American Association of Colleges for Teacher Education American Association of State Colleges and Universities American Council on Education Association for Continuing Higher Education Conference of Southern Graduate Schools Council for Advancement and Support of Education Council of Graduate Schools Hispanic Association of Colleges and Universities

This catalog was prepared based on the best information available at the time. The University of Texas-Pan American reserves the right to change any information, including statement of fees, course offerings, and admission and graduation deadlines and requirements without notice or obligation, in keeping with the policies of The University of Texas System Board of Regents and in conformance with the laws of the State of Texas.

For updates to this catalog, check the online version on the World Wide Web at **http://www.utpa.edu/catalog**

Individuals with disabilities wishing to acquire this publication in an alternative format should contact the Office of Admissions and Records at 956/381-2206 or Voice/TDD 956/381-2215.

2005-2007 Graduate Catalog

The University of Texas-Pan American operates subject to the Rules and Regulations of the Board of Regents of The University of Texas System. This catalog is a general information publication only. It is not intended to nor does it contain all regulations that relate to students. The provisions of this catalog do not constitute a contract, expressed or implied, between any applicant, student or faculty member of The University of Texas-Pan American or The University of Texas System.

The University of Texas-Pan American reserves the right to withdraw courses at any time, to change fees or tuition, calendar, curriculum, degree requirements, graduation procedures and any other requirements affecting students. Changes will become effective whenever officially implemented by proper authorities and will apply to both prospective students and those already enrolled.

Non-Discrimination Policy Statement

The University of Texas-Pan American declares and reaffirms a policy of administering all of its educational programs and related supporting services and benefits in a manner that does not discriminate because of a student's or prospective student's race, color, religion, sex, national origin, age, veteran status, disability or other characteristics that lawfully cannot be the basis for provision of such services. These programs, services and benefits include, but are not limited to, admission, class assignments, scholarships and other financial and employment assistance, counseling, physical education and recreational services, and the membership practices of registered student organizations.

Pursuant to this policy statement, The University of

Texas-Pan American will undertake a continuing program of compliance with all federal, state and local laws relating to equal educational opportunity and affirmative action, specifically those addressing the obligations of the institution under Title VI of the Civil Rights Act of 1964 as amended, Title IX of the Educational Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990.

To the extent provided by applicable law, no person shall be excluded from participation in, denied the benefits of, or be subject to discrimination under any program or activity sponsored or conducted by The University of Texas System or any of its component institutions on the basis of race, color, national origin, religion, sex, age, veteran status or disability. Inquiries or complaints may be directed to the immediate supervisor or to the Compliance Officer in Room 5.101, Student Services Building, telephone 956/381-2121; the chair of the department; or the dean of students in Room 104 of the University Center, telephone 956/381-2260. Inquiries concerning ADA should be directed to the coordinator of Services for Persons with Disabilities, Emilia Schunior Ramirez Hall, Room 100, telephone 956/316-7005.

Individuals who believe they have been discriminated against in violation of any of the non-discrimination policies may, after an initial interview with the appropriate compliance officer named above, initiate grievance proceedings in accordance with the provisions and procedures stipulated under "Student Complaint Procedures" and "Grievance Policy for Complaints Concerning Discrimination on the Basis of Disability" found in the University's Handbook of Operating Procedures. Individuals are protected from coercion, intimidation, interference or discrimination for filing a complaint or assisting in an investigation.

November 1, 2006, Wednesday

Admission application and document deadline for international students from Mexico and Canada.

December 1, 2006, Friday

Admission application and document deadline for international students currently enrolled in other U.S. institutions.

January 2, 2007, Tuesday

Admission application and document deadline for late registration. Applications received after this deadline will be processed for the next semester.

January 13, 2007, Saturday

Residence Life Move-In at 9 a.m. Cafeteria open for brunch and dinner only.

January 14, 2007, Sunday Cafeteria opens — regular hours.

January 15, 2007, Monday Martin Luther King Jr. Day holiday; no classes.

January 16, 2007, Tuesday First day of classes.

January 25, 2007, Thursday Deadline to file "Application for Degree" form with the Office of the Registrar for August 2007 graduation.

January 31, 2007, Wednesday Twelfth University class day; official census date.

February 14, 2007, Wednesday

Last day to drop a course or to withdraw from the University with a grade of "DR" or "W" recorded; last day to change to non-credit.

March 9, 2007, Friday Residence Halls close at 6 p.m. for Spring Break.

March 10-17, 2007, inclusive

Cafeteria is closed for Spring Break holiday.

March 12-17, 2007, inclusive Spring Break.

March 18, 2007, Sunday

Residence Halls re-open at 12 p.m. Cafeteria open for brunch and dinner only.

March 26, 2007 (tentative)

ASSIST registration (telephone or Web) begins by appointment.

April 6-7, 2007, inclusive Easter holiday.

April 13, 2007, Friday

Last day to drop courses or withdraw through the Office of the Registrar.

April 20, 2007, Friday

Deadline to file "Application for Degree" form with the Office of the Registrar for December 2007 graduation.

May 3-4, 2007, inclusive

Limited departmental final examinations; dead days.

May 7-10, 2007, inclusive Spring semester final examinations.

May 10, 2007, Thursday

Residence Halls close at 6 p.m. Cafeteria closes after lunch.

May 11, 2007, Friday Final grade reports due in the Office of the Registrar by 3 p.m.

May 12, 2007, Saturday

Commencement exercises.

Miniherm 2007

May 13, 2007, Sunday Residence Life Move-In at 9 a.m.

May 14, 2007, Monday First day of classes.

May 15, 2007, Tuesday Second class day, census date.

May 28, Monday

Memorial Day holiday, no miniterm classes. Campus closed. May 30, 2007, Wednesday Last class day for miniterm classes.

June 1, 2007 Friday Final Exams for miniterm classes.

June 4, 2007, Monday Miniterm grades due in Office of the Registrar by 10 a.m.

NOTE: For Financial Aid purposes, the miniterm will be processed as part of Summer I, and all Summer I deadlines apply.

Ginst Summer Session 2007

December 8, 2006, Friday

Deadline to file "Application for Degree" form with the Office of the Registrar for July 2007 graduation.

January 2, 2007, Tuesday

Summer Attendance Notification form available for summer 2007. This application is in addition to the 2006/2007 "Free Application for Federal Student Aid" (FAFSA).

February 1, 2007, Thursday

Admission application and document deadline for ASSIST registration by telephone or Web. All students applying after this deadline will register late.

February 15, 2007, Thursday

Recommended priority date for submission of the 2006/2007 "Free Application for Federal Student Aid" (FAFSA) for summer I 2007. (*Final Deadline:* You may still submit the 2006/2007 FAFSA through June 30, 2007.)

March 1, 2007, Thursday

Admission application and document deadline for international students from countries other than Mexico and Canada.

March 26, 2007, Monday (tentative)

ASSIST registration (telephone or Web) begins by appointment.

April 1, 2007, Sunday

Admission application and document deadline for international students from Mexico and Canada.

May 1, 2007, Tuesday

Admission application and document deadline for international students currrently enrolled in other U.S. institutions.

May 16, 2007, Wednesday

Admission application and document deadline for late registration. Applications received after this deadline will be processed for the next semester.

General Information

June 2, 2007, Saturday Residence Life Move-In at 9 a.m.

June 4, 2007, Monday First day of classes.

June 7, 2007, Thursday Fourth University class day; official census date.

June 13, 2007, Wednesday

Last day to drop a course or to withdraw from the University with a grade of "DR" or "W" recorded; last day to change to non-credit.

June 29, 2007, Friday

Last day to officially drop courses or withdraw through the Office of the Registrar.

July 4, 2007, Wednesday

Fourth of July holiday; no classes.

July 10, 2007, Tuesday First summer session final examinations.

July 11, 2007, Wednesday

Final grade reports due in the Office of the Registrar by 3 p.m.

Second Summer Session 2007

January 2, 2007, Tuesday

Summer Attendance Notification form available for summer 2007. This application is in addition to the 2006/2007 "Free Application for Federal Student Aid."

January 5, 2007, Friday

Deadline to file Application for Degree form with the Office of the Registrar for August 2007 graduation.

February 1, 2007, Thursday

Admission application and document deadline for ASSIST registration by telephone or Web. All students applying after this deadline will register late.

February 15, 2007, Thursday

Recommended priority date for submission of the 2006/2007 "Free Application for Federal Student Aid" (FAFSA) for summer II 2007. (Final Deadline: You may still submit the 2006/2007 FAFSA through June 30, 2007.)

March 26, 2007, Monday (tentative)

ASSIST registration (telephone or Web) begins by appointment.

April 1, 2007, Sunday

Admission application and document deadline for international students from countries other than Mexico and Canada.

May 1, 2007, Tuesday

Admission application and document deadline for international students from Mexico and Canada.

June 1, 2007, Friday

Admission application and document deadline for international students currently enrolled in other U.S. institutions.

June 25, 2007, Monday

Admission application and document deadline for late registration. Applications received after this deadline will be processed for the next semester.

July 11, 2007, Wednesday

Residence Life Move-In at 9 a.m.

July 12, 2007, Thursday First day of classes.

July 17, 2007, Tuesday

Fourth University class day; official census date.

July 23, 2007, Monday

Last day to drop a course or to withdraw from the University with a grade of "DR" or "W" recorded; last day to change to non-credit.

August 3, 2007, Friday

Last day to drop courses or withdraw through the Office of the Registrar.

August 16, 2007, Thursday

Second summer session final examinations. Residence Life buildings close at 5 p.m.

August 17, 2007, Friday

Final grade reports due in the Office of the Registrar by 3 p.m.

The University of Texas-Pan American **Overview**

The University of Texas-Pan American is a comprehensive, public co-educational institution located in Edinburg, Texas, close to the Mexican border and the Gulf of Mexico.

Institutional Vision and Philosophy

The University of Texas-Pan American will be a firstclass doctoral university and the educational leader for South Texas, addressing the expanding needs of a multicultural, metropolitan area by offering a broad spectrum of undergraduate, graduate and professional degree programs, by maximizing access opportunities for qualified applicants, and by pursuing research and providing professional services that emphasize the economic development, education advancement, health improvement, environmental protection and cultural confluence of the international borderland.

The University of Texas-Pan American has developed the following statement which combines the traditional elements of institutional mission and philosophy.

Mission Statement

The University of Texas-Pan American (UTPA) serves the higher education needs of a rapidly growing, international, multicultural population in the South Texas Region. The University preserves, transmits and creates knowledge to serve the cultural, civic and economic advancement of the region and the state. The University provides students advanced instruction in academic programs offered through certification, and baccalaureate, master's and doctoral degrees. Through teaching research, creative activity and public service, UTPA prepares students for lifelong learning and leadership roles in the state, nation and world community.

University History

The school first opened in 1927 as Edinburg College, a two-year community college governed by the Edinburg School District.

In 1933, the institution was approved by the State Department of Education, designated a "First Class Junior College" by the Association of Texas Colleges, became a member of the Association of Colleges and Secondary Schools of Southern States and was renamed Edinburg Junior College.

In 1947, Edinburg Junior College began offering classes at night and at off-campus locations in neighboring towns. The following year, the name was changed again, this time to Edinburg Regional College, as the school was separated from the Edinburg School District and began receiving partial state support.

On Dec. 20, 1951, the voters of Hidalgo County approved the establishment of a four-year college, Pan American College, to serve the needs of the region. Between 1952 and 1965, the former Edinburg Regional College served as the junior division of the new college, and a senior division was established to furnish upper-level work and award degrees.

The name Pan American College was selected because it reflected the institution's desire to bridge the cultures of North and South America and to reflect the cultural and ethnic diversity of the institution.

Pan American College became part of the Texas System of Colleges and Universities on Sept. 1, 1963. A two-year transition period was provided during which the school passed from partial state support to full state assistance, control and ownership. In 1965, the college officially became the 22nd state-supported senior institution in Texas.

In the late 1960s, Pan American College responded to increasing requests to provide graduate-level work, and by 1970, the school had received approval to offer graduate instruction in the arts, education and science. To reflect the increased range of studies available, the name of the school was changed to Pan American University on Sept. 1, 1971.

Pan American University began to offer courses in Brownsville in 1973 to better serve the citizens of Cameron County and the Lower Rio Grande Valley. A few years later, the Pan American University Board of Regents created Pan American University at Brownsville, which is now a separate university.

The greatest change in recent years was the University's merger on Sept. 1, 1989, with The University of Texas System, renaming the school The University of Texas-Pan American. The historic event culminated two years of study, hearings, discussion and negotiations involving regents, legislators, faculty, students, alumni and the community.

With the addition of Pan American University, The University of Texas System gained a window on eastern Mexico and a strong presence in one of the fastest-growing regions of the state. To its advantage, Pan American gained the participation and support of the System and its components in expanding the number of academic opportunities it offers its students.

In 1994, the Texas Higher Education Coordinating Board approved UT Pan American's first doctoral degree, a Ph.D.

2005-2007 Graduate Catalog

program in business administration with an emphasis in international business, effectively marking the beginning of a new era in the development of the institution. In 1998, the Coordinating Board approved a second doctoral program, an Ed.D. in educational leadership. UTPA also now offers a Pharm.D. in pharmacy in cooperation with The University of Texas at Austin.

UT Pan American has continued to broaden its curriculum, adding baccalaureate, master's and doctoral degree programs. Today, it is the 10th largest of the state's 35 senior institutions.

The Students

UT Pan American has one of the largest enrollments of Hispanic students among four-year colleges and universities in the United States. About 86 percent of the undergraduate students are Mexican-American, reflecting the demographic characteristics of the immediate region, the Rio Grande Valley.

Enrollment in fall 2004 was about 17,030. The Texas Higher Education Coordinating Board predicts the University will have a fall enrollment of 19,032 students by the year 2010.

Degrees and Programs

UT Pan American's six academic colleges — Arts and Humanities, Business Administration, Education, Health

Sciences and Human Services, Science and Engineering, and Social and Behavioral Sciences — offer a wide range of degree options encompassing a comprehensive series of academic concentrations and selected areas of professional study.

- Graduate Degrees
- Master's Degrees

College of Arts and Humanities

Art (MFA) Communication (MA) English (MA) English as a Second Language (MA) History (MA) Music (MM) Spanish (MA) Theatre (MA) Master of Arts in Interdisciplinary Studies (MAIS) Concentrations in English History Music Spanish

♦ The Graduate School

The Graduate School provides centralized coordination of and administrative leadership for all graduate programs of The University of Texas-Pan American.

The responsibilities of the Graduate School are to approve thesis and dissertation formats as prescribed at the program level; publish theses and dissertations; review policies related to graduate education; oversee application of current and subsequent graduate policy; assure establishment of graduate assistantship guidelines; develop and review the Graduate Catalog; facilitate a system of graduate advisement; maintain records of graduate faculty; advise the Graduate Council on graduate faculty status and propose matters of policy to the Council; assure implementation of graduate policy; assist in the development of graduate proposals; serve as a consultant for changes in graduate programs; work with the Graduate Council and function as a liaison between the council and the provost and vice president for Academic Affairs; promote faculty research and creative activities, grants and contracts, and fellowships; and supervise the Office of Sponsored Research.

Admission

General Information

The University of Texas-Pan American is an equal opportunity educational institution. Under this philosophy, students are admitted to the University without regard to race, creed, color, sex, ethnic origin, religion, age, veteran status or disability.

Admission is only for the semester requested. Students who apply but do not attend must submit an updated application for admission to enroll for a later semester. Students not enrolled for the previous regular semester must also apply for readmission.

Students are admitted to The University of Texas-Pan American through the Graduate School, which is responsible for administering graduate admission policies. Students who wish to attend the University must meet all admission requirements by the published deadline date for the semester for which they are applying. Failure to have applications with supporting documents on file by these dates will result in restrictive admission or denial of admission at that time. Request documents to be sent to:

Office of Graduate Studies

Administration Building, Room 116 The University of Texas-Pan American 1201 W. University Drive Edinburg, TX 78541-2999 Telephone: 956/381-3661 or 956/381-2207

Required college transcripts must be requested from each individual institution attended. These official transcripts must be sent by the institution directly to the Graduate School at the above address. Information regarding how test scores may be requested may be obtained from:

The University Testing Center

UTPA Annex Building 2412 S. Closner Edinburg, TX 78541-2999 Telephone: 956/292-7585

Failure to submit a complete and correct application, including all transcripts, is grounds for rejection of application, withdrawal of offer of acceptance or, after enrollment, disciplinary action including expulsion. Any applicant, whether a new student or a former student at the University, who has attended another collegiate institution is not at liberty to disregard any part of the collegiate record and apply for admission to UT Pan American on the basis of a partial record of his or her college work, but is subject without exception to the regulations for admission.

All documents submitted become the property of UT Pan American. Admission documents submitted will remain on file for one year if the student does not attend or five years if the student attends UT Pan American. Documents will not be returned.

Automated Student Information Services

Telephone Voice Response: Students may check the progress of their applications or access other information by calling the Advanced Services for Student Information Supported by Technology (ASSIST) at 956/381-3040 on a touch-tone phone. ASSIST offers recorded information on admission, grades, registration and transcripts and information specific to each student through a series of voice prompts.

Kiosk Stations: Standard forms, general information, the campus directory and student record information, including application status, can be accessed from any of the kiosk stations located on the UT Pan American campus.

Web for Students: The services available by kiosk and telephone voice response are also available via the World Wide Web at assist.utpa.edu or Campus pipeline at cp.utpa.edu

Application Deadlines

There are two admission application deadlines for each semester and summer session at the University. The earliest deadline is usually the first work day in February for both summer sessions and the fall semester or the first work day in September for the spring semester.

The second application deadline, usually about 30 days before the beginning of the semester, is for late registration. Specific deadline dates for each semester are listed in the Schedule of Classes and in the University Calendar beginning on page 6 of this catalog.

Application Process

Students must apply for admission for graduate study at UT Pan American and for admission to the major department. Graduate admission to UT Pan American does not ensure acceptance to a master's or doctoral program.

This section details admission for graduate study at the University only. Each department sets the departmental admission requirements for its graduate majors with the recommendation of the Graduate Council. Consult the catalog section referring to the appropriate major department for these requirements.

Normally, all undergraduate level work must be satisfactorily completed prior to taking graduate courses or at least be completed during the first semester of enrollment in graduate courses.

2005-2007 Graduate Catalog

Any student who would like to enroll in a graduate-level course (5000-7000 level) must apply and be accepted for graduate study at UT Pan American. The 8000- and 9000level courses are open only to students accepted into a doctoral program. Students accepted for graduate study are still eligible to enroll in undergraduate courses.

Admission criteria for doctoral programs defined by the colleges or departments that operate the programs are in addition to the requirements for admission for graduate study. Graduate admission to UT Pan American does not ensure acceptance to a doctoral program. Admission procedures and criteria specific to doctoral programs are described on page 94 for the Ph.D. in Business Administration with an emphasis in International Business, page 117 for the Ed.D. in Educational Leadership and page 121 for the Pharm.D. in Pharmacy in cooperation with The University of Texas at Austin.

Undergraduate students may enroll in graduate courses during their last semester of study if they meet specific requirements. These requirements are outlined on page 46 (Reservation of Work by Undergraduates for Graduate Credit) and in the Undergraduate Catalog. Graduate credit may not be used to complete graduation requirements at the undergraduate level.

Students seeking admission for graduate study must have the following documents submitted to the Graduate School:

1. Graduate Student Application for Admission.

2. Submit application with \$35 application fee.

3. Official College Transcript(s) of all prior graduate and undergraduate work sent directly from each institution attended. Students must hold a bachelor's degree (or higher) from an accredited college or university. Only coursework from an accredited institution of higher education shall be accepted for evaluation and grade point calculation for admission to a graduate program at UT Pan American. (Calculation of the Graduate Admission GPA is described below.)

UT Pan American will not award credit or recognize degrees from institutions that do not follow a traditional educational structure, i.e., the institution does not require in-residence coursework, does not have teaching faculty, a traditional campus or support facilities and/or does not have a limit on non-traditional courses accepted for credit through exams, life experience, military service, etc. Any course credit and degrees earned through distance learning will be evaluated based on the above criteria.

4. In addition to the requirements above, doctoral candidates must hold a master's degree from an accredited institution and meet all departmental requirements. Graduate students who have completed 30 or more hours of master's level courses may enroll in doctoral courses concurrently while completing a master's degree, upon approval of the major department.

NOTE: International students must also complete requirements listed under International Student Admission on the next page.

Each graduate program may have different additional admission requirements. Check the relevant section of this catalog or contact the appropriate department for information.

Graduate Admission GPA

Graduate Admission GPA is calculated as follows: **1.** All academic work undertaken and grades or symbols assigned at each institution shall be reflected on the student's official transcript(s). No grade may be expunged from a student's record. An applicant who has earned a bachelor's degree under the "Academic Fresh Start" statute, Texas Education Code, Paragraph 51.929, will be evaluated on only the grade point average of the coursework completed for that bachelor's degree and the other criteria stated herein. For more information on the Academic Fresh Start program, see the Undergraduate Catalog.

2. All grades for academic coursework assigned, including all grades in courses which have been repeated, will be used in calculating the graduate admission grade point average, except that UT Pan American shall base the calculation on the last 60 semester credit hours (or equivalent) of college work, which include any previous work in a graduate or professional school, except for remedial or non-credit courses.

3. A four-point scale will be used in computing the grade point average (e.g.: A=4 points per semester hour; B=3 points per semester hour; C=2 points per semester hour; and F=0 points per semester hour).

4. A grade or symbol indicating failure (i.e., F, WF, DF) will count as hours undertaken, but no grade points will be earned.

5. Excluded from the grade point average will be any credit by examination (CR); Quit (Q); Withdrew (W); Withdrew Passing (WP); Incomplete (I); and a pass grade within a pass/fail system.

6. The grade point average will be computed by multiplying each grade point (see 3. under this section) by the semester or quarter credit hours earned per course and totaling the products. The semester or quarter hours of courses undertaken will then be totaled. The total of the products will be divided by the total semester or quarter hours. The result (calculated to the 100th place) is the official cumulative grade point average for admission to graduate studies.

7. Academic work at foreign colleges, universities or preparatory schools shall be excluded from the calculation. In such cases, the grade point average and credit shall be evaluated and computed by the Office of Admissions and Records in consultation with the graduate program to which the student is applying.

Transfer Admission

(not applicable to doctoral students)

An applicant accepted as a graduate transfer student may enroll for a maximum of 12 graduate hours at UT Pan

American to be transferred to another graduate school by submitting the following to the Graduate School:

1. A letter of approval for the enrollment from the dean of the graduate school to which the work will be transferred. The letter must be sent directly to the UT Pan American Graduate School.

2. An updated letter of approval each semester if the graduate student transfer period needed to complete the 12 hours exceeds one semester.

Official transcripts are not required for Transfer Admission.

International Student Admission

An applicant is considered an international student if the applicant is not a citizen of the United States or a permanent resident alien. Applicants who have permanent resident alien status do not apply as international students. All required documents must be on file in the Graduate School 90 days prior to the beginning of the semester for late registration or by the published application deadline for ASSIST telephone/Campus Pipeline/Web registration. International students must not only be accepted for undergraduate study or graduate study with clear admission, but must also submit the following:

1. International Student Application for Admission. This application requires official certification of sources of funds from the student.

2. Test of English as a Foreign Language (TOEFL) or other acceptable exam. Students from countries whose native language is not English will be expected to take the TOEFL. TOEFL scores must be sent directly from the Educational Testing Service. UT Pan American will not accept residual TOEFL exams taken at another institution. Students scoring below 500 on the TOEFL will be denied admission.

3. Financial Deposit, equal to the cost of room and board in a UT Pan American residence hall for one semester. This prepayment must be in the form of a money order or cashier's check. The student must submit a request in writing indicating how the deposit should be applied (i.e., toward tuition or residence hall fees or returned to the student if required for off-campus living expenses). Any refunds for students who do not attend must also be requested in writing. Submit written requests to:

Office of Payments and Collections

Student Services Building, Room 115 The University of Texas-Pan American 1201 W. University Drive Edinburg, TX 78541-2999 Telephone: 956/381-2715

Graduate students employed by UT Pan American as graduate assistants, teaching assistants or instructor assistants are exempt from this financial deposit. 4. English Translation and Evaluation of Educational Records. In addition to the official transcripts required for admission as a graduate or undergraduate student, an English translation must be included to allow for accurate interpretations. NOTE: See application.

5. Proof of Mandatory Medical Insurance.

■ Procedure After Admission — Issuance of I-20

Upon completion of the application process, successful applicants will be issued an I-20 by the international student advisor, who is the University's designated official to report the status of international students to the Immigration and Naturalization Service. Students then present the I-20 to the American Consulate or embassy in their home country to obtain a visa. International students are required to report any change in status immediately to the international student advisor, located at the University Center, room 113, visit www.utpa.edu or call 956/381-2922 for information.

Duration: A non-immigrant student may be admitted for "duration of status." This means that the student is authorized to stay in the United States for the entire length of time during which the student is enrolled full-time in an educational program and any period of authorized practical training plus 60 days. While in the United States, the student must maintain a valid foreign passport unless exempt from passport requirements.

School on Visa: For initial admission, the student must attend the school specified on the visa. If the student has a Form I-20 A-B from more than one school, it is important to have the name of the intended school specified on the visa by presenting a Form I-20 A-B from that school to the visa-issuing consular officer. Failure to attend the specified school will result in the loss of student status and subject the individual to deportation.

Re-entry: A non-immigrant student may be readmitted to the University after a temporary absence of five months or less from the United States, if the student is otherwise admissible. The student may be readmitted by presenting a valid foreign passport, a valid visa and either a new Form I-20 A-B or a page four of the Form I-20 A-B (the I-20 ID Copy) properly endorsed for re-entry if the information on the I-20 form is current.

Transfer: A non-immigrant student is permitted to transfer to a different school provided the transfer procedure is followed. To transfer to a different school, the student should first notify the school being attended of the intent to transfer, then obtain a Form I-20 A-B from the new school. Transfer will be effected only if the student returns the Form I-20 A-B to the designated school official within 15 days of beginning attendance at the new school. The designated school official will then report the transfer to the Immigration and Naturalization Service.

Extension of Stay: If the student cannot complete the educational program after having been in student status for the anticipated length of the program plus a grace

2005-2007 Graduate Catalog

period in a single educational level, or for more than eight consecutive years, the student must apply for extension of stay. An application for extension of stay on a Form I-538 should be filed with the international student advisor at least 15 days but no more than 60 days before the expiration of the student's stay.

Special Students

A student holding a bachelor's degree from an accredited institution who does not wish to enter a graduate program may be permitted to register as a "Special Student" in one of the undergraduate colleges and is subject to all rules and regulations of that college.

Special students seeking professional improvement are only required to have an official transcript showing the awarding of a bachelor's degree (or higher) sent from the awarding institution. Special students seeking teaching certification or a second bachelor's degree are required to have transcripts sent from all institutions attended. A request for a second degree evaluation form must be completed at the Office of Records and Registration for students seeking additional bachelor's degrees. For more information, see the Undergraduate Catalog.

Special Graduate Students

Special Graduate Students are those holding a master's degree from an accredited institution. Registration in master's courses requires the permission of the graduate program coordinator or the department chair. Registration in doctoral courses requires acceptance to a doctoral program.

Admission Categories (Master's Only)*

Upon submitting the required documents for admission, an applicant is accepted or denied admission to the University for graduate study in one of the following categories.

* Admission categories for doctoral students are listed in the respective departments.

Graduate Studies

Admission to graduate studies is a two-step process: step one, admission to the Graduate School; step two, admission to a specific degree program of study.

Step One: Clear Admission to the Graduate School

An applicant is accepted for clear admission to the University for graduate study if he or she has a bachelor's degree from an accredited institution and meets one of the following criteria:

1. The applicant has a 2.75 graduate admission GPA or more on a 4.0 scale on the last 60 hours attempted.

2. The applicant meets the requirements for changing "probationary" to "clear."

3. Applicants who hold a master's degree from an accredited university are also eligible for clear admission.

Graduate students must maintain a GPA of 3.0 on all graduate coursework or be suspended indefinitely from graduate study.

Residency

The majority of credits toward a graduate or a postbaccalaureate professional degree is earned through the institution awarding the degree. In the case of graduate and post-baccalaureate professional degree programs offered through joint, cooperative or consortia arrangements, the student earns a majority of credits from the participating institutions.

Denied Admission

An applicant may be denied admission to the University for graduate study for failure to meet minimum graduate admission requirements. The applicant may appeal this decision to the associate vice president for Academic Affairs, Graduate Programs, through the department chair (program director for interdisciplinary programs) and the dean, who will each provide a recommendation on the appeal. The appeal must be in writing to the department chair of the program to which the student is applying and should provide an explanation of extenuating circumstances. The associate vice president's decision shall be final. A student admitted as a result of an appeal will normally be granted probationary admission, if all documentation is complete, or tentative admission, if the GRE is pending.

Alternatively, an applicant with a bachelor's degree from an accredited institution who is denied admission may become eligible for admission to the University for graduate study by improving GRE (or GMAT) scores and/or the graduate admission grade point average sufficiently to change the applicant's status to "probationary" or "clear" admission. The student should reapply for admission if these criteria are met.

A denied applicant may be eligible to enroll in undergraduate classes.

Probationary Admission to the Graduate School

An applicant with a bachelor's degree from an accredited institution may be granted probationary admission to the Graduate School if the applicant does not meet "clear" admission requirements, but has a 2.5 to 2.99 graduate admission GPA and provides the graduate office with a letter from the program director or program chair,

An applicant granted probationary admission may not enroll for more than 12 graduate hours total. The student must be accepted into a graduate degree program within this 12 hour time period or future registration will be put on hold. A student on probationary status who earns any graduate grade less than a "B" will be denied further admission to the Graduate School until such time that the requirements for clear admission are met.

At the end of the semester in which a probationary student's total earned graduate hours are nine or more and the student's graduate GPA is 3.0 or better with no grade less than a "B," the student's admission classification will be changed to "clear."

Step two: Admission to Graduate Degree Program

The vast majority of graduate degree programs already follow a holistic approach to admission or have the same admission criteria as admission to the Graduate School and do not require a standardized test score. Contact the Graduate Office or program director for clarification of program criteria.

Tentative Admission*

Master's applicants to the Colleges of Arts and Humanities, Business Administration, Education, Science and Engineering, and Social and Behavioral Sciences who hold a bachelor's degree from an accredited institution may be granted tentative admission if:

1. admission is based on unofficial documents, and

2. the student has a minimum graduate admission GPA of at least a 2.5 (on a 4.0 scale) on the last 60 hours attempted.

Tentative admission is limited to a maximum of six semester hours of graduate work that must be taken within the same semester, or in two six-week summer sessions. A student who enrolls in a graduate course(s) will have completed his or her tentative semester regardless of whether the student drops or withdraws during the semester, and the student must complete graduate admission requirements before enrolling in future semesters.

At the end of one semester of "Tentative Admission," the student will be reclassified as "clear," "probationary" or "denied" based on the admission requirements. The student must have completed his or her admission file (to business students) and meet the admission standards for "clear" or "probationary" to be granted further admission.

* Tentative admission is not applicable to graduate students in the College of Health Sciences and Human Services.

NOTE: Undergraduates seeking tentative admission

should refer to the section on Reservation of Work by Undergraduates for Graduate Credit on this page.

Transfer of Graduate Credits to UT Pan American

A maximum of nine semester hours of appropriate graduate work earned at other institutions, subject to the approval of the chair of the major department or director of the graduate program and certification by the Graduate School, may be transferred for degree credit. Individual departments or programs may accept fewer hours or have additional requirements. A course may be transferred only if:

1. the course is equivalent to a graduate-level course at UT Pan American or it is appropriate for elective credit at the graduate level within the student's degree program,

- 2. the grade for the course is not less than "B,"
- 3. the credit was not earned by correspondence,
- 4. the credit was not earned by extension, and

5. the course was not taken at such a date that it would extend the student's time for achieving the degree beyond the approval limit for the graduate program (seven years for a master's program and 10 years for a doctoral program).

Transfer of graduate credit is not automatic. The student must submit a written request for approval of transfer to the chair of the major department or director of the graduate program, who determines whether all the conditions for transfer have been met before adding the hours to the graduate degree program. The transfer is completed when the student's Application for Degree form is approved by the dean of the college (providing that the student graduates within the approved time limit for the degree).

Procedure after Admission to the University for Graduate Study

Successful applicants will receive a letter of acceptance from the Graduate School, whereupon they should contact the graduate coordinator or the chair of their major department to ensure all materials required by the program have been submitted. If the student is accepted into the program, a graduate advisor will be appointed to counsel the student on registration, degree programs and other required procedures. Students should have their schedules approved each semester by their advisors (or an approved substitute) before registering for courses.

Reservation of Work by Undergraduates for Graduate Credit

It is possible for undergraduate students to enroll in graduate courses in their last semester under the following conditions:

1. The undergraduate student must lack no more than 12 hours of work to complete all requirements for his or her first bachelor's degree. **2.** These 12 hours (or less) must be completed in the same semester, or in two six-week summer sessions, in which the student is taking the graduate courses.

3. Total enrollment must not exceed 15 hours in a regular semester, or 12 hours in two six-week summer sessions.

4. The student has a minimum graduate admission GPA of at least a 2.5 (on a 4.0 scale) on work completed to date. (For information on the calculation of graduate admission GPA, see page 22.)

5. The application for such graduate work is submitted to the Graduate School 60 days before the session begins. Undergraduates cannot count their work in graduate courses toward the bachelor's degree. Such work will be reserved for credit toward a graduate degree.

■ Graduate – 99 Hour Rule

A resident doctoral student who has a total of 100 or more semester credit hours of doctoral work at an institution of higher education is required to pay nonresident doctoral tuition rates.

Distance Learning Courses

UTPA offers two types of distance learning education courses in addition to the traditional classroom setting. Interactive video courses are identified by the letter "I" after the section number, and local Web delivery courses are identified by the letter "L" after the section number: (i.e. ENG 1301.901 or ENG 1301.90L).

For further information, contact the course instructor, visit the Center for Distance Learning Web site at cdl.utpa. edu or call the center at 956/381-2979.

UT TeleCampus Courses

Some courses listed in this catalog are offered from The University of Texas-Pan American via the UT TeleCampus. The UT TeleCampus is the centralized support center for online education throughout The University of Texas System. In the Web site you'll find: online classrooms, a digital library, free online tutorial services, 24/7 technical support, links to various admissions and registrar offices throughout the UT System and full program descriptions for the online courses and degrees the UT TeleCampus facilitates. Designated contacts at each campus are available to assist you as are the student services support staff of the UT TeleCampus. For questions or information, call toll-free: 1-888-TEXAS-16 (1-888-839-2716).

NOTE: To see a full listing of courses and host universities for the UTTC programs, access the UT TeleCampus Web site at:

fiscal Dolicies

The cost of attending The University of Texas-Pan American is relatively low — approximately \$1,197 per semester in 2004-2005 for nine hours of required tuition and fees for a graduate student who is a resident of Texas. A large student financial aid program offering part-time employment, scholarships, grants and loans helps most students at UT Pan American meet the costs of attending college. For more information on financial aid, see the Financial Assistance section on page 34 of this catalog.

Financial Responsibility

State Universities cannot extend credit. Students are expected to meet financial obligations to the University within the designated time allowed. Registration fees are payable at the time of registration, and students are not entitled to enter class or laboratory until all their fees have been paid. (*Exception:* See Payment by Installment on page 31.) Other charges are due within 10 days after a bill is rendered by the University, or according to the special payment instructions that may be printed on the bill. Failure to pay the amount owed in the allotted time can result in withdrawal from classes; the withholding of registration privileges, official transcripts, grades and degrees; University disciplinary action, and other penalties and actions authorized by law.

A student is only registered in the University and entitled to University privileges after he or she has paid all required fees. A hold against re-entry is imposed on a student who fails to pay a debt owed to the University.

Initial payment of registration fees may be made by personal check, money order payable to The University of Texas-Pan American, credit card (Visa, MasterCard and Discover only) or cash. Students are advised to exercise care in paying fees by check. When a bad check for registration fees is returned to the University, a \$15 returned check service charge is assessed, and the student is given 10 days from receipt of notice to make full payment by cash, cashier's check or money order. Failure to comply will result in the penalties described above.

Residency Classification for Tuition Purposes

The Office of Records and Registration is responsible for determining residence status of students for purposes of tuition. The office is guided by the Texas Education Code, 54.052, et seq., the Rules and Regulations for Determining Residence Status of the Texas Higher Education Coordinating Board, and University Regulations. Under the state statutes and regulations, for tuition purposes, a student or prospective student is classified either as a resident of Texas, non-resident (U.S. citizens from another state), or students who are citizens from another country.

• A resident of the state of Texas for tuition purposes is an individual who is either a U.S. citizen or Permanent Resident Alien who has lived and worked in the state of Texas for a period of 12 months prior to enrollment or is an individual (regardless of their immigration status) who graduated from a Texas high school, has resided in Texas for at least three years as of the date of that graduation and provides an affidavit stating that the individual will file an application to become a permanent resident at the earliest opportunity of eligibility.

• A non-resident for tuition purposes is a U.S. citizen or Permanent Resident Alien who has not lived and worked in the state of Texas for a period of 12 months prior to enrollment.

• A foreign student is a person who is a citizen of another country.

Residency for tuition purposes for a dependent is established on the residency of the parents or legal guardian.

While these state requirements for establishing residency are complex and should be referred to in each particular circumstance, they generally require a minimum of 12 months of residing and gainful employment in Texas prior to enrollment.

Individuals classified as a non-resident or foreign students may qualify for resident tuition rates and other charges while continuing to be classified as a non-resident or a foreign student under the following exceptions:

- Students who receive academic competitive scholarships
- Teaching or research assistants
- Faculty employment
- Special types of visas
- Military

Information on residency, reclassification, tuition exceptions and waivers is available at the Office of Records and Registration, Room 108 of the Student Services Building, telephone 956/381-2732 or 956/381-2209. Students are required to sign an oath of residency as part of the application process. Residency for tuition purposes will be based on this oath and other information/documents submitted by the student.

Tuition and Mandatory Fees

Tuition, fees and charges are assessed to students based on semester credit hours, asset charge per semester or specific services. The Texas Legislature, except for basic tuition, does not set the specific amount for any particular student fee. The student fees assessed are authorized by state statute; however, the University Administration and The University of Texas System Board of Regents make the specific fee amounts and the determination to increase fees. House Bill 3015 authorizes the governing boards of an institution of Higher Education to charge any student Designated Tuition in any amount necessary for the effective operation of the institution effective September 1, 2003. Texas Education Code, 54.504-Incidental fees and 55.16 Board Responsibility authorizes the governing board to fix and collect fees and charges.

Shown in the Fee Tables on page 29 are the required tuition and fees charged each semester:

• Tuition charges in 2004-2005 are \$68 per semester credit hour for resident graduate students and \$302 per semester credit hour for all non-resident graduate students and in 2005-2006, \$70 and \$302, respectively.

• *Tuition Designated charges* in 2004-2006 are \$38 per semester credit hour, with a maximum of \$532 per semester, for all graduate students.

• Student Service Fee supports student activities such as intramural and intercollegiate athletics, the campus newspaper, student accident insurance, University Program Board, drama, dance group, Student Government Association, University Center and other student services as determined by the Board of Regents. At the time of the printing of this catalog, the fee is charged at \$12 per semester credit hour, up to a maximum of \$144 per semester.

• **Student Union Fee** of \$30 per student per regular semester and \$15 per student per summer session will be assessed to finance the construction and provide operational and maintenance support of the Student Union Building.

• Computer Access Fee of \$6.75 per semester credit hour up to a \$94.50 maximum per regular semester and summer session is charged to fund costs incurred in providing access to and supervision of computer laboratories.

• International Education Fee of \$1 per semester is charged to assist students participating in international student exchanges or study programs.

• *Registration Fee* of \$8 per semester is charged to defray the cost of providing ASSIST services for registration.

• *Library Technology Fee* of \$2.25 per semester credit hour up to \$31.50 is charged to enhance student access to library information via technology.

• *Medical Service Fee* of \$15 per regular semester or \$7.50 per summer session is charged to fund Student Health Services.

NOTE: The Fee Tables on pages 29-31 do not include required laboratory fees or individual instruction fees, which are listed with the individual course descriptions.

2005-2007 Graduate Catalog

*All tuition and fee charges are subject to change. Students may consult the Schedule of Classes or contact the Office of Payments and Colle2ctions at 956/381-2715 for current information.

Course Specific Fees

• *Biology Course Fee:* \$15-\$36 will be assessed on biology courses to defray the costs of supplies, chemicals and costs associated with replacement of equipment.

• *Chemistry Course Fee:* \$20 will be assessed to defray cost of field trips, supplies, chemicals and costs associated with replacement of equipment to students enrolled in specific chemistry courses.

• Computer Science Instruction Fee: \$5 per semester credit hour for lower undergraduate level courses, \$7 per semester credit hour for upper undergraduate level courses and \$15 per semester credit hour for graduate level courses. This fee will be assessed on computer science courses to defray the cost of computer hardware, maintenance, lab monitors and software upgrades.

• Dietetics Course Fee: \$15 will be assessed on specific dietetic courses to defray the cost of supplies, chemicals and costs associated with replacement of equipment.

• Distance Education Fee: \$25 per semester credit hour will be assessed to students enrolled in distance learning courses offered through interactive video. Students enrolled in these courses may request fee waivers if special circumstances preclude them from using UTPA facilities, activities and/ or student services on which a fee is based. Reference Distance Learning Tuition Waivers on page 40 for additional information. The exception will be those students enrolled in an Online Master Program. Students will be charged a common cost of \$580 set by UT System, and this amount includes all mandatory fees and a distance-learning fee.

• Engineering Course Fee: \$5 per semester credit hour for lower undergraduate level courses, \$13 per semester credit hour for upper undergraduate level courses and \$18 per semester credit hour for graduate level courses. This fee will be assessed on engineering courses to defray the costs of lab equipment beyond that provided by the College of Science and Engineering Technology Fee, and for supplies, maintenance of equipment, cost of software and other peripherals utilized.

• Individual Instruction Fees: For courses in art, communication and music that provide individual coaching or instruction, a fee of \$35 for a one- or two-hour course or \$60 for a four-hour course may be charged. Specific music courses are assessed \$2.

• Instrument Users Fee: \$10 will be assessed for clinical laboratory science courses, \$25 to certain College of Education courses, and \$8-\$58 for specific music courses to support maintenance and equipment replacement costs.

• Kinesiology Activity Course Fees: \$6 will be assessed for all two-hour kinesiology activity courses. In the case of bowling, golf and scuba diving, there is an additional fee for the use of non-University facilities and equipment, which is paid directly to the provider of these facilities; the additional fees are subject to change at the provider's discretion.

• Laboratory Fees: \$3-\$30 may be assessed for each laboratory course depending upon cost of material used.

• Nursing Testing Fee: The actual cost of testing will be assessed for standardized testing required by the Board of Nurse Examiners. This fee is nonrefundable.

• Occupational Therapy Course Fee: \$30 will be assessed to defray costs of supplies, chemicals and costs associated with replacement of equipment to students enrolled in specific courses.

• **Optical Mixed-Media Fee:** \$10 to defray the cost associated with producing CDs, DVDs, or other Optical Media used to supplement course instruction.

• **Technology Fee:** Students enrolled in the College of Business Administration or College of Science and Engineering will be assessed a fee to defray costs associated with technical support and software licensing. Fee rates will be:

- College of Business Administration undergraduates, \$10 per three semester credit hours with a \$30 maximum; MBA graduates, \$15 per three semester credit hours with a \$45 maximum; Ph.D. graduates, \$25 per three semester credit hours with a \$75 maximum.

— College of Science and Engineering —

Biology, Chemistry, Engineering, and Physics and Geology: undergraduates, \$3 per semester credit hour; graduates, \$15 per semester credit hour. Mathematics: undergraduates, \$1 per semester credit hour; graduates, \$5 per semester credit hour.

* Texas Education Code, 54.504 - Incidental Fees and 55.16 Board Responsibility authorizes the governing board to fix and collect fees and charges. The averages are not given for college and course related fees (laboratory, incidental, supplemental/individual fees) since charges vary according to academic program and courses; actual fees are published in the institutional catalog and/or other publications. A summary description of these fees and the optional student fees may be found in The University of Texas-Pan American Catalog.

Visit our Web site at http://www.utpa.edu

General Information: The Texas Legislature, except for basic tuition, does not set the specific amount for any particular student fee. The student fees assessed are authorized by state statute; however, the specific fee amounts and the determination to increase fees are made by the University administration and The University of Texas System Board of Regents.

**House Bill 3015 authorizes the governing boards of institution of Higher Education to charge any student Designated Tuition in any amount necessary for the effective operation of the institution effective September 1, 2003.

Payment by Installment

Section 54.007 of the Texas Education Code provides for payment by installment of tuition and mandatory fees in the fall and spring semesters. Students electing to use the installment plan must be enrolled for a minimum of seven semester hours and must personally fill out a contract at the Office of Payments and Collections, Student Services Building, room 115. Students already receiving some form of financial aid, including scholarships, are not eligible.

Eligible students may elect one of the following two options during fall and spring registration:

Option A: Full payment on specified due date

Option B: Half payment on specified due date One-fourth payment before the sixth class week One-fourth payment before the 11th class week

Once an option has been selected, it may not be changed; however, advance payments will be accepted. Students electing to pay in accordance with Option B must personally sign a promissory note. A nonrefundable tuition installment incidental charge of \$22.50 will be collected to defray the cost to the University of providing this delayedpayment service.

The law requires collection of the second and any subsequent installment before the class week indicated above. Late installments will be accepted during the first three class days of the class week indicated above, but a nonrefundable late payment charge of \$5 will be assessed in addition to the installment amount.

After the first three class days of the class week indicated above, late installments still will be accepted, but a nonrefundable reinstatement fee of \$25 will be assessed in addition to the installment amount.

A student who fails to provide full payment of tuition and fees, including assessed late fees, to the University when the payments are due is subject to one or more of the following actions at the University's option:

a. being withdrawn from the University;

- b. being barred from readmission to the institution;
- c. the withholding of the student's grades, degree and official transcript;

d. all penalties and actions authorized by law.

Concurrent Enrollment Fees

Fees for students registering concurrently at two Texas public institutions of higher education are called concurrent enrollment fees.

A student shall pay the full tuition charge to the first institution at which he or she is registered.

Generally, only the hourly rate is paid at the second institution. However, if the minimum amount is less at the first institution, then the student must pay the difference in the two minimums to the second institution, but in no case shall the student pay to the institution less than the hourly rates. Tuition designated, student service fees and optional fees are billed by each institution at its regularly authorized rates.

Other Fees and Deposits

• *Auditing Fees:* \$20 nonrefundable fee will be charged if the instructor permits anyone to audit the course.

• Cafeteria Meal Tickets: Cafeteria meals for students residing on campus are included in the Residence Hall contract. Other students may purchase a semester or summer session meal ticket. For more information, see Student Housing on page 65.

• **Catalog:** The first University Catalog is provided free to each undergraduate and graduate student; subsequent catalogs will cost \$2 each.

• Cooperative Pharmacy Program Application Fee: \$60 is assessed to defray the cost associated with the Pharmacy Program application process and travel of faculty between UT Austin and UT Pan American for admission committee meetings.

• *Course Drop Fee:* \$5 nonrefundable fee is assessed to students dropping courses on the first day of classes and thereafter.

• *Diploma Replacement Fee:* \$20 will be charged to students who request the replacement of a diploma for replacement and duplication costs.

• *Emergency Loan Processing Fee:* \$20 nonrefundable fee to defray administrative costs incurred in processing and collecting emergency loan payments. (See page 39 for more on Emergency Loans.)

• Foreign Transcript Evaluation Fee: \$80 to defray the cost associated with evaluation of foreign transcripts.

• General Property Deposit: \$20 one-time deposit to ensure against losses, damages or breakage in laboratories and libraries.

• Graduate Admission Application Fee: \$35 nonrefundable fee to defray the cost associated with recruitment and retention at the graduate level and the processing of application.

• Graduation Fee: \$25 nonrefundable fee is assessed for undergraduate and graduate degrees. This fee is payable at the time the candidate presents the application for graduation to the Office of Records and Registration. This fee is used to pay for processing the application for graduation, music, graduation speaker, postage, diplomas and other expenses associated with graduation. All students participating in the commencement ceremony are required to purchase the proper graduation regalia from the University Bookstore. No students will be permitted to participate without the proper regalia. Students wishing to transfer their application for graduation to another semester will be required to pay an additional \$10 fee for each time they transfer. • Health Insurance Fee: This is mandatory insurance for international students holding nonimmigrant visas and living in the United States. The fee is variable to match the premium for approved UT System Student Insurance Plan. For more information, see page 23.

• *ID Card Replacement Fee:* \$7 nonrefundable fee for a replacement ID card. Entering students are provided a free University photo identification card. Students may pay the fee at the Office of Student Activities, University Center, Room 205, when they request a replacement ID Card.

• International Business Doctorate Application Fee: \$35 nonrefundable fee to defray costs of processing applications for admission to the doctoral program in international business.

• Late Payment Fee: \$50 nonrefundable fee to defray the cost associated with the processing of late tuition and fee payments.

• Late Registration Fee: \$40 nonrefundable fee to defray the costs of late registration and extra services required.

• Library Fees: The fees are, for late book, \$0.10 per workday per book; lost book, \$20-\$86 to be determined by LC Call No. plus \$15 processing fee; damage fee, \$5 if repairable in-house, \$12 if rebinding needed by commercial binder; late reserve material, \$0.50 per hour; late special collections book, \$1 per day; late vertical file/Annual Report item, \$1 per day; graduate carrel locker, \$10 per year; photocopy fee, \$0.20 per page; Interlibrary loan, actual cost; late equipment fee: up to \$0.50 per hour and not to exceed \$20 for equipment with value of up to \$100, \$1 per hour and not to exceed \$75 for equipment with value of \$101-\$300, \$2 per hour and not to exceed \$200 for equipment with value of \$301-\$600, \$3 per hour and not to exceed \$400 for equipment with value of \$601-\$1,200, \$4 per hour and not to exceed \$600 for equipment with value of \$1,201-\$2,000, and \$5 per hour and not to exceed \$800 for equipment with value of \$2,001-\$3,000; locker rental fee, \$.25; lost book returned without CD-ROM, cost of item plus \$15 processing fee; lost audio visual and computer materials, replacement cost plus \$15 processing fee. All library fees are paid at the Circulation Desk of the University Library.

• New Student Fee: \$50 fee is assessed to defray costs associated with new student advising and preregistration.

• Orientation Deposit Fee: \$15 nonrefundable deposit fee that will be credited against the New Student Fee if the student enrolls. This fee is assessed to defray the cost of providing students materials during orientation.

• *Parking Permit:* See Vehicle Registration and Operation Permit below.

• **Professional MBA Program Fees:** Fee is assessed to cover the program-related costs, including textbooks, supplies and guest lecturers. The amount varies based on actual costs.

• *Residence Hall Installment Charge:* See Student Housing on page 65.

• *Returned Check Charge:* \$15 nonrefundable service charge will be assessed to a student for each bad check. The University may refuse to accept a check from a student who has previously given a bad check (insufficient funds, account closed, signature irregular, payment stopped, etc.).

• Short-Term Loan Fees: \$5 processing fee and a \$5 late payment fee. (For more information on short-term loans, see page 39.)

• University Testing Services Fee: Fees may be charged for tests to defray the cost of administering and scoring academic tests. Accuplacer Test Fee-\$29; ACT Residual Test-\$50; Local Advanced Standing Examination Fee-\$20; CLEP Service Fee-\$15; Correspondence Exam-\$20; Institutional TOEFL-\$40; Miller Analogies Test-\$45; THEA-Quick Test-\$10; Texas Commission on Law Enforcement Officers Standards and Education-\$25; TExES Qualifying Exam-\$15. Please inquire at the University Testing Center.

• Student Liability Insurance: All students enrolled in specific programs in the College of Health Sciences and Human Services, College of Education or College of Social and Behavioral Sciences must carry liability insurance. This is necessary in order for students to participate in clinical practicum activities associated with coursework. Fee assessed will reflect actual cost of insurance.

• Teacher Alternative Certification Program Application Fee: \$50 will be charged for processing applications for the Alternative Certification Program in the College of Education.

• Teacher Certification Deficiency Plan Preparation Fee: \$25 for enrolled students or \$40 for non-enrolled students will be charged to prepare a Teacher Certification Deficiency Plan in the College of Education.

• Teacher Preparation Program Fee: A \$30 onetime fee will be charged to defray costs related to services provided to the College of Education students seeking certification in the Teacher Preparation Program upon completion of 90 hours.

• Texas Success Initiative (TSI) Activity Fee: \$95 will be charged to students participating in the Learning Assistance Center's Texas Success Initiative (TSI). This fee supports non-course based developmental education activities.

• Texas Success Initiative (TSI) Affected Student Advisement Fee: \$35 per semester will be charged to students not cleared from TSI to defray the cost of advising. Students are charged \$36 per year or \$17 per fall or spring semester and \$14 for both summer terms for 260 hours annually (pro-rated if paid by semester) of Internet access through a SLIP/PPP modem pool. The charges for 520 hours are \$72 per year or \$34 per fall or spring semester and \$28 for both summer terms. The charge for 1,040 hours is \$108 per year or \$42 per fall or spring semester and \$36 for both summer terms. Internet access for more than 1,040 hours annually is available at \$2 per hour. The fee is assessed only for those students who make use of the service.

• *Thesis Binding Fee:* An original and two copies of a master's thesis must be bound and presented to the University. Although the cost will vary depending on the size of the thesis, it will be approximately \$15 per copy.

• *Thesis Microfilming Fee:* Each master's thesis is microfilmed and placed in the University Library. The cost will be approximately \$20, depending on length of thesis.

• *Tuition Installment Incidental Charge:* See Installment Payments on page 31.

• University Center Recreation Room Late Payment Fee: This fee is charged to defray the cost of processing late payments of Recreation Room charges. The fee is \$5 the first day plus \$1 per day after the first day to a maximum of \$10.

• Vehicle Registration and Operation Permit (Parking *Permit):* All students, whether full or part time, who operate a motor vehicle in the campus area must register the vehicle with the University Police Department. A decal to be placed on the vehicle or a card to hang on the rear view mirror indicating the permit number and class "C" parking privileges will be provided. The charge for the academic year beginning Sept. 1 and ending Aug. 31 is \$20 if paid during the fall semester, \$15 if paid during the spring semester, \$10 during the first summer session and \$5 during the second summer session. There are no refunds after the 12th class day (fourth class day in the summer). Vehicle operation regulations are available at the Office of Student Activities, the University Police Department, the University Library Lobby, the Office of Payments and Collections and on the VAX (University mainframe computer) at campus info.

NOTE: Unpaid fees that become overdue may result in a "hold" being placed on students' records. The fees listed above must be paid at the Office of Payments and Collections, Student Services Building, Room 115, except for the library fees and ID card replacement fee as noted above. Students who are unsure where to pay fees or what fees they owe may call the Office of Payments and Collections at 956/381-2715 for more information.

Refund of Registration Fees

To officially withdraw from the University or drop a course, a student must go to the Office of Records and Registration. A student withdrawing officially and completely during a fall or spring semester will receive a refund of total tuition and fees (excluding nonrefundable fees) according to the following scale (Section 54.006, Texas Education Code):

- 100 percent before the first day of classes
- 80 percent during the first five class days
- 70 percent during the second five class days
- 50 percent during the third five class days
- 25 percent during the fourth five class days
- No refund after the fourth five class day period

Refund of total tuition and fees (excluding nonrefundable fees) during a summer term to students withdrawing officially and completely will be made according to the following scale:

- 100 percent before the first day of classes
- 80 percent during the first three class days
- 50 percent during the fourth, fifth and sixth class days
- No refund after the sixth class day

NOTE: The term "class days" refers to days the University schedules classes, not the individual student's schedule. Students officially dropping courses but remaining enrolled at the University receive a full refund of tuition and mandatory fees actually paid for the dropped classes through the 12th class day (official census day) during a fall or spring semester or the fourth class day (official census day) during a summer term, minus a nonrefundable \$5 course drop fee and other nonrefundable fees assessed for each course dropped beginning with the first day of classes. Students will not receive refunds for classes dropped after these dates. Additionally, per the Texas Higher Education

2005-2007 Graduate Catalog

Coordinating Board Rules and Regulations, students may not enroll in a course after the official census date (Ch. 9, Subchapter B, 9.31a).

Refund checks will be mailed within 45 days to the student's billing address on file at the Office of Records and Registration (within 30 days if the student did not receive some form of financial assistance through the University). Refunds for a student under the installment plan will be first applied to the student's unpaid balance.

Students who do not officially withdraw through the Graduate School will be responsible for tuition, fees and any circumstances arising from failure to withdraw.

Treatment of Title IV Student Financial Aid Funds When a Student Withdraws

When federal Title IV grant or loan assistance is disbursed and the recipient does not complete the enrollment period, the law requires that UT-Pan American calculate the amount that must be returned by the school and/or student to Title IV program accounts.

The date the student initiates the withdrawal is used for calculating the percentage used in the formula for Return of Title IV funds. The number of days from the first class day to the withdrawal date divided by the number of days in the payment period (semester) equals the percentage of Title IV funds earned. If the withdrawal date is after the 60 percent point of the semester, the student has earned 100 percent of the Title IV funds.

If a student fails to earn a passing grade in at least one class, UT Pan American is required to calculate the amount for Return of Title IV funds based on the last day of enrollment. If last day of attendance cannot be determined, UTPA may use the midpoint of the period (in lieu of an official withdrawal date) as documentation of the student's last date of attendance. Unless the student can provide acceptable documentation that shows the student was enrolled more than 60 percent of the semester, the student may owe a refund back to UTPA and the federal government.

Academic Common Market

At the graduate level, Texas participates in the Academic Common Market of the Southern Regional Education Board that enables students to take advantage of graduate programs not offered in the student's home state. Nonresident students participating in programs that are offered through the Academic Common Market may be eligible to pay tuition at resident rates. Contact the Office of Admissions for eligible programs and nonresident status.

For more information on residency classification for tuition purposes, see page 27.

Financial Assistance

Some financial aid programs are available for graduate students. Other financial assistance may be available through teaching assistantships, research assistantships and/or fellowships. For more information on teaching assistantships, research assistantships and fellowships, contact the graduate program coordinator.

General Information

Financial aid plays a vital role at The University of Texas-Pan American, where a large percentage of students receive some type of financial assistance. Tuition and fees at UT Pan American are significantly lower than private colleges and equal to, or lower than, most public colleges. This, together with the availability of federal financial aid funds, makes UT Pan American reasonably priced.

There are several sources of student aid for graduate students: employment at the University, placement in parttime jobs off campus, scholarships, federal and state grants and federal loan funds.

For more information about the various types of financial assistance, contact the:

Student Financial Services Office Student Services Building, Room 186 1201 W. University Drive Edinburg, Texas 78541-2999 Telephone: 956/381-2501 E-mail: finaid@utpa.edu, loans@utpa.edu, scholarship@utpa.edu, workstudy@utpa.edu On the Web: http://www.utpa.edu/finaid/

For other financial aid information, the following services are available:

Financial Aid Voice Response System: 956/381-3060 *TDD/Telecommunication Device for the Deaf:* 956/381-3654 Hours: 8 a.m.-5 p.m., Monday-Friday

> E-mail Address: finaid@utpa.edu Web Page: http://www.utpa.edu/finaid/

Federal Student Aid Information Center 1-800-4-FED-AID (1-800-433-3243) or visit www.FAFSA.ED.GOV Hours: 9 a.m.-8 p.m. (Eastern Time)

To find out if his or her federal student financial aid application has been processed or if he or she wants a copy of his or her Student Aid Report (SAR), a student should call 1-800-433-3243.

Application Process

The University of Texas-Pan American is an equal employment opportunity institution in the administration of its financial aid program. In keeping with this policy, financial aid is extended to students without regard to race, creed, sex, national origin, veteran status, religion, age or disability. An applicant may qualify for financial assistance if he or she meets the following criteria:

- **a.** is a U.S. citizen or eligible non-citizen;
- **b.** has registered with Selective Service (if required);
- c. has signed a statement of educational purpose/ certification statement on refunds and default;
- d. is enrolled as a regular student working toward a degree in an eligible program;
- e. is not in default on any federal or institutional loan, and does not owe a refund on any federal or state grant program;
- **f.** demonstrates financial need, except when applying for funds from a program that does not require proof of financial need;
- g. is in satisfactory academic standing, and making satisfactory academic progress (as defined by the Satisfactory Academic Progress Policy) at the University;
- **h.** has a financial aid application and all required documentation on file by the appropriate deadline;
- i. has been accepted to the University and has *clear admission* into his/her Graduate Study Program.

NOTE: For students transferring in less than 60 hours, the Student Financial Services Office is required to monitor the completion of a high school diploma or its equivalent by requesting that such a documentation be on file or turned in to the Office of Undergraduate Admissions.

How to Apply for Financial Aid

The following information and forms are used as part of the application process:

- You must complete the Free Application for Federal Student Aid form to apply for federal and state grants, loans and work-study. You can get these forms from the UT Pan American Student Financial Services Office or any high school guidance counselor.
- You must mail the Free Application for Federal Student Aid form to the Central Processor (U.S. Department of Education) or you can attend an Electronic FAFSA Processing Workshop and transmit your application electronically via

computer to the Central Processor (U.S. Department of Education). To attend a workshop, you must contact the Student Financial Services Office for available dates and times. You can also apply for student aid at www.fafsa.ed.gov Fill out and transmit the Free Application for Federal Student Aid (FAFSA). FAFSA on the Web is fast, easy, and more accurate than paper.

- In order to file your FAFSA via the Web, you must request a PIN at www.pin.ed.gov This is your electronic signature for FAFSA on the Web.
- You will receive a Student Aid Report within four to six weeks. If you transmitted your application electronically, you should receive a Student Aid Acknowledgment letter within two to three weeks, indicating your eligibility. If corrections are needed, you must submit your report to the Central Processor. Once the Student Financial Services Office receives your data electronically, your need for financial assistance will be determined. The University of Texas–Pan American SCHOOL CODE: 003599

In the event that two or more completed and eligible applications are submitted on the same date, priority will be given to those students with exceptional need.

When the student applies and receives a Student Aid Report (SAR), he or she should contact Student Financial Services, Student Services Building, Room 186, to receive instructions on what steps to follow to continue the process. The steps will vary depending on the status of the student's application.

Application Priority Deadlines

To ensure processing before registration, the recommended deadlines for submission of applications are as follows:

Fall awards:	Feb. 28
Spring awards:	Sept. 15
Summer awards:	Feb. 15

NOTE: Final deadline to apply for the year is June 30.

Important: If you will be enrolling in summer classes, the Student Financial Services Office will have Summer Notification forms beginning Jan. 2 of every year. This is a separate departmental application from the Free Application for Federal Student Aid (FAFSA). You will still need to file a FAFSA for the summer if you have not filed one for the fall/spring semester.

♦ Benefits of Applying Early ♦

- You increase your chance of receiving some of the state and/or local aid, which is in limited supply.
- You get an eligibility reply (award letter) prior to the payment of tuition & fees.
- If your file needs corrections, these can be completed before the payment date of tuition and fees.

The Disbursement Process

Students receiving financial aid can expect to receive their aid in any of the following methods:

- When the student accepts his/her award, the award will be credited to the student's account to pay for any educational expenses.
- 2. Stafford Loan checks will initially be disbursed approximately one week before the first class day for students who have been successfully guaranteed. If the student is a first time borrower, the disbursement or Stafford Loan funds will not occur until 30-calendar days after the first class day.
- 3. *Early disbursements:* A student may receive an early disbursement of their aid to assist them in purchasing books and supplies. This early disbursement check will be mailed to the student approximately one week before the first class day.

NOTE: Early disbursements are only issued under certain financial aid programs. Therefore, depending on the type of financial aid that the student receives, not all students will receive an early disbursement.

4. *Financial aid disbursement checks:* Once payment of all tuition and fees due and/or any other educational expenses due by the student have been paid, any remaining funds in the student's account will be disbursed within 14 days after the first class day of the semester in which the student is enrolled.

Satisfactory Academic Progress Policy for Graduate and Doctoral Students

Federal regulations state that a student receiving financial assistance under Title IV programs must be maintaining satisfactory academic progress whether or not the student was receiving financial aid during the period of prior enrollment. The institution must certify that the student is maintaining satisfactory academic progress in his or her course of study. The student is responsible for understanding and adhering to the policy.

Policy

Students on Title IV financial assistance must maintain satisfactory academic progress toward completion of their master's or doctoral degree.

Three factors are taken into consideration in determining satisfactory progress — grade point average, increments and maximum time frame.

I. Grade Point Average:

The student must maintain a grade point average required for continued enrollment consistent with the University's graduation requirements.

II. Increments:

Increments are measured at the end of each academic period. One academic period is defined as the fall and spring semesters. Therefore, the incremental progress will be monitored at the end of the spring semester.

Part-time students will be required to meet their increment requirements on a proportional basis, i.e., halftime students will have to meet 50 percent of the increment requirement.

Transfer graduate hours will be adjusted to the appropriate increment based upon the number of accepted transfer hours.

III. Maximum Time Frame:

Maximum Time Frame is measured at the end of each fall and spring semester. Students in master's degree programs with more than 36 hours will be given two additional semesters to complete their programs without appealing their financial aid status.

Summer hours will not be considered a portion of the semester limits. The semesters required to take leveling courses before entry into the master's or doctoral programs are included in the maximum time frame measure.

The following table illustrates the increment requirements that a student must satisfactorily complete and the maximum time frame requirements:

Master's Student

Academic Progress Period		Incremental Hours to be Completed
First year-2 semesters	12	12
Second year-4 semeste	rs 24	12
Third year-6 semesters	36	12

Maximum Time Frame (years)*

Full-time: three

Less than full-time: six

Doctoral Student

Academic	Total Cumulative Incremental Hours		
Progress Period	Hours Earned	to be Completed	
First year-2 semesters	12	12	
Second year-4 semester	s 24	12	
Third year-6 semesters	36	12	
Fourth year-8 semester:	s 48	12	
Fifth year-10 semesters	60	12	

Maximum Time Frame (years)*

Full-time: five

Less than full-time: ten

NOTE: Students who have already received a baccalaureate degree but are not in a graduate program will be treated as undergraduate students for financial aid purposes. Students seeking a second undergraduate degree will be evaluated on the same satisfactory academic progress criterion as the undergraduate students. Students who hold a first baccalaureate or have met the requirements for the baccalaureate are not eligible for a Federal Pell Grant or Federal Supplemental Opportunity Grant to continue their education.

Enrollment Status

Enrollment status will be determined in accordance with the definition in this catalog.

Grades of "A", "B", "C", "D" will be considered in determining credit hours earned. Grades of "F", "WP", "WF", "DP", "DF" or "I" will not be considered as credit earned for the increment measure. Students who withdraw from the University must still maintain satisfactory academic progress regarding increments and maximum time frame.

Summer school enrollment at UT Pan American may be used as a means to make up deficient hours. A repeat course for which a grade has been received at another institution will not clear a deficiency.

Continuing Education courses are not calculated in the Satisfactory Academic Progress status for a student.

Extension courses applied for credit are used in the Satisfactory Academic Progress calculation.

Credit for distance learning courses will be used in the Satisfactory Academic Progress calculation.

Financial Aid Probation

Students who are under academic probation will automatically be on Financial Aid Probation. A student on Financial Aid Probation is eligible to receive financial aid. If, after the spring semester, the student is deficient in the number of increment hours required, he or she will be on a probationary status during the summer. Students may receive financial aid during the probationary period. The probationary period will not be extended after the student has exhausted his or her maximum time frame.

■ Financial Aid Suspension

Students on Academic Suspension will automatically be considered to be on Financial Aid Suspension. Failure to meet the increment requirements after a probationary period (summer sessions) will result in Financial Aid Suspension. Additionally, exhausting the maximum time frame allowed will also result in Financial Aid Suspension.

Appeals Process

Students may appeal Financial Aid Suspension status due to unusual circumstances such as illness, death in the family, accidents or other mitigating circumstances. A written appeal must be submitted to the Student Financial Services prior to the intended period of enrollment. Appeal forms are available at the Student Financial Services Office: Fall-July 1, Summer-April 1, and Spring-November 1. The appeal will be reviewed by the Financial Aid Advisory Committee consisting of faculty and staff. All decisions made by the committee are final.

Distance Learning UT TeleCampus

An agreement exists between UT institutions and UTPA to award eligible students Title IV aid when taking courses at two or more of those institutions. This agreement, entered into between each of the named institutions, hereinafter referred to as "Home" or "Host" Institutions, is intended to provide the basis for the Home Institution to pay and/or certify federal/state and institutional student financial assistance to UT TeleCampus students matriculated at a Home Institution, and also studying at a Host Institution.

Participating Institutions

- The University of Texas at Arlington
- The University of Texas at Brownsville
- The University of Texas at El Paso
- The University of Texas at Permian Basin
- The University of Texas at Tyler
- The University of Texas Health Science Center at San Antonio
- The University of Texas Health Science Center Houston
- The University of Texas Southwestern Medical Center at Dallas
- The University of Texas Medical Branch at Galveston
- The University of Texas M.D. Anderson Cancer Center
- The University of Texas at Austin
- The University of Texas at Dallas
- The University of Texas at San Antonio

Home: The UT component at which a student is fully admitted and enrolled in a degree or certificate program. The Home Institution will award the student's degree or certificate.

Host: The UT component institution at which a student may enroll and take courses applicable to the degree or certificate program at his/her Home Institution.

A student wishing to enroll in a distance learning course must first complete an Inter-Institutional Distance Education Admission and Registration (IDEAR) Form. The form can be obtained at the following Web site:

http://www.telecampus.utsystem.edu

under the heading TeleCampus Information System (TIS). For additional questions, please contact the Student Financial Services Office at 956/381-2958.

Study Abroad Program

Enrollment in a study abroad program approved for credit by UTPA may be considered enrollment at UT Pan American for the purpose of applying for federal student aid.

Students who wish to apply for financial assistance for study abroad should apply in the same manner as if they were planning on being in residence at UT Pan American. Study abroad students must file a FAFSA and complete a Study Abroad Financial Aid Form. This form can be obtained at the Student Financial Services Office.

To be considered for Title IV funds, the study abroad applicant is expected to meet all financial aid application priority deadlines, to adhere to other financial aid deadlines, to meet all the eligibility requirements for Title IV awards and be making satisfactory academic progress and to be enrolled half-time (six hrs.) in the study abroad program.

The study abroad applicant should also note that if awarded an institutional or outside scholarship, these awards may result in a reduction or cancellation of financial aid.

Disbursement Process (Study Abroad)

Disbursement of financial aid awards will adhere to the regular University schedule of funds disbursement.

Study abroad applicants who need to meet earlier payment deadlines must make arrangements to pay from their own resources.

Pell Grant

The study abroad applicant who is eligible for the Federal Pell Grant will have the award based on hours enrolled and the length of the study abroad academic school year.

Return of Title IV

Any time a student withdraws from the study abroad program, he or she will be responsible for repayment of federal funds.

The Center for International Studies can provide additional information on eligible study abroad programs. For additional information, please call 956/381-3572.

