Theoretical concepts and selected research findings will be applied to developmental and familial concerns in both normal and high-risk settings. **Prerequisite:** NURS 3608.

**NURS 4607 Leadership in Nursing [3-12]**
This course focuses on theories of nursing leadership, organizational structures and management in relation to health care. The nursing process will be emphasized as it relates to leadership and management in clinical settings. The transition from student role to
professional role will be explored. *Prerequisite: NURS 4601 or consent of the BSN faculty.*

**Occupational Therapy**

**OCCT 3601 Gross Anatomy** [3-9]
Dissection and regional study of human gross anatomy with emphasis on arthrology, osteology, gross neuromuscular and vascular anatomy, regional and general relationships between structures, and applied anatomy relevant to the practice of occupational therapy. *Prerequisite: Admission to the Occupational Therapy Program.*

**OCCT 3301 Human Pathophysiology** [3-0]
A study of the function of human organ systems in relation to occupational therapy practice with special emphasis on cellular mechanisms and the musculoskeletal, cardiovascular, respiratory and renal systems. *Prerequisite: Admission to the Occupational Therapy Program.*

**OCCT 3201 Foundations in Occupational Therapy** [2-0]
An introduction to occupational therapy. This course will survey the history, philosophy, theoretical concepts and clinical methods and techniques that support the practice of occupational therapy. *Prerequisites: OCCT 3601, OCCT 3301. Corequisite: OCCT 3401.*

**OCCT 3401 Health and Occupation** [3-3]
A study of the role of human occupation throughout the life cycle, focusing on self care, play, work and leisure as they contribute to health, competence and human performance. This course includes laboratory experiences. *Prerequisite: Admission to the Occupational Therapy Program. Corequisite: OCCT 3201.*

**OCCT 3402 Human Neurosciences in Occupational Therapy** [3-3]
A study of the structure and functions of the human nervous system with particular emphasis on the application of theoretical concepts to treatment techniques practiced in occupational therapy. The course includes laboratory experiences. *Prerequisite: OCCT 3601.*

**OCCT 3403 Biomechanical Approach in Occupational Therapy** [3-3]
A study of the biomechanical principles related to human motion with application to occupational therapy intervention with musculoskeletal dysfunctions. *Prerequisite: OCCT 3601.*

**OCCT 3202 Assistive Technology in Occupational Therapy** [2-0]
The study of the use of assistive technology in occupational therapy practice. Topics addressed include computer technology, modified computer access, augmentative communication, environmental control, seating and mobility. Special emphasis is on client assessment and the selection and use of assistive technology. *Prerequisite: Admission to the Occupational Therapy Program.*

**OCCT 3303 Clinical Medicine** [3-0]
An overview of the medical management of medical and surgical conditions encountered in clinical occupational therapy. *Prerequisite: OCCT 3301.*

**OCCT 3404 Design and Fabrication** [3-3]
The student is given the opportunity to acquire design and fabrication skills used in occupational therapy intervention. *Prerequisite: OCCT 3401.*

**OCCT 3505 Occupational Therapy in Physical Dysfunction** [3-6]
A study of the theories and approaches related to occupational therapy evaluation and treatment of individuals with physical dysfunction. Includes the study of evaluation and treatment techniques for individuals with physical dysfunction with lab. *Prerequisite: OCCT 3601.*

**OCCT 3203 Practicum A** [0-0-6]
An opportunity for the student to observe and begin participation in the evaluation and treatment of individuals with physical dysfunction. Provides opportunity for integration of theoretical knowledge to specific areas of practice. *Prerequisite: OCCT 3401.*

**OCCT 4100 Social Values and Ethics in Health Care** [1-0]
This course examines major bioethical dilemmas encountered in the delivery of health care services by health care professionals. The course also examines the influences of government policies, legislation and religious beliefs. *Prerequisite: OCCT 3401.*
OCCT 4200 Therapeutic Interaction in Occupational Therapy [2-0]
This course addresses the communication skills needed in individual and group occupational therapy clinical and community treatment settings. Prerequisite: Senior standing in the Occupational Therapy Program.

OCCT 4301 Management and Consultation in Occupational Therapy [3-0]
The study of political, socioeconomic, legal, cultural and ethical factors that impact the health care system and occupational therapy practice. Students learn the management functions of planning, organizing, directing, controlling, evaluating and communication through a directed simulation project. Prerequisite: Senior standing in the Occupational Therapy Program.

OCCT 4502 Occupational Therapy in Developmental Dysfunction [3-6]
A study of the theories and approaches related to occupational therapy assessment and treatment of individuals with developmental dysfunction. Includes the use and analysis of assessment and treatment techniques for individuals with developmental dysfunction. Prerequisite: OCCT 3505.

OCCT 4204 Practicum B [0-0-6]
A continuation of Practicum A with special emphasis on the treatment planning process. Provides an opportunity for the student to observe and begin participation in evaluation and treatment of individuals with developmental dysfunction. Students will be exposed to a variety of clinical settings. Prerequisite: OCCT 3203.

OCCT 4304 Gerontologic issues in Occupational Therapy [3-0]
A study of the theoretical and clinical issues related to occupational therapy practice in gerontology. Prerequisite: OCCT 3305, OCCT 4302.

OCCT 4305 Research in Occupational Therapy [3-0]
An introduction to basic concepts and terminology in scientific inquiry and their application in interpreting published research as it impacts on clinical practice. Prerequisite: Senior standing in the program.

OCCT 4506 Occupational Therapy in Psychosocial Dysfunction [3-6]
A study of the theories and approaches used in the rehabilitation of individuals having psychosocial dysfunction. Students have the opportunity to learn the application of the occupational therapy process in treating psychosocial conditions throughout the life span. Prerequisite: OCCT 3505, OCCT 4502.

OCCT 4205 Practicum C [0-0-6] Continuation of Practicum A and B with special emphasis on the Occupational Therapy evaluation and treatment process in a mental health setting. Students will have the opportunity to observe and learn techniques during visits to mental health clinical settings. Prerequisite: OCCT 3203, OCCT 4204.

OCCT 4600 Field Studies in Occupational Therapy: Physical Dysfunction I [0-0-18]
A three-month fieldwork placement in an occupational therapy practice setting oriented toward treatment of physical dysfunction. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4601. Required for completion of the Occupational Therapy Program.

OCCT 4601 Field Studies in Occupational Therapy: Physical Dysfunction II [0-0-18]
A three-month fieldwork placement in an occupational therapy practice setting oriented toward treatment of physical disabilities. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4601. Required for completion of the Occupational Therapy Program.

OCCT 4602 Field Studies in Occupational Therapy: Developmental Dysfunction I [0-0-18]
A three-month fieldwork placement in an occupational therapy practice setting oriented toward the treatment of developmental dysfunction. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4603. Required for completion of the Occupational Therapy Program.

OCCT 4603 Field Studies in Occupational Therapy: Developmental Dysfunction II [0-0-18]
A three-month fieldwork placement in an occupational therapy practice setting oriented toward the treatment of developmental dysfunction. Prerequisite: Successful completion of all academic coursework. Must be taken...
concurrently with OCCT 4602. Required for completion of the Occupational Therapy Program.

**OCCT 4604 Field Studies in Occupational Therapy: Specialty Area I** [0-0-18]
An elective three-month fieldwork placement in an occupational therapy practice setting oriented toward treatment within a specialty area such as hand therapy, pediatrics, work hardening or mental health. **Prerequisite:** Successful completion of all academic coursework. Must be taken concurrently with OCCT 4605.

**OCCT 4605 Field Studies in Occupational Therapy: Specialty Area II** [0-0-18]
An elective three-month fieldwork placement in an occupational therapy practice setting oriented toward treatment within a specialty area such as hand therapy, pediatrics, work hardening or mental health. **Prerequisite:** Successful completion of all academic coursework. Must be taken concurrently with OCCT 4604.

**NOTE:** Field Study courses may not conform to the University calendar.

---

**Physician Assistant Studies**

◆ **Didactic Year Courses**

**PHAS 3321 Legal & Ethical Issues in Health Care** [3-0]

**Spring**
Explores medical jurisprudence and licensing in the state of Texas. Students will be introduced to the dynamics of the legal system, moral problems in health care and the impact of both on professional and institutional interactions with patients. Students will be given opportunity to demonstrate 1) an understanding of ethical principles and legal factors which impinge upon health care, and 2) the ability to apply ethical and legal concepts to the analysis of the roles and responsibilities of the allied health professional. **Prerequisite:** Admission to the Physician Assistant Studies Program or permission of the instructor.

**PHAS 3337 Preventive Medicine & Community Health** [3-0]

**Fall**
Examines the bio-demographics of disease in the United States. Emphasis is on prevention from the perspective of the primary health care provider. Encourages community involvement. Discussions focused on prevention of disease. Special attention is given to the local medical practices and beliefs of the Rio Grande Valley and the Texas-Mexico border region. Guest lectures include topics in rural health, community outreach, HIV/AIDS awareness and prevention, cancer awareness, sexual health, and folk and alternative medicine. **Prerequisite:** Admission to the Physician Assistant Studies Program or permission of the instructor.

**PHAS 3401 Medical Human Anatomy & Physiology** [3-3]

**Summer I**
Introduction to medical anatomy and physiology. Emphasis on normal function of the human body, with clinical references and medical terminology. Investigates biochemical function, cell biology, cell membranes, cellular communication, homeostatic mechanisms, hormonal control, energy metabolism. Organ systems studies include: skeletal, muscular, cardiovascular and pulmonary. Laboratory experience enables the student access to cadaver prosections and computer assisted learning (CAL) modules. **Prerequisite:** Admission to the Physician Assistant Studies Program or permission of the instructor.

**PHAS 3402 Medical Human Anatomy & Physiology II** [3-3]

**Summer II**
Continuation of PHAS 3401. Explores the digestive system, kidneys and electrolyte metabolism, reproductive systems and neurological mechanisms. Neuroanatomy and physiology are discussed. Laboratory experience enables the student access to cadaver prosections and CAL modules. **Prerequisite:** PHAS 3401 and admission to the Physician Assistant Studies Program or permission of the instructor.

**PHAS 3227 Patient Education** [1-3]

**Spring**
A laboratory workshop course that enables the student the opportunity to rehearse patient education techniques. Promotes teaching patients and families about disease and treatment in lay terms. Stresses
addressing various age groups and medical conditions common to each group. Advocates empathy and acceptance. Employs simulated patients and situations. 

Prerequisite: PHAS 3226 and admission to the Physician Assistant Studies Program or permission of the instructor.

PHAS 3111 Studies in the PA Profession [1-0] 
Summer I
Examines the history and concept of the physician assistant profession. Discusses issues that are relevant to professional practice and legal practice. Discussion of future trends in the profession. Prerequisite: Admission to the Physician Assistant Studies Program.

PHAS 3225 Medical Interviewing [1-3] 
Summer II
A lecture, laboratory and workshop course designed to provide the means to practice basic techniques of interviewing all age groups, including pediatric and geriatric patients. Details the basic medical history. Cultivates skillful communications with patients and families. Employs simulated patients and situations. Prerequisite: Admission into the Physician Assistant Studies Program or permission of the instructor.

PHAS 3226 Medical Psychiatry [2-0] 
Fall
Course material identifies normal, physical, social and psychological processes in distinguishing illness and injury. Explores psychiatric illness and expands on the medical interview with a complicated patient or problem. Directs the ability to assess growth and development for all age groups. Coordinates the relationship of the history and physical examination to the human psyche. Employs simulated patients and situations with a psychiatric focus. Course provides an overview of psychiatric concepts and an introductory approach to the evaluation of patients with emotional problems, in preparation for clinical rotations. Discussions include topics in human sexuality, substance abuse and mental/physical abuse. Prerequisite: PHAS 3225.

PHAS 3262 Clinical Clerkship [1-3] 
Spring
This course covers the indications, contraindications, step-by-step procedures and potential complications of multiple hands-on skills that are commonly performed by physician assistants in clinical practice. Examples include: phlebotomy, injections, IV therapy, urethral and nasogastric catheterization, pulmonary function testing, suturing, casting and splinting, various ENT procedures, electrical cardioversion, and use of various types of monitoring devices and restraints. Students will have an opportunity to scrub, gown and glove in an operating room environment. In addition, students will be required to successfully complete an Advanced Cardiac Life Support (A.C.L.S.) training course. Lecture series includes implementation and interpretation of electrocardiograms. The EKG interpretation section provides students with a systematic method of interpreting a 12-lead EKG with respect to rate, rhythm and blocks, electrical axis determination, hypertrophy, ischemia, injury, infarction, and miscellaneous drug, electrolyte, disease, and pacemaker effects. Course also covers documenting in the medical record. Documents to be covered include the complete medical history, admission notes, SOAP notes, progress notes, procedural notes, discharge summaries, hospital orders, etc. Prerequisite: CLSC 3227.

PHAS 3406 Pathophysiology of Disease [3-3] 
Fall
This course provides a systematic approach to the physiologic basis for disease. The general pathology of cell injury, inflammation, infection and neoplasia is presented along with the disease processes of organ systems including the gastrointestinal, cardiovascular, respiratory, neurologic, renal, urinary, reproductive, musculoskeletal, immunological, endocrine, dermatological, and hematological systems. General concepts of disease are covered including degeneration and necrosis, inflammation and repair, fluid and coagulation disturbances, and general aspects of neoplasia. Disease entities in each organ system are studied with regard to causation, evaluation and morphology of pathological changes. Laboratory experience provides the student with modules, case studies and group discussions to supplement lecture. Prerequisite: PHAS 3402. Corequisite: CLSC 3227.

PHAS 3228 Pharmacology I [2-0] 
Fall
This course represents a broad survey of the general principles of pharmacology. Included are the principles of pharmacokinetics and pharmacodynamics, the mechanisms of action, toxicities and interactions of specific drugs and drug groups, and an introduction to medical therapeutics. The physiologic basis and clinical characteristics of disease states relative to
PHAS 3229 Pharmacology II [3-0]  
Spring  
A continuation of PHAS 3228. Exposes the student to knowledge of conventionally used chemotherapeutic agents and efficacy of use. Promotes the ability to recognize untoward side effects of medications. Enables the student to calculate dosages, write prescriptions, discuss pharmacokinetics and determine the appropriate medication for a particular disease. Emphasis is placed on pharmacotherapeutics of disease. Prerequisite: PHAS 3228.

PHAS 3407 Patient Evaluation [3-3]  
Fall  
Instructs the student in the proper use of instruments and techniques used in performing a physical examination. Correlates information acquired in Human Anatomy and Physiology with application to the physical exam. Connects data gathered from the history to the physical examination. Guides the student in organizing history and physical examination details to present to the physician. Utilizes clinical settings and simulated patients and situations in the laboratory. Recording the clinical data and oral presentation will be stressed. Prerequisite: PHAS 3402 and PHAS 3225.

PHAS 3617 Principles of Clinical Medicine [5-3]  
Spring  
Advanced clinical medicine course. An in-depth examination of the mechanisms of human disease. Emphasis has been placed on the integration of the essential anatomy, physiology, pathology, microbiology, pharmacology and medical terminology relevant to medical problems encountered in the primary care setting. The differential diagnosis of symptoms and physical findings along with interpretation of laboratory and radiographic tests appropriate to each system is discussed. Topics to include problems of the respiratory tract, cardiology, endocrinology, hematology, nephrology, gastroenterology, pediatrics, infectious disease, obstetrics, gynecology, geriatrics, psychiatry, rheumatology, dermatology and general surgery. This course will also provide the student with the fundamentals of diagnostic radiography. A brief discussion of the physics of radiologic techniques leads to an intensive series of lectures that instructs students in the methodology of interpreting radiologic findings. Laboratory promotes basic problem-solving skills in evaluating and treating clinical medicine problems. Consolidates topics in medicine by developing a logical methodology of assessment of disease processes or syndromes and subsequent intervention. Students will master the ability to generate a differential diagnosis specific to the patients presenting complaints, signs and symptoms, and laboratory data. A case-study format is used. Seminar experience applies research design and biostatistics in preparing for or reviewing scientific literature. Prerequisite: PHAS 3402 & PHAS 3406.

CLSC 3227 Clinical Laboratory Methods [1-3]  
Fall  
Lecture, laboratory course that introduces the student to the medical laboratory. Emphasizes appropriate laboratory studies for specific disease, normal laboratory values and procedures for obtaining samples. Students are given the opportunity to perform routine lab studies. Prerequisite: PHAS 3402. Corequisite: PHAS 3406.

PHAS 4201 Clinical Elective (2.0)  
Spring  
This course is available to enhance the physical exam and history taking skills. It requires a clinical rotation site assigned by the faculty.

**Clinical Year Courses**

PHAS 4431 Pediatric Rotation I (4.0)  
As Scheduled  
Four-week general pediatric rotation that gives the student the opportunity to: 1) elicit and record a complete pediatric history; 2) perform a complete pediatric examination; 3) formulate a management plan for common pediatric problems; 4) perform selected screening, diagnostic and treatment procedures as directed by the precepting physician; 5) advise and educate patients and their parents or guardians regarding optimal health of the child; and 6) monitor pediatric milestones. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4432 Pediatric Rotation II (4.0)  
As Scheduled  
Four-week general pediatric rotation that is a continuation of PHAS 4431. Prerequisite: Successful completion of the didactic PHAS professional curriculum.
PHAS 4433 Obstetrics & Gynecology Rotation I (4.0)
As Scheduled
Four-week obstetrics and gynecology rotation that gives the student the opportunity to: 1) elicit, organize, record and present a complete database on an obstetric or gynecologic patient; 2) assist the physician effectively in procedures unique to the discipline; 3) advise the obstetric patient in pre- and post-natal care; and 4) instruct patients on matters of common gynecological problems. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4434 Obstetrics & Gynecology Rotation II (4.0)
As Scheduled
Four-week obstetrics and gynecology rotation that is a continuation of PHAS 4433. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4435 Surgery Rotation I (4.0)
As Scheduled
Four-week supervised clinical course provides the student with hands-on experience in the operating room setting. Both pre-operative and post-operative assessment and care will be emphasized. The student will be assigned to a general surgeon in private practice, where, under supervision, he/she engages in a wide variety of activities in each of the phases of surgical intervention: pre-operative, operative, and post-operative recovery. The student is given opportunities to explore the basic considerations involved in the fluid, electrolyte and nutritional management of the surgical patient, infections, wound healing, and wound care. Students participate in daily rounds, conferences and serve on call. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4436 Surgery Rotation II (4.0)
As Scheduled
Four-week surgery rotation that is a continuation of PHAS 4435. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4440 Medicine Rotation I (4.0)
As Scheduled
Four-week general medicine rotation that gives the student the opportunity to: 1) elicit, organize and record necessary data; 2) present data in a comprehensive or problem-oriented fashion; 3) order or recommend appropriate laboratory, radiologic or other diagnostic studies; 4) formulate a management plan for a particular patient problem; 5) follow patient progress by record review and periodic examination; 6) assist the physician in appropriate procedures; 7) advise and educate the patient about health maintenance issues; and 8) understand and establish emergency medical care when necessary. Students will be exposed to a variety of patients and medical conditions, such as infectious diseases, respiratory diseases, cardiovascular diseases and psychiatric conditions. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4441 Medicine Rotation II (4.0)
As Scheduled
Four-week general medicine rotation that is a continuation of PHAS 4440. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4442 Emergency Medicine Rotation (4.0)
As Scheduled
Four-week rotation allows the student to develop skills in managing patients in the emergency room setting. These skills include those necessary for appropriate triage, stabilization, and initial management of patients with traumatic injuries and illnesses, the management of the less life-threatening problems presented to the emergency room, working with the pre-hospital emergency medical service team, and making appropriate secondary referrals. Where possible, students participate in grand rounds, noon conferences and other clinically-relevant didactic presentations. A set of cognitive objectives guides student reading in preparation for a written examination at the end of the rotation. Prerequisite: Successful completion of the didactic PHAS professional curriculum.

