The University of Texas-Pan American
2005 • 2007 Undergraduate Catalog

The University of Texas-Pan American is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033, telephone 404/679-4501) to award bachelor’s, master’s and doctoral degrees. In addition, these programs are separately accredited or approved by the:

Accreditation Council for Occupational Therapy Education (ACOTE)-American Occupational Therapy Association

The Association to Advance Collegiate Schools of Business (AACSB International)

American Chemical Society

Commission on Accreditation for Dietetics Education (CADE)

American Speech-Language-Hearing Association (ASHA)

Commission for Collegiate Nursing Education
Board of Nurse Examiners for the State of Texas

American Association of Colleges of Nursing (AACN)

The Council on Rehabilitation Education (CORE)

The Council on Social Work Education (CSWE)

Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET)

National Accrediting Agency for Clinical Laboratory Sciences (NAACLS)

National Association of Schools of Theatre (NAST)

State Board for Educator Certification (SBET)

Texas Education Agency (TEA)

Accreditation Review Commission on Education for the Physician Assistant (ARC-PA)

The University of Texas-Pan American is a member of the
American Association of Colleges for Teacher Education
American Association of State Colleges and Universities
American Council on Education
Association for Continuing Higher Education
Conference of Southern Graduate Schools
Council for Advancement and Support of Education
Council of Graduate Schools
Hispanic Association of Colleges and Universities

This catalog was prepared based on the best information available at the time. The University of Texas-Pan American reserves the right to change any information, including statement of fees, course offerings, and admission and graduation deadlines and requirements without notice or obligation, in keeping with the policies of The University of Texas System Board of Regents and in conformance with the laws of the State of Texas.

For updates to this catalog, check the online version on the World Wide Web at http://www.utpa.edu/catalog

Individuals with disabilities wishing to acquire this publication in an alternative format should contact the Office of Records and Registration at 956/381-2206 or Voice/TDD 956/381-2215.
The University of Texas-Pan American operates subject to the Rules and Regulations of the Board of Regents of The University of Texas System.

This catalog is a general information publication. It is not intended to nor does it contain all regulations that relate to students. The provisions of this catalog do not constitute a contract, expressed or implied, between any applicant, student or faculty member of The University of Texas-Pan American or The University of Texas System.

The University of Texas-Pan American reserves the right to withdraw courses at any time, to change fees or tuition, calendar, curriculum, degree requirements, graduation procedures and any other requirements affecting students. Changes will become effective whenever officially implemented by proper authorities and will apply to both prospective students and those already enrolled.

◆ Non-Discrimination Policy Statement

The University of Texas-Pan American declares and reaffirms a policy of administering all of its educational programs and related supporting services and benefits in a manner that does not discriminate because of a student’s or prospective student’s race, color, religion, sex, national origin, age, veteran status, disability or other characteristics that lawfully cannot be the basis for provision of such services. These programs, services and benefits include, but are not limited to, admission, class assignments, scholarships and other financial and employment assistance, counseling, physical education and recreational services, and the membership practices of registered student organizations.

Pursuant to this policy statement, The University of Texas-Pan American will undertake a continuing program of compliance with all federal, state and local laws relating to equal educational opportunity and affirmative action, specifically those addressing the obligations of the institution under Title VI of the Civil Rights Act of 1964 as amended, Title IX of the Educational Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990.

To the extent provided by applicable law, no person shall be excluded from participation in, denied the benefits of, or be subject to discrimination under any program or activity sponsored or conducted by The University of Texas System or any of its component institutions on the basis of race, color, national origin, religion, sex, age, veteran status or disability.

Inquiries or complaints may be directed to the immediate supervisor or to the Compliance Officer in Room 5.101, Student Services Building, telephone 956/381-2121; the chair of the department; or the Dean of Students in Room 104 of the University Center, telephone 956/381-2260. Inquiries concerning ADA should be directed to the Coordinator of Services for Persons with Disabilities, Emilia Schunior Ramírez Hall, Room 100, telephone 956/316-7005.

Individuals who believe they have been discriminated against in violation of any of the non-discrimination policies may, after an initial interview with the appropriate compliance officer named above, initiate grievance proceedings in accordance with the provisions and procedures stipulated under “Student Complaint Procedures” and “Grievance Policy for Complaints Concerning Discrimination on the Basis of Disability” found in the University’s Handbook of Operating Procedures.

Individuals are protected from coercion, intimidation, interference or discrimination for filing a complaint or assisting in an investigation.

September 22, 2006, Friday
Last day to drop a course or to withdraw from the University with a grade of “DR” or “W” recorded; last day to change to non-credit.

October 23, 2006, Monday (tentative)
ASSIST registration (telephone or Web) begins by appointment for spring 2007.

November 22, 2006, Wednesday
Last day to drop a course or withdraw through the Office of the Registrar. Residence Halls close for Thanksgiving holiday at 6 p.m. Cafeteria closes after lunch.

November 23-24, 2006, inclusive
Thanksgiving holiday.

November 26, 2006, Sunday
Residence Halls re-open at 12 p.m. Cafeteria open for dinner only.

November 27, 2006, Monday
Cafeteria opens — regular hours.

December 1, 2006, Friday
Scholarship application deadline for academic year 2007-2008.

December 5, 2006, Tuesday
Deadline to file “Application for Degree” form with the Office of Records and Registration for July 2007 graduation.

December 7-8, 2006, inclusive
Limited departmental final examinations; dead days.

December 11-14, 2006, inclusive
Fall semester final examinations.

December 14, 2006, Thursday
Residence Halls close at 6 p.m. Cafeteria closes after lunch.

December 15, 2006, Friday
Final grade reports due in the Office the Registrar by 3 p.m.

December 16, 2006, Saturday
Commencement exercises.

Spring Semester 2007

September 1, 2006, Friday
Admission application and document deadline for ASSIST registration by telephone or Web. All students applying after this deadline will register late.

September 15, 2006, Friday

October 1, 2006, Sunday
Admission application and document deadline for international students from countries other than Mexico and Canada.

October 23, 2006, Monday (tentative)
ASSIST registration (telephone or Web) begins by appointment for spring 2007.

November 1, 2006, Wednesday
Admission application and document deadline for international students from Mexico and Canada.

November 22, 2006, Wednesday
Last day to drop a course or withdraw through the Office of the Registrar. Residence Halls close for Thanksgiving holiday at 6 p.m. Cafeteria closes after lunch.

November 23-24, 2006, inclusive
Thanksgiving holiday.

November 26, 2006, Sunday
Residence Halls re-open at 12 p.m. Cafeteria open for dinner only.

December 1, 2006, Friday
Admission application and document deadline for
international students currently enrolled in other U.S. institutions.

January 2, 2007, Tuesday
Admission application and document deadline for late registration. Applications received after this deadline will be processed for the next semester.

January 13, 2007, Saturday
Residence Life Move-In at 9 a.m. Cafeteria open for brunch and dinner only.

January 14, 2007, Sunday
Cafeteria opens — regular hours.

January 15, 2007, Monday
Martin Luther King Jr. Day holiday; no classes.

January 16, 2007, Tuesday
First day of classes.

January 25, 2007, Thursday
Deadline to file “Application for Degree” form with the Office of the Registrar for August 2007 graduation.

January 31, 2007, Wednesday
Twelfth University class day; official census date.

February 14, 2007, Wednesday
Last day to drop a course or to withdraw from the University with a grade of “DR” or “W” recorded; last day to change to non-credit.

March 9, 2007, Friday
Residence Halls close at 6 p.m. for Spring Break.

March 10-17, 2007, inclusive
Cafeteria is closed for Spring Break holiday.

March 12-17, 2007, inclusive
Spring Break.

March 18, 2007, Sunday
Residence Halls re-open at 12 p.m.
Cafeteria open for brunch and dinner only.

March 26, 2007 (tentative)
ASSIST registration (telephone or Web) begins by appointment.

April 6-7, 2007, inclusive
Easter holiday.

April 13, 2007, Friday
Last day to drop courses or withdraw through the Office of the Registrar.

April 20, 2007, Friday
Deadline to file “Application for Degree” form with the Office of the Registrar for December 2007 graduation.

May 3-4, 2007, inclusive
Limited departmental final examinations; dead days.

May 7-10, 2007, inclusive
Spring semester final examinations.

May 10, 2007, Thursday
Residence Halls close at 6 p.m. Cafeteria closes after lunch.

May 11, 2007, Friday
Final grade reports due in the Office of the Registrar by 3 p.m.

May 12, 2007, Saturday
Commencement exercises.

May 13, 2007, Sunday
Residence Life Move-In begins at 9 a.m.

May 14, 2007, Monday
First day of classes.

May 15, 2007, Tuesday
Second class day, census date.

May 28, Monday
Memorial Day holiday, no miniterm classes.
Campus closed.

May 30, 2007, Wednesday
Last class day for miniterm classes.

June 1, 2007 Friday
Final Exams for miniterm classes.

June 4, 2007, Monday
Miniterm grades due in Office of the Registrar by 10 a.m.

NOTE: For Financial Aid purposes, the miniterm will be processed as part of Summer I, and all Summer I deadlines apply.

December 8, 2006, Friday
Deadline to file “Application for Degree” form with the Office of the Registrar for July 2007 graduation.
January 2, 2007, Tuesday
Summer Attendance Notification form available for summer 2007. This application is in addition to the 2006/2007 “Free Application for Federal Student Aid” (FAFSA).

February 1, 2007, Thursday
Admission application and document deadline for ASSIST registration by telephone or Web. All students applying after this deadline will register late.

February 15, 2007, Thursday
Recommended priority date for submission of the 2006/2007 “Free Application for Federal Student Aid” (FAFSA) for summer I 2007. (Final Deadline: You may still submit the 2006/2007 FAFSA through June 30, 2007.)

March 1, 2007, Thursday
Admission application and document deadline for international students from countries other than Mexico and Canada.

March 16, 2007, Monday (tentative)
ASSIST registration (telephone or Web) begins by appointment.

April 1, 2007, Sunday
Admission application and document deadline for international students from Mexico and Canada.

May 1, 2007, Tuesday
Admission application and document deadline for international students currently enrolled in other U.S. institutions.

May 16, 2007, Wednesday
Admission application and document deadline for late registration. Applications received after this deadline will be processed for the next semester.

June 2, 2007, Saturday
Residence Life move-in at 9 a.m.

June 4, 2007, Monday
First day of classes.

June 7, 2007, Thursday
Fourth University class day; official census date.

June 13, 2007, Wednesday
Last day to drop a course or to withdraw from the University with a grade of “DR” or “W” recorded; last day to change to non-credit.

June 29, 2007, Friday
Last day to officially drop courses or withdraw through the Office of the Registrar.

July 4, 2007, Wednesday
Fourth of July holiday; no classes.

July 10, 2007, Tuesday
First summer session final examinations.

July 11, 2007, Wednesday
Final grade reports due in the Office of the Registrar by 3 p.m.
The University of Texas-Pan American (UTPA) serves the higher education needs of a rapidly growing, international, multicultural population in the South Texas Region. The University preserves, transmits and creates knowledge to serve the cultural, civic and economic advancement of the region and the state. The University provides students advanced instruction in academic programs offered through innovative delivery systems that lead to professional certification, and baccalaureate, master's and doctoral degrees. Through teaching, research, creative activity and public service, UTPA prepares students for lifelong learning and leadership roles in the state, nation and world community.

◆ University History

The school first opened in 1927 as Edinburg College, a two-year community college governed by the Edinburg School District.

In 1933, the institution was approved by the State Department of Education, designated a “First Class Junior College” by the Association of Texas Colleges, became a member of the Association of Colleges and Secondary Schools of Southern States and was renamed Edinburg Junior College. In 1947, Edinburg Junior College began offering classes at night and at off-campus locations in neighboring towns. The following year, the name was changed again, this time to Edinburg Regional College, as the school was separated from the Edinburg School District and began receiving partial state support.

On December 20, 1951, the voters of Hidalgo County approved the establishment of a four-year college, Pan American College, to serve the needs of the region. Between 1952 and 1965, the former Edinburg Regional College served as the junior division of the new college, and a senior division was established to furnish upper-level work and award degrees.

The name Pan American College was selected because it reflected the institution’s desire to bridge the cultures of North and South America and to reflect the cultural and ethnic diversity of the institution.

Pan American College became part of the Texas System of Colleges and Universities on Sept. 1, 1963. A two-year transition period was provided during which the school passed from partial state support to full state assistance, control and ownership. In 1965, the college officially became the 22nd state-supported senior institution in Texas.

In the late 1960s, Pan American College responded to increasing requests to provide graduate-level work, and by 1970, the school had received approval to offer graduate instruction in the arts, education and science. To reflect the increased range of studies available, the name of the school was changed to Pan American University on September 1, 1971.

Pan American University began to offer courses in Brownsville in 1973 to better serve the citizens of Cameron County and the Lower Rio Grande Valley. A few years later, the Pan American University Board of Regents created Pan

◆ Institutional Vision and Philosophy

The University of Texas-Pan American will be a first-class doctoral university and the educational leader for South Texas, addressing the expanding needs of a multicultural, metropolitan area by offering a broad spectrum of undergraduate, graduate, and professional degree programs, by maximizing access opportunities for qualified applicants, and by pursuing research and providing professional services that emphasize the economic development, education advancement, health improvement, environmental protection and cultural confluence of the international borderland.

The University of Texas-Pan American has developed the following statement which combines the traditional elements of institutional mission and philosophy:

◆ Mission Statement

The University of Texas-Pan American (UTPA) serves the higher education needs of a rapidly growing, international,
American University at Brownsville, which is now a separate university.

The greatest change in recent years was the University’s merger on September 1, 1989, with The University of Texas System, renaming the school The University of Texas-Pan American. The historic event culminated two years of study, hearings, discussion and negotiations involving regents, legislators, faculty, students, alumni and the community. With the addition of Pan American University, The University of Texas System gained a window on eastern Mexico and a strong presence in one of the fastest-growing regions of the state. To its advantage, Pan American gained the participation and support of the System and its components in expanding the number of academic opportunities it offers its students.

In 1994, the Texas Higher Education Coordinating Board approved UT Pan American’s first doctoral degree, a Ph.D. program in business administration with an emphasis in international business, effectively marking the beginning of a new era in the development of the institution. In 1998, the Coordinating Board approved a second doctoral program, an Ed.D. in educational leadership. UTPA also now offers a Pharm.D. in pharmacy in cooperation with The University of Texas at Austin.

UT Pan American has continued to broaden its curriculum, adding baccalaureate, master’s and doctoral degree programs. Today, it is the 10th largest of the state’s 35 senior institutions.

**The Students**

UT Pan American has one of the largest enrollments of Hispanic students among four-year colleges and universities in the United States. About 86 percent of the undergraduate students are Mexican-American, reflecting the demographic characteristics of the immediate region, the Rio Grande Valley.

In May 2004, The Hispanic Outlook in Higher Education reported that UTPA is second in the nation in the number of bachelor degrees awarded to Hispanics and first in the state of Texas.

Enrollment in fall 2004 was 17,030. The Texas Higher Education Coordinating Board predicted the University would have a fall enrollment of 19,032 students by the year 2010.

**Degrees and Programs**

UT Pan American’s six academic colleges — Arts and Humanities, Business Administration, Education, Health Sciences and Human Services, Science and Engineering and Social and Behavioral Sciences — offer a wide range of degree options encompassing a comprehensive series of academic concentrations and selected areas of professional study.

**Bachelor’s Degrees**

**College of Arts and Humanities**  
Art (BA, BFA)  
Communication (BA)  
Communication Studies (BA)  
Journalism (BA)  
Theatre (BA)  
English (BA)

- Criminal Justice (MSCJ)
- Psychology
  - Clinical (MA)
  - Experimental (MA)
- Public Administration (MPA)
- Sociology (MS)
- Master of Arts in Interdisciplinary Studies (MAIS)
  Concentration in Anthropology

Doctoral Degrees

College of Business Administration
- Business Administration with an emphasis in International Business (Ph.D.)

College of Education
- Educational Leadership (Ed.D.)

College of Health Sciences and Human Services
- Pharmacy (Pharm.D.) in cooperation with
  The University of Texas at Austin

For more information on graduate programs, please consult the Graduate Catalog.

Additional degree programs were being developed and approved at the time of publication. Contact the Office of Records and Registration for information about these new opportunities.
Officers of the Board of Regents
James R. Huffines, Chairman (Austin)
Rita Crocker Clements, Vice Chairman (Dallas)
Woody L. Hunt, Vice Chairman (El Paso)
Cindy Taylor Krier, Vice Chairman (San Antonio)
Francie A. Frederick, Counsel and Secretary

Members of the Board of Regents
Terms Expire February 1, 2005
Robert Estrada (Ft. Worth)
Woody L. Hunt (El Paso)
Terms Expire February 1, 2007
Rita C. Clements (Dallas)
Judith L. Craven, M.D. (Houston)
Cyndi Taylor Krier (San Antonio)
Terms Expire February 1, 2009
John W. Barnhill Jr. (Brenham)
H. Scott Caven Jr. (Houston)
James Richard Huffines (Austin)
Term Expires February 1, 2011
Robert B. Rowling (Dallas)

Office of the Chancellor
Mark G. Yudof, Chancellor
Teresa A. Sullivan, Ph.D.,
Executive Vice Chancellor for Academic Affairs
Kenneth I. Shine, M.D.,
Executive Vice Chancellor for Health Affairs
Scott C. Kelley,
Executive Vice Chancellor for Business Affairs
Tonya Moten Brown, Vice Chancellor of Administration
Robert E. Barnhill,
Vice Chancellor for Research and Technology Transfer
John De La Garza Jr.,
Vice Chancellor for Community and Business Relations

Randa Safady, Vice Chancellor for External Relations
William H. Shute, Vice Chancellor for Federal Relations
E. Ashley Smith, Vice Chancellor for Governmental Relations and Policy

President’s Office
Blandina Cárdenas, Ph.D., President
Carol Rausch, Assistant to the President
Susan R. Griffith, Ph.D., Executive Director, Office of Institutional Research and Effectiveness
Clifford M. (Mike) Crissinger, Director, Internal Audits
Gary Wiggins, Ph.D., Chief Information Officer, Information Technology
Anne Harwell Toal, Director, Academic Computing
Leota Hull, Director, Computer Center
Paula Berkley, Records Management Analyst
Steve Copold, Director, Telecommunication Services
Omar Cantu, Director, Video Resources

Division of Academic Affairs
Rodolfo Arévalo, Ph.D., Provost and Vice President for Academic Affairs
George P. Avellano, Ph.D., Associate Vice President for Academic Affairs for Graduate Programs;
Interim Dean, College of Social and Behavioral Sciences
Wendy A. Lawrence-Fowler, Ph.D.,
Associate Vice President for Research
Ana Maria Rodriguez, Ed.D.,
Associate Vice President for Undergraduate Studies
Wallace Tucker, Ph.D.,
Interim Dean, College of Arts and Humanities
John Emery, Ph.D.,
Dean, College of Business Administration
Velma Menchaca, Ph.D.,
Interim Dean, College of Education
Bruce Reed, Ph.D.,
Interim Dean, College of Health Sciences and Human Services
Patricia Canales, Ph.D.,
Interim Assistant Dean, Pharmacy Program
Edwin LeMaster, Ph.D.,
Interim Dean, College of Science and Engineering
Lawrence Caylor, Director, University Library
Dora Saavedra, Ph.D., Director, Honors Studies Program

Division of Business Affairs
James R. Langabeer, Vice President for Business Affairs
Esequiel Granado Jr., Associate Vice President for Business Affairs and Comptroller
Juan C. Gonzalez, Assistant Vice President for Business Affairs and Budget Director
Marco A. Saenz, Assistant to the Vice President
Howard Miller, Chief, University Police
Marvin Boland, Director,
Facilities Planning and Construction
The University of Texas-Pan American is an equal opportunity educational institution. Under this philosophy, students are admitted to the University without regard to race, creed, color, sex, ethnic origin, religion, age, veteran status or disability.

Admission is only for the semester requested. Students who apply but do not attend must submit an updated application for admission to enroll for a later semester. Students not enrolled for the previous regular semester must apply for readmission.

Students are admitted to The University of Texas-Pan American through the Office of Undergraduate Admission, which is responsible for administering admission policies. Students who wish to attend the University must meet all admission requirements by the published deadline date for the semester for which they are applying. Failure to have applications with supporting documents on file by these dates will result in restrictive admission or denial of admission at that time. Request documents to be sent to:

Office of Undergraduate Admission
Student Services Building, Third Floor
The University of Texas-Pan American
1201 W. University Drive
Edinburg, TX 78541-2999
956/381-3040 or 956/381-2201
Voice/Telecommunications
Device for the Deaf: 956/381-2215
Web: www.utpa.edu/admissions
E-mail: admissions@utpa.edu

Required high school and/or college transcripts must be requested from each individual institution attended. These official transcripts must be sent by the institution directly to the Office of Undergraduate Admission at the above address. Information regarding how test scores may be requested may be obtained from the University Testing Center, UTPA Annex, 2412 S. Closner, telephone 956/292-7585. E-mail: testing@utpa.edu

Texas Common Application
In accordance with Sections 51.762 and 51.763 of the Texas Education Code, students have the opportunity to apply to any public institution in the State of Texas through a common application process. Please check with the Office of Records and Registration for full details.
Undergraduate Admission

Admission Documents Required
Applicants seeking admission are required to submit the following documents by the published deadline date to be considered for admission. Applications received after the published deadline date will automatically be processed for the next available semester.

1. **Application for Admission.**
2. **Official College Transcripts** from all colleges and universities attended. Transcripts must be sent directly from the institution(s) attended and may not be hand carried. Students who are currently enrolled at another institution should request a transcript to be sent with the coursework completed to date, followed by a final transcript to be sent upon completion of the current semester. Only coursework or degrees earned at an institution accredited by a regional accrediting association will be recognized. (For more information on accreditation, see the Glossary on page 334).
3. **Texas Success Initiative (TSI)** approved test scores or proof of exemption for students who plan to enroll in college-level coursework. Test scores from approved TSI exams or TSI exemption will not be used as a basis for admission, but will be used to determine placement. Refer to page 64 for further information.

Freshmen and transfer students who have less than 30 college level hours must also submit:

4. **ACT or SAT scores.**
5. **High School Transcript** showing the units completed, grades earned, date of graduation and rank in class. Admission may be tentatively granted on the basis of the first semester of the senior year.

The Office of Undergraduate Admission will make every effort to inform applicants of incomplete files. If incomplete applications are received within one month of the application deadline, there will not be sufficient time to notify applicants. Applicants will be issued a UTPA ID number to be used as a student identification number. Students may use the UTPA ID or their social security number when requesting information regarding their records.

All documents submitted become the property of UT Pan American. Admission documents submitted will remain on file for one year, if the student does not attend, or five years if the student attends UT Pan American. Documents will not be returned.
**Notification of Admission Decisions**

Admission decisions are made throughout the application period and announced as soon as possible. The decision may be to accept, accept conditionally pending completion of high school or current college enrollment, or to deny the application. Applicants who were accepted conditionally are required to submit final transcripts when that institution has transcribed all coursework and final grade calculations. New applicants accepted for admission are required to attend new student orientation prior to enrolling for courses.

Applicants who are not admitted may submit a written appeal to the Admissions Committee. Students should contact the Office of Undergraduate Admission for deadlines to submit admission appeals.

**Suspected Fraudulent Admission Applications**

Applicants for admission to The University of Texas-Pan American should be aware that the information submitted will be relied upon by university officials to determine their status for admission and residency for tuition purposes. Failure to submit a complete and correct application, including all transcripts, is grounds for rejection of application, withdrawal of an offer of acceptance or, after enrollment, any disciplinary action including expulsion. Any applicant, whether a new student or a former student at the University, who has attended another collegiate institution is not at liberty to disregard any part of the collegiate records and apply for admission to UT Pan American on the basis of the high school record or a partial record of his or her college work, but is subject without exception to the regulations given above. Students who have course credit or grades earned 10 or more years ago may elect to be readmitted under the Academic Fresh Start program. See page 21 for more information.

**Freshman Admission**

Applicants who have not attended a college or university after graduating from high school, or students transferring less than 30 academic college hours, may seek admission as a freshman. Freshmen will be accepted to The University of Texas-Pan American based on their high school class rank, high school curriculum, scores on the ACT or SAT exam, and GPA of all college work attempted (if applicable — refer to page 26 for Transfer Admission).

1. **Top 10 Percent Applicants from Texas High Schools.** Applicants who graduate from recognized public or private high schools in Texas with a class rank in the top 10 percent of their high school graduating class will be automatically admitted to The University of Texas-Pan American.*

2. **International Baccalaureate Diploma Program Recipients.** Applicants who receive an International Baccalaureate Diploma will be automatically admitted to The University of Texas-Pan American.*

*While Top 10 percent or I.B. admission is automatic, the documents described above must be submitted by the admission deadline in order to take advantage of the automatic admission.

3. **Other Applicants.** Entering freshmen who achieve the following standards may also be admitted to The University of Texas-Pan American.

*Students graduating from a recognized high school from outside the state of Texas must have completed the following college preparatory coursework in addition to other credits required for graduation:

- 4 years of college preparatory English
- 3 years of mathematics to include Algebra, Geometry, Algebra II and advanced math
- 3 years of science in Biology, Chemistry, or Physics
- 3 1/2 years of Social Studies to include World History, World Geography, U.S. History Studies since reconstruction and U.S. Government
- 2 years of the same foreign language

The following recommended High School Curriculum will be phased-in as a requirement for regular admission beginning fall 2007:

**English Language Arts**

4 credits

*English I, II, III, IV

- English I and II for Speakers of Other Languages may be substituted for English I and II only for immigrant students with limited English proficiency.

**Mathematics**

3 credits

*Algebra I, Algebra II and Geometry
Science 3 credits

Selected from: four specified areas as indicated below.
(No more than one credit may be chosen from each of the four areas.)
- Integrated Physics and Chemistry
- Biology, AP Biology, or IB Biology
- Chemistry, AP Chemistry, or IB Chemistry
- Physics, Principles of Technology I, AP Physics or IB Physics

Students are encouraged to take Biology, Chemistry and Physics.

Social Studies 3 1/2 credits

World History Studies (one credit)
World Geography Studies (one credit)
- U.S. History Studies Since Reconstruction (one credit) and
- U.S. Government (one-half credit)

Economics 1/2 credit

With emphasis on the free enterprise system and its benefits (one-half credit).

Physical Education 1 1/2 credits

One-and-one-half credits to include Foundations of Personal Fitness (one-half credit).
(Limit of two credits.) Can substitute:
- drill team
- marching band
- cheerleading
- ROTC
- athletics
- dance I-IV
- approved private program or
- certain career and technology education courses

Health Education 1/2 credit

One half credit or
Health Science Technology (one credit)

Language other than English 2 credits

Two credits must consist of Level I and Level II in the same language.

Fine Arts 1 Credit

One credit. (Speech may not substitute.)

Speech 1/2 credit

One-half credit selected from either:
- Communication Applications
- Speech Communication
- Public Speaking
- Debate or
- Oral Interpretation

Technology Application 1 credit

One credit selected from either:
- Computer Science I or II
- Desktop Publishing
- Digital Graphics/Animation
- Multimedia
- Video Technology
- Web Mastering
- Independent Study in Technology Applications
- Business Image Management and Multimedia
- Telecommunications and Networking, Business Computer Information Systems I or II
- Business Computer Programming
- Computer Applications
- Technology Systems (computer lab-based)
- Communication Graphics (computer lab-based) or
- Computer Multimedia and Animation Technology

Electives 3 1/2 credits

(choose from Option I, Option II or Option III, below)

TOTAL 24 credits

A. Mathematics (one credit) must be Precalculus.
B. Science (one credit) selected from either:
- Integrated Physics and Chemistry
- Biology, AP Biology, or IB Biology
- Environmental Systems, IB Environmental Systems or AP Environmental Science
- Chemistry, AP Chemistry, or IB Chemistry
- Aquatic Science
- Physics, AP Physics, or IB Physics
- Astronomy
- Geology, Meteorology, and Oceanography
- Scientific Research and Design
- Anatomy and Physiology of Human Systems
- Medical Microbiology
- Pathophysiology or
- Principles of Technology I and Principles of Technology II.
C. Elective (one and one-half credits).

2. Option II: Career and Technology.

Three and one-half credits in a coherent sequence of courses for career and technology preparation.

Three and one-half credits in state-approved courses in:
- language arts
- science
- social studies
- mathematics
- languages other than English
- fine arts or
- technology applications
*Advanced Placement (AP), International Baccalaureate (IB) or college courses may substitute.

### University Honors Program
The purpose of the University Honors Program is to provide capable and interested students with a means of enriching their college education. Students in the program attend special honors classes at the freshman and sophomore level and complete independent study courses related to their major field of study at the junior and senior level.

Entering freshmen may apply for admission to the program in one of these three ways:

1. Have a composite ACT score of 24 or higher (or SAT equivalent of 1110); or
2. Graduate in the top 10 percent of their high school class; or
3. Graduate from high school with a grade average of 90 or above in academic courses.

Students who are already attending college may apply if they have earned 12 or more hours of college credit with a GPA of 3.3 or higher. College grades and recommendations from university professors will determine a student’s eligibility. A list of courses and other information about the University Honors Program are on page 98 and page 281 of this catalog.

Admission to The University of Texas-Pan American does not grant admission into the University Honors Program. Students must apply directly to the program. Contact the University Honors Program office for an application or additional information.

Director, University Honors Program

### Concurrent Enrollment Program
for High School Students
UT Pan American sponsors two types of Concurrent Enrollment Programs — the High School to University Program (On-Campus Attendance or Distance Learning) and the Independent Student Program (On-Campus Attendance). Both programs are designed to give outstanding high school juniors and seniors an opportunity to earn college credit in a University learning environment. Concurrent Enrollment students are graded in the same manner as are other college students and are awarded college credit upon graduation from high school. Students who wish to receive dual credit (high school and college credit) must receive approval from their school districts for high school credit to be awarded.

Students who receive Concurrent Enrollment credit at UT Pan American may be eligible for the University Scholars Scholarship (tuition and fees for four years) upon regular admission to the University. For more information about University Scholars, see page 51 or contact the Scholarship Office at 956/381-2935.

To be admitted to Concurrent Enrollment, students must submit the following documents by the published deadline for the semester for which they are applying:

- Application for Concurrent Enrollment Admission.
- Concurrent Enrollment Course Request Form. (This document may be sent with the application or may be submitted subsequent to official admission to Concurrent Enrollment.)
- High school transcript sent directly from the high school showing completion of the sophomore year.
- American College Testing Program (ACT) scores with a minimum composite of 22 [or equivalent Scholastic Assessment Test (SAT) score of 1030].*
- Scores fulfilling the Texas Success Initiative (TSI) sent directly from the testing agency, if required for the courses taken. Students will not be permitted to register or will be dropped if TSI requirements are not met. See page 64 for more information.

*Submission of ACT/SAT scores is optional for High School to University Program applicants.

Concurrent Enrollment program documents are available for download at: http://hs2us.utpa.edu/ce

All admission documents for Concurrent Enrollment must be submitted to:

High School to University Services
The University of Texas-Pan American
Mailing address: 1201 W. University Dr.,
Edinburg, TX 78541-2999
Physical address: UTPA Annex #101, 2412 S. Closner,
Edinburg, TX 78541-2999
Phone: 956/292-7570
Fax: 956/292-7581
E-mail: ce@utpa.edu

It is recommended that all documents be sent at one time. All documents submitted become the property of The University of Texas-Pan American.

Students must also meet the prerequisites for the course(s) in which they plan to enroll, if any exist. In order to continue in Concurrent Enrollment, participating students must earn a grade of “C” or higher in each University course taken.

Upon graduation from high school, Concurrent Enrollment students must submit a final high school transcript indicating:

1. that the student is a graduate;
The Concurrent Enrollment Honors Program offers an exceptional educational experience for academically talented high school students. Benefits to program participants include small class sizes, innovative teaching techniques, individualized instruction, research opportunities, academic recognition and a wide variety of extracurricular activities. Honors courses are offered in a wide range of academic disciplines including English, history, political science, humanities, biology, statistics and others. Concurrent Enrollment Honors Program participants who continue their education at The University of Texas-Pan American after high school graduation have an opportunity to graduate from the University within the framework of the Honors Program.

Admission Criteria for the Concurrent Enrollment Honors Program:

In addition to meeting the criteria and submitting all documents required for regular admission to the Concurrent Enrollment program, students must:

1. Complete a Concurrent Enrollment Honors Program application form.
2. Have an ACT composite score of at least 22 (or the SAT equivalent, 1030).
3. Submit a personal narrative that:
   1) summarizes the important events in the student’s life, giving particular attention to special interests and to any honors or awards received, and
   2) gives the students reasons for wanting to participate in the Concurrent Enrollment Honors Program at UTPA.

Concurrent Enrollment Honors Program applicants must meet all regular application deadlines for Concurrent Enrollment. Because of limited seating in honors classes, students are encouraged to apply early.

Concurrent Enrollment

Summer Housing Programs

Several summer residential programs are available for eligible Concurrent Enrollment students. Individuals selected for these programs receive room and board scholarships and have the added benefit of special informational sessions that cover topics related to applying for college and preparing for success in higher education. Additional benefits may exist depending upon the focus of the program. Call High School to University Services at 956/292-7570 for details.

Readmission

Students who last attended UT Pan American are admitted as Returning Students after an absence of at least one regular semester. To be admitted as a Returning Student, an applicant must be in good academic standing or have served his or her period of suspension (students will be readmitted on academic probation). Returning students must also clear any academic or financial “holds” before enrollment will be permitted.
If students seeking readmission were enrolled at other colleges or universities after last attending UTPA, official transcripts must be provided to the Office of Undergraduate Admission and a grade point average of 2.0 (on a 4.0 scale) must have been attained.

It is recommended that students who are returning after an extended absence seek advising, either from an academic advisor or the Advisement Center. Students with 60 or more hours should work with their academic advisor in their major department to make any necessary updates to their degree plan.

Returning students who are not TSI exempt or who have not passed all sections of a TSI approved exam, must seek advising at the Advisement Center.

![Transfer Admission](#)

**Applicants who last attended an accredited college or university other than UT Pan American may seek admission as a transfer student. Effective Spring 2005, all transfer students must have a cumulative GPA of 2.0 or higher (4.0 scale on all academic college work attempted). Students who are currently enrolled at another institution at the time of application will have their admission decision based on work completed at the time of application. Applicants transferring less than 30 hours must also meet Freshman Admission requirements (see page 22).**

![Transfer of Undergraduate Credits](#)

**Transfer of regular academic credit or recognition of degrees from another institution to UT Pan American involves at least three considerations:**

1. the educational quality of the institution from which the student transfers,
2. the comparability of the nature, content and level of credit earned to that offered by UT Pan American, and
3. the appropriateness and applicability of credit earned to the programs offered by UT Pan American, in light of the student’s educational goals.

Accreditation speaks primarily to the first of these considerations, serving as the basic indicator that an institution meets certain minimum standards. Accreditation affords reason for confidence in an institution’s purposes, in the appropriateness of the resources and plans for carrying out these purposes and in its effectiveness in accomplishing its goals. UT Pan American requires that the institution be accredited by the regional accreditation association responsible for the geographical area in which the institution is located. Institutions that are not accredited may lack that status for reasons unrelated to questions of quality. Such institutions, however, cannot provide a reliable, third-party assurance that they meet or exceed minimum standards.

Comparability of nature, content and level of transfer credit and the appropriateness and applicability of the credit earned to programs offered by UT Pan American are as important in the evaluation process as the accreditation status of the institution at which the transfer credit was awarded. Since accreditation does not address these questions, this information must be obtained from the catalog and other materials from the sending institution.

The University accepts transfer credit and recognizes degrees from both traditional and non-traditional education institutions that are accredited by regional accreditation bodies in the United States. In cases where credits and degrees are awarded by non-traditional accredited institutions requiring no in-residence coursework, individual evaluation of transcripts must be made to determine credits for transfer. These evaluations will normally be made by the appropriate academic or administrative office.

There may be some differences between the acceptance of credit for admission purposes and the applicability of credit for degree purposes. UT Pan American may accept previous work, place a credit value on it and enter it on the transcript. However, because of its nature and not its inherent quality, it may be determined to have no applicability to a specific degree program to be pursued by the student.

Foreign institutions, in most cases, are chartered and authorized by their national governments, usually through a ministry of education. Although this provides a standardization within a country, it does not produce useful information about comparability from one country to another. No other nation has a system comparable to the voluntary accreditation used in the United States. The Country Index, published by the International Education Research Foundation Inc., and the student’s performance in his or her first year of coursework shall be used as the guide for evaluating post-secondary work from foreign institutions.

![Transfer Credit Guidelines](#)

The grading policies of The University of Texas-Pan American will be applied to all coursework transferring from other institutions. Some special circumstances regarding the transfer or non-transfer of credit to UT Pan American are listed as follows:

1. **Bible Coursework:** Exegetical or doctrinal courses in religion are not transferable. Courses in Bible of a historical or literary nature (but non-doctrinal) are transferable up to a maximum of 12 semester hours of lower-division credit.
2. **Incomplete Grades:** Incomplete grades are treated as "F" grades for the purpose of grade point average calculation.
3. **Life Experience:** Normally, no credit will be awarded for "life experience." Exception to this rule may include those cases where the credit has been validated either by another accredited institution of higher education, or by a test administered by an academic department and approved by the Provost’s Office.
4. **Remedial Courses:** Sub-college courses such as remedial reading, developmental reading, speed reading, remedial science and orientation are not transferable for credit.
5. **Terminal Courses:** Terminal courses offered at many junior colleges are not offered for the purpose of transfer to senior colleges and usually are clearly labeled in the college catalog as being non-transferable. Examples of terminal courses are auto mechanics, machine shop, electricity, data processing and welding. (There will be limited exceptions to this rule in the case of the Bachelor of Applied Arts and Sciences degree. For more information, see page 202.)

6. **Vocational/Technical Courses:** Drill or skill courses such as filing methods and vocational or technical training courses such as shop courses, welding, carpentry, plumbing and masonry are not transferable.

7. **Second Undergraduate Degrees:** Transfer students entering with a bachelor’s degree who seek a second undergraduate degree from UT Pan American must officially request that an evaluation of credits be completed by the Office of Records and Registration. Completion of a baccalaureate degree at another accredited institution will fulfill the University of Texas-Pan American’s general education (core curriculum) requirements exclusive of any state specified coursework. Students will be required to complete the Texas state-mandated coursework in U.S. history and political science if this has not already been completed as part of their first degree. Students must also complete any other University and departmental requirements for the second degree as stipulated in the catalog.

### Transfer Curricula and Resolution of Transfer

#### Disputes for Lower Division Courses

The following policy was developed for students transferring to UT Pan American from other Texas public institutions:

1. The transfer of curricula shall be as prescribed by the current issue of the Texas Higher Education Coordinating Board’s guide to Transfer Curricula and Transfer of Credit. Current guidelines can be reviewed at the Office of Undergraduate Admission.

2. The following procedures shall be followed by public institutions of higher education in the resolution of transfer disputes involving lower division courses:
   
   a. If an institution of higher education does not accept a course credit earned by a student at another Texas public institution of higher education, that institution shall give written notice to the student and the other institution that the transfer of the course credit is denied.
   
   b. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Coordinating Board rules and/or guidelines.
   
   c. If the transfer dispute is not resolved to the satisfaction of the student or the institution at which the credit was earned within 45 days after the date the student received written notice of the denial, the institution that denies the transfer of the course credit shall notify the Commissioner of Higher Education of its denial and the reason for the denial.

3. The Commissioner or the Commissioner’s designee shall make the final determination about a dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.

4. All Texas public institutions of higher education shall furnish data to the Coordinating Board on reported transfer disputes as the Board may require in accordance with its statutory responsibilities under Section 61.078(e) of the Texas Education Code.

#### Texas Common Course Numbering System

The Texas Common Course Numbering System (TCCNS) has been designed to aid students in the transfer of general academic courses between colleges and universities throughout Texas. Common courses are freshman and sophomore academic credit courses that have been identified as common by institutions that are members of the TCCNS. The system ensures that if the student takes courses that the receiving institution has designated as common, then the courses will be accepted in transfer, and the credit will be treated as if the courses had actually been taken on the receiving institution’s campus.

The table on pages 28-31 lists the courses UT Pan American has identified as common and their TCCNS equivalents. Before using this table, students should be sure that the institution they attend employs the TCCNS. Course availability varies from institution to institution.

Only courses that have direct equivalents are shown. Other courses may transfer by title. Students wishing to transfer a course to UT Pan American that is not listed in this guide should obtain approval from the Office of Undergraduate Admission prior to taking the course.

The UT Pan American Office of Undergraduate Admission must receive an official transcript directly from the registrar’s office of the institution attended before credit can be transferred. (See section on Transfer of Undergraduate Credits on page 26 for complete transfer of course credit regulations.)

#### Distance Learning Courses

UTPA offers two types of distance learning education courses in addition to the traditional classroom setting. Interactive video courses are identified by the letter “I” after the section number, and local Web delivery courses are identified by the letter “L” after the section number: (i.e. ENG 1301.901 or ENG 1301.90L).

For further information, contact the course instructor, visit the Center for Distance Learning Web site at cdl.utpa.edu or call the center at 956/381-2979.

UT TeleCampus Courses

Some courses listed in this catalog are offered from The University of Texas-Pan American via UT TeleCampus. UT TeleCampus is the centralized support center for online education throughout The University of Texas System. In the Web site you’ll find: online classrooms, a digital library, free online tutorial services, 24/7 technical support, links to various admissions and registrar offices throughout the UT System and full program descriptions for the online courses and degrees UT TeleCampus facilitates. Designated contacts at each campus are available to assist you as are the student services support staff of UT TeleCampus. With questions call toll-free: 1-888-TEXAS-16 (1-888-839-2716).

NOTE: To see a full listing of courses and host universities for the UTTC programs, please access the UT TeleCampus Web site at http://www.telecampus.utsystem.edu

International Admission

An applicant is considered an international student if the applicant is not a citizen of the United States or does not hold permanent resident alien status. All required documents must be on file in the Office of Undergraduate Admission no later than 60 days prior to the beginning of the semester.

International students must not only meet standard admission requirements, but must also submit the following documents:

1. International Student Application for Admission.
2. Test of English as a Foreign Language (TOEFL) scores or other acceptable exam. Students from countries whose native language is not English will be expected to take the TOEFL. TOEFL scores must be sent directly from the Educational Testing Service. UT Pan American will not accept residual TOEFL exams taken at another institution. Students scoring below 500 (173 for computer-based tests) on the TOEFL will be denied admission. Undergraduate students scoring between 500 and 550, but otherwise meeting department requirements, will be required to take prescribed courses in English.
3. Proof of sufficient funds to pay for one year of educational and living expenses. This may be proved through financial documents and bank statements showing specific dollar amounts available.
4. English translation and evaluation of educational records. In addition to the official transcripts required for admission, certified English translation must be included to allow for accurate interpretations. NOTE: See application.
5. Purchase of Mandatory Medical Insurance from the University. Medical insurance is required each semester of attendance with minimum coverage as follows: Major Medical $50,000; Medical Evacuation $10,000; Repatriation of Remains $7,500. Medical insurance will be automatically billed at the beginning of each semester and must be maintained throughout your time at our university unless proof of adequate insurance is provided to the International Student Advisor by the official census date for the semester (refer to the University calendar for published census dates). Refunds will not be generated for students who obtain or submit proof of insurance after the census date.

Procedure After Admission — Issuance of I-20

Upon completion of the application process, successful applicants will be issued an I-20 by the International Student Advisor, who is the University’s designated official to report the status of international students to the U.S. Citizenship and Immigration Services (USCIS). Students must then present the I-20 to the American Consulate in their home country to obtain a visa.

International students are required to report any change in status immediately to the International Student Advisement Office, located in UC 113 on the first floor of the University Center Building, 956/381-2922, http://www.utpa.edu/dept/isa/

SEVIS: (Student and Exchange Visitor Information System) is an internet-based system that allows schools and the Department of Homeland Security (immigration agencies) to exchange data on the visa status and activities of international students. Accurate and current information is transmitted electronically throughout an F-1 and J-1 student’s academic year in the United States. U.S. Ports of Entry, U.S. Embassies and consulates also have access to SEVIS. Schools are now required to report immediately to U.S. Immigration and Customs Enforcement any violations of immigration regulations. The Designated School Official
is then required to terminate the student’s visa status in SEVIS. Students who violate any immigration regulations are subject to arrest, fines, and/or deportation.

**Duration:** A non-immigrant student may be admitted for “duration of status.” This means that the student is authorized to stay in the United States for the entire length of time during which the student is enrolled full-time in an educational program and any period of authorized practical training plus 60 days. While in the United States, the student must maintain a valid foreign passport unless exempt from passport requirements.

**School on Visa:** For initial admission, the student must attend the school specified on the visa. If the student has a Form I-20 A-B from more than one school, it is important to have the name of the intended school specified on the visa by presenting a Form I-20 A-B from that school to the visa-issuing consular officer. Failure to attend the specified school will result in the loss of student status and subject the individual to deportation.

**Re-entry:** A non-immigrant student may be readmitted to the University after a temporary absence of five months or less from the United States, if the student is otherwise admissible. The student may be readmitted by presenting a valid foreign passport, a valid visa and either a new Form I-20 A-B or a page three of the Form I-20 A-B (the I-20 ID Copy) properly endorsed for re-entry if the information on the I-20 form is current.

**Transfer:** A non-immigrant student is permitted to transfer to a different school provided the transfer procedure is followed. Please contact the International Student Advisement Office for information on transfer procedures.

**Extension of Stay:** If the student cannot complete the educational program in the time indicated on the I-20, the student must apply for extension of stay. An application for extension of stay should be filed with the International Student Advisement Office at least 30 days but no more than 60 days before the expiration of the student’s stay. Extensions are granted under limited conditions.

**Special Students**

A student holding a bachelor’s degree from an accredited institution who does not wish to enter a graduate program may be permitted to register as a “Special Student” in one of the undergraduate colleges and is subject to all rules and regulations of that college.

Special Students seeking professional improvement are only required to have an official transcript showing the awarding of a bachelor’s degree (or higher) sent from the awarding institution. Special students seeking teaching certification or a second bachelor’s degree are required to have transcripts sent from all institutions attended. (A request for a second degree evaluation form must be completed at the Office of Records and Registration for students seeking additional bachelor’s degrees. For more information, see page 67.)

Special Graduate Students are those holding a master’s degree from an accredited institution who do not wish to enter a graduate program. For more information, consult the Graduate Catalog.

**Graduate Admission**

Graduate admission is addressed in detail in the Graduate Catalog.

Any student who would like to enroll in a graduate-level course (5000-9000 level) must apply and be accepted for graduate study at UT Pan American. Students accepted for graduate study are still eligible to enroll in undergraduate courses.

**Reservation of Work by Undergraduates for Graduate Credit**

It is possible for undergraduate students to enroll in graduate courses in their last semester under the following conditions:

1. The undergraduate student must lack no more than 12 hours of work to complete all requirements for his or her first bachelor’s degree.
2. These 12 hours (or less) must be completed in the same semester, or two six-week summer sessions, in which the student is taking the graduate courses.
3. Total enrollment must not exceed 15 hours in a regular semester, or 12 hours in a 12-week summer session.
4. The student has a minimum graduate admission GPA of at least a 2.5 (on a 4.0 scale) on work completed to date. (For information on the calculation of graduate admission GPA, consult the Graduate Catalog.)
5. The application for such graduate work is submitted to the Graduate School by the published deadline.

Undergraduates cannot count their work in graduate courses toward the bachelor’s degree. Such work will be reserved for credit toward a graduate degree.
Fiscal Policies

◆ General Information

The cost of attending The University of Texas-Pan American is relatively low — approximately $1,362.00 per semester for 12 hours of required tuition and fees for an undergraduate resident of Texas. The student financial aid program offering part-time employment, scholarships, grants and loans assists most students at UT Pan American in meeting the costs of attending college. (For more information on financial aid, see the Financial Assistance section on page 43 of this catalog.)

Financial Responsibility

State universities cannot extend credit. Students are expected to meet financial obligations to the University within the designated time allowed. Registration fees are payable at the time of registration, and students are not entitled to enter a class or laboratory until all their fees have been paid. (Exception: See Payment by Installment on page 39.)

Other charges are due within 10 days after a bill is rendered by the University, or according to the special payment instructions that may be printed on the bill. Failure to pay the amount owed in the allotted time can result in the withholding of registration privileges, official transcripts, grades and degrees, University disciplinary action, and other penalties and actions authorized by law.

A student is only registered in the University and entitled to university privileges after he or she has paid all required fees. A hold against re-entry is imposed on a student who fails to pay a debt owed to the University.

Initial payment of registration fees may be made by personal check, money order payable to The University of Texas-Pan American, credit card (VISA, MasterCard and Discover only) or cash. Students are advised to exercise care in paying fees by check. When a bad check for registration fees is returned to the University, a $15 returned check service charge is assessed, and the student is given 10 days from receipt of notice to make full payment by cash, cashier’s check or money order. Failure to comply will result in the penalties described above.

Residency Classification for Tuition Purposes

The Office of Records and Registration is responsible for determining residence status of students for purposes of tuition. The Office is guided by the Texas Education Code, 54.052, et seq., the Rules and Regulations for Determining Residence Status of the Texas Higher Education Coordinating Board and University regulations. Under the state statutes and regulations, for tuition purposes, a student or prospective student is classified either as a resident of Texas, non-resident (U.S. citizens from another state), or foreign students who are citizens from another country.

- A resident of the state of Texas for tuition purposes is an individual who is either a U.S. citizen, Permanent Resident Alien who has lived and worked in the state of Texas for a period of 12 months prior to enrollment or is an individual (regardless of their immigration status) who graduated from a Texas high school, has resided in Texas for at least three years as of the date of that graduation and provides an affidavit stating that the individual will file an application to become a permanent resident at the earliest opportunity of eligibility.

- Students who do not complete their degree within 45 semester hours of their degree requirement will have to pay out-of-state tuition for the remainder of their classes. (Please refer to “45 Semester Hour Rule below).

- A non-resident for tuition purposes is a U.S. citizen or Permanent Resident Alien who has not lived and worked in the state of Texas for a period of 12 months prior to enrollment.

- A foreign student is an alien who is not a permanent resident of the United States or has not been permitted by Congress to adopt the United States as his or her domicile. Residency for tuition purposes for a dependent is established on the residency of the parents or legal guardian.

- While these state requirements for establishing residency are complex and should be referred to in each particular circumstance, they generally require a minimum of 12 months of residing and gainful employment in Texas prior to enrollment.

- Individuals classified as a non-resident or foreign students may qualify for resident tuition rates and other charges while continuing to be classified as a non-resident or a foreign student under the following exceptions:
  - Students who receive academic competitive scholarships
  - Teaching or research assistants
  - Faculty employment
  - Special types of visas
  - Military

Information on residency, reclassification, tuition exceptions and waivers is available at:

The Office of Records and Registration
Student Services Building, Third Floor
1201 W. University Drive
Edinburg, TX 78541-2999
Telephone: 956/381-2732 or 956/381-2209

Students are required to sign an oath of residency as part of the application process. Residency for tuition purposes will be based on this oath and other information/documents submitted by the student.
45 Semester Hour Rule
Pursuant to Section 61.0595 of the Texas Education Code, resident undergraduate students who, before the semester or other academic session begins, have attempted* a number of semester credit hours for courses taken at any institution of higher education while classified as a resident student for tuition purposes that exceeds by at least 45 hours the number of semester credit hours required for completion of the degree program in which the student is enrolled, will be classified as non-resident for tuition purposes. For purposes of this regulation, an undergraduate student who is not enrolled in a degree program is considered to be enrolled in a degree program requiring a minimum of 120 semester credit hours.

This regulation does not apply to semester credit hours earned by a student who initially enrolled as an undergraduate student in any institution of higher education before the 1999 fall semester.

*“Attempted hours” refers to the number of hours for which the student was enrolled as of the official census date of each term, including courses that are dropped after the official census date, optional internship and repeated courses, with the following exceptions:

- semester credit hours earned by the student before receiving a baccalaureate degree that has previously been awarded to the student;
- semester credit hours earned by the student by examination or under any other procedure by which credit is earned without registering for a course for which tuition is charged;
- credit for a remedial education course, a technical course, a workforce education course funded according to contact hours, or another course that does not count toward a degree program at the institution; and
- semester hours earned by the student at a private institution or an out-of-state institution.

✿ Texas Education Code, 54.504 - Incidental Fees and 55.16 Board Responsibility authorizes the governing board to fix and collect fees and charges. The averages are not given for college and course related fees (laboratory, incidental, supplemental/individual fees) since charges vary according to academic program and courses; actual fees are published in the institutional catalog and/or other publications. A summary description of these fees and the optional student fees may be found in The University of Texas-Pan American Catalog.

Visit our Web site at [http://www.utpa.edu](http://www.utpa.edu)

General Information: The Texas Legislature, except for basic tuition, does not set the specific amount for any particular student fee. The student fees assessed are authorized by state statute; however, the specific fee amounts and the determination to increase fees are made by the University administration and The University of Texas System Board of Regents.

**House Bill 3015 authorizes the governing boards of institution of Higher Education to charge any student Designated Tuition in any amount necessary for the effective operation of the institution effective September 1, 2003.**
Tuition and Mandatory Fees

Tuition, fees and charges are assessed to students based on semester credit hours, charge per semester or specific services. The Texas Legislature, except for basic tuition, does not set the specific amount for any particular student fee. The student fees assessed are authorized by state statute; however, the University Administration and The University of Texas System Board of Regents make the specific fee amounts and the determination to increase fees. House Bill 3015 authorizes the governing boards of an institution of higher education to charge student designated tuition in any amount necessary for the effective operation of the institution effective September 1, 2003. Texas Education Code, 54.504 — incidental fees and 55.16 — board responsibility authorizes the governing board to fix and collect fees and charges.

Shown in the Fee Tables on pages 36-37 are the required tuition and fees charged each semester:
- **Tuition**: 2004-2005 is $48 per semester credit hour for resident undergraduate students and $350 per semester credit hour for all non-resident undergraduate students and in 2005-2006 $50 and $350, respectively.
- **Tuition Designated charge**: 2004-2006 is $38 per semester credit hour, with a maximum of $532 per semester, for all undergraduate students.
- **Student Service Fee**: supports student activities such as intramural and intercollegiate athletics, the campus newspaper, student accident insurance, University Program Board, drama, dance group, Student Government Association, University Center and other student services as determined by the Board of Regents. At the time of the printing of this catalog, the fee is charged at $11 per semester credit hour up to a maximum of $131.73 per regular semester or $65.86 per summer session.
- **Student Union Fee**: $30 per student per regular semester and $15 per student per summer session will be assessed to provide operation and maintenance support of the Student Union Building.
- **Computer Access Fee**: $6.75 per semester credit hour up to a $101.25 maximum per regular semester and summer session is charged to fund costs incurred in providing access to and supervision of computer laboratories.
- **International Education Fee**: $71 per semester is charged to assist students participating in international student exchanges or study programs.
- **Registration Fee**: $8 per semester is charged to defray the cost of providing ASSIST services for registration.
- **Library Technology Fee**: $2.25 per semester credit hour, with maximum of $31.50 per semester, is charged to enhance student access to library information via technology.
- **Medical Service Fee**: $15 per regular semester or $7.50 per summer session is charged to fund Student Health Services.

NOTE: The Fee tables do not include required laboratory fees or individual instruction fees, which are listed with the individual course descriptions.

Course Specific Fees

- **Biology Course Fee**: $15-$36 will be assessed on biology courses to defray the costs of supplies, chemicals and costs associated with replacement of equipment.
- **Computer Science Instruction Fee**: $20 will be assessed on Computer Science courses to defray the cost of computer hardware, maintenance, lab monitors and software upgrades.
- **Dietetics Course Fee**: $15 will be assessed on specific dietetic courses to defray the cost of supplies, chemicals and costs associated with replacement of equipment.
- **Distance Education Fee**: $25 per course will be assessed to students enrolled in in distance learning courses offered through interactive video. Students enrolled in these courses may request fee waivers if special circumstances preclude them from using UTPA facilities, activities and/or student services on which a fee is based. Reference Distance Learning Tuition Waivers on pages 46-51 for additional information. The exception will be those students enrolled in an Online Master’s Program. Students will be charged a common cost of $580 set by the UT System. This amount includes all mandatory fees and a distance-learning fee.
- **Educational Resource and Equipment Access Fee**: $8 will be assessed to defray cost of field trips, supplies, chemicals and costs associated with replacement of equipment to students enrolled in specific chemistry courses.
- **Engineering Student Fee**: $50 per engineering/pre-engineering student per semester will be assessed to support the cost of software and other peripherals utilized in engineering courses.
- **Engineering Educational Technology Course Fee**: $2-$30 will be assessed to defray the cost of computer repairs, lab supplies, materials and equipment to students enrolled in specific engineering courses.
- **Instrument Users Fee**: $10 will be assessed for Clinical Laboratory Science courses, $25 to certain College of Education courses, and $8-$58 for specific music courses to support maintenance and equipment replacement costs.
- **Individual Instruction Fees**: For courses in art, communication and music that provide individual coaching or instruction, a fee of $35 for a one- or two-hour course or $60 for a four-hour course may be charged. Specific music courses are assessed $2.
- **Kinesiology Activity Course Fees**: $6 will be assessed for all two-hour kinesiology activity courses. In the case of bowling, golf and scuba diving, there is an additional fee for the use of non-University facilities and equipment, which is paid directly to the provider of these facilities; the additional fees are subject to change at the provider’s discretion.
• **Laboratory Fees:** $3-30 may be assessed for each laboratory course depending upon cost of material used.

• **Nursing Testing Fee:** The actual cost of testing will be assessed for standardized testing required by the Board of Nurse Examiners. This fee is non-refundable.

• **Occupational Therapy Course Fee:** $30 will be assessed to defray costs of supplies, chemicals and costs associated with replacement of equipment to students enrolled in specific courses.

• **Optical Mixed-Media Fee:** $10 to defray the cost associated with producing CDs, DVDs, or other optical media used to supplement course instruction.

• **Technology Fee:** Students enrolled in the College of Business Administration or College of Science and Engineering will be assessed a fee to defray costs associated with technical support and software licensing. Fee rates will be:
  
  — **College of Business Administration** —
  
  undergraduates, $10 per three semester credit hours with a $30 maximum; MBA graduates, $15 per three semester credit hours with a $45 maximum; Ph.D. graduates, $25 per three semester credit hours with a $75 maximum.

  — **College of Science and Engineering** —
  
  undergraduates, $5 per semester credit hour; graduates, $15 per semester credit hour.

### Payment by Installment

Section 54.007 of the Texas Education Code provides for payment by installment of tuition and mandatory fees in the fall and spring semesters. Students electing to use the installment plan must be enrolled for a minimum of seven semester hours and must personally fill out a contract at the Office of Payments and Collections, Student Services Building, Room 115. Students already receiving some form of financial aid, including scholarships, are not eligible.

Eligible students may elect one of the following two options during fall and spring registration:

**Option A:** Full payment on specified due date.

**Option B:** Half payment on specified due date.

One-fourth payment before the 6th class week.

One-fourth payment before the 11th class week.

Once an option has been selected, it may not be changed; however, advance payments will be accepted.

Students electing to pay in accordance with Option B must personally sign a promissory note. A non-refundable **Tuition Installment Incidental Charge** of $22.50 will be collected to defray the cost to the University of providing this delayed-payment service.

The law requires collection of the second and any subsequent installment before the class week indicated above. Late installments will be accepted during the first three class days of the class week indicated above, but a non-refundable **Late Payment Charge** of $5 will be assessed in addition to the installment amount.

After the first three class days of the class week indicated above, late installments will still be accepted, but a non-refundable **Reinstatement Fee** of $25 will be assessed in addition to the installment amount.

A student who fails to provide full payment of tuition and fees, including assessed late fees, to the University when the payments are due is subject to one or more of the following actions at the University’s option:

- **a.** being withdrawn from the University;
- **b.** being barred from readmission to the institution;
- **c.** the withholding of the student’s grades, degree and official transcript;
- **d.** all penalties and actions authorized by law.

### Concurrent Enrollment Fees

Fees for students registering concurrently at two Texas public institutions of higher education are called Concurrent Enrollment Fees.

A student shall pay the full tuition charge to the first institution at which he or she is registered.

Generally, only the hourly rate is paid at the second institution. However, if the minimum amount is less at the first institution, then the student must pay the difference in the two minimums to the second institution, but in no case shall the student pay to the institution less than the hourly rates. Tuition Designated, Student Service Fees and optional fees are billed by each institution at its regularly authorized rates.

### Other Fees and Deposits

- **Auditing Fees:** $20 non-refundable fee will be charged if the instructor permits anyone to audit the course.

- **Cafeteria Meal Tickets:** Cafeteria meals for students residing on campus are included in the Residence Hall contract. Other students may purchase a semester or summer session meal ticket. For more information, see Student Housing on page 87.

- **Catalog:** The first University Catalog is provided free to each undergraduate and graduate student; subsequent catalogs will cost $2 each.

- **Cooperative Pharmacy Program Application Fee:** $60 will be assessed to defray the cost associated with the application process and travel of faculty between UT Austin and UT Pan American for admission committee meetings.

- **Course Drop Fee:** $5 non-refundable fee is assessed to students dropping courses on the first day of classes and thereafter.

- **Dietetics Course Fee:** $15 will be assessed on specific Dietetic courses to defray the cost of supplies, chemicals and costs associated with replacement of equipment.

- **Diploma Replacement Fee:** $20 will be charged to students who request the replacement of a diploma for duplication costs.

- **Emergency Loan Processing Fee:** $20 non-refundable fee to defray administrative costs incurred in processing and collecting emergency loan payments. (See page 51 for more on Emergency Loans.)
- **Foreign Transcript Evaluation Fee:** $80 to defray the cost associated with evaluation of foreign transcripts.
- **General Property Deposit:** $20 one-time deposit to ensure against losses, damages or breakage in laboratories and libraries.
- **Graduation Fee:** $25 non-refundable fee is assessed for undergraduate and graduate degrees. This fee is payable at the time the candidate presents the application for graduation to the Office of Records and Registration. This fee is used to pay for processing the application for graduation, music, graduation speaker, postage, diplomas and other expenses associated with graduation. All students participating in the commencement ceremony are required to purchase the proper graduation regalia from the University Bookstore. No students will be permitted to participate without the proper regalia. Students wishing to transfer their application for graduation to another semester will be required to pay an additional $10 fee for each time they transfer.
- **Mandatory Medical Insurance Fee:** This is mandatory insurance for international students holding non-immigrant visas and living in the United States. The fee is variable, to match the premium for approved UT System Student Insurance Plan. For more information, see page 32.
- **ID Card Replacement Fee:** $7 non-refundable fee for a replacement ID card. Entering students are provided a free University Photo Identification Card. Students may pay the fee at the Office of Student Activities, University Center, Room 205, when they request a replacement ID Card.
- **International Business Doctorate Application Fee:** $35 non-refundable fee to defray costs of processing applications for admission to the doctoral program in international business.
- **Late Payment Fee:** $50 non-refundable fee to defray the cost associated with the processing of late tuition and fee payments.
- **Late Registration Fee:** $40 non-refundable fee to defray the costs of late registration and extra services required.
- **Library Fees:** The fees are, for a late book, $0.10 per workday per book; lost book, $20-$86 to be determined by LC Call No. plus a $15 processing fee; damage fee, $5 if repairable in-house, $12 if rebinding is needed by commercial binder; late reserve material, $0.50 per hour; late special collections book, $1 per day; late vertical file/Annual Report item, $1 per day; graduate carrel locker, $10 per year; photocopy fee, $0.20 per page; Interlibrary loan, actual cost; late laptop computer fee, $5; locker rental fee, $25; lost book returned without CD-ROM, cost of item plus a $15 processing fee; lost audio visual and computer materials, replacement cost plus a $15 processing fee. All library fees are paid at the Circulation Desk of the University Library.
- **New Student Fee:** This $50 fee is charged to defray costs associated with new student orientation, preregistration and other activities.
- **Orientation Deposit Fee:** A $15 non-refundable deposit fee, which will be credited against the New Student Fee if the student enrolls, will be charged to defray the cost associated with providing students materials during Orientation.
- **Parking Permit:** See Vehicle Registration and Operation Permit on next page (41).
- **Professional MBA Program Fees:** Fee is assessed to cover the program-related costs, including textbooks, supplies and guest lecturers. The amount varies based on actual costs.
- **Professional MBA Program Fees:** Fee is assessed to cover the program-related costs, including textbooks, supplies and guest lecturers. The amount varies based on actual costs.
- **Residence Hall Installment Charge:** See Student Housing on page 87.
- **Returned Check Charge:** $15 non-refundable service charge will be assessed to a student for each bad check. The University may refuse to accept a check from a student who has previously given a bad check (insufficient funds, account closed, signature irregular, payment stopped, etc.).
- **Short-Term Loan Fees:** $5 processing fee and a $5 late payment fee. (For more information on short-term loans, see page 51.)
- **Study Abroad and International Exchange Application and Program Fees:** $125 application fee will be assessed to defray the cost of administering the programs in addition to the actual cost of travel, lodging, meals, instructional Honorarium and Enrollment. Program fees assessed will be the actual cost of Study Abroad or International Exchange Program. These fees are nonrefundable.
- **Student Liability Insurance:** All students enrolled in specific programs in the College of Health Sciences and Human Services, College of Education or College of Social and Behavioral Sciences must carry liability insurance. This is necessary in order for students to participate in clinical practicum activities associated with coursework. Fee assessed will reflect actual cost of insurance.
- **Teacher Alternative Certification Program Application Fee:** $50 will be charged for processing applications for the Alternative Certification Program in the College of Education.
- **Teacher Preparation Program Fee:** A $30 one-time fee will be charged to defray costs related to services provided to the College of Education students seeking certification in the Teacher Preparation Program upon completion of 90 hours.
- **TELESYS Account Fee:** Students are charged $36 per year or $17 per fall or spring semester and $14 for both summer terms for 260 hours annually (pro-rated if paid by semester) of Internet access through a SLIP/PPP modem pool. The charges for 520 hours are $72 per year or $34 per fall or spring semester and $28 for both summer terms. The charge for 1040 hours is $108 per year or $42 per fall or spring semester and $36 for both summer terms. Internet access for more than 1040 hours annually is available at $2 per hour. The fee is assessed only for those students who make use of the service.
Tuition and Fees

- **Thesis Binding Fee:** An original and two copies of a master’s thesis must be bound and presented to the University. Although the cost will vary depending on the size of the thesis, it will be approximately $15 per copy.

- **Thesis Microfilming Fee:** Each master’s thesis is microfilmed and placed in the University Library. The cost will be approximately $20, depending on length of thesis.

- **TSI Activity Fee:** $95 will be charged to students participating in the Learning Assistance Center’s Texas Success Initiative (TSI). This fee supports non-course based developmental education activities.