Types of Financial Assistance

Grants

A Texas Public Educational Grant (TPEG) is a campusbased grant for undergraduate and graduate students with financial need and does not have to be repaid. There is no guarantee that a student is eligible to receive a TPEG; awards from this program are based on the availability of funds. If a student is awarded a TPEG at UT Pan American, his or her account will be credited.

Federal Work-Study Program (FWS)

The Federal Work-Study (FWS) Program provides jobs for undergraduate and graduate students with financial need. This program allows students to earn money to help pay educational expenses and also encourages community service work and work related to your course of study. The FWS salary will be at least the current federal minimum wage, but it may be higher, depending on longevity and the funding level at UT Pan American. If a student is employed by UT Pan American through the Federal Work-Study Program, he or she will be paid directly and once a month.

Work-Study employment may be on campus or off campus. Off campus, the employer is usually a private nonprofit organization or public agency, and the work performed must be in the public interest. Students may also be employed at local area school districts and/or qualifying educational entities as tutors under the America Reads or America Counts Programs which are subprograms of Federal Work-Study.

The amount a student receives in wages under Work-Study cannot exceed the total Federal Work-Study amount awarded. The employer will consider the student's class schedule when preparing his or her work schedule.

Loans

Federal Perkins Loan: UT Pan American recognizes that loans are an increasingly important aspect of financing an education. Therefore, participating in the Federal Perkins Loan program, allows for funds to be made available with which a student may finance a substantial part of his or her education. When the borrower ceases to be enrolled at an accredited higher education institution at least half-time, or graduates, or there is a break in enrollment, he/she has nine months before he/she begins repayment on their Federal Perkins Loan.

Applicants are considered on the basis of financial need and demonstrated academic ability. Funds are limited, and preference is given to renewal borrowers. Further information may be obtained from the Student Financial Services Office, Student Services Building, Room 186.

NOTE: If a student is not automatically awarded a Stafford Loan, he/she may turn in a Stafford revision form available at the Student Financial Services Offices.

Federal Family Educational Loan Program (FFELP): FFELP offers subsidized and unsubsidized Stafford Loans. The first step in the application process is the completion of the Free Application for Federal Student Aid (FAFSA) or Renewal FAFSA. After the student's FAFSA is processed, Student Financial Services will review the results and advise the student as to his or her loan eligibility. The student may also attend a pre-counseling session and complete the Federal Stafford Master Promissory Note, online at www.ess.panam.edu This note is valid for 10 years if the student does not change lenders. A student may be eligible to borrow \$8,500 a year as a graduate student. The lender will send the loan proceeds to the University in at least two payments by Electronic Funds Transfer (EFT), which is credited to the student's university account. No single disbursement may exceed one half of the loan amount.

College Short-Term Loans: Made possible through donations from a number of individuals and organizations, these funds are administered by Student Financial Services and are available to students for short-term loans. Loans are limited and must be repaid within the semester for which they are borrowed. The loans are designed to aid students who do not have sufficient funds to purchase books and supplies or to assist students when emergencies arise. A \$5 charge is assessed against each loan. Funds are limited. Apply at the Student Financial Services Office, Student Services Building, Room 186.

Emergency Tuition and Fee Loans: Emergency loans are available to UT Pan American students needing assistance in paying registration costs. Emergency loans must be paid back to the University during the same semester in which they are borrowed. An applicant will be required to pay a \$20 processing fee per semester. Students may borrow up to the amount of tuition and fees. Applications and information about the Emergency Loan program are available at the Student Loan Collections Office in Room 214 of the Marialice Shary Shivers Administration Building.

Scholarships

No More Paper Applications: Apply online at www.utpa. edu/scholarships *Deadline:* Dec. 1.

UTPA Excellence Scholarship: Application deadline is Dec. 1. The University of Texas-Pan American awards a variety of scholarships through the University Scholarship Committee and departmental committees. These scholarships are based on various prerequisites and are intended to recognize students for their outstanding academic accomplishments and future potential. These awards are made possible through the generosity of local as well as national business firms, organizations, individuals and University endowed funds.

The majority of the scholarships are not automatically renewed, and students must apply each year for continued consideration. Although most awards are restricted to U.S. citizens and permanent residents of the United States, some are open to international students, who are encouraged to apply.

For a complete list of scholarships and application requirements, view our UT Pan American Scholarships Guide online at www.utpa.edu/scholarships Criteria, and who to contact for an application, are provided for each scholarship and because the scholarship process is very competitive, students are encouraged to apply early and to make sure their applications are complete when submitted. The deadline to apply for most scholarships is Dec. 1.

It is UTPA's policy not to award institutional scholarships in excess of your cost of attendance. If you should receive such a scholarship then it may be subjected to a reduction or cancellation of the award.

Competitive Scholarships

Certain University scholarships are designated as Competitive Scholarships. A nonresident or international student who, in competition with other students, including Texas residents, is awarded the designated Competitive Scholarships may qualify for a waiver of the difference between the tuition charged to a resident and nonresident student. To be eligible, the nonresident student must be awarded a Competitive Scholarship of at least \$1,000 for the academic year, summer sessions or both by an official scholarship committee of the University. Competitive Scholarships are granted for the purpose of encouraging academic excellence in the academic program in which the student is enrolled.

As per UTPA policy and procedures, Competitive Scholarships shall be awarded on a competitive basis based on demonstrated academic achievement, or potential, as evidenced by scores on standardized tests, earned grade point average or other relevant criteria. (HOP 5.1.4)

Outside Scholarships

Many agencies, employers, military and service organizations award funds to students. Receipt of these external awards may result in a reduction of your financial aid from UT Pan American. Therefore, if you are a financial aid recipient, you must notify the Student Financial Services Office, in writing, of any scholarships you are awarded from sources other than UTPA. To the extent possible, we will adjust loan awards before reducing grants.

It is also the student's responsibility to notify the Student Financial Services Office of any special instructions or billing information regarding external scholarships. All checks for these awards should be made payable to The University of Texas-Pan American and sent to:

UT Pan American

Student Financial Services Office, SS 186 Attn: Scholarship Coordinator 1201 W. University Drive Edinburg, TX 78541-2999

2005-2007 Graduate Catalog

General Information

75

Mandatory or Discretionary Fee Waiver: A student or specific category of students may apply for a waiver of mandatory or discretionary fees. Fee waivers may be considered if a student will not utilize the activity, service or facility for which a fee is charged. Consideration may also be given if the waiver is in the best interest of the institution or is critical to the viability of an academic initiative. Fee waivers will not be granted for tuition or laboratory fees. Students must submit a written request with supporting documentation (as needed) to:

The University of Texas-Pan American

Office of the Vice President for Business Affairs Student Services Building, Room 5.101 1201 W. University Drive Edinburg, TX 78541-2999

Consideration for fee waivers will be determined prior to the 12th class day during a fall or spring semester or prior to the fourth class day during a summer term.

Mexican Nationals: Citizens of Mexico may apply for a Nonresident Tuition Waiver. To be eligible, a student must be enrolled full-time, have F-1 student documents, and must apply before the required deadline dates. For information about this program, contact the international student advisor at the University Center, Room 113, or call 956/381-2922.

Competitive Scholarships: Certain University scholarships are designated as Competitive Scholarships. A nonresident or international student who, in competition with other students, including Texas residents, is awarded one of the designated Competitive Scholarships, may qualify for a waiver of the difference between the tuition charged to a resident and a nonresident student. To be eligible, the nonresident student must be awarded a Competitive Scholarship of at least \$1,000 for the academic year, summer sessions or both by an official scholarship committee of the University. Competitive Scholarships are granted for the purpose of encouraging academic excellence in the academic program in which the student is enrolled.

As per UTPA policy and procedures, Competitive Scholarships shall be awarded on a competitive basis based on demonstrated academic achievement, or potential, as evidenced by scores on standardized tests, earned grade point average or other relevant criteria. (HOP 5.1.4)

Senior Citizen Waiver: Senior citizens may be exempted from payment of tuition for up to six credit hours per term on a space-available basis. A senior citizen is defined as a student 65 years of age or older. For more information, contact the Student Financial Services Office, Student Services Building, Room 186, or call 956/381-2501.

Fifth Year Accounting Student Scholarship: The Fifth Year Accounting Student Scholarship Program was established to recognize and support outstanding scholars who plan to pursue careers in accounting and serve as Certified Public Accountants in the state of Texas.

No credit will be entered into a student's account before the check arrives. It is UTPA's policy to equally divide external scholarships between fall and spring semesters unless otherwise specified by the donor.

Once the check is received, the Student Financial Services Office will credit the student's account with the scholarship amount. If agreeable to the donor, the student will receive any remaining monies at disbursement, which takes place after the 12th class day of the fall and spring semester and after the fourth class day of each summer session. Disbursement amounts are mailed to the student's billing address.

Fellowships

The University of Texas-Pan American awards a limited number of fellowships. Applications may be requested from the department or college awarding the fellowship.

Business Administration Doctoral Fellowships: The College of Business Administration awards a limited number of fellowships to doctoral students based upon their research proposals or papers, with priority given to published papers. Applications are reviewed by the college doctoral committee. Fellowships are generally limited to expenses incurred.

Tuition Waivers

Distance Learning Fee Waiver: Students enrolled in distance learning courses may apply for a fee waiver. To be eligible, a student must prove special circumstances exist that preclude the student from utilizing activities, facilities and/or services on which a fee is based. Submit a written request with supporting documentation (as needed) to:

The University of Texas-Pan American Office of the Vice President for Business Affairs Student Services Building, Room 5.101 1201 W. University Drive Edinburg, TX 78541-2999

Consideration for fee waivers will be determined prior to the 12th class day during a fall or spring semester or prior to the fourth class day during a summer term. The program can provide up to \$3,000 (lifetime maximum) to eligible students to assist with the cost of completing the educational requirements to sit for the CPA exam in Texas.

To apply a student must:

- show financial need (a FAFSA must be completed to determine need);
- student does not have to major in accounting;
- have completed at least 120 credit hours (including at least 15 hours of accounting);
- be making satisfactory academic progress according to the Student Financial Services Office;
- have at least a 2.5 GPA; and
- be willing to sign a written statement confirming your intent to take the uniform Certified Public Accountant (CPA) examination in Texas for the purpose of becoming a CPA.

Applications are available in mid-June at the Student Financial Services Office. Funding is limited, so only complete and eligible applications will be considered.

Professional Nursing Scholarship Program: The purpose of this program is to provide financial assistance to students who are planning on becoming professional nurses. No individual award may be for more than the student's financial need. The maximum award is \$3,000. Some, but not all funds are targeted to students from rural communities. Some are targeted to graduate students in nursing.

To apply, a student must:

- be a Texas resident;
- show financial need (a FAFSA must be completed to determine need);
- register for the Selective Services or be exempt from this requirement;
- enroll in classes leading to Licensure as a Professional Nurse; and
- be enrolled at least on a half-time basis.

Applications are available in mid-April in the Student Financial Services Office or the Department of Nursing. Only complete applications will be considered.

Texas National Guard Tuition Assistance Program: The purpose of the program is to provide an exemption from the payment of tuition to eligible individuals in the Texas National Guard, Texas Air Guard, or the State Guard attending public or private institutions of higher education in Texas.

Individuals may receive tuition assistance for up to six semester hours, but it will not exceed six semester hours per individual for any given semester. Funding does not cover fees.

To apply individuals must:

- be a Texas resident;
- register for the Selective Service or be exempt from this requirement; and
- be an active, drilling member of the Texas National Guard, Texas Air Guard or the State Guard.

Students eligible for the exemption will be reimbursed after the 12th class day of the semester. Summer semesters are not covered.

Students interested in applying must contact the unit commander of his/her National Guard, Air Guard or State Guard unit or the Education Officer, State Adjutant General's Office, P.O. Box 5218/AGTX-PAE, Austin TX 78763-5218 or at 512/465-5001. The Education Office will provide instructions. You can also visit the Texas National Guard Web site at http://www.agd.state.tx.us/education_office/ state_tuition.htm

The Hazlewood Act: (Section 54.203 of the Texas Education Code)

Student Eligibility: The purpose of the Hazlewood Act is to encourage U.S. veterans to pursue higher education at federal and state expense. This act exempts the veterans of World War I, World War II, the Korean War, the Vietnam Conflict, and the Persian Gulf War which began on Aug. 2, 1990, and ends on the date thereafter prescribed by Presidential proclamation or Sept. 1, 1997, whichever occurs first; or any future national emergency declared in accordance with federal law, who have no remaining Veterans Administration educational benefits, from the payment of tuition, laboratory fees, building use fees, and individual instruction fees. It does not exempt such veterans from the payment of student service fees or other fees and deposits. In addition to veterans, children of members of the Armed Forces who were killed in action or died while in the service are also exempted from the payment of tuition.

An applicant must:

- have been a Texas resident at the time of entering the service and before the date of class registration;
- have been honorably discharged, have served for at least 180 days of active service excluding training, and have not been discharged because of a personal request;
- submit a copy of his/her DD-214 form;
- submit a letter from the Veterans Administration verifying that eligibility for benefits has terminated;
- be ineligible for Federal Pell Grant or Federal SEOG; and
- submit a Hazlewood Act Application prior to enrollment.

Tuition and Fee Exemption for Blind and Deaf Students: Blind or deaf individuals may be eligible for exemption from payment of tuition if appropriately certified by a state vocational rehabilitation agency. For more information contact the Texas Commission for the Blind.

Good Neighbor Scholarship: A limited number of Good Neighbor Scholarships, which provide exemption of tuition, are available to native-born citizens and residents from nations of the Western Hemisphere other than the U.S. and Cuba. Information is available from the international student advisor in the University Center, Room 113, or call 956/381-2922.

General Information

Enrollment

General Information

Classification

Special Students are those who hold a bachelor's degree or higher from an accredited institution and are not enrolled in a graduate program but are enrolled in undergraduate classes.

Graduate Students are students who have earned a bachelor's degree and have been accepted to UT Pan American for graduate study.

Special Graduates are students who have earned a graduate degree and are continuing in another master's program.

Doctoral Students have been accepted to a doctoral program.

Special Doctoral Students are students who have earned a doctoral degree and are continuing in another doctoral program.

Course Information

The information concerning the courses offered by each department (or college for interdisciplinary courses) will be found in the Graduate Course Descriptions section beginning on page 162. The listing includes the following information:

D Course Number, Title and Contact Hours

If the course has defined weekly contact hours, these will be shown in brackets [] following the course title, with lecture hours first, laboratory hours second, and clinical hours, if any, third. These contact hours are for the fall and spring semesters. Summer weekly contact hours will be adjusted according to the length of the summer session. (See page 224 in the Glossary for more information and example.)

Course Frequency Information

If the course is normally taught on a regular schedule, such as every fall or every fall and spring semester, this information is provided under the course title. If circumstances warrant, the schedule for offering the course may be changed without notice. Therefore, it is in the students' best interest, as well as their responsibility,

to determine by other means (such as semester course schedules) when courses required for their degree programs are being offered. Program requirements will not be waived as a result of the course not being offered as indicated in the course frequency information provided in this catalog.

Courses not normally offered on a regular schedule are identified "as scheduled."

Course Description

This portion of the course listing includes a brief description of the course content.

D **Course Numbers**

Courses are numbered to show both the collegiate level at which they are offered and the hour value of the course. The first digit shows the level, and the second digit shows the credit hours. The last two digits are departmental designations. For example, English 6300 shows that the course is taught at the graduate level and carries three hours of credit per semester.

5000-numbered courses	Graduate level - limited to students accepted for graduate study only
6000-numbered courses	Graduate level - limited to
	students accepted for
	graduate study only
7000-numbered courses	Graduate level - limited to
	students accepted for
	graduate study only
8000-numbered courses	Doctoral level - limited to
	students accepted into a
	doctoral program only
9000-numbered courses	Doctoral level internship,
	dissertation and special
	projects - limited to students
	accepted into a doctoral
	program only
Students must have been	1 2 7

program to officially enroll in or audit master's or doctoral level coursework.

Grading Policies

Grading System D

UT Pan American uses a 4.0 system. The following grades are used to designate achievement in coursework. Their corresponding grade values and points are indicated.

А	Excellent	(4 grade points per hour)
В	Good	(3 grade points per hour)
C	Satisfactory	(2 grade points per hour)
F	Failure	(o grade points per hour)
Ρ	Passing	(not considered in calculating grade points or attempted hours)

Enrollment

NP	No Pass	(not considered in calculating grade points or attempted hours)
IP	In Progress	(not considered in calculating grade points or attempted hours)
I	Incomplete	(not considered in calculating grade points or attempted hours)
CR	Credit	(not considered in calculating grade points or attempted hours; however, hours are counted in total earned hours)
NC	No Credit	(not considered in calculating grade points or attempted hours)
DR	Course dropped	(not considered in calculating grade points or attempted hours)
DP	Drop Passing	(not considered in calculating grade points or attempted hours)
DF	Drop Failing	(considered as an "F" for calculating the grade point average)
W	Withdrawal from School	(not considered in calculating grade points or attempted hours)
WP	Withdrawal Passing	(not considered in calculating grade points or attempted hours)
WF	Withdrawal Failing	(considered as an "F" for calculating the grade point average)

Calculation of Graduate Grade Point Average (GPA)

The grade point average (GPA) is computed by dividing the total grade points earned by the total semester hours attempted. The Cumulative Grade Point Average is calculated using all coursework attempted. The current semester grade point average is calculated using only coursework attempted within a specific semester. Replacement of grades for courses previously taken is not allowed.

Attempted hours are the total number of hours for courses that a student has attempted, including failing grades such as "F," "DF" and "WF."

Grade Points: Grade points are assigned based on the grade received multiplied by the number of credit hours. For example, a grade of "A" is equivalent to four grade points.

If the course was offered for three credit hours, the grade points would be calculated as follows:

4 (for grade of "A") X 3 (hours) = 12 grade points		
Grade points are assig	ned as follows:	
Grade	Grade Points	

А	4 pts.
В	3 pts.
C	2 pts.
F	o pts.

An illustration of the method of calculation of the grade point average follows:

				Points	Total
Course	No.	Grade	Hours	Attempted	Points
ENG	6300	А	3 hours	X 4 pts. per hr.	= 12
COMM	6340	В	3 hours	X 3 pts. per hr.	= 9
ENG	6360	А	<u>3 hours</u>	X 4 pts. per hr.	= 12
			9		33

TOTAL ATTEMPTED HOURS = 9 TOTAL GRADE POINTS = 33

To calculate the GPA for this example, divide the grade points by the attempted hours as follows: 33 divided by 9 = 3.67

Incomplete Grades

A grade of "I" may be given when a student has not completed the required work of a course within the allotted time of a regular semester or summer session if the instructor determines that the reasons for the work being incomplete are valid and that the grade of "I" is justified. A grade of "I" must be changed within one regular (fall or spring) semester (excluding thesis courses) from the date received, unless an extension is requested by the student's instructor. If a Change of Grade Form is not received from the instructor upon completion of the one regular semester, the grade will automatically be recorded as an "F" on the student's official transcripts.

Improper Use of the "I" Grade: A student must not be given an "I" grade to permit the student time to prepare coursework in addition to that assigned the entire class, time to repeat the entire course or the opportunity to raise a grade. "Incomplete" grades are not issued for student or faculty convenience; they may be issued for the reasons stated in the paragraph above only in the case of compelling, non-academic circumstances beyond the student's control.

Grade Change

If an error in computation, evaluation or recording warrants a grade change, only the instructor may process a Change of Grade Form through the Office of the Dean of his or her college. If the grade change is made after graduation

2005-2007 Graduate Catalog

for a course taken prior to graduation, the change request form must have written justification by the instructor and the approval of the college dean. Change of Grade Forms may not be released to students, and must be sent directly from the appropriate academic department.

A student may access his or her grades by using ASSIST via telephone/956-381-3040, Web (assist.utpa.edu) and kiosk services. See page 54 for more information.

Registration Procedures

Registration

Students must officially register through the proper registration procedure to be eligible to receive credit for a course. Students will not be added to the official class rolls or grade sheets after the registration periods have closed. Per the Texas Higher Education Coordinating Board Rules and Regulations, students may not enroll in a course after the official census date (Ch. 9, Sub-chapter B, Sec. 9.31a).

ASSIST Registration (telephone and Web): Registration by a touch-tone telephone, and on the World Wide Web is available to currently enrolled students and students who apply by the published admission deadline for ASSIST registration. Academic advisement is mandatory to receive a Registration Access Code (RAC) and be eligible for registration by ASSIST. Students with admission, disciplinary or financial holds will not be permitted to register until such time as the hold has been cleared. A schedule change period by telephone and Web is scheduled prior to the beginning of each semester. Students who register during the designated late registration periods will be assessed additional late fees.

Computers are available in the Academic Services Building for students to use for Web registration.

If a student chooses not to attend a class or classes, he or she is responsible for officially dropping or withdrawing through the Office of Records and Registration. (See the sections on Withdrawal from the University on page 45 and on Dropping a Course, respectively.) Students who decide not to attend and do not officially notify the Office of Records and Registration will be responsible for tuition, fees and any other circumstances resulting from failure to officially drop or withdraw. Students must not assume that they will "automatically" be dropped from their classes if they do not attend or do not pay. (If a student has requested some form of financial assistance, payment may have been posted to his or her account.) Refer to the published Schedule of Classes for refund schedules.

Degree Plan

In general, a student may follow the degree requirements listed in this catalog by the respective departments of the University, thus planning a schedule of courses. However, having a degree plan on file is a requirement for graduation, and a student is well advised to have the degree plan drawn up by the department chair or graduate program coordinator on the proper form as soon as possible to preclude the possibility of taking courses that will not satisfy requirements for the degree the student seeks.

Students are expected to meet with their graduate advisor and file an official degree plan during their first semester of enrollment.

Students who change their major, area of concentration or teacher certification status must have a new official degree plan reflecting their current status on file with the appropriate department or departments.

Advisement

Prior to registering, students go through academic advisement in their major department to be counseled concerning the best selection of courses. At advisement, each student receives a Registration Access Code (RAC) that provides access to the ASSIST telephone/Web registration system.

Maximum Course Load

The normal load for a full-time graduate student is nine hours in a regular semester. A student may be permitted to enroll for 15 hours with the approval of his or her graduate advisor and the dean of the college. Normal load during a summer session is six hours, with up to nine hours permitted with the approval of the graduate advisor and the dean of the college. In the case of doctoral students, approval to register for more than 12 hours must be given in advance by the associate vice president for Academic Affairs, Graduate Programs and Research, or his or her designee.

Guidelines Related to Registration in Doctoral Courses

1. Registration in an individual studies, research or similar course shall imply an expected level of effort on the part of the student comparable to that associated with the same credit value.

2. A doctoral student not on campus who is required to register solely for the purpose of satisfying a continuous enrollment requirement shall be required to register for no more than three hours during each term.

3. Only in unusual circumstances shall a doctoral student register for more than 12 hours in a given semester or summer session and then only if approved in advance by the dean of the college and the associate vice president for Academic Affairs, Graduate Programs and Research.

Maximum Period for Completion (Doctoral Degrees)

A student has a maximum of 10 years from the date of first entry into doctoral-level courses to complete the degree. Under special circumstances, an extension for an additional year may be granted by the student's Doctoral Dissertation Committee (DDC). If the student surpasses the 10-year limit, his or her DDC will determine if the student will be permitted to continue in the program and what additional coursework or activities will be required to complete the degree.

For information on maximum period for completion for students pursuing a master's degree, see Master's Degree Requirements on page 50.

Registration Policies

Dropping a Course

A student is "dropping" a course or courses if he or she remains enrolled in a minimum of one credit hour after all course drops have been completed/processed. Students who drop all courses for which they are enrolled are considered to have withdrawn from the University for that semester. (For more information on withdrawal, see the section on Withdrawal from the University below.)

To drop a course or courses after the official census date (after all registration functions are completed for the semester), a student must: (1) obtain a class drop form from the Office of Records and Registration, (2) obtain the signature of the instructor of record on the form, and (3) return the completed form to the Office of Records and Registration, Student Services Building, Room 108.

All course drops must be completed by the published date in the Schedule of Classes or refer to the University Calendar beginning on page 6 for drop deadlines. A student dropping a course during the first 30 calendar days of the semester (10 days in a summer session) will receive a "DR" on the permanent record for the course dropped. If a course is dropped later in the semester, the student will be given a grade of "DP" or "DF" by the instructor for the course dropped.

If a student chooses not to attend a class or classes, he or she is responsible for officially dropping or withdrawing through the Office of Records and Registration. Students who decide not to attend and do not officially notify Records and Registration will be responsible for tuition, fees and any other circumstances resulting from failure to officially drop or withdraw. Students must not assume that they will "automatically" be dropped from their classes if they do not attend or do not pay. (Although the student may not have paid for classes personally, payment may have been posted to his or her account by a financial assistance agency. It is important that the student officially notify the Office of Records and Registration of his or her intention not to attend.) Refer to the published Schedule of Classes for refund schedules.

Withdrawal from the University

To withdraw from the University, a student must complete a formal withdrawal slip through the Office of Records and Registration at least four weeks prior to the end of a regular semester or one week prior to the end of a summer session. Withdrawals must be requested by completing the appropriate withdrawal form, or by providing written notification, to the Office of Records and Registration, Student Services Building, Room 108. For more information, call 956/381-2201.

A student withdrawing during the first 30 calendar days of a semester (10 calendar days in a summer session) will receive a "W" on his or her permanent record for each course in which the student was enrolled. If the student withdraws later in the semester, he or she will be given a grade of "WP" or "WF" by the instructor for each course in which the student was enrolled. Refer to the published Schedule of Classes for refund periods, or see page 33 for more details.

Non-Credit Enrollment

Students have the option of enrolling in a course for non-credit, which allows the student to participate fully in the course but not to receive a grade or to count the course in fulfilling degree requirements. Enrollment for non-credit requires the same payment of tuition and fees as enrollment for credit. (Students may also audit courses for a lesser fee; this normally allows only limited participation. For more information on auditing a class, see below.)

A student who enrolls in a course for credit may change the enrollment to non-credit by completing a Non-Credit Form in the Office of Records and Registration, Student Services Building, Room 108, no later than 30 calendar days into a regular semester or 10 calendar days into a summer session from the date classes begin.

Auditing Classes

Students must obtain special permission from the instructor of record to audit or visit a class. Students who wish to audit graduate classes (5000-9000 level) must be eligible to enroll in the course for credit before they will be allowed to audit. Students auditing classes do not receive academic credit and do not have the course or courses listed on their academic record. One may enroll as an auditor at any time by: (1) obtaining a Class Audit Form at the Office of Records and Registration, (2) having it approved by the instructor of the class to be audited, (3) paying the required fee at the Office of Payments and Collections, and (4) using the receipt as an admission card to the class. Such approval may be granted only when space is available and if the instructor permits the student to be a visitor.

Instructors reserve the right to refuse any request to visit a course. Enrollment as an auditor does not permit the enrollee to take examinations, have tests or other papers checked by the instructor, or to participate in the class discussion. Audited courses are not posted on the student's permanent record. Audit fees (\$20 per course) are non-refundable and may not be appealed. Individuals who are not regularly enrolled students at the University are also eligible to audit classes subject to the regulations stated above.

Reservation of Work by Undergraduates for Graduate Credit

It is possible for undergraduate students to enroll in graduate (master's) courses in their last semester under the following conditions:

1. The undergraduate student must lack no more than 12 hours of work to complete all requirements for his or her first bachelor's degree.

2. These 12 hours (or less) must be completed in the same semester, or two six-week summer sessions, in which the student is taking the graduate courses.

3. Total enrollment must not exceed 15 semester hours in a regular semester, or 12 semester hours in two six-week summer sessions.

4. The student has a minimum graduate admission GPA of at least a 2.5 (on a 4.0 scale) on work completed to date. (For information on the calculation of graduate admission GPA, see page 43.)

5. The application for such graduate work is submitted to the Office of Records and Registration 60 days before the session begins.

NOTE: Undergraduates cannot count work in graduate courses toward the bachelor's degree. Such work will be reserved for credit toward a graduate degree.

Other Procedures

Identification Cards

Every student enrolled at The University of Texas-Pan American must possess an official identification card, issued through the supervision of the Dean of Students. This card must be validated each semester for the duration of the student's enrollment at this institution. The card remains the property of The University of Texas-Pan American. The card must be presented for:

- any University or department-sponsored activity,
- admission to all intercollegiate athletic events,
- identification for cashing checks on campus,
- authorization to resell books to the University Bookstore or Student Book Exchange,
- checking out equipment from the Student Union Recreation Room,
- identification for receipt of transcripts at the Office of Records and Registration,
- identification for receipt of awards from Student Financial Services,
- use of the University food service meal plans,
- use of physical education facilities during recreation hours,
- use of the Student Health Services,
- purchase of campus parking permit,
- campus library privileges,

- voting in campus elections and referenda,
- identifying oneself to a University official when requested to do so and
- use of computer equipment in computer labs.

This card is non-transferable. First-time graduate students will receive their original ID cards at no charge. A service charge of \$7 will be required for cards processed during subsequent semesters and for replacement cards. Loss or mutilation of cards must be reported to the Office of Student Activities, University Center, Room 205. Fees are subject to change.

Students may not have in their possession more than one student ID card at the same time. This includes Teaching Assistant cards, which are special identification cards given to students who are employed by the University as teaching assistants. For more information, call the Office of Student Development at 956/381-2660.

Name Change

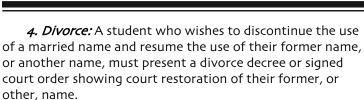

A student or former student may change the full, legal name on his or her permanent academic record by completing a Change of Name Form and submitting the appropriate documentation as follows to the Office of Admissions and Records, Student Services Building, Room 108:

1. Misspelling: Student must present a copy of the birth certificate.

2. New Legal Name: Student must present a copy of the signed court order showing the authorized new legal name.

3. Marriage: If a student wishes to assume his or her spouse's name, the student must present a copy of the marriage certificate.

The University of Texas-Pan American

■ Change of Address and/or Telephone Number

If a student changes his or her address or telephone number, he or she is expected to notify the Office of Records and Registration in writing immediately. The student will be held responsible for any communication from University offices sent to the address last given to the Office of Records and Registration. No special consideration will be given to students who move and fail to receive the communication. Students whose mail is returned to the University will not receive additional communication until an address change has been submitted.

Enrollment Verification

Enrollment for a given semester cannot be certified until after the official census date for the semester, which is the 12th class day of a fall or spring semester and the fourth class day in a summer session. After this date, students may be classified as full-time, half-time, less than half-time, not enrolled or withdrawn.

• *Full-time graduate* — A graduate student who is enrolled for at least nine hours of credit during a regular semester, or at least four hours of credit during a summer session.

• *Half-time graduate* — A graduate student who is enrolled for at least six hours of credit during a regular semester or three hours of credit during a summer session.

Enrollment verification for lending agencies is requested at the Student Financial Services office, Student Services Building, Room 186. Verification of enrollment for personal use (i.e., insurance companies, employment) is requested at the Office of Records and Registration.

Transcripts

A student may secure an official transcript of his or her UT Pan American record by presenting picture identification at the Office of Records and Registration, or by requesting the transcript in writing from the Office of Records and Registration or on the web at assist.utpa.edu Transcripts will be issued at no charge.

The term "transcript of records" is understood to refer to the recorded results of the student's work in the classroom and is a comprehensive record of an individual's total academic progress at UT Pan American. This statement will contain all the important facts pertaining to the student's admission, and academic achievement. No partial or incomplete classroom records (for example, with grades of "F" omitted) will be given. Students who owe debts to the University may have their official transcripts withheld until the debts are paid.

Attendance Policies

Attendance

In accordance with the policy on absences in the University's Handbook of Operating Procedures, regular attendance in all meetings of courses for which the student is registered is expected. When a student is absent excessively (when in the judgment of the instructor the student has missed more work than can be made up successfully), the student may be dropped from the course with a grade of "DP" or "DF." The Office of Records and Registration will notify the student that he or she has been dropped from the course. A student who enrolls for a course and then does not attend is considered absent from class until the student officially drops the course.

If the student does not plan to attend the course, he or she must officially drop or withdraw through the Office of Records and Registration by the published deadline dates. Students will be responsible for all tuition, fees and grades received in classes in which they do not officially drop or withdraw. (See the Schedule of Classes for refund periods for drops and withdrawals.)

Absences on Religious Holy Days *1. Definition* —

Religious holy days means holy days observed by a religion whose place of worship is exempt from property taxation under Section 11.20 Tax Code.

2. Rules —

A student who is excused from classes for the observance of a religious holy day are required to inform their class instructors at least one week in advance of the absence and arrange with the instructor to make up missed work or missed examinations. Instructors are encouraged to provide those students the opportunity to make up the work (either prior to or after the anticipated absence) or otherwise adjust the grading to ensure that the student is not penalized for the absence.

Absences for University-Recognized Activities

Students absent while representing the University in officially recognized University activities (such as athletic events or scholastic or student development activities) are required to inform their class instructors at least one week in advance of the absence and arrange with the instructor to make up missed work or missed examinations. Instructors are encouraged to provide those students the opportunity to make up the work (either prior to or after the anticipated absence) or otherwise adjust the grading to ensure that the student is not penalized for the absence.

Special Populations

Persons with Disabilities

UT Pan American will not discriminate against any individual on the basis of a disability or because of Vietnam Era/Disabled Veteran Status in either admission to, or treatment of employment in, its programs and activities. Students with disabilities should visit the Office of Services for Persons with Disabilities prior to registration to receive information on the variety of services available. The office is located in Emilia Schunior Ramirez Hall, Room 1.101, Voice/ Telecommunications Device for the Deaf (TDD) 956/316-7092. Non-students should contact the Equal Opportunity Office in the Student Services Building, Room 6.105, at 956/381-2127.

The Texas Rehabilitation Commission also provides services for individuals with disabilities.

For more information, see page 61.

Veterans

The Office of Veterans' Affairs assists veterans in completing documents necessary to receive educational benefits for attendance at UT Pan American. Personnel coordinate activities with the Veterans Certification Officer in the Office of Records and Registration, Student Services Building, Room 108. For more information, call 956/381-2280.

Students receiving V.A. educational benefits must make progress toward a degree as specified in this catalog under Satisfactory Academic Progress and Scholastic Probation and Suspension (see pages 36, 49 and below).

Continuous Enrollment — Doctoral Students Academic Standards

All doctoral students are expected to enroll and pay tuition and fees by the 12th class day of the fall and spring semester of each academic year until graduation. If the student has reached the dissertation state of their graduate program, enrollment in the dissertation course is required each fall and spring semester until completion. Departments can determine the number of hours required each semester to accomplish continuous enrollment. The only alternative to continuous enrollment is a leave of absence.

If the student who is not approved for a leave of absence fails to enroll by the 12th class day, she/he may not return to the University without applying for readmission. The student must apply for readmission to the University for graduate studies and to the graduate program. The application may be accepted for readmission, or the student may be denied readmission to either the graduate school or graduate program.

In the event that the graduate student does not comply, or has not complied with the continuous enrollment provision and is granted readmission, the student must enroll during the semester in which graduation is expected in the exact number of dissertation hours which would have been completed with continuous enrollment. The student will pay a late fee for each of those semesters in arrears. Retroactive fees and tuition are assessed at the current semester rates. The final determination of the cost of the number of hours in arrears in which the student must enroll in the final semester of the degree program is the responsibility of the graduate school and the Office of Records and Registration.

Leave of Absence

Graduate students may apply in writing for a leave of absence for no more than two long semesters. This request must be approved in advance of the leave by the graduate advisor, program director, dean of the college, and the associate vice president for Graduate Studies (AVPGS). The student on leave must reapply for admission in order to return to the University, but readmission during the approved period of the leave is automatic and the application fee is waived. A leave of absence does not change the time limit for completion of the student's graduate program of study.

Scholastic Probation and Suspension — Graduate

A minimum grade point average overall (cumulative) of 3.0 ("B") is required for a graduate degree. Every semester hour of "C," must be balanced by one of "A," since an overall average of "B" is required for a degree. Should graduate or doctoral students make less than a "B" average (3.0 GPA) in a given semester, they will be placed on scholastic probation. During the following semester or summer session, they must recoup an overall "B" average or be automatically suspended. Students may be readmitted only after petitioning the dean of the college and receiving approval from the dean and the associate vice president for Academic Affairs and Graduate Programs and Research. Master's students with other than clear admission are subject to criteria set forth under the sections on "Probationary" and "Tentative" admission on pages 24 and 25, respectively.

IMPORTANT NOTE: All students are responsible for knowing whether they are eligible to continue at the University. An ineligible student who nevertheless registers, or has registered prior to completion of the semester in which academic standing is determined, shall be dropped and cannot attend classes. Students shall not receive special consideration for lack of knowledge of scholastic status, regardless of whether the student registered and paid fees.

Graduate Begree Intermation

Degree Programs

UT Pan American offers the following types of graduate curricula:

1. leading to one of the following master's degrees conferred by the University:

- Master of Accountancy (MACC)
- Master of Arts (MA)
- Master of Arts in Interdisciplinary Studies (MAIS)
- Master of Business Administration (MBA) Integrated Program: "Bachelor of Business Administration/Master of Science in Accounting" (BBA/MSA)
- Master of Education (MEd)
- Master of Fine Arts (MFA)
- Master of Public Administration (MPA)
- Master of Science (MS)
- Master of Science in Engineering (MSE)
- Master of Science in Criminal Justice (MSCJ)
- Master of Science in Nursing (MSN)
- Master of Science in Interdisciplinary Studies (MSIS)
- Master of Science in Social Work (MSSW)
- 2. leading to certification for teachers and

administrators at the master's degree level, and 3. leading to the Doctor of Philosophy (Ph.D.) with a major in Business Administration, emphasis in International Business, and the Doctor of Education (Ed.D.) in Educational Leadership and the Pharm.D. in Pharmacy in cooperation with The University of Texas at Austin.

■ Graduate Degrees and Certifications Graduate degrees are offered in the following fields:

College of Arts and Humanities

Art (MFA) Communication (MA) English (MA) English as a Second Language (MA) History (MA) Spanish (MA) Theatre (MA)

General Information

College of Business Administration

Business Administration (MBA) Business Administration with emphasis in International Business (Ph.D.) Integrated Program: Bachelor of Business Administration/Master of Science in Accounting (BBA/MSA) Master of Accountancy (MACC)

College of Education

Bilingual Education (MEd) Early Childhood Education (MEd) Educational Administration (MEd) Educational Diagnostician (MEd) Educational Leadership (EdD) Elementary Education (MEd) Gifted Education (MEd) Guidance and Counseling (MEd) Kinesiology (Physical Education) (MS) Reading (MEd) Secondary Education (MEd) School Psychology (MA) Special Education for the Culturally and Linguistically Diverse Learner (MEd) Supervision (MEd)

College of Health Sciences and Human Services

Adult Health Nursing (MSN) Communication Sciences and Disorders (MS) Family Nurse Practitioner (MSN) Occupational Therapy (MS) Pediatric Nurse Practitioner (MSN) Rehabilitation Counseling (MS) Social Work (MSSW) Pharmacy (PharmD) in cooperation with UT Austin

College of Science and Engineering

Biology (MS) Computer Science (MS) Engineering (MSE) - Electrical, Manufacturing, Mechanical Information Technology (MSIT) Mathematics Mathematical Science (MS) Mathematics Teaching (MS)

College of Social and Behavioral Sciences

Criminal Justice (MSCJ) Psychology (MA) Clinical Experimental Public Administration (MPA) Sociology (MS) Master of Arts in Interdisciplinary Studies (MAIS) Concentration in Anthropology

Interdisciplinary Master's Degrees

Master of Arts in Interdisciplinary Studies (MAIS)* Concentrations in Anthropology English History Music Spanish * Specific degree requirements for the MAIS are

found in anthropology, English, history and music in the departmental listings of this catalog.

Master of Science in Interdisciplinary Studies (MSIS)* *See specific departments in this catalog for more information.

Certification Programs

The University offers coursework leading to the following certifications and endorsements at the graduate level:

• Department of Curriculum and Instruction Professional Elementary Professional Elementary/Provisional Bilingual Professional Secondary Reading Specialist

• Department of Educational Psychology

Guidance and Counseling Educational Diagnostician Generic Special Education Gifted Education Teaching the Severely Emotionally Disturbed and Autistic

- Department of Health and Kinesiology Professional
- Department of School Administration and Supervision Middle-Management Superintendent Supervisor

Master's Degree Requirements

The following are requirements for a master's degree:

1. A student cannot receive two master's degrees at the same time. Students who wish to pursue more than one major, that fall under different disciplines, must decide at the point of graduation the type of degree he/she will receive. For students wishing to pursue a new degree, please refer to the section of "Additional Master's Degrees" on page 52.

2. Thirty-six (36) hours of coursework or, with the thesis option, 24 hours of coursework plus six hours for the thesis will be required. Thirty-three (33) hours of coursework

are required for the Master of Business Administration (MBA). Once a student registers for the thesis, he or she must continue to register each succeeding semester (except summer session) until the thesis is completed. Credit is counted only once and then only upon successful completion of the master's program. Registration for thesis is not counted in determining load limit for a semester or summer session. (For the MS in rehabilitation counseling, 48 hours are required, including three hours for practica and nine hours of internship/thesis/research project; 48 hours is also required for the clinical psychology option of the MA in Psychology. Other degree programs may require additional hours. For more information, see the sections of the catalog that pertain to the specific degree programs.

3. During or at the end of the student's final semester of work, the student may be given a comprehensive written examination.

4. All degree programs will allow a student the option to include a maximum of six semester hours of work that is not a part of the student's major field. It is the option of each graduate program to determine if graduate courses taken outside of the college are acceptable.

5. A maximum of 18 hours in 5000-level courses may be taken for graduate credit toward a master's degree and/or as required by program accreditation standards.

6. Seven-Year Time Limit — All requirements must be completed within one seven-year period. Work more than seven-years-old will not meet graduation requirements and can be reinstated only by special permission of the associate vice president for Academic Affairs, Graduate Programs and Research.

7. A student must have a cumulative GPA of at least 3.0 in master's coursework.

8. Residency — The majority of credits toward a graduate degree must be earned in residence.

Thesis Requirements

Each college and/or department may have its own guidelines for the development and completion of the thesis. A student considering the thesis option should contact the department head or graduate studies director in his or her college or program for specific procedures. In addition, a manual that details the University requirements for the format and submission of a thesis is available at the University Bookstore.

Before submitting an approved thesis and required copies (see below), the student must pay a fee at the Office of Payments and Collections for microfilming and binding the thesis and the publication of the thesis abstract in Masters Abstracts. If a student wishes to copyright the thesis, an additional fee must be paid. The student must present a receipt for these fees at the time of submission. Two copies of a non-illustrated abstract that does not exceed 150 words in length must accompany the signed thesis.

The original thesis and two copies (signed by the

student's supervisory committee) and a receipt for the required fees must be submitted to the Office of the Associate Vice President for Academic Affairs, Graduate Programs and Research, 30 days prior to graduation. (See the calendar beginning on page 6 for the exact dates.) A department may require additional copies of the thesis (at additional binding expense to the student). A student will not be certified for graduation unless the thesis is submitted to the Office of the Associate Vice President, Graduate Programs and Research, and the appropriate fees paid.

Individual department deadlines for submission of a thesis to the student's supervisory committee will be established to complement the thesis time schedule of the associate vice president for Academic Affairs, Graduate Programs and Research.

If a student wishes to have additional copies of the thesis bound for personal use, the student may do so at additional cost.

Interdisciplinary Programs

Master of Arts in Interdisciplinary Studies and the Master of Science in Interdisciplinary Studies

UT Pan American offers two interdisciplinary degree programs at the graduate level, the Master of Arts in Interdisciplinary Studies (MAIS) and the Master of Science in Interdisciplinary Studies (MSIS). These degrees offer the student the option of obtaining a broader background at the master's level, rather than specializing in a particular area. The degrees both have the same basic structure:

• Non-thesis Option

Eighteen hours in Discipline One (concentration area) Nine hours in Discipline Two Nine hours in Discipline Three

• Thesis Option

The thesis option provides a similar distribution of hours, but with the thesis being completed in place of six hours of coursework.

Four areas — anthropology, English, history and music — have defined the courses required for a concentration in their area. See pages 80, 82, 86 and 159 respectively.

Special Requirements for the MAIS

1. At least 12 hours but no more than 18 hours of graduate work must be taken in the primary area of concentration. Anthropology, English, history and music have defined concentration areas in this catalog.

2. At least six hours of coursework in the area of concentration must be upper-level graduate work (6000-level).

3. At least three hours of coursework must be taken in research methods or statistics in the area of concentration.
4. At least 12 hours must be taken outside the field of

General Information

concentration. These courses must be taken from at least two additional disciplines.

5. No more than 12 hours of coursework may be taken from the College of Education. A maximum of six hours may be taken in the College of Business Administration.

6. Students seeking the MAIS degree must successfully complete 36 hours of graduate work (30 if they choose to conduct a thesis) and meet all other University and program requirements.

7. All requirements must be completed within one seven-year period. Work more than seven-years-old will not meet graduation requirements unless reinstated by special permission of the associate vice president for Academic Affairs, Graduate Programs and Research.

Additional Master's Degrees

A student may receive additional master's degrees from UT Pan American in a different major.

A student seeking an additional master's degree is classified as a Special Graduate Student and must:

1. Complete a minimum of 30 hours of additional graduate credit (or 24 hours for thesis option) in UT Pan American courses for each additional master's degree sought.

2. Complete all requirements for the additional major, including admissions, as set forth in this catalog.

3. Complete all requirements for the additional degree, including grade point average requirements, elective courses, etc. as set forth in this catalog.

A maximum of six hours of credit for courses from one master's degree may count toward the credit requirements for other master's degrees. See the appropriate graduate advisor for details.

Requirements for a Doctoral Degree

For specific requirements, see the catalog sections on the doctorate in business administration on page 94, the doctorate in educational leadership on page 114 and the cooperative doctorate in pharmacy on page 120. The majority of credits toward a doctoral degree must be earned in residence.

General Information

• Graduation Under a Specific Catalog

The degree requirements that must be completed for graduation will be those in effect at the time of the student's entrance or those provided in a subsequent catalog. In any case, the catalog used to determine the degree requirements must not be more than seven-years-old for students seeking a master's degree and 10-years-old for students seeking a doctoral degree.

Any changes in the degree plan to comply with a later catalog must be approved by the department chair and the dean of the college.

• Teaching Certificates

Requirements for teaching certificates in various fields or areas are shown in the respective academic sections of this catalog. General information is shown on page 98 for graduate students and is listed in the Undergraduate Catalog for undergraduate students.

Consult the Office of the Dean of the College of Education for full details on all certification requirements.

Degree Plan

In general, a student may follow the degree requirements listed in this catalog by the respective departments of the University, thus planning a schedule of courses. However, having a degree plan on file is a requirement for graduation, and a student is well advised to have the degree plan drawn up by the department chair or graduate program coordinator on the proper form as soon as possible to preclude the possibility of taking courses that will not satisfy requirements for the degree the student seeks.

Graduation Policies and Procedures

Application for Degree

All students who intend to receive a degree from The University of Texas-Pan American must submit a completed Application for Degree Form to the Office of Records and Registration by the published deadlines in the University Calendar. Applications received after the deadlines will be processed for the next available graduation date. These deadlines are necessary in order for prospective graduates to be notified of any deficiencies in time to register for the appropriate coursework.

Graduation Fee

A nonrefundable graduation fee of \$25 is charged for undergraduate and graduate degrees. This fee is payable at the Office of Payments and Collections, Student Services Building, Room 115, at the time the candidate presents the Application for Graduation to the Office of Records and Registration. This fee is used to pay for the processing of applications for graduation, music, graduation speakers, postage, diplomas and other expenses associated with graduation.

Transfer of Graduation Date

Prospective graduates who have submitted their Application for Degree Form and do not meet graduation requirements for that graduation date must "transfer" their application to a later graduation date. Students will be required to pay an additional \$10 fee each time the graduation date is transferred.

Filing of Master's Thesis

For students who are graduating under the thesis option, the original thesis and two copies (signed by the student's supervisory committee) and a receipt for

the required fees must be submitted to the Office of the Associate Vice President for Academic Affairs, Graduate Programs and Research 30 days prior to graduation. The specific deadline date is listed in the academic calendar in this catalog, beginning on page 6.

Commencement Exercises

The University of Texas-Pan American confers degrees four times each year — in December, May, July and August. Commencement exercises are scheduled for December and May only. July and August graduates may attend the December commencement exercises.

Regalia (Cap and Gown)

All students participating in the commencement ceremony are required to purchase the proper graduation regalia from the University Bookstore. (No students will be permitted to participate without the proper regalia.)

Correspondence

In order to ensure that information regarding graduation requirements, deficiencies and commencement exercises are received on a timely basis, the student's correct address must be on file with the Office of Admissions and Records. Prospective graduates will not receive special consideration for lack of knowledge of graduation requirements, deficiencies or deadlines.

Academic Support Services

University Library

The University Library is the campus center for resources that support the curricular offerings of The University of Texas-Pan American. The four-story brick and glass structure contains 122,500 square feet.

The library houses a collection of approximately 437,000 volumes, 300,000 government documents, 4,200 periodical subscriptions, one million units of microforms and 6,000 audiovisual items. Library collections are catalogued via OCLC and made available to patrons by the III circulation and public access automated library systems.

Of interest to the region and beyond are the special collection materials contained in the Lower Rio Grande Valley Historical Collection and the Rio Grande Folklore Archive. Materials available pertain to the Texas counties of the Rio Grande Valley and northeastern Mexico.

The reference area has numerous microcomputers connected to the library local area network (LAN) and available for accessing information resources and e-mail. Connectivity with the Internet provides access to the catalogs of other library collections and shared databases made available by The University of Texas System and the TexShare project. Available via CD-ROMs, the Internet or stand-alone systems are an array of different subject area citation and abstract databases; many include full text articles. Library patrons are offered services that include reference and information consultation and assistance, computerized database searching, interlibrary loan and library use instruction.

Graduate students:

All UT Pan American graduate students must be registered in order to borrow materials from the library and obtain the use of other services during the fall and/or spring semester(s). Graduate students who are registered in the spring semester will automatically receive privileges for the summer sessions. Students who are not registered during the fall and/or spring semester(s) may join the Friends of the Library for library privileges.

The benefits of the Friends of the Library membership extended for one full year are that members:

a. are eligible to borrow library materials in accordance with established University Library circulation policies;

b. are eligible for interlibrary loan privileges and establishment of a SLIP account through the Computer Center;

2005-2007 Graduate Catalog

General Information

c. receive in advance the library newsletter and notification of all special events sponsored by the organization and will be admitted free of charge to such events; and

d. receive advance admission to the annual book sale.

Graduate students enrolled in cooperative programs: Graduate students enrolled in cooperative programs must be registered in either of the cooperating institutions to have library privileges. They will follow the policy for UT Pan American graduate students.

The program coordinator must submit a letter with the list of students in the cooperative program to the Access Services Librarian. *The list must include the following information:*

- a. the names of the students,
- b. the students' Social Security numbers,
- c. the students' mailing addresses,
- **d.** the students' telephone numbers,
- **e.** the name of the institution where the students are registered, and
- **f.** the name of the program.

Graduate students with incomplete courses:

UT Pan American graduate students who are not enrolled and with incomplete courses during the fall or spring semesters need to purchase the Friends of the Library card if they wish to use the library services.

Resources of the University Library are available seven days a week during regular academic sessions. Detailed information about hours and services may be obtained at the circulation desk, which can be reached by telephone at 956/381-3306 or voice/TDD 956/381-2763.

English Language Institute

The UT Pan American English Language Institute provides instruction for students whose first language is not English and who need better preparation before entering a degree program at the University.

ELI offers an Intensive Day Program (192 hours), a Semi-Intensive Evening Program (48 hours) and a Semi-Intensive Saturday Program (48 hours).

The ELI is located in Building E, Room 102. For more information, call 956/381-2133; e-mail: eli@utpa.edu; or visit: http://coserve1.utpa.edu/coserve.eli1.html

Advanced Services for Student Information Supported by Technology (ASSIST)

In order to provide students with easy access to student information, The University of Texas-Pan American developed ASSIST (Advanced Services for Student Information Supported by Technology).

With ASSIST technology, students may access general,

academic and financial information from home or various locations on campus. Personal information is protected by a Personal Identification Number (PIN), which initially is the student's date of birth entered as a six-digit number (for example, March 15, 1964, is entered as 031564).

A Registration Access Code (RAC) is required to access ASSIST registration services, and is issued to students by an academic advisor each semester.

ASSIST services include the following:

Kiosk Information Stations: Currently, 15 Kiosk Information Stations are located across the UT Pan American campus, with plans to add more stations in the future. These stations are located in the Administration Building, Academic Services Building, Business Administration Building, Communication Arts and Sciences Building, Education Building, Engineering Building, Health Sciences East Building, Physical Education II Building, Science Building, Social and Behavioral Sciences Building, Student Union, Student Services Building, University Library and the Visitors Center.

Kiosk services include:

- Campus Map and Directory
- Calendar of Events
- Staff and Faculty Job Openings
- General Information: Course Availability, Department List, Standard Forms
- Financial Aid Awards (PIN required)
- Student Records (PIN required): Account Balance,
- Admission Status, Grades/Unofficial Transcript, Student Schedule, Degree Audit

Student Services and Information

Student Rights and Responsibilities

Student Guide

Students are responsible for becoming familiar with policies that govern students. The University of Texas-Pan American Student Guide provides detailed information on numerous aspects of campus life and University policies governing students. The Student Guide is available online at www.utpa.edu/depts/dos

Student Right to Know and Campus Security Act

In compliance with the federal Student Right-to-Know and Campus Security Act of 1990, The University of Texas-Pan American publishes an annual report with specified information on campus crime statistics and campus security policies. It includes descriptions of campus crime prevention programs, procedures for reporting crimes on campus, and information about the number and frequency of crimes reported to the University Police Department, local law enforcement, dean of students, student activities, residence life, organization advisors, team coaches, and athletic directors over the last three years. Also, it provides summaries of policies as they relate to sexual offenses. liquor law violations, and controlled substance offenses. One purpose of this federal legislation is to give students, prospective students, parents of students, employees and others who may be interested in a better understanding of the frequency of serious crime on campus and, ultimately, to make this and other campuses safer.

The University of Texas-Pan American is concerned about the safety and security of the entire University community. In an effort to provide a safe and secure campus, the University maintains a full-time professional police force composed of state-certified, licensed law enforcement officers, commissioned by The University of Texas System, with the power of arrest, and other noncommissioned security personnel. They patrol the campus 24 hours a day, 365 days a year.

The University Police Department maintains a police substation at the University Library as well as emergency phones throughout campus with direct lines to the Police Department. The department also provides escort to and from any location on campus upon request.

General Information

All members of the University community should be aware of dangers to their personal safety. Crime happens on campus just as it happens off campus. If someone is the victim of a crime or witnesses a crime, he or she should report it and cooperate with the University Police Department to ensure that the crime is properly investigated and prosecuted.

To report a crime, call the University Police at 956/316-7151. In the event of an emergency, call H-E-L-P (381-4357), or dial 911, 24 hours a day, 365 days a year.

Crimes reported at UT Pan American can be accessed at the following Web address: www.utpa.edu/campussafety A hard copy of the UTPA Campus Safety and Security Report can be requested by contacting the Office of Student Judicial Affairs at 956/318-5375.

University policies and Texas law prohibit the disruption of University operations and events and regulate the use of alcoholic beverages on campus. Violators will be subject to prosecution under the law and the University's student code of conduct. University policies related to the possession, sale and use of alcoholic beverages on campus are described in The University of Texas-Pan American Student Guide. The Student Guide is available online at www.utpa.edu/depts/dos

Other policies that pertain to crime reporting and crime prevention, facilities access and security, authority of police and related matters are contained in the Student Guide and in the University's Handbook of Operating Procedures. All are available from the Office of the Dean of Students and the Office of University Relations.

The following offices are available to assist you:

University Police	316-7151 or H-	·E-L-P (4357)
Dean of Students		381-2260
Student Health Services		381-2511
Counseling Center		381-2574
Alcohol and Drug Abuse Program		381-2648

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. §1232g, and the Texas Public Information Act, Texas Government Code §552.001 et seq., are respectively a federal and a state law that provide for the review and disclosure of student educational records. In accordance with these laws, The University of Texas-Pan American has adopted the following policy. Individuals are informed of their rights under these laws through this policy, which is included in the University's Handbook of Operating Procedures (HOP) and this catalog. The catalog is made available for inspection through the Graduate School and the Office of Records and Registration and copies of the Handbook of Operating Procedures are available in the University Library, most administrative offices, and on the Internet at http://www.utpa.edu/hop The University will not permit access to or the release to any party of personally identifiable information contained in student education records without the written consent of the student, except as authorized by FERPA. FERPA's authorizations for release without consent include the following:

1. To teachers, professors or instructors or other college officials who have a legitimate educational interest. 34 CFR 99.31 (a)(1).

2. To officials of another college or postsecondary institution where the student seeks to enroll. 34 CFR 99.31(a)(2).

3. To authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the Department of Education, or state and local educational authorities. 34 CFR 99.31(a)(3).

4. In connection with the application for, or receipt of, financial aid. 34 CFR 99.31(a)(4).

5. To state and local juvenile justice systems or their officials. 34 CFR 99.31(a)(5).

6. To organizations conducting educational studies. 34 CFR 99.31(a)(6).

7. To accrediting organizations. 34 CFR 99.31(a)(7).

8. To parents, as defined in 99.3, of a dependent student under the Internal Revenue Code. 34 CFR 99.31(a)(8).

9. In compliance with a judicial order or other lawfully issued subpoena. 34 CFR 99.31(a)(9).

10. To court, without consent, court order or subpoena, if a parent or student has initiated legal action against an educational agency or institution, or if an educational agency or institution has initiated legal action against a parent or student. There is no longer a requirement that an educational agency or institution give notice before disclosure. 34 CFR 99.31(a)(9)(iii).

11. In connection with a health or safety emergency. 34 CFR 99.31(a)(10).

12. If designated as directory information. 34 CFR 99.31(a)(11).

13. To the parents of a non-eligible student or an eligible student. 34 CFR 99.31(a)(12).

14. The final results of disciplinary proceedings by postsecondary institutions concerning a crime of violence or nonforcible sex offense. 20 USC 1232g(b)(6), as amended by 951 of the Higher Education Amendments of 1998 and 34. CFR 99.31(a)(13) and (14).

15. To parents of an eligible student under the age of 21 in connection with use, or possession of, alcohol or a controlled substance in violation of law or institutional policy. 20 USC 1232g(i), added by 952 of the Higher Education Amendments of 1998 and 34 CFR 99.31(a)(15).

The University will release information in student education records to appropriate University officials as indicated in 1. above when there is a legitimate educational interest. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law

The University of Texas-Pan American

enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Regents; or a student serving on an official committee or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Where required by regulations, a record of requests for disclosure and such disclosure of personally identifiable information from student education records shall be maintained by the vice president for Business Affairs for each student and will also be made available for inspection pursuant to this policy. If the institution discovers that a third party who has received student records from the institution has released or failed to destroy such records in violation of this policy, it will prohibit access to educational records for five years. Respective records no longer subject to audit nor presently under request for access may be purged according to regular schedules.

Directory Information

At its discretion, the University may release directory information which shall include:

- **1.** name, address, telephone number
- **2.** date and place of birth
- 3. major field of study
- **4.** participation in officially recognized activities and sports
- **5.** dates of attendance
- **6.** most recent previous educational institution attended
- 7. classification
- 8. degrees, honors and awards received
- **9.** date of graduation
- **10.** physical factors (height and weight) of athletes
- 11. photographs
- 12. University e-mail address

Students may have any or all directory information withheld by notifying the Graduate School in writing. Request for nondisclosure will be honored by the University until such time that the student grants permission, in writing, to release the information.

Access to File

Upon written request, the University shall provide a student with access to his or her educational records. The vice president for Business Affairs at UT Pan American has been designated by the institution to coordinate the inspection and review procedures for student education records, which include admissions files, academic files and financial files. Students wishing to review their education records must make written requests to the vice president for Business Affairs listing the item or items of interest. Education records covered by the Act will be made available within 45 days of the request.

A list of education records and those officials responsible for the records shall be maintained at the Office of the Vice President for Business Affairs. This list includes:

Academic Records

Graduate School, AB 116 Office of Records and Registration, Registrar, SS 108 College, Division, Department and Faculty Offices

Student Affairs/Student Services Records

Counseling Office: Director of Counseling, LEAC 156 or UC 109 Student Services: Dean of Students, UC 104 Housing Office: Director of Campus Life, Women's Residence Hall Office of Career Placement Services: Director, SS 2.101

Financial Records

Business Office: Vice President for Business Affairs, SS 5.101 Student Financial Services: Director, SS 186

Educational records *do not* include:

- 1. financial records of the student's parents or guardian;
- confidential letters of recommendations that were placed in the educational records of a student prior to Jan. 1, 1975;
- records of instructional, administrative and educational personnel that are kept in the sole possession of the maker and are not accessible or revealed to any other individual except a temporary substitute for the maker;
- 4. records of law enforcement units;
- employment records related exclusively to an individual's employment capacity;
- 6. medical and psychological records;
- 7. thesis or research papers; or
- **8.** records that only contain information about an individual after the individual is no longer a student at the institution.

Challenge to Record

Students may challenge the accuracy of their educational records. Students who believe that their educational records contain information that is inaccurate or misleading, or is otherwise in violation of their privacy or their rights, may discuss their problems informally with the department that generated the record in dispute. If an agreement is reached with respect to the student's request, the appropriate records will be amended. If not, the student will be notified within a reasonable period of time that the records will not be amended, and he or she will be informed by the head of that department of his or her right to a formal hearing.

Student requests for a formal hearing must be made in 2005-2007 Graduate Catalog

writing to the vice president for Business Affairs who, within a reasonable period of time after receiving such requests, will inform students of the date, place and the time of the hearing. Students may present evidence relevant to the issues raised and may be assisted or represented at the hearings by one or more persons of their choice, including attorneys, at the student's expense. The hearing officer who will adjudicate such challenges will be appointed by the vice president for Business Affairs in non-academic matters and by the provost and vice president for Academic Affairs in academic matters.

Decisions of the hearing officer will be final, will be based solely on the evidence presented at the hearing, will consist of the written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned.

The education records will be corrected or amended in accordance with the decision of the hearing officer, if the decision is in favor of the student. If the decision is unsatisfactory to the student, the student may place with the education records statements commenting on the information in the records or statements setting forth any reasons for disagreeing with the decision of the hearing officer, or both.

The statements will be placed in the education records, maintained as part of the student's records, and released whenever the records in question are disclosed.

Students who believe that the adjudications of their challenges were unfair or not in keeping with the provisions of the act may request, in writing, assistance from the President of the institution.

Copies

Students may have copies of their educational records and this policy. These copies will be made at the student's expense at rates authorized in the Texas Public Information Act. (There is no charge for student transcripts.) Official copies of academic records or transcripts will not be released for students who have a delinquent financial obligation or financial "hold" at the University.

Complaints

Complaints regarding alleged failures to comply with the provisions of the FERPA may be submitted in writing to the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-4605.

Student Academic Responsibilities and Appeals

Academic Responsibilities

Students are expected to inform themselves thoroughly concerning the regulations of the University and the course requirements for degrees and to make inquiries in case of doubt. It shall not be the University's responsibility should complications arise because of failure to follow regulations and requirements. Regulations will not be waived nor exceptions to requirements made on a plea of ignorance of the regulation or requirement. Students, therefore, should become familiar with all of the information related to the program contained in the printed University bulletins.

Each student, by registering, enters some college of the University and, except as to conduct, is thereafter under its jurisdiction with regard to the student's program of study and degree requirements. Students should work directly with the person in their major department who is assigned the responsibility of supervising their programs concerning course requirements and options, deficiencies, degree plan and special regulations. Requests to waive regulations and/ or requirements should be directed in writing to the dean of the college.

Academic Appeals

Periodically, misunderstandings arise with regard to academic expectations and final grades. Students wishing to appeal final grades or misunderstandings in academic standards should first discuss the matter with the instructor of the class. If no resolution occurs, and the student wishes to pursue the matter further, he or she should appeal in writing to the department chair involved. The department chair will respond in writing to the student within 10 class days of the receipt of the student's written appeal.

Pursuant appeals will be written and directed within 10 class days of the date of the department chair's decision to the College Academic Appeals Committee. The committee will consist of a panel of three faculty members, two of whom may not be from the department in which the appeal originated. The dean of the college will appoint the panel members upon receipt of the written appeal and notify the student in writing of the date, time and location of the hearing and the names of the members of the panel. The student and the faculty member involved may appear in person before the panel and present evidence and/or witnesses. The hearing will be closed to the public and no person other than the student, the faculty member involved and panel members may be present. No person may represent the student or the faculty member.

After the College Academic Appeals Committee has heard the appeal, it will deliberate and come to a decision. The committee's decision will be written and mailed or delivered in person to the student and faculty member within three class days of the close of the hearing. The student may appeal in writing within 10 class days to the dean. The dean's decision will be final and must be mailed or delivered in person to the student within 10 class days of the receipt of the student's written appeal. This policy may be found in the Student Guide.

Student Complaint Procedures Purpose

The University of Texas-Pan American endeavors to provide fair and objective procedures for hearing student complaints and endorses compliance with the spirit of non-discrimination regulations. The following will advise students of procedures to be followed in filing non-academic complaints.

■ Discrimination/Disability Complaints

Students with questions concerning discrimination in employment or based on sex or disability must contact the appropriate compliance officer prior to initiating grievance procedures. Compliance officers are listed below:

1. Title IX (non-discrimination on the basis of sex): Student inquiries or complaints concerning Title IX or discrimination on the basis of sex may be presented to the director of the department in question or to the Dean of Students (Compliance Officer), University Center 104, 956/381-2262.

2. Sexual Harassment: The University of Texas-Pan American condemns sexual harassment of its students, staff and faculty. Sexual harassment is a form of sexual discrimination and is illegal. Students who believe they have been subjected to sexual harassment are encouraged to immediately report the incident to the Dean of Students, University Center 104, 956/381-2262.

The University's policy concerning sexual harassment may be found in the Student Guide and the Handbook of Operating Procedures (HOP).

3. AIDS-Related Issues: Students may not be subjected to impermissible discrimination on the basis of Acquired Immune Deficiency Syndrome (AIDS) or Human Immunodeficiency Virus (HIV). The policy addressing AIDS-related issues may be found in the Student Guide and the Handbook of Operating Procedures. Student complaints or inquiries should be directed to the Director of Student Health, Emilia Schunior Ramirez Hall, Room 1.105, telephone 956/381-2511.

4. Section 504 of the Rehabilitation Act/Americans with Disabilities Act: The University of Texas-Pan American provides for the prompt and equitable resolution of complaints alleging violations of these acts, including complaints regarding a refusal to provide requested accommodations and auxiliary aids or services and programs that are perceived to be inaccessible. Students should address ADA or Section 504 complaints to: ADA Coordinator 1201 W. University Drive Edinburg, TX 78541-2999 Telephone: 956/381-2127

■ Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) concerns the maintenance and confidentiality of student records. The University's policy regarding FERPA may be found in the Student Guide, the Handbook of Operating Procedures (HOP) and page xx of this catalog. Students who believe their records are inaccurate or have been disclosed in an unauthorized manner should contact the Vice President for Business Affairs, Student Services Building, Room 5.101, 956/381-2121.

■ All Other Non-Academic Complaints

In an effort to resolve misunderstandings or concerns, a student must first make every effort to resolve the problem by discussing his or her concerns with the faculty or staff member against whom the complaint is lodged. If the concern still exists, the student may discuss the complaint with the appropriate chair or head of the department in which the complaint originated. Additional appeals may be pursued through administrative channels. Students should consult "Student Complaint Procedures" in the Student Guide or Handbook of Operating Procedures (HOP) for detailed information or request assistance from the Office of the Dean of Students, University Center 104, 956/381-2262.

■ Student Advisement for Concerns/Complaints

The Office of the Dean of Students in University Center, Room 104, offers assistance to students who have concerns or complaints other than those addressed above, or who have questions regarding existing policies and procedures.

Student Conduct and Disciplinary Code

All students at The University of Texas-Pan American are subject to the rules and regulations governing student conduct and discipline as described in the UT Pan American Student Guide and Handbook of Operating Procedures (HOP) and in Part One, Chapter VI, Section 3 of the Rules and Regulations of the Board of Regents of The University of Texas System. These documents are available for review in the University Library, the Office of the Dean of Students and the Office of the Vice President for Enrollment and Student Services.

Hazing

Hazing is both a violation of University policy and a criminal offense (Sections 37.151 et seq. and 51.936, Texas Education Code) and may result in arrest and prosecution by civil authorities as well as disciplinary action pursuant to the Regents' Rules and Regulations (Part One, Chapter VI, Sections 3.28 and 3.6) and the University's Handbook of Operating Procedures (HOP), Section 6.4.1.

The University of Texas-Pan American

Hazing with or without the consent of a student is prohibited by the University and by the UT System. Both the hazer and victim are subject to discipline.

According to state law, a person can commit a hazing offense not only by engaging in a hazing activity, but also by soliciting, directing, encouraging, aiding or attempting to aid another in hazing; by intentionally, knowingly or recklessly allowing hazing to occur; or by failing to report in writing to the dean of students or other appropriate individual of the institution firsthand knowledge that a hazing incident is planned or has occurred. The fact that a person consented to or acquiesced in a hazing activity is not a defense to prosecution for hazing under the law.

In an effort to encourage reporting of hazing incidents, the law grants immunity from civil or criminal liability to any person who reports a specific hazing event to the dean of students or other appropriate individual of the institution and immunizes that person from participation in any judicial proceeding resulting from that report. The penalty for failure to report is a fine of up to \$1,000, up to 180 days in jail, or both. Penalties for other hazing offenses vary according to the severity of the injury which results and include fines from \$5,000 to \$10,000 and/or confinement for up to two years.

The law does not affect or in any way restrict the right of the University to enforce its own rules against hazing.

The law defines hazing as any intentional, knowing, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization whose members are or include students at an educational institution. Hazing includes but is not limited to:

• Any type of physical brutality, such as whipping, beating, striking, branding, electric shocking, placing of a harmful substance on the body, or similar activity;

• Any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;

• Any activity involving consumption of food, liquid, alcoholic beverage, liquor, drug, or other substance which subjects the students to an unreasonable risk or harm or which adversely affects the mental or physical health of the student;

• Any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame, or humiliation, or that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described in this subsection; and • Any activity that induces, causes, or requires the student to perform a duty or task which involves a violation of the Penal Code.

Solicitation on Campus

The University's policy on solicitation is outlined in The University of Texas System Regents' Rules and Regulations, Part One, Chapter VI.6.6. (The term "solicitation" means the sale, lease, rental or offer for sale, lease, rental of any property, product, merchandise, publication, or service, whether for immediate or future delivery; an oral statement or the distribution or display of printed material, merchandise, or products that is designed to encourage the purchase, use, or rental of any property, product, merchandise, publication, or service; the oral or written appeal or request to support or join an organization other than a registered student, faculty, or staff organization; the receipt of or request for any gift or contribution; or the request to support or oppose or to vote for or against a candidate, issue, or proposition appearing on the ballot at any election held pursuant to state or federal law or local ordinances.)