PHAS 4443 Clinical Elective Rotation (4.0)
As Scheduled
The four-week elective rotation gives the student the opportunity to: 1) understand and manage complex problems in the particular discipline chosen; 2) understand how additional knowledge and skills can be beneficial in the primary care setting; and 3) understand how to better serve in a primary care setting. This course may include extended clinical care hours, emergency or hospital and community service as deemed appropriate by the precepting physician.
Prerequisite: PHAS 4432, PHAS 4434, PHAS 4436, and PHAS 4441.

**Philosophy**

**PHIL 1310** Introduction to Philosophy [3-0]
*(Texas Common Course Number is PHIL 1301.)
As Scheduled
An introduction to some of the major philosophical questions that have intrigued mankind over the centuries. This will be done through an examination of the thought of some of the most important figures in the history of philosophy from the early Greeks to modern times. **Credit Restriction:** Credit may be received in only one of PHIL 1310 or PHIL 1387.

**PHIL 1320** Introduction to Logic [3-0]
*(Texas Common Course Number is PHIL 2303.)
As Scheduled
The subject matter of this course will be clear and effective thinking. It will examine principles for correct reasoning and ways to distinguish good reasoning from bad, and it will consider the kinds of mistakes in reasoning that are most commonly made in everyday life. **Credit Restriction:** Credit may be received in only one of PHIL 1320 or PHIL 1388.

**PHIL 1387** Introduction to Philosophy (Honors Plan) [3-0]
As Scheduled
An introduction to philosophical questions through an examination of major figures and themes in the history of philosophy from ancient to modern times. **Credit Restriction:** Credit may be received in only one of PHIL 1310 or PHIL 1387. **Prerequisite:** Admission to Honors Studies Program or by permission of the program director.

**PHIL 1388** Introduction to Logic (Honors Plan) [3-0]
As Scheduled
An introduction to the fundamentals of clear and effective thinking through an examination of the principles of correct reasoning, the structure of knowledge and common obstacles to rational thought. **Credit Restriction:** Credit may be received in only one of PHIL 1320 or PHIL 1388. **Prerequisite:** Admission to Honors Studies Program or by permission of the program director.

**PHIL 2330** Ethics [3-0]
*(Texas Common Course Number is PHIL 2306.)
As Scheduled
This course will be concerned with human values: our own and those of other people. It will ask where those values come from and how we can know they are worth something, and it will examine several related questions such as personal freedom and the meaningfulness of human life.

**PHIL 2340** Philosophy of the Person [3-0]
As Scheduled
A philosophical examination of what it is to be human. This course will deal with such issues as the problem of personal identity, the nature and structure of the self, the nature of mind and its place in the world and the question of “human nature.” **Previous Course Number:** PHIL 3340; a student may receive credit in only one course.

**PHIL 2350** Social Philosophy [3-0]
*(Texas Common Course Number is PHIL 2307.)
As Scheduled
This course will provide a philosophical examination of alternative theories of society, and it will investigate the basic presuppositions and structures of society and the ways in which these are to be understood and evaluated. **Previous Course Number:** PHIL 2380; a student may receive credit in only one course.

**PHIL 2370** Eastern Thought [3-0]
As Scheduled
An analysis of the major movements in Eastern philosophy and religion and their relationship to basic philosophical developments in the West. This course will examine systems of thought and culture such as Buddhism, Hinduism, Confucianism, Taoism and Shinto.

**PHIL 2390** Professional Ethics [3-0]
As Scheduled
This course will employ the tools of ethical theory to examine moral issues and problems facing professionals in such fields as business, industry and technology, medicine, social work, criminal justice and law. The content of individual sections of this course may be derived from any of the fields listed above or from a combination of them, depending on student need.
PHIL 3320 Symbolic Logic [3-0] As Scheduled
This course will be a continuation of Philosophy 1320, Introduction to Logic, and will be concerned with the principles and methods used in symbolic logic to distinguish between valid and invalid arguments. Prerequisite: PHIL 1320 or consent of instructor.

PHIL 3330 Philosophy of Value [3-0] As Scheduled
A philosophical examination of the place of value in aesthetic, moral and practical experience. This course will consider both historical and contemporary treatments of the importance of value in various forms to human thought, feeling and action. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 3360 History of Philosophy: Ancient and Medieval [3-0] As Scheduled
A study of the history of philosophy from the Presocratics through the Middle Ages, with particular emphasis on the Presocratics, Plato, Aristotle, Stoicism, Epicureanism, Augustine and Aquinas. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 3361 History of Philosophy: Modern [3-0] As Scheduled
A study of the history of philosophy from the Renaissance through the 18th century, with particular emphasis on Descartes, Spinoza, Leibniz, Hobbes, Locke, Berkeley, Hume and Kant. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 3362 History of Philosophy: Contemporary [3-0] As Scheduled
A study of the history of philosophy during the 19th and 20th centuries, with particular emphasis on phenomenology, existentialism and the analytic tradition. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 3370 Philosophy of Religion [3-0] As Scheduled
A philosophic study of the nature and varieties of religious experience, the meaning and validation of religious belief, the act of faith, the nature and existence of God, the problem of evil, mysticism, immortality, religious belief and moral conduct, religion and myth, and religion and culture. Prerequisite: 3 hours of philosophy.

PHIL 3380 Latin American Thought [3-0] As Scheduled
An examination of some of the most important and influential contributions to Latin American thought. Material to be studied will be drawn from both past and contemporary sources. Prerequisite: 3 hours of philosophy.

PHIL 4310 Theories of Knowledge [3-0] As Scheduled
A philosophical inquiry into the sources, nature and criteria of knowledge and an examination of alternative approaches to the problems of perception, meaning and truth. The course will also consider the interplay between these issues in epistemology and related problems in metaphysics. Previous Course Number: PHIL 3310; a student may receive credit in only one course. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 4320 Philosophy of Science [3-0] As Scheduled
A philosophical examination of the assumptions and methodology of scientific inquiry, with examples drawn from the natural sciences. This course will consider the structure, meaning, confirmation and use of scientific theories, as well as the philosophical implications of current theories in science. Previous Course Number: PHIL 3325; a student may receive credit in only one course. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 4340 Philosophy of Mind [3-0] As Scheduled
A study of consciousness, emphasizing the nature of awareness and experience. Topics concerning the capacities and creative powers of mind will be examined in theories based on physical, functional and metaphysical arguments. Previous Course Number: PHIL 3341; a student may receive credit in only one course. Prerequisite: 3 hours of philosophy or consent of instructor.

PHIL 4380 American Philosophy [3-0] As Scheduled
An examination of the contributions of great American thinkers to the philosophical deposit of the world. Prerequisite: 3 hours of philosophy.
PHIL 4390 Special Topics in Philosophy [3-0]
As Scheduled
A study of selected issues or figures in philosophy; content will vary. May be repeated for up to 9 hours credit as content changes. Prerequisite: 3 hours of philosophy or consent of instructor.

PHYS 1401 General Physics [3-3]
(Texas Common Course Number is PHYS 1401.)
Fall, Spring, Summer
An algebra-based introduction to the principles of mechanics, fluids, heat, waves and sound. Prerequisite: MATH 1340. Recommended: Credit for or concurrent enrollment in MATH 1356. §4 laboratory fee.

PHYS 1402 General Physics [3-3]
(Texas Common Course Number is PHYS 1402.)
Fall, Spring, Summer
A continuation of PHYS 1401 covering the principles of electricity, magnetism, light and modern physics. Prerequisite: PHYS 1401. §4 laboratory fee.

PHYS 2101 Intermediate Laboratory [0-3]
Fall, Spring
Laboratory exercises illustrating the principles of mechanics, heat and sound. Emphasis is placed on statistical data analysis and error treatment. Corequisite: Concurrent enrollment in PHYS 2301. §4 laboratory fee.

PHYS 2102 Physics Scientist and Engineers [0-3]
Fall, Spring
Laboratory exercises illustrating the principles of electricity, magnetism, waves and optics. Corequisite: Concurrent enrollment in PHYS 2302. §4 laboratory fee.

PHYS 2301 Physics Scientist and Engineers [3-0]
Fall, Spring
A calculus-based study of mechanics, heat, thermodynamics, wave motion and sound. Corequisite: Concurrent enrollment in PHYS 2101. Prerequisites: PHYS 1401 and MATH 1402 with concurrent enrollment in MATH 2401.

PHYS 2302 Intermediate Physics [3-0]
Fall, Spring
Treatment of electricity, magnetism, wave phenomena and optics using calculus. Corequisite: Concurrent enrollment in PHYS 2102. Prerequisites: PHYS 1402, PHYS 2301 and MATH 2401.

PHYS 3101 Junior Laboratory [0-3]
Fall, Spring, Summer
The course is designed to acquaint the student with the experimental method. Experiments are chosen to cover as many fields of physics as possible in keeping with the background and abilities of the students. Prerequisite: 12 hours of physics. §4 laboratory fee.

PHYS 3102 Junior Laboratory [0-3]
Fall, Spring, Summer
A continuation of PHYS 3101. §4 laboratory fee.

PHYS 3301 Electromagnetic Theory I [3-0]
As Scheduled
Theory of electrostatics, electromagnetics, magnetic properties of materials, units and thermoelectricity, simple treatment of alternating current, oscillating circuits, electromagnetic radiation and Maxwell's Equation. Prerequisites: 12 hours of physics and MATH 2401, which may be taken concurrently.

PHYS 3302 Electromagnetic Theory II
This course includes conservation laws — charge and energy, momentum, Newton's third law in Electrodynamics, Maxwell's stress tensor, conservation of momentum and angular momentum. Electrodynamics waves — waves in one dimension, waves in vacuum, waves in matter, absorption, dispersion and guided waves. Potentials and fields — Potential formulation, continuous distribution and point charges. Radiation — Dipole radiation and point charges. Electrodynamics and Relativity — Special Theory of Relativity, relativistic mechanics, relativistic electrodynamics.

PHYS 3303 Heat and Thermodynamics [3-0]
As Scheduled
Study of heat measuring devices, thermal expansion, behavior of gases, elementary thermodynamics, change of state, specific heats and transfer of heat. Prerequisites: 12 hours of physics and MATH 2401, which may be taken concurrently.
PHYS 3304 Optics [3-0]
As Scheduled
A study of physical optics, including diffraction, interference, polarization and the beginning of spectroscopy together with some geometrical optics. Prerequisites: 12 hours of physics and MATH 2401, which may be taken concurrently.

PHYS 3305 Mechanics [3-0]
As Scheduled
A rigorous treatment of the motion of a particle in one, two and three dimensions; the motion of a system of particles with a detailed treatment of the conservation laws; the statics of fluids and solids; an introduction to the motion of rigid bodies. Prerequisites: 12 hours of physics and MATH 3349, which may be taken concurrently.

PHYS 3402 Modern Physics [3-3]
As Scheduled
Introduction to relativity, physics of atoms and solids and other topics in 20th century physics. Prerequisites: PHYS 2302 and PHYS 2102. $4 laboratory fee.

PHYS 4101 Senior Laboratory [0-3]
Fall, Spring, Summer
The student performs experiments of greater complexity and difficulty than those in Junior Laboratory. In addition, the student is encouraged to design and carry out original experiments in his or her field of interest. Prerequisites: PHYS 3101 and PHYS 3102. $4 laboratory fee.

PHYS 4102 Senior Laboratory [0-3]
Fall, Spring, Summer
A continuation of PHYS 4101. $4 laboratory fee.

PHYS 4103 Senior Laboratory [0-3]
Fall, Spring, Summer
A continuation of PHYS 4102. $4 laboratory fee.

PHYS 4301 Topics in Modern Physics [3-0]
As Scheduled
A study of recent developments in physics including atomic energy, nuclear structure, X-rays, cosmic rays and radioactivity. Prerequisites: PHYS 2302 and PHYS 2102.

PHYS 4308 Seminar in Physics [3-0]
As Scheduled
Investigations of problems and progress in contemporary physics will be undertaken. Individual research and reporting will be emphasized. Course may be repeated once for credit. Prerequisites: One year of physics and consent of instructor.

Political Science

POLS 1333 Introduction to Political Science [3-0]
(Texas Common Course Number is GOVT 2304.)
Fall, Spring
Emphasis on political fundamentals, public law, theory and organization of the modern state, political dynamics and institutions. Open to freshmen. (Does not meet General Education or State mandated American & Texas Government Requirement.)

POLS 2313 United States and Texas Government and Politics [3-0]
(Texas Common Course Number is GOVT 2301.)
Fall, Spring, Summer
The origins and development of the American governmental system; U.S. and Texas constitutions; federal, state and interstate relations; the individual as a citizen, person and voter; political parties; civil rights and the judicial system. Fulfills 3 hours of the legislative requirements of 6 hours of American and Texas government. Open to freshmen. Credit Restriction: Credit may be received in only one of POLS 2313 or POLS 2387.

POLS 2314 United States and Texas Government and Politics [3-0]
(Texas Common Course Number is GOVT 2302.)
Fall, Spring, Summer
A functional study of the U.S. and Texas constitutions and governments in relation to the legislative, executive and administrative processes; and a study of the policy process, including domestic and foreign policy areas. Fulfills 3 hours of the legislative requirements of 6 hours of American and Texas government. Open to freshmen. Credit Restriction: Credit may be received in only one of POLS 2314 or POLS 2388.

POLS 2334 Political Economy [3-0]
As Scheduled
This course examines various economic models including private enterprise, capitalism, state capitalism and socialism; the impact of monetary and
fiscal policy on the economy; and alternative viewpoints as to the appropriate extent of government regulation of the economy.

POLS 2387 United States and Texas Government and Politics (Honors Plan) [3-0]

Fall
The origins and development of the American governmental system; U.S. and Texas constitutions; federal-state and interstate relations; the individual as a citizen, person and voter; political parties; civil rights and the judicial system. Fulfills 3 hours of the legislative requirements of 6 hours of American and Texas government. Credit Restriction: Credit may be received in only one of POLS 2313 or POLS 2387. Prerequisite: Admission to Honors Studies or by invitation.

POLS 2388 United States and Texas Government and Politics (Honors Plan) [3-0]

Spring
A functional study of the U.S. and Texas constitutions and governments in relation to the legislative, executive and administrative processes; and a study of the policy process, including domestic and foreign policy areas. Fulfills 3 hours of the legislative requirement of 6 hours of American and Texas government. Credit Restriction: Credit may be received in only one of POLS 2314 or POLS 2388. Prerequisite: Admission to Honors Studies or by invitation.

POLS 3185 Internship
As Scheduled
This course is designed for students seeking credit through an internship placement. The internship must be directly related to government; the student must be under direct academic supervision and must complete written assignments to be evaluated by the supervising teacher. The course may be repeated for credit with a maximum of 4 hours counted as an elective toward fulfillment of the requirements for a major in Political Science. (Must receive approval of Political Science Department Chair.) Prerequisites: POLS 2313 and POLS 2314.

POLS 3314 American State and Local Government [3-0]

As Scheduled
A study of the basic functions, structure, procedures and problems of American state and local government, with an emphasis upon intergovernmental relations. Prerequisites: POLS 2313 and POLS 2314.

POLS 3316 American Public Policy

As Scheduled
An analysis of rationales underlying selected governmental programs and assessments of the effectiveness of these programs. Prerequisites: POLS 2313 and POLS 2314.

POLS 3318 Special Topics

As Scheduled
Significant issues and problems in politics and political systems. Course may be repeated for credit provided different topics are the focus of each class. (Does not count toward fulfillment of any of the six political science fields.) Prerequisites: POLS 2313 and POLS 2314.

POLS 3322 Politics of Developing Nations

As Scheduled
Analysis of political institutions and processes with focus on developing nations, such as those in Africa and the Middle East. Prerequisites: POLS 2313 and POLS 2314.

POLS 3323 Introduction to Public Administration

As Scheduled
A survey of public administration in the United States, highlighting a wide variety of topics in the discipline, but with emphasis upon the general machinery of the national bureaucracy and on the powers, problems and control of its agencies. Prerequisites: POLS 2313 and POLS 2314.

POLS 3324 Government Organization and Administrative Theory

As Scheduled
An analysis of the various theories of public administration and government organization. The contribution of such theorists as Weber, Taylor, Mayo, McGregor, Maslow, Simon and others will be studied. The development of public administration will be surveyed. Prerequisites: POLS 2313 and POLS 2314.

POLS 3325 Public Personnel Administration

As Scheduled
Fundamental concepts of public personnel management with analysis and evaluation of employee-employer relations at the national, state and local levels. Treats topics such as environmental influences on the personnel function, career systems, human resources planning and management, performance evaluation, ethics in public service and collective bargaining. Prerequisites: POLS 2313 and POLS 2314.
POLS 3331 Methods of Political Science Research [3-0]
As Scheduled
Analysis of the study of politics, models of inquiry, research methods and introduction to the use of computers in political science research. Prerequisites: POLS 2313 and POLS 2314.

POLS 3333 Classical Political Theory [3-0]
As Scheduled
A study of classical political philosophy from Socrates to Machiavelli. Prerequisites: POLS 2313 and POLS 2314.

POLS 3334 Modern Political Theory [3-0]
As Scheduled
A study of political philosophy from Machiavelli to the end of the 19th century. Prerequisites: POLS 2313 and POLS 2314.

POLS 3343 International Politics [3-0]
As Scheduled
A study of the political principles, problems and factors involved in the foreign policies and relations of the nation-state with particular emphasis on the sources and uses of national power and the difficulties in limiting the use of such power. Prerequisites: POLS 2313 and POLS 2314.

POLS 3344 Contemporary Political Theory [3-0]
As Scheduled
A study of 20th century political philosophy. Prerequisite: POLS 2313 and POLS 2314.

POLS 3363 American Hispanic Politics [3-0]
As Scheduled
A study of the American Hispanic experience. Analyzes political socialization and culture, political participation and behavior, leadership, organizations and power in the American political system. Prerequisites: POLS 2313 and POLS 2314.

POLS 3364 U.S.-Mexico Border Relations [3-0]
As Scheduled
An analysis of the politics at the U.S.-Mexican border. Focus on the political economy and the administration of the borderlands. Prerequisites: POLS 2313 and POLS 2314.

POLS 3365 Politics of Immigration [3-0]
As Scheduled
Analysis of the politics of immigration, migration and emigration. Study of the history, theories and policy alternatives concerning immigration. The administration process and the legal and law enforcement systems of immigration will be examined. Prerequisites: POLS 2313 and POLS 2314.

POLS 3371 Politics of the Russian Federation and Eastern Europe [3-0]
As Scheduled
A survey of governmental structures and politics in the Russian Federation and Eastern Europe. Examines competing ideologies; group developments; party interests; influence of revolution; economics; relationships among political, social and economic structures; and the roles of the Russian Federation and Eastern Europe in the international political arena. Prerequisites: POLS 2313 and POLS 2314.

POLS 3375 Politics of Germany [3-0]
As Scheduled
A study of the politics and government of Germany in the context of German history and culture. Examines the leading role of Germany within the European Union. Prerequisites: POLS 2313 and POLS 2314.

POLS 4309 Public Fiscal Administration [3-0]
As Scheduled
Survey and analysis of governmental budgeting and public finance, emphasizing theories, techniques, procedures and implementation. Prerequisites: POLS 2313 and POLS 2314.

POLS 4310 Comparative Public Administration [3-0]
As Scheduled
A comparative analysis of the administrative systems of different governments. Particular attention is focused on the relationship of administrative practices and decision-making processes in the various states. Prerequisites: POLS 2313 and POLS 2314.

POLS 4313 Comparative Governments: Western Democracies [3-0]
As Scheduled
A study of the major democracies of Europe: Great Britain, France, Germany, Italy, Low countries, Scandinavian countries, Switzerland and Austria. A Comparative study of peoples and their institutions. Prerequisites: POLS 2313 and POLS 2314.
POLS 4314 Politics of the Middle East [3-0]
As Scheduled
A comparative examination of the social, economic and theological components of Middle Eastern politics. Prerequisites: POLS 2313 and POLS 2314.