- **TSI Affected Student Advisement Fee:** $25 per semester will be charged to students not cleared from TSI to defray the cost of advising.

- **Tuition Installment Incidental Charge:** See Installment Payments on page 39.

- **Student Union Game Room Late Payment Fee:** This fee is charged to defray the cost of processing late payments of recreation room charges. The fee is $5 the first day plus $1 per day after the first day to a maximum of $10.

- **University Testing Services:** Fees may be charged for tests to defray the cost of administering and scoring academic tests. Accuplacer Test Fee-$29; ACT Residual Test-$50; Advanced Standing Examination Fee-$20; CLEP Service Fee-$15; Correspondence Exam-$20; Institutional TOEFL-$40; Miller Analogies Test-$45; The Higher Education Assessment of THEA-Quick Test (formerly Q-TASP)-$10; Texas Commission on Law Enforcement Officers Standards and Education-$25; and Texas Examinations of Educator Standards or TExES Qualifying Exam-$15. Please inquire at the University Testing Center, UTPA Annex, 2412 S. Closner, Edinburg. Telephone: 956/292-7584 or 7585. E-mail: testing@utpa.edu

- **Vehicle Registration and Operation Permit (Parking Permit):** All students, whether full- or part-time, who operate a motor vehicle in the campus area must register the vehicle with the University Police Department. A hangtag permit or decal to be placed on the vehicle indicating the permit number and class “C” parking privileges will be provided. The charge for the academic year beginning September 1 and ending August 31 is $20 if paid during the fall semester, $15 if paid during the spring semester, $10 during the first summer session and $5 during the second summer session. There are no refunds after the 12th class day (fourth class day in the summer). Parking and Traffic Rules and Regulations are available at the University Police Department, or at http://w3.utpa.edu/~upd e

**NOTE:** Unpaid fees and/or fines that become overdue may result in a “hold” being placed on students’ records. The fees listed above must be paid at the Parking Services Department, Office of Payments and Collections, Student Services Building, Room 115, except for the Library Fees and ID Card Replacement Fee as noted above. Students who are unsure where to pay fees or what fees they owe may call the Office of Payments and Collections at 956/381-2715 for more information. For citation fees or fines, call the Parking Services Department at 956/381-2738.

**Refund of Registration Fees**

To officially withdraw from the University or drop a course, a student must go to the Office of Records and Registration. A student withdrawing officially and completely during a fall or spring semester will receive a refund of total tuition and fees (excluding non-refundable fees) according to the following scale (Section 54.006, Texas Education Code):

- 100 percent before the first day of classes
- 80 percent during the first five class days
- 70 percent during the second five class days
- 50 percent during the third five class days
- 25 percent during the fourth five class days
- No refund after fourth five class day period

Refund of total tuition and fees (excluding non-refundable fees) during a summer term to students withdrawing officially and completely will be made according to the following scale:

- 100 percent before the first day of classes
- 80 percent during the first three class days
- 50 percent during the fourth, fifth and sixth class days
- No refund after the sixth class day

**NOTE:** The term “class days” refers to days the University schedules classes, not the individual student’s schedule.

Students officially dropping courses but remaining enrolled at the University receive a full refund of tuition and mandatory fees actually paid for the dropped classes through the 12th class day (official census date) during a fall or spring semester or the fourth class day (official census day) during a summer term, minus a non-refundable $5 course drop fee and other non-refundable fees assessed for each course dropped beginning with the first day of classes. Students will not receive refunds for classes dropped after these dates. Additionally, per the Texas Higher Education Coordinating Board Rules and Regulations, students may not enroll in a course after the official census date (Chapter 9, Subch. B, Sec. 31.1).

Refund checks will be mailed within 45 days to the student’s billing address on file at the Office of Records and Registration (within 30 days if the student did not receive some form of financial assistance through the University). Refunds for a student under the installment plan will be first applied to the student’s unpaid balance.

Students who do not officially withdraw through the Office of Records and Registration will be responsible for tuition, fees and any circumstances arising from failure to withdraw.
Tuition Rebates

• Eligible Students

To qualify for a tuition rebate of $1,000 upon graduation from UTPA, students must meet all of the following criteria:

1. Student must have attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree in the catalog under which they graduated. (See definition of Attempted Hours below.)

2. Student must have enrolled for the first time in an institution of higher education in the fall of 1997 semester or later.

3. Student must be requesting a rebate for work related to a first baccalaureate degree received from a Texas public university.

4. Student must have been a resident of Texas, must have attempted all coursework at a Texas public institution of higher education, and have been entitled to pay resident tuition at all times while pursuing the degree.

Definition: Attempted hours include transfer credits, course credit in excess of nine hours that were earned exclusively by examination, courses that are dropped after the official census date, for-credit developmental courses, optional internship and cooperative education courses, and repeated exclusively by examination; courses that are dropped after the official census date, for-credit developmental courses, optional internship and cooperative education courses, and repeated courses. Courses dropped for reasons that are determined by the institution to be totally beyond the control of the student shall not be counted.

Amount of Tuition Rebates

1. The amount of tuition to be rebated to a student under this program is $1,000, unless the total amount of undergraduate tuition paid by the student to the institution awarding the degree was less than $1,000, for any amount of undergraduate tuition paid by the student to the institution.

2. A student who paid the institution awarding the degree an amount of undergraduate tuition less than $1,000 may qualify for an increase in the amount of the rebate, not to exceed a total rebate of $1,000, for any amount of undergraduate tuition the student paid to other Texas public institutions of higher education by providing the institution awarding the degree with proof of the total amount of that tuition paid to other institutions.

3. Tuition rebates shall be reduced by the amount of any outstanding student loan, including an emergency loan, owed to or guaranteed by this state, including the Texas Guaranteed Student Loan Corporation. If a student has more than one outstanding student loan, the institution shall apply the amount of the rebate to the loans as directed by the student. If the student fails to provide timely instructions on the application of the amount, the institution shall apply the amount of the rebate to retire the loans with the highest interest rates first.

Responsibilities of Institutions

1. Institutions shall notify first-time freshmen of the tuition rebate program. A notice in the official catalog shall be one acceptable form of notice.

2. If requested by potentially eligible students, public institutions of higher education are required to provide these students opportunities to enroll during each fall and spring semester in the equivalent of at least 12 semester credit hours that apply toward their degrees. Institutions are not required to provide students with the opportunity to enroll in specific courses or specific sections. The requirement may be met by allowing substitutions for required courses or by allowing concurrent enrollment in courses from another institution, so long as the courses are taught on the student’s home campus and the student incurs no financial penalty.

3. Texas public universities are required to provide students with appropriate forms and instructions for requesting tuition reimbursement at the time that students apply for baccalaureate degrees.

4. Institutions are required to provide tuition rebates to students who apply for them within 60 days after graduation or provide the student with a statement explaining the reason the student is ineligible for the rebate.

5. Institutions are required to provide a dispute resolution process to resolve disputes related to local administration of the program.

6. Disputes related to lower division credit transfer should be resolved in accordance with Coordinating Board rules, Chapter 5, Section 5.393 of this title (relating to transfer of lower division course credit).

7. Institutions may adopt rules and regulations for administering the program.

Responsibilities of Students

1. Students desiring to qualify for tuition rebates are responsible for complying with all University rules and regulations related to administration of the program.

2. Students desiring to qualify for tuition rebates are solely responsible for enrolling only in courses that will qualify them for the rebates.

3. A student who has transferred from another institution of higher education is responsible for providing to the institution awarding the degree official transcripts from all institutions attended by the student.

4. Students must apply for rebates prior to receiving their baccalaureate degrees on forms provided by the institution admission office and must keep the institution apprised of their address for at least 60 days after their graduation date.
Financial Assistance

■ Refund Policy

Return of Title IV Funds procedures for students receiving Title IV Financial Aid: Federal Law requires that a percentage of the earned and unearned Title IV aid of student financial aid recipients who withdraw completely from the University be returned.

Earned Title IV aid is the percentage of aid earned that is equal to the percentage of the enrollment period completed as of the day the student withdrew. To determine the earned aid, the school will divide the total number of days of enrollment completed for which aid is awarded by the number of calendar days in that enrollment period.

Unearned aid is determined as the amount of Title IV aid not earned by the student. This is calculated by multiplying the unearned percent by the total aid received, which will equal to the total amount of aid to be returned to Title IV programs.

If a student withdraws after completing at least 60 percent of the payment period or period of enrollment, then it is assumed the student earned 100 percent of the Title IV aid.

■ Federal Policy on all Fs

If a student fails to earn at least one passing grade in his/her classes and received Title IV Aid, the student must prove within a timely manner that he/she completed the course and earned the failing grade or the date the student stopped attending. Federal regulations, 34 CFR 668.22(c)(1)(iii), require the school to determine if the student earned the failing grades or if the student dropped out of school. If the school cannot make this determination, the school must apply the Return of Title IV Aid policy on the student’s account. This will cause the student to owe a balance due to the school. The student might also owe a balance to the federal government that must be paid within 45 days or the student’s account will be reported to the U.S. Department of Education for collections. A hold will also be placed on the student’s account that will prevent the student from receiving future Title IV Aid, register for future semesters, and receive any services from the institution.

♦ General Information

Financial aid plays a vital role at The University of Texas-Pan American, where a large percentage of students receive some type of financial assistance.

Tuition and fees at UT Pan American are significantly lower than private colleges and equal to, or lower than, most public colleges. This, together with the availability of federal financial aid funds, makes UT Pan American reasonably priced.

There are several sources of undergraduate student aid — workstudy employment at the University, placement in off-campus part-time jobs, scholarships, federal and state grants and federal loan funds.

For more information about the various types of financial assistance, contact:

Student Financial Services
Student Services Building, First Floor
1201 W. University Drive
Edinburg, TX 78541-2999
Telephone: 956/381-2501
E-mail: finaid@utpa.edu, loans@utpa.edu, scholarship@utpa.edu, workstudy@utpa.edu,
On the Web: http://www.utpa.edu/finaid/

For other financial aid information, the following services are available:

Financial Aid Voice Response System
956/381-3060

TDD/Telecommunication Device for the Deaf
956/381-3654
Hours: 8 a.m. to 5 p.m., Monday-Friday

Federal Student Aid Information Center
1/800/4-FED-AID (1/800/433-3243)
Hours: 8 a.m. to 12 midnight (Eastern Time)

To find out if his/her federal student financial aid application has been processed, or for a copy of his/her Student Aid Report (SAR), a student should call 1-800-433-3243 or visit the Web site www.ed.gov/studentaid
Application Process
The University of Texas-Pan American is an equal employment opportunity institution in the administration of its financial aid program. In keeping with this policy, financial aid is extended to students without regard to race, creed, sex, national origin, veteran status, religion, age or disability. An applicant will qualify for financial assistance if he or she meets the following criteria:

- a. is a U.S. citizen or eligible non-citizen;
- b. has registered with Selective Service (if required);
- c. has signed a statement of educational purpose/certification statement on refunds and default;
- d. is enrolled as a regular student working toward a degree in an eligible program;
- e. is not in default on any federal or institutional loan, and does not owe a refund on any federal or state grant program;
- f. demonstrates financial need, except when applying for funds from a program that does not require proof of financial need;
- g. is in satisfactory academic standing and making satisfactory academic progress (as defined by the Satisfactory Academic Progress Policy described below) at the University;
- h. has a financial aid application and all required documentation on file by the appropriate deadline.

How to Apply for Financial Aid:
- Attend an electronic FAFSA Processing Workshop to transmit your application electronically at the UTPA Student Financial Services Office or
- file your FAFSA over the Internet at http://www.fafsa.ed.gov; request a PIN at: www.pin.ed.gov (This is your electronic signature for FAFSA on the Web.) or
- mail your completed FAFSA using the self-addressed envelope included with the application.

All required documents must be submitted before any aid can be awarded.

The UTPA School Code for FAFSA is 003599.

In the event that two or more completed and eligible applications are submitted on the same date, priority will be given to those students with exceptional need.

Application Deadlines
To ensure processing before registration, the recommended priority dates for submission of the Free Application for Federal Student Aid “FAFSA” are as follows:

- Fall awards: March 1
- Spring awards: September 15
- Summer awards: February 15

Final deadline to apply and receive financial aid: June 30

Students who did not apply for financial aid or submit required documents by the recommended priority dates, may not have their aid awarded at the time payment is due. Arrangements will then need to be made by the student for an alternative method of payment.

- Benefits of Applying Early —
  - You increase your chance of receiving some of the state and/or local aid, which is in limited supply.
  - You get an eligibility reply (award letter) prior to the payment of tuition and fees.
  - If your file needs corrections, these can be completed before the payment date of tuition and fees.

NOTE: For students transferring in less than 60 hours, the Student Financial Services Office is required to monitor the completion of a high school diploma or its equivalent by requesting that such documentation be on file or turned in to the Office of Records and Registration before awarding any financial assistance.

The Disbursement Process
Students receiving financial aid can expect to receive their aid in any of the following methods:

1. When the student accepts his/her award, the award will be credited to the student’s account to pay for any educational expenses.
2. Stafford Loan checks will initially be disbursed approximately one week before the first class day for students who have been successfully guaranteed. If the student is a first time borrower, the disbursement of Stafford Loan funds will not occur until 30 calendar days after the first class day.
3. Early disbursements: A student may receive an early disbursement of their aid to assist them in purchasing books and supplies. This early disbursement check will be mailed to the student approximately one week before the first class day.

NOTE: Early disbursements are only issued under certain financial aid programs. Therefore, depending on the type of financial aid that the student receives, not all students will receive an early disbursement.

4. Financial aid disbursement checks: Once payment of all tuition and fees due and/or any other educational expenses due by the student have been paid, any remaining funds in the student’s account will be disbursed within 14 days after the first class day of the semester in which the student is enrolled.

Satisfactory Academic Progress Policy
Federal regulations state a student receiving financial assistance under Title IV programs must be maintaining satisfactory academic progress whether or not the student was receiving financial aid during the period of prior enrollment. The institution must certify that the student is maintaining satisfactory academic progress in his or her course of study. The student is responsible for understanding and adhering to the policy.
Policy

Students on Title IV financial assistance must maintain satisfactory academic progress toward completion of their baccalaureate, master’s or doctoral degrees. Financial assistance may be provided for a maximum of twelve semesters to undergraduate students and four semesters for students classified as SPECIAL undergraduate.

The twelve and four semesters will be calculated as of the first period of enrollment, regardless of whether the student was receiving financial aid during that period. See separate policy for graduate programs.

Three factors are taken into consideration in determining satisfactory progress — grade point average, increments and maximum time frame.

- Maximum Time Frame

  Maximum Time Frame is measured at the end of each fall and spring semester.

  The following table illustrates the increment requirements that a student must satisfactorily complete and the maximum time frame requirements:

<table>
<thead>
<tr>
<th>Academic Progress Period</th>
<th>Total Cumulative Hours Earned</th>
<th>Incremental Hours to be completed</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st yr-2 semesters</td>
<td>20</td>
<td>20</td>
</tr>
<tr>
<td>2nd yr-4 semesters</td>
<td>40</td>
<td>20</td>
</tr>
<tr>
<td>3rd yr-6 semesters</td>
<td>60</td>
<td>20</td>
</tr>
<tr>
<td>4th yr-8 semesters</td>
<td>84</td>
<td>24</td>
</tr>
<tr>
<td>5th yr-10 semesters</td>
<td>108</td>
<td>24</td>
</tr>
<tr>
<td>6th yr-12 semesters</td>
<td>132</td>
<td>24</td>
</tr>
</tbody>
</table>

**Maximum Time Frame (years)**

**Full-time:** 6 years  
**Half-time:** 12 years

- Undergraduate Student —

<table>
<thead>
<tr>
<th>Academic Progress Period</th>
<th>Total Cumulative Hours Earned</th>
<th>Incremental Hours to be completed</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st yr-2 semesters</td>
<td>18</td>
<td>18</td>
</tr>
<tr>
<td>2nd yr-4 semesters</td>
<td>36</td>
<td>18</td>
</tr>
</tbody>
</table>

**Maximum Time Frame (years)**

**Full-time:** 2 years  
**Half-time:** 4 years

- Special Student —

Students who have a classification of SPECIAL will be treated as undergraduate students for financial aid purposes. Yet, special students are not eligible to receive Pell or SEOG. Students seeking a second undergraduate degree will be evaluated on the same satisfactory academic progress criterion as the undergraduate students.

Students who hold a first baccalaureate or have met the requirements for the baccalaureate are not eligible for a Federal Pell Grant or Federal Supplemental Educational Opportunity Grant to continue their education.

- Grade Point Average Requirement

  The student must maintain a grade point average required for continued enrollment consistent with the University’s graduation requirements.

- Increments

  Increments are measured at the end of each academic period. One academic period is defined as the fall and spring semesters. Therefore, the incremental progress will be monitored at the end of the spring semester.

  Part-time students will be required to meet their increment requirements on a proportional basis, i.e., half-time students will have to meet 50 percent of the increment requirement.

  The requirement for transfer undergraduate students will be adjusted to the appropriate increment based upon the number of accepted transfer hours; i.e., if 40 undergraduate hours are accepted in transfer, the undergraduate student will be in the second year of academic progress.

Treatment of Title IV Student Financial Aid Funds When a Student Withdraws

When federal Title IV grant or loan assistance is disbursed and the recipient does not complete the enrollment period, the law requires that UT Pan American calculate the amount that must be returned by the school and/or student to Title IV program accounts.

The date the student initiates the withdrawal is used for calculating the percentage used in the formula for Return of Title IV funds. The number of days from the first class day to the withdrawal date divided by the number of days in the payment period (semester) equals the percentage of Title IV funds earned. If the withdrawal date is after the 60 percent point of the semester, the student has earned 100 percent of the Title IV funds.

If a student fails to earn a passing grade in at least one class, UT Pan American is required to calculate the amount for Return of Title IV funds based on the last day of enrollment. If last day of attendance cannot be determined, UTPA may use the midpoint of the period (in lieu of an official withdrawal date) as documentation of the student’s last date of attendance. Unless the student can provide acceptable documentation that shows the student was enrolled more than 60 percent of the semester, the student may owe a refund back to UTPA and the federal government.
Enrollment Status

Enrollment status will be determined as of the 12th class day of each term in accordance with the definition in this catalog.

Grades of “A” through “D” and “P” will be considered in determining credit hours earned. Grades of “F,” “WP,” “WF,” “DP,” “DF” or “I” will not be considered as credit earned for the increment measure. Students who withdraw from the University must still maintain satisfactory academic progress regarding increments and maximum time frame.

Summer school enrollment at UT Pan American may be used as a means to make up credit hour deficiencies. Summer school enrollment elsewhere may be used as a means to clear deficiencies as long as the deficiency occurred prior to the summer enrollment. Repeat courses for which a grade was received and remedial courses not completed at UT Pan American will not clear a deficiency.

When UT Pan American has a consortium agreement with a participating institution, the student must meet the satisfactory academic progress policy of the institution that is awarding aid.

Students enrolled concurrently at South Texas College and UT Pan American in the same semester and who are receiving Title IV assistance from UT Pan American for the concurrently enrolled term will have the hours from STC included in the satisfactory academic progress calculations for increments and maximum time frame. The exception will be for remedial classes that do not transfer for a grade. Repeat classes for which a passing grade has been received are also an exception. Classes that come under this exception rule do not clear deficiencies or count in the maximum time frame.

NOTE: Credit by examination will not clear a deficiency.

Continuing Education hours or credits earned from Continuing Education hours will not be calculated in the satisfactory academic policy. Extension courses applied as credit will be used in the satisfactory academic progress calculation.

Students who opt for the Academic Fresh Start policy or qualify under the exclusion of “F” grades seven or more years old will still have to meet financial aid increments and maximum time frame requirements.

Financial Aid Probation

Students who are placed under academic probation by the Office of Records and Registration will automatically be on Financial Aid Probation. Although a student on Financial Aid Probation is still eligible to receive financial aid, the student must ensure that after the spring semester they meet Satisfactory Academic Progress Policy Requirements (no deficient hours). If, after the spring semester, the student remains deficient in the number of increment hours required, he/she will be on probationary status during the summer sessions. Summer school enrollment may be used as a means to make up deficient hours. The probationary period will not be extended after the student has exhausted maximum time frame.

Financial Aid Suspension

Students on Academic Suspension will automatically be considered to be on Financial Aid Suspension. Failure to meet the increment requirements after a probationary period (summer sessions) will result in Financial Aid Suspension. Additionally, exceeding the maximum time frame allowed will also result in Financial Aid Suspension.

Appeals Process

Students may appeal Financial Aid Suspension status due to unusual circumstances such as illness, death in the family, accidents or other mitigating circumstances. An appeal form with documentation relating to unusual circumstance must be submitted to Student Financial Services prior to the intended period of enrollment. Appeal forms are available at the Student Financial Services Office, or you may log in to our Web site at www.utpa.edu/financialaid and print one. The appeal will be reviewed by the Financial Aid Committee consisting of faculty and staff. All decisions made by the committee are final.

Distance Learning

UT TeleCampus

An agreement exists between UTPA and other UT institutions to award eligible student Title IV aid when taking courses at two or more of those institutions. This agreement, entered into between each of the named institutions, hereinafter referred to as “Home” or “Host” Institutions, is intended to provide the basis for the Home Institution to pay and/or certify federal/state and institutional student financial assistance to UT TeleCampus students matriculated at a Home Institution and also studying at a Host Institution.

Participating Institutions

The University of Texas at Arlington
The University of Texas at Brownsville
The University of Texas at El Paso
The University of Texas-Pan American
The University of Texas at Permian Basin
The University of Texas at Tyler
The University of Texas Health Science Center at San Antonio
The University of Texas Health Science Center Houston
The University of Texas Southwestern Medical Center at Dallas
The University of Texas Medical Branch at Galveston
The University of Texas M.D. Anderson Cancer Center
The University of Texas at Austin
The University of Texas at Dallas
The University of Texas at San Antonio
Financial Assistance

Home: The U.T. component at which a student is fully admitted and enrolled in a degree or certificate program. The Home Institution will award the student’s degree or certificate.

Host: The U.T. component institution at which a student may enroll and take courses applicable to the degree or certificate program at his/her Home Institution.

A student wishing to enroll in a distance-learning course must first complete an “Inter-Institutional Distance Education Admission and Registration” (IDEAR) Form. The form can be completed at the following Web site: http://www.telecampus.utsystem.edu under the heading TeleCampus System (TIS).

Study Abroad Program

Enrollment in a program of study abroad approved for credit by UTPA may be considered enrollment at UTPA for the purpose of applying for federal student aid.

Students who will apply for the financial assistance for study abroad should apply in the same manner as if they were planning on being in residence at UT Pan American. Study abroad student must file a “FAFSA” and complete the Study Abroad Financial Aid Form. This form can be obtained at the Student Financial Services Office.

To be considered for Title IV funds, the study abroad applicant is expected to meet all financial aid application priority deadlines, to adhere to other financial aid deadlines, to meet all the eligibility requirements for Title IV awards and be making satisfactory academic progress and to be enrolled half-time (six hours) in the study abroad program.

Stafford Loans

Students who will be eligible for Federal Stafford Loans, unsubsidized loans and/or Perkins loans should be aware that:
1. First-time borrowers will not receive loan proceeds until 30 days into the term.
2. Loan counseling sessions will be required for all loan applicants and the required applications and promissory notes must be completed and approved.

NOTE: If a student is not automatically awarded a Stafford loan, he/she may turn in a Stafford revision form available at the Student Financial Services Office.

The study abroad applicant should also note that if awarded an institutional or outside scholarship, these awards may result in a reduction or cancellation of financial aid.

Disbursement Process (Study Abroad)

Disbursement of financial aid awards will adhere to the regular university schedule of funds disbursement. Study abroad applicants who need to meet earlier payment deadlines must make arrangements to pay from their own resources.

Pell Grant

The study abroad applicant who is eligible for the Federal Pell Grant will have the award based on hours enrolled and the length of the study-abroad academic school year.

Return of Title IV

Any time a student withdraws from the study abroad program, he or she will be responsible for repayment of federal funds.

The Center for International Studies can provide additional information on eligible study abroad programs. For additional information, call 956/381-3572.

Types of Financial Assistance

Grants

Federal Pell Grant: This grant is available to qualifying students who complete a Free Application for Federal Student Aid (FAFSA), which is mailed by the student to the processing center or may be transmitted electronically via computer to the central processor if the student attends a Financial Aid Express workshop. Student Financial Services determines the amount of the grant after the U.S. Department of Education has calculated the estimated family contribution. Applications are available at Student Financial Services. Pell Grants are not available to students who have already received a bachelor’s degree.

Federal Supplemental Educational Opportunity Grant (FSEOG): The Federal Government established this program for students with high financial need. Graduate students, special students or others who have already received a bachelor’s degree are not eligible for FSEOG. The actual amount and qualification is determined after the FAFSA is submitted for processing. Awards from this program are based on the availability of funds.

Texas Public Educational Grant (TPEG): A Texas Public Educational Grant (TPEG) is a campus-based grant for undergraduate and graduate students with financial need. Unlike the Federal Pell Grant, there is no guarantee that a student is eligible to receive a TPEG; awards from this program are based on the availability of funds. If a student is awarded a TPEG at UT Pan American, his/her account will be credited.

TEXAS Grant: The TEXAS Grant was created to provide a grant to enable well-prepared students to attend public and private nonprofit institutions of higher education in Texas. To qualify for TEXAS Grant, a student must:
- be a Texas resident
- complete the FAFSA and demonstrate financial need
- complete the Recommended, Advanced or Distinguished Curriculum in high school or receive an Associate degree on or after May 2001
- enroll at least 3/4 time (nine hours or more) in an
undergraduate program
- not have been convicted of a felony or a crime involving a controlled substance.

Students must ensure that an official high school transcript is on record with the Records and Registration Office before they can get an award.

**Federal Work-Study Program (FWS)**

The Federal Work-Study (FWS) Program provides jobs for undergraduate and graduate students with financial need. This program allows the student to earn money to help pay educational expenses and also encourages community service work and work related to the student’s course of study.

The FWS salary will be at least the current federal minimum wage. Students employed by UT Pan American through the Federal Work-Study Program will be paid directly and once a month.

Work-Study employment may be on campus or off campus. Off campus, the employer is usually a private nonprofit organization or public agency, and the work performed must be in the public interest.

The amount a student receives in wages under Work-Study cannot exceed the total Federal Work-Study amount awarded. The employer will consider the student’s class schedule when preparing the work schedule. Funds are limited; therefore, funds are awarded at the discretion of the Financial Aid Office.

**State Waivers**

**Early High School Graduation Scholarship (for students who graduated prior to 9/1/03)**

This exemption program provides a $1000 exemption from the payment of tuition. Students may be able to qualify if they completed the requirements of high school graduation (grades 9-12) in no more than 36 continuous months (three years); the student must have attended a public high school in Texas only and be a Texas resident for this program.

To qualify for this program the student’s high school should send a certification letter to the Coordinating Board confirming the student’s eligibility for early graduation. After the Coordinating Board receives the letter of certification, a letter certifying the student’s eligibility for the exemption will be sent to the appropriate university. A copy of the letter will also be sent to the student and to the student’s high school counselor.

**Adopted Students Formerly in Foster or Other Residential Care**

This program provides exemption of tuition and fees for persons who were in foster care or other residential care, were adopted, or were subject of an adoption assistance agreement under Subchapter D, Chapter 162, Texas family code. Student must enroll within three years of the earliest following dates: the date student was discharged from foster care or other residential care, graduated from high school or received GED or the student’s 21st birthday. Student must provide an official certification letter from the Department of Protective and Regulatory Services to the Student Financial Services Office.

**Foster Care Program**

Exemption of tuition and fees for persons who were in foster care or other residential care with the Department of Protective and Regulatory Services on or after the day preceding their 18th birthday; the day of the student’s 14th birthday, if the student was also eligible for adoption on or after that day; or the day the student graduated from high school or received GED or the student’s 21st birthday. Student must provide the Student Financial Services Department with proof of having been in foster care (official certification letter from the Department of Protective and Regulatory Services).

**Temporary Assistance for Needy Families (TANF) Program**

To be eligible under this program, a student must be a dependent child on TANF (Temporary Assistance to Needy Families) for at least six (6) months of their senior year of high school. Student must also be a Texas resident and have attended high school in Texas only. Student must enroll as an undergraduate student at a public college or university.
within 24 months of graduation from high school.

A student eligible for this program will be exempt from tuition and fees for two years after their high school graduation. This is an entitlement for eligible students. Students must enroll at the university within 24 months of high school graduation.

To qualify for this exemption, the student must acquire a letter from the Texas Department of Human Services indicating the student received TANF benefits. The letter must be turned in to Student Financial Services.

- **Children of Disabled or Deceased Firemen, Peace Officers, Game Wardens and Employees of Correctional Institutions**

  Tuition and some fees are exempted for any student whose parent is an eligible employee and suffered an injury resulting in death or disability sustained in the line of duty.

  Eligible employees must be full paid or volunteer firemen, full paid municipal, county or state peace officers, custodial employees of the Texas Department of Corrections, or game wardens, who have a child under 21 years of age.

  In order to apply for this exemption, the student must submit a letter of certification to the Texas Higher Education Coordinating Board. The Coordinating Board will then send a letter certifying the student’s eligibility to the appropriate university.

- **Valedictorian Tuition Waiver**

  Valedictorians of each accredited Texas high school are exempted from tuition during the first two regular semesters following high school graduation.

  In order to qualify for this exemption, the student should submit a copy of their certificate to Student Financial Services, confirming that the student was the highest-ranking student of his/her high school.

- **Educational Aide Exemption Program**

  This program exempts eligible students attending public colleges or universities in Texas from the payment of tuition and fees (other than class or lab fees).

  To qualify, a student must:
  
  a. be a school employee serving in any capacity.
  
  b. have worked as an educational aide in a Texas public school for at least one year during the five years preceding the semester for which the exemption is received or have been a Substitute Teacher with 180 full days of service within the past five years.
  
  c. be enrolled in classes leading to teacher certification.
  
  d. show financial need, be a Texas resident and meet the academic progress requirements of Student Financial Services.

  In order to determine the student’s financial need, a student must either apply for financial aid by filing the Free Application for Federal Student Aid (FAFSA) through the college to be attended or by submitting a current income tax return.

  Applications for the Educational Aide Exemption program are available through the school district, university and college financial aid offices, or the Texas Higher Education Coordinating Board at 1-800-242-3062, extension 6457.

- **Fifth Year Accounting Student Scholarship Program**

  The Fifth Year Accounting Scholarship Program was established to recognize and support outstanding scholars who plan to pursue careers in accounting and serve as CPAs in the state of Texas.

  The program can provide up to $3,000 (lifetime maximum) to eligible students to assist with the cost of completing the educational requirements to sit for the CPA exam in Texas. Individuals who may apply do not need to major in accounting. They must:
  
  - show financial need (financial aid file must be complete to determine the need);
  
  - be enrolled at least half-time;
  
  - have completed at least 120 credit hours (including at least 15 hours of accounting);
  
  - make satisfactory academic progress according to the Student Financial Services Office;
  
  - have a GPA of at least 2.5; and
  
  - be willing to sign a written statement confirming their intent to take the uniform Certified Public Accountant (CPA) examination in Texas for the purpose of becoming a CPA.

  Applications are available in mid June at the Student Financial Services office. Funding is limited, so only complete and eligible applications will be considered.

- **Professional Nursing Scholarship Program**

  The purpose of this program is to provide financial assistance to students who are planning on becoming professional nurses. No individual award may be for more than the student’s financial need. The maximum award is $3,000. Some, but not all the funds are targeted to students from rural communities, while others are targeted to graduate students in nursing.

  To apply, the student must:
  
  - be a Texas resident;
  
  - show financial need (FAFSA must be completed to show basis of need);
  
  - register for the Selective Service or be exempt from this requirement;
  
  - enroll in the classes leading to Licensure as a Professional Nurse; and
  
  - be enrolled at least halftime.

  Applications are available in the Student Financial Services Office or the Department of Nursing. Only complete applications will be considered.
Texas National Guard Tuition Assistance Program

The purpose of this program is to provide an exemption from the payment of tuition to eligible individuals in the Texas National Guard, Texas Air Guard, or in the State Guard attending a public or private institution of higher education in the state of Texas.

Individuals may receive tuition assistance for up to six semester hours, but it will not exceed six semester hours per individual for any given semester.

Funding does not cover fees. To apply, individuals must:
- be Texas residents;
- register for the Selective Service or be exempt from this requirement and;
- be an active drilling member of the Texas National Guard, Texas Air Guard or the State Guard.

Students eligible for the exemption will be reimbursed after the 12th class day of the semester. Summer sessions are not covered.

Students interested in applying must contact the unit commander of his/her National Guard, Air Guard or State Guard unit or the Education Officer.

State Adjutant General’s Office
P.O. Box 5218/AGTX-PAE
Austin TX 78763-5218
or at 512/465-5001

The Education Office will provide instructions.

You can also visit the Texas National Guard Web site at:
http://www.agd.state.tx.us/education_office/state_tuition.htm

Senior Citizen Waiver

Senior citizens may be exempted from payment of tuition for up to six credit hours per term on a space-available basis. A senior citizen is defined as a student of age 65 or older. For more information, contact the Student Financial Services Office.

Loans

Federal Perkins Loan: UT Pan American recognizes that loans are an increasingly important aspect of financing an education. Participating in the Federal Perkins Loan program allows funds to be made available with which a student may finance a substantial part of his or her education. When the borrower ceases to be enrolled at an accredited higher education institution at least half time or graduates, he/she has nine months after graduation or a break in enrollment before he/she begins repayment on their Federal Perkins Loan.

Applicants are considered on the basis of financial need and demonstrated academic ability. Funds are limited and preference is given to renewal borrowers. Further information may be obtained from Student Financial Services.

Federal Family Educational Loan Program (FFELP):
The FFEL Program offers subsidized and unsubsidized Stafford Loans. The first step in the application process is the completion of the Free Application for Federal Student Aid (FAFSA) or Renewal FAFSA. After the student’s FAFSA is processed, Student Financial Services will review the results and advise the student as to his or her loan eligibility. The student may complete the loan process electronically through Loans by Web. Loans by Web will direct the student to take a pre-loan online session, select a lender, and complete a Master Promissory Note if needed. A student may be eligible to borrow $2,625 as a freshman, $3,500 during the sophomore year, $4,500 each year during the junior and senior years, and $5,500 a year as a graduate student. The lender will send the loan proceeds to the University in at least two payments by (EFT) electronic funds transfer, which is credited to the student’s university account. The school will mail any loan-credited balance to the student within 3-5 days. No single disbursement may exceed one half of the loan amount.

Texas B-On-Time Loan Program: The purpose of the Texas B-On-Time Loan program is to provide eligible Texas students no-interest loans to attend colleges and universities in Texas. If the student meets specified goals, the entire loan amount can be forgiven upon graduation.

Eligibility Requirements:
- Texas resident,
- graduated 2002-2003 academic year or later under the recommended high school program from public or accredited private high school in Texas or received an associate’s degree from an eligible institution no earlier than May 1, 2005,
- has not earned a bachelor’s degree,
- enrolled full time in an undergraduate degree or certificate program at an eligible institution, and
- has completed a FAFSA and is eligible to receive federal financial aid.

Forgiveness Requirements:
A Texas B-On-Time Loan shall be forgiven if the student receives an undergraduate degree or certificate from an eligible institution and the student either:
graduated with a cumulative GPA of at least a 3.0 on a four-point scale, within:
- four calendar years after the date the student initially enrolled in an eligible institution.
- 5 calendar years after the date the student initially enrolled in an eligible institution, if the degree is in architecture, engineering, or any other program determined by the board to require more than four years to complete; or
- two calendar years after the date the student initially enrolled in a public or private 2-year institution; or

Graduated with a cumulative GPA of at least 3.0 on a 4.0 scale, with a total number of credit hours (including transfer hours and hours earned exclusively by examination) that is no more than six hours beyond what is required to complete the degree or certificate.

IRS regulations indicate that these loans must be reported as taxable income when they are forgiven.

NOTE: Funds are limited and students will be selected based on priority guidelines determined by the Texas Higher Education Coordinating Board.

College Short-Term Loans: Made possible through donations from a number of individuals and organizations, these funds are administered by Student Financial Services and are available to students for short-term loans. Loans are limited and must be repaid within the semester for which they are borrowed. The loans are designed to aid students who do not have sufficient funds to purchase books and supplies or to assist students when emergencies arise. A $5 charge is assessed against each loan. Funds are limited. Apply at Student Financial Services.

Emergency Tuition and Fee Loans: Emergency loans are available to UT Pan American students needing assistance in paying registration costs. Emergency loans must be paid back to the University during the same semester in which they are borrowed. An applicant will be required to pay a $20 processing fee per semester. Students may borrow up to the amount of tuition and fees. Applications and information about the Emergency Loan program are available at the Student Loan Collections Office in Room 214 of the Marialice Shary Shivers Administration Building.

Scholarships
The University of Texas-Pan American awards a variety of scholarships through the University Scholarship Committee and departmental committees. These scholarships are based on various prerequisites and are intended to recognize students for their outstanding academic accomplishments and future potential. These awards are made possible through the generosity of local as well as national business firms, organizations, individuals and University-endowed funds.

The majority of the scholarships are not automatically renewed, and students must apply each year for continued consideration. Although most awards are restricted to U.S. citizens and permanent residents of the United States, some are open to international students, who are encouraged to apply.

For a complete list of scholarships and application requirements, view our UT Pan American Scholarship Guide online at www.utpa.edu/scholarships Criteria, and who to contact for an application, are provided for each scholarship and because the scholarship process is very competitive, students are encouraged to apply early and to make sure their applications are complete when submitted. The deadline to apply for most scholarships is Dec. 1.

Important: It is UT Pan American’s policy not to award institutional scholarships to students who have received aid (including institutional, state, federal and private sources) in excess of their cost of attendance. If your cost of attendance is exceeded, any UTPA scholarship(s) may be reduced or cancelled.

University Scholars Program
If you are an entering freshman from one of several designated counties in the South Texas area: (Brooks, Cameron, Duval, Hidalgo, Jim Hogg, Jim Wells, Kenedy, Kleberg, Nueces, Starr, Webb, Willacy and Zapata counties) who has earned Advanced Placement credit through AP examinations and/or Concurrent Enrollment credit at The University of Texas-Pan American you may qualify for a four-year tuition and fees scholarship at the University through the University Scholars Distinguished Achievement Scholarship program. To qualify to enter UT Pan American as a University Scholar you must meet one of the following requirements while in high school:

For scholarships first awarded before the fall 2005 semester
- have a “B” average in 12 hours of AP credit and/or CE credit earned at UTPA (from four separate exams or courses in different subject areas) or
- have a “B” average in six hours of AP credit and/or CE credit earned at UTPA (from two separate exams or courses in different subject areas) and have a minimum ACT 24 composite (with at least 19 English and 19 Math) or a minimum SAT score of 1110 (with at least 500 Verbal and 500 Math).
For scholarships first awarded for the fall 2005 semester and after
• have a “B” average in 12 hours of AP credit and/or CE credit earned at UTPA (from four separate exams or courses in different subject areas; credit must include both English 1301 or higher and Math 1340* or higher)
  or
• have a “B” average in six hours of AP credit and/or CE credit earned at UTPA in both English 1301 or higher and Math 1340* or higher and have a minimum ACT 24 composite (with at least 19 English and 19 Math) or a minimum SAT score of 1110 (with at least 500 Verbal and 500 Math).

*For business majors, Math 1341 or higher is acceptable.

How to Apply
There is no formal application for the University Scholars Scholarship. Once we receive the required AP scores and/or UTPA Concurrent Enrollment grades, you will automatically qualify. However, it will be helpful for you to do the following as early as possible during your senior year of high school:
• Submit an Entering Freshman Application for Admission to The University of Texas–Pan American, request your AP scores (if applicable) be sent directly to UTPA and complete all regular admission requirements. Once we receive the required AP scores (usually in July) and/or grades from CE classes at UTPA, we will confirm your scholarship.
• Although there is no formal application for this scholarship, we ask that – in a separate letter or note attached to your Application for Admission – you identify yourself as a prospective candidate for the University Scholars Scholarship.
• (Optional) In order to help us package other scholarships and financial assistance that you may be eligible to receive, please file a UTPA “Excellence” Scholarship Application as well as a FAFSA (Free Application for Federal Student Aid).

Outside Scholarships
Many agencies, employers, military and service organizations award funds to students. Receipt of these external awards may result in a reduction of your financial aid from UT Pan American. Therefore, if you are a financial aid recipient, you must notify the Student Financial Services Office, in writing, of any scholarships you are awarded from sources other than UTPA. To the extent possible, we will adjust loan awards before reducing grants.

It is also the student’s responsibility to notify the Student Financial Services Department of any special instructions or billing information regarding external scholarships. All checks for these awards should be made payable to The University of Texas-Pan American and sent to:

UT Pan American
Student Financial Services Office
Attn: Scholarship Coordinator
1201 W. University Drive
Edinburg TX 78541-2999

No credit will be entered on your account before the check arrives. It is UTPA’s policy to equally divide external scholarships between fall and spring.

Fellowships
The University of Texas-Pan American awards a limited number of fellowships. Applications may be requested from the department or college awarding the fellowship.

At the undergraduate level, the Department of Chemistry awards Robert A. Welch Foundation Fellowships to deserving junior and senior students. The awards, both full and half fellowships, are based upon departmental research programs and the student’s background in chemical science. The student must be majoring in chemistry or biology with a chemistry minor.

Tuition Waivers
Competitive Scholarships: Certain University scholarships are designated as Competitive Scholarships. A nonresident or international student who, in competition with other students, including Texas residents, is awarded one of the designated Competitive Scholarships may qualify for a waiver of the difference between the tuition charged to a resident and nonresident student. To be eligible, the nonresident student must be awarded a Competitive Scholarship of at least $1,000 for the academic year, summer sessions or both by an official scholarship committee of the University. Competitive Scholarships are granted for the purpose of encouraging academic excellence in the academic program in which the student is enrolled.

Distance Learning Fee Waiver: Students enrolled in distance learning courses may apply for a fee waiver. To be eligible, a student must prove special circumstances exist that preclude the student from utilizing activities, facilities and/or services on which a fee is based. Submit a written request with supporting documentation (as needed) to:

Office of the Vice President for Business Affairs
1201 W. University Drive
Student Services Building, Room 5.101
Edinburg, TX 78541-2999

Consideration for fee waivers will be determined prior to the twelfth class day during a fall or spring semester or prior to the fourth class day during a summer term.

Mandatory or Discretionary Fee Waiver: A student or specific category of students may apply for a waiver of mandatory or discretionary fees. Fee waivers may be considered if a student will not utilize the activity, service or facility for which a fee is charged. Consideration may also be
given if the waiver is in the best interest of the institution or is critical to the viability of an academic initiative. Fee waivers will not be granted for tuition or laboratory fees. Students must submit a written request with supporting documentation (as needed) to:

Office of the Vice President for Business Affairs
1201 W. University Drive
Student Services Building, Room 5.101
Edinburg, TX 78541-2999

Consideration for fee waivers will be determined prior to the twelfth class day during a fall or spring semester or prior to the fourth class day during a summer term.

Mexican Nationals: Citizens of Mexico may apply for a Non-Resident Tuition Waiver. To be eligible, a student must have or obtain an F-1 student status, enroll full-time and must apply before the required deadline dates. Students who have filed for permanent residency are not eligible. For information about this program, contact the International Student advisor at the University Center Room 113, 956/381-2922.

Good Neighbor Scholarship: A limited number of Good Neighbor Scholarships, which provide exemption of tuition, are available to native-born citizens and residents from nations of the Western Hemisphere other than the United States and Cuba. Students who have applied for permanent residency are not eligible. Information is available from the International Student advisor at the University Center Room 113, 956/381-2922.

Hazlewood Act for Veterans: The Hazlewood Act (Section 54.203 of the Texas Education Code)

Student Eligibility: The purpose of the Hazlewood Act is to encourage U.S. veterans to pursue higher education at federal and state expense. This act exempts the veterans of World War I, World War II, the Korean War and the Vietnam Conflict, the Persian Gulf War which began on August 2, 1990, and ends on the date thereafter prescribed by the Presidential proclamation or September 1, 1997, whichever occurs first; or any future national emergency declared in accordance with federal law, who have no remaining Veterans Administration educational benefits, from the payment of tuition, laboratory fees, building fees, and individual instruction fees. It does not exempt such veterans from the payment of student service fees or other fees and deposits. In addition to veterans, children of the members of the Armed Forces who were killed in action or died while in the service are also exempted from the payment of tuition. To qualify for the Hazlewood Act the applicant must:

- have been a Texas resident at the time of entering the service and before the date of class registration.
- have served for at least 180 days of active service excluding training.
- have been honorably discharged and not been discharged because of a personal request.
- submit a copy of his/her DD-214 form.
- submit a letter from the Veterans Administration verifying that eligibility for educational benefits has terminated.
- be ineligible for Federal Pell Grant or Federal SEOG.
- submit a Hazlewood Act Application prior to enrollment.
- not be in default on any Federal Student Loan.

By the order of the Texas Higher Education Coordinating Board, all undergraduate students requesting tuition waivers under the Hazlewood Act must apply for the Free Application for Federal Student Aid (FAFSA) to determine Pell eligibility. Failure to comply with these orders will result in the delay or denial of the Hazlewood Act.

Tuition and Fee Exemption for Children of Veterans of the Armed Forces: Children of members of the armed forces who were killed in action, who die or died while in service, who are missing in action or whose death is documented to be directly caused by illness or injury connected with service in the armed forces of the United States, are entitled to an exemption from payment of all dues, fees, and charges (excluding only student property deposits, student service fees, and lodging, board or clothing) that would otherwise be paid to attend UT Pan American. For information visit the Office of Admissions, Student Services Building, Third Floor, and ask to see the Veterans’ Representative.

Tuition and Fee Exemption for Blind and Deaf Students: Blind or deaf individuals may be eligible for exemption from payment of tuition if appropriately certified by a state vocational rehabilitation agency. Contact the Texas Commission for the Blind for more information.
General Information

Classification

Students are classified according to the number of hours of college credit they have earned. Classifications are as follows:

- Freshmen: 0 - 29 earned hours
- Sophomores: 30 - 59 earned hours
- Juniors: 60 - 89 earned hours
- Seniors: 90 or more earned hours
- Special Students: Undergraduate students who hold a bachelor's degree from an accredited institution.

- Graduate Students: Students who have earned a bachelor's degree and have been accepted to UT Pan American for graduate study.
- Special Graduates: Students who have earned a graduate degree and are continuing in another graduate program.
- Doctoral Students: Students who have been accepted to a doctoral program.

Course Information

The information concerning the courses offered by each department (or college for interdisciplinary courses) will be found in the Course Descriptions section of this catalog. The listing for each course includes the following information:

- Current Course, Title and Contact Hours

If the course has defined weekly contact hours, these will be shown in brackets [ ] following the course title, with lecture hours first, laboratory hours second, and clinical hours, if any, third. These contact hours are for the fall and spring semesters. Summer weekly contact hours will be adjusted according to the length of the summer session. (See page 334 in the Glossary for more information and an example.)

Common Course Number

If the course is generally equivalent to other lower-division courses taught at universities and community colleges within the state, the Texas Common Course Number is shown for informational purposes. See page 27 for further information.

Course Frequency Information

If the course is normally taught on a regular schedule, such as every fall or every fall and spring semester, this information is provided under the course title. If circumstances warrant, the schedule for offering the course may be changed without notice. Therefore, it is in the students' best interest, as well as their responsibility, to determine by other means (such as semester course schedules) when courses required for their degree programs are being offered. Program requirements will not be waived as a result of the course not being offered as indicated in the course frequency information provided in this catalog. Courses not normally offered on a regular schedule are identified "as scheduled."

Course Description

This portion of the course listing includes a brief description of the course content.

Course Numbers

Courses are numbered to show both the collegiate level at which they are offered and the hour value of the course. The first digit shows the level, and the second digit shows the credit hours. The last two digits are departmental designations. For example, Spanish 1301 shows that the course is taught at the freshman level and carries three hours of credit per semester. All lower-division undergraduate courses ending in the numbers 87 and 88 are honors courses.

1000 numbered courses: Freshman level
2000 numbered courses: Sophomore level
3000 numbered courses: Junior level
4000 numbered courses: Senior level
All 5000-7000 numbered courses are masters-level courses.
All 8000-9000 numbered courses are doctoral-level courses.
Grading Policies

Grading System

UT Pan American uses a 4.0 system. The following grades are used to designate achievement in coursework. Their corresponding grade values and points are indicated.

- **A Excellent** (4 grade points per hour)
- **B Good** (3 grade points per hour)
- **C Satisfactory** (2 grade points per hour)
- **D Below Average** (1 grade point per hour - may not be assigned in graduate classes)
- **F Failure** (0 grade points per hour)
- **P Passing** (not considered in calculating grade points or attempted hours)
- **NP No Pass** (not considered in calculating grade points or attempted hours)
- **IP In Progress** (not considered in calculating grade points or attempted hours; for remedial courses only)
- **I Incomplete** (not considered in calculating grade points or attempted hours)
- **CR Credit** (not considered in calculating grade points or attempted hours; however, hours are counted in total earned hours)
- **NC No Credit** (not considered in calculating grade points or attempted hours)
- **DR Course Dropped** (not considered in calculating grade points or attempted hours)
- **DP Drop Passing** (not considered in calculating grade points or attempted hours)
- **DF Drop Failing** (considered as an “F” for calculating the grade point average)
- **W Withdrawal from School** (not considered in calculating grade points or attempted hours)
- **WP Withdrawal Passing** (not considered in calculating grade points or attempted hours)
- **WF Withdrawal Failing** (considered as an “F” for calculating the grade point average)

Calculation of Undergraduate Grade Point Average (GPA)

The grade point average (GPA) is computed by dividing the total grade points earned by the total hours attempted. The Cumulative Grade Point Average is calculated using all coursework (excluding repeated courses) attempted. The current semester grade point average is calculated using only coursework attempted within a specific semester.

Some courses may be repeated by the student to improve his or her GPA. (For more information, see the section on Repeated Courses on page 56.)

All failing grades received in undergraduate courses more than seven years old shall be excluded from the grade point average computation, except in determining Graduate Admission GPA. (See the Graduate Catalog for additional information.) The failing grades will remain on the student’s transcript, although they will not be used to compute the GPA.

Attempted hours are the total number of hours for courses that a student has attempted, including failing grades such as F, DF and WF. Repeated courses, failing grades more than seven years old, incomplete grades and credit (CR) grades are not included in attempted undergraduate hours (with the exception of the calculation of graduate admission GPA).

**Grade Points:** Grade points are assigned based on the grade received multiplied by the number of credit hours. For example, a grade of “A” is equivalent to four grade points. If the course was offered for three credit hours, the grade points would be calculated as follows:

4 (for grade of A) X 3 (hours) = 12 grade points

Grade points are assigned as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4 pts.</td>
</tr>
<tr>
<td>B</td>
<td>3 pts.</td>
</tr>
<tr>
<td>C</td>
<td>2 pts.</td>
</tr>
<tr>
<td>D</td>
<td>1 pt.</td>
</tr>
<tr>
<td>F</td>
<td>0 pts.</td>
</tr>
</tbody>
</table>

The following is an illustration of the method of calculation of the grade point average:

<table>
<thead>
<tr>
<th>Course No.</th>
<th>Grade</th>
<th>Hours</th>
<th>Points Attempted</th>
<th>Total Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENG 1301</td>
<td>C</td>
<td>3 hours</td>
<td>X 2 pts. per hr = 6</td>
<td></td>
</tr>
<tr>
<td>MATH 1327</td>
<td>D</td>
<td>3 hours</td>
<td>X 1 pt. per hr = 3</td>
<td></td>
</tr>
<tr>
<td>HIST 2313</td>
<td>B</td>
<td>3 hours</td>
<td>X 3 pts. per hr = 9</td>
<td></td>
</tr>
<tr>
<td>CHEM 1401</td>
<td>F</td>
<td>4 hours</td>
<td>X 0 pts. per hr = 0</td>
<td></td>
</tr>
<tr>
<td>KIN 1201</td>
<td>A</td>
<td>2 hours</td>
<td>X 4 pts. per hr = 8</td>
<td></td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td></td>
<td><strong>15</strong></td>
<td></td>
<td><strong>26</strong></td>
</tr>
</tbody>
</table>

Total attempted hours = 15
Total grade points = 26

To calculate the GPA for this example, divide the grade points by the attempted hours as follows:

26 divided by 15 = 1.73
Incomplete Grades
A grade of “I” may be given when a student has not completed the required work of a course within the allotted time of a regular semester or summer session if the instructor determines that the reasons for the work being incomplete are valid and that the grade of “I” is justified. A grade of “I” must be changed within one regular (fall or spring) semester from the date received, unless an extension is requested by the student’s instructor. If a Change of Grade Form is not received from the instructor upon completion of the one regular semester, the grade will automatically be recorded as an “F” on the student’s official transcripts.

Improper Use of the “I” Grade: A student must not be given an “I” grade to permit the student time to prepare coursework in addition to that assigned the entire class, time to repeat the entire course or the opportunity to raise a grade. “Incomplete” grades are not issued for student or faculty convenience; they may be issued for the reasons stated in the paragraph above only in the case of compelling, non-academic circumstances beyond the student’s control.

Credit by Examination
Students may receive credit by examination for some course requirements. For more information, see page 68.

Quality of Work
While a grade of “D” is considered passing in a subject, an overall average of “C,” which corresponds to a grade point average of 2.0, must be maintained by the student if the student expects to graduate. In addition, UT Pan American has certain specific grade requirements. For example, the student must make a “C” in college algebra and required freshman English courses. The student must also have at least a “C” average in both the major and minor fields.

NOTE: Other specific requirements can be found in the program descriptions in other sections of the catalog.

Repeated Courses
When an undergraduate course is repeated (and the grade received is A, B, C, CR, D, DF, F, P or WF), only the last grade and hours attempted are used to calculate the grade point average. However, repeated courses will remain on the student’s academic record (transcript).

NOTE: Repeated courses will be used in determining the Graduate Admission GPA. See the Graduate Catalog for further information.

Grade Change
If an error in computation, evaluation or recording warrants a grade change, only the instructor may process a grade change form through the Office of the Dean of his or her college. If the grade change is made after graduation for a course taken prior to graduation, the change request form must have written justification by the instructor, the recommendation of the college dean and approval by the Council of Deans. Change of Grade Forms may not be released to students, and must be sent directly from the appropriate academic department.

Dean’s List
After each regular (fall or spring) semester, a Dean’s List is published listing the names of all full-time undergraduate students (those who have completed 12 or more hours of non-remedial coursework) who have a grade point average of 3.5 or better for courses taken that semester. A Dean’s List is not produced during summer sessions.

Grade Reports
Student grade reports are not mailed automatically for students in good academic standing. Students may obtain their grades using ASSIST via telephone (956/381-3020), Web (assist.utpa.edu) and KIOSK services. Students requiring a paper copy of their grades may request a transcript to be mailed to their home address on file with the Office of Records and Registration using ASSIST via telephone, Web and KIOSK services.
Registration Procedures

♦ Registration

Students must officially register through the proper registration procedure to be eligible to receive credit for a course. Students will not be added to the official class rolls or grade sheets after the registration periods have ended. Per The Texas Higher Education Coordinating Board Rules and Regulations, students may not enroll in a course after the official census date (Ch. 9, Subchapter B, Sec. 9.31a).

♦ ASSIST Registration (telephone or Web)

Registration by a touch-tone telephone and on the World Wide Web is available to currently enrolled students and students who apply by the published admission deadline for ASSIST registration. Academic advisement is mandatory to receive a Registration Access Code (RAC) and be eligible for priority registration by ASSIST. Students with admission, disciplinary, financial or TSI holds will not be permitted to register until the hold has been cleared. A schedule change period by telephone or Web is scheduled prior to the beginning of each semester. Students who register during the designated late registration period will be assessed additional late fees.

Computers are available in the Academic Services Building for Web registration.

♦ Dropping/Withdrawing

If a student chooses not to attend a class or classes, he or she is responsible for officially dropping or withdrawing through the Office of Records and Registration. (See the sections on Withdrawal from the University and on Dropping a Course on page 58.) Students who decide not to attend and do not officially notify the Office of Records and Registration will be responsible for tuition, fees and any other circumstances resulting from failure to officially drop or withdraw. Students must not assume that they will “automatically” be dropped from their classes if they do not attend or do not pay. (If a student has requested some form of financial assistance, payment may have been posted to his or her account.) Refer to the published Schedule of Classes for refund schedules.

♦ Selection of Courses

During the freshman and sophomore years, the student should plan to satisfy not only the University core curriculum requirements for a bachelor’s degree (see pages 95-98) but also any introductory or prerequisite courses in the major and minor field, as specified by the departments. Also, he or she should, enroll in one activity course in kinesiology (physical education) each semester until the required hours are satisfied. Although each of the departments of the University lists many of the specific courses required in the major and minor areas, usually some choice of courses is permitted at the lower level, the advanced level or at both levels. Choice is permitted when hours are specified as elective hours.

The student should develop an outline of required courses, supplementing it with those courses he or she wishes to take in satisfaction of any elective hours allowed by the department. Any deviation from courses required must be approved by the department chair and the dean of the college, and must be incorporated into the student’s Degree Plan. If deviations are made that subsequently are not approved, the student may find that these will merely add hours to graduation requirements. (See also Degree Requirements on pages 65-67.)

Many courses listed in the catalog are not offered every semester. This is particularly the case with upper-level courses. In planning a program, the student should ascertain whether a particular course will be offered during the semester he or she plans to take it, and that prerequisites to the course will be achieved prior to enrollment for the course.

When students enter this University with the expectation of subsequently transferring to another institution, they should be certain to obtain a copy of the catalog of that other institution and use it as a guide to courses for which they will register at UT Pan American. It is the student’s responsibility to check the requirements, although a faculty advisor will be glad to help interpret requirements of other colleges.

Students who plan to graduate from UT Pan American should consult the catalog sections concerning graduation and the specific requirements and suggestions listed under their respective colleges and departments to ensure that all required work is satisfied. The department chairs and deans will help clarify matters if the student has questions.

Prior to registering, students go through academic advisement to be counseled concerning the best selection of courses. First-year freshmen, students who have not passed the Texas Success Initiative (TSI) test or students who are enrolled under the Provisional Enrollment Program (PEP) are advised at the Advisement Center. All other students are advised by faculty members in their major area or college.

At advisement, each student receives a Registration Access Code (RAC) that provides access to the ASSIST telephone/Web registration system.
Withdrawal from the University

To withdraw from the University, a student must complete a formal withdrawal procedure through the Office of Records and Registration at least two weeks prior to the end of a regular semester or one week prior to the end of a summer session. Withdrawals must be requested by completing the appropriate withdrawal form, or by providing written notification, to the Office of Records and Registration, Student Services Building, Room 108, 956/381-2201.

A student withdrawing during the first 30 calendar days of a semester (10 calendar days in a summer session) will receive a "W" on his or her permanent record for each course in which the student was enrolled. If the student withdraws later in the semester, he or she will be given a grade of "WP" or "WF" by the instructor for each course in which the student was enrolled. Refer to the published Schedule of Classes for refund periods.

Transfer Student

Transfer students with 30 or more hours but without the University College-approved courses, or courses deemed comparable by The University of Texas-Pan American, may take upper-division courses if otherwise qualified, but they too must complete all University core curriculum requirements before graduation. Transfer students who lack six hours of freshman English or the equivalent and three hours of mathematics with a grade of at least "C" in each course should complete these requirements within their first two semesters at UT Pan American.

Non-Credit Enrollment

Students have the option of enrolling in a course for non-credit, which allows the student to participate fully in the course but not to receive a grade or to count the course in fulfilling degree requirements. Enrollment for non-credit requires the same payment of tuition and fees as enrollment for credit. (Students may also audit courses for a lesser fee; this normally allows only limited participation. For more information on auditing a class, see below.)

A student who enrolls in a course for credit may change the enrollment to non-credit by completing a Non-Credit Form in the Office of Records and Registration, Student Services Building, Room 108, no later than 30 calendar days in a regular semester or 10 calendar days in a summer session from the date university classes begin.
◆ Auditing Classes

Students must obtain special permission from the instructor of record to audit or visit a class. Students who wish to audit graduate classes (5000-9000 level) must be eligible to enroll in the course for credit before they will be allowed to audit.

Students auditing classes do not receive academic credit and do not have the course or courses listed on their academic record. One may enroll as an auditor at any time by: (1) obtaining a Class Audit Form from the Office of Records and Registration, (2) having it approved by the instructor of the class to be audited, (3) paying the required fee at the Office of Payments and Collections, and (4) using the receipt as an admission card to the class. Such approval may be granted only when space is available and if the instructor permits the student to be a visitor. Instructors reserve the right to refuse any request to visit a course. Enrollment as an auditor does not permit the enrollee to take examinations, have tests or other papers checked by the instructor or to participate in the class discussion. Audited courses are not posted on the student's permanent record. Audit fees ($20 per course) are non-refundable and may not be appealed. Individuals who are not regularly enrolled students at the University are also eligible to audit classes subject to the regulations stated above.

◆ Residency

Residency for tuition purposes is determined by regulations set forth by the State of Texas. Students are required to sign an oath of residency as part of the application process. Residency for tuition purposes will be based on this oath and other information documents submitted by the student. The requirements are outlined on page 34 of the Fiscal Policies section of this catalog.

◆ Identification Cards

Every student enrolled at The University of Texas-Pan American must possess an official identification card, issued through the supervision of the Dean of Students. This card must be validated each semester for the duration of the student's enrollment at this institution. The card remains the property of The University of Texas-Pan American. The card must be presented for:

♦ any University or department-sponsored activity;
♦ admission to all intercollegiate athletic events;
♦ identification for cashing checks on campus;
♦ authorization to resell books to the University Bookstore or Student Book Exchange;
♦ checking out equipment from the Office of Student Development and the Student Union Recreation Room;
♦ identification for receipt of transcripts at the Office of Records and Registration;
♦ identification for receipt of awards from Student Financial Services;
♦ use of the University food service meal plans;
♦ use of physical education facilities during recreation hours;
♦ use of the Student Health Services;
♦ purchase of campus parking permit;
♦ campus library privileges;
♦ voting in campus elections and referendums;
♦ identifying oneself to a University official when requested to do so; and
♦ use of computer equipment in computer labs.

This card is non-transferable. Beginning freshmen and first-time entering transfer students will receive their original ID cards at no charge. A service charge of $7 will be required for cards processed during subsequent semesters and for replacement cards. Loss or mutilation of cards must be reported to the Office of Student Development, University Center, Room 205. Fees are subject to change.

Students may not have in their possession more than one student ID card at the same time. This includes Teaching Assistant cards, which are special identification cards given to students who are employed by the University as teaching assistants. For more information, call the Office of Student Development at 956/381-2660.
◆ Name Change

A student or former student may change the full, legal name on his or her permanent academic record by completing a Change of Name form and submitting the appropriate documentation as follows to the Office of Records and Registration, Student Services Building, Room 108:

1. **Misspelling**: Student must present a copy of the birth certificate.
2. **New Legal Name**: Student must present a copy of the signed court order showing the authorized new legal name.
3. **Marriage**: If a student wishes to assume his or her spouse’s name, the student must present a copy of the marriage certificate.
4. **Divorce**: A student who wishes to discontinue the use of a married name and resume the use of their former name, or another name, must present a divorce decree or signed court order showing court restoration of the former, or other, name.

◆ Change of Address and/or Telephone Number

If a student changes his or her address or telephone number, he or she is expected to notify the Office of Records and Registration in writing immediately. The student will be held responsible for any communication from University offices sent to the address last given to the Office of Records and Registration. No special consideration will be given to students who move and fail to receive the communication. Students whose mail is returned to the University will not receive additional communication until an address change has been submitted.

◆ Enrollment Verification

Enrollment verification for lending agencies can be requested from the National Student Clearinghouse at [www.studentclearinghouse.org](http://www.studentclearinghouse.org), phone: 703/742-7791, fax: 703/742-7792, or if further assistance is required, contact Student Financial Services, Student Services Building, Room 186.

Enrollment verifications for personal use (i.e., insurance companies, employment) can also be requested at the National Student Clearinghouse, or you may contact the Office of Records and Registration, Student Services Building, Room 108.

▶ Full-time Undergraduate

An undergraduate student who is enrolled for at least 12 semester hours during a regular semester, or at least six hours of credit during a summer session, is considered full-time.

▶ Half-time Undergraduate

A half-time undergraduate student is one who is enrolled for six to eight semester hours during the regular semester or three hours of credit during a summer session.

▶ Three-quarter time Undergraduate

A three-quarter time undergraduate student is one who is enrolled for nine-11 semester hours during the regular semester.

◆ Transcripts

A student may secure an official transcript of his or her UT Pan American record by presenting picture identification at the Office of Records and Registration, by requesting the transcript in writing from the Office of Records and Registration, or on the Web on [assist.utpa.edu Transcripts](http://assist.utpa.edu) Transcripts will be issued at no charge.

The term “transcript of records” is understood to refer to the recorded results of the student’s work in the classroom and is a comprehensive record of an individual’s total academic progress at UT Pan American. This statement will contain all the important facts pertaining to the student’s admission, academic level and academic achievements. No partial or incomplete classroom records (for example, with grades of “F” omitted) will be given. Students who owe debts to the University will have their official transcripts withheld until the debts are paid.
 Attendance

In accordance with the policy on absences in the University’s Handbook of Operating Procedures, regular attendance in all meetings of courses for which the student is registered is expected. When a student is absent excessively (when in the judgment of the instructor the student has missed more work than can be made up successfully), the student may be dropped from the course with a grade of "DP" or "DF." The Office of Records and Registration will notify the student that he or she has been dropped from the course. A student who enrolls for a course and then does not attend is considered absent from class until the student officially drops the course.

If the student does not plan to attend the course, he or she must officially drop or withdraw through the Office of Records and Registration by the published deadline dates. Students will be responsible for all tuition, fees and grades received in classes in which they do not officially drop or withdraw. (See the Schedule of Classes for refund periods for drops and withdrawals.)

 Absences on Religious Holy Days

- **Definition** — Religious holy days means holy days observed by a religion whose place of worship is exempt from property taxation under Section 11.20 Tax Code.
- **Rules** — Students who are excused from classes for the observance of a religious holy day are required to inform their class instructors at least one week in advance of the absence and arrange with the instructor to make up missed work or missed examinations. Instructors are encouraged to provide those students the opportunity to make up the work (either prior to or after the anticipated absence) or otherwise adjust the grading to ensure that the student is not penalized for the absence.

 Absences for University-Recognized Activities

Students absent while representing the University in officially-recognized University activities (such as athletic events or scholastic or student development activities) are required to inform their class instructors at least one week in advance of the absence and arrange with the instructor to make up missed work or missed examinations. Instructors are encouraged to provide those students the opportunity to make up the work (either prior to or after the anticipated absence) or otherwise adjust the grading to ensure that the student is not penalized for the absence.