Student Services

Career Placement Services

In a time when heavy academic emphasis is being placed on career-oriented programs, UT Pan American's Office of Career Placement Services is an important component of any student's preparation.

Through this office, students gain new insight into their future career plans, different job opportunities, average pay scales and other useful information. The Career Information Center is located in the office and is available to any interested student.

The UT Pan American Office of Career Placement Services places students in jobs in three ways. During the students' college years, the office will assist them in locating part-time employment. An internship or co-op assignment is strongly encouraged during the sophomore and junior years for any student wishing to improve his/her job marketability.

Then as they approach graduation, the office helps connect them with prospective employers for permanent career placement. Many major corporations, government agencies and other top employers recruit at UT Pan American each year.

Placement: A placement credential service, online resume service and on-campus interviews are available for seniors. Special activities are also held for all UT Pan American students and alumni in preparation for a career search. These include Career Day, Teachers Job Expo, Health Professions Career Day, Graduate and Professional School Fair, Engineering and Computer Science Career Day and job preparation workshops, as well as other activities.

Career Information Center: The Career Information Center houses a computer/printer with Internet capability to assist students in conducting company research. A kiosk sponsored by U.S. Customs facilitates student access to all federal government jobs; sources of occupational information, registers and directories; fellowship and scholarship information; and graduate/professional school catalogs.

Student Employment Services: A number of local businesses and agencies contact the office seeking students for part-time or full-time employment. The Student Employment Service operates as a referral system to match these employers with UT Pan American students. International students are required to apply through the International Student Advisor in the Communication Arts and Sciences Building (COAS), Room 125, telephone 956/381-2922.

Cooperative Education Program: The Cooperative Education (Co-op) Program at UT Pan American offers students an opportunity to gain work experience in an employment situation directly related to their major course of study.

The Co-op Program has three options:

• *Alternating/Full-time* — Students alternate semesters or six-month terms of full-time work with full-time study.

• *Parallel/Part-time* — Students work part-time, usually 25 hours or less, while continuing to take classes.

• Summer Internship — Students work during the summer months on a full-time basis.

To be able to participate in the Co-op Program, students must:

• have completed a minimum of 30 semester credit hours,

• maintain at least a 2.0 grade point average,

• be enrolled at least half-time (six hours), and

• either be currently enrolled or have been enrolled the previous semester and be registered for the upcoming semester.

The Co-op student may be eligible to receive academic credit for his or her Co-op work assignment in ART 4391, COMM 3623, COMM 3627, CRIJ 4402, GENB 2346, POLS 2343 and POLS 3185. Refer to the course descriptions in the academic departments section of this catalog for more information.

The Office of Career Placement Services is located in the Student Services Building, second floor, telephone 956/381-2243, e-mail career_place@utpa.edu or Web site careerservices.utpa.edu

University Testing Services

The University of Texas-Pan American is a test center for numerous national and specialized examinations such as the Graduate Record Examination (GRE), Graduate Management Admissions Test (GMAT), Test of English as a Foreign Language (TOEFL), Law School Admissions Test (LSAT), Miller Analogies Test (MAT), Medical College Admission Test (MCAT) and a number of others.

University Testing Services is located at the UTPA Annex, 2412 S. Closner, Edinburg, TX 78541-2999. Telephone 956/316-2457. E-mail: testing@utpa.edu

Services for Persons with Disabilities

The Office of Services for Persons with Disabilities (OSPD) is designed to provide supportive services that meet the educational, career and personal needs of persons with disabilities who attend or plan to attend UT Pan American. *Major program responsibilities include:*

• identifying persons with disabilities, verifying disabling condition(s) and determining and providing

appropriate accommodations to meet students' needs,
promoting full utilization of existing resources,
full participation and enjoyment of the University
environment, and the development of better, more effective

methodologies for meeting special needs,
increasing service and disability awareness among UT
Pan American students, faculty, staff and the general public, and

2005-2007 Graduate Catalog

• promoting and assisting with the development of "accessible" programs and facilities at UT Pan American.

Persons with disabilities requiring information or services are encouraged to contact the OSPD as early as possible. Requests for services must be accompanied by professional assessments/reports not more than three years old from individuals qualified to diagnose the disability involved.

Additional information may be obtained by calling 956/316-7005 (voice/TDD 316-7092, fax 316-7034) or visiting Emilia Schunior Ramirez Hall, Room 1.101.

Student Health Services

Student Health Services is a fully accredited ambulatory health care facility staffed with physicians and mid-level providers including physician assistants and family nurse practitioners. Primary medical care, health and wellness education and support services are provided to students registered at UT Pan American.

Confidential, unlimited, free medical consultations are available on a walk-in basis during clinic hours. Referrals and appointments to outside providers are routinely made when necessary. Fee-for-service charges are assessed for ordered laboratory tests, pharmaceuticals, women's health care and certain procedures. The students must pay for services on the day they are rendered, but if extenuating circumstances prevent payment on that day, provision has been made to have charges transferred to the student's account at the Office of Payments and Collections.

Convenient pharmacy services include prescription and over-the-counter medications and patient counseling. A full-service laboratory offers same day or next day results for most tests. Immunizations, flu vaccine, pregnancy tests, allergy injections and screening tests for tuberculosis, anemia and diabetes are also available. Confidential, anonymous HIV antibody testing is free to students, staff and faculty.

Located on the first floor of Emilia Schunior Ramirez Hall, Student Health Services is open from 8 a.m.-4 p.m., Monday through Friday, and is open evening hours on selected days in the fall and spring semesters. Call 956/381-2511 for more information.

HIV/AIDS/HBV: An HIV/AIDS/HBV education and awareness program is available for UT Pan American students, faculty and staff. Under the oversight of Student Health Services, information and programming is available on a one-to-one basis and to various campus groups. Free, confidential, anonymous HIV antibody testing with preand post-testing counseling from the Valley AIDS Council is available at Student Health Services. The HBV (Hepatitis B) vaccine is available to all students, faculty and staff. Clients may be referred to appropriate off-campus facilities for additional counseling and treatment as warranted. *AIDS-Related Issues:* Institutional policy and educational procedures are detailed in the Student Guide, available through the Office of the Dean of Students.

Student Insurance: Students are encouraged to purchase an optimal, low-cost health insurance plan that provides health and accident coverage. Information regarding policy coverage and claim procedures can be obtained at Student Health Services on the first floor of Emilia Schunior Ramirez Hall or by calling 956/381-2511.

International Students: Health insurance is required and automatically billed each semester for all international students (F-1 and J-1 visa holders) and may be required for dependents; therefore, purchase of this health insurance will be mandatory for such students. Students who can provide proof of insurance coverage comparable to the minimum coverage required may apply for an insurance waiver before the 12th class day. The application for a waiver of medical insurance may be obtained from the International Student Advisement Office (ISAO). Any policy must provide the following minimum coverage — \$50,000 major medical. Any waiver application must have copies of the personal insurance policy (in English), must meet or exceed the minimum coverage required, and must be submitted every semester so that the ISAO may have proof of continuing coverage. Contact the International Student Advisement Office at 956/381-2922 for further information.

Student Immunizations: In accordance with state law, the following immunizations are required for all students enrolled in health-related courses that will involve direct patient contact in medical or dental care facilities or who come in contact with human biological fluids or tissue. Students for whom these immunizations are not required are strongly urged to obtain these immunizations for their own protection.

• *Measles:* Proof of two doses of measles vaccine administered on or after the first birthday if born after 1957. The required two doses should be administered at least 28 days apart or have proof of immunity.

• *Tetanus/diphtheria:* Proof of one "booster" dose of t/d vaccine within 10 years.

• *Hepatitis B Virus (HBV):* Proof of serologic immunity to HBV or certification of immunization with a complete series of Hepatitis B vaccine. Students will be required to present a letter or other suitable written certification.

• *Mumps:* Proof of one dose of mumps vaccine administered on or after the first birthday or proof of immunity.

• *Rubella:* Proof of one dose of rubella vaccine administered on or after the first birthday or proof of immunity.

Certain exemptions are allowed for the immunization requirement; students should contact the Student Health Services for information.

Students enrolled at UT System institutions will assume the full cost of the immunizations.

Student Publications

Students at UT Pan American are invited to contribute and work on the staff of student publications. Writing, editing and photography usually start before the opening of classes in the fall semester. Some positions are paid, but volunteer workers also are sought as reporters, copy editors and headline writers. The student-run newspaper, The Pan American, and Panorama magazine are headquartered in the Department of Communication in the Communication Arts and Sciences Building, Room 170, telephone 956/381-2541.

Clubs and Organizations

A variety of clubs and organizations offer the UT Pan American student friendship, relations with other people of similar interests, avenues for organized and meaningful service, and opportunities for self-development. Because new organizations are formed each year, a complete updated list and assistance in starting up new organizations is available in the Office of Student Development, University Center, Room 205. The office telephone numbers are 956/381-2660 or 956/381-2636. The list below is the University's current listing of Registered Campus Organizations.

Students may obtain information from Student Health Services regarding the consequences of not being current on immunization for certain diseases, the age groups most vulnerable to these vaccine-preventable diseases and local providers of immunization services.

Alcohol and Drug Abuse Program (ADAP)

The Alcohol and Drug Abuse Program (ADAP) has been established to meet the needs of all UT Pan American students who may have a substance abuse concern/issue or who may be dealing with a related concern. The Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226, require that each campus implement a program to address substance abuse issues.

ADAP is committed to all UT Pan American students by providing an environment for education, exploration and personal growth. The ADAP staff maintains a dedication to the overall wellness of each student on campus. ADAP strives to fulfill its responsibilities by providing a variety of different services to the student body. Some of these services include, but are not limited to, counseling, crisis intervention and consultations. In addition, ADAP has books, videos and literature available to faculty, staff and students.

The ADAP staff is fully trained and licensed in chemical dependency and related issues. All of the services offered are strictly confidential, and services are free to all students.

The program offers individual counseling for students who are experiencing a substance abuse problem or who may be in recovery. All individual counseling is by appointment. ADAP also provides group counseling through a campus recovery group. Groups are run once a week at designated times. The ADAP staff is available for referrals, consultations, group presentations and crisis intervention services.

The Alcohol and Drug Abuse Program is located in the University Center, Room 320, telephone 956/381-2648. ADAP is open from 8 a.m.-5 p.m., Monday through Friday.

The University of Texas-Pan American

Student Housing: Residence Halls

The University experience is about trials and triumphs in the classroom, as well as friendships made and new ideas explored throughout your college career. To that end, the residence life staff at UTPA invites you to join the resident community we call home.

Residence living offers you many prized benefits as a University student: the convenience of short walks to classes and campus events; leadership opportunities as a member of the Residence Hall Association, Residence Life Advisory Committee, Food Service Committee, or residence life staff; a community of peers where you can build lifetime friendships, form late night study groups, and interact with a diverse population; the opportunity to learn responsibility and live independently; and an atmosphere filled with the pride of being a UTPA Bronc.

For your housing accommodations, the UTPA campus is home to two Residence Halls and Bronc Village Apartments.

Whether you hail from the Valley, out-of-state, or out-of-country, make UTPA your home while earning your academic degree and experience true University life. A host of activities has been planned for your stay with us, and we are eager to serve your housing needs.

For specific information on the Residence Halls and Bronc Village Apartments, please refer to the sections below.

• The Office of Residence Life: Student Housing

The Residence Life staff at UTPA invites you to join our residence life community to help through this transition and assist you in taking full advantage of all the resources the University offers. While living on campus, you will have tremendous opportunity to learn more about yourself, others, and the world around you. Whether you are beginning your collegiate experience or continuing your education, the Department of Residence Life encourages you to consider the many benefits of campus living.

NOTE: Residence Life opening and closing dates, and all fees for room and board rates are subject to change. Please verify all of this information with the Office of Residence Life at 956/381-3439. For reservation and other information on University residence halls and the Bronc Village Apartments, contact the:

Office of Residence Life

The University of Texas-Pan American 1201 W. University Drive Edinburg, TX 78541-2999 Telephone: 956/381-3439 Fax: 956/384-5055 E-mail: home@utpa.edu Web: http://www.utpa.edu/reslife

Residence Halls Contract Policy

Housing at the UTPA Residence Halls is available for UTPA students, faculty, staff, and participants of University-sponsored programs. Individuals seeking housing accommodations at the University must sign a Residence Hall Reservation Agreement and a Room and Board Contract on a semester basis. Space in the University Residence Halls is reserved on a first come, first served basis.

Housing Dining Services

The University Cafeteria, part of the University Center Complex, is conveniently located southeast of the Residence Halls. All residents must purchase the minimum required meal plan per semester, which is included in the room and board fee.

Room Furnishings

Each Residence Hall is designed with 48 suites and 96 double occupancy rooms. Double occupancy rooms can be reserved as private rooms if space permits. Two adjacent rooms and a bathroom comprise one suite. Residents are responsible for providing their own bed linen, blankets, towels, and toiletries.

Room Contents:

- Two chests of drawers
- Two single beds
- Two closets
- Two desks and chairs
- Window blinds
- Basic cable connection
- Central air and heat
- Individual Ethernet connections

Residence Hall Services

For your convenience, the UTPA residence halls provide the following in-house services:

- Study rooms
- Computer labs with network extension
- Coin-operated laundry facilities
- Vending machines
- Community kitchenette and microwave
- Recreation room (with pool table, foosball, air hockey table, and cable television)
- Lounges
- Refrigerator rental
- Free student parking permit

Safety and Security

Providing a safe living and learning environment for University residents is our foremost mission. To that end, the residence life staff coordinates various safety programs for residents throughout the year highlighting topics such as securing personal belongings, personal safety on and off campus, and the use of University Police escorts. In

D

General Information

addition, resident and night assistants, trained in emergency procedures, are available to assist residents when necessary.

How to Apply

To reserve a room, complete a Residence Hall Reservation Agreement and return it with your \$75 deposit to:

Office of Residence Life

The University of Texas-Pan American 1201 W. University Drive Edinburg, TX 78541-2999

The deposit is held by UTPA for as long as you are housed in the residence halls and is transferable from semester to semester. Deposits are refunded within two-three weeks upon official check out or cancellation of the Residence Hall Reservation Agreement provided that all deadlines are met, procedures are followed, no damage to the facility is recorded, and no extra room cleaning is required.

Bronc Village Apartments Leasing Policy

Housing at Bronc Village is available for enrolled UTPA students⁺ and current faculty and staff only. The only exception to this policy relates to children and spouses of current UTPA students, faculty, or staff. Individuals seeking housing accommodations at Bronc Village must sign a Bronc Village Reservation Agreement identifying a nine-month or 12-month lease period. Space in Bronc Village is reserved on a first come, first served basis.

**In order to be eligible for residency at Bronc Village, students must be at least 21 years of age or have completed 30 semester credit hours (or have been enrolled in a post-secondary institution for a minimum of 18 continuous months).*

** Appropriate documentation must be presented in the case of married or family housing if the spouse and/or children are not current UTPA students, or faculty or staff members.

Dining Services

All Bronc Village residents must purchase at least the minimum declining balance meal plan for each fall and spring semester; the meal credit can be used at the University Cafeteria, Student Union Food Court, and for food items at the Student Union Convenience Store.

Room Furnishings

Bronc Village rooms and living room areas are furnished for the convenience and comfort of our residents. Room contents (per resident):

- One single bed
- One chest of drawers
- One built-in closet
- One desk and chair
- Individual network connections
- Sofa
- Chair
- Multi-use cube
- End table
- Dishwasher
- Conventional microwave
- Stove/oven
- Full-size refrigerator
- Washer/dryer units

Bronc Village Services

- Clubhouse
- Recreation Room
- Fitness Room
- Mail delivery
- Garbage collection
- Free on-site student parking

Safety and Security

Providing a safe living and learning environment for University residents is our foremost mission. To that end, the residence life staff coordinates various safety programs for residents throughout the year, highlighting topics such as securing personal belongings, personal safety on and off campus, and the use of University Police escorts. In addition, community assistants, trained in emergency procedures, are available to assist residents when necessary.

How to Apply

To reserve an apartment space, complete a Bronc Village Reservation Agreement and return it with your \$150 deposit to:

Office of Residence Life

The University of Texas-Pan American 1201 W. University Drive Edinburg, TX 78541-2999

The deposit is held by UTPA for as long as you are housed in Bronc Village and is transferable from lease term to lease term. Deposits are refunded within two-three weeks upon official check out or cancellation of the Bronc Village Reservation Agreement provided that all deadlines are met, procedures are followed, no damage to the facility is recorded, and no extra room/apartment cleaning is required.

University Outreach Programs

Academic Centers

Center for Applied Research in Education

The Center for Applied Research in Education (CARE) was founded in 1994 to serve as the research arm of the College of Education. CARE performs the following four functions for the College of Education:

- 1) conducts and supports educational research in South Texas and the Rio Grande Valley,
- 2) disseminates research to the local education community,
- 3) facilitates the professional development of College of Education students and faculty, and
- 4) procures funding for educational research.

The center engages in cooperative research agreements with school districts in South Texas and the Rio Grande Valley in order to improve the quality of education for students at grades pre-K through higher education. CARE maintains a World Wide Web site on the Internet (http:// www.care.utpa.edu) to serve as a research and information tool for students, faculty and clients. CARE is located in the Education Building, Room 114, telephone 956/381-3437.

Center for International Studies

The Center for International Studies facilitates and encourages campus efforts to develop international programs. Among these are research, publications, continuing education, faculty development, community outreach and student experiences abroad. It supports international initiatives among student groups, faculty and agencies in the fields of health, education, government and industry on both sides of the Texas-Mexico border. In addition, the center promotes studies of other regions of the world and provides assistance in writing proposals and establishing relations with universities all over the world, including institutions in Latin America, Mexico, Asia, Europe and the Caribbean. The center sponsors multicultural and cross-national research, forming liaisons with community groups and sponsoring presentations on Hispanic and international issues. The center also sponsors two publications, Rio Bravo Journal and Letras Hispanas. The Center for International Studies directs the Latin American Studies Center and the Mexican-American Studies Program. The center is located in the Communication Arts and Sciences Building, Room 342, telephone 956/381-3572.

Center for Tourism Research

The Center for Tourism Research in the College of Business Administration addresses social, cultural, environmental and economic issues related to the tourism industry locally, regionally and nationally. Tourism studies targeted by the center include senior travelers or "Winter Texans," Mexican national visitors to the United States, spring breakers at South Padre Island, ecotourism, historic tourism, recreational tourism and local residents' attitudes toward tourism. The center routinely conducts and publishes studies of the economic impact of these markets, especially on the South Texas region. These studies provide an opportunity for students to learn applied research methodologies and to become involved in the research activities of the center. The center is located in the Business Administration Building, Room 122, telephone 956/381-3395.

Coastal Studies Laboratory

The Coastal Studies Laboratory (CSL), established as a marine biology laboratory in 1973 in Isla Blanca Park on South Padre Island, was reorganized and expanded in 1985 with a concentration on University education, public education and coastal research. The CSL's public display contains representative species of fauna and flora from the immediate area of the Lower Laguna Madre and South Padre Island. The CSL also supports classes and field trips from the University and other schools; many universities in Texas and surrounding states use the CSL facilities for field trips each year. A number of marine-oriented courses are offered at the CSL, 100 Marine Lab Drive, South Padre Island, Texas 78597; telephone 956/761-2644, fax 956/761-2913, e-mail dlh33e7@ utpa.edu, Web site http://www.utpa.edu/dept/csl/csl.html

International Journal of Mathematics and Mathematical Sciences

The main editorial office of the International Journal of Mathematics and Mathematical Sciences (IJMMS) is located in the Department of Mathematics at The University of Texas-Pan American. This is a refereed weekly journal devoted to publication of original research papers, research notes, and research expository and survey articles, with emphasis on unsolved problems and open questions in mathematics and mathematical sciences. All areas listed on the cover of mathematical reviews — such as Pure and Applied Mathematics, Mathematical Physics, Theoretical Mechanics, Probability and Mathematical Statistics, and Mathematical Biology — are included within the scope of the journal. Dr. Lokenath Debnath, professor and chair of the Department of Mathematics, is the founding managing editor of IJMMS. The international journal will always carry out not only research, knowledge, and information, but also the name and therefore, the prestige of The University of Texas-Pan American.

2005-2007 Graduate Catalog

General Information

Neuhaus Center for Entrepreneurship and Economic Education

The Neuhaus Center for Entrepreneurship and Economic Education is a multifaceted center that aims to propagate the benefits of entrepreneurship and the market system to the Rio Grande Valley community. With regard to education programs, the center coordinates a set of courses on entrepreneurship that undergraduate students in the College of Business Administration may take to obtain a minor in entrepreneurship. The center is affiliated with the Texas Council on Economic Education. Through this partnership, programs on economic education are offered to elementary and secondary school teachers. The research activities of the center foster basic and applied research on the characteristics and workings of the small firm with a particular emphasis on the Rio Grande Valley and northern Mexico. One primary research goal of the center is to better understand the forces driving small business success in the local community. The center is located in the Business Administration Building, Room 216B, telephone 956/381-7136.

Speech and Hearing Center

The UT Pan American Speech and Hearing Center's Speech-Language and Audiology clinics provide comprehensive evaluations for children, college students and older adults. The Speech-Language Clinic evaluates speech, language, feeding, swallowing and related behaviors. The Audiology Clinic evaluates hearing and provides hearing aid fittings. Clients may be referred to other treatment centers in the area or recommended for therapy in the Speech and Hearing Center. Therapy services are provided in the Speech and Hearing Center on a limited basis. The clinic treats communication disorders related to aphasia, fluency, developmental delay, voice, dysphagia, hearing impairment and others. Evaluation and therapy services are available in English or Spanish. The center also provides accent reduction classes for individuals learning American-English as a second language. The center is located in the Health Sciences and Human Services Building West, Room 1.112, telephone 956/381-3587.

The University of Texas System Texas-Mexico Border Health Coordination Office

The mission of The University of Texas System Texas-Mexico Border Health Coordination Office (TMBHCO) is to foster collaborative health education, health services and health research leading to improved health for Texans living along the Texas-Mexico border. It was created in 1990 in response to recommendations from a task force of representatives from health-related UT System institutions and other University, state and federal agencies that continue to guide the office's activities. The TMBHCO has collaborated with community-based agencies to promote health services and education, providing technical assistance to communities and institutions, sponsoring health education efforts, including conferences and workshops, and most recently establishing a Diabetes Registry. TMBHCO, UTPA Annex, 2412 S. Closner, Edinburg, TX 78541-2999, telephone 956/381-3687.

Outreach Centers

Office of Center Operations and Community Services (COSERVE)

COSERVE's main office is located in the International Trade and Technology Building, telephone 956/381-3361, fax 956/381-2322, Web site http://coserve1.utpa.edu

COSERVE serves as an umbrella organization to a number of centers that provide services and support to businesses, governmental entities and individuals in the community.

COSERVE's mission is to promote growth, expansion, innovation and increased productivity and improve management skills in economic development, job creation and economic growth in the Rio Grande Valley. The activities and locations of individual centers are listed below.

Center for Entrepreneurship and Economic Development (CEED)

CEED serves as a catalyst for business and economic development, job creation and income growth by providing a broad range of technical and educational assistance targeted to businesses, public officials, economic development organizations and the community in general. For information, call 956/381-3361.

Small Business Development Center (SBDC)

The SBDC promotes the creation and development of small companies in the Lower Rio Grande Valley through one on one business counseling and training. The SBDC is a partnership program with the U.S. Small Business Administration. For information, call 956/316-2610.

• The English Language Institute (ELI)

ELI was established in 1982 to prepare students to enter an academic program with academically oriented English, assist professionals and business people in career-oriented English and offer all participants the opportunity to learn functional use of the English language. The ELI encourages anyone who wishes to learn English in a serious yet friendly atmosphere to apply to any of its three programs: Intensive Day Program (192 hours), Semi-Intensive Evening Program (48 hours) and Semi-Intensive Saturday Program (48 hours). The ELI is located in Building E, Room 102, telephone 956/381-2133.

Data and Information Systems Center (DISC)

DISC is the storehouse and provider of timely, relevant and quality data about the people and economy of the Southwest Border Region. For information, call 956/381-3361.

Southwest Border Nonprofit Resource Center (SBNRC)

SBNRC serves as the catalyst for sustainable, long-term development of nonprofit organizations in the Rio Grande Valley and South Texas. The center is located in the UT Pan American Annex, 2412 S. Closner Blvd., Edinburg, TX 78541-2999, telephone 956/316-2610.

Mexican Business Information Center (MBIC)

MBIC provides the client with comprehensive information on Mexico to enable them to make better decisions and facilitate accurate analysis of Mexican market potentials. For information, call 956/381-3361.

Industrial Partnership Center (IPC)

IPC assists manufacturers and suppliers in the Rio Grande Valley of Texas and Mexico by providing assistance in a global manufacturing environment. It also supports the post-secondary and secondary education systems in the area of advanced technical training, partnering with colleges and universities to provide training, services and assistance to students. For information, call 956/316-7011.

The International Trade and Technology Center (IT2)

IT2 promotes international trade through the use of technology and provides access to a variety of managerial, research and technical services designed to promote international commerce. For information, call 956/381-3361.

South Texas Minority Business Opportunity Committee (MBOC)

MBOC creates procurement and international trade opportunities by providing a vital link between corporations, government agencies and the minority entrepreneur while promoting partnership and economic development among the public and private sectors. MBOC is located in the UT Pan American Annex, 2412 S. Closner Blvd., Edinburg, TX 78541-2999, telephone 956/316-2610.

Rio Grande Valley One Stop Capital Shop (OSCS)

OSCS seeks to develop businesses and create jobs in the Empowerment Zone and maximize business success by coupling financial programs with managerial and technical assistance. OSCS is located in the UT Pan American Annex, 2412 S. Closner Blvd., Edinburg, TX 78541-2999, telephone 956/316-2610.

• EDA University Center (EDA-UC)

EDA-UC serves as a catalyst to assist distressed communities in achieving their long-term competitive economic potential through the strategic investment of resources. For information, call 956/381-3361.

• Center for Local Government (CLG)

CLG works to increase the capacity of local governments (counties and cities) and special districts in the Rio Grande Valley of Texas to more efficiently manage scarce public resources and to meet the present and future problems in a positive, creative and constructive manner. The director's office is located in the International Trade and Technology Building; the faculty advisor in the Social and Behavioral Sciences Building, Room 124. For information, call 956/381-3361.

• Center for Manufacturing (CFM)

CFM provides assistance to current and prospective manufacturers through the utilization of services available from the center and from academic, industrial, governmental or private sources; also facilitates faculty research, providing training, experience and employment for students. CFM is located in the Rio Grande Center for Manufacturing, telephone 956/316-7011.

• Community Outreach Partnership Center (COPC)

COPC mobilizes University and regional resources to act as a catalyst for community development in South Texas rural towns and colonias. COPC is located in the UT Pan American Annex, 2412 S. Closner, Edinburg, TX 78541-2999, telephone 956/385-3808.

• Women's Empowerment Business Center (WEBC)

WEBC provides business and technical assistance to women entrepreneurs focused on their unique economic and societal needs. The center's special focus is on microand home-based businesses. The center is located in the UT Pan American Annex, 2412 S. Closner Blvd., Edinburg, TX 78541-2999, telephone 956/316-2610.

Cultural Activities

Art Departmet Exhibits

The Charles and Dorothy Clark Gallery, located in the Fine Arts Complex, and the University Gallery, located in the Communication Arts and Sciences Building (COAS), feature art exhibitions that are open to the public throughout the year. Works by UT Pan American students, faculty and other professional artists are exhibited. The Lamar Gallery, located in the Lamar School complex, exhibits works from the University's permanent collection. Gallery operations are administered through the Department of Art. The office for the University Galleries is adjacent to the Clark Gallery in the Fine Arts Complex. The gallery director can be reached at 956/381-2655. Web site: http://www.utpa.edu/dept/art/ gallery.htm

Dance Companies

• UT Pan American Dance Ensemble

Founded in 1984, the Dance Ensemble is the only modern/ contemporary dance company in the Rio Grande Valley. Membership in the company is open to all UT Pan American students and is determined by audition. The Dance Ensemble focuses on producing formal theatrical dance performances that maintain high artistic and production standards. The Dance Ensemble is located in the Health and Physical Education Building II, Room 110, telephone 956/381-2315. **UT Pan American Folkloric Dance Company** The UT Pan American Folkloric Dance Company,

organized in 1970, has as its purpose the preservation and performance of the dance art of Mexico and Spain. Throughout the performing season, the company presents numerous concerts for school children, the general public and private affairs throughout the University, community and state. Membership in the company is available through class audition. The Folkloric Dance Company is located in the Health and Physical Education Building II, Room 115, telephone 956/381-2230.

Faculty Artist Series

During the school year, the Department of Music presents a series of performances by faculty members and guest artists in addition to student recitals. Included in these recitals are vocal and instrumental performances. For information, call 956/381-3471.

Living Author Series

Through its Living Author Series program, the Department of English brings prominent literary authors — novelists, poets, dramatists — to campus to address the student body and the public. Communication Arts and Sciences Building, Room 265, telephone 956/381-3421.

Musical Performances

Performing for students and the public are the Choir, the Concert Band, the Jazz Ensemble, the South Texas Chamber Orchestra, the Mariachi and the Valley Symphony Orchestra and Chorale. For information, call 956/381-3471.

Albert L. Jeffers Theatre

The Albert L. Jeffers Theatre produces seven to 10 full-length plays each year, including three to four plays in the summer during Pan American Summer Stock (PASS), four to five plays in the fall and spring. The community can purchase individual tickets to each performance; season subscriptions are also available. University ID card holders are permitted two free admissions per ID and as space permits. Actors include University students, faculty and staff, along with community members. The Albert L. Jeffers Theatre seeks to present, within a four-year cycle, quality productions featuring examples from every major genre of dramatic literature. Performances for children and children's theater classes are frequently offered. Funding for the Albert L. Jeffers Theatre is provided by Student Activity Fees, donations, grants and other sources. The theatre can be found on the first floor of the Communication Arts and Sciences Building, telephone 956/381-3581.

A۲

Public Use of Facilities

The property, buildings or facilities owned or controlled by The University of Texas-Pan American are not open for assembly, speech or other activities as are the public streets, sidewalks and parks. The responsibility of the UT System Board of Regents to operate and maintain an effective and efficient system of institutions of higher education requires that the time, place and manner of assembly, speech and other activities on the grounds and in the buildings and facilities of the UT System or component institutions be regulated.

No person, organization, group, association or corporation may use property, buildings or facilities owned or controlled by UT Pan American for any purpose other than in the course of the regular programs or activities related to the role and mission of the University, unless authorized by the Regents' Rules and Regulations. Any authorized use must be conducted in compliance with the provisions of the Regents' Rules and Regulations, the University's Handbook of Operating Procedures, and applicable federal, state and local laws and regulations.

Anyone from outside the University who is seeking information about scheduling and use of University Special Use Facilities should contact the Director of Auxiliary Services, University Bookstore, telephone 956/381-2252.

For more information, consult the Regents' Rules and Regulations and the University's Handbook of Operating Procedures (HOP).

Graduate Academic Programs Fraduate Academic Programs

College of Arts and Humanities

General Overview

The College of Arts and Humanities includes the departments of Art, Communication, English, History and Philosophy, Modern Languages and Literature, and Music.

Academic Programs

The College of Arts and Humanities offers the Master of Fine Arts degree in art and the Master of Arts degree in English, English as a Second Language, history, Spanish, communication and theatre. Also available is the Master of Arts in interdisciplinary studies with concentrations in English, history, music, and Spanish.

In addition, the college provides several key graduate courses for students in graduate programs in other colleges.

The college also offers the Bachelor of Arts in art, English, history, Latin American studies, journalism, Mexican-American studies, music, philosophy, Spanish, communication and theatre. Students also may earn a Bachelor of Fine Arts in Art and may choose a further specialization in graphic design.

Students may minor in art, communication, English, French, history, journalism, Mexican-American studies, music, philosophy and Spanish.

Secondary teacher certification is available in art, English, French, history, journalism, music, Spanish, communication and theatre arts. Elementary teacher specialization or certification is available in art, history, music, social studies and Spanish, and all-level teacher certification is available in music.

Master of Fine Arts (MFA) in Art with a Concentration in Studio Art

Purpose

This program is designed for those who desire to pursue advanced studies in art. The MFA degree program will provide art students with the opportunity for concentrated study in their major area; this concentration will result in the expansion of their expressive capabilities for personal, professional and academic reasons. The objective of this degree program is to provide advanced study in preparation for careers as practicing artists/teachers at the college or university level, or as professionals in other art-related enterprises. The emphasis in the program is to further conceptual development; it is assumed that the student has already achieved technical excellence in his or her studio area.

Scope

The program is organized within a two-dimensional and three-dimensional structure; however, within that structure the student may specialize in drawing, ceramics, painting, printmaking, sculpture or mixed mediums. An optional track within the program provides the student with an option to develop a Mexican influence within the personal structure of the artwork. This track requires participation in at least two departmental trips to designated sites in Mexico.

Admission to the Master of Fine Arts Program

In order to be admitted to the Master of Fine Arts in art program, the student must first meet all requirements for graduate admission to UT Pan American (see page 21), as well as the other requirements listed below. Application for admission to the University must be made to:

Office of Admissions

Student Services Building, Third Floor The University of Texas-Pan American 1201 W. University Drive Edinburg, TX 78541-2999

All students applying for admission to the MFA in art with a concentration in studio art are required to provide the graduate coordinator with the following:

- official transcripts of all previous academic coursework;
- **2.** applicable catalog(s) for evaluation of transcript(s).

Specific Admission Requirements

1. The applicant must have a Bachelor of Fine Arts degree or comparable degree (e.g., BA with at least 60 hours of art) from a college or university accredited by the regional accrediting association for the region in which the institution is located, and a minimum GPA of 3.0 in his or her undergraduate art studies.

2. The applicant must submit a portfolio of 15 to 20 slides of recent works in the major area of concentration.

3. At least three letters of recommendation must be submitted by the applicant from individuals who are qualified to judge the applicant's artistic and professional potential.

4. The applicant must submit a statement of purpose describing his or her artistic direction and subsequent professional goal(s).

Applicants will be considered for the specific studio concentration for which they apply.

Up to six hours of graduate work may be transferred from other accredited institutions, provided such courses are acceptable by the department and have been taken within the required time period, seven years to graduation.

■ Graduate Assistants

Graduate assistantships are available to exceptional applicants. Students who are interested in applying for an assistantship should contact the graduate coordinator. Assistantships are awarded in the spring for the following academic year.

MFA Degree Requirements

The MFA in art with a concentration in studio art requires the completion of a total of 60 semester hours of coursework that includes 33 hours of studio courses — 24 hours must be taken in the student's area of concentration and nine hours will be taken in a minor studio area. The student must take 12 hours of art history courses and a three-hour seminar, ART 6383 The Art Profession. The final semester includes ART 7300 Graduate Exhibition and ART 7301 Graduate Paper. Six hours of free electives, which must be approved by the graduate coordinator, are allowed.

All students must be reviewed by their graduate committee at the completion of 30 semester hours. The review focuses on their studio work and will determine their eligibility for the status of candidacy for the MFA.

■ Graduate Catalog

Students who received a previous master's degree from UT Pan American or other accredited institution may earn an MFA from UT Pan American. Such students must:

I. Complete an additional minimum of 30 hours of credit in UT Pan American courses.

2. Complete all requirements for the MFA degree as set forth in the catalog.

3. Complete a thesis for the MFA Exhibition; the thesis will serve in place of the paper, which is required for the degree.

4. Adhere to the admission standards for graduate study as set forth on page 21.

Course Descriptions

A listing of graduate courses offered by the Department of Art can be found on page 165.

Master of Arts in Communication

Purpose

This program is designed for those who are interested in pursing advanced studies in communication as a means of enhancing their professional and academic careers. Specifically, the objectives of this master's degree are to:

1. provide advanced instruction for communication career training;

2. provide instruction for teachers and educational administrators to upgrade their pedagogical and administrative skills; and

3. prepare students for advanced graduate study in communication leading to the terminal Doctor of Philosophy degree.

2005-2007 Graduate Catalog

College of Arts and Humanities

broad-based and individualized degree program that addresses all of the essential dimensions and components of communication studies, including organizational, group, interpersonal, intercultural, journalism, public relations, mass media, and rhetorical and communication theory. The student will acquire a grounding in communication research, both theoretical and applied. Substantial flexibility exists for the student in communication to design a course and research program that fits his or her unique and specialized professional and educational goals.

Admission to the Master of Arts **Program in Communication**

In order to be admitted to the Master of Arts program in communication, the student must first meet all requirements for admission to the Graduate School of UT Pan American (see page 21), as well as other requirements specified below. Application for admission to the University must be made to:

Office of Admissions

Student Services Building, Third Floor The University of Texas-Pan American 1201 W. University Drive Edinburg, Texas 78541-2999

All students applying for admission to the Master of Arts program in communication are required to provide the graduate advisor in communication with the following:

1. official transcripts of all previous academic coursework; and

2. applicable catalog(s) for evaluation of transcript(s).

D **Specific Admission Requirements**

In addition to existing University requirements, the entering student must hold a bachelor's degree or its equivalent from a college or university accredited by the regional accrediting association for the region in which the institution is located. In addition, the entering student must have a 2.5 grade point average in upper-division work, 3.0 grade point average in upper-division work in communication courses, and 3.0 in prior graduate work (if applicable). The bachelor's degree or equivalent must be in communication or a communication-related discipline or the student must have 24 hours of undergraduate coursework in communication, including 18 hours of upper-division coursework.

All individuals desiring admittance to the graduate program in communication should follow the admission procedures for entering the graduate program in communication outlined in the Graduate Student Handbook. A Graduate Student Packet is available from:

Department Graduate Advisor

The University of Texas-Pan American **Communication Department** 1201 W. University Drive

сомм	6331	Mass Communication Theory

Designated Electives

12 hours

All candidates select 12 hours of designated approved electives from coursework in communication.

Free (non-communication) Electives 6 hours

Students will take non-communication course electives in the fields of psychology, history, political science, English, sociology and business. Coursework must be approved by the graduate advisor.

Other Requirements	6 hours
Thesis or	6 hours
Free or Designated Electives	6 hours
TOTAL	36 hours

TOTAL

Comprehensive Written Examination

Non-thesis candidates for the Master of Arts in communication will be required to pass a comprehensive written and oral examination encompassing the information and materials in communication and related coursework.

Master of Arts in Theatre

Purpose

This program is designed for those who desire to pursue advanced studies in theatre as a means of enhancing their professional and academic careers. Specifically, the objectives of this master's degree in theatre are as follows:

1. to prepare students to teach theatre and theatre arts in the state of Texas and elsewhere;

2. to enable teachers currently employed to upgrade their skills, certifications and endorsements through graduate work;

3. to develop a program that will meet Texas Educational Theatre Association (TETA) and National Association of Schools of Theatre (NAST) standards; and

4. to continue studies leading to the Doctor of Philosophy degree.

Scope

The Master of Arts degree in Theatre is a broad-based program designed to provide the student with exposure to

The University of Texas-Pan American

the most up-to-date knowledge available in areas of theatre studies, such as literature, history, performance theory and criticism. The program concentrates primarily on theory and secondarily on performance.

Admission to the Master of Arts Program in Theatre

All students who wish to enroll in this graduate program must first meet the graduate admission requirements for the University as outlined on page 21. Application for admission to the University may be made by contacting:

Office of Admissions

Student Services Building, Third Floor The University of Texas-Pan American 1201 W. University Drive Edinburg, TX 78541-2999

In addition, the director of the graduate program in the Department of Communication must be supplied with the following information:

1. official transcripts of all previous graduate and undergraduate academic coursework; and

2. applicable catalog(s) for evaluation of transcript(s).

Applicants must hold a bachelor's degree or its equivalent from a college or university accredited by the regional accrediting association for the region in which the institution is located, have a 2.5 grade point average in upper-division work, have a 2.75 grade point average in upper-division work in theatre courses and have a 3.0 in graduate courses (if applicable). No special or specific requirements will be necessary for the program, although some degree candidates may have to "level" (take undergraduate courses to prepare for graduate courses in the areas in which the students' undergraduate training is inadequate).

Degree Requirements

Students may select 36 hours from among the following, of which the three hours indicated are required. Only six hours of 5000-level courses will be applied to the degree.

Required C	ourses	3 hours
COMM	6300	Communication Research
Designated	Elective	s 21 hours
COMM	5304	Scriptwriting
COMM	5615	Summer Theatre Workshop
COMM	6340	Special Topics in Dramatic Literature*
COMM	6341	Special Topics in Theatre History*
COMM	6342	Master Class in Theatrical
		Performance or Production*
COMM	6343	Performance Theory*

*May be repeated for credit as topics vary.

Free Electives

6 hours

Select six hours of work outside the field to meet individual needs and interests with the approval of the graduate advisor.

Other Requirements

6 hours

A six-hour thesis is not required but strongly advised for students anticipating further graduate study. Students not selecting the thesis option may take six hours from designated or free electives approved by the student's graduate advisor.

TOTAL

36 hours

• Comprehensive Examinations

All candidates for the Master of Arts in Theatre will be required to pass comprehensive written and oral examinations encompassing the information and materials in theatre and related coursework on the completion of at least 30 hours, but prior to completion of 36 hours, of graduate work toward a degree.

Supporting Fields

Some existing programs and support areas at UT Pan American that would complement this program are as follows:

1. graduate courses in English literature, especially those relating to dramatic literature;

2. graduate courses in communication; and

3. graduate courses in art or music, if they are courses relevant to the theatre student.

These courses could be used to complete the requirement that six hours of the master's program in Theatre be taken outside the students' major area of study. For teachers seeking certification, the six hours could be taken in their second teaching field. Theatre teachers most frequently have English or communication as the second teaching field. The six-hour outside requirement would be met in an area that both the student and the advisor agree would be valid and useful for the student.

Course Descriptions

A listing of graduate courses offered by the Department of Communication can be found beginning on page 171.

The Department of English Graduate Program

The Department of English offers courses leading to a Master of Arts (MA) in English, a Master of Arts in English as a Second Language, a Master of Arts in interdisciplinary studies with a concentration in English and a Master of Arts in interdisciplinary studies with a concentration in writing. A person with a master's in another discipline who wishes to acquire an MA in English or an MA in ESL must present at least 36 semester hours of graduate work applicable to the second master's degree and must meet all specific requirements for it. Within these 36 semester hours, a student may include a maximum of six hours that were applied to the first master's (whether it was received from UT Pan American or elsewhere). The 36 semester hours (including any work counted on a previous master's) must include at least 27 hours of English, must include 24 hours at this institution and must be within the seven-year period.

Admission to Graduate Programs in English

In order to be admitted to the MA in English program or to the MA in ESL program, students must first meet all requirements for admission to graduate study at The University of Texas-Pan American. In addition, all students applying for admission to either program are required to provide the graduate advisor in the Department of English with the following:

TOEFL scores (for foreign students), official transcripts, a letter explaining career goals and reasons for seeking graduate studies in English or English as a second language, and catalog(s) for evaluation of transcript(s), if necessary. (The Department needs transcripts translated officially from all international institutions that do not use English.)

Student Classification and Admission Criteria for Graduate Study in English

Students who satisfy the undergraduate admission criteria may be admitted to graduate study in English on either an unconditional or a conditional basis.

Unconditional Admission for MA in English

Students may be admitted to graduate study in the Department of English on an unconditional basis if they meet one of the following criteria:

• have completed 33 semester hours of undergraduate coursework in English, 24 advanced, with a minimum GPA of 3.0, *or*

• have completed at least 21 semester hours of undergraduate coursework in English, 12 advanced, with a GPA of 3.25. Foreign students whose native language is not English must score 550 or above on the TOEFL.

There is no undergraduate major required for the MA in ESL. Foreign students whose native language is not English must score 550 or above on the TOEFL.

Conditional Admission

Students who do not satisfy unconditional admission criteria but who have been granted admission to graduate study by the Office of Admissions may be considered for conditional admission status in English graduate programs on the recommendation of the Department of English graduate advisor and the department chair after a review of

English

their application materials. Conditional admission status must be removed at the end of the semester in which students are initially enrolled by earning at least a 3.0 graduate GPA in six hours of graduate coursework at the University.

Denied Admission

Students who fail to meet the requirements for unconditional admission or conditional admission are denied admission to graduate study in the Department of English. Denied admission status may be changed by improving test scores or undergraduate grade point average or through appeal to the Department of English Graduate Course Committee.

Departmental Requirements for a Master of Arts degree with a major in English

In addition to the general requirements stated elsewhere in this catalog, the following specific requirements must be met:

1. The choice of courses in English (and other fields, if any) will be determined through consultation between the student and the departmental graduate advisor.

2. Each student must pass a major examination and two minor examinations. The student will consult with the graduate advisor to determine the areas for the major and minor examinations. The graduate advisor will provide students preparing for examinations the respective reading lists for each examination. A passing grade on an examination will be a determination of "Pass" by the examination committee. The graduate advisor may also grade an examination if requested by the examination committee or to break a tie vote. The candidate is allowed to take this examination up to three times during work on the MA degree.

3. In addition, students seeking any graduate degree in English must have a cumulative GPA of at least 3.0 in the graduate hours taken in the Department of English of UT Pan American.

Departmental Requirements for a Master of Arts in English as a Second Language

In addition to the general requirements stated elsewhere in this catalog, each student must pass two three-hour written comprehensive examinations. One is in theoretical linguistics, the other in applied linguistics. The candidate is allowed to take these exams up to three times during work on the MA degree. Some courses are offered on a rotating basis. Students should consult the graduate advisor early in their MA programs.

Major in English as a Second Language: Thesis Option

Major Requirements

Thirty-six hours including a thesis, with the option of taking a total of up to six hours in one or more other fields.

Requireme	nts	30 hours
ENG	6302	Modern English Syntax
ENG	6321	Studies in Language and Culture
ENG	6328	Introduction to English
		as a Second Language
ENG	6329	Problems in English

Departmental Requirements for a Master of Arts Degree in Interdisciplinary Studies with Concentration in English

In addition to the general requirements stated elsewhere in this catalog, the following specific requirements must be met:

1. Applicants who wish to concentrate in English must have completed at least 18 undergraduate hours in English, six of which must be advanced.

2. The choice of courses in the concentration and other fields will be determined through consultation between the student and the departmental graduate advisor.

3. Each student must pass a comprehensive examination. A subject area determined in consultation with the departmental graduate advisor will be the major focus of this exam, along with questions taken from two other areas of the Literary Reading List. Specific works will be selected by the student in consultation with the departmental graduate advisor and the examination committee. The

College of Arts and Humanities

examination committee is also selected by the student in consultation with the graduate advisor. A passing grade on this exam will be a majority determination of "Pass" by the examination committee. The graduate advisor may also grade the comprehensive exam if requested by the examination committee or to break a tie vote. The candidate is allowed to take this exam up to three times during work on the MA degree.

4. In addition, students seeking any graduate degree in English must have a cumulative GPA of at least 3.0 in the graduate hours taken in the Department of English of UT Pan American.

Master of Arts Degree in Interdisciplinary Studies with a Concentration in English: Writing Focus

The choice of courses in the concentration and other fields will be determined through consultation between the student and the departmental graduate advisor. A course of study will be designed by the student, the graduate advisor and the student's graduate faculty mentor to include courses that meet individual needs. This focus is available for students working in education, the sciences, business, arts and humanities, engineering and other fields who wish to pursue graduate study in writing to augment studies in other professional areas. Department of English courses from which students can choose include the following:

ENG ENG	6321 6325	Studies in Language and Culture Studies in Composition
		Techniques
ENG	6390	Studies in Special Topics
		(Topics as scheduled. To
		include technical writing,
		creative writing, editing for
		publication and others.)
ENG	6360	Studies in English Literature
ENG	6370	Studies in American Literature

In addition, courses from disciplines other than English will be included in the student's degree plan with the consent of the graduate advisor. These include courses from the College of Arts and Humanities, the College of Business Administration, the College of Education, the College of Health Sciences and Human Services, the College of Science and Engineering and the College of Social and Behavioral Sciences.

History Graduate Program

The department offers courses leading to the Master of Arts in history and the Master of Arts in interdisciplinary studies with a concentration in history. In addition, the department offers courses to meet the minor and support area requirements for degrees in other fields.

Students pursuing the MA in history may focus on one of several specializations and should consult with the graduate advisor in selecting coursework. The department's Graduate Studies Faculty Committee has developed a Policies and Procedures Handbook for graduate students that has additional information about the graduate programs in history.

• Master of Arts Degree in History

Departmental Requirements

In addition to the general requirements for graduate admission set out on page 21 of this catalog, the following requirements must be met:

• Applicants for admission must have completed, or must complete as leveling work, 24 hours of undergraduate history courses, half of which must be at the upper-division level.

• The choice of courses in the history core and history

elective field will be determined through consultation between the student and the Department of History graduate advisor.

• Other departmental requirements are listed in the Policies and Procedures Handbook.

Degree Requirements

Two options are available to graduate students under the program. Option I requires 24 hours of directed coursework and six hours of thesis preparation. Option II requires 36 hours of directed coursework and two comprehensive examinations. Students will select from either Option I or Option II.

• Option I: Thesis Option

Students enrolled in Option I will be required to take 18 hours of history coursework, including HIST 6300, six hours of non-history coursework in a single discipline (anthropology, sociology, computer science, etc.), and six hours of thesis preparation. The thesis will be evaluated using current departmental guidelines.

Option II: Non-Thesis Option

Students enrolled in Option II will be required to take 30 hours of 5000/6000-level history coursework, including HIST 6300, and six hours of non-history coursework in a single discipline (anthropology, sociology, computer science, etc.). The student will choose two reading areas in consultation with the graduate advisor and will be expected to take comprehensive examinations in both. The questions for the comprehensive examinations will be based on readings contained in department-approved lists of works in those particular areas.

Related Academic Areas

Related academic areas will include, but are not limited to, political science, English, Spanish, economics, anthropology, computer science and sociology. Students will confirm their choice of a related academic area with the graduate advisor.

Master of Arts Degree in Interdisciplinary Studies

Departmental Requirements

Before admission to candidacy by the Department of History, applicants must have completed, or must complete as leveling work, 24 hours of undergraduate history courses, half of which must be at the upper-division level. Full-time graduate students, who must meet the above requirements, should take up to nine hours of such leveling work while taking a limited number of graduate hours. Graduate history majors are required to consult with the departmental graduate advisor concerning coursework and schedules until admitted to candidacy. Candidates may elect one of two options to complete the Master of Arts degree in interdisciplinary studies with a concentration in history.

1. Thesis program: Thirty hours with 18 hours in history, including the thesis, which is required. Candidates must select the remaining 12 hours from two or more related fields such as political science, sociology, English, economics, Spanish, education or business.

2. Non-thesis program: Thirty six hours with 12-18 hours in history. Candidates must select the remaining 18-24 hours from two or more related fields. Candidates must also pass a comprehensive examination administered by the department.

MAIS Degree Requirements Concentration in History: Thesis Option

Major Requirements

Eighteen hours of graduate-level coursework in history with no more than half at the 5000-level, including six hours of thesis, and 12 hours in two or more related areas. HIST 6300 is required of all students.

Required Courses

HIST	6300	Historiography and Historical Method
HIST	7300	Thesis
HIST	7301	Thesis

TOTAL

30 hours

Concentration in History: Non-Thesis Option

Major Requirements

Eighteen hours in 5000- and 6000-level history classes without thesis with no more than half at the 5000-level and 18 hours in two or more related areas, with not more than 12 hours from education and business.

Required Course

HIST 6300

 Historiography and Historical Method

TOTAL

36 hours

Overview

The Department of Modern Languages and Literature offers the Master of Arts degree in Spanish with concentrations in Spanish literature and Spanish-American literature. Students may elect a thesis or non-thesis program.

Departmental Admission Requirements

In addition to the general admission requirements for graduate study, the following specific requirements must be met:

1. Applicants who wish to major in Spanish must have completed at least 12 hours of Spanish at the advanced undergraduate level.

2. Students who do not major in Spanish but wish to take graduate courses in the field must have linguistic ability equivalent to that attained on completion of the intermediate level in Spanish. Non-specialists who wish to enroll in literature in translation courses are exempted from the language ability requirement.

College of Arts and Humanities

3. Majors will choose courses in Spanish and in related areas through consultation with their advisor.

Master of Arts Degree in Spanish

I Degree Requirements

Thirty hours in Spanish and six hours in a related minor field.

Required Courses		15-21 hours
Choose or	ne accord	ling to selected concentration:
SPAN	6341	Special Studies in Spanish
		Literature (may be taken up to
		four times with different topics)
SPAN	6339	Special Studies in Spanish-American
		Literature (may be taken up to
		four times with different topics)

Graduate Faculty

Davis, Wendell R., Assistant Professor Dabrowski, Peter, Assistant Professor Guerra, Dahlia, Associate Professor Mizener, Charlotte, Associate Professor Munn, Christopher, Professor Munn, Vivian, Associate Professor O'Neil, Lorne W., Associate Professor Raimo, John, Professor Smolensky, Marcus, Assistant Professor

Overview

The Department of Music offers the Master of Music degree in a 36-hour non-thesis program or a 30-hour thesis program; a Master of Arts in interdisciplinary studies degree with a concentration in music, a 36-hour non-thesis program, as well as the Bachelor of Arts degree in music and minors in applied music and teacher certification. The Master of Music Program is currently under revision. Check with the Department of Music for more information.

The department is housed in the Fine Arts Complex, which includes the 1,055-seat Fine Arts Auditorium, the 200seat Recital Hall, two rehearsal halls, a class piano room and a computer-assisted theory classroom.

During the academic year, the Department of Music presents a series of performances by faculty members and guest artists, in addition to student recitals and performances of the Valley Symphony Orchestra.

Student performing groups include the University Band, University Choir, Jazz Ensemble, Mariachi, Guitar Ensemble, Percussion Ensemble, Opera/Musical Theatre, Men's Chorus, Women's Chorus, Woodwind Ensembles and String Ensemble.

For information about performance dates on campus, contact the Department of Music office at 956/381-3471.

Master of Music

Admissions Standards

1. The applicant must have completed the requirements for a Bachelor of Music, Bachelor of Music Education, Bachelor of Arts, or Bachelor of Science degree. Applicants with a major in a subject other than music may be required to complete leveling undergraduate course work.

2. The applicant must have a 3.0 cumulative GPA for clear admission to the program.

3. The applicant must meet the requirements for the Graduate School at The University of Texas-Pan American.

4. The applicant may transfer up to six hours of graduate work from other accredited institutions, provided such courses are acceptable by the department and have been taken within the required time period of seven years to graduation.

5. The applicant for the performance option must audition in person or provide a recent recording demonstrating the level of mastery in the proposed performance medium.

Degree Requirements

Students will select an area of concentration (ethnomusicology, pedagogy, or performance) and a faculty member in the declared area of specialization. The student and faculty member will determine the curriculum within the guidelines of the degree program.

Degree Options

Option I: A configuration in which the student pursues concentrated study in the area of ethnomusicology with an emphasis in Mexican-American Studies.

Option II: A configuration in which the student develops as a music educator (music pedagogy).

Option III: A configuration in which the student pursues and develops as a performer on his respective instrument.

• Special Requirements of the Program

The performance option requires a minimum of a 60-minute public recital of music literature appropriate to the level of graduate study. An advisory committee must approve a pre-recital hearing (held 10 days prior to the recital), and the quality of expertise of the actual recital. The committee will decide what portion of the music will be performed from memory.

The thesis option will require a research stoudy designed to produce new and original conclusions and knowledge. The student must prepare a formal proposal that must be approved by the thesis committee. Approval of the final paper by the thesis committee will be a requirement for graduation. The student must also successfully defend the thesis.

All students in the Master of Music program must pass a general written and oral exam designed and administered by the student's advisory committee at the end of the degree program.

Master of Arts in Interdisciplinary Studies with a Concentration in Music

Degree Requirements

Students must complete 36 semester hours, including 12 to 18 hours of graduate Music courses, including MUS 6334, and nine to 15 hours from the music courses shown below. In addition, students must complete 18 to 24 hours of graduate courses from two or more other areas in the University. See also the master's degree graduation requirements in this catalog.

The University of Texas-Pan American

College of Business Administration

♦ General Overview

The College of Business Administration (COBA) at The University of Texas-Pan American has 60 full-time faculty who serve approximately 2,650 students who are working toward the Doctor of Philosophy (Ph.D.) in Business Administration with an emphasis in International Business, the Master of Business Administration (MBA), Masters of Accounting (MACC), Master of Science in Accounting (MSA), or the Bachelor of Business Administration (BBA). All programs in the college of Business Administration are fully accredited by the American Assembly of Collegiate Schools of Business (AACSB) International.

Academic Programs

The COBA is organized into four departments: the Department of Accounting and Business Law, the Department of Computer Information Systems and Quantitative Methods, the Department of Economics and Finance, and the Department of Management, Marketing and International Business. The four department chairpersons, the MBA program director, the Ph.D. program director, the director of undergraduate studies, and the associate dean serve with the dean in coordinating the academic activities of the college.

COBA also has the Neuhaus Center for Entrepreneurship and Economic Education, which is committed to advancing the scholarship of entrepreneurship, and the Center for Tourism Research, conducting research on issues of tourism, border shopping behavior and ecotourism in the lower Rio Grande Valley area.

Graduate Programs in Business Administration

Dr. Jerry Prock, Director, MBA Programs

Business Administration Building, Room 124 1201 W. University Drive Edinburg, TX 78541-2999 Telephone: 956/381-3313 Fax: 956/381-2970 E-mail: jprock@utpa.edu

Purpose

The Office of Graduate Progams in the College of Business Administration provides for advanced study leading to the Master of Business Administration (MBA) degree, The Master of Accountancy (MACC) and Master of Science in Accounting (MSA). The mission of the business master's programs at The University of Texas-Pan American is to provide South Texas with high quality graduate business education programs comparable to the leading regional business education institutions in the nation.

Business Master's Degree

Admission Requirements

To be admitted to any of the master's programs in business, the student must first meet all requirements for admission to graduate study at The University of Texas-Pan American, as well as the additional requirements of each master's program in business. Application for admission to the University is made to:

Office of Graduate Studies

The University of Texas-Pan American 1201 W. University Drive Edinburg, TX 78541-2999

- All students applying for admission to a master's program in business must provide the following to the University Office of Graduate Studies:
 - 1. Application
 - 2. Official transcripts from all previous colleges and universities
 - 3. Official GMAT score

 If necessary, catalog(s) for evaluation of transcript(s). Copies of this material will be forwarded to the College of Business Administration.

Student Classification and Admission Criteria for the Master's Program

The student should note that classification and admission criteria for the master's program in business are in addition to those for admission to the University for graduate study.

Graduate Student Admission Classification — Students who satisfy the University graduate admission criteria (see page 21) must then be evaluated for admission to a master's program in business.* Admission is based on an indication that the student will succeed in the respective master's program.

The GMAT score in combination with the GPA of the last 60 credit hours of undergraduate coursework is the general minimum criteria for admission to the MBA Program [GMAT+(200XGPA)=950]. Students may appeal to the master's committee for admission based on other strong indicators of success in the respective program.

* Contact the business master's programs office for complete details regarding admission.

Admission of International Students

International students whose native language is not English are required to take the Test of English as a Foreign Language (TOEFL). A minimum score of 500 is required to be admitted to a master's program in business.

Graduate Assistants

The College of Business Administration at UT Pan American employs graduate assistants as teaching or research assistants, depending upon the needs and budget of the college. Assistantships are awarded on a semester-bysemester basis with renewal based on successful academic and graduate assistant performance. Full-time graduate assistants are required to devote approximately 20 hours per week per semester to their assignment while maintaining an enrollment in a minimum of nine hours of graduate coursework or 12 hours of undergraduate coursework leading to the completion of the master's degree. Graduate assistants employed during summer sessions are expected to enroll in at least six hours of graduate or undergraduate coursework leading to a master's degree. Reappointment of a graduate assistant shall be limited to a maximum of three years.

Applications for Assistantship Awards are available through the office of the dean or the office of the business master's programs. The completed application must be submitted to the director of business master's programs. New students applying for an assistantship must submit a letter stating that they do intend to enroll in a master's program in the College of Business Administration. Decisions to award graduate assistantships are made on a competitive and/or college-need basis by the director of the business master's programs, and where appropriate the chair of the department involved. Graduate students placed on academic probation or suspension are ineligible to serve as graduate assistants.

The MBA program is designed for those who desire to pursue advanced study in a multicultural business environment as a means of enhancing their business and administrative careers. Specifically, the program is designed to aid in meeting the career needs of those:

1. in executive or administrative positions in business, industry, government and service industries who wish to enhance their career opportunities;

2. who wish to broaden their knowledge in the functional business areas in order to be more effective and self-assured in their management abilities; and,

3. who are just starting their business careers or who plan to continue their study leading to the Doctor of Philosophy or Doctor of Business Administration degree.

Scope

The MBA degree is a broad-based program designed to give the student exposure to management and analytical decision-making skills necessary to function in a changing business environment. The UT Pan American MBA program is for those individuals who have a bachelor's degree in any discipline. The program requires a minimum of 36 hours of graduate study and generally is completed within two academic years of study. MBA foundation courses or their equivalents should be taken prior to enrolling in advanced classes. For additional information, contact the director of the MBA Program.

A student may enter the program at the beginning of either the fall or spring semesters or the summer session, provided admission criteria are satisfactorily completed. The MBA courses are scheduled for evening hours or weekends to accommodate the large number of students with full-time day jobs.

MBA Degree Requirements

The number of hours required for an MBA degree will vary depending upon a student's prior academic coursework and the suggested foundation courses.

In addition to fulfilling general requirements for a master's degree specified by The University of Texas-Pan American, candidates for the MBA should complete foundation courses or their equivalents.

MBA Foundation Courses				0-15 hours	
	INTB	6304	Business Foundations	3	
	FINA	3383	Managerial Finance	3	
	ACCT	6301	Principles of Accounting	3	
	ECON	6301	Principles of Economics	3	
	QUMT	6303	Statistical Foundations	3	

Foundation coursework: MBA foundation coursework should be completed prior to taking advanced courses in the MBA Program unless the student is granted approval by the director of the MBA Program.

Students should also provide evidence of proficiency in mathematics and computer literacy. Students needing math may complete the business calculus course MATH 1322 and students without computer user efficiency may enroll in CIS 1301.

Degree applicability of coursework from business programs that are not accredited by the American Assembly of Collegiate Schools of Business (AACSB)-The International Association for Management Education must be determined through appropriate validation procedures and/or examination. Final approval of non-AACSB accredited coursework will be by the director of the business master's programs.

MBA Core			27 hours

MANA	6390	Strategic Management	3

Graduate Electives

9 hours

Electives will be selected from approved graduate offerings of the University. Six hours may be taken from offerings outside the College of Business Administration with the approval of the MBA director.

Emphasis

Students may have an emphasis in the MBA program by taking at least nine graduate hours in one designated area. The designated area may be accounting, economics, finance, management, management information systems or marketing.

TOTAL FOR MBA DEGREE

36-51 hours

Thesis Option

A student may elect to write a thesis in lieu of six hours of graduate elective coursework.

■ Three "C" Rule

A master's candidate is ineligible to continue in the program if a grade of "C" or lower is received in three or more of the following core courses:

ACCT	6320	Financial and Managerial Accounting
MANA	6330	Organizational Behavior
FINA	6340	Financial Administration
ECON	6350	Managerial Economics
MANA	6360	Operations Management
MARK	6370	Marketing Policy and
		Management
MIS		6330 Management Information
		Systems
QUMT	6310	Business Research Foundations

Receipt of a higher grade in a course that has been repeated does not cause the original grade to be disregarded in the application of this rule; all earned grades are included.

■ Professional MBA Program (Weekend)

The Professional MBA Program is a 24-month program designed to educate students to function effectively as leaders in today's changing and challenging business world. The program is scheduled to accommodate executives and professional individuals who wish to pursue a graduate business education while maintaining full-time employment.

The program consists of four sessions spanning a 24month period. Once admitted to the program, the graduate student must enroll for prescribed coursework in each session. Each spring and fall session is scheduled for 14 weekends and generates an average of nine hours of academic credit. All class meetings are scheduled on Saturdays. Success in the program requires a serious commitment by the student and the support and encouragement of the employer. Additional information may be obtained by contacting the director of the business master's program.

MBA Online Program Information

This challenging degree program pools the impressive resources and diverse perspectives of accredited University of Texas System institutions. Students will find a highly skilled, statewide team of professors presenting a broad, interactive curriculum.

Areas of study in this collaborative general management degree include accounting, finance, administration, business law, economics, marketing, statistics and technology. Courses are designed for a clear understanding of a marketplace that has become increasingly complex with the addition of new technologies and communications tools.

UT TeleCampus is a central support unit for online education within the University of Texas System. The TeleCampus features an award-winning website similar in design to a traditional campus with admissions links, hundreds of learning resources and support services. Students apply to their choice from seven participating campuses, and this selected campus awards the MBA degree upon successful completion of studies. All eight partner campuses provide courses toward the collaborative 48-hour degree. Courses are delivered via the TeleCampus Web site and contain multimedia and creative instructional technology. Students interact via chat rooms and Internet-based group activities and research projects. Class size is limited to encourage high levels of student-to-professor and student-to-student interaction. Courses run semester to semester in keeping with the academic calendars of the UT System.

Participating Campuses in the MBA Online:

The University of Texas at Arlington The University of Texas at Brownsville The University of Texas at El Paso The University of Texas-Pan American The University of Texas of the Permian Basin The University of Texas at San Antonio The University of Texas at Tyler The University of Texas at Dallas contributes courses toward the program.

All universities are SACS accredited (Southern Association of Colleges and Schools), most are AACSB accredited (The International Association for Management Education Accreditation) with the remainders in the AACSB candidacy process.

Program Delivery System

The program can be completed entirely at a distance using Internet technologies for course delivery and student support via the World Wide Web.

For more information about participating in the MBA Online program, contact the advisors listed on the participating institutions page or call UT TeleCampus at 1-888-TEXAS-16.

MBAO Tuition and Fees

The amount of tuition and fees charged by each UT System campus differs and is based on residency status. As a result, the cost of taking a course in the MBAO program will vary depending on which campus hosts that course. Since the MBAO is a collaborative program, students will take two (three-hour) courses from each of the eight participating campuses to complete the 48-credit hour degree plan. Students are billed individually by each host campus.

For detailed campus-specific tuition and fee amounts, please link to each participating campus. Please contact Marta Hubbard (mhubbard@utsystem.edu) 1-888-TEXAS-16 if you have additional questions about tuition and fees.

Master's Programs in Accounting

Dr. Kent Fields, *Chair*

Business Administration Building, Room 220 1201 W. University Drive Edinburg, TX 78541-2999 Telephone:956/383-2406 Fax: 956/381-2407 E-mail:kfields@utpa.edu

The Master of Accountancy (MACC) and Master of Science in Accounting(MSA) programs are designed to enable students to compete for professional accounting positions in business and government as well as in public accounting firms. Either degree qualifies a graduate to meet the 150-hour requirements of the Texas State Board of Public Accountancy to sit for the Certified Public Accountant examination, and permits specialization in accounting beyond that possible in the MBA program or the undergraduate accounting degree (Bachelor of Business Administration).

"In our programs, we provide a learning environment to develop a diverse set of skills in students including technical competence, critical thinking, strong communication abilities, and the ability to use technology to prepare them for professional careers in a dynamic world." The foregoing statement, taken from the department mission statement, reflects the desired learning outcomes from both the undergraduate and graduate programs. The MACC and MSA programs further develop those learning outcomes.

Both the MACC and MSA programs meet the same educational objectives; however, each program addresses the needs of a slightly different population. The MACC program assumes that the student either has an undergraduate degree in accounting or has taken the leveling course necessary to succeed in the program. It meets the needs of past graduates in accounting as well as those who may wish to retrain themselves to be accountants. The MSA program leads to the simultaneous awarding of a BBA with a major in Accounting and a Master of Science in Accounting. The program is designed for above average students who are willing to commit themselves to a "five-year program" during their junior year. The option allows them to achieve the two degrees with fewer total hours than if an undergraduate degree was obtained before entering a graduate program.

MACC Program

To be admitted to the MACC program, the student must first meet all requirements for admission to graduate study at The University of Texas-Pan American, as well as the MACC requirements specified under business master's degree admission requirements. Application for admission to the University must be made to:

Office of Graduate Studies

The University of Texas-Pan American 1201 W. University Drive Edinburg, TX 78541-2999

MSA Program

To be provisionally admitted to the MSA in accounting program, a student must meet all of the following criteria:

1. Have completed 75 hours of undergraduate work with an overall grade point average of 2.5 or higher;

2. have a grade point average of 3.0 or better in ACC 2421, ACC 2329, and the first accounting course taken numbered in the 3000 range.

Students with provisional admission to the MSA program will apply for unconditional admittance to the MSA program during the last semester of their senior year. At that time, they must meet the following criteria:

1. Have no more than nine hours of undergraduate work remaining;

2. Have an overall grade point average of 2.5 or higher;

3. Have a grade point average in accounting courses of 3.0 or higher;

4. Provide a letter of intent explaining why they wish to obtain the MSA degree.

Unconditional admittance to the program allows the student to begin to take graduate-level courses while completing the remaining undergraduate work. Students who have been provisionally admitted to the MSA but who fail to be unconditionally admitted during the last semester of their senior year will be expected to meet the BBA in accounting degree requirements to receive a bachelor's degree; further, such students may seek admittance into the MACC program to complete a graduate degree in accounting.

**Students provisionally admitted to the MSA program and making an "A" in BLAW 3337 and/or FINA 3383 may waive MACC 6333 and MFIN 6316 respectively.

The MSA program has several courses unique to that alternative. At the undergraduate level, the student takes ACC 3326 Accounting Information Systems rather than CIS 3390 Management Information Systems. Also, the student takes ACC 3328 Advanced Managerial Accounting rather than MANA 4363 Production Management. Additionally, students earning an "A" in BLAW 3337 and/or FINA 3383 may waive MACC 6333 and FINA 6340 respectively. Finally, students in the MSA program do not have to have three hours of accounting electives as specified in the BBA program.

Both the MSA and MACC programs will offer graduate courses in two delivery formats: the traditional classroom setting and online through the Center for Distance Learning at The University of Texas-Pan American. A student may take all courses in either format or may select a mix of delivery methods. However, a student must have the permission of the chair of the accounting and business law department to enroll in more than nine hours of graduate work during a single semester.

Course Descriptions

Descriptions of the courses for the master's program in business can be found under the appropriate course prefix title in the Course Descriptions section of this catalog beginning on page 164, 166.

Dectoral Program in Business Administration

Dr. Michael Minor, Director

Business Administration Building, Room 114 1201 W. University Drive Edinburg, TX 78541-2999 Telephone:956/316-7135 Fax:956/381-2867 E-mail: cobaphd@utpa.edu

Mission

The Ph.D. Program in business administration with an emphasis in international business is designed to prepare students for careers in research and teaching. Flexibility in program design allows for students who seek career opportunities in the global business environment. The program seeks to create an intellectual climate that embraces diversity and global awareness. The college is committed to meeting the needs of the Rio Grande Valley region, and particular emphasis is placed on business practices as they relate to North, Central and South America.