POLS 4320 American Constitutional Law: Federalism [3-0]
As Scheduled
A study of national-state relations by use of court cases, with special emphasis on the impacts of the commerce and taxation clauses; a study of Congressional-presidential relationships by use of court cases. Prerequisites: POLS 2313 and POLS 2314.

POLS 4321 American Constitutional Law: Liberties [3-0]
As Scheduled
A study of the limitations of governmental powers in the United States by use of court cases, with primary emphasis on civil and political rights. Prerequisites: POLS 2313 and POLS 2314.

POLS 4332 American Political Theory [3-0]
As Scheduled
An analysis of American political theory and values from the Colonial period to the present. The work of Jefferson, Jackson, Calhoun, Bellamy, Hoover and Galbraith are included. Prerequisites: POLS 2313 and POLS 2314.

POLS 4353 International Organization [3-0]
As Scheduled
An analysis of the judicial-political foundations. Actual machinery and activities of the principal international organizations, particularly the United Nations and related bodies. An appreciation of their achievements toward international peace. Prerequisites: POLS 2313 and POLS 2314.

POLS 4360 American Executive Process [3-0]
As Scheduled
Advanced study of the development of the power and influence of the president and other American executives; procedures and politics of the executive process; executive policy outputs; the relation of the executive to the other elements of the political system. Prerequisites: POLS 2313 and POLS 2314.

POLS 4363 American Legislative Process [3-0]
As Scheduled
Advanced study of the legislative process; structure, powers, organization, political control and procedures of Congress, state legislatures and local legislative bodies in the rest of the political system. Prerequisites: POLS 2313 and POLS 2314.

POLS 4365 American Administrative Process [3-0]
As Scheduled
Advanced study of law and procedures of national, state and local administrative agencies and their behavior; problems in administrative management; theory of complex organizations; policy outcomes of the administrative process. Prerequisites: POLS 2313 and POLS 2314.

POLS 4367 American Judicial Process [3-0]
As Scheduled
Advanced study of the structure, functions and procedures of the national, state and local judicial systems; the interrelationship between the American judiciary and other components of the political system; the impact of judicial decision making on public policy; jurisprudence. Prerequisites: POLS 2313 and POLS 2314.

POLS 4373 American Political Parties and Politics [3-0]
As Scheduled
A study of the history, organization, function and leadership of political parties and the role they play in the operation of national, state and local governments in the United States and a study of the role of group politics and voting behavior in the American political process. Prerequisites: POLS 2313 and POLS 2314.

POLS 4374 Public Opinion and Political Behavior [3-0]
As Scheduled
An analysis of public opinion and political behavior, with emphasis on the nature, origins, distribution and measurement of public opinion, as well as its impact on citizen participation in the U.S. political system. Prerequisites: POLS 2313 and 2314.

POLS 4375 American Foreign Policy [3-0]
As Scheduled
Study of the politics, formulation, conduct and consequences of U.S. foreign policy. The roles of the president, Congress, interest groups, political parties, the military and intelligence agencies and
public opinion are examined. Specific cases of major foreign policy decisions to be examined. Prerequisites: POLS 2313 and POLS 2314.

**POLS 4382 Governments and Politics of China, Japan and India**  
[3-0]  
As Scheduled  
Study of the socio-economic setting, constitutional framework, political forces, authoritative decision-making agencies and certain major policy outputs of China, Japan and India. Prerequisites: POLS 2313 and POLS 2314.

**POLS 4383 Politics of Central America and the Caribbean**  
[3-0]  
As Scheduled  
A survey of governmental structures and politics in Central America and the Caribbean. Examines competing ideologies, group developments, party interests, influence of revolution, relationships among political, social and economic structures and Latin America’s role in the world political arena. Prerequisites: POLS 2313 and POLS 2314.

**POLS 4384 Seminar in Local Government Problems**  
[3-0]  
As Scheduled  
An examination and study of administrative problems in local government. Prerequisites: POLS 2313 and POLS 2314.

**POLS 4386 South American Politics**  
[3-0]  
As Scheduled  
A survey of governmental structures and politics in South America. Examines competing ideologies, group developments, party interests, influence of revolution, relationship between political, social and economic structures and South America’s role in the world political arena. Prerequisites: POLS 2313 and POLS 2314.

**POLS 4387 Politics of Mexico**  
[3-0]  
As Scheduled  
A study of the politics and government of Mexico focusing on the political system in the context of history and culture. Study of Mexico’s relations with the United States and other nations. Prerequisites: POLS 2313 and POLS 2314.

**Physical Science**

**PSCI 1421 Physical Science**  
[3-2]  
(Texas Common Course Number is PHYS 1415.)  
Fall, Spring, Summer  
A survey course designed to provide an introduction to the concepts and principles of physical science for non-science and elementary teaching majors. The topics covered include astronomy, chemistry and mechanics. Prerequisite: MATH 1334. $4 laboratory fee.

**PSCI 1422 Physical Science**  
[3-2]  
(Texas Common Course Number is PHYS 1417.)  
Fall, Spring, Summer  
A survey course that introduces the concepts and principles of physical science for non-science and elementary teaching majors. Geology, meteorology and physics will be included in this course of study. Prerequisite: PSCI 1421. $4 laboratory fee.

**PSCI 2408 Survey of Physical Science**  
[3-2]  
Fall, Spring  
Introduction to topics of the physical sciences drawn from physics, chemistry and geology. Basic concepts from mechanics, electricity, light, atomic structure, the elements and compounds, and simple reactions will be covered. Earth materials and processes will be included. Prerequisites: BIOL 1401 and BIOL 1402. $4 laboratory fee.

**PSCI 4311 Topics in Physical Science**  
[3-0]  
As Scheduled  
A course that incorporates many different topics in physical science. Guest lecturers, student participation and basic concept presentation will be utilized for each topic. The course may be taken more than one semester for different topics. Prerequisites: MATH 1334 and 8 hours of a physical science, or consent of instructor.
Psychology

PSY 1310 Introduction to Psychology [3-0]
Fall, Spring
An introduction to the discipline of psychology as a natural science and as an applied social science. This course includes topics such as the biological bases of behavior, sensation and perception, learning and memory, emotions, personality, abnormal psychology, therapy, developmental and social psychology. Previous Course Numbers: PSY 1310 replaces the previous PSY 1313/1323 sequence. PSY 1310 may be repeated to replace a grade for PSY 1313.

PSY 2331 Psychology of Disability [3-0]
As Scheduled
Provides a survey of psychological aspects of disability, with emphasis on physical disability. Includes an overview of research areas and findings. Describes major disability groups and the general psychological processes that are observed in patients and their families as they react and adjust to their disabilities.

PSY 2336 Developmental Psychology: Adolescence [3-0]
(Texas Common Course Number is PSYC 2307.)
As Scheduled
A study of the physical, mental, emotional and social growth from childhood through adolescence. Prerequisite: PSY 1310.

PSY 2401 Basic Statistics for Psychologists [3-3]
(Texas Common Course Number is PSYC 2317.)
Fall, Spring
A practical study of the procedures used in handling psychological data including descriptive statistics, central tendency, variation, correlation and inference. Equivalent Course: May be counted as ANTH 2401; a student may receive credit in only one course. Prerequisites: MATH 1340 or higher (except MATH 2306) and 3 hours of the following: PSY 1310, ANTH 1323, ANTH 1324 or ANTH 1342.

PSY 3324 Social Psychology [3-0]
As Scheduled
An overview of how groups and society influence behavior and thinking. The main topics include conformity, obedience, prosocial behavior (cooperation and helping others), the behavior of groups, attitudes and prejudice, as well as research on interpersonal attraction, including physical attractiveness and romantic love. The course also examines how everyday people are implicit psychologists, trying to explain and understand the behavior of others as well as their own. Prerequisite: 3 hours of social science credit.

PSY 3325 Research Methods in Psychology [3-0]
Fall, Spring
This course provides a lecture-laboratory approach to learning the scientific methodology of empirical psychological research. Basic principles and methods of research design, hypothesis testing, data collection and analysis, and result interpretation are covered in this course. Prerequisites: PSY 1310; PSY 2401.

PSY 3332 Developmental Psychology: Infancy and Childhood [3-0]
As Scheduled
An overview of human development from conception to adolescence. Topics include biological foundations, physical growth, language and cognition, social and personality development. Traditional and recent theoretical perspectives are reviewed. Prerequisite: PSY 1310.

PSY 3333 Psychology of Adulthood: Maturity and Old Age [3-0]
As Scheduled
A study of such aspects of adulthood as job selection, marriage, child rearing and old age. Prerequisite: 6 hours of psychology.

PSY 3337 Developmental Psychology: Lifespan [3-0]
As Scheduled
The field of developmental psychology is an overview of the physical, cognitive, social, emotional and personality domains of the changes that occur over time. The course focuses on normal development from conception through death. Traditional and theoretical perspectives are reviewed. Prerequisite: PSY 1310 and junior standing.

PSY 3340 Stress Management [3-0]
As Scheduled
This course introduces the student to a wide variety of stress reduction techniques and their implications for health. Practical experiences as well as research in such areas as biofeedback, relaxation training and meditation are provided. Prerequisite: PSY 1310.
PSY 3343 Tests and Measurements in Psychology [3-0]

*Fall, Spring*

Concentrates on the theoretical aspects of test construction and on extensive survey of the major types of standardized tests used in industry, schools and mental health settings. *Prerequisites:* PSY 1310 and PSY 2401.

PSY 3345 Psychology of Learning [3-0]

*As Scheduled*

An introduction to the methods, results and interpretations of experimental studies of learning, including both animal conditioning and human memory. Emphasis will be placed on classical and instrumental conditioning procedures.

PSY 3353 Physiological Psychology [3-0]

*As Scheduled*

An analysis of the basic physiological mechanisms underlying behavior with emphasis on the role of the central nervous system in sensation, emotion, motivation, learning and memory. A knowledge of biology is helpful but not necessary. *Prerequisite:* PSY 1310.

PSY 3373 Sensation and Perception [3-0]

*As Scheduled*

A study of the basic mechanisms underlying sensation and perception. Experimental methods, research findings and theory are emphasized. *Prerequisite:* PSY 1310.

PSY 3383 Animal Behavior [3-0]

*As Scheduled*

An introduction to the methods, results and interpretation of studies of animal behavior from the perspectives of comparative psychology and ethology. An emphasis will be placed on social and communicative behavior. *Prerequisite:* PSY 1310.

PSY 3405 Behavior Modification [3-3]

*As Scheduled*

An overview of principles of social learning, operant conditioning and the application of these principles to personal development, relationships and problem behavior. 3 hours lecture and a 3-hour lab. *Prerequisite:* PSY 1310.

PSY 4302 Primate Behavior  [3-0]

*As Scheduled*

A review of the behavior of selected representatives of the order primates, based upon research conducted in both laboratory and field. In addition, students will collect data on a representative primate group at the Gladys Porter Zoo. Equivalent Course: May be counted as ANTH 4302; a student may receive credit in only one course. *Previous Course Number:* PSY 3384; a student may receive credit in only one course. *Prerequisites:* PSY 1310 and PSY 3383, or ANTH 1324, or consent of instructor.

PSY 4312 Female and Male  [3-0]

*As Scheduled*

An examination of the physiological and psychological influences of sex role development, including such topics as human liberation, sexual behavior, child rearing practices and career opportunities. *Prerequisite:* 9 hours of psychology or consent of instructor.

PSY 4313 Abnormal Psychology  [3-0]

*Fall, Spring*

A comprehensive analysis of various emotional disorders, neuroses and psychoses, their symptoms, etiologies and treatment and approaches. *Prerequisite:* PSY 1310.

PSY 4318 Theories of Learning  [3-0]

*As Scheduled*

A historical review of major theoretical positions in the field of animal and human learning. *Prerequisite:* PSY 1310 or consent of instructor.

PSY 4319 Cognitive Processes  [3-0]

*As Scheduled*

The experimental study of conscious, voluntary mental processes. Topics include recognition of written words and other patterns, recognition of speech and comprehension of language, limits on ability to divide attention, concept formation, problem solving and reasoning. Emphasis is on adult processes rather than on development of the processes in children. *Prerequisite:* PSY 1310.

PSY 4320 Memory  [3-0]

*As Scheduled*

The experimental study of the acquisition, storage, retrieval and forgetting of verbal information. Emphasis is on basic research and theory about adult processes, and little consideration is given to either
applications or development of the processes in children. Prerequisite: PSY 1310.

**PSY 4326 Cross-Cultural Psychology** [3-0]
As Scheduled
The course examines how culture shapes our cognition and behavior. In addition to exploring intercultural contact and cross-cultural research methods, the following areas in psychology are analyzed from a cross-national perspective: perception, cognition, human development, attitudes and interpersonal relations. Prerequisite: PSY 1310.

**PSY 4328 Psychological Issues in the Mexican-American Community** [3-0]
As Scheduled
Mexican-American personality development and assessment, ethnic identity and acculturation are examined in the course, as are Chicano perceptions of abnormal conduct and the use of alternative therapists. Selected community issues, such as immigration and prosocial behavior, are also explored from a psychological perspective. Prerequisite: PSY 1310.

**PSY 4333 Theories of Personality** [3-0]
As Scheduled
Emphasis is placed on the major theories of personality that attempt to explain the psychological nature and behavior of people. Some consideration is given to the process involved in developing a theory of personality. Prerequisite: PSY 1310.

**PSY 4342 Psychology and Law** [3-0]
As Scheduled
This course is designed to give students an appreciation of behavioral phenomena as they apply to our legal system. A general survey of related topics such as the trial process, the psychology of evidence and the psychology of juries will be covered.

**PSY 4355 Psychology and Mythology** [3-0]
As Scheduled
This course will study the impact and interrelationships of psychological thought and mythological theory. The impact of the theories of Freud, Adler, Jung, Levi-Strauss and others on mythology will be studied. Equivalent Course: ANTH 4355; a student may receive credit for only one course. Prerequisite: PSY 1323 or ANTH 1323 or ANTH 1353 or instructor’s consent.

**PSY 4363 Systems and Theories in Psychology** [3-0]
As Scheduled
A history of the development of psychology and a study of theories in contemporary psychology. Prerequisite: PSY 1310.

**PSY 4380 Research Seminar** [3-0]
As Scheduled
Students will conduct faculty-supervised research in an area of mutual interest resulting in oral and written presentations of their work to other students and faculty. The course will provide an opportunity to obtain hands-on research experience for undergraduate students who intend to pursue graduate degrees. May be repeated for up to 6 hours credit. Prerequisites: PSY 2401 and PSY 3325, and consent of instructor.

**PSY 4383 Special Problems** [3-0]
As Scheduled
Selected topics assigned according to the interest of the class and/or student. Sequential registration for up to 9 hours is permitted as topics vary. Prerequisites: 9 hours of psychology and consent of instructor.

---

**Quantitative Methods**

**QUMT 2340 Introduction to Quantitative Methods in Business** [3-0]
Fall, Spring, Summer
This course is an introduction to the quantitative techniques and models applicable to business decision making. Topics include optimization models of deterministic and non-deterministic systems used in the business curriculum (accounting, computer information systems, economics, finance, management, marketing, production and operations). The course integrates computers as tools in solving business problems. Prerequisites: MATH 1321 or MATH 1340; CIS 1301.

**QUMT 2341 Elementary Business and Economic Statistics** [3-0]
Fall, Spring, Summer
An analysis of descriptive statistics and statistical inference. Topics include collection, organization and presentation of numerical data; central tendency,
variation, skewness, probability, probability distribution, sampling distributions, estimation theory and hypothesis testing. Computer laboratory assignments covering the above topics will be assigned. Prerequisites: MATH 1321 or 1340; CIS 1301 or CIS 1101.

QUMT 3342 Intermediate Business and Economic Statistics [3-0]
Fall, Spring, Summer
A continuation of elementary statistics, including regression and correlation, index numbers, time series, nonparametric statistics and other decision-making tools. Computer laboratory assignments covering the above topics will be assigned. Prerequisites: QUMT 2341 and MATH 1322 or QUMT 2340.

Reading

READ 3310 Narrative and Expository Analysis-Elementary/Secondary [3-0]
Fall, Spring, Summer
Examines the processes utilized to provide clues to understanding text: identification of relevant information of text and how events in the text are related; utilizing information of text to determine that which is not stated; evaluating and judging text; monitoring what is read for the purpose of clarifying text.

READ 3323 Reading Acquisition [3-0]
Fall, Spring
Psychological, sociological, cultural, physical and linguistic factors related to reading acquisition; analysis of scope and sequence of word recognition processes: sight word vocabulary, phonics, structural, morphemic and contextual analysis; analysis of organizational and management parameters of learner-centered reading instruction at the primary levels; diagnostic and prescriptive processes as they pertain to readiness, structural and phonetic analysis, vocabulary skills and classification skills. (Field-Based Approved Course.)

READ 3325 Cognitive Development and Reading Comprehension [3-0]
Fall, Spring
Examination of principles of comprehension; factors that affect comprehension of text; cognition and reading comprehension; components of the learner-centered instructional program of reading comprehension and the correlation of reading processes to the writing processes; analysis of comprehension processes as they apply to various text structures; extending and enriching reading comprehension through literature; diagnostic and prescriptive processes as they pertain to literal, interpretive and evaluative comprehension processes. (Field-Based Approved Course.)

READ 3326 Reading Across the Curriculum Content Areas [3-0]
Fall, Spring
Analysis of research, study and library skills; examination of reading as applied to the various content areas with focus on effective reading processes across text types and subject-specific vocabulary. Prerequisites: READ 3323 and READ 3325.

READ 3327 Assessment/Diagnosis of Special Needs Students [3-0]
Fall, Spring, Summer
Examination of the affective, cognitive, cultural and linguistic correlates of reading disabilities; examination of the characteristics of gifted readers; analysis of learner reading styles across the modalities of auditory, visual, kinesthetic and tactile; analysis of the principles of assessment and relationships to both remediation and enrichment. Prerequisite: READ 3323.

READ 3329 Language Arts Curriculum [3-0]
Fall, Spring
Reading as an integral part of the language arts process; study of the relationships between listening, speaking, reading and writing. Prerequisite: READ 3323.

READ 3331 Literature for the Young Adult [3-0]
Spring, Summer
Emphasis is on the reading and evaluation of literature written for young adults (middle, junior and senior high school students). The selection and reading of a variety of literary genre for the young adult that encompasses literature reflecting culture, ethics and social diversity within a multicultural society will be included.

READ 4351 Developmental Reading in Secondary Schools [3-0]
Fall, Spring, Summer
Analysis of the relation of reading ability to academic achievement; reading skills needed in content area reading; reading difficulties encountered by
students in secondary schools. Prerequisites: READ 3323 and READ 3325 (except for meeting requirements of secondary professional development certification).

Rehabilitative Services

REHS 2301 Introduction to Rehabilitation [3-0]
Fall, Spring and As Scheduled
Introduction to the field of rehabilitation and rehabilitation professions and specialties (e.g., Rehabilitation Counseling, Vocational Evaluation, Job Placement). The course addresses theory and practice of rehabilitation as well as the history, philosophy and legislative basis for the programs and professions. Includes an overview of the needs of individuals with disabilities and the effects disabilities have upon personal, social and vocational adjustment. The independent living rehabilitation movement and the vocational rehabilitation process are discussed, along with the impact individuals with disabilities have upon the nation’s economy. Community resources and agencies that provide services to people who have disabilities are explored. May include field trips, guest lectures and community-oriented assignments.

REHS 2311 Disability Policy and Consumerism [3-0]
Fall, Spring and As Scheduled
Provides an overview of legislation and policies (both federal and state) that impact people with disabilities. Issues related to incentives and disincentives of returning to work, insurance and federal benefits will be covered. Consumer empowerment and independent living will also be explored.