- **Special Populations**

- **Persons with Disabilities**
  UT Pan American will not discriminate against any individual on the basis of a disability or because of Vietnam Era/Disabled Veteran Status in either admission to, or treatment of employment in, its programs and activities.
  Students with disabilities should visit the Office of Services for Persons with Disabilities prior to registration to receive information on the variety of services available. The office is located in Emilia Schunior Ramirez Hall, Room 1.101, Voice/Telecommunications Device for the Deaf (TDD) 956/316-7092. Non-students should contact the Equal Opportunity Office in the Student Services Building, Suite 6.105, 956/381-2100.
  The Texas Rehabilitation Commission also provides services for individuals with disabilities. For more information, see page 84.

- **Varsity Athletes**
  To be in compliance with NCAA Division I eligibility requirements for athletic participation and/or athletically related financial aid, a student athlete must meet University and NCAA admission requirements and “satisfactory progress toward graduation” requirements in addition to the University’s grade point progress requirements stated under Scholastic Probation and Suspension:
  1. Enrollment during each regular semester must not drop below 12 hours.
  2. Subsequent to the student-athlete’s first academic year in residence and prior to each term in which a season of competition begins, 24 hours of additional credit required for a bachelor’s degree in a designated program of studies must be accumulated since the beginning of the student athlete’s last season of competition.

- **Veterans**
  The Office of Veterans’ Affairs assists veterans in completing documents necessary to receive educational benefits for attendance at UT Pan American. Personnel coordinate activities with the Veterans Certification Officer in the Office of Records and Registration, Student Services Building, Room 108, 956/381-2280 and the Learning Assistance Center, LEAC Building, Room 100, 956/381-2585. Students receiving VA educational benefits must make progress toward a degree as specified in this catalog under Satisfactory Progress and Scholastic Probation and Suspension (see page 44 and page 63).
Reserve Officers' Training Corps

The Army maintains a senior division of the Reserve Officers' Training Corps (ROTC) at UT Pan American. A four-year program and a two-year program are available to interested students, both male and female.

The four-year program consists of the basic course (freshman and sophomore) and the advanced course (junior and senior). Advanced instruction is oriented toward general military science and includes a six-week summer camp, usually at the end of the junior year.

Students who have successfully completed three or four years of Junior ROTC in high school may, at the discretion of the professor of Military Science, be given placement credit for one year of the basic course regardless of academic classification. Veterans also may be given advanced placement for the basic course, at the discretion of the professor.

Successful students are, upon graduation, commissioned as second lieutenants in the U.S. Army Reserve or U.S. Army National Guard. Students may elect to serve as reserve officers on active duty for an initial commitment period of three years or they may elect to serve for as little as three months of branch schooling followed by an extended tour with a Reserve or National Guard Unit. Qualified cadets may apply for commission in the regular Army.

During the course of instruction, the Army furnishes all required uniforms and military textbooks. Advanced course students receive a tax-free monetary allowance of $150 per month.

A special two-year program is available for full-time students who have a minimum of two years remaining on a degree plan and who have not had prior military training or ROTC. This program consists of an intensified course of instruction in military subjects that will qualify the student for the advanced course. The course of instruction is normally taken in the summer between the sophomore and junior years. Students attend a six-week Basic Camp at Fort Knox, Kentucky, receive transportation allowance to and from the camp, uniforms, room and board and are paid approximately $750 for the period. No military obligation is incurred by attendance at this camp.

Application for the two-year program must be completed during the spring semester so that attendance at Basic Camp may be arranged. Further details are available at the Department of Military Science, Southwick Hall, Room 207, 956/381-3600.
## Continuing Enrollment

### Academic Standards for Regularly Admitted Students

Undergraduate students are expected to meet certain minimal academic standards in work completed in post-secondary education. Students who fail to maintain these minimum standards will be placed on academic probation or academic suspension, as appropriate. In determining whether a student will be placed on academic probation or suspension, all grades earned by the student (only the last grade is used if the student has attempted the course more than once) will be included in the computations of the grade point average.

### Scholastic Probation and Suspension Policy

The Academic Probation and Suspension Policy for undergraduate students at The University of Texas-Pan American is as follows:

1. Academic probation or suspension will be determined each regular (fall or spring) semester on the basis of the student’s current semester and cumulative grade point average.

2. An undergraduate student will be placed on academic probation as follows:
   - **Freshman** — whenever the student’s cumulative grade point average is below 1.70.
   - **Sophomore** — whenever the student’s cumulative grade point average is below 1.80.
   - **Junior and Senior** — whenever the student’s cumulative grade point average is below 2.00.

3. An undergraduate student will be placed on academic suspension for one regular semester whenever the student enters a semester on academic probation and does not remove himself or herself from academic probation. If the student’s current semester grade point average is 2.25 or above for a fall or spring semester, the student will continue on probation.

4. A student on academic suspension may enroll for summer sessions for the purpose of raising the Cumulative GPA to the level required for good standing for the student’s classification. (Once placed on suspension for a semester, the suspension cannot be removed or changed to probation on the basis that the current semester GPA is a 2.25 or higher.) Removal from suspension can be most efficiently accomplished by enrolling only for courses in which the student has previously earned a low or failing grade.

5. A student on academic suspension who raises the Cumulative GPA to the level required for good standing will be reinstated as a student in good standing following notification of the Office of Undergraduate Admission.

6. If a student who has been suspended for failure to meet academic probation requirements feels that unusual circumstances warrant a review, the student may direct a written appeal to the Admissions Committee, in care of the Office of Undergraduate Admission, no later than one week prior to registration. The petition must detail the reasons for alleging that circumstances warrant special consideration and should indicate reasons why the circumstances will not recur. The committee may reinstate a student who has not served the period of academic suspension only when convinced the best interests of both the University and the student will be served by such action.

   All students are responsible for knowing whether they are eligible to continue at the University. An ineligible student who nevertheless registers, or has registered prior to completion of the semester in which academic standing is determined, shall be dropped and cannot attend classes.

### Level of Academic Status

<table>
<thead>
<tr>
<th>Level of Academic Status</th>
<th>GPA criteria</th>
</tr>
</thead>
<tbody>
<tr>
<td>GOOD STANDING</td>
<td>Cumulative GPA is 2.00 or above (1.70 in case of freshmen or 1.80 in case of sophomores)</td>
</tr>
<tr>
<td>PLACED ON ACADEMIC PROBATION</td>
<td>Cumulative GPA has dropped below 2.00 (1.70 in case of freshmen or 1.80 in case of sophomores)</td>
</tr>
<tr>
<td>CONTINUED ON ACADEMIC PROBATION</td>
<td>Previously on Academic Probation and Cumulative GPA is below 2.00 (1.70 in case of freshmen or 1.80 in case of sophomores) but current semester GPA is 2.25 or above.</td>
</tr>
<tr>
<td>ACADEMIC SUSPENSION</td>
<td>Previously on Academic Probation, Cumulative GPA is below 2.00 (1.70 in case of freshmen or 1.80 in case of sophomores) and current semester GPA is below 2.25.</td>
</tr>
</tbody>
</table>
Students shall not receive special consideration for lack of knowledge of scholastic status, regardless of whether the student registered and paid fees. Scholastic probation and suspension for graduate students is discussed in the Graduate Catalog.

♦ Texas Success Initiative (TSI)

The Texas Success Initiative (TSI), formerly TASP, is a statewide, comprehensive program designed to ensure that students attending public institutions of higher education in Texas have the necessary academic skills to perform effectively in college-level coursework.

TSI, in part, requires the following:

1. **Mandatory Testing and Assessment** — All students must take the THEA (Texas Higher Education Assessment test) or approved alternate test) prior to enrolling in college-level courses at a Texas public post-secondary institution fall 2003.

2. **Mandatory Orientation** — All new students to UT Pan American, including transfer and transient students, must attend an orientation session prior to being allowed to register for classes; TSI information is disseminated at these orientation sessions.

3. **Mandatory Academic Advisement** — All students who have not passed all sections of the TSI must be advised prior to registration each semester.

4. **Mandatory Developmental Education (if indicated by TSI assessment)** — The TSI approved tests concentrate on three basic skills: reading, mathematics and writing. The standards for passing the test represent the minimum knowledge students entering college in Texas should have in order to succeed academically. Developmental courses or programs are provided to help students overcome deficiencies identified from the assessment; students must remain in continuous developmental education activities until they pass all sections of TSI.

- **The TSI approved Tests**

TSI approved tests are designed to determine whether students possess the basic skills in reading, writing and mathematics necessary for University courses.

In accordance with Texas Education Code, Section 51.3062, all students in the following categories who enter public institutions of higher education must take the TSI test prior to enrolling in college-level courses. State-approved exams are: ASSET, COMPASS, ACCUPLACER and THEA (Texas Higher Education Assessment).

The law exempts the following categories of students:

♦ For a period of five (5) years from the date of testing, a student who is tested and performs at or above the following standards:
  
  A. **ACT:** composite score of 23 with a minimum of 19 on both the English and mathematics tests;
  
  B. **Scholastic Assessment Test (SAT):** a combined verbal and mathematics score of 1070 with a minimum of 500 on both the verbal and the mathematics tests; or

♦ For a period of three (3) years from the date of testing, a student who is tested and performs on the Texas Assessment of Academic Skills (TAAS) with a minimum scale score of 1770 on the writing test, a Texas Learning Index (TLI) of 86 on the mathematics test and 89 on the reading test.

♦ A student who has graduated with an associate or baccalaureate degree from an institution of higher education.

♦ A student who transfers to an institution from a private or independent institution of higher education or an accredited out-of-state institution of higher education and who has satisfactorily completed college-level coursework as determined by the receiving institution.

♦ A student who has previously attended any institution and has been determined to have met readiness standards by that institution.

♦ A student who is enrolled in a certificate program of one year or less (Level-One certificates, 42 or fewer semester credit hours or the equivalent) at a public junior college, a public technical institute, or a public state college.

♦ A student who is serving on active duty as a member of the armed forces of the United States, the Texas National Guard, or as a member of a reserve component of the armed forces of the United States and has been serving for at least three years preceding enrollment.

♦ A student who on or after August 1, 1990, was honorably discharged, retired, or released from active duty as a member of the armed forces of the United States of the Texas National Guard or service as a
member of a reserve component of the armed forces of the United States.

**Other TSI Rules**

1. Students who fail one or more parts of a TSI approved test must register for developmental courses or enroll in developmental programs in a deficient area every semester until they meet standards set by the University for each part of the test. Standards are set by the Texas Higher Education Coordinating Board and are subject to change.

2. Students who have not passed all parts of the TSI approved test may not register for any 3000- or 4000-level courses if the number of college hours they already earned plus the number of hours for which they wish to register totals 60 or more hours.

3. Students may not enroll in courses designated as skill intensive courses until both TSI and departmental developmental education requirements have been met. The following have been designated as skill intensive courses: Reading: ENG 2303, ENG 2305, ENG 2307, HIST 2313, HIST 2314, PSY 1310, POLS 2313, and POLS 2314; Math: MATH 1340 or higher level math; Writing: ENG 1301, ENG 1302.

4. Concurrent enrollment students and international students seeking a degree are subject to the same TSI requirements as all other students.

5. Test scores are considered official only if they are sent directly from the testing company to UT Pan American, or if they appear on an official transcript from another Texas college or university.

Additional TSI information, including the rules adopted by the Texas Higher Education Coordinating Board, and information about special provisions related to certain disabilities, is available in the Learning Assistance Center and the Office of Records and Registration at UT Pan American. Students needing more information on TSI rules or their TSI status can call 956/381-2529 or 956/381-2735. The TSI Registration Bulletin is available from the University Testing Center, UTPA Annex, Suite 180, 2412 S. Closner, Edinburg, TX, telephone 956/292-7585, e-mail testing@panam.edu or from a high school counselor’s office.

The University of Texas-Pan American offers the following types of undergraduate curricula:

1. Those leading to one of the following Bachelor’s Degrees conferred by UT Pan American:
   - Bachelor of Arts (BA)
   - Bachelor of Applied Arts and Sciences (BAAS)
   - Bachelor of Business Administration (BBA)
   - Bachelor of Fine Arts (BFA)
   - Bachelor of General Studies (BGS)
   - Bachelor of Interdisciplinary Studies (BIS)
   - Bachelor of Science (BS)
   - Bachelor of Science in Criminal Justice (BSCJ)
   - Bachelor of Science in Electrical Engineering (BSEE)
   - Bachelor of Science in Mechanical Engineering (BSME)
   - Bachelor of Science in Manufacturing Engineering (BSMfgE)
   - Bachelor of Science in Nursing (BSN)
   - Bachelor of Social Work (BSW)

2. Those satisfying the requirements leading toward degrees offered at other institutions, such as curricula leading to degrees in law, pharmacy, medicine and other specialized fields

3. Courses satisfying requirements for a minor field

4. Courses meeting requirements for certification as a teacher.

A complete list of degrees UT Pan American offers is located on pages 16-18.

The College of Science and Engineering also offers curricula meeting requirements for pre-dental (with a major in Biology or Chemistry), pre-optometry (with a major in Biology or Chemistry), pre-pharmacy (two years) and pre-medical (with a major in Biology or Chemistry) studies.

Minors are offered in most of the fields that offer majors. Additional minors are available in geology, bilingual/bicultural education, generic special education, French, statistics, military science, Mexican-American studies, leadership studies, folklore, electrical engineering for computer science majors, electrical engineering, computer science for engineering majors, middle school mathematics and reading (for students seeking certification only).

Supporting courses are available in a variety of fields, including astronomy, Bible, geography and German.
Students also may choose to graduate within the framework of Honors Studies. Requirements are listed on pages 98-99.

**Requirements for a Bachelor’s Degree**

**General Requirements:** The general requirements for graduation are the same for each bachelor’s degree and are listed below. Specific requirements for each major field are listed in the catalog sections dealing with majors. It is the responsibility of the student to be familiar with all the requirements for the degree sought.

1. **Degree, Minimum Hours and GPA:** A student cannot receive two degrees at the same time. Students who wish to pursue more than one major, that fall under different disciplines, must decide at the point of graduation the type of degree he/she will receive. For students wishing to pursue a new degree, please refer to the section titled "Additional Bachelor’s Degrees" on the next page. A minimum of 124 hours of work is required with an overall minimum grade point average (GPA) of 2.0. Some major requirements exceed the minimum hours and/or require a higher minimum grade point average.

2. **Major and Minor GPA:** A minimum GPA of 2.0 in the required hours for both the major and minor fields, or for the broad-field major, is required. Graduates who seek certification as elementary teachers must have a minimum 2.25 cumulative GPA, and for middle school, high school and all-level certification, a 2.5 cumulative GPA is required. Accounting majors are required to have a 2.5 in their accounting courses.

3. **Core Curriculum Hours and GPA:** 48 hours of University core curriculum requirements must be satisfactorily completed with a minimum GPA of 2.0. (See page 95-98 for specific coursework.)

4. **Freshman English:** A minimum grade of “C” must be achieved in each of the two required freshman English courses (ENG 1301, ENG 1302 or equivalent Honors courses).

5. **College Algebra:** A minimum grade of “C” must be achieved in College Algebra or an approved higher-level math course.

6. **Advanced Hours Overall:** Must include a minimum of 51 hours of advanced-level (3000/4000) work. Some degrees require additional advanced hours.

7. **Major/Minor Requirements:** The coursework must include a minimum of the following: 30 hours of work in a major field of concentration (15 of which must be advanced) and 18 hours in a minor field (six of which must be advanced). A minimum of 48 hours of work in a broadly integrated area (such as Business Administration, Music) may be substituted for the major and minor requirement. In such cases, at least 21 advanced hours must be included, and a department may specify not more than 60 total hours in the area.

8. **University Requirement:** All entering freshmen with fewer than 30 completed semester credit hours are required to enroll in the UNIV 1301 – Learning Framework course during the first year of college (fall, spring or summer). Transfer students with fewer than 30 completed semester hours will be required to take the course, unless they have completed an equivalent course at another institution.

9. **Residency:** The student must complete and receive credit in residence for: (a) a total of at least twenty-five percent of the semester hours of coursework counted toward the degree; and (b) 24 of the last 30 semester hours; and (c) six semester hours of advanced work in the major. (Clinical Laboratory Sciences Majors: The last 30 hours of college work must be completed at UT Pan American; they must include at least eight hours of Biology or Chemistry, and a minimum of six advanced hours.)

10. **Re-Using a Course:** A course may not be used to satisfy a requirement for both a major and minor, or for two majors or for two minors.

11. **Teacher Certification:** All applications for teacher certification are processed through the UT Pan American Certification Office. Since degree plans for bachelor’s degrees with teacher certification may differ from plans without certification, students should ensure that a revised, official degree plan and degree worksheet are filed by their major department with the Office of Records and Registration.

12. **Course Distribution:** The major-minor or broad-field major course distribution must follow the requirements set forth by the various departments, subject to any limitations and requirements noted in the catalog or in published form issued by the various departments or colleges of the University.

13. **Degree Plan:** The degree plan must be approved by the student’s department chair and dean and must be on file in the office of the dean of the college. This requirement is normally to be accomplished as soon as possible after the close of the sophomore year (completion of 60 or more hours). In any event, the degree plan must be on file before the deadline for submitting the “Application for Degree.”

14. **Application for Degree:** The Application for Degree must be filed by the student with the Office of Records and Registration on or before the date specified in the University Calendar, which is approximately nine months prior to the intended date of graduation.

15. **Catalog - Seven Year Limit:** The degree requirements that must be completed for graduation will be those in effect at the time of the student’s entrance or those provided in a subsequent catalog. In any case, the catalog used to determine the degree requirements must not be more than seven years old. Any changes in the degree plan to comply with a later catalog must be approved by the department chair and the dean of the college. For purposes of graduation requirements, this catalog expires August 2013.

16. **Substitutions/Waivers:** A “Substitution Form,” initiated at the departmental level, is required for any deviation from the degree plan and University requirements.
Appeals for substitutions and/or waivers that involve the core curriculum (general education) require approval from the student’s major college, from the college of the core curriculum area if in a different college and from the Provost/Vice President for Academic Affairs or his designee. Appeals for substitutions/waivers for general graduation requirements, such as total number of semester hours, grade point average and number of advanced semester hours, require approval from within the student’s major college and from the Provost/Vice President for Academic Affairs (or his designee) only. Appeals for substitution of courses within the major, minor or elective areas of a student’s degree plan require the approval of the department chair and the dean of the college only. Content of substituted courses must be consistent with approved degree/program requirements.

17. **Graduate Courses:** Graduate courses may not be used to satisfy any undergraduate graduation requirements for a bachelor’s degree.

18. **Non-Traditional Credit:** A maximum of 45 hours of college credit will be accepted toward a bachelor’s degree by any combination of extension, examination or correspondence, with an 18-hour limit on correspondence credit. No credit will be awarded for “life experience.”

All course requirements for a bachelor’s degree in any one of the several disciplines are formulated within the department in which the discipline falls, and are announced and listed elsewhere in the catalog by the respective departments of the University. Students should contact their major department and request a degree plan as soon as possible upon completion of their sophomore year.

**Additional Bachelor’s Degrees**

Students who received their first bachelor’s degree from UT Pan American or other accredited institution may earn an additional bachelor’s degree in a different major from UT Pan American. Such students continue to be classified as undergraduates and must:

1. Complete an additional minimum of 30 hours of credit in UT Pan American courses (of which at least 12 must be advanced and a minimum of six of these must be in the major field; in the case of a double major, a minimum of six advanced hours is required in each major field) for each bachelor’s degree sought beyond the first.

2. Complete all requirements for the additional major(s), as set forth in the catalog.

3. Complete all requirements for the additional degree(s), including grade point average requirements, any minor requirements, elective courses, and advanced courses, as set forth in the catalog.

4. Comply with all other regulations as stated under University core curriculum on pages 95-98.

Completion of a baccalaureate degree at another accredited institution will fulfill The University of Texas-Pan American’s general education (core curriculum requirements) exclusive of any state specified coursework. Students will be required to complete the Texas state mandated coursework in U.S. history and political science if this has not already been completed as part of their first degree. Students must also complete any other University and Departmental requirements for the second degree as stipulated in the catalog.

**Graduation Under a Specific Catalog**

The degree requirements that must be completed for graduation will be those in effect at the time the student begins their college career or those provided in a subsequent catalog. In any case, the catalog used to determine the degree requirements must not be more than seven years old.

Any changes in the degree plan must be approved by the department chair and the dean of the college. For purposes of graduation requirements, this catalog expires August 2014.

**Graduate Programs**

A list of graduate degrees offered by UT Pan American is on pages 17-18. For more information on graduate programs, consult the Graduate Catalog.
General Information

Credit by Examination
UT Pan American offers college credit by examination to qualified students through a variety of approved examinations. A student may receive up to 45 hours of undergraduate credit by examination through the following programs:

- American College Testing (ACT) Program — Credit by Examination
- College Entrance Examination Board (CEEB) Achievement Tests
- Advanced Placement (AP) Tests
- International Baccalaureate (IB) exams
- College Level Examination Program (CLEP)
- UT Pan American Local Advanced Standing Examinations - for Credit

Test scores must be sent directly from the testing agency; student or hand-carried copies are not accepted.

Credit is posted on the student’s permanent record (transcript) when the student officially enrolls at UT Pan American. Credit by exam is accepted as “credit only” (CR) and does not affect the student’s cumulative grade point average (GPA). Unsuccessful attempts to earn credit by examination are not recorded on the student’s official transcript. Policies on credit earned by examination are reviewed every two years in conjunction with the publication of a new catalog.

For further information regarding credit by examination at UT Pan American, visit the:
Office of Records and Registration
Student Services Building, Room 108
1201 West University Drive
Edinburg, TX 78541-2999
phone: 956/381-2201
e-mail: admissions@utpa.edu

UT Pan American Testing Center
UTPA Annex, 2412 S. Closner
Edinburg, TX 78541-2999
phone 956/316-2457
e-mail: testing@utpa.edu

Credit by examination at UT Pan American is available as follows:

CEEB Achievement and Advanced Placement (AP) Tests

If you are a high school student anticipating course credit through College Entrance Examination Board (CEEB) Achievement and/or Advanced Placement (AP) Tests, you should make arrangements to take the proper examination(s) with your high school counselor or AP coordinator. This should be done in time for your scores to be received and evaluated by UT Pan American before you begin your first semester. Course credit — or exemptions — may be obtained in the subjects listed below:

CEEB Achievement Tests

NOTE: High school students anticipating college credit through College Entrance Examination Board (CEEB) Achievement, Advanced Placement Tests and/or International Baccalaureate should make arrangements to take the proper examination(s) with their high school counselors, AP, or IB coordinators. This should be done in time for scores to be received and evaluated by UT Pan American before students begin their first semester.

International Baccalaureate (IB)
The International Baccalaureate (IB) tests are offered world-wide to students enrolled in programs affiliated with the IB program. The University of Texas-Pan American (UTPA) will grant credit on IB Higher Level tests for the courses listed below. Please contact the Office of Records and Registration for additional information.

College Level Examination Program (CLEP)
Students can earn course credit at UT Pan American in a wide variety of subject areas through CLEP Subject Examinations, which are standardized 90-minute, multiple-choice tests. These exams are administered by the UT Pan American Testing Center once a month during the academic year; one or two tests can be taken in one day of testing. For a list of testing dates, contact the UT Pan American Testing Center.

UT Pan American Testing Center
UTPA Annex
2412 S. Closner
Edinburg, TX 78541-2999
Phone: 956/292-7585
Email: testing@utpa.edu

Listed below are subject areas in which UT Pan American credit can be earned through the CLEP testing program, along with the required minimum score for each test. (The minimum score usually represents successful completion of 35 to 50 percent of the questions on an examination.) UT Pan American credit is posted to a student's transcript only after he or she officially enrolls at the University.

Students who do not plan to enroll at UT Pan American are also permitted to take CLEP tests at the UT Pan American Testing Center. However, it is the responsibility of the student to contact the institution at which he or she plans to enroll in order to verify which CLEP tests are accepted for credit.

In order to prepare for CLEP testing, students may purchase The Official Guide for the CLEP Examinations at the UT Pan American Bookstore or order it from The College Board using the order form attached to the CLEP Registration-Admission form. Many students also obtain an appropriate textbook and/or study guide for the specific test(s).

The steps to follow in registering for CLEP testing are outlined in College Credit by Examination, a brochure available at the UT Pan American Testing Center.

* Plus departmental essay

> UT Pan American Local Advanced Standing Examinations — For Credit

Students interested in acquiring credit through local departmental examinations at UT Pan American may contact the University’s Testing Center to find out more about the requirements and fees. Projected local test possibilities are planned for each separate department. Local examinations may not be taken for courses for which an approved CLEP subject exam exists.

- Local Advanced Standing Examinations - For Credit

Students may acquire college credit through local departmental examinations at UT Pan American. Local examinations may not be taken for courses for which an approved CLEP subject examination exists. Students are encouraged to contact the individual academic departments for more information regarding the availability of local examinations, requirements and fees.

■ Degree Plan

In general, a student may follow the degree requirements listed in this catalog by the respective departments of the University, thus planning a schedule of courses. However, having a degree plan on file is a requirement for graduation, and a student is well advised to have the degree plan drawn up by the department chair on the proper form as soon as possible to preclude the possibility of taking courses that will not satisfy requirements for the degree the student seeks.

Students seeking a bachelor’s degree are expected to file an official degree plan with their major department upon completion of their sophomore year. (Students seeking a master’s degree or doctoral degree are expected to meet with their graduate advisor and file an official degree plan during their first semester of enrollment. For more information, refer to the Graduate Catalog.)

Students who change their major, area of concentration or teacher certification status must have a new official degree plan reflecting their current status on file with the appropriate department.

Upon request, the department chairs will aid students in preparing degree plans that may be required by institutions or agencies other than UT Pan American. As an illustration, some public school systems require prospective teachers who have not completed their degrees to file an approved plan in the superintendent’s office.

Consult the Office of the Dean of the College of Education for full details on all certification requirements.

The University of Texas-Pan American
Graduation Policies and Procedures

♦ Application for Degree
All students who intend to receive a degree from The University of Texas-Pan American must submit a completed Application for Degree form to the Office of Records and Registration by the published deadline in the University Calendar, which is approximately nine months prior to the intended date of graduation. Applications received after the deadline will be processed for the next available graduation date. These deadlines are necessary in order for prospective graduates to be notified of any deficiencies in time to register for the appropriate coursework.

♦ Graduation Fee
A non-refundable graduation fee of $25 is charged for undergraduate and graduate degrees. This fee is payable at the Office of Payments and Collections, Student Services Building, Room 115, at the time the candidate presents the Application for Graduation to the Office of Records and Registration. This fee is used to pay for the processing of applications for graduation, music, graduation speakers, postage, diplomas and other expenses associated with graduation.

■ Transfer of Graduation Date
Prospective graduates who have submitted their Application for Degree form and do not meet graduation requirements for that graduation date must “transfer” their application to a later graduation date. Students will be required to pay an additional $10 fee each time the graduation date is transferred.

■ Commencement Exercises
The University of Texas-Pan American confers degrees four times each year — in December, May, July and August. Commencement exercises are scheduled for December and May only. July and August graduates may attend the December commencement exercises.

■ Regalia (Cap and Gown)
All students participating in the commencement ceremony are required to purchase the proper graduation regalia from the University Bookstore. (No students will be permitted to participate without the proper regalia.)

■ Correspondence
In order to ensure that information regarding graduation requirements, deficiencies and commencement exercises are received on a timely basis, the student’s correct address must be on file with the Office of Records and Registration. Prospective graduates will not receive special consideration for lack of knowledge of graduation requirements, deficiencies or deadlines.

■ Honors
Upon graduation, a student receiving a bachelor’s degree is listed with “Honors” in accordance with the following standards based on his or her final overall grade point average:

- Summa Cum Laude: Grade point average of 3.9 to 4.0
- Magna Cum Laude: Grade point average of 3.7 to 3.89
- Cum Laude: Grade point average of 3.5 to 3.69

Honors are listed in the graduation program based on the student’s GPA prior to completion of his or her last semester of coursework, and does not guarantee graduation with honors upon calculation of the overall GPA after the student’s last semester has been completed.
General Information

♦ University Library

The University Library is the campus center for resources that support the academic programs at The University of Texas-Pan American. The four-story brick and glass structure contains 202,000 square feet. The cornerstone of the building was dedicated on April 10, 1978; a modern addition was completed in early 1999.

The Library houses a collection of approximately 450,000 volumes, 300,000 government documents, more than 6,000 subscriptions, 1,000,000 microform units and 10,000 audiovisual items. Library collections and databases may be accessed at workstations throughout the building; instructional services are provided in state-of-the-art-classrooms. Of interest to the region and beyond are the special collection materials contained in the Lower Rio Grande Valley Historical Collection and the Río Grande Folklore Archive. Materials available pertain to the Texas counties of the Valley and northeastern Mexico.

The reference area has numerous microcomputers connected to the Library local area network (LAN) and available for accessing information resources and e-mail. Connectivity with the Internet provides access to the catalogs of other library collections and shared databases made available by The University of Texas System and the TexShare project. Available via CD-ROMs, the Internet or stand-alone systems are different subject area citation and abstract databases; many include an array of full text articles.

Library patrons are offered services that include reference and information consultation and assistance, computerized database searching, interlibrary loan and library use instruction.

All UT Pan American students must be registered in order to borrow materials from the library and obtain use of other services during the fall and/or spring semester(s). Graduate students who are registered in the spring semester will automatically receive privileges for the summer sessions. Students who are not registered during the fall or spring semester(s) may join the Friends of the Library for library privileges.

The benefits of the Friends of the Library membership extended for one full year are that members:

♦ may check out materials according to circulation policies;
♦ receive in advance the library newsletter and notification of all special events sponsored by the organization and will be admitted free of charge to such events.

Students enrolled in cooperative programs: Students enrolled in cooperative programs must be registered in either of the cooperating institutions to have library privileges. They will follow the policy for UT Pan American graduate students.

The program coordinator must submit a letter with the list of students in the cooperative program to the Circulation Department. The list must include the following information:

- the names of the students,
- the students’ social security numbers,
- the students’ mailing addresses,
- the students’ telephone numbers,
- the name of the institution where the students are registered, and
- the name of the program.

Students with incomplete courses: Unenrolled UT Pan American students with incomplete courses during the fall or spring semesters need to purchase the Friends of the Library card if they wish to use the library services.

Resources of the University Library are available seven days a week during regular academic sessions. Detailed information about hours and services may be obtained at the circulation desk or the Library Web site: www.lib.utpa.edu, telephone: 956/381-3306 or voice/TDD 956/381-2763.

The University of Texas-Pan American
The purpose of the Learning Assistance Center (LAC) is to provide all students with an equal opportunity to succeed in college by maintaining a program of support services to address their unique educational, career and personal needs. The major goal is to increase UT Pan American retention and graduation rates while providing quality academic programs.

The LAC is made up of various units. The tutorial unit and some activities of the Counseling and Advisement Center are coordinated with a U.S. Department of Education Title IV federal project — Student Support Services Program. Call 956/381-2585 or 381-2529 for connections to any of the services listed below. The LAC is located in LEAC 100. The Counseling Center is in the first floor of the University Center, Room 109, Academic Advisement is in University Center, Room 215. Please check the Web at: www.utpa.edu for more information. The Writing Center is located in the first floor of the Library.

**Academic Advisement:** Designed to assist students with educational planning with regard to University core curriculum requirements and to inform them about course placement as it relates to legislation governing the Texas Success Initiative (TSI) and institutional policy. Mandatory advisement is provided for UT Pan American students who have not met the state passing standard in the three areas of reading, mathematics and writing. This service unit also advises all entering freshman students after they attend New Student Orientation, students in the Provisional Enrollment Program (PEP), students on scholastic probation or academic suspension, and students recently transferred from other colleges and universities, or who are planning to transfer from UT Pan American. Also advised are those students wanting to return after a long absence from school, and general walk-ins seeking information or considering enrollment at UTPA.

**Tutoring:** Designed to help students improve their comprehension of coursework material and to develop the academic skills required for achievement at the University by providing professional staff and peer tutors to work with them on an individual or small group basis. These services assist those who are having difficulty comprehending course content, who have low grades or who wish to improve their grade point average. Tutoring is available in the subject areas of English, Spanish, mathematics, biology, chemistry, physics and the social sciences.

**Reading Program:** Designed to assist students who wish to improve their reading skills. Students may work selectively in improving vocabulary, reading comprehension or other areas of need specific to reading skills development.

**Study Skills:** Designed to assist students who are having difficulty with their coursework. The study skills focus on getting organized, procrastination, listening and note-taking, reading textbooks, memory and concentration, time management, test-taking skills and test anxiety.

**Developmental Education Program:** The LAC tutorial laboratories provide academic support to students who must enroll in developmental courses and/or are in the process of fulfilling legislative requirements of the Texas Success Initiative (TSI) test.

**SI Labs:** Designed to meet the state-mandated non-course based developmental education requirements in the TSI areas of writing, reading and mathematics.

**Computer-Assisted Instruction:** Designed to provide assistance by use of commercial software program tutorials in certain college-level courses, basic skills development and TSI preparation.

**Personal Counseling:** Designed to assist students who are having issues with personal, social, emotional and/or interpersonal relationships that may be affecting their adjustment to the University environment or interfering with academic achievement. Counseling activities help students clarify their goals, facilitate personal growth, increase effective coping skills, provide support and encourage personal responsibility for their actions. Some activities are conducted in group counseling sessions, topical seminars or workshops. Students with serious mental health pathology are referred for psychiatric evaluation when appropriate.

**Career Counseling:** Designed to assist students in career exploration activities through individual counseling, the career library and career seminars. To facilitate the process, testing or standardized evaluation may be used to help students gain a better understanding of their academic abilities, interests, aptitudes and personality. Test instruments may be of special interest to those who are unsure of a choice of major or career, or students who want to verify a tentative choice.
Advanced Services for Student Information Supported by Technology (ASSIST)

In order to provide students with easy access to student information, The University of Texas-Pan American developed ASSIST (Advanced Services for Student Information Supported by Technology).

With ASSIST technology, students may access general, academic and financial information from home or various locations on campus. Personal information is protected by a Personal Identification Number (PIN), which initially is the student’s date of birth entered as a six-digit number (for example, March 15, 1964, is entered as 031564).

A Registration Access Code (RAC) is required to access ASSIST registration services, and is issued to students by an academic advisor each semester.

ASSIST services include the following:

- **Kiosk Information Stations**: Currently 15 Kiosk Information Stations are located across the UT Pan American campus, with plans to add more stations in the future. These stations are located in the Administration Building, Academic Services Building, Business Administration Building, Communication Arts and Sciences Building, Education Building, Engineering Building, Health and Physical Education II, Health Sciences East Building, Science Building, Social and Behavioral Sciences Building, University Library, Student Union, Student Services Building and the Visitors’ Center. Kiosk services include:
  - Campus Map and Directory
  - Calendar of Events
  - Staff and Faculty Job Openings
  - **General Information**: Course Availability, Department List, Standard Forms, Financial Aid Awards (PIN required)
  - **Student Records (PIN required)**: Account Balance, Admission Status, Grades/Unofficial Transcript, Student Schedule, Degree Audit

- **Voice Response (Telephone) System**: Information on admissions, grades, registration and payments can be accessed through the voice response system with a touch-tone phone. (These are not toll-free numbers.) Courtesy telephones are available in the Office of Records and Registration. **Voice Response services include**:
  - Application Status
  - Deadline Dates/How to Apply
  - Requirements for Admission
  - TSI Information
  - Grades (PIN required)
  - Registration Information
    - Class Schedule (PIN required)
    - Dates and Procedures
    - Registration Holds (PIN required)
    - Transcript Information
    - Dates Available/How to Request

Payment may be made with your VISA or MasterCard or Discover via ASSIST:

- **ASSIST Telephone Payment**: 956/381-3030
- **ASSIST Web Payment**: www.utpa.edu/assist
- **KIOSK Payment at 15 locations**:
  - Academic Support Services Building
  - Administration Building
  - Business Administration Building
  - Communication Arts and Sciences Building
  - Engineering Building
  - Education Building
  - Physical Education II Building
  - Health Sciences East Building
  - Science Building
  - Social and Behavioral Sciences Building
  - Student Union

◆ Student Guide

Students are responsible for becoming familiar with policies that govern students. The University of Texas-Pan American Student Guide provides detailed information on numerous aspects of campus life and University policies governing students. The Student Guide can be viewed at www.utpa.edu/depts/dos/judicialaffairs/studentguide.htm
Copies are also available through the Office of the Dean of Students, University Center, Room 104.
Student Travel

Student travel at The University of Texas-Pan American will be guided by the student travel policy in the Handbook of Operating Procedures Section 5.6.3 as follows:

A. Purpose
The purpose of this policy is to set forth University rules and procedures regarding student travel and to comply with The University of Texas system policy and State Law (Texas Education Code §51.949) relating to student travel. University students may travel off campus when representing a student organization, University department or engaging in intercollegiate competition or academic activities. Examples of student travel include, but are not limited to, class field trips and assignments; attendance at scholarly or professional conferences; University-funded student organization travel; class trips for educational or cultural enrichment; athletic, student publication, dramatic, music or forensic competition or performances; student leadership conferences; placement forums; and graduate school visits.

B. Authorization
Student travel, as described above, must be registered with and approved by the Dean of Students or his or her designee. The Authorization for Student Travel and Release of All Claims forms must be completed and submitted to the Office of the Dean of Students at least two weeks prior to the trip. Each individual requesting authorization for travel must submit a completed Release of All Claims form with the Authorization for Student Travel form.

C. Statutory Requirements
The statutory requirements in Section D of this policy are applicable to student travel undertaken by one or more currently enrolled students to reach an activity or event that meets all of the following criteria:

1. An activity or event organized and sponsored by the University. An activity or event is considered to be organized and sponsored if it has been planned and funded by the University and approved by the Dean of Students or his or her designee;
2. the activity or event is located more than 25 miles from the University; and
3. (a) travel to the activity or event is funded and undertaken using a vehicle owned, rented or leased by the University; or (b) attendance at the activity or event is required by a registered student organization and approved in accordance with this policy.

D. Safety and Mode of Travel
1. All Motor Vehicle Travel
   (a) Seat Belts
   Occupants of motor vehicles shall use seat belts or other approved safety restraint devices required by law or regulation at all times when the vehicle is in operation. The number of occupants in a vehicle cannot exceed the number of working seatbelts in the vehicle.
   (b) Alcohol and Illegal Substance Prohibited
   Occupants of motor vehicles shall not consume, possess, or transport any alcoholic beverages or illegal substance. Operators shall not drive while under the influence of drugs or alcohol; this includes over the counter or prescription medication that may impair the driver's ability.
   (c) Passenger Capacity
   The total number of passengers in any vehicle at any time it is in operation shall not exceed the manufacturer’s recommended capacity or the number specified in applicable federal or state law or regulations, whichever is lower. Fifteen-passenger vans shall not be used to carry more than nine occupants (including the driver) at any one time. Consideration should be given to decreasing the number of passengers if luggage is to be transported in the same vehicle; luggage should be stored under seats or in the rear storage area.
   (d) License and Training
   Each operator of a motor vehicle shall have a valid operator’s license, be at least 18 years of age and trained as required by law to drive the vehicle that will be used. Persons who drive a 15-passenger van must successfully complete a van driving training course at least once every three years. Van driving training is available at the Environmental Health and Safety Office.
   (e) Proof of Insurance, Inspection and Safety Devices
   Each motor vehicle to which this policy applies must be covered by liability insurance and display a current state inspection certificate, be equipped with all safety devices or equipment required by federal or state law or regulation and comply with all other applicable requirements of federal or State law or regulations.
   (f) Legal Operation of Vehicle and Driving Schedule
   Operators of motor vehicles shall comply with all laws, regulations, and posted signs regarding speed and traffic control and shall not operate the vehicle for a continuous period that is longer than the maximum provided by federal or state law. A driver may not drive longer than four continuous hours without a scheduled rest stop. The rest stop must last a minimum of 30 minutes before that same driver may resume driving. Total driving time within a 24-hour period may not exceed eight hours per authorized driver. There should be no driving between the hours of 11 p.m. and 6 a.m. without prior approval of the appropriate administrative official.
2. Travel Using a Vehicle Owned, Rented or Leased by the University
   (a) Service and Maintenance
   In addition to those provisions in Section F.1, each vehicle owned or leased by the University must be subject to scheduled periodic service and maintenance by qualified persons and comply with all applicable requirements of The University of Texas System Business Procedures Memoranda.
(b) Operators of Vehicles

All operators of vehicles owned, rented or leased by the University shall be employees of the University and shall have a valid operator’s license for the operation of the particular vehicle. All drivers of rental vehicles must be listed on the vehicle rental agreement. In addition, operators shall have a current Motor Vehicle Record on file with the University Department of Environmental Health and Safety. Drivers must have a rating of three points or less as required by The University of Texas System Business Procedures Memorandum 16-03-02 Automobile Insurance Coverage for Officers and Employees and General Requirements for the Use of Vehicles (BPM 16-03-02).

When a common carrier is used for student travel covered by this policy, the University shall take reasonable steps to assure the travel is undertaken in conformance with this policy.

◆ Student Right to Know and Campus Security Act

The Student Right to Know and Campus Security Act of 1990 requires that colleges and universities take reasonable steps to publicize graduation rates and certain campus crime statistics. One purpose of this federal legislation is to give students, prospective students, parents of students, employees and others who may be interested a better understanding of the frequency of serious crime on campus and, ultimately, to make this and other campuses safer.

The University of Texas-Pan American is concerned about the safety and security of the entire University community. In an effort to provide a safe and secure campus, the University maintains a full-time professional police force composed of state-certified, licensed law enforcement officers, commissioned by The University of Texas System, with the power of arrest, and other noncommissioned security personnel. They patrol the campus 24 hours a day, 365 days a year.

The University Police Department maintains a police substation at the University Library as well as emergency phones throughout campus with direct lines to the Police Department. The department also provides escort to and from any location on campus upon request.

All members of the University community should be aware of dangers to their personal safety. Crime happens on campus just as it happens off campus. If someone is the victim of a crime or witnesses a crime, he or she should report it and cooperate with the University Police Department to ensure that the crime is properly investigated and prosecuted.

To report a crime, call the University Police at 956/316-7151. In the event of an emergency, call H-E-L-P (381-4357), or dial 911, 24 hours a day, 365 days a year.

Crimes reported on the UT Pan American Campus can be accessed at the following Web address:

www.utpa.edu/campussafety

A hard copy of the UTPA Campus Safety and Security Report can be requested by contacting the Office of Student Judicial Affairs at 956/318-5375.

Any law enforcement information provided by state law enforcement agencies concerning registered sex offenders may be obtained from the UT Pan American Police Department at 956/316-7151.

University policies and Texas law prohibit the disruption of University operations and events and regulate the use of alcoholic beverages on campus. Violators will be subject to prosecution under the law and the University’s disciplinary code. University policies related to the possession, sale and use of alcoholic beverages on campus are described in The University of Texas-Pan American Student Guide. Copies are available on request in the Office of the Dean of Students, University Center, Room 104.

Other policies that pertain to crime reporting and crime prevention, facilities access and security, authority of police and related matters are contained in the Student Guide and in the University’s Handbook of Operating Procedures. All are available from the Office of the Dean of Students and the Office of University Relations. The following offices are available to assist you:

**Family Educational Rights and Privacy Act (FERPA)**

The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. §1232g, and the Texas Public Information Act, Texas Government Code §552.001 et seq., are respectively a federal and a state law that provide for the review and disclosure of student educational records.

In accordance with these laws, The University of Texas-Pan American has adopted the following policy. Individuals are informed of their rights under these laws through this policy, which is included in the University's Handbook of Operating Procedures (HOP), Section 5.2.3 and this catalog. The catalog is made available for inspection through the Graduate School and the Office of Records and Registration and copies of the Handbook of Operating Procedures are available in the University Library and most administrative offices and on the Internet at http://www.utpa.edu/hop

This document shall be reviewed periodically by the Dean of Students and the vice president for Business Affairs.

The University will not permit access to or the release to any party of personally identifiable information contained in student education records without the written consent of the student, except as authorized by FERPA. FERPA's authorizations for release without consent include the following:

1. to appropriate University officials who require access to educational records in order to perform their legitimate educational duties;
2. to officials of other schools in which the student seeks or intends to enroll, upon request of these officials, and upon the condition that the student be notified and receive a copy of the record if desired;
3. to federal, state or local officials or agencies authorized by law;
4. in connection with a student’s application for, or receipt of, financial aid;
5. to accrediting organizations or organizations conducting educational studies, provided that these organizations do not release personally identifiable data and destroy such data when it is no longer needed for the purpose for which it was obtained;
6. to the parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1954;
7. in compliance with a judicial order or subpoena, unless such subpoena specifically directs the institution not to disclose the existence of a subpoena;
8. in an emergency situation if the information is necessary to protect the health or safety of students or other persons; or
9. to an alleged victim of any crime of violence, the results of the alleged perpetrator’s disciplinary proceeding may be released.

Additionally, any law enforcement information provided by state law enforcement agencies concerning registered sex offenders may be released from the UT Pan American Police Department. The Police Department can be contacted at 956/316-7151.

The University will release information in student education records to appropriate University officials as indicated in 1. above when there is a legitimate educational interest. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Regents; or a student serving on an official committee or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Where required by regulations, a record of requests for disclosure and such disclosure of personally identifiable information from student education records shall be maintained by the vice president for Business Affairs for each student and will also be made available for inspection pursuant to this policy. If the institution discovers that a third party who has received student records from the institution has released or failed to destroy such records in violation of this policy, it will prohibit access to educational records for five years. Respective records no longer subject to audit nor presently under request for access may be purged according to regular schedules.

**Directory Information**

At its discretion, the University may release directory information which shall include:

1. name, address, telephone number
2. date and place of birth
3. major field of study
4. participation in officially recognized activities and sports
5. dates of attendance
6. most recent previous educational institution attended
7. classification
8. degrees, honors and awards received
9. date of graduation
10. physical factors (height and weight) of athletes
11. photographs
12. University e-mail address
Students may have any or all directory information withheld by notifying the University in writing. Request for nondisclosure will be honored by the University until such time that the student grants permission, in writing, to release the information.

### Access to File

In accordance with House Bill 1922, with few exceptions, you are entitled on your request to be informed about the information UT Pan American collects about you. Under Sections 552.021 and 552.023 of the Texas Government Code, you are entitled to receive and review the information. Under Section 559.004 of the Texas Government Code, you are entitled to have UT Pan American correct information about you that is held by us and that is incorrect, in accordance with the procedures set forth in The University of Texas System Business Procedures Memorandum 32. The information that UT Pan American collects will be retained and maintained as required by Texas records retention laws (Section 441.180 et seq. of the Texas Government Code) and rules. Different types of information are kept for different periods of time.

Upon written request, the University shall provide a student with access to his or her educational records. The vice president for Business Affairs at UT Pan American has been designated by the institution to coordinate the inspection and review procedures for student education records, which include admissions files, academic files and financial files. Students wishing to review their education records must make written requests to the vice president for Business Affairs listing the item or items of interest. Education records covered by the act will be made available within 45 days of the request.

A list of education records and those officials responsible for the records shall be maintained at the Office of the vice president for Business Affairs. This list includes:

#### Academic Records

- **Office of Undergraduate Admission**: SSB, Third Floor
- **Graduate School**: AB 116
- **Office of Records and Registration**: Registrar, SSB 108
- **College, Division, Department and Faculty Offices**

#### Student Affairs/Student Services Records

- **Counseling Office**: Director of Counseling, LEAC 156 or UC 109
- **Student Services**: Dean of Students, UC 104
- **Housing Office**: Director of Residence Life, Women’s Residence Hall
- **Office of Career Placement Services**: Director, SSB, Second Floor

#### Financial Records

- **Business Office**: vice president for Business Affairs, SSB, Fifth Floor
- **Student Financial Services**: Director, SSB, 186

Educational records **do not** include:

1. financial records of the student’s parents or guardian;
2. confidential letters of recommendations that were placed in the educational records of a student prior to January 1, 1975;
3. records of instruction, administrative and educational personnel that are kept in the sole possession of the maker and are not accessible or revealed to any other individual except a temporary substitute for the maker;
4. records of law enforcement units;
5. employment records related exclusively to an individual’s employment capacity;
6. medical and psychological records;
7. thesis or research papers; or
8. records that only contain information about an individual after the individual is no longer a student at the institution.

#### Challenge to Record

Students may challenge the accuracy of their educational records. Students who believe that their educational records contain information that is inaccurate or misleading, or is otherwise in violation of their privacy or their rights, may discuss their problems informally with the department that generated the record in dispute. If an agreement is reached with respect to the student’s request, the appropriate records will be amended. If not, the student will be notified within a reasonable period of time that the records will not be amended, and he or she will be informed by the head of that department of his or her right to a formal hearing.

Student requests for a formal hearing must be made in writing to the vice president for Business Affairs who, within a reasonable period of time after receiving such requests, will inform students of the date, place and the time of the hearing. Students may present evidence relevant to the issues raised and may be assisted or represented at the hearings by one or more persons of their choice, including attorneys, at the student’s expense. The hearing officer who will adjudicate such challenges will be appointed by the vice president for Business Affairs in non-academic matters and by the provost and vice president for Academic Affairs in academic matters.

Decisions of the hearing officer will be final, will be based solely on the evidence presented at the hearing, will consist of the written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned. The education records will be corrected or amended in accordance with the decision of the hearing officer, if the decision is in favor of the student. If the decision is unsatisfactory to the student, the student may place with the education records statements commenting on the information in the records or statements setting forth any reasons for disagreeing with the decision of the hearing officer, or both.
The statements will be placed in the education records, maintained as part of the student’s records and released whenever the records in question are disclosed.

Students who believe that the adjudications of their challenges were unfair or not in keeping with the provisions of the Act may request, in writing, assistance from the president of the institution.

■ Copies

Students may have copies of their educational records and this policy. These copies will be made at the student’s expense at rates authorized in the Texas Public Information Act. (There is no charge for student transcripts.) Official copies of academic records or transcripts will not be released for students who have a delinquent financial obligation or financial “hold” at the University.

■ Complaints

Complaints regarding alleged failures to comply with the provisions of the FERPA may be submitted in writing to the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-4605.

◆ Student Academic Responsibilities and Appeals

■ Academic Responsibilities

Students are expected to inform themselves thoroughly concerning the regulations of the University and the course requirements for degrees and to make inquiries in case of doubt. It shall not be the University’s responsibility should complications arise because of failure to follow regulations and requirements.

Regulations will not be waived nor exceptions to requirements made on a plea of ignorance of the regulation or requirement. Students, therefore, should become familiar with all of the information related to the program contained in the printed University bulletins.

Each student, by registering, enters some college of the University and, except as to conduct, is thereafter under its jurisdiction with regard to the student’s program of study and degree requirements. Students should work directly with the person in their major department who is assigned the responsibility of supervising their programs concerning course requirements and options, deficiencies, degree plan and special regulations. Requests to waive regulations and/or requirements should be directed in writing to the dean of the college.

■ Academic Appeals

Periodically, misunderstandings arise with regard to academic expectations and final grades. Students wishing to appeal final grades or misunderstandings in academic standards should first discuss the matter with the instructor of the class. If no resolution occurs, and the student wishes to pursue the matter further, he or she should appeal in writing to the department chair involved. The department chair will respond in writing to the student within 10 class days of the receipt of the student’s written appeal.

Pursuant appeals will be written and directed within 10 class days of the date of the department chair’s decision to the College Academic Appeals Committee. The committee will consist of a panel of three faculty members, two of whom may not be from the department in which the appeal originated. The dean of the college will appoint the panel members upon receipt of the written appeal and notify the student in writing of the date, time and location of the hearing and the names of the members of the panel. The student and the faculty member involved may appear in person before the panel and present evidence and/or witnesses. The hearing will be closed to the public and no person other than the student, the faculty member involved and panel members may be present. No person may represent the student or the faculty member.

After the College Academic Appeals Committee has heard the appeal, it will deliberate and come to a decision. The committee’s decision will be written and mailed or delivered in person to the student and faculty member within three class days of the close of the hearing. The student may appeal in writing within 10 class days to the dean. The dean’s decision will be final and must be mailed or delivered in person to the student within 10 class days of the receipt of the student’s written appeal. This policy may be found in the Student Guide.

◆ Student Complaint Procedures

■ Purpose

The University of Texas-Pan American endeavors to provide fair and objective procedures for hearing student complaints and endorses compliance with the spirit of non-discrimination regulations. The following will advise students of procedures to be followed in filing non-academic complaints.

■ Discrimination/Disability Complaints

Students with questions concerning discrimination in employment or based on sex or disability must contact the appropriate compliance officer prior to initiating grievance procedures. Compliance officers are listed below:

1. Title IX (non-discrimination on the basis of sex):

Student inquiries or complaints concerning Title IX or
discrimination on the basis of sex may be presented to the director of the department in question or to the Dean of Students (Compliance Officer), University Center 104, 956/381-2262.

2. Sexual Harassment: The University of Texas-Pan American condemns sexual harassment of its students, staff and faculty. Sexual harassment is a form of sexual discrimination and is illegal. Students who believe they have been subjected to sexual harassment are encouraged to immediately report the incident to the Dean of Students, University Center 104, 956/381-2262. The University’s policy concerning sexual harassment may be found in the Student Guide and the Handbook of Operating Procedures.

3. AIDS-Related Issues: Students may not be subjected to impermissible discrimination on the basis of Acquired Immune Deficiency Syndrome (AIDS) or Human Immunodeficiency Virus (HIV). The policy addressing AIDS-related issues may be found in the Student Guide and the Handbook of Operating Procedures. Student complaints or inquiries should be directed to the Director of Student Health, Emilia Schunior Ramirez Hall, Room 1.105, telephone 956/381-2511.

4. Section 504 of the Rehabilitation Act/Americans with Disabilities Act: The University of Texas-Pan American provides for the prompt and equitable resolution of complaints alleging violations of these acts, including complaints regarding a refusal to provide requested accommodations and auxiliary aids or services and programs that are perceived to be inaccessible. Students should address ADA or Section 504 complaints to:

ADA Coordinator
The University of Texas-Pan American
1201 W. University Drive
Edinburg, TX 78541-2999
Telephone: 956/381-2127

Family Educational Rights and Privacy Act
The Family Educational Rights and Privacy Act (FERPA) concerns the maintenance and confidentiality of student records. The University’s policy regarding FERPA may be found in the Student Guide, the Handbook of Operating Procedures and page 78 of this catalog. Students who believe their records are inaccurate or have been disclosed in an unauthorized manner should contact the vice president for Business Affairs, Student Services Bldg., Fifth Floor, 956/381-2121.

All Other Non-Academic Complaints
In an effort to resolve misunderstandings or concerns, a student must first make every effort to resolve the problem by discussing his or her concerns with the faculty or staff member against whom the complaint is lodged. If the concern still exists, the student may discuss the complaint with the appropriate chair or head of the department in which the complaint originated. Additional appeals may be pursued through administrative channels. Students should consult "Student Complaint Procedures" in the Student Guide or Handbook of Operating Procedures for detailed information or request assistance from the Office of the Dean of Students, University Center 104, 956/381-2262.

Student Advisement for Concerns/Complaints
The Office of the Dean of Students in University Center, Room 104, offers assistance to students who have concerns or complaints other than those addressed above, or who have questions regarding existing policies and procedures.

Student Conduct and Disciplinary Code
All students at The University of Texas-Pan American are subject to the rules and regulations governing student conduct and discipline as described in the UT Pan American Student Guide and Handbook of Operating Procedures and in Part One, Chapter VI, Section three of the Rules and Regulations of the Board of Regents of The University of Texas System. These documents are available for review in the University Library, the Office of the Dean of Students and the Office of the vice president for Enrollment and Student Services.

Hazing
Hazing is both a violation of University policy and a criminal offense (Sections 37.151 et seq. and 51.936, Texas Education Code) and may result in arrest and prosecution by civil authorities as well as disciplinary action pursuant to the Regents’ Rules and Regulations (Part One, Chapter VI, Sections 3.28 and 3.6) and the University’s Handbook of Operating Procedures, Section 6.4.1.

Hazing with or without the consent of a student is prohibited by the University and by the UT System. Both the hazer and victim are subject to discipline.

According to state law, a person can commit a hazing offense not only by engaging in a hazing activity, but also by soliciting, directing, encouraging, aiding or attempting to aid another in hazing; by intentionally, knowingly or recklessly allowing hazing to occur; or by failing to report in writing to the dean of students or other appropriate individual of the institution firsthand knowledge that a hazing incident is planned or has occurred. The fact that a person consented to or acquiesced in a hazing activity is not a defense to prosecution for hazing under the law.

In an effort to encourage reporting of hazing incidents, the law grants immunity from civil or criminal liability to any person who reports a specific hazing event to the dean of students or other appropriate individual of the institution and immunizes that person from participation in any judicial proceeding resulting from that report. The penalty for failure to report is a fine of up to $1,000, up to 180 days in jail, or both. Penalties for other hazing offenses...
vary according to the severity of the injury which results in fines from $5,000 to $10,000 and/or confinement for up to two years. The law does not affect or in any way restrict the right of the University to enforce its own rules against hazing.

The law defines hazing as any intentional, knowing, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in or maintaining membership in any organization whose members are or include students at an educational institution.

Hazing includes but is not limited to:

• Any type of physical brutality, such as whipping, beating, striking, branding, electric shocking, placing of a harmful substance on the body or similar activity;
• Any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
• Any activity involving consumption of food, liquid, alcoholic beverage, liquor, drug or other substance which subjects the students to an unreasonable risk or harm or which adversely affects the mental or physical health of the student;
• Any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame or humiliation, or that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described in this subsection; and
• Any activity that induces, causes or requires the student to perform a duty or task which involves a violation of the Penal Code.

◆ Solicitation on Campus

The University's policy on solicitation is outlined in The University of Texas System Regents’ Rules and Regulations, Part One, Chapter VI.6.6. (The term “solicitation” means the sale, lease, rental or offer for sale, lease, rental of any property, product, merchandise, publication or service, whether for immediate or future delivery; an oral statement or the distribution or display of printed material, merchandise or products that is designed to encourage the purchase, use or rental of any property, product, merchandise, publication or service; the oral or written appeal or request to support or join an organization other than a registered student, faculty, or staff organization; the receipt of or request for any gift or contribution; or the request to support or oppose or to vote for or against a candidate, issue or proposition appearing on the ballot at any election held pursuant to state or federal law or local ordinances.)

◆ Career Placement Services

In a time when heavy academic emphasis is being placed on career-oriented programs, UT Pan American's Office of Career Placement Services is an important component of any student’s preparation.

Through this office, students gain new insight into their future career plans, different job opportunities, average pay scales and other useful information. The Career Information Center is located in the office and is available to any interested student.

The UT Pan American Office of Career Placement Services places students in jobs in three ways. During the students’ college years, the office will assist them in locating part-time employment. An internship or co-op assignment is strongly encouraged during the sophomore and junior years for any student wishing to improve his job marketability. Then as they approach graduation, the office helps connect them with prospective employers. Many major corporations, government agencies and other top employers recruit at UT Pan American each year.

Placement: A placement credential service, an online resumé service and on-campus employment interviews are available for seniors. Special activities are also held for all UT Pan American students and alumni in preparation for the career search. These include Career Day, Teacher’s Job Expo, Health Professions Career Day, Graduate and Professional School Fair, Engineering and Computer Science Career Day and Job Preparation Workshops, as well as other activities.

Career Information Center: The Career Information Center houses a computer/printer with Internet capability to assist students in conducting company research; a kiosk sponsored by U.S. Customs facilitates student access to all federal government jobs; sources of occupational information; registers and directories; information on hundreds of different companies, school districts and government agencies; fellowship/scholarship information; and graduate/professional school catalogs. Computers are available to assist with company research.
Student Employment Service: A number of local businesses and agencies contact the office seeking students for part-time or full-time employment. The Student Employment Service operates as a referral system to match these employers with UT Pan American students. International students are required to apply through the International Student Advisor in the Communication Arts and Sciences Building (CAS), Room 125, telephone 956/381-2922.

Cooperative Education Program: The Cooperative Education (Co-Op) Program at UT Pan American offers students an opportunity to gain work experience in an employment situation directly related to their major course of study.

The Co-Op Program has three options:
- Alternating/Full-time — Students alternate semesters or six-month terms of full-time work with full-time study.
- Parallel/Part-time — Students work part-time, usually 25 hours or less, while continuing to take classes.
- Summer Internship — Students work during the summer months on a full-time basis.

To be eligible to participate in the Co-Op Program, students must:
- have completed a minimum of 30 semester credit hours.
- maintain at least a 2.0 grade point average.
- be enrolled at least half-time (six hours).
- either be currently enrolled, or have been enrolled the previous semester and be registered for the upcoming semester.

The Co-Op student may be eligible to receive academic credit for his or her Co-Op work assignment in ART 4391, COMM 3623, COMM 3627, CRJ 4402, GENB 2346, POLS 2343 and POLS 3185. Refer to the course descriptions in the academic departments section of this catalog for more information.

High School to University Services

The Office of Career Placement Services promotes educational excellence in local public schools by providing University resources and services to support a wide variety of programs and activities. These initiatives are designed to encourage students to pursue high levels of academic achievement in high school and to help prepare them for success in college and beyond.

The Advanced Placement Summer Institutes prepare high school and middle school teachers to teach Advanced Placement and Pre-AP courses. These intensive week-long training sessions are sponsored by the University in cooperation with the College Board.

Advanced Placement Summer Institutes
UTPA Annex, 2412 S. Closner
Edinburg, TX 78541-2999
Telephone: 956/292-7570

The Concurrent Enrollment program allows outstanding high school juniors and seniors to enroll in University courses and receive college credit. Concurrent Enrollment opportunities are offered through both distance learning and on-campus attendance programs. The “High School to University Program” makes tuition incentives available to qualified students from participating school districts.

Concurrent Enrollment
UTPA Annex, 2412 S. Closner
Edinburg, TX 78541-2999
Telephone: 956/292-7570
E-mail: ce@utpa.edu

Texas Scholars, an initiative of the Texas Business and Education Coalition, encourages secondary students to enroll in challenging courses and to complete the “Recommended” high school curriculum. UT Pan American supports the program by serving as a resource for school districts and by providing incentives to students.

Texas Scholars
UTPA Annex, 2412 S. Closner
Edinburg, TX 78541-2999
Telephone: 956/292-7570
The Training for Educators program provides a wide variety of in-service training opportunities for professionals and paraprofessionals employed in the field of education. Non-credit courses, workshops and certificate programs are available for teachers, counselors and substitute teachers.

New Student and Visitor Services

The New Student and Visitor Services Office assists UT Pan American’s efforts to establish, meet and maintain desired enrollment levels by recruiting and orienting students to the University. The recruitment program acts in support of these efforts by providing information about UTPA programs and services to prospective students. The Student Orientation Office conducts orientation sessions designed to facilitate new students’ adjustment to the University environment, to develop an understanding of academic expectations, to become familiar with campus services and activities and to provide academic advisement for their first term at UT Pan American. Attendance at orientation is mandatory for all entering freshmen and transfer students. All new students (transfer and/or entering freshmen) to the University are assessed a new student fee.

Services for Persons with Disabilities

The Office of Services for Persons with Disabilities (OSPD) is designed to provide supportive services that meet the educational, career and personal needs of persons with disabilities who attend or plan to attend UT Pan American. Major program responsibilities include:

- identifying persons with disabilities, verifying disabling condition(s) and determining and providing appropriate accommodations to meet students’ needs,
- promoting full utilization of existing resources, full participation and enjoyment of the University environment, and the development of better, more effective methodologies for meeting special needs,
- increasing service and disability awareness among UT Pan American students, faculty, staff and the general public, and
- promoting and assisting with the development of “accessible” programs and facilities at UT Pan American.

Persons with disabilities requiring information or services are encouraged to contact the OSPD as early as possible. Requests for services must be accompanied by professional assessments/reports not more than three years old from individuals qualified to diagnose the disability involved.

Additional information may be obtained by calling 956/316-7005 (Voice/TDD 316-7092, fax 316-7034) or visiting Emilia Schunior Ramirez Hall, Room 1.101.

Student Health Services

Student Health Services is a fully accredited ambulatory health care facility staffed with physicians and mid-level providers including physician assistants and family nurse practitioners. Primary medical care, health and wellness education and support services are provided to students registered at UT Pan American.

Confidential, unlimited, free medical consultations are available on a walk-in basis during clinic hours. Referrals and appointments to outside providers are routinely made when necessary. Fees for service charges are assessed for ordered laboratory tests, pharmaceuticals, women’s health care and certain procedures. The student must pay for services on the day they are rendered, but if extenuating circumstances prevent payment on that day, provision has been made to have charges transferred to the student’s account at the Office of Payments and Collections.

Convenient pharmacy services include prescription and over-the-counter medications and patient counseling. A full-service laboratory offers same day or next day results for most tests. Immunizations, flu vaccines, pregnancy tests, allergy injections and screening tests for tuberculosis, anemia and diabetes are also available. Confidential, anonymous HIV antibody testing is free to students, staff and faculty.

Located on the first floor of Emilia Schunior Ramirez Hall, Student Health Services is open from 8 a.m. to 4 p.m.
Student Services

Tuesday and Friday, 8 am.-7 p.m. Monday, Wednesday and Thursday. Call 956/381-2511 for more information.

**HIV/AIDS/HBV:** An HIV/AIDS/HBV education and awareness program is available for UT Pan American students, faculty and staff. Under the oversight of Student Health Services, information and programming is available on a one-to-one basis and to various campus groups. Free, confidential, anonymous HIV antibody testing with pre- and post-testing counseling from Valley AIDS Council is available at Student Health Services. The HBV (Hepatitis B) vaccine is available to all students, faculty and staff at a minimal fee. Clients may be referred to appropriate off-campus facilities for additional counseling and treatment as warranted.

**AIDS-Related Issues:** Institutional policy and educational procedures are detailed in the Student Guide, available through the Office of the Dean of Students.

**Student Insurance:** Students are encouraged to purchase an optimal, low-cost health insurance plan that provides health and accident coverage. Information regarding policy coverage and claim procedures can be obtained at Student Health Services on the first floor of Emilia Schunior Ramirez Hall or by calling 956/381-2511.

**International Students:** Health insurance is required for all international students (F-1 and J-1 visa holders) and may be required for dependents; therefore, purchase of this health insurance will be mandatory for such students unless a waiver has been obtained from the International Student Advisor. The issuance of a waiver requires proof that the student has insurance coverage comparable to the minimum required $50,000 Major Medical, $10,000 Medical Evacuation, and $7,500 Repatriation. Medical Evacuation and Repatriation may not be waived. Contact Student Health Services or International Student Services at 956/381-2922 for further information.