Scope

The doctoral degree in business administration with an emphasis in international business is a minimum 66-hour, double-major degree program. In addition to the focus on International Business, each student selects a functional area major from finance/economics, management or marketing. In consultation with his or her advisory committee, the student selects courses to create an individual degree program. All students are expected to complete a quantitative methods sequence and a support field sequence designed to provide an understanding of the cultural, political and social implications of global business.

Easy access to the maquiladoras and numerous exchange agreements make it possible for the student to engage in joint research projects with an international university. All students are expected to demonstrate a working command of a language other than English before graduation. After coursework is completed, students take comprehensive examinations followed by the writing and defending of the dissertation. Each dissertation is expected to make a significant contribution to the field of knowledge encompassing global business administration.

■ Foundation Coursework

All students entering the Ph.D. program are required to have a business administration foundation. The foundation may be achieved by holding an MBA degree, an MS in a business field or a selection of coursework designed to provide the foundation. Any deficiency in the foundation coursework should be removed before the student enrolls in doctoral-level work. Foundation courses include the following:

Mathematics minimum six hours of linear algebra/calculus (MATH 1401 and MATH 2345) minimum three hours at the Economics graduate level (ECO 6350 or equivalent) minimum three hours at the Accounting graduate level (ACC 6320 or equivalent) Finance minimum three hours at the graduate level (FINA 6340 or equivalent) minimum three hours at the Management graduate level (MANA 6330 or equivalent) minimum three hours at the Marketing graduate level (MARK 6370 or equivalent) Statistics minimum three hours at the graduate level (QUMT 6303 or equivalent)

■ Transfer of Coursework

Up to 18 hours of doctoral course credit may be transferred toward the degree at UT Pan American. However, hours are not automatically transferred. Students must apply to the Ph.D. program director to have specific courses evaluated for inclusion in their degree plans. In general, courses transferred must have been taken in a time frame that permits the student to complete degree requirements at UT Pan American within a 10-year span from the date of first enrollment in transferred courses.

Ph.D. Degree Requirements

The Ph.D. degree is a minimum 66-hour degree program. The precise number of hours depends on the program designed by the student and his or her program advisory committee and by the length of time required to complete the dissertation. The 66 hours include:

International Business Major	15 hours
Functional Area Major	15 hours
Quantitative Sequence	12 hours
Support Field	9 hours
International Internship	3 hours
Dissertation	12 hours
Total	66 hours

Admission to the Ph.D. Program

To be admitted for graduate study at The University of Texas-Pan American, the student must submit the following materials to the Graduate School:

1. application for admission to the University,

2. transcripts from all previous college or university coursework,

3. official scores from the Graduate Management Admission Test (GMAT),

4. official scores from the Test of English as a Foreign Language (TOEFL), if English is not the primary language of the applicant, and

5. official scores from the Test of Spoken English (TSE), if applicable.

In addition, the student must submit the following documents directly to the Ph.D. Program in business administration, College of Business Administration:

1. application for the doctoral program in business administration,

2. three letters of recommendation from references who can attest to the applicant's scholarly potential,

3. copy of official GMAT scores,

4. a brief essay from the applicant describing his or her objectives in pursuing doctoral study, and

5. a non-refundable check in the amount of \$35 (U.S.) payable to The University of Texas-Pan American to cover costs of application evaluation.

Admission decisions for the doctoral program are made by an admissions committee. The committee members make a determination with respect to the probability of success. Thus, the student should provide materials that will be helpful in making this determination.

Applications are for entrance to the program in the fall semester. For fall admission, all documents should be received by the doctoral program by March 15 preceding the fall of entrance desired. No students are admitted to begin in spring or summer. Each student must demonstrate a fluency in Spanish, Portuguese or another foreign language that supports the dissertation research. Demonstration of language skills includes, but is not limited to, the following: 1) performance by writing a scholarly paper in the language; 2) submitting college transcripts showing a minimum of three years of language (18 semester hours) at the undergraduate level; 3) showing evidence of participating in a concentrated language institute to the intermediate level, or 4) receiving scores above the 70th percentile on the standardized test in language. Language fulfillment is the responsibility of the student and is in addition to hours required for the degree.

All students are required to take written and oral comprehensive examinations in their major fields and in methodology at the close of the coursework stage of study. Successful completion of the exams is required before the student may enroll in dissertation hours.

• Course Scheduling and Residency Requirement

Doctoral courses are generally scheduled in the afternoons. This schedule permits students on assistantships to teach courses in the mornings or in the evenings.

Each student must complete a residency as a full-time student consisting of a minimum of two consecutive long sessions with a minimum of nine hours in each semester. Hours of dissertation credit may not be used to fulfill this requirement.

Maximum Period for Completion

A student has a maximum of 10 years from the date of first entry into doctoral-level courses to complete the degree. Under special circumstances, an extension for an additional year may be granted by the student's Doctoral Dissertation Committee. If a student exceeds the 10-year limit, the Doctoral Dissertation Committee will determine if the student will be permitted to continue in the program and what additional coursework or activities will be required to complete the degree.

Assistantships

The college has limited funds available exclusively for Ph.D. students. Assistantships are made on a competitive basis, and the judgment of the admissions committee regarding distribution of assistantships is final. No financial support from the doctoral program is usually available for part-time students. Incoming applicants requesting assistantships from the College of Business Administration should submit their request with their application materials. Academic performance will be reviewed each year to ensure that the student is making satisfactory progress.

The Ph.D. program director will notify continuing students of the time lines for renewing or applying for assistantships.

At a minimum the student must be in good academic standing, enrolled in nine hours as a graduate student during the fall and/or spring semester. The maximum amount of time allowed for assigned teaching and research duties is 20 hours per week.

Students should contact the UT Pan American Financial Aid Services to determine if other sources of financial aid are available.

Course Descriptions

Descriptions of the courses for the Ph.D. program in Business Administration can be found under the appropriate course prefix title in the Course Descriptions section of this catalog beginning on page 164.

The College of Education includes the Department of Curriculum and Instruction, the Department of Educational Psychology, the Department of Health and Kinesiology and the Department of Educational Leadership.

College of Education

Academic Programs

The College of Education offers the following degree programs at the graduate level: the Master of Education in bilingual education, special education, early childhood education, elementary education, secondary education, reading, educational diagnostician, gifted education, guidance and counseling, kinesiology, educational administration and supervision; the Master of Arts in school psychology; and the Ed.D. in educational leadership.

The college also offers the opportunity for completion of certificates and endorsements at the graduate level.

Although the graduate programs in education are intended primarily for personnel in public/private schools, the knowledge and skills taught are applicable to other agencies. A student may complete some M.Ed. programs at The University of Texas-Pan American without meeting all the teacher certification requirements. Please consult with the director of each program for more specific guidelines and information.

Credit for 5000-level courses may not be given to a student with previous undergraduate credit in similar courses.

At the undergraduate level, the College offers a Bachelor of Science degree with majors in kinesiology, health and Bachelor of Interdisciplinary Studies for elementary teachers. The College of Education also offers undergraduate certification in elementary, secondary and all-level art, music and kinesiology education with options for specialized endorsements in special education, early childhood, bilingual education and gifted education. Students are encouraged to check with the departments early in their program for specific degree requirements and development of degree plans.

All programs in the College of Education are fully accredited by the State Board for Educator Certification.

Dr. Velma Menchaca, Interim Dean

College of Education, Room 142 1201 W. University Drive Edinburg, TX 78541-2999 Telephone: 956/381-3627 Fax: 956/381-2184 E-mail: menchaca@utpa.edu On the Web: http://www.utpa.edu/colleges/coe.cfm

2005-2007 Graduate Catalog

Graduate Admission Requirements of the College of Education

In addition to the general admission requirements set out elsewhere in this catalog, the following specific requirements must be met:

1. Applicants for admission will be required to have completed 18 hours of undergraduate work in their proposed graduate major field. These 18 hours will include a minimum of 12 hours of advanced work. Each minor graduate field presented will require evidence of completion of 12 hours of undergraduate work, of which six must be advanced hours.

2. Satisfactory completion of an oral examination following the completion of 12-18 hours of graduate work.

3. Satisfactory completion of a written comprehensive examination during the last semester of graduate work.

4. The student must also complete any specific admission, program and exit requirements of the program he or she wishes to pursue. Requirements for admission to certification programs in educational administration, special education, school psychology, guidance and counseling, and gifted education are specifically outlined in their respective sections of this catalog.

Teaching Certificates

Students may pursue work toward professional certification simultaneously with work toward a graduate degree. Candidates for the Master of Education degree should complete the academic requirements for the professional certificate as a counselor, an educational diagnostician, a supervisor or an administrator, or in gifted education. Candidates for the Master of Arts or the Master of Science degree should complete the academic requirements for the professional certificate in the major field selected for the degree.

Candidates who already hold a master's degree may qualify for the professional certificate and are encouraged to seek certification in so far as it serves their educational and professional objectives. Applicants for the professional certificate must hold the provisional certificate, which requires only three years of satisfactory teaching experience (except for the administrator's certificate, which requires only two years of satisfactory teaching experience), and must have completed all of the requirements for the appropriate master's degree.

Because the provisional certificate is based upon the bachelor's degree, no more than six hours of the work used to obtain the master's degree may apply toward this certificate. These six hours may not also be applied toward the professional certificate.

An application for the professional certificate should be made in the Certification Office, Room 139, in the College of Education during the semester in which the certification requirements will be completed. Students may not qualify for a professional certificate at UT Pan American unless they already hold the master's degree or have completed all of the requirements for the appropriate master's degree.

Curriaduum and Instruction

Dr. Veronica Lopez Estrada, Department Chair

Education Complex, Room 2.510 1201 W. University Drive Edinburg, TX 78541-2999 Telephone: 956/381-2431 or 380-8792 Fax: 956/381-2434 E-mail: vlestradaa@utpa.edu

Graduate Programs

The Department of Curriculum and Instruction offers Master of Education degrees in early childhood, elementary education, elementary bilingual education, secondary education and reading.

Master of Education Degree in Bilingual Education

The role of the bilingual/bicultural education specialist is that of a leader and master teacher in the field. Such a field includes knowledge, skills and attitudes that are characterized by linguistic, cultural and instructional dimensions. The M.Ed. degree with specialization in bilingual education provides an opportunity to develop such characteristics.

98

The University of Texas-Pan American

Requirements for Admission

In addition to meeting the University's graduate school admission requirements outlined in this catalog, students must meet the bilingual education program admission requirements stated below:

1. The applicant must be a fully certified elementary or secondary teacher.

2. The applicant must submit at least two letters of recommendation from individuals in the position to judge the professional and academic potential of the applicant.

3. The applicant must submit a 250 word essay written in both English and Spanish demonstrating his/her interest in this masters program and goals upon its successful completion.

Master of Education Degree in Reading

The purpose of the Master of Education in reading degree program is to prepare professionals to assume responsible leadership positions in the field of reading as alllevel reading specialists. The objectives of the program are to provide in-depth study of:

1. theory, knowledge and research-based instructional practices in reading education;

2. instructional design, delivery, and assessment in reading education for students with diverse backgrounds including those with reading difficulties or disabilities;

3. effective communication, collaboration, and leadership skills and techniques; and

2005-2007 Graduate Catalog

College of Education

4. theory and knowledge of mentoring, coaching, and consultation in the development, implementation, and evaluation of effective reading programs.

Requirements for Admission

In addition to the University's graduate admission requirements, the admission requirements for the Master of Education in reading program are as follows:

1. The applicant must have a 3.0 graduate admission grade point average (GPA) or more on a 4.0 scale in the last 60 semester hours or 90 quarter hours completed.

2. The applicant must submit at least three letters of recommendation from persons in a position to judge the professional and academic potential of the candidate.

3. The applicant must submit a writing sample (e.g., an essay or business letter that reflects the applicant's professional interest and/or professional goals in reading education).

4. The applicant must hold a valid teaching certificate and have taught in a public or private school setting for a minimum of two years. Copies of teacher educator certificates and teacher service record(s) indicating two years of successful teaching must be submitted to the program director. This requirement is waived for applicants teaching in community college settings.

5. The applicant must have earned a minimum of 24 semester credit hours, or a minor, of coursework in reading or a reading-related field at the undergraduate level (e.g., English language arts/reading, English, bilingual education/ ESL, special education or linguistics).

Overview of Graduate Programs

The Department of Educational Psychology offers the Master of Education degree in guidance and counseling, educational diagnostician, gifted education, special education, and the Master of Arts in school psychology. It also offers an endorsement in gifted education at the graduate level and an endorsement in educational technology.

Mission Statement

The Department of Educational Psychology consists of programs which are designed to meet the educational needs of individuals from diverse socioeconomic, sociocultural, and linguistic backgrounds in the South Texas Region, Southwestern United States and the United States. It is committed to providing the highest quality of instruction, faculty development, student advisement, and educational services to the community and research in various fields of endeavor.

♦ Goals

The goals of the Department of Educational Psychology are all-inclusive and ambitious in their role to create fertile ground for the overall mission of the department. These goals include an ongoing effort:

1. to offer educational programs which respond to the needs of individuals of diverse socioeconomic, sociocultural, and linguistic backgrounds in Texas, Southwestern United States, and the United States;

2. to provide core studies for other graduate and undergraduate programs in the College of Education;

3. to create and utilize research-based teaching practices to enhance the quality of instruction in higher education;

4. to provide opportunities for the faculty and students to be engaged in scholarly research, particularly focusing on issues related to diverse populations;

5. to provide systematic recruitment, retention and advisement to students;

6. to provide services to local and regional educational agencies through consultation, technical assistance and evaluation;

7. to encourage and foster student involvement and leadership in professional organizations and activities at the local, state, and national levels;

8. to provide opportunities for the blending of theory and practice through University field-based programs; and

9. to develop state of the art facilities, resources and technology for local and distance education.

Master of Education Degree in Guidance and Counseling

Mission

The mission of the Guidance and Counseling program is to prepare a highly competent professional who can respond to the life span mental health needs of a multicultural community. Preparation of the professional counselor is accomplished through completion of a program of studies designed to ensure that the counselor will demonstrate the highest quality of professional knowledge, skills and attitudes in a learner-centered environment.

The counselor is an integral part of the academic services in public school education who serves to facilitate the growth

Guidance and Counseling

and learning of students. The counselor, upon completion of the Master of Education degree in guidance and counseling, will be professionally prepared to provide services in the following areas: guidance curriculum, responsive services, individual planning and systems support. The counselor will provide direct services to students as a counselor, consult with others to address issues facing students and coordinate services with programs and agencies within the school and in the community.

Requirements for Admission

Total Licensure Plan

1. Preliminary Admission to Counselor Education

- A student is required to be admitted to the University for graduate studies with "tentative,"
 "probationary" or "clear" admission. (See page xx for admission requirements for graduate study.)
- **B.** Upon admission to graduate studies, a student may enroll in EPSY 6350 or EPSY 6370 or 6361 or ED 6360 (Licensure Plan only).
- **C.** The student is required to submit an application for admission to the Master of Education degree program in guidance and counseling.

2. Provisional Admission to Counselor Education

- **A.** A student must have "probationary" or "clear" admission to graduate studies.
- B. A student must satisfactorily complete EPSY 6361, EPSY 6362 and EPSY 6367 with a grade of "A" or "B."

3. Formal Admission to Candidacy in Counselor Education

- A student is required to:
 - **A.** have "clear" admission to the University.
 - **B.** complete "provisional" admission requirements.
 - C. satisfactorily complete the oral examination.
 - **D.** demonstrate competence in the helping relationship.
 - E. have completed EPSY 6364 with a grade of "A" or "B."

NOTE: A student may not enroll in EPSY 6365, EPSY 6368 or EPSY 6369 without formal admission to Counselor Education.

• Appeal Process for Students Denied Admission

Students who are denied admission for any single reason may appeal to the Counselor Education faculty in the following manner:

1. File a letter of appeal.

2. Provide an essay that details significant life events, with an emphasis on achievements and responsibilities, that would indicate an ability to undertake graduate work and a probability for success in the field of counseling.

3. Complete an interview by a committee of Counselor Education faculty.

The faculty may accept the appeal, deny the appeal or accept the appeal with conditions, i.e., additional academic work, personal counseling and/or similar experiences.

Exit Requirements

1. Completion of all course requirements in a planned program, with a minimum 3.25 grade point average.

2. Satisfactory completion of the written comprehensive examination (to be taken during enrollment in EPSY 6368 in the Guidance and Counseling program).

Master of Education Degree as an Educational Diagnostician

The primary purpose of the educational diagnostician is to conduct and/or coordinate the initial full individual evaluations of students suspected of having disabilities from preschool age through 21 in public school. Educational diagnosticians also conduct and/or coordinate full individual re-evaluations of students currently receiving special education and related services to determine continued eligibility. This program prepares the prospective educational diagnostician to conduct evaluations and compose written reports that address each of the following areas: physical health (including motor coordination), language (including mode of communication), sociological and emotional factors, intelligence and adaptive behavior, educational achievement levels, assistive technology needs, and career interest and aptitude. Students in the educational diagnostician program also are prepared to: interpret results of evaluation data to parents and other professionals; work with the multidisciplinary team to plan and incorporate appropriate teaching strategies, methods, materials and mastery level into the individual education plans of students with disabilities; assist public schools by possessing knowledge of compliance issues regarding federal and state laws, rules and regulations that affect students with disabilities; and understand the importance of the child centered process in all aspects of education.

Requirements for Admission

Preliminary Admission: Students are required to be admitted to the UTPA Graduate School. See the graduate admission criteria in this catalog for specific information.

Program Admission: In addition to UTPA's graduate admission requirements, students must meet the Educational Diagnostician Program admission requirements below.

1. Applicants must be a teacher certified in special education or be willing to obtain special education certification and a minimum of one year's special education teaching experience.

Documentation required:

Texas Teacher Certificate(s) Special Education ExCET/TExES Scores Teacher Service Record Teacher Evaluation Reports

2. Applicants should have a 3.0 grade point average or

more on a 4.0 scale in the last 60 hours or 90 quarter hours completed.

3. Applicants must submit an application including a letter of intent stating reasons for pursuing a Master of Education degree as an educational diagnostician.

4. Applicants must submit at least three letters of recommendation from persons in a position to judge the professional and academic potential of the candidate.

Program admission is not based on any single criterion; multiple criteria are considered.

Degree/Certification Requirements

Consult the program coordinator for appropriate sequence and required prerequisites.

SBEC Standards

In keeping with the State Board of Educator Certification (SBEC) Standards for Educational Diagnosticians (Texas Administrative code, Title 19, Part 7, Chapter 239, Subchapter C, Rule \diamond 239.83), courses in this program address the following areas:

1. purpose, philosophy, and legal foundation of evaluation and special education;

2. ethical and professional practices, roles and responsibilities;

3. collaborative relationships with families, educators, school, community, outside agencies and related service personnel;

4. student assessment and evaluation, program planning, and instructional decision making;

5. eligibility criteria and procedures for identifying students with disabilities and determining the presence of an educational need;

6. selection, administration, and interpretation of appropriate formal and informal assessments and evaluations;

7. ethnic, linguistic, cultural, and socioeconomic diversity and the significance of student diversity for evaluation, planning and instruction;

8. scheduling, time management, and organization;

9. addressing behavioral and social interaction skills of students through appropriate assessment, evaluation, planning and instructional strategies; and

10.curricula and instructional strategies for individuals with disabilities.

Additional Program Requirements

Students are required to take the oral examination during EPSY 6380 and the written comprehensive final examination during EPSY 7303. The written comprehensive examination and the Generic Special Education ExCET/ TExES are both benchmarks for the Educational Diagnostician ExCET/TExES.

Master of Education Degree in Gifted Education

The purpose of the Master of Education degree in gifted Education is to prepare professionals to assume responsible leadership positions in the education of gifted and talented students. The program objectives are to provide in-depth studies of the:

1. theory, knowledge and practices in gifted education,

2. measurement and assessment theory in gifted education,

3. assessment and development of creativity,

4. instructional strategies, program development and evaluation in gifted education, and

5. special problems of gifted individuals.

The program also provides opportunities for graduate students to develop professional competency through applied practice in different educational settings. Further, students may elect to participate in opportunities to research gifted individuals from bilingual or multicultural or heterogeneous socioeconomic populations.

Requirements for Admission

In addition to the University's graduate admission requirements, the Gifted Education Program's admission requirements are as follows: The applicant must:

1. submit official transcript(s) of all prior undergraduate and graduate work, an official score report on the Graduate Record Examination (GRE), and completed application forms to the Office of Admissions and Records by the dates indicated in the University Gradate Catalog;

2. hold a bachelor's degree from a college or university accredited by the regional accrediting association for the region in which the institution is located;

3. have a 3.0 undergraduate admission grade point average or more on a 4.0 scale in the last 60 semester hours or 90 quarter hours completed;

4. submit at least three letters of recommendation from persons in a position to judge the professional and academic potential of the candidate;

5. participate in a structured interview with the coordinator of the gifted program; and

6. hold a valid teaching certificate and have taught in a public or private school setting for a minimum of two years.

Degree Requirements

The master's degree in gifted education provides the option of either a 39-hour thesis program or a 39-hour non-thesis program. Both programs consist of a core of 27 hours including two three-hour practicum courses (the first focusing on the teaching of gifted students, the second on the administration of gifted programs) and six hours of designated electives. The thesis program requires six hours of thesis, the non-thesis program either six hours of applied research or six hours of designated electives, the choice of electives to be determined through consultation between the student and his or her graduate advisor.

In addition, the student is required to pass a written, comprehensive examination.

Master of Arts Degree in School Psychology

The purpose of the 6o-hour master's degree program in school psychology is to prepare school psychologists for those schools and agencies that provide treatment and educational programs in a society that is linguistically, socioeconomically and socioculturally pluralistic. The thrust of the program will be for students to develop and acquire the knowledge necessary to conduct applied and basic research, psychological and educational assessment for intervention, cognitivebehavioral-psychodynamic psychotherapy and interdisciplinary consultation with teachers, administrators, parents and community agencies. Additional credit hours are required to be eligible for state licensure.

School psychologists will be educated to be consultants to other professionals such as counselors, teachers and administrators; to provide psychological and educational diagnosis and assessment; to provide direct psychotherapy and cognitive-behavioral intervention; and to provide research and evaluation services to school districts and agencies.

Degree recipients will receive preparation for the following credential(s):

1. Certification as Psychological Associate by the Texas State Board of Examiners of Psychologists.

2. Licensed Specialist School Psychologist (LSSP) by the Texas State Board of Examiners of Psychologists.

3. National Certification as a School Psychologist by the National Association of School Psychologists. (Students seeking the certification must consult with their advisor concerning NASP requirements.)

Requirements for Admission

In addition to the University's graduate admission requirements outlined beginning on page 21, students must meet the School Psychology Program admission requirements as shown below.

1. The applicant must have a 3.0 grade point average or more on a 4.0 scale in the last 60 semester hours or 90 quarter hours completed.

2. The applicant must submit Graduate Record Examination (GRE) scores.

3. The applicant must submit at least three letters of recommendation from persons in a position to judge the professional and academic potential of the candidate.

4. The applicant must submit a letter of application with a statement of reasons for pursuing a master's degree in school psychology to the coordinator for the school psychology program.

• Degree Requirements

The degree of Master of Arts in school psychology provides for a 6o-hour thesis program or a 6o-hour nonthesis program. The choice of courses in the major and minor fields, as well as the nature of the supporting work, will be determined through consultation between the student and his or her graduate advisor.

Master of Education Degree in Special Education for the Culturally and Linguistically Diverse Exceptional Learner

The purpose of the Master of Education degree program in special education for the Culturally and Linguistically Diverse Exceptional Learner (CLDE) is to prepare professionals to assume responsible leadership positions in the education of individuals with disabilities who are culturally and linguistically diverse exceptional learners. The educational objectives of this program are to provide in-depth study of:

1. individuals with disabilities and culturally and linguistically diverse exceptional learners (CLDE);

2. theory, knowledge and practices in special education;

3. measurement and assessment theory of the

culturally and linguistically diverse exceptional learner; **4.** instructional and behavioral strategies, program development and evaluation of individuals with disabilities;

instructional technology and adaptive/assistive devices;

6. career education and transitional needs;

7. interagency coordination, consultations and

collaboration with teachers, parents and ancillary personnel;8. cultural diversity of learners and families;

9. knowledge of first and second language development;

10. knowledge necessary to conduct applied and basic research on the culturally and linguistically diverse exceptional learner.

The master's degree program in special education for the Culturally and Linguistically Diverse Exceptional Learner (CLDE) provides opportunities for graduate students to develop professional competencies through applied practice in educational settings and research opportunities involving learners and families from culturally and linguistically diverse backgrounds.

Requirements for Admission

In addition to the University's Graduate School requirements for admission, the Special Education Program's admission requirements for the Master of Education are based upon multiple criteria shown below:

1. the applicant must submit official transcript(s) of all prior undergraduate and graduate work, official score report on the Graduate Record Examination (GRE) and completed UTPA application forms to the Graduate Office of Admissions.

2. the applicant must hold a bachelor's degree from a college or university accredited by the regional accrediting association for the region in which the institution is located.

3. the applicant must have a 3.0 graduate admission grade point average or more on a 4.0 scale in the last 60 semester or 90 quarter hours completed.

4. the applicant must submit to the Special Education Program in the Department of Educational Psychology, the following documentation:

• official transcript(s) of all prior undergraduate and graduate work;

official score report on the GRE; and

• completed Special Education Program Application form for the Master of Education degree in special education for the Culturally and Linguistically Diverse Exceptional Learner.

Application form may be picked up in the Department of Educational Psychology. Four times each academic year (Feb. 21, April 1, Sept. 23, Nov. 20) the Selection Committee for the master's degree program in special education will meet to make their selections of candidates who will be accepted into the program.

5. the applicant must submit an official score report on the GRE scores.

6. the applicant must submit at least three recommendations from persons in a position to judge the professional and academic potential of the candidate.

7. the applicant must submit a statement of reason for pursuing a master's degree in special education along with his/her work experience with individuals with disabilities.

8. the applicant must have completed the following course at the undergraduate or graduate level before beginning the program: survey class of individual difference; educational psychology or a class in human growth and development.

9. the applicant must have work experience with individuals with disabilities or have completed a practicum or internship in special education.

10. the applicant must participate in an interview with the member(s) of the Special Education Program.

Degree Requirements

The master's degree in special education provides the option of a 39-hour thesis program or a 39-hour non-thesis program with a required applied research project. Students who elect a non-thesis program will be required to be involved in a research project. Both programs consist of a core of 21 hours with 18 hours as designated electives. The choice of courses in the major and minor fields, as well as the nature of supporting work, will be determined through consultation between the student and the advisor.

All students must maintain a GPA of 3.0 or greater. A student may earn one grade of "C." Upon earning a second "C," he or she will be terminated from the program.

Students must pass a written comprehensive examination covering coursework deemed important by the graduate faculty. Students will be eligible to take the examination after completing 31 semester hours of coursework. The graduate degree must be completed within seven years.

Guinn, Robert, Professor, Health Jorgensen, Layne, Professor, Kinesiology Mottinger, Sue, Associate Professor, Kinesiology Semper, Louis T., Associate Professor, Kinesiology Shackelford, Dana, Assistant Professor, Dance Villas, Paul, Professor, Health

Graduate Program

The Department of Health and Kinesiology offers a Master of Science degree with a major in kinesiology. You can take courses in the traditional face-to-face classroom at UTPA or you can select UTPA as your Home Campus for the online M.S. degree in kinesiology. Students must complete an oral examination following the completion of 12 hours of graduate work and pass a comprehensive written examination at the end of the program. Students must select either the thesis or non-thesis route. Both are 36-hour programs. The choice of courses in the major and minor fields, as well as the nature of the supporting work, will be determined through consultation between the student and his or her graduate advisor, who is selected by the student and graduate program coordinator.

Four of The University of Texas System universities have collaborated to offer a Web-based master's degree in kinesiology. UTPA is part of the collaborative and is one of the degree-granting institutions. For more information, visit the kinesiology Web site at The UT System TeleCampus Web site, www.telecampus.UTsystem.edu or contact Dr. Layne Jorgensen at lj85f@utpa.edu or Dr. Sue Mottinger at mott@utpa.edu

The Department of Health and Kinesiology uses the University's entrance requirements for graduate student admission to the department's master's program. Students entering the program must have an undergraduate degree in kinesiology (Physical Education) or a related field to be determined by the graduate coordinator. Students not meeting their requirement must do 18 hours of leveling work prior to beginning their studies. The graduate coordinator will determine the courses to be taken.

Master of Science Degree in Kinesiology

Major:	Kinesiology
Certificate:	Professional

Whether you take courses in the traditional face-to-face classroom (KIN courses) at UTPA or you select UTPA as your Home Campus for the online (KINO courses) M.S. degree in kinesiology, the requirements are the same. You must complete 36 hours of coursework including the 12 semester-hour course required by UTPA. Upon completion of 36 hours, you must satisfactorily complete a comprehensive examination of the core courses (12 hours, four courses) listed below.

Specialization Area

24-36 hours

12-24 hours

Required12 hoursAll students must complete the following four coursesfor the M.S. degree in kinesiology at UTPA:KIN 6201 (KINO 6240)History and Philosophy of

KIN 0301 (KINO 0340)	Kinesiology (History and Philosophy)

TOTAL

36 hours

Thesis Option

A thesis option provides the opportunity to conduct original research in an interest area pertaining to sports and/ or kinesiology. A student selecting this option must complete 30 hours of coursework and six hours of thesis credit.

NOTE: Obtaining a Master of Science degree with a major in kinesiology usually requires a minimum of two years as a full-time student. Prospective master's candidates should realize that the required courses in the traditional program cycle every two years and that missing a course may delay their graduation. Check with the online program to determine if the needed course is available. Once the program is begun, the candidate has seven years to complete the requirements.

Course Descriptions

A listing of graduate courses offered by the Department of Health and Kinesiology can be found in the Course Descriptions section of this catalog on page 198. of electives and/or interest areas may be selected from the online courses. If you plan to take both online and traditional delivery courses you must still have graduate faculty advisor approval.

College of Education

Educational Leadership

Dr. Jose R. Llanes, Interim Department Chair

Education Building, Room 1.510A 1201 W. University Drive Edinburg, TX 78541-2999 Telephone: 956/381-3436 Fax: 956/381-2927 E-mail: Ilanes@utpa.edu

Graduate Faculty

De los Santos, Miguel, Associate Professor Guajardo, Francisco, Assistant Professor Llanes, Jose R., Professor Lowe, Jerry, Professor Menchaca-Ochoa, Velma D., Professor Pankake, Anita, Professor Salinas, Alejo, Lecturer Sauceda, Noe, Assistant Professor Watt, Karen, Associate Professor

General Overview

The Department of Educational Leadership offers a Master of Education degree in educational administration and a Doctor of Education (Ed.D.) degree in educational leadership.

In addition to the two degrees, programs leading to a 48-hour Principal's Certificate and a 63-hour Superintendent's Certificate also are offered.

All students desiring to complete an M.Ed. program in the Department of Educational Leadership must meet University graduate entrance requirements. Students must also meet College of Education and departmental entrance requirements, successfully pass all course requirements, and pass a comprehensive written examination at the end of the program.

A maximum of six hours may be taken prior to formal admission to the Department of Educational Leadership. Students enrolling in more than six semester hours and who have failed to complete all of the below-listed admission requirements will be dropped from these courses. Students must be admitted to the department before they can make more than six hours. In the event more than six hours have been completed before being admitted, there will be no course credit given toward the M.Ed. or the appropriate certificate. *It is highly recommended that students not take more than six hours during each summer session.*

Master's Programs and Certificates

Admission Requirements

1. Master's Degree Program in Educational Leadership

All students will be required to have the following on file to be considered for admission to the master's program:

- A writing exercise completed on-site
- A prepared letter of intent regarding application to the program filed on the day of the on-site writing exercise session
- A resumé/vita to include any leadership experience (community, committees, university, etc.)
- A performance evaluation checklist from each of two supervisors
- A copy of the teacher service record which must verify at least two years of teaching
- A copy of the teacher certificate
- Scores on the Graduate Record Examination (GRE)
- ExCET/TExES scores for each area of certification
- A Graduate School Admission Letter (Clear or Probationary)
- Official transcripts of all undergraduate and graduate coursework

Procedures: An on-site writing exercise will be administered and scored before admissions can proceed. Admissions will be done on specific dates each semester rather than at any time a file is completed. The faculty will act as an admission's committee, reviewing each applicant's file.

2. Principal Certification for students with a master's in educational leadership from UTPA.

All students will be required to have the following on file to be considered for admission to the principal certification program:

- Score 70% or better on the TExES Representative Form (administered by the Testing Center)
- Receive adequate or better ratings on the end-ofcourse leadership assessment inventory to be completed by faculty
- Submit 3-5 artifacts of demonstrated leadership during previous two years.

Procedures: All items must be on file before admissions will be considered. None of the 12 hours of certification coursework may be taken until the student has been admitted. Faculty will act as an admission's committee, reviewing each applicant's file. Admissions will be done on specific dates each semester rather than at any time a file is completed.

3. Principalship Certification for students who have completed a master's degree outside of educational administration or in educational administration from another university.

All students must:

- Meet all admissions requirements for a master's degree in educational leadership and be admitted to that program
- Complete all of the pre-certification courses indicated on the degree plan
- Upon completion of pre-certification courses, score 70 percent or better on the TExES Representative Form

Procedures: All items must be on file before admissions will be considered. None of the 12 hours of certification coursework may be taken until the student has been admitted. Faculty will act as an admission's committee, reviewing each applicant's file. Admissions will be done on specific dates each semester rather than at any time a file is completed.

4. Superintendent Certification for students who have completed the principal certification.

- Admissions application
- Admission to the Graduate School (letter)
- Curriculum Vita/Resumé
- Official Academic Transcript (Graduate GPA 3.5 or above)
- Texas Educator Certificate (principal)
- Statement on leadership and career aspirations (two to four pages between 500-1000 words)
- Two years of successful administrative experience (Teacher Service Record)
- Two letters of recommendation (at least one from the superintendent or assistant superintendent) to be mailed to the following address:

Dr. Jose R. Llanes, Interim Department Chair

Department of Educational Leadership The University of Texas-Pan American College of Education, Room 1.510A 1201 W. University Drive Edinburg, TX 78541-2999

- Other examples (optional)
 - Writing Samples
 - Community Service/Leadership
 - School Leadership
 - Other Leadership Experience

■ The Temporary Administrator's Certificate

Current certification regulations permit the issuance of a temporary certificate to persons being employed as administrators prior to their completing the requirements for full certification. This temporary certificate shall be valid for three years and cannot be renewed. The University of Texas-Pan American will recommend applicants for a Temporary Administrator's Certificate if they meet the following criteria:

Assistant Principal

- **1.** Holds a bachelor's degree.
- 2. Holds a Provisional Teacher's Certificate.
- **3.** Two years of creditable classroom teaching experience.
- **4.** A minimum of 12 graduate hours of the identified program core required for the Professional Administrator's Certificate.
- **5.** Approved by the Department of Educational Leadership Admission's Committee for the Administrator's Program.
- **6.** Admitted to University for graduate studies.
- **7.** Completed application for the Temporary Administrator's Certificate.
- **8.** Submitted a money order or cashier's check for \$75 with the application for certification.

Principal

- **1.** Holds a master's degree.
- **2.** Holds a Provisional Teacher's Certificate.
- **3.** Two years of creditable classroom teaching experience.
- Completed a minimum of 12 graduate hours of the identified program core required for the Professional Administrator's Certificate.
- **5.** Has been approved by the Department of Educational Leadership Admissions Committee for the Administrator's Program.
- **6.** Admitted to University for graduate studies
- **7.** Completed application for the Temporary Administrator's Certificate.
- **8.** Submitted a money order or cashier's check for \$75 with the application for certification.

Superintendent

- 1. Holds a Principal's Certificate.
- **2.** Approved by the Department of Educational Leadership Admissions Committee for the Superintendent's Program.
- 3. Admitted to University for graduate studies.
- **4.** Completed application for the Temporary Superintendent's Certificate.
- **5.** Submitted a money order or cashier's check for \$75 with the application for certification.

NOTE: Candidates applying for professional certificates must pass the TExES and must also have completed the preparation review sessions for the exam.

Degree/Certification Requirements: Educational Leadership

The Educational Leadership Program is designed to produce change-oriented administrators who are competent in such areas as administrative leadership, school organization and management, school law, finance, contemporary personnel practices and instructional leadership.

A Doctor of Education degree is offered by the Department of Educational Leadership. See the section on the program for further information.

A 36-hour M.Ed. program is offered. A maximum of 12 hours may be transferred from an accredited institution or from another department at UTPA. Upon the successful completion of an additional 12 hours minimum in administration, the student may earn the Principal's Certificate. The certificate for the superintendent requires an additional 15 hours beyond the Principal's Certificate.

Master of Education

Major:	Educational Administration
Option:	Thesis/Non-Thesis

Course Descriptions

A listing of graduate courses offered by the Department of Educational Leadership can be found in the Course Descriptions section of this catalog beginning on page 181.

Doctoral Program in Educational Leadership

The Doctor of Education (Ed.D.) degree awarded at The University of Texas-Pan American is one of two currently offered at UTPA. The program, chartered by the Texas Higher Education Coordinating Board in 1998 and positioned in the College of Education is a college-wide, interdisciplinary education doctorate. The mission of the program is the improvement of educational and economic opportunities for the people of South Texas and the Rio Grande Valley.

Degree Program

The Doctor of Education degree emphasizes preparation for leadership careers in a variety of settings in the field of education. The program trains individuals to apply research and theory to practical problems. It enhances students' management skills that assist them to exhibit informed leadership. The dissertation is expected to inform policy and practice towards the solution of important education and human development problems in a democratic society. The educational objectives of the program are:

1. to prepare professional individuals capable of achieving the highest levels of educational competence in daily practice;

2. to prepare outstanding academic and administrative leaders for educational agencies at the campus, district, county, regional, state and national levels, with emphasis on leadership skills required to educate minorities, particularly Hispanics;

3. to provide deeper understanding of the legal, financial and operational demands on the professional educator, as well as adequate historical and contemporary contexts that influence their role;

4. to provide an understanding of the theories and research methodologies that illuminate the significant role of the professional education practitioner;

5. to provide professional educators with problemsolving and applied research skills;

6. to offer access to a doctoral-level program in educational leadership to all Rio Grande Valley citizens who have the qualifications and motivation to pursue it;

7. to assist in the formation of professionals who will serve in administrative and policy positions in order to

enhance the educational and economic opportunities of persons who need the most development of their human potential; and

8. to provide uniquely qualified leadership, teaching and research skills required to meet the special needs of the culturally diverse student population in this area.

Admission to the Ed.D. Program

Standards for admission to UTPA's doctoral program in educational leadership are based on multiple sources of evidence of an applicant's qualifications and are comparable to those for doctoral programs in other disciplines and for educational leadership programs in other universities. Criteria for admission to the program include:

1. a master's degree in educational leadership or related field,

2. five years of experience in education or related field,

3. GPA of 3.0 or higher on all upper division and graduate coursework,

4. GRE scores,

5. statement of the applicant's professional experience and scholarly accomplishments,

6. letters of recommendation from three professionals with knowledge of the personal and professional qualities of the applicant,

7. a sample of writing reflecting the applicant's professional goals and philosophy serving as evidence of English writing proficiency, and

8. evidence of experience in and commitment to work in Hispanic community settings.

Admission will be considered for applicants who do not meet the customary GPA/GRE or other requirements but whose credentials indicate a good probability of success in doctoral study.

To be considered for admission, the student will file an admissions packet in the Educational Leadership Doctoral Program (ELDP) office consisting of the doctoral admissions application, GRE scores, three letters of recommendation, a writing sample, and a curriculum vitae. Official transcripts from all colleges and universities attended will be filed with the UTPA Graduate Office.

The student, upon admission to the program, becomes a member of a doctoral cohort.

Degree Requirements

A minimum of 63 semester hours of post-master's degree coursework, plus six semester hours of dissertation are required for the Doctor of Education degree at UTPA. Courses at the 6000, 7000 and 8000 level may be applied toward the degree. The majority of the coursework will be at the 8000 level. The degree plan will be structured as follows:

Semester Credit Hours

9-12 hours
27 hours
12 hours
3 hours
9-12 hours
6 hours

A maximum of 15 semester hours of relevant coursework may be transferred to the doctoral program and applied to the degree plan. No course with grade lower than "B" may be transferred.

In addition to these requirements, courses are offered at UTPA in a variety of fields which may be related to the doctoral student's particular area of interest. Many graduate courses currently in UTPA's inventory may be used as supporting work. Students may choose from among those courses with the advice from their advisor in order to support their career and research goals.

Maximum Period for Completion

A student has a maximum of 10 years from the date of first entry into doctoral-level courses to complete the degree. Under special circumstances, an extension for an additional year may be granted by the student's Doctoral Dissertation Committee. If a student exceeds the 10-year limit, the Doctoral Dissertation Committee will determine if the student will be permitted to continue in the program and what additional coursework or activities will be required to complete the degree.

Graduate Courses

The UTPA faculty offer the following courses. However, not all courses are taught each semester or summer session. Students should consult the UTPA Schedule of Classes, published before registration each semester, to determine which courses will be offered during a particular semester or summer session. This publication also may reflect changes that have been made to the courses listed below since the Graduate Catalog was printed.

Enrollment in the following courses is limited to students who have been admitted to the doctoral program. It is not possible to take one of these courses without the approval of the director of the Educational Leadership Doctoral Program:

Courses: EDUL 8301, EDUL 8302, EDUL 8303, EDUL 8304, EDUL 8305, EDUL 8306, EDUL 8307, EDUL 8320, EDUL 8321, EDUL 8322, EDUL 8323, EDUL 8123, EDUL 8234, EDUL 8330, EDUL 8134, EDUL 8234, EDUL 8334, EDUL 8336, EDUL 8350, EDUL 8351, EDUL 8353, EDUL 8381. Dissertation Research: EDUL 8390, EDUL 8690, EDUL 8990. Dissertation Writing: EDUL 8395, EDUL 8695 and EDUL 8995.

Course Descriptions

A listing of doctoral courses offered by the College of Education can be found in the Course Descriptions section of this catalog beginning on page 181.

General Overview

Recognizing the need for the University to take a leading role in the education of health care and human service professionals, the College of Health Sciences and Human Services, with the assistance and cooperation of regional facilities, is dedicated to providing educational programs necessary to meet the needs for competent health and human service professionals in the Rio Grande Valley and Texas.

Academic Programs

The College of Health Sciences and Human Services offers the Master of Arts degree in communication sciences and disorders, the Master of Science degree in rehabilitation counseling, the Master of Science in nursing degree, the Master of Science degree in occupational therapy, the Master of Science in social work degree and the Cooperative Pharmacy Program with The University of Texas at Austin.

The College also offers a Bachelor of Science degree in clinical laboratory sciences, dietetics, nursing, physician assistant studies, and rehabilitative services; a Bachelor of Arts in communication disorders; and a Bachelor of Social Work degree.

The faculty provide academic advisement and assistance to students pursuing careers in health and the social and human services. Curricula for these programs provide theory as well as practice-based learning experiences. The practice-experience components have University negotiated affiliation agreements with numerous health, human service and social service facilities in South Texas and other regions.

Introduction

The University of Texas-Pan American, in cooperation with The University of Texas at Austin College of Pharmacy offers a six-year curriculum leading to the Doctor of Pharmacy (Pharm.D.) degree. The UTPA/UT Austin Cooperative Pharmacy Program is designed to facilitate access to the College of Pharmacy in Austin by providing opportunities to fulfill graduation requirements at UT Pan American. Students can be admitted into The University of Texas College of Pharmacy either through the UTPA Pharmacy Scholars Program or by application directly to The University of Texas at Austin after completion of the pre-pharmacy requirements. UTPA faculty members are available to assist students with either application.

The College of Pharmacy at UT Austin offers the Doctor of Pharmacy (Pharm.D.) degree as the sole entrylevel degree. It is a professional doctoral program that is designed to prepare future researchers or practitioners who can provide patient-oriented pharmaceutical care in contemporary settings, including community practice, hospital environments and long-term care facilities, among others.

The professional curriculum is structured around an integrated approach to drug therapy management. The program emphasizes an integrated and problem-based approach to disease management as the core of the didactic and laboratory program of study. The capstone of the Pharm.D. Program is a series of seven six-week rotations known as the internship. Each internship course includes 40 -50 hours per week of on-site experience supervised by practitioner faculty.

Mission Statement

The mission of the Cooperative Pharmacy Program is to enhance the knowledge, health and well-being of the people we serve in concert with the mission, vision and values of both cooperating campuses of The University of Texas through the recruitment, training and retention of proficient Doctor of Pharmacy trained pharmacists. The program will strive to encourage the provision of pharmaceutical care by cultivation in our graduates critical thinking skills and an appreciation for the need for lifelong learning. The program will foster the development of clinical and transitional research and clinical pharmacy services with other health care providers in the region, state and nation.

Accreditation

The American Council of Pharmaceutical Education (ACPE), 311 West Superior Street, Suite 512, Chicago, Ill. 60610, accredits the College of Pharmacy at The University of Texas at Austin. Phone: 312/664-3575 or 800/533-3606. Fax: 312/664-4652. Only graduates of accredited programs are eligible for state licensure. Passing NAPLEX (North American Pharmacist Licensure Examination) and the Texas Pharmacy jurisprudence examination are required for state licensure.

The University of Texas-Pan American

Cooperative Pharmacy Program

Course of Study D

Pre-Pharmacy years at UTPA Years 1 and 2: Coursework in communication, mathematics and the natural sciences.

Professional Education in Pharmacy (Pharmacy School) Years 3 and 4: at College of Pharmacy UT Austin.

Year 3: A board foundation in physiology, pathology, pharmaceutical sciences and pharmacy administration.

Year 4: An interdisciplinary approach to disease and application to patients through case-based learning.

Years 5 and 6: at UTPA and the Rio Grande Valley.

Year 5: Advanced course in patient care.

Year 6: Calendar year consisting of seven six-week experiential rotations at pharmacy practice sites around the Rio Grande Valley.

Requirements for Admission to the **Cooperative Pharmacy Program**

To be eligible to be a pharmacy scholar, high school students must complete the following high school courses:

English	(four years)
Foreign language	(two years)
Math	(three years)
Science	(three years)
Social Studies	(three years)

To be competitive, students should have a core grade point in English, math, social studies, science and foreign language of 85 percent (3.4 on a scale of 4.0), with a

2005-2007 Graduate Catalog

121

minimum combined score verbal and math of 1000 on the SAT or a composite ACT score of 20.

Application

Each applicant for admission must:

- submit transcripts for all high school and college work performed.
- 2. submit a typed statement of interest.
- obtain three letters of recommendation. Forms will be provided by the program to the applicant.
- **4.** forward a finished and signed application.
- **5.** participate in a personal interview with members of the admission committee.
- **6.** complete a written essay on the day of the interview.

Students who have completed the required prepharmacy coursework at UTPA may apply for admission to the College of Pharmacy. In addition to the preceding requirements for application, these students must take the Pharmacy College Admission Test (PCAT).

Communication Sciences and Dissorders

Dr. Janice Maville, Interim Department Chair

Graduate Faculty

Mata-Pistokache, Teri, *Associate Professor* Meline, Timothy J., *Professor* Nericcio, Mary Anne, *Assistant Professor* Radford, Nola, *Professor* Wang, Kehching B., *Assistant Professor*

Purpose

The Master of Science in communication sciences and disorders degree program is designed to prepare graduates for the Clinical Fellowship Year (CFY), the Certificate of Clinical Competence in Speech-Language Pathology (CCC-SLP) from the American Speech-Language-Hearing Association (ASHA), a license for the state of Texas, and eventually independent clinical practice in the profession of speech-language pathology.

College of Health Sciences and Human Services

Scope

The Master of Science degree in communication sciences and disorders is a clinical and academic degree. Degree requirements are that students successfully complete all preparatory undergraduate prerequisites prior to enrollment in the master's program. The graduate curriculum includes extensive supervised clinical practice as well as coursework in each of the following academic areas:

- research in communication disorders
- multicultural issues
- normal speech-language development across the life span
- procedures for diagnosing and assessing disorders of articulation and phonology, language, fluency, voice in children and adults
- procedures for addressing the intervention needs of individuals with disorders of articulation and phonology, child and adult language, fluency and voice, cleft craniofacial abnormalities
- procedures for audiological screening, assessment and interpretation of audiological test results

Admission to the Master's Program in Communication Sciences and Disorders

To be admitted to the graduate program in communication sciences and disorders, prospective candidates are required to:

1. Submit all application materials required by the Office of Records and Registration prior to published deadlines. The admission status that is assigned by the graduate school determines whether the applicant is eligible to be considered for graduate admission in the program. Admission requires completion of dual application to the graduate school and to the department. Admittance will only be made to the department with clear admission status from the graduate school. The graduate school admits students each fall, spring and summer semester. Admission to the graduate program in communication sciences and disorders occurs each spring, following the submission deadline of Feb. 1.

2. Submit all required applicable materials to the department's graduate admissions committee. Current requirements can be obtained by calling 956/316-7040. Individuals who majored in speech-language pathology as undergraduates should have completed the following courses, or courses equivalent to the following, through an accredited program in speech-language pathology.

COMD	6360	Cranio-Facial Anomalies
COMD	6365	Language Assessment of Culturally
		and Linguistically Diverse
		Populations
COMD	6375	Seminar in Audiology
COMD	6385	Dysphagia
COMD	6395	Advanced Clinical Practicum

*Electives (Three required for non-thesis and one required for thesis students). All students must take a minimum of one elective in the department from the following courses:

*COMD	6370	Seminar in Speech-Language Pathology
*COMD	6397	Augmentative Alternative Communication
*COMD *COMD	5320 5330	Sign Language I Advanced Sign Language II

Practicum

Full-time students must take COMD 6105 (Graduate Clinical Practicum) each fall and spring semester and in the summer during the first year. A minimum of one semester of COMD 6180 (Audiology Practicum) and a minimum of two semesters of COMD 6395 (Advanced Clinical Practicum) are required. Per ASHA requirements, at least 375 clock hours of supervised clinical practice and 25 hours of clinical observation must be completed and documented in conjunction with the practicum courses. These requirements are subject to change based on changes by the ASHA for certification.

Written and Oral Comprehensive Exams

Written and oral comprehensive exams have been replaced by the NESPA. However, written and oral comprehensive examinations are only required for students who fail the NESPA. NESPA and/or the written/oral exam should be completed by April of the student's graduate year.

Graduate Thesis Option

All non-thesis students are required to take three elective courses. Thesis students will take one elective and a minimum of one registration for thesis COMD 7300. Those who do choose thesis must register for COMD 7300 during each semester of thesis work. Only three thesis credits may be counted toward graduation requirements. In addition, one graduate-level course requirement may be waived. Students electing the thesis option must successfully defend the thesis.

General Overview

The Department of Nursing offers courses leading to the Master of Science in nursing. Clinical specializations in adult health, family nurse practitioner, or pediatric nurse practitioner with functional roles as clinical nurse specialist, administrator, educator, or nurse practitioner are available.

Mission

The curriculum in the UTPA Master of Science in Nursing Program is designed to facilitate the accomplishment of the mission of the Department of Nursing:

The nursing department supports the mission of the College of Health Sciences and Human Services through programs that educate individuals to meet the health care needs of a culturally diverse society. These programs facilitate the development of competent practitioners with critical thinking skills to provide holistic nursing care to individuals, families, aggregates and communities. A commitment of fostering research and service that enhance health promotion, maintenance and restoration is integral to the mission of the nursing department.

The curriculum assumes an undergraduate base in nursing, physiology, pharmacology and health assessment. There are five major concepts integrated throughout:

- 1. Nursing as a critical thinking process
- **2.** The individual as a holistic being
- 3. Health as a process
- 4. Society as multicultural
- 5. Education as a facilitator of change

Nursing in advanced practice uses a theory and research based nursing process to deliver and/or manage client care. Nursing focuses on a critical thinking process founded on concepts and principles leading to creative and intellectual processes.

The holistic individual is composed of integrated physiological, psychological, spiritual, cultural and social needs. In recognition of the dynamic nature of these health needs, the nurse in advanced practice uses a holistic approach to critically evaluate and conceptualize care based upon an expanded knowledge base. Using the holistic concept in the curriculum differentiates nursing from other health professions by virtue of its approach to the entirety of individuals and health.

Since the health status of an individual group is a changing phenomenon, it may be viewed as a process. In this process, individuals and groups respond to multiple stimuli by maintaining their present health status, moving toward increased wellness or moving toward increased illness.

Society is composed of groups of individuals interrelating with one another, each from diverse cultural, ethnic and environmental settings. Culture is composed of the values, behaviors, beliefs and ideas shared by a group of individuals within a society. The presence of many social groups, each with its unique culture, makes society multicultural.

Education facilitates change as evidenced by intellectual and professional growth. The graduate learning environment incorporates the principles of adult learning to promote the development of advanced critical thinking and intercollaborative skills that may be used in conceptualizing, synthesizing and evaluating management of nursing and health care problems.

Upon completion of the master's in nursing program, graduates have been provided the opportunity to enable themselves to:

1. function as a scholar clinician with critical thinking skills;

2. synthesize theories from natural, behavioral and social sciences to support advanced clinical nursing and role development;

3. evaluate the use of nursing theories as a base for advanced practice;

4. participate in, evaluate and use research to promote the body of nursing knowledge;

5. practice at the beginning level in an advanced nursing role by:

a. demonstrating critical thinking and diagnostic reasoning skills in clinical decision-making in the identification, evaluation and management of health needs of clients,

b. demonstrating development of a healing nurseclient relationship, and

c. reflecting competency in the teaching-counseling aspects of practice;

6. demonstrate cultural competence in meeting the dynamic health needs of the international, multicultural and multilingual society of the Rio Grande Valley;

7. demonstrate beginning competency in the organizational and work role aspects of advanced practice;

8. function as a nursing leader in professional association activities, health policy formation, and legislative and regulatory issues;

9. function as a multidisciplinary collaborator in the assessment, planning, implementation and evaluation of health care; and

10. demonstrate preparation for continuing education in formal and informal programs of study.

The Master of Science in Nursing Program is accredited by the Commission on Collegiate Nursing Education (One Dupont Circle, NW, Suite 530, Washington, D.C. 20036-1120, 202/887-6791).

Requirements for Admission into the Master of Science in Nursing Program

The Department of Nursing has admission requirements that are in addition to the University requirements shown on page 21.

Clear Admission

To qualify for clear admission, an applicant must have: **1.** a bachelor's degree in nursing from an accredited program;

2. current licensure as a registered nurse in Texas;

3. grade point average of 3.0 or above on a 4.0 scale in upper-division nursing and in any graduate courses;

4. a basic statistics course;

5. a basic physical assessment course;

6. three satisfactory academic and/or professional references;

7. approval of the MSN Student Development Committee; and

8. immunization records showing freedom from active tuberculosis and immunity to hepatitis B (upon admission to the program).

In addition, the nurse practitioner applicant must have one year of post-baccalaureate nursing experience.

Probationary Admission

An applicant with a bachelor's degree from an accredited institution may be granted probationary admission to the graduate school if the applicant does not meet clear admission requirements, but has a 2.5 to 2.99 graduate admission GPA, and provides the graduate office with a letter from the program director or program chair, signed by the dean of the college, requesting a waiver of the clear admission graduate GPA. An applicant granted probationary admission may not enroll for more than 12 graduate hours total. The student must be accepted into a graduate degree program within this 12-hour time period or future registration will be put on hold. A student on probation who earns any graduate grade of less than a "B" will be denied further admission to the graduate school until such time that the requirements for clear admission are met. At the end of the semester in which a probationary student's graduate GPA is 3.0 or better with no grade less than a "B," the student's admission classification will be changed to clear.

Transient Admission

The transient student category is designed for students who are enrolled and in good academic standing in a graduate nursing program other than the UTPA graduate nursing program. Students who obtain permission may enroll in selected courses at UTPA by:

1. meeting basic requirements for graduate admission as a transfer student,

2. submitting a letter of application to the Department of Nursing, and

3. obtaining consent of the instructor of the course being taught at UT Pan American.

Non-Degree Admission

The non-degree-seeking category is for those postbaccalaureate students who want to take courses, but are not working toward a degree. Non-degree students may enroll in selected courses by:

1. submitting a Graduate Student Application for Admission Form to the Office of Records and Registration, meeting deadlines for admission;

2. submitting a letter of application to the Department of Nursing;

3. submitting official transcripts to the Office of Records and Registration verifying a bachelor's degree in nursing;

4. obtaining acceptance by the Master of Science in Nursing Student Development Committee; and

5. presenting immunization records showing freedom from active tuberculosis and immunity to hepatitis B.

2005-2007 Graduate Catalog

College of Health Sciences and Human Services

Students admitted under the non-degree status may write to the Master of Science in Nursing Student Development Committee and apply to the graduate program. At the time the application is reviewed, the student must have provided an official transcript, reference letters, evidence of current licensure as a registered nurse in Texas and evidence of meeting the statistics and physical assessment requirements. Furthermore, the application letter should include a petition that courses completed while under the non-degree status be credited toward the degree. A maximum of nine hours, with grades of "B" or better, may be proposed toward the master's degree in nursing.

Transfer Admission

Transfer admission will follow university guidelines. A maximum of 12 graduate hours may be accepted following review by the MSN Student Development Committee.

International Student Admission

In addition to the University and departmental requirements for admission, the following are required:

1. A minimum score of 550 on the TOEFL. This score should be no more than two years old, but can be evaluated on an individual basis.

2. A course-by-course transcript evaluation by World Education Service (WES).

3. A license to practice nursing in the state of Texas obtained prior to admission according to Board of Nurse Examiners' rules and regulations.

Requirements for MSN

The general requirements for the master's in nursing are as follows:

1. a degree plan approved by the Master of Science in Nursing Program coordinator;

2. satisfactory completion of all courses within five years of admission; and

3. satisfactory completion of the thesis or non-thesis option.

Mission and Objectives

The Master of Science in Occupational Therapy Program prepares professionals who are capable of meeting the constant challenges of changing health care and community environments as well as the unique needs of the University's international, multicultural, multilingual service region. Students are prepared with the education needed to successfully function as an occupational therapist in both institution and community settings and with all age groups.

Philosophy

Human occupation is defined as doing culturally meaningful work, play or daily living tasks in the stream of time and in the context of one's physical and social world. Within this context the individual is viewed as an occupational being throughout the lifespan and within the context of culture. The individual is also seen as one entity, an integration of mind, body and spirit, and as one who is inherently healthy and lives within a continuum of wellness to disability.

2005-2007 Graduate Catalog

Occupation gives organization to life, provides life meaning and influences health. Occupational performance engages the whole person, is reflective of mind, body and spirit, and impacts relationships, culture and society. Occupational therapy addresses the complexity of human occupation when illness or disability has disrupted normal or satisfying occupational patterns. The therapist and client collaborate in setting goals that will bring meaning to everyday life for that individual. Learning to manage daily tasks, work, play and leisure are highly individual goals and mean not only task completion, but may also require the remaking of one's life following injury, illness and/or disability. Thus, the individual's desired roles in life (the ability to make a living, make a home, make a family, make friends and to make a life) should become the first and primary concern of any graduate of this program.

Admission to the Master of Science in Occupational Therapy Program

In order to be admitted to the master's program in occupational therapy, prospective candidates must first meet all requirements for admission to the graduate school at UT Pan American. *This includes:* separate official transcripts from each college and/or university attended and a completed application form for graduate admission. Application for admission to the University must be made to:

Office of Graduate Studies

Administration Building, Room 116 The University of Texas-Pan American 1201 W. University Drive Edinburg, TX 78541-2999

1. In addition to existing University requirements, the entering student must hold a bachelor's degree or its equivalent from a college or university accredited by the regional accrediting association for the region in which the institution is located.

2. For "clear" admission to the Master of Science in Occupational Therapy Program, students must have a 3.0 GPA in the last 60 hours of study.

3. Students with less than a 3.0 GPA may be granted probationary admission. Students admitted under probationary status cannot enroll for more than 12 hours of graduate study and must have no grade lower than a "B" to continue the following semester. If a student obtains passing grades of "B" or better in nine hours of graduate study with no grade less than a "B", his or her status will be changed to "clear" admission.

4. After being accepted for admission to the graduate school of the University, students may apply for the Master of Science in Occupational Therapy Program. Applicants will be considered beginning April 1 for fall admission.

In addition to the requirements for admission to graduate study, the following must be accomplished for admission to the Master of Science in Occupational Therapy Program:

- 1. Submit copies of:
 - a) all post-secondary transcripts and
 - **b)** a completed application form.

2. Submit a double-spaced, two-page, typed essay of approximately 1,000 words describing your interest in a master's degree in occupational therapy.

3. Submit three letters of academic/professional, non-related, reference from persons who can evaluate ability and potential for graduate education and professional practice.

4. Participation in a personal interview with the Occupational Therapy Program's Admission Committee may be required.

5. Students must show evidence of satisfactory completion of the following courses:

Anatomy and Physiology (eight credit hours) Basic Statistics (three credit hours) Psychology of Lifespan (three credit hours) Abnormal Psychology (three credit hours) Medical Terminology

All materials must be sent to:

Master of Science in Occupational Therapy Program

College of Health Sciences and Human Services The University of Texas-Pan American 1201 W. University Drive Edinburg, TX 78541-2999.

Degree Requirements

The master's in occupational therapy is a 71-semester hour program, as follows:

Required Internship Experience

A minimum of the equivalent of 24 weeks full-time internship is required by The Accreditation Council of Occupational Therapy Education (ACOTE) upon completion of all academic coursework (OCCT 7601 and OCCT 7602). This may be completed on a full-time or part-time basis, but may not be less than half time. The goal of the internship is to develop competent, entry-level practitioners. The internship experience is under the direct supervision of a Registered Occupational Therapist (OTR $^{\odot}$).

Certification Examination and Licensure

Upon completion of all academic and internship experience, the student then takes a certification examination as developed by the National Board for Certification in Occupational Therapy, Inc. (NBCOT). The address for this agency is: 800 S. Frederick Ave., Suite 200, Gaithersburg, MD, 20877-4150, or call 301/990-7979. On successful completion of this examination, the student is then designated as a Registered Occupational Therapist (OTR[®]). In addition, The Texas Board of Occupational Therapy Examiners has been designated by the Texas Legislature as the licensing body for occupational therapists in Texas.

Accreditation

The program in occupational therapy at The University of Texas is accredited by The Accreditation Council of Occupational Therapy Education (ACOTE). The next scheduled accreditation site visit is 2005/2006. The address for this organization is AOTA Accreditation Department, P.O. Box 31220, Bethesda, MD 20824-1220 or call 301/652-2682.

Course Descriptions

A listing of graduate courses offered by the Master of Science in Occupational Therapy Program can be found in the Course Descriptions section of this catalog, beginning on page 211.

Purpose

The Master of Science degree in rehabilitation counseling at The University of Texas-Pan American was designed as a direct result of the expressed need for professionally trained rehabilitation counselors in the growing Rio Grande Valley, the state of Texas, and across the nation. The degree is offered by the Department of Rehabilitation in the College of Health Sciences and Human Services. The program focuses on an integration of theory, skill and practice in counseling, specializing in working with persons with disabilities. Students are prepared with the education needed to successfully function as a professional rehabilitation counselor and are required to complete a 100-hour supervised practicum and a 600-hour supervised internship to learn and practice the necessary skills to work as a professional counselor. The master's degree is a minimum 48-semester hour program with a thesis or research grant option.

Mission and Objectives

The Master of Science degree in rehabilitation counseling was designed to meet a growing demand for professionally trained counselors in public and private rehabilitation agencies, mental health centers, schools, substance abuse centers, vocational rehabilitation agencies, and in medical case management. The program philosophy is to assist and empower persons with disabilities in adjusting/ adapting to their vocational and personal lives.

The major objective of the master's degree is to prepare students for a profession in rehabilitation counseling by providing classroom and experiential skills development in individual and group counseling, vocational assessment, job analysis and placement, medical and psychosocial aspects of disability, case management and research in rehabilitation.

The master's degree in rehabilitation counseling at The University of Texas-Pan American is nationally accredited by the Council on Rehabilitation Education (CORE) and adheres to the curriculum goals and objectives defined by these national standards. As such, students who successfully complete the requirements of this program are immediately eligible to sit for the certifying exam as a Certified Rehabilitation Counselor (CRC).

Additionally, students may complete the appropriate coursework needed for the Licensed Professional Counselor (LPC).

Admission to the Master's Program in Rehabilitation Counseling

In order to be admitted to the graduate program in rehabilitation counseling, prospective candidates are required to complete the following procedures:

1. Submit all application materials required by the Office of Records and Registration for entry into graduate study at The University of Texas-Pan American. This includes separate official transcripts from each college and/or university attended since leaving high school and a completed application form for graduate admission.

2. For "clear" admission to study in the rehabilitation counseling program, students must have a 3.0 GPA in the last 60 hours of study.

3. Students with less than a 3.0 GPA may be granted "probationary" admission.

Students admitted under probationary status cannot enroll for more than 12 hours of graduate study and must have no grade lower than a "B" to continue the following semester. If a student obtains passing grades of "B" or better in nine hours of graduate study with no grade less than a "B," his or her status will be changed to "clear" admission.

4. Deadlines for graduate admission are as listed in this catalog. The deadline for the rehabilitation counseling

master's degree program is early April for fall admission and early November for spring admission. Call the office for specific dates and procedures.

Procedures for Applying to the Master of Science in Rehabilitation Counseling Program

In addition to the requirements for admission to graduate study, the following must be accomplished for admission to the Master of Science in Rehabilitation Counseling Program:

1. Submit copies of:

- a) all post-secondary transcripts and
- **b)** a completed application form for admission to the Master of Science in Rehabilitation Counseling Program.

2. Submit a double-spaced, two-page, typed essay describing why you want to pursue a master's degree in rehabilitation counseling and become a counselor.

3. Submit two letters of reference, one of which must be from a professor and the second from an employer or practicum supervisor.

4. Participation in a personal interview with the Rehabilitation Counseling Program's Admissions Committee is required.

Send materials to the graduate program coordinator, Department of Rehabilitation, College of Health Sciences and Human Services, The University of Texas-Pan American, 1201 W. University Drive, Edinburg, TX 78541-2999.

Curriculum Degree Requirements

The Master of Science degree in rehabilitation counseling is a 48-semester hour program. Coursework includes:

Required Courses

42 hours

		•
REHS	6300	Rehabilitation Foundations
REHS	6310	Rehabilitation Case Management
REHS	6315	Research in Rehabilitation
REHS	6320	Psychosocial Aspects of Disability
REHS	6325	Group Counseling in Rehabilitation
REHS	6330	Assessment and Vocational Evaluation
REHS	6345	Medical Aspects of Disability
REHS	6350	Job Placement Theories and Methods
REHS	6360	Counseling Theories in Rehabilitation
REHS	6370	Techniques in Rehabilitation
		Counseling
REHS	6375	Psychiatric Rehabilitation
REHS	6390	Practicum (100 hours)
REHS	7600	Internship (600 hours)

Electives

ctives			6 hours
REHS	6380	Special Topics in Rehabilitation	
REHS	7100	Independent Study	
REHS	7300	Thesis	
REHS	7301	Advanced Thesis	

REHS	7302	Research Grant Project
REHS	7303	Advanced Research Grant Project

Other electives may be taken from a variety of supporting fields including psychology, educational psychology, social work, public administration and others with the approval of the student's academic advisor.

Total

Required Practicum and Internship Experience

A minimum 100-hour supervised practicum and 600hour supervised internship is required of all master's students in rehabilitation counseling. This field-based practical experience provides students with the opportunity to select and work for one semester in an approved rehabilitation setting. Although the practicum may be taken at a certain point during the student's program, the internship is generally completed in the student's final semester. These practical experiences permit students to gain exposure working with persons with disabilities and rehabilitation professionals under the direct supervision of a Certified Rehabilitation Counselor.

Written Comprehensive Examination

Successful completion of a six-hour comprehensive exam is required of students. The exam, typically taken in the student's final semester, is comprised of two sections covering aspects of all coursework taken in the graduate program. The passing grade for each of the two exam sections is 70 percent or better. Students who score less than 70 percent on either section may, at the discretion of the faculty, be required to take an oral examination with two or more faculty members present, or they may be failed outright without an opportunity to take an oral exam. Those students

48 hours

2005-2007 Graduate Catalog

who fail will be required to take the comprehensive exam during the next administration of the exam. Any student who fails the comprehensive examination on the second attempt may be required to take an oral exam, retake deficient courses, complete an assignment or be dropped from the program.

■ Graduate Thesis Option

Students considering pursuing a doctoral degree and other students interested in conducting research are encouraged to complete the thesis option. Early in a student's program, he or she should meet with rehabilitation counseling program graduate faculty members about mutual research interests and potential topics. The thesis entails an in-depth quantitative or qualitative research study on a topic related to rehabilitation. The thesis does not involve any formal classes, however, and generally involves two semesters of advisor-supervised independent study. Students must enroll for a minimum of six hours of thesis. Students must also orally defend their thesis upon its conclusion. A thesis handbook describing UT Pan American's policies, guidelines and requirements must be purchased and is available at the University Bookstore.

Certification and Licensure

The Certified Rehabilitation Counselor (CRC) is a professional rehabilitation counselor who has met the educational and work experience requirements as set forth by the national standards developed by CORE. Students who intend to seek employment in the public sector with state vocational rehabilitation (Texas Rehabilitation Commission and Texas Commission for the Blind) as well as private sector vocational rehabilitation (Workers' Compensation) are strongly encouraged to obtain this credential upon completing their degree requirements. For more information or an application, write to the Commission on Rehabilitation Counselor Certification (CRCC) at 1835 Rohlwing Road, Suite E, Rolling Meadows, IL 60008, or call 847/394-2104.

The Texas Board of Examiners of Professional Counselors has been designated by the Texas Legislature as the licensing body for counselors in Texas who want to pursue a career as a Licensed Professional Counselor (LPC). Licensing as a generic counselor with a specialty as a rehabilitation counselor is available. Any person practicing counseling activities and claiming the credentials of LPC is required by law to submit appropriate credentials for evaluation and take an examination before associate (LAC) recognition is granted. Students in UT Pan American's rehabilitation counseling program can acquire the necessary academic courses to sit for the LPC exam; however, they must also complete 3,000 hours of internship or employment under the supervision of an LPC.

Course Descriptions

A listing of graduate courses offered by the program in rehabilitation counseling can be found in the Course Descriptions section of this catalog beginning on page 217.

Mission Statement

The Department of Social Work is committed to preparing entry-level generalist and advanced professional social workers to meet the needs of a bi-national and multicultural community. The educational emphasis is on social work practice with Latino/a families considering multicultural awareness, professional competence, ethical practice, knowledge building acquisition, and social services that promote social and economic justice in a bi-national environment.

The department aims to meet the mission statement through the goals and objectives that guide the curriculum.

Program Goals and Objectives

The Department of Social Work at The University of Texas-Pan American designed its Master of Science in Social Work (MSSW) Program to meet the social service needs of the population the program's graduates will serve, and to meet the requirements of the Council on Social Work Education (CSWE) Educational Policy and Accreditation Standards.

The mission of the social work department is closely bound to the mission of the University and college. The University states as part of its mission "to serve the higher education needs of South Texas." The College of Health Sciences and Human Services mission states "The college is committed to enhancing the quality of life and health care in the lower Rio Grande Valley bi-national border community and region."