REHS 2321 Introduction to Substance Abuse [3-0]
Fall, Spring and As Scheduled
Provides an introduction to the antecedents and the rehabilitation of the disability of substance abuse in the areas of vocational, social, familial, personal and physical areas. Includes information about multiple disabilities (e.g., physical and emotional disability and substance abuse).

REHS 2331 Psychology of Disability [3-0]
Fall and As Scheduled
Provides a survey of psychological aspects of disability with an emphasis on physical disability. Includes an overview of research areas and findings. Describes major disability groups, and their psychological processes that are observed in consumers and their families as they react and adjust to their disabilities. Equivalent Course: PSY 2331; a student may receive credit for only one course.

REHS 3303 Case Management I [3-3]
Spring
Introduction to case management skills and techniques including interviewing will be taught. Applied and supervised learning experiences will be emphasized. Prerequisites: REHS 2301, REHS 2311, REHS 2331 and formal admission.

REHS 3320 Family and Disability [3-0]
Spring
Covers relevant issues concerning the family of a person with a disability. Topics such as family dynamics, family support systems and the role of the family in adjustment to disability will be explored. Particular attention will be given to the Mexican-American family. Prerequisites: REHS 2301, REHS 2311, REHS 2331 and consent of instructor.

REHS 3330 Medical Aspects of Rehabilitation [3-0]
Spring
Provides essential medical information to prepare students for working with individuals with disabilities, physicians and employers. Information on etiology, prognosis and treatment procedures and vocational and independent living implications will be covered for each disability group. Also included in the course is information on medical specialties, therapeutic services, restorative techniques and medical terminology. This course offers the student the opportunity to learn how to assess the total impact of the disability more perceptively and accurately, and to assist the consumer in making more realistic vocational/independent living plans. Prerequisites: REHS 2301, REHS 2311 and REHS 2331.

REHS 4100 Independent Study [1-0]
As Scheduled
Individualized study and investigation of rehabilitation topic under the direct supervision of a faculty member. A minimum of 25 clock hours per credit hour is required. May be repeated a total of four times. Prerequisite: Consent of instructor.
REHS 4301  Vocational Assessment  [3-0]
Spring
This course will focus on the vocational assessment of people within the rehabilitation process. Students will be oriented to vocational evaluation, psychometrics, behavioral observations, work samples, situational assessments as well as modifications in assessment techniques needed to effectively evaluate people with disabilities. Prerequisites: REHS 2301, REHS 2311, REHS 2331 and formal admission.

REHS 4302  Job Placement  [3-0]
Fall
A study of job placement theories, approaches and techniques will occur. The student will be introduced to the vocational implications of disability. Job-seeking skills, labor market surveys, job analysis, resumé writing and transferable skills analysis are some of the skills that are taught. Prerequisites: REHS 3330 and formal admission.

REHS 4303  Case Management II  [3-0]
Fall
Advanced case management skills and techniques such as interviewing, case history development, and program planning within the rehabilitation process will be taught. IWRP development and reviews of client case records will occur in an applied, supervised environment. Legal and ethical issues in service delivery will be addressed. Prerequisites: REHS 3330 and formal admission.

REHS 4330  Clinical Topics in Rehabilitation  [3-0]
Fall
This course will focus on priority clinical issues and provide concentrated study in specific areas in rehabilitative services that appear timely. The focus will be placed on independent projects, presentation of papers and group discussion. A field-based clinical study project will be required. Prerequisites: REHS 2301, REHS 2311 and REHS 2331 or consent of instructor.

REHS 4350  Special Topics in Rehabilitation  [3-0]
As Scheduled
Selected topics in rehabilitation. May be repeated for up to 6 hours credit when topic varies. Prerequisites: REHS 2301, REHS 2311 and REHS 2331 or consent of instructor.

REHS 4360  Assistive Technology  [3-0]
As Scheduled
Issues related to technology and people with disabilities will be examined. Types of technology, service delivery models, funding, training and technology abandonment will be covered. Examples of technology will be brought into the classroom. Prerequisites: REHS 2301, REHS 2311 and REHS 2331 or consent of instructor.

REHS 4602  Clinical Practicum in Rehabilitation  Spring
Supervised, field-based clinical experience in a public or private setting serving the disabled. The practicum setting must meet specific program requirements and be approved by the University practicum supervisor. Weekly assignments will focus on daily components within the rehabilitation process and will be treated in a weekly group session. 320 clock hours, 20 field hours weekly plus 2 hours of regularly scheduled group supervision per week. Prerequisites: Completion of all REHS concentration courses and program approval.

ROTC 1201  CPR/First Aid and Marksmanship  [2-1.25]
As Scheduled
Course will examine basic first aid procedures to include evaluation of victims/casualties, cardiopulmonary resuscitation, clearing the airway, and administering first aid. The course studies healthy lifestyle habits (diet, exercise, stress reduction) promoting health and wellness. Course includes studies in the fundamentals of rifle and pistol marksmanship along with practical experience on an outdoor range. Students have the opportunity to earn both CPR and first aid certification through national organizations. Students are encouraged to participate in the ROTC early morning fitness program and leadership laboratories.

ROTC 1202  Survival and Land Navigation Training  [2-1.25]
As Scheduled
An introduction to basic military science. Studies in basic military skills. Emphasis is placed on methods and techniques of survival and land navigation, but the course is also designed to enhance self-confidence and
physical fitness through active participation in adventure training. Includes a leadership laboratory to teach these principles. An optional weekend field training exercise is offered.

**ROTC 2201** **Applied Leadership and Management** [2-1.5]

As Scheduled
An application of basic leadership and management principles. The course ethics apply based on leadership skills that develop individual abilities and contribute to the building of effective teams. Learn the role of the U.S. Army and Army communications skills such as oral presentations, writing concisely, planning of events, coordination of group efforts, fundamentals of ROTC's Leadership Development program. Two hours and a required leadership lab. Optional weekend field training exercises are offered.

**ROTC 2202** **Intermediate Leadership and Management Techniques** [2-1.5]

As Scheduled
Learn techniques for training others as an aspect of continued leadership development. Supervisory personnel and motivational techniques are studied through placement of students in positions of small unit leaders given assigned tasks. Introduction to basic tactical mission applications and principles. Two hours and a required leadership lab. Optional weekend field training exercises are offered.

**ROTC 3201** **Basic Army Physical Development** [3-1.25]

As Scheduled
An in-depth study of the Army's physical fitness program. From this curriculum, a student can develop a physical fitness program that best suits one's ability or physical desire. One can learn to perform individual physical assessments. Other topics include nutrition, stress management, mental fitness/performance enhancement and physical training. Includes limited outdoor physical conditioning and a leadership laboratory.

**ROTC 3202** **Advanced Army Physical Development** [3-1.25]

As Scheduled
A practicum in physical development where a student applies the physical development skills learned in Basic Army Physical Development and applies them to a program that best suits the individual. The student will be tested in accordance to FM 21-20 and The Army Physical Fitness Test to determine his or her ability and AR 600-9 in attainment of a physical goal. Includes extensive outdoor physical conditioning and a leadership laboratory.

**ROTC 3401** **Advanced Military Leadership** [2-3]

As Scheduled
This course introduces the student to the responsibilities, character and uniqueness of the commissioned officer as a professional. Topics include the role of the small unit leader, radio communications, advanced military leadership, tactical operations and oral communications. Weekend field training exercises are mandatory. Prerequisite: Advanced ROTC standing.

**ROTC 3402** **Small Unit Tactics** [2-3]

As Scheduled
Analysis of the leader's role in directing and coordinating the efforts of individuals and platoon-sized units in the execution of offensive and defensive tactical missions, make-up and preparation of the five paragraph field order, land navigation and patrolling. Prerequisite: Advanced ROTC standing.

**ROTC 3604** **Internship in Military Science**

As Scheduled
The purpose of the Advanced Camp is to train leadership and evaluate officer potential. Technical/tactical proficiency and leadership skills will be put to the test in a carefully planned and stressful training sequence. Light infantry tactics are the individual training vehicle. Prerequisite: ROTC 3402.

**ROTC 4401** **Staff Management and Responsibilities** [2-3]

As Scheduled
An examination of the garrison and administrative responsibilities of the commissioned officer. An in-depth analysis of staff procedures, the military writing program, advanced leadership assessment and the decision-making process. Precommissioning actions will also be conducted. Weekend field training exercises are mandatory. Prerequisites: Advanced standing, ROTC 3401 and ROTC 3402.

**ROTC 4403** **Advanced Military Science** [2-3]

As Scheduled
This course includes the ethical and professional responsibilities of the commissioned officer and studies the military justice system as well as the Army training
system and customs and traditions of the Army from the perspective of a newly commissioned second lieutenant. Weekend field training exercises.

Prerequisites: Advanced ROTC standing, ROTC 3401 and ROTC 3402.

**Russian**

**RUSS 1341 Beginning Russian** [3-0]
As Scheduled
An introductory course designed to teach students the basic elements of the Russian language. Emphasis on speaking, comprehension, writing and reading.

**Sociology**

**SOC 1313 Principles of Sociology** [3-0]
(Texas Common Course Number is SOCI 1301.)
Fall, Spring, Summer
The social group, culture and personality; social institutions; social interaction; social change. Credit Restriction: Credit may be received in only one of SOC 1313 or SOC 1387.

**SOC 1323 Current Social Issues** [3-0]
(Texas Common Course Number is SOCI 1306.)
Fall, Spring
A sociological analysis of selected social issues present in current society.

**SOC 1325 Japanese Society** [3-0]
As Scheduled
A basic survey of Japanese social structure, institutions and social history. This course is designed to familiarize students with contemporary Japanese society and culture.

**SOC 1387 Principles of Sociology (Honors Plan)** [3-0]
A sociological analysis of major concepts such as social group, culture, socialization, social interaction and group relations. The course is discussion-centered with emphasis on independent study. Credit Restriction: Credit may be received in only one of SOC 1313 or SOC 1387. Prerequisite: Admission to Honors Studies or by invitation.

**SOC 2301 Statistics for the Behavioral Sciences** [3-0]
Fall, Spring
An introduction to the procedures used in handling sociological data including frequency distributions, central tendency, variability, correlation and elementary hypothesis testing. Prerequisites: 3 hours of mathematics (except MATH 2306) and SOC 1313 and SOC 1323 or consent of instructor.

**SOC 2324 Social Psychology** [3-0]
(Texas Common Course Number is SOCI 2326.)
Fall
Principles of social psychology with sociological emphasis of symbolic interactionism. Topics include differences between humans and animals, language and symbols, human development and the instinct controversy.

**SOC 2332 Community** [3-0]
As Scheduled
A consideration of community organization and problems and strategies for change. Special attention will be given to community organization and problems in the Rio Grande Valley.

**SOC 2333 Marriage and the Family** [3-0]
(Texas Common Course Number is SOCI 2301.)
Fall, Spring
A study of problems and an analysis of the factors contributing to successful marriages with study of surveys that have been made of this aspect of the social relations of men and women.

**SOC 3301 Methods of Social Research** [3-0]
Spring
Use of scientific method in social research; formulation of research designs, hypothesis testing, sampling, interviewing, observation, coding, use of documents, questionnaires and scales. Emphasis on interpretation of social data. Prerequisites: SOC 1313 and SOC 2301 or consent of instructor.

**SOC 3310 Sports and Society** [3-0]
Fall, Spring
This course investigates the relationship between sports and society by examining the role and impact of agents of socialization such as the family, the peer group and the mass media on athletes and their personalities. This course also explores the issues of racism, sexism and violence in various sports. The
assumption that sports builds character will be examined along with cultural issues such as deviance, retirement and competition.

**SOC 3324  Sociology of Health  [3-0]**
*As Scheduled*
Analysis of basic problems in the maintenance and preservation of health and delivery of health care services by social class. Focus is on environmental causes of disease; social-psychological response to illness; and family cohesion, strain and resources as affected by illness. *Prerequisite:* 3 hours of sociology or consent of instructor.

**SOC 3326  Contemporary Issues in Social Psychology  [3-0]**
*As Scheduled*
A review and discussion of recent issues and advances in social psychology. This course will focus on contemporary concerns with regard to both theory and research in the laboratory and the community. *Prerequisite:* PSY 2324 or SOC 2324.

**SOC 3333  Urban Sociology  [3-0]**
*As Scheduled*
The culture, history and growth patterns of cities; demographic, ecological patterns and trends. Problems of housing and community organization. *Prerequisite:* SOC 1313 or consent of instructor.

**SOC 3343  Social Issues in Japan  [3-0]**
*As Scheduled*
An examination of the social issues that Japanese society is facing in its attempt to maintain ancient traditions while changing into a post-industrial society. *Prerequisites:* SOC 1313 and SOC 1325, or consent of instructor.

**SOC 3344  Societies in Global Perspective  [3-0]**
*Spring*
The course is rotated to examine the cultures of Asia, Africa and Latin America, with one of these regions as the focus of study in any particular semester. The course looks into cultures of various societies in terms of their social institutions such as language, religion, education, family, customs, traditions, etc., in contemporary and historical perspective and how such institutions provide the value system that is subsequently internalized in the socialization process and become part of the personality.

**SOC 3363  The Sociology of Religion  [3-0]**
The sociological study of religion has traditionally been an important part of sociology since the beginning of sociology as an academic discipline. This course will focus on the way religion functions in society and its various forms throughout the world.

**SOC 3393  Sociology of Aging  [3-0]**
*As Scheduled*
Analysis of the basic problems faced by the aged within a social context. Within an institutional framework, focus is on health, income, work, religion, leisure and interpersonal relationships of the aged. *Prerequisite:* 3 hours of sociology or consent of instructor.

**SOC 4310  Gender in a Global Perspective  [3-0]**
*As Scheduled*
An exploration of the sociological meaning of gender and gender roles in contemporary society. The focus is on the status of women vis-à-vis that of men in the institutional structure: family, marketplace, school and political-legal arena. The nature and causes of sex role differentiation, of changing sex roles and the future of sexual equality will be discussed. *Previous Course Numbers:* SOC 4311 and PSY 4311; a student may receive credit in only one course. *Prerequisite:* 6 hours of sociology or consent of instructor.

**SOC 4313  American Minorities  [3-0]**
*Fall, Spring*
An analysis of intergroup relations among minority groups and the dominant group with special focus on patterns of conflict, change, adjustment, power and inequality among such groups. Some in-depth description of the problems and characteristics of major American minorities. *Prerequisite:* 6 hours of sociology or consent of instructor.

**SOC 4314  Sociology of Deviance  [3-0]**
*Spring*
The nature and extent of deviancy examined through a review of theory and research on deviant behavior. Selective examination of particular types of individual and subcultural deviance (e.g., homosexuality, physical handicaps, prostitution). *Prerequisite:* 6 hours of sociology or consent of instructor.

**SOC 4320  The Sociology of the Family  [3-0]**
A comparative historical approach will be used to examine sociological issues concerning the family in...
contemporary America. An in-depth analysis will focus on many of the social problems that affect the most important social institution in society.

**SOC 4323  The Mexican-American People  [3-0]**

*Fall, Spring*

Presents an examination of the Mexican-American’s economic status, cultural values, style of life, educational attainment, family status and political participation as affected by current socio-economic conditions and their historical antecedents. *Prerequisites:* 6 hours of sociology and/or anthropology or consent of instructor.

**SOC 4325  Cultural Sociology  [3-0]**

The rise of cultural sociology has been one of the most important developments in recent American social science. This course will introduce the student to one of the most popular and important new areas within sociology. The major lines of inquiry: text, code, production, reception and culture in action, which have made cultural sociology flourish in the past 10 years, will be examined. This will be accomplished by relying on the mass media as a concrete and shared mechanism through which culture is produced, received and put into action. This class will use movies, television, magazines, newspapers and the recording industry extensively as sources for examination and analysis of major and timely cultural themes.

**SOC 4326  Population and Society  As Scheduled**

This course will address the issues of human populations by studying the social processes of births, deaths and migration. The course will study the so-called “population explosion” in developing societies and look as to how the population increase in these societies is affecting the social institutions such as education, the family, government, etc. These and other related questions will be addressed. *Prerequisite:* SOC 1313.

**SOC 4333  Social Theory  [3-0]**

*Spring*

A survey of historical development and the theories of major sociologists. *Prerequisite:* 9 hours of sociology or consent of instructor.

**SOC 4352  Social Inequality  [3-0]**

*Fall, Spring*

A discussion of research, concepts and theory related to inequality in social life, its causes and consequences. The social order of relations between the affluent and the poor and how inequality among the social classes is built into the culture and institutions of society (e.g., government, economics, religion, family). *Prerequisite:* SOC 1313 or consent of instructor.

**SOC 4360  Sociology of Education  [3-0]**

*As Scheduled*

Social and institutional organization of education and the profession of teaching. Class, ethnic and other social factors affecting the educational process and the effect of educational institutions and practices on the community and society. *Prerequisite:* SOC 1313 or consent of instructor.

**SOC 4380  Social Protest and Social Movements  [3-0]**

*As Scheduled*

An investigation of the careers of protest and movement organizations. Special attention is directed to the structure of these organizations and the dilemmas and problems they encounter. Case studies are included. *Prerequisite:* SOC 1313 or consent of instructor.

**SOC 4383  Independent Studies  As Scheduled**

Designed to give students experience in research or in-depth theoretical/empirical readings in a substantive area not normally covered within standard courses. Research projects or advanced readings will vary according to student interest and faculty availability. Sequential registration for up to 9 hours is permitted as topics vary. *Prerequisite:* 9 hours of sociology and consent of instructor.
Social Work

SOCW 1313 Introduction to the Social Work Profession [3-0]
(Texas Common Course Number is SOCW 2361.)
Fall, Spring, Summer
This course examines the roles of policy-makers, process of social work profession, functions and services as they relate to various fields of practice will be studied. Volunteer work in the community will be required. Previous Course Title: Introduction to Sociology; a student may not repeat the course for credit.

SOCW 2301 Statistics for the Human Services [3-0]
This course orients the students to basic statistics concepts and procedures that are needed for generalist social work practice. Students learn techniques for data analysis using chi-square, t-test, Pearson Correlation Coefficient, and ANOVA. Additionally, students use statistical software to compute inferential statistics.

SOCW 2314 The Social Welfare Institution [3-0]
Fall, Spring
This course is a continuation of the introductory level course with emphasis on the social welfare institution, its laws, societal responses and parallel social work services. Specific welfare legislation and programs that impact the profession of social work will be examined. Previous Course Title: Social Welfare Legislation; a student may not repeat the course for credit.

SOCW 3314 Social Welfare Policy and Programs [3-0]
Fall, Spring
Examines economic, political, intellectual, sociocultural, leadership, values and ideologies and other such factors that shape social welfare policy, programs and services. Addresses various frameworks for studying social policy and examines the roles of policy-makers, process of social change and the role of the social worker as a facilitator of change. Prerequisites: SOCW 1313 and SOCW 2314.

SOCW 3321 Human Behavior and the Social Environment I [3-0]
Fall, Spring
This course examines how biological and ecological forces, family beliefs and practices, cultural customs, societal normal, psychological processes, and interaction with other human beings and social institutions influences human behavior. Particular attention is given to the development period from infancy to adolescence. A student may receive credit in only one course.
Prerequisite: SOCW 1313.

SOCW 3322 Human Behavior and the Social Environment II [3-0]
Fall, Spring
Designed to provide the students with an understanding of human behavior and the social environment as a continuation of SOCW 3321 with emphasis on the later years of the life span with implications for social work practice. Prerequisites: SOCW 1313, 6 hours in sociology and/or psychology, and SOCW 3321 or consent of instructor. Previously SOCW 2324.