**Student Immunizations:** In accordance with state law, the following immunizations are required for all students enrolled in health-related courses that will involve direct patient contact in medical or dental care facilities or who come in contact with human biological fluids or tissue. Students for whom these immunizations are not required are strongly urged to obtain these immunizations for their own protection.

**Measles:** Proof of two doses of measles vaccine administered on or after the first birthday, if born after 1957. The required two doses should be administered at least 28 days apart or have proof of immunity.

**Mumps:** Proof of one dose of mumps vaccine administered on or after the first birthday or proof of immunity.

**Rubella:** Proof of one dose of rubella vaccine administered on or after the first birthday or proof of immunity.

**Tetanus/diphtheria:** Proof of one “booster” dose of TD vaccine within 10 years.

**Bacterial Meningitis:** Bacterial meningitis is a potentially deadly disease that can progress extremely fast. It is an inflammation of the membranes that surround the brain and spinal cord. The bacteria that cause meningitis also can infect the bloodstream.

Vaccinations are effective against four of the five most common bacterial types that cause 70 percent of the disease in the United States. Vaccines are available in the Student Health Center and are recommended for students living in close quarters and those 25 years old or younger.

**Hepatitis B virus (HBV):** Proof of serologic immunity to HBV or certification of immunization with a complete series of Hepatitis B vaccine. Students will be required to present a letter or other suitable written certification.

Certain exemptions are allowed for the immunization requirement; students should contact the Student Health Services for information.

Students enrolled at UT System institutions will assume the full cost of the immunizations.

Students may obtain information from Student Health Services regarding the consequences of not being current on immunization for certain diseases, the age groups most vulnerable to these vaccine-preventable diseases and local providers of immunization services.

♦ Alcohol and Drug Abuse Program (ADAP)

The Alcohol and Drug Abuse Program (ADAP) has been established to meet the needs of all UT Pan American students who may have a substance abuse concern/issue or who may be dealing with a related concern. The Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226, require that each campus implement a program to address substance abuse issues.

ADAP is committed to all UT Pan American students by providing an environment for education, exploration and personal growth. The ADAP staff maintains a dedication to the overall wellness of each student on campus. ADAP strives to fulfill its responsibilities by providing a variety of different services to the student body. Some of these services include, but are not limited to, counseling, crisis intervention and group presentations and crisis intervention services.

The Alcohol and Drug Abuse Program is located in the University Center, Room 320, telephone 956/381-2648. ADAP is open from 8 a.m. to 5 p.m. Monday through Friday and by appointment.
**Student Publications**

Students at UT Pan American are invited to contribute and work on the staff of student publications. Writing, editing and photography usually start before the opening of classes in the fall semester. Some positions are paid, but volunteer workers also are sought as reporters, copyreaders and headline writers. The student-run newspaper, The Pan American, and Panorama magazine are headquartered in the Department of Communication in the Communication Arts and Sciences Building, Room 170, telephone 956/381-2541, fax 956/316-7122, Web page http://www.utpa.edu/dept/panamerican

**Clubs and Organizations**

A variety of clubs and organizations offer the UT Pan American student friendship, relationships with people of similar interests, avenues for organized and meaningful service and opportunities for self-development. Because new organizations are formed each year, a complete updated list — and assistance in starting up new organizations — is available in the Office of Student Development, University Center, Room 205, telephone 956/381-2660.

◆ The Office of Residence Life: Student Housing

The University experience is about trials and triumphs in the classroom, as well as friendships made and new ideas explored throughout your college career. A college career can be very exciting, but also has its own special challenges.

The Residence Life Staff at UTPA invites you to join our residence life community to help through this transition and assist you in taking full advantage of all the resources the University offers. While living on campus, you will have a tremendous opportunity to learn more about yourself, others and the world around you. Whether you are beginning your collegiate experience or continuing your education, the Department of Residence Life encourages you to consider the many benefits of campus living.

NOTE: Residence Life opening and closing dates, and all fees for room and board rates are subject to change. Please verify all of this information with the Office of Residence Life at 956/381-3439. For reservation and other information on University residence halls and the Bronc Village Apartments, contact the:

Office of Residence Life
The University of Texas–Pan American
1201 W. University Drive
Edinburg, TX 78541-2999

Telephone: 956/381-3439
Fax: 956/384-5055
E-mail: home@utpa.edu
Web page: http://www.utpa.edu/reslife

◆ Residence Halls

◆ Contract Policy

Housing at the UTPA Residence Halls is available for UTPA students, faculty, staff and participants of University-sponsored programs. Individuals seeking housing accommodations at the University must sign a Residence Hall Reservation Agreement and a Room and Board Contract on a semester basis. Space in the University Residence Halls is reserved on a first-come, first-served basis.

◆ Housing Dining Services

The University Cafeteria, part of the University Center Complex, is conveniently located southeast of the Residence Halls. All residents must purchase the minimum required meal plan per semester, which is included in the room and board fee.

◆ Room Furnishings

Each Residence Hall is designed with forty-eight suites and ninety-six double occupancy rooms. Double occupancy rooms can be reserved as private rooms if space permits. Two adjacent rooms and a bathroom comprise one suite. Residents are responsible for providing their own bed linen, blankets, towels and toiletries. Room Contents:

- 2 Chests of drawers
- 2 Single beds
- 2 Closets
- 2 Desks and chairs
- Window blinds
- Basic cable connection
- Central air and heat
- Individual Ethernet connections

◆ Residence Hall Services

For your convenience, the UTPA residence halls provide the following in-house services:

- Study rooms
- Computer labs with network extension
- Coin-operated laundry facilities
- Vending machines
- Community kitchenette and microwave
- Recreation room (with pool table, foosball, air hockey table and cable television)
- Lounges
- Refrigerator rental
- Free student parking permit
Safety and Security
Providing a safe living and learning environment for University residents is our foremost mission. To that end, the residence life staff coordinates various safety programs for residents throughout the year highlighting topics such as securing personal belongings, personal safety on and off campus, and the use of University Police escorts. In addition, Resident and Night Assistants, trained in emergency procedures, are available to assist residents when necessary.

How to Apply
To reserve a room, complete a Residence Hall Reservation Agreement and return it with your $75 deposit to:

Office of Residence Life
The University of Texas–Pan American
1201 W. University Drive
Edinburg, TX 78541-2999

The deposit is held by UTPA for as long as you are housed in the residence halls and is transferable from semester to semester. Deposits are refunded within two to three weeks upon official check out or cancellation of the Residence Hall Reservation Agreement provided that all deadlines are met, procedures are followed, no damage to the facility is recorded and no extra room cleaning is required.

Bronc Village Apartments
Leasing Policy
Housing at Bronc Village is available for enrolled UTPA students and current faculty and staff only. The only exception to this policy relates to children and spouses of current UTPA students, faculty, or staff. Individuals seeking housing accommodations at Bronc Village must sign a Bronc Village Reservation Agreement identifying a nine-month or 12-month lease period. Space in Bronc Village is reserved on a first-come, first-served basis.

In order to be eligible for residency at Bronc Village, students must be at least 21 years of age or have completed 30 semester credit hours (or have been enrolled in a post-secondary institution for a minimum of 18 continuous months).

Appropriate documentation must be presented in the case of married or family housing if the spouse and/or children are not current UTPA students, or faculty or staff members.

Dining Services
All Bronc Village residents must purchase at least the minimum declining balance meal plan for each fall and spring semester; the meal credit can be used at the University Cafeteria, Student Union Food Court, and for food items and the Student Union Convenience Store.

Room Furnishings
Bronc Village rooms and living room areas are furnished for the convenience and comfort of our residents. Room contents (per resident):

- 1 Single bed
- 1 Chest of drawers
- 1 Built-in closet
- 1 Desk and chair
- Individual network connections
- Sofa
- Chair
- Multi-use cube
- End table
- Dishwasher
- Conventional microwave
- Stove/oven
- Full-size refrigerator
- Washer/dryer units

Bronc Village Services
- Clubhouse
- Recreation Room
- Fitness Room
- Mail delivery
- Garbage collection
- Free on-site student parking

Safety and Security
Providing a safe living and learning environment for University residents is our foremost mission. To that end, the residence life staff coordinates various safety programs for residents throughout the year, highlighting topics such as securing personal belongings, personal safety on and off campus and the use of University Police escorts. In addition, Community Assistants, trained in emergency procedures, are available to assist residents when necessary.

How to Apply
To reserve an apartment space, complete a Bronc Village Reservation Agreement (click on the form button) and return it with your $150 deposit to:

Office of Residence Life
The University of Texas–Pan American
1201 W. University Drive
Edinburg, TX 78541-2999

The deposit is held by UTPA for as long as you are housed in Bronc Village and is transferable from lease term to lease term. Deposits are refunded within two to three weeks upon official check out or cancellation of the Bronc Village Reservation Agreement provided that all deadlines are met, procedures are followed, no damage to the facility is recorded and no extra room/apartment cleaning is required.
♦ Department of College Access and Support Programs

The Department of College Access and Support Programs (CASP) serves select populations of students traditionally underrepresented in higher education by promoting the completion of secondary education, facilitating the acquisition of skills for academic success and providing post-secondary education access and transition services. Emilia Schunior Ramirez Hall, Room 2.207, telephone 956/381-2521.

The following programs comprise CASP:

The College Assistance Migrant Program (CAMP) is a federally-funded program designed to meet the special educational needs of migrant and seasonal farmworkers in pursuing higher education. CAMP program provides outreach, recruitment, academic, supportive and financial assistance to migrant and seasonal farmworkers to help them successfully complete the first academic year of college and to continue in postsecondary education. Additional services include academic advising, monthly stipend, tutoring, personal counseling, career development, life management skills development and educational/cultural trips. Learning Assistance Center, Room 156, telephone 956/318-5333.

Educational Talent Search (ETS) is a federally-funded early intervention outreach program which serves first-generation college potential and/or low-income participants in grades six through 12. The program’s objective is to assist participants in the acquisition of skills that will prepare them for entry into the college of their choice. Participants receive a variety of services which include, but are not limited to: counseling; academic advisement; assistance with financial aid and admissions; study skills, career exploration, interest inventories; visits to post secondary institutions and educational/cultural trips. UTPA Annex, Room 182, telephone 956/292-7590.

The High School Equivalency Program (HEP) is a federally-funded program offering preparatory classes, testing and placement in employment or postsecondary education for migrant or seasonal farmworkers who dropped out of high school and wish to acquire a GED. Services include academic advising, monthly stipend, tutoring, personal counseling, career development, life management skills development and educational/cultural trips. Emilia Schunior Ramirez Hall, Room 2.207, telephone 956/381-2521.

The Mother-Daughter Program recruits seventh-12th grade young women and their mothers to participate in creative pre-college strategies that prepare them for success in a postsecondary setting. UTPA Annex, Room 182C, telephone 956/292-7597.

The Texas PreFreshman Engineering Program (TexPREP) identifies high achieving middle and high school students with the potential and interest in becoming engineers and scientists to guide them toward acquiring the knowledge and skills required for success in their professional aspirations. Math and General Classroom Building, Room 3.218, telephone 956/381-3634.

Upward Bound is a federally-funded academic enhancement program designed to assist first-generation college potential and/or low-income high school students in developing their potential for success in a post-secondary institution through classroom instruction during the academic year and a five week summer component on the UTPA campus. Tutoring is offered at host schools and students are also eligible for stipends. Emilia Schunior Ramirez Hall, Room 2.202, telephone 956/381-2596.

The Upward Bound Math and Science (UBMS) Program is a federally funded academic enhancement program designed to encourage first-generation college potential and/or low-income high school students to pursue studies and careers in mathematics, science and engineering through classroom instruction and research mentorships under faculty and graduate students during a five week summer component on the UTPA campus, supplemented by advisement and college success skills sessions during the academic year. Lamar West, telephone 956/380-8703.

◆ Academic Centers

♦ Center for Applied Research in Education

The mission of the Center for Applied Research in Education (CARE) in the College of Education at UTPA is to continuously stimulate faculty and doctoral student research in policy and practice which will result in an improved K-16 education in South Texas. CARE was founded in 1994 to serve as the research arm of the College of Education and of the University. CARE was then reorganized in 1997 with a major emphasis on conducting research interests, and disseminating research including dissertations completed in the Rio Grande Valley schools.

Public schools in the Rio Grande Valley are unique and exceptional. These schools, their students and faculty, provide excellent research sites for doctoral students and faculty. The Center for Applied Research in Education serves the dual purpose of: 1) Providing a research center to study phenomena such as effective practices found in
Center for International Studies
The Center for International Studies facilitates and encourages campus efforts to develop international programs. Among these are research, publications, continuing education, faculty development, community outreach and student experiences abroad. It supports international initiatives among student groups, faculty and agencies in the fields of health, education, government and industry on both sides of the Texas-Mexico border. In addition, the center promotes studies of other regions of the world and provides assistance in writing proposals and establishing relations with universities all over the world, including institutions in Latin America, Mexico, Asia, Europe and the Caribbean.

The Center sponsors multicultural and cross-national research, forming liaisons with community groups and sponsoring presentations on Hispanic and international issues. The center also sponsors two publications, *Rio Bravo Journal* and *Letras Hispanas*, and a third, *Border Journal of Science and Technology*, is now in the planning stage. The Center for International Studies directs the Latin American Studies Center and the Mexican-American Studies Program. Communication Arts and Sciences Building, Room 342, telephone 956/381-3572.

Center for Tourism Research
The Center for Tourism Research in the College of Business Administration addresses social, cultural, environmental and economic issues related to the tourism industry locally, regionally and nationally. Tourism studies targeted by the center include senior travelers or “Winter Texans,” Mexican national visitors to the United States, spring breakers at South Padre Island, ecotourism, historic tourism, recreational tourism and local residents’ attitudes and reactions toward tourism. The center’s most recent publications are Assessing Community Support and Sustainability for Ecotourism Development, Winter Visitor Report, and South Padre Island Spring Break 2000. The center promotes tourism to Texas, particularly South Texas, and assesses the economic impact of tourism on the region. It also provides an opportunity for students to learn applied research methodologies and to become involved in the research activities of the center. Business Administration Building, Room 124, telephone 956/381-3395.

Coastal Studies Laboratory
The Coastal Studies Laboratory (CSL), established as a marine biology laboratory in 1973 in Isla Blanca Park on South Padre Island, was reorganized and expanded in 1985 with a concentration on University education, public education and coastal research. The CSL’s public display contains representative species of fauna and flora from the immediate area of the Lower Laguna Madre and South Padre Island. The CSL also supports classes and field trips from the University and other schools; many universities in Texas and surrounding states use the CSL facilities for field trips each year. A number of marine-oriented courses are offered at the CSL, 100 Marine Lab Drive, South Padre Island, Texas 78597; telephone: 956/761-2644; fax: 956/761-2913; e-mail: coastal@utpa.edu; Web: http://www.utpa.edu/dept/csl/csl.html

International Journal of Mathematics and Mathematical Sciences
The main editorial office of the *International Journal of Mathematics and Mathematical Sciences (IJMMS)* is established at the Department of Mathematics, The University of Texas-Pan American. This is a refereed weekly journal devoted to publications of original research papers, research notes and research expository and survey articles, with emphasis on unsolved problems and open questions in Mathematics and Mathematical Sciences. All areas listed on the cover of Mathematical Reviews, such as Pure and Applied Mathematics, Mathematical Physics, Theoretical Mechanics, Probability and Mathematical Statistics and Mathematical Biology, are included within the scope of the journal. Dr. Lokenath Debnath, professor and chair of Mathematics is the founding managing editor of IJMMS. *International Journal* will always carry out not only research, knowledge and information, but also the name and therefore, the prestige of The University of Texas-Pan American.

Neuhaus Center for Entrepreneurship and Economic Education
The Neuhaus Center for Entrepreneurship and Economic Education is a multifaceted center that aims to propagate the benefits of entrepreneurship and the market system to the Rio Grande Valley community. With regard to economic and entrepreneurship education programs, the center coordinates a set of courses on entrepreneurship that undergraduate students may take to obtain a minor in entrepreneurship. The center is accredited by the National Council on Economic Education and affiliated with the Texas Council on Economic Education. Through these partnerships, economic and entrepreneurship education programs are offered to elementary and secondary school teachers. The research activities of the center foster basic and applied research on the characteristics and workings of the small firm and economic development with a particular emphasis on the Rio Grande Valley and northern Mexico.
One primary research goal of the center is to better understand the forces driving the economy of the local community. Business Administration Building, Room 216B, telephone 956/316-7136.

Speech and Hearing Center
The UT Pan American Speech and Hearing Center’s Speech-Language and Audiology clinics provide comprehensive evaluations for children, college students and older adults. The Speech-Language Clinic evaluates speech, language, feeding, swallowing and related behaviors. The Audiology Clinic evaluates hearing and provides hearing aid fittings. Clients may be referred to other treatment centers in the area or recommended for therapy in the Speech and Hearing Center. Therapy services are provided in the Speech and Hearing Center on a limited basis.

The clinic treats communication disorders related to aphasia, fluency, developmental delay, voice, dysphagia, hearing impairment and others. Evaluation and therapy services are available in English or Spanish. The center also provides accent reduction classes for individuals learning American-English as a second language. Health Sciences and Human Services West Bldg. (HSHW) Room 1.112, 956/381-3587.

The University of Texas-Pan American
Texas-Mexico Border Health Coordination Office
The mission of The University of Texas-Pan American Texas-Mexico Border Health Coordination Office (TMBHCO) is to foster collaborative health education, health services and health research leading to improved health for the citizens of Texas living along the Texas-Mexico border. Created in 1990, the TMBHCO collaborates with community-based agencies to promote health services and education, providing technical assistance to communities and institutions. The TMBHCO sponsors conferences and workshops on such topics as substance abuse prevention, diabetes, children’s health, aging issues and other border health issues. The TMBHCO has produced documents on the demographics and health statistics of the 32 Texas-Mexico border counties. The most recent edition of The UT System Inventory of Texas-Mexico Border Health Services Activity book listed 381 health-related projects.

One of the other major projects the TMBHCO is involved in includes the establishment and operation of an active Diabetes Registry. The mission of the Diabetes registry is to employ a system of surveillance, education and intervention for the prevention and management of diabetes and its complications.

The Acanthosis Nigricans
The Education and Screening (ANTES) Initiative involves screening school children for Acanthosis Nigricans, a skin condition that signals high insulin levels in the body. Acanthosis Nigricans screenings can help identify youth who may be at-risk for developing Type II diabetes.

Office of Center Operations and Community Services (CoSERVE)
http://www.coserve.utpa.edu or http://coserve1.utpa.edu
Telephone: 956/381-3361
Fax: 956/381-2322

CoSERVE is a component of the Division of External Affairs at UTPA. It is an umbrella organization with more than 20 different outreach centers.

CoSERVE is a national model for economic development and community development providing education, training and professional expertise to local, state, national and international communities to improve the quality of life and foster innovative solutions to economic challenges. COVERSE’s main office is the International Trade and Technology Building. The activities and locations of individual centers are listed below.

- Census Information Center (CIC): provides census data access to local communities that might not have access to data through the Internet. International Trade and Technology Building. Telephone 956/381-3361.
- Center for Local Government (CLG): increases the capacity of local governments to more efficiently manage public resources and to meet problems in a positive, creative and constructive manner. International Trade and Technology Building. Telephone 956/381-3361.
- Center for Manufacturing (CFM): provides assistance to manufacturers through academic, industrial, governmental or private sources, facilitating faculty research and training, experience and employment for students. Center for Manufacturing. Telephone 956/316-7011.
- Data & Information System Center (DISC): serves the southernmost 19 counties of Texas by meeting their data and mapping needs. International Trade and Technology Building. Telephone 956/381-3361.
- Economic Development Administration (EDA): University center provides technical assistance in strategic management planning and applied research. International
Trade and Technology Building. Telephone 956/381-3361.

- **English Language Institute (ELI):** offers a variety of English language programs to meet the diverse needs of its students. The programs include an intensive daytime program and semi-intensive evening and Saturday programs for students 17 years of age and older. Telephone 956/381-2670.

- **Industrial Partnership Center (IPC):** develops partnerships between manufacturers and suppliers. Center for Manufacturing. Telephone 956/316-7011.

- **The International Trade and Technology Center (ITC):** promotes international trade through the use of the latest technology. International Trade and Technology Building 956/381-3361.

- **International and Workforce Development:** provides corporate training to employees of companies and helps in enhancing skills of workers in various fields of education. Telephone 956/843-6782.

- **Mexican Business Information Center (MBIC):** provides business clients with comprehensive information on Mexico to enable them to make better decisions and facilitate accurate analysis of opportunities in Mexico. International Trade and Technology Building 956/381-3361.

- **National Center of Excellence (NCE):** builds community capacity in the Rio Grande Valley Empowerment Zone by providing leadership-training skills and technology-based community networking. International Trade and Technology Building. Telephone 956/381-3361.

- **One Stop Capital Shop (OSCS):** assists clients to create, retain and develop business within the Rio Grande Valley Empowerment Zone by providing access to free technical and business assistance. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

- **Project FORGE:** provides business training and technical assistance to agricultural and other business located in the rural areas and communities of the Rio Grande Valley. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

- **Small Business Development Center (SBDC):** provides managerial and technical assistance through free one-on-one business counseling to small business owners and entrepreneurs as well as workshops and seminars. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

- **South Texas Minority Business Opportunity Committee (MBOC):** provides procurement and international business opportunities to minority entrepreneurs in South Texas. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

- **Southwest Border Nonprofit Resource Center (SBNRC):** Builds capacity for sustainable, long-term development of non-profit organizations through technical skills training, funding sources research and philanthropic organizations’ network. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg 956/316-2610.

- **Texas Manufacturing Assistance Center (TMAC):** assists small manufacturers with increasing productivity and quality, finding new markets and ensuring their future on the global stage. Center for Manufacturing. Telephone 956/316-7011.

- **Veterans Business Outreach Center (VBOC):** creates, retains and develops business across Texas, Arkansas, Louisiana, New Mexico and Oklahoma by coupling veterans with local SBA-sponsored technical and managerial assistance. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.

- **Women’s Empowerment Business Center (WEBC):** assists women entrepreneurs by providing quality business and technical assistance. UT Pan American Annex, 2412 S. Closner Blvd., Edinburg. Telephone 956/316-2610.
Cultural Activities

Art Department Exhibits
The Charles and Dorothy Clark Gallery, located in the Fine Arts Complex, and the University Gallery, located in the Communication Arts and Sciences Building (COAS), feature art exhibitions that are free and open to the public throughout the year. Works by The University of Texas-Pan American faculty and students as well as professional artists are exhibited. Located in the Lamar School complex, the Lamar Gallery exhibits work from the University’s permanent collection. The Art Galleries are administered through the Art Department. The office for the University Art Galleries is adjacent to the Clark Gallery in the Fine Arts Complex. The Gallery Director may be reached at 956/381-2655 or by e-mail: galleries@utpa.edu

Dance Companies
• UT Pan American Dance Ensemble: Founded in 1984, the Dance Ensemble is the only modern/contemporary dance company in the Rio Grande Valley. Membership in the company is open to all UT Pan American students and is determined by audition. The Dance Ensemble focuses on producing formal theatrical dance performances that maintain high artistic and production standards. Health and Physical Education Building II, Room 110, telephone 956/381-2315.
• UT Pan American Folkloric Dance Company: The UT Pan American Folkloric Dance Company, organized in 1970, has as its purpose the preservation and performance of the dance art of Mexico and Spain. During the performing season, the company presents numerous concerts for school children, the general public and private affairs throughout the University, community and state. Membership in the company is available through class audition. Health and Physical Education Building I, Room 110F, telephone 956/381-2230.

Faculty Artist Series
During the school year, the Department of Music presents a series of performances by faculty members in addition to student recitals. Included in these recitals are vocal and instrumental performances. Fine Arts Complex, Room 132, telephone 956/381-3471.

Living Author Series
Through its Living Author Series program, the Department of English brings prominent literary authors — novelists, poets, dramatists — to campus to address the student body and the public. Communication Arts and Sciences Building, Room 265, telephone 956/381-3421.

Musical Performances
Performing for students and the public are the University Choir, Men’s and Women’s Choruses, the Concert Band, the Jazz Ensemble, the South Texas Chamber Orchestra, the Mariachi and the Valley Symphony Orchestra and Chorale. Telephone 956/381-3471 for more information.

Albert L. Jeffers Theatre
The Albert L. Jeffers Theatre produces seven to 10 full-length plays each year, including three to four plays in the summer during Pan American Summer Stock (PASS), four to five plays in the fall and spring. The community can purchase individual tickets to each performance; season subscriptions are also available.
University ID card-holders are permitted two free admissions per ID and as space permits. Actors include University students, faculty and staff, along with community members. The Albert L. Jeffers Theatre seeks to present, within a four-year cycle, quality productions featuring examples from every major genre of dramatic literature. Performances for children and children’s theater classes are frequently offered. Funding for the Albert L. Jeffers Theatre is provided by Student Activity Fees, donations, grants and other sources. Communication Arts and Sciences Building (COAS), first floor, telephone 956/381-3581.

Public Use of Facilities
The property, buildings or facilities owned or controlled by The University of Texas-Pan American are not open for assembly, speech or other activities as are the public streets, sidewalks and parks. The responsibility of the UT System Board of Regents to operate and maintain an effective and efficient system of institutions of higher education requires that the time, place and manner of assembly, speech and other activities on the grounds and in the buildings and facilities of the UT System or component institutions be regulated.

No person, organization, group, association or corporation may use property, buildings or facilities owned or controlled by UT Pan American for any purpose other than in the course of the regular programs or activities related to the role and mission of the University, unless authorized by the Regents’ Rules and Regulations. Any authorized use must be conducted in compliance with the provisions of the Regents’ Rules and Regulations, the University’s Handbook of Operating Procedures, and applicable federal, state and local laws and regulations.

Anyone from outside the University who is seeking information about scheduling and use of University Special Use Facilities should contact the Office of the Director of Auxiliary Services.
For more information, consult the Regents’ Rules and Regulations and the University’s Handbook of Operating Procedures.

2005-2007 Undergraduate Catalog
◆ A Liberal Arts Education

Your education at The University of Texas-Pan American will be better measured by the skills you learn and the knowledge you gain than by the number of credit hours you take. We want you to improve your abilities to analyze, synthesize, determine values, use and understand mathematics and communicate. No matter what subject you choose to major in, you will be required to complete courses in fields that reinforce those skills.

To understand the University college and core curriculum requirements, you should understand the established goals. These are the characteristics you will be given the opportunity to attain from your work and study here.

◆ The Goals of a Liberal Arts Education

♦ An inquiring attitude which acknowledges the many-sided nature of most important questions, recognizes the need to examine inherited judgments, and reveals a desire for continued learning and creative expression.

♦ Competence in the processes of learning, including the abilities to read, write, listen and speak, a knowledge of logic and scientific method, and the mental self-discipline needed for rigorous critical analysis and synthesis of facts and ideas.

♦ The ability to use words and numbers accurately and effectively, and communicate clearly through the spoken and written word as well as through the symbols of mathematics.

♦ A historical perspective provided by familiarity with the most significant events, people and achievements of the past; an understanding of the most enduring ideas and values in human history; and a knowledge of the many ways these are expressed in world cultures and in social, political and economic institutions.

♦ A general knowledge and appreciation of nature, science and technology.

♦ A general knowledge and appreciation of the fine and performing arts and of literature.

♦ An understanding of self, along with empathy for the strengths, weaknesses, rights and needs of others, as well as the ability to relate to others with human understanding.

♦ An appreciation for the responsibilities of the individual to family and society; skill in serving as a constructive member in groups and organizations; and sensitivity to the need for informed, independent, moral and ethical decisions.

♦ Knowledge of the economic and geographical inter-relationships of regions and nations and their resources.

These are the goals of a liberal arts education and the qualities that distinguish a liberally educated person. They are the skills and characteristics that we hope to nurture in our students through the University College and core curriculum requirements.

◆ Mission Statement

The purpose of the general education core curriculum is to provide knowledge and skills and encourage attitudes that will serve undergraduate students with a foundation for lifelong learning, will improve their quality of life and will broaden their perspective about constructive participation in a global human community. The mission will be accomplished through an interdisciplinary core curriculum that reflects convergences among disciplines and promotes the growth and development of each student.

◆ Goals

The goals of the University core curriculum are to prepare students to:

1. acquire basic intellectual competence in reading, writing, speaking, listening, critical thinking and computer literacy;

2. develop competence in the tools and principles of mathematics and logical reasoning in problem solving;

3. develop an inquiring attitude and demonstrate a desire for continued learning and creative expression;

4. develop the capacity to discuss and reflect upon individual, political, economic and social aspects of life so as to be responsible members of society in a culturally and ethnically diverse world;

5. recognize the importance of maintaining health and wellness;
6. use knowledge of how nature, technology and science affect their lives;
7. develop personal values for ethical behavior to enhance their potential to make constructive contributions to society;
8. develop the ability to appreciate, and make informed aesthetic judgments in, disciplines such as the fine and performing arts and literature; and
9. understand the interrelationships of the scholarly disciplines.

The core curriculum requirements apply to all students who enter The University of Texas-Pan American to pursue a bachelor’s degree. Core curriculum requirements total 48 hours of work, primarily in the humanities, the social sciences and the natural sciences. These 48 hours must be completed before graduation with at least a 2.0 grade point average. All undergraduate students must complete the requirements.

**Summary of Core Curriculum Requirements**

**Humanities** 18 hours
- six hours of freshman English
- three hours of sophomore literature
- three hours in a language other than English
- three hours from the arts
- three hours of philosophy, modern/classical language literature, honors or anthropology

**Science and Mathematics** 11 hours
- eight hours of a laboratory science
- three hours of college algebra or higher-level mathematics

**Computer Literacy** 2 hours
- two hours

**Kinesiology and Wellness** 2 hours
- two hours of Kinesiology wellness, health wellness or appropriate ROTC courses

**Social Science** 15 hours
- six hours of American history
- six hours of American and Texas government
- three hours from any one of these areas: anthropology, criminal justice, economics, psychology or sociology

Courses that may be used to satisfy these requirements are outlined later in this section.

**Special Considerations for Transfer Students**
Transfer students with 30 or more hours but without the core curriculum-approved courses, or courses deemed comparable by The University of Texas-Pan American, may take upper-division courses if otherwise qualified, but they too must complete all University core curriculum requirements before graduation. Transfer students who lack six hours of freshman English and/or three hours of mathematics or their equivalents with grades of at least “C” in each course must complete these requirements within their first two semesters at The University of Texas-Pan American.

**State Core Curriculum and Transferability**
In fall 1999, a new core curriculum went into effect pursuant to the Texas Education Code. Beginning with the fall semester, 1999, Texas institutions honor the block transfer of completed core curricula and individual transfer of core courses, as specified in statute (Texas Education Code 61.821-829) and the Texas Higher Education Coordinating Board rules (Chapter 5, Subchapter S). Students who transfer will have their satisfactorily completed core courses transferred and applied as specified in the rules.

**Specific Courses that Meet Core Curriculum Requirements**
Individual degree programs may require specified courses be completed to meet these requirements rather than allowing the full range of selections shown here. Students should check degree requirements in this catalog for the degree they are pursuing to determine what specific courses, if any, are recommended or required to fulfill these requirements.

**A. Humanities** 18 hours

**Group 1. Freshman English** 6 hours
Complete one of the following:
- ENG 1301 Composition or
- ENG 1387 Rhetoric and Composition (Honors Plan)

**Group 2. English Literature** 3 hours
Select one from the following:
- ENG 2300 Introduction to Literature
- ENG 2303 Introduction to American Literature
- ENG 2305 Introduction to British Literature
- ENG 2307 Introduction to World Literature
- ENG 2308 Readings in Special Topics
- ENG 2313 Readings in Dramatic Literature
- ENG 2387 Readings in World Literature (Honors Plan)
- ENG 2388 Readings in World Literature (Honors Plan)
### Group 3: Language Other Than English  
**3 hours**

A higher level course in one of the languages listed below will also meet this requirement.

### Group 4: Other Humanities  
**6 hours**

Select one course from each of the following two areas:

#### Area 1: The Arts
- ART 1301  Art Appreciation
- ART 3381  Perception and Expression in Art I
- COMM 2312  Theatre Appreciation
- DANC 2323  Dance Appreciation
- MUS 1307  Music Appreciation
- MUS 1308  Mexican Folk Music
- MUS 2301  Music Literature I
- MUS 2302  Music Literature II
- MUS 3311  Essentials of Music I

#### Area 2: Philosophy and Modern/Classical Language Literature
- PHIL 1310  Introduction to Philosophy
- PHIL 1320  Introduction to Logic
- PHIL 2330  Ethics
- PHIL 2340  Philosophy of the Person
- PHIL 2350  Social Philosophy
- PHIL 2370  Eastern Thought
- PHIL 2390  Professional Ethics
- MCLL 2301  Topics in Modern and Classical Literature
- HONR 2387  Humanities I
- HONR 2388  Humanities II
- ANTH 1354  The Anthropology of Expressive Culture

### Group 5: Science and Mathematics  
**11 hours**

#### Group 1: Natural Science  
**8 hours**

(Must be in same discipline)

### Group 2: Mathematics  
**3 hours**

College Algebra or equivalent or higher-level mathematics course such as MATH 1321, 1356, 1357, 1401, 1388 (Honors Plan, but excluding MATH 2306 and MATH 2307)
C. Computer Literacy 2 hours
Select one from the following:

CIS 1201 Introduction to Information Systems and Technology
CIS 1301 Computer Information Systems
CSCI 1201 Introduction to Computer Information Technology
CSCI 1300 Computers and Society
CSCI 1380 Computer Science I
CSCI 2325 Survey of Elementary Scientific Programming (or an appropriate computer course)

D. Kinesiology 2 hours
Any Kinesiology wellness activity course, excluding folkloric dance or
ROT C 1201, 3201, 3202
NURS 2301
KIN 2301

NOTE: Kinesiology waivers will no longer be issued.

E. Social Sciences 15 hours
Group 1. American History 6 hours
Complete one of the following sequences:
HIST 2313, 2387 American Heritage I
HIST 2314, 2388 American Heritage II

Group 2. Political Science 6 hours
Complete one of the following sequences:
POLS 2313, 2387 United States and Texas Government and Politics
POLS 2314, 2388 United States and Texas Government and Politics

Group 3. Other Social Science 3 hours
Select from one of the following four areas:

Area 1. Anthropology
ANTH 1323 Introduction to Cultural Anthropology
ANTH 1324 Human Evolution
ANTH 1342 Introduction to Archaeology
ANTH 1353 Introduction to Folklore
ANTH 2323 Mexican-American Culture

Area 2. Criminal Justice
CRIJ 1301 Introduction to the Criminal Justice System
CRIJ 1307 Crime in America

Area 3. Economics
ECON 1301 Introduction to Economics
ECON 2301 Principles of Economics I
ECON 2302 Principles of Economics II

Area 4. Psychology
PSY 1310 Introduction to Psychology

Area 5. Sociology
SOC 1313 Principles of Sociology
SOC 1323 Current Social Issues
SOC 1387 Principles of Sociology (Honors Plan)
SOC 2333 Marriage and the Family

◆ The University Honors Program

University Honors Program Objective
The University Honors Program (UHP) strives to serve the needs of academically talented and goal-oriented students who value intellectual growth and want to make the most of their undergraduate education. Students explore new and innovative ideas and integrate interdisciplinary concepts in small classes led by exceptional professors. These classes, along with the extraordinary opportunity for conducting research at the undergraduate level, make for a unique and exciting experience. The Honors experience is one that fosters long-term intellectual and personal growth. Membership in the University Honors Program is a privilege, a commitment and a voyage of excellence. If you are up for it…Accept the Challenge!

University Honors Program Classes
- Honors classes are generally limited to 20 students or less to allow for more personal attention and interaction with professors.
- Honors classes do not hinge on lectures and textbooks alone, but rather place a significant emphasis on critical thinking and participation.
- Honors classes provide a chance to work with academically gifted students from a variety of backgrounds.
- Honors classes provide cultural enrichment.
- Honors classes afford students the opportunities to conduct independent research under the guidance of experienced faculty mentors.
- Honors classes offer students the opportunity to Study Abroad.
NOTE: Students who have not yet been accepted to the program must have a cumulative GPA of 3.3 or higher and permission from UHP prior to registering for an Honors class. Permission from UHP is granted on a space-available basis.

University Honors Program

Admission Requirements

Students may be admitted to the program at any time during the year; however, they are not considered active until they are enrolled at UTPA. Students who meet the following criteria are eligible to apply:

Entering Freshmen:
• ACT Composite of 24 or higher;
• SAT of 1110 or higher;
• Graduate in the upper 10 percent of high school class;
• A 90 or above average in high school academic courses.

Currently Enrolled/Transfer Students:
• Have a minimum cumulative GPA of 3.3 at UTPA;
• Have 12 credit hours at UTPA.

Program eligibility is monitored by UHP each semester. Once admitted to the program, students must maintain a minimum GPA of 3.3.

University Honors Program Scholarships

The University Honors Program offers its students the chance to apply for merit scholarships each Spring Semester for the following academic year. For more information, please contact the UHP Office.

Gamma Beta Phi National Honor Society

University Honors Program students are eligible for membership in the Gamma Beta Phi National Honor Society. This student organization prides itself in its participation in service projects and its focus on making a difference on campus and in the local community.

Graduating from the Program

In order to fulfill the requirements of the University Honors Program, students are encouraged to take as many Honors courses as their schedule and/or degree plan allows each semester. Most importantly, students must have a cumulative GPA of 3.3 or higher and must complete the following courses prior to graduation:

• HONR 2387 Humanities I
• HONR 2388 Humanities II
• HONR 3187 Honors Seminar – Problems in Independent Studies
• HONR 3387 Honors Seminar – Independent Studies
• HONR 4387 Honors Seminar – Independent Studies

University Honors Program Degree

Students who graduate under the University Honors Program will have this designation recorded on their diplomas as well as their permanent records. They will also have the distinction of wearing an Honors Medallion at graduation. Gamma Beta Phi members who participate and remain active in the organization will also receive a black and gold Honors stole.

◆ General Overview

The College of Arts and Humanities includes the departments of Art, Communication, English, History and Philosophy, Modern Languages and Literature and Music.

The goals of the College of Arts and Humanities are based upon the recognition that a liberal arts education is the foundation for all University studies. Consequently, the college endorses the "Goals of a Liberal Arts Education" found on page 95 of this catalog.

◆ Academic Programs

The college offers the Bachelor of Arts in art, English, history, Latin American Studies, journalism, Mexican-American Studies, music, philosophy, Spanish, communication and theatre. Students also may earn a Bachelor of Fine Arts in art and may choose a further specialization in graphic design.

Students may minor in art, communication, Latin American Studies, English, French, history, journalism, Mexican-American Studies, music, philosophy, Spanish and theatre/TV/film.

Secondary teacher certification is available in art, English, French, history, journalism, music, Spanish, communication and theatre arts. Elementary teacher specialization or certification is available in art, history, music, social studies and Spanish, and all-level teacher certification is available in music.

At the graduate level, students may earn master’s degrees in art, English, English as a Second Language, history, Spanish, communication, music, and theatre. More information on master’s degrees is available in the Graduate Catalog.

The College of Arts and Humanities provides several options to satisfy the University core curriculum requirements for the humanities and for the history portion of the social science requirement.

◆ General Overview

■ Mission
It is the mission of the department to develop individual directions among its students. Personal expression in art is encouraged through the use of technical skills combined with creative and critical thinking. In order to achieve this goal, the following objectives are stressed in each art area:

- increased visual perception
- maximum creative thought potential
- knowledge of technical skills
- knowledge of current art trends
- multicultural art knowledge
- a positive work ethic

■ General Departmental Requirements
Students transferring into the department who have more than 15 hours of art courses must present a portfolio to the department chair for advisement into the BFA programs. BFA candidates will be expected to participate in a senior exhibit during their last semester of study.

TOTAL 124 hours
Minor in Art
Eighteen hours in art, of which nine hours must be advanced.

General Art Minor
Required courses
- ART 1311 Drawing I
- ART 1331 Design I
Choose one course from:
- ART 2303 Jewelry/Metalsmithing I
- ART 2322 Painting II
- ART 2341 Sculpture I
- ART 2371 Ceramics I

Designated Electives
Nine hours of upper-division art history or studio.

Art Minor in Two Dimensional Art 18 hours
- ART 1311 Drawing I
- ART 1331 Design I
- ART 2322 Painting II
- ART 3335 Computer Graphics I
Choose two courses from:
- ART 3311, 3321, 4321, 3336, 4391

Art Minor in Three Dimensional Art 18 hours
- ART 2332 Design II
Choose two courses from:
- ART 2303 Jewelry/Metalsmithing I
- ART 2341 Sculpture I
- ART 2371 Ceramics I
Choose three courses from:
- ART 3302, 3303, 3341, 4341, 3371, 3372, 4371

Art Minor in Ceramics 21 hours
Student must select ART 1301 under core curriculum requirements.
- ART 1311 Drawing I
- ART 1331 Design I
- ART 2322 Painting II
- ART 3321 Painting III
- ART 4321 Painting IV
- ART 3352 Contemporary Art

General Overview

The primary aim of the Department of Communication is to advance the discovery and application of humanistic, behavioral and linguistic knowledge of human symbolic interaction. As such, communication is examined in its various forms, verbal/nonverbal; in its media occurrences — conference, platform, theatre, print, radio, film, television; in its interpersonal/organizational environments; in its cultural contexts; and in its influence on the course and quality of public policy and societal change.
To help satisfy the fine arts requirement in humanities, the department offers a theatre course (COMM 2312) in the University core curriculum.

The department hosts a University chapter of the American Advertising Federation.

The theatre program is accredited by the National Association of Schools of Theatre and the Texas Educational Theatre Association.

The department offers the following degree programs:

- Bachelor of Arts in Communication
  - Option in Communication Studies
  - Option in Journalism
  - Option in Theatre/TV/Film
- Master of Arts in Communication
- Master of Arts in Theatre

**Career Potential:** Broad career areas in communication disciplines include international communication; sales and marketing; public relations and advertising; training and organizational development; mass communication—broadcast and print journalism; communication education/instruction; electronic educational materials; government-politics-religious-social services; educational theatre; community theatre; design and directing; acting; arts management; and TV direction and production.

### Bachelor of Arts in Communication

Students may choose from three options. The student will select a single option area from either the communication studies, journalism or theater/TV/film program areas. Theatre majors must take a one-hour communication practicum course each fall and spring semester of enrollment. Within each concentration area are specialized career tracks. The student must work closely with a curriculum advisor in selecting an appropriate career track for the student's degree plan.

Career Tracks (non-certification) available under each option area are as follows:

**Journalism option**
- Advertising/Public Relations track
- Broadcast Journalism track
- Print Journalism track

**Communication Studies option**

**Theatre/TV/Film option**
- Design track
- Performance track
- Television, Film track

• Public School Teacher Certification

Career tracks available under each option area are as follows: **(NOTE:** Teacher certification degree plans are structured differently, requiring teaching field(s), a possible minor and 21 advanced hours of professional development/education coursework. Confer with the undergraduate advisor. New certification requirements in communication will become effective in fall 2005.)

### Communication Studies Option I

**37 hours**

Theatre Option

High School Level, Option I and High School Level, Option II teacher certifications are available. See curriculum and instruction in the College of Education for details.

Journalism Option

High School Level, Option II teacher certification is available. See curriculum and instruction in the College of Education for details.

Minor in Communication

The student, with departmental advisement, will complete 18 hours, of which nine hours must be advanced coursework, in a single concentration of communication — either communication studies, journalism or theatre/TV/film.

Option in Journalism

The Department of Communication stresses a broad background in liberal arts and sciences for journalism students. The student spends about three-fourths of his or her time on general background courses. The remaining one-fourth involves the development of professional journalism techniques in relation to this general background knowledge.

To enroll in upper-level journalism courses, a student must have a University GPA of 2.25. Students who do not fulfill this requirement will be dropped from journalism courses. (This requirement is waived for transfer students during their first semester while establishing a University GPA.)

In addition to completing the 48 hours of the University core curriculum requirements, journalism students must have completed COMM 1315 with a grade of at least “C” prior to enrolling in any journalism courses.

Degree Requirements

A. Core Courses

Journalism students must take the following 24 hours of core courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>COMM 1315</td>
<td>Survey of the Media</td>
</tr>
<tr>
<td>COMM 3303</td>
<td>Writing for the Mass Media</td>
</tr>
<tr>
<td>COMM 3305</td>
<td>Copy Editing</td>
</tr>
<tr>
<td>COMM 3327</td>
<td>Reporting I</td>
</tr>
<tr>
<td>COMM 3350</td>
<td>Research in Communication</td>
</tr>
<tr>
<td>COMM 4313</td>
<td>Media Law and Ethics</td>
</tr>
<tr>
<td>COMM 4327</td>
<td>Mass Communication and Society</td>
</tr>
<tr>
<td>COMM 4332</td>
<td>Media Publishing</td>
</tr>
</tbody>
</table>

B. Concentration Requirements

Concentration Areas:

Print Track

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>COMM 3306</td>
<td>Feature Writing</td>
</tr>
<tr>
<td>COMM 3328</td>
<td>Writing for Publication</td>
</tr>
</tbody>
</table>

Advertising/Public Relations Track

18 hours

“C” Minimum

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>COMM 3304</td>
<td>Television Production</td>
</tr>
<tr>
<td>COMM 3305</td>
<td>Advertising</td>
</tr>
<tr>
<td>COMM 4321</td>
<td>Public Relations</td>
</tr>
<tr>
<td>COMM 4322</td>
<td>Public Relations Writing</td>
</tr>
</tbody>
</table>

Three hours from below may be substituted from another track:

<table>
<thead>
<tr>
<th>Course</th>

</tr>
</thead>
<tbody>
<tr>
<td>COMM 2304</td>
<td>Television Production</td>
</tr>
<tr>
<td>COMM 3401</td>
<td>Broadcast News Writing</td>
</tr>
<tr>
<td>COMM 3403</td>
<td>Television News Production</td>
</tr>
</tbody>
</table>

Three hours from below may be substituted from another track:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>COMM 4101</td>
<td>Practicum</td>
</tr>
<tr>
<td>COMM 4314</td>
<td>Advanced Television/Film Production</td>
</tr>
<tr>
<td>COMM 4417</td>
<td>Radio/TV and Television Advertising Production</td>
</tr>
</tbody>
</table>

Other Requirements

A portion of the journalism student’s coursework must be chosen outside the journalism area. The outside concentration requirement may be elected as:

1. Eighteen hours in one academic department, or
2. Eighteen hours in an area of study to meet specific career goals or to satisfy a minor.

In either option, nine of the 18 hours must be at the 3000-level or above, and all 18 hours must be completed with a course grade of “C” or better. A journalism student must have a grade of at least “C” in each journalism course counted toward the degree.

Public School Teacher Certification

Students seeking state certification in journalism should consult the College of Education. Only Option II is available. Students wanting to teach journalism at the high school level will complete the following 24 hours:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>COMM 3304</td>
<td>Advertising</td>
</tr>
<tr>
<td>COMM 3305</td>
<td>Copy Editing</td>
</tr>
<tr>
<td>COMM 3306</td>
<td>Feature Writing</td>
</tr>
<tr>
<td>COMM 3327</td>
<td>Reporting I</td>
</tr>
<tr>
<td>COMM 3328</td>
<td>Writing for Publication</td>
</tr>
<tr>
<td>COMM 4313</td>
<td>Media Law and Ethics</td>
</tr>
<tr>
<td>COMM 4326</td>
<td>Photojournalism</td>
</tr>
<tr>
<td>COMM 4327</td>
<td>Mass Communication and Society</td>
</tr>
</tbody>
</table>
Minor in Journalism
Applicants must complete 18 hours, of which nine hours must be advanced coursework. All courses must be completed with a grade of “C” or better.

Option in Communication Studies
The option in communication studies offers students the opportunity to specialize in one of two tracks: communication studies or certification.

Core Curriculum Requirements 48 hours
Complete the requirements shown in the University core curriculum requirements section of this catalog on pages 95-98.

Section A.
COMM 1303 Presentational Speaking or 
COMM 1313 Fundamentals of Speech Communication

Core Courses 37 hours
Communication
COMM 2315 Interpersonal Communication
COMM 3301 Rhetoric of Television
COMM 3314 Persuasive Communication
COMM 3316 Intercultural Communication
COMM 3330 Argumentation and Debate
COMM 3331 Principles of Interviewing
COMM 3332 Organizational Communication
COMM 3333 Rhetorical and Communication Theory
COMM 3334 Communication Through Group Process
COMM 3335 Advanced Public Speaking
COMM 3350 Communication Research
COMM 4103 Practicum
COMM 4307 Contemporary Rhetoric of Social/Political Movements

Minor in Communication Studies (non-certification)
A minor in communication studies (non-certification) requires a total of 18 semester hours. All courses must be completed with a course grade of “C” or better. Students should consult with a departmental advisor for guidance with course selection.

Option in Theatre/TV/Film
The option in theatre/TV/film supports three major educational objectives:
1. preparation for entry into the workforce as a theatre/TV/film pre-professional;
2. preparation for entry into a graduate degree program in theatre/TV/film; and
3. preparation as a theatre teacher.

Students pursuing the third objective should select one of the curriculum tracks that leads to certification.

Curriculum Tracks in Theatre/TV/Film

Core Curriculum Requirements 48 hours
Complete the core curriculum requirements as shown on pages 95-98 of this catalog EXCEPT as shown below:

Section A.
It is recommended that students select ENG 2313/COMM 2313 as one of the courses.

Core Courses 18 hours
COMM 1305 Acting I
COMM 2304 Television Production
COMM 4301 Directing I
COMM 4302 Directing II
COMM 4315 History of the Theatre I
COMM 4316 History of the Theatre II

Technical Electives 28-33 hours
See individual requirements below.

Other Electives 12-17 hours

TOTAL 124 hours

Specific Requirements: Performance Track
Technical Electives 34 hours
COMM 2101 Practicum-Theatre-TV-Film (must be taken three times)
COMM 2306 Acting II
COMM 2319 Make-Up
COMM 3302 Speech for Stage and Screen
COMM 3341 Acting III or
COMM 3342 Acting IV

The University of Texas-Pan American
Minor in Leadership Studies

The student, with advisement from the Leadership Studies academic coordinator, will complete 18 hours, of which nine must be advanced coursework, from the following:

A. Required Courses

LEAD 1310 Introduction to Leadership Theory
LEAD 2310 Ethics in Leadership
LEAD 3310 Community Leadership

Students will choose one of the following to complete their required, advanced hours:

LEAD 4310 Survey of Texas and U.S. Leadership Models and Practices
LEAD 4320 Survey of World Leadership Models and Practices

B. Elective Courses

Choose no more than one from any given area.

Students cannot choose more than one lower-division course in order to meet the minimum requirement of nine advanced hours in the minor.

Anthropology

ANTH 3333 United States and Other World Cultures
ANTH 3380 Social Anthropology

Communication

COMM 2315 Interpersonal Communication
COMM 3314 Persuasive Communication
COMM 3316 Intercultural Communication

COMM 3330 Argumentation and Debate
COMM 3332 Organizational Communication
COMM 3334 Communication through Group Process
COMM 4321 Public Relations

Management

MANA 3335 Communication Policy and Strategy
MANA 4361 Organizational Behavior
MANA 4363 Production Management

Philosophy

PHIL 1320 Introduction to Logic
PHIL 2350 Social Philosophy

Political Science

POLS 3333 Classical Political Theory
POLS 3334 Modern Political Theory
POLS 4360 American Executive Process

Psychology

PSY 3324 Social Psychology
PSY 3340 Stress Management

Sociology

SOC 4380 Social Protest and Social Movements

Course Descriptions

A listing of courses offered by the Department of Communication can be found on page 239.
General Overview

The Department of English offers undergraduate major and minor programs in English, with specializations in literature, language and English as a Second Language. Teacher certification plans in English are available at both high school and middle school levels.

In addition, the department also offers graduate major programs leading to the Master of Arts in English, the Master of Arts in English as a Second Language and the Master of Arts in interdisciplinary studies with a concentration in English. More information is available in the Graduate Catalog.

Major and minor programs in English offer students an opportunity to discover more about the world in which they live, to learn to appreciate the artistic works of fellow human beings and to develop literary and language aptitudes of their own.

To students who view education primarily as career training, English programs provide excellent preparation for any profession requiring a high degree of skill and comprehension in oral and written communication.

Major in English

The Bachelor of Arts degree with a major in English requires 36 hours of English, of which at least 24 must be advanced. Required courses: ENG 3319; ENG 4305; ENG 3312 or ENG 3313; and ENG 3331 or ENG 3332.

The Department of English offers courses in literature, language (linguistics), English as a Second Language and writing. Students may consider the offerings below in order to develop an individual degree plan in consultation with an advisor from the department.

Offerings in Literature:
ENG 2300, 2303, 2305, 2307, 2308 (when special topic is literary), 2313, 2387, 2388, 3301, 3304, 3305, 3306, 3307, 3309, 3310, 3311, 3312, 3313, 3317, 3320 (when topic is literary), 3322, 3323, 3324, 3325, 3331, 3332, 4301, 4309, 4310, 4312, 4316, 4318.

Offerings in Language (Linguistics):
ENG 3319*, 3320 (when topic is linguistic), 3321, 3330, 4302, 4308, 4314, 4321, 4326, 4331.

Offerings in English as a Second Language:
ENG 3319*, 3321*, 4326, 4328*, 4331.

*Denotes courses that (in addition to EDBE 3324) are required by the State of Texas for ESL endorsement. Students getting this endorsement must have a 2.5 GPA in the required four courses.
Offerings in Writing:
ENG 1301, 1302, 1320, 1387 (Honors), 1388 (Honors), 2308 (when special topic is writing), 3320 (when special topic is writing), 3333, 4322, 4325.

Degree Requirements

Core Curriculum Requirements 48 hours
Complete the requirements shown in the University core curriculum requirements section of this catalog on pages 95-98 EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown below.

Section A. Humanities
Group 2. English Literature
The following are recommended:
ENG 2300 Introduction to Literature
ENG 2303 Introduction to American Literature
ENG 2305 Introduction to British Literature
ENG 2307 Introduction to World Literature
ENG 2308 Readings in Special Topics
ENG 2388 Readings in World Literature (Honors Plan)

Required Courses 12 hours
ENG 3319 Introduction to Descriptive Linguistics
ENG 4305 Critical Approaches
Select one course from each sequence:
ENG 3312 Survey of American Literature or ENG 3313 Survey of American Literature
ENG 3331 Survey of English Literature or ENG 3332 Survey of English Literature

Other English Courses 18 hours
(15 of which must be advanced)

TOTAL 124 hours

Bachelor of Arts in English: Certification in 4-8 English Language Arts/Reading

A. Core Curriculum Requirements 48 hours

B. English Major 24 hours
in addition to Core
ENG 3325 Child/Adolescent Literature
ENG 3319 Introduction to Descriptive Linguistics
ENG 3312 Survey of American Literature or ENG 3313 Survey of American Literature
ENG 3331 Survey of English Literature or ENG 3332 Survey of English Literature
ENG 3321 Language and Culture

ENG 4318 Approaches to Literature

Certification with a Concentration
   Students wishing certification with a concentration in literature, language, English as a Second Language or writing may take additional advanced hours and should consult the offerings listed above for English majors. Students seeking certification or an ESL endorsement must have at least a 2.5 GPA in the content area courses.

Additional Information:
   • Requirements for taking the TExES Exam
     Students need to obtain an official transcript from the Office of Admissions and bring it to one of the TExES advisors in the Department of English for departmental review and clearance. To receive a bar code and clearance for the exam, students should meet all course requirements in their degree plan, have a GPA of 2.5 or better, and are encouraged to take the TExES “Qualifying Exam.” It is recommended that students need to have taken or be currently enrolled in ENG 4318 or ENG 4325 in order to take the qualifying exam.

Minor in English
   Eighteen hours of English, of which six must be advanced.

Course Descriptions
   A listing of courses offered by the Department of English can be found on page 269.
◆ General Overview: History

Students majoring or minoring in history may become teachers or seek employment in business or government. History is an excellent background for those who wish to go to law school or enter journalism. The Department of History and Philosophy, in conjunction with the Departments of Modern Languages and Literature, Sociology and Social Work, also offers a B.A. degree in Latin American Studies and Mexican-American Studies.

Beginning history majors are urged to take Civilization Through the Centuries, American Heritage and Historiography and Methodology early in their academic careers. Well-prepared students are encouraged to establish credit in some of these beginning courses by passing advanced standing examinations.

The department also welcomes non-history majors who may wish to take courses in Mexican-American heritage, Russian history or a wide assortment of courses in Latin American, American and European history.

◆ Degree Requirements

■ Major in History

(With or Without Teacher Certification)

Core Curriculum Requirements 48 hours

Complete the core curriculum requirements as shown on pages 95-98 of this catalog.

**Total Hours for students seeking certification** 132 hours

*Requires departmental approval.*

**Students may not apply the same course in two elective areas.**
Course Descriptions
A listing of history courses offered by the Department of History and Philosophy can be found on page 277.

Philosophy

Full-time Faculty
Buckman, Kenneth L., Associate Professor
Carter, David K., Assistant Professor
Pearson, Thomas D., Associate Professor

Overview
The Department of History and Philosophy offers a major in philosophy within the Bachelor of Arts degree, as well as a minor in philosophy. The study of philosophy can serve many useful purposes, but perhaps the most important are:

- Training in philosophy helps one to think more clearly, more perceptively and more effectively. Regardless of one’s personal and occupational goals, and regardless of the projects in which one is interested, being able to think clearly and well about them is an essential tool.
- Study of philosophy uniquely helps one to better understand and appreciate oneself, the world outside and how the two are related. One of the deepest human needs is to make sense of life and one’s place in it, and the satisfaction of that need is the central concern of philosophy.

A major in philosophy would provide strong preparation for a variety of careers, particularly in business, law, public policy and the ministry, as well as college teaching. A minor in philosophy would provide excellent support for majors in numerous fields, particularly history, government, English, psychology, sociology, math and certain areas in science and business administration.

Full-time Faculty
The faculty associated with the Center for Latin American Studies and the Latin American Studies major are drawn from a wide variety of departments and programs throughout the University. A list of all Latin American Studies faculty members is available at the center.

◆ Bachelor of Arts in Latin American Studies

The undergraduate major in Latin American Studies offers students a unique opportunity to combine concentrated work in more than one academic field in preparation for careers in a wide variety of areas. These include government and industry, banking and international commerce, international organizations and agencies, private foundations, journalism and teaching. In addition, the Latin American Studies major provides excellent preparation for advanced study in graduate or professional schools where degree programs are related to Latin American issues.

**Course Descriptions**

Descriptions of the courses listed above can be found under their respective headings in the course description section beginning on page 216.
Students who want to major or minor in Mexican-American Heritage should consult with the director.

**Major in Mexican-American Heritage**

The Bachelor of Arts degree in Mexican-American Heritage is an interdisciplinary program taught by the faculty of the Departments of History and Philosophy, Psychology and Anthropology, Sociology, and Modern Languages and Literature. The program is designed as a broad field major.

- **Major Requirements**
  - **Spanish Required Courses**
    - HIST 3373 Mexican-American Heritage
    - SPAN 2307 Intermediate Spanish for Native Speakers (or equivalent course)
    - SPAN 2308 Intermediate Spanish for Native Speakers (or equivalent course)
    - SPAN 3303 Advanced Spanish Composition
    - SPAN 3306 Basic Concepts of Spanish Phonetics and Phonology
    - SPAN 4316 Problems and Issues Related to Language
  - **History Required Courses**
    - HIST 2331 Civilization Through the Centuries (or equivalent)
    - HIST 2332 Civilization Through the Centuries (or equivalent)
    - HIST 3330 A General Survey of the History of Texas

- **History Required Courses**
  - HIST 3333 Colonial Mexico, Central and South America
  - HIST 4345 Mexico’s First Century as an Independent Republic
  - HIST 4353 History of Mexican Culture
  - HIST 4354 Contemporary Mexico

- **Sociology and Anthropology**
  - SOC 1313 Principles of Sociology
  - SOC 1323 Current Social Issues
  - ANTH 3375 Mexican-American Folklore
  - SOC 4323 The Mexican-American People
  - SOC 3301 Methods of Social Research
  - SOC 4333 Social Theory

- **Sociology and Anthropology**
  - Choose two from these Latin American courses:
    - HIST 3333 Colonial Mexico, Central and South America
    - HIST 4345 Mexico’s First Century as an Independent Republic
    - HIST 4353 History of Mexican Culture
    - HIST 4354 Contemporary Mexico
  - Choose one from these American History courses:
    - HIST 4322 The Spanish Southwest to 1821
    - HIST 4325 The American Southwest After 1821
  - Choose one from these European History courses:
    - HIST 3341 History of England I, to 1686
    - HIST 3342 History of England II, after 1686
    - HIST 4370 The Renaissance and the Reformation, 1300 to 1650
    - HIST 4376 Revolutionary Europe, 1789-1850

- **Minor in Mexican-American Heritage**
  - This is an interdisciplinary program, taught by the faculty of the Departments of History and Philosophy, Modern Languages and Literature, English, Psychology and Anthropology and Political Science, that is aimed at giving students a more appreciable understanding of the heritage

Choose one from the following:
- HIST 3333 Colonial Mexico, Central and South America
- HIST 4345 Mexico’s First Century as an Independent Republic
- HIST 4353 History of Mexican Culture
- HIST 4354 Contemporary Mexico

Choose one from these American History courses:
- HIST 4322 The Spanish Southwest to 1821
- HIST 4325 The American Southwest After 1821

Choose one from these European History courses:
- HIST 3341 History of England I, to 1686
- HIST 3342 History of England II, after 1686
- HIST 4370 The Renaissance and the Reformation, 1300 to 1650
- HIST 4376 Revolutionary Europe, 1789-1850

Choose three from the following:
- ANTH 1353 Introduction to Folklore
- ANTH 4353 Folklore of the Lower Rio Grande Valley
- SOC 4313 American Minorities
- SOC 4373 Latin American Society

Additional recommended courses include:
- ANTH 1323 Introduction to Cultural Anthropology
- ENG 3321 Language and Culture
- ENG 4316 Mexican-American Literature
- SPAN 3310 Masterpieces in Spanish-American Literature I
- SPAN 3311 Masterpieces in Spanish-American Literature II
- SPAN 3316 The Mexican Novel
of the Mexican-American ancestry and its contributions to the present environment.

The minor in Mexican-American Heritage offers excellent support for majors in Spanish and history and students in the College of Social and Behavioral Sciences. It also provides support for students wishing to teach, particularly those at the high school level or specializing in bilingual education.

The curriculum for this program is divided into two classifications: impact courses, which deal specifically and directly with the Mexican-American, and support courses, which, for the most part, are concerned with Mexico, aspects of its culture and the Spanish language. Programs of study will be influenced by the student’s major. Any course may be taken as an elective.

- **Minor Requirements 18 hours**
  Twelve of those hours must be from core courses.

**Core courses 12 hours**

Select from the following:

- ANTH 2323 Mexican-American Culture
- ANTH 3375 Mexican-American Folklore
- ANTH 4353 Folklore of Lower Rio Grande Valley
- ENG 4316 Mexican-American Literature
- HIST 3373 Mexican-American Heritage
- HIST 4322 The Spanish Southwest to 1821
- POLS 3363 American Hispanic Politics
- SOC 4323 The Mexican-American People

**Support Courses 6 hours**

Select from the following:

- HIST 4325 The American Southwest After 1821
- HIST 4353 History of Mexican Culture
- HIST 4354 Contemporary Mexico
- SPAN 3316 The Mexican Novel
- SPAN 4329 Mexico’s Contemporary Literature
- SPAN 3310 Masterpieces of Spanish American Literature I
- SPAN 3311 Masterpieces of Spanish American Literature II
- SPAN 4307 Spanish-American Novel
- SPAN 4336 Grammar and Composition

**Course Descriptions**

Courses offered by the Department of Modern Languages and Literature can be found under their respective headings in the Course Descriptions section beginning on page 216.
Degree Requirements

Major in Spanish (with certification)

Core Curriculum Requirements 48 hours

Section A. Humanities
Group 4. Other Humanities
Students must select courses from Area 1 and Area 2.

Area 1. The Arts
Choose one from the following:
ART 1301 Art Appreciation or
MUS 1307 Music Appreciation

Core Courses 24 hours
Select one beginning sequence:
SPAN 1301 Beginning Spanish and
SPAN 1302 Beginning Spanish or
SPAN 1303 Beginning Spanish and
SPAN 1304 Beginning Spanish or
SPAN 1387 Beginning Spanish (Honors Studies) and
SPAN 1388 Beginning Spanish (Honors Studies)

Complete the following:
SPAN 2307 Intermediate Spanish for Native Speakers
SPAN 2308 Intermediate Spanish for Native Speakers
SPAN 3303 Advanced Spanish Composition or
SPAN 3304 Advanced Spanish Composition
SPAN 3306 Basic Concepts of Spanish Phonetics and Phonology
SPAN 3330 Spanish Grammar or
SPAN 4336 Grammar and Composition
SPAN 4316 Problems and Issues Related to Language

Designated Electives 12 hours
Select six hours from the following:
SPAN 3301 Spanish Literature, 1100 to 1750
SPAN 3302 Spanish Literature, 1750 to present
SPAN 3310 Masterpieces of Spanish-American Literature I
SPAN 3311 Masterpieces of Spanish-American Literature II

Select six hours from the following:
SPAN 3309 Techniques of Literary Analysis
SPAN 3316 The Mexican Novel
SPAN 4303 Spanish Civilization (in Spanish)
SPAN 4304 Spanish Lyric Poetry (in Spanish)
SPAN 4305 Cervantes (in Spanish)
SPAN 4306 History of the Spanish Language
SPAN 4307 Spanish-American Novel
SPAN 4308 Medieval Spanish Literature
SPAN 4309 Contemporary Spanish Literature
SPAN 4311 Mexican Literature I
SPAN 4318 Theater and Poetry of the Golden Age
SPAN 4325 Caribbean Literature
SPAN 4331 Problems in Grammar, Dialects and Language Performance
SPAN 4338 Nineteenth Century Spanish Literature
SPAN 4339 The Spanish-American Short Story
SPAN 4340 The Spanish-American Essay

TOTAL 124 hours

Major in Spanish (without certification)
Same as above excluding SPAN 4316, which may be taken as an elective.

Minor in Spanish (without certification)
Eighteen hours in Spanish, of which six hours must be advanced.

Minor in French (without certification)
Eighteen hours, of which six must be advanced and among the following: FREN 3321, FREN 3322, FREN 3323 and FREN 4322, FREN 4324, FREN 4325 or FREN 4339.

Minor in French (with teacher certification)
Twenty-four hours, of which 12 must be advanced and among the following: FREN 3321, FREN 3322, FREN 3323 and FREN 4120, FREN 4322, FREN 4324, FREN 4325 or FREN 4339.