The Department of Social Work seeks to implement its mission through educational and social services and programs provided by faculty and students to the Rio Grande Valley's UT Pan American community.

Goals and Objectives

1. To prepare students as competent, generalist social work practitioners.

Objective A: Students will demonstrate knowledge of and skill in practice with individuals, families, groups, organizations, and communities.

Objective B: Students will be expected to apply concepts of diversity to their practice.

Objective C: Students will demonstrate self-awareness and apply social work values and principles to their practice.

2. To provide an environment that promotes knowledge building that is evidence-based.

Objective A: Students will be expected to apply scientific knowledge to their professional practice, using skills of assessment and evaluation.

Objective B: Faculty will use systematic program assessment to evaluate and develop program excellence.

Objective C: Faculty will demonstrate knowledgebuilding research and scholarship.

3. To promote lifelong professional engagement and achievement.

Objective A: Graduates will demonstrate participation and leadership in professional activities.

Objective B: Faculty will demonstrate participation and leadership in professional activities.

4. To prepare students for advanced practice with Latino families.

Objective A: Students will demonstrate knowledge of the Texas-Mexico border culture in relation to Latino families.

Objective B: Students will be expected to apply knowledge of the Texas-Mexico border culture to differential assessment and practice.

Objective C: Students will demonstrate knowledge of the Texas-Mexico border culture in relation to the supervision of practitioners who work with Latino families.

The department's mission and the program objectives provide the rationale for the Master of Science in Social Work Program and for the course objectives and content. These program purposes are articulated in the objectives and syllabi of the specific courses offered, in orientation and admission programs, in the Graduate Catalog, admission guidelines, student handbook and field instruction manual, and in faculty advisement and other procedures.

The social work master's program seeks, as its major general objective, to prepare competent and effective social work professionals for advanced social work practice with Latino families, guided by social work values and ethical principles.

Graduates are expected to be knowledgeable, skilled and committed to work in the economic and cultural milieu of South Texas, and to understand, relate to, and communicate with, as well as appreciate, the diverse character and culture of these people, as well as of human beings in general.

The graduates are expected to be able to articulate and manifest a liberal arts perspective, to serve disadvantaged, vulnerable and oppressed populations and to advocate for conditions that ameliorate poverty, oppression, dependency, abuse, violence, social and economic injustice, and all forms of discrimination.

The graduates are expected to be able to understand and work with varied client family groups and systems, utilizing a generalist and family-focused ecosystem, strengths perspective, with an appreciation of systemic relationships between direct practice, social welfare policies and programs. They are expected to be competent in a professional evaluation of their practice, with an instrumental degree of self-awareness. They are expected

2005-2007 Graduate Catalog

🔽 College of Health Sciences and Human Services

to value the importance of research in practice, be able to apply appropriate research findings in their practice, and contribute meaningfully to research projects.

Thus, graduates of this program are expected to be able to provide effective social services, promote equitable social welfare policies, and contribute to the advancement of social and economic justice and the development of a responsive and just society. These objectives and outcomes direct the specific objectives and content of the courses of study the department offers.

The curriculum of the program is designed to achieve these objectives and outcomes through departmental policies, procedures and educational course programs through facilitative relationships and activities between faculty, students and the community. The curriculum also gives emphasis to the implementation of affirmative action and non-discriminatory policies and guidelines.

The objectives and content of the master's program interrelate the missions of the University, college and the Department of Social Work. The University, college and department strive to educate competent practitioners who are dedicated to serving this special community and who are committed to ethical, responsible standards of practice.

The faculty of the University, college and department help develop knowledge through scholarship and research that concern the problems and interests of the Hispanic/ Latino low-income populations in this area, along with research instruction that helps students contribute to such knowledge. The department prepares social work practitioners to serve this population and to serve in the public and private social welfare systems.

The MSSW Curriculum

In order to further the objectives stated above, the Department of Social Work has established the Master of Science in Social Work (MSSW) degree program that is accredited by the Council on Social Work Education. The master's in social work is a 60-hour degree consisting of 30 hours of professional foundation courses and 30 hours of advanced professional social work courses.

The foundation curriculum consists of three hours of Introduction to Professional Social Work, nine hours of Generalist Social Work Practice, six hours of Human Behavior and the Social Environment, three hours of Research Design and Analysis, three hours of Social Welfare Policy, and six hours of Field Education.

The advanced social work curriculum consists of three hours of Professional Foundations, six hours of Social Work Practice with Families, three hours of Social Work Supervision, Consultation and Administration, three hours of Practice and Program Evaluation, three hours of Social Work Practice with Latinos, three hours of Advanced Assessment, three hours of an elective, and nine hours of Advanced Field Education. The Professional Foundations course (SOCW 6338) is completed in the summer as the first course in the advanced standing curriculum.

In addition to full-time study, extended study options are available for the 33-hour advanced standing program and the 60-hour program. The 33-hour advanced standing program can be completed in a two-year extended study period. Similarly, the 60-hour program can be finished in three or four years of extended study.

The required courses are designed to provide the student with a multicultural background, emphasizing the important social issues in family practice. The degree program, administered by the Department of Social Work, offers professional preparation for advanced social work practice. Graduates will have the opportunity to attain advanced analytical and practice skills sufficient for selfcritical, accountable and autonomous practice.

The Master of Science in social work degree program is designed to prepare its graduates for the Licensed Master of Social Work license issued by the state of Texas and for the

Academy of Certified Social Workers designation granted by the National Association of Social Workers.

Admission Requirements

The applicant must meet the following requirements in addition to qualifying for admission to the University for graduate study:

1. a bachelor's degree from an accredited college or university;

2. a GPA of 3.0 or better on a 4.0 scale for the last 60 hours of academic coursework;

3. three letters of recommendation from persons who can evaluate ability and potential for graduate education and professional social work practice;

4. leadership ability, motivation, personal maturity and English writing proficiency, as demonstrated in a personal narrative statement; and

5. successful completion of an undergraduate course in statistics within the previous three years.

NOTE: Students whose undergraduate degree is from a social work program accredited by the Council on Social Work Education (CSWE) may apply to the Advanced Standing Program.

Conditional Admission

Conditional admission to the social work program may be granted to applicants who have GPAs less than 3.0 only if they:

1. qualify for admission to the University for graduate study, and

2. submit a written request to be considered for conditional admission based on having met at least two of the following criteria:

a. complete and document nine hours of academic graduate coursework with a GPA of 3.0 or higher from an accredited university;

b. show evidence of outstanding paid or volunteer experience in human service agencies;

c. provide evidence of successful grant writing for human service organizations;

d. provide Graduate Record Examination (GRE) scores that indicate an ability to do graduate-level work;

e. hold a bachelor's degree-level social work license from any state or territory within the United States.

Conditional admission will become clear admission if the first semester of graduate work is completed with a GPA of at least 3.0., with no outstanding incomplete grades.

Advanced Standing

Applicants who possess a Bachelor of Social Work degree from a program accredited by the Council on Social Work Education (CSWE) may qualify for advanced standing and receive a waiver of up to 30 hours of academic credit for professional foundation courses. The advanced standing curriculum consists of 33 hours: three hours of Professional Foundation, six hours of Social Work Practice with Families, three hours of Supervision, Consultation and Administration, three hours of Practice and Program Evaluation, three hours of Social Work Practice with Latinos, three hours of Advanced Clinical Assessment, three hours of an elective, and nine hours of Advanced Field Education. Applicants who wish to be considered for advanced standing must meet the following admissions requirements:

1. be fully admitted into graduate study at UT Pan American under the specified requirements for admission;

2. possess a GPA of 3.0 or higher on a 4.0 scale for the last 60 hours of undergraduate coursework;

3. possess a GPA of 3.0 or higher on a 4.0 scale for their social work coursework;

4. present documentation of course syllabi and outlines for courses petitioned for waiver; and

5. submit an acceptable writing sample.

Admission Committee Review

All applications will be reviewed by the Department of Social Work MSSW Program Admissions Committee. The committee is responsible for the selection of the individuals who are admitted into the master's in social work degree program.

Course Descriptions

A listing of graduate courses offered by the Department of Social Work can be found in the Course Descriptions section of this catalog beginning on page 221.

College of Science and Engineering

♦ General Overview

The College of Science and Engineering consists of the Departments of Biology, Chemistry, Computer Science, Electrical Engineering, Manufacturing Engineering, Mechanical Engineering, Mathematics, and Physics and Geology.

These departments are housed in new state-of-the-art facilities.

Academic Programs

The College of Science and Engineering offers the Master of Science degree in biology, computer science, electrical engineering, information technology, manufacturing engineering, mathematics, and mechanical engineering. The mathematics graduate program offers concentrations in mathematics teaching and mathematical sciences. In addition, the college provides several graduate support courses for students in graduate programs in other colleges.

The college also offers the Bachelor of Science in biology, chemistry, computer science, electrical engineering, manufacturing engineering, mathematics, mechanical engineering and physics.

Students may minor in biology, chemistry, computer science, electrical engineering, elementary mathematics, geology, manufacturing engineering, mathematics,

mechanical engineering/ thermal, physical science, physics and statistics. High school teacher certification is available in biology,

chemistry, computer information systems, earth science, mathematics, physical science and physics, and elementary teacher certification is available in biology, mathematics and physical science.

Also included in the biology and chemistry departments are programs for pre-dental and pre-medical students. Chemistry also has a plan of study for pre-pharmacy students.

School of Engineering and Computer Science

Overview

The School of Engineering and Computer Science is an organization within the College of Science and Engineering that groups together four of the eight academic departments in the college. The school is made up of three engineering departments: electrical, manufacturing and mechanical engineering, as well as the Department of Computer Science. The school is headed by an associate dean and director who oversees the academic program development, the accreditation processes and the effective interactions with industry for the departments within the school. There is an external industry advisory council for computer science and also an engineering advisory council that provides advice on program development, evaluation of our placement processes for graduates and general feedback on the preparation of our students for jobs in industry or government facilities.

Academic Programs

Each of the four departments in the School of Engineering and Computer Science offers the bachelor's degree and the master's degree in the discipline. The graduates of these four departments are among the most sought after graduates in the University and they command the highest starting salaries for bachelor's degrees, according to a recent survey of the National Association of Colleges and Employers.

All four departments share the new Engineering Building that contains more than \$7 million of teaching and research equipment. More than 63 percent of the funded research in the College of Science and Engineering resides in the school of Engineering and Computer Science. The enrollment of majors in the School is about 1,000, which makes up about half the total enrollment of the college.

Interdisciplinary Courses

The College of Science and Engineering offers interdisciplinary science courses designed to support teachers and others who desire integrated knowledge in science.

A listing of Interdisciplinary Courses can be found in the Course Description section of this catalog on page 162.

General Overview

The Department of Biology offers courses leading to a Master of Science in biology and provides minor and support areas for degrees in other fields.

Credit for a 5000-level course is not given to a student with previous undergraduate credit in a similar course. Only 15 hours of 5000-level courses may count toward a graduate degree.

Students pursuing a master's degree in related fields can include 12 to 18 hours of work in biology.

Students pursuing the Master of Science degree with a major in Biology can include six to nine hours of work in an approved minor or support area.

Admission Requirements

1. The applicant to the master's program in biology must be accepted for graduate study at The University of Texas-Pan American.

2. Admission to the graduate program with a major in biology requires a minimum of 24 hours of undergraduate biology courses with at least 12 hours at the advanced level. As undergraduate preparation, each student should have completed three to four hours in each of the following categories: Evolution or Genetics, Cell Biology or General Microbiology, Organismal or Environmental Biology, and Mammalian or Plant Physiology. Entering graduate students who have deficiencies in one or more areas must remove them the first time that the course(s) is offered.

3. Full-time graduate students who do not meet the above requirements may take up to nine hours of leveling work while taking a limited number of graduate hours.

4. A minimum grade point average of 3.0 in upper-level undergraduate biology courses (based upon a 4.0 system) is required.

5. Students who wish to pursue a thesis option must meet with a faculty member to discuss possible research projects before enrolling. Students who wish to pursue a non-thesis option should consult with faculty a advisor before enrolling.

Enrollment While Completing Leveling Work

The following courses may be taken while enrolled in leveling work:

6101	Biology Graduate Seminar (must be
	completed three times)
6305	Biometry
6365	Graduate Biological Research
	Problems
	6305

General Degree Requirements

1. Preliminary Oral Examination. The purpose of the graduate program is to provide advanced training in biology. It is expected that all students entering the program will possess a basic understanding of general concepts in biology. As soon as possible, but no later than the end of the second semester of graduate work, the student's Graduate Committee will administer a Preliminary Oral Examination to assess the student's performance on this exam will help the Graduate Committee in formulating recommendations for the degree plan and for removing deficiencies. If deficiencies or weaknesses in basic biology are apparent, the Graduate Committee will recommend that the student take appropriate undergraduate courses, or engage in self-study in the areas of deficiency. These courses and/or studies must

2005-2007 Graduate Catalog

College of Science and Engineering

be completed before the comprehensive oral examination (and thesis defense) is taken.

2. Comprehensive Oral Examination and Thesis Defense. After satisfactory completion of the required number of courses (and the presentation of a seminar on the thesis research for those pursuing the thesis option) the student must take a comprehensive examination (and thesis defense for thesis students). The examination (and thesis defense) will be conducted by the Graduate Committee, but it is open to all biology graduate faculty members. The biology graduate faculty must be notified of the examination date, time and place at least two weeks prior to the examination. There is no time limit, but the examination (and thesis defense) ordinarily lasts at least two hours. For thesis students, the first round of questions is devoted to a defense of the thesis and the second and subsequent rounds of questions are over basic biological concepts and principles. For non-thesis students, all questions are on general biology. At the end of the comprehensive oral examination (and thesis defense), the Graduate Committee will assign a grade of "pass" or "fail," based on a majority vote of the committee.

If the student fails the comprehensive oral examination (and thesis defense), he or she may be granted permission to take a second examination, if doing so is approved by the Graduate Committee, the chair of the Department of Biology, and the dean of College of Science and Engineering. In no case will a second examination be given until at least one semester has passed. After two failures, no further examination is allowed.

3. Biology Grades. All graduate students in biology are expected to maintain a minimum GPA of 3.0 throughout their MS degree program. Any student whose GPA falls below 3.0 will be placed on probation. To remain in the graduate program, the student must restore his or her GPA to 3.0 by the end of the next semester (fall or spring).

• General Requirements for Thesis Program

1. Graduate students selecting the thesis option must complete 30 hours, including the thesis. The choice of courses will be determined through consultation between the student and his or her graduate advisor and have the approval of the chair of the department.

2. During the first semester of study following admission to graduate study, the student should choose from the graduate faculty a major professor who will serve as chairman of his or her Graduate Committee and two other faculty members chosen in conference with the major professor and the chair of the department. This committee will approve a plan of study for the student that must be approved by, and a copy filed with, the department chair and the dean of the College of Science and Engineering. The major professor and student should each retain a copy. This committee will also oversee progress and supervise the required comprehensive examination. **3.** A thesis topic and plan for research will be chosen by the student and his or her major professor, subject to approval by the Graduate Committee.

4. The research will culminate in a thesis written in the style approved by the Graduate Committee and should be worthy of submission, in whole or in part, for publication in a reputable journal. Approval must be affirmed by the chair of the department and the dean of the college.

5. Following acceptance of the thesis, evidenced by the signatures of the committee members and by the administrators indicated above, four copies should be presented for binding, and a fee to cover the cost of binding should be paid to The University of Texas-Pan American. The four bound copies will be distributed as follows: the first (original) and second copy in the library, the third copy with the Department of Biology and the fourth copy with the student.

General Requirements for Non-Thesis Program

A non-thesis student must complete 36 hours of coursework, which must include at least 27 hours in biological sciences. A maximum of nine hours in a related minor or supporting field may be taken only after consultation between the student and his/her graduate advisor and with the approval of the chair of the department.

Introduction

The Department of Computer Science offers two degrees: Master of Science in computer science and Master of Science in information technology. The degrees prepare students for positions in industry and education, enhance skills for the practicing professional and supply a foundation for study at the doctoral level. Students with a bachelor's degree in any field may enter either program. The programs provide a broad foundation of study in computer science and as well as offer in-depth study in the areas of algorithms, symbolic and algebraic computation, databases, data mining and warehousing, information retrieval, networks and distributed computing, artificial intelligence and cognitive science, computer graphics and virtual reality,

multimedia, information visualization and interactive systems, and software engineering. For both degrees, a core of computer science courses is required together with additional prescribed elective courses. Other computer science electives and graduate courses in other departments may also be completed. The program offers both thesis and project options for the Master of Science in Computer Science. More information is available at www.cs.utpa.edu

Admissions Requirements

1. Applicants must be accepted to the Graduate School.

2. A grade point average of 3.0 or higher on a 4.0 scale for the last 60 semester hours, or 90 quarter hours, of undergraduate courses completed.

3. For foreign national applicants whose primary language is not English, a score on the TOEFL of 500.

4. Three letters of recommendation from individuals who can attest to the applicant's academic potential.

5. Preparation for graduate work in computer science. This preparation is shown by (1) a bachelor's degree in computer science or (2) a bachelor's degree in another field and courses and/or experience that prepare the applicant for graduate work in computer science.

Conditional admission will be considered for an applicant who does not satisfy the above requirements. In particular, many students with bachelor's degrees in other fields enter the program. For those students, a sequence of courses preparing the student for graduate studies will be prescribed.

Degree Requirements

Master of science in computer science students complete 36 semester hours, including 12 semester hours of required computer science lecture and seminar courses, 12 or more semester hours of computer science prescribed elective courses and a master's thesis or project. Students may also complete up to six hours of other computer science electives and courses in other departments. For the project option, a final written examination is required.

Graduate Program Overview

The University of Texas-Pan American program in engineering offers graduate programs in electrical engineering, manufacturing engineering and mechanical engineering leading to a Master of Science in engineering. Each of the three programs offers thesis, report, and nonthesis options. Students may further specialize within each program through selection of elective courses.

Master of Science in Engineering: Electrical Engineering

The Department of Electrical Engineering offers a graduate program leading to a Master of Science in engineering degree. The program has a thesis option, a nonthesis option and a project with report option. Coursework is offered in areas that include computer engineering, systems and controls, communications, digital systems, and electronics. Research opportunities are offered in computer architecture and performance evaluation, multimedia processors, VLSI design and implementation, microwave and antenna engineering, control systems and robotics, networks, and signal and image processing.

Admission to the Electrical Engineering Program

Applicants to the master's program in electrical engineering must meet the University requirements for admission to graduate study given in the admission section of this catalog. There are additional requirements specific to the electrical engineering graduate program. For unconditional admission, the minimum requirements are:

- (1) A bachelor's degree in electrical engineering.
- (2) A grade point average of 3.0 or higher on a 4.0 scale for the last 60 semester hours attempted.

Applicants who do not satisfy the specific program criteria above will be considered for conditional admission. Prospective graduate students whose bachelor's degree is in a field other than electrical engineering are required to take leveling courses, prescribed by the graduate program director, before they can be considered for admission to the electrical engineering graduate program.

2005-2007 Graduate Catalog

College of Science and Engineering

Degree Requirements

■ General Requirements for Thesis Option

1. The thesis option for the master's degree requires a minimum of 30 hours of graduate work, including six thesis credits identified as ELEE 7300 and ELEE 7301.

2. The graduate program director will help the student prepare an initial plan of study to begin his/her first semester of work. During the first semester, the student is urged to discuss potential research topics with several faculty members in order to choose a topic that interests him/her and a major professor to act as his/her thesis advisor. When a thesis topic has been selected, a Graduate Committee composed of at least three graduate faculty members shall be formed in conjunction with the major professor and department chair. The committee should include at least two electrical engineering faculty members from UTPA and one faculty member from another department. A final plan of study must be prepared and approved by the major professor, the department chair and the dean no later than the second semester of work.

3. Each student should submit a proposal to the Graduate Committee that describes the thesis topic in sufficient detail. A copy of the proposal should also be submitted to the department. The proposal should normally be submitted before the student signs up for his/her first thesis course. Students should bear in mind that a master's thesis could be published in the technical literature and represent some knowledge in the field.

4. Each student is required to present a seminar on the thesis topic. Notice of the oral presentation of the master's thesis should be given at least one week in advance to all faculty and students in the department. A draft copy of the master's thesis should be available to all faculty members serving on the student's Graduate Committee at least one week before the oral presentation. Students are expected to make changes to the final copy of their master's thesis based on feedback obtained from the oral presentation. Students should expect to be asked fundamental questions during the oral presentation. If the student fails the thesis defense, he/she may be allowed to take a second defense contingent upon the approval of the Graduate Committee, the department chair and the dean. If approved, the timing and requirements of the second defense will be specified by the Graduate Committee, but in no case will the student be able to defend his/her thesis for the second time until at least one semester has passed. After two failures, no further thesis defense is allowed.

5. Students are responsible for preparing and copying the final thesis. One copy must be provided to the professor and one copy to the department in addition to copies required by the Office of Graduate Programs and Research. Members of the student's Graduate Committee are required to be provided with a copy of the thesis. It is the responsibility of the student to adhere to the University

requirements for the format and submission of a thesis.

6. All candidates for the Master of Science program must maintain a minimum GPA of 3.0 throughout their program of study. Any student with clear admission whose GPA falls below 3.0 will be placed on probation. To remain in the graduate program, the student must restore his/her GPA to 3.0 by the end of the following semester.

Thesis Opt	tion	(30 ho	ours total)
A. Required			9 Hours
Selected fr	om the i		
ELEE	6300	Signals and Systems	
ELEE	6320	Semiconductor Devices	
ELEE	6330	Linear Dynamic Systems	
ELEE	6345	Digital Signal Processing	
ELEE	6335	Advanced Computer Arcl	nitecture

B. Thesis			6 Hours
		Mactor's Thesis I	

ELEE	7300	Master's Thesis I
ELEE	7301	Master's Thesis II

C. A minimum of 15 hours of graduate courses selected with the consent of the student's thesis advisor. Nine hours or more must be in electrical engineering, and up to six hours may be selected from other graduate programs within the College of Science and Engineering.

General Requirements for Project with Report Option

1. The project with report option for the master's degree requires a minimum of 36 hours of graduate work, including six project credits identified as ELEE 6390.

2. The graduate program director will help the student prepare an initial plan of study to begin his/her first semester of work. During the first semester, the student is urged to discuss potential projects with several faculty members in order to choose a topic that interests him/her and a faculty member who is willing to sponsor his/her project. A final plan of study must be prepared and approved by the sponsoring professor, the department chair and dean no later than the second semester of work.

3. Each student should submit a proposal to the sponsoring professor and a copy to the department that describes the project in sufficient detail. The proposal should be submitted before the student signs up for his/her first project course. Students in this option should bear in mind that the master's project should bring to them additional learning experience and be of some value to the technical field.

4. Each student is required to present a seminar on the project topic. Notice of the oral presentation of the master's project should be given at least one week in advance to all faculty and students in the department. A draft copy of the master's project should be available to the sponsoring

professor at least one week before the oral presentation. Students are expected to make changes to the final copy of their master's project based on feedback obtained from the oral presentation. Students should expect to be asked fundamental questions during the oral presentation. Students will be evaluated based on the work accomplished in their project and their verbal and writing communication skills.

5. Students are responsible for preparing and copying the final project report. One copy must be provided to the sponsoring professor and one copy to the department.

6. In addition to course requirements, each student in the project with report option will be required to pass a comprehensive examination during or at the end of the student's final semester of work. The examination will be administered by an Examining Committee formed by a number of faculty members with whom the student has taken one or more graduate courses. The Examining Committee will be appointed by the graduate program director with approval of the department chair and will evaluate the student's depth of knowledge in the field of study and his/her competence in presenting the technical material. It is the responsibility of the student to contact the graduate program director to schedule the examination at least four weeks before the examination date. If the student fails the comprehensive examination, he/she may be allowed to take a second examination contingent upon the approval of the Examining Committee, the department chair and the dean. If approved, the timing and requirements of the second attempt will be specified by the Examining Committee, but in no case will the second examination be given until at least one semester has passed. After two failures, no further examination is allowed.

7. All candidates for the Master of Science program must maintain a minimum GPA of 3.0 throughout their program of study. Any student with clear admission whose GPA falls below 3.0 will be placed on probation. To remain in the graduate program, the student must restore his/her GPA to 3.0 by the end of the following semester.

B. Additional Graduate Courses

27 hours

Selected with the consent of the graduate program director. Twenty-one hours or more must be in electrical engineering, and up to six hours may be selected from other graduate programs within the College of Science and Engineering.

Transfer of Graduate Credits

A maximum of nine semester hours of graduate work earned at other institutions may be transferred for degree credit, contingent upon review and approval by the director of the graduate program. General procedures and criteria for transferring graduate credits are described in this catalog.

Course Descriptions

A listing of graduate course offerings in electrical engineering can be found in the Course Descriptions beginning on page 184.

Master of Science in Engineering Manufacturing Engineering

Graduate Program Overview

The University of Texas-Pan American Department of Manufacturing Engineering offers a graduate program in manufacturing engineering leading to a Master of Science in engineering. The department offers thesis, report and nonthesis options. Students may further specialize within the major through selection of elective courses.

The manufacturing engineering major is designed to help practicing engineers and managers with extensive engineering experience in manufacturing and graduates in engineering, the physical sciences and business to further their education for better opportunities in manufacturing industries. The major will provide technical and engineering management skills, provide education in cutting-edge technology to manufacturing professionals so they can be

competitive in the global market, and prepare students for doctoral programs in manufacturing engineering.

The graduate program in manufacturing engineering requires 30-36 semester credit hours, nine of which are required of all students. The nine hours are selected such that there is a course from each of three area lists in Quality, Design and Systems. There are three choices of programs in the manufacturing engineering area: 1) thesis, 2) report, and 3) coursework only. The thesis option requires 24 hours of coursework plus six hours for the thesis. The report option requires 30 hours of coursework and six hours for the report. The coursework only option requires 36 hours of courses. There is a requirement of 18 hours of coursework for option one, 24 hours of course work for option two and 30 hours course work for option (e) from manufacturing engineering. The remaining six hours of coursework for the thesis option, report option or coursework only option may be from mechanical or electrical engineering, business, math or computer science with the approval of the student's Graduate Faculty Advisory Committee (GFAC).

Students shall make an oral presentation on either the thesis, the report, projects for coursework option to the faculty advisory committee or take a written test to complete the requirements for the Master of Science in engineering-option manufacturing.

The thesis option gives students an opportunity to pursue research and continue the doctoral program in manufacturing engineering or related fields. The engineering practicum with a report option is designed to help practicing engineers or managers with manufacturing engineering experience to apply new technology in manufacturing and to help manufacturing industries be competitive in the world market. The report option gives fresh graduate engineers an opportunity to develop contact with an industry through project work for report, enhancing opportunities for jobs. The report option also gives students an opportunity to work on an industrial problem for two semesters (three hours each). The coursework-only option is designed to give technical depth in the manufacturing disciplines while allowing the breadth by six hours of coursework from outside the manufacturing engineering area. The coursework only path is expected to meet the needs of practicing engineers who do not intend to pursue further graduate work in engineering and only desire to follow an industrial career path.

Students may be required to take some leveling courses to meet the prerequisites, depending on their undergraduate major and experience in manufacturing engineering. The student's Graduate Faculty Advisory Committee will specify each student's leveling work.

148

Manufacturing Engineering

Admission to the Manufacturing Engineering Program

Applicants should meet University requirements for admission to graduate studies given in the admission section of this catalog.

Degree Requirements

Thesis Option	(30 hours)				
 a) Courses required of all students 	9 hours				
(3 hours from each area; see	e list below.)				
b) Elective courses prescribed	None				
c) Courses elected by students	6 hours				
(Six hours from business, mechanica					
engineering, computer science, or mathen					
with the consent of the stud					
d) Courses from Manufacturing Engineering	g 9 hours				
e) Thesis	6 hours				
Report Option	(36 hours)

engineering, computer science or mathematics chosen					
with the consent of the stud	lent's GFAC.)				
d) Courses from Manufacturing Engineering	15 hours				
e) Report	6 hours				
Coursework Only Option	(36 hours)				
a) Courses required of all students	9 hours				
(3 hours from each of three areas lis	sted below.)				
b) Elective courses prescribed	None				
c) Courses elected by students	6 hours				
(Six hours from business, mechanica	l or electrical				
engineering, computer science or mathematics chosen					
with the consent of the stud	lent's GFAC.)				
d) Courses from Manufacturing Engineering	21 hours				
Leveling Courses					
Students whose undergraduate major is not					

manufacturing engineering are required to take some leveling courses from the list given below with approval of the students' Graduate Faculty Advisory Committee. Leveling courses are determined for each student by the student's advisory committee based on his/her course background and experience in manufacturing.

MECE	1221	Engineering Graphics
MECE	2340	Fundamentals of Industrial
		Engineering
MANE	3332	Engineering Statistics
MANE	3364	Manufacturing Processes
MATH	1401	Calculus I
MATH	1402	Calculus II
MATH	3349	Differential Equations
MECE	2440	Engineering Materials
MECE	2303	Statics
MECE	2304	Dynamics
ELEE	3305	Electrical Systems

• Courses Elected by Students

Students are required to take at least one course from each of the three areas given below. Remaining 15-27 hours depending on the option (thesis, report or coursework only) may be taken from any of the three areas in manufacturing engineering. Courses should be approved by the student's Graduate Faculty Advisory Committee.

Quality

MANE MANE	6313	Advanced Quality Control Design of Experiments
MANE		Reliability Engineering
MANE		Advanced Engineering Economics
MANE	6319	Quality Management Systems
Design

■ Course Descriptions

A listing of graduate course offerings in manufacturing engineering can be found in the Course Descriptions beginning on page 201.

Master of Science in Engineering Mechanical Engineering

The Department of Mechanical Engineering offers practicing engineers an opportunity to gain a greater practical and theoretical basis of knowledge, as well as theoretical depth that can serve as a foundation for doctoral studies. Students may choose from a broad variety of courses with emphases in areas such as design, robotics, dynamics and vibrations, materials, fluid dynamics and heat transfer.

Admission to the Mechanical Engineering Program

Applicants should meet University requirements for admission to graduate studies given in the admission section of this catalog. There are additional requirements specific to the mechanical engineering program. For unconditional admission, these are:

(1) A bachelor's degree in mechanical engineering or related area.

(2) Three letters of recommendation attesting to the applicant's academic potential and capability for performing graduate-level work in mechanical engineering.

Applicants who do not satisfy the specific program criteria above will be considered for conditional admission. Those whose bachelor's degree is in a field other than mechanical engineering may be admitted subject to completion of a set of undergraduate leveling courses prescribed by the graduate program director. Students admitted conditionally must successfully complete all leveling courses, if any, and successfully complete their first nine hours of graduate work with a grade of "B" or higher.

Degree Requirements

Thesis Option

(30 hours total)

This option requires 24 hours of regular coursework plus six hours of thesis, selected as follows:

- A. MECE 6310 Intermediate Engineering Analysis (3 hours)
- B. Six hours of Thesis
 MECE 7300 Master's Thesis I
 MECE 7301 Master's Thesis II

C. Twenty one hours of additional courses chosen with the consent of the student's advisor. At least 15 hours must be in mechanical engineering, and up to six hours may be selected from other programs within the College of Science and Engineering.

Report Option (36 hours total) A. MECE 6310 Intermediate

- Engineering Analysis (3 hours) B. Six hours of project report:
 - MECE 6398 Master's Report (May be repeated once for credit.)

C. Twenty-seven hours of additional courses chosen with the consent of the student's advisor. At least 21 hours must be in mechanical engineering, and up to six hours may be selected from other programs within the College of Science and Engineering.

The University of Texas-Pan American

Non-Thesis Option

(36 hours)

A. MECE 6310 Intermediate

Engineering Analysis (3 hours)

B. Thirty-three hours of additional courses chosen with the consent of the student's advisor. At least 27 hours must be in mechanical engineering, and up to six hours may be selected from other programs within the College of Science and Engineering.

Course Descriptions

A listing of mechanical engineering graduate courses offered by the Department of Engineering can be found in the Course Descriptions section of this catalog on page 205.

Graduate Certificate Programs in Mechanical Engineering: Mechanics and Design, Materials and Thermal-Fluid Sciences

Mission Statement

The Department of Mechanical Engineering will provide students and professionals a quality education to prepare them for the practice of engineering.

Background

• Students and professionals interested in obtaining additional broad-based technical education in a selected mechanical engineering area of concentration will have the option of pursuing a graduate certificate program. The current mechanical engineering research and graduate teaching areas include: mechanics and design, materials, and thermal-fluid sciences.

•The certificate program is a professional oriented program designed for individuals who posses at least one degree in engineering or closely-related field.

• From the student's point of view, a certificate program will guarantee a valuable learning experience for professional development.

• From the industry's viewpoint, the program is structured so that their professionals contribute to their organization's mainstream goals.

Certificate Programs Overview

•Twelve hour program (four graduate courses — coursework will be for a grade).

• UTPA undergraduate students are eligible to enroll in courses upon graduation.

Students who are not currently enrolled at UTPA must complete the graduate application form for admittance to the graduate school and must satisfy the graduate school admission requirements published in the graduate catalog. There are additional requirements specific to the mechanical engineering program. For unconditional admission, these are:

(1) A bachelor's degree in mechanical engineering or related area.

(2) Three letters of recommendation attesting to the applicant's academic potential and capability for performing graduate-level work in mechanical engineering. Applicants who do not satisfy the specific program criteria above will be considered for conditional admission. Those with a bachelor's degree in a field other than mechanical engineering may be admitted subject to completion of a set of undergraduate leveling courses prescribed by the Graduate Program Director. Students admitted conditionally must successfully complete all leveling courses, if any, and successfully complete their first nine hours of graduate work with a grade of "B" or higher.

•Most of the mechanical engineering graduate courses are offered during the evening — convenient for working professionals — and the number of courses offered may vary per semester.

•Students receive a certificate upon completion of four graduate courses at UTPA in a chosen area from the mechanical engineering graduate courses list with a minimum cumulative GPA of 3.0 in the four courses.

•All courses for the certificate must be taken at UTPA/ mechanical engineering department. Transfer graduate courses are NOT considered for the certificate.

•The maximum time limit for completion of the certificate program is four years. There is no fifth year; student must start with four new graduate courses to earn his/her certificate.

•The credit for classes may be applied toward the Master of Science in mechanical engineering should the student decide later to pursue an advanced degree. For instance, obtaining three different certificates will grant the professional master's degree in mechanical engineering.

College of Science and Engineering

• Certificate programs will be available in the following areas:

•Mechanics and Design. *Choose four 3-unit courses:* * MECE 6310, MECE 6331, MECE 6332, MECE 6333, MECE 6334, MECE 6335, MECE 6336, MECE 6351, MECE 6352, MECE 6361, MECE 6362, MECE 6363, MECE 6399.

• Materials. Choose four 3-unit courses:

* MECE 6310, MECE 6320, MECE 6321, MECE 6322, MECE 6323, MECE 6324, MECE 6325, MECE 6326, MECE 6399. •Thermal-Fluid Sciences

* MECE 6310, MECE 6371, MECE 6381, MECE 6382, MECE 6383, MECE 6384, MECE 6391, MECE 6399.

INS Considerations

Mexican nationals who will be living in Mexico while studying at UTPA are considered Border commuter students. Border commuter students can apply for a student visa to study partial time at UTPA. However, international students, including Mexican nationals, who will be living in the U.S. while studying, can only apply for a student visa to study full time at UTPA (at least nine credits/semester).

Graduate Program

The Department of Mathematics offers a 36-hour non-thesis program leading to a Master of Science in Mathematics. This graduate program offers concentrations in Mathematics Teaching and Mathematical Sciences. An 18-hour core is required of all students; additionally, students must complete 18 hours in a concentration area. All students applying for admission to this program must meet all University requirements for entrance into graduate studies and hold a bachelor's degree in mathematics or a related field.

Objectives of the Program

Educational objectives for the Mathematics Teaching Option:

1. To provide instruction for secondary mathematics teachers to upgrade their knowledge of mathematics and to improve their pedagogical skills;

2. To prepare secondary mathematics teachers to become leaders within their school district in the areas of mathematics curriculum and instruction; and

3. To prepare students for advanced graduate study in mathematics education.

Educational objectives for the Mathematical Sciences Option:

1. To provide the mathematics content needed for a student to pursue a career in professional areas requiring advanced mathematics;

2. To prepare students for advanced graduate study in mathematics.

Degree Requirements

Core Courses

18 hours

MATH 6331	Algebra I	
MATH 6332	Algebra II	
MATH 6352	Analysis I	
MATH 6353	Analysis II	
MATH 6365	Probability and Statistics	
MATH 6387	Mathematical Modeling	

Designated Electives

18 hours

Mathematical Sciences Concentration

Select four courses from the following:MATH 6360Ordinary Differential EquationsMATH 6361Partial Differential EquationsMATH 6362Fourier AnalysisMATH 6364Statistical MethodsMATH 6370TopologyMATH 6388Discrete Mathematics

Select an additional six hours of approved electives.

Mathematics Teaching Concentration

The following courses are required:

- MATH 6308 Teaching of Algebraic Concepts
- MATH 6310 Topics in Mathematics Teaching
- MATH 6312 Teaching of Geometric Concepts
- MATH 6390 Mathematics Seminar

Select an additional six hours of approved electives.

• Comprehensive Examination

All candidates for the Master of Science in mathematics must pass a comprehensive examination during or at the end of the student's final semester of work as part of the degree requirements.

Course Descriptions

A listing of graduate courses offered by the Department of Mathematics can be found in the Course Descriptions section of this catalog beginning on page 203.

College of Social & Behavioral Sciences

General Overview

The College of Social and Behavioral Sciences is composed of five departments: Criminal Justice, Military Science, Political Science, Psychology and Anthropology, and Sociology.

Academic Programs

The College of Social and Behavioral Sciences offers the Master of Arts degree in psychology, the Master of Science degree in criminal justice and sociology and the Master of Public Administration degree, a professional preparation program for public service in governmental agencies.

Graduate majors in psychology may select a clinical or an experimental concentration. Students who wish to pursue graduate study in anthropology may opt for a Master of Arts degree in interdisciplinary studies with a concentration in anthropology. Students in the sociology graduate program may choose a general sociology focus or a concentration in regional studies or health and aging.

In addition, the college provides support to graduate programs in other colleges by providing several key graduate courses.

The college also offers the Bachelor of Arts in anthropology, political science, psychology and sociology; the Bachelor of Science in psychology; and the Bachelor of Science in criminal justice. Students may minor in anthropology, criminal justice, military science, political science, psychology or sociology. Additionally, the Department of Military Science provides Army Reserve Officers'

Training Corps training that can lead to commissioning in the Army, Army Reserve or National Guard.

Dr. George P. Avellano, Interim Dean Social & Behavioral Sciences Building, Room 238 1201 W. University Drive Edinburg, TX 78541-2999 Telephone: 956/381-3551 Fax: 956/381-2180 E-mail: avellano@utpa.edu Web: http://www.utpa.edu/colleges/cosbs.cfm

Overview

The Master of Science (MS) in criminal justice is designed to accomplish the following educational objectives:

• Enhance the students' competence in the content principles and methods of criminal justice.

• Prepare students for administrative and management positions in federal, state and local criminal justice agencies.

• Prepare students for entry level positions requiring graduate degrees, such as federal probation, parole and selective law enforcement agencies.

• Prepare students for academic study beyond the master's degree.

• Develop, through faculty and graduate research, a criminal justice knowledge base concerning issues unique to

the region, including Mexico and South America. • Provide a resource for federal, state and local criminal justice agencies in need of administrative assistance in policy analysis, development and program evaluation.

The master's degree in criminal justice is conducted in cooperation with The University of Texas at Brownsville Texas Southmost College (UTB), coordinated by a Graduate Program Committee and utilizes faculty, courses and library and other institutional resources from both institutions. The degree is granted by The University of Texas-Pan American.

Admission Requirements

Applicants must:

1. Be accepted for admission to graduate study at the University.

2. Have demonstrated academic preparation for graduate work in criminal justice. This preparation would be shown by (a) a bachelor's degree in criminal justice, criminology, corrections, police administration or closely related field or (b) a bachelor's degree in another field and graduate or advanced undergraduate courses in the following areas: political science, psychology, public administration, social work or sociology and (c) undergraduate coursework in research methods and criminological theory.

3. For students who would meet graduate studies admission criteria without a GPA of 3.0, a grade point average of 2.75 or higher on a 4.0 scale for the last 60 semester hours or 90 quarter hours of undergraduate courses completed, as shown on official transcripts.

Applicants should consult with the department's graduate program director for additional program admissions requirements, including required admission materials.

Degree Requirements

The Master of Science degree in Criminal Justice requires the successful completion of a total of 36 graduate semester hours. In addition, all students must pass a comprehensive written examination, testing knowledge from the core courses.

Students are expected to make satisfactory progress in the program. All students must maintain an overall 3.0 grade point average in all graduate courses and have no more than two grades of "C" in the core.

Core Courses

CRIJ 6301 Criminal Justice System

2005-2007 Graduate Catalog

College of Social & Behavioral Sciences

CRIJ	6302	Crime, Criminal Behavior and Criminology		
CRIJ	6303	Criminal Justice Policy Analysis		
CRIJ	6304	Law, Courts and Criminal Procedure		
CRIJ	6305	Criminal Justice Organizational		
		Theory and Behavior		
CRIJ	6306	Statistical Methods in Criminal		
		Justice		
CRIJ	6307	Criminal Justice Research Methods		

Thesis or Applied Project Option

CRIJ	7301	Thesis
CDU		T I!.

CRIJ	7302	Thesis
CRIJ	7303	Applied Research Project
	7304	Applied Research Project

Electives

Students will take from three to 15 semester hours from the following courses, depending on whether or not they take the Thesis, Applied Project or Additional Coursework Options:

.)

Other Electives

A maximum of six hours of graduate courses may be taken from related disciplines. Courses must have prior approval of the graduate program director.

Course Descriptions

A listing of graduate courses offered by the Department of Criminal Justice can be found in the Course Descriptions section of this catalog beginning on page 174.

Director MPA Program

Social and Behavioral Sciences Building, Room 342 1201 West University Drive Edinburg, TX 78541-2999 Telephone: 956/381-2545 Fax: 956/381-2139

Graduate Faculty

Garrett, Terence, Assistant Professor Hinojosa, Jose R., Associate Professor Milford, John, Lecturer Montesdeoca, Richard, Lecturer

Graduate Program

The Department of Public Administation offers graduate study toward a Master of Public Administration (MPA) degree. The MPA is a professional preparation program for public service in governmental agencies at the federal, state, regional and local levels. The student must qualify for admission to the University for graduate study to be admitted to the program (see page 21 of this catalog).

Degree Requirements

The Master of Public Administration (MPA) graduate degree requires successful completion of 39 total graduate hours.

Program Continuation

When a grade of "C" or lower is received in three or more courses in the program (even if the course is repeated and a higher grade is received), a master's candidate is ineligible to continue in the program or to take the comprehensive examination.

Prerequisite

The students must take PUBA 6301 The Public Administration Profession. Students whose academic preparation in public administration or political science is deficient may be required to do additional leveling coursework before gaining clear admission to the program.

Core

Students will be required to take 18 hours of core courses. These include three hours covered by PUBA 6302 Graduate Seminar in Public Administration, and five other core courses in the five program areas recommended by the National Association of Schools of Public Affairs and Administration (NASPAA). The five program areas and the five core courses are:

- NASPAA Area A-Political-Social-Economic Environment PUBA 6305 Problems in State and Local Government
- NASPAA Area B-Public Policy Analysis PUBA 6312 Policy Implementation and Program Evaluation
- NASPAA Area C-Managerial Processes PUBA 6321 Public Personnel Administration
- NASPAA Area D-Analytical Tools
 PUBA 6330 Scope and Methods
 in Public Administration

• NASPAA Area E-Individual-Group-Organizational Behavior

PUBA 6341 Political Leadership: Decision Making and Management in Public Organizations

Designated Electives (specialization)

Students will then take 12 hours of courses supportive of study within the discipline. Courses may be taken from the five NASPAA program areas; six hours may be taken outside the department in approved graduate-level courses.

The following four courses are suggested for the 12 hours of designated electives or specialization:

		1
PUBA	6304	Intergovernmental Relations
PUBA	6311	The Formulation of Public Policy
PUBA	6320	Public Finance Administration
PUBA	6342	Bureaucracy and Organizational
		Theory

Free Electives

No free electives are advisable.

Other Courses

Students who do not have work experience in public administration will be required to complete a three-hour "internship." This course is PUBA 6325. (Students employed full-time in the public sector may use their present position as the basis for their internship experience if they successfully take PUBA 6325.)

Each candidate for the MPA must successfully complete either a Thesis, PUBA 7300-7301 (six hours), or an Applied Research Grant Project, PUBA 7302-7303 (six hours), or take additional hours and the Comprehensive Written Examination. Each student must successfully complete either the thesis or the applied research grant project by defending it publicly with the acceptance of the supervisory instructor and two additional reviewers.

Final Requirements

After a student has successfully completed the 39 hours, he or she becomes a candidate for the Master of Public Administration (MPA) degree and must successfully complete a written comprehensive examination. The final comprehensive examination will be administered by a supervisory instructor and two additional faculty members.

Directed Courses

Students who prefer to neither write a thesis nor conduct an applied research grant project may take six (6) additional hours of graduate courses as approved and pass a written comprehensive examination.

Course Descriptions

A listing of graduate courses offered by the Master of Public Administration Program can be found in the Course Descriptions section of this catalog beginning on page 215.

III, *Assistant Professor*

Anthropology

Glazer, Mark, *Professor* Hinojosa, Servando, *Assistant Professor* Pozorski, Shelia, *Professor* Pozorski, Thomas, *Professor*

Overview

The Graduate Program in Psychology offers three options for students: (1) Clinical Psychology, thesis option, (2) Clinical Psychology, non-thesis option, and (3) Experimental Psychology, thesis required. Students with a master's degree in clinical psychology will be eligible to apply for licensure as a psychological associate in the State of Texas. Clinical psychology graduates may also complete all academic requirements for licensure as a Licensed Professional Counselor. Both experimental and clinical psychology graduates are encouraged to transfer and continue their education in a doctoral psychology program.

Admission Requirements

Applicants must:

1. Be accepted to the University of Texas-Pan American for graduate study.

2. Have completed at least 12 hours of undergraduate courses in psychology, including PSY 2401, Basic Statistics for Psychologists and PSY 3325, Research Methods in Psychology.

3. Official transcripts with a 3.0 GPA on a 4.0 scale for the last 60 hours completed and in psychology coursework.

4. GRE scores: GRE-VERBAL: 400 or higher; GRE-Quantitative: 400 or higher; GRE-VERBAL & Quantitative: 1,000.

5. Have submitted three letters of recommendation from individuals who are qualified to judge the student's academic and professional potential.

6. Submit a 500-word essay describing their professional goals and objectives and specifying the major option to which they are applying.

Applicants will only be considered for acceptance to the program option to which they have applied.

Conditional Admission

Individuals who show potential for successful completion of graduate work but do not meet published admission criteria may be conditionally admitted to the program. Each student admitted conditionally will have an individualized deficiency removal plan, along with a designated time period within which deficiencies must be removed. If specified deficiencies are removed, the conditional admission status is removed and the student transferred to clear admission status. If the conditional admission status is not removed within the designated time period, the student will be dropped from the program.

Total Hours Required for the Option

Both Clinical and Experimental options require the completion of a comprehensive examination as part of the graduation requirements.

Course Descriptions

A listing of psychology graduate courses offered by the Department of Psychology and Anthropology can be found in the Course Descriptions section of this catalog on pages 213.

Anthonopology

Web Site: http://www.utpa.edu/dept/psych-anth/anthindex.html

Overview

UT Pan American offers interdisciplinary degree programs at the graduate level, including a Master of Arts in interdisciplinary studies.

Graduate courses available in anthropology enable graduate students to:

1. complete a Master of Arts degree in interdisciplinary studies with a concentration in anthropology, or

2. take graduate anthropology courses as electives within other graduate programs.

Students pursuing either option are expected to meet with the Anthropology Coordinator or other anthropology faculty in order to develop a program of study. This degree is structured as follows:

Thesis Option

36 hours

Eighteen hours in anthropology, including the thesis (concentration area).

Required Courses

Anth	6345	Anthropological Method and
		Theory
Anth	7300	Thesis
Anth	7301	Thesis

Nine Hours in Discipline Two.

Nine Hours in Discipline Three.

2005-2007 Graduate Catalog

Non-Thesis Option

Eighteen hours in anthropology (concentration area).

Required Course

Anth 6345 Anthropological Method and Theory

Nine Hours in Discipline Two.

Nine Hours in Discipline Three.

Graduate courses available in anthropology also enable graduate students to take anthropology courses as electives within other graduate programs, such as English or history.

Course Descriptions

A listing of anthropology graduate courses offered by the Department of Psychology and Anthropology can be found in the Course Descriptions section of this catalog on page 164.

Mission Statement

The mission of the graduate program of the Department of Sociology at The University of Texas-Pan American is to prepare students who complete our program with the knowledge and the technical expertise to be effective specialists, analysts and administrators in a variety of social settings, such as federal, state and local government agencies, school districts, community health and aging organizations, marketing firms and evaluation programs. The department offers a curriculum with strong emphasis on methods, statistics and theory that prepare students seeking to continue their studies to succeed in doctoral programs in sociology.

In order to accomplish our mission, the department pursues excellence in teaching, research and professional service, and provides students with research and classroom teaching experience. Our mission is consistent with the University's mission of "pursuing high standards of achievement in instruction, student performance, research, scholarly accomplishment and professional service" and "reflecting and responding to the international, multicultural, and multilingual character of the Pan American community."

General Overview

Candidates for the master's degree may choose a general sociology focus, a concentration on inequality and poverty (including Mexican American society and border and inter-American issues), a concentration on health and aging (including such topics as health care research and analysis, health care systems, research methods) or a concentration on technical research and program evaluation.

Admissions Requirements

1. Have had at least 15 undergraduate hours in sociology or demonstrated competence from equivalent coursework in similar liberal arts discipline.

2. Have submitted two letters of recommendation from individuals who are qualified to judge the student's academic and professional development.

Degree Requirements

To receive the Master of Science degree in Sociology, a candidate must complete a total of 36 hours of graduate study, including 15 hours of core requirements. The writing of a thesis is optional for receiving the degree. Students choosing the Thesis option are required to complete

36 hours of graduate study, including 15 hours of core requirements and six hours of thesis.

Core Courses

Sociology	6300	Graduate Statistics
Sociology	6301	Graduate Social Theory
Sociology	6302	Graduate Quantitative Methods
Sociology	6303	Graduate Qualitative Methods
Sociology	6304	Graduate Research Analysis

Designated Electives

Select 21 hours of electives, six of which may be thesis hours.

Other Electives

Students may select three to six hours of approved graduate electives from other disciplines.

Sequencing of Core Courses

It is estimated that the Master's program in Sociology can be completed in four semesters for students who are enrolled full time in the program (nine semester credit hours per semester) and four semesters and two summer terms for part-time students. Based on the four semester model to complete the graduate degree, we suggest that students organize the coursework along the following time line. The first semester of graduate work is left open for students to make up deficiencies or take electives. During the second semester, students can take Sociology 6300 and 6301. During the third and fourth semesters, students can take Sociology 6302, 6303 and 6304. Part-time students are strongly encouraged to complete their degrees along this time line by enrolling in two Summer School terms (first and second year of graduate work) for a total of six hours each term.

In addition to a general sociology program, the department offers three possible areas of concentration:

- Social Inequality
- Health and Aging
- Applied Research and Program Evaluation

Graduate Course Descriptions

The University of Texas-Pan American

Every course at The University of Texas-Pan American is identified by a subject code with a maximum of four letters and a four-digit number that specifies the level and the number of hours of credit of the course.

Course numbers show both the collegiate level at which they are offered and the semester hour value of the course. The first digit shows the level and the second digit

courser me ms	e argre shows are rever and the second argre

[3-0]

[3-0]

ACC 6301 Principles of Accounting as scheduled

An intensive examination of financial and managerial accounting theory and procedures and their application in the generation of data for integrated financial and managerial accounting information systems. Topics include an overview of the accounting cycle, analysis of financial statements, income determination and inventory valuation cost allocation, and interpretation of financial information for managerial decision-making and control purposes. *Prerequisite:* Admission to the MBA Program.

ACC 6320 Financial and Managerial Accounting

fall

A study of the principles, conventions and concepts underlying internal and external reporting of accounting information by business organizations, and the application of these principles in evaluation, interpretation and utilization of accounting data for managerial decisions. *Prerequisites:* ACC 2421 or ACC 2339; FINA 3383.

ACCT 6321 International Taxation [3-0] as scheduled

Seminar on incentives and restrictions contained in the United States tax laws and related international law.

ACCT 6322 Special Topics in Accounting [3-0] as scheduled

A study of current and special topics concerning accounting. Emphasis will be toward literature from the professional public accounting societies and governmental agencies. This course has variable content and may be repeated for credit. *Recommended Prerequisites:* 15 hours of accounting, including ACC 3321, ACC 3323 and ACC 3324 or its equivalent.

ACCT 6323 Accounting Seminar

```
[3-0]
```

as scheduled Seminar on contemporary international and domestic accounting issues.

ACCT 6973/MBAO6336

Accounting for Decision Making (UT San Antonio)

An online version of ACC 5023, Accounting Analysis for Decision Making, which is a required course in the resident MBA program in the College of Business at the University of Texas at San Antonio. MBAO 6336 has a prerequisite MBAO 6311 Accounting Analysis or its equivalent.

ACCT 8321 Seminar in Accounting Topics [3-0] as scheduled

Selected topics in accounting as they relate to current issues. Various contemporary subjects will be developed by the instructor of this course. Course may be repeated for credit with different topics.

AIM 6305/MBAO 6311 Accounting Analysis *(UT Dallas)*

The course is designed for managers who will use, not prepare, accounting information. *It consists of three modules:* Financial Accounting, Cost Management and Management Control.

ANTH 6345 Anthropological Method and Theory

[3-0]

as scheduled

Intensive instruction in the methodology (interviewing, participant observation, network analysis, etc.) and theoretical perspectives of anthropology.

ANTH 6348 Peoples and Cultures of Mexico [3-0] spring, odd years

This course is an in-depth study of the diverse peoples and cultures of Mexico and Central America. The traditions, beliefs and practices of different cultures will be examined through an emphasis on the ethnography and ethnohistory of indigenous cultures of the region.

ANTH 6350 Mexican-American Folk Medicine *fall*

A study of popular medical traditions found among Mexicans and Mexican Americans. Influences from European and Native American sources will be identified and ongoing changes in the folk medical landscape will be examined.

ANTH 6354 Advanced Cultural Anthropology [3-0] as scheduled

Stresses the holistic approach of anthropology as a means for understanding societies and explaining their development while also presenting and applying the methodologies of its subdisciplines. May be repeated for six hours credit.

ANTH 6355 Psychology and Mythology [3-0] fall, odd years

This course will study the impact and interrelationships of psychological thought and mythological theory. The impact of the theories of Freud, Adler, Jung, Levi-Strauss and others on mythology will be studied. *Previous Course Number:* ANTH 5355; a student may receive credit in only one course.

The University of Texas-Pan American

Equivalent Course: May be counted as PSY 6355; a student may receive credit in only one course.

ANTH 6365 Archaeology of South America [3-0] fall, odd years

A study of the prehistory of South America, with an emphasis on the Andean area. Cultural development will be traced from the time of the first inhabitants through the Incas. The development of complex societies leading up to the Incas will be emphasized.

ANTH 6369 Archaeology of Mexico and Central America [3-0]

fall, even years

A study of the prehistory of Mexico and Central America beginning with the first cultures to inhabit the area and ending with the arrival of the Spanish. Major civilizations of the area, including the Olmecs, Mayas and Aztecs, will be emphasized.

ANTH 6373 Archaeology of Ancient Egypt spring

A study of the prehistory and history of ancient Egypt from the time of the first inhabitants in the area to the arrival of the Romans. Emphasis will be placed on the architectural and artistic achievements of Egypt during the time of the pharaohs. Aspects of ancient Egyptian social classes and religious beliefs and practices will also be explored.

ANTH 6374 Archaeology of North America [3-0] spring, odd years

A study of the prehistory of North America north of Mexico. The course deals with cultural development from the time of the initial peopling of the New World until the arrival of Columbus. Major cultural developments in the southwestern and eastern United States will be emphasized.

ANTH 6375 Mexican-American Folklore [3-0] spring, even years

This course is an in-depth study of Mexican-American folklore. The course includes the study of Chicano legends, folk tales, riddles, folk music, ballads and festivals. Students have the opportunity to collect and archive folklore materials.

ANTH 6385Topics in Anthropology[3-0]as scheduled

Topics are varied according to availability of faculty and student interest. Course can be repeated for a total of six hours of credit as topics change.

ANTH 7300 Thesis

as scheduled Research and writing of the thesis.

ANTH 7301 Thesis

as scheduled Research and writing of the thesis.

ART 6301 Studio Experience (2-D) *as scheduled*

Exploration of personal vision within a two-dimensional framework. Emphasis on group discussion and clarification of direction. Repeatable for a total of 12 hours. *Prerequisite:* Graduate standing.

ART6302Studio Experience (3-D)[3-0]as scheduled

Exploration of personal vision within a three-dimensional framework. Emphasis on group discussion and clarification of direction. Repeatable for a total of 12 hours. *Prerequisite:* Graduate standing.

ART 6303 Graduate Studio Techniques (2-D) [3-0] as scheduled

This course is intended for pursuing a minor area. Emphasis will be given to working in a technical direction outside the student's designated major area. Repeatable for a total of nine hours. *Prerequisite:* Graduate standing.

ART 6304 Graduate Studio Techniques (3-D) [3-0] as scheduled

This course is intended for pursuing a minor area. Emphasis will be given to working in a technical direction outside the student's designated major area. Repeatable for a total of nine hours. *Prerequisite:* Graduate standing.

ART 6350 Art History Seminar I: Topics in European Art

as scheduled

Seminar/lecture on selected topics of European art history will be presented. Paper required. *Prerequisite:* Graduate standing.

ART 6351 Art History Seminar II: Topics in American Art

[3-0]

[3-0]

as scheduled

Seminar/lecture on selected topics in American art history will be presented. Paper required. *Prerequisite:* Graduate standing.

ART 6352 Art History Seminar III: Topics in Latin American Art Prior to A.D. 1521 [3-0]

as scheduled

Seminar/lecture on selected topics of Latin American art will be presented. Paper required. *Prerequisite:* Graduate standing.

165

[3-0]

[3-0]

[3-0]

ART 6353 Art History Seminar IV: Topics in Latin American Art Since A.D. 1521 [3-0]

as scheduled

Seminar/lecture on selected topics of Latin American art will be presented. Paper required. Prerequisite: Graduate standing.

ART6354Topics in Art History[3-0]as scheduled

Seminar/lecture concerned with the philosophical overviews of selected art epochs will be presented. Paper required. *Prerequisite:* Graduate standing.

ART6383The Art Profession[3-0]as scheduled

Strategies for professional representation, establishing an art business and considerations for teaching in higher education are discussed in a seminar format. A review of financial opportunities is also included. Paper required. *Prerequisite:* Graduate standing.

ART6605Graduate Studio (2-D)[3-0]as scheduled

Students are expected to develop professional competence in the area of their special studio direction. Research relating to the student's topic will be pursued. Repeatable for a total of 12 hours. *Prerequisite:* Acceptance to MFA candidacy.

ART 6606 Graduate Studio (3-D) as scheduled

Students are expected to develop professional personal competence in the area of their special studio direction. Research relating to the student's topic will be pursued. Repeatable for a total of 12 hours. *Prerequisite:* Acceptance to MFA candidacy.

ART7300Graduate Exhibition[3-0]as scheduled

Planning and producing an exhibition for work previously prepared for this course. This course will be taken during the student's final semester of study.

ART 7301 Graduate Paper

as scheduled

A description paper focused on the considerations that were made manifest through the works included in the Graduate Exhibition. This will be the final requirement for completion of the MFA degree and will be taken in conjunction with ART 7300. The paper will be presented to the student's graduate committee.

BADM 9391 Dissertation (Extension)

Students register for this course in each long semester and during the summer following completion of BADM 9690 until the dissertation is defended. May be repeated.

BADM 9690 Dissertation

Students register for this course following completion of all other doctoral course requirements and successfully completing the comprehensive examinations. This course must be registered for a minimum of two consecutive long semesters of six hours each. If the dissertation is not completed following the 12-hour requirement, the student must register in three hours of BADM 9391 each semester in continuous enrollment, including one summer session, until successful defense of the dissertation. May be repeated.

BIOL 5304 Advanced Ichthyology *fall*

[2-3]

[3-3]

A study of ecology, distribution, adaptations, physiology, systematics and evolution of freshwater and marine fishes, with an emphasis on local forms. Laboratories will stress identification and other practical applications of modern ichthyological techniques. \$20 laboratory fee.

BIOL 5307 Host-Parasite Relationships spring

A comprehensive analysis of the interrelationships between host and parasite. Modern laboratory techniques essential to understanding these interrelationships will be considered. *Credit Restriction:* Credit cannot be given if BIOL 3402 or BIOL 4407 has been taken. *Prerequisite:* Graduate standing. \$20 laboratory fee.

BIOL 5309 Advanced Herpetology [2-3] fall

A study of the anatomy, evolution, distribution, systematics, ecology and physiology of amphibians and reptiles, primarily of North American species with special emphasis on local forms. *Prerequisites:* Eight hours of introductory biology (1400 level), BIOL 2401 or BIOL 2402, and graduate standing. \$20 laboratory fee.

BIOL 5312 Advanced Ornithology as scheduled

Studies in avian biology with emphasis on taxonomy, behavior and ecology. *Prerequisite:* Graduate standing. \$20 laboratory fee.

BIOL 5314 Advanced Plant Systematics [2-3] as scheduled

A study of literature and methods of experimental plant systematics, phylogenetic considerations, field and herbarium techniques and modern biosystematic approaches applied to selected taxa will be emphasized. *Prerequisite:* Graduate standing. \$20 laboratory fee.

BIOL 5315 Advanced Entomology [3-3] spring

An advanced treatment of the science of entomology. Includes applied aspects of insect morphology, physiology, classification and pest management. Laboratory consists of insect identification supported by field trips. *Prerequisite:* BIOL 3414. \$20 laboratory fee.

BIOL 5316 Advanced Environmental Toxicology [3-3]

fall

An advanced treatment of physiological and systematic interactions of environmental pollutants with biological systems. Laboratory consists of toxicological evaluations of selected chemicals. *Prerequisites:* BIOL 3412 and six hours of organic chemistry or biochemistry. \$20 laboratory fee.

BIOL 5317 Advanced Bacterial Genetics [3-3] as scheduled

Bacterial genetics from both classical and molecular perspectives. Topics include transcription, translation, mutagenesis, transduction, transformation, conjugation and transposition. The lab is structured as a semester-long research project in which bacterial strains are randomly mutagenized, mutants are analyzed, and the mutated gene is identified. *Credit restriction:* Not open to students with previous credit for BIOL 4417. *Prerequisites:* Graduate standing. \$20 laboratory fee.

BIOL 5344 Advanced Mammalogy [2-3] spring

A study of anatomy, evolution, distribution, systematics, ecology and physiology of mammals of North America. A research project is required. Critical review of current literature and studies of recent advances in mammalogy are emphasized. *Prerequisite:* Graduate standing. \$20 laboratory fee.

BIOL 5346 Advanced Aquatic Entomology [3-3] as scheduled

This course covers aquatic insect identification, taxonomy, ecology and the use of aquatic insects in the bioassessment of water quality, The fauna of Lower Rio Grande freshwater environment will be emphasized. The course includes lecture, lab and field work. *Prerequisite:* Graduate standing. \$20 laboratory fee.

BIOL 5403 Advanced Remote Sensing Technology

as scheduled

[3-3]

This course provides training in the use of electromagnetic radiation for monitoring environmental conditions and resources. Emphasis will be placed on the operation of various remote sensors, collection of analog and digital data, and use of computer software for image processing, interpretation and integration of imagery into geographic information systems. *Prerequisite:* Consent of instructor.

BIOL 5405 Advanced Plant Physiology [3-3] as scheduled

Physiology of plants, cell structure and function, nutrition, metabolism and factors influencing growth and development. *Prerequisite:* Graduate standing. \$20 laboratory fee.

BIOL 5406 Advanced Mycology [3-3] as scheduled

Subject areas shall include morphology and taxonomy, structure-function relationships, physiology and genetics, molecular biology, parasitism of animals and plants, applied and environmental mycology. Prerequisites: BIOL 1401 and 1402; BIOL 3402, BIOL 3412 or BIOL 3413.

BIOL 5408 Advanced Plant Pathology [3-3] as scheduled

The causes, nature and control of plant diseases. Principles of plant disease development. *Prerequisite:* Graduate standing. \$20 laboratory fee.

The common local marine flora including the microscopic and algal forms and aquatic angiosperms. *Credit Restriction:* Not open to students with previous credit for BIOL 4410. *Prerequisite:* Graduate standing. \$20 laboratory fee.

BIOL 5411 Advanced Ecological Physiology [2-3] as scheduled

A comparative study of the physiological adaptations of vertebrate animals to their environments. Emphasis is placed on the physiological basis of animal distribution and evolution. *Prerequisite:* Graduate standing. \$20 laboratory fee.

BIOL 5418 Advanced Electron Microscopy [3-3] as scheduled

An introduction to electron microscopy including scanning and transmission electron microscopy. Topics include the principles of electron microscopes, cell ultrastructure, specimen preparation, microtomy, immunocytochemistry, operation of electron microscopes, darkroom techniques and graphic arts. *Prerequisites:* BIOL 1401 and 1402, CHEM 1301 and 1101 or PHYS 1401. \$20 laboratory fee.

[3-3]

[3-3]

Graduate Course Descriptions

BIOL 5420 Biotechnology as scheduled

This course will utilize the computational methods, on-line databases and internet resources present in the biological sciences and apply them to answer questions in biology ranging from organism development to human disease. The laboratory portion of the class will be computer and internet-based. Students will explore on-line database resources to answer specific quiestions in a wide variety of areas relating to celular and molecular biology.

BIOL 5452 Advanced Marine Zoology [3-3] as scheduled

Structural, physiological and ecological relationships of common marine animals, stressing invertebrates of coastal waters. *Credit Restriction:* Not open to students with previous credit for BIOL 4402. *Prerequisite:* Graduate standing. BIOL 3414 recommended. \$20 laboratory fee.

BIOL6101Biology Graduate Seminar[1-0]fall, spring

All graduate students will be required to enroll for credit in Biology Graduate Seminar for three separate semesters. All Biology graduate students are strongly encouraged to attend seminar each semester they are enrolled in graduate school. Each student, when enrolled for credit will, with the approval of the seminar director, select some particular aspect of current biological research and present a scholarly review of it before seminar participants, other graduate students and the biology faculty.

BIOL 6302 Marine Biology [2-3] as scheduled

A study of current topics in marine biology; may be repeated for credit as topics change. *Prerequisite:* Graduate standing. \$20 laboratory fee.

BIOL 6303 Advanced Ecology [3-3] as scheduled

Utilization of modern techniques to analyze interrelationships between plants, animals and the environment. Terrestrial and freshwater environments will be considered. *Prerequisite:* Graduate standing. \$20 laboratory fee.

BIOL 6304 Systematic Zoology

as scheduled

Theory and methods of taxonomy, classification, phylogeny and biogeography as applied to animals. *Prerequisite:* Graduate standing. \$20 laboratory fee.

BIOL 6305 Biometry

as scheduled

Statistical analysis and principles as applied to biological problems. *Recommended Prerequisite:* Undergraduate statistics course. \$20 laboratory fee.

BIOL 6308 Plant-Microbe Interactions [3-0] as scheduled

The course will cover advanced plant pathology topics andseveral others not covered in BIOL 4408/5408. The graduate student will become familiar with the concepts underlying the interactions of microbes and plants across a continuum of symbioses. Modern ideas from very recent scientific literature concerning the molecular nature of plant pathogenicity and resistance will be emphasized. *Prerequisites:* BIOL 4408 or BIOL 5408; BIOL 3401, BIOL 3412, BIOL 3413 or BIOI 3415; consent of instructor.

BIOL6312Subtropical Ornithology[3-3]as scheduled

Ecology, history, behavior and conservation of subtropical bird communities, focusing on breeding birds of the Lower Rio Grand Valley. Students will perform field studies of birds and several field trips will be held. \$20 laboratory fee.

BIOL 6313 Advanced Cell Biology and Physiology [2-3]

spring

[3-0]

[3-3]

Detailed lecture and laboratory analysis of typical cellular structure and dynamics with emphasis on the anatomical and physiological mechanisms underlying the functioning of selected specialized cells. *Prerequisite:* BIOL 3412. \$20 laboratory fee.

[3-0]

BIOL 6316 Molecular Genetics as scheduled

Lectures dealing with the modern concepts of genetics with emphasis on molecular-level investigations of DNA, gene structure, transcription, translation and regulation as elucidated through gene cloning, recombinant DNA technology and biochemical genetics. *Recommended Prerequisites:* BIOL 3413 and organic chemistry or biochemistry. *Prerequisite:* BIOL 5317. \$20 laboratory fee.

BIOL 6319 Scientism [3-0] as scheduled

A study of the characteristics of science and the relationship between modern science and culture. A student interactive course investigating how science actually proceeds, how it should ideally be carried out, the motivations and roles of the individuals involved, and their interaction with society as a whole. *Prerequisite:* Graduate standing.

BIOL 6320 Molecular Virology as scheduled

This course emphasizes current research on the genome organization and replication of viruses, functions and regulations of viral genes, molecular mechanisms of virushost and virus-vector interactions, and novel molecular control strategies. Students will be introduced to the history of virology, taxonomy of viruses, symptomatology,

The University of Texas-Pan American

epidemiology, diseases and management of viral diseases. *Prerequisite:* BIOL 3403. \$20 laboratory fee.

BIOL 6321 Applied Microbiology [3-3] spring

This course will expose graduage students to more in-depth courses in all areas of biology. It will attract students who have already taken undergraduate courses in microbiology, medical microbiology and immunology and virology. It will contribute to improve their science education. *Prerequisite:* BIOL 3401.

BIOL 6365 Graduate Biological Research Problems as scheduled

The student, in conference with a member of the graduate faculty, will define an independent research problem. The subject of the research may be in the area of botany, microbiology or zoology. The student's committee or the Department Chair, if the student has not yet formed a committee, will approve the problem prior to enrollment. If undertaken in summer, the student should enroll in no other course that summer term. The student's report will be written in an approved thesis style. One copy will be retained by the faculty member directing the research, and one copy will be placed in the student's file in the departmental office. A maximum of three hours undertaken in graduate biological research problems will count toward a Master of Science degree in Biology. \$4 laboratory fee.

BIOL 6420 Plants Biochemistry Molecular Biology [3-3]

as scheduled

The lecture portion of this course will present the unique biological aspect of plants in the context of their biochemistry, physiology and cellular and molecular biology. The laboratory portion of this course will teach students the unique lab techniques involved in the study of plant biochemistry and molecular biology. *Prerequisite:* Graduate standing.

BIOL 7300 Thesis \$20 laboratory fee.