SOCW 3323 Social Work Practice I [3-0]
Fall, Spring
Through classroom and community work, the student examines some of the necessary knowledge, attitudes, values and skills upon which problem-solving is based and learns how the generalist approach to practice is basic to all service-giving in social work. Previous Course Title: Methods in Social Work Practice; a student may not repeat the course for credit.
Prerequisites: SOCW 1313, SOCW 2314 and SOCW 3321.

SOCW 3333 Special Topics in Social Work Issues [3-0]
As Scheduled
An analysis of conceptual frameworks, content, laboratory experiences and research opportunities in current social issues with particular relevance to our community, requiring the social worker’s intervention, problem-solving knowledge, values and skills, and preparing the social work student and other helping professionals for interdisciplinary collaboration in achieving effective social change objectives. Sequential registration for up to 6 hours is permitted as topics vary. Topics will vary according to timeliness of issues, student demand and availability of faculty.

SOCW 3334 Social Work Practice with the Aging Family [3-0]
As Scheduled
Students will study interviewing, assessment and intervention, demographics of an aging population in America, roles and functions of families, the quality of life of the elderly, societal and cultural issues for older
adults, supportive resources and networks as well as services for the aged and their family members. The generalist approach is applied to work with older clients through case examples and community assignments.

**SOCW 3335 Women’s Issues in Social Services**
This course examines societal realities affecting women as individuals, as members of ethnic groups, as clients, and as social workers. The curriculum focus is on intervention strategies that empower women and seek to adequately address the needs of women as individuals, clients and as social work practitioners.

**SOCW 3342 Substance Abuse and the Family**
As Scheduled
Provides an introduction to the basic dynamic nature of the substance-abusing family, including structures, relationships and development in the process of its societal evolution. The function of the family as a socialization agent will be studied. Focus will be given to value transmission, learning patterns of interaction, impact on varieties of relationships and coping styles. Prerequisite: Junior standing or consent of the instructor.

**SOCW 3345 Occupational Social Work**
As Scheduled
This course is designed to examine the social worker’s role within industrial and occupational settings. The course will examine the work environment and its linkages to the individual, the family and the community. Various models of employee social service programs, e.g., employee assistance programs, job well being and enhancement programs, and on-site counseling models, will be studied. Previous Course Title: Industrial Social Work; a student may not repeat the course for credit.

**SOCW 3350 Groups in Social Work**
As Scheduled
Provides a general orientation to small groups in social work practice. Students will examine the values, objectives and principles of social work group practice. Through classroom participation, the various group theories, concepts, dynamics and processes will be experienced. Focus will be on group leadership and development of self-awareness to illustrate the worker’s role in facilitating the processes of group and individual development. Prerequisite: Junior or consent of the instructor.

**SOCW 3351 Schools in Social Work**
Examines the major social issues confronting education, as well as how school social workers can interface with educators to address the problems of student absenteeism and underachievement, and the violence, racism, and discrimination that are perpetuated by and against students. The roles and functions of school social workers are described. Prerequisite: Junior standing or consent of instructor.

**SOCW 4301 Social Work Practice II**
Fall, Spring
Designed to provide social work students with knowledge of direct practice with families and small groups using the problem-solving approach. Students will selectively use concepts and techniques from various models, e.g., systems perspective, psychosocial theory, behavior modification and family-focused work as frameworks to develop strategies in clinical and cross-cultural intervention. Prerequisite: SOCW 3323.

**SOCW 4302 Social Work Practice III**
Fall, Spring
This course provides students with knowledge of direct practice with communities and large organizational systems. Students learn how to apply the problem-solving process to bring about social and economic justice. Prerequisite: SOCW 3323.

**SOCW 4311 Research for the Social Services**
Fall, Spring
This course introduces students to the scientific method and how it is used by social workers to effect social change, improve the delivery of social services and to evaluate practice. This course was previously listed as SOCW 3353. A student may receive credit in only one course.

**SOCW 4320 Social Work in Health Care**
As Scheduled
This course focuses on the health care system, clients as consumers of health and health care issues as they relate to social work practice. An examination of health-related settings and the diverse skills, roles and functions of social workers will be studied within a team intervention approach with emphasis on gender, ethnic and cultural aspects of health care. Prerequisite: Junior standing or consent of instructor.
SOCW 4321 Domestic Violence in Society [3-0]  
As Scheduled  
The purpose of this course is to examine the phenomenon of domestic violence. Students will study the family structures in which violence occurs, the range (from verbal abuse to homicide) and its extent in society, and the various attitudes toward it. Understanding of the basic theories of violence, identification of support services and systems for victims of domestic violence, and development of basic communication skills for assisting the victims will be expected of the student. Prerequisite: Junior standing or consent of instructor.

SOCW 4352 Substance Abuse Counseling in the Community [3-0]  
As Scheduled  
Patterns of street substance abuse, community education and agency consultation, resource evaluation of such support systems as AA, halfway houses, networking, divergency programs, therapy with the abuser and family are emphasized as follow-up and outreach social work intervention at the community level. Counseling processes studied will include vocational rehabilitation. Cultural assessment, evaluation of treatment effectiveness and legal-ethical issues will be examined in the context of social service delivery. Prerequisite: Junior standing or consent of instructor.

SOCW 4353 Integrative Field Seminar  
This course is taken concurrently with SOCW 4619 Field Education. A seminar format facilitates the intern's integration of the field education experience and the program's generalist curriculum. Emphasis is placed on linking classroom learning with practice in the field and integrating theory with professional practice. Field practicum situations and issues are used for discussion and analysis.

SOCW 4619 Field Education  
Fall, Spring  
This course requires a minimum of 480 hours (four days a week for one semester) of in-the-field experiences in established social agencies or community settings under joint supervision of the agency social worker and a Department of Social Work faculty member. SOCW 4619 is taken concurrently with SOCW 4353. Prerequisites: Approval by the Office of Field Instruction.

Spanish

MCLL 2301 Special Topics in Modern/Classical Literature [3-0]  
This special topics course explores the literary manifestations of the Classical and Modern world. Using a historical approach to the study of literature, the students examine the evolution of literary genres or movements in Classical and Modern cultures. The objective of this course is to expand the student’s knowledge of the human condition and human cultures, especially in relation to behaviors, ideas and values expressed in literary works.

SPAN 1301 Beginning Spanish [3-0]  
(Texas Common Course Number is SPAN 1313.)  
Fall, Spring, Summer  
A course designed to develop the ability to understand, speak, read and write the Spanish language. Open only to persons who are monolingual. Credit Restriction: A student may receive credit in only one of SPAN 1301, SPAN 1303 or SPAN 1387.

SPAN 1302 Beginning Spanish [3-0]  
(Texas Common Course Number is SPAN 1314.)  
Fall, Spring, Summer  
A continuation of SPAN 1301. Credit Restriction: A student may receive credit in only one of SPAN 1302, SPAN 1304 or SPAN 1388. Prerequisite: SPAN 1301.

SPAN 1303 Beginning Spanish [3-0]  
(Texas Common Course Number is SPAN 2313.)  
Fall, Spring, Summer  
A course designed to develop the ability to read and to write the Spanish language. For students who are bilingual. Credit Restriction: A student may receive credit in only one of SPAN 1301, SPAN 1303 or SPAN 1387.

SPAN 1304 Beginning Spanish [3-0]  
(Texas Common Course Number is SPAN 2315.)  
Fall, Spring, Summer  
A continuation of SPAN 1303. Credit Restriction: A student may receive credit in only one of SPAN 1302, SPAN 1304 or SPAN 1388. Prerequisite: SPAN 1303.

SPAN 1387 Beginning Spanish (Honors Plan) [3-0]  
As Scheduled  
A beginning Spanish course designed to meet the needs of Honors students interested in learning to read and
write Spanish fluently at an accelerated pace. Some readings and culture will be introduced. Open to students needing systematic introduction to the Spanish language. Credit Restriction: A student may receive credit in only one of SPAN 1301, SPAN 1303 or SPAN 1387.

SPAN 1388 Beginning Spanish (Honors Plan) [3-0]
As Scheduled
A beginning Spanish course designed to meet the needs of Honors students interested in learning to read and write Spanish fluently at an accelerated pace. Some readings and culture will be introduced. Open to students needing systematic introduction to the Spanish language. Credit Restriction: A student may receive credit in only one of SPAN 1302, SPAN 1304 or SPAN 1388.

SPAN 2301 Technical Spanish I
In this course we will review grammatics and introduce the student to technical terminology in Spanish. The student will read and translate technical texts. We will discuss cultural aspects affecting technology in the Hispanic world. Prerequisite: SPAN 1302 or 1303.

SPAN 2302 Technical Spanish II
This course is a continuation of SPAN 2301. The student will apply the knowledge acquired in Spanish technical terminology to the writing of technical and business reports related to engineering and science. Prerequisite: SPAN 2301.

SPAN 2307 Intermediate Spanish for Native Speakers [3-0]
(Texas Common Course Number is SPAN 2311.)
Fall, Spring, Summer
A comprehensive review of Spanish grammar with special emphasis on writing. Prerequisite: SPAN 1304.

SPAN 2308 Intermediate Spanish for Native Speakers [3-0]
(Texas Common Course Number is SPAN 2312.)
Fall, Spring, Summer
A continuation of SPAN 2307. Prerequisite: SPAN 2307.

SPAN 3301 Spanish Literature (from 1100 to 1750) [3-0]
As Scheduled
A survey of the literature of Spain from El Cid to the middle of the 18th century. Prerequisite: SPAN 2308.

SPAN 3302 Spanish Literature (1750 to the present) [3-0]
As Scheduled
A survey of the literature of Spain from Romanticism to the Modern period. Prerequisite: SPAN 2308.

SPAN 3303 Advanced Spanish Composition [3-0]
As Scheduled
Intensive training in Spanish composition. Prerequisite: SPAN 2308.

SPAN 3304 Advanced Spanish Composition [3-0]
As Scheduled
Additional work in composition. Prerequisite: SPAN 2308.

SPAN 3306 Basic Concepts of Spanish Phonetics and Phonology [3-0]
As Scheduled
An analysis of the phonetic and phonological system of Spanish with special emphasis on the relationship between the phonetic system and writing. Prerequisite: SPAN 2308.

SPAN 3309 Techniques of Literary Analysis [3-0]
As Scheduled
A study and practical application of the fundamentals of literary criticism. Several different approaches to literary analysis will be presented in order to construct a solid basis for the interpretation of literature. Prerequisite: SPAN 2308.

SPAN 3310 Masterpieces of Spanish-American Literature I [3-0]
As Scheduled
An investigation of the literary works of the principal narrators, poets and dramatists of Spanish America from the beginnings of Spanish colonialism to modernism. Analysis of form and content and study of the historical background and literary currents in each work. Prerequisite: SPAN 2308.

SPAN 3311 Masterpieces of Spanish-American Literature II [3-0]
As Scheduled
An investigation of the literary works of the principal narrators, poets and dramatists of Spanish America from modernism to the present. Analysis of form and content and study of the historical background and literary currents in each work. Prerequisite: SPAN 2308.
SPAN 3316 The Mexican Novel [3-0]
As Scheduled
The study of the major novels of Mexico. Prerequisite: SPAN 2308.

SPAN 3330 Spanish Grammar [3-0]
As Scheduled
A study of grammatical concepts with concentration on basic sentence structure, the paragraph, principles of punctuation and functional grammar. Course designed for Spanish majors and minors as well as those interested in bilingual endorsement. Prerequisite: SPAN 2308. Prerequisites for aspirants to bilingual/ bicultural endorsement: SPAN 2308 and ENG 3319.

SPAN 3334 Business Spanish [3-0]
As Scheduled

SPAN 4303 Spanish Civilization [3-0]
As Scheduled
A survey course covering the entire range of Iberian history outlining the major differences between Spanish culture and the cultures of other Western nations. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4304 Spanish Lyric Poetry [3-0]
As Scheduled
A survey of lyric poetry from the beginning to the present. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4305 Cervantes [3-0]
As Scheduled
A study of the principal works of Miguel de Cervantes with particular emphasis on Don Quixote. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4306 History of the Spanish Language [3-0]
As Scheduled
A detailed study of the Spanish language from the beginning to the contemporary period. Historical aspects of each period will be discussed to relate the contributions of different people whose language contributed to the development of the Spanish language. Prerequisite: SPAN 2308.

SPAN 4307 Spanish-American Novel [3-0]
As Scheduled
Begins with a study of literary and historical influence in the 19th century Spanish-American Gaucho and Costumbrista novels and those showing European influence: Guiraldes, Blest Gana, Gamboa. Examination of recent literary trends: Mallea, Sabato, Roa Bastos, Vargas Llosa. Prerequisite: SPAN 2308.

SPAN 4308 Medieval Spanish Literature [3-0]
As Scheduled
A study of the principal literary works of Spain from El Cid to the Romancero. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4309 Contemporary Spanish Literature [3-0]
As Scheduled
A study of the principal literary works of Spain from the Generation of 1898 to the present. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4311 Mexican Literature I [3-0]
As Scheduled
A study of the principal works of Mexican literature beginning with the period of the Spanish conquest until 1850. Prerequisite: SPAN 2308.

SPAN 4316 Problems and Issues Related to Language [3-0]
As Scheduled
Concentrated study of language theory, language acquisition, functions and role of language in society, and current trends and problems related to the topic. Prerequisite: SPAN 2308.

SPAN 4317 Golden Age Prose [3-0]
As Scheduled
A critical study of the most representative prose works of Golden Age Spain. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4318 Theater and Poetry of the Golden Age [3-0]
As Scheduled
Study of the principal dramatists and poets of the Golden Age such as Lope de Vega, Tirso de Molina, Juan Ruiz de Alarcón, Garcilaso de la Vega, Fernando de Herrera, Luis de Góngora and others. Prerequisite: SPAN 2308.
SPAN 4325 Caribbean Literature [3-0]
As Scheduled
A critical review and analysis of Caribbean literature with emphasis on the literary techniques and the cultural reflection in the literature.

SPAN 4329 Mexico's Contemporary Literature [3-0]
As Scheduled
An investigation of Mexico’s latest literature taking into account the psychological effects stemming from the industrial surge, the problems of the migration of the poor, the rebirth of the malinchista spirit, the new identity and the erosion of old traditions in the last two decades. Prerequisite: SPAN 2308.

SPAN 4331 Problems in Grammar, Dialects and Language Performance [3-0]
As Scheduled
A study of the second language learner’s transition from regional Spanish to standard English. Emphasis on the particular characteristics of the English and Spanish dialects of the region and the manner in which they interrelate. The course will treat theory already learned as well as that presented in the course in the light of practical methodological tools. Prerequisite: SPAN 2308.

SPAN 4335 Spanish-English Legal Translation [3-0]
As Scheduled
Intensive practice in the translation from Spanish to English of contracts and government regulations, as well as texts relating to both civil and criminal court cases and extracts from the civil registries of Hispanic countries. Prerequisite: SPAN 2308.

SPAN 4336 Grammar and Composition [3-0]
As Scheduled
The study of the Spanish language applicable to the concerns of secondary school classroom teachers and the acquisition of skills and knowledge essential to testing and teaching advanced grammar and composition are the goals of this course. Prerequisite: SPAN 2308.

SPAN 4337 Eighteenth Century Spanish Literature [3-0]
As Scheduled
A survey of the literature of Spain covering the neoclassic from Feijoo to Fernández de Moratín. Prerequisite: SPAN 2308.

SPAN 4338 Nineteenth Century Spanish Literature [3-0]
As Scheduled
A survey of the literature of Spain covering the two main literary movements: Romanticism and Realism. Prerequisite: SPAN 2308.

SPAN 4339 The Spanish-American Short Story [3-0]
As Scheduled
A study of the evolution of this genre in Spanish-American literature. Themes, content, style and literary movements will be studied. The writers studied in this course will include: Echeverría, Palma, Gutiérrez Nájera, Quiroga, Borges, García Márquez, Fuentes and others.

SPAN 4340 The Spanish-American Essay [3-0]
As Scheduled
A study of this genre in Spanish-American literature. Themes, content, style and literary movements will be studied. The writers studied in this course will include: Andres Bello, Justo Sierra, Antonio Caso, Vasconcelos, Samuel Ramos, Alfonso Reyes, Altamirano, Octavio Paz, Leopoldo Zee and others.

Special Education

SPED 1305 Introduction to the Exceptionalities [3-0]
Fall, Spring, Summer
Focus of this course will include the identification and analysis of characteristics of exceptional individuals. This includes various characteristics of the exceptionalities and the educational and treatment needs through the lifespan. Historical and current social, cultural, legal, educational, and professional topics related to the development of special education will be covered. Course may be taken without admission into the College of Education.

SPED 2304 Computer Applications and Adaptations for Individuals with Disabilities [3-0]
Fall, Spring
The focus of this course will be adapting computer software and equipment to meet the educational needs of individuals with disabilities. Prerequisite: CSCI 1300 or CIS 1301 or consent of instructor. Course may be taken without admission into the College of Education.
**SPED 3301 Inclusion of the Exceptionalities [3-0]**
*Fall, Spring, Summer*

The content of this course includes modifications, adaptations, strategies, and materials for including individuals with exceptionalities into the regular education classroom. Field experiences are required. (Field-Based Approved Course.)

**SPED 3302 Theories of Learning Disabilities [3-0]**
*Fall, Spring, Summer*

This course surveys the theories basic to the study of learning disabilities. The course emphasizes the inactive learner theory and related cognitive and metacognitive learning strategies. *Prerequisite:* SPED 1305 or SPED 4372 or consent of the instructor.

**SPED 4300 Testing and Assessment of Exceptional Individuals [3-0]**
*Fall, Spring, Summer*

The content of this course will include norm and criterion referenced measures, systematic observational procedures and clinical observation techniques. There will be an emphasis on the assessment of individuals with disabilities who are at variance linguistically and socioculturally. Field experiences are required. (Field-Based Approved Course.) *Prerequisite:* SPED 1305 or SPED 4372.

**SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities [3-0]**
*Fall, Spring, Summer*

This course will include topics such as learning styles, cooperative learning, whole language, manipulatives, materials and strategies for teaching individuals with disabilities. Field-based experiences are required. *Prerequisite:* SPED 1305 or SPED 4372 or consent of instructor.

**SPED 4303 Theories of Social Competence and Behavioral Interventions [3-0]**
*Fall, Spring, Summer*

The content of this course includes the diverse intervention processes and theories in social skills intervention, behavior modification, cognitive-behavioral strategies and crisis prevention intervention. Field experiences are required. *Prerequisite:* SPED 1305 or SPED 4372 or consent of instructor.

**SPED 4309 Program Planning of Secondary Special Education [3-0]**
*Fall, Spring*

This course will address the needs of secondary special education students, including vocational and career assessment, vocational programming, and transitional planning. Field experiences are required. (Field-Based Approved Course.) *Prerequisite:* SPED 1305 or SPED 4372 or consent of instructor.

**SPED 4372 Individual Differences [3-0]**
*Fall, Spring, Summer*

The content of this course will include the nature of individual differences with emphasis on the learning characteristics and application of research and theory to special education programs. There will be an emphasis on psychological, sociocultural and physical characteristics of exceptional individuals. Analysis of major research regarding contemporary trends, issues and programs for exceptional individuals will be presented. *Prerequisites:* SPED 1305, SPED 4302, SPED 4303, SPED 4309, SPED 4371 or approval of instructor.

**STAT 2330 Survey of Elementary Statistics [3-0]**
*As Scheduled*

This course is intended to provide students with an elementary overview of the mathematical nature and uses of descriptive and inferential statistics. Topics include the definition and fundamental theorems concerning measures of central tendency and dispersion, empirical and theoretical concepts of probability, the central limit theorem, tests of hypotheses, interval estimation, chi-square tests, and regression and correlation. *Equivalent Course:* MATH 2330; credit may be received for only one course. *Prerequisite:* MATH 1334 with a grade of “C” or better or satisfactory score on ACT or placement exam.