Course Descriptions
Courses offered by the Department of Modern Languages and Literature can be found under their respective headings in the course descriptions section beginning on page 275 (French) and page 329 (Spanish).

Tucker, Wallace E., Professor

General Overview: Music

The Department of Music offers a major within the Bachelor of Arts degree. In addition, it offers teaching fields for majors in all-level music teacher certification.

All students majoring in music, in addition to taking courses in general education, theory and literature of music, pursue excellence in performance in their areas of major interest. Instruction is offered in voice, guitar, piano and all of the instruments of the band and orchestra.

Graduate music courses are offered leading to the Master of Music degree, and Master of Arts in interdisciplinary studies degree with a concentration in music (MAIS-Music). More information is available in the Graduate Catalog.

Degree Requirements

Departmental Requirements

A grade of "C" or higher in each required course in music is necessary for that course to apply toward a degree with a major in music.

Transfer students may be required to validate (by examination) credits earned in applied music and music theory at other institutions. Failure to pass validation will result in the repetition of courses required to reach proper standards.

Precise definition of standards is provided by the department, and examination in applied music is before a faculty jury.

Music majors and music minors must enroll in piano until the piano proficiency examination has been passed. The piano proficiency examination must be passed as a prerequisite to enrolling in upper-level music courses. Transfer students are required to pass the department’s piano proficiency examination, regardless of the number of transfer hours.

Each full-time music major must be a member of the large ensemble of his/her area of concentration each semester during which he/she is enrolled, or a minimum of seven semesters. These assignments are as follows: Wind and Percussion-Band; Strings-Orchestra; Voice, Piano-Choir; Guitar-Guitar Ensemble. Pianists and others who play appropriate instruments with sufficient proficiency may use band or orchestra for their ensemble requirements. Participation in smaller ensembles is strongly encouraged.

A music major who selects the performance curriculum will perform a 30-minute public recital during the junior year and an hour-long public recital during the senior year. A music major who selects the teacher preparation curriculum will prepare one-half of a music recital during the senior year and, at the discretion of a faculty committee, perform it in public.

Music majors will study privately in their areas of concentration during each semester they are enrolled full-time (12 hours or more). Music majors enrolled in applied music will enroll in applied music lab and attend University concerts and recitals as a part of the course requirement. Examinations in applied music are given at the end of each semester before a jury of music faculty members. Students enrolled in applied music will appear in recitals at the discretion of their instructor.
# Major in Music (Applied Music)

## Core Curriculum Requirements 48 hours
Complete the University core curriculum requirements as shown on pages 95-98 of this catalog.

#### Course Descriptions

A listing of courses offered by the Department of Music can be found on page 298.
General Overview

The College of Business Administration (COBA) at The University of Texas-Pan American has 49 full-time faculty who serve 2,250 more than bachelor, master and doctoral students. All programs in the College of Business Administration are fully accredited by the Association to Advance Collegiate Schools of Business (AACSB International).

The COBA is organized into four departments: the Department of Accounting and Business Law, the Department of Computer Information Systems and Quantitative Methods, the Department of Economics and Finance, and the Department of Management, Marketing and International Business. The associate dean, four department chairpersons, and the directors of undergraduate studies, the MBA program and the doctoral program assist the dean in coordinating the academic activities of the college.

Two centers are housed in the College of Business Administration. The Neuhaus Center is committed to advancing the scholarship of entrepreneurship, and the Center for Tourism Research is devoted to meeting regional needs and has received national acclaim for its Winter Texan Studies.

Academic Programs

The College of Business Administration offers a Bachelor of Business Administration with majors in accounting, economics, finance, computer information systems, management, marketing and international business. The college also offers a Bachelor of Arts degree with a major in economics. Students working toward non-business degrees may pursue a minor in business administration, human resource management, economics, computer information systems or entrepreneurship. Graduate programs include the Master of Business Administration (MBA), Master of Science in accounting (MSA), Master of Accountancy (MACC) and Doctor of Philosophy (Ph.D.) in business administration.

Vision, Mission and Philosophy

In the spirit of continuous improvement, the College of Business Administration is committed to achieving its goals and objectives as stated in its vision, mission and philosophy statements:

Vision

The vision of the College of Business Administration at The University of Texas-Pan American is to serve as the synergistic educational center for the Rio Grande Valley for education in business and management. The undergraduate and masters programs aspire to achieve regional and state recognition for excellence in teaching, applied research and service to the business community. The doctoral program strives for international recognition for its global perspective and for its contribution to the field of knowledge encompassing international business and North American Trilateral business practices. The College endeavors to obtain national and international acclaim for creating a stimulating, bicultural environment where diversity and academic excellence coexist.

Mission

The mission of the UTPA College of Business Administration is to:

- develop business and academic leaders who are qualified and committed to the improvement of society,
- produce scholarly research relevant to domestic and global businesses and
- support professional, community and university activities that contribute to economic progress, social improvement and intellectual development.

Philosophy

Through the process of continuous improvement, the College of Business Administration supports the mission of The University of Texas-Pan American by providing well-balanced, high quality education for undergraduate and graduate students and by providing solutions to business problems through research and community service.

Involvement in research ensures that both students and faculty continue to be current in their disciplines and fosters the advancement of knowledge. The college promotes and produces research that mirrors current issues of business organizations and society, including topics from cross-discipline and cross-cultural perspectives that are appropriate to international business. Faculty intellectual contributions are encouraged in applied scholarship, basic scholarship and instructional development.

Located in the ethnically diverse region along the U.S.-Mexico border, the college uses the social, bicultural, scientific and technical resources unique to South Texas to enrich its educational, outreach and research programs.

The college is responsive to the needs of South Texas and the bicultural national community it serves and seeks to develop and strengthen partnerships with these external constituents. The college also fosters cooperative interactions with institutions of higher education throughout the world, with a special emphasis on Mexico and Latin America.

The local economy depends primarily upon health services, agriculture, tourism, trade and government activities. Significant growth is occurring in the manufacturing sector as a result of continued growth and industrial activity along the Texas-Mexico border and the North American Free Trade Agreement. These factors have led the College of Business Administration to develop programs and curricula that recognize this dynamic and unique situation.

The University of Texas-Pan American is committed to perpetuating the best of American cultural heritage and blending it with the outstanding features of Latin American culture. The academic programs of the College of Business Administration support this philosophy by offering its students a broad foundation in the liberal arts and sciences followed by professional business curricula. Students are afforded the opportunity to acquire skills necessary for success in business and society while simultaneously developing a global awareness and an appreciation for the unique characteristics of the University and its constituents.

As a professional college, specific attention is given to the following educational objectives:

- to develop critical thinking and logical problem-solving skills;
- to develop professional attitudes and an appreciation for the role of business in a free enterprise economy;
- to develop basic quantitative and analytical skills;
- to develop written and oral communication skills;
- to develop a global awareness and appreciation for cultural diversity; and
- to develop ethical decision-making skills.

The regional nature of the University and its obligation to serve the needs of the Rio Grande Valley are recognized and emphasized in the research and service functions of the college. The college conducts research for state, county and city agencies and private firms. Additionally, the college holds or sponsors short courses, seminars and workshops for business and governmental agencies. These non-credit programs have served thousands of people in the Rio Grande Valley and have provided opportunities for students to work for and with the business community.
◆ Graduate Programs

The college provides the opportunity for advanced study leading to the Master of Business Administration (MBA) degree, the Master of Science in accounting (MSA), the Master of Accountancy (MACC) and a Doctor of Philosophy (Ph.D.) in business administration.

The MBA program is designed for those who wish to pursue advanced study in a multicultural environment as a means of enhancing their business and administrative careers. Both full- and part-time students enroll in the regular MBA program. The MSA and the MACC prepare students for a profession in public accounting and meet the educational requirements of the Texas Society of CPAs.

The Ph.D. in Business Administration with an emphasis in international business adds the dimension of basic research to the college’s mission. The program offers graduates the opportunity to prepare for faculty positions in state or regional universities or to fill management roles in the private sector or in government service.

NOTE: More information on graduate programs may be found in the Graduate Catalog.

◆ Student Organizations

A total university experience includes providing students with the opportunity to develop leadership skills, to become part of the decision-making process and to create linkages with the business community. To that end, the following fraternities and student chapters of professional organizations are sponsored:

- Alpha Kappa Psi, a professional business fraternity
- Beta Gamma Sigma, a national honor society for business administration majors
- Society for Human Resource Management
- Financial Management Association
- American Marketing Association – Student Chapter
- Accounting Society
- MBA Association
- Forum for International Relations and Business
- Students in Free Enterprise
- Rotaract Club

◆ Business Advisory Groups

COBA Advisory Council

Advice and guidance from civic and business leaders are provided through the College of Business Administration Advisory Council. The council serves as a liaison to the business community, helps provide financial support for the college and provides job opportunities for graduates.

Accounting Advisory Committee

The Accounting Advisory Committee provides direction and support to the Department of Accounting and Business Law and is composed of leaders of the accounting and business community in the Rio Grande Valley.

Business Student Advisory Committee

The Business Student Advisory Committee comprises the officers of the student organizations in the College of Business Administration. Its purpose is to provide input to the dean on matters related to students in the college.

Management, Marketing and International Business Advisory Committee

An outreach group whose focus is to bring in speakers from the business community to speak to classes in appropriate fields.

Student Advisement, Internships and Placement

Students who have declared majors should seek academic advisement in the department of their major. The Center for Advisement, Recruitment, Internships and Retention (CARIR) offers student guidance regarding programs of study, provides information on scholarships for business students and assists in matching students with available internship opportunities. Internships are available as electives for all majors in business except CIS. Additional information on internships, scholarships, course selections and programs of study may be obtained by contacting Victor Huerta, CARIR director, in BA 120B or by calling 956/381-3355. Placement information may be obtained from the Career Placement Services, Student Services Building, second floor, Room 2.101 or by calling 956/381-2243. The University Retention and Advisement Program (URAP) maintains an office in the College of Business Administration to advise students who have not declared a major. The Student Development Specialist for business students, Karen Speer, is located in BA 1201 and can be reached by phone at 956/316-7966.
Minors

- **Minor in Business Administration**
  A minor in business administration is designed to enhance the marketability of students with non-business majors upon graduation. This minor complements such degree programs as engineering, health care, nursing, counseling and communication.

  The minor in business administration consists of the following courses:

  - ACC 2329: Fundamentals of Managerial Accounting
  - ACC 2421: Introduction to Financial Accounting
  - ECON 2301: Principles of Economics I
  - MANA 3361: Principles of Management and Organizational Behavior
  - MARK 3371: Principles of Marketing
  - FINA 3383: Managerial Finance

  TOTAL 19 hours

- **Minor in Human Resource Management**
  A minor in human resource management (HRM) is designed to help complement many students’ majors, enhancing their marketability upon graduation. Students majoring in such fields as psychology, communication, nursing, counseling, engineering and political science may be especially interested in complementing their major with a minor in HRM.

  The minor in HRM consists of the following courses:

  **Human Resource Management Specialization 15 hours**
  - MANA 3362: Human Resource Management
  - MANA 3365: Compensation
  - MANA 3366: Recruitment and Selection
  - MANA 3367: Organizational Training and Development
  - MANA 4361: Organization Behavior

  **Human Resource Management Electives 3 hours**
  Select three hours from:
  - MANA 3300: Internship in Management*
  - MANA 3335: Communication Policy and Strategy
  - MANA 4368: Industrial Relations

  TOTAL 18 hours

- **Minor in Economics**
  A minor in economics is available to students from all areas within the University and requires 18 hours of economics that include six hours of economics electives.

  **Required Courses**
  - ECON 2301: Principles of Economics I
  - ECON 2302: Principles of Economics II
  - ECON 3351: Macroeconomic Theory
  - ECON 3352: Microeconomic Theory

  **Economics Electives**
  6 hours

  Total minor requirements 18 hours

- **Minor in Entrepreneurship**
  A minor in entrepreneurship serves as an ideal complement for economics students wishing to start and successfully operate a small business upon graduation. The minor in entrepreneurship also meets the minor requirement for the Bachelor of Arts in Economics, as well as for non-business degrees. The program specifically focuses on small business operations in the Lower Rio Grande Valley.

  The minor in entrepreneurship consists of 18 hours from the following courses:**

  - ECON 3359: Family and the Small Business
  - ECON 3360: Managerial Economics
  - FINA 3391: Small Business Financial Management
  - FINA 3393: Entrepreneurial Finance
  - MANA 4366: Small Business Management
  - ECON 4362: Global Entrepreneurship

  TOTAL 18 hours

  **Non-business students wishing to minor in entrepreneurship must also take ACC 2421, MANA 3361 and three hours of economics as prerequisites to the entrepreneurship courses.

- **Minor in Computer Information Systems (for non-business majors)**
  ACC 2421: Introduction to Financial Accounting
  MANA 3361: Principles of Management and Organizational Behavior
  CIS 2308: Introduction to Programming with Visual Basic
  CIS 2310: COBOL Programming
  CIS Electives (six advanced hours other than CIS 3390)

  TOTAL 19 hours

*Must involve a position in HRM.
Bachelor of Business Administration

Core Curriculum for Graduation

Students seeking a Bachelor of Business Administration are required to complete the 48-hour University core curriculum requirements including Math 1340 College Algebra or 1341 Business Algebra, the 20-hour Business Foundation Curriculum, the 30-hour Business Core Curriculum, plus 15 hours in the major and 12 hours of upper-level electives as required by the program of study required by the major. Students should file a degree plan in the department housing the major the student selects prior to advancing in the major.

Degree applicability of coursework from business programs that are not accredited by the Association to Advance Collegiate Schools of Business-International (AACSB)-The International Association for Management Education must be determined through appropriate validation procedures and/or examination. Final approval of non-AACSB accredited coursework will be by the department chair or dean of the College of Business Administration.

Transfer Credit-Verification

Any upper-division business course taken at a non-AACSB-accredited school must be validated before it will be applied to satisfy graduation requirements for business degrees at UTPA.

Validation may be accomplished by:
1. taking a higher-level course in the same subject area and making a grade of "C" or better,
2. retaking the course.

Contact Dr. William Thompson, director of undergraduate programs, College of Business Administration, Room 120C, 956/381-2827, for further information.

Communication Skills Certification

Students receiving a degree from the College of Business Administration may participate in a communication skills certification program.

Contact Margaret Allison, director of communication skills, Business Administration Building, Room 120A, 956/381-3360, for further information.
The Department of Accounting and Business Law offers the Bachelor of Business Administration (BBA) degree with a major in accounting, the Master of Science degree (MSA) in accounting, and a Master of Accountancy (MACC). A major in accounting with electives outside the accounting area is not designed to prepare graduates for entry-level positions in private and public accounting. The student who wishes to pursue a career as an accounting professional should use their electives to take additional accounting courses. The MSA degree provides the educational requirements necessary for a graduate to sit for the Uniform CPA examination. Since professional examinations are structured to test the candidates over a broad range of accounting topics, students should seek advice from the accounting faculty to select elective courses that will help them in their satisfactory completion of certification requirements. Information on the MSA and MACC degrees can be found in the UTPA Graduate Catalog.

The coursework leading to the BBA degree in accounting is classified as follows:

- Core Curriculum Requirements: 48 hours
- Business Foundation Courses: 20 hours
- Business Core Courses: 30 hours
- Upper-level Electives: 12 hours
- Major Courses: 15 hours

Total: 125 hours
### Major in Accounting

#### Admission Requirements
Admission to the undergraduate accounting program requires completion of two steps.

1. Applicants must be in good academic standing (non-probationary status) and have completed at the time of application at least 10 hours of accounting, including ACC 2421, 2329 and one 3000-level accounting course and have a GPA of at least 2.2 for all accounting courses taken at the time of application.

2. Applicant must file a degree plan with the department. Students must have a degree plan on file before enrolling in a second 3000-level course in accounting. Students who have been denied admission to the accounting program may appeal to the dean of the College of Business Administration according to the appeals procedures.

#### Core Curriculum Requirements 48 hours
Students seeking a degree in accounting must complete the requirements shown in the University core curriculum requirements section on pages 95-98 of this catalog. Accounting students must meet the math requirement in the core curriculum by taking MATH 1340 or 1341. Students may take CIS 1301 instead of CIS 1101 and 1201 to satisfy core and business foundation.

### Combined BBA/MSA in Accounting
The combined BBA/MSA allows students to receive simultaneously a Bachelor of Business Administration in accounting and a Master of Science in accounting degree. The program has been designed to meet the Texas State Board of Public Accountancy’s requirements to sit for the CPA exam in Texas and is available only to accounting majors. In order to be provisionally admitted to the MSA program, a student must meet all of the following criteria:

a. Have completed 75 hours of undergraduate work with an overall GPA of 2.5 or higher;

b. Have a GPA of 3.0 or better in ACC 2421, ACC 2329 and the first accounting course numbered in the 3000 range.

Students with provisional admission to the MSA program will apply for unconditional admittance to the MSA.
program during the last semester of their senior year. At that time, they must meet the following criteria:

- a. have no more than 15 hours of undergraduate work remaining;
- b. have an overall GPA of 2.5 or higher;
- c. have a GPA in accounting courses of 3.0 or higher; and
- d. provide a letter of intent explaining why they wish to obtain the MSA degree.

Unconditional admittance to the program allows the student to begin to take graduate level courses while completing the remaining undergraduate work. Students who have been provisionally admitted to the MSA program but who fail to be unconditionally admitted during the last semester of their senior year will be expected to meet the BBA in accounting degree requirements in order to receive a bachelor’s degree.

The program of study for the combined BBA/MSA is as follows:

**Core Curriculum Requirements** 48 hours
(These are the same as listed for the BBA in accounting.)

**Business Foundation** 20 hours
(These are the same as listed for the BBA in accounting.)

**Business Core**
- BLAW 3337 Business Law I
- ECON 3360 Managerial Economics or
- FINA 3381 Money and Banking
- FINA 3383 Managerial Finance
- MANA 3361 Principles of Management and Organizational Behavior
- MANA 3335 Communication Policy and Strategy
- MANA 4369 Strategic Management
- MARK 3371 Principles of Marketing
- QUMT 3343 Statistical Methods in Business
- ACC 3326 Accounting Information Systems
- ACC 3328 Quantitative Methods in Accounting
- ACC 3350 International Accounting
- INTB 3330 International Business

**Accounting Specialization (undergraduate level)** 21 hours
- ACC 3320 Cost Accounting
- ACC 3321 Intermediate Accounting I
- ACC 3322 Intermediate Accounting II
- ACC 3323 Individual Income Tax
- ACC 3327 Fundamentals of Auditing
- ACC 3329 Intermediate Accounting III
- ACC 4330 Advanced Accounting (Consolidations)

**Master’s Level Requirements** 24-27 hours
For course descriptions for master's-level courses, please see the Graduate Catalog.

- MACC 6310 Auditing
- MACC 6320 Tax Topics
- MACC 6330 Accounting Theory
- MACC 6340 Managerial Accounting
- MACC 6350 Information Technology
- MACC 6360 Tax Research Methodology
- MACC 6370 Internal Auditing and Assurance Services
- MACC 6333 Business Law for Accountants
- FINA 6340 Financial Administration**

**Graduate Accounting Elective** 3 hours
- MACC 6380 Professional Ethics
- ACC 6320 Financial and Managerial Accounting

**Graduate Course Electives** 6 hours
(Elect two courses from the MBA program that are not included in this program.)

**TOTAL HOURS**
for simultaneous BBA and MSA degrees 152-155 hours

**A student making an "A" in FINA 3383 is exempt from FINA 6340.**

Accounting courses in the 2000-, 3000- and 4000-levels are described in this catalog; those in the 6000-level are described in the Graduate Catalog.

Full-time Faculty

**Computer Information Systems**
Allison, Margaret R., Assistant Professor
Director of Communication Skills
Crews, R. Michael, Associate Professor
Koong, Kai, Associate Professor
Liu, Lai, Associate Professor
Rao, Mohan, Associate Professor
Rogé, Joseph, Associate Professor
Rydl, Lester M., Associate Professor
Simpson, Claude, Assistant Professor
Wang, Bin, Assistant Professor

**Quantitative Methods**
Feinberg, Martin, Assistant Professor
Tanguma, Jesus, Assistant Professor

◆ **General Overview**

The Department of Computer Information Systems and Quantitative Methods offers a Bachelor of Business Administration with a major in computer information systems based on the curricula recommended by the Association of Information Technology Professionals. This major is designed to prepare students with the broad business and computer-related knowledge necessary to enter the information systems field. A minor in computer information systems is available to students from all non-business disciplines and is designed to prepare the student for entry-level positions in the computer field.

The department provides Computer Information Systems courses for CIS majors, CIS minors and other majors. It offers Quantitative Methods (QUMT), Management Information Systems (MIS) and Information Systems and Quantitative Methods (ISQM) courses. Also, the department provides computer literacy courses for all majors to satisfy the computer literacy requirement of the University core curriculum.

It is recommended that students receiving a degree from the College of Business Administration certify their communication skills by taking the appropriate test.

◆ **Mission**

Through a process of continuous improvement, the Department of Computer Information Systems and Quantitative Methods seeks to provide a high quality, future-oriented education program that prepares its graduates with the necessary analytical, technical and managerial background to function effectively in complex, culturally diverse and technologically-oriented professional environments. The department values and encourages a balance of teaching; together with basic, applied and pedagogical research; and service at a level consistent with both the University and college goals and objectives.

**NOTE:** Students should file an official degree plan after earning 60 hours. An official degree plan must be filed before an application for graduation will be processed.

**Core Curriculum Requirements** 48 hours
Complete the requirements shown in the University core curriculum requirements section on pages 95-98 of this catalog EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown unless ALL of core is completed elsewhere.

Specific core courses required for CIS majors are in bold. See core curriculum section on page 134 for courses that may be used to satisfy remaining core requirements.
### Section A. Humanities

**Group 4. Other Humanities**

*Area 2. Philosophy and Modern/Classical Language*

| PHIL  | 1320 | Introduction to Logic |

### Section B. Science and Mathematics

**Group 2. Mathematics**

| MATH  | 1341 | Business Algebra or |
| MATH  | 1340 | College Algebra or |
| MATH  | 1340 | higher level math |

### Section C. Computer Literacy

Students have the option to take CIS 1301 to satisfy CIS 1201 and CIS 1101. Business majors transferring two hours of computer literacy MUST take CIS 1101.

#### Business Foundation 20 hours

| ACC   | 2421 | Introduction to Financial Accounting |
| ACC   | 2329 | Fundamentals of Managerial Accounting |
| CIS   | 1101 | Introduction to Office Software |
| COMM  | 1303 | Presentational Speaking or |
| COMM  | 1313 | Fundamentals of Speech Communication |
| ECON  | 2301 | Principles of Economics I |
| ECON  | 2302 | Principles of Economics II |
| MATH  | 1342 | Business Calculus |

#### Business Core 30 hours

| BLAW  | 3337 | Business Law I |
| ECON  | 3360 | Managerial Economics or |
| FINA  | 3381 | Money and Banking |
| FINA  | 3383 | Managerial Finance |
| MANA  | 3361 | Principles of Management and Organizational Behavior |
| MARK  | 3371 | Principles of Marketing |
| QUMT  | 3343 | Statistical Methods for Business |
| MANA  | 4369 | Strategic Management |

#### Information Systems Course

| CIS   | 3390 | Management Information Systems |

#### International Course (Choose One)

| ACC   | 3350 | International Accounting |
| BLAW  | 3340 | Legal Considerations of International Business |
| ECON  | 3353 | International Trade |
| FINA  | 4381 | International Finance |
| INTB  | 3330 | International Business |
| MARK  | 4330 | International Marketing |

#### Analytical Course (Choose One)

| ACC   | 3328 | Quantitative Methods in Accounting |

---

### Computer Information Systems Major 27 hours

| ECON  | 3341 | Econometrics |
| ECON  | 3342 | Business and Economic Forecasting |
| QUMT  | 4343 | Quantitative Methods for Decision-Making in Business |
| MANA  | 4363 | Production Management |

#### Computer Information Systems Course Major 30 hours

**Select CIS 3308 or CIS 3310 and three more courses from:**

| CIS   | 3300 | Internship in CIS |
| CIS   | 3308 | Advanced Programming with Visual Basic |
| CIS   | 3310 | Advanced Programming Techniques |
| CIS   | 3312 | Introduction to Web Programming |
| CIS   | 3338 | Networking |
| CIS   | 4308 | IT Project Management |

### Teacher Certification in Computer Information Systems

Certification can be obtained through alternative certification or through the Department of Computer Science.

### Course Descriptions

A listing of courses offered by the Department of Computer Information Systems and Quantitative Methods can be found on page 234 (CIS) and 319 (QUMT). Other ISQM, MIS, QUMT courses can be found in the Graduate Catalog.
General Overview

The Department of Economics and Finance offers degree opportunities in two areas: economics and finance. Students interested in economics may pursue either a Bachelor of Business Administration or a Bachelor of Arts degree. The Bachelor of Business Administration is also available in finance.

Degree Requirements

The following are required for the Bachelor of Business Administration (BBA) degrees in economics and finance:

Core Curriculum Requirements 48 hours
Complete the requirements shown in the University core curriculum requirements section on pages 95-98 of this catalog except that students must meet the math requirement by taking Math 1340 or 1341. Economics and finance students may take CIS 1301 to satisfy the core requirement for computer literacy (CIS 1201) and the business foundation (CIS 1101).

Business Foundation 20 hours
- ACC 2421 Introduction to Financial Accounting
- ACC 2329 Fundamentals of Managerial Accounting
- ECON 2301 Principles of Economics I
- ECON 2302 Principles of Economics II
- MATH 1342 Business Calculus
- CIS 1101 Introduction to Office Software
- COMM 1303 Presentational Speaking or
- COMM 1313 Fundamentals of Speech Communication

Business Core 30 hours
- BLAW 3337 Business Law I
- ECON 3360 Managerial Economics or
- FINA 3381 Money and Banking
- FINA 3383 Managerial Finance
- MANA 3361 Principles of Management and Organizational Behavior
- MARK 3371 Principles of Marketing
- QUMT 3343 Statistical Methods for Business
- MANA 4369 Strategic Management

Information Systems Course (Choose One)
- ACC 3326 Accounting Information Systems
- CIS 3390 Management Information Systems

International Course (Choose One)
- ACC 3350 Introduction to International Accounting
- BLAW 3340 Legal Considerations of International Business
- ECON 3353 International Trade
- FINA 4381 International Finance
- INTB 3330 International Business
- MARK 4330 International Marketing

Analytical Course (Choose One)
- ACC 3328 Quantitative Methods in Accounting
◆ Economics

Programs in Economics

Major in Economics — BBA
Core Curriculum, Business Foundation
and Business Core Requirements 98 hours

Economics Specialization Courses 9 hours
ECON 3351 Macroeconomic Theory
ECON 3352 Microeconomic Theory
ECON 3341 Econometrics

Economics Electives (Upper Division) 6 hours
Upper-Level Electives
(with approval of advisor) 12 hours
TOTAL 125 hours

Economics Major — BA (Minor Required)
Core Curriculum and Economics
BA Foundation 62 hours
The core curriculum and Economics BA Foundation
includes all requirements listed for the core curriculum and
business foundation requirements above except ACC 2329,
which is not required.

Designated Elective 3 hours
QUMT 2341 Elementary Business and
Economic Statistics

Economics Specialization Courses 9 hours
ECON 3341 Econometrics
ECON 3351 Macroeconomic Theory
ECON 3352 Microeconomic Theory
ECON 4359 History of Economic Thought

Economics Electives (Upper Division) 18 hours
Electives
(including minor hours and must include
at least 24 upper-level hours) 33 hours
TOTAL 125 hours

Minor in Economics
A minor in economics is available to students from
all areas within the University and requires 18 hours of
economics that include six hours of economics electives.

Required Courses 12 hours
ECON 2301 Principles of Economics I
ECON 2302 Principles of Economics II
ECON 3351 Macroeconomic Theory
ECON 3352 Microeconomic Theory

Economics Electives 6 hours
Total Minor Requirements 18 hours

◆ Finance

Programs in Finance

Major in Finance — BBA
Core Curriculum, Business Foundation
and Business Core Requirements 98 hours

Finance Specialization Courses 9 hours
FINA 3382 Investment Principles
FINA 3386 Financial Institutions and
Markets
FINA 4383 Advanced Managerial Finance

Finance Electives 6 hours
Any two upper-level finance courses

Upper-Level Electives 12 hours
(with approval of academic advisor.)
TOTAL 125 hours

Course Descriptions
A listing of courses offered by the Department of
Economics and Finance can be found on page 257 (ECON)
and 274 (FINA).

◆ General Overview

The Department of Management, Marketing and International Business offers the Bachelor of Business Administration (BBA) in three areas: management, marketing or international business.

Curriculum in Management, Marketing and International Business
The coursework leading to the BBA degree is classified as follows:
A. Core Curriculum Requirements 48 hours
B. Business Foundation Courses 20 hours
C. Business Core Courses 30 hours
D. Major Courses 15 hours
E. Upper-level Electives 12 hours
TOTAL 125 hours

The following are required for the BBA degrees in management, marketing or international business:

Core Curriculum Requirements 48 hours
Complete the requirements shown in the University core curriculum requirements section on pages 95-98 of this catalog. Management, marketing, and international business students must meet the math requirement by taking MATH 1340 or 1341. Students may take CIS 1301 instead of CIS 1101 and 1201 to meet the computer literacy and business foundation requirements.

Business Foundation 20 hours
ACC 2421 Introduction to Financial Accounting
ACC 2329 Fundamentals of Managerial Accounting
CIS 1101 Introduction to Office Software
COMM 1303 Presentational Speaking or
COMM 1313 Fundamentals of Speech Communication
ECON 2301 Principles of Economics I
ECON 2302 Principles of Economics II

MARK 4330 International Marketing

Analytical Course (Choose One)
ACC 3328 Quantitative Methods in Accounting
ECON 3341 Econometrics
ECON 3342 Business and Economics Forecasting
MANA 4363 Production Management
QUMT 4343 Quantitative Methods for Decision Making in Business
Major Courses

In addition to the University core curriculum requirements, the business foundation courses and the business core courses, majors in the Department of Management, Marketing and International Business must comply with the following requirements:

- **Major in Management**
  - **Core Curriculum, Business Foundation and Business Core Requirements** 98 hours
  - **Management Major** 9 hours
    - MANA 4361 Organizational Behavior
    - MANA 3362 Human Resource Management
    - MANA 4364 Societal Problems in Business
  - **Management Electives** 6 hours
    - Select six hours from:
      - MANA 3300 Internship in Management
      - MANA 3333 Digital Media for Management and Marketing
      - MANA 3335 Communication Policy and Strategy
      - MANA 3364 Organizational Theory
      - MANA 3365 Compensation
      - MANA 3366 Recruitment and Selection
      - MANA 3367 Organizational Training and Development
      - MANA 4300 Topics in Management
      - MANA 4364 Small Business Management
      - MANA 4365 Quality Management
      - MANA 4367 Purchasing and Supply Management
      - MANA 4368 Industrial Relations
      - MANA 4399 Business Consulting
      - INTB 4364 International Management
  - **Upper-Level Electives** (with approval of advisor) 12 hours
    - Six hours from MANA courses.
    - Six hours from MANA, MARK, and/or INTB courses.
  - **TOTAL** 125 hours

* See detailed requirements above.

- **Major in Marketing**
  - **Core Curriculum, Business Foundation and Business Core Requirements** 98 hours
  - **Marketing Major** 15 hours
    - MARK 3375 Retailing
    - MARK 3378 Marketing in E-Commerce
    - MANA 4367 Purchasing and Supply Management
    - MARK 3379 Services Marketing
  - **Select one option from below** 12 hours
    - **Sales Option**
      - MARK 3373 Industrial Marketing
      - MARK 4373 Sales Management
      - Six hours of electives with approval of advisor.
    - **Service Retailing Option**
      - MARK 3375 Retailing
      - MARK 3378 Marketing in E-Commerce
      - MANA 4367 Purchasing and Supply Management
      - MARK 3379 Services Marketing
  - **TOTAL** 125 hours

* See detailed requirements above.

- **Major in International Business**
  - **Core Curriculum, Business Foundation and Business Core Requirements** 98 hours
  - **International Business** 15 hours
    - INTB 3310 Entering International Trade
    - BLAW 3340 Legal Considerations of International Business
    - INTB 4364 International Management
    - MARK 4330 International Marketing
  - **Select one course from the following:**
    - INTB 4365 International Competitiveness
    - INTB 4367 International Transportation and Logistics
    - ECON 3353 International Trade
    - FINA 4381 International Finance
  - **Select one option from below** 12 hours
    - **Management Option**
      - INTB 4365 International Competitiveness
      - Select nine hours from MANA, INTB or other upper-level electives with approval of advisor.
    - **Marketing Option**
      - INTB 4365 International Competitiveness
      - INTB 4367 International Transportation and Logistics
      - Select six hours from MARK, INTB or other upper-level electives with approval of advisor.
    - **ECO/FINA Option**
      - ECO 3353 Int'l Trade plus FINA 4381 Int'l Finance
      - Select six hours from ECON, FINA, INTB or other upper-level electives with approval of advisor.
  - **TOTAL** 125 hours

* See detailed requirements above.

**Course Descriptions**

A listing of courses offered by the Department of Management, Marketing and International Business can be found on page 286 (MANA), 290 (MARK) and 283 (INTB).
◆ General Overview

The College of Education includes the Department of Curriculum and Instruction, the Department of Educational Psychology, the Department of Health and Kinesiology and the Department of Educational Leadership.

◆ Academic Programs

At the undergraduate level, the College offers a Bachelor of Science degree with majors in kinesiology and health, a Bachelor of Arts degree in dance, and Bachelor of Interdisciplinary Studies with undergraduate certification in EC-4 generalist, EC-4 bilingual generalist, English language arts/reading 4-8, middle school 4-8, high school 8-12, and all-level art (EC-12), music and kinesiology education with options for specialized supplements and supplements in areas such as bilingual education, special education, early childhood, dance and reading. Students are encouraged to check with the departments early in their program for specific degree requirements and development of degree plans.

At the graduate level, the College of Education also offers a Master of Education degree with specializations in elementary education, secondary education, special education, early childhood education, reading, educational diagnostician, bilingual education, counseling and guidance, educational administration, gifted education and supervision. The College of Education offers a Master of Arts degree in school psychology and a Master of Science degree in kinesiology.

Although the graduate programs in education are intended primarily for personnel in public/private schools, the knowledge and skills taught are applicable to other agencies. A student may complete some MEd programs at The University of Texas-Pan American without meeting all the teacher certification requirements. Please consult with the director of each program for more specific guidelines and information.

Credit for 5000-level courses may not be given to a student with previous undergraduate credit in similar courses.

All programs in the College of Education are fully accredited by the State Board for Educator Certification (SBEC).

Dr. Velma Menchaca, Interim Dean
Education Complex, Room 1.510
1201 W. University Drive
Edinburg, TX 78541-2999
Telephone: 956/381-3627
Fax: 956/381-2184
E-mail: menchaca@utpa.edu
Web site: http://www.utpa.edu/colleges/coe.cfm
The mission of the College of Education at The University of Texas-Pan American is to continuously improve the educational process as it is implemented in the college and the community through teaching, research and service. The college values the rich cultural and linguistic history of the international border area and directs its programs and course offerings toward the preparation of professionals for an increasingly diverse population of learners.

General Information

Certificate Requirements for Teachers

Teachers in Texas are required by law to hold a valid Texas teacher’s certificate at the appropriate level in the teaching field and specialization to which they are assigned.

Prospective teacher education students should consult with the undergraduate advisor and the appropriate department in the College of Education. Individuals seeking an emergency teaching credential should consult the credentialing officer in the Certification Office of the College of Education.

General Requirements for Texas Teaching Credentials

State Board for Educator Certification rules require an individual to have the following qualifications in order to receive a standard certificate.

An applicant for a Texas educator certificate must:

A. be at least 18 years of age;
B. not be disqualified or the subject of pending proceeding under Chapter 249 of this title, relating to Disciplinary Proceedings, Sanctions and Contested Cases, including enforcement of the Educator’s Code of Ethics;
C. not be disqualified by federal law;
D. be willing to support and defend the constitutions of the United States and Texas;
E. be able to speak and understand the English language sufficiently to use it easily and readily in conversation and teaching; and
F. successfully complete all appropriate examinations (relating to Educator Assessment) for the educator certificate sought.

Texas Testing Requirements for Certification

To be approved for a Standard Texas Teacher’s Certificate, persons, including those holding a valid out-of-state certificate, shall be required to achieve a satisfactory level of performance on an examination prescribed by the State Board for Educator Certification.

The test is called TExES – Texas Examinations of Educator Standards The TExES must be taken and passed for the appropriate level, specialization, certificate and supplement in order to be recommended for certification.

Students who enroll only in a certification program are expected to meet or exceed the admission requirements of students in the regular program that corresponds to that certificate.

Criminal Records

In accordance with Article 6252-13c, Texas Civil Statutes, the Texas Commissioner of Education may suspend or revoke a teaching certificate, or refuse to issue a teaching certificate, for a person who has been convicted of a felony or misdemeanor for a crime that directly relates to the duties and responsibilities of the teaching profession. All potential certificate applicants with felony or misdemeanor criminal convictions should contact the Certification Officer immediately to seek clarification of their certification status.

Admission to the College of Education

The College of Education is a professional college whose students must work closely with school-age individuals in the public schools. Consequently, admission to the college and continued enrollment in its programs is subject not only to meeting the formal requirements listed above but also to obtaining the endorsement of the undergraduate advisor or the credentialing officer, as appropriate, and meeting the faculty’s expectations for effective and professional behavior. Students who enroll in any 3000- or 4000-level education courses with the following prefixes: ED, EDCI, EDBE, EDEC, EDUK, READ, KIN, EDHS, EDMS, or EDAL without being formally admitted to the College of Education will be dropped from these courses; in the event these courses have been completed, no course credit toward the teaching credential will be awarded.

A student should apply for admission to the College of Education during the semester in which the student will have earned 63 hours for elementary certification or 78 hours for middle school and secondary and all-level certification. A formal application for admission must be filed with the Office of Admissions and Student Services, Room 1.506, in the College of Education. Students must meet the following requirements prior to admission to the College of Education:

1. Pass all three subtest areas of the Texas Higher Education Assessment (THEA) test with the following minimum scores in each area:
   a. Reading
   b. Mathematics
   c. Writing

2. Successfully complete a minimum of 63 hours for elementary certification, day program, or lacking no more than six non-education hours on degree plan for evening program, or 78 hours for middle school, high school or all-level certification, which must include the following:
   a. ENG 1301, with a “C” or better
   b. MATH 1340 or higher, with a “C” or better
Disciplines other than education. The program offers prospective public school teachers with degrees in felony conviction may be disqualifying. a criminal records check will be conducted by employing districts; a district. Internship courses require a special fee. A criminal background check is required. The assignment (internship) phase consists of two academic foundation to enter the classroom in a specific area. The assignment (internship) phase consists of two six-hour courses (one fall, one spring). Internship and employment is at the discretion of the employing school district. Internship courses require a special fee. A criminal records check will be conducted by employing districts; a felony conviction may be disqualifying.

**Policy and Advisory Groups**

The primary purpose of the University Teacher Education Committee is to recommend policies and procedures related to teacher education.

The Teacher Education Committee is composed of two voting members from each of the six academic colleges, the associate vice president for undergraduate studies (ex-officio) and the executive director of Region I Education Service Center (ex-officio).

In all regards, the Teacher Education Committee will conform to the rules for Standing Academic Committees as per HOP 3.4.4.

The State Board of Educator Certification Rules (19 Texas Administrative Code, Section 228.20) states that the preparation of educators shall be a "collaborative effort among accredited public schools and/or private schools, regional education service centers, institutions of higher education, and business and community interests" and "shall be delivered in cooperation with accredited public schools and/or private schools." It further states that "an advisory committee with members representing each of the above shall assist in the design, delivery, evaluation and major policy decisions of the prepared program."

- Establishing a committee composed of personnel from public/private schools, Region I Education Service Center, and business and community representatives to advise the Teacher Education Committee in the design, delivery, evaluation and major policy decisions of educator preparation programs;
- Initiating designing, approving, recommending, implementing and evaluating teacher education programs;
- Developing and recommending policies in regard to admission and retention of students in the teacher education program;
- Reviewing and recommending course offerings in the teaching fields and in the professional certification programs; and,
- Recommending and coordinating staff development activities.
- Reviewing data and making recommendations regarding TExES scores; and
- Discussing issues related to educator certification and TExES.

**The South Texas Center for Professional Development of Teachers (STCPDT)**

The South Texas CPDT is a collaborative composed of University faculty, administrators from the University, public school teachers and teacher education students. Its purpose is to collaboratively design, implement and assess the field-based teacher preparation program offered in the College of Education at UT Pan American. The South Texas CDT Governance Board advises on and/or approves changes regarding admission and certification requirements, course offerings, program changes, field experiences and the internship II semester.

Degree Programs

For Elementary Teachers (EC-4)
A Bachelor of Interdisciplinary Studies was implemented in fall 1997 and revised spring 2002 for students seeking state certification in elementary education. In compliance with the Texas Education Code and the new “CPDT Rule” on teacher education, the following academic specializations are offered leading to Early Childhood-fourth grade (EC-4) certification:

- Academic Specializations
  - Bilingual Education
  - Early Childhood Education
  - Generic Special Education

- Academic Special For Middle School (4-8)
  - English Language Arts/Reading
  - Math
  - Science
  - Social Studies

- For High School Teachers (8-12):
  Standard teacher certification at the high school level is offered in the following teaching fields:
  - All-Level
  - Art
  - English Language Arts/Reading
  - History
  - Kinesiology
  - Life Science
  - Mathematics
  - Music
  - Science
  - Social Studies

Specific requirements for all certification programs at the high school level may be located within program descriptions under individual departments throughout this catalog.

For All-Level Teachers (EC-12)
All-level standard teacher certificates are offered in art, music, special education and kinesiology. Specific requirements for certification programs may be located within each department.
Teacher Certification Programs

Core Curriculum Requirements for Teacher Education Certification

Students pursuing teacher certification must complete an academic major prescribed by the standards for teacher education. Prospective teacher certification students should consult with their major advisors and with the appropriate department in the College of Education.

Students pursuing teacher certification at all certification levels are required to satisfy the University’s core curriculum requirements as specified by the State Board of Education, the State Board for Educator Certification and the Texas Higher Education Coordinating Board. Students must complete the requirements shown in the core curriculum requirements section on pages 95-98 of this catalog except for the sections, groups or areas listed below, which must be satisfied only as shown below.

Section A. Humanities

Group 1. Freshman English 6 hours
A grade of “C” or better must be obtained in ENG 1301.

Group 2. English Literature 3 hours

Group 3. Language Other than English 3 hours
Spanish is required for the bilingual and early childhood specializations.

Group 4. Other Humanities 6 hours
Area 1. The Arts
Sub-area 1. ART 1301 or ART 3381 or MUS 1307

NOTE: Students must complete a course from the arts sub-area not selected as an additional degree requirement.

Area 2. Philosophy and Modern/Classical Language
PHIL 1320

Section B. Science and Mathematics

Group 1. Natural Science (must be in the same discipline)
Physical Science must be selected for elementary (EC-4 certification) and ELA/Reading Middle School Certification. Anatomy and Physiology for Special Ed and Kinesiology.

Group 2. Mathematics
MATH 1340 must be completed with a “C” or better for certification.

Section C. Computer Literacy
CSCI 1201 or CIS 1201 must be selected.

Standard Elementary Certification within the Baccalaureate Interdisciplinary Degree

In addition to completing the University core curriculum requirements noted above, students must complete the following:

- Minimum Academic Specialization 18 hours
  - Interdisciplinary Area (combination of subjects) 43-49 hours
  - Professional Development Sequence 21 hours

Academic Specializations for Elementary Certification

- Elementary (Grades EC-4) Certification
  The following specializations are available; they require a minimum of 18-21 hours.
  - Bilingual Education
  - Early Childhood Education
  - Generic Special Education (21 hours)

Requirements for Academic Specializations in Bilingual, Early Childhood and Special Education

The requirements for the specializations for elementary certification that are offered through the College of Education are shown below.

- Specialization: Bilingual Education
  EDBE 3315 The Bilingual Curriculum in the Content Areas
  EDBE 3316 The Development of Biliteracy
  EDBE 3322 Foundations of Bilingual Education
  EDBE 3324 English as a Second Language
  EDBE 4304 The Development of Bilingualism
  ENG 3325 Children/Adolescent Literature

- Specialization: Generic Special Education
  SPED 1305 Introduction to the Exceptionalities
  SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities
  SPED 3302 Theories of Learning Disabilities
  SPED 4300 Testing and Assessment of Exceptional Individuals
  SPED 4303 Theories of Social Competence and Behavioral Interventions
  SPED 4309 Program Planning for Secondary Special Education
  EDBE 4304 Development of Bilingualism

**Supplement Requirements**  
Supplements consisting of nine-12 additional hours may be added to Texas teacher certificates in bilingual education, English as a second language, early childhood (see below) and information technology. A certification of 24 hours in generic special education may be added.

**Supplement: Bilingual Education**  
The bilingual education supplement may be added to valid provisional teacher certificates and provisional special education certificates. The professional development sequence for the supplement consists of:

1. Oral and written proficiency in the language of the target population as measured by examinations approved by the State Education Agency.

   **A.** Oral proficiency shall be determined by the Texas Oral Proficiency Test (TOPT) with a passing score of level three.

   **B.** Written proficiency shall be determined by the College Level Examination Program (CLEP) with a passing score of 50.

2. Twelve hours at the graduate or undergraduate level earned after the bachelor’s degree as follows:

   - EDBE 3315 or EDBE 4390
   - EDBE 3316 or EDBE 4391
   - EDBE 4304 or EDBE 4392
   - EDBE 4306 or EDBE 4398
   - EDBE 4399

3. One year of successful teaching experience in a state-approved bilingual classroom.

4. Successful completion on TExES/Bilingual.

**Supplement: Early Childhood**  
The early childhood supplement may be added to valid Standard teacher certificates with elementary or all-level options and standard special education certificates. The professional developmental sequence for the early childhood supplement consists of:

1. **Twelve hours:** EDCI 4390, EDEC 4391, EDEC 4392, EDEC 4393. In addition, EDEC 4394 is strongly recommended.

2. Six hours of early childhood student teaching (EDCI 4398 Student Teaching in Early Childhood); or one year of successful early childhood teaching experience on a permit in an accredited school. Teaching or student teaching in a multi-age class that includes kindergarten shall be acceptable as appropriate experience.

**Supplement: English as a Second Language (ESL)**  
The English as a Second Language (ESL) supplement may be added to valid Standard teacher certificates (elementary or secondary) and Standard special education certificates. The professional development sequence for the ESL endorsement consists of 12 hours (2.25 GPA):
ENG 3319 Introduction to Descriptive Linguistics
ENG 3321 Language and Culture
ENG 4328 Introduction to English as a Second Language
EDBE 3324 English as a Second Language

Students who are completing this supplement as part of their initial teacher certificate should partially fulfill their student teaching requirements with the following course:

EDCI 4310 Directed Teaching-ESL: Internship II

**Supplement: Information Technology**

This supplement may be added to valid teaching certificates, special education certificates or vocational education certificates that require a college degree. The Level I supplement shall consist of the following:

CSC 1380 Computer Science I
ED 3350 Information Technology

**Middle School (4-8) Certification-Academic Specialization:**

**English Language Arts/Reading** 37 hours

**Language Arts:**
ENG 4326 Language Acquisition
ENG 4316 Mexican-American Literature
ENG 3325 Children/Adolescent Literature or ENG 4325 Composition Techniques
ENG 4328 Introduction to English as a Second Language

**Math/Science:**
EMAT 2306 Foundations of Mathematics I
EMAT 2307 Foundations of Mathematics II
BIOL 1402 General Biology II
BIOL 2305 Environmental Biology

**Social Studies/Other Humanities:**
HIST 3302 World History Studies or ANTH 3333 United States and Other World Cultures
GEOG 2313 Principles of Physical Geography
HLTH 3371 Health Problems in Alcohol, Tobacco and Narcotics or
SOC 2332 Community
COMM 3317 Speech for the Classroom Teacher

**Specialization** 18 hours
READ 3323 Reading Acquisition
READ 3325 Cognitive Development and Reading Comprehension
READ 3327 Assessment/Diagnosis of Special Needs Students
READ 3326 Reading Across the Curriculum Content Areas
EDBE 3316 The Development of Biliteracy

**Professional Education** 18 hours
EDMS 3353 Young Adolescent Development and Learning
EDMS 3354 Curriculum/Development and Assessment
EDMS 3305 Exceptional Learners
EDMS 3355 Instructional Technology Methods and Classroom Management
EDMS 4398 Integrated Internship II
EDMS 4399 Supervised Internship II

**Certification Requirements for High School**

For the prospective high school teacher, The University of Texas-Pan American offers bachelor’s degrees (BA, BS, BFA or BBA) in various academic disciplines with high school certification through the College of Education. The core curriculum and major requirements for the various academic disciplines are specified by the departments in this catalog.

In addition to the core curriculum requirements and the major requirements, the following requirements apply for students seeking Standard Teacher Certificates at the high school level:

**Professional Development Sequence** 21 hours
Eighteen hours upper division, including EDHS 4301, EDCI 4302, EDHS 4307, EDHS 4302, EDHS 3305, EDHS 4308, EDHS 4303, READ 4351, EDHS 4398 and EDHS 4399 (and/or appropriate student teaching course number for Generic Special Education). For all-level certificates, see “Requirements for All-Level Certificates.”

**High School Teacher Certifications**

The College of Education offers Provisional High School Teacher Certifications in the teaching fields.

- English Language Arts/Reading
- History
- Life Science
- Physical Science
- Social Studies

**Requirements for All-Level Certificates**

Standard Teacher Certificates, all-level, are offered in Art, Kinesiology, Special Ed (minor), and Music. A kinesiology
all-level major requires a second field of 24 hours; second teaching fields are not required for art and music all-level majors. Specific requirements for each are located in the appropriate departments elsewhere in this catalog; however, the professional development (21 upper-division hours) sequence for Standard teacher certificate all-level, offered through the College of Education for art and music, is as follows: EDAL 3301, EDAL 3302, EDAL 3303, EDAL 4301, EDAL 4302, EDAL 4303, EDAL 4308, EDAL 4395(Art), EDAL 4396(Music). All-level for Kinesiology is as follows: EDAL 3301, EDAL 3302, EDAL 3303, EDAL 4301, EDAL 4302, EDAL 4303, EDAL 4308, EDAL 4398 AND EDAL 4399.

# Internship II

The College of Education offers the Internship II experience as an important component in the preparation of competent teachers. Prospective teacher preparation students should consult with their program advisors and apply at the College of Education Office of Field Experiences. The Internship II admission requirements below are subject to change due to new state agency regulations or College of Education/University-approved policy.

- **Requirements for Admission to Internship II**

  ### Semester EC-4 Certification
  1. Minimum 2.5 overall grade point average (GPA) on degree plan.
  2. A minimum of 2.25 GPA in all core curriculum courses.
  3. A 2.5 GPA in all professional education courses.
  4. A minimum of "C" in ENG 1301.
  5. A minimum grade of "C" in MATH 1340, EMAT 2306 and EMAT 2307.
  6. Completed minimum of 75 percent of total hours required in the interdisciplinary area with a minimum 2.5 GPA.
  7. Satisfactory completion of the following courses in EC-4 Certification Programs EDCI 3301, EDCI 4390, EDCI 4305, EDCI 3305, EDCI 4306, READ 3323 and READ 3325 with a minimum GPA of 2.5.
  8. Completed minimum of 75 percent of total hours required in academic specialization with a minimum GPA of 2.5.

  ### 4-8 Certification
  1. Minimum overall grade point average (GPA) of 2.5.
  2. A minimum GPA of 2.25 core curriculum required courses completed.
  3. ENG 1301 completed with a minimum grade of "C".
  4. Successful completion of MATH 1340 with a grade of "C" or better.
  5. Completed minimum of 75 percent of total hours required in major teaching field.
  6. Minimum of 2.5 grade point average (GPA) in major.
  7. Additional requirements as specified by major department.
  8. Completed minimum of 75 percent of total hours required in the minor or second teaching field.
  9. Minimum of 2.5 grade point average (GPA) in minor.
  10. Additional requirements as specified by minor department.
  11. Eighteen hours in Secondary Education: EDMS 3353, EDMS 3354, READ 3325, EDMS 3305, EDMS 3355, READ 3326.
  12. Minimum of 2.5 grade point average (GPA) in professional education.

  ### 8-12 Certification
  1. Minimum overall grade point average (GPA) of 2.5.
  2. A minimum GPA of 2.25 core curriculum required courses completed.
  3. ENG 1301 completed with a minimum grade of "C".
  4. Successful completion of MATH 1340 with a grade of "C" or better.
  5. Completed minimum of 75 percent of total hours required in major teaching field.
  6. Minimum of 2.5 grade point average (GPA) in major.
  7. Additional requirements as specified by major department.
  8. Completed minimum of 75 percent of total hours required in the minor or second teaching field.
  9. Minimum of 2.5 grade point average (GPA) in minor.
  10. Additional requirements as specified by minor department.
  11. Fifteen hours in Secondary Education: EDHS 4301, EDHS 4302, EDHS 4303, EDHS 3305 and READ 4351.
  12. Minimum of 2.5 grade point average (GPA) in professional education.

### All-Level EC-12 Certification
  1. Minimum overall grade point average (GPA) of 2.5.
  2. A minimum GPA of 2.25 core curriculum required courses completed.
  3. ENG 1301 completed with a minimum grade of "C".
  4. Successful completion of MATH 1340 with a grade of "C" or better.
  5. Minimum of 2.5 grade point average in major.
  6. Additional requirements as specified by major department.
  7. Minimum of 2.5 grade point average in minor.
  8. Additional requirements as specified by minor department.
  9. 15 hours in Secondary Education: EDHS(AL) 4301, EDHS(AL) 4302, EDHS(AL) 4307, READ 4351, EDAL 3301, EDAL 3302, EDAL 3303, EDAL 3307, EDAK 3380, EDAK 4390.
  10. Minimum of 2.5 grade point average in professional education courses.

### Course Descriptions

A listing of courses offered by the College of Education can be found in the Course Descriptions section beginning on page 216.
Health and Kinesiology

Fax: 956/381-3502
E-mail: dugasd@utpa.edu

Full-time Faculty
Dance
Blomquist, Melinda, Lecturer
Darsow, Fred, Assistant Professor, Program Coordinator
Muñoz, Francisco, Lecturer
Shackelford, Dana, Assistant Professor

Health
Guinn, Robert, Professor and Program Coordinator

Kinesiology
Dugas, Donna, Associate Professor
Jorgensen, Layne, Professor and Graduate Coordinator
Nelson, Larry, Assistant Professor
Ryman, Jeannean, Lecturer
Schmidt, Marcelo, Lecturer
Semper, Louis T., Associate Professor and Program Coordinator

◆ Mission Statement

The mission of the Department of Health and Kinesiology is congruous with that of The University of Texas-Pan American and the College of Education. Specifically, it is to prepare health, kinesiology and dance students to function professionally in a changing and diverse society, to fulfill the core curriculum requirements and to improve the quality of University life through the understanding, delivery and promotion of physical activity in the wellness program.

◆ General Overview

The Department of Health and Kinesiology offers a Bachelor of Science degree with majors in health and in kinesiology and a Bachelor of Arts degree in dance. The department also offers minors in health, kinesiology, and dance. At the graduate level, the Department of Health and Kinesiology offers a Master of Science degree with a specialization in kinesiology. As part of The University of Texas System Consortium, an online master’s degree is offered.

◆ Teacher Certification

The following plans are offered:
- Health
- Secondary Option II
- Kinesiology
- All-Level Kinesiology Option II
- Dance
- Secondary Option I
- Secondary Option II

The University core curriculum requirement for all students is two hours of credit in a kinesiology activity course. This requirement is met during the freshman and/or sophomore year by taking a two-hour activity/wellness course. Students who are physically unable to participate in activity courses must obtain a waiver and are required to take KIN 2301 to satisfy the requirement. DANC 2323 may be used to fulfill the core curriculum requirement for Fine Arts. (See pages 95-98 for University core curriculum requirements.)

◆ Degree Requirements

■ Special Core Curriculum Requirements for Bachelor of Science Degrees in Health and Kinesiology

Complete the requirements shown in the University core curriculum requirements section on pages 95-98 of this catalog EXCEPT for the sections, groups, or areas listed below, which must be satisfied only as shown below.

Section B. Science and Mathematics
Group 1. Natural Science
BIOL 2403 and BIOL 2404 required

Section D. Kinesiology
KIN 1201
(for kinesiology non-certified majors only)
or
KIN 1202
(for kinesiology certified majors only)
This satisfies the core curriculum kinesiology requirement.
■ Special Core Curriculum Requirements
for Bachelor of Arts Degree in Dance

Section B. Science and Mathematics

Group 1. Natural Science
BIOL 2403 required
BIOL 2404 required

Student Teaching
Please refer to the student teaching section under the Department of Curriculum and Instruction. In addition, health, kinesiology and dance students must satisfy the following as part of their student teaching requirements:

*No student is allowed to student teach in the school(s) from which they matriculated, and

*No student is allowed to student teach under the supervision of an immediate family member.

Health

High School Option II (Major): Must have completed HLTH 1354 and 4350 plus 24 additional health hours of which twelve must be advanced, and have a GPA of 2.50 or better and a “C” or better in all health courses. HLTH 2352 may not be used to satisfy Option II Teacher Certification.

High School Option II (Minor): Must have completed HLTH 1354 and 4350 plus 18 additional hours of which nine must be advanced, a GPA of 2.50 or better, and a “C” or better in all health courses. HLTH 2352 may not be used to satisfy Option II Teacher Certification.

Kinesiology

All-level Option II (Major): must have completed KIN 1351, 2305, 2310, 2315, 2320, 3340, 3345, 3353, 3365, 4351, and a three-hour advanced elective, and have a GPA of 2.50 or better and a “C” or better in all kinesiology courses.

Kinesiology (Major, Non-certified): must have completed KIN 1351, 1354, 3345, 3352, 3353, 3365, 4351, 4664, a three-hour advanced elective, plus eight hours of activity/wellness courses, and have a GPA of 2.50 or better and a “C” or better in all kinesiology courses.

Dance

High School Option I and II (Major): Must have completed DANC 3202, 2203, 3309, 3310, 3311, 3320, 4202, 4310, 4311, and at least two 4000-level Technique dance courses.

Health Degree Requirements
Health majors should consult with their advisor in the department.

Health Major (non-certified) — requires a minor.

Required Courses 33 hours

Thirty total hours in health of which 15 must be advanced, including HLTH 4353.

Three hours of Communication 1303 or 1313.

TOTAL 33 hours

A health major (non-certified) requires a Support Area of 12 hours from the following, with a minimum of six hours advanced: CRIJ 1301, CRIJ 3303, HRP 3310, KIN 3365, MARK 3371, PSY 1310, PSY 3324, REHS 2301, SOC 2332, SOC 3324, SOCW 2314, SOCW 4320.

TOTAL 12 hours

Health Minor (non-certified)
Eighteen hours in health, of which six must be advanced.

Teacher Certification in Health
Health major or minor must have a GPA of 2.50 or higher and a “C” or better in all health courses.

Health High School Option II
(Health major or first teaching field) — Requires second teaching field.

Required Courses 30 hours

HLTH 1354 Safety and First Aid
HLTH 4350 Organization of the Health Program

Twenty four hours of which 12 hours must be upper-division courses, excluding HLTH 2352.

COMM 1303 or COMM 1313 3 hours

TOTAL 33 hours

Professional Education

EDCI 4301 Foundations of Education
EDCI 4307 Secondary Curriculum: Internship I

The University of Texas-Pan American
EDCI 4308 Advanced Secondar Curriculum: Internship I
EDCI 4641 Secondary Internship II
EDCI 4302 Educational Psychology
READ 4351 Developmental Reading in Secondary Schools

Other Requirements
BIOL 2403 Anatomy and Physiology
BIOL 2404 Anatomy and Physiology

Health High School Option II (Minor or high school teaching field)
Required Courses 24 hours
HLTH 1354 Safety and First Aid
HLTH 4350 Organization of the Health Program
Eighteen hours of which nine hours must be upper-division courses, excluding HLTH 2352.

Recommended Courses
BIOL 2403 Anatomy and Physiology
BIOL 2404 Anatomy and Physiology

Kinesiology Degree Requirements
Kinesiology majors should consult with their advisor in the department.

Major in Kinesiology (non-certified)
Required Courses 30 hours
KIN 1351 Introduction to Kinesiology
KIN 1354 Safety and First Aid
KIN 3345 Biomechanics
KIN 3352 Care, Treatment and Prevention of Athletic Injuries
KIN 3353 Physiology of Exercise
KIN 3356 Tests and Measurements in Kinesiology
KIN 4351 Adapted Kinesiology
KIN 4664 Kinesiology Practicum
KIN 3000-4000 Three hours of Advanced Kinesiology electives.

Kinesiology Activity/Wellness Courses 8 hours
*Select one course each from Areas 1-4.
This requirement is in addition to the University core curriculum requirement.

NOTE: All departmental courses listed as either "Intermediate or II" require the satisfactory prerequisite completion of a similar content course listed as either basic, beginning or level I or must satisfactorily demonstrate requisite skill level proficiency to course instructor. Students lacking the prerequisite courses and/or skill levels who enroll in intermediate or level II courses will be dropped by the course instructor.

Area 1: Team Sports
KIN 1250 Soccer
KIN 1255 Softball
KIN 2202 Volleyball
KIN 2221 Basketball

Area 2: Individual Sports
KIN 2203 Badminton I
KIN 2204 Tennis I
KIN 2213 Badminton II
KIN 2241 Racquetball I
KIN 2242 Racquetball II
KIN 2256 Tennis II
KIN 2264 Fencing

Area 3: Aquatics
KIN 1200 Swimming I
KIN 2280 Lifeguard Training
KIN 2281 Water Safety Instruction
KIN 2282 Scuba Diving

Area 4: Others
Select any other course from those not listed previously in areas 1-3.

COMM 1303 or 1313 3 hours

Support Area 124 hours
A Kinesiology major (non-certified) requires a 24-hour support area containing:

Advanced Elective in Kinesiology 3 hours
HLTH 2352 Personal Health and Wellness
MANA 3361 Principles of Management and Organizational Behavior
MARK 3371 Principles of Marketing
MARK 4372 Promoting Management
SOC 3310 Sports and Society
Six hours advanced elective in any field.

TOTAL 131 hours

Minor in Kinesiology (non-certified)
Professional Kinesiology (Theory Courses) 18 hours
A minimum of six hours advanced.

Kinesiology Activity/Wellness Courses 6 hours
Six hours activity wellness classes:
KIN 1200 (or another aquatic), plus two two-hour activity/wellness activities. In addition, KIN 1201 should be taken as the two-hour activity/wellness requirement in the University core curriculum.

TOTAL 24 hours

There is no certifiable minor in kinesiology.

Teacher Certification in Kinesiology
Kinesiology major or minor must have a GPA of 2.50 or higher and a "C" or better in kinesiology classes. There is also a professional responsibilities component:
1. health-related fitness assessment,
2. first aid and CPR certification,
3. professional membership and
4. service component.

**Kinesiology All-Level Option II**
*(Major or First Teaching Field)*

Requires an 18 hour institutional minor. *

**Athletic Trainer Licensure Program**

The Department of Health and Kinesiology and the UT Pan American Head Athletic Trainer provide an avenue for UT Pan American students to secure a Texas State Athletic Trainer Licensure through the Texas Department of Health. An athletic trainer is an Allied Health Care Professional primarily concerned with the prevention, recognition, immediate treatment and rehabilitation of injuries incurred in an athletic or sports setting. Athletic trainers are employed in a wide variety of settings including but not limited to interscholastic athletic programs, intercollegiate athletic programs, sports medicine clinics and health clubs.

The requirements for licensure are:

Health — any three hours

Apprenticeship (Internship) Requirements
1. Scheduled interview with UT Pan American Head Athletic Trainer.
2. Minimum of three academic years (six semesters of fall and spring) under direct supervision of State Licensed Athletic Trainer (UT Pan American Head Athletic Trainer).
3. A minimum of 600 supervised “lab clock hours” each year for a total of 1,800 hours.
4. Enrollment as a full-time student at UT Pan American during each of the three academic years (six semesters).

Application Requirements for Texas State License Exam
1. Student must request an application from the Texas Department of Health.
2. Student must be within 30 hours of graduation and must have completed at least 1,500 clock hours (five semesters) of Apprenticeship.

Texas State License is granted:
1. Once applicant has successfully passed the Texas State License Exam.
2. Once applicant has provided proof of graduation from UT Pan American.
3. Once applicant has all documentation regarding apprenticeship and course requirements in order.
4. Once applicant has paid his/her licensure fee.
5. If applicant has not been convicted of a felony or misdemeanor relating to the duties of an athletic trainer.

Course Descriptions
A listing of courses offered by the Department of Health and Kinesiology can be found on pages 260, 280 and 283.

General Overview

Recognizing the need for the University to take a leading role in the education of health care and human service professionals, the college, with the assistance and cooperation of regional facilities, is dedicated to providing educational programs necessary to meet the needs for competent health and human service professionals in the Rio Grande Valley and Texas.

Academic Programs

The College of Health Sciences and Human Services offers a Bachelor of Science degree in clinical laboratory sciences, dietetics, nursing, rehabilitative services, communication sciences and disorders, and a Bachelor of Social Work degree. Physician assistant studies and occupational therapy programs are also offered at the baccalaureate level. Communication disorders, nursing, rehabilitation counseling and social work offer programs leading to the granting of master’s degrees at the graduate level. More information on master’s degrees is available in the graduate catalog.

General admission requirements conform to those of the University. Specific variations of requirements are stated within each program description.

The faculty of the college provide academic advisement and assistance to students pursuing careers in health sciences and human services. Curricula for programs within the college are structured to provide theory as well as practice-based learning experiences. In order to provide the practice-experience component of the college’s programs, the University negotiated affiliation agreements with numerous health/human service/social service facilities in South Texas and in other regions.

Dr. Bruce Reed, Interim Dean
Health Sciences and Human Services West (HSHW)

Health-Related Programs

Interdisciplinary Courses

Interdisciplinary courses are offered to:

1. promote and provide understanding of the role of personnel involved in the delivery of health care, patient/client education, and human and social services;
2. focus on the team approach to patient and client care in the delivery of health and human services;
3. introduce the student to the wide range of available careers in the sectors of health and social and human services; and
4. provide the student with a working knowledge of medical terminology.

Another interdisciplinary course is offered to teach basic clinical nutrition concepts.

A listing of these courses can be found under the heading “Health-Related Programs Interdisciplinary Courses” in the Course Descriptions section of this catalog. See page 282.