BIOL 7301 Thesis \$20 laboratory fee.

Business. Lans.

BLAW 6301/MBAO 6333

Legal Environment in Business (UT Brownsville): The course will introduce the student to fundamental legal issues confronting managers in the contemporary American and global legal environment.

BLAW 8381 Seminar in Law and Diplomacy [3-0] *as scheduled*

Study of the legal environments of different countries and regions and how they affect international business. Emphasis will be on current legal issues and solutions. Essentials of international and public diplomacy, international negotiation strategies and bargaining techniques will also be included. Course may be repeated for credit with different topics.

BUSA 5333/MBAO 6395 Business Policy *(UT Arlington)*

The primary thrust of this course is general management. It will be different from most of the courses you have had in the functional areas (e.g. accounting, marketing) because you will be required to use a wide range of business knowledge and exhibit diverse skills. Therefore, it will be demanding and challenging because you will have to perform in topic areas where you have both strengths and weaknesses.

CHEM 5301 Advanced Biochemistry spring

[3-0]

The course is the continuation of CHEM 3303. This course reviews the mechanisms of biosynthesis of macromolecules, particularly amino acids, proteins, fatty acids, lipids, polysaccharides, purines, pyrimidines and nucleic acids. Emphasis will be given to how these processes are controlled and integrated with the metabolism of the cell and the molecular basis of disorders related to the intermediary metabolism. *Prerequisites:* CHEM 3103 and CHEM 3303.

CIS 5394/MBAO 6332 Information Systems for Managers *(UT El Paso)*

This course will look at technology at a macro level. Each module examines the impact of today's information systems on organizations, education, government, culture, society, and the future.

2005-2007 Graduate Catalog

Communication Dissiders

NOTE: The American Speech-Language-Hearing Association (ASHA) defines areas within Communication Disorders for the purpose of describing programs and requirements. If applicable, the corresponding ASHA area is shown following each course.

COMD 5320 Advanced Sign Language I [3-0] spring

This elective, dual undergraduate and graduate-level course allows students to develop in-depth skills in American Sign Language and develop increased knowledge regarding the deaf community. Emphasis in the course is upon acquisition of comprehension and production skills. Prerequisites: Beginning and/or Intermediate Sign Language at the undergraduate level or consent of the instructor.

COMD 5330 Advanced Sign Language II [3-0] spring, summer I & II

This elective, dual undergraduate and graduate-level course allows students to develop higher level American Sign Language Skills for advanced communication with the deaf and hard of hearing. *Prerequisites:* Beginning and Intermediate Sign Language at the undergraduate level, or Advanced Sign Language I at the graduate level.

COMD 6105 Graduate Clinical Practicum: Speech-Language Pathology

fall, spring, summer

Supervised clinical practice with one or more clients in the Speech and Hearing Center. Client assignments are determined after an evaluation of the student's academic and clinical preparation. Full-time graduate students are required to enroll in practicum each fall and spring semester; part-time students are required to enroll each summer session. Students enrolled in COMD 6305 are required to be available for a minimum of 15 hours each week during operating hours of the Speech and Hearing Center so that they may receive practicum assignments. Prerequisites: Graduate standing, minimum GPA of 3.0 and submission of practicum application no later than the published deadline. ASHA: Language disorders

COMD 6180 Graduate Practicum: Audiology fall, spring, summer

Supervised clinical practice in audiology. Prerequisites: COMD 6310, COMD 6350, graduate standing, minimum GPA of 3.0 and submission of practicum application before the published deadline.

COMD 6310 Research in Communication Disorders

fall

A study of the major methods of research in communication disorders. Basic statistical concepts will be introduced. Students will critique research projects that have been completed and published. Students will select a topic for research; write a clear statement of the problem; write a comprehensive review of the literature and outline the method proposed for addressing the problem. *Prerequisite:* Graduate standing.

COMD 6320 Speech-Language and Hearing Science

[3-0]

[3-0]

[3-0]

spring

A study of embryology and neurology and their relation to the speech and language processes; physics of sound; psychology of communication; linguistics; and dialectology. Modern studies and research in the sciences related to speech and language will be addressed. Prerequisites: COMD 6310 and graduate standing. ASHA: Basic human communication processes.

COMD 6325 Childhood Language Disorders and **Clinical Intervention**

fall

Following a brief review of characteristics of special populations that exhibit abnormal language development, an in-depth study of language development and methods language intervention will be presented. Family-based assessment and intervention will be addressed. *Prerequisite:* Graduate Standing.

Fluency Disorders COMD 6330 [3-0] spring

A study of theories, research findings, rationales and techniques for clinical intervention of fluency disorders in children and adults. Prerequisites: Graduate standing and instructor permission.

COMD 6335 Language Disorders in Adults [3-0] spring

An in-depth study of adult language disorders, including aphasia, head injury and the degenerative diseases. Includes intervention strategies for these disorders. Prerequisite: Graduate Standing. ASHA: Language disorders.

COMD 6340 Phonological Assessment and Intervention

[3-0]

summer Following a review of phonological theory, a variety of phonological assessment and intervention techniques will be presented. Apraxia of speech will be addressed. Prerequisites: Graduate standing and instructor permission. ASHA: Speech disorders.

The University of Texas-Pan American

COMD 6345 Voice Disorders

spring and summer

Following a review of anatomical and physiological bases for voice production, causes of voice disorders, characteristics, and approaches to intervention for a wide variety of voice disorders will be addressed. *Prerequisites:* COMD 6320 and graduate standing. *ASHA:* Speech disorders.

COMD 6350 Audiology II

[3-0]

[3-0]

[3-0]

fall, spring, and summer Theories and principles of advanced audiological diagnostic measurement. Participation in advanced clinical activities with application of theoretical concepts to various hearing impairments in children and adults. *Prerequisites:* COMD 6320 and graduate standing. *ASHA:* Hearing disorders and hearing evaluation.

COMD 6355 Normal and Abnormal Language Development of Culturally Diverse Populations [3-0]

spring, summer

An in-depth analysis of normal and abnormal speech and language acquisition for bilingual and monolingual children. A review of cultural factors that affect the delivery of speech-language pathology services to culturally and linguistically diverse populations. Particular emphasis is placed on differentiating communication disorders vs. differences. *Prerequisite:* Graduate standing. *ASHA:* Language disorders.

COMD 6360Cranio-Facial Anomalies[3-0]summer, fall

A study of communication disorders exhibited by individuals presenting with cleft lip/palate and other cranio-facial anomalies. The diagnosis and remediation of speech disorders due to deviation in the dental, skeletal and muscular systems will be addressed. Students will be required to participate in clinical experiences relative to assessment and treatment of craniofacial anomalies. *Prerequisites:* Graduate standing. *ASHA:* Speech disorders.

COMD 6365 Language Assessment of Culturally and Linguistically Diverse Populations [3-0]

fall, summer

The study and application of current identification and assessment techniques for communication disorders in culturally and linguistically diverse populations. Special attention given to differential diagnosis of communication disorders vs. communication differences. *Prerequisites:* COMD 6325 and graduate standing. *ASHA:* Language disorders.

COMD 6370 Seminar in Speech-Language Pathology

fall, spring

The study of principles, methods and procedures for speech-

language theory, assessment and/or intervention. Subject matter varies from semester to semester, so that specific communication problems may be studied in-depth. The course may be repeated for credit when subject matter changes. With approval, this elective may be substituted for a required course providing the requirement has a similar focus and providing that ASHA's minimum requirements are not compromised. *Maximum credit:* Six hours. *Prerequisites:* Graduate standing and permission of instructor. *ASHA:* Speech/Language disorders (depending on content).

COMD 6375 Seminar in Audiology [3-0] spring, summer

The study of principles, methods and procedures for audiological measurement and/or aural rehabilitation. Subject matter varies from semester to semester, so that specific communication problems may be studied in depth. The course may be repeated for credit when subject matter changes. With approval, this elective may be substituted for a required course providing the requirement has a similar focus and providing that ASHA's minimum requirements are not compromised. *Maximum credit:* Six hours. *Prerequisites:* COMD 6310, graduate standing. *ASHA:* Audiology (depending on content).

COMD 6385 Dysphagia as scheduled

[3-0]

Seminar includes contemporary research in normal and disordered processes of eating and swallowing, anatomy and physiology of the mechanisms, and evaluation and treatment procedures from infancy to geriatric. *Prerequisites:* Graduate standing in the graduate program in Communication Sciences and Disorders or permission of the instructor and the chair.

COMD 6395 Advanced Clinical Practicum fall, spring, summer

Students are required to successfully complete at least two semesters of advanced practicum at a minimum two distinctly different off-campus sites. Practicum applications must be submitted before the published deadline. Advanced Practicum involves providing supervised clinical services to individuals at a site other than the Speech and Hearing Center. An off-campus supervisor will direct and evaluate the experience, with the assistance of a Clinical Director and/or Communication Sciences Disorders faculty as assigned. Prerequisites: Two registrations of COMD 6105, and permission of the clinical director or director or chair.

COMD 6397 Augmentative Alternative Communication

[3-0]

spring, minimester, summer I & II This graduate-level elective course addresses new AAC technology and its communicative application to those handicapped individuals in need of augmentative and

alternative systems and devices. Students will acquire practical skills in applying this technology. Prerequisite: Graduate standing.

COMD 7300 Thesis: Communication Disorders

A guided research project on topic of the student's area of interest. Exact guidelines are detailed in the Communication Disorders' Academic and Clinical Procedures Manual. Course may not be repeated for credit. Up to three hours may substitute for a related required course. Thesis credit may not count toward ASHA's minimum requirements. May be repeated for credit. *Prerequisites:* COMD 6310 and graduate standing.

Cammunication

Explanation of Symbols: **COMM - Communication Course** TH - Theatre Course

COMM 5304 Scriptwriting (TH) as scheduled

[3-0]

Advanced-level course in the art and craft of scriptwriting for stage and screen (motion pictures and/or television). The course is repeatable for credit with new work or work with a different medium.

COMM 5615 Summer Theatre Workshop (TH) as scheduled

Experience in all areas of theatrical presentation. Students assume responsibility for one or more of the following areas: technical theatre, production problems in acting and directing, and theatre business management. Because of the intensive nature of this course, students must have prior permission of the instructor before taking other studies or outside employment during the workshop period.

COMM 6300	Communication Research	
	(COMM) (TH)	[3-0]
as scheduled		

Major methods of research used in the various fields of communication. Each student is responsible for the successful completion of a research project.

Seminar in Communication COMM 6320 Theory (COMM) [3-0]

as scheduled

Study of the major developments in rhetorical and communication theory. Emphasis on philosophic bases of rhetorical and communication theories and their relationship to social, political and cultural settings.

COMM 6321

Seminar in Communication Education (COMM) [3-0]

as scheduled

Advanced studies in historical and contemporary theories and problems in speech communication pedagogy. Emphasis on multicultural and international education.

COMM 6322 **Culture and Communication** (COMM)

as scheduled

Study of the relationship between culture and communication with emphasis given to social, psychological, linguistic and nonverbal problems in and the development of strategies for the practice of intercultural and international communication.

Seminar in Interpersonal COMM 6323 Communication (COMM) [3-0]

as scheduled

Current theories and research in interpersonal communication. Emphasis on symbolic interaction approaches to interpersonal communication and performance-centered theories of interpersonal communication.

COMM 6324	Seminar in Organizational	
ac cohodulad	Communication (COMM)	[3-0]

as scheduled

Theories and models of communication in organizations, design and management of organizational communication systems. Prerequisite: Graduate standing.

COMM 6325 Seminar in Group Communication (COMM) [3-0]

as scheduled

Study of theory and research in the dynamics of small group communication processes with emphasis on the interaction of message variables with other variables such as leadership affiliation, cohesiveness, power and climate.

Seminar in Nonverbal COMM 6326 Communication (COMM)

[3-0]

[3-0]

as scheduled

Review and analysis of theory and research in nonverbal communication, including relationship of nonverbal communication to oral communication. Emphasis on intercultural and international nonverbal communication.

COMM 6327 Seminar in Contemporary Rhetorical Theory and Criticism (COMM) [3-0]

as scheduled

May be repeated for credit when topics vary. Topics include rhetorical dimensions of media, issues in freedom of speech and methodologies of rhetorical criticism. Prerequisite: Graduate standing.

Applied Research in COMM 6328 Communication (COMM)

as scheduled

This course provides students with an understanding of the logic underlying empirical inquiry. Specifically, this course prepares students to effectively consume published research reports, competently design and justify a personal research project, and encourages students to develop and demonstrate an understanding of the specific requirements associated with quantitative or qualitative analysis. Prerequisite: COMM 6300 or permission of instructor.

Special Topics in Speech COMM 6329 Communication (COMM) [3-0]

as scheduled

Course will focus on current communication theory and research in specialized areas of the discipline. May be repeated twice for credit when the topic varies.

COMM 6330 Seminar in Training and Consulting (COMM) [3-0]

as scheduled

This course explores communication training and development as a research and teaching focus for students interested in applied communication. Specifically, the course provides students with opportunities to identify and assess communication competence, to acquire the skills needed for developing training programs and to gain an understanding of the theoretical and applied elements of adult education.

COMM 6331 Mass Communication Theory (COMM) [3-0]

as scheduled

This course will cover the major theories of mass communication and emphasize concept explication and theory building.

COMM 6332 **Public Relations Campaigns** (COMM)

as scheduled

This course will examine the elements of effective campaigns and will analyze the role of public relations in a variety of social, health and political settings.

COMM 6340	Special Topics in Dramatic	
	Literature (TH)	[3-0]
as scheduled		

as scheduled

An intensive examination of the literature of a particular period, playwright or movement. May be counted for credit two times as the topic changes.

Special Topics in COMM 6341 Theatre History (TH) [3-0]

as scheduled

An intensive examination of a particular historical period, movement or theory. May be counted for credit two times as the topic changes.

COMM 6342

Master Class in Theatrical Performance or Production (TH)

as scheduled

Intensive examination and execution of production techniques associated with a particular practitioner or movement. May be counted for credit two times as topic changes.

COMM 6343 Performance Theory (TH) [3-0] as scheduled

Intensive comparative study of major performance theories, with special emphasis on the contemporary American and European theatre. May be counted for credit two times as topic changes.

COMM 6351	Communication Technology						F 2 2 7	
	(COMM)						[3-0]
as scheduled								
	<i>cc</i> .							

This class will offer extensive instruction in media technology which includes desktop publishing, PowerPoint, photo manipulation, Web design, scanning, etc.

as scheduled

This class will survey research conducted on Hispanics and the mass media. Students will prepare a research proposal that could lead to a thesis topic. Topics to be covered include media effects, media use, Spanish language media and demographic targeting.

COMM 6353 Gender and the Mass Media (COMM)

as scheduled

[3-0]

An examination of the process by which gender roles and the normative social, political and communication behaviors that are a function of those roles are constructed through and by various mass media. Drawing from analytic critical methodologies such as historical criticism, feminist theory, mythic criticism, discourse criticism and cultural studies, this course will address the social and cultural politics of gender meaning in mass communication.

Great Orators in Western COMM 6354 Civilization (COMM)

[3-0]

[3-0]

as scheduled

A critical survey of the Western World's most significant orators and their speeches. The course will cover Pericles, Demosthenes, Cicero, St. Augustine, Burke, Churchill, Webster, Lincoln, Douglas, Anthony, King, Malcolm X and Kennedy.

[3-0]

COMM 6355 Professional Speaking (COMM) [3-0] as scheduled

This is a graduate performance course in genres of Public Speaking. Students will give lectures (using PowerPoint), eulogies, sales presentations, tribute speeches, humorous talks, motivational speeches and commencement addresses.

Historical Studies in COMM 6360 Mass Media (COMM) [3-0]

as scheduled

Historical study of cultural, legal and technical movements in print, broadcasting and recorded mass media. May be repeated for credit when topics vary.

COMM 6361 Film and Television as Propaganda (COMM) [3-0]

as scheduled

Examination of various media forms with particular attention to film and television that operate as propagandizing media, where propaganda is understood to be mass communicated messages to inform, persuade and mobilize human behavior.

COMM 7300 Thesis: Theater

Preparation, completion and submission of an acceptable thesis in partial fulfillment of the requirements of the master's degree.

COMM 7301 **Thesis: Theater**

Preparation, completion and submission of an acceptable thesis in partial fulfillment of the requirements of the master's degree.

COMM 7302 Thesis: Communication

Preparation, completion and submission of an acceptable thesis in partial fulfillment of the requirements of the master's degree.

Thesis: Communication COMM 7303

Preparation, completion and submission of an acceptable thesis in partial fulfillment of the requirements of the master's degree.

CRIJ 6301 **Criminal Justice System** as scheduled

[3-0]

This course is designed to give students a current, thorough and comprehensive overview of all facets of the criminal justice system in the United States, its functions, current controversial issues and future trends. The philosophy, history and development of criminal justice institutions will be examined.

6302 Crime, Criminal Behavior CRIJ and Criminology

[3-0]

[3-0]

as scheduled

Major theoretical approaches to the study of crime and criminology, including the biological, economic, political, psychological and sociological views on crime and criminal behavior.

CRIJ 6303 **Criminal Justice Policy Analysis** [3-0] as scheduled

An analysis of the development, implementation and evaluation of criminal justice policy.

CRIJ 6304 Law, Courts and Criminal Procedure [3-0]

as scheduled

Advanced study of the legal system of the United States. Discussion of the sociology of law as related to the application and operation of the judicial system and police procedure. Analysis of current research and literature related to the United States legal system.

CRIJ	6305	Criminal Justice Organizational	
		Theory and Behavior	[3-0]
accch	odulod		

as scheduled

Advanced examination and evaluation of management, organization and administration of criminal justice agencies.

Statistical Methods in CRIJ 6306 Criminal Justice [3-0]

as scheduled

Advanced statistical methods used in criminal justice research, including multivariate analysis and application of computerized statistical programs in analyzing criminal justice data. Prerequisite: An undergraduate statistics course or consent of instructor.

CRIJ **Criminal Justice** 6307 Research Methods [3-0]

as scheduled

Theory, techniques, methods and applications of quantitative analysis in criminal justice, with emphasis upon experimental design and collection, tabulation and analysis of in-field data. Prerequisite: CRIJ 6306 or consent of instructor.

CRIJ 6308 Juvenile Justice System as scheduled

An overview of the juvenile justice system in the United States. The administration of juvenile institutions and agencies, the juvenile court system, theories of juvenile delinquency and innovative methods of treatment strategies. Current research and trends in juvenile justice. [3-0]

CRIJ 6309 Issues in Corrections as scheduled

Examination of correctional philosophy, contemporary correctional issues, administration and management of correctional institutions. The role of probation and parole, an analysis of community-based corrections and related topics in corrections.

CRIJ 6310 **Issues in Policing** [3-0] as scheduled

Examination and discussion of current trends and issues related to policing in the United States. Evaluation of current strategies of policing and their application in police agencies.

CRIJ **Special Topics** 6311 in Criminal Justice [3-0] as scheduled

This course gives graduate students an opportunity to study contemporary issues in crime and criminal justice. The course will focus attention on international criminal justice issues and topics. May be repeated once if a new topic.

CRIJ Independent Research 6312 and Study [3-0]

as scheduled

Independent study designed to provide an opportunity for students to pursue research and/or participate with graduate faculty in research for publication or professional presentation. Students may also opt under this course to study in-depth theoretical/empirical readings in a substantive area not normally covered in standard courses.

CRIJ 7301

7302 Thesis

as scheduled

The student is required to complete an individual research project under the direction and supervision of a graduate thesis committee. The thesis will be defended publicly and approved by a majority of the thesis committee. Prerequisite: Approval of Graduate Program Director.

CRIJ 7303

Applied Research Project 7304 as scheduled

The student is required to complete a problem-oriented applied research project under the supervision of a graduate project committee. The project must be approved by a majority of the project committee. Prerequisite: Approval of Graduate Program Director.

CSCI 6174 **Open Problems in Computer Science** [1-0]

A survey of current research areas in computer science. Topics are discussed in an informal seminar setting. *Prerequisite:* Consent of instructor.

CSCI 6175 Seminar in Computer Science [1-0] as scheduled

Presentation and analysis of literature in a selected area. May be repeated as topics vary. A total of six hours may be counted toward fulfillment of degree requirements. Prerequisite: Consent of instructor.

CSCI 6300 Foundation of Systems [3-0] as scheduled

In-depth analysis of operating systems, computer architecture, and distributed processing, focusing on principles of organization and applications across systems. Prerequisite: Consent of instructor.

CSCI Foundation of Algorithms, Data 6301 and Programming Languages in **Computer Science**

[3-0]

[3-0]

as scheduled

In-depth analysis of computing algorithms and data structures for implementation in the context of software engineering design using structured programming languages. Prerequisite: Consent of instructor.

CSCI 6302 Foundations of Software and Programming Systems for Information Technology [3-0]

as scheduled

Focusing on a high level object oriented language (e.g., Java, C++), provides foundational study of algorithms, data structures, and programming systems in the context of information technology systems. Prerequisite: Knowledge of a high level programming language and consent of instructor.

Principles of Information CSCI 6303 Technology Systems

as scheduled

An introduction to information technology and computer systems. Specific topics provide an overview of databases, knowledge-based systems, e-commerce, software engineering, software tools, programming, and Internet. Prerequisite: Knowledge of a high level programming language and consent of instructor.

[3-0]

CSCI 6312 Advanced Internet Programming

as scheduled

Course covers theoretical and practical methods and techniques for programming on the Internet with a focus on the web server side. Students will be able to develop highly interactive web-based applications. *Prerequisite:* Consent of Instructor.

CSCI 6314 E-Commerce Systems and Implementation [3-0]

as scheduled

Presents the principles E-commerce implementation, examining specific examples in depth. Students implement a working prototype site as class projects. *Prerequisite:* CSCI 6302 and consent of instructor.

CSCI 6315 Applied Database Systems [3-0] as scheduled

Course covers the application of a modern database system. Concepts covered include relational model, normalization, structured query language, Internet data formats, and server and client side technologies. The course is targeted at students who are interested in the development of application programs using a database system such as Oracle, Teradata, or Microsoft SQL. *Prerequisite:* CSCI 6302 or equivalent.

CSCI 6323 Design and Analysis of Algorithms [3-0]

as scheduled

Advanced topics in data structures and algorithms, including dynamic programming and classification of algorithms. Applications of various algorithms and data structures will be discussed and implemented. Prerequisite: CSCI 6301, CSCI 3333 or equivalent, or consent of instructor.

CSCI 6333 Advanced Database Design and Implementation [3-0]

as scheduled

Focuses on distributed database systems. Includes file allocation, directory systems, deadlock detection and prevention, synchronization, query optimization, and fault tolerance. The course will include one or more programming projects demonstrating implementation of concepts introduced. *Prerequisite:* CSCI 6301, CSCI 4333 or equivalent, or consent of instructor.

CSCI 6334 Advanced Operating Systems [3-0] as scheduled

An in-depth treatment of operating systems concepts. Major course topics include process and processor management, primary and secondary storage management, system performance, network considerations (both local area and wide area) and system security. A significant programming project involving concurrent resource management is required. *Prerequisite:* CSCI 6300, CSCI 4334 or equivalent, or consent of instructor.

CSCI 6335 Advanced Computer Architecture [3-0] as scheduled

Covers trends and measuring and reporting of improvements in computer technology; instruction set principles, hardware techniques for instruction level parallelism (ILP) as applied to reduced instruction set architecture (RISC) such as dynamic scheduling and thread-level parallelism; loop unrolling and enhancing loop level parallelism; memory hierarchy mapping and miss rate reduction techniques and performance calculation; and interconnection network and clusters related issues. This course is equivalent to ELEE 6335. *Prerequisite:* CSCI 6300, CSCI 4335 or ELEE 3435.

CSCI 6336 Programming Languages and Compilers

as scheduled

Formal and applied methods of program and language description, including denotational, operational and axiomatic semantics. *Prerequisite:* CSCI 6301, CSCI 3336 or equivalent, or consent of instructor.

CSCI 6337 Simulation as scheduled

[3-0]

[3-0]

[3-0]

The theory and design of discrete simulations are discussed. Topics include modeling techniques, data collection and analysis, random number generators, analysis of output, and optimization. *Prerequisites:* CSCI 3333 and MATH 4339 or equivalent background in probability, or consent of instructor.

CSCI 6339 Theoretical Foundations of Computation

as scheduled

Examines classes of languages and abstract machines including finite state automata, pushdown automata, Turing machines and the Chomsky hierarchy of formal languages, including regular sets, context-free languages, contextsensitive languages and recursively enumerable languages. *Prerequisite:* CSCI 6301, MATH 3373 or equivalent, or consent of instructor.

CSCI 6340 Advanced Software Engineering [3-0] as scheduled

An overview of the software engineering process, including software project management, system and software requirements analysis, structured analysis, object-oriented analysis, design and implementation of software. Data-flow, object-oriented, user interface and real-time design methods. Software quality assurance and testing methods. Use of CASE tools. Will include a major design project. *Prerequisite:* CSCI 6301, CSCI 3340 or equivalent, or consent of instructor.

CSCI 6343 Process Design and Development Methodology [3-0]

as scheduled

This course covers formal methods, techniques and tools for designing and developing processes; process integration; process evaluation and validation; simulation and modeling; information-based for processes management; and professional ethical and legal issues. *Prerequisite:* Consent of instructor.

CSCI 6345 Advanced Computer Networks [3-0] as scheduled

In-depth study of theory, design, implementation and performance of computer and communications networks. Current network types, including point-to-point, satellite, packet switch, local area and wide area networks, are studied, as well as evolving technologies such as ATM. Provides an introduction to queuing analysis and includes network programming projects. *Prerequisite:* CSCI 6300, CSCI 4345 or equivalent, or consent of instructor.

CSCI 6350 Advanced Artificial Intelligence [3-0] as scheduled

Issues of knowledge representation, including a survey of important knowledge-based systems. Current research issues, including neural networks, object-oriented programming in AI, natural language understanding, device understanding, and perception. *Prerequisite:* CSCI 6301, CSCI 4350 or equivalent, or consent of instructor.

CSCI 6351 Knowledge-Based Systems [3-0] as scheduled

This course will investigate previous implementation methods in artificial intelligence knowledge-based engineering. Theoretical aspects will cover concepts in search, knowledge representations and learning. Practical aspects will include an examination of methods such as rules, logic generic tasks, neural networks, fuzzy logic, and probabilities. The course will investigate previous systems such as Mycin, Dendral, Internist, Chef and Red. *Prerequisite:* CSCI 6350 or consent of instructor.

CSCI 6352 Object-Oriented System Development

[3-0]

as scheduled

Introduction to the object-oriented paradigm and its application throughout the software and systems life cycles. *Prerequisite:* CSCI 3340 or equivalent, or consent of instructor.

CSCI 6354 Performance Evaluation [3-0] as scheduled

Methods and concepts of system performance evaluation are introduced and discussed. Topics include stochastic processes, measurement techniques, monitor tools, statistical analysis of performance experiments, simulation models, analytic modeling and queuing theory, and workload characterization. *Prerequisites:* CSCI 4334 and MATH 4339 or equivalent background in probability, or consent of instructor.

CSCI 6356 Parallel Computing [3-0] as scheduled

Studies models, architectures, languages, and algorithms of parallel computing. Topics include parallel computing models, algorithm designs, software tools, parallel architectures, and performance evaluation. Prerequisite: CSCI 6323 or consent of instructor.

CSCI 6360 Advanced Computer Graphics [3-0] as scheduled

Advanced topics, including illumination models, three dimensional graphics and efficient algorithms, as well as graphics hardware. The role of user interfaces in software systems. Programming project required using windowing system and graphics standard such as Open GL. *Prerequisite:* CSCI 6301, CSCI 4360 or equivalent, or consent of instructor.

CSCI 6361 Computer Visualization [3-0] as scheduled

Visualization systems augment quantitatively based systems for presentation of data in a manner facilitating understanding and insight. This course provides an indepth study of the theory, design, and implementation of computer-based visualization systems. In addition to scientific visualization, visualization of semantic information is also examined. *Prerequisite:* CSCI 6300 or equivalent.

CSCI 6362 Interactive Systems as scheduled

Focuses on the communication of information between user and system, emphasizing both results of past research and evolving trends such as information visualization. Students will complete a project entailing the construction and analysis of an interactive system. *Prerequisite:* CSCI 6301, CSCI 4360 or equivalent, or consent of instructor.

CSCI 6363 Human Computer Interaction [3-0] as scheduled

Presents theory of human-computer interaction, as well as development methods for interfaces, such as user-centered design, prototyping, and participatory design. Course presents evaluation and testing techniques, such as heuristic evaluation, the cognitive walkthrough, and usability testing, as well as user-interface programming and ethical and societal issues. *Prerequisite:* CSCI 6302 or equivalent.

CSCI 6364 Network Information Systems as scheduled

Focuses on the use of current and future network systems as means to supply information, such as intranets. Will explore high-level network programming using object-

[3-0]

[3-0]

2005-2007 Graduate Catalog

[3-0]

[3-0]

oriented tools such as Java. Each student will complete the design and implementation of an information system for network use using current tools. *Prerequisite:* CSCI 6301 or consent of instructor.

CSCI 6365 Network Management and Security

as scheduled

This course covers topics in the administration of a secure network. Topics covered include: proper planning and installation of a network operating system, administrations of groups, users and resources, challenges and vulnerabilities, authentication and authorization, public key encryption, key management, and Internet protocol security architecture. *Prerequisite:* CSCI 4345 or equivalent.

CSCI 6366 Data Mining and Warehousing as scheduled

As a multidisciplinary field, draws on work from areas including database technology, artificial intelligence, machine learning, neural network, statistics, information retrieval, and data visualization. Theoretical and practical methods will be presented on knowledge discovery and systems design and implementation. *Prerequisite:* CSCI 6300 or equivalent.

CSCI 6368 Advanced Multi-Media Computing [3-0] as scheduled

In-depth study of multi-media coding/compression techniques and standards. This course will cover various multi-media computing subjects and standards such as text compression, still image coding, video computing, multi-media content description interface, and multi-media framework. *Prerequisite:* CSCI 3333 or CSCI 6301 or equivalent.

CSCI 6370 Topics in Computer Science [3-0] as scheduled

In-depth study of specific issues in computer science. Subject matter varies from semester to semester. May be repeated when subject matter changes. A total of six hours may be counted toward fulfillment of degree requirements. *Prerequisite:* Consent of instructor.

CSCI 6380 Problems in Computer Science [3-0] as scheduled

An area of computer science is examined under the direction of a faculty member prior to enrollment in master's thesis or project courses. *Prerequisite:* Consent of instructor.

CSCI 6381 Independent Research and Study [3-0] Independent study of an area of current research allowing students to work with faculty in performing research, participating in ongoing faculty research, or reading in depth on a topic not covered in existing courses. *Prerequisite:* Consent of instructor.

CSCI 6389 Internship as scheduled

Develops practical expertise in a specialization of computer science or computer information technology. The specialization may include software design, hardware performance enhancement, web-related technologies, ecommerce designs, database designs, expert systems, network administration and protocol development, or other approved specialization. The student will work with a participating employer under the supervision of a graduate faculty member. The employment can be either paid or unpaid for the duration of a regular semester or a full summer.

CSCI 6390 Master's Project

as scheduled

Specification, design, completion and documentation of a programming project employing current practice in computer science. *Prerequisite:* Consent of instructor.

CSCI 7300 Thesis

Thesis research and preparation. May be repeated. A total of six hours may be counted toward fulfillment of degree requirements. Enrollment in this course is required each term in which the thesis is in progress. *Prerequisite:* CSCI 6380 and consent of instructor.

ECON 6301 Principles of Economics as scheduled

[3-0]

[3-0]

An introduction to basic economic concepts and methods. The competitive market system, problems in resource allocation and economic efficiency, government regulation and the public sector, money and banking, unemployment and inflation in economic policy making and internal economics. *Prerequisite:* Admission to the MBA Program.

ECON 6350 Managerial Economics *spring*

The application of economic analysis to management in the business firm. Considers demand analysis, production costs, pricing policies and investment planning. Extensive use is made of case problem analysis. *Prerequisites:* ECO 2353 and ECO 2354.

ECON6351Economics Seminar[3-0]as scheduledThis course is a survey of selected topics in economics. Itmay be repeated for credit.

The University of Texas-Pan American

ECON 6352 Economics Policy-Making Seminar [3-0] as scheduled

This course aims to identify policy-related issues that can be addressed using modern microeconomic and macroeconomic theories. This course may be repeated for credit.

ECON 6353 Latin American Economic Development [3-0]

as scheduled

Economic development principles as applied for the Latin American experience; growth and development strategies including trade, borrowing, aid, education, infrastructure development and entrepreneurial activity. *Prerequisites:* ECO 6301 or ECO 2353 and 2354.

ECON8351Seminar in Economic Topics[3-0]as scheduled

Selected topics in economics as they relate to current issues. Various contemporary subjects will be developed by the instructor of this course. Course may be repeated for credit with different topics.

Education

ED 7300 Thesis as scheduled

ED 7301 Thesis as scheduled

Curriculum and

Justinucia

ED 6311 Advanced Child Psychology spring

This is an advanced study of children from conception to puberty, or from the pre-school through the elementary level, with emphasis on the role played by maturation and learning. The course will include a study of recent research dealing with theories of cognitive unfolding and personality integration.

ED	6390	The Education of	
		Young Children	[3-0]
ac cel	bodulad		

as scheduled

This course is designed for teachers of preschool-age children with emphasis on the developmental tasks and growth and development characteristics of four- and fiveyear-olds. Special consideration will be given to selection and guidance of curriculum experience that contribute to the development of young children as individuals and in groups, records and reports, working with parents and observation of preschool groups. *Prerequisite:* ED 3311.

EDBE 6319 Bilingual Education as scheduled

Supervised practical experience in a bilingual/bicultural elementary classroom in which several of the essential components of a bilingual/bicultural education program will be analyzed and implemented by each participant with the cooperation of local school districts. Actual laboratory responsibility will be based upon theoretical concerns, as field experiences will complement the principles governing community involvement, curriculum and instruction, instructional materials, staff development and assessment. *Prerequisite:* 30 hours in bilingual graduate program.

EDBE 6322 Bilingualism/Multiculturalism: Critical Issues and Practices

as scheduled

A course designed to provide understanding of the historical, theoretical and socio-political factors that impact bilingualism/multiculturalism in the public school system. The course will emphasize contemporary research findings that affect bilingual educational issues and practices.

EDBE 6324 Second Language Teaching: Theory and Methodology

[3-0]

[3-0]

as scheduled

A study of the acquisition of languages by the bilingual learner, focusing on the role of the child, the community and the school through various stages of language development and the relationship of linguistic, cultural and conceptual processes within a bilingual/bicultural environment. The evaluation of language methods and materials as these relate to social context and the principles of communication will be stressed.

EDBE 6335 Bilingual Content Areas Across the Curriculum

[3-0]

as scheduled

[3-0]

This course emphasizes a variety of advanced instructional strategies appropriate for teaching elementary mathematics, science and social studies through the Spanish and English language to the bilingual child. Specifically, competency will be assessed in the areas of planning, teaching/learning, communication, management, concept development and assessment. Appropriate classroom application of contentarea terminology in Spanish/English will be emphasized.

EDBE6350The Bilingual Reading Process[3-0]as scheduled

2005-2007 Graduate Catalog

This course presents the knowledge, skills and attitudes

Graduate Course Descriptions

related to the bilingual reading process in the classroom by examining rationale, goals, diagnosis, placement, transfer, learning strategies, instructional materials and assessment procedures for the reading process in a dual-language classroom environment.

EDBE 6351 Research on Language Development in Bilingual Environments [3-0]

as scheduled

This course will focus on the development of children's first and second language as it relates to the dual language learning environment. Research on the similarities and differences between the first and second language acquisition process, theory and practice will be analyzed and applied to the bilingual learning environment. Analyses will focus on effective development of social and academic linguistic proficiency of children in the Spanish and English language.

EDCI6301Instructional Technology[3-0]as scheduled

Practical applications of acquiring, organizing and presenting information and ideas using the broad spectrum of media and technology systems including audio, visual, video, computer, telecommunication and satellite. Evaluation and modification of instructional situations using innovative methods based on media and technology systems will be explored. May be taken more than once for course credit if topics vary.

EDCI6302Multicultural Education[3-0]as scheduled

A course designed to acquaint the student with an increasingly multicultural population in schools. The multicultural character of American society will be addressed with emphasis on working with various types of students in the Texas school population. Current issues and trends will be reviewed within the context of their historical background.

EDCI6303Philosophy of Education[3-0]as scheduled

The development of American education in relation to political, social and cultural developments. Special attention is given to the influence of movements in the cultural environment upon evolving conceptions of educational theory and practice. The professional will be introduced to the research and current issues regarding professional ethics. Ethical conduct within the society and its influence on professional conduct as well as the influence of the practice of professional ethics on society will be considered through the use of research, seminars and case studies. Field visits and interviews will be required where appropriate.

EDCI6304Measurement and Evaluation[3-0]as scheduled

Students will explore the design, construction and administration of tests with an emphasis on achieving test

validity. Student performance on teacher-made, textbooksupplied or standardized tests will be analyzed to determine relevance and appropriateness for informed curricular and instructional decisions. Mandated measures of pupil performance will be investigated with particular regard to their impact on educational practice in schools.

EDCI6305Educational Curriculum[3-0]as scheduled

An overview of theories, principles, practices and issues in curricular planning for modern educational experiences in schools. Particular emphasis will be placed upon studying promising research ideas and exploring local efforts toward improving schools.

EDCI 6306 Special Projects

as scheduled

Students will engage in projects focused on causing change to occur in public schools. Topics must be approved by the instructor. The primary student work product from the course will be either a project proposal or a final project report. Course may be repeated for credit when topic changes.

EDCI 6307 Research, Issues and Trends in Education [3-0]

as scheduled

Research as well as current issues and trends within the field of education. A course designed to broaden the professional's understanding of the impact and implications of research, controversial issues and trends both within the society and within the field of education. When appropriate, field visits and research may be required. *Prerequisite:* EDCI 6310 or consent of instructor.

EDCI 6308 Practicum for Teachers as scheduled

An examination of the role in education of the discipline or field of study selected by the student. Includes an intensive study of research findings, scholarly publications and advanced experimentation with a focus on the improvement of instruction. To be taken during last 12 hours before graduation. *Prerequisites:* EDCI 6310 Research Methods in Education and EDCI 6307 Research, Issues and Trends in Education.

EDCI 6310 Research Methods in Education

This course will introduce the students to various research methods. Their application for elementary and secondary educators will be emphasized. A qualitative research paper and a quantitative proposal will be required. This course should be taken within the first nine hours of coursework. Cross-listed with ED 6300 and EDUL 6300.

EDCI 6326 Science in the Elementary School Curriculum

as scheduled

Deals with the purposes, selections and organization of

[3-0]

The University of Texas-Pan American

content, teaching and learning procedures and evaluation of outcomes in elementary school science. Prerequisites: A course in Physical Science and a course in life science. May be taken more than once for course credit if topics vary.

Mathematics in the EDCI 6328 Elementary School Curriculum

as scheduled

Study is made of recent research in the teaching of mathematics. Application of research findings to the teaching of mathematics is emphasized. May be taken more than once for course credit if topics vary.

The Young Child in a EDEC 6380 **Multicultural Society**

[3-0]

[3-0]

as scheduled

A study of the cultural development of young children, beginning with infancy through age eight, focusing on socio-economic, ethnic and cultural life styles of students in early childhood educational programs.

EDEC 6381 First and Second Language Development in Young Children [3-0]

as scheduled

A study of bilingualism in young children, beginning with first language development and subsequent second language acquisition, stressing the interrelationships between the two languages in the domains of auditory perception, oral language, visual perception and motor coordination.

EDEC 6382 Emergent Literacy Development [3-0] as scheduled

This course will focus on the perspective that the literacy process is a developmental one that begins in infancy. It is designed to acquaint students with children's literacy development from birth through age eight. Appropriate educational practices to promote literacy development will be examined.

EDEC 6390 Internship in Early Childhood Setting I as scheduled

On-site internship in a public setting with focus on the physical, motor and social development of the young child. Prerequisites: Fifteen Early Childhood program graduate hours to include PSY 6330, SOCI 6310 and EDEC 6385.

Development and Administration of EDEC 6391 Early Childhood Programs [3-0]

as scheduled

Study and analysis of the organizational structure and

functional operation of nursery programs, daycare, prekinder and kindergarten programs. Existing educational research projects now being conducted will be surveyed.

EDEC 6392 Internship in Early Childhood Setting II as scheduled

On-site internship in a public setting with focus on cognitive, psychological and linguistic development. Further focus will also be given to administering early childhood programs. Prerequisites: Thirty Early Childhood program graduate hours to include EDEC 6380, EDEC 6381, EDEC 6382, EDEC 6390 and six hours from Communication, English and/or Spanish.

EDUL 6300 Introduction to Research fall, spring, summer

[3-0]

A study of research methods in education including settings that culminate in the successful completion of a research project/paper. Students will demonstrate skills in the utilization of research facilities and will be introduced to graduate programs in education. This course should be taken within the first six hours of graduate work. Crosslisted with EDCI 6310 and ED 6300.

EDUL 6333 **Elementary and** Secondary Curriculum

[3-0]

fall, spring, summer

A study of early childhood, elementary, middle and secondary curriculum with special emphasis on trends, issues and state/federal mandates.

Curriculum Development-EDUL 6334 **Problems and Processes**

[3-0]

fall, spring, summer

The examination of systematic approaches to developing and evaluating elementary and secondary school curricula at the national, state, local school district and campus levels. Methods of developing and applying criteria for curriculum analysis of each of the major curriculum areas to be studied. Prerequisites: ED 6330 and ED 6331 or equivalents.

EDUL 6336 Problems in Education

fall, spring, summer

[3-0]

This course's major emphasis is on current innovations in education. Students will conduct research related to selected problems. Experiences of the student may include conducting action research, working with educational determinants, new education programs and/or working with classroom teachers and other persons in the community in order to improve the education program. Credit may be

2005-2007 Graduate Catalog

applied toward the graduate programs in education when the appropriate problem is chosen by the student. This course may be repeated once for credit.

Administration of Special EDUL 6337 Instructional Programs [3-0]

fall, spring, summer

Emphasis is placed on the administration of special elementary and secondary school programs including career, vocational, technical, special, compensatory and reading education.

School Principalship EDUL 6338 [3-0] fall, spring, summer

A study of the unique functions of the principalship as they relate to the administration of elementary, middle, junior and secondary schools. Special emphasis will be focused on the leadership role of the principal in the management and instructional aspects of the school programs.

EDUL 6367 Introduction to Statistical Methods [3-0]

fall, spring, summer

The content of this course will include central tendency; variance; normal, t, chi square and F distributions; bivariate correlation and regression analysis, t-test between means, goodness fit and test of independence of chi square; oneway and two-way and three-way factorial ANOVA. There will be an emphasis on hypothesis testing; Type I and Type II errors; an understanding of statistical significance and practical or functional significance.

EDUL 6369 Administrative Technology in Schools

fall, spring, summer

[3-0]

A study of model computer management information systems and software available to facilitate public school management. Areas to be surveyed may include data management, data processing, telecommunications, word processing, networking and presentations.

EDUL 6384 Introduction to Educational Administration

fall, spring, summer

An overview of public school administration introducing such topics as processes of organization and administration, instructional personnel and staff, finance, leadership roles, curriculum, physical plant operation, maintenance and legal aspects.

EDUL 6385 Public School Law

[3-0]

[3-0]

fall, spring, summer

Constitutional provisions, statutory laws, court decisions, torts and regulations governing public schools with special reference to their influence upon the administration and function of public schools.

Administration of Pupil EDUL 6386 Personnel Services

fall, spring, summer

A problem approach to the understanding, development and management of special pupil services of concern to the teacher, counselor, supervisor and administrator.

Socio-Cultural Foundations EDUL 6388 of Education

fall, spring, summer

Identification and analysis of cultural forces that ultimately shape the direction of modern American education with emphasis upon the purposes of education in their social and cultural contexts. An emphasis on the multicultural factors in society that affect the public schools and their influence upon learning and the acquisition of skills important to survival and self-fulfillment will be made. Particular emphasis will be placed upon understanding the culture of the Mexican-American child.

EDUL 6389 Administration and Organization of **School Business Services** [3-0]

fall, spring, summer

Principles and procedures of developing and managing a sound financial plan for local school districts with emphasis upon Texas Education Agency financial and accounting procedures. Emphasis upon school law, taxation, property management and maintenance, school transportation and management of business personnel.

EDUL 6392 School-Community Relations [3-0]

fall, spring, summer

Examination of the relationships between the school and its internal and external constituencies.

Administration of EDUL 6393 School Staff Personnel [3-0]

fall, spring, summer

Analysis of personnel organization, administration and function in school systems; relationships of various school positions; a study of ethics, welfare, security and professional improvement.

EDUL 6398 Internship in Principalship

fall (Prerequisite for EDUL 6399)

A field-based course in which students practice competencies and theories acquired as they assume responsibilities associated with the middle management positions in local school districts.

EDUL 6399 Internship in Principalship spring

Part II of a field-based course in which students practice competencies and theories acquired as they assume responsibilities as principals in local school districts.

[3-0]

[3-0]

Social-Political Problems and the EDUL 7312 Superintendency

spring, even years

An analysis of the interrelationships of the local districts with other local political subdivisions; a study of the impact of power structures upon local education; a review of the influence of professional and non-professional organizations upon educational decision-making; and an analysis of the influence of the power structures upon educational decisions. School-community relations are emphasized.

EDUL 7314 The Superintendency [3-0] fall, even years

A study of the unique role of the school superintendent. Attention will be given to policy development, staff/ superintendent/board relations, school transportation, accreditation, human relations and collective negotiations.

Texas School Finance EDUL 7315 and Facilities Administration [3-0] fall, odd years

An examination of the basic concepts of Texas school finance including issues involving federal, state and local financial support of education, state financial systems, taxation, budgeting and fiscal management. The course also focuses on the finance of capital programs and includes the planning, maintaining and management of public school facilities.

EDUL 7316 Ethics and Decision Making in the Superintendency

spring, odd years

An examination of decision making issues and dilemmas that confront the school superintendent in today's society. Students are immersed in the decision making process through the use and development of case studies and other simulations that demonstrate how the values and ethics of individual leaders impart their decision making process.

Internship for the Superintendent I EDUL 7319 [3-0] Designed to give prospective school superintendents onthe-job experiences under the guidance of an experienced, practicing public school administrator and under the supervision of a member of the University staff.

EDUL 7320 Internship for the Superintendent II [3-0]

Designed to give prospective school superintendents onthe-job experiences under the guidance of an experienced, practicing public school administrator and under the supervision of a member of the University staff.

EDUL 8123 Selected Topics in Research as scheduled

Group and individual projects in research design, research methodologies and research execution. May be repeated for credit.

EDUL 8134

Topical Seminar as scheduled

May be repeated for credit when the topics vary.

EDUL 8223 Selected Topics in Research as scheduled

Group and individual projects in research design, research methodologies and research execution. May be repeated for credit.

EDUL 8234 **Topical Seminar** [2-0] as scheduled

May be repeated for credit when the topics vary.

EDUL 8301 Leadership and Organizational Behavior [3-0]

as scheduled

Application of theories of organization to the problems of educational institutions. Subjects such as motivation, work and careers, power and influence, communication and perceptions, group dynamics, work design and organizational control considered from the perspective of the leader and decision-maker.

EDUL	8302	Theories of Learning	
		and Instruction	[3-0]
acceba	dulad		

as scheduled

Examination of various theories of learning and instruction and their impact on current teaching practices. Instructional leadership will receive emphasis.

EDUL 8303 **Educational Politics and Policy** [3-0] as scheduled

Survey of theoretical and empirical literature related to educational politics and policy, including political systems theory, intergovernmental relations, power and conflict, community relations and intergroup theory, and policies dealing with equity, quality, efficiency and choice.

Social and Cultural EDUL 8304 Contexts of Education

as scheduled

The relationship of contemporary educational institutions, both public school and higher education, to their social setting. Economics of Education EDUL 8305 [3-0] as scheduled

Survey of theoretical and empirical literature related to the economic context of educational institutions, including scarcity, income determination, expenditures, resource allocation and perspectives on progressivity and economic development.

EDUL 8306 Ethics and Values in Educational Administration [3-0]

as scheduled Examination, from the point of view of various ethical 183

[1-0]

[3-0]

2005-2007 Graduate Catalog

Graduate Course Descriptions

systems, of issues of equity, distributive justice, codes of ethics in educational professions, treatment of students and other issues that face administrators of educational systems. Designed to sensitize prospective educational leaders to the ethical content of educational decisions.

EDUL 8307 Organizational Theory in Education

as scheduled

Application of theories of organization to problems of educational institutions; designed to develop diagnostic skills necessary for successful administration of complex educational enterprises.

EDUL 8320	Design and Analysis		
	of Field Studies	[3-0]	
as scheduled			

Concepts and methods for designing and analyzing research: surveys, nonequivalent control groups and time-series.

EDUL 8321 Data Analysis [3-0] as scheduled

Computer methods for descriptive and exploratory analysis of data from surveys and management of field research.

EDUL 8322Qualitative Research I[3-0]as scheduled[3-0]

Students will examine qualitative and ethnographic research methods, including participant observation and openended interviewing to address the problems of educational organizations.

EDUL 8323 Selected Topics in Research as scheduled

Group and individual projects in research design, research methodologies and research execution. May be repeated for credit.

EDUL8330Education Law Seminar[3-0]as scheduled

Analysis of legal problems in education, sources of law and the methods of legal research.

EDUL 8334 Topical Seminar [3-0]

as scheduled May be repeated for credit when the topics vary.

EDUL 8336 Problems in Education

as scheduled

Major emphasis on current innovations in education. Students will conduct research related to selected problems, including action research, and working with educational determinants, new education programs, classroom teachers and/or persons in the community in order to improve the educational program. Credit may be applied toward the graduate programs in education when the appropriate problem is chosen by the student. This course may be repeated once for credit.

EDUL 8350 Doctoral Internship as scheduled

[3-0]

As stated in the THECB Standards for EdD Programs in Educational Administration/Leadership, "Each doctoral student will participate in, and be extensively evaluated in, an internship in an operational setting distinct from prior or concurrent work experience." The site will be determined by agreement between the student and her/his advisor. Each student will have this experience during the final 30 hours of the program. The advisor, in cooperation with the on-site cooperating supervisor, will provide continuous monitoring and advisement of the student's experience, beginning with the selection of a set of objectives for the student for the period of the internship. The practicing school leaders used to coordinate field experiences will also be involved selectively in doctoral internships.

EDUL 8351 Introduction to Applied Research Methods

This course will include an introduction to research methodology used in historical, case study, survey, descriptive, experimental, correlational and inferential research.

EDUL 8353 Quantitative Research Methods I

Specialized research design and methodology of quantitative inquiry, in univariate and multivariate analysis.

EDUL 8381 Problems in Organization and Administration of Public Schools [3-0]

as scheduled

Research, readings and thorough study of the organization and administration of elementary and secondary schools; a careful analysis of the role of middle management personnel in the improvement of instruction; an analysis of administrative function and leadership style will be emphasized.

EDUL 8190, 8390, 8690, 8990 Dissertation-Research

(One, three or six semester credit hours.)

EDUL 8195, 8395, 8695, 8995 Dissertation-Writing (One, three or six semester credit hours.)

Electrical Engineering

All courses [3-0] and as scheduled, except for ELEE 6181, 6385, 6390, 6395, 6396. These courses should have hours section blank.

ELEE 6300 Signals and Systems

Signals theory, Fourier and Laplace transforms, probability, random variables, basic random process, spectral analysis, random signal representations, detection of signals with known and unknown parameters, estimation of signal parameters, applications. *Prerequisite:* ELEE 3340 or equivalent.

ELEE 6305 Numerical Techniques in Electrical Engineering

Survey of numerical and computational techniques including solution of large linear systems, optimization, numerical integration and solution of differential equations, finite difference and finite element techniques, and moment methods with applications and projects selected from all areas of electrical engineering. Course will include both development of programs and use of existing commercial software. *Prerequisites:* MATH 2401 and 3349 or equivalent.

ELEE 6310 Radio Communication Circuits and Systems

Principles, analysis, and design of radio frequency and microwave circuits and systems. Subjects include sparameters, noise generation and noise figure, harmonic and intermodulation distortion, and high frequency active devices; with applications to amplifiers, oscillators and frequency synthesis. *Prerequisite:* ELEE 4360 or equivalent, or consent of instructor.

ELEE 6315 Applied Electromagnetics

Applications of electromagnetic fields and waves, with subjects varying from semester to semester. Topics could include: Electromagnetic Compatibility (EMC), Electromagnetics in Satellite and Wireless Communications, and Electromagnetic Measurements. May be repeated for credit as topics vary. *Prerequisite:* ELEE 3315 or equivalent, or consent of instructor.

ELEE 6320 Semiconductor Devices

Theory and application of advanced semiconductor devices including heterostructures, integrated circuits, semiconductor memories, charge transfer devices and microwave devices. *Prerequisite:* ELEE 4338 or equivalent.

ELEE 6325 Modeling, Control and Application of Mechatronic Systems

Examine fundamental electrical and mechanical laws for

derivation of machine models; simplifying transformations of variables in electrical machine models; power electronics for motor control; linear and nonlinear control approaches; digital control implementation. Discuss typical electromechanical applications in actuators, robotics and variable speed/torque drives. *Prerequisites:* ELEE 4308, 4321 and 3370, or consent of instructor.

ELEE 6326 Electric Motor Drives

Analysis of motor drive dynamics; speed and torque control; implementation aspects; discussion of applications. *Prerequisite:* ELEE 4308 or equivalent, or consent of instructor.

ELEE 6327 Neutral Networks

Modeling, analysis, and simulation of artificial neural networks. Learning processes for neural networks. Supervised learning techniques using back-propagation. Self-organizing maps and competitive learning. Recurrent neural networks. Neurodynamical models and Hopfield networks. Applications of neural networks to control, pattern recognition, communications, signal processing, forecasting and timeseries analysis. *Prerequisite:* MATH 3349 or the consent of the instructor.

ELEE 6330 Linear Dynamic Systems

Introduction to linear dynamic systems; state-space analysis; stability theory; applications to feedback control; elements of optimal control. *Prerequisite:* ELEE 4321 or equivalent, or consent of instructor.

ELEE 6331 Nonlinear Systems

Introduction to analysis of nonlinear systems. Lyapunov stability analysis. Advanced stability analysis. Input-Output stability. Analysis of feedback systems. Analysis of singular perturbation models. Nonlinear feedback control. Feedback linearization. Lyapunov-based design. *Prerequisites:* ELEE 4321 and ELEE 6330.

ELEE 6332 Optimization

Introduction to linear and nonlinear optimization. Simplex and non-simplex methods. Nonlinear constrained optimization methods. Genetic algorithms. Engineering Optimization applications. Numerical methods for optimization of engineering systems. *Prerequisite:* MATH 3349 or equivalent or consent of the instructor.

ELEE 6335 Advanced Computer Architecture

[3-0]

Covers trends and measuring and reporting of improvements in computer technology; instruction set principles, hardware techniques for instruction level parallelism (ILP) as applied to reduced instruction set architecture (RISC) such as dynamic scheduling and threadlevel parallelism; loop unrolling and enhancing loop level parallelism; memory hierarchy mapping and miss rate reduction techniques and performance calculations; and

2005-2007 Graduate Catalog

Graduate Course Descriptions

interconnection networks and clusters related issues. This course is equivalent to CSCI 6335. Prerequisite: CSCI 6300 or CSCI 4335, or ELEE 3435.

ELEE 6336 Fiber Optical Communication Systems

Theory of light prorogation in optical fibers, bandwidth and attenuation of fiber optic systems, principles of semiconductor lasers and photodiodes, design of optical receivers and transmitters, modulation techniques, coherent optical communication systems. *Prerequisite:* ELEE 4351 or equivalent.

ELEE 6340 Digital Communications

Basic concepts of digital communication systems; representation of bandpass waveforms; signal space analysis and optimum receivers in Gaussian noise; comparison of digital modulation methods; synchronization and adaptive equalization; applications to modern communication systems. Prerequisite: ELEE 4351 or equivalent.

Digital Signal Processing I ELEE 6345

Properties of discrete signals and systems. Reconstruction of continuous waveforms from discrete signals. FFT, DFT, and Z transforms. Digital filter design for noisy deterministic and stochastic signals. *Prerequisite:* ELEE 4360.

Digital Signal Processing II ELEE 6346

DSP real time applications, DSP chip architecture. Advanced topics in digital signal processing. Prerequisite: ELEE 6345.

ELEE 6350 Microprocessor System Design and Applications

Microprocessor design fundamentals, design methods, interfacing, bus architectures, peripherals, embedded applications, development systems, software. *Prerequisite:* ELEE 4303.

Testing and Testable Design ELEE 6351

Fault modeling and simulation. Test pattern generation. Built-in self-test. Design for testability. Testing PLA, RAM, microprocessor, and complex VLSI circuits. *Prerequisite:* Two undergraduate courses in digital systems.

Contemporary Microprocessor Design ELEE 6355

Superscalar, superpipelined and VLIW processors, speculative execution, branch prediction, value prediction, address prediction, integrating processors and memory and multiple processors on a chip. Prerequisite: ELEE 6335.

ELEE 6360 High Speed Networks

Introduction to networking concepts, latest networking architecture and protocols for high-speed communications. Local Area Networks (LANs), Wide Area Networks (WANs), IP/ATM, SONET. Prerequisite: Consent of the instructor.

ELEE 6361 **Broadband Communications**

Introduction to broadband networking concepts, latest

broadband networking technologies & protocols. Broadband backbone & access networks, DSL networks, Fiber-to-the-Curb (FTTC) networks, broadband switching architecture & protocols. Traffic management, congestion control, buffering issues, quality of service for broadband networks. Prerequisite: Consent of the instructor.

ELEE 6372 Parallel and Distributed Systems

Study of parallel and distributed computing, including models algorithms, languages, compilers, interconnection networks and architectures. Distributed data, formal models of concurrency, protection and security in computer networks. Prerequisites: ELEE 6335.

ELEE 6374 Advanced Digital System Design

Modern logic design methodologies of large digital systems with standard SSI, MSI and LSI, including CPLD's and microprocessors. Multilevel digital simulation and hardware language description; principles and techniques of testability design and testing of digital logic circuits. Prerequisite: ELEE 4303 or equivalent.

ELEE 6375 VLSI System Design I

Fundamentals of VLSI design, VLSI design strategies. Chip design options, design methods, design capture tools and design verification tools. Topics include area-optimization. floorplan and functional block placement, routing and functional testing for large systems. Subsystem design and system design examples. Prerequisites: ELEE 4303 and ELEE 4375.

ELEE 6376 VLSI System Design II

Microelectronic systems architecture; design strategies for test. Chip-level test techniques; system-level test techniques. CMOS system case studies. Wafer scale integration. Ultra-fast VLSI circuits and systems-Introduction to GaAs technology. Prerequisite: ELEE 6375.

ELEE 6181 Graduate Seminar in Electrical Engineering

[1-0]

Conferences and discussions of various topics in electrical and computer engineering by faculty, graduate students, and speakers from industry and other institutions. Prerequisite: Graduate standing.

ELEE 6385 Independent Study

Individual variable-credit research, design or analysis on advanced phases of electrical and computer engineering problems conducted under the direct supervision of a faculty member. *Prerequisite:* Permission of the instructor.

ELEE 6390 Master's Project

Individual research, design or analysis of advanced phases of electrical or computer engineering problems conducted under the direct supervision of a faculty member. The course, including a written report, should be taken twice by

all students in the project option. *Prerequisite:* Permission of the instructor.

ELEE 6399 Topics in Electrical Engineering

Advanced topics of contemporary interest in electrical or computer engineering. May be repeated for credit when topic varies. *Prerequisite:* Permission of the instructor.

ELEE 7300 Master Thesis I

First part of two course sequence. *Prerequisites:* Graduate standing and consent of thesis advisor.

ELEE 7301 Master Thesis II

Second part of two course sequence. *Prerequisite:* ELEE 7300.

EMAT 6396 Special Topics in Elementary School Mathematics [3-0]

This course covers special topics in elementary school mathematics teaching. May be repeated when the topic is different. *Prerequisite:* Consent of instructor.

English

ENG 6300 Bibliography and Research Methods [3-0] *spring*

A survey of the major sources of literary history and criticism and an introduction to methods and aids in literary research methods. Required of all graduate English majors.

ENG6302Modern English Syntax[3-0]as scheduled

Studies in modern English syntax with attention given to investigative methods and findings of contemporary linguistic analysis. Special emphasis on the structure of English as a second language. *Prerequisite:* ENG 6350 or consent of instructor.

ENG 6316 Studies in Mexican-American Literature [3-0] as scheduled

Advanced study of the literature by and about Mexican Americans, with emphasis on the literary techniques and the cultural reflections in this literature.

ENG 6321 Studies in Language and Culture [3-0] as scheduled

Advanced study of social aspects of language and language use, including language attitudes, sociolinguistic dynamics of language contact situations, language learning and the social and linguistic nature of dialects, language variation and language change. Requires a research project.

ENG 6325 Studies in Composition Techniques [3-0] *as scheduled*

Advanced study of composition theory and techniques and methods of teaching composition, with special emphasis on teaching English composition to college freshmen. Required of all English teaching assistants.

ENG 6328 Introduction to English as a Second Language [3-0]

as scheduled

A study of ESL theory and techniques and their application to specific language performance skills. Special emphasis on the linguistic, sociolinguistic and psycholinguistic bases for selecting appropriate ESL methods and techniques. *Prerequisite:* ENG 3319 or ENG 6350 or consent of instructor.

ENG 6329 Problems in English as a Second Language [3-0]

as scheduled

Studies in special problem areas of language and practice which prospective teachers of ESL students will encounter in the classroom. May be repeated once for credit when the topic varies. *Prerequisite:* ENG 6328 or consent of instructor.

ENG 6345 Problems in Grammar, Dialects and Language Performance [3-0]

as scheduled

A study of the second language learner's transition from regional usage to standard usage. Emphasis on practical implementation of theories of grammar, dialects and language performance.

ENG6347Problems in Literary Criticism[3-0]as scheduled

Major aesthetic theories related to exercises in practical criticism.

ENG 6350 Introduction to Descriptive Linguistics for Teachers [3-0]

as scheduled

An introduction to the methods of linguistics science with emphasis on problem solving techniques and the application to specific problems; includes a research project exploring the application of linguistics to specific situations.

Studies in modern linguistics with emphasis on the practical help which the science offers to the student of the English language. May be repeated once when the emphasis varies. (Special topics to be announced in the Schedule of Classes.) *Prerequisite:* ENG 3319 or ENg 6350 or consent of the instructor.

ENG 6352 Practicum in English as a Second Language [3-0]

2005-2007 Graduate Catalog

as scheduled

Supervised experience in teaching/working with learners

of ESL in (a) ENG 1406, (b) a tutorial or (c) a laboratory. Actual experience will be based on theoretical principles and methodology of modern language teaching. Sample lesson plans will be developed and tried under the supervision of trained ESL personnel in a university context in order to meet the needs of ESL learners. Prerequisite: ENG 6329 or consent of instructor.

ENG 6353 ESL Testing as scheduled

[3-0]

Evaluation of second language learners of English following the principles and guidelines for diagnostic, placement, proficiency and classroom testing in ESL. Areas covered include principles and procedures for selecting, preparing, administering and interpreting results of tests of ESL learning. Prerequisites: ENG 6328 and ENG 6329, or consent of instructor.

ENG 6360 Studies in English Literature [3-0]

usually offered three times per year

A study in English literature. May be repeated for credit when the topic varies. (Special topics to be announced in the Schedule of Classes.)

Studies in American Literature ENG 6370 [3-0]

usually offered three times per year A study in American literature. May be repeated for credit

when the topic varies. (Special topics to be announced in the Schedule of Classes.)

ENG 6380 Renaissance - Modern Literature [3-0] as scheduled

The comparison of particular topics, motifs or genres in the literature of two or more languages or cultures. May be repeated when the topic varies.

ENG 6390 Studies in Special Topics [3-0] as scheduled

Extensive study in topics not limited to American or English literature. May be repeated for credit when the topic varies.

ENG Thesis 7300 as scheduled

Thesis ENG 7301 as scheduled

Educational Psychology

Introduction to Research ED 6300

A study of research methods in education including settings that culminate in the successful completion of a research project/paper. Students also will demonstrate skills in the utilization of research facilities and will be introduced to graduate programs in Education. Crosslisted with EDCI 6310 and EDUL 6300.

ED Advanced Educational 6302 Psychology

A research approach to the areas of teaching and learning. Human learning, conditions for effective learning, interference with learning and behavioral objectives will be emphasized. Prerequisite: EDCI 4302 or equivalent.

ED 6320 Microcomputers in **Student Services**

[3-0]

[3-0]

This course is designed as a beginning course for counselors and teachers who want to learn how to use a microcomputer as a personal tool, an office management and instructional tool, and in other ways that are relevant to student services personnel.

ED 6360 Introduction to Counseling

[3-0] This course is designed to orient the student to the counseling profession, including historical, professional and ethical trends and issues. The course overviews selected processes and theories with a focus on the acquisition

of counseling skills necessary to develop and maintain a counseling relationship. *Prerequisite:* Graduate standing.

EPSY 6100 Seminar in Counseling and Guidance

This course will provide the students the opportunity to develop skills related to the helping profession represented through a series of six steps. Primarily for in-service with counselors and teachers. A student may receive from one to six hours credit. Prerequisite: Permission of instructor.

6101 Seminar in Counseling and Guidance EPSY This course will provide the student the opportunity to develop skills related to the helping profession represented through a series of six steps. Primarily for in-service with counselors and teachers. A student may receive from one to six hours credit. Prerequisite: Permission of instructor.

EPSY 6102 Seminar in Counseling and Guidance This course will provide the student the opportunity to develop skills related to the helping profession represented through a series of six steps. Primarily for in-service with counselors and teachers. A student may receive from one to six hours credit. Prerequisite: Permission of instructor.

EPSY 6103 Seminar in Counseling and Guidance

This course will provide the student the opportunity to develop skills related to the helping profession represented through a series of six steps. Primarily for in-service with counselors and teachers. A student may receive from one to six hours credit. *Prerequisite:* Permission of instructor.

EPSY 6104 Seminar in Counseling and Guidance

This course will provide the student the opportunity to develop skills related to the helping profession represented through a series of six steps. Primarily for in-service with counselors and teachers. A student may receive from one to six hours credit. *Prerequisite:* Permission of instructor.

EPSY 6105 Seminar in Counseling and Guidance

This course will provide the student the opportunity to develop skills related to the helping profession represented through a series of six steps. Primarily for in-service with counselors and teachers. A student may receive from one to six hours credit. *Prerequisite:* Permission of instructor.

EPSY 6300 Advanced Individual Differences [3-0] The content of this course will include the nature of individual differences with emphasis on the learning characteristics and application of research and theory to special education programs. There will be an emphasis on psychological, sociocultural and physical characteristics of exceptional individuals. Analysis of major research regarding contemporary trends, issues and programs for exceptional individuals will be presented.

EPSY 6301 Psychopathology of Childhood [3-0]

The content of this course will include affective and behavioral disorders of childhood and adolescence within the framework of the child's cultural and linguistic background. Identification and current classification systems of emotional disturbance and autism and their implication for the family, community, vocational adjustment and education will be covered.

EPSY 6302 Psychology of Mental Retardation [3-0] The content of this course will include causes, symptoms

and implications of mental retardation to the family, community, vocational adjustment and education, incorporating the child's cultural and linguistic background.

EPSY 6303 Learning Disabilities [3-0]

The content of this course will include the etiology and symptoms of learning disabilities. Implications for the family, education, community and vocational adjustment, within the framework of the child's cultural and linguistic background will be addressed.

EPSY 6304 Culturally and Linguistically Diverse Exceptional Learner I: Problems, Trends and Issues [3-0]

This course will provide an overview of issues related to bilingual education, special education, and bilingual special education. Topics will include legal requirements, assessment, and representation of the culturally and linguistically diverse exceptional (CLDE) learner in special education.

EPSY 6305 Severe and Profound Disabilities: Medical and Physical Aspects of Individuals with Severe and Profound Disabilities

[3-0]

[3-0]

This course will address medical and physical aspects affecting the education of individuals, including the culturally and linguistically different student. Historical perspectives and types and causes of medical and physical impairments will be included.

EPSY 6306 Special Education Law fall, spring

This course presents the information for educators to understand the history of special education laws and the requirements of these laws. The emphasis of this course is on the legal requirements of providing a free appropriate public education to students with disabilities.

EPSY 6307 Legal Foundations of Special Education

This course presents the information for educators to understand the history and development of special education laws and the requirements of the laws. The emphasis of this course is on the legal requirements of providing a free appropriate public education to students with disabilities.

EPSY 6310 Ethical and Legal Issues in the Role of the School Psychologist

History and foundations, ethical, and legal issues of the professional school psychologist are presented. Service models of interventions and professional responsibilities in the role of the school psychologist are included.

EPSY6311Applied Behavioral and
Cognitive Therapies[3-0]

This course will address basic behavioral and cognitive learning theory and proceed to specific applications derived from these theories, e.g., cognitive behavioral therapy, task analysis and various other therapies based on classical and operant conditioning. The special relevance of these therapies for exceptional individuals who are manifesting affective, social, cognitive or motor problems will be discussed as well as cultural factors that impinge on the therapeutic and consultation process.

EPSY 6312 Consultation

[3-0]

This course will include theory, techniques and research concerning home-school-agency-system based consultation services or indirect service delivery models for individuals or clients who are from a society that is linguistically, socioeconomically and socioculturally pluralistic. There will be an emphasis on knowledge and concepts related to consultation with special and general education teachers, parents and families, community agencies and systems that deliver services to individuals and clients. Practica required.

EPSY6313Severe and Profound Disabilities:
Consultation and Collaboration[3-0]

fall, spring, summer

This course will address the roles of the special education teacher as a consultant on the interdisciplinary team. Emphasis will be given to methods and techniques for consulting with families, including culturally and linguistically different populations. Issues of parent training service environment, regular classroom inclusion and advocacy will be included.

EPSY 6314 Severe and Profound Disabilities: Strategies, Curricula and Materials [3-0]

This course will survey assessment and educational strategies, curricula, and materials for individuals, including the culturally and linguistically different, with severe and profound disabilities. Emphasis will be on development of communication, cognitive and social skills and instructional technology.

EPSY 6315 Emotional Disturbance: Strategies, Curricula and Materials [3-0]

Program planning within the framework of the child's cultural background for effective instruction and classroom management of the behaviorally disordered will be addressed. The course will include academic, instruction, social skills, crisis intervention and cognitive and behavioral management strategies. Field experience is required.

EPSY 6316 Literacy for Elementary Students with Mild Disabilities

The content of this course will include teaching strategies for reading and written language for elementary students with disabilities. The course will emphasize in formal literacy assessment, word identification, word recognition, vocabulary development, written composition and writing mechanics.

EPSY 6317 Literacy for Secondary Students with Mild Disabilities [3-0]

This course will include teaching strategies for reading as well as other resources for understanding in the content areas. The student will use diagnostic tools and techniques to determine reading needs of the secondary student with mild disabilities. The course will emphasize the culturally and linguistically diverse student, literacy skills, learning to learn strategies and modification of curricula and materials.