**STAT 3337 Applied Statistics I [3-0]**
*As Scheduled*

This course concerns itself with probabilistic models, regression analysis, nonparametric statistics and the basics of experimental design. Computer laboratory experience will be an important part of the course. *Equivalent Course:* MATH 3337; credit may be received for only one course. *Prerequisites:* Junior standing and either MATH 1340 or MATH 1321. It is highly recommended that the student have some knowledge of statistics such as is offered in STAT 2330.
STAT 4336  Sampling  
As Scheduled  
This course surveys the basic elements of sampling, including concepts of population and sample, the organization of a sample survey, coverage content error, questionnaire design, basic survey designs and computation of estimates and variances. Prerequisite: STAT 3337 or MATH 3337.

FILM STUDIES

Although UTPA does not have a formal program leading to a degree in Film Studies, a number of faculty members offer courses on films. The courses are listed below:

COMM 3316  Intercultural Communication  
An examination of communication behaviors across cultural lines that uses major films (e.g., Passage to India, Witness, and Merry Christmas, Mr. Lawrence) to illustrate and demonstrate those behaviors. Offered once every three semesters.

COMM 6360  Historical Studies In Mass Media  
A graduate seminar that uses film and television to examine different “topics” in communication. Topics include “Film and Television as Propaganda,” and “Political Communication.” Offered once every three semesters.

A special topics course that is designed to introduce students to the use of feature films as historical evidence. The goal is to teach students how to “read” films as historical documents. The focus is on popular U.S. films since 1930 that offer social commentaries on their times. Six themes are examined: 1) War; 2) Technology and Conformity; 3) Mass Politics; 4) Poverty and Affluence; 5) Rebellion; and 6) Oppression.

POL 3318  (Special Topics in Political Science): The Political Film  
Offered during the fall semester of odd-numbered years. This course explores how films have addressed various political topics, including such issues as racism and sexism, politics and corruption, crime as a metaphor for the U.S. political system, individual autonomy vs. institutional obligations and the concept of community.
Regularly scheduled classes at UT Pan American have prescribed contact hours (the actual number of hours each week a student will spend in lecture, laboratory and/or clinical sessions for that class) that are shown in brackets to the right of the course title in each department’s course listings. The first number denotes the number of lecture contact hours; the second number denotes the laboratory contact hours; and a third number, if included, is the number of clinical contact hours. These numbers apply to the courses as they are scheduled for the fall or spring semester. Summer weekly contact hours will be adjusted to compensate for the shorter duration of the semester.

Examples:
- [3-0] The class will have 3 hours of lecture per week.
- [2-3] The class will meet for 2 hours of lecture and 3 hours of laboratory per week.
- [3-0-12] The class will have 3 hours of lecture and 12 hours of clinical experience each week.

Accreditation — college or university
A college or university in the United States is considered accredited if it is recognized by one of the following regional accrediting agencies:
- Middle States Association of Colleges and Schools
- New England Association of Schools and Colleges
- North Central Association of Colleges and Schools
- Northwest Association of Schools and Colleges
- Southern Association of Colleges and Schools
- Western Association of Schools and Colleges

Accreditation — high school
A high school in Texas is considered accredited if it is recognized by the Texas Education Agency (TEA). High schools outside of Texas are considered accredited if they are recognized by their state accreditation agency.

Advanced-level Work
Courses numbered 3000-4000 are advanced or upper-division courses. Courses numbered 3000 are designated as junior level, and 4000-numbered courses are designated as senior level. Approval of the department chair or dean of the college is required for enrollment in advanced-level courses by students who have not reached junior standing. Students who have not passed all portions of the TASP exam may not enroll in any advanced-level coursework if, upon completion of the work, the student would have completed 60 or more hours.

Attempted Hours
Attempted hours are the total number of hours for courses that a student has attempted, including failing grades such as “F,” “DF” and “WF.” Repeated courses, failing grades over seven years old, incomplete grades and credit (“CR”) grades are not included in attempted hours at the undergraduate level.

Census Date
The official census date for The University of Texas-Pan American is the 12th class day for regular fall and spring semesters or the fourth class day for summer sessions.

Common Course Number
If the course is generally equivalent to other lower-division courses taught at universities and community colleges within the state, the Texas Common Course Number is shown in the course description for informational purposes. See pages 24-25 for further information.

Contact Hours
Number of regularly scheduled hours per week that a lecture, laboratory or clinical experience is scheduled to meet during a long semester. (See [3,0] above.)

Dean’s List
After each regular semester, a Dean’s List is published listing the names of all undergraduate students enrolled in a minimum of 12 college-level hours who have a grade point average of 3.5 or better for courses...
taken that semester. A Dean’s List is not produced during the summer sessions.

**Designated Electives**
Students have choices within the category of designated electives but must complete the required number of courses or hours from those specified.

**Elective Hours**
Required semester hours for which specific courses are not prescribed are listed as elective hours.

**Entering Freshman**
A student admitted as an Entering Freshman has not attended any accredited college or university.

**Full-time Graduate**
A graduate student who is enrolled for at least 9 hours of credit during a regular semester, or at least 4 hours of credit during a summer session, is considered full-time.

**Full-time Undergraduate**
An undergraduate student who is enrolled for at least 12 semester hours during a regular semester, or at least 6 hours of credit during a summer session, is considered full-time.

**Half-time Graduate**
A half-time graduate student is one who is enrolled for 6-8 hours of credit during the regular semester or 3 hours of graduate credit during a summer session.

**Half-time Undergraduate**
A half-time undergraduate student is one who is enrolled for 6-11 semester hours during the regular semester or 3 hours of credit during a summer session.

**Three-Quarter Time Undergraduate**
A three-quarter time undergraduate student is one who is enrolled for 9-11 semester hours during the regular semester.

**Hours**
College credit at UT Pan American is measured in terms of semester credit hours. Ordinarily, a class that meets one 50-minute period per week for a regular semester will carry a credit of 1 hour. The majority of classes meet three periods or their equivalent each week and carry 3 hours of credit. Two or 3 laboratory hours per week are usually required for 1 hour of laboratory credit.

**Leveling Work**
Coursework designed to eliminate deficiencies in educational background of students admitted or being considered for admission to a graduate program is called Leveling Work. (Graduate programs are designed on the assumption that students have a common body of knowledge.)

**Maximum Course Load**
The maximum load for a full-time undergraduate student is 18 hours in a regular semester and 15 for each summer session. Students may be permitted to enroll for additional hours with the approval of his or her undergraduate advisor and the dean of the college.

**MTEL**
The MTEL (Michigan Test of English Language) is one of the two major English language proficiency tests for non-native speakers of English. The other exam is the TOEFL, Test of English as a Foreign Language. Only the TOEFL is administered at UT Pan American.

**Prerequisite**
A course listed with a prerequisite means that specified requirements must be met before one can enroll in the course. Specific prerequisites are listed in course descriptions.

**Probation**
Students are placed on scholastic probation when they fail to achieve the required overall grade point average. Students may be placed on disciplinary probation for infraction of any University regulation. In either case, they must satisfy specific requirements before they can return to a non-probationary status. For further information, refer to the section in this catalog on Scholastic Probation and Suspension on page 42 for undergraduate students and to the Graduate Catalog for graduate students. The Student Conduct and Disciplinary Code is discussed on page 76.

**Regular Semester**
A regular semester is any 15-week fall or spring semester.
Residence, Coursework in
Coursework in residence refers to coursework actually completed on the UT Pan American campus. Extension, credit by examination, correspondence and transfer credit may not be used to complete the residency requirement for graduation.

Returning Student
A student whose last institution attended was UT Pan American is admitted as a Returning Student after an absence of at least one regular semester.

Semester (see Regular Semester)

Special Student
A student holding at least a bachelor's degree from an accredited institution who does not wish to enter the graduate school may be permitted to register as a "Special Student" in one of the undergraduate colleges and is subject to all rules and regulations of that college.

Special Graduate Student
Special graduate students are those holding a master's degree from an accredited institution who do not wish to enter a graduate program but wish to attend courses.

Summer Session
As part of its regular program, the University offers two summer sessions, each five-and-one-half weeks long.

Three-Quarter Time Undergraduate
A three-quarter time undergraduate student is one who is enrolled for 9-11 semester hours during the regular semester.

Transfer Students
Students admitted as transfer students have last attended an accredited college or university other than, or in addition to, UT Pan American.

Upper Division (see Advanced-level Work)
Abraham, John P., Associate Professor, Department of Computer Science; Networking; Ed.D., University of Houston, 1986.

Adair, Penelope A., Associate Professor, Department of History and Philosophy; History; Ph.D., University of California at Santa Barbara, 1993.

Ahmad, Hassan, Associate Professor, Department of Chemistry; Biochemistry; Ph.D., Aligarh Muslim University, 1983.

Alamia, Alfonso J., Assistant Professor, Department of Psychology and Anthropology; Psychology; Developmental, Adolescence, Behavior Modification, Bilingual Testing; Ph.D., University of New York at Binghamton, 1985.

Aldridge, James W., Jr., Professor, Department of Psychology and Anthropology; Psychology; Perception, Cognition, Memory; Ph.D., State University of New York at Binghamton, 1976.

Alexander, Steven A., Assistant Professor, Department of Physics and Geology; Gamma Ray Analysis; Ph.D., The University of Texas at Austin, 1982.

Allanak, Sonia, Assistant Professor, Department of Political Science; Comparative Government, International Relations, American Government; Ph.D., The University of Texas at Austin, 1987.

Allison, Margaret R., Assistant Professor, Department of Computer Information Systems and Quantitative Methods; Computer Information Systems; MEd, University of Houston, 1976.

Allison, Terry C., Professor, Department of Biology; Parasitology, Marine Zoology; Ph.D., Texas A&M University, 1967.

Alvarado, Frances E., Lecturer, Department of Mathematics; MEd, The University of Texas-Pan American, 1994.

Alvarado, Jose F., Lecturer, Department of Mathematics; Curriculum and Instruction; MA, Texas A&M University, 1983.

Alvarado, Victor, Professor, Department of Educational Psychology; Educational Leadership, Guidance and Counseling; Ed.D., Western Michigan University, 1976.

Ambriz, Frank, Clinical Assistant Professor and Interim Chair, Physician Assistant Studies Program; Pediatrics, Pulmonology, Internal Medicine; BS, The University of Texas Medical Branch-Galveston, 1979.

Anderson-Mejias, Pamela, Associate Professor, Department of English; Applied Linguistics, Second Language Acquisition; Ph.D., Indiana University, 1980.

Appiahene-Gyamfi, Joseph, Assistant Professor, Department of Criminal Justice; Criminology; International Criminal Justice; Corrections; Ph.D., Simon Fraser University, 1999.

Ardalani, Elvia G., Lecturer, Department of Modern Languages and Literature; Spanish; Ed.D., Texas A&I University, 1986.

Arizmendi, Lydia, Assistant Professor, Department of Social Work; Generalist Social Work Practice and Marco Practice; J.D., University of California, 1998; MSW, University of Michigan, 1973.

Arnold, Sharon T., Lecturer, Department of Mathematics; Mathematics, MA, North Texas State University, 1977.

Asghorian, Laleh, Lecturer, Department of Mathematics; Differential Equations, Modeling; MS, University of Texas Pan American, 1997.

Assefa, Zewdineh, Associate Professor, Department of Economics, Finance and General Business; Finance; Ph.D., University of Illinois, 1980.
Atamian, Rubik, Assistant Professor, Department of Accounting and Business Law; Accounting; Ph.D., The University of Texas at Austin, 1984.

Avellan, George, Professor, Department of Management, Marketing and International Business; Associate Vice President for Academic Affairs for Graduate Programs and Research; Marketing; Ph.D., University of Oklahoma, 1975.

Bacchus, Donna, Clinical Specialist, Department of Nursing.

Bald, Alicia M., Assistant Professor, Occupational Therapy Program.

Balderrama, Rafael J., Lecturer, Department of Sociology; Ph.D., Science & Technology Studies, Virginia Polytechnic Institute & State University, 1996.

Barnet, Gary, Lecturer, Department of Music, Ph.D.

Bastida, Elena, Professor, Department of Sociology; Aging, Theory, Gender Roles; Ph.D., University of Kansas, 1979.

Behar, Stella, Associate Professor, Department of Modern Languages and Literature; French; Ph.D., University of California, Los Angeles, 1991.

Ben Ghalia, Mounir, Assistant Professor, Department of Electrical Engineering; Systems Modeling and Robust Control, Robotics, Neural Networks, Knowledge-Based Systems; Ph.D., Tennessee Technological University, 1995.

Berm, John E., Professor, Department of Mathematics; Mathematics Education; Ph.D., The University of Texas at Austin, 1978.

Bhat, Narayan, Associate Professor, Department of Chemistry; Organic Chemistry; Ph.D., Pune University, India, 1982.

Bhatti, Muhammad Idrees, Assistant Professor, Department of Physics and Geology; Atomic Physics; Ph.D., University of Notre Dame, 1987.

Bloom, Leonard, Assistant Professor, Department of English; Modern American and Modern British Literature; MA, St. Mary’s University, San Antonio, 1968.

Bokina, John, Professor, Department of Political Science; Political Theory, Western and Eastern Europe; Ph.D., University of Illinois, 1979.

Bose, Subhash C., Professor, Department of Engineering; Manufacturing Engineering; Computer-Aided Manufacturing, Robotics and Stochastic Modeling and Control; Ph.D., University of Wisconsin-Madison, 1987.

Bowen, Judith E., Associate Professor, Department of Occupational Therapy; MPA, University of Memphis, 1979; OTR, Columbia College of Physicians & Surgeons, Columbia University, 1966.

Brazier, Pearl W., Assistant Professor and Chair, Department of Computer Science; Programming Languages, Software Engineering; MS, Virginia Polytechnic Institute and State University, 1981.

Brewerton, F. J., Professor, Department of Management, Marketing and International Business; Management; DBA, Louisiana State University, 1968.

Briones, Esperanza R., Associate Professor and Program Coordinator, Coordinated Program in Dietetics; Registered Dietitian; Ph.D., Michigan State University, 1982.

Brown, Cynthia, Assistant Professor, Department of Economics and Finance; Finance; Ph.D., The University of Texas-Pan American, 1998.

Brown, Lenard, Assistant Professor, Department of Art, Painting and Printmaking; MFA, Ohio State University, 1997.

Brown, Peter E., Associate Professor, Department of Modern Languages and Literature; Spanish; Ph.D., University of Nebraska, 1993.

Brush, Timothy, Professor, Department of Biology; Zoology; Ph.D., Rutgers University, 1985.

Buckman, Kenneth L., Associate Professor, Department of History and Philosophy; Philosophy; Continental Philosophy, Oriental Philosophy, Social Philosophy, 19th and 20th Century Philosophy; Ph.D., Southern Illinois University, 1990.
Butler, Brian, Lecturer, Department of History & Philosophy.

Cain, Roy E., Associate Professor, Department of Psychology and Anthropology; Psychology; Physiological Psychology, Biofeedback, Psychophysiology, Stress Management; Ph.D., Texas Tech University, 1972.

Canales, Patricia, Assistant Professor, Pharmacy Program.

Cantu-Cabrera, Juana, Lecturer, Department of Nursing.

Canty, Dean R., Associate Professor, Department of Music; High Brass; University Band Director, Jazz Ensemble Director; DMA, The University of Texas at Austin, 1980.

Cararas, Sandra A., Assistant Professor, Department of English; Technical Writing, Shakespeare, Renaissance and 17th Century English Literature; MA, Northeast Louisiana University, 1968.

Cardeña, Etzel, Associate Professor and Chair, Department of Psychology and Anthropology; Psychology; Dissociative States, Hypnosis, Post-Traumatic Stress Disorders; Ph.D., University of California at Davis, 1988.

Cardenas, Gilbert, Professor, Department of Economics and Finance; Economics; Ph.D., University of Illinois, 1977.

Carey, John, Lecturer, Department of Physics and Geology; Sedimentation, Quaternary Studies; Ph.D., Rutgers University, 1997.

Carlson, Ralph, Associate Professor, Department of Educational Psychology; Psychology (Quantitative Methods, Statistics, Theories of Personality); Ph.D., University of Houston, 1974.

Carter, David K., Assistant Professor, Department of History and Philosophy; Philosophy; Ethics, American Philosophy; Ph.D., Yale University, 1982.

Castrillon, Jose P., Associate Professor, Department of Chemistry; Organic Chemistry; Ph.D., University of Buenos Aires, 1951.

Cavazos, Alonzo, Assistant Professor and Interim Chair, Department of Social Work; Clinical Social Work, Administration; Ed.D., University of Houston, 1994.

Chance, Joseph E., Professor, Department of Mathematics; Combinatorics, Mathematical Modeling; Ph.D., The University of Texas at Austin, 1971.

Chandler, Karen, Associate Professor and Program Coordinator, Clinical Laboratory Sciences Program; MT (ASCP), MA, Central Michigan University, 1983.

Chen, Shihui, Assistant Professor, Department of Health and Kinesiology; Adapted Physical Education; Ph.D., New Mexico University, 1997.

Chen, Zhixiang, Assistant Professor, Department of Computer Science; Theoretical Computer Science; Ph.D., Boston University, 1996.

Chenoweth, Ann, Assistant Professor, Department of English; Rhetoric and Composition; Ph.D. Carnegie Mellon University, 1997.

Cochran, Diane, Assistant Professor, Health and Kinesiology.

Cohen, Nigel, Assistant Professor, Department of Criminal Justice; Criminal Law, Evidence and Procedure; Court System and Practices; J.D., University of Pittsburgh, 1995.

Contreras, Victoria, Associate Professor and Interim Chair Graduate Advisor, Department of Modern Languages and Literature; Spanish; Ph.D., The University of Texas at Austin, 1989.

Cortes, Angelica, Assistant Professor, Department of Management, Marketing and International Business; Marketing; Ph.D., University of Bradford, 1997.

Crews, R. Michael, Associate Professor, Department of Computer Information Systems and Quantitative Methods; Computer Information Systems; Ph.D., Utah State University, 1982.

Crews, Ruth, Assistant Professor, Department of Music; Voice; MM, The University of Texas at Austin, 1974.

Crown, Stephen W., Associate Professor, Department of Engineering; Mechanical Engineering; Ph.D., Iowa State University, 1993.

Curtis, James, Assistant Professor, Curriculum and Instruction.

Dabrowski, Peter P., Assistant Professor, Department of Music.

Daniel, Clay L., Associate Professor, Department of English; 17th Century British Literature, Milton; Ph.D., Texas A&M University, 1988.

Dantzker, Mark, Associate Professor, Department of Criminal Justice; Police Administration; Police Issues; Research Methods; Ph.D., The University of Texas at Arlington, 1989.

Darsow, Fred, Assistant Professor, Department of Health and Kinesiology; Dance Program.

Davidson, Judy, Lecturer, Department of English; American Literature, Milton; MA, Hardin-Simmons University, 1974.

Dávila, Alberto, Professor and Chair, Department of Economics, Finance and General Business; Economics; Ph.D., Iowa State University, 1982.

Deka, Lokenath, Professor and Chair, Department of Mathematics, Pure and Applied Mathematics, Mathematical Physics; Ph.D. (Pre Mathematics), University of Calcutta, 1965; Ph.D. (Applied Mathematics), University of London, 1967.

DeHoyos, Librado R., Jr., Associate Professor, Department of Social Work; Director, BSW Program; Chicano-Latino Studies, Community Social Psychology, Social Work Education and Practice; MSW, Boston University, 1964.

De la Peña, Antonio M., Assistant Professor, Department of Biology; Anatomy and Physiology; MS, Texas A&I University, 1969.

DeLassus, Philip, Professor, Chair, Chemistry Department.
Dutremaine, James, Lecturer, Department of Art, Art Education; MFA, University of Texas-Pan American, 2000.

Eanes, Linda, Assistant Professor, Department of Nursing; MSN, Corpus Christi State University, 1990.