Clinical Laboratory Sciences

Karen Chandler, Program Coordinator
Health Sciences and Human Services West (HSHW) Room 2.206

Full-time Faculty
Chandler, Karen, Associate Professor
Davis, Dennis, Assistant Professor
Eyambe, George, Associate Professor
Reyna, Maria Elena, Lecturer
Tijerina, Sandra L., Associate Professor

Mission Statement

The Clinical Laboratory Science Program supports and facilitates the mission of The University of Texas-Pan American by providing a quality educational experience which prepares clinical laboratory scientists for leadership roles in a multicultural health care system. It is committed to providing an environment of academic freedom in which students learn from faculty who have expertise in the profession. Excellence in teaching is enhanced by faculty engaged in research and creative activity as well as professional service to the profession, the University and the local community.

Curriculum Goals

The Clinical Laboratory Science Program is designed to produce competent and qualified clinical laboratory practitioners to meet the needs of the Rio Grande Valley and the state. It offers the student an opportunity to obtain the knowledge, skills and attitudes necessary to function as competent clinical laboratorians. To these ends, the following goals have been established for the program:

1. Provide a quality education to students enrolled in the Clinical Laboratory Science Program, which will allow them to perform as competent career entry professionals.
2. Provide a flexible curriculum, which meets the needs of the traditional as well as the non-traditional student.
3. Provide a curriculum that presents opportunities for students to develop leadership skills and will enable them to function as an integral part of the health care team.
4. Prepare students to meet the unique challenges of a multicultural border health region.

General Overview

Clinical laboratory sciences (Medical Technology) is a profession in which theoretical knowledge in the fields of biology and chemistry is applied in the analysis of various cells and body fluids. Clinical laboratory scientists, or medical technologists, assist in the diagnosis and treatment of disease conditions through laboratory procedures in hematology, microbiology, immunology, blood banking, clinical chemistry and urinalysis.

The pre-professional curriculum is composed of the University core curriculum requirements plus additional biology and chemistry courses. Admission to the professional portion of the Bachelor of Science in Clinical Laboratory Sciences Program is limited; therefore, students are urged to keep high standards of performance during their pre-professional years.
Admission Requirements

The Clinical Laboratory Science Program begins in the fall semester. In order to be considered for admission, the student should submit an application by March 31. The Admissions Committee meets in April to consider all applications received by March 31. Applications received after March 31 are considered on a space-available basis. A completed application must include official transcripts and three letters of reference.

Admission Course Prerequisites

Complete the University core curriculum requirements EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown.

Science and Mathematics

Group 1. Natural Science
Students must select BIOL 1401 and BIOL 1402.

Other Admission Information

A. Students must complete all non-clinical laboratory science coursework prior to entering the program. CLSC 3301 is an introductory-level course, and students are strongly encouraged to take this course prior to actually entering the professional phase of the program.

B. Applications from international students with foreign transcripts or degrees seeking admission to the program and planning to apply for a degree in clinical laboratory sciences from The University of Texas-Pan American will be handled in accordance with University policies and must meet all applicable degree requirements.

C. Re-admission to the program is not automatic and is on a space-available basis.

Other Requirements

A minimum GPA of 2.0 and a minimum science GPA of 2.0 is required for admission to the program.

Alternate Admission Pathways

A student who does not wish to receive a degree from The University of Texas-Pan American but who wishes to attend the professional portion of the curriculum must meet one of the following requirements:

1. hold a baccalaureate degree from an accredited institution and have a minimum of 16 semester hours of chemistry including inorganic and organic or biochemistry and 16 semester hours of biology including microbiology and a college-level math course;

2. hold a foreign baccalaureate degree from an international institution, meet all admission requirements of UT Pan American and have his or her transcript evaluated by agencies acceptable to the National Certification Agencies; this evaluation must show that his or her degree is equivalent to a baccalaureate in the United States with appropriate coursework in biology, chemistry and mathematics;

3. have completed all preprofessional coursework at their parent institution with 16 semester hours of biology, including a course in microbiology, 16 semester hours of chemistry including inorganic and organic or biochemistry, three semester hours of college-level mathematics; and an affiliation agreement between The University of Texas-Pan American and his/her parent university stating that, upon satisfactory completion of the clinical laboratory sciences curriculum offered at UT Pan American, the student will be awarded a baccalaureate degree.

Certification Requirements

Certification requires a baccalaureate degree including 16 hours of biological sciences, 16 hours of chemistry, three hours of college mathematics and completion of the accredited Clinical Laboratory Sciences Program. Microbiology, immunology and organic chemistry courses should be part of the curriculum. All professional courses must be completed with a grade of "C" or better.
Degree Requirements

Major in Clinical Laboratory Sciences

Admission Prerequisite Requirements

72 hours

See previous page.

Major Course Requirements

58 hours

CLSC 3301 Introduction to Clinical Laboratory Science
CLSC 3410 Hematology I
CLSC 3513 Clinical Immunology and Immunohematology
CLSC 3420 Clinical Chemistry I
CLSC 3530 Clinical Microbiology I
CLSC 4303 Medical Laboratory Leadership
CLSC 4311 Clinical Hematology II
CLSC 4112 Advanced Hematology
CLSC 4314 Advanced Immunohematology
CLSC 4115 Advanced Clinical Immunology
CLSC 4421 Clinical Chemistry II
CLSC 4322 Advanced Clinical Chemistry
CLSC 4631 Clinical Microbiology II
CLSC 4340 Clinical Practicum I
CLSC 4341 Clinical Practicum II
CLSC 4342 Clinical Practicum III

CLSC 4343 Clinical Practicum IV
CLSC 4344 Clinical Practicum V

NOTE: Senior year courses include clinical practicum work that may not necessarily conform exactly to the University calendar. Professional courses are subject to change prior to the time a student starts the program. Students should see their advisor for the most current information.

Other Requirements

Students must complete all professional courses with a grade of “C” or better. Students who receive a “D” or below in the on-campus professional courses will not be allowed to proceed to clinical practicums until a satisfactory grade of “C” or better is attained. Re-admission to the program is not automatic and is on a space-available basis.

TOTAL 130 hours

Course Descriptions

A listing of courses offered by the Clinical Laboratory Sciences Program can be found on page 236.

Wang, Bailey, Associate Professor
Nericcio, Mary Anne, Clinic Director

◆ Major in Communication Disorders

The Bachelor of Science in communication disorders is a preprofessional degree designed to prepare its graduates for graduate study in one of two professions, speech-language pathology or audiology. Because certification requirements require a graduate degree to practice in the field, this Bachelor of Science degree is not designed to prepare its graduates for immediate employment in either profession. However, graduates of the program are qualified to pursue a variety of professional careers requiring baccalaureate-level preparation.

◆ Course Descriptions

A listing of courses offered by the Department of Communication Sciences and Disorders can be found on page 237.
**General Description**

The Coordinated Program in Dietetics prepares students to successfully complete the national registration examination and be qualified for entry-level positions in administrative, clinical or community dietetics. Graduates will possess additional knowledge and skills that will enable them to work with the specific and unique needs of the local community which is largely Mexican-American, as well as other areas of the country with large Hispanic populations.

The goals of the dietetics program are to train students to deliver high quality nutrition services to diverse clients and community groups in various settings, to develop communication, leadership, and teamwork skills which will carry to the professional setting and to lead them toward continued pursuit of goals of continuous education and involvement as dietitians.

The accelerated program combines the academic study of dietetics with the opportunity to apply knowledge in a professional setting. Qualified students complete their education in dietetics in a variety of settings during their junior and senior years. Upon successful completion, students earn a Bachelor of Science degree with a major in dietetics. Upon graduation, they are eligible to become an active member of the American Dietetic Association and take the examination to become a Registered Dietitian (RD) and Licensed Dietitian (LD).

The dietetics program is accredited by the American Dietetic Association Commission on Accreditation/Approval for Dietetics Education (CADE).

◆ **Requirements for Admission to the Dietetics Program**

**A. Submission of the following:**

1. Completed application for admission to the Coordinated Program in Dietetics. Call 956/318-5264 for information.
2. Official transcript showing completion of at least 60 hours with a minimum of 2.5 grade point average to include (or to include at start of the program):
   - ENG 1301 and ENG 1302
   - MATH 2330
   - Science Support Courses: BIOL 2403, BIOL 2404 and BIOL 3401 or CLSC 2429, CHEM 1301, 1101, CHEM 1302, 1102, CHEM 2102, CHEM 2302 and CHEM 3103, 3303
   - Dietetic Core: HRP 2303, DIET 2351 and DIET 2352

**NOTE:** A minimum GPA of 2.0 with a minimum grade of “C” in each course is required in the Science Support Courses and Dietetic core courses.

3. Three letters of recommendation.
4. Handwritten letter from the applicant stating reason for interest in the dietetics program.
5. Results of the Nelson-Denny Reading Test (test administered through the Learning Assistance Center).
6. Completion of a minimum of 80 hours of work-related experience, either volunteer or paid, in the area of dietetics or food service prior to entrance into the dietetics program; this must be documented and verified by the applicant’s employer.

**B. Selection by the Admissions Committee is based upon the following:**

1. Completion and submission of the required material by the first Monday in April.
2. Grade point average overall and in science courses.
3. Evaluation of selected references and criteria.
4. Score on the Nelson-Denny Reading Test.

**Re-admission**

Re-admission is not automatic. Students desiring re-admission must notify the dietetics program in writing at least one semester (or two summer sessions) in advance. Complete information regarding re-admission can be obtained in the current Coordinated Program in Dietetics Student Guidebook available in the department.
Major in Dietetics

Degree Requirements

Core Curriculum Requirements 48 hours
Complete the University core curriculum requirements section on pages 95-98 of this catalog EXCEPT for the sections, groups or areas listed here, which must be satisfied only as shown below.

Section B. Science and Mathematics
Group 1. Natural Science
Students should select BIOL 2403 and BIOL 2404, CHEM 1301, 1101 and CHEM 1302, 1102. Otherwise, both sequences must be taken as part of the science support courses.

Section E. Social Sciences
Group 3. Other Social Science
Students must select Economics 1301, and Psychology 1310.

Science Support Courses 20-28 hours*

CHEM 1301 General Chemistry I
CHEM 1101 General Chemistry Lab I
CHEM 1302 General Chemistry II
CHEM 1102 General Chemistry Lab II
CHEM 2102 Organic Chemistry Lab I
CHEM 2302 Organic Chemistry I
CHEM 3103 Biochemistry Laboratory
CHEM 3303 Biochemistry
BIOL 2403 Anatomy and Physiology
BIOL 2404 Anatomy and Physiology
BIOL 3401 General Microbiology or CLSC 2429 Clinical Microbiology in Health Care

*If the student completes BIOL 2403 and BIOL 2404 or CHEM 1301, 1101 and CHEM 1302, 1102 as part of the University core curriculum requirements, only 20 additional hours of science support courses are required. The grades for all courses listed will be used in determining compliance with minimum grade and GPA requirements.

Interdisciplinary Support Courses 6 hours
MANA 3361 Principles of Management and Organizational Behavior
ECON 1301 Introduction to Economics

Admission Prerequisite

Dietetic Core Courses 9 hours
DIET 2352 Food Preparation
HRP 2303 Medical Terminology
DIET 2351 Introduction to Clinical Nutrition

Dietetic Professional Courses 48 hours
(Enrollment eligibility based on acceptance into the dietetics program.)

First year (Junior)
DIET 3452 Quantity Foods Production
DIET 3353 Advanced Nutrition
DIET 3354 Food Systems Management
DIET 3655 Food Systems Management Practicum
DIET 3356 Experimental Foods
DIET 3357 Medical Nutrition Therapy I
DIET 3358 Medical Nutrition Therapy II

Second year (Senior)
DIET 4852 Clinical Nutrition Practicum
DIET 4455 Community Nutrition Practicum
DIET 4456 General Dietetics Practicum
DIET 4257 Seminar in Dietetics
DIET 4358 Communication Skills in Dietetics
DIET 4259 Community and Life Cycle Nutrition

Other Requirements
A minimum grade of “C” is required for all dietetics (DIET) courses (lecture, labs and clinicals) and for all science support courses.
TOTAL 131 hours

Course Descriptions
A listing of courses offered by the Coordinated Program in Dietetics can be found on pages 256.

◆ General Overview

The Department of Nursing offers a Bachelor of Science and a Master of Science in nursing, both accredited by the Board of Nurse Examiners for the state of Texas and the Commission on Collegiate Nursing Education (1 Dupont Circle, NW Suite 530, Washington, D.C. 20036-1120, 202/887-6791).

The Nursing Department supports the mission of the College of Health Sciences and Human Services through programs that educate individuals to meet the health care needs of a culturally diverse society. These programs facilitate the development of competent practitioners with critical thinking skills to provide holistic nursing care to individuals, families, groups and communities. A commitment to fostering research and service that enhance health promotion, maintenance and restoration is integral to the mission of the nursing department.

◆ Bachelor of Science in Nursing Program

The Bachelor of Science in Nursing (BSN) Program is generic in nature with an alternate pathway for registered nurses. It is designed to enable students to integrate knowledge from theory and research, high-level skills and concepts of leadership into the practice of professional nursing care of individuals, families and groups. The BSN Program provides a foundation for graduate study.

Generic BSN graduates are eligible to apply to the Texas State Board of Nurse Examiners to take the National Council Licensure Examination. After successfully completing this examination, the graduate is issued a license to practice as a registered nurse in the State of Texas.

Dr. Sandy Sánchez, BSN Coordinator
Health Sciences and Human Services East (HSHE)
Room 2.190
Telephone: 956/381-3491
E-mail: ssanchez@utpa.edu

■ Requirements for Admission to the BSN Program

1. Meet UTPA’s admissions requirements.
2. Have a minimum 2.5 grade point average on a 4.0 scale on all prerequisite courses.
3. Complete all prerequisites with a minimum grade of “C” in each course (see detail on the next page).
4. Pass math quiz (grade of 100).
5. Provide proof of current certification in cardiopulmonary resuscitation (CPR; health care provider).
6. Provide documentation verifying absence of active pulmonary disease.
7. Provide documentation verifying current immunization or immunity status for specified diseases (Hepatitis B, Measles, Mumps, Rubella, Tetanus/Diphtheria, Varicella, etc.).
8. Alternate pathway applicants: Be a registered nurse in the state of Texas or have a temporary permit to practice professional nursing in Texas.
10. Be admitted by the BSN Student Development Committee. After being rank-ordered according to prerequisite GPA, students will be admitted on a space-available basis.
Prerequisite Course Requirements for Admission

Core Curriculum Requirements 48 hours
Complete the requirements shown in the University core curriculum requirements section shown on pages 95-98 of this catalog EXCEPT for the sections, groups, or areas listed below, which must be satisfied only as shown here.

Section B. Science and Mathematics
Group 1. Natural Science
BIOL 2403 and BIOL 2404 must be selected.

Group 2. Mathematics
MATH 2330 must be selected.

Section E. Social Science
Group 3. Other Social Science
ANTH 1323 (from Area 1, Anthropology) or SOCI 1313 (from Area 4, Sociology) must be selected.

Other Course Requirements 22-25 hours
Science
- 8 hours
Microbiology
- 4 hours
General Chemistry
- 4 hours
Nutrition
- 3 hours

Nursing (Generics only)
NURS 2301 Wellness
- 3 hours

Psychology
- 6 hours
Developmental Psychology
- 3 hours
Life Span
- 3 hours
Introduction/General Psychology
- 3 hours

Kinesiology (activity)
- 2 hours

Modern Language (in same language)
- 3 hours

BSN Advisement
Current and prospective BSN students must be advised by a BSN advisor every semester.

Exceptions to Admission Criteria
Students may formally petition the BSN Student Development Committee for exceptions to the admission criteria. Each request will be evaluated on an individual basis.

Advanced Placement
Alternate Pathway (RN) students may be granted credit for selected BSN courses after approval by the BSN Student Development Committee.

Computerized Background Checks
According to the Texas Nurse Practice Act contained in the Texas Occupations Code, the Board of Nurse Examiners (BNE) may refuse to admit persons to its examinations who have:

a) had any licensing authority:
   1) refuse to issue them a license;
   2) revoke a license;
   3) annul a license;
   4) cancel a license;
   5) accept surrender of a license;
   6) suspend a license;
   7) place a license on probation;
   8) refuse to renew a professional license or certificate held by them now or previously; or
   9) ever fine, censure, reprimand or otherwise discipline a license issued to them;

b) been arrested in any state, territory or country, including expunged offenses and deferred adjudications(s) with or without prejudice of guilt for anything other than a minor traffic violation; (DUIs, DWIs and PIs must be reported and are not considered minor traffic violations);

c) ever been convicted; adjudged guilty by a court, pled nolo contendere to any crime (felony or misdemeanor) whether or not a sentence was imposed (excluding minor traffic violations);

d) any criminal charges pending against them in any court;

e) been diagnosed, treated, or hospitalized in the past five years for schizophrenia or other psychotic disorder, bipolar disorder, paranoid personality disorder, antisocial personality disorder or borderline personality disorder;

f) been addicted to or treated for the use of alcohol or any other drug within the past five years;

g) been issued an order concerning eligibility for examination or licensure by any board or ever received a proposal of ineligibility.

Professional Liability Insurance
All students enrolled in clinical nursing courses are required to maintain professional liability insurance. Since “blanket” student coverage is billed along with other student fees, RNs who have their own coverage and do not wish to purchase student coverage must inform the BSN coordinator.

Progression Criteria
To continue enrollment in the BSN Program, students must:

1. maintain at least $1 million in professional liability insurance.
2. provide annual documentation verifying absence of active pulmonary disease.
3. provide documentation verifying current immunization or immunity for selected diseases (Hepatitis B, Measles, Mumps, Rubella, Tetanus/Diphtheria, Varicella, etc.).
4. provide annual proof of current certification in CPR (health care provider).
5. maintain a 2.0 GPA on a 4.0 scale.
6. achieve a minimum grade of “C” in each required
course. (Any grade below a “C” is a failing grade.)
7. satisfactorily complete nursing courses in approved sequence.
8. Alternate Pathway students: provide evidence of current licensure to practice registered nursing in the state of Texas. Students will not be permitted to continue in clinical courses if a temporary permit expires without a license being issued or if a license to practice registered nursing has expired or been suspended, canceled or revoked.
9. seek academic advisement each semester regarding program progression.

Re-admission
Re-admission into the BSN Program is not guaranteed. After failing (or dropping) a BSN course, the student must apply for re-admission, in writing, to the BSN Student Development Committee before continuing with nursing courses. Students applying for re-admission will be considered on a space-available basis pending recommendation of the BSN Student Development Committee and the consent of the course faculty. Students must apply by April 1 for summer or fall re-admission or Oct. 1 for spring re-admission.

A student who has failed (or dropped) a clinical course may petition to be allowed to enroll in nonclinical courses. Being allowed to do so does not guarantee that the student will be re-admitted into the program. Students being re-admitted into BSN courses may be required to demonstrate proficiency in select nursing skills (e.g., psychomotor, psychosocial, cognitive, etc.), as determined by course faculty.

Students are generally not allowed re-admission after a year’s absence from the BSN Program. Students who fail the same BSN course twice are ineligible for re-admission into the program.

Graduation Criteria
1. Achieve a minimum grade of “C” in each required course.
2. Satisfactorily complete all required courses.
3. Have a 2.0 GPA on a 4.0 scale.
4. File a Degree Plan approved by the BSN coordinator.
5. File an acceptable Application for Degree with the Office of Records and Registration on or before the date specified in the University Calendar.
6. Meet UTPA’s core curriculum requirements for a bachelor’s degree.
7. Pass BSN Readiness Exam.

◆ General Overview  

The Physician Assistant Studies Program (PASP) within the College of Health Sciences and Human Services offers a two-year professional curriculum leading to the Bachelor of Science degree in physician assistant studies. 

The Physician Assistant Studies Program is designed to offer the student the opportunity to develop the competencies necessary to practice as an assistant to the primary care physician as defined by the American Academy of Physician Assistants. The graduate will be prepared to assist the physician in multiple and complex tasks directly related to health and medical care; interviewing, examining, compiling and evaluating medical data; treatment; follow-up care; maintaining a continuity of communications and observations; and coordinating other health-related personnel. Within the defined standards, the graduate may be called upon to carry out responsibilities specifically assigned to him or her. The graduate physician assistant remains directly responsible to the physician-supervisor/employer, who retains complete control over the management of the patient.

◆ Course Descriptions  

BSN course descriptions can be found on page 302.
Prerequisites

Although the pre-professional course of study may be accomplished at any accredited junior college, senior college or university, it is preferred that all science courses be taken at a senior college or university. Coursework must include the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Humanities</strong></td>
<td></td>
</tr>
<tr>
<td>English Composition and Rhetoric</td>
<td>6</td>

</tbody>
</table>

*Note:* The above prerequisites represent the minimum prerequisite courses and hours. Classes begin annually in June.

Application Process

To be considered for an interview for admission, the student must also accomplish the following:

1. Insure that all application materials, including transcripts, are postmarked by the annual deadline. Documentation must be provided on the application that all prerequisites are completed by the application deadline. The applicant must have his or her most recent coursework submitted on an official transcript as soon as the records become available. A complete transcript displaying that all prerequisites have been completed must be received before the student may be considered for the interview.

2. Complete the 61 credit hours of prerequisite coursework as described above, with a minimum GPA of 2.5 (4.0 scale) in three categories: overall prerequisite GPA, prerequisite science GPA and last 30 hour GPA.

3. Provide three acceptable letters of reference to the PASP.

4. Submit a one to two page personal goals statement

5. Upon invitation, sit for a panel interview.

Professional Course of Study

The professional curriculum, six semesters in length, begins each June:

**Total Professional Curriculum Hours** 86
Upon successful completion of academic and clinical training requirements, the student is conferred the degree of Bachelor of Science in physician assistant studies.

The curriculum meets and exceeds the requirements outlined in the Essentials of an Approved Educational Program for the Assistant to the Primary Care Physician established by the Accreditation Review Commission on Education for the Physician Assistant. Graduates of the program are eligible to apply for membership in the American Academy of Physician Assistants or other nationally recognized organizations representing the physician assistant and to sit for the Physician Assistant National Certifying Examination. Successful completion of the examination leads to certification by the National Commission on Certification of Physician Assistants and is accepted by many states as proof of competency.

**Academic Fresh Start**

An applicant who is a Texas resident may seek to enter pursuant to the “academic fresh start” statute, Texas Education Code, Paragraph 51.929. If the applicant informs the registrar in writing of this election, the University, for admissions purposes, will not consider academic course credits or grades earned by the applicant ten or more years prior to the starting date of the semester in which the applicant seeks to enroll. An applicant who makes the election to apply under this statute may not receive any course credit for courses taken ten or more years prior to enrollment.

**Physician Assistant Studies**

All courses in the Professional Curriculum of the PASP must be passed with a grade of “C” or better for advancement in the PASP. If a grade lower than a “C” is recorded, the student will not be permitted to advance in the PASP. The Grading, Promotion and Retention Committee will review the student’s academic performance and determine the student’s status within the PASP. Courses may not be repeated, taken more than twice and the timing of the repeated course or remedial instruction will be scheduled at the discretion of the faculty.

**Course Descriptions**

A listing of courses offered by the Physician Assistant Studies Program can be found on page 305.

**General Overview**

The University of Texas-Pan American offers a Bachelor of Science degree in rehabilitative services. The program has two primary objectives:

- preparing individuals to enter a wide range of beginning-level careers involving work with people who have disabilities; and
- preparing students who have the educational background and desire to continue graduate studies in rehabilitation.

Rehabilitation is defined as a comprehensive sequence of services, mutually planned by the person with a disability and the rehabilitation worker, to maximize employability, independence, integration and participation of people with disabilities in the workplace and the community. Total rehabilitation includes physical, mental, economic, familial, social, environmental, personal and vocational goals in life as part of the comprehensive process that is rehabilitation.

The rehabilitation process generally involves three identifiable stages:

1. medical;
2. physical or technical aid and adjustive services;
3. vocational, social and independent living.
In practice, it is found that improvement in the ability to work and to live independently brings about a concurrent adjustment in other areas of an individual’s life. Work is a major source of self-esteem and identification.

The Undergraduate Program at UT Pan American focuses primarily on preparing students to assist individuals during the third phase of the process — vocational, social and independent living — although a basic understanding of the first two phases, and their interrelationships, is essential.

The rehabilitative services student will have an opportunity to learn to help people with disabilities through a series of services designed to conserve, develop or restore the ability of the individual with a disability to become independent in daily living skills and financially through employment.

The Undergraduate Program at UT Pan American has a special emphasis on the training of bilingual and/or bicultural individuals. The need for such personnel has been demonstrated through feasibility studies conducted since 1982, both in the Rio Grande Valley and nationally.

◆ Career Opportunities

New career opportunities in rehabilitation counseling are emerging rapidly. A student trained in rehabilitative services might seek employment in state vocational rehabilitation agencies, correctional facilities, community mental health programs, vocational evaluation and work adjustment facilities, independent living centers, residential facilities, alcohol and substance abuse programs, private rehabilitation companies and private nonprofit rehabilitation programs such as Easter Seals and Goodwill Industries.

Other potential employers include the Veterans Administration, Social Security Administration, state employment services, public assistance, private personnel and placement companies, vocational advisory services and special disability organizations. In addition, many private industries employ rehabilitation specialists for their personnel and employee assistance programs.

◆ Admission Requirements

Students seeking admission to the Rehabilitative Services Program should apply prior to the year in which they intend to be an upper-division major.

Applicants must provide the following to the Program coordinator by April 1:

1. A completed application form. (Application forms are available in Health Sciences and Human Services West Building Room 1.266.)
2. Two letters of recommendation using the program’s recommendation form; at least one must be from a university/college instructor outside of this program. The recommendation form should be transmitted to the program coordinator directly from the reference source.
3. A current transcript from each college or university attended.

Provide all completed application material to:

Admissions Committee
Department of Rehabilitative Services
Undergraduate Program
The University of Texas-Pan American
1201 West University Drive
Edinburg, TX 78541-2999

Application material will be reviewed by, and a personal interview will be scheduled with, the Admissions Committee. Admission to the Rehabilitative Services Program is competitive and based upon a rating system using the following criteria:

A. Completion of all application material.
B. Grade point average. A minimum 2.0 GPA is required for admission.
C. Evaluation of letters of recommendation.
D. Responses to the individual interview questions.

Students will be notified as to the outcome of their application prior to the end of the spring semester in which they apply.

◆ Degree Requirements

■ Major in Rehabilitative Services

( BS Degree )

University Core Curriculum 48 hours

Complete the University core curriculum requirements as shown on pages 95-98 of this catalog. The following are recommended, but not required:

Recommended University core curriculum:

Spanish or Sign Language

8 hours of Anatomy and Physiology

(BIOL 2403, BIOL 2404)

PSY 1310
PHIL 1320
or PHIL 2330

Support Courses 9 hours

MANA 3361 Principles of Management
PSY 4313 Abnormal Psychology
REHS 4355 Multicultural Issues in Human Services

Major Electives 3 hours

REHS 3340 Intermediate Aspects in Addiction Studies
REHS 4100 Independent Study
REHS 4340 Clinical Issues in Addiction Studies
REHS 4345 Special Populations in Addiction Studies
REHS 4350 Special Topics in Rehabilitation

Rehabilitative Services
Concentration Courses  48 hours
REHS 2301 Introduction to Rehabilitation
REHS 3311 Disability Policy and Consumerism
REHS 2321 Introduction to Addiction Studies
REHS 2331 Psychology of Disability (PSY 2331)
REHS 3303 Case Management I
REHS 3320 Family and Disability
REHS 3325 Medical Aspects of Rehabilitation I
REHS 3330 Medical Aspects of Rehabilitation II
REHS 4301 Vocational Assessment
REHS 4302 Job Placement
REHS 4303 Case Management II
REHS 4310 Rehabilitation Research
REHS 4330 Clinical Topics in Rehabilitation
REHS 4360 Assistive Technology
REHS 4602 Clinical Practicum in Rehabilitation

Electives  7 hours

TOTAL  124 hours

Addictions Studies Concentration
for Bachelor of Science degree students
Students may select the concentration in addictions studies. This option requires completion of the three upper-division addictions courses. Contact the program for an addictions degree plan.

• Minor in Rehabilitative Services
  Required Courses  9 hours
  REHS 2301 Introduction to Rehabilitation
  REHS 2321 Introduction to Addiction Studies
  REHS 2331 Psychology of Disability
  REHS 3330 Medical Aspects of Rehabilitation II

  Designated Electives  9 hours
  Nine hours of rehabilitative services from REHS 3320, REHS 3325, REHS 3330, REHS 4340, REHS 4100, REHS 4310, REHS 4330, REHS 4340, REHS 4345, REHS 4350, REHS 4355 and REHS 4360.

• Minor in Addiction Studies
  REHS 2301 Introduction to Rehabilitation
  REHS 2321 Introduction to Addiction Studies
  REHS 3303 Case Management I
  REHS 3340 Intermediate Aspects in Addiction Studies
  REHS 4340 Clinical Issues in Addiction Studies
  REHS 4345 Special Populations in Addiction Studies

Course Descriptions
A listing of courses offered by the Rehabilitative Services Program can be found on page 320.

Solis, Raul H., Assistant Professor
Villereal, Gary, L., Associate Professor

◆ General Overview

The Department of Social Work offers a Bachelor of Social Work (BSW) degree program accredited by the Council on Social Work Education. The BSW is a professional degree built on a liberal arts foundation with supporting course content in the social and behavioral sciences. Department courses provide basic knowledge of social welfare systems, the social work profession and the knowledge necessary for generalist social work practice, as well as preparing students to pursue graduate study in social work and related professions.

The department also offers a Master of Science in Social Work, which is detailed in the graduate catalog. The students who complete the BSW may apply for advanced standing in the master’s program.

The overall goal of the program is to impart knowledge, values, skills and attitudes for beginning professional social work practice with special emphasis in the uniqueness of the bilingual/bicultural Texas-Mexico border.

The student will have the opportunity to learn the competencies of the entry-level generalist practitioner.

These include such functional skills as the problem-solving approach to assessing needs, intervening, evaluating responses and linking client systems to resources and opportunities for change. A student who wishes to major in social work should complete SOCW 1313 Introduction to the Social Work Profession, as well as successful completion of 30 hours of University general education requirements.

Next, the student should apply for admission into the social work program. A 2.5 GPA is required for entry into the major. Academic advisement is required for all social work majors. As departmental requirements, the student will take eight hours of human anatomy and physiology and six hours in Spanish, three hours in philosophy (PHIL 1310, 1320, 2330 or 2390) and must select three hours from HRP 2303, REHAB 2331 or NURS 2301. Students must complete a 480-hour field internship. Eligibility for field instruction in social work requires an official degree plan and application for the internship on file in the social work office.

Students in the social work program are eligible for membership in the Student Association of Social Work (The Social Work Club) and the National Association of Social Workers-Texas Chapter, and local NASW Unit. Upon graduation, a BSW student may be licensed as a social worker (LSW) under the Texas Professional Social Work Act and passing of the Texas licensing exam.

◆ Degree Requirements

■ Major in Social Work

University Core Curriculum Requirements 48 hours
Complete the requirements shown in the University core requirements section shown on pages 95-98 of this catalog except for the sections, groups or areas listed below, which must be satisfied only as shown below.

Section A. Humanities
Group 3. Language requirement is Spanish
Group 4. Other Humanities

Section B. Science and Mathematics
Group 1. Natural Science
BIOL 2403 and BIOL 2404 must be selected.

Social Work Core Courses 39 hours
SOCW 1313 Introduction to the Social Work Profession
SOCW 2375 Statistical Methods
SOCW 2314 The Social Welfare Institution
SOCW 3321 Human Behavior and the Social Environment I
SOCW 3322 Human Behavior and the Social Environment II
SOCW 3314 Social Welfare Policy and Programs
SOCW 3323 Social Work Practice I
SOCW 4301 Social Work Practice II
SOCW 4311 Research for the Social Services
SOCW 4302 Social Work Practice III
SOCW 4619 Field Block Placement
SOCW 4353 Integrative Field Seminar

Support Courses 24 hours

Twelve hours required from the following:
Three hours (choose one from the following two):
PSY 4313 Abnormal Psychology
SOC 4314 Sociology of Deviance

Three hours (choose one from the following three):
PSY 3337 Developmental Psychology: Lifespan
PSY 3332 Developmental Psychology: Infancy and Childhood
PSY 3333 Psychology of Adulthood: Maturity and Old Age

Three hours (choose one from the following two):
SOC 4313 American Minorities
SOC 4323 The Mexican-American People

Three hours (required):
SOC 4352 Social Inequality

Twelve hours of Upper Division Electives:
CRIJ, REHS, SOCW, PSY, SOCI, POLS, or ANTH

General Electives 7 hours
Seven general elective (advanced or non-advanced) hours from any course that is approved by the University.

TOTAL 124 hours

◆ Course Descriptions

A listing of courses offered by the Department of Social Work can be found on page 327.
course includes 40-50 hours per week of on-site experience supervised by practitioner faculty.

**Mission Statement**

The mission of the Cooperative Pharmacy Program is to enhance the knowledge, health, and well-being of the people we serve in concert with the mission, vision, and values of both cooperating campuses of The University of Texas through the recruitment, training, and retention of proficient Doctor of Pharmacy trained pharmacists. The program will strive to encourage the provision of pharmaceutical care by cultivation of our graduates’ critical thinking skills and an appreciation for the need for life-long learning. The program will foster the development of clinical and transitional research and clinical pharmacy services with other health care providers in the region, state and nationally.

**Accreditation**

The College of Pharmacy at The University of Texas at Austin is accredited by:

**The American Council on Pharmaceutical Education (ACPE)**

311 West Superior Street, Suite 512
Chicago, Illinois 60610
Phone: 312/664-3575 or 800/533-3606
Fax: 312/664-4652

Only graduates of accredited programs are eligible for state licensure. Passing NAPLEX® (NORTH AMERICAN PHARMACIST LICENSURE EXAMINATION®) and the Texas Pharmacy jurisprudence examination are required for state licensure.

**Course of Study**

- **Pre-Pharmacy years at UTPA**
  - **Years 1 and 2:** Coursework in communication, mathematics and the natural sciences.

- **Professional Education in Pharmacy**
  - **Pharmacy School**

- **Years 3 and 4 at College of Pharmacy UT Austin**
  - **Year 3:** A broad foundation in physiology, pathology, pharmaceutical sciences and pharmacy administration.
  - **Year 4:** An interdisciplinary approach to disease and application to patients through case-based learning.

- **Year 5 and 6 at UTPA and the Rio Grande Valley**
  - **Year 5:** Advanced coursework in patient care.
  - **Year 6:** Calendar year consisting of seven six-week experiential rotations at pharmacy practice sites around the Rio Grande Valley.

**Laboratory Sciences**

Total  

Upon completion of the pre-pharmacy course requirements, Pharmacy Scholars are directly admitted to the College of Pharmacy as long as they maintain a 3.0 overall grade point and a 3.2 grade point in core science classes.

◆ **Requirements for Admission to the Cooperative Pharmacy Program**

To be eligible to be a Pharmacy Scholar, high school students must complete the following high school courses:

- English (4 years)
- Foreign language (2 years)
- Math (3 years)
- Science (3 years)
- Social Studies (3 years)

To be competitive, students should have a core grade point in English, math, social studies, science and foreign language of 85 percent (3.4 on a scale of 4.0). Students must take either the SAT or ACT. Either a combined verbal and math score of 1000 on SAT or a composite ACT of 20 is recommended.

■ **Application**

*Each applicant for admission must:*  
1. Submit transcripts for all high school and college work performed.  
2. Submit a typed statement of interest.  
3. Obtain three letters of recommendation. Forms will be provided by the program to the applicant.  
4. Forward a finished and signed application.  
5. Participate in a personal interview with members of the admissions committee.  
6. Complete a written essay on the day of the interview.

Students who have completed the required pre-pharmacy coursework at UTPA may apply for admission to the College of Pharmacy. In addition to the preceding requirements for application, these students must take the Pharmacy College Admission Test (PCAT).
General Overview

The College of Science and Engineering consists of the departments of biology, chemistry, computer science, electrical engineering, manufacturing engineering, mechanical engineering, mathematics, and physics and geology.

Academic Programs

The college offers the Bachelor of Science in biology, chemistry, computer science, electrical engineering, manufacturing engineering, mathematics, mechanical engineering, physics, and a Bachelor of Science in interdisciplinary studies in middle school mathematics.

Students may minor in biology, chemistry, computer science, electrical engineering, elementary mathematics, geology, manufacturing engineering, mathematics, mechanical engineering/thermal, middle school mathematics, physical science, physics and statistics. All-level certification is available in life sciences. High school teacher certification is available in biology, chemistry, computer information systems, earth science, mathematics, physical science and physics, and middle school teacher certification is available in mathematics.

Also included in the biology and chemistry departments are programs for pre-dental and premedical students. Chemistry also has a plan of study for pre-pharmacy students.

At the graduate level, students can earn master’s degrees in biology, computer science, electrical engineering, information technology, manufacturing engineering, mechanical engineering, mathematical sciences or mathematics teaching. More information on master’s degrees is available in the Graduate Catalog.

The College of Science and Engineering provides several options to satisfy the University core curriculum requirements in science, mathematics and computer literacy.

New state-of-the-art facilities house the departments of biology, chemistry, mechanical engineering, electrical engineering, manufacturing engineering and computer science.

School of Engineering and Computer Science

◆ Overview

The School of Engineering and Computer Science is an organization within the College of Science and Engineering that groups together four of the eight academic departments in the college. The school is made up of three engineering departments: electrical, manufacturing and mechanical engineering plus the computer science department. The school is headed by an associate dean and director who oversees the academic program development, the accreditation processes and the effective interactions with industry for the departments within the school. There is an external industry advisory council for computer science and also an engineering advisory council that provide advice on program development, evaluation of our placement processes for graduates and general feedback on the preparation of our students for jobs in industry or government facilities.

◆ Academic Programs

Each of the four departments in the School of Engineering and Computer Science offers the bachelor’s and the master’s degree in the discipline. The graduates of these four departments are among the most sought-after graduates in the university and they command the highest starting salaries for bachelor’s degrees, according to a recent survey of the National Association of Colleges and Employers.

All four departments share the new Engineering Building that contains over $7 million of teaching and research equipment. More than 63 percent of the funded research in the College of Science and Engineering resides in the School of Engineering and Computer Science. The enrollment of majors in the school is about 1,000 and makes up about half the total enrollment of the college.

Premedical Honors College Program

Some students may qualify for the Premedical Honors College, a cooperative program of UT Pan American and Baylor College of Medicine. Students accepted into the program receive a tuition and fee waiver for four years of undergraduate study at UT Pan American as a biology or chemistry major and four years of medical education at Baylor College of Medicine, if they meet minimum requirements.

For application information, telephone the Office of Records and Registration at 956/381-2206. For specific information about the program, contact Dr. Cindy Martinez Wedig, program coordinator, Science Building, Room 1.308, telephone 956/316-7025.

General Overview

The Department of Biology offers a major leading to a Bachelor of Science degree and a minor in biology. Biology students may elect a curriculum for a major in biology or a biology elementary or secondary teaching plan.

The department also offers study beyond the bachelor’s degree leading to a Master of Science in biology. A limited number of teaching assistantships are usually available. Interested persons should consult the Graduate Catalog or the chair of the Department of Biology.

NOTE: Students are typically expected to furnish their own transportation for laboratory sessions and field work.

Select additional biology courses to complete 33 hours in biology, of which 18 must be advanced.

- Other Requirements
  Where appropriate, the following requirements may also be used to satisfy University core curriculum requirements.

- Mathematics
  Complete six hours from the following:
  MATH 1340 College Algebra
  MATH 1356 Trigonometry
  MATH 1357 Precalculus Mathematics
  MATH 1401 Calculus I
  MATH 1402 Calculus II
  MATH 2330 Elementary Statistics and Probability

- Statistics
  Complete three hours:
  MATH 2330 Elementary Statistics and Probability or
  STAT 2330 Survey of Elementary Statistics

- Other Science
  PHYS 1401 and PHYS 1402 or GEOL 1401 and GEOL 1402 are recommended, but not required.

- Minimum GPA Requirements
  A minimum GPA of 2.5 in the required hours for both the major and minor fields is required. A minimum GPA of 2.5 is required for Pre-Dental, Premedical and Pre-Optometry majors.

- Pre-Dental/Premedical/Pre-Optometry
  Biology majors who are pre-dental, premedical or pre-optometry students should include BIOL 2402 in their major and should minor in chemistry.
  Additional course requirements include: CHEM 1101/1301, CHEM 1102/1302, CHEM 2102, CHEM 2302, CHEM 2103, CHEM 2303, PHYS 1401 and 1402. MATH 1401 is suggested for premedical and pre-optometry students. (Within the State of Texas MATH 1401 is only required for admission to UT-Houston Medical School and UH College of Optometry.)
  Additional courses suggested include: CHEM 3103, CHEM 1303 and PSY 1310. Premedical, pre-dental and pre-optometry students who have completed a minimum of 90 hours and the general education requirements at UT Pan American may apply for the Bachelor of Science degree after completion of two years in an accredited college of medicine, dentistry or optometry, with grades acceptable for transfer to UT Pan American. The hours accepted will be credited toward the major and minor in biology or chemistry.
Major in Life Sciences with Teacher Certification

2005-2007 Undergraduate Catalog
Minor in Biology

Eighteen hours in biology, of which six hours must be advanced.

Program Requirements

A biology major seeking teacher certification must:
1. Maintain a minimum of a 2.5 GPA in both major and minor fields.
2. Complete a workshop in preparation for certification.
3. Pass a department benchmark exam.

Course Descriptions

A listing of courses offered by the Department of Biology can be found on page 227.

Dr. Hassan Ahmad, Department Chair
Science Building, Room 3.316
1201 West University Drive
Ebinburg, TX 78541-2999
Telephone: 956/381-3372
Fax: 956/384-5006
E-mail: ahmadh@utpa.edu
Web site: www.utpa.edu/dept/chemistry

Full-time Faculty

Ahmad, Hassan, Professor, Biochemistry
Bhat, Narayan, Associate Professor, Organic Chemistry
Chen, Banglin, Assistant Professor, Inorganic Chemistry
Delassus, Phillip, Professor, Physical Chemistry
Diaz, Sylvia, Lecturer
Gregorius, Roberto, Associate Professor, Polymer Chemistry
Ibrahim, Amin, Assistant Professor, Analytical Chemistry
Innis-Whitehouse, Wendy, Assistant Professor, Biochemistry
Macossay-Torres, Javier, Assistant Professor, Organic Chemistry
Mondal, Jalal U., Professor, Inorganic Chemistry
Villarreal, John R., Professor, Physical Chemistry
Whelan, Thomas, Assistant Professor, Chemical Oceanography

General Overview

The Department of Chemistry offers a major leading to a Bachelor of Science degree, certified by the American Chemical Society, and a minor in chemistry. The department also offers programs of study for premedical and pre-dental studies, each leading to a Bachelor of Science degree in chemistry. In addition, the department offers plans of study for pre-pharmacy and teacher certification in chemistry.

The Department of Chemistry offers undergraduate research projects to highly motivated chemistry majors interested in conducting individual research under the supervision of a faculty member. Such projects offer students the opportunity to obtain knowledge of research methods in a specialized area and proceed to graduate school.

All new students who intend to major in chemistry should schedule an appointment with a faculty advisor within the department. Students are encouraged to consult with their faculty advisors regarding the degree requirements needed to satisfy their professional goals.

Mission

The Department of Chemistry is committed to the mission of providing quality education in the process of preparing students for graduate work or careers in chemistry and the biomedical sciences. The department strives to fulfill its mission by offering a program that leads to an undergraduate major or minor in chemistry. In addition, the department prepares students for admission to schools of dentistry, pharmacy and medicine. The department also offers a program that leads to teacher certification. The chemical curriculum is designed to introduce students to the fundamental fields of chemistry and provides opportunities for chemical research.

The department is committed to engaging in its activities of teaching, research and professional service in an environment of academic freedom.

The chemistry department at The University of Texas-Pan American provides an excellent program in helping the University fulfill its responsibility of providing high quality academic programs for the people of this region and the state of Texas.

Degree Requirements

Major in Chemistry

University Core Curriculum Requirements 48 hours
Complete the requirements shown in the University core curriculum requirements section on pages 95-98 of this catalog EXCEPT for the following sections, groups or areas listed, which must be satisfied only as shown.

Natural Science and Mathematics
CHEM 1301  General Chemistry I  
CHEM 1101  General Chemistry Lab I  
CHEM 1302  General Chemistry II  
CHEM 1102  General Chemistry Lab II  
MATH 1340  College Algebra

**Major Course Requirements 32 hours**

**Chemistry Core Courses**

- CHEM 2301  Analytical Chemistry  
- CHEM 2101  Analytical Chemistry Lab  
- CHEM 2302  Organic Chemistry I  
- CHEM 2102  Organic Chemistry Lab I  
- CHEM 2303  Organic Chemistry II  
- CHEM 2103  Organic Chemistry Lab II  
- CHEM 3301  Inorganic Chemistry  
- CHEM 3202  Inorganic Chemistry Lab  
- CHEM 3103  Biochemistry Lab  
- CHEM 3303  Biochemistry  
- CHEM 3304  Physical Chemistry I  
- CHEM 3104  Physical Chemistry Lab I  
- CHEM 3305  Physical Chemistry II  
- CHEM 3105  Physical Chemistry Lab II  
- CHEM 4101  Chemistry Seminar  
- CHEM 4201  Chemistry Problems I  
- CHEM 4304  Instrumental Analysis  
- CHEM 4104  Instrumental Analysis Lab

**Designated Electives in Chemistry**

In addition to the major course requirements shown above, the Department of Chemistry offers the following elective courses: (These may be used to help satisfy the college requirement of 51 advanced hours or to acquire greater depth in a specific area of chemistry.)

- CHEM 3306  Polymer Science and Engineering  
- CHEM 4202  Chemistry Problems II  
- CHEM 4301  Advanced Inorganic Chemistry  
- CHEM 4302  Advanced Biochemistry  
- CHEM 4303  Advanced Organic Chemistry  
- CHEM 4378  Special Topics in Chemistry

**Other Course Requirements 16 hours**

- MATH 1401  Calculus I  
- MATH 1402  Calculus II  
- PHYS 1401  General Physics  
- PHYS 1402  General Physics

**TOTAL 124 hours**

Students are required to select electives that will bring their total number of advanced hours to 51 and the total number of hours for the completion of their degree to 124.

**Minimum GPA Requirements**

A minimum GPA of 2.0 is required for both major and minor fields.

**Pre-Dental and Premedical**

Chemistry majors in pre-dental and premedical programs are required to complete 18 hours of biology, of which six hours must be advanced.

**Teacher Certification in Chemistry**

Students who desire teaching certification with chemistry as the teaching field will be required to acquire 37-38 hours in chemistry, of which 25-26 hours must be advanced.

Students seeking teacher certification must have a minimum GPA of 2.25 in both the major and minor fields. They should consult with the Teacher Certification Office regarding other specific requirements.

**Pre-Pharmacy**

Students are required to complete the following courses in their freshman and sophomore years:

**Freshman Year:** ENG 1301, ENG 1302; CHEM 1301, CHEM 1101, CHEM 1302, CHEM 1102; BIOL 1401, BIOL 1402; MATH 1401; HIST 2313, HIST 2314;

**Sophomore Year:** English (sophomore literature) six hours; CHEM 2302, CHEM 2303, CHEM 2102, CHEM 2103; MATH 2330; PHYS 1401; POLS 2313, POLS 2314.

**NOTE:** The University of Texas at Austin requires one semester of freshman English and one of sophomore English. BIOL 3401 is required by the University of Houston and UT Austin, while Texas Southern University requires BIOL 2402. The University of Houston also requires COMM 1303, PSY 1310, three hours of social science electives, and six hours of cultural heritage electives, while UT Austin requires six hours of electives. Texas Southern University requires one hour of medical terminology and a three-hour elective in philosophy, music, sociology or psychology. Texas Tech University offers only the Pharm.D. degree. The prerequisites include COMM 1303, ECO 1301, PHYS 1402 and a minimum of 15 hours of electives in the humanities and social sciences. See the faculty advisor in the Department of Chemistry for more information, since curricula at other institutions may vary.

**Minor in Chemistry**

Eighteen hours of chemistry, of which six must be advanced.

**Course Descriptions**

A listing of courses offered by the Department of Chemistry can be found on page 232.

Wang, Xusheng, Assistant Professor

Introduction

Computer science is the study of the structure, function and application of computers and is central to the rapidly expanding use of information technology. Computers have traditionally been used in business, engineering and scientific applications, and now applications are found in almost all human activities from art to zoology. Computer science is both an applied and theoretical discipline, supported by the principles of science, engineering and mathematics that has a direct and profound impact on the quality of life and society at large.

Mission/Goals/Objectives

Mission
The department offers four degrees: Bachelor of Science in Computer Science (BSCS) as a broad-field major, Bachelor of Science (BS) with a major in computer science with a required minor field, Master of Science (MS) with a major in computer science, and Master of Science in Information Technology (MSIT). The BSCS degree is accredited by the Accreditation Board for Engineering and Technology Computing Accreditation Commission (ABET/CAC). The department offers courses leading to teacher certification in computer information systems, service courses to fulfill University core curriculum requirements, and computer science courses required for degree programs in engineering, science, and mathematics. Faculty conduct research in computer science, computer science education, and interdisciplinary fields, and contribute their professional service to student advising, mentoring, professional organizations, university activities, industrial interactions and to the community through professional expertise.

The undergraduate curricula in computer science are based on the Association for Computing Machinery and the Institute of Electrical and Electronics Engineers Computer Society recommendations for curricula and reflect the goals of a liberal arts education. The graduate curricula provide advanced and specialized study in the areas of computer science and information technology. The curricula in computer science provide the student with marketable expertise to enter the computing and information technology fields, the skills and education required to adapt to the rapid change characteristic of the fields, and the foundation to pursue graduate study in computer science and information technology.

Objectives
The objectives for the BSCS degree are to provide graduates with a thorough grounding in the key principles and practices of computing, and in the basic mathematics, and scientific principles that underpin them; to provide graduates with an understanding of the mathematical and scientific concepts that underlie computer science; to provide graduates with an understanding of human and social issues that will enable them to be informed and involved members of their communities, and responsible engineering and computing professionals; to provide students with appropriate social and organizational skills, and to prepare graduates for employment in the computer science profession upon graduation, as well as for successful careers in the profession, and for graduate study in computing.

Departmental Admission Requirements
Students must have computer experience equivalent to CSCI 1300 or CSCI 1360 and must have completed or be concurrently enrolled in MATH 1340 before enrolling in CSCI 1380 Computer Science I.

Other Information
The department has access to the well-equipped University computing facilities, which include IBM-compatible and Macintosh computers and Sun Workstations with networked access to the University VAX cluster and the Internet. A lab of Pentium-based PCs donated by the Intel Corporation is dedicated specifically to the computer science program. Advanced courses and research efforts are supported by departmental Unix workstations.
## Degree Requirements

The Department of Computer Science offers a 128-hour Bachelor of Science in Computer Science (BSCS) degree as a 48-hour broad-field major with supporting mathematics and science requirements to meet ABET/CAC accreditation standards, and a 39-hour major (minor required) leading to a Bachelor of Science (BS) degree. The department offers two 18-hour minors in computer science. The Computer Science for Science and Engineering (CSSE) minor is designed for engineering, science, and mathematics majors, and the CSCI minor is designed for majors in any discipline. The computer science major can be completed to fulfill a plan for high school teacher certification.

For the 39-hour major in computer science, students are required to complete a minor and are encouraged to select the minor from a supporting discipline. Typical minors include mathematics, business administration, computer information systems and electrical engineering; however, a variety of other minors can support the degree. Students should seek continual advisement from the computer science faculty beginning from their freshman year to plan a timely completion of their degree. An official degree plan must be filed with the department upon completion of 60 hours of University courses.

### Bachelor of Science in Computer Science (BSCS) as a Broad-Field Major

Students pursuing the Bachelor of Science in Computer Science (BSCS) as a broad-field major must complete the University core curriculum requirements and a computer science core. No minor is required for this degree; however, students may elect to complete a minor.

#### University Core Curriculum Requirements 48 hours

Complete the requirements shown in the University core curriculum requirements section shown on pages 95-98 of this catalog. PHIL 2390 (Professional Ethics) must be taken to meet the philosophy requirement. Courses to meet the natural science requirement must be taken from biology, chemistry, or physics.

**NOTE:** The computer literacy and mathematics requirements of the University core curriculum requirements can be met by required courses listed below. CSCI 1360 is the recommended computer literacy course for students who need an introduction to the concepts of computer science and programming experience before taking CSCI 1380.

### Computer Science Core Courses 30 hours

- COMM 1313 Fundamentals of Speech Communication

### Lab Science 4 hours

Any four-hour laboratory science course from biology, chemistry, or physics. (This is in addition to the University core curriculum requirement but need not be in the same subject as the eight hours taken for that requirement.)

### Other Electives 6-12 hours

Students must select electives to complete a total of 51 advanced hours in their degree. Depending on the selection...
of electives, this will require from six to twelve hours of advanced electives.

Other Requirements
Students must complete all computer science core courses with a grade of “C” or better.

Total 136 hours

Bachelor of Science in Computer Science (BSCS) as a Broad-Field Major with Computer Engineering Emphasis

Although UT Pan American does not offer a computer engineering degree, through a careful choice of electives from advanced computer science, mathematics, electrical engineering and physics, a student can design a degree that can be marketed as computer science with a computer engineering emphasis. Students may elect to complete a minor in electrical engineering as part of this plan. See page 193 for minor requirements.

Students pursuing the Bachelor of Science in Computer Science (BSCS) as a broad-field major with computer engineering emphasis should complete the University core curriculum requirements and the computer science with computer engineering emphasis core.

University Core Curriculum Requirements 48 hours
Complete the requirements shown in the University core curriculum requirements section shown on pages 95–98 of this catalog. PHIL 2390 (Professional Ethics) must be taken to meet the philosophy requirement. Courses to meet the natural science requirement must be from biology, chemistry or physics.

NOTE: The computer literacy and mathematics requirements of the University core curriculum requirements can be met by required courses listed below. CSCI 1360 is the recommended computer literacy course for students who need an introduction to the concepts of computer science and programming experience before taking CSCI 1380.

Lab Science 4 hours

Any four-hour laboratory science course from biology, chemistry or physics. (This is in addition to the University core curriculum requirement but need not be in the same subject as the eight hours taken for that requirement.)

Other Electives 6-12 hours

Students must select electives to complete a total of 51 advanced hours in their degree. Depending on the selection of electives, this will require from 0-36 hours of advanced electives.
Other Requirements
Students must complete all Computer Science Core Courses with a grade of “C” or better.

TOTAL 136 hours

Bachelor of Science (BS) with Major in Computer Science (minor required)
Students wishing to major in computer science must complete the University core curriculum requirements, a computer science core and the requirements for a related minor. It is recommended that students wishing to pursue graduate study in computer science complete Sequence 1 under the mathematics requirements.

University Core Curriculum Requirements 48 hours
Complete the requirements shown in the University core curriculum requirements section shown on pages 95-98 of this catalog. For the computer literacy requirement, CSCI 1380 or higher CSCI course may be recommended by the department for students with prior computer experience. Mathematics requirement can be satisfied by requirements listed below.

Computer Science Core Courses 27 hours
CSCI 1380 Computer Science I
CSCI 1381 Foundations of Computer Science
CSCI 2333 Computer Organization and Assembly Language
CSCI 2344 Programming in the UNIX®/Linux Environment
CSCI 2380 Computer Science II
CSCI 3333 Algorithms and Data Structures
CSCI 3334 Systems Programming
CSCI 3336 Organization of Programming Languages
CSCI 3340 Software Engineering

Designated Electives in Computer Science 12 hours
Select three hours from the following:
CSCI 3326, CSCI 3327, CSCI 2320.
Select six hours from the following:
CSCI 4333, CSCI 4335 or CSCI 4345.
Select three hours of advanced CSCI courses.
A maximum of three hours from CSCI 3300 and CSCI 3390 can be used to fulfill CSCI elective requirements.

Mathematics 9-11 hours
MATH 3373 Discrete Structures
Select one sequence from the following:
Sequence One (recommended).
Complete at least two of the following courses:
MATH 1357 Pre-calculus Mathematics
MATH 1401 Calculus I

Bachelor of Science (BS) with Major in Computer Science (minor required)

Teacher Certification in Computer Information Systems
Teacher certification in computer information systems is required for teachers of Computer Science I and II in the high schools. This certification also allows teachers to teach the computer literacy course in the junior high school. To graduate with completion of the 36-hour plan for secondary certification in computer information systems, students must be admitted to the Teacher Education Program and complete all the requirements for the Computer Science B.S. degree (minor required):

The plan does not require a second teaching field; however, students are encouraged to seek a second field.

University Core Curriculum Requirements 48 hours
Complete the requirements shown in the University core curriculum requirements section shown on pages 95-98 of this catalog. For the computer literacy requirement, CSCI 1380 or higher CSCI course may be recommended by the department for students with prior computer experience.

Communications/English 6 hours
ENG 3333 Technical Report Writing
Select three hours from the following:
COMM 1303 Presentational Speaking
COMM 1313 Fundamentals of Speech Communication

Minor 18-24 hours
Students must complete all requirements for a related minor.

Other Electives 12-15 hours
Students must select electives to complete a total of 51 advanced hours in their degree. Depending on the number of advanced courses for the minor, the selection of elective hours in the major and the selection of other course requirements, this will require from 12-15 hours of advanced electives.

Other Requirements
Students must complete all Computer Science Core Courses with a grade of “C” or better.

TOTAL 127-138 hours

Teacher Certification in Computer Information Systems
Teacher certification in computer information systems is required for teachers of Computer Science I and II in the high schools. This certification also allows teachers to teach the computer literacy course in the junior high school. To graduate with completion of the 36-hour plan for secondary certification in computer information systems, students must be admitted to the Teacher Education Program and complete all the requirements for the Computer Science B.S. degree (minor required):

The plan does not require a second teaching field; however, students are encouraged to seek a second field.

University Core Curriculum Requirements 48 hours
Complete the requirements shown in the University core curriculum requirements section shown on pages 95-98 of this catalog. For the computer literacy requirement, CSCI 1380 or higher CSCI course may be recommended by the department for students with prior computer experience.
NOTE: The computer literacy and mathematics requirements of the University core curriculum requirements can be met by required courses listed below. CSCI 1360 is the recommended computer literacy course for students who need an introduction to the concepts of computer science and programming experience before taking CSCI 1380.

### Computer Science Core Courses 27 hours
- CSCI 1380: Computer Science I
- CSCI 1381: Foundations of Computer Science
- CSCI 2333: Computer Organization and Assembly Language
- CSCI 2344: Programming in the UNIX®/Linux Environment
- CSCI 2380: Computer Science II
- CSCI 3333: Algorithms and Data Structures
- CSCI 3334: Systems Programming
- CSCI 3336: Organization of Programming Languages
- CSCI 3340: Software Engineering

### Designated Electives in Computer Science 12 hours
Select three hours from the following:
- CSCI 1300, CSCI 2320, CSCI 2330, CSCI 3326, CSCI 3327.
Select six hours from the following:
- CSCI 4333, CSCI 4335, CSCI 4345.
Select three hours of advanced CSCI courses.
A maximum of three hours from CSCI 3300 and CSCI 3390 can be used to fulfill CSCI elective requirements.

### Professional Education Courses 21 hours
Admission to Teacher Education is required prior to enrolling in the following courses:
- EDHS 4301: Foundations of Education
- EDHS 3305: Instructional Methods for English Language Learners with Exceptionalities in High Schools
- EDHS 4302: Instructional Planning and Assessment
- EDHS 4303: Instructional Strategies and Classroom Management
- EDHS 4398: Integrated Internship II: 8-12
- EDHS 4399: Supervised Internship II: High School 8-12
- READ 4351: Developmental Reading in Secondary Schools

### Communication/English 6 hours
- ENG 3333: Technical Report Writing
Select three hours from the following:
- COMM 1303: Presentational Speaking
- COMM 1313: Fundamentals of Speech Communication

### Mathematics 9 hours
- MATH 3373: Discrete Structures
Select one sequence from the following:
- Sequence One (recommended).
  - Complete at least two of the following courses:
    - MATH 1357: Pre-calculus Mathematics
    - MATH 1401: Calculus I
    - MATH 1402: Calculus II
- Sequence Two.
  - Complete at least two of the following courses:
    - MATH 1341: Business Algebra
    - MATH 1342: Business Calculus

### Minor in Computer Science with Teacher Certification in Computer Science

#### Core Courses 12 hours
- CSCI 1380: Computer Science I
- CSCI 1381: Foundations of Computer Science
- CSCI 2380: Computer Science II
- CSCI 3333: Algorithms and Data Structures

#### Designated Electives 12 hours
Select one of CSCI 2320, CSCI 3326 or CSCI 3327.
Select nine advanced hours in computer science (up to six hours from CIS 3335, CIS 3338 and CIS 4308 may be used to partially satisfy this requirement).

### Minor in Computer Science for Engineering Majors

#### Required Course 15 hours
- CSCI 1380: Computer Science I
- CSCI 2380: Computer Science II
- CSCI 3333: Algorithms and Data Structures
- CSCI 3334: Systems Programming
- CSCI 3330: Introduction to UNIX or
CSCI 2344  Programming in UNIX®/Linux Environments 3 hours

Select one from the following courses:
CSCI 4333  Database Design and Implementation
CSCI 3336  Organization of Programming Language
CSCI 3340  Software Engineering
CSCI 4350  Artificial Intelligence
CSCI 4360  Interactive Computer Graphics and Systems
CSCI 4334  Operating Systems

◆ Course Descriptions

A listing of courses offered by the Department of Computer Science can be found on page 248.

Dr. Subhash C. Bose, Department Chair
Engineering Building, Room 3.224
1201 West University Drive
Edinburg, TX 78541-2999
Telephone: 956/381-2606
Fax: 956/381-3527

Full-time Faculty
Bose, Subhash C., Beecherl Professor
Gonzalez, Miguel, Associate Professor
Lee, Kye-Hwan, Assistant Professor
Nambiar, Rajiv V., Associate Professor
Timmer, Douglas H., Assistant Professor

◆ General Overview

UT Pan American offers the Bachelor of Science degree in manufacturing engineering that is equivalent in scope to engineering programs at other institutions in Texas. The bachelor’s degree has accreditation from the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET) effective May 1996. The engineering curriculum provides a rigorous foundation for engineering practice in industrial and governmental organizations as well as for graduate studies in engineering, business administration, law and medicine. In addition, a number of graduate engineering courses are offered for professional development and a Master of Science degree in engineering-concentration manufacturing.

UT Pan American is located in an industrialized region with numerous manufacturing facilities that provide an unusual opportunity for students to participate in practical applications of engineering knowledge in both the United States and Mexico.

◆ Mission

The University of Texas-Pan American Department of Manufacturing Engineering will provide a quality engineering education to prepare students for the practice of engineering. A strong laboratory component in the curriculum, with opportunities for industrial internships
and research experience, will provide engineering skills that enhance the understanding of the applications of engineering sciences and the importance of lifelong learning. A strong emphasis on verbal and written communication is stressed in all aspects of the curriculum.

◆ Degree Requirements

**Basic Engineering**

All students must complete a basic engineering requirement composed of the following courses:

- **CHEM 1301/1101** General Chemistry I*
- **CHEM 1302/1102** General Chemistry II*
- **CSCI 1380** Computer Science I* or **CSCI 2325** Survey of Elementary Scientific Programming*
- **ENG 1301** Composition*
- **ENG 1302** Rhetoric*
- **MATH 1401** Calculus I*
- **MATH 1402** Calculus II
- **PHYS 2401** Physics for Scientists and Engineers II
- **ENGR 1101** Introduction to Engineering
- **MECE 1221** Engineering Graphics
- **MECE 2440** Engineering Materials

*This course also satisfies the University’s core curriculum requirements (see below).

A student must complete each of the above courses with a grade of “C” (or higher) before enrollment in subsequent engineering courses will be recommended. Highly qualified students are expected to obtain advanced standing credit through acceptable test scores on ACT, CEEB (Advanced Placement Test) or CLEP. Common courses for which advanced standing credit can be attained include ENG 1301 and ENG 1302, CHEM 1301/1101 and CHEM 1302/1102, HIST 2313 and modern language. Additional information about advanced standing credit is given on page 70 of this catalog.

**University Core Curriculum Requirements**

(Nineteen hours of the University core curriculum requirements are satisfied as part of the basic engineering requirements.) All students must complete the University’s core curriculum requirements shown on pages 95-98 of this catalog EXCEPT for the sections, groups and areas noted below which must be satisfied as shown.

**Humanities and Visual and Performing Arts**

- Must select Art, Music,
- Dance or Theatre Appreciation
- **PHIL 2390**
- English Literature
- Modern Language
- Science and Mathematics 12 hours

**Other Non-Engineering Courses**

11 hours

**Other Non-Engineering Courses** 11 hours

The following non-engineering courses are also required:

- **MATH 2401** Calculus III
- **MATH 3349** Differential Equations
- **PHYS 2402** Physics for Scientists and Engineers II

**Manufacturing Engineering Major**

Manufacturing engineering is a new engineering specialty at the University. UT Pan American offers the only accredited bachelor’s degree in manufacturing engineering in Texas. The curriculum includes elements of traditional mechanical, electrical and industrial engineering curricula. Graduates with this specialization will find many opportunities for employment in all types of manufacturing facilities.

The total course requirements for Bachelor of Science in manufacturing engineering consist of the following:

**Manufacturing Engineering Program** 137 hours

**Basic Engineering** 36 hours

**Other Core Curriculum Requirements** 29 hours

**Other Non-Engineering Requirements** 11 hours

**Major Requirements** 61 hours

The actual number of courses taken at UT Pan American will depend on a student’s high school preparation and on the number of courses for which advanced standing credit is received. The major requirements for this degree are shown below.

**Major Requirements** 61 hours

**Core Courses** 55 hours

- **MECE 2303** Statics
- **MECE 2304** Dynamics
- **ENGR 4161** Senior Design Project I
- **ENGR 4261** Senior Design Lab
- **ENGR 4362** Senior Design Project II
- **ELEE 3305** Electrical Systems
- **ELEE 3306** Electronic Systems

**Computer Literacy** 6 hours

**Social Sciences**

- **U.S. History** 6 hours
- **Political Science** 6 hours
- **Economics** 3 hours
- **Kinesiology** 2 hours

**TOTAL** 29 hours

*These courses satisfy the basic engineering requirements on this page.
MANE 3364  Manufacturing Processes and
MANE 3364  Manufacturing Processes Lab
MANE 3332  Engineering Statistics
MANE 2340  Fundamentals of Industrial Engineering
MANE 3300  Computer-Aided Design
MANE 3302  Computer-Aided Manufacturing
MANE 3337  Engineering Economics
MANE 4311  Quality Control
MANE 4321  Automation Systems
MANE 4331  Manufacturing Planning and Control
MECE 3321  Mechanics of Solids
MECE 2335  Thermodynamics I
MECE 3315  Fluid Mechanics

Technical Electives  6 hours
Select with faculty advisor’s approval.