EPSY 6318

Instructional Technology and Adaptive Assistive Devices for the Exceptional Individual

The content of this course will include current instructional technology including computer-assisted instruction, interactive television and adaptive devices used for the cognitively, emotionally and physically and sensory impaired individuals.

EPSY 6320 Consultation and Collaboration with Parents, Professionals and Agencies [3-0]

This course will include theory, techniques and research concerns in home-school-agency-system based consultation services or indirect service delivery models for individuals or clients who are from a society which is linguistically, socioeconomically, and socioculturally pluralistic. There will be an emphasis on knowledge and concepts related to consultation with special and general education teachers, parents and families, community agencies and systems who deliver services to individuals and clients.

EPSY 6330 Identifying the Gifted and Talented [3-0] The content of this course will include discussion of the concepts and definitions of giftedness; characteristics/ behaviors/needs of students within the various areas of giftedness; special populations, including the culturally diverse gifted; norm-referenced instruments used to identify and assess the gifted and talented; and analysis of student identification and placement procedures.

EPSY 6331 Curriculum, Methods and Materials for the Gifted and Talented

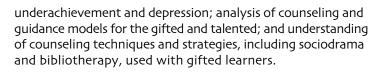

for the Gifted and Talented [3-0] The content of this course will include discussion of the concept of "differentiation"; analysis of models for developing or modifying learning experiences for gifted and talented students in heterogeneous and homogeneous grouping arrangements; identification and assessment of curriculum activities, instructional strategies and teaching techniques used to develop cognitive and affective needs of gifted learners; and analysis of instructional materials to support the implementation of differentiated learning experiences for the gifted and talented.

EPSY 6332 Creativity and the Gifted and Talented

[3-0]

The content of this course will include theoretical explanations for creativity and its application to thinking processes, persons, products and environments; analysis of how creative potential may be identified through norm-referenced instruments; understanding of models for teaching and learning creative thinking skills; and assessment of procedures and instructional materials for enhancing creativity.

EPSY 6333 Counseling the Gifted and Talented [3-0] The content of this course will include research concerning the social and emotional needs of the gifted and talented and discussion of related issues, including perfectionism,

EPSY 6334 Practicum I in Gifted Education

The content and activities of this course will include supervised experiences in teaching gifted students in school settings; design, implementation and assessment of curriculum, methods and materials appropriate for gifted and talented learners; and scheduled seminars and conferences for discussing and critiquing practicum experiences.

EPSY 6335 Practicum II in Gifted Education

The content and activities of this course will include supervised experiences in administering programs for gifted students; design, implementation, and assessment of procedures that identify and provide services for gifted and talented students; scheduled seminars and conferences for discussing and critiquing practicum experiences.

EPSY 6337 Administration of Gifted and Talented Programs

The content of this course will include discussion of the organization and administration of gifted programs from preschool to grade 12; analysis of the role of the administrator in providing programs and improving instruction for gifted and talented students; and analysis of the problem-solving process in resolving unique issues in gifted programs.

EPSY 6338 Atypical Gifted Children

The content of this course will include discussion of the characteristics/behaviors/needs of atypical gifted student, the analysis of procedures for identifying and developing programs for the atypical gifted, and the understanding of the social and emotional needs of this special population of students.

EPSY 6340 Critical and Creative Thinking in Gifted Students

The content of this course will include research related to hemisphericity and its relationship to critical and creative thinking in the intellectually and creatively gifted; identification, analysis and evaluation of teaching strategies that encourage critical and creative thinking in gifted students from pre-school to grade 12. This course is designed for teacher/ administrators working with gifted students for a minimum of three years. Permission of the instructor is required.

EPSY 6341 Gifted Students in the Visual and Performing Arts

The course content will include analysis of procedures of identification and program development for elementary and secondary students gifted in the visual and performing arts. Current issues and trends in the visual and performing arts will be discussed, as well as meeting individual talent needs in the classroom, mentorships and special classes. **EPSY 6342** Seminar in Gifted Education [3-0] The content of the course will include research and evaluation of current trends and issues in gifted education. The course will require an in-depth study of a self-selected topic in gifted education.

EPSY 6344 Gifted Child in the Regular Classroom

[3-0]

The content of this course includes discussion of issues and procedures related to the needs of intellectually and creatively gifted children in the regular classroom; analysis of curriculum methods, teaching strategies, materials and evaluation techniques for use with gifted children in the regular classroom setting.

EPSY 6346 Independent Study

[3-0]

[3-0]

[3-0]

Designed to give the student experience in research and in-depth theoretical readings in a substantive area not normally covered within the standard courses. Research projects and advanced readings will vary according to student interest and faculty availability.

EPSY 6350 Introduction to Statistics [3-0]

The content of this course will include central tendency; variance; normal, t, chi square and F distributions; bivariate correlation and regression analysis, t-test between means, goodness of fit and test of independence of chi square; oneway, two-way and three-way factorial ANOVA. There will be an emphasis on hypothesis testing; Type I and II errors; and understanding of statistical significance and practical or functional significance.

EPSY 6351 Intermediate Statistics [3-0]

The content of this course will include partial, semi-partial and multiple correlation and regression analysis; discriminant analysis; experimental design Models I, II, III; ANOVA: repeated measures, higher-order factorial, nested, analysis of covariance; methods of multiple comparisons; introduction to linear models and MANOVA; Hotelling's T-squared, Wilk's lambda, Lawley-Hotelling trace, Roy's GCR. There will be an emphasis on the blending of research design and statistical analysis. *Prerequisite:* ED 6367 or consent of instructor.

EPSY 6352 Multivariate Analysis

[3-0]

The content of this course will include introduction to exploratory and confirmatory factor analysis; principal component theory; number of factor extracted; path analysis; canonical analysis; and analysis of covariance structures. *Prerequisites:* ED 6367 and EPSY 6351 or equivalent or consent of instructor.

EPSY 6353 Seminar in Statistical Analysis [3-0] The content of this course will include various advanced topics in statistical analysis. This course may be repeated once for credit. *Prerequisite:* Consent of instructor.

2005-2007 Graduate Catalog

Graduate Course Descriptions

EPSY **Program Evaluation** 6354

[3-0] The course in program evaluation includes formative and summative evaluation through decision, program modification, objectives, outcome and performance-based evaluation models that affect policy and program change. This course will require assessing and interpreting a project in program evaluation.

Research Methods in EPSY 6356 Single-Subject Design

This course will provide an overview of single subject design research methods and their application within special education. A variety of single-subject research designs will be examined, and the strengths and weaknesses of each design will be identified. Issues related to analysis of data, social validity and ethical use of single-subject research methodology will be discussed.

EPSY Introduction to Research 6355 [3-0] This course will include case and multisite studies, interviewing and developing observational schedules, participant/observer, field notes, photography, life history and ethnographic methods, coding categories and data analysis.

EPSY 6361 Organization and Management of Guidance and Counseling Programs

This course offers counselors the opportunity to acquire the knowledge, skills and attitudes necessary for effectively planning, implementing and evaluating a comprehensive developmental guidance and counseling program that is learner-centered and includes the four components: guidance curriculum, responsive services, individual planning and system support.

EPSY Personal/Social Development 6362 of the Counselor

[3-0]

[3-0]

This course facilitates the personal/social development of the counselor through self-understanding (intrapersonal) and understanding of self and others (interpersonal). Knowledge, skills and attitudes necessary for effective human relationships and for creating a climate of mutual respect in systems will be emphasized. Prerequisite: EPSY 6361.

EPSY 6363 **Counseling Theories** [3-0]

The purpose of the course is to engage in an in-depth study of selected theories of individual and group counseling. Focus will be on understanding the importance of theory in counseling, building a theoretical knowledge base for counseling, and critical examination of theories most appropriate for individual and group counseling. Prerequisites: EPSY 6361 and EPSY 6362.

EPSY Counseling Methods 6364 and Techniques This course provides professionals the opportunity to

[3-0]

acquire knowledge in basic assessment and intervention methods/techniques. The focus is on counseling individual life management problems, issues and concerns. Assessment and intervention techniques will address problem management, problem solving and decision making in the personal, social, educational and career/vocational areas. Demonstrated competence in the application of these methods and techniques requires field-based experiences in individual counseling with clients. Ethical and legal issues related to counseling are introduced. Prerequisites: EPSY 6361, EPSY, 6362, EPSY 6363 and EPSY 6390.

EPSY 6365 Group Counseling Techniques [3-0] The purpose of this course is to assist professionals to develop competency in group leadership including knowledge of group processes and methods for leading groups as well as leadership/facilitative skills and techniques with application to developmental and remedial counseling groups, consulting groups, life-skills and human relations training groups, developmental guidance groups and decision making/problem solving task groups. Prerequisites: EPSY 6361, EPSY, 6362, EPSY 6363, EPSY 6364 and clear admission to candidacy.

Lifestyle and Career Development EPSY 6366 [3-0] A survey and analysis of the processes of assisting the individual to choose an occupation, prepare for it, enter it and progress in it. The course seeks to train leaders who can help individuals make decisions and choices involved in planning a future and building a career.

EPSY 6367 Assessment of Counseling and Development

[3-0]

This course examines the conceptual and practical bases for individual and group assessment, formal and informal assessment procedures, intepretation of assessment data, and preparation of reports for consulting with students, parents, teachers and other professional personnel. Prerequisite: EPSY 6370 or EPSY 6350.

EPSY 6368 Counseling Practicum I

[3-0]

A competency-based practicum. Students will engage in counseling and guidance planning through practical experiences in the laboratory and in the public schools. Seminars for discussion and critiquing by the student will be the theme of class sessions. Students will be required to recognize and identify counseling techniques and philosophies used in this practicum. Admission to the course is dependent on admission to counselor education candidacy. The course must be taken within the last nine hours of the program. Limit 12 students. Prerequisites: EPSY 6360, EPSY 6361, EPSY 6362, EPSY 6363, EPSY 6364 and EPSY 6365.

EPSY 6369 Counseling Practicum II [3-0] This course is a field based practicum designed to give the student the opportunity to obtain counseling experience.

[3-0]

Emphasis is on individual supervision and group discussion of professional and ethical issues as they occur in a variety of professional settings. Seventy-five (75) clock hours of experience are required. *Prerequisites:* EPSY 6361, EPSY 6362, EPSY 6363, EPSY 6364, EPSY 6365 and EPSY 6368.

EPSY 6370 Educational and Psychological Measurement

The content of this course will include scaling; variance; scores derived through linear and nonlinear transformations; traditional item analysis and introduction to latent trait models; reliability and true score theories; partitioning total variance into true and measurement error variance into its different sources; validity, content, predictive, concurrent and construct; models of unbiased assessment. These topics will be related to the construction and interpretation of norm and criterion reference measures, teachermade test and systematic observational scales.

EPSY 6371 Models of Unbiased Assessment [3-0] The content of this course will include an introduction to the definition of statistical bias; possible sources of bias; bias as related to validity; and models of unbiased assessment such as Regression or Cleary Model, Constant Ratio Model, Conditional Probability Model, Equal Probability Model, Equal Risk Model, Culture-Modified Criterion Model, Threshold Utility Model and Pluralistic Model. Applications of statistical models to real data with a view to publication are required. *Prerequisites:* EPSY 6370 and ED 6367 or consent of instructor.

EPSY 6373 Seminar in Quantitative Methods [3-0] The content of this course will include various topics in measurement and scaling, such as item response theory and multidimensional scaling. This course may be repeated once for credit.

EPSY 6380 Introduction to Cognitive and Achievement Assessment [3-0]

The content of this course will include the basic introduction of administering, scoring and interpreting cognitive and achievement assessment instruments. Practica required. *Prerequisite:* EPSY 6370 or consent of instructor.

EPSY6381Advanced Cognitive and
Achievement Assessment[3-0]

The content of this course will include advanced instruction in the administering, scoring, interpreting and report writing of cognitive, achievement, and other developmental measures. Practica required. *Prerequisite:* EPSY 6380.

EPSY 6382 Bilingual and Multicultural Assessment

In this course students will be presented with the psychometric theories, issues and strategies to consider in assessing children and youth from various cultural, ethnic and linguistic backgrounds. Students will have an opportunity to use a variety

of assessment techniques in English and Spanish. Practica required. *Prerequisites:* For Educational Diagnostician students EPSY 6380; School Psychology students EPSY 6380 and 6381.

EPSY 6383 Personality Assessment of Childhood

[3-0]

The content of this course will include administration, scoring and interpretation of self-report inventories, projective drawings, behavioral observations, clinical interviews and introduction to projective techniques for intervention. Comprehensive report writing is included. Practica required. *Prerequisites:* EPSY 6370, EPY 6380, EPSY 6381, EPSY 6301 and consent of instructor.

EPSY 6384 Topographic Brain Mapping and Cognitive Assessment

and Cognitive Assessment [3-0] A course designed to give operational knowledge of Topographic Brain Mapping for the purpose of assessing cortical brain activity. Emphasis will be given to the research and applications of TBM in relationship to cognitive processes associated with learning and educational practices. *Prerequisites:* PSY 6320, ED 6300, ED 6367 and EPSY 6351.

EPSY 6385 Autism Spectrum: Assessment and Program Planning

[3-0]

[3-0]

Characteristics and specialized assessment methods and instruments used in classroom programming will be presented. Theories and strategies for effective instruction and management of classroom behavior of autistic students based on assessment. Course will include compliance training, communication, social skills, task and discrepancy analysis, transitional issues and vocational justification for this change: training and crisis intervention with emphasis on the culturally and linguistically diverse.

EPSY 6388 Severe and Profound Disabilities: Assessment Techniques and Program Planning

Program Planning [3-0] This course will survey developmental strategies, curricula and materials for individuals, including the culturally and linguistically different with severe and profound disabilities. Emphasis will be on motor and self-help skills, environmental modification and adaptive equipment.

EPSY 6389 Culturally and Linguistically Diverse Exceptional Learner II: Characteristics

This course will cover the culturally and linguistically diverse exceptional (CLDE) learner with low incidence and high incidence disabilities. Emphasis will be given to academic, linguistic and cognitive characteristics.

EPSY 6390 Human Growth and Development [3-0] Advanced study in the application of life-span developmental theories to human behavior, learning

2005-2007 Graduate Catalog

Graduate Course Descriptions

and personality. Includes an understanding of the nature and needs of individuals at all developmental levels from prenatal through old age.

EPSY 6391 Counseling the Culturally Diverse [3-0] This course provides professionals the opportunity to acquire the knowledge, skills and attitudes necessary for effectively counseling culturally diverse populations. Focus in on the implications for counseling of social and cultural influences on the learner. Emphasis is given to intervention strategies for counseling the culturally diverse. *Prerequisites:* EPSY 6361, EPSY 6362 and EPSY 6390.

EPSY 6392 Counseling Practicum III [3-0]

This course is field-based and designed to provide continued opportunity for practice in counseling to meet licensure requirements. Individualized supervision focuses on developing advanced counseling skills while working with a variety of populations. One hundred fifty (150) clock hours of direct and indirect contact is required (maximum of 80 direct and maximum of 70 indirect). *Prerequisites:* EPSY 6368 and EPSY 6369.

EPSY 6393 Marriage and Family Counseling [3-0]

A foundation course in family counseling theory, technique and process that is intended for the advanced student. Includes an understanding of the nature and needs of the family at various developmental stages and a historical perspective of its changing role in society.

EPSY 7302 Practicum in Education Diagnostician I This course is the first of two field-based courses designed to give students the opportunity to engage in the full psycho educational evaluation process through practical university and field-based experiences. Course must be taken within the last year of the program. *Prerequisite:* EPSY 6381.

EPSY 7303 Practicum in Educational Diagnostician II This course is the second of two field-based courses designed

to give students the opportunity to engage in the full psycho educational evaluation process through practical university and field-based experiences. Course must be taken within the last year of the program. *Prerequisite:* EPSY 7302.

EPSY 7350 Internship I

fall, spring

The content of this course will include a 500-clock-hour field experience in schools or agencies working in the role of a school psychologist. This field experience will include psychological and educational assessment, development of intervention programs and professional ethics. *Prerequisite:* Consent of instructor.

EPSY 7351 Internship II

The content of this course will include a 1,000-clock-hour advanced field experience in schools and agencies working

in the role of a school psychologist. This field experience will include psychological and educational assessment, development of intervention programs, professional ethics and consultation. *Prerequisite:* Consent of instructor.

EPSY 7352 Psychotherapy for Children [3-0]

The content of this course will include cognitive, behavioral and psychodynamic approaches to psychotherapy with children. A critical review of supportive data or lack of supportive data for various approaches to psychotherapy will be required. Practicum experience is required. This course may be repeated once for credit. *Prerequisites:* PSY 6310 and PSY 6330 or consent of instructor.

EPSY 7353 Psychodynamic Play Therapy

This course includes the psychodynamic methods of play therapy and related family systems interventions. Practices required. *Prerequisites:* EPSY 6310, EPSY 6301, EPSY 7352, and consent of the instructor. This course may be repeated once for credit.

EPSY 7602 Applied Research Project

A problem-oriented, individual research project under the direction and supervision of a graduate faculty member that fulfills the requirements for the non-thesis option in the Master of Gifted Education Program.

Ainance

FINA 5311/MBAO 6316 Financial Management *(UT Arlington)*

The study of providing an organization with operating funds and effectively utilizing monetary resources. Primary emphasis on financial decision making within organizations and techniques of financial analysis and forecasting.

FINA 6328/MBAO 6335 Contemporary Topics in Financial Management (UT Permian Basin)

The study of topics recently published in financial management literature. The topics will be selected from international, corporate, risk management topics and vary from term to term.

FINA 6340 Financial Administration spring

Management of the flow of funds in the firm. Analysis for obtaining the optimum utilization of funds, behavior of financial institutions and markets. *Prerequisite:* FINA 3383.

[3-0]

FINA 6341 Financial Management Seminar [3-0] as scheduled

This course covers the responsibilities of the financial manager as these relate to working capital management, capital budgeting and the determinates of the firm's cost of capital. *Prerequisite:* Twelve hours of graduate business courses.

FINA6342Financial Topics Seminar[3-0]as scheduled

This course is a survey of selected topics in finance. This course may be repeated for credit. *Prerequisite:* Twelve hours of graduate business courses.

FINA8341Seminar in Finance Topics[3-0]as scheduled

Selected topics in finance as they relate to current issues. Various contemporary subjects will be developed by the instructor of this course. Course may be repeated for credit with different topics.

GENB 5321/MBAO 6331 Research Methods (UT Tyler)

The application of research techniques to business decisionmaking. Study of the scientific method: definition of survey, development of methodology, evaluation of alternatives, findings, summary, conclusions and recommendations.

Sistany

HIST 5343 Directed Readings in U.S. History [3-0] as scheduled

A directed study of selected topics in U.S. history. Topics are varied according to availability of faculty and student interest. Course can be repeated once as topic changes.

HIST	5345	Directed Readings in Latin	
		American History	[3-0]
1-			

as scheduled

A directed study of selected topics in Latin American history. Topics are varied according to availability of faculty and student interest. Course can be repeated once as topic changes.

HIST	5363	Directed Readings	
		in Borderlands History	[3-0]
,			

as scheduled

A directed study of selected topics in Borderlands history. Topics are varied according to availability of faculty and student interest. Course can be repeated once as topic changes.

HIST 5373 Directed Readings in Comparative History [3-0]

as scheduled

A directed study of selected topics treated in comparative or transnational perspective, including such topics as development and underdevelopment, regional interaction, the status of women, cultural exchanges, immigration and social change. Topics are varied according to availability of faculty and student interest. Course can be repeated once as topic changes.

HIST	5383	Directed Readings	
		in European History	[3-0]
<i>I</i> -	- 1-1-1		

as scheduled

A directed study of selected topics in European history. Topics are varied according to availability of faculty and student interest. Course can be repeated once as topic changes.

HIST 6300 Historiography and Historical Method [3-0]

as scheduled

A description of the chief source materials of history and bibliography; methods of the aids in historical research; and explanations of generally accepted usages in historical composition. (*This course is required of all graduate* students majoring and minoring in History and should be taken at the start of the graduate program.)

HIST 6301 Seminar and Problems Study in Eras in American History to 1860

as scheduled

A survey and critique of the bibliography and problems of various eras in American history before the Civil War. May be repeated for credit when topic varies.

HIST 6303 Seminar and Problems Study in Eras in American History Since 1860

[3-0]

[3-0]

as scheduled

A survey and critique of the bibliography and problems of various eras in American history since 1860. May be repeated for credit when topic varies.

HIST	6306	Studies in Texas and	
		Southwestern History	[3-0]
as sch	eduled		

An intensive investigation of selected problems in southwestern history with emphasis on Texas. May be repeated for credit when topic varies.

HIST 6307 Seminar and Problems Study in the History of South America [3-0]

as scheduled

An investigation and critique of the problems and

2005-2007 Graduate Catalog

contributions made by the various South American countries in the 19th and 20th centuries and their roles in Inter-American relations. May be repeated for credit when topic varies.

HIST 6309 Seminar and Problems Study in the History of Middle America [3-0]

as scheduled

An investigation and critique of the problems and contributions made by Mexico and the Central American and Caribbean Island nations in the 19th and 20th centuries and their roles in Inter-American relations. May be repeated for credit when topic varies.

HIST 6311 Seminar and Problems in Modern European History [3-0]

as scheduled

A survey and critique of the bibliography associated with investigations of selected era studies and problems experienced by modern Europe. May be repeated for credit when topic varies.

HIST 6316 S	itudies in Mexican and	
A	American Heritages	[3-0]

as scheduled

An intensive investigation of selected historical problems in the Mexican-American and Anglo-American cultural heritages and the fusion and clash of these cultures.

HIST 7300 Thesis

Research and writing of the thesis.

HIST 7301 Thesis

Research and writing of the thesis.

INTB 6304 International Business Foundations [3-0] as scheduled

Course covers the foundation of the marketing and management disciplines in an international context. The course will use a graduate-level international business text as the core text, with special emphasis on material covering management and marketing issues. Supplemental readings will be required and will be from international marketing and international management literature. *Prerequisite:* Admission to MBA degree program.

INTB 8300 The Academic Experience [3-0] *as scheduled*

Course intended to increase understanding of the academic career, including dissertation preparation, research strategies tenure and promotion, and administrative positions.

INTB 8330 Seminar in Management of International Business

as scheduled

Topics include the environment of international business and how it affects the management of multinational enterprises. Planning, organizing, staffing and control in a global setting is discussed. Current issues are emphasized. Decision-making and leadership of the international manager and managing global interdependencies are also covered.

INTB 8340 Seminar in International Financial Management [3-0]

as scheduled

The study of the theoretical and practical frameworks for the valuation of the firm with international operations. This framework highlights the multicurrency dimensions of firms with foreign assets and liabilities and recognizes that foreign currency cash flows have unique characteristics of risk and return. The underlying assumption of such a course is that financial management concepts need to recognize the additional variables and constraints created by exchange rates; possible imperfect money, capital and exchange markets; host government policies toward the operation of foreign firms; and the manner by which the accounting profession measures results.

INTB 8350 Seminar in International Economics

[3-0]

[3-0]

[3-0]

as scheduled

The study of the pure theory of trade, exchange rate determination, trade policy and trade agreements, balance of payments problems, and international money and payment systems.

INTB 8360 Seminar in Regional Business [3-0] as scheduled

Topical courses focusing on specific geographic regions (e.g., Latin America, Asia, Europe, North America, Mid-East, North Africa, Sub-Saharan Africa, Mexico). Each seminar will analyze economic, political and cultural aspects of each region with particular emphasis on the international dimensions. The seminar may be repeated for credit when a different region is covered.

INTB 8369 Seminar in International Business Issues

as scheduled

A research seminar course focuses on a wide range of current international business issues, such as border business development, free trade zones, international trade financing, international patent and trade mark protection. Seminar topics vary with the interests of the profession, doctoral students and doctoral faculty. Course may be repeated for credit with different topics.

INTB 8370 Seminar in International Marketing Strategy

as scheduled

[3-0]

Discusses international marketing concepts and strategies with an emphasis on the influence of the market plan. Issues dealing with standardization versus adaptation strategies, counterfeiting and protection of industrial property, and distribution alliances are analyzed.

INTB 8399 International Business Internship as scheduled

This is a credit course required of all doctoral students. It must be taken during the classroom phase of study. It may be taken during a long semester or, preferably, during summer semester(s). The internship must be with a company that requires the intern to participate in business activity in Latin American countries. Internship with a maguiladora plant in Mexico meets the basic requirements. Or, the internship may be a teaching, research or service position with an international university that requires crosscultural teaching or research activities. Internships may be paid or unpaid. The college will assist students in securing internships, but the student is responsible for ensuring that the internship is completed before the end of coursework.

Indernation Systems & Quantitatine Methods.

ISQM 8310 **Applied Multivariate** Data Analysis I

[3-0]

[3-0]

as scheduled

Multivariate statistical topics: heuristic review of univariate and bivariate statistical analysis, data examination to include missing data, outliers and assumptions of multivariate analysis, multiple regression analysis, discriminate analysis, logistic regression, multivariate analysis of variance and factor analysis. Computer applications using appropriate statistical software packages will be presented, discussed and analyzed. Critical analysis of published research using these techniques will be performed. Prerequisite: QUMT 6303 or the equivalent.

Applied Multivariate Data ISQM 8311 Analysis II as scheduled

Multivariate statistical topics: Canonical correlation analysis, cluster analysis, scaling to include reliability and multidimensional scaling, conjoint analysis, structural equation modeling and emerging techniques in multivariate analysis. Computer applications using appropriate statistical software packages will be presented, discussed and analyzed. Critical analysis of published research using these techniques will be performed. Prerequisite: ISQM 8310.

ISQM 8312 Seminar in Behavioral Science **Research Methods**

[3-0]

[3-0]

as scheduled

In-depth study and analysis of the research process, particularly to include measurement, research design methodology, scaling and instrument design, sampling design, data collection techniques and application of multivariate data analysis techniques. Course focuses on preparing a research proposal for a selected research question. Prerequisite: ISQM 8310.

ISQM 8313 Seminar in Econometrics I as scheduled

An introduction to the single equation regression model in a matrix algebra context. Examination of ordinary least squares, generalized least squares and other extensions of the standard framework, such as spline estimators and special transformations. Prerequisite: ISQM 8310.

Seminar in Cross-Cultural ISQM 8314 Research Methodology [3-0]

as scheduled

Methodological problems in cross-cultural research are covered. Topics covered include criterion problem (definition of culture), methodological simplicity, sampling problems (representativeness, selection of cultures and Galton's problem), equivalence of instrumentation and data collection, analysis of qualitative data, levels of analysis and generalizability. Critical analysis of published research will be used throughout the semester. Prerequisite: ISQM 8312.

ISQM 8315 Seminar in Econometrics II [3-0] as scheduled

Investigation of single- and multi-equation systems under special conditions such as errors in variables, simultaneity, lagged dependent variables, latent variables and heteroscedasticity. Coverage of single- and multi-equation forecasting techniques such as ARIMA and VAR. Procedures will be applied to the estimation and testing of specific theories in economics and finance. Prerequisite: ISQM 8312.

2005-2007 Graduate Catalog

8319 ISQM Seminar in Business Research and Applications

as scheduled

Continued development of research skills that are applicable to the business discipline. Emphasis will be placed on critical evaluation of published research in the business field with the goal that students completing the course will have developed the research skills necessary to successfully develop and publish research in the business field. Prerequisites: Nine hours of the international core courses, plus ISQM 8314 or ISQM 8315.

KIN 5313 Workshop in Kinesiology [3-0] as scheduled

This course is designed to provide in-depth experiences for the prospective teacher, coach and recreation leader in the development of both current theories and practices in presenting selected areas of kinesiology such as aquatics, dance, gymnastics and/or sports. The course may be repeated for credit, up to six hours, when the topic is different. *Prerequisite:* Twelve hours of graduate Kinesiology and permission of the department chair.

KIN Kinesiology Curriculum for the 5351 Handicapped Student [3-0]

as scheduled

The selection and planning of kinesiology for students whose activity must be adapted due to demands imposed by gravity, trauma, injury, congenital defect, illness or disease. Laboratory work with students will be scheduled. Prerequisite: Permission of the department chair.

Health Seminar KIN 5357 summe

[3-0]

[3-0]

For administrators, teachers, nurses and community leaders. Topical discussion areas will center around the interests and needs of the participants and the communities.

KIN History and Philosophy 6301 of Kinesiology

fall, odd years

Historical development of kinesiology from primitive to modern times. Philosophy of modern kinesiology with application to present day educational programs.

Methods of Research KIN 6302 in Kinesiology

spring, even years

Introduction to methods and materials of research in the field. Approved methods of writing term papers and research papers.

KIN **Applied Tests and Measurements** 6303 in Kinesiology

spring, odd years

A critical consideration of the importance and limitations of measurements in physical education. Emphasis is placed on those measurements that are most needed today. The statistical treatment and interpretation of research data.

KIN **Scientific Foundations** 6304 of Kinesiology

fall, even years

[3-0]

[3-0]

Background of kinesiology from biological, anatomical and physiological aspects.

Curriculum Construction KIN 6305 in Kinesiology

[3-0]

[3-0]

spring, odd years

A critical study of principles, problems and procedures in the construction of a kinesiology program. Attention will be given to the application of these principles in the construction of a course of study for a specific situation.

KIN Planning and Use of Facilities 6306 for Health and Kinesiology [3-0]

spring, even years

Principles, terminology and standards for planning construction, use and maintenance of facilities.

KIN Psychology of Motor Learning 6307 [3-0] fall, odd years

A study of the application of principles of psychology to learning situations involved in motor skills acquisitions. Emphasis will be given both to the general learning situations involved in the mastery of motor skills and to the special situations involved with individual and group problems of motivation and response.

KIN 6308 Current Readings in Kinesiology

fall, even years

Extensive readings and discussion of selected topics in the field.

KIN Organization and Administration 6310 of Sport Programs

as scheduled

The organization and administration of major and minor sport programs including budgeting, staffing, equipment and public relations.

KIN Legal Issues in Sport 6311 [3-0] as scheduled

The application of legal issues in the sport industry with primary concentration on tort liability for sport administrators and teachers/coaches, gender issues, and contract law.

The University of Texas-Pan American

[3-0]

[3-0]

KIN 6312 Governing Agencies for Sport as scheduled

An in-depth study of governance agencies concerned with interscholastic, intercollegiate, amateur, international and professional organizations.

KIN 6313 Ethics in Sport as scheduled

A study of ethical issues in sport related to the player, coach, parent, officials and administration associated with sport/ athletic organizations.

KIN6319Internship in Sport[3-0]as scheduled

The student is to perform an internship under the supervision of a mentor with an organization and a university supervisor. A minimum of 120 contact hours is required.

KIN 6320 Independent Research

Individual investigation of a problem in kinesiology that involves one of the techniques of research. Students will work under a designated faculty member and must have their research approved prior to registering. Prerequisite: Permission of the department chair.

KIN 6330 Issues in Adapted Physical Activity [3-0] as scheduled

Analysis and evaluation of contemporary issues, trends, and research findings pertinent to adapted physical activity for students with disabilities.

KIN 6331 Including Students with Disabilities in Regular Physical Education

as scheduled

Analysis concepts related to inclusion and utilizes the ecological philosophy to discuss the methods and strategies in implementing an inclusive physical education program.

KIN6332Special Techniques of Motor Assessment
for Individuals with Disabilities[3-0]

as scheduled

Provides students with information about instruments to assess students with disabilities in adapted physical education settings.

KIN 6333 Adapted Sports and Activities for Individuals with Disabilities [3-0]

as scheduled

Explores the concerns and benefits of exercise participation in special populations.

KIN 7300 Thesis

Scheduled by chair.

KIN 7301 Thesis Scheduled by chair.

MACC 6310 Auditing

A study of selected auditing standards with an emphasis on new topics in auditing. Included are such topics as statistical sampling, auditing effects of EDP, internal auditing functions, operational auditing and work paper techniques.

MACC 6320 Tax Topics

Current Topics in the operation of the federal tax system are examined. Topics may include federal taxation of international transactions, reorganizations, consolidated tax returns, estates, gifts, trusts, and an introduction to tax planning.

MACC 6330 Accounting Theory

An examination of accounting theories arising during the 20th century and their effect on the evolution of GAAP. New issues arising in accounting practice that create theoretical issues will be discussed.

MACC 6333 Business Law for Accountants

An in-depth study of issues of business law relevant to the accounting profession including negotiable instruments; banking; secured transactions; creditor's rights and bankruptcy; forms of business organizations; corporate financing; corporate liability and investor protection. Ethical considerations and international considerations are included throughout the course.

MACC 6340 Managerial Accounting

A study of advanced cost and managerial topics with an overview of contemporary issues in management accounting.

MACC 6350 Information Technology for Accounting & Control

An extensive examination of technology and audit tools such as statistical sampling, audit software, and data mining techniques as pertaining to auditing and an examination of a company's accounting and control systems.

MACC 6360 Tax Research Methodology

A study of authoritative tax law sources, tax research methodology, and research documentation and reporting is combined with actual research using typical tax problems.

MACC 6370 Internal Auditing and Assurance Services

This course is designed to introduce students to principles, techniques, and standards of internal auditing, which extends beyond the traditional attestation of financial statements. The course emphasizes assessment of business risk, internal control systems, the role of internal auditing in

risk management, and management auditing: compliance, operational, performance and value for money.

MACC 6380 Professional Ethics

The Ethics of Certified Public Accountants, Certified Management Accountants, Certified Internal Auditors, Certified Fraud Examiners as well as those of other professional associations are examined. Consideration is also given to how corporate ethical codes of conduct function in corporate governance and as a matter of law. Decision-making within the framework of professional standards is discussed.

MFIN 6316 Financial Management

A study of the courses providing a firm with operating funds and the effective utilization of monetary resources is undertaken with an emphasis on financial decision-making within the organization.

Manaqementi

MANA 5350/MBAO 6371

Human Resource Management (UT Tyler)

Advanced study of selected topics in human resources management with special emphasis on issues of current importance in the field. Topic areas in such human resources functions as staffing, development, appraisal and compensation will be covered.

MANA 6330/MBAO 6313 Management (UT Pan American)

An analysis of formal organizational theory and the interrelationship of individuals in organizations. A study of the organization as a system of authority, status, leadership, direction, culture, ethics, communication and influence.

MANA 6331 Personnel Administration and Industrial Relations

[3-0]

as scheduled

An analysis of the functions of personnel administration and of the relationship between the personnel-industrial relations system and the total organization system. Contemporary industrial relations, philosophies and practices.

MANA 6332/MBAO 6372 Organizational Leadership and Change *(UT Pan American)*

This course is designed to provide a broad overview of leadership and organizational change theories, practices and research. Special attention will be given to critical thinking skills and the students' ability to communicate and lead effectively in the discussion chat room format.

MANA 6334International Management[3-0]as scheduled

This course covers effects of the international environment on the management of business. The effects of social, cultural, political, legal and economic environments on strategic planning and decision-making are covered in this course.

MANA 6335 Organizational Theory [3-0] as scheduled

This course is the study of designing organizations. The effects of environments, strategies, technology, age/size, innovation, power/politics, international business on organizational structure and organizational effectiveness will be covered.

MANA 6360/MBAO 6334 Production and Operations Management (UT Brownsville)

The study of the role of the production function in the business system and its relationship to marketing and finance. The focus is on the decision-making necessary for productivity improvement in the transformation process of manufacturing and non-manufacturing service organizations. Strategies of production system design, capacity management, quality management; production planning, inventory planning and control, facility location and supply chain management are explored. Systems studies include Just-in-Time, Total Quality Management and Flexible Manufacturing Systems.

MAS 6V07/MBAO 6312

Economic Analysis (UT Dallas)

The emphasis of this course will be on fundamental aspects of economic analysis relating to individual firms and individual markets. The student will learn the impact of demand, how firms choose prices, the role of costs, the nature of competition and monopoly, the role of property rights, simple network economics and basic antitrust. Although not heavily used in the course, some reference will be made to calculus.

MANA 6390 Strategic Management as scheduled

[3-0]

This capstone course integrates knowledge in functional areas and covers strategy formulation, implementation and evaluation. Different types of organizations in all kinds of environments and industries are studied. Technology, culture and ethics are important environmental variables considered. *Prerequisite:* Fifteen hours of MBA core courses.

MANA 7300 Thesis

as scheduled Research and writing of the thesis. This course may be repeated for credit.

MANA 8331Seminar in Management Topics[3-0]as scheduled

Seminar topics will vary with the interests of the instructor or students. Readings and discussions will carry a research orientation with the goal to produce manuscripts suitable for submission to academic conferences or journals. Course may be repeated for credit with different topics.

MANA 8361 Supervised Teaching in Business Administration

as scheduled

Planning, organizing and presenting teaching processes and practices in business administration. Includes teaching in the College of Business Administration under the direction of the course instructor or supervisor; weekly group meetings with the instructor, individual consultations and reports throughout the teaching period. *Prerequisites:* Graduate standing, approval of the department chair and the dean and appointment as a teaching assistant.

Manufacturing Engineering

MANE 6303 Concepts in Engineering Analysis [3-0] as scheduled

Limits, derivatives and applications, integrals and applications, methods of integration, vectors, partial derivatives, ordinary differential equations and applications. *Prerequisite:* Consent of instructor.

MANE 6401Concepts in Manufacturing[3-1]as scheduled

Manufacturing processes including metal cutting, nontraditional machining, force analysis, casting, deformation and joining processes, plastics, composites, manufacturing of ceramics and electronics devices, numerical control programming and application of programmable logic controller. *Prerequisite:* Consent of instructor.

MANE 6311Advanced Quality Control[3-0]fall

Deming continuous improvements concepts, Q.C. 7-tools, basic problem procedures, control chart practice and applications, design of experiments and Taguchi methods. ISO9000 and TQM will be introduced. *Prerequisite:* MANE 3332.

MANE6313Design of Experiments[3-0]fall

Randomization and blocking, significance tests and confidence intervals, factorial designs, applications of

factorial designs, model building with least squares, response surface methods. *Prerequisite:* MANE 3332.

MANE 6315Reliability Engineering[3-0]spring

System level reliability, redundancy, maintainability, availability analysis and modeling, life testing, acceleration, parametric, and non-parametric models. *Prerequisite:* MANE 3332.

MANE 6319Quality Management Systems[3-0]as scheduled

Introduces philosophies, tools and methodologies of TQM, quality systems (ISO 9000, ISO 14000, 6-sigma), bench marking, quality function deployment, Taguchi method, Failure Mode and Effect Analysis (FMEA) and management tools. *Prerequisite:* Consent of instructor.

MANE 6354 Advanced Engineering Economics [3-0] *fall*

Evaluation of engineering proposals using time value of money, selections between alternatives, break-even and minimum-cost studies, depreciation, replacement studies, life cycle costing, inflation, financial analysis and control techniques for manufacturing enterprises. *Prerequisite:* Consent of instructor.

MANE 6323 Advanced Computer-Aided Design [3-0] fall

Theory and applications of computer-aided design in engineering. Design of engineering parts using parametric solid modeling software. Automated drafting and dimensioning, geometric tolerancing. *Prerequisite:* MANE 3300 or equivalent.

MANE 6346Polymer Engineering[3-0]spring

Study of engineering properties of polymer materials and selection of polymers for use in engineering applications. Manufacturing properties of polymer materials and their effects on manufacturing processes. *Prerequisite:* MANE 3364 or equivalent.

MANE 6357 Ergonomics [3-0]

Functional anatomy and physiology of musculo-skeletal system and their applications in work design. Work physiology, manual materials handling, hand tools, and repetitive motions. *Prerequisite:* Consent of instructor.

MANE 6365Tool Design and Analysis[3-0]as scheduled

Fundamentals of different areas of tools used in manufacturing. Tool making, tool materials, cutting tools, locating and clamping, jigs and fixtures. Design of fixtures for numerical control machines and modular fixturing. *Prerequisite:* MANE 6323.

Graduate Course Descriptions

MANE 6369 Mold Design and Analysis as scheduled

Design of injection molding molds, mold components and design of parts for effective injection molding. Analysis of mold filling, fluid flow, mold temperature, residual stresses and other factors that affect the quality of mold. Prerequisite: MANE 6323.

MANE 6372 **Advanced Engineering Analysis** [3-0] as scheduled

Use of mathematical techniques to model and analyze problems encountered in engineering. Topics include linear algebra, ordinary differential equations, numerical methods and optimization techniques. Prerequisite: MANE 6303 or consent of instructor.

MANE 6375 Human Factors [3-0] as scheduled

Methods of measurement of human performance, psychological and physiological background of human information processing, principles and techniques of display and information system design, human error and reliability. Prerequisite: Consent of instructor.

MANE 6368 Logistics Engineering [3-0] as scheduled

Analysis of integration of support functions in the development, operations and maintenance of complex engine systems. Prerequisite: Consent of instructor.

MANE 6321 **Robotics and Automation** [3-0] as scheduled

Application of industrial robots and their role in industrial systems. Relationships among product design process control, robot kinematics and flexible automation are covered. Prerequisite: MANE 3302 or equivalent.

MANE 6328	Dynamic Systems Modeling
	and Forecasting

as scheduled

System identification using time series, Green's function and stability analysis, forecasting, multiple series and applications for on-line manufacturing process control. Prerequisite: MANE 3332.

MANE 6331 Advanced Manufacturing Planning and Control [3-0]

fall

Forecasting, aggregate planning, inventory control, pull and push production systems, operations and project scheduling and recent advances in operations planning and control. Prerequisite: MANE 3364 or equivalent.

Operations Research and Analysis MANE 6340 [3-0] as scheduled

Concepts in mathematical modeling, stochastic processes,

queuing theory, linear programming, integer programming, dynamic programming, non-linear programming, and inventory models. Prerequisite: Consent of instructor.

MANE 6342 **Engineering Decision** Support Systems

[3-0]

as scheduled

Engineering decision-making, sequential decision procedures, design of engineering systems, knowledge acquisition and representation, hybrid systems and engineering applications. Prerequisite: Consent of instructor.

Flexible Integrated Manufacturing MANE 6350 [3-0] as scheduled

Application of industrial programmable logic controllers, machine vision system, selection of tools for robot end effector, sensor technology, machine-human systems such as expert system and flexible automation system design. Prerequisite: MANE 3302 or MANE 6401.

MANE 6352 Simulation of Manufacturing Systems [3-0]

spring

Simulation and modeling of discrete-event systems, input data analysis, model development, model verification, validation, output analysis and applications to manufacturing. Prerequisite: MANE 3332.

MANE 6380 **Engineering Project Management** [3-0] as scheduled

Planning, scheduling and control of engineering projects, network models, CPM, PERT, resource allocation and timecost tradeoff. Prerequisite: Consent of instructor.

MANE 6399 Topics in Manufacturing Engineering [3-0] as scheduled

Topics selected from current issues of concern in manufacturing industries. May be repeated for credit when topics change. *Prerequisite:* Consent of instructor.

MANE 6190 **Engineering Project**

[0-1]

as scheduled

[3-0]

Special construction projects, research activities or supervised engineering studies. May be repeated for credit. *Prerequisite:* Consent of instructor.

MANE 6290 **Engineering Project** as scheduled

[0-2]

[0-3]

Special construction projects, research activities or supervised engineering studies. May be repeated for credit. *Prerequisite:* Consent of instructor.

MANE 6390 **Engineering Project** as scheduled

Special construction projects, research activities or supervised engineering studies. May be repeated for credit. Prerequisite: Consent of instructor.

MANE 7300 Thesis

MANE 7301 Thesis

Marketing

MARK 6370 Marketing Policy and Management [3-0] as scheduled

A study of marketing policy and decision-making based upon a consumer orientation; innovation and creative adaptation to change; cultural implication of marketing action; and the role of theory in marketing. *Prerequisite:* MARK 3371.

MARK 6371Marketing Seminar[3-0]as scheduled

A study of historical and current thought in marketing theory and practice. This course has variable content and course may be repeated for credit.

MARK 6372Marketing Strategy[3-0]as scheduled

A study of current promotion management techniques for consumer products. Skills will be developed in utilizing consumer research, sales analysis and mass media data for promotion planning, creation, execution and evaluation.

MARK 6374 E-Commerce: Doing Business in the Digital World

as scheduled

This course provides students with an introduction to the concepts of e-business as an integrated component of a firm's marketing strategy. It includes discussion of a range of topics as well as concepts of e-business sites, design and promotion to complete comprehensive marketing strategies for today's firm. *Prerequisite:* MARK 6370

MARK 8371Seminar in Marketing Topics[3-0]as scheduled

Examination of studied topics involved with current literature and current research interests of faculty and students. Course may be repeated for credit with different topics.

Mathematics

MATH 6308Teaching of Algebraic Concepts[3-0]as scheduled

This course examines issues, trends and research related to the teaching/learning of secondary school algebra. Topics include historical items with major influence in algebra and a study of relationships between abstract and school algebra. *Prerequisite:* MATH 4351 or equivalent.

MATH 6310 Topics in Mathematics Teaching [3-0] as scheduled

This course examines issues, trends and research related to the teaching/learning of secondary school mathematics. Specific topics will vary, but could include: technology in the classroom, mathematical problem solving and the use of applications in the teaching of mathematics. *Prerequisite:* Graduate standing in mathematics.

MATH 6312 Teaching of Geometric Concepts [3-0] as scheduled

This course examines issues, trends and research related to the teaching/learning of secondary school geometry. Topics include the historical significance of geometry, the relationship between modern geometry and the geometry taught in schools, and the van Hiele equivalent, model of geometric understanding. *Prerequisite:* MATH 3304 or consent of instructor.

MATH 6328 Special Problems in Teaching Mathematics [3-0]

as scheduled

A critical analysis of issues, trends and historical developments in elementary and/or secondary mathematics teaching with emphasis on the areas of curriculum and methodology. This course may be repeated for credit when topic changes.

MATH 6331 Algebra I as scheduled

This course is an extension of the undergraduate course in abstract algebra. Topics include polynomial rings over a field and finite field extensions. *Prerequisite:* MATH 4351 or MATH 6401.

MATH 6332 Algebra II as scheduled

The purpose of this course is to provide essential background in groups, rings and fields, train the student to recognize algebraic structures in various settings and apply the tools and techniques made available by algebraic structures. Topics include groups, structure of groups, rings, modules, Galois theory, structure of fields, commutative rings and modules. *Prerequisite:* MATH 6331.

MATH 6352 Analysis I as scheduled

The purpose of this course is to provide the necessary background for all branches of modern mathematics involving analysis and to train the student in the use of axiomatic methods. Topics include metric spaces, sequences, limits, continuity, function spaces, series, differentiation and the Riemann integral. *Prerequisite:* MATH 4357 or MATH 6402.

[3-0]

[3-0]

[3-0]

2005-2007 Graduate Catalog

[3-0]

MATH 6370 as scheduled

This course is a foundation for the study of analysis, geometry and algebraic topology. Topics include set theory and logic, topological spaces and continuous functions, connectedness, compactness, countability and separation axioms. *Prerequisite:* MATH 4360 or consent of instructor.

Topology

MATH 6387 Mathematical Modeling [3-0] as scheduled

This course presents the theory and application of mathematical modeling. Topics will be selected from dynamic models, stable and unstable motion, stability of linear and nonlinear systems, Liapunov functions, feedback, growth and decay, the logistic model, population models, cycles, bifurcation, catastrophe, biological and biomedical models, chaos, strange attractors, deterministic and random behavior. Prerequisite: Consent of instructor.

MATH 6388 **Discrete Mathematics** as scheduled

This course is an introduction to modern finite mathematics. Topics include methods of enumeration, graphs, partially enumeration. Prerequisite: MATH 4351 or consent of instructor.

[3-0]

[3-0]

ordered sets, and an introduction to Polya's theory of Mathematics Seminar MATH 6390

as scheduled

An introduction is given to the methods and tools of mathematical research. Independent work on assigned topics is expected of the student, with presentations on the results in both oral and written form. Prerequisite: Consent of instructor.

MATH 6399 Special Topics in Mathematics

This course covers special topics in graduate level mathematics that are not taught elsewhere in the department. May be repeated for credit when topic is different. Prerequisite: Consent of instructor.

MATH 6401 Survey of Abstract **Algebraic Structures**

[3-0]

[3-0]

This course provides an extensive survey of abstract algebraic structures from the areas of modern algebra, linear algebra and number theory. Topics include logic, set theory, groups, rings, fields, relations, matrices, vector spaces, mathematical induction, congruences and number-theoretic functions. Emphasis is placed on the development and presentation of rigorous proofs of elementary results in these areas. Prerequisites: Graduate standing and consent of instructor. Students seeking a MS in Mathematics with prior credit for MATH 6331 or MATH 6332 with a grade of "B" or higher may not receive credit for this course as an approved elective.

MATH 6402 Survey of Analysis

Topics are chosen from point set topology in the plane

statistical data analysis. Topics include test of hypotheses and confidence intervals; linear and multiple regression analysis; concepts of experimental design, randomized blocks and factorial analysis; a brief introduction to nonparametric methods; and the use of statistical software. Prerequisite: Consent of instructor.

Probability and Statistics MATH 6365 [3-0] as scheduled

Topics in this course include set theory and concept of probability, conditional probability, random variables, discrete and continuous probability distributions, distribution and expectations of random variables, moment generating functions, transformation of random variables, order statistics, central limit theorem and limiting distributions. Prerequisite: MATH 2401 or equivalent, or consent of instructor.

Analysis II MATH 6353 as scheduled

The purpose of this course is to present advanced topics in analysis. Topics may be chosen from (but not restricted to) normed linear spaces, Hilbert spaces, elementary spectral theory, complex analysis, measure and integration theory. Prerequisite: MATH 6352.

MATH 6360 Ordinary Differential Equations [3-0] as scheduled

This course examines existence and uniqueness theorems, methods for calculating solutions to systems of ordinary differential equations, the study of algebraic and qualitative properties of solutions, iterative methods for numerical solutions of ordinary differential equations and an introduction to the finite element methods. Prerequisite: MATH 3349 or consent of instructor.

MATH 6361 Partial Differential Equations [3-0] as scheduled

This course considers the existence, uniqueness and approximation of solutions to linear and non-linear ordinary, partial and functional differential equations. It also considers the relationships of differential equations with functional analysis. Computer-related methods of approximation are also discussed. Prerequisite: MATH 3349 or consent of instructor.

MATH 6362 Fourier Analysis

as scheduled

The course includes trigonometric series and Fourier Series, Dirichlet Integral, convergence and summability of Fourier Series, uniform convergence and Gibbs phenomena, L2 space, properties of Fourier coefficients, Fourier transform and applications, Laplace transform and applications, distributions, Fourier series of distributions, Fourier transforms of generalized functions and orthogonal systems. Prerequisite: MATH 6353 or consent of instructor.

MATH 6364 Statistical Methods This is a course in the concepts, methods and usage of

(open sets, compactness, connected sets, continuity), analysis (sequences, series, continuity and differentiability of functions in two-dimensional Euclidean space) and modern geometry (metric postulates for the Euclidean plane, postulates for the non-Euclidean plane). Emphasis is placed on the development and presentation of rigorous proofs of elementary results in these areas. *Prerequisites:* Graduate standing and consent of instructor. Students seeking an MS in Mathematics with prior credit for MATH 6352 or MATH 6353 with a grade of "B" or higher may not receive credit for this course as an approved elective.

MECE 6310 Intermediate Engineering Analysis

[3-0]

[3-0]

Topics include matrix operations, determinants, eigenvalues and eigenvectors, matrix decomposition, linear transformations, and orthogonality. Applications to linear programming, regression (least squares), and fast Fourier transform. Examples from mechanics, vibrations and robotics.

Intermediate Materials MECE 6320 [3-0] Engineering

Advanced topics in fracture mechanics and a thorough introduction to corrosion processes and prevention. Prerequisites: MECE 2440 and MECE 2321 or equivalents.

MECE 6321 Advanced Metallurgy [3-0]

Advanced topics in metals processing-property relationships. Physics of metal processing. Behavior of advanced alloys including Ni based, titanium, aluminum and refractory metal alloy systems. Prerequisites: MECE 2440, MANE 2430 and MECE 2321 or equivalents.

Ceramic Materials Engineering MECE 6322 [3-0] A survey of the fundamental properties of ceramic and glass materials which are utilized in electronic, electro-optic, thermal and mechanical systems. Includes an introduction to the manufacturing processes specific to ceramics with an emphasis on their interaction with the design process. Probabilistic design schemes for mechanical components are covered and students perform a detailed component or process design. Several laboratory demonstrations and assignments are included. Prerequisites: MECE 2440, MANE 2430 and MECE 2321 or equivalents.

MECE 6331 Intermediate Dynamics of Mechanical System

Intermediate dynamics, including Newton-Euler, Lagrange, and Hamilton's principles; gyroscopic effects in mechanical systems; analysis of stability of systems; numerical simulation. *Prerequisite:* Graduate standing.

Intermediate Mechanical Vibrations MECE 6332 [3-0] An examination of linear, multi-degree of freedom and continuous vibratory systems, both conservative and nonconservative. Free and forced vibration problems using generalized coordinates are also examined. Prerequisite: Graduate standing.

Continuum Mechanics MECE 6333

An introduction to the general theory of continuous media, including an examination of stress tensors, general constitutive laws, compatibility, equilibrium, conservation of mass and energy, with application to simple boundary value problems. Prerequisite: Graduate standing.

MECE 6351 Design, Analysis and Control of

Planar Robotic Linkage Systems [3-0] Fundamental design considerations are discussed with indepth coverage of kinematic and dynamic modeling and analysis techniques for planar robotic manipulators and devices. Analytic strategies for position, velocity, force and compliance control in both joint space and task space are covered. Prerequisite: Graduate standing.

Advanced Kinematics and MECE 6352 **Dynamics of Robotic Systems** [3-0]

Treatment in depth of the dynamics of robotic systems. Geometry; position analysis; dynamic modeling, analysis and control of conventional serial robots, in-parallel manipulators, dual arms and legged locomotion systems. Prerequisite: MECE 6351 or consent of instructor.

Advanced Design of MECE 6361 Machine Elements

[3-0]

Review of basic machine elements, properties, and stresses; fluid coupling and torque converters; thermal stresses, relaxation, and beneficial residual stressing; shells and rotors and plasticity. Prerequisite: Graduate standing.

MECE 6362 **Finite Element Analysis**

[3-0] An introduction to the theory of finite element methods, with

application to stress analysis, natural frequency extraction and heat transfer. I-DEAS computer-aided design and computeraided engineering software is introduced as a preprocessing tool. Strategies for meshing and applying boundary conditions are also examined. Existing codes are used for determining finite element solutions. *Prerequisite:* Graduate standing.

MECE 6363 Principles of Optimal Design [3-0] An introduction to nonlinear programming with application to mechanical design. Emphasis is placed on mathematical modeling of engineering problems, selection of appropriate objective function and design variables. Various nonlinear programming algorithms are examined. Students apply course methodology to term design projects from various disciplines. Prerequisite: Graduate standing.

Graduate Course Descriptions

Incompressible Flow [3-0] Fundamentals, Kinematic and dynamic equations for compressible viscous flow, incompressible flow criteria, viscous flow patterns and solution methods. Prerequisite: Graduate standing. **Conduction Heat Transfer** MECE 6381 [3-0] Analytical and numerical solutions of steady, periodic and transient problems in conduction; properties of conduction materials. Prerequisite: Graduate standing. MECE 6382 Convection Heat Transfer [3-0] Laminar and turbulent transport; compressible and property effects, numerical simulation of convective transport. Prerequisite: Graduate standing. MECE 6383 **Radiation Heat Transfer** [3-0] Thermal radiation, blackbody properties, surface properties radiant exchange, absorbing and emitting media, combined modes. Prerequisite: Graduate standing. MECE 6384 HVAC System Design [3-0] Heating, air-conditioning and refrigeration equipment; environmental control system analysis and design. Prerequisite: Graduate standing. MECE 6391 Advanced Thermodynamics [3-0] Development of macroscopic thermodynamics from basic physical relationship; introduction to the thermodynamics of mixtures. Prerequisite: Graduate standing. MECE 6398 Master's Report Preparation of a report to fulfill the requirement for the master's degree under the report option. The equivalent of three lecture hours a week for one semester. Offered on the letter-grade basis only. Prerequisites: Graduate standing in mechanical engineering and consent of the graduate advisor. MECE 7300 Master's Thesis Preparation of a thesis to fulfill the requirement for the master's degree under the thesis option. The equivalent of three lecture hours a week for one semester. Offered on a letter-grade basis only. Prerequisites: Graduate standing in mechanical engineering and consent of the graduate advisor.

Fundamentals of

Manaqement. Internation Systems. MGMT 6335/MBAO 6373

Global Strategic Management *(UT El Paso)* Participants will be able to perform environmental scanning through the understanding of the elements of corporate, competitive and operational environments. Participants will be exposed to different tools for evaluation of opportunities and threats and for identifying sources of strategy. Students will have "hands-on" experience through a computer simulation. This simulation will provide participants the experience of working in teams. Teams will make competitive decisions about a global organization.

MIS 6330 Management Information Systems [3-0] *fall*

The study of computer information systems used in business. The focus is on types of applications used at different levels of management; operation, tactical and strategic. Emphasis is placed on the use of microcomputer applications in making management decisions. *Prerequisite:* CIS 3390 or consent of instructor and CIS Department Chair.

MIS 6335 Seminar in Information Systems [3-0] as scheduled

An in-depth analysis of contemporary information systems topics with emphasis on the economic and technological impact of computer information systems on the business environment. Can be retaken for credit. *Prerequisite:* MIS 6330.

MIS 6336 Global Information Technologies [3-0] as scheduled

The purpose of this course is to investigate the role of information technology in multinational settings. This course will examine the international business environment and how information systems and technology can be effectively utilized in multinational organizations. *Prerequisite:* MIS 6330.

MECE 6371

MIS 6338 Distributed Information Systems [3-0] as scheduled

This course offers the opportunity to develop an understanding of distributed information technology and its impact on business organizations. The course investigates the design and re-engineering of the organization associated with new technologies used in distributed systems. *Prerequisite:* MIS 6330.

MIS 6381 Decision Support Systems [3-0] as scheduled

The study of information systems for managerial decision making. The emphasis is on decision support systems, a main component of MIS used for middle-level and top-level managerial decision-making. Topics include the study of human decision-making models and group decision support systems. *Prerequisite:* MIS 6330.

MIS 6391 Strategic Management Information Systems [3-0] as scheduled

This course focuses on the strategic use of information systems and technologies by organizations for competitive advantages. Topics include end-user and departmental computing, the telecommunications environment and the infusion of new technologies into an organization. *Prerequisite:* MIS 6330.

MMAT 6397 Special Topics in Middle School Mathematics [3-0]

as scheduled

This course covers special topics in middle school mathematics teaching. May be repeated when the topic is different. *Prerequisite:* Consent of instructor.

MRT 6310/MBAO 6315

Marketing Management (UT Permian Basin)

An overview of the theory and practice of marketing. Study of the impact of organization structures and process on the performance of organizational members. The practice of analytics and decision-making skills will be emphasized.

MS 6373/MBAO 6314

Quantitative Analysis in Business (UT San Antonio)

Introduction to managerial decision analysis using quantitative tools. Topics include a general framework for decision analysis, decision tables and trees, simulation, linear programming and related techniques, classical optimization, forecasting and probabilistic and statistical techniques. Uses applicable decision support software. Emphasis is on applications. No textbook is required. All course materials will be provided to the students.

MUS 6105 Graduate University Choir

Vocal music organization open by audition to all university students who qualify.

MUS 6106 Graduate University Band

Instrumental music organization open by audition to all university students who play appropriate instruments.

MUS 6107 Graduate Symphony Orchestra

Instrumental music organization open by audition to students who play appropriate instruments.

MUS 6120 Graduate Chamber Music

Small vocal and/or instrumental ensembles open by audition to students who play appropriate instruments.

MUS 6130 Graduate Applied Recital

Preparation and presentation of a full-length recital in the student's major area of performance. Literature and quality of performance must be indicative of graduate level study. Student must pass a qualifying recital hearing at least ten days prior to performance. Memorization requirement of 60 minutes applies. A requirement for graduation for students selecting the performance option. *Prerequisite:* At least 20 degree hours, including six hours of applied music.

MUS 6230 Graduate Applied Music

Private lessons in any area of performance for which graduate instruction is available for one hour lesson per week. Quantity and difficulty of literature is indicative of graduate study, requiring considerable practice. A maximum of eight hours may be applied towards a degree. *Prerequisite:* Acceptance by the instructor.

MUS 6240 Graduate Pedagogy of Applied Vocal/Instrumental Instruction

Supervised teaching of applied music in an applied lesson setting.

MUS 6331 Pedagogy of Music

Intense examination of issues and problems related to teaching, learning and performance. Subject matter varies with each topic. May be repeated when topics vary to satisfy degree requirements. There are three topics in elementary music, three topics in instrumental music, three topics in vocal/choral music, two topics in conducting, two topics in accompanying and two topics in the cultural and regional music literature and instruments of Mexico.

2005-2007 Graduate Catalog

Graduate Course Descriptions

MUS 6332 Seminar in Graduate Music Theory

Advanced study of musical forms, structures and instrumentation. May be repeated when topics vary to satisfy degree requirements. Topics include I. Analysis, II. Orchestration and Arranging, III. Twentieth Century Music, and IV. Advanced Aural Theory. *Prerequisite:* Graduate standing in music.

MUS 6333 Music History and Literature

Advanced study of the history and literature of music from antiquity to the present. May be repeated when topics vary to satisfy degree requirements. Topics include I. The History and Literature of Keyboard Music, II. Orchestral Music, III. Choral Music, and IV. Instrumental Music (non-orchestral).

MUS 6334 Research Methods in Music

Music bibliography and criticism. Survey of standard research tools in music. Development of research tools and techniques and methods of research design. Recommended to be taken near the beginning of graduate study. Required of all graduate students in music. *Prerequisite:* Graduate standing in music.

MUS 6335 Graduate History of Mexican Folk Music

Advanced study of the development of the cultural and regional and popular music of Mexico from early cultures to the present. The course will relate the development of musical forms to historical events in Mexico and will trace the interrelationship between attitudes of society and the music which resulted.

MUS 6336 Border Music of South Texas

A study of the cultural and regional and popular music of the South Texas region as it reflects the culture, traditions and social development of the Mexican-American community.

MUS 6337 Foundations of Ethnomusicology

This course is an introduction to the field of ethnomusicology through a study of the history of the practice since the early 20th century; to provide an overview of the historical and bibliographic resources; and to provide an understanding of the interdisciplinary relationship between ethnomusicology and other areas of musical processes and humanistic inquiry.

MUS 6338 Ethnographic and Analytical Methods

This course will investigate approaches of ethnomusicological method of documentation and analysis of field research in ethnomusicology, including investigation of research and collection methods, performance practice methods and the analysis and synthesis of this data. Ethnomusicological fieldwork is an important component of this course and skill in musical transcription is a requirement.

MUS 6339 Ethnomusicological Seminars in Music and Culture

Historicw and/or ethnographic studies focusing in depth

on a specific topic surrounding Western and Non-Western musical traditions, historical and stylistic periods and musical repertories. *Possible Topics: "The Politics of Music", "Music and Globalization", "Opera and Society."* May be repeated as topics vary to satisfy six hours of degree requirement.

MUS 6395 Independent Studies

Individual readings and/or research on a selected topic under the supervision of a faculty member with whom specific arrangements have been made. Prerequisite: Permission of instructor.

MUS 7300 Thesis

Preparation of original research under the guidance of the student's major professor and advisory committee. To be taken near the end of the student's degree program. A requirement for graduation for students selecting the thesis option. *Prerequisite:* At least 20 hours of degree credit.

MUS 7301 Thesis

Continuation of MUS 7300. *Prerequisite:* MUS 7300 and formal approval of the thesis topic proposal.

Nursing

NURS 6208 Nursing Informatics spring

[1-3]

[2-0]

This course provides the student the opportunity to use computer applications in nursing. *Prerequisites:* Graduate student status and consent of the instructor.

NURS 6209 Professional Nursing Issues spring

This course provides a forum for exploration and evaluation of concerns of contemporary nursing. The focus is the nursing profession and current major issues and problems concerning it. Social forces influencing changes in the nursing profession are analyzed in terms of historical antecedents and their current manifestations. National, state and regional political activity in nursing is also emphasized. *Prerequisite:* Graduate student status.

NURS 6247 Role Development for the Nurse Practitioner

[1-3]

summer

This course focuses on the five roles of the advanced practice nurse. Incorporated are concepts of peer review, legal parameters of quality practice, ethical practice, caring, business management and accountability. Theoretical concepts related to role theory, feminist theory and androgogy are included. *Prerequisite:* NURS 6310.

NURS 6301 Theoretical Foundations in Nursing [3-0] *summer*

This course provides an examination of the philosophical and theoretical bases underlying concepts and operations inherent to nursing. Theories from behavioral, natural, social and applied sciences are considered with the aim of synthesis in the development and application to nursing theory. *Prerequisite:* Graduate student status.

NURS6302Research in Nursing[3-0]spring

This course enables the student to develop a researchoriented approach to the improvement of the profession of nursing. The logic, methods and techniques of the research process are explored from problem formulation to analysis and interpretation. Quantitative and qualitative methodologies are addressed. The student is provided the opportunity to recognize a researchable problem in nursing and to develop a plan for its study. *Prerequisite:* Graduate student status, NURS 6303 (or concurrent enrollment).

NURS6303Statistics in Nursing[2-3]fall

This course focuses on the understanding of statistics as it relates to the research process. Both descriptive and inferential statistics are addressed with computer applications to selected research questions and hypotheses. *Prerequisite:* Credit for or concurrent enrollment in NURS 6208.

NURS 6304 Advanced Pathophysiology in Nursing

fall

This course explores changes in normal cellular and tissue functions and related physiologic processes of the major body systems caused by disease and aging. *Prerequisite:* Graduate student status.

NURS6305Advanced Health Assessment[2-3]fall and spring

This course presents the theoretical and clinical principles for advanced health assessment in specialty nursing practice. Emphasis is placed on physical, psychosocial and cultural assessment to develop a comprehensive health data base. Integration of theory is tested in the laboratory setting. *Prerequisites:* Graduate student status and consent of the instructor.

NURS 6306 Pharmacology for Advanced Nursing Practice [3-0]

spring

The focus of this course is the pharmacologic and pharmacokinetic principles used in the therapeutic management of common health care problems in clients across the life span. Development of scientifically based clinical pharmacologic management of selected health problems is emphasized. *Prerequisites:* Graduate student status and consent of the instructor.

NURS 6307 Health Care Policy, Organization and Financing [3-0]

summer

This course focuses on health care policy, organization and financing. The advanced practice nurse's role in the provision of quality cost-effective care, participation in design and implementation of health care in a variety of health care systems, and leadership in managing human, fiscal and physical health care resources is emphasized. *Prerequisite:* Graduate student status.

NURS 6310 Advanced Practice: Health Promotion [2-3]

This course focuses on the assessment and management of essentially healthy children and adults, including pregnant women, in a variety of health care settings. Conceptualization of health, health promotion and disease prevention related to age and cultural values is explored. The Mexican-American cultural dynamics receive special emphasis. Age appropriate primary and secondary prevention and risk reduction strategies and their research base are examined.

NURS 6311 Advance Rural He

Advanced Practice: Rural Health Nursing

[2-3]

spring

[3-0]

This course focuses on the role of the advanced practice nurse in coordination and delivery of primary health care in rural settings. Health care related problems specific to rural communities and the Mexican-American culture are explored through epidemiological methods. Health promotion interventions which are community centered, research based and culturally competent are identified. The effect of state and federal regulations on rural primary health care access and quality is analyzed. *Prerequisite:* NURS 6310 Advanced Practice: Health Promotion.

NURS6321Advanced Adult Health I[2-3]spring

This course focuses on health restoration, maintenance and promotion for adults in a variety of health care settings. Developmental dynamics through the adult life cycle are examined. The Mexican-American cultural dynamics receive special emphasis when examined through psychological, physiological, sociological, sexual and spiritual domains. *Prerequisite:* Credit for or concurrent enrollment in NURS 6305.

NURS6322Advanced Adult Health II[1-6]fall

This course focuses on the collaborative management and evaluation of episodic and restorative health care of adults with acute, major and chronic health deviations. Appropriate diagnostic methods, treatment modalities

2005-2007 Graduate Catalog

and referral criteria are utilized in the implementation of protocols for advanced nursing practice. Dynamics of the Mexican-American culture continue to be emphasized. Quality assurance through peer review is emphasized. Prerequisites: NURS 6321, NURS 6301 and NURS 6304.

NURS 6323 Advanced Adult Health III [1-6] spring

This course focuses on health restoration, maintenance and promotion of adults in special areas of interest. Dynamics of the Mexican-American culture continue to be emphasized. Students contract with faculty to develop learning opportunities focused on special areas of interest in men's health, women's health and/or care of the older adult. Seminars will focus on intervention and treatment of individual health conditions within these specific populations. *Prerequisites:* NURS 6322 and NURS 6306.

NURS 6341 Advanced Practice I [2-3] summer

This course is the first of a two-course sequence designed for the student preparing for the advanced practice role within the health care system. The various components of the role and an evaluation process will be discussed. The student will study advanced practice roles from an historical perspective as well as their impact upon advanced nursing practice. The potential impact of advanced practice nursing in the Rio Grande Valley will be emphasized.

NURS 6342 Advanced Practice II [1-6] fall

This course focuses on the impact that the clinical specialist has upon the health care delivery system. Students explore the use of standards of care, power and the change process. Strategies for negotiating advanced practice roles are identified. Students work with preceptors to implement and evaluate advanced practice in a clinical area.

NURS 6343 Educator I

summer

This course is the first of a two-course sequence designed for the student preparing for faculty positions in programs of basic technical and professional education, staff development, continuing education and patient/client education. Focus is on curriculum development, instructional design, principles of teaching/learning, education evaluation and application of educational research.

NURS 6344 Educator II [1-6] fall

This course emphasizes the implementation and evaluation of nursing curriculum and instruction. Students will contract with nursing educators for learning experiences that will provide mentoring in the educator role. *Prerequisite:* NURS 6343.

NURS 6612 Advanced Practice: Family Nurse Practitioner I

fall

This course focuses on assessment, diagnosis and management of common episodic and chronic conditions of children and adults. Included is the study of their epidemiology, pathophysiology, symptom complexes and research-based treatments as well as appropriate patient education resources and protocol development. Attention is given to the integration and application of advanced health assessment skills, developmental and family theories, and health promotion strategies in the diagnostic and management processes of the advanced nurse practitioner role. *Prerequisites:* NURS 6311 and NURS 6247.

NURS 6613 Advanced Practice: Family Nurse Practitioner II

[1-15]

[2-12]

[2-15]

[2-12]

spring

This course provides the opportunity for the graduate student to integrate previously acquired knowledge into practice and to develop clinical expertise as a nurse practitioner. Assessment and management of additional selected health problems frequently seen in primary health care will be explored. Students will increase their responsibility for management of health and illness conditions as competence is validated by preceptors and faculty. Prerequisite: NURS 6612.

NURS 6614 Advanced Practice: Pediatric Nurse Practitioner I

This course provides the foundation for assessment and intervention with well children and their families. Common health problems experienced from birth through adolescence are investigated. Concepts of growth and development and family theory are integrated. Developmental screening and anticipatory guidance are emphasized. Prerequisites: NURS 6311 and NURS 6247.