Ebaseh-Onofa, Benjamin O., Associate Professor, Department of Mathematics; Statistics; Ph.D., Texas A&M University, 1988.

Ecklund, Robert, Lecturer, Social Work Department.

Edionwe, Alexander O., Associate Professor, Coordinated Program in Dietetics; Registered Dietitian; Ph.D., University of Nebraska-Lincoln, 1991.

Edwards, Robert J., Professor, Department of Biology; Ichthyology, Ecology, Population Biology; Ph.D., The University of Texas at Austin, 1980.

Egle, Ardath L., Lecturer, Department of Biology; Anatomy and Physiology, Vertebrate Biology; MS, Pan American University, 1988.

Egle, David L., Lecturer, Department of Computer Science; Numerical Analysis, Systems Programming, Computer Organization; MS, Texas A&M University, 1977.

Eisenman, Russell, Assistant Professor, Department of Psychology and Anthropology; Clinical Psychology; Ph.D., University of Georgia, 1966.

Ellard, Charles J., Professor, Department of Economics, Finance and General Business; Economics; Ph.D., University of Houston, 1974.

Ellis, Catheryn, Assistant Professor, Department of Communication; Theater/TV/Film; MFA, The University of Texas, 1999.

Emery, John T., Dean, College of Business Administration; Professor, Department of Economics and Finance; Ph.D., University of Washington, 1969.

Erdem, Orelia, Clinical Specialist, Department of Nursing; MSN, Corpus Christi State University, 1987.

Estrada, Veronica, Assistant Professor, Department of Curriculum and Instruction; Curriculum and Instruction Education; Ph.D., The Ohio State University, 1998.

Ethridge, Philip, Associate Professor, Department of Criminal Justice; Criminal Justice Generalist, Police-Community Relations, Privatization, Corrections Law; Ph.D., Sam Houston State University, 1990.

Evans, Mary, Clinical Specialist, Department of Nursing.

Eyambe, George Sona, MT (ASCP) Assistant Professor, Clinical Laboratory Science Immunology; Ph.D., University of North Texas, 1991.

Faraji, Bahram, Associate Professor, Coordinated Program in Dietetics; Registered Dietitian; DPH, University of California, 1981.

Farooqui, Mohammed Y.H., Professor and Chair, Department of Biology; Physiology, Toxicology, Entomology, Cell Biology; Ph.D., University of Illinois, 1979.

Fatehi, Mohammed, Lecturer, Department of Mathematics; Linear Algebra, Statistics; Ph.D., New Mexico State University, 1996.

Faubion, Michael L., Interim Chair, Associate Professor, Department of History and Philosophy; History; Diplomate, Military & Environmental History; Ph.D., Texas Tech University, 1992.

Faulkes, Zen, Assistant Professor, Department of Biology; Neurobiology and Ethology; Ph.D., University of Victoria, 1996.

Feinberg, Martin, Assistant Professor, Department of Computer Information Systems and Quantitative Methods; Quantitative Methods; Ph.D., Louisiana Tech University, 1999.

Field, Philip S., Professor, Department of Art; Printmaking, Painting, Aesthetics; MFA, Rhode Island School of Design, 1965.

Fielding, Cheryl, Assistant Professor, Educational Psychology.

Folk, Ellen, Assistant Professor, Department of Accounting and Business Law; Tax and Business Law, CPA; JD, LLM, Quinnipiac College School of Law, 1992.

Foltz, Heinrich D., Associate Professor, Department of Electrical Engineering; Ph.D., The University of Texas at Austin, 1993.
Fowler, Richard H., *Professor*, Department of Computer Science; Interactive Systems; Ph.D., University of Houston, 1980.

Freeman, Robert A., *Associate Professor*, Department of Engineering; Mechanical Engineering; Ph.D., University of Florida, 1985.

Freeman, Samuel, *Associate Professor*, Department of Political Science; Political Parties, U.S. Presidency, Congress, Foreign Policy; Ph.D., University of Kentucky, 1978.

Friedman, Bruce, *Associate Professor/Chair*, Social Work Department.

Fuentes, Arturo A., *Assistant Professor*, Department of Mechanical Engineering; Ph.D., Rice University, 2000.

Galligan, Martha Villalobos, *Assistant Professor*, Department of Curriculum and Instruction; English Education; Ph.D., The University of Texas at Austin, 1994.

Ganguli, Gouranga, *Professor*, Department of Accounting and Business Law; Accounting; CPA, CMA, CIA; Ph.D., University of Mississippi, 1983.

Garza, Juanita, *Lecturer*, Department of History and Philosophy; History; U.S. History; MAIS, Pan American University, 1984.

Garza, Viola, *Lecturer*, Department of Nursing; MSN, The University of Texas-Pan American, 1996.

Ghanem, Salma, *Associate Professor and Department Chair*, Department of Communication; Journalism; Ph.D., The University of Texas at Austin, 1996.

Gilberts, Guy, *Assistant Professor*, Department of Curriculum and Instruction.

Gilpin, Jerry M., *Lecturer*, Department of Computer Science and Department of Mathematics; MS, Syracuse University, 1966.

Giuoco, Samuel E., *Assistant Professor*, Department of Physics and Geology; Acoustics; Ed.D., Oklahoma State University, 1971.

Glazer, Mark, *Professor*, Department of Psychology and Anthropology; Anthropology; Folklore, Anthropological Theory; Ph.D., Northwestern University, 1973.

Gomez, Leo, *Associate Professor*, Department of Curriculum and Instruction; Philosophy, Curriculum and Instruction, Bilingual/ESL; Ph.D., Texas A&M University, 1994.

Gonzalez, Genaro, *Professor*, Department of Psychology and Anthropology; Psychology; Social, Cross-Cultural; Ph.D., University of California at Santa Cruz, 1982.

Gonzalez, Juan, *Assistant Professor*, Department of Health and Kinesiology; Physiology/Fitness; Ph.D., Texas A&M University, 1995.

Grabowski, Thomas E., *Assistant Professor*, Department of Communication; Theatre/TV/Film; MFA, University of Illinois-Urbana, 1982.

Greene, Walter E., *Professor*, Department of Management, Marketing and International Business; Management; Ph.D., PHR, University of Arkansas, 1976.

Gregorius, Roberto, *Associate Professor*, Department of Chemistry; Polymer Science and Engineering; Ph.D., University of Massachusetts, 1991.
Grossman, Morley K., Associate Professor, Department of Music; Piano; DMA, Indiana University, 1982.

Guerra, Dahlia, Associate Professor and Chair, Department of Music; Piano and History of Mexican Folk Music; DMA, University of Oklahoma, 1997.

Guerra, Marla, Assistant Professor, Department of School Administration and Supervision.

Guerra, Ramon S., Assistant Professor, Department of Sociology; Japanese Society, Mexican-Americans, Ethnicity and Religion; Ph.D., Southern Methodist University, 1989.

Guinn, Robert, Professor and Program Coordinator, Department of Health and Kinesiology; Health; Ph.D., Texas A&M University, 1974.

Gunn, Scott J., Professor, Department of Biology; Genetics, Vertebrate Zoology; Ph.D., Texas A&M University, 1986.

Guzman, Isabel (Penny), Assistant Professor, Department of Nursing; MSN, University of Puerto Rico, 1971.

Hamilton, Lee, Associate Professor, Department of English; 19th Century British Literature, Bibliography; Ph.D., Louisiana State University, 1982.

Hamilton, Rebekah, Associate Professor, Department of English; English Literature, World Literature, Composition; Ph.D., Texas A&M University, 1993.

Hannan, A.H.M., Assistant Professor, Department of Physics and Geology; Solar Energy; Ph.D., University of London, 1978.

Haule, James M., Professor, Department of English; Modern and Contemporary British Literature; Ph.D., Wayne State University, 1974.

Hausman, Angela, Assistant Professor, Marketing; Department of Management, Marketing and International Business; Ph.D., University of South Florida, 1998.

Heckler, Edward, Associate Professor, Department of English; Linguistics, ESL; Ph.D., Michigan State University, 1975.

Heller, William, Associate Professor, Department of Mathematics; Ph.D., University of Maryland, 1991.

Henggeler, Paul R., Associate Professor, Department of History and Philosophy; Recent U.S. History, American Presidency; Ph.D., Bowling Green State University, 1989.

Henry, Brad, Associate Professor, Department of Biology; Aquatic Entomology, Ecology; Ph.D., Texas A&M University, 1989.

Himmel, Kelly F., Associate Professor, Department of Sociology; Methodology, Community, Social Change; Ph.D., The University of Texas at Austin, 1995.

Hinojosa, Jose R., Associate Professor, Department of Political Science; Public Administration, Minority Politics; Ph.D., University of Notre Dame, 1980.

Hinojosa, Servando Z., Assistant Professor, Department of Psychology and Anthropology; Maya of Guatemala, Chicano Culture, Medical Anthropology, Latin America; Ph.D., Tulane University, 1999.

Hinthorn, Richard W., Lecturer, Department of Mathematics; MS, Pittsburg State University, 1968.

Hodges, DeWayne L., Assistant Professor, Department of Computer Information Systems and Quantitative Methods; Quantitative Methods; Ph.D., University of Northern Colorado, 1984.

Huerta, Carolina, Professor and Chair, Department of Nursing; Adult Education; Ed.D., Texas A&M University, 1990.

Hume, Evelyn, Associate Professor, Department of Accounting and Business Law; Accounting; Ph.D., Louisiana State University, 1988.

Hunting, Karen K., MT (ASCP) Lecturer, Clinical Laboratory Sciences, Administration: Health Services; MS, Central Michigan University, 1998.

Hyslin, Richard P., Professor, Department of Art; Ceramics, Sculpture, Drawing; MA, University of New Mexico, 1968.

Ibrahim, Elamin, Assistant Professor, Department of Chemistry; Analytical Chemistry; Ph.D., Mississippi State University, 1995.
Jabs, David, Lecturer, Department of Mathematics; Game Theory; MS, Texas A&M University, 1991.

James, Barbara, Lecturer, Department of Nursing.

James-Aldridge, Valerie G., Associate Professor, Department of Psychology and Anthropology; Psychology; Animal Behavior, Primate Behavior, Research in Zoos; Ph.D., Oklahoma State University, 1975.

Jarvis, Susan S., Professor, Department of Accounting and Business Law; Business Law; JD, Tulane University School of Law, 1974.

Johnson, Betty A., Associate Professor, Department of Nursing; MSN, Texas A&M University-Corpus Christi, 1994.

Johnson, Robert, Assistant Professor, Department of English; American Literature, Southern Women Writers; Ph.D., University of Southern California, 1994.

Jones, Robert E., Jr., Associate Professor, Department of Engineering; Mechanical Engineering; Ph.D., Texas A&M University, 1990.

Jorgensen, Layne, Professor, Department of Health and Kinesiology; Biomechanics, Research Methods; Ph.D., Louisiana State University, 1971.

Jou, Jerwen, Associate Professor, Department of Psychology and Anthropology; Psychology; Cognitive Psychology; Ph.D., Kansas State University, 1990.

Judd, Frank W., Professor, Department of Biology; Ecology, Ecological Physiology, Herpetology, Mammalogy; Ph.D., Texas Tech University, 1973.

Jung, Euen Hyuk, Assistant Professor, Department of English; Linguistics, ESL; Ph.D., Georgetown University, 2001.

Kaynak, Hale, Assistant Professor, Department of Management, Marketing and International Business; Management; Ph.D., University of North Texas, 1996.

Kendrick, Sherrill, Assistant Professor, Department of Psychology and Anthropology; Psychology; Clinical, Behavior Modification; Ph.D., University of Southern Mississippi, 1974.

Knobel, Roger A., Jr., Associate Professor, Department of Mathematics; Differential Equations, Applied Mathematics; Ph.D., Rensselaer Polytechnic Institute, 1991.

Kohler, Ninfa, Lecturer, Department of Modern Languages and Literature; Spanish; Ph.D., The University of Texas at Austin, 1986.

Koo, Felix, Assistant Clinical Professor, Physician Assistant Studies Program; Pediatrics; MD, The University of Texas Health Science Center-San Antonio, Ph.D., The University of Texas Medical Branch-Galveston.

Kowser, Shahadat, Assistant Professor, Department of Computer Science; Objected-oriented Paradigms, Software Engineering, Algorithms, Parallel Programming; Ph.D., Fairfax University, United Kingdom, 1992.

Kuang, Anxiu, Assistant Professor, Department of Biology; Plant Development, Plant Physiology, Cell Ultrastructure; Ph.D., Auburn University, 1991.

Kumar, Sanjeev, Assistant Professor, Department of Electrical Engineering; Communications Networks, Protocols, Computer Architecture; Ph.D., North Carolina State University, 1992.

LaGrange, Diane C., Assistant Professor, Department of Nursing; MSN, Corpus Christi State University, 1990.

Lang, Yang, Assistant Professor, Department of English; Linguistics, ESL; Ph.D., The Ohio State University, 1998.

LePrade, Douglas E., Associate Professor, Department of English; 20th Century American Literature; Ph.D., University of Illinois, 1988.

Leeson, William R., Lecturer, Department of Physics and Geology; High Energy Physics; Ph.D., Tufts University, 1995.

LeMaster, Edwin W., Professor and Chair, Department of Electrical Engineering; Electrical Engineering; Remote Sensing, Solid State Physics; Ph.D., The University of Texas at Austin, 1970.
LeMaster, Jane, Associate Professor, Department of Management, Marketing and International Business; Management; Ph.D., University of North Texas, 1994.

Liebowitz, Stephen W., Associate Professor, Department of Sociology; Social Psychology, Statistics; Ph.D., University of Missouri at Columbia, 1979.

Llanes, Jose R., Professor, Department of School Administration and Supervision; DSS, Universidad de la Habana, 1963.

Lonard, Robert I., Professor, Department of Biology; Plant Taxonomy, Grass Systematics; Ph.D., Texas A&M University, 1970.

Longoria, Arturo, Lecturer, Department of Communication; Journalism; M.Ed., Antioch College, 1976.

Lozano, Karen, Assistant Professor, Department of Engineering; Manufacturing Engineering, Composites, Nano-Structured Materials, Polymer Engineering; Ph.D., Rice University, 1999.

Mahdi, Hashim S., Associate Professor, Department of Engineering; Mechanical Engineering; Computational Methods in Thermal and Fluid Systems; Ph.D., University of Arizona, 1989.

Mahmood, Akhtar H., Assistant Professor, Department of Physics and Geology; High Energy Physics; Ph.D., State University of New York, Albany, 1998.

Maril, Robert Lee, Professor and Chair, Department of Sociology; Rural Sociology, Poverty, U.S.-Mexico Borderlands; Ph.D., Washington University, 1973.

Marini, Irmo, Associate Professor, Rehabilitative Services Program; Certified Rehabilitation Counselor; Ph.D., Auburn University, 1992.

Martin, Wilbert R., Professor, Department of Art; Photography, Drawing; MFA, The Ohio State University, 1971.

Martinez, Guillermo, Lecturer, Department of Mathematics; Applied Mathematics; MS, West Virginia University, 1979.

Martinez, Jose Maria, Assistant Professor, Department of Modern Languages and Literature; Hispanic Literature; Ph.D., Universidad de Valladolid, Spain, 1991.

Mata-Pistokache, Teri, Professor and Interim Chair, Department of Communication Sciences and Disorders; Multicultural/Multilingual; Ph.D., The University of Texas at Austin, 1996.

Matariegos, Ruben A., Associate Professor, Department of Physics and Geology; Geophysics; Ph.D., Texas A&M University, 1993.

McBride, John, Professor and Chair, Department of Curriculum and Instruction; Elementary, Science Education, Mathematics Education; Ed.D., University of Houston, 1977.

McCormack, Brian, Assistant Professor, Department of History and Philosophy; Mexican and Latin American History; Ph.D., University of California-San Diego, 1999.

McLemore, George C., Associate Professor, Department of Communication; Communication Studies; Ph.D., University of Pittsburgh, 1985.

McQuillen, Jeffrey, Assistant Professor, Department of Communication; Communication Studies; Ph.D., University of Oklahoma, 1984.

McWright, Buford, Assistant Professor, Curriculum and Instruction.

Medrano, Hilda, Professor, Department of Curriculum and Instruction and Dean, College of Education; Curriculum and Instruction, Reading and Language Arts; Ph.D., The University of Texas at Austin, 1985.
Meehan, Janalyn, Assistant Professor, Department of Curriculum and Instruction

Mejias, Hugo, Associate Professor, Department of Modern Languages and Literature; Spanish; Ph.D., State University of New York at Buffalo, 1978.

Meline, Timothy J., Professor, Department of Communication Sciences and Disorders; Dysphagia, Child Language; Ph.D., University of Illinois-Urbana, 1976.

Menchaca, Velma, Associate Professor and Interim Chair, School Administration and Supervision.

Mery, Adelle, Lecturer, Department of English; American Literature, World Literature; Ph.D., Texas A&M University, 1990.

Milan, Cindy L., Assistant Professor, Department of Nursing; Ed.D., University of Houston, 1997.

Miles, Michael G., Senior Instructor, Department of Military Science; Master Sergeant, U.S. Army.

Miller, Christopher L., Associate Professor, Department of History and Philosophy; History; U.S. Colonial, 19th Century, Native American; Ph.D., University of California at Santa Barbara, 1981.

Miller, Eva, Assistant Professor, Rehabilitative Services Program.

Minor, Michael, Associate Professor, Department of Management, Marketing and International Business; Marketing; Ph.D., Vanderbilt University, 1987.

Mitchell, Jo Ann, Associate Professor, Department of Educational Psychology; Special Education, Educational Psychology, School Psychology; Ph.D., University of Oklahoma, 1979

Mitchell, Paul, Associate Professor, Department of English; 19th Century British Literature, Rhetoric, Composition, Linguistics; Ph.D., University of Southern Mississippi, 1971.

Mizener, Charlotte, Associate Professor, Department of Music; Harp, Music Education; Ph.D., The University of Texas at Austin, 1990.

Mondal, Jalal U., Professor, Department of Chemistry; Inorganic Chemistry; Ph.D., University of New South Wales, 1979.

Monta, Marian F., Professor, Department of Communication; Theatre/TV/Film; Ph.D., Cornell University, 1971.

Montgomery, Gary T., Professor, Department of Psychology and Anthropology; Psychology; Developmental, Psychophysiology; Ph.D., Texas Tech University, 1972.

Morgan, Glynn, Associate Professor, Department of Political Science; U.S. and Texas Politics; MA, University of Mississippi, 1961.

Mottenger, Sue G., Associate Professor, Department of Health and Kinesiology; Administration, Physical Education; Ph.D., Texas Woman’s University, 1981.

Mounce, Gary, Associate Professor, Department of Political Science; Mexico, Central and South American Politics; Ph.D., The University of Texas at Austin, 1977.

Moyer, Nancy J., Professor and Chair, Department of Art; Drawing, Metal/Jewelry Design; Ph.D., Southern Illinois University, 1970.

Moyes, Glen, Associate Professor, Department of Accounting and Business Law; Accounting; D.B.A., International University, 1991.

Mumford, Lisa L., Assistant Professor, Physician Assistant Studies.

Munn, Christopher, Professor, Department of Music; Music Theory, Music History; University Choir Director; DMA, University of Oklahoma, 1984.

Munn, Vivian, Associate Professor, Department of Music; Voice, Music Theory; DMA, University of Oklahoma, 1990.

Muñoz, Frank, III, Lecturer, Department of Health and Kinesiology; Health and Physical Education, Supervision; MEd, Pan American University, 1982.

Murray, K. Daniel, Assistant Professor, Department of Biology; Molecular Biology; Ph.D., The University of Texas at Dallas, 1995.
McIntyre, William, Assistant Dean, Associate Professor, Cooperative Pharmacy doctorate; Interim Dean, College of Health Sciences and Human Services.