Engineering courses in which a grade of “C” or higher has been earned cannot be repeated in an attempt to earn a higher grade.

■ Minor in Manufacturing Engineering
This minor provides a background in manufacturing engineering. It is intended to support business majors and other engineering majors and will be especially valuable for those who will be involved in manufacturing enterprises. It requires 18 hours in engineering, six of which must be at the advanced level.

The minor requires certain support courses as prerequisites. Check with the department for more information.

Required Courses  11 hours
MANE 3332  Engineering Statistics
MANE 3364  Manufacturing Processes and
MANE 3364  Manufacturing Processes Lab
MECE 2440  Engineering Materials

Designated Electives  7 hours
Select seven hours from the following:
MANE 3301  Projects in Manufacturing Engineering
MANE 3300  Computer-Aided Design
MANE 3302  Computer-Aided Manufacturing
MANE 4311  Quality Control
MANE 4331  Manufacturing Planning and Control
MANE 4352  Manufacturing Simulation

■ Course Descriptions
Courses offered by the Department of Manufacturing Engineering can be found under their respective headings in the Course Descriptions section beginning on page 288.
◆ Mission

The Department of Electrical Engineering will provide students a quality education to prepare them for the practice of engineering, with sufficient depth to continue their education beyond the baccalaureate degree. The curriculum will provide skills that enhance the understanding of the applications of engineering sciences. In order to provide an awareness of current and emerging industrial practice, the department will provide the students the opportunity to participate in professional organization, industrial internships or co-op experiences, and scholarly activities including supervised research. The faculty will be readily accessible and will continuously strive to improve their instructional materials and the methods of dissemination. The faculty will also practice lifelong learning by keeping abreast of and participating in the latest developments in their chosen areas of expertise and interacting across disciplines. The opportunity for student success in the undergraduate programs will be enhanced by liberal access to the computational facilities and laboratories.

◆ Degree Requirements

University Core Curriculum Requirements 48 hours

Students must meet the University core curriculum requirements; however, some of the requirements must be fulfilled with particular courses:

English, Literature
same as University requirements

Language Other Than English
same as University requirements

The Arts
same as University requirements

Philosophy or Modern or Classical Language Literature
PHIL 2390

Natural Science
PHYS 2301/2101, 2302/2102

Mathematics
MATH 1401*

Computer Literacy
CSCI 1380*

Kinesiology
same as University requirements

History
same as University requirements

Political Science
same as University requirements

Other Social Science
ECON 2301

*NOTE: Three hours of MATH 1401 and two hours of CSCI 1380 are used to satisfy the University core curriculum requirements, the remainder fall under “Other Course Requirements.”

Electrical Engineering Required Courses 44 hours

Electrical and Mechanical Engineering

MATH 3349  Differential Equations
CHEM 1301  General Chemistry I
CHEM 1101  General Chemistry I Lab
MECE 2405  Engineering Mechanics
ELEE 3340  Probability and Statistics
  for Electrical Engineers or
MATH 4339  Mathematical Probability and Statistics

*Includes one hour each from MATH 1401 and CSCI 1380.

Total 137 hours

A grade of “C” or higher is required in any course that is a prerequisite (directly or indirectly) for an ELEE course. Electrical Engineering courses in which a grade of “C” or higher has been earned cannot be repeated in an attempt to earn a higher grade.

■ Minor in Electrical Engineering

This minor is suitable for students who wish to have a general introduction to applications of electricity and electronics.

Required Courses 6 hours
ELEE 3305  Electrical Systems or
ELEE 2420  Electrical Circuits I
ELEE 3306  Electronic Systems

Elective Courses 12 hours
Select 12 hours of ELEE courses other than 2420, 3305, or 3306; at least three hours of which must be advanced.

■ Minor in Electrical Engineering for Computer Science Majors

This minor is designed for computer science majors and other students with a particular interest in the area of computer engineering.

Required Courses 13 hours
ELEE 2330  Digital Systems Engineering I
ELEE 2320  Digital Systems I Lab
ELEE 3305  Electrical Systems
ELEE 3306  Electronic Systems
ELEE 3340  Probability and Statistics
  for Electrical Engineers or
MATH 4339  Mathematical Probability and Statistics

Elective Courses 6 hours
Select two courses from the following:
ELEE 4303  Digital Systems Engineering II
ELEE 4375  Introduction to VLSI Design
ELEE 4380  Computer Architecture
ELEE 4390  Communication Networks

NOTE: Students should not take both ELEE 4380 and
CSCI 4335, or ELEE 4390 and CSCI 4345.

◆ Mission

The Department of Mechanical Engineering will provide students a quality education to prepare them for the practice of engineering, with sufficient depth to continue their education beyond the baccalaureate degree. The curriculum will provide skills that enhance the understanding of the applications of engineering sciences. In order to provide an awareness of current and emerging industrial practice, the department will provide the students the opportunity to participate in professional organizations, industrial internships or co-op experiences, and scholarly activities including supervised research. The faculty will be readily accessible and will continuously strive to improve their instructional materials and the methods of dissemination. The faculty will also practice lifelong learning by keeping abreast of and participating in the latest developments in their chosen areas of expertise and interacting across disciplines. The opportunity for the student success in the undergraduate programs will be enhanced by liberal access to the computational facilities and laboratories.
The School of Engineering and Computer Science offers an accredited Bachelor of Science degree in mechanical engineering from the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET) effective 1996.

The mechanical engineering curriculum provides a rigorous foundation for engineering practice in industrial and governmental organizations as well as graduate studies in engineering. Mechanical engineers possess a broad technical background that enables them to work in virtually every industrial sector. They are concerned generally with the development of energy systems, power generation, environmental control machines and vehicles, as well as materials processing. Mechanical engineers usually work closely with engineers having other specializations.

The total course requirements for the Bachelor’s of Science in Mechanical Engineering consist of the following:

MECE 4345  Composite Material Design
MECE 4365  Heating, Air Conditioning and Refrigeration Design

TOTAL 136 hours

Upper Division Admission Policy
Students will enter the University as engineer majors. Upon completion of the lower courses listed with a grade of “C” or better, they may apply for admission to the major. Only admitted major students may take upper-division MECE courses.

Lower division list:
CHEM 1301/1101 General Chemistry I
ENGR 1101  Introduction to Engineering
MATH 1401  Calculus I
MECE 2303  Statics
MECE 2440  Engineering Materials
MECE 1221  Engineering Graphics
MECE 1221  Engineering Graphics

Minor in Mechanical Engineering/Thermal
This minor provides a background in thermal sciences, fluids and heat transfusion. It is intended to support majors in chemistry, physics and mathematics. The minor requires a total of 18 hours of mechanical engineering courses, of which six must be at the advanced level. The minor requires certain support courses as prerequisites as shown below.

Required Courses
MECE 2335  Thermodynamics I
MECE 2440  Engineering Materials
MECE 3315  Fluid Mechanics
MECE 3115  Fluid Mechanics Laboratory
MECE 3336  Thermodynamics II
MECE 3360  Heat Transfer
MECE 3160  Heat Transfer Laboratory

Prerequisites
MATH 2401  Calculus III
MATH 3349  Differential Equations
PHYS 1401  General Physics

Villalobos, Maria C., Assistant Professor
Von Kuster, Lee, Visiting Professor
Watkins, William, Professor
Wiener, Bella, Senior Lecturer
## Degree Programs

The Department of Mathematics offers a major in mathematics leading to a Bachelor of Science degree, minors in mathematics, applied mathematics and statistics. It also offers a Bachelor of Interdisciplinary Studies degree in mathematics for certification in grades 4-8 (middle school). In addition, it offers courses for students seeking to teach mathematics in grades 8-12 (high school), as well as courses for those students seeking a second teaching field in mathematics at either the middle school or high school levels.

## Degree Requirements

### Major in Mathematics

**University Core Curriculum Requirements** 48 hours

Complete the requirements shown in the University core curriculum requirements section on pages 95-98 of this catalog EXCEPT for the sections, groups or areas listed below, which must be satisfied only as shown.

**Section B. Science and Mathematics**

**Group 1. Natural Science**

At least one four-hour course in physics is required.

**Group 2. Mathematics**

MATH 1401 is the recommended beginning course.

**Section C. Computer Literacy**

A course in a programming language from the Department of Computer Science above CSCI 1360 is required.

**Major Course Requirements** 36 hours

**Core Courses** 24 hours

- MATH 1401 Calculus I
- MATH 1402 Calculus II
- MATH 2401 Calculus III
- MATH 2345 Elementary Linear Algebra
- MATH 4339 Mathematical Probability and Statistics
- MATH 4351 Modern Algebra
  (grade of “C” or better)
- MATH 4357 Real Analysis
  (grade of “C” or better)

**Designated Electives**

**Choose Group I or Group II** 6 hours

**Group I:**

- MATH 3304 Geometry and Organizational Structures and Processes of Mathematics

**Group II:**

- MATH 3349 Differential Equations and Three hours of approved advance MATH electives.

**Other Electives** 6 hours

Six hours of approved advanced MATH electives.

Total 124 hours

**Other Requirements**

- Complete the major course requirements with a 2.25 or better GPA.
- Complete at least 21 hours of approved advanced MATH coursework
- Complete the requirements of a minor.

Any minor from outside the mathematics department is permitted but the only permitted minors from within the department are the minor in statistics and the minor in middle school mathematics (see below). Certification is NOT required for the mathematics major, but it is an option. Students seeking teacher certification should consult with the mathematics department undergraduate advisor and the Teacher Certification Office regarding courses required for certification.

Total 124 Hours

### Bachelor of Interdisciplinary Studies — Mathematics Teacher Certification for Grades 4-8

This major is intended for those students wishing to be middle school (grades 4-8) mathematics teachers.

**University Core Curriculum Requirements** 48 hours

Complete the requirements shown in the University core curriculum requirements section of this catalog.

**NOTE:** By choosing appropriately, a student may use some University core curriculum requirement courses to fulfill other requirements listed below.

**Interdisciplinary Major Area** 54 hours

**Math** 36 hours

- EMAT 2306 Foundations of Mathematics I
- EMAT 2307 Foundations of Mathematics II
- MMAT 3309 Foundations of Mathematics III
- MMAT 3312 Measurement and Geometry
- MMAT 3313 Algebraic Structures
- MMAT 3315 Probability and Statistics
- MMAT 3317 Basics of Discrete Mathematics
- MMAT 3318 Basics of Number Theory
- MMAT 3319 Mathematical Structures and Processes
- MMAT 3320 Basics of Mathematical Modeling
- MMAT 3321 Mathematical Problem Solving
- MMAT 4322 Capstone Research Project
Grade of “C” or better required in all EMAT and MMAT courses. A GPA of 2.25 or greater also required for these courses.

Language Arts 6 hours
- READ 3325 Cognitive Development and Reading Comprehension
- READ 3326 Reading Across the Curriculum

Science (beyond the core) 6 hours
- PHYS, ASTR, GEOL, PSCI (At least one course in physics with a lab is required if not in core.)

Content Areas
Science 6 hours
- PHYS, ASTR, GEOL, PSCI (At least one course in physics with a lab is required if not in core.)

Computer/Technology 3 hours
- CSCI 1380 Computer Science I or
- MMAT 3316 Mathematics in a Computer Environment

Arts and Humanities 3 hours
- PHIL 1320 Introduction to Logic (if not in core) or
- UNIV 1301 Learning Framework

Academic Minor 18 hours
- Any Discipline (nine hours advanced)

Education Component 18 hours
- EDMS 3305 Instructional Methods for English Language Learners and Learners with Exceptionalities in Middle Schools
- EDMS 3353 Young Adolescent Development and Learning
- EDMS 3354 Middle School Curriculum Development and Assessment
- EDMS 3355 Instructional Technology Methods and Classroom Management for Middle School Classrooms
- EDMS 4657 Directed Teaching — Middle School Internship II

TOTAL 138 hours

Minors in Mathematics
- Minor in Mathematics
  A minor in Mathematics requires 23 hours of MATH courses, of which 12 hours must be advanced. This minor must include MATH 1401, MATH 1402, MATH 2345, and 12 advanced hours of approved MATH courses which must include at least on the following: MATH 4302, MATH 4351, MATH 4357, or MATH 4360. All courses in this minor must be completed with a grade of “C” or better.

- Minor in Applied Mathematics
  A minor in applied mathematics requires 23 hours of MATH courses, of which nine hours must be advanced. This minor includes MATH 1401, MATH 1402, and 15 hours chosen from MATH 2345, MATH 2401, MATH 3337, MATH 3338, MATH 3349, MATH 3355, MATH 3368, MATH 3373, MATH 4317, MATH 4318, MATH 4319 and MATH 4339. All courses in this minor must be completed with a grade of “C” or better.

- Minor in Mathematics with Secondary Certification
  A minor in mathematics with high school certification requires 26 hours of MATH courses of which 15 hours must be advanced. This minor includes MATH 1401, MATH 1402, MATH 2345, MATH 3304, MATH 3311, MATH 3337 or MATH 4339, and six hours chosen from MATH 3303, MATH 3373 and MATH 4302. All courses in this minor must be completed with a grade of “C” or better.

- Minor in Middle School Mathematics
  The minor in middle school mathematics requires the following 24 hours of EMAT and MMAT courses: EMAT 2306, EMAT 2307, MMAT 3309, MMAT 3312, MMAT 3313, MMAT 3315, MMAT 3320 and MMAT 3321. All courses in this minor must be completed with a grade of “C” or better.

- Minor in Statistics
  A minor in statistics requires 18 hours of approved MATH, STAT, or CSCI courses, of which nine hours must be advanced. This minor includes MATH/STAT 2330, MATH/STAT 3337, MATH 3338, MATH 4339 and STAT 4336. These 18 hours cannot be used simultaneously to fulfill requirements in the student’s major. All courses in this minor must be completed with a grade of “C” or better.

Course Descriptions
A listing of courses offered by the Department of Mathematics can be found on page 291.
The Department of Physics and Geology will provide students with a high quality education, allowing for a fundamental understanding of science and preparation for future careers. The department will serve the university in providing natural science core educational and degree requirements in the physical sciences and providing majors and minors with specialized courses required for their field. The department will strive to enhance the education of its students by providing expertise advising on degree and career options and opportunities such as teaching assistantships, individual research mentoring and field trips.

◆ Mission

The Department of Physics and Geology will provide students with a high quality education, allowing for a fundamental understanding of science and preparation for future careers. The department will serve the university in providing natural science core educational and degree requirements in the physical sciences and providing majors and minors with specialized courses required for their field. The department will strive to enhance the education of its students by providing expertise advising on degree and career options and opportunities such as teaching assistantships, individual research mentoring and field trips.

◆ General Overview

The Department of Physics and Geology offers a Bachelor of Science degree with a major in physics and minors in geology, physical science, Geographic Information Systems (GIS) and physics. It also offers secondary and elementary teaching fields in physics, physical science and earth science. The department also offers a Master of Science in Interdisciplinary Studies (MSIS).

Our program includes interdisciplinary research and teaching that brings the unique perspectives of physics and geology to scientific problems at many spatial and temporal scales. Our areas of expertise encompass a range of physics and geology disciplines. This currently includes atomic, environmental, molecular, nuclear, and particle physics, material science, geophysics, earth science and physics education. Students are encouraged to actively participate in research endeavors being carried out by faculty.

The department facilities support a range of research methods including theoretical, experimental and field work. Research facilities include a number of experimental labs including remote sensing and GPS systems, Neutron Activation Analysis Lab, a synthesis lab for organic conductors and a Novel Transport Phenomena Lab. Departmental computational facilities include a GIS/Remote Sensing Lab and an 8-node computer cluster (for parallel computations). For more information about the department and course offerings see web site at http://www.utpa.edu/dept/physci.

◆ Degree Requirements

■ Major in Physics

University Core Curriculum Requirements 48 hours

Complete the University core curriculum requirements as shown on pages 95-98 of this catalog.

30 Hour Core, Six Hour Physics Electives

Core

1. PHYS 2401 Physics for Scientists and Engineers I
2. PHYS 2402 Physics for Scientists and Engineers II
3. PHYS 3301 Electromagnetic Theory I
4. PHYS 3402 Modern Physics
5. PHYS 3303 Thermodynamics and Statistical Mechanics
6. PHYS 3404 Optics
7. PHYS 3305 Classical Mechanics
8. PHYS 4303 Quantum Mechanics
9. PHYS 3101/4101 Laboratory Research (two hours any combination)

Current Available Electives:
Each offered once every two years.

1. PHYS 4308 Seminar in Physics
2. PHYS 3306 Introduction to BioPhysics
3. PHYS 3307 Introduction to Solid State Physics
4. PHYS 4309 Nuclear and Particle Physics
5. PHYS 4310 Introduction to Atomic Physics
6. GEOP 4301 Exploration Geophysics I
Minor in Physics
Eighteen hours of physics, of which six must be advanced.

Course Offerings

Fall Odd Years
- PHYS 1401  General Physics I
- PHYS 1402  General Physics II
- PHYS 2401  Physics for Scientists and Engineers I
- PHYS 2402  Physics for Scientists and Engineers II
- PHYS 3101/4101 Laboratory Research
- PHYS 3301  Electromagnetic Theory I
- PHYS 3306  Introduction to BioPhysics (elective)
- PHYS 4310  Introduction to Atomic Physics (elective)

Spring Odd Years
- PHYS 1401  General Physics I
- PHYS 1402  General Physics II
- PHYS 2401  Physics for Scientists and Engineers I
- PHYS 2402  Physics for Scientists and Engineers II
- PHYS 3304  Optics
- PHYS 3402  Modern Physics
- GEOP 4301  Exploration Geophysics (elective)

Fall Even Years
- PHYS 1401  General Physics I
- PHYS 1402  General Physics II
- PHYS 2401  Physics for Scientists and Engineers I
- PHYS 2402  Physics for Scientists and Engineers II
- PHYS 3101/4101 Laboratory Research
- PHYS 3303  Thermodynamics and Statistical Mechanics
- PHYS 3305  Classical Mechanics
- PHYS 4309  Nuclear and Particle Physics (elective)

Spring Even Years
- PHYS 1401  General Physics I
- PHYS 1402  General Physics II
- PHYS 2401  Physics for Scientists and Engineers I
- PHYS 2402  Physics for Scientists and Engineers II
- PHYS 3101/4101 Laboratory Research
- PHYS 3307  Introductions to Solid State Physics (elective)
- PHYS 4303  Quantum Mechanics
- PHYS 4308  Seminar in Physics (elective)

Degree Plan Cycling

Minor in Earth Science
Eighteen hours in geology (GEOL) or the combination of courses in (GEOL), Geography (GEOG), and Geophysics (GEOP); of which six hours must be advanced.

NOTE: To obtain a minor in earth science, the natural science core requirements has to be satisfied by a course sequence other than GEOL 1401/GEOL 1402.

Minor in Geographic Information Systems

Choose two from:

GEOL 1401, GEOL 1402, PSCI 1421, PSCI 1422,
PHYS 1401, PHYS 1402, PHYS 2401, PHYS 2402;
ASTR 1401, ASTR 1402
GEOL 3308  Introduction to Geographic Information Systems  3 hours
GEOL 4408  Applications of Geographic Information Systems or  4 hours
BIOL 4403  Introduction to Remote Sensing Technology
GEOL 4309  Undergraduate Research in Geoscience  3 hours

Total  18 hours

*NOTE:* The selected course sequence is to satisfy the minor in Geographic Information Systems. The natural science core requirements should be satisfied with an additional course sequence.

**Minor in Physical Science**

Eighteen hours in the physical sciences, of which six hours must be advanced.

*NOTE:* To obtain the minor in physical science, the natural science core requirements must be satisfied by a course sequence other than PSCI 1421/PSCI 1422.

**Course Descriptions**

A listing of courses offered by the Department of Physics and Geology can be found on pages 276 (GEOL) and 310 (PHYS).
◆ General Overview

The College of Social and Behavioral Sciences is composed of five departments: criminal justice, military science, political science, psychology and anthropology and sociology.

The goals of the College of Social and Behavioral Sciences are based upon the importance for students that a liberal arts education has as the foundation for all university studies. Consequently, the college endorses the "Goals of a Liberal Arts Education" found on page 95 of this catalog.

◆ Academic Programs

The college offers the Bachelor of Arts in anthropology, general studies, political science and psychology; the Bachelor of Science in psychology, sociology and criminal justice; and the Bachelor of Applied Arts and Sciences. Students may minor in anthropology, criminal justice, military science, political science, psychology or sociology.

At the graduate level, students can earn master's degrees in criminal justice, psychology, public administration, sociology and interdisciplinary studies with a concentration in anthropology. More information on master's degrees is available in the graduate catalog.

The College of Social and Behavioral Sciences helps provide students with a liberal arts education by offering instruction in several areas. Students also can satisfy the University core curriculum requirements for physical activity and social science courses (see pages 95-98) by taking classes within the college.

Additionally, the Department of Military Science provides Army Reserve Officers' Training Corps (ROTC) training that can lead to commissioning in the Army, Army Reserve or National Guard.

Dr. George P. Avellano, Interim Dean
Social and Behavioral Sciences Building, Room 238
1201 West University Drive
Edinburg, TX 78541-2999
Telephone: 956/381-3551
Fax: 956/381-2180
Web site: http://www.utpa.edu/colleges/cosbs.cfm

Dr. Shelia Pozorski, Assistant Dean
Social and Behavioral Sciences Building, Room 234
1201 West University Drive
Edinburg, TX 78541-2999
Telephone: 956/381-3551
Fax: 956/381-2180
Sequence are as follows:

- **Applied Business Technologies** 36 hours
  Students selecting this sequence will receive preparation in areas that can be applied to different occupations.

  **Required Courses** 18 hours
  - ECON 3358 Labor or Economics or
  - ECON 3360 Managerial Economics or
  - ECON 4362 Global Entrepreneurship
  - MANA 3335 Communication Policy and Strategy
  - POLS 3323 Introduction to Public Administration
  - POLS 3324 Government Organization and Administrative Theory or
  - POLS 3343 International Politics or
  - POLS 3314 American State and Local Government
  - SOC 3324 Sociology of Health or
  - SOC 4352 Social Inequality
  - Any advanced elective in business, political science or sociology.

- **Liberal Arts** 36 hours
  Students selecting this sequence may be prepared for careers in hotel/motel management or state/federal services in which skills in the use of modern languages are required.

  **Required Courses** 18-24 hours
  - Language Other than English 18 hours
    Complete at least 12 advanced hours in the same language or 18 advanced hours in two languages (i.e., six and 12).

  **Other**
  - MANA 3361 Principles of Management and Organizational Behavior
  - MANA 3362 Human Resource Management
Designated Electives 12 hours

**Business**
Three hours of advanced electives in business.

**Political Science**
*Select at least six hours from the following:*
- POLS 3314 American State and Local Government
- POLS 3323 Introduction to Public Administration
- POLS 3324 Government Organization and Administrative Theory
- POLS 4310 Comparative Public Administration
- POLS 4320 American Constitutional Law: Federalism
- POLS 4360 American Executive Process
- POLS 4365 American Administrative Process
- POLS 4367 American Judicial Process

**History**
*Select three hours from the following:*
- HIST 4313 20th Century America, 1917 to the Present
- HIST 4325 The American Southwest after 1821
- HIST 4353 History of Mexican Culture
- HIST 4354 Contemporary Mexico
- HIST 4363 U.S.-Latin American Relations
- HIST 4374 The Caribbean and Central America

**Free Electives** 6-0 hours
Six advanced hours, to be selected in conference with academic advisor (hours required depend upon amount of language taken above).

**Occupational or Vocational Emphasis** 48-51 hours
Occupational or vocational work completed as a part of BAAS degree.

**Other Requirements**
At least 51 hours must be at the advanced level.

**TOTAL** 124 hours

---

**Program Description**

Students taking the Baccalaureate in General Studies will complete a minimum of 124 hours with at least 51 hours of advanced coursework. Students will develop their academic programs in consultation with the Dean of the College of Social and Behavioral Sciences and the academic advisors for the department or disciplines involved.

**Program Requirements**

**Core Curriculum Requirements** 48 hours
Complete the University core curriculum requirements as shown on pages 95-98 of this catalog.

**College Core** 9 hours
Six hours in two separate social science disciplines outside the core curriculum.
Three additional hours in either the same language or three hours of communication.

**Required Courses:** 54 hours
- Discipline #1 18 hours (minimum of 12 advanced hours)
- Discipline #2 18 hours (minimum of 12 advanced hours)
- Discipline #3 18 hours (minimum of 12 advanced hours)

The three disciplines selected may come from any academic department within the University that offers a major or minor. Students must complete all the requirements for each minor. Some minors may require more than 18 hours per minor.

**Free Electives** 22 hours
Including a minimum of 15 advanced hours.

**Other Requirements**
A minimum of 51 hours of advanced coursework.

**TOTAL** 124 hours
The University of Texas-Pan American

College of Social & Behavioral Sciences

Dr. S. George Vincentnathan,
Interim Department Chair
Social and Behavioral Sciences Building, Room 321
1201 West University Drive
Edinburg, TX 78541-2999

Fax: 956/381-2490
E-mail: gvincent@utpa.edu

Full-time Faculty
Appiahene-Gyamfi, Joseph, Assistant Professor
Dantzker, Mark, Associate Professor
Dearth, Daniel K., Associate Professor
Ethridge, Philip, Associate Professor
Resendiz, Rosalva, Assistant Professor
Vincentnathan, S. George, Associate Professor

◆ General Overview

The Department of Criminal Justice undergraduate programs are directed at preparing students for professional service in criminal justice agencies and entrance into graduate programs and professional schools. A major focus is to equip students to become change-agent professionals in a variety of criminal justice institutions in law enforcement, courts and corrections as well as related public and private entities that focus on preservation and protection of democratic principles and social order.

The Department of Criminal Justice helps fulfill and support the mission and goals of the University, the Division of Academic Affairs and the College of Social and Behavioral Sciences. The department is committed to helping provide all students at the University, regardless of their major, with effective instruction grounded in the liberal arts, consistent with the University “Goals of a Liberal Arts Education” found on pages 95-98 of this catalog.

◆ Degree Requirements

■ Major in Criminal Justice (BSCJ Degree)

Upon completion of all requirements students will be awarded a Bachelor of Science in Criminal Justice (BSCJ) degree with a major in criminal justice.

University Core Curriculum Requirements 48 hours
Complete the core curriculum requirements as shown on pages 95-98 of this catalog.

NOTE: Under Humanities and Visual and Performing Arts, the Criminal Justice Department strongly advises students to take Philosophy 2390 – Professional Ethics.

College Core and Social Science Support Courses 27 Hours

Modern Language 3 hours
Same language as taken to complete University core curriculum requirements.

Introductory Statistics 3 Hours
Select one course only:
SOC 2301 Statistics for Behavioral Sciences
PSY 2401 Basic Statistics for Psychologists
QUMT 2341 Elementary Business and Economic Statistics
MATH 2330 Elementary Statistics and Probability

Political Science 6 hours
Select one course only from each group:

Group One:
POLS 4321 American Constitutional Law: Civil Liberties
POLS 4367 American Judicial Process

Group Two:
POLS 3314 American State and Local Government
POLS 3316 American Public Policy Introduction to Public Administration
POLS 3324 Government Organization and Administrative Theory
POLS 3325 Public Personnel Administration
POLS 4384 Seminar in Local Government Problems
Psychology  3 hours
Advanced elective.

Sociology  6 hours
Advanced electives.

Free Electives  6 hours
Advanced electives.

Criminal Justice Electives Groups  15 hours
You must have 12-15 advanced hours, depending on the selected minor, from the following:

CRIJ 1301 Introduction to the Criminal Justice System
CRIJ 1306 Court Systems and Practices
CRIJ 2313 Correctional Systems and Practices
CRIJ 2328 Police Systems and Practices
CRIJ 3303 Criminology
CRIJ 3304 Criminal Justice Research Methods
CRIJ 4399 Criminal Justice System-Capstone

Each student must complete a minor selected from a discipline other than criminal justice. The specific minor should be selected in consultation with a faculty adviser. Departments vary in the number of required total semester hours and number of required advanced hours in their respective minors. Some departments offer minors requiring only six advanced hours but allow additional advanced hours to be selected from electives. We suggest that students take a minimum of nine advanced hours in their chosen minor. Criminal justice majors cannot minor in criminal justice.

- **Summary of Degree Requirements**
  - General Education Core  48 hours
  - College Core and Social Science Support Courses  27 hours
  - Criminal Justice  36 hours
  - Minor  18 hours
  - Total  129 hours
  - Advanced  51 hours

- **Minor in Criminal Justice**
The criminal justice minor requires the completion of 18 semester hours in criminal justice. Nine semester hours must be advanced. Criminal justice majors cannot minor in criminal justice.

- **Required Criminal Justice Courses** 9 hours
  - CRIJ 1301 Introduction to Criminal Justice
  - CRIJ 2328 Police Systems and Practices
  - CRIJ 2313 Correctional Systems and Practices

- **Criminal Justice Electives** 9 hours
  Select three courses from the following:
  - CRIJ 3303 Criminology for Criminal Justice
  - CRIJ 3304 Criminal Justice Research Methods
  - CRIJ 3341 Probation and Parole
  - CRIJ 3355 Criminal Evidence and Proof
  - CRIJ 4311 Criminal Justice Administration
  - CRIJ 4312 Civil Liability in Criminal Justice
  - CRIJ 4313 Current Issues in Law Enforcement
  - CRIJ 4314 Private Security and Loss Prevention
  - CRIJ 4321 White-Collar and Organized Crime
  - CRIJ 4343 Current Issues in Corrections
  - CRIJ 4355 Current Issues in the Courts
  - CRIJ 4356 Law and Society
  - CRIJ 4357 Crime Prevention Techniques
  - CRIJ 4361 Comparative Criminal Justice Systems
  - CRIJ 4362 Special Topics in Criminal Justice
  - CRIJ 4363 Independent Studies in Criminal Justice
  - CRIJ 4364 Field Internship Experience

*Can be taken once only for credit.

- **Course Prerequisites**
  Enrollment in advanced level courses (3000 and 4000) requires having successfully completed a minimum of 45 semester hours, nine of which must have been in criminal justice, for 3000-level courses and having completed 60 semesters or more, 12 of which must have been in criminal justice, for 4000-level courses or specific permission by the instructor.

- **Course Descriptions**
  A listing of courses offered by the Department of Criminal Justice can be found on page 246.
The departmental objective is to develop selected men and women with potential to serve as commissioned officers in the active Army, National Guard or Army Reserve. The leadership and management experience gained through the Army Reserve Officers’ Training Corps and service as a commissioned officer will benefit the student in civilian as well as in military service and national defense pursuits. Students in the program have the opportunity to:

1. enhance leadership and managerial potential;
2. attain basic understanding of military fundamentals and national security;
3. attain clear understanding of the concept of military art and science; and
4. develop a strong sense of personal honor, integrity and individual responsibility.

ROTC Faculty Advisory Committee
The Reserve Officers’ Training Corps (ROTC) Faculty Advisory Committee, composed of nine advisers from different departments, serves as liaison with the Department of Military Science and helps provide guidance on career opportunities with the Army, Army Reserve or National Guard for students of other departments at The University of Texas-Pan American.

◆ Army Scholarship Program
Students who meet prerequisites may compete for nationally or state-awarded U.S. Army scholarships that pay for tuition, books, fees and other purely educational costs and provide a tax-free monthly subsistence allowance for 10 months of each year the scholarship is in effect. Free room and board is available on campus for a limited number of students, with priority going to ROTC Scholarship winners. Several application deadlines exist. Contact the Department of Military Science for details.

◆ Veterans Assistance
Veterans who enroll in upper-level military science receive a tax-free monthly subsistence allowance for 10 months each of the two years, in addition to benefits provided by the Veterans Administration, Army Reserve or National Guard.

◆ Simultaneous Membership Program (SMP)
Eligible students are allowed to participate with Army Reserve units or the National Guard combined with College ROTC. In addition to Reserve or National Guard pay, the student receives ROTC pay. In the SMP, the student’s pay will be elevated to the rank of E-5 (Sergeant) and the student will fill the position of a junior leader in that unit. Upon completion of a bachelor’s degree and the ROTC program, the student may be commissioned in the Active Army, Army Reserve or National Guard in the rank of second lieutenant.

◆ Departmental Activities
The Department of Military Science sponsors several extracurricular activities such as the annual Military Ball, Dining-Out, JROTC Day, Field Training Exercises and Guadalupe River canoe trip. Additional opportunities to participate in team events are available in Color Guard, Bronc Club and Ranger Challenge.

◆ Army Training
Selected cadets enrolled in the course may be eligible to compete for attendance to either the Airborne, Air Assault, Northern Warfare, Mountain Warfare or Cadet Troop Leadership Training. Selection is based upon motivation, physical condition and performance in Military Science.

**Minor in Military Science**

The Department of Military Science offers a minor in military science and a commission as an officer in the Active Army, Army Reserve or Army National Guard through the Reserve Officers’ Training Corps (ROTC) program on the Edinburg campus.

- **No Commitment or Obligation for Lower Level Courses**
  Students need not seek a career in the U.S. Army to enroll in lower-level courses such as marksmanship and first aid, survival and land navigation training, and basic leadership, which provide the opportunity to increase individual skills and knowledge in leadership and management techniques in and outside the classroom. Lower-level courses also fulfill the physical education requirement for the University core curriculum requirement.

- **Requirements for Advanced Military Science Standing and Commissioning**
  1. Complete four semesters of lower-level ROTC courses or have advanced credit as a veteran, or from USAR/ARNG Basic Training, ROTC Basic Camp, or have JROTC credit and approval.
  2. Maintain full-time student status.
  3. Pass a military physical examination.
  4. Pass the ROTC Physical Aptitude Examination.
  5. Maintain an overall GPA of 2.0.
  6. Sign an Advanced ROTC and Commissioning Agreement.
  7. Successfully complete four semesters of advanced ROTC courses.
  8. Successfully complete ROTC Advanced Camp.
  9. Successfully complete an undergraduate degree program.
  10. Complete at least one departmentally approved Professional Military Education course from each of the areas listed: written communication skills, human behavior, computer literacy, mathematics and military history.

- **Minor Requirements**
  18 hours: ROTC 3202 plus 16 hours of advanced military science courses. (ROTC 3401, ROTC 3402, ROTC 4401, ROTC 4403).

- **Course Descriptions**
  A listing of courses offered by the Department of Military Science can be found on page 322.
Students majoring in political science may pursue active careers in public administration; law; national, state and local government; diplomatic services; journalism; and teaching.

**Pre-Law**

Although pre-law advising at UT Pan American is located in the Department of Political Science, any undergraduate major will offer a student the opportunity to prepare for law school. Students interested in a career in law should obtain the pre-law handout, available in the main office of the Department of Political Science (Social and Behavioral Sciences Building, Room 208). For additional information, please contact Dr. J.L. Polinard at 956/381-3341.

**Certificate of Legal Reasoning**

As part of UTPA’s pre-law program, the University offers a Certificate in Legal Reasoning. Students can obtain this certificate by completing the following courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHIL 1320</td>

</table>

**Degree Requirements**

**Major in Political Science**  
124 hours

**University Core Curriculum Requirements**  
48 hours

Complete the University core curriculum requirements as shown on pages 95-98 of this catalog, including POLS 2313 and 2314 or POLS 2387 and 2388.

**College and Departmental Core Requirements**  
15 hours

Three hours of modern language in the same language as taken to complete the University core curriculum requirements.

Three hours of social science in a discipline other than the discipline taken to meet the core curriculum social science requirement.

Three hours of Introductory Statistics (MATH/STAT 2330, PSY/ANTH 2401, SOC 2301, or QUMT 2341. MATH/STAT 2330 satisfies the core curriculum mathematics requirement.)

*Six hours from two of the following three areas:*

a. Introduction to Political Science (POLS 1333);

b. Introduction to Political Economy (POLS 2334);

c. Economics (ECON 1301, ECON 2301 or ECON 2302)

**Designated Advanced Coursework**  
27 hours

- Six hours in American Government and Politics
- Three hours in Comparative Government
- Three hours in International Relations
- Three hours in Methods of Political Science Research (POLS 3331)
- Three hours in Political Theory
- Three hours in Public Administration
- Six hours of advanced Political Science electives

**Hours for Minor and Advanced Electives**  
34 hours

**Minor in Political Science**

Eighteen hours in Political Science, of which nine hours must be advanced.

**Required Courses**

**Total Required for Graduation** 129 hours

### Additional Requirements

1. Students must have a 2.5 cumulative GPA in their history, political science and economics courses.
2. Students must have a "C" or better in each of their history, political science and economics courses.

### Course Descriptions

A listing of courses offered by the Department of Political Science can be found on page 312.
baccalaureate psychology graduates in public and private agencies dealing with human relations.

However, the more challenging and specialized fields in psychology usually require further study beyond the bachelor’s degree. High academic standards are required of those students planning to do graduate work, and the BS program is designed to ensure that students planning further study acquire a background that will maximize their chances of success in graduate school. Training in research methods, statistics and theory are required of all majors. According to their own interests, majors take further courses in the areas of clinical, experimental, social and developmental psychology. Students pursuing the BS degree also take further courses in the natural sciences and computer science. Whenever possible, students are involved in the many ongoing research programs of the department, giving them practical experience in the discipline.

In addition, the department offers a minor in psychology.

◆ Mission Statement

The Department of Psychology and Anthropology is an academic administrative unit within the College of Social and Behavioral Sciences at The University of Texas-Pan American. The department has been established to facilitate accomplishing the University mission to meet the higher education needs of the citizenry of South Texas and the State of Texas. The department is committed to excellence in instruction, student performance, research, scholarly accomplishment and professional service in the disciplines constituting psychology and anthropology.

The Department of Psychology and Anthropology strives to fulfill its responsibilities by providing quality undergraduate academic programs in anthropology and psychology. At the graduate level, the department provides opportunities for students with baccalaureate degrees to pursue advanced study in clinical and experimental psychology. (More information on graduate programs is available in the Graduate Catalog.) The department is committed to providing an environment of academic freedom and academic responsibility so that faculty may develop and implement successful teaching activities that ensure high standards of instruction and student performance.

The Department of Psychology and Anthropology recognizes that its faculty has a commitment to those research and creative activities indicative of scholarly excellence. The department attempts to nurture and support such activities so that faculty may maintain currency in their knowledge of subject matter, vibrancy in their teaching, dedication to their respective disciplines and interest in extending the boundaries of human knowledge and understanding.

The Department of Psychology and Anthropology is also committed to providing effective instructional opportunities for all students at the University, regardless of their major area of concentration. The department attempts to meet
this goal by providing students with instruction in several areas of study that ground the liberal arts tradition. To this end, the department provides instructional opportunities for all students to develop further the following characteristics indicative of a university-educated person:

1. An inquiring attitude that acknowledges the many-sided nature of most important questions, recognizes the need to examine inherited judgments and reveals a desire for continued learning and creative expression.

2. The ability to use words accurately and effectively, and to communicate clearly in oral and written formats.

3. The ability to analyze complex problems and to synthesize facts and ideas.

4. An appreciation for the responsibilities of the individual to family and society; skill in serving as a constructive member in groups and organizations; sensitivity to the need for informed, independent, moral and ethical decisions.

5. Knowledge of political and social systems in the United States and other nations, and their interrelationships.

6. An understanding of self, along with an empathy for the strengths, weaknesses, rights and needs of others, as well as the ability to relate to others with human understanding.

The Department of Psychology and Anthropology is also committed to sponsoring service activities that meet the intellectual and cultural interests of the University and the community that the University serves.

◆ Degree Requirements

■ Major in Psychology (BA Degree)

University Core Curriculum Requirements 48 hours
Complete the University core curriculum requirements as shown on pages 95-98 of this catalog.

College Core 9 hours
Six hours in two separate social science disciplines outside the major.
Three additional hours in either the same language as University core curriculum language or three hours of communication.

Core Courses 16 hours
PSY 1310 Introduction to Psychology
PSY 2401 Basic Statistics for Psychologists
PSY 3325 Research Methods in Psychology
PSY 3343 Tests and Measurements in Psychology
PSY 4313 Abnormal Psychology

Electives 15 hours
Select 15 hours of psychology courses, nine of which must be advanced.

Other requirements for BA or BS degree in psychology:
Please be aware of the “Requirements for a Bachelor’s Degree” enumerated on pages 65-67. These include completion of a total of 124 hours of coursework, completion of a minor and completion of a minimum of 51 hours of upper-level (3000/4000) coursework.

■ Major in Psychology (BS Degree)

University Core Curriculum Requirements 48 hours
Complete the University core curriculum requirements as shown on pages 95-98 of this catalog.

College Core 9 hours
Six hours in two separate social science disciplines outside the major.
Three additional hours in either the same language as University core curriculum language or three hours of communication.

Core Courses 13 hours
PSY 1310 Introduction to Psychology
PSY 2401 Basic Statistics for Psychologists
PSY 3325 Research Methods in Psychology
PSY 3343 Tests and Measurements in Psychology

Designated Electives 18 hours
1. Select one course from each of the following sets: 12 hours
   PSY 4313 Abnormal Psychology or PSY 4333 Theories of Personality
   PSY 3353 Physiological Psychology or PSY 3373 Sensation and Perception
   PSY 4319 Cognitive Processes or PSY 4320 Memory
   PSY 4318 Theories of Learning or PSY 4363 Systems and Theories in Psychology

2. Select one course from the following: 3 hours
   PSY 3324 Social Psychology
   PSY 2336 Developmental Psychology: Adolescence
   PSY 3337 Developmental Psychology: Lifespan
   PSY 3332 Developmental Psychology: Infancy and Childhood
   PSY 3333 Psychology of Adulthood: Maturity and Old Age

3. Select one course from the following: 3-4 hours
   PSY 2331 Psychology of Disability
   PSY 3340 Stress Management
   PSY 3345 Psychology of Learning
   PSY 3405 Behavior Modification
Electives 6 hours
Select six hours of psychology courses.

Other Requirements 11-20 hours
1. Select two sequences from the following:
   - BIOL 1401 General Biology I and BIOL 1402 General Biology II
   - CHEM 1301 General Chemistry I and CHEM 1101 General Chemistry I Lab
   - CHEM 1302 General Chemistry II and CHEM 1102 General Chemistry II Lab
   - PHYS 1401 General Physics and PHYS 1402 General Physics

   **NOTE:** One of the sequences may be taken as a part of the core curriculum requirements above.

2. Select one additional course from the following:
   - A biology, chemistry or physics course that is sophomore (2000) level or higher, or a computer science course above CSCI 1300.

Other Requirements
Completion of 15 hours of advanced coursework in psychology as a part of the requirements noted above.
Please be aware of the "Requirements for a Bachelor's Degree" enumerated on pages 65-67. These include completion of a total of 124 hours of coursework, completion of a minor, and completion of a minimum of 51 hours of upper-level (3000/4000) coursework.

- **Minor In Psychology**
  Eighteen hours in Psychology, of which six must be advanced.

  **Required Course**
  PSY 1310 Introduction to Psychology

- **Course Descriptions**
  A listing of psychology courses can be found on page 316.

### General Overview of Anthropology Program

The primary focus of both the major and minor is on anthropology as a broad-based discipline, with special emphasis on cultural anthropology, physical anthropology, archaeology and folklore. Special topics courses are also available in advanced folklore, anthropological theory and methods and New World archaeology.

A major or minor in anthropology is particularly appropriate for professionals who plan to practice in South Texas or a comparable area made special by the meeting of different cultures. Anthropology also provides an excellent preparation for careers in international business, government, politics, criminal justice, social work and medicine or other health-related professions. The more specialized fields in anthropology usually require further study beyond the bachelor's degree.

- **Mission Statement**
  The Anthropology Program is an academic unit within the College of Social and Behavioral Sciences at The University of Texas-Pan American. The program has been established to facilitate accomplishing the University’s mission to meet the higher education needs of the citizenry of South Texas and the State of Texas. The program is committed to excellence in instruction, student performance, research, scholarly accomplishment and professional service in the discipline of anthropology.

  The Anthropology Program strives to fulfill its responsibilities by providing quality undergraduate academic programs in anthropology. Emphasis is placed on exposing students to a holistic approach to anthropology that incorporates the three major subfields — cultural anthropology, physical anthropology and archaeology. At the graduate level, the program provides opportunities for students with baccalaureate degrees to fulfill an anthropology concentration for an interdisciplinary master's degree and to fulfill required graduate hours outside one’s field of study to earn a master's degree in various disciplines.
at the University. The Anthropology Program is committed to providing an environment of academic freedom and academic responsibility so that faculty may develop and implement successful teaching activities that ensure high standards of instruction and student performance.

The Anthropology Program recognizes that its faculty has a commitment to those research and creative activities indicative of scholarly excellence. The program attempts to nurture and support such activities so that faculty may maintain currency in their knowledge of subject matter, vibrancy in their teaching, dedication to their respective disciplines, and interest in extending the boundaries of human knowledge and understanding.

The Anthropology Program is also committed to providing effective instructional opportunities for all students at the University, regardless of their major area of concentration. The program attempts to meet this goal by providing students with instruction in several areas of study that ground the liberal arts tradition. To this end, the program provides instructional opportunities for all students to develop further the following characteristics indicative of a university-educated person:

1. Learning about anthropology fosters an inquiring attitude that acknowledges the many-sided nature of most important questions, recognizes the need to examine inherited judgments and reveals a desire for continued learning and creative expression.

2. A holistic approach to anthropology hones a person's ability to use words accurately and effectively and to communicate clearly in oral and written formats.

3. Anthropological thinking nurtures the ability to analyze complex problems and to synthesize facts and ideas.

4. Exposure to the field of anthropology encourages an appreciation for the responsibilities of the individual to family and society; skill in serving as a constructive member in groups and organizations; and sensitivity to the need for informed, independent, moral and ethical decisions.

5. Learning about anthropology increases knowledge about political and social systems in the United States and other nations, and their interrelationships; such multicultural perspectives can foster greater understanding, tolerance and respect for different lifestyles and viewpoints.

6. Anthropology encourages an understanding of self, along with an empathy for the strengths, weaknesses, rights and needs of others, as well as the ability to relate to others with human understanding.

The Anthropology Program is also committed to sponsoring service activities that meet the intellectual and cultural interests of the University and the community that the University serves.

◆ Degree Requirements

The department offers a major in anthropology leading to the Bachelor of Arts degree.

■ Major in Anthropology

University Core Curriculum Requirements 48 hours

Complete the University core curriculum requirements as shown on pages 95-98 of this catalog.

College Core 9 hours

Six hours in two separate social science disciplines outside the major.

Three additional hours in either the same language or three hours of communication.

Core Courses 15 hours

ANTH 1323 Introduction to Cultural Anthropology
ANTH 1324 Human Evolution
ANTH 1342 Introduction to Archaeology
ANTH 1353 Introduction to Folklore
ANTH 4345 Anthropological Theory and Methodology

Designated Electives 21 hours

Select 21 hours from anthropology; a substitution for one three-hour course may be chosen from the following list of related courses.

Related courses

ENG 3319 Descriptive Linguistics
ENG 3321 Language and Culture

■ Other Requirements

A minimum of 18 hours in anthropology must be at the advanced level.

Please be aware of the “Requirements for a Bachelor’s Degree” enumerated on pages 65-67. These include completion of a total of 124 hours of coursework, completion of a minor and completion of a minimum of 51 hours of upper-level (3000/4000) coursework.
### Minor in Anthropology
Eighteen hours in anthropology, of which six hours must be advanced.

**Required Courses**
- ANTH 1323 Introduction to Cultural Anthropology
- ANTH 1324 Human Evolution
- ANTH 4345 Anthropological Theory and Methodology

### Minor in Folklore
The minor in folklore requires 18 credit hours* as delineated below:

**Required Courses**
- ANTH 1353 Introduction to Folklore

*Only six hours can be taken in courses at the 1300 level.

#### Course Descriptions
A listing of anthropology courses can be found on page 220.

◆ General Overview

The Department of Sociology offers a major in sociology leading to the Bachelor of Arts degree, as well as a minor in sociology.

Students majoring and minoring in sociology receive excellent preparation for careers in public and private agencies dealing in human relations. The more challenging and specialized fields in sociology usually require further study beyond the bachelor’s degree. Sociology also provides excellent background for those persons considering careers in such fields as education, health, law, law enforcement, business and journalism.

◆ Degree Requirements

■ Major in Sociology

University Core Curriculum Requirements 48 hours
Complete the University core curriculum requirements as shown on pages 95-98 of this catalog.

College of Social and Behavioral Sciences Requirements 9 hours
Six additional hours of social science courses in two separate social science disciplines (anthropology, criminal justice, economics, political science or psychology) outside sociology.

Three hours in the same modern language used to satisfy the University core curriculum requirement or three hours of communication (COMM 1303, 1313).

Core Courses 15 hours
SOC 1313 Principles of Sociology
SOC 2301 Statistics for the Behavioral Sciences
SOC 3301 Methods of Social Research
SOC 4333 Social Theory
SOC 4352 Social Inequality

Designated Electives 15 hours
Select 15 hours of sociology, of which at least nine hours must be advanced.

Other requirements for BA in Sociology:
Please be aware of the “Requirements for a Bachelor’s Degree” enumerated on pages 65-67. These include completion of a total of 124 hours of coursework, completion of a minor, and completion of a minimum of 51 hours of upper-level (3000/4000) coursework.

■ Minor in Sociology

Eighteen hours in sociology, of which nine hours must be advanced; must include the following:

SOC 1313 Principles of Sociology
SOC 4333 Social Theory or
SOC 4352 Social Inequality

◆ Course Descriptions

A listing of courses offered by the Department of Sociology can be found on page 324.
Undergraduate Course Descriptions
Every course at The University of Texas-Pan American is identified by a subject code with a maximum of four letters and a four-digit number that specifies the level and the number of hours of credit for the course.

Course numbers show both the collegiate level at which they are offered and the semester hour value of the course. The first digit shows the level and the second digit shows the credit hours. The last two digits are departmental designations. For example, SPAN 1301 is a Spanish course given in the freshman year that carries three hours of credit per semester. All undergraduate courses ending in the numbers 87 and 88 are honors courses.

For more information on course numbering, see pages 27-31. The subject codes listed below correspond to the following subjects and departments:

ACC 2329  Fundamentals of Managerial Accounting  [3-0]
(Texas Common Course Number is ACCT 2301.)
(fall, spring, summer)
This course discusses selected management accounting techniques consistent with contemporary management philosophies. Activity-based costing, cost of quality, cost classification, relationships and analysis, as well as short and long-term decision making are emphasized. Prerequisite: ACC 2421 with a grade of “C” or better.

ACC 2421  Introduction to Financial Accounting  [4-0]
(Texas Common Course Number is ACCT 2401.)
(fall, spring, summer)
The course discusses the accounting environment; the accounting model; business transaction analysis and financial statement preparation; financial statement analysis; accounting for assets, liabilities and owners’ equity in proprietorships and corporations. Mandatory lab, two hours per week. Prerequisites: MATH 1340 or MATH 1341 with a grade of “C” or better.

ACC 3300  Internship in Accounting  [3-0]
(fall, spring, summer)
This course is designed to give students an opportunity to gain real world experience in their chosen career field by working with a participating employing firm or organization. The students will be supervised by a faculty member acting as a liaison between the employing organization and the academic department to assure compliance with specific learning and experience requirements for the assignment. The employment can be either paid or unpaid, and must be at least 10 hours of work each week over the period of one academic term. Prerequisites: Upper-division standing and approval by both department chair and employer providing internship experience.

ACC 3320  Cost Accounting  [3-0]
(fall, spring, summer)
This course complements the coverage in ACC 2329, and focuses on product costing, cost allocation and budgeting techniques. Specifically, it emphasizes master and flexible budgets, and job order and process costing, joint cost allocation, and standard costing and analysis. Prerequisite: ACC 2329 with a grade of “C” or better.

ACC 3321  Intermediate Accounting I  [3-0]
(fall, spring, summer)
A study of the accounting process and financial statements, including a thorough examination of the procedures involved in financial statement presentation as well as the underlying theory; a detailed study of current assets and current liabilities. Prerequisite: ACC 2329 with a grade of “C” or better.

ACC 3322  Intermediate Accounting II  [3-0]
(fall, spring, summer)
Continuation of the examination of the accounting process with emphasis on non-current assets and liabilities including pensions and leases. Prerequisite: ACC 3321 with a grade of “C” or better.

ACC 3323  Individual Income Tax  [3-0]
(fall, spring)
This course provides an analysis of federal tax laws, with emphasis being placed on the determination of net taxable income and the preparation of income tax returns for individuals. Prerequisite: Junior standing.

ACC 3325  Fund Accounting  [3-0]
(spring)
The special features of fund accounting as applied to not-for-profit entities, municipalities, school districts and other governmental units. Prerequisite: ACC 2421 with a grade of “C” or better.

ACC 3326  Accounting Information Systems  [3-0]
(fall, spring, summer)
This course prepares the student to succeed in upper-level accounting and business courses that require computer use proficiency. It emphasizes the contemporary computer skills demanded of an accounting professional. It also solidifies the student’s knowledge of the accounting cycle and accounting controls. Prerequisite: ACC 2329.

ACC 3327  Fundamentals of Auditing  [3-0]
(fall, spring, summer)
A survey of auditing standards and procedures applied by public accountants and internal auditors in examining financial statements and verifying underlying data. The scope of this course includes elements of operational auditing. Prerequisite: ACC 3322 with a grade of “C” or better and credit or concurrent enrollment in ACC 3326 or CIS 3390.

ACC 3328  Quantitative Methods in Accounting  [3-0]
(fall or spring)
Topics include cost allocations, process costing with spoilage and scrap losses, decentralization, inventory control, mix-and-yield variance analysis and quantitative subject areas such as linear programming and regression analysis. Prerequisites: ACC 2329 and QUMT 2341 or QUMT 3343.

ACC 3329  Intermediate Accounting III  [3-0]
(fall, spring)
This course continues the examination of the accounting process with emphasis on equity accounts of corporations...
and partnerships; coverage also included accounting for income taxes, and comprehensive income. **Prerequisite: ACC 3322 with a grade of “C” or better.**

**ACC 3350 International Accounting** [3-0]
fall, spring
This course examines the similarities and differences between selected U.S. and International Accounting Standards. It also examines the effects of socio-economic and cultural factors on the development of accounting standards in different regions of the world. Finally, this course explores the role of IASB in the international standard setting process. **Prerequisites:** ACC 3321 and INTB 3330.

**ACC 4323 Contemporary Accounting Theory** [3-0]
fall or summer
A study of the theory and techniques of accounting for investments in the stock of other companies with emphasis on long-term investments with consolidated financial statements. **Prerequisite:** ACC 3322 with a grade of “C” or better.

**ACC 4327 Advanced Auditing (Auditing II)** [3-0]
fall, spring
This course embodies a study of selected standards of auditing with an emphasis on new topics in auditing, cases, reading and problems used to illustrate applications of auditing. Included are such topics as statistical sampling, auditing effects of EDP, internal auditing functions, operational auditing and work paper techniques. **Prerequisites:** ACC 3327 with a grade of “C” or better and QUMT 3342.

**ACC 4329 Corporate and Partnership Taxation** [3-0]
fall, spring
Comprehensive analysis of federal income tax consequences applicable to business entities. Tax law topics for regular Subchapter C and Subchapter S corporations and partnerships will be discussed. Multistate and international tax topics may also be covered. **Prerequisite:** ACC 3323 or consent of department.

**ACC 4330 Advanced Accounting I** [3-0]
fall, spring
A study of the theory and techniques of accounting for investments in the stock of other companies with emphasis on long-term investments with consolidated financial statements. **Prerequisite:** ACC 3322 with a grade of “C” or better.

**ACC 4331 Advanced Accounting II** [3-0]
fall, spring
A study of selected accounting topics. This course will have variable content and may be repeated for credit with consent of instructor. **Prerequisite:** ACC 3322 with a grade of “C” or better.

**ACC 4332 Advanced Income Tax Research** [3-0]
fall, spring
A course to acquaint the student with the organization of the Internal Revenue Service and its relation to practice, tax research techniques and ethical tax advice and reporting. **Prerequisite:** ACC 3323 or consent of department.

**ACC 4333 Estate and Gift Taxation** [3-0]
fall, spring
Topics related to estate, gift and trust taxation will be included. Integration of these taxes with income taxes and personal financial plans also will be explored. **Prerequisite:** ACC 3323 or consent of department.

**ANTH 1323 Introduction to Cultural Anthropology** [3-0]
fall, spring and as scheduled
An introduction to cultural anthropology. Major aspects of culture (social organization, economics, religion, etc.), cultural patterns and socio-cultural change are emphasized.

**ANTH 1324 Human Evolution** [3-0]
fall, spring
An introduction to human evolution, hominid morphology, human variation and prehistoric development. A survey of the biological and cultural evolution of human beings to the present.

**ANTH 1342 Introduction to Archaeology** [3-0]
fall, spring
General introduction to the field of archaeology. Emphasis on methods of data collection, analysis and a world review of major events in the development of past human civilizations. **Previous course number:** ANTH 2342. Credit may be received for only one course.

**ANTH 1353 Introduction to Folklore** [3-0]
fall and as scheduled
General introduction into the field of folklore data including collection, preservation, analysis and interpretation according to the main social science theories of folklore. Emphasis on folk music, narrative, drama, art, medicine and material culture. **Previous course number:** ANTH 2353. Credit may be received for only one course.

**ANTH 1354 The Anthropology of Expressive Culture** [3-0]
fall, spring and as scheduled
The examination of language of human expressive culture in a multicultural perspective. The course reviews such topics as human tradition, folkways, folk literature and poetry, folk drama, indigenous literature, architecture and religious expressions. The objective of this course is to expand the
student’s knowledge of the human condition and human cultures, especially in relation to behaviors, ideas and values articulated in the language of expressive behavior.

**ANTH 2323 Mexican-American Culture [3-0]**
*Fall and as scheduled*
An introduction to the culture and tradition of Mexican-Americans. The cultural history, organization of the family, traditions, lifestyle, kinship patterns, values and social organization of Chicano culture will be emphasized.

**ANTH 2401 Basic Statistics for Anthropologists [3-3]**
*Fall, spring and as scheduled*
A practical study of the procedures used in handling psychological and sociological data including descriptive statistics, central tendency, variation, correlation and inference. *Equivalent course*: may be counted as PSY 2401; a student may receive credit in only one course. *Prerequisites*: MATH 1340 and six hours from the following: ANTH 1323, ANTH 1324, ANTH 1342, PSY 1310.

**ANTH 3333 United States and Other World Cultures [3-0]**
*Fall, spring and as scheduled*
This course is concerned with the many aspects of human culture — including traditions, customs, folkways and religious beliefs — on local, national and worldwide levels. It explores topics ranging from roles and responsibilities within the family unit to the interaction of different cultures with their social and physical environment. As the course assesses important contributions of various past and present cultures, considerable emphasis is placed on similarities and differences between the United States and other world cultures. *Prerequisite*: Three hours from any of these areas: anthropology, economics, psychology or sociology, or consent of instructor.

**ANTH 3343 Museum Studies [3-0]**
*Fall, spring*
Provides students with practical, “hands-on” experience through active participation in museum work alongside museum professionals. While performing a variety of tasks, each student will receive instruction concerning key features common to all museums such as policies and procedures; artifact cataloging, care and conservation; exhibit preparation; and education programs and publicity. May be repeated for a total of six hours credit. *Prerequisite*: Six hours of anthropology or consent of instructor.

**ANTH 3344 Archive Studies [3-0]**
*Fall, spring*
Students gain practical, firsthand experience by actively working alongside professionals within a variety of archival situations. While working with collections as diverse as photographic archives, historic documents and newspapers and the computerized Rio Grande Valley Folklore Archive, each student will receive instruction in proper policies and procedures for the collection, study, cataloging and conservation of archive materials. May be repeated for a total of six hours credit. *Prerequisite*: Six hours of anthropology or consent of instructor.

**ANTH 3363 Archaeological Method and Theory [3-0]**
*Spring, even years*
Reviews major theoretical orientations from a historical perspective with an emphasis on current approaches. Examines major aspects of archaeological methodology including excavation and laboratory procedures, sampling strategy, dating techniques and floral and faunal analysis. *Prerequisite*: ANTH 1342 or consent of instructor.

**ANTH 3368 Peoples of South America [3-0]**
*Spring, even years*
A study of societies native to the South American continent from the time of the first Western contact to the present. Considerable emphasis is placed on their interactions with environments as diverse as the high Andes and the Amazon basin. *Prerequisite*: ANTH 1323 or consent of instructor.

**ANTH 3375 Mexican-American Folklore [3-0]**
*Spring, even years*
This course is designed to introduce Mexican-American folklore. The course includes the study of Chicano legends, folk tales, riddles, folk music, ballads and festivals. Students have the opportunity to learn how to collect and archive folklore materials. *Prerequisite*: ANTH 1353 or consent of instructor.

**ANTH 3380 Social Anthropology [3-0]**
*Fall, even years*
A cross-cultural review of kinship, economic and political organization. The course will review rules of marriage, descent groups, reciprocity, bands, tribes and chiefdoms, among other topics. *Prerequisites*: ANTH 1323 or ANTH 2323 or consent of instructor.

**ANTH 4302 Primate Behavior [3-0]**
*Spring, odd years*
A review of the behavior of selected representatives of the order primates, based upon research conducted both in the laboratory and in the field. In addition, students will collect and analyze data on a representative primate group at the Gladys Porter Zoo in Brownsville. *Equivalent course*: may be counted as PSY 4302; a student may receive credit for only one course. *Previous course number*: ANTH 3384; a student may receive credit for only one course. *Prerequisites*: PSY 1310 and PSY 3383, or ANTH 1324 or consent of instructor.

**ANTH 4345 Anthropological Theory and Methodology [3-0]**
*Spring, odd years*
Instruction in the methodology (interviewing, participant
observation, network analysis, etc.) and theoretical perspectives of anthropology. **Prerequisite:** Six hours of anthropology.

**ANTH 4348** Peoples and Cultures of Mexico  
**[3-0]**

*spring, odd years*

This course provides an introduction to the diverse peoples and cultures of Mexico and Central America. The traditions, beliefs and practices of different cultures will be examined through an emphasis on the ethnography and ethno-history of indigenous cultures of the region. **Prerequisite:** Six hours of anthropology or consent of instructor.

**ANTH 4350** Mexican-American Folk Medicine  
**[3-0]**

*as scheduled*

This course is concerned with popular medical traditions found among Mexicans and Mexican Americans. It identifies influences from European and Native American sources, and examines ongoing changes in the folk medical landscape. **Prerequisites:** ANTH 1323 or ANTH 2323 or ANTH 1353 or consent of instructor.

**ANTH 4353** Folklore of the Lower Rio Grande Valley  
**[3-0]**

*fall, even years on an arranged basis*

A field research approach to the folklore of the Valley. A review of the legends, fairy tales, ballads, proverbs, riddles and folklife of the Lower Rio Grande Valley. **Prerequisites:** ANTH 1353 or ANTH 3375 and consent of instructor.

**ANTH 4355** Psychology and Mythology  
**[3-0]**

*fall, odd years*

This course will study the impact and interrelationships of psychological thought and mythological theory. The impact of the theories of Freud, Adler, Jung, Levi-Strauss and others on mythology will be studied. **Equivalent course:** PSY 4355; a student may receive credit in only one course. **Prerequisite:** ANTH 1323, ANTH 1353, PSY 1310 or consent of instructor.

**ANTH 4365** Archaeology of South America  
**[3-0]**

*fall, odd years*

A study of the prehistory of South America, with an emphasis on the Andean area. Cultural development will be traced from the time of the first inhabitants through the Incas. The development of complex societies leading up to the Incas will be emphasized. **Prerequisite:** ANTH 1342 or consent of instructor.

**ANTH 4369** Archaeology of Mexico and Central America  
**[3-0]**

*fall, even years*

A study of the prehistory of Mexico and Central America beginning with the first cultures to inhabit the area and ending with the arrival of the Spanish. Major civilizations of the area, including the Olmecs, Mayas and Aztecs, will be emphasized. **Prerequisite:** ANTH 1342 or consent of instructor.

**ANTH 4373** The Archaeology of Ancient Egypt  
**[3-0]**

*spring*

A study of the prehistory and history of ancient Egypt from the time of the first inhabitants in the area to the arrival of the Romans. Emphasis will be placed on the architectural and artistic achievements of Egypt during the time of the pharaohs. Aspects of ancient Egyptian social classes and religious beliefs and practices will also be explored. **Prerequisite:** ANTH 1342 or consent of instructor.

**ANTH 4374** Archaeology of North America  
**[3-0]**

*spring, odd years*

A study of the prehistory of North America north of Mexico. The course deals with cultural development from the time of the initial peopling of the New World until the arrival of Columbus. Major cultural developments in the southwestern and eastern United States will be emphasized. **Prerequisite:** ANTH 1342 or consent of instructor.

**ANTH 4385** Topics in Anthropology  
**[3-0]**

*as arranged*

Topics are varied according to availability of faculty and student interest. Course can be repeated as topics change. **Prerequisites:** Six hours of anthropology and consent of instructor.

**ANTH 4395** Fieldwork in Anthropology  
**[3-0]**

*as arranged*

Students gain practical experience by participating in anthropological research projects that involve fieldwork. Each student will work closely with one or more professionals. This will enable students to receive both instruction about the specific topic under investigation and practical experience in applying appropriate field research methods. May be repeated for a total of nine hours credit as topics change. **Prerequisites:** Six hours of anthropology and consent of instructor.
ART 1301  Art Appreciation  [3-0]
(Texas Common Course Number is ARTS 1301.)
fall, spring, summer
Values and meanings in the visual arts. This is a general art lecture course concentrating on development and differences in artistic style.

ART 1311  Drawing I  [3-0]
(Texas Common Course Number is ARTS 1316.)
fall, spring, summer
Introduction to drawing, including work in a variety of drawing media. Basic concepts are explored. A minimum of three hours of outside assignments per week is required. §4 laboratory fee.

ART 1331  Design I  [3-0]
(Texas Common Course Number is ARTS 1311.)
fall, spring, summer
Principles of design and development of design structures on two-dimensional surfaces. A minimum of three hours of outside assignments per week is required. §4 laboratory fee.

ART 1332  Digital Typography  [3-0]
fall, spring
An introduction to the study of letterforms, their application in design and technical translation to computers. This course will utilize type as the basic material of graphic communications taking the place of image, design, illustration or photography to convey a message. The final project will cover font design by the manipulation of existing typefaces. Development of concept, content and execution is stressed. A minimum of three hours of outside assignments per week is required. §4 laboratory fee.

ART 2303  Jewelry/Metalworking I  [3-0]
(Texas Common Course Number is ARTS 2341.)
fall, spring
Instruction is given in the use of hand tools, metals handling and creative use of shop equipment. Emphasis is on creative artistic expression focusing on jewelry as a portable art form. Other materials are considered. A minimum of three hours of outside assignments per week is required. §4 laboratory fee.