NURS 6615 Advanced Practice: Pediatric Nursing Practitioner II

This course focuses on clinical management of common acute and stable chronic illnesses experienced by children and adolescents. It includes both physical and behavioral problems. Theories related to chronic illness and coping are applied to the management of chronic illness. Prerequisite: NURS 6614.

NURS 7300 Thesis I (Proposal)

as scheduled

[2-3]

The thesis provides the student with an opportunity to identify a nursing research problem with a clinical or functional area of interest, to pursue its study and to contribute to the body of nursing knowledge. It provides experience in research design and implementation in a guided setting. Prerequisites: Credit for or concurrent enrollment in advanced practice clinical courses.

NURS 7301 Thesis II

as scheduled

This course continues the individual student contact with faculty to complete and defend the thesis. *Prerequisite:* NURS 7300.

NURS 7302 Practice Intervention Project as scheduled

This course is required for non-thesis students. It involves delineation of a problem/issue/project related to the student's clinical or functional area, review of pertinent literature and development of a proposed solution, along with implementation and evaluation. The student will give a written and oral presentation of the project to a selected audience. *Prerequisites:* Credit for or concurrent enrollment in NURS 6302.

Compational Therapy

OCCT 6301 Human Occupation I [3-0] A study of the relationship between human occupation and health through the life span. This course will emphasize occupation in the context of social participation as it relates to the health and culture of individuals. *Prerequisite:* Acceptance into the MSOT Program.

OCCT 6302 Foundations of Occupational Therapy [3-0]

An introduction to occupational therapy. It surveys the history, philosophy, theoretical concepts and clinical methods and techniques that support the practice of occupational therapy. This course emphasizes the origins, beliefs and values of occupational therapy across the continuum of time, sociopolitical factors and health systems. *Prerequisite:* Acceptance into the MSOT Program.

OCCT 6303 Research Methods in Occupational Therapy

Occupational Therapy [3-0] An introduction to basic concepts and terminology in scientific inquiry and their application in interpreting published research as it impacts on evidence-based practice. Students will locate examples of evidence that support the relationship between human occupation and health, including various methodologies using both quantitative and qualitative designs. *Prerequisite:* Acceptance into the MSOT Program.

OCCT 6304 Systems Impacting Occupational Performance [3-0]

The study of systems theories as they relate to occupation, health and culture. Using principles of systems theory, students will examine the roles and functions of occupational therapy, in the context of local and regional environments, some of which will be health related. The impact on home, work, and community systems will be explored. Components of the environment (psychological, social, physical, natural) will also be studied. *Prerequisite:* Acceptance into the MSOT Program.

OCCT 6305 Human Occupation II [3-0]

Examination and analysis of the contribution of the structure, function and development of biological and physical systems as support for occupational performance and their effects on human occupation and function. Emphasis is given to anatomical, physiological and neurological systems. *Prerequisites:* OCCT 6301 and OCCT 6302.

OCCT 6306 Human Occupation II Lab [0-3] Laboratory application of OCCT 6305 Human Occupation II.

OCCT 6307 Research and Policy in Health Care [3-0] Research methods employed in health-related studies, e.g. epidemiology, are introduced. Emphasis is given to systematic comparisons among various health policy models and fiscal systems, using both national and international resources. The grant-writing process for health-related research is explored. *Prerequisite:* OCCT 6303.

OCCT 6308 Practicum A

[0-3]

A field-based experience in which students analyze the role of occupational therapy in community settings under the supervision of faculty. Includes a seminar in ethics and standards of practice, as well as regularly scheduled meetings for individual and group supervision. *Prerequisites:* OCCT 6301, OCCT 6302 and OCCT 6304.

OCCT 6309 Health, Illness and Disability [3-0] An examination of health, illness and disability in relation to occupation, activities and social participation. Provides an overview of selected diseases and conditions, which affect occupational performance. Explores concepts of disability and health and includes current international classifications of health and disability and study of the Americans with Disabilities Act. *Prerequisites:* OCCT 6301 and OCCT 6304.

OCCT 6310 Theories of Occupational Therapy [3-0] Analysis of occupational therapy theories with regard to concepts of body structure/function, activities, social participation and environmental context. *Prerequisites:* OCCT 6301 and OCCT 6302.

OCCT 6311 Practicum B [0-3] A field-based experience in which students will relate knowledge gained in OCCT 6401, OCCT 6307 and OCCT

knowledge gained in OCCT 6401, OCCT 6307 and OCCT 6308 by examining the sensory, cognitive and psychological components of occupation in normal populations. Students will be able to observe, describe and analyze human performance across the lifespan within the context of everyday life. Includes regularly scheduled meetings for individual and group supervision. *Prerequisites:* OCCT 6401, OCCT 6307 and OCCT 6308.

2005-2007 Graduate Catalog

OCCT 6312 Systems Analysis

Using customary public health assessments, students will analyze elements of home, work and community environments with regard to occupation and health. Prerequisites: OCCT 6304 and OCCT 6308.

OCCT 6313 Special Topics in Occupational Therapy [3-0]

Students will develop a research question suitable for a scholarly project in collaboration with faculty scholars. Indepth reading on the topic will be required. *Prerequisites:* OCCT6303 and OCCT 6305.

OCCT 7401 Systems Intervention I [3-3]

Using a client-centered approach within a systems model, students develop intervention plans that include rationale for selection of appropriate theories, assessments and interventions. Prerequisites: OCCT 6304 and OCCT 6401.

OCCT 7301 **Occupational Therapy Skills** [3-0]

Provides students with laboratory experiences designed to integrate information from the theory and systems intervention courses. Explores intervention strategies and methods surrounding continuity of care across ages and environments. Includes motor learning, low and high technology interventions, documentation and skills training focusing on self-care, work and leisure as occupations. Prerequisites: OCCT 6304, OCCT 6401 and OCCT 6308.

OCCT 7302 **Resource Seminar**

[3-0]

Content experts will discuss and stimulate interactive processing of major topic areas and core concepts of OT practice. Models of assessment and intervention are explored and applied to specific cases. Students have opportunities to consider issues associated with the management of a variety of disabilities, with an emphasis on human occupation and environmental context, treatment rationale, continuity of care, documentation and policy issues. *Prerequisites:* OCCT 6306 and OCCT 6309.

OCCT 7402 Systems Intervention II [3-3] Using a community-based approach within a social system, students will design intervention plans that include rationale for selection of appropriate theories, assessment and interventions as well as methods for delivery of services. Prerequisite: OCCT 7401.

OCCT 7303 Advanced Applied Research [3-0] Completion of scholarly project. Prerequisites: OCCT 6303, OCCT 6305 and OCCT6311.

OCCT 7304 Practicum C [0-3] A field-based experience in which the student explores roles as change-agent and develops a plan which would promote the social justice of a system with regard to occupation. Prerequisites: OCCT 6310 and OCCT 7402.

OCCT 7601 Field Studies in

Occupational Therapy I

[0-6]

The equivalent of 12 weeks full-time advanced field experience. Prerequisite: Successful completion of all academic coursework.

Field Studies in OCCT 7602 Occupational Therapy II

[0-6]

[3-3]

[3-3]

The equivalent of 12 weeks full-time advanced field experience. Prerequisite: Successful completion of all academic coursework.

PHYS 5404 Physics by Inquiry I as scheduled

This course is a set of laboratory-based modules that are designed to offer prospective and practicing teachers (K-12) the opportunity to acquire skills in teaching science through a process of "learning by discovery." The models are also suitable for liberal arts students and for under-prepared students who are interested in science-related careers. The course emphasizes the process of science rather than the presentation and explanation of facts. This course will deal with mechanics, thermodynamics and wave motion.

Physics by Inquiry II PHYS 5405 as scheduled

This course is a set of laboratory-based modules that are specifically designed to prepare prospective and practicing teachers (K-12) to teach science as a process of "learning by discovery." The modules are also suitable for liberal arts students and for underprepared students who are interested in science-related careers. PHYSICS BY INQUIRY II emphasizes the process of science rather than the presentation and explanation of facts. This course will deal with electricity, magnetism and modern physics.

Palitical Science

POLS American Judicial Process 5367 as scheduled

[3-0]

Advanced study of the structure, functions and procedures of the national, state and local judicial systems, the interrelationship between the American judiciary and other components of the political system; the impact of judicial decision-making on public policy.

POLS 5386 Politics of South America as scheduled

[3-0]

A survey of governmental structures and politics in South America. Examines the political processes and their relationship to existing social and economic structures of South America.

PSY 6305 Advanced Studies in Psychopathology [3-0] spring

A study of the classification, etiology and treatment of abnormal behaviors. Supporting outside readings will be emphasized. *Prerequisites:* Graduate standing and six hours of psychology and/or consent of instructor.

PSY 6311 Advanced Studies in Personality Theory [3-0]

fall

A study of the development, structure and assessment of personality, with consideration of the major theoretical attempts to account for the psychological nature and behavior of man. Supporting outside readings will be emphasized. *Prerequisites:* Graduate standing and six hours of psychology and/or consent of instructor.

PSY 6315 Advanced Behavior Management [3-0] as scheduled

Principles and techniques of modifying behaviors across therapeutic and natural settings. Following a review of social learning theory and techniques, practical aspects of behavior management skills and cognitive behavioral procedures will be emphasized. *Prerequisite:* PSY 6325.

PSY 6320 Current Perspectives in Physiological Psychology [3-0]

fall

In-depth study of the relationship between biological events and behavior. Emphasis is placed on the physiological substrates of learning, memory, emotion and motivation. *Prerequisites:* Graduate standing and six hours of psychology and/or consent of instructor.

PSY 6325 Theoretical Issues in Learning [3-0] fall

A survey of theoretical perspectives in learning and memory. Historical as well as contemporary issues will be emphasized. *Prerequisites:* Graduate standing and six hours of psychology and/or consent of instructor.

PSY 6330 Developmental Psychology [3-0] as scheduled

The study of growth and development processes throughout the life cycle. Physical, social and psychological factors involved in life change are addressed. An overview, as well as selected current special topics within lifespan human development are addressed. *Prerequisites:* Graduate standing and six hours of psychology and/or consent of instructor.

PSY 6332 Research Design [3-0]

Experimental research, methods and design in psychology.

PSY 6336 Advanced Psychological Measurement [3-0]

spring

Reviews current theoretical and technical aspects of test construction focusing on standardized tests used in industry and health care settings. Instruction and practice in standardized test administration and scoring, with emphasis on the Wechsler and achievement tests. *Prerequisite:* Admission to a graduate program in psychology.

PSY6340Multicultural Mental Health[3-0]fall (when offered)

The course emphasizes the major areas of current research on cross-cultural psychology; these include the study of personality across cultures, Western and non-Western definitions of abnormal behavior and international research on attitudes and values.

PSY 6348 Biofeedback and Self-Regulation [3-0] as scheduled

An examination of the current research, theory and applications of autonomic self-regulation and its implications for behavior medicine.

PSY6350Memory and Cognition[3-0]as scheduled

The experimental study of memory and of intellectual processes, including pattern recognition, speech perception, attention, concept formation, thinking and problem-solving.

PSY 6351 Judgment and Decision-Making [3-0] as scheduled

A study of the cognitive processes involved in judgment and decision-making. Emphasis on both the theoretical and pragmatic aspects of the subject. Topics include normative rules versus heuristics, rationality/irrationality, controversy, biases and fallacies, function and adaptive nature of judgment, decision-making, reasoning and problem-solving in everyday life. Has wide applications in social sciences, health sciences, economics, business administration and marketing.

Graduate Course Descriptions

[3-0]

PSY 6352 Personality Assessment spring

Development of personality testing. Study and administration of objective and projective personality assessment techniques. *Prerequisites:* PSY 6336, PSY 6311, PSY 6305 and admission to a graduate program with a major in Psychology.

PSY 6354 Individual Psychotherapy [3-0] fall

Instruction and practice in techniques of individual psychotherapy. Case presentation and report writing. *Prerequisites:* PSY 6305 and PSY 6311.

PSY 6355 Psychology and Mythology [3-0] as scheduled

This course will study the impact and interrelationships of psychological thought and mythological theory. The impact of the theories of Freud, Adler, Jung, Levi-Strauss and others on mythology will be studied. *Previous Course Number:* PSY 5355; a student may receive credit in only one course. *Equivalent Course:* May be counted as ANTH 6355; a student may receive credit in only one course. *Prerequisites:* six hours of psychology and consent of instructor.

PSY 6356 Group Psychotherapy [3-0] as scheduled

Instruction and practice in techniques of group psychotherapy. *Prerequisites:* PSY 6305 and PSY 6311.

PSY 6358 Substance Abuse Treatment [3-0] as scheduled

The spectrum of approaches to treatment of substance abuse disorders will be reviewed, including dual diagnosis disorders. Emphasis will be placed on individual and group psychotherapy for these disorders. Common drugs of abuse, including effects, side-effects and health complications will be presented. *Prerequisite:* Admission to a graduate program in a health service field.

PSY 6360 Clinical Neuropsychology [3-0] as scheduled

A study of theories and research on the functional organization of the brain and the impact of various neuropathological processes on cognitive functioning. Behavioral approaches to neuropsychological rehabilitation are presented, along with instruction and practice in standardized approaches to neuropsychological evaluation. *Prerequisites:* PSY 6320, PSY 6336 and admission to a graduate program with a major in Psychology.

PSY6362Psychopharmacology[3-0]as scheduled

The course is an introductory course in psychopharmacology for mental health providers working with mentally ill clients. The focus of the course is to expose participants to basic principles of pharmacology, common medications used in the treatment of mental illness and the most common side effects of these agents. Critical thinking skills for determining the need for referral for medication management, identification of side effects of medications and ethical issues in the use of medication will be discussed. *Prerequisite:* PSY 6305 Advanced Topics in Psychopathology or comparable course.

PSY 6363 Contemporary Professional Issues and Ethics in Psychology

summer

Current ethical issues in the practice of psychology and related legal principles.

PSY 6364 Clinical Practicum I as scheduled

Application of psychological tests and psychotherapeutic procedures. *Prerequisites:* Completion of core curriculum and designated electives for Clinical Psychology.

PSY 6366 Clinical Practicum II

as scheduled

Application for psychological tests and psychotherapeutic procedures. *Prerequisite:* Completion or concurrent enrollment in PSY 6364.

PSY 6368 Internship

as scheduled

Application of psychological tests and psychotherapeutic procedures in a clinical setting. *Prerequisites:* PSY 6364 and PSY 6366.

PSY6374Special Topics in Psychology[3-0]as scheduled

Selected topics in psychology. May be repeated for credit when topic varies.

PSY 6376 Directed Studies as scheduled

Individual readings and/or research on a selected topic under the supervision of a faculty member with whom specific arrangements have been made. May be repeated for a maximum of six hours credit. *Prerequisite:* Permission of instructor.

PSY 7370 Thesis I

Design and complete a proposal for original research, approved by the thesis advisor and thesis committee. A grade of "credit" is assigned only after formal approval of the thesis. If a grade of "non-credit" is awarded, re-enrollment in the course is required. *Prerequisite:* Permission of instructor.

PSY Thesis II 7372

Conduct and complete original research proposed in Thesis I, approved by the thesis advisor and thesis committee. A grade of "credit" is assigned only after formal approval of the thesis. If a grade of "no credit" is awarded, re-enrollment in the course is required. *Prerequisite:* Permission of instructor.

Public Administration

PUBA 6301 The Public Administration Profession as scheduled

A survey of the theories and practices that form the foundation of public administration in the United States. Prerequisite for beginning graduate students who have no academic background in public administration or who have no practical experience in public service. Will not count for credit toward the 39 hours for the Master of Public Administration (MPA) degree.

PUBA 6302 Graduate Seminar in Public Administration [3-0]

as scheduled

An introduction to the concepts, theories, literature, research and analytical methods of public administration. Required of all MPA graduate students. Prerequisite: POLS 6301 or instructor's permission.

NASPAA Area A: Political-Social-Economic Environment

PUBA 6304 Intergovernmental Relations [3-0] as scheduled

Analysis of political, administrative and fiscal relationships among governments in the American political system. The constitutional and theoretical basis for federalism; nationalstate-local government relations and regional arrangements.

PUBA	6305	Problems in State and	
		Local Government	[3-0]
ac cobo	dulad		

as scheduled

An analysis of the basic problems of American state and local government, with an emphasis on administrative problems and issues in state, county and local governments.

NASPAA Area B: Public Policy Analysis

PUBA 6311 The Formulation of Public Policy [3-0] as scheduled

An analysis of the impact of public policy on the political environment. Several policies will be studied and analyzed regarding their formulation and implementation.

PUBA 6312 Policy Implementation

and Program Evaluation

as scheduled

An advanced course with the application of quantitative methods to the evaluation of public policies and programs regarding their implementation.

NASPAA Area C: Managerial Processes

PUBA 6320 **Public Finance Administration** [3-0] as scheduled

Analysis of the formation, management and administration of fiscal policies at all levels of government in the United States. The budgeting process and the practice of resource allocation will be studied.

PUBA 6321 Public Personnel Administration [3-0] as scheduled

Analysis of the major personnel management problems and issues in government. The recruitment, selection, development, advancement and evaluation of personnel will be examined. Employee-employer relations, affirmative action, collective bargaining and interpersonal and ethical relationships will be studied.

NASPAA Area D: Analytical Tools

PUBA 6330 Scope and Methods in Public Administration

[3-0]

[3-0]

as scheduled

Analytical methods, research techniques and models of inquiry in the study of public administration.

NASPAA Area E: Individual-Group-Organizational Behavior

PUBA 6341 Political Leadership: **Decision-Making and Management** in Public Organizations [3-0]

as scheduled

The study of political leadership, its various styles and types. Emphasis on the skills, characteristics and situations that contribute to the development of political leadership and decision-making.

Bureaucracy and PUBA 6342 Organizational Theory

as scheduled

The study of the various theories of organization and organizational behavior. An analysis of the theories and practices of governmental organization and functions.

[3-0]

• Required for Graduation

PUBA 6325 The Internship

as scheduled

The practical public management experience through an arranged internship in a government or non-profit agency for one semester. Periodic seminars and supervisor-intern consultations will be held, with a final administrative report required. *Prerequisite:* Consent of director.

PUBA 7300

7301 Thesis

The thesis requires the student to carry out an individual research project under the direction and supervision of a graduate faculty member. The thesis will be defended publicly after it has been tentatively approved by the supervising instructor and two additional readers.

PUBA 7302

7303 Applied Research Grant Project

A problem-oriented and applied research grant project to fulfill the non-thesis option in the Master of Public Administration degree. The thesis or applied research grant project requires that the student work under the direction and supervision of a graduate faculty member. The student will prepare a prospectus to include a statement of the problem, research design, specification of data, questions to be answered and a representative bibliography, and submit it to the supervising instructor prior to registration. The thesis or the applied research grant project will be defended publicly after it has been tentatively approved by the supervising instructor and two additional readers.

Quantitatine Methods

QUMT 6303 Statistical Foundations as scheduled

[3-0]

An introduction to statistical methodology to include probability concepts, inference techniques, analysis of variance, regression analysis, chi square and other nonparametric analyses. This course focuses on the use of the computer in performing statistical analysis. *Prerequisite:* Admission to the MBA Program.

QUMT 6310Business Research Foundations[3-0]fall

Business research techniques and methodologies. Topics include scientific method, business information sources, research proposal development and evaluation, research design, scaling and instrument design, sampling design, statistical packages and applications, research reporting and writing and ethical considerations in business research. *Prerequisite:* Admission to the MBA Program.

Reading

READ5313**Reading Tests**spring

A major function of this course is to help graduate students develop competencies in the selection, administration, scoring and interpretation of standardized tests, with particular emphasis upon their application to reading instruction. Special emphasis will also be given to the development and use of informal evaluative instruments to meet particular reading needs of students.

READ 5351 Teaching Reading to the Secondary Student [3-0]

spring, summer

The relation of reading ability to academic achievement, procedures for teaching reading skills needed in content area reading and reading difficulties encountered by secondary students are included in this course. The student will use diagnostic tools and techniques to determine reading needs of secondary students and will develop reading-learning activities to meet those needs.

READ 6308 Foundations of Reading Instruction

[3-0]

[3-0]

as scheduled

This course places major emphasis on the nature of the reading process and the essential components of a systematic, sequential program for developmental reading instruction. Various approaches for teaching reading will be scrutinized and analyzed.

READ 6309 Foundations of

Reading Instruction II

[3-0]

as scheduled

This course is concerned primarily with innovations and current issues in reading instruction. Trainees will select topics of particular interest and concern for intensive study. Experiences of the trainee may include action research, working with classroom teachers and other adults in the school community to enhance the reading program. May be repeated once, when emphasis is on study in resource areas or professional areas related to the field of reading.

READ 6310Child and Adolescent Literature[3-0]as scheduled

This course is designed to help the trainee gain competence in selecting and recommending literature for children and adolescents and providing leadership and guidance to help students develop maturity in reading. Trainees will be provided with experiences that will enable them to locate and select appropriate literature for students and to apply

appropriate strategies for stimulating voluntary participation and continuous growth in independent reading.

READ 6313 Linguistics for Reading Teachers *fall*

This course examines how aspects of linguistics relate to teaching students reading, spelling, phonics and grammar. Areas of linguistics covered include phonology, morphology and syntax. the course also considers how linguistic theory has informed ESI theory and methodology.

READ 6323 Problems in the Teaching of Reading [3-0]

as scheduled

This course is concerned with analyzing and prescribing materials and techniques for reading instruction to meet common reading problems, integrating reading instruction with other facets of communication, relating reading instruction to sociocultural and linguistic characteristics of the learner. Recreational reading, grouping, content area reading and other problems are among those considered. *Prerequisite:* ED 6308.

READ 6325 Practicum in Reading Instruction *as scheduled*

Supervised experience in working with individual children who have reading difficulties. *Prerequisite:* ED 6329.

READ6329Diagnostic Teaching of Reading[3-0]as scheduled

This course is designed to help the student gain competency in diagnosing reading behavior and in prescribing appropriate reading instruction. The student has the opportunity to develop or select, administer and interpret appropriate diagnostic materials and techniques. He/she also will be able to make appropriate recommendations for reading instruction on the basis of such diagnosis. *Prerequisite:* ED 6323.

REHS 6300 Introduct

Introduction to Rehabilitation Foundations

[3-0]

as scheduled An introduction to the broad field of human rehabilitation. Study includes historical, legislative and organizational bases; rehabilitation process; personnel standards and types of rehabilitation facilities.

REHS 6310 Case Management in Rehabilitation [3-0] *spring*

Procedures and processes in individualized case planning, recording, management and reporting systems used by rehabilitation professionals in providing and coordinating available services to persons with disabilities. Emphasis is upon the rehabilitation process, the professional/client relationship and interviewing techniques. Focus is upon case management in public, private and medical rehabilitation settings.

REHS6315Research in Rehabilitation[3-0]fall

An exploration of qualitative and quantitative research methods and experimental designs with specific application to research in rehabilitation. Students will also demonstrate skills in the application and interpretation of statistical procedures utilizing a statistical software package.

REHS6320Psychosocial Aspects of Disability[3-0]fall

The course examines the psychological and social aspects of individual and family adjustment to disability and chronic illness. Included are findings in research on the adjustment process and on the relationship of psychological and social variables to the acquisition and maintenance of health.

REHS 6325 Group Counseling in Rehabilitation [3-0] spring

Group counseling with people with disabilities will address the approaches in group counseling with the different disability groups. The role of the counselor in group counseling will be emphasized. The course will include instruction and practice in the application of group procedures and processes as they apply to people with disabilities. *Prerequisite:* REHS 6360.

REHS 6330 Assessment and Vocational Evaluation

[3-0]

spring

Introduction to vocational assessment with focus on measurement concepts, procedures and practices used in conducting a systematic appraisal of individuals with handicapping conditions resulting from age, disease and trauma.

REHS6345Medical Aspects of Disability[3-0]fall

Advanced studies in medical conditions most frequently encountered by rehabilitation professionals. A detailed study of the medical resources employed by professionals assisting people with disabilities will occur. Students will learn about the diagnosis, prognosis and vocational implications of various disabilities.

2005-2007 Graduate Catalog

REHS 6350 Job Placement Theories and Methods [3-0]

fall

Provides an overview of job placement based on a systems perspective. Students will have an opportunity to explore various job placement philosophies, programs and techniques as well as to gain hands-on experience in job analysis, labor market analysis and career exploration.

REHS 6360 Counseling Theories in Rehabilitation Counseling [3-0]

fall

Study of major counseling theories and techniques with focus on principles and competencies in rehabilitation counseling, including special applications and modifications that may be required in counseling persons with mental, physical or emotional disabilities.

REHS 6370 Techniques in Rehabilitation Counseling [3-0] as scheduled

Study of current techniques utilized in rehabilitation counseling and rehabilitation client services. Structured learning experiences for development of competencies in utilization of the techniques with rehabilitation clients. *Prerequisite:* REHS 6360.

REHS 6375 Psychiatric Rehabilitation [3-0] The purpose of this course is to introduce the basic concepts of abnormal psychology and to facilitate understanding of the principles of psychiatric rehabilitation as it relates to working with individuals with mental disorders and other disabilities. The course is also designed to teach students specific concepts, skills and competencies required to differentiate between normal human growth and development and abnormal human behavior and symptoms using the DSM-IV-TR.

REHS 6380 Special Topics in Rehabilitation [3-0] Selected topics in rehabilitation. May be repeated for a maximum of six credit hours when the topic varies.

REHS 6390 Practicum

[3-0]

as scheduled A minimum of 100 clock hours of supervised experiences in a clinically-based rehabilitation counseling setting under the supervision of qualified rehabilitation faculty. Includes a one-hour-per-week seminar in ethics and standards of practice in rehabilitation, as well as regularly scheduled weekly meetings for individual and group supervision. *Prerequisites:* REHS 6300, REHS 6360, REHS 6370, or program permission.

REHS 7100 Independent Study

Individualized study and investigation of a rehabilitation

topic under the direct supervision of a faculty member. A minimum of 25 clock hours per credit hour is required. May be repeated a total of two times. *Prerequisite:* Consent of instructor.

REHS 7300,

7301 Thesis

The thesis requires the student to carry out an individual research project under the direction and supervision of a graduate faculty member. The thesis will be presented and defended through a formal review process that includes a committee comprised of the academic advisor and two graduate faculty.

REHS 7302,

7303 Research Grant Project

A problem-oriented and applied research grant project. The applied research grant project requires the student to work under the direction and supervision of a graduate faculty member. The student will prepare a prospectus to include a statement of the problem, research design, specification of data, questions to be answered, and a representative bibliography, and submit it to the supervising instructor. The applied research grant project will be presented and defended through a formal review process that includes a committee comprised of the academic advisor and two graduate faculty.

REHS 7600 Internship in Rehabilitation *as scheduled*

[6-0]

A 600-hour applied experience in the student's area of specialization in a rehabilitation agency or facility external to the University. Includes a one hour-per-week seminar and group supervision meeting. *Prerequisites:* Completion of all required coursework and practicum or program approval.

SCIE 6301 Integrated Science Concepts as scheduled

[3-0]

Students in this course will investigate many of the basic concepts in biology, chemistry and physics that undergird the natural sciences. As a result of understanding these concepts, students will be able to apply an integrated, interdisciplinary approach to solve science problems and communicate scientific ideas. May be repeated for credit if the topic is different.

SCIE 6302 Science and Technology in Society [3-0] as scheduled

This course will assess scientific and technological

developments and their consequences and the ethics and public policy decisions that face humankind. May be repeated for credit if the topic is different.

SCIE 6303 **Recent Developments** in Applied Science [3-0]

as scheduled

This course addresses recent developments in the natural sciences. Specific topics will vary based on the needs of students. Course may be repeated for credit if the topic is different.

SOCI **Graduate Statistics** 6300 as scheduled

[3-0]

Advanced statistical methods with emphasis on higher levels of ANOVA, multiple correlation and regression, factor and path analysis. The course involves the utilization of social science computer programs in the analysis of large-scale survey data. Prerequisite: Three hours of undergraduate statistics or consent of instructor.

[3-0] SOCI 6301 Graduate Social Theory as scheduled

Examination of selected classical and contemporary sociological theories. Prerequisite: Three hours of undergraduate sociological theory or consent of instructor.

Graduate Quantitative SOCI 6302 **Research Methods** [3-0]

as scheduled

This course will focus on the problems and issues of survey research. Topics such as the formulation of research design, instrumentation, descriptive and exploratory research, crosssectional and longitudinal methods, sampling inductive and deductive logic, unit of analysis and indexes and scales will be explored. Prerequisites: Sociology 6300 and 6301 or equivalent.

SOCI	6303	Graduate Qualitative	
		Research Methods	[3-0]

as scheduled

This graduate seminar focuses upon qualitative methods used to collect and analyze social data. The ethics of conducting this kind of research will be examined in-depth. The methods studied will include participant observation, in-depth interviews, historical analysis, focus groups and other recently introduced techniques such as sequential interviewing, deconstruction, discourse and conversation analysis and institutional talk. Prerequisites: Sociology 6300 and 6301.

SOCI 6304 Graduate Research Analysis [3-0] as scheduled

This course is designed to help students incorporate materials from key courses and seminars from the Sociology Master's Program into a research analysis project. This course provides mentoring and technical assistance to include how to select a research topic, formulate a problem statement and orient it to at least one sub-field of sociology, review the background literature, choose a research method, describe the data analytic procedures, discuss results and complete a research analysis paper. *Prerequisites:* Sociology 6300, 6301, 6302 and 6303.

SOCI 6310 Social Change [3-0] as scheduled

This seminar provides graduate students the opportunity to acquire a background in the dynamic and growing subdiscipline of social change. In addition, this topic allows students to pursue a variety of individual interests within the broader context of studying social change. Also, the study of social change allows students to make a direct connection between theory and methods.

SOCI Graduate Social Topics 6315 [3-0] as scheduled

Graduate seminar is devoted to investigative analysis and discussion of significant topics in contemporary sociology. Topics include organization, stratification, deviance, demography, social psychology, family, education and urbanization. May be repeated for a maximum of nine hours credit as topics vary.

SOCI 6320 Survey of Graduate Sociology [3-0] as scheduled

Graduate seminar devoted to investigation, analysis and discussion of significant aspects of contemporary sociology and sociological theory. Intended as an overview of graduate-level sociology.

SOCI 6325 Advanced Sociology of Sports as scheduled

Diverse sociological approaches will be applied to sporting issues. The course will also have a historical component by looking at the development of Olympic sports. We will use biographies of athletes to study social change, change in the level of technology and to see how this change impacted various aspects of sports. Some latest research evidence from scientific and scholarly journals will be presented to look at the trends in contemporary social issues in sports. The issues of drugs, sexism and racism in sports will also be explored.

SOCI Health Research and Policy 6340 [3-0] as scheduled

Health policy is examined from a cross-cultural perspective. Emphasis is given to systematic comparisons among various

[3-0]

2005-2007 Graduate Catalog

Graduate Course Descriptions

health policy models in different countries, e.g., fee for service, socialized medicine, etc. Research methods employed in healthrelated studies, e.g., epidemiology, are introduced. Grant writing skills for health-related research are emphasized.

SOCI Health or Aging Topics 6341 [3-0] as scheduled

Advanced issues in health and/or aging with special emphasis on epidemiology, methods, demography and theory. Emphasis is also given to ethnicity and health delivery systems. May be repeated for a maximum of nine hours credit as topics vary.

SOCI 6343 Social Work

as scheduled

This graduate seminar focuses on the nature and importance of work to the individual, family, community and larger society. The ways in which work have been historically defined are examined within the context of pre-capitalist, and postcapitalist economies. Finally, emphasis is placed upon how social and political policies broadly limit or expand definitions of work, including factors influenced by gender, race and class.

SOCI Sociology of Poverty 6345 [3-0] as scheduled

This graduate seminar focuses on the major structural causes of poverty and their social policy solutions. Correlates of poverty, including health, housing, educational attainment, transportation and political participation are also closely analyzed. While the focus of this seminar is the U.S.-Mexico borderlands, with special emphasis on the impact of immigration and maquiladoras, patterns and trends in global poverty are also examined.

SOCI 6350 Advanced Sociology of Education [3-0] as scheduled

An analysis of the relationship of the educational institution to society and the patterns of order, change and conflict that emerge. Current issues, such as bureaucratization of schools and problems of minorities in the schools, are examined with regard to related sociological principles and theory. An applied project and report will be required. Prerequisite: Nine hours of sociology or consent of instructor.

SOCI 6354 The Family and Society [3-0] as scheduled

This course will examine the institution of the family from a cross-cultural perspective, concentrating on problems like gender inequality, poverty and discrimination. The focus of the course is to obtain a better understanding of the family in the context of a changing society, especially in the border region.

SOCI 6358 Economic Sociology [3-0] as scheduled

This course provides an overview of sociological approaches

to economic phenomena. Particular emphasis is given to the development and growth of the informal economy sector, not only within the United States, but globally. The timely topics of ethnic and immigrant incorporation into the labor market and ethnic entrepreneurial ventures are investigated from a framework that considers the influence of labor market networks, social resources, cultural capital and human capital.

SOCI 6361 Race and Ethnic Relations [3-0] as scheduled

Analysis of minority groups, including power relations. An analysis of patterns of majority-minority relations in the United States and around the world and relevant theoretical explanations.

SOCI 6362 **Mexican-American Society** [3-0] as scheduled

An analysis of history, culture, and structural relations of Mexican-Americans in U.S. society.

SOCI 6363 Borderlands and **Inter-American Topics** [3-0]

as scheduled

An in-depth examination of theoretical and research issues related to the U.S.-Mexico Borderlands and to relationships among the other American republics. Topics will include demographics, culture, structure development and historical issues of the borderlands and the American republics. May be repeated for a maximum of nine hours credit as topics vary.

[3-0]

SOCI 6365 **Program Evaluation** as scheduled

Designed for current and future professionals in decisionmaking positions, the course examines research methods used for assessing organizations, e.g. educational, health, governmental, law enforcement, assessments of client needs, evaluating operations and ascertaining to what extent organizations are achieving their goals. Students will be required to design a multi-method evaluation of an organization of their choice, e.g. perhaps the organization where students work, but approved by the instructor. Prerequisite: a graduate-level research methods course.

Thesis I SOCI 7300

No credit assigned until thesis has been completed and filed.

SOCI 7301 Thesis II

No credit assigned until thesis has been filed.

Sacial Marile

SOCW 6300 Human Behavior and the Social Environment I

as scheduled

This course is the first in a sequence of two that provides understanding of human behavior and social environment from an ecosystemic and value-based perspective, and as applicable in social work practice. Content includes theories and knowledge of human, bio-psycho-social development, and that of the range of social systems (families, groups, organizations, institutions and communities) in which individuals live. The focus is on understanding human behavior and social environment of persons from infancy, through adolescence to young adulthood. *Prerequisites:* Graduate standing with admission to the MSSW Program.

SOCW 6301 Human Behavior and the Social Environment II [3-0]

as scheduled

This course is the first in a sequence of two that provides understanding of human behavior and social environment from an ecosystemic and value-based perspective, and as applicable in social work practice. Content includes theories and knowledge of human, bio-psycho-social development, and that of the range of social systems (families, groups, organizations, institutions and communities) in which individuals live. The focus is on understanding human behavior and social environment of persons from young adulthood to old age and death. *Prerequisites:* Graduate standing with admission to the MSSW Program and SOCW 6300.

SOCW 6302Social Welfare Policy[3-0]as scheduled

Examination of the dimensions of social welfare policy, including conceptual frameworks for understanding policy formulation and the analysis of social policies. Special emphasis on policy issues that affect service delivery to families.

SOCW 6303Professional Values and Ethics[3-0]as scheduled

Examination of the values of professional conduct in the practice of social work and the profession's Code of Ethics. Emphasis on ethical principles that guide practice. Examination of ethical dilemmas and the nature of professional and personal integrity in applying ethical principles.

SOCW 6304 Professional Empowerment [3-0] as scheduled

Theories and concepts of enhanced social participation and empowerment of individuals, families, groups, institutions and communities in the promotion of structural change. Examination of frameworks to enhance equality, dignity and social justice. Models of individual, family and group determination, resilience and mastery.

SOCW 6311Social Work as a Profession[3-0]as scheduled

This course traces the philosophy and historical development of social work and presents a general overview of the social work profession. The basic knowledge, values, ethics, necessary for generalist social work practice, along with the many and varied roles and competencies in which social workers function across different fields of practice, will be presented. Students are introduced to social work's commitment to understand and appreciate human diversity; to understand and combat the dynamics and consequences of social and economic injustice; to achieve individual and collective social and economic justice for populations-atrisk. *Prerequisites:* Graduate standing with admission to the MSSW Program and/or permission of the instructor.

SOCW 6321 Generalist Social Work Practice I [3-0] as scheduled

The course is an introductory course in generic direct practice methods and skills of social work intervention with individuals. Attention is given to the historic development of social work practice, the nature and application of social work values and ethical principles in practice, the theoretical frameworks of helping methods and the helping process of assessment, planning, intervention, termination and evaluation. Emphasis is on a generalist and ecosystems approach. Prerequisites: Graduate standing with admission to the MSSW Program and/or permission of the instructor.

SOCW 6322 Generalist Social Work Practice II [3-0] as scheduled

The course is designed to provide a framework for systematic study of components and issues involved in the generalist practice of social work with groups in generic practice settings. This course prepares the student to become familiar with the processes involved in group formation as well as ongoing processes of assessment, intervention and evaluation. *Prerequisites:* Graduate standing with admission to the MSSW Program and SOCW 6321.

SOCW 6323 Generalist Social Work Practice III [3-0] as scheduled

This course is designed to help students understand communities and the knowledge bases of social work generalist practice for interventions at this level. It provides an opportunity to explore selected macro models of practice and learn about human service organizations, which often serve as an immediate context for community practice. *Prerequisites:* Graduate standing with admission to the MSSW Program and SOCW 6321.

2005-2007 Graduate Catalog

[6-0]

SOCW 6330 Advanced Family Practice I as scheduled

Emphasis on theories, concepts and skills of social work intervention with families. Special attention is given to comparative theories of intervention, with an emphasis on developing practice knowledge and skills in the assessment of family situations, goal setting, contracting, models of intervention and outcome assessment. *Prerequisite:* Completion of foundation curriculum or admission into advanced standing program.

SOCW 6331Advanced Family Practice II[3-0]as scheduled

Theories, concepts and skills of family intervention. Special emphasis on the assessment, intervention and evaluation of the impact of culture and environment on family functioning. Development of an understanding of intervention with content on appreciating and using cultural diversity among family systems, such as variations in group dynamics, decision making and adaptation, as well as understanding the nature of environmental factors, such as chronic poverty and societal oppression, on family functioning. Analytical and interactional skills for helping and empowering people, focused on family preservation and the use of a strengths perspective model. *Prerequisites:* Concurrent enrollment in the second-year field education placement.

SOCW 6332 Social Work Practice with Latinos [3-0] as scheduled

Social work practice implications of the characteristics of the Latino population of the Southwest. The course will analyze distinctive practice in engagement, communication, and service with Latino clients, differential modalities and helping processes for clinical and macro practice with this population.

SOCW 6335Advanced Clinical Assessment[3-0]as scheduled

The course focuses on understanding and evaluating theoretical and empirical knowledge of psychosocial wellfunctioning, disfunctioning and pathology in the behavior of individuals. A critical analysis of the concepts of mental illness, psychopathology and behavior disorders and the use of DSM IV, ICD-10, PIE taxonomies and their use by social workers. *Prerequisite:* Completion of foundation curriculum or admission into advanced standing program.

SOCW 6338Foundations of Social Work[3-0]as scheduled

The course is designed for students of the Advanced Standing Program to provide them with a review of the MSSW foundation year curriculum content. The course is designed to help the student prepare for entry into the advanced year of the MSSW program and aid their adjustment to the rigors of graduate level academic study. *Prerequisites:* Acceptance into the Advanced Standing Program and/or permission of the instructor.

SOCW 6670 Field Practicum I as scheduled

Supervised professional internship of 400 clock hours for students in approved and affiliated private or voluntary or governmental, and profit or non-profit social services agencies providing experiential instruction and learning. *Prerequisites:* Approval of the Field Education Coordinator and taken concurrently with SOCW 6322.

SOCW 6380 Practice and Program Evaluation [3-0] as scheduled

Interpretation of evaluative studies of social work interventions. Emphasis on the development of evaluative research methods relevant to practice and program evaluation and the evaluation of self in professional practice roles.

SOCW 6381 Research Designs and Applications [3-0] as scheduled

Examination of the various scientific methods for research, with special attention upon survey research methodology, beginning practice assessment and the statistical application of related procedures, including correlations, T-test, Chi Square, analysis of variance and the visual presentation of data.

SOCW 6382Directed Research and Studies[3-0]as scheduled

Individualized course of study under the supervision of faculty. *Prerequisites:* Written plan of study and approval of advisor and department chair.

SOCW 6391 Social Work in Barrios and Colonias [3-0] as scheduled

Examines the nature of social work practice in unincorporated communities and the special challenges of social class and poverty.

SOCW 6392 International Social Work as scheduled

Examines comparative social welfare policies in various countries, with particular emphasis upon the structure and service delivery systems of social welfare ministries in Canada, the United States and Mexico.

SOCW 6393 Child Welfare

[3-0]

[3-0]

as scheduled

Examination of current policies of government-sponsored child welfare programs and current issues in the service delivery aspect of practice with cases of child abuse and neglect.

SOCW 6394 Family Violence and Abuse [3-0] as scheduled

Examination of the theories, concepts and skills for practice

with families where battering or abuse has occurred, including models of effective prevention and intervention and treatment.

SOCW 6395 Supervision, Consultation and Administration [3-0]

as scheduled

Conceptual models and practice skills to manage and administer social service agencies, including management information systems, fiscal management, personnel issues, legal concerns and public relations work, fund-raising and political networking. Examines and applies methodologies in human services administration and planning. Roles of professional planners and administrators are examined.

SOCW 6396 Gerontological Social Work [3-0] as scheduled

Theory and knowledge for practice with older adults and their families. Content addressing family empowerment, advocacy, networking, accessing of services, family dynamics and caregiving, with special emphasis on the development of practice skills to work with older adults and their families toward fostering maximum independence of the elderly. Prerequisite: Completion of foundation curriculum or admission into advanced standing program.

Special Topics in SOCW 6399 Social Work Practice [3-0]

as scheduled

Examination of special topics in social work practice. Prerequisite: Approval of faculty advisor and department chair.

SOCW 6975 Advanced Field Practicum II [9-0] as scheduled

Supervised advanced professional internship of 500 clock hours for students in approved and affiliated private or voluntary or governmental, and profit or non-profit social services agencies providing experiential instruction and learning. Prerequisites: Approval of the Field Education Coordinator and taken concurrently with SOCW 6331.

Spanista

SPAN 6300 **Bibliography and Research Methods** as scheduled

A study of research methods and major literary and linguistics sources. This course will culminate with the successful completion of a research project.

SPAN 6307 Advanced Spanish Grammar and Composition for the **Classroom Teacher**

as scheduled

An examination of the Spanish language concerns of public educators as applicable to the elementary classroom. Skills and knowledge in basic communication, its theoretical principles and the varieties of language function and style in the school and communities are elements of this study. A strong application to the Spanish of the bilingual classroom is stressed.

SPAN 6313 History of the Spanish Language [3-0] as scheduled

A detailed study of the evolution of the Spanish language from Latin to contemporary Spanish.

SPAN	6339	Special Studies in		
		Spanish-American Literature	[3-0]	
1-	- 1. 1. 1			

as scheduled

Special topics from the field of Spanish-American literature. This course may be taken three times as the topic varies. Prerequisite: Graduate standing.

Special Studies in SPAN 6341 **Spanish Literature** [3-0]

as scheduled

Special topics from the field of Spanish literature. This course may be taken three times as the topic varies. Prerequisite: Graduate standing.

SPAN 6344 **Problems and Issues Related to Language** [3-0]

as scheduled

An examination of Spanish historical linguistics, Hispanic phonology, Spanish-English contrastive analysis and Spanish dialectology. Selected topics on language psychology and acquisition will be discussed. *Prerequisite:* Graduate standing.

SPAN 6345 Latino Literature in the U.S. [3-0] as scheduled

In this course, students will read representative works of Puerto Rican, Cuban and Chicano writers in the United States. Students will explore issues of culture, ethnicity and identity in the works of Latino writers writing in Spanish such as: Montes-Huidobro, Hinojosa, René Marquez, Rafael Sánchez, Méndez, Mellizo, etc.

SPAN 6346 Special Studies in **Spanish Civilization** [3-0]

as scheduled

An examination of the culture and lifestyle of the Spanish people with emphasis on the historical, intellectual, artistic and social development of contemporary Spain. Readings, discussions and audio-visual materials will be presented and viewed. Prerequisite: Graduate standing.

[3-0]

SPAN 6347 Special Studies in Grammar and Composition

as scheduled

An intensive study of Spanish grammar with special work on problem areas such as mood, syntax, orthography and punctuation. This course will also offer the opportunity of improving Spanish writing skills through practice, of developing an awareness of style and of making the student conscious of the differences between the written and spoken language. *Prerequisite:* Graduate standing.

SPAN 6350 Special Topics in Spanish Linguistics [3-0] as scheduled

Special topics oriented to the field of Spanish linguistics (Applied Linguistics, Sociolinguistics, Psycholinguistics).

SPAN 7300 Thesis

SPAN 7301 Thesis

Glassany

• [3-0] or [3-0-12] *(for example)*

Regularly scheduled classes at UT Pan American have prescribed contact hours (the actual number of hours each week a student will spend in lecture, laboratory and/or clinical sessions for that class) that are shown in brackets to the right of the course title in each department's course listings. The first number denotes the number of lecture contact hours; the second number denotes the laboratory contact hours; and a third number, if included, is the number of clinical contact hours. These numbers apply to the courses as they are scheduled for the fall or spring semester. Summer weekly contact hours will be adjusted to compensate for the shorter duration of the semester. *Examples:*

- [3-0] The class will have three hours of lecture per week.
- [2-3] The class will meet for two hours of lecture and three hours of laboratory per week.
- [3-0-12] The class will have three hours of lecture and 12 hours of clinical experience each week.

• Accreditation — College or University

A college or university in the United States is considered accredited if it is recognized by one of the following regional accrediting agencies:

- Middle States Association of Colleges and Schools
- New England Association of Schools and Colleges
- North Central Association of Colleges and Schools
- Northwest Association of Schools and Colleges

- Southern Association of Colleges and Schools
- Western Association of Schools and Colleges

Attempted Hours

Attempted hours are the total number of hours for courses which a student has attempted, including failing grades such as "F," "DF" and "WF."

Census Date

The official census date for The University of Texas-Pan American is the 12th class day for regular fall and spring semesters or the fourth class day for summer sessions.

Contact Hours

Number of regularly scheduled hours per week that a lecture, laboratory or clinical experience is scheduled to meet during a long semester. (See [3-0] above.)

Designated Electives

Students have choices within the category of designated electives but must complete the required number of courses or hours from those specified.

Elective Hours

Required semester hours for which specific courses are not prescribed are listed as elective hours.

Full-time Graduate

A graduate student who is enrolled for at least nine hours of credit during a regular semester, or at least four hours of credit during a summer session, is considered full-time.

Half-time Graduate

A half-time graduate student is one who is enrolled for at least six hours of credit during the regular semester or three hours of graduate credit during a summer session.

Hours

College credit at UT Pan American is measured in terms of semester credit hours. Ordinarily, a class that meets one 50-minute period per week for a regular semester will carry a credit of one hour. The majority of classes meet three periods or their equivalent each week and carry three hours of credit. Two or three laboratory hours per week are usually required for one hour of laboratory credit.

Leveling Work

Coursework designed to eliminate deficiencies in educational background of students admitted or being considered for admission to a graduate program is called Leveling Work. (Graduate programs are designed on the assumption that students have a common body of knowledge.)

Maximum Course Load

The normal load for a full-time graduate student is nine hours in a regular semester. A graduate master's student may be permitted to enroll for 15 hours with the approval of his or her graduate advisor and the dean of the college. Normal load for a master's degree student during a summer session is four hours, with up to nine permitted with the approval of the graduate advisor and the dean of the college. A doctoral student must have advance approval from the vice president for academic affairs or his or her designee to register for more than 12 hours. There is no limit imposed on the maximum number of hours an undergraduate student may take in a semester or summer session.

Prerequisite

A course listed with a prerequisite means that specified requirements must be met before one can enroll in the course. Specific prerequisites are listed in course descriptions.

Probation

Students are placed on scholastic probation when they fail to achieve the required overall grade point average. Students may be placed on disciplinary probation for infraction of any university regulation. In either case, they must satisfy specific requirements before they can return to a non-probationary status.

Regular Semester

A regular semester is any 15-week fall or spring semester.

Residence, Coursework

Coursework in residence refers to coursework actually completed on the UT Pan American campus. Extension, credit by examination, correspondence and transfer credit may not be used to complete the residency requirement for graduation.

Semester (see Regular Semester)

Special Student

A student holding at least a bachelor's degree from an accredited institution who does not wish to enter the Graduate School may be permitted to register as a "Special Student" in one of the undergraduate colleges and is subject to all rules and regulations of that college.

Special Graduate Student

Special Graduate Students are those holding a master's degree from an accredited institution who do not wish to enter a graduate program but wish to attend courses.

Summer Session

As part of its regular program, the university offers two five and one-half week summer sessions.

▶ TOEFL

The TOEFL (Test of English as a Foreign Language) is the major English language proficiency test for non-native speakers of English. The TOEFL is administered at UT Pan American.

Johnson, Robert, *Associate Professor,* Department of English; American Literature, Southern Women Writers; Ph.D., University of Southern California, 1994.

Jones, Robert E., Jr., *Assistant Professor*, Department of Engineering; Mechanical Engineering; Ph.D., Texas A&M University, 1990.

Jorgensen, Layne, *Professor and Graduate Program Coordinator,* Department of Health and Kinesiology; Biomechanics, Research Methods; Ph.D., Louisiana State University, 1971. **Jou, Jerwen,** *Professor,* Department of Psychology and Anthropology; Psychology; Cognitive Psychology; Ph.D., Kansas State University, 1990.

Judd, Frank W., *Research Professor,* Department of Biology; Ecology, Ecological Physiology, Herpetology, Mammalogy; Ph.D., Texas Tech University, 1973.

Knobel, Roger A., *Associate Professor,* Department of Mathematics; Differential Equations, Applied Mathematics; Ph.D., Rensselaer Polytechnic Institute, 1991.

Koong, Kai S., *Associate Professor,* Department of Computer Information Systems and Quantitative Methods; Ph.D., Mississippi State University.

Kranz, Peter, Assistant Professor, Department of Educational Psychology.

Kuang, Anxiu, *Associate Professor,* Department of Biology; Plant Development, Plant Physiology, Cell Ultrastructure; Ph.D., Auburn University, 1991.

Kypuros, Javier A., *Assistant Professor,* Department of Mechanical Engineering; Ph.D., The University of Texas at Austin, 2001.

Landry, Raymond, Associate Professor, Department of Accounting and Business Law; Ph.D., University of Arkansas, 1986.

Lang, Yong, Assistant Professor, Department of English, Linguistics, Applied Linguistics, Second Language, ESL, Ph.D., The Ohio State University, 1998.

LaPrade, Douglas E., *Associate Professor,* Department of English; American Literature; Ph.D., University of Illinois, 1988.

Lawrence-Fowler, Wendy A., Professor and Director of Graduate Studies, Department of Computer Science; Databases, Large Open Information Systems, Information Retrieval, Artificial Intelligence; Ph.D., The Ohio State University, 1983.

LeMaster, Jane, Associate Professor and Director of Graduate Studies, Department of Management, Marketing and International Business; Management; Ph.D., University of North Texas, 1994.

Li, Junfei, *Assistant Professor,* Department of Electrical Engineering; Ph.D., The University of Texas at Austin, 2002.

Liebowitz, Stephen W., *Associate Professor,* Department of Sociology; Social Psychology, Statistics; Ph.D., University of Missouri-Columbia, 1979.

Lin, Ping, *Assistant Professor,* Department of Accounting and Business Law; Ph.D., University of California-Irvine, 2003.

Little, Christopher, *Assistant Professor,* Department of Biology; Plant Pathology, Micology, Ph.D., Texas A&M University, 2002.

Liu, Lai, Associate Professor, Department of Computer Information Systems and Quantitative Methods; Ph.D., Mississippi State University, 1989.

Llanes, Jose R., *Professor,* Department of Educational Leadership; D.S.S., Universidad de la Habana, 1963.

Lonard, Robert I., *Professor,* Department of Biology; Plant Taxonomy, Grass Systematics; Ph.D., Texas A&M University, 1970.

Lowe, Jerry M., *Professor,* Department of Educational Leadership; Ph.D., Texas A&M University, 1989.

Lozano, Karen, *Assistant Professor,* Department of Mechanical Engineering; Polymer Processing, Composite Materials, Nano-Fiber/Tube Reinforced Composites; Ph.D., Rice University, 1999.

Mahdi, Hashim S., *Associate Professor,* Department of Engineering; Mechanical Engineering; Computational Methods in Thermal and Fluid Systems; Ph.D., University of Arizona, 1989.

Mahmood, Akhtar H., *Assistant Professor;* Department of Physics and Geology; Experimental High Engery Physics; Ph.D., State University of New York-Albany, 1998.

Marini, Irmo, *Associate Professor,* Rehabilitative Services Program; Certified Rehabilitation Counselor; Ph.D., Auburn University, 1992.

Martinez, Jose Maria, *Assistant Professor*, Department of Modern Languages and Literature; Hispanic Literature; Ph.D., Universidad de Valladolid, Spain,1991.

Mata-Pistokache, Teri, Associate Professor, Department of Communication Sciences and Disorders; Multicultural/ Multilingual; Ph.D., The University of Texas at Austin, 1996.

Materon, Luis A., *Associate Professor,* Department of Biology; Soil Microbiology, Food Microbiology, Biological Nitrogen Fixation; Ph.D., Mississippi State University, 1982.

Matthews, Linda, *Associate Professor,* Department of Management, Marketing and International Business; Management; Ph.D., University of Washington, 1996.

Maville, Janice A., *Professor*, Department of Nursing; Ed.D., Texas A&M University, 1992.

McBride, John, *Professor,* Department of Curriculum and Instruction; Elementary, Science Education, Mathematics Education; Ed.D., University of Houston, 1977.

McCormack, Brian, *Assistant Professor,* History and Philosophy, Borderlands, Mexico, 19th Century; Ph.D., University of California-San Diego, 2000.

McCoy, Timothy L., *Assistant Professor,* Department of Accounting and Business Law; Accounting; CPA; Ph.D., University of Mississippi, 1994.

McLemore, George C., *Associate Professor,* Department of Communication; Communication Studies; Ph.D., University of Pittsburgh, 1985.

McQuillen, Jeffrey, *Associate Professor,* Department of Communication; Communication Studies; Ph.D., University of Oklahoma, 1984.

Milan, Cindy L., *Associate Professor,* Department of Nursing; Ed.D., University of Houston, 1997.

Meline, Timothy J., *Professor*, Department of Communication Sciences and Disorders; Dysphagia, Language; Ph.D., University of Illinois-Urbana, 1976.

Menchaca, Velma Dora, *Professor and Chair*, Department of Educational Leadership; Ph.D., Texas A&M University, 1991.

Minor, Michael, *Professor and Director of Ph.D. Program,* Department of Management, Marketing and International Business; Marketing; Ph.D., Vanderbilt University, 1987.

Mitchell, Jo Ann, *Professor,* Department of Educational Psychology; Special Education, Educational Psychology, School Psychology; Ph.D., University of Oklahoma, 1979.

Mizener, Charlotte, *Associate Professor,* Department of Music; Harp, Music Education; Ph.D., The University of Texas at Austin, 1990.

Monta, Marian F., *Professor,* Department of Communication; Theatre/TV/Film; Ph.D., Cornell University, 1971.

Montgomery, Gary T., *Professor,* Department of Psychology and Anthropology; Developmental Psychology, Psychophysiology; Ph.D., Texas Tech University, 1972.

2005-2007 Graduate Catalog

Mora, Marie T., *Associate Professor*, Department of Economics and Finance; Ph.D., Texas A&M University, 1996.

Munn, A. Christopher, *Associate Professor,* Department of Music; Music Theory, Music History; University Choir Director; D.M.A., University of Oklahoma, 1984.

Munn, Vivian, *Associate Professor*, Department of Music; Voice, Music Theory; D.M.A., University of Oklahoma, 1990.

Murray, K. Daniel, *Assistant Professor,* Department of Biology; Molecular Biology; Ph.D., The University of Texas at Dallas, 1995.

Nam, Kiseok, Assistant Professor, Department of Economics and Finance; Ph.D., Texas A&M University, 1998.

Nambiar, Rajiv V., Associate Professor, Department of Manufacturing Engineering; Computer-Aided Design, Manufacturing Processes; Ph.D., The University of Texas at Arlington, 1989.

Nasif, Ercan, Associate Professor, Department of Management, Marketing and International Business; Management; Ph.D., University of North Texas, 1988.

Nelson, Larry, *Assistant Professor*, Department of Health and Kinesiology, Sport Pedagogy; Ph.D., University of Northern Colorado, 2002.

Newman, Beatrice Mendez, *Professor*, Department of English; Rhetoric and Composition, English Language Arts Teacher Education, Linguistics; Ph.D., Texas A&M University, 1981.

Newman, Denis J., *Professor and Chair,* Department of Communication Sciences and Disorders.

Newman, Donald J., Associate Professor, Department of English, 18th Century British Literature, 18th Century British Journalism, James Boswell; Ph.D., University of Southern California, 1992.

Newman, Jane, *Assistant Professor,* Rehabilitative Services Program; Certified Rehabilitation Counselor, Licensed Personal Counselor; Ph.D., University of Arizona, 1993.

Ng, Peter, *Professor and Chair,* Department of Computer Science; Document Processing Engineering and Databases; Ph.D., The University of Texas at Austin, 1974.

Noe, Joe Markus, *Assistant Professor,* Department of English, Rhetoric and Composition, Studies in Composition; Ph.D., Texas Christian University, 2001.

O'Neil, Lorne W., *Associate Professor,* Department of Music; Woodwinds; D.M.A., University of Minnesota, 1990.

Ortega, Jacobo, *Professor,* Department of Biology; Plant Pathology, Mycology; Ph.D., University of Minnesota, 1960.

Overton, Terry, *Associate Professor and Chair,* Department of Educational Psychology; School Psychology, Counseling, Special Education; Ph.D., Texas Women's University, 1985; University of Virginia, 1994.

Pankake, Anita, *Professor,* Department of Educational Leadership; Loyola University of Chicago, 1985.

Paredes, Miguel, *Professor,* Department of Mathematics; Mathematical Economics, Mathematical Modeling; Ph.D., University of Utah, 1985.

Pearson, Thomas D., *Associate Professor,* Department of History and Philosophy; Ethics, Philosophical Theology, Social Ethics, History/Journalism; Ph.D., Southern Illinois University, 1994.

Perez, Ricardo, *Professor,* Department of Curriculum and Instruction; Curriculum and Instruction, Bilingual Education and Social Sciences; Ph.D., University of Michigan, 1979.

Persans, Michael, *Assistant Professor,* Department of Biology, Biotechnology, Molecular Biology, Ph.D., University of Illinois, 1998.

Petrie, A. George, *Associate Professor and Chair,* Department of Accounting and Business Law; Accounting; CPA; Ph.D., Louisiana State University, 1970.

Phillips, Richard, *Assistant Professor,* Department of Art; Art History; Ph.D., The University of Texas at Austin, 1997.

Poelzer, Harold, *Associate Professor,* Department of Educational Psychology; Educational Psychology, Gifted Education; Ph.D., Purdue University, 1994.

Polinard, J. L., *Professor and Chair,* Department of Political Science; Public Law, Minority Politics; Ph.D., University of Arizona, 1970.

Pozorski, Shelia, *Professor*, Department of Psychology and Anthropology; New World Archaeology, Archaeological Method and Theory, Ethnobiology; Ph.D., The University of Texas at Austin, 1976.

Pozorski, Thomas, *Professor*, Department of Psychology and Anthropology; New World Archaeology, South American Culture, Complex Societies; Ph.D., The University of Texas at Austin, 1976.

Jaculty Listing

Prock, Jerry D., *Professor,* Department of Economics, Finance and General Business; Economics; Ph.D., Arizona State University, 1970.

Raajpoot, Uzzer A., *Associate Professor and Interim Chair,* Department of Sociology; Statistics, Methods, Demography; Ph.D., University of Oregon, 1991.

Radford, Nola B., *Associate Professor,* Department of Communication Sciences and Disorders; Language, Multicultural Issues; Ph.D., University of Memphis, 1992.

Raimo, John, *Professor,* Department of Music; Piano, Music Literature; DMA, University of Rochester, New York, 1960.

Ramirez-Dhoore, Dora, *Assistant Professor,* Department of English; Chicana and Chicano Literature and Theory, Ethnic Literatures, University of Nebraska-Lincoln, 2003.

Ramirez, Olga M., *Professor*, Department of Mathematics; Mathematics Education; Ph.D., Texas A&M University, 1985.

Ramirez, Sylvia, *Assistant Professor*, Department of Educational Psychology; Consultation, Multicultural Issues, Mental Retardation; Ph.D., University of Wisconsin-Madison, 1988.

Reed, Bruce J., *Associate Professor and Program Coordinator,* Rehabilitative Services Program; Certified Rehabilitation Counselor, Certified Vocational Evaluator; Ph.D., University of Northern Colorado, 1993.

Reed, Michael D., *Professor*, Department of English; Colonial and 19th Century American Literature, Psychoanalytic Criticism, Logic; Ph.D., University of Oregon, 1974.

Reeve, Robert, *Professor,* Department of Curriculum and Instruction; Curriculum and Instruction, Science Education, Biology, Educational Research; Ph.D., Florida State University, 1966.

Reid, Charlles R., *Assistant Professor,* Rehabilitative Services; Certified Rehabilitation Counselor; Ph.D., The University of Arizona, 1997.

Resendiz, Rosalva, *Assistant Professor,* Department of Criminal Justice; Sociology Criminology; Ph.D., Texas Women's University, 2001.

Richardson, D. Chad, *Professor,* Department of Sociology; Borderlands Studies, Sociology of Education, Complex Organizations; Ph.D., The University of Texas at Austin, 1975.

Romero, Eric J., *Assistant Professor,* Department of Management, Marketing and International Business; Ph.D., New Mexico State University, 2001.

Romero, Hector R., *Professor,* Department of Modern Languages and Literature; Spanish Literature; Ph.D., University of Illinois-Urbana, 1970.

Ruiz-Escalante, Jose, Professor and Chair, Department of Curriculum and Instruction; Bilingual Education; Ed.D., University of Washington, 1987.

Rydl, Lester M., *Associate Professor and Chair,* Department of Computer Information Systems and Quantitative Methods; Quantitative Methods; CDP, Ph.D., Texas A&M University, 1978.

Saenz, Laura M., Assistant Professor, Department of Educational Psychology; Ph.D., Vanderbilt University, 2002.

Saldaña, Rene, *Assistant Professor,* Department of English; Creative Writing, Children's Literature, The Novel; Ph.D., Georgia State University, 2002.

Salinas, Alejo, *Lecturer*, Department of Educational Leadership; Ph.D., University of Texas at Austin, 1983.

Salmon, Roberto M., *Professor,* Department of History and Philosophy; History; U.S. Southwest, Chicano Studies; Ph.D., University of New Mexico, 1978.

Santiago, Reynaldo I., *Professor,* Department of Art; Printmaking, Ceramics; MFA, Rochester Institute of Technology.

Sargent, John, *Assistant Professor,* Department of Management, Marketing and International Business; Management; Ph.D., University of Washington, 1994.

Sauceda, Noe, *Assistant Professor,* Department of Educational Leadership; Ph.D., The University of Texas at Austin, 1995.

Schneider, Gary, *Assistant Professor,* Department of English, British Renaissance, Ph.D., Wayne State University, 2001.

Schneider, Steven P., *Professor and Chair*, Department of English; Contemporary American Literature, Poetry, Multicultural Literature; Ph.D., University of Iowa, 1986.

Selber, Kimberly, *Assistant Professor,* Department of Communication; Advertising; Ph.D., The University of Texas at Austin, 2001.

Semper, Louis Thomas, Associate Professor and Kinesiology Program Coordinator, Department of Health and Kinesiology; Physiology of Exercise, Secondary School Methods; Ph.D., Texas A&M University, 1971.

2005-2007 Graduate Catalog

Graduate Course Descriptions

Simpson, Claude, *Assistant Professor,* Department of Computer Information Systems and Quantitative Methods; Computer Information Systems, Database, Programming Languages, Networking, Data Communications, Software Engineering; Ph.D., Georgia State University, 1973.

Simpson, Marc W., *Assistant Professor*, Department of Economics and Finance; Investments, Portfolio Management, International Finance, Managerial Finance; Ph.D., Fordham University, 1999.

Skinner, Jose C., *Assistant Professor,* Department of English, Creative Writing, Short Story, the Novel; MFA, University of Iowa, 2002.

Smith, Monty J., *Assistant Professor,* Department of Mechanical Engineering; Aerospace Engineering; Ph.D., Purdue University, 1997.

Soydemir, Gokce, *Assistant Professor,* Department of Economics, Finance and International Business; Finance; Ph.D., Claremont Graduate School, 1997.

Stanley, Jack, *Professor,* Department of Communication; Theatre/TV/Film, Journalism; Ph.D., The University of Michigan, 1973.

Strickland, Jeffrey, *Assistant Professor,* Department of History and Philosophy; Ph.D., Florida State University, 2003.

Sturges, David L., *Associate Professor,* Department of Management, Marketing and International Business; Management; Management Communications; Ph.D., University of North Texas, 1988.

Summy, Kenneth R., *Assistant Professor,* Department of Biology; Remote Sensing Technology; Ph.D., Texas A&M University, 1983.

Tanguma, Jesus, *Assistant Professor,* Department of Computer Information Systems and Quantitative Methods; Quantitative Methods, Business Statistics; Ph.D., Texas A&M University, 2000.

Taylor, Monty B., *Professor,* Department of Mathematics; Commutative Algebra, Multiplicative Lattices; Ph.D., University of Houston, 1988.

Tevis, Martha, *Professor*, Department of Curriculum and Instruction; History and Philosophy of Education, Cultural Foundations of Education, Latin; Ph.D., The University of Texas at Austin, 1967.

Timmer, Douglas H., *Assistant Professor,* Department of Manufacturing Engineering; Applied Statistics, Statistical

Process Control, Design of Experiments, Reliability, Total Quality Management; Ph.D., Texas A&M University, 1993.

Thompson, William W., *Professor,* Department of Management, Marketing and International Business; Marketing, Quantitative Methods; Ph.D., University of Arkansas, 1974.

Tsai, Ping-Sing, *Assistant Professor,* Department of Computer Science; Image and Multimedia Computing; Ph.D., University of Central Florida, 1995.

Tschoepe, Gary J., *Associate Professor,* Department of Political Science; Public Policy and Administration, Policy Analysis and Program Evaluation; Ph.D., University of Houston, 1992.

Tucker, Barbara A., *Professor and MSN Coordinator,* Department of Nursing; Ph.D., Texas A&M University, 1988.

Tucker, Wallace E., *Interim Dean,* College of Arts and Humanities, *Professor,* Department of Music; Low Brass; DMA, University of North Texas, 1987.

Turk, William L., *Assistant Professor,* Department of Political Science; Public Finance and Budgeting, State and Local Government; Ph.D., The University of Texas at Arlington, 1997.

Varlamov, Vladimir, *Assistant Professor,* Department of Mathematics; Applied Mathematics; Ph.D. Moscow State University, 1983; Mathematics; Ph.D., University of Breslau, Poland, 1999.

Vassberg, Liliane, *Associate Professor,* Department of Modern Languages and Literature; Applied Linguistics, English, French; Ph.D., The University of Texas at Austin, 1989.

Vasquez-Parraga, Arturo, *Associate Professor,* Department of Management, Marketing and International Business; Marketing; Ph.D., Texas Tech University, 1990.

Villalobos, Maria Cristina, *Assistant Professor,* Department of Mathematics; Optimization Theory, Applied Mathematics; Ph.D., Rice University, 2000.

Villarreal, John R., *Professor and Assistant Dean,* College of Science and Engineering, Department of Chemistry; Physical Chemistry; Ph.D., Texas A&M University, 1976.

Villereal, Gary L., Associate Professor, Director of Master of Science in Social Work Program, Department of Social Work; MA, Oakland University 1977; Ph.D., University of Pittsburgh, 1991.

Villas, Paul, Professor, Department of Health and Kinesiology;

Faculty Listing

Health Education, Public Health; Ed.D., University of Tennessee, 1988.

Vincent, Vern C., *Professor*, Department of Computer Information Systems and Quantitative Methods; Quantitative Methods; Ph.D., University of Northern Colorado, 1972.

Vincentnathan, S. George, Associate Professor, Department of Criminal Justice; Criminology, Corrections, Comparative Criminology, Juvenile Delinquency, Lay and Society; D.Crim., University of California, Berkeley, 1973.

Von Kuster, Lee N., *Visiting Assistant Professor,* Department of Mathematics; Mathematics Education, Mathematics; Ed.D., University of Montana, 1971.

Wang, Guang-Zhen, *Professor and Chair*, Department of Sociology; Ph.D., University of North Texas, 1996.

Wang, Xusheng, Assistant Professor, Department of Computer Science; Virtual Reality and Web-based Applications; Ph.D., George Mason University, 2003.

Watkins, William, *Professor*, Department of Mathematics; Topology, Semigroups, Microcomputers; Ph.D., University of Wyoming, 1980.

Watt, Karen, Assistant Professor, Department of Educational Leadership; University of Texas at Austin, 1999.

Weaver, Michael K., Associate Professor and Interim Chair, Department of Modern Languages and Literature; History, British, Modern European; Ph.D., University of North Carolina at Chapel Hill, 1989.

Wenzel, James P., *Assistant Professor,* Department of Political Science; Public Law, Methods; Ph.D., University of Houston.

Wiley, Eric, *Assistant Professor,* Communication; Theatre/ TV/Film; Ph.D., Louisiana State University, 1999.

Wilson, Bruce K., *Associate Professor,* Department of Nursing; Ph.D., University of North Texas, 1987.

Winkel, Mark H., Associate Professor, Department of Psychology and Anthropology; Psychology; Cognitive Social Psychology, Law and Psychology; Ph.D., Oklahoma State University, 1982.

Wirts, Kristine, Assistant Professor, Department of History. and Philosophy; Ph.D., Auburn University, 2003.

Wrinkle, Robert, *Professor*, Department of Political Science; Public Policy, Urban Politics, Methodology; Ph.D., University of Arizona, 1967.

Zaidan, Frederic, III, *Assistant Professor,* Department of Biology, Herpetology, Physiological Ecology; Ph.D., University of Arkansas, 2002.

Zeng, Liang, *Assistant Professor,* Department of Educational Psychology; Educational Research Methodology; Doctor of Science (Ph.D.), Theoretical Physics, Zhejiang University, P.R. China, 1998.