Nambar, Rajiv V., Associate Professor, Manufacturing Engineering Department; Computer-Aided Design, Manufacturing Processes; Ph.D., The University of Texas at Arlington, 1989.

Nasif, Ercan, Associate Professor and Chair, Department of Management, Marketing and International Business; Management; Ph.D., University of North Texas, 1988.

Negrete, Dionisio, Clinical Assistant Professor, Physician Assistant Studies Program; General Surgery; MD, University of Missouri, 1960.

Neipert, David, Assistant Professor, Department of Accounting and Business Law; Business Law; JD, South Texas College of Law, 1974.

Nelson, Larry, Lecturer, Department of Health and Kinesiology; Pedagogy; MA, Colorado State University, 1995.

Nericcio, Mary Anne, Assistant Professor, Communication Sciences and Disorders Department.

Newman, Beatrice, Associate Professor, Department of English; Rhetoric and Composition, 19th Century British Literature, Linguistics; Ph.D., Texas A&M University, 1981.

Newman, Donald, Professor, Department of English; 18th Century British Literature, Johnson and Boswell Studies, Biography; Ph.D., University of Southern California, 1992.

Newman, Jane, Associate Professor, Rehabilitative Services Program; Certified Rehabilitation Counselor, Licensed Personal Counselor; Ph.D., University of Arizona, 1993.

Nieto, Beatriz, Assistant Professor, Department of Nursing; MSN, The University of Texas Health Science Center at San Antonio, 1993.

Nirenberg, Jacqueline, Lecturer, Department of Communication; Journalism; MA, The University of Texas at Austin, 1991.

O’Day Patrick Michael, Assistant Professor, Criminal Justice Department. Criminology, theory, rehabilitation, comparable criminal justice; Ph.D.; University of New Mexico, 1966.

Ojha, Anand K., Assistant Professor, Department of Electrical Engineering; Digital and Embedded Systems, Computer Engineering, Computer System, Performance Monitoring and Benchmarking; Ph.D., University of Tennessee-Knoxville, 1992.

O’Neil, Lorne William, Associate Professor, Department of Music; Woodwinds; DMA, University of Minnesota, 1990.

Oliva, Maricela, Associate Professor, School Administration and Supervision.

Olsen, Janet, Lecturer, Department of Mathematics; MS, Utah State University, 1965.

Overton, Terry, Associate Professor, Educational Psychology.

Owusu-Ansah, Stephen, Assistant Professor, Department of Accounting and Business Law; Accounting; Ph.D., Queen’s University of Belfast, 1998.

Ozuna, Teofilo, Associate Professor, Department of Economics and Finance; Economics; Ph.D., Texas A&M University, 1989.

Pagán, José A., Associate Professor, Department of Economics and Finance; Economics; Ph.D., University of New Mexico, 1995.

Parchman-Gonzalez, Keri, Lecturer, Department of Communication Sciences and Disorders; MA, The University of Texas-Pan American, 1989.

Paredes, Miguel, Professor, Department of Mathematics; Mathematical Economics, Mathematical Modeling; Ph.D., University of Utah, 1985.

Pearson, Thomas, Associate Professor, Department of History and Philosophy, Ph.D.

Pecina, Julia, Lecturer, Department of Educational Psychology.
Perez, Maria Alma, *Assistant Professor*, Curriculum and Instruction; Ph.D.

Penzerro, Rose Marie, *Associate Professor*, Department of Social Work.

Perez, Ricardo, *Professor*, Department of Curriculum and Instruction; Curriculum and Instruction, Bilingual Education and Social Sciences; Ph.D., University of Michigan, 1979.

Phillips, Richard, *Assistant Professor*, Department of Art, Art History, Ph.D., University of Texas at Austin, 1993.

Pipkin, Catherine, *Lecturer*, Department of English; English Literature, American Literature; MA, Pan American University, 1986.

Poelzer, Harold, *Associate Professor*, Department of Educational Psychology; Educational Psychology, Gifted Education; Ph.D., Purdue University, 1994.

Polinard, J. L., *Professor and Chair*, Department of Political Science; Public Law, Minority Politics; Ph.D., University of Arizona, 1970.

Pontius, Paul, *Assistant Professor*, Department of Mathematics; Mathematics Education; MA, University of Illinois, 1965.

Poorkarimi, Hushang, *Professor*, Department of Mathematics; Differential Equations, Applied Mathematics; Ph.D., The University of Texas at Austin, 1985.

Pozorski, Shelia, *Professor*, Department of Psychology and Anthropology, and Assistant Dean, College of Social and Behavioral Sciences; Anthropology; New World Archaeology, Archaeological Method and Theory, Ethnobiology, Museum Studies; Ph.D., The University of Texas at Austin, 1976.

Pozorski, Thomas, *Professor*, Department of Psychology and Anthropology; Anthropology; New World Archaeology, South American Culture, Complex Societies; Ph.D., The University of Texas at Austin, 1976.

Prather, Charles, *Assistant Professor*, Department of History and Philosophy; History; U.S. Colonial; MA, North Texas State University, 1969.

Prock, Jerry D., *Professor*, Department of Economics and Finance; Economics; Ph.D., Arizona State University, 1970.

Qubbaj, Ala R., *Assistant Professor*, Department of Mechanical Engineering; Ph.D., University of Oklahoma, 1999.

Raajpoot, Uzzer A., *Associate Professor*, Department of Sociology; Statistics, Methods, Demography; Ph.D., University of Oregon, 1991.

Radford, Nola T., *Associate Professor*, Department of Communication Sciences and Disorders; Multicultural, Multilingual Fluency; Ph.D., University of Memphis, 1992.

Raimo, John, *Professor*, Department of Music; Piano, Music Literature; DMA, University of Rochester, New York, 1960.

Ramirez, Noe, *Assistant Professor*, Department of Social Work; Ph.D., University of Houston, 1998.

Ramirez, Olga M., *Associate Professor*, Department of Mathematics; Mathematics Education; Ph.D., Texas A&M University, 1985.

Rao, Mohan, *Associate Professor*, Department of Computer Information Systems and Quantitative Methods; Computer and Management Information Systems; Ph.D., University of Alabama, 1988.

Rea, Ramiro R., *Associate Professor*, Department of Modern Languages and Literature; Spanish; MA, Sam Houston State University, 1969.

Reed, Bruce J., *Associate Professor and Program Coordinator*, Rehabilitative Services Program; Certified Rehabilitation Counselor, Certified Vocational Evaluator; Ph.D., University of Northern Colorado, 1993.

Reed, Michael D., *Professor*, Department of English; Colonial and 19th Century American Literature, Psychoanalytic Criticism, Logic; Ph.D., University of Oregon, 1974.

Reeve, Robert, *Professor*, Department of Curriculum and Instruction; Curriculum and Instruction, Science Education, Biology, Educational Research; Ph.D., Florida State University, 1966.
Reich, Dindy, Lecturer, Department of Art.

Reid, Charles R., Assistant Professor, Rehabilitation Services; Certified Rehabilitation Counselor; Ph.D., University of Arizona, 1997.

Resendiz, Rosalva, Assistant Professor, Department of Criminal Justice; Criminology and Deviance; Critical Race Theory; Corrections; Women’s Studies; Ph.D., Texas Woman’s University, 2001.

Richardson, D. Chad, Professor, Department of Sociology; Borderlands Studies, Sociology of Education, Complex Organizations; Ph.D., The University of Texas at Austin, 1975.

Rieke, R. Neal, Assistant Professor, Department of Communication; Communication Studies; MS, MPA, North Texas State University, 1976.

Rivera, Gustavo, Lecturer, Department of Mathematics; Mathematics and Computer Networks; MS, The University of Texas-Pan American, 1994.

Rivera, Maria Elena, Lecturer, Department of Political Science; MA, University of NE-Lincoln, 1998.

Rivers, Christopher, Major, Assistant Professor of Military Science; Liberal Studies; BA, University of New York, 1990.

Rocha, Rodolfo, Dean, College of Arts and Humanities; Professor, Department of History and Philosophy; History; Borderlands, Chicano, Mexico, Texas; Ph.D., Texas Tech University, 1981.

Rodriguez, Ana Maria, Assistant Vice President of Undergraduate Studies and Associate Professor, Department of Educational Psychology; Guidance and Counseling; Ed.D., University of Houston, 1976.

Rodriguez, Monica, Lecturer, Department of Communication Sciences and Disorders; Communication Disorders/Pediatrics; MA, The University of Texas-Pan American, 1993.

Rogé, Joseph, Associate Professor, Department of Computer Information Systems and Quantitative Methods; Computer Information Systems; Louisiana Tech University, 1995.

Romero, Hector R., Professor, Department of Modern Languages and Literature; Spanish Literature; University of Illinois-Urbana, 1970.

Ryd, Lester M., Associate Professor and Chair, Department of Computer Information Systems and Quantitative Methods; Quantitative Methods; CDP, Ph.D., Texas A&M University, 1978.

Ryman, Jeannean, Lecturer, Department of Health and Kinesiology; Physical Education; MEd, Pan American University, 1980.

Saavedra, Dora E., Associate Professor, Department of Communication; Communication Studies; Ph.D., University of Kansas, 1994.

Salinas, Sonya, Lecturer, Department of Communication Sciences and Disorders; MA, The University of Texas-Pan American, 1991.

Sanchez, Encarnacion, Assistant Professor, Department of Modern Languages and Literature; Spanish; MA, Sam Houston State University, 1970.

Sanchez, M. Sandra, Associate Professor, Department of Nursing; Ph.D., The University of Texas at Austin, 1997; CNM, State University of New York-Downstate, 1977.

Sargent, John, Assistant Professor, Department of Management, Marketing and International Business; Management; Ph.D., University of Washington, 1994.

Schmidt, Marcello, Lecturer, Department of Health and Kinesiology; General; MEd, The University of Texas-Pan American, 1998.

Schneider, Steven, Professor and Chair, Department of English; 20th Century American Literature, Modern and Contemporary Poetry, Multicultural/Literature; Ph.D. University of Iowa, 1986.

Scoggin, Angela E., Associate Professor, Department of Occupational Therapy; Ph.D., University of South Florida, 1993.
Selber, Gregory, Assistant Professor, Department of Communication; Journalism, Ph.D., The University of Texas at Austin, 2001.

Semper, Louis T., Associate Professor and Program Coordinator, Department of Health and Kinesiology; Physiology of Exercise, Secondary School Methods; Ph.D., Texas A&M University, 1971.

Shaney, Caylen L., Lecturer, Department of Curriculum and Instruction; MAIS, The University of Texas-Pan American, 1989.

Shefick, Thomas E., Associate Professor, Rehabilitative Services Program; Certified Insurance Rehabilitation Specialist, Certified Rehabilitation Counselor; MS, Oklahoma State University, 1983.

Shell, Richard, Lecturer, Department of Computer Information Systems and Quantitative Methods; Quantitative Methods; MBA, University of Illinois, 1970.

Sibley, Keith, Lecturer, Department of Communication Sciences and Disorders; American Sign Language; MS, Lamar University, 1996.

Sifuentes, Cristela, Lecturer, Department of Mathematics; Mathematics Education; MEd, Southwest Texas State University.

Simonsson, Marie V., Assistant Professor, Educational Psychology.

Skow, Donald P., Senior Lecturer, Department of Mathematics; Mathematics; MS, East Texas State University, 1971.

Slavnic, Ivo, Assistant Professor, Department of English; English Literature, World Literature, Eastern European Literature, Modern Historical Novel; Ph.D., University of Sarajevo, 1988.

Smith, Brent, Lecturer, Music, DA, University of Northern Colorado, 2000.

Smith, Monty J., Assistant Professor, Department of Mechanical Engineering; Ph.D., Purdue University, 1997.

Smolensky, Marcus, Assistant Professor, Department of Music; Strings; DMA, Rutgers, The State University of New Jersey, 1993.

Solis, Dalinda, Assistant Professor, Department of Curriculum and Instruction; Special Education, Emphasis on Bilingual Child and Early Childhood; Ph.D., The University of Texas at Austin, 1994.

Son, Jae Sok, Assistant Professor, Department of Electrical Engineering; Computer Engineering, Synthetic Aperture Radar, Radar Signal Processing and Target Recognition, Speech and Image Compression, Digital and Voice Communications; Ph.D., The University of Texas at El Paso, 1998.

Soydemir, Gokce, Assistant Professor, Department of Economics and Finance; Finance and International Economics; Ph.D., Claremont Graduate School, 1997.

Stanley, Jack R., Professor, Department of Communication; Journalism, Theatre/TV/Films, Ph.D., University of Michigan, 1971.

Starges, David L., Associate Professor and Chair, Department of Management, Marketing and International Business; Management; Management Communications; Ph.D., University of North Texas, 1988.

Sullivan, Pamela, Assistant Professor, Department of Nursing; MSN, The University of Texas Health Science Center at Houston, 1991.

Summy, Kenneth R., Assistant Professor, Department of Biology; Remote Sensing Technology; Texas A & M University, 1983.

Sutti, Gloria D., Department of Curriculum and Instruction.

Tamez, Eloisa, Assistant Professor, Department of Nursing; Ph.D., The University of Texas at Austin, 1985.

Taplay, Karyn, Lecturer, Department of Nursing; MSN, The University of Texas-Pan American, 1998.

Taylor, Karen, Lecturer, Department of English; American Literature, English Literature; MA, Pan American University, 1980.
Taylor, Monty B., Professor, Department of Mathematics; Commutative Algebra, Multiplicative Lattices; Ph.D., University of Houston, 1988.

Tevis, Martha, Professor, Department of Curriculum and Instruction; History and Philosophy of Education, Cultural Foundations of Education, Latin; Ph.D., The University of Texas at Austin, 1967.

Thompson, Frieda, Lecturer, Department of English; American Literature, English Literature; MA, Pan American University, 1989.

Thompson, William W., Professor, Department of Management, Marketing and International Business; Marketing; Ph.D., University of Arkansas (Fayetteville), 1974.

Tijerina, Sandra L., Associate Professor, Clinical Laboratory Sciences Program; MT (ASCP), SBB, CLSpH (NCA); MS, Texas A&M University-Corpus Christi, 1992.

Torres, J. Rene, Lecturer, Department of Mathematics; Mathematics Education; MS, Texas A&M University, 1971.

Tschoepe, Gary J., Associate Professor, Department of Political Science; Public Policy and Administration, Policy Analysis and Program Evaluation; Ph.D., University of Houston, 1992.

Tucker, Barbara A., Professor and MSN Coordinator, Department of Nursing; Ph.D., Texas A&M University, 1988.

Tucker, Wallace E., Professor and Assistant Dean, College of Arts and Humanities; Department of Music; Low Brass; DMA, North Texas State University, 1987.

Turk, William, Assistant Professor, Department of Political Science; Public and Urban Administration; Ph.D., The University of Texas at Arlington, 1997.

Uddin, Muhammed M., Lecturer, Department of Mathematics; Statistics; MS, Stephen F. Austin State University, 1994.

Valerio, Mary, Assistant Professor, Department of Curriculum and Instruction; Bilingual Special Education; Ph.D., University of New Mexico, 1990.

Vasquez Parraga, Arturo, Associate Professor, Department of Management, Marketing and International Business; Marketing; Ph.D., Texas Tech University, 1990.

Vassberg, Liliane M., Associate Professor, Department of Modern Languages and Literatures; French; Ph.D., The University of Texas at Austin, 1989.

Vielma, Barbara, Lecturer, Department of English; English Literature, World Literature; MA, Pan American University, 1987.

Villalobos, Maria Cristina, Assistant Professor, Department of Mathematics; Optimization Theory, Applied Mathematics; Ph.D., Rice University, 2000.

Villarreal, Elias Jr., Clinical Assistant Professor and Clinical Coordinator, Physician Assistant Studies Program; General Surgery, Orthopedics, Hematology and Oncology; Yale University School of Medicine Physician Associate Program, 1977.

Villarreal, John R., Professor, Department of Chemistry and Interim Dean, College of Science and Engineering; Physical Chemistry; Ph.D., Texas A&M University, 1976.

Villarreal, Marco, Lecturer, Computer Information Systems and Quantitative Methods.

Villas, Paul, Associate Professor, Department of Health and Kinesiology; Health Education, Public Health; Ed.D., University of Tennessee, 1988.

Villereal, Gary L., Associate Professor, Department of Social Work, Assistant Dean, College of Health Sciences and Human Services and Director of the MSSW Program; Ph.D., University of Pittsburgh, 1991.

Vinaja, Robert, Assistant Professor, Department of Computer Information Systems and Quantitative Methods; Computer and Management Information Systems; Ph.D., The University of Texas at Arlington, 1999.

Vincent, Vern C., Professor, Department of Computer Information Systems and Quantitative Methods;
Director of Tourism Research; Quantitative Methods; Ph.D., University of Northern Colorado, 1972.

**Von Kuster, Lee**, Visiting Professor, Department of Mathematics; Mathematics, Mathematics Education; Ed.D., University of Montana, 1971.

**Voss, Judy**, Lecturer, Department of Nursing; MSN, The University of Texas Health Science Center at Houston, 1991.

**Walker, Edward R.**, Assistant Professor, Department of Accounting and Business Law; Accounting; Ph.D., University of Houston, 1996.

**Wallin, Dawn**, Assistant Professor, School Administration and Supervision.

**Wang, Bailey**, Assistant Professor, Department of Communication Sciences and Disorders; Audiology; Ph.D., University of Kansas, 1997.

**Watkins, William**, Professor, Department of Mathematics; Topology, Semigroups, Microcomputers; Ph.D., University of Wyoming, 1980.

**Watt-Rodriguez, Karen**, Assistant Professor, Department of School Administration and Supervision.

**Weaver, Michael K.**, Associate Professor, Department of History and Philosophy; Interim Department Head, Modern Languages and Literature, History; British, Modern European; Ph.D., University of North Carolina at Chapel Hill, 1989.

**Wedig, Cindy M.**, Lecturer, Department of Biology; Dairy Science, Nutritional Biochemistry; Ph.D., University of Illinois, 1987.

**Weger, Lewis C.**, Assistant Professor, Physician Assistant.

**Welch, Ray**, Professor, Department of History and Philosophy, University of Pennsylvania, 1970.

**Wells, Shirley**, Assistant Professor, Occupational Therapy.

**Wenzel, James P.**, Assistant Professor, Political Science.

**West, Thomas**, Lecturer, Department of English; 18th Century British Literature; Ph.D., The University of Texas at Austin, 1982.

**Whelan, Thomas**, Assistant Professor, Department of Chemistry; Chemical Oceanography; Ph.D., Texas A&M University, 1971.

**Wiener, Bella**, Senior Lecturer, Department of Mathematics; Mathematics Education, European Methods; MS, Vitebsk State University, USSR, 1968.

**Wiley, Eric**, Assistant Professor, Department of Communication; Theatre/TV/Film; Ph.D., Louisiana State University, 1999.

**Wilson, Bruce K.**, Associate Professor, Department of Nursing; Ph.D., North Texas State University, 1987.

**Winkel, Mark H.**, Associate Professor, Department of Psychology and Anthropology; Psychology; Cognitive Social Psychology, Law and Psychology; Ph.D., Oklahoma State University, 1982.

**Wisener, Robert H., III**, Assistant Professor, Department of Psychology and Anthropology; Psychology; School, Clinical; Ed.D., University of Northern Colorado, 1975.

**Wissinger, Charles**, Assistant Professor, Department of Art, MFA, Ohio State University, 1970.

**Wood, Venice D.**, Military Science Instructor, Department of Military Science; Sergeant First Class, U.S. Army.

**Wrinkle, Robert**, Professor, Department of Political Science; Public Policy, Urban Politics, Methodology; Ph.D., University of Arizona, 1967.

**Yañez, Martha**, Assistant Professor, Department of Curriculum and Instruction, Ph.D.

**Zeng, Liang**, Assistant Professor, Educational Psychology.