ART 2312  Drawing II  [3-0]
(Texas Common Course Number is ARTS 2380.)
fall, spring
The human figure as expressive subject matter in drawing. A minimum of three hours of outside assignments per week is required. Prerequisite: ART 1311. §4 laboratory fee.

ART 2322  Painting II  [3-0]
(Texas Common Course Number is ARTS 2317.)
spring and as scheduled
An introduction to oil and/or acrylic painting techniques working from nature and the living model. Observation and interpretation are stressed. A minimum of three hours of outside assignments per week is required. Prerequisites: ART 1311 and ART 1331. §4 laboratory fee.

ART 2332  Design II  [3-0]
(Texas Common Course Number is ARTS 1312.)
spring, summer II
Three-dimensional design includes investigation into the phenomena existing in the three-dimensional arts. A variety of materials handling and creative methods for the purposes of creating a three-dimensional form are considered. A minimum of three hours of outside assignments per week is required. Prerequisite: ART 1331. §4 laboratory fee.

ART 2341  Sculpture I  [3-0]
(Texas Common Course Number is ARTS 2326.)
fall
Introductory course in sculptural concepts through basic sculptural media. A minimum of three hours of outside assignments per week is required. Prerequisite: ART 2332. §4 laboratory fee.

ART 2351  Art Survey I  [3-0]
(Texas Common Course Number is ARTS 1303.)
fall
Historical survey of art from Paleolithic through the Middle Ages.

ART 2352  Art Survey II  [3-0]
(Texas Common Course Number is ARTS 1304.)
spring
Historical survey of art from the Renaissance through modern times.

ART 2361  Printmaking I  [3-0]
(Texas Common Course Number is ARTS 2333.)
fall, spring
Introduction to printmaking as a means of personal expression and aesthetic communication. Relief printing in several forms, as well as mono-printing and silk screen printing will be emphasized. Other printmaking processes will be discussed. Prerequisites: ART 1311 and ART 1331. §4 laboratory fee.

ART 2371  Ceramics I  [3-0]
(Texas Common Course Number is ARTS 2346.)
fall, spring
Introduction to ceramic design concentrating on handbuilding. Some work with potter’s wheel, glazing and firing. A minimum of three hours of outside assignments per week is required. §4 laboratory fee.

The history of art photography is covered. Emphasis is on black and white processes. Students must provide own 35mm camera. A minimum of three hours outside work per week is required. **Prerequisite:** ART 1331. $4 laboratory fee.

**ART 3335** Computer Graphics  
*Fall, Spring*  
A study of the basic technology necessary for the use of the graphic computer for processing visual elements. Students will produce hands-on computer graphics in an interactive creative environment. A minimum of three hours of outside assignments per week is required. **Prerequisite:** ART 1331 or consent of instructor.

**ART 3336** Computer Graphics II  
*Fall, Spring*  
A continuation of the basic skills learned in computer graphics. Additional software is introduced, and emphasis will be on design production via the computer. **Prerequisite:** ART 3335.

**ART 3341** Sculpture II  
*Fall, Spring*  
Emphasis on individual development. Consideration of additional mediums for sculptural expression. A minimum of three hours per week of outside class work. **Prerequisite:** ART 2341. $4 laboratory fee.

**ART 3352** Contemporary Art  
*Every third non-summer semester*  
Art history from the 19th Century in Europe to the present. Development and growth of today's arts and aesthetics. **Prerequisites:** ART 2351 and ART 2352.

**ART 3353** Art of the Ancient World  
*Every third non-summer semester*  
An in-depth historical study of art styles from 5000 B.C. to 325 A.D. **Prerequisites:** ART 2351 and ART 2352.

**ART 3354** Renaissance and Baroque Art  
*Every third non-summer semester*  
This is an in-depth survey of the painting, sculpture, architecture and graphics of the Renaissance and Baroque periods. Focus will be on the artists, techniques and media and on social, historical and religious influences that affected the art of the 15th, 16th, 17th and 18th centuries in Europe.

**ART 3361** Printmaking II  
*Spring*  
Work in the lithographic printmaking process. Emphasis on the planographic system of producing multiple images within the framework of the printmaking process. **Prerequisite:** ART 2361. $4 laboratory fee.

**ART 3362** Printmaking III  
*Fall, Spring*  
Introduction to intaglio printmaking process. The student will
learn etching and drypoint technique, along with the use of different ground. A minimum of three hours outside work per week is required. **Prerequisite:** ART 2361. $4 laboratory fee.

**ART 3371 Ceramics II**  
(Texas Common Course Number is ARTS 2347.)  
_fall, spring, summer_  
Emphasis on basic wheel-thrown shapes and introduction to glaze calculation. A minimum of three hours outside assignments per week is required. **Prerequisite:** ART 2371. $4 laboratory fee.

**ART 3372 Ceramics III**  
_fall, spring, summer_  
Advanced studio problems in ceramics. A minimum of three hours outside assignments per week is required. **Prerequisite:** ART 3371. $4 laboratory fee.

**ART 3381 Perception and Expression in Art I**  
_fall, spring, summer_  
A course designed to strengthen visual perception and divergent thinking through visual and conceptual stimuli with primary emphasis on studio activities. **Prerequisite:** Junior standing.

**ART 3382 Perception and Expression in Art II**  
_spring and as scheduled_  
Emphasis on further in-depth studio development. **Prerequisite:** ART 3381 or permission of instructor. Recommended for certification requirements.

**ART 3383 Creative and Critical Thinking**  
_fall_  
The course offers discussion and exercises in synectics, brainstorming and analytical thinking. A topology of creative behavior development is presented along with spatial exercises. Mini-workshops dealing with studio areas not regularly taught at this campus are offered. This may include serigraphy, fiber, textiles, photography and collograph. **Prerequisite for student teaching:** Junior standing. **Prerequisite:** Junior standing.

**ART 4193 Senior Exhibit**  
_fall, spring_  
A one- or two-person studio show. **Prerequisite:** Senior standing.

**ART 4303 Jewelry/Metalworking IV**  
as scheduled  
Personal development in metals/jewelry. A minimum of three hours outside assignments per week is required. **Prerequisite:** Senior standing. **Prerequisite:** ART 4302. $4 laboratory fee.

**ART 4311 Advanced Drawing**  
as scheduled  
Topics covered include pastel portraiture, advanced figure drawing and other advanced drawing problems. (May be repeated for a total of 12 hours credit.) A minimum of three hours of outside assignments per week is required. **Prerequisites:** ART 1311 and ART 2312, or consent of instructor. $4 laboratory fee.

**ART 4321 Painting IV**  
as scheduled  
Advanced study in painting. A minimum of three hours outside work is required. (May be repeated for a total of 12 hours credit.) **Prerequisite:** ART 3321. $4 laboratory fee.

**ART 4333 Graphic Design I**  
spring  
A systematic approach to design problem solving, with a series of studio assignments and critiques relating directly to two- and three-dimensional graphic design. The course offers the opportunity to develop creative and technical ability by the production of professional assignments. A minimum of three hours outside assignments per week is required. **Prerequisite:** ART 3333. $4 laboratory fee.

**ART 4334 Graphic Design II**  
_fall_  
A series of advanced problems and intensive critiques relating to graphic design to condition students to think in terms of "client-designer" relationships in simulated working conditions. Assignments criticized by professional standards will ideally result in portfolio pieces. A minimum of three hours outside assignments per week is required. **Prerequisite:** ART 4333. $4 laboratory fee.

**ART 4336 Multimedia Production and Design**  
as scheduled  
An introduction to basic hardware/software tools needed to design and create multimedia productions. Skills taught include program logic and problem solving techniques within the context of an authoring tool. Extensive use is made of flow charts, 2-D/3-D animation, motion graphics and storyboarding to create Web and CD-ROM multimedia products. **Prerequisites:** ART 1332, 3336, 4337, 4338.

**ART 4337 Digital Photography**  
_fall, spring_  
An introduction to the study of digital image processing using Adobe Photoshop as an editing tool, linking the Kodak digital camera directly to the small portfolio of computer-printed photographs addressing both the technical and aesthetic issues of this medium. A minimum of three hours of outside assignments per week is required.
ART 4338 Web Page Design [3-0]   
summer  
Learning current Web page design software, students will design actual Web pages using a variety of electronic effects. The course will focus on the design possibilities. A minimum of three hours of outside assignments per week is required. 
Prerequisites: 24 hours of art completed. $4 laboratory fee.  

ART 4339 Portfolio [3-0]   
fall, spring  
This course focuses on the compiling of the professional portfolio. Students will prepare and organize work into a presentable dossier for use in their future graphic design career. A minimum of three hours of outside assignments per week is required. 
Prerequisite: Senior-level standing. $4 laboratory fee.  

ART 4341 Sculpture III [3-0]   
fall, spring  
Continuation of the student's personal direction in sculpture. A minimum of three hours outside work per week is required. (May be repeated for a total of 12 hours credit.) 
Prerequisite: ART 3341. $4 laboratory fee.  

ART 4351 Latin American Art: Pre-Conquest [3-0]   
fall  
An in-depth historical study of the arts of Mexico, Central America and South America prior to the Spanish Conquest. 
Prerequisite: Junior standing.  

ART 4352 Latin American Art: Post-Conquest [3-0]   
spring  
Mexican art under the Spanish influence is discussed from the Colonial period to the present. 
Prerequisite: Junior standing.  

ART 4361 Printmaking IV [3-0]   
fall, spring  
This course will provide the student with more advanced printmaking processes. The student may pursue previously learned processes in greater depth, or may pursue more experimental directions. This course may be repeated for 12 hours credit. 
Prerequisite: ART 2361. $4 laboratory fee.  

ART 4371 Ceramics IV [3-0]   
fall, spring  
Continuation of Ceramics III. Student is expected to be involved in a personal direction in the use of clay/glaze. May be repeated for a total of 12 hours credit. A minimum of three hours of outside assignments per week is required. 
Prerequisite: ART 3372. $4 laboratory fee.  

ART 4383 Art Curriculum [3-0]   
spring  
This course reviews structures of art curriculum at the secondary level. Students will design an art curriculum for the class. There will be an emphasis on curriculum implementation. 
Prerequisite: Senior standing.  

ART 4391 Individual Problems/Internship/Co-op [3-0]   
fall, spring, summer  
Advanced problems in an art area of the student's choice and/or internship with an art professional in the field of interest. (May be repeated for a total of 12 hours of credit.) 
Prerequisites: senior standing (for Internship/Co-Op); all courses in the area chosen.  

ASTR 1401 General Astronomy [3-3]   
(Texas Common Course Number is PHYS 1411.)   
fall  
A study of basic concepts in astronomy and of the solar system. Telescopes and other instruments, including the planetarium, are used as an integral part of the course. $4 laboratory fee.  

ASTR 1402 General Astronomy [3-3]   
(Texas Common Course Number is PHYS 1412.)   
spring  
A study of the stellar universe. Telescopes and other instruments, including the planetarium, are used as an integral part of the course. 
Prerequisite: ASTR 1401. $4 laboratory fee.  

BIBL 1310 Old Testament Survey [3-0]   
as scheduled  
A survey of the history and literature of the Old Testament. Particular emphasis is placed upon the teachings concerning God, man, salvation and social relations; especially those teachings that deal with the preparation for the coming of Christ.  

BIBL 1311 New Testament Survey [3-0]   
as scheduled  
A brief survey of the Christian movement in the Mediterranean
world during the first Century, the life of Christ, the beginning of the Christian church, the life and letters of Paul and the general development of the New Testament as considered from the historical viewpoint.

**Biology**

**BIOL 1401 General Biology I**  
(Texas Common Course Number is BIOL 1411.)  
fall, spring, summer  
A study of the basic principles of biology. Topics will include biological chemistry, cell structure and function, photosynthesis and respiration, DNA structure and function, mitosis, meiosis, Mendelian genetics and evolution. Credit Restriction: Credit may be received in only one of BIOL 1401 or BIOL 1487. $3 laboratory fee.

**BIOL 1402 General Biology II**  
(Texas Common Course Number is BIOL 2401.)  
fall, spring, summer  
A continuation of Biology 1401. Topics include evolution and diversity of prokaryotes invertebrate and vertebrate animals; mechanisms of support and movement, digestion and nutrition, respiration, circulation, homeostasis, hormonal control, nervous control, sexual reproduction, development, behavior and ecology. Credit Restriction: Credit may be received in only one of BIOL 1402 or BIOL 1488. Prerequisite: BIOL 1401. $3 laboratory fee.

**BIOL 1487 Honors Biology**  
fall  
An accelerated study of the basic principles of biology. Topics covered include cellular biology, photosynthesis, respiration, protein synthesis, cellular reproduction, genetics and microbial genetics. Open to students enrolled in the Honors Studies Program or by consent of instructor. Credit Restriction: Credit may be received in only one of BIOL 1401 or BIOL 1487. $3 laboratory fee.

**BIOL 1488 Honors Biology**  
spring  
An accelerated study of the basic concepts of biology. Topics covered include reproduction and development, digestion and nutrition, transport, homeostasis, the nervous system, ecology and evolution. Open to students enrolled in the Honors Studies Program or by consent of instructor. Credit Restriction: Credit may be received in only one of BIOL 1402 or BIOL 1488. $3 laboratory fee.

**BIOL 2201 Special Problems in Biology**  
as scheduled  
Study of special topics in biology for freshman- and sophomore-level students. The course will involve the independent study of a specific problem through conferences and activities directed by the instructor. Student must receive approval of instructor for study of specific problem prior to registration.

**BIOL 2305 Environmental Biology**  
as scheduled  
A consideration of the biological problems of population expansion, environmental destruction and resource conservation as they relate to man's past, present and future. $3 laboratory fee.

**BIOL 2401 Vertebrate Zoology**  
as scheduled  
A basic introductory course dealing with fundamental biological principles and concepts. Designed to acquaint the student with structure, physiology and life histories of representative vertebrate types. Prerequisite: BIOL 1401. $4 laboratory fee.

**BIOL 2402 Comparative Vertebrate Anatomy**  
(Texas Common Course Number is BIOL 2428.)  
as scheduled  
Comparative studies of the morphological, embryological and physiological relationships among vertebrates, with inclusion of histological and paleontological information. Prerequisite: Consent of instructor. $5 laboratory fee.

**BIOL 2403 Anatomy and Physiology I**  
(Texas Common Course Number is BIOL 2401.)  
fall, spring, summer  
A study of the structure and function of the human body including cells, tissues and organs of the following systems: integumentary, skeletal, muscular, nervous system and special senses. Prerequisite: Consent of instructor. $4 laboratory fee.
BIOL 2404 Anatomy and Physiology II  [3-3]
(Texas Common Course Number is 2402.)
fall, spring, summer
A continuation of BIOL 2403. Includes endocrine, circulatory, respiratory, digestive, urinary and reproductive systems. Other topics include metabolism, acid-base balance, development and heredity. Prerequisite: BIOL 2403. $4 laboratory fee.

BIOL 3301 Biological Evolution  [3-0]
as scheduled
Genetic, ecological and paleontological aspects of evolution. Includes review of evolutionary history and thought, species concepts, speciation, and other evolutionary processes. Emphasis is on evolutionary mechanisms. Prerequisites: BIOL 1401 and BIOL 1402, or consent of instructor.

BIOL 3302 Biological Writing  [3-0]
fall, spring
Describes, analyzes, critiques and applies the biological writing styles. Writing topics include vitas, professional letters, research/laboratory reports and research proposals. Also focuses on manuscript editing, literature searches and referencing, reviewing published research papers, and data analysis and interpretation.

BIOL 3310 Neurobiology  [3-0]
as scheduled
Studies of nervous systems. Topics range from physiology of single neurons to neural bases of behavior in intact animals. This course emphasizes comparative methods, with examples drawn from a wide range of invertebrates and vertebrates. Prerequisite: BIOL 2403 or 3411.

BIOL 3401 General Microbiology  [3-3]
fall, spring
A general survey of the field of microbiology with emphasis on bacteria. Topics will include structure, growth, reproduction, metabolism, genetics and taxonomy of bacteria; a general survey of fungi, algae, protozoa and viruses and microbiology of soil, water, foods and industry. Laboratory work will include staining, growing, biochemistry, characterization and control of bacteria with a general survey of other microorganisms. Prerequisites: BIOL 1401 and BIOL 1402; CHEM 1301, CHEM 1101, CHEM 1302 and CHEM 1102. $4 laboratory fee.

BIOL 3403 Medical Microbiology and Immunology  [3-3]
spring
A study of microorganisms that cause disease and immune responses of the host to these pathogens. Emphasis will be on principles of immunology and selected infectious disease processes. Laboratory exercises will include a study of basic serologic procedures and cultural characteristics of related pathogenic microorganisms. Prerequisite: BIOL 3401. $4 laboratory fee.

BIOL 3405 Histology  [3-3]
as scheduled
Lectures will place major emphasis on the structure and function of major tissue types and their cellular components. The laboratory will provide an opportunity for firsthand experience in examining the microscopic structure of the major tissue types and their relationships in organ structure. Prerequisites: Twelve hours of biology including four hours from BIOL 2401, BIOL 2402 or BIOL 2403. $4 laboratory fee.

BIOL 3407 Comparative Embryology  [3-3]
as scheduled
Developmental studies from the zygote through embryological stages (chiefly concerned with amphibians, birds and mammals). Prerequisites: nine hours of biology, including four hours from BIOL 2401, BIOL 2402 or BIOL 2403. BIOL 3413 recommended. $4 laboratory fee.

BIOL 3408 Plant Morphology  [3-3]
as scheduled
A study of the morphology, development and relationships of fungi, algae, liverworts, mosses, ferns, gymnosperms and angiosperms. Particular attention is given to the evolution of these groups. Prerequisite: nine hours of biology, including BIOL 1402. $4 laboratory fee.

BIOL 3409 Ecology  [3-3]
fall, spring
A study of the basic environmental factors affecting plants and animals, and their relation to economic and conservation problems. Fieldwork. Prerequisite: Twelve hours of biology. $4 laboratory fee.

BIOL 3410 A Survey of the Plant Kingdom  [3-3]
as scheduled
A study of the anatomy and physiology of plants, based on the study of higher plants, together with a correlative and comparative survey of the plant kingdom. Emphasis will be placed on the development and reproduction of plants and their relationships to man. $4 laboratory fee.

BIOL 3411 Mammalian Physiology  [3-3]
as scheduled
A survey of the physiological mechanisms of the organs and organ systems of mammals with emphasis on man. The laboratory will provide experiences with modern techniques. Topics will include muscle, nerve, digestive, urinary, respiratory, circulatory and reproductive systems. Prerequisites: Twelve hours of biology, including four hours from BIOL 2401, BIOL 2402 or BIOL 2403 and eight hours of chemistry. $5 laboratory fee.

BIOL 3412 Cell Biology  [3-3]
as scheduled
A study of cell structure and function with emphasis on bioenergetics, membranes, genes and genetic control, cell
division and its regulation and cellular differentiation. 
Prerequisites: BIOL 1401 and BIOL 1402; CHEM 2102 and CHEM 2302. $4 laboratory fee.

**BIOL 3413 Genetics**  
[3-3]  
fall, spring  
Introductory lectures and laboratories in classical genetics. Topics will include Mendelian genetics, cell mechanics, sex determination, sex linkage, DNA structure and function, genetic linkage, crossing over, gene mapping, mutation, regulation of gene expression, chromosomal variations, population genetics and evolution. Prerequisites: BIOL 1401 and BIOL 1402; CHEM 1301, CHEM 1101, CHEM 1302 and CHEM 1102. $5 laboratory fee.

**BIOL 3414 Invertebrate Zoology**  
[3-3]  
fall  
Study of the comparative morphology, evolution, systematics and natural history of the invertebrates. Recommended as a preparatory course for BIOL 4402, BIOL 4407, BIOL 4415 and BIOL 5316. Prerequisites: six hours of biology and junior standing. $4 laboratory fee.

**BIOL 3415 Introduction to Molecular Biology**  
[3-3]  
as scheduled  
An introduction to the structure and function of biological macromolecules. Topics include structure of nucleic acids and proteins, DNA replication and repair, transcription, translation, bacteriophages, mobile genetic elements, genetic engineering and gene regulation. Prerequisites: BIOL 1401 and BIOL 1402; CHEM 1301, CHEM 1101, CHEM 1302 and CHEM 1102.

**BIOL 4100 Biology Seminar**  
[1-0]  
fall, spring  
A study of current biological literature and the discussion of research in progress. Required of all biology majors in their senior year; open to non-majors only by permission.

**BIOL 4201 Biology Problems I**  
[1-2]  
as scheduled  
A course adapted to the study of special topics in biology. For advanced students capable of developing a problem independently through conference and activities directed by the instructor. The problem is chosen by the student with the approval of the instructor prior to registration. This course is a prerequisite for BIOL 4202. This course may be repeated up to four times.

**BIOL 4202 Biology Problems II**  
[1-2]  
as scheduled  
A course adapted to the study of special topics in biology and a continuation of BIOL 4201. For advanced students capable of developing a problem independently through conference and activities directed by the instructor. The problem is chosen by the student with the approval of the instructor prior to registration. Prerequisite: BIOL 4201. This course may be repeated up to four times for credit.

**BIOL 4303 Mammalogy**  
[2-3]  
spring  
A study of anatomy, evolution, distribution, systematics, ecology and physiology of mammals of North America, with special emphasis on local forms. Prerequisite: nine hours of biology. $4 laboratory fee.

**BIOL 4304 Ichthyology**  
[2-3]  
fall  
A study of ecology, distribution, adaptations, physiology, systematics and evolution of freshwater and marine fishes, with an emphasis on local forms. Laboratories will stress identification and other practical applications of modern ichthyological techniques. Prerequisite: nine hours of biology. $4 laboratory fee.

**BIOL 4309 Herpetology**  
[2-3]  
fall  
A study of the anatomy, evolution, distribution, systematics, ecology and physiology of amphibians and reptiles, primarily of North American species, with special emphasis on local forms. Prerequisites: Eight hours of introductory biology (1400-level) and BIOL 2401 or BIOL 2402. $4 laboratory fee.

**BIOL 4311 Ecological Physiology**  
[2-3]  
as scheduled  
A comparative study of the physiological adaptations of vertebrate animals to their environments. Emphasis is placed on the physiological basis of animal distribution and evolution. Prerequisite: Twelve hours of biology, including BIOL 2401 or BIOL 2402. $4 laboratory fee.

**BIOL 4314 Plant Taxonomy**  
[2-3]  
as scheduled  
Identification of vascular plants, with emphasis on native flowering plants. Prerequisite: Nine hours of biology, including BIOL 1402. $4 laboratory fee.
Course Descriptions

BIOL 4315  Inquiry-Based Science and Laboratory Techniques  [2-3]
_as scheduled_
Designed for students interested in teaching secondary life sciences to provide additional preparation and skills to become an effective high school life sciences teacher. The course will emphasize the inquiry-based approach to science and cover mechanisms to apply this approach in lecture, lab and in assessment of content. _Prerequisite:_ Students should enroll in the course during the semester in which they are finishing degree plan coursework and prior to the internship. Consent of instructor required.

BIOL 4402  Marine Zoology  [3-3]
_summer_
A study of the common marine animals, especially invertebrates in coastal waters. Particular attention is given to structural and physiological relationships. Strenuous field work required. Students must provide their own transportation to and from South Padre Island or other field trip sites. _Prerequisites:_ Nine hours of biology (BIOL 3414 recommended) and junior standing. $4 laboratory fee.

BIOL 4403  Introduction to Remote Sensing Technology  [3-3]
_spring_
This course provides training in the use of electromagnetic radiation for monitoring environmental conditions and resources. Emphasis will be placed on the operation of various remote sensors, collection of analog and digital data, and use of computer software for image processing, interpretation and integration of imagery into geographic information systems. _Prerequisite:_ Consent of instructor.

BIOL 4404  General Virology  [3-3]
This is a comprehensive course covering aspects of human, animal and plant virology. The course emphasizes current research on the genome and replication of viruses, functions and regulations of viral genes, molecular mechanisms of virus-host and virus-vector interactions and novel molecular control strategies. The course will also cover prions and several sub-viral pathogens including viroids, virusoids and satellite RNA. _Prerequisite:_ BIOL 3401. $10 laboratory fee.

BIOL 4405  Plant Physiology  [3-3]
_as scheduled_
An introduction of the basic principles of the physiology, growth and development of plants. _Prerequisite:_ Six hours of biology. $5 laboratory fee.

BIOL 4406  Mycology  [3-3]
_as scheduled_
This course will provide training in the following areas: fungal morphology and taxonomy, structure and function relationships, physiology and genetics, molecular biology, parasitism of animals and plants, applied and environmental mycology. _Prerequisites:_ BIOL 1401 and 1402; BIOL 3401, 3412 or 3413. $5 laboratory fee.

BIOL 4407  Animal Parasitology  [3-3]
_spring_
Introduction to study of parasitic protozoa and worms (especially trematodes, cestodes, nematodes and acanthocephala). _Prerequisites:_ Nine hours of biology, including four hours from BIOL 2401, BIOL 2402, BIOL 2403 or BIOL 3414, and junior standing. $4 laboratory fee.

BIOL 4408  Plant Pathology  [3-3]
_as scheduled_
An introductory course on the causes, nature and control of plant diseases. Emphasis will be given to diseases of plants of economic importance. _Prerequisite:_ Six hours of biology. $4 laboratory fee.

BIOL 4410  Marine Botany  [3-3]
_as scheduled_
A study of the common local marine flora including microscopic and macroscopic algae, sea grasses and terrestrial angiosperms. Students are expected to furnish their own transportation to field laboratory sessions at South Padre Island. _Prerequisite:_ Nine hours of biology, including BIOL 1402. $4 laboratory fee.

BIOL 4412  Ornithology  [3-3]
_as scheduled_
Principles of avian classification, morphology and ecology, including migration, distribution and relationships to man. Fieldwork. _Prerequisite:_ Nine hours of biology, including four hours from BIOL 2401, BIOL 2402 or BIOL 2403. $4 laboratory fee.

BIOL 4415  Entomology  [3-3]
_spring_
An introduction to the study of insects and other arthropods of agricultural, medical and veterinary importance. Includes basic insect morphology, physiology, classification and pest management. Laboratory consists of insect identification supported by field trips. _Prerequisite:_ BIOL 3414. $5 laboratory fee.

BIOL 4416  Environmental Toxicology  [3-3]
_fall_
A survey of interaction of environmental pollutants with living systems. Laboratory consists of toxicological evaluation of selected environmental chemicals. _Prerequisites:_ BIOL 3412 and six hours of organic chemistry or biochemistry. $5 laboratory fee.

BIOL 4417  Bacterial Genetics  [3-3]
This course will cover bacterial genetics from both classical and molecular perspectives. Topics will include transcription, translation, mutagenesis, transduction, transformation, conjugation and transposition. The lab will include
techniques related to those topics, and will include Northern blotting, DNA sequencing and the polymerase chain reaction. **Prerequisites:** BIOL 1401 and BIOL 1402, CHEM 1301, CHEM 1101, CHEM 1302, CHEM 1102 and BIOL 3415. BIOL 3401 recommended. $20 laboratory fee.

**BIOL 4418 Electron Microscopy** [3-3]
This course will provide an opportunity to learn scanning and transmission electron microscopy. Topics include the principles of electron microscopes, cell ultrastructure, specimen preparation, microtomy, immunocytochemistry, operation of electron microscopes, darkroom techniques and graphic arts. **Prerequisites:** BIOL 1401 and 1402, CHEM 1301 and 1101, and two hours computer literacy.

**BIOL 4419 Aquatic Entomology** [3-3]
This course will cover the identification, taxonomy and ecology of aquatic insects. Emphasis will be on local aquatic environments. Laboratories will consist of field trips and identification of specimens. This course replaces BIOL 4414 and cannot be taken for credit if BIOL 4414 has already been taken. **Prerequisites:** Nine hours of biology, including BIOL 1402. $20 laboratory fee.

**BIOL 4420 Biotechnology** [3-3]
as scheduled
This course will utilize the computational methods, online databases and Internet resources present in the biological sciences and apply them to answer questions in biology ranging from organism development to human disease. The laboratory portion of the class will be computer and Internet-based. Students will explore online database resources to answer questions in a wide variety of areas relating to cellular and molecular biology. **Prerequisites:** BIOL 1401 and 1402.

**BIOL 4422 Neurobiology Methods** [2-6]
as scheduled
An intensive introduction for studying neural anatomy and physiology, including staining, labeling and extracellular and intracellular recording. Invertebrates are used as subjects. **Prerequisites:** consent of instructor and BIOL 3310.

---

**Chemistry**

**CHEM 1101 General Chemistry Lab I** [0-3]
fall, spring
An introduction to basic laboratory techniques using experiments to understand chemical concepts of reactions, stoichiometry and titrations. **Prerequisite:** CHEM 1301; can be taken concurrently with CHEM 1301. $4 laboratory fee.

**CHEM 1102 General Chemistry Lab II** [0-3]
fall, spring
A continuation of CHEM 1101 using more advanced laboratory techniques such as volumetric, gravimetric and spectrophotometric methods of analysis, and qualitative inorganic analysis to reinforce topics covered in CHEM 1302.

<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 1300</td>
<td>Introductory Chemistry</td>
<td>[3-0]</td>
<td>Designed for students with little or no chemistry background. It introduces basic vocabulary, fundamentals of chemical mathematics, scientific laws, chemical formulas and equations. This course will not satisfy a laboratory science requirement.</td>
</tr>
<tr>
<td>CHEM 1301</td>
<td>General Chemistry I</td>
<td>[3-0]</td>
<td>(Texas Common Course Number is CHEM 1411.) Fundamentals of atomic structure, electronic structure and periodic table, nomenclature, the stoichiometry reactions, gas laws, thermochemistry, chemical bonding, and structure and geometry of molecules. Prerequisite: CHEM 1300 or one year of high school chemistry.</td>
</tr>
<tr>
<td>CHEM 1302</td>
<td>General Chemistry II</td>
<td>[3-0]</td>
<td>(Texas Common Course Number is CHEM 1412.) This course presents the properties of liquids and solids, solutions' acid-base theory, chemical kinetics, equilibrium, chemical thermodynamics, electrochemistry, nuclear chemistry and representative organic compounds. Prerequisite: CHEM 1301.</td>
</tr>
<tr>
<td>CHEM 2101</td>
<td>Analytical Chemistry Lab</td>
<td>[0-3]</td>
<td>A laboratory hands-on experience in quantitative inorganic analytical methods including gravimetric, titrimetric, colorimetric and electroanalytical methods. Prerequisite/co-requisite: CHEM 2301.</td>
</tr>
<tr>
<td>CHEM 2102</td>
<td>Organic Chemistry Lab I</td>
<td>[0-3]</td>
<td>An introduction to organic synthesis. Fundamental techniques such as crystallization, distillation, extraction and chromatography are discussed and applied to the preparation of organic compounds. Prerequisite: CHEM 2302; can be taken concurrently with CHEM 2302. $4 laboratory fee.</td>
</tr>
<tr>
<td>CHEM 2103</td>
<td>Organic Chemistry Lab II</td>
<td>[0-3]</td>
<td>Syntheses are more advanced, with greater emphasis on aromatic compounds. Grignard and diazonium salt preparations are included. Compounds are characterized by spectroscopic techniques. Prerequisite: CHEM 2102. $4 laboratory fee.</td>
</tr>
<tr>
<td>CHEM 2301</td>
<td>Analytical Chemistry</td>
<td>[3-0]</td>
<td>An introduction to principles of quantitative inorganic analytical methods including gravimetric, titrimetric, colorimetric and electroanalytical methods. Prerequisite: CHEM 1302.</td>
</tr>
<tr>
<td>CHEM 2303</td>
<td>Organic Chemistry II</td>
<td>[3-0]</td>
<td>This course is a continuation of CHEM 2302 and includes an introduction to aromaticity and aromatic compounds. The study of functional groups and the mechanisms of their reactions is continued. Physical methods of structure determination: UV-Vis, IR and NMR. Prerequisite: CHEM 2302.</td>
</tr>
<tr>
<td>CHEM 3103</td>
<td>Biochemistry Lab</td>
<td>[0-3]</td>
<td>Introduction to the application of various techniques such as column chromatography, electrophoresis to study macromolecules such as protein estimation, enzyme kinetics and chemistry of carbohydrate, lipids and nucleic acids. Prerequisite: CHEM 3303; can be taken concurrently with CHEM 3303. $4 laboratory fee.</td>
</tr>
<tr>
<td>CHEM 3104</td>
<td>Physical Chemistry Lab I</td>
<td>[0-3]</td>
<td>Experiments are designed to demonstrate and reinforce the concepts developed in physical chemistry lectures. Emphasis is given to error analysis and statistical treatment of data. Prerequisite: CHEM 3304; can be taken concurrently with CHEM 3304. $4 laboratory fee.</td>
</tr>
<tr>
<td>CHEM 3105</td>
<td>Physical Chemistry Lab II</td>
<td>[0-3]</td>
<td>This course is a continuation of CHEM 3104. Experiments are performed to reinforce concepts in quantum mechanics, spectroscopy and chemical kinetics. Prerequisite: CHEM 3305; can be taken concurrently with CHEM 3305. $4 laboratory fee.</td>
</tr>
<tr>
<td>CHEM 3202</td>
<td>Inorganic Chemistry Lab</td>
<td>[1-3]</td>
<td>Microscale synthesis and characterization of inorganic, organometallic, coordination and bioinorganic compounds employing advanced laboratory techniques. Prerequisite: CHEM 3301; can be taken concurrently with CHEM 3301. $4 laboratory fee.</td>
</tr>
<tr>
<td>CHEM 3301</td>
<td>Inorganic Chemistry</td>
<td>[3-0]</td>
<td>A descriptive study of modern topics in inorganic chemistry that includes periodicity, acid-base theories, structure, bonding and reactivity of inorganic compounds, and chemistry of nontransition elements and their compounds.</td>
</tr>
</tbody>
</table>
(Writing intensive.) Prerequisite: Twelve hours of chemistry, including CHEM 2302.

**CHEM 3303 Biochemistry [3-0]**
fall, spring
A discussion of the structural and functional viewpoint of biological macromolecules including proteins, carbohydrates and nucleic acids and the techniques used in their study. The course material will also include study of energy yielding metabolic pathways such as glycolysis, the Krebs cycle, fatty acid oxidation and oxidative phosphorylation. Prerequisite: CHEM 2302.

**CHEM 3304 Physical Chemistry I [3-0]**
fall
An introduction to the properties of gases, the kinetic molecular theory and the study of thermodynamics, including an in-depth coverage of the first, second and third laws of thermodynamics and equilibrium. Statistical mechanics is used in the development of energy related concepts. Prerequisites: MATH 1401, MATH 1402 and 12 hours of chemistry.

**CHEM 3305 Physical Chemistry II [3-0]**
spring
The second half of physical chemistry investigates concepts in quantum mechanics, group theory and symmetry and spectroscopy. Studies of chemical kinetics and electrochemistry are also included. Prerequisite: CHEM 3304.

**CHEM 3306 Polymer Science and Engineering [3-0]**
fall
A general introduction to the theories and industrial practices for polymeric materials. The course includes synthesis, physical characterization and structure-property relationships of polymers. Emphasis is given to industrially important polymers as materials. Prerequisite: CHEM 1302.

**CHEM 4101 Chemistry Seminar [1-0]**
fall, spring
An introduction to the use of current chemical literature and periodicals. Each student is expected to conduct an in-depth study of a chemical topic that will serve as a basis for a presentation in a seminar. Required of all chemistry majors. Prerequisite: Chemistry major with senior standing or consent of instructor.

**CHEM 4104 Instrumental Analysis Lab [0-3]**
spring
A laboratory hands-on experience in instrumental analysis. Includes application of modern instrumentation and scientific software in solving analytical problems. Prerequisite/co-requisite: CHEM 4304.

**CHEM 4201 Chemistry Problems I [0-2]**
fall, spring
A course adapted to the study of special topics in chemistry through research. Students are allowed to select the research problem through individual conferences with faculty members, who develop one- or two-semester research projects for the course. Students must have the approval of the instructor prior to registration. Prerequisite: Chemistry major with junior standing or consent of instructor. $4 laboratory fee.

**CHEM 4202 Chemistry Problems II [0-2]**
fall, spring
A continuation of CHEM 4201. Prerequisite: CHEM 4201. $4 laboratory fee.

**CHEM 4301 Advanced Inorganic Chemistry [3-0]**
fall
Study of nomenclature, structure and reactivity of coordination compounds, Ligand field theory and chemistry of transition elements.

**CHEM 4302 Advanced Biochemistry [3-0]**
fall, spring
The course is a continuation of CHEM 3303. This course reviews the mechanisms of biosynthesis of macromolecules, particularly amino acids, proteins, fatty acids, lipids, polysaccharides, purines, pyrimidines and nucleic acids. Emphasis will be given to how these processes are controlled and integrated with the metabolism of the cell and molecular basis of disorders related to intermediary metabolism. Prerequisites: CHEM 3103 and CHEM 3303.

**CHEM 4303 Advanced Organic Chemistry [3-0]**
fall
The course describes the advanced organic synthetic methods and mechanisms and illustrations of their applications in the synthesis of biologically active molecules such as chiral medicinal drugs and insect pheromones. Prerequisites: CHEM 2302 and CHEM 2303. No lab required.

**CHEM 4304 Instrumental Analysis [3-0]**
spring
A study of principles of instrumental analysis measurements and techniques. Components and operation of basic and modern instrumentation will be covered. Prerequisites: CHEM 2301 and CHEM 2101.

**CHEM 4378 Special Topics in Chemistry [3-0]**
fall, spring
A course designed to cover specialized areas in the science of chemistry. It can be repeated when topic changes. However, a maximum of four credit hours is applicable to the degree requirement. Prerequisite: Chemistry major with junior standing.
CIS 1101 Introduction to Office Software [1-0]
fall, spring, summer
A hands-on approach to different software packages for word processing, spreadsheets, databases, e-mail and Internet.

CIS 1201 Introduction to Information Systems and Technology [2-0]
fall, spring, summer
This course includes a study of computer-based technology in communicating, solving problems, acquiring information and conducting business. Students will be presented the history and development of computer information systems, the social implications and ramifications of these developments along with the limits, possibilities, problems and careers associated with the use of technology. Students will be introduced to the skills/tools necessary to evaluate and learn new technologies as they become available. Students with no or limited computer experience are advised to concurrently enroll in CIS 1101 or enroll in CIS 1301 instead of CIS 1201.

CIS 1301 Computer Information Systems [3-0]
(Texas Common Course Number is COSC 1305.)
fall, spring, summer
This course serves as an introduction to the primary components of a business computer system and to the primary application software packages used to increase productivity of business professionals. These topics will be reinforced with microcomputer laboratory exercises. Prerequisite: College mathematics or consent of department chair.

CIS 2308 Introduction to Programming with Visual Basic [3-0]
fall, spring
Students will be introduced to developing business applications using Visual Basic. Topics include fundamentals of Basic programming, Windows user interface design, Windows and Visual Basic controls, data controls, and integration with applications. Prerequisites: MATH 1341 or MATH 1340 and computer literacy skills.

CIS 2310 COBOL Programming [3-0]
(Texas Common Course Number is COSC 1332.)
fall, spring
A programming course designed to emphasize structured programming concepts using COBOL programming language. Concepts will be reinforced with programming exercises that include COBOL syntax, data and file structures, input and output devices and operating systems facilities for support of batch programs. Prerequisite: Grade of “C” or better in any programming language course.

CIS 3300 Internship in CIS [3-0]
fall, spring, summer
This course is designed to give students an opportunity to gain real world experience in their chosen career field by working with a participating employing firm or organization. The students will be supervised by a faculty member acting as a liaison between the employing organization and the academic department to assure compliance with specific learning and experience requirements for the assignment. The employment can be either paid or unpaid, and must be at least 10 hours of work each week over the period of one academic term. Prerequisites: Upper-division standing and approval by both department chair and employer providing internship experience.

CIS 3308 Advanced Programming with Visual Basic [3-0]
fall, spring
This course is a continuation of CIS 2308 using advanced features of Visual Basic for business applications. Students will develop applications such as payroll, accounts receivable, inventory, point of sale and online purchases. Prerequisite: Grade of “C” or better in CIS 2308.

CIS 3310 Advanced Programming Techniques [3-0]
fall, spring
This course is a continuation of CIS 2310 using advanced techniques, binary table searches, variable length record techniques and hashing. This course also includes the introduction to the basics of data structures needed for online retrieval, which include ordered lists, file structures, pointers and linkages, directories, memory management and data access methods. Prerequisite: “C” or better in CIS 2310.

CIS 3312 Introduction to Web Programming [3-0]
fall, spring
A study of the concepts and principles of programming Web pages and delivery of business content on the Web using HTML, JavaScript, VBScript and other tools. Hands-on projects and exercises will be used to emphasize various tools and techniques used in Web programming.

CIS 3335 Database Management [3-0]
fall, spring
This course is an introduction to the foundations of database technology. Basic knowledge in data structures, normalization of data and data modeling will be included. Relational, hierarchical and network models will be covered. The student will be introduced to the rudiments of the construction of database schema via laboratory experiences.
stressing application development through advanced programming techniques and a database language.  

**Prerequisites:** Two programming language courses with a grade of “C” or better in each course.

**CIS 3336 Systems Analysis** [3-0]  
*fall*  
This course examines the analysis of business information systems and their redesign vis-à-vis automated applications. Student teams will be required to initiate, plan and analyze a real-life project within an organization. Team projects will result in a system proposal. **Prerequisites:** Two programming courses with a grade of “C” or better in each course.

**CIS 3338 Networking** [3-0]  
*fall, spring*  
An introduction to the characteristics, feasibility and design of networks and distributed data processing. Focus is on the business and elementary technical aspects of distributed processing involving digital communication. The business aspects will include implementation strategies, security, control and selection of distributed data processing. Elementary technical aspects will include data communication technology, hardware configuration and application software. **Prerequisite:** six hours of CIS or CSCI above computer literacy or consent of department chair.

**CIS 3390 Management Information Systems** [3-0]  
*fall, spring, summer*  
This course is a study of the use of current technology in strategic decision-making and operations of the modern organizations, both public and private. The course examines how organizations plan, develop, implement and maintain information systems to take advantage of recent technological advances in information technology. **Prerequisites:** MANA 3361 and CIS 1301.

**CIS 4308 IT Project Management** [3-0]  
*fall, spring*  
This course presents the specific concepts, system, and technologies for managing projects effectively. It leads the students through a complete project life cycle, from requirements analysis and project definition to start-up, reviews and phase-out. The role of the project manager as team leader is examined together with important techniques for controlling project costs, schedules and performance. Lectures, case studies, a research project and group discussions are combined to develop the skills needed by project managers in today’s environment. **Prerequisites:** CIS 3336 and CIS 3390 or consent of instructor.

**CIS 4312 Application Development for E-commerce** [3-0]  
*spring*  
This course introduces the development of electronic commerce applications using object-oriented programming. Students will develop business applications and applets for web-based systems using Java and/or more current objected-oriented programming languages. **Prerequisite:** CIS 3312 with a grade of “C” or better.

**CIS 4336 Systems Design and Development** [3-0]  
*spring*  
This course is a continuation of CIS 3336. Students will be required to design, develop and implement a real-life project from a system proposal. Students will be organized into teams and will be required to apply the concepts learned in earlier courses. **Prerequisites:** Grade of “C” or better in CIS 3335 and CIS 3336.

**Clinical Laboratory Sciences**

**CLSC 2429 Clinical Microbiology in Health Care** [3-3]  
*as scheduled*  
This course will focus on the immunology, diagnosis, treatment and prevention of infectious diseases. The major categories of microbial pathogens such as viruses, bacteria, fungi and parasites will be discussed in relationship to human disease processes. Utilization and interpretation of laboratory findings in the health care setting will be emphasized. Students will acquire skills in the use of universal precautions and infection control techniques. Recommended for pre-professional students interested in health professions. **Prerequisite:** Eight hours of biology.
Course Descriptions

CLSC 3227  Clinical Laboratory Methods  [1-3]
fall
Lecture-laboratory course that introduces the student to the medical laboratory. Emphasizes appropriate laboratory studies for specific diseases, normal laboratory values and procedures for obtaining samples. Students are given the opportunity to perform waivered and PPM lab studies. Prerequisite: PHAS (grade of "C" or better).

CLSC 3301  Introduction to Clinical Laboratory Science  [2-5]
spring
An introduction to the basic skills utilized in the clinical laboratory including specimen collection and processing, professional ethics, laboratory safety and routine examination of urine. Regulatory requirements for laboratories will also be introduced. Open to all interested students. Prerequisites: Eight hours of biology and eight hours of chemistry.

CLSC 3410  Hematology I  [3-3]
fall
Formation, function and identifying characteristics of the cellular elements of blood. Lecture and laboratory emphasize the enumeration, morphology and staining characteristics of normal and abnormal blood cells in healthy and diseased states. Coagulation physiology and methods of detecting defects will also be introduced. Prerequisite: Admission into the Clinical Laboratory Sciences Program or special approval.

CLSC 3420  Clinical Chemistry I  [3-3]
fall
Studies in clinical chemistry with concentration on the physiology of normal and abnormal metabolism as they relate to those techniques commonly performed in general clinical chemistry laboratories. Basic clinical chemistry instrumentation, quality control and methodology will be emphasized along with a discussion of diagnostic applications. Prerequisite: Admission into the Clinical Laboratory Sciences Program or special approval.

CLSC 3513  Clinical Immunology and Immunohematology  [4-3]
fall
Basic aspects of the immune response and its relationship to the diagnosis and treatment of disease. Lecture and laboratory study the basic concepts of the human immune system as well as clinical applications in the detection and diagnosis of disease processes by common serological tests including immunohematology applications. Prerequisite: Admission into the Clinical Laboratory Sciences Program or special approval.

CLSC 3530  Clinical Microbiology I  [4-5]
fall
Lecture and laboratory studies of human pathogens including common bacteria and parasites. Emphasis on staining, cultural and differential biochemical characteristics, as well as methods of isolation. Prerequisite: Admission into the Clinical Laboratory Sciences Program or special approval.

CLSC 4112  Advanced Hematology  [1-0]
fall
Specialized procedures in hematology with an emphasis on body fluid analysis. Prerequisites: Admission into Clinical Laboratory Sciences Program and successful completion of CLSC 3410 and CLSC 4311.

CLSC 4115  Advanced Clinical Immunology  [1-0]
fall
Advanced concepts in clinical immunology with an emphasis on specialized tests including the HLA system. Abnormalities of the immune system will be emphasized. Prerequisites: Admission into the Clinical Laboratory Sciences Program and CLSC 3513.

CLSC 4144  Clinical Practicum V  [0-0-6]
fall
Clinical application of theory and techniques in affiliated institutions. Prerequisites: Admission into Clinical Laboratory Sciences Program and successful completion of on-campus coursework.

CLSC 4303  Medical Laboratory Leadership  [3-0]
fall
An introduction to the leadership roles and responsibilities of the clinical laboratory scientist in management, supervision and education as well as regulatory and legal aspects of laboratory medicine. Prerequisite: Admission into the Clinical Laboratory Sciences Program.

CLSC 4311  Clinical Hematology II  [2-5]
spring
Continuation of hematology I with an emphasis on abnormal morphology and related disease states. Coagulation abnormalities and associated clinical conditions will also be covered as well as the more specialized techniques in hematology and coagulation. Prerequisites: Admission into the Clinical Laboratory Sciences Program and CLSC 3410.

CLSC 4314  Advanced Immunohematology  [2-5]
spring
Lecture and laboratory stress the detection, identification and characterization of rarer and atypical antigens and antibodies, compatibility testing, blood component therapy and problem-solving techniques. Prerequisites: Admission into the Clinical Laboratory Sciences Program and CLSC 3513.

CLSC 4322  Advanced Clinical Chemistry  [3-0]
summer
Discussion of special procedures and instrumentation in the clinical chemistry laboratory including toxicology, therapeutic drug monitoring and clinical correlation of biochemical results as well as problem-solving strategies.
Prerequisites: Admission into the Clinical Laboratory Sciences Program and CLSC 4421.

CLSC 4340 Clinical Practicum I [1-0-12]  
summer I  
Clinical application of theory and techniques in affiliated institutions. Prerequisites: Admission into the Clinical Laboratory Sciences Program and successful completion of on-campus coursework.

CLSC 4341 Clinical Practicum II [1-0-12]  
summer II  
Clinical application of theory and techniques in affiliated institutions. Prerequisites: Admission into the Clinical Laboratory Sciences Program and successful completion of on-campus coursework.

CLSC 4342 Clinical Practicum III [1-0-12]  
fall  
Clinical application of theory and techniques in affiliated institutions. Prerequisites: Admission into the Clinical Laboratory Sciences Program and successful completion of on-campus coursework.

CLSC 4343 Clinical Practicum IV [1-0-12]  
fall  
Clinical application of theory and techniques in affiliated institutions. Prerequisites: Admission into the Clinical Laboratory Sciences Program and successful completion of on-campus coursework.

CLSC 4421 Clinical Chemistry II [3-5]  
spring  
Continuation of Clinical Chemistry I with an emphasis on more advanced concepts in quality control, method evaluation and instrumentation as well as the associated normal and abnormal physiology and the appropriate clinical correlation of results. Prerequisites: Admission into the Clinical Laboratory Sciences Program and CLSC 3420.

CLSC 4631 Clinical Microbiology II [5-5]  
spring  
Continuation of Clinical Microbiology I with an emphasis on fastidious bacteria, fungi, viruses and rickettsia. Disease processes, therapy and prevention as they relate to microbiology will also be emphasized. Prerequisites: Admission into the Clinical Laboratory Sciences Program and CLSC 3530.

COMD 1310 Beginning Sign Language [3-0]  
fall, spring  
This course raises awareness of basic knowledge about American Sign Language and deaf people. Emphasis in the course is upon acquisition of both comprehension and production skills and knowledge of the deaf community interaction. The students will begin with visual readiness activities and then progress through group targeted lexical items taught within meaningful contexts that stress use of questions, commands and conversational rules such as attention-getting and turn-taking and basic finger-spelling skills also will be stressed.

COMD 1320 Intermediate Sign Language [3-0]  
fall, spring  
This course is a continuation of Beginning Sign Language (COMD 1310) and emphasizes expansion and refinement of the fundamental comprehension and production skills covered in Beginning Sign Language, with the acquisition of additional functional grammatical structure and targeted lexical items. Spontaneous, interactive use of American Sign Language is stressed through discussion of the deaf community and other activities being held by the deaf community. The students will continue to study information related to everyday life experiences of deaf Americans and deaf people anywhere in the world. Prerequisite: COMD 1310 or departmental approval.

COMD 2310 Introduction to Speech-Language Pathology [3-0]  
fall, spring  
This course acquaints the prospective major with the profession of speech-language pathology, which will include requirements for entering the profession and professional issues. The course will also introduce students to five basic types of communication disorders and their etiologies. Prerequisites: None.

COMD 2320 Phonetics [3-0]  
fall, spring  
This course is an introduction to the International Phonetic Alphabet and application of this symbol system to analyze various languages. The course will acquaint students with
the subset of phonetic symbols that are used to transcribe various dialects of General American English. This course is designed for communication disorders majors and education majors. The course will acquaint students with transcription techniques to analyze speech production. Prerequisites: None.

**COMD 3310 Normal Language Development [3-0]**

A study of the theories of language development and language sampling. A description of language, sensory and motor development is presented. Prerequisites: COMD 2310, COMD 2320, and junior standing. ASHA: Basic human communication processes.

**COMD 3315 Anatomy and Physiology of the Speech and Hearing Mechanism [3-0]**

Spring

A detailed study of the anatomical and physiological structure and function of the speech and hearing mechanism. Prerequisites: COMD 2310 and COMD 2320. ASHA Standard 11-A: Basic human communication processes.

**COMD 3330 Articulation Development [3-0]**

Fall

The course is a study of the theories of normal articulation and phonological development with emphasis on the practical applications of theory. Prerequisites: COMD 2310, COMD 2320.

**COMD 3340 Audiology I [3-0]**

Spring

Basic orientation to audiology including physics of sound, anatomy and physiology of the hearing mechanism, pathology of hearing, and evaluation of hearing, which includes emphasis on pure tone and impedance audiometry. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330, and junior standing. ASHA: Hearing disorders and hearing evaluation.

**COMD 3350 Introduction to Speech Science [3-0]**

Spring

The course is a study of the structure and function of neuroanatomical parts that contribute to production and perception of speech and language. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330. ASHA II-A: Normal Aspects of Human Behavior and Communication; Physical and Psychological basis.

**COMD 3360 Neuroanatomy and Physiology for Speech, Language and Hearing [3-0]**

Spring

The course is a study of the structure and function of neuroanatomical parts that contribute to production and perception of speech and language. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330. ASHA Standard II-A: Development: Physical and Psychological bases for Speech, Language and Hearing.

**COMD 4310 Behavior Management for Speech-Language Pathology [3-0]**

Fall

The course is a practical study of behavior management as it relates to and underlies speech and language intervention procedures. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3330, COMD 3340, COMD 3350, and COMD 3360. ASHA Standard II-A and B: Normal and Abnormal Human Development.

**COMD 4330 Audiology (Re)Habilitation [3-0]**

Fall

The course presents methods and techniques utilized in the aural (re)habilitation of individuals who are hard of hearing and deaf. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3330, COMD 3340, COMD 3350, and COMD 3360. ASHA Standard II-B: Nature, Treatment of Learning and Hearing Disorders.

**COMD 4350 Clinical Applications [3-0]**

Spring

This course is designed to provide exposure to speech-language pathology in various settings, analysis of client assessment and treatment profiles, and journal research. This course may include observations, volunteer work in schools, or health care settings, or assisting in the therapy process. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3330, COMD 3340, COMD 3350, COMD 3360, COMD 4330, COMD 4340, COMD 4360, COMD 4365, and COMD 4310.

**COMD 4360 Language Disorders in Children I [3-0]**

Fall

The course is a study of the characteristics of language development in children at risk. A sampling of three to five special populations will be presented. Students will be introduced to basic techniques for the clinical management of children with language disorders. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330, COMD 3340, COMD 3350, and COMD 3360. ASHA Standard II-B: Nature, prevention, evaluation and treatment of language and related disorders.

**COMD 4365 Functional Speech Disorders [3-0]**

Fall

The course is an introduction to functional disorders of speech, which may include those that impact articulation, fluency, and voice. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330, COMD 3340, COMD 3350, and COMD 3360. ASHA Standard II-B: Nature, prevention, evaluation and treatment of speech disorders.

**COMD 4370 Professional Report Writing in Speech-Language Pathology [3-0]**

Spring

A study of basic writing skills, scientific writing and
professional writing, particularly for assessment reports, treatment plans, progress reports and professional correspondence in Speech-Language Pathology and other health professions. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330, COMD 3340, COMD 3350, COMD 3360, COMD 4330, COMD 4360, COMD 4365 and COMD 4310. ASHA Standard II-B: Professional Coursework.

**COMD 4380  Clinical Problem Solving**  
*spring*

The course is an orientation to the basic principles fundamental to clinical practice Speech-Language Pathology. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330, COMD 3340, COMD 3350, COMD 3360, COMD 4330, COMD 4360, COMD 4365 and COMD 4310. ASHA Standard III-A: Supervised Observation.

**COMD 4390  Principles in Assessment of Speech-Language Pathology**  
*spring*

The course is a study of diagnostic techniques and specific testing instruments utilized in the evaluation of articulation and language disorders. Prerequisites: COMD 2310, COMD 2320, COMD 3310, COMD 3315, COMD 3330, COMD 3340, COMD 3350, COMD 3360, COMD 4330, COMD 4360, COMD 4365 and COMD 4310. ASHA Standard II.

Following each entry in the course inventory is a code that lists the option to which the course can be applied. If a course has two codes, it is cross-listed between option areas. The code is as follows:

- CS = Communication Studies
- TH = Theatre/TV/Film
- JO = Journalism
- GE = General Education

Students must seek advisement from the Department of Communication on a regular basis to discover when specific courses are to be scheduled and taught.

**COMM 1305  Acting I (TH)**  
*as scheduled*

Improvisational acting techniques and the application of these principles to stage, television and film.

**COMM 1308  Photography**  
*as scheduled*

This course is an introduction to the techniques of taking photographs and the process of developing, printing, enlarging, cropping and dodging. Students cannot count these hours toward their major.

**COMM 1310  Oral Interpretation (CS)(TH)**  
*as scheduled*

Introduction and practice in the principles of speech as applied to the oral presentation of various literary forms. Includes prose and poetry, dramatic and duo-dramatic interpretation as well as storytelling.

**COMM 1311  Technical Production I (TH)**  
*as scheduled*

This course gives instruction and practice in the methods of construction, painting, rigging, shifting stage scenery and properties, as well as the application of these techniques to television production.

**COMM 1312  Technical Production II (TH)**  
*as scheduled*

This course is a continuation of COMM 1311. It consists of instruction and practical experience in production problems, including lighting and sound.

**COMM 1313  Fundamentals of Speech Communication (CS)**  
*as scheduled*

Theory and application of the various elements of the speech communication process; through lecture, class discussion and active participation, students have the opportunity to develop skills in specific types of communication behavior including listening, interviewing, small group interaction and public speaking.

**COMM 1315  Survey of Radio/TV Broadcast/Cable (JO) (TH)**  
*(Texas Common Course Number is COMM 1335.)*  
*as scheduled*

This class will provide an overview of traditional and non-traditional media with an emphasis on the history and evolution of the different media in society.
COMM 1387  Speech Communication (Honors Plan) (CS) [3-0]  
as scheduled  
Theory and intensive application of various elements of the speech communication process. Through lecture, class discussion and active participation, students have the opportunity to develop skills in communication behavior including listening, interviewing, small group interaction, audiovisual aid use and public speaking. Credit Restriction: Credit may not be received for both COMM 1387 and COMM 1313.

COMM 1615  Summer Theatre Workshop (TH) [6-0]  
Designed to introduce beginning students to basic techniques of theatre staging through practical situations, this workshop requires students to participate in a series of productions for public viewing. Because of the intensive nature of this course, students are not allowed to take other studies or outside employment during their workshop enrollment period without permission of the instructor.

COMM 1616  Summer Television Workshop (JO) (TH) [3-0]  
An intensive workshop course in which students are responsible for all aspects of the production of a major dramatic work that will be produced for television and that will embody the principles of dramatic production in television form.

COMM 2101  Practicum — Theatre-TV-Film (TH) [1-0]  
Participation in theatre, television or film programs sponsored by the department. One hour of credit requires a minimum of 60 hours of satisfactory participation plus any additional requirements set by the advisor. May be repeated for credit a maximum of four times.

COMM 2304  Television Production (JO) (TH) [3-0]  
as scheduled  
This course is an introduction to television studio operations with emphasis on television production. It covers cameras, microphones, lights, setting and performers.

COMM 2306  Acting II (TH) [3-0]  
as scheduled  
Intensive study of the techniques of building and developing a characterization.

COMM 2312  Theatre Appreciation (TH) (GE) [3-0]  
as scheduled  
An introduction to the theatre, how to enjoy and understand plays, an appreciation and understanding of the various factors that make up a live theatre performance. Designed for non-majors.

COMM 2313  Readings in Dramatic Literature (TH) [3-0]  
as scheduled  
Critical review and analysis of selected classic plays from Greek antiquity to the present time, designed to clarify the nature and major achievements of Western dramatic art. Equivalent Course: ENG 2313; may be counted as English or Communication in satisfying degree requirements. Credit may be received for only one course.

COMM 2315  Interpersonal Communication (CS) [3-0]  
as scheduled  
Instruction and activities in the principles of human communication and interaction. Includes self-concept, self-disclosure and risk, defensiveness, perception, empathy, semantics and abstraction, emotions and behavior, nonverbal communication, listening and feedback, relational communication, assertiveness and conflict management. Previous course number: COMM 1307; a student may receive credit in only one course.

COMM 2319  Make-Up (TH) [3-0]  
as scheduled  
This course is a study of make-up for stage, film and television camera. It includes the study of make-up design and application and special effect make-up. Students must provide their own make-up for the course.

COMM 2320  Costume Technology (TH) [3-0]  
as scheduled  
This course is a study of costume construction and technology with emphasis on problems encountered in patterning, draping, construction and fitting of costumes for the theatre and television.

COMM 2321  Drawing and Rendering for the Theatre (TH) [3-0]  
as scheduled  
This course covers the processes of communicating design ideas through drafting, drawing and rendering and modeling. This course needs to be taken before any of the design classes or concurrently with the student’s first class in design.
COMM 2387  Theatre Appreciation (Honors Plan) (TH) [3-0]
as scheduled
An introduction to the theatre. Students are offered the
opportunity to learn how to enjoy and understand plays, and
to gain an appreciation and understanding of the various
factors that make up a live theatre performance. Designed
for non-majors. Credit Restriction: Credit may be received
for only one of COMM 2312 or COMM 2387. Prerequisite:
Admission to Honors Program or by consent of instructor.

COMM 3301  Rhetoric of Television (CS) [3-0]
as scheduled
A consideration of television and its pervasive influence upon
contemporary social, political and cultural institutions. Course
explores the forms of persuasion embedded in television and
methods by which these rhetorical structures affect human
perceptual systems and resulting human behavior.

COMM 3302  Speech for Stage and Screen (TH) [3-0]
as scheduled
An intensive course in high quality diction for those planning
to speak professionally on stage, TV, radio or film. Work on
diction, foreign accents and dialects. Some voice work included.

COMM 3303  Writing for the Mass Media (JO) [3-0]
as scheduled
This course will focus on the various writing techniques
required for different media. Student must pass skill test of
grammar, spelling and punctuation.

COMM 3304  Advertising (JO) [3-0]
as scheduled
Principles of advertising as they are applied and used in
radio, television, film, print media and theatre. Practice in
writing advertising copy, layout and design.

COMM 3305  Copy Editing (JO) [3-0]
as scheduled
This course focuses on copy editing and headline writing
using the Associated Press Style Manual as a guide.

COMM 3306  Feature Writing (JO) [3-0]
spring
Interpreting trends in reader appeal; analyzing feature story
structure; finding ideas for gathering materials; and writing
and selling feature articles.

COMM 3308  Creative Drama (TH) [3-0]
as scheduled
A study of informal drama in its application to the
elementary classroom. Development of creativity through
original dramatizations by children. Of special interest to
the elementary teacher.

COMM 3309  Scene Design (TH) [3-0]
as scheduled
This course teaches the principles of design as applied to
modern stage and television production.

COMM 3310  Lighting for the Stage, Film and TV (TH) [3-0]
as scheduled
Problems of lighting design and execution as applied to the
various media — stage, film and television.

COMM 3311  Contemporary Drama (TH) [3-0]
as scheduled
A study of trends and movements in 20th century American,
British and European drama with emphasis on works of
major playwrights. Equivalent Course: ENG 3311; can be
counted as English or Communication in satisfying degree
requirements. Credit may be received for only one course.
Prerequisite: Twelve hours of English.

COMM 3312  Costume Design (TH) [3-0]
as scheduled
This course teaches the principles of designing as applied to
costumes for the various media — stage, television and film.

COMM 3314  Persuasive Communication (CS) [3-0]
as scheduled
Persuasive techniques and rhetorical principles as they
apply to verbal and nonverbal communication where the
goal is social influence. In-class speeches and projects stress
practical application of persuasive strategies. Persuasive
characteristics of contemporary culture, structure and
content of persuasive messages, source credibility,
propaganda, ethics and role of attitudes, belief systems and
values in persuasive communication.

COMM 3315  Communication in Human Relations (CS) [3-0]
as scheduled
Application of the Speech Communication perspective
as a dynamic process of human interaction. Significant
issues and topics in interpersonal relationships, such as
family communication, health communication, gender
communication, social conflict and crisis communication
and supervisory communication. May be repeated once for
credit. Prerequisite: COMM 2315 or by consent of instructor.

COMM 3316  Intercultural Communication (CS) [3-0]
as scheduled
Study of the symbolic and relativistic nature of culture
and the resultant problems in attempting to communicate
meaning across cultural lines.
COMM 3317  Speech for the Classroom Teacher (CS) [3-0]  

as scheduled

This course emphasizes methods for establishing a positive communication climate in the classroom and for enhancing instruction through effective communication. Topics will include active listening, critical listening, storytelling and assessment of oral communication competencies.

COMM 3318  Great American Oratory (CS) [3-0]  

as scheduled

COMM 3319  Arts Management and Publicity (TH) [3-0]  

as scheduled

This course teaches the basic principles of managing arts events or arts centers. It gives the student practical experience in publicity, release writing, box office management, program and poster production and public relations.

COMM 3323  World Drama (TH) [3-0]  

as scheduled

Study of trends and movements in dramatic literature from ancient Greece through World War I. Emphasis on the works of major playwrights. Equivalent Course: ENG 3323; can be counted as English or Communication in satisfying degree requirements. Credit may be received for only one course. Prerequisite: Twelve hours of English.

COMM 3324  Cinematography/ Videography (TH) [3-1]  

as scheduled

Principles of single camera “film style” location video production. Using video equipment, students will produce short productions based on careful preproduction planning (scripting and storyboarding). Major stress on post-production editing and quality of finished product.

COMM 3325  Motion Picture History and Significance (TH) [3-0]  

as scheduled

Historical survey of motion pictures from 1890s to the present. Students will view, study and review major motion pictures from various periods, noting important periods, styles, genres and movements in the dramatic film (including foreign films and TV). Viewing lab arranged.

COMM 3327  Reporting I (JO) [3-0]  

as scheduled

An introduction to reporting focusing on writing articles in journalism style for print media, the course examines information gathering, interviewing techniques and reporting skills. Classes are conducted in computer lab rooms when available.

COMM 3328  Writing for Publication (JO) [3-0]  

as scheduled

This course stresses writing for a variety of publications, both print and electronic, with emphasis on in-depth research and writing.

COMM 3329  Specialized Reporting (JO) [3-0]  

as scheduled

This course focuses on analytical and investigative reporting. It outlines the quantitative and qualitative techniques required to produce accurate and comprehensive assessments of social, political and scientific issues. Prerequisites: COMM 3303, COMM 3327.

COMM 3330  Argumentation and Debate (CS) [3-0]  

as scheduled

Instruction and practice in the principles of argumentation and debate. Includes philosophies and concepts, forms of argument, analysis by issues and logical form, evidence and reasoning, positions of advocacy, refutation and rebuttal, cross-examination, ethics of argument and persuasion and communication strategies in contemporary society. Previous course number: COMM 2303; a student may receive credit for only one course.

COMM 3331  Principles of Interviewing (CS) [3-0]  

as scheduled

Theory, application and selected practice of the interview process in a variety of situations. Students have the opportunity to develop basic skills in selection, appraisal, counseling, discipline, exit, persuasive and focus interviews; interviews in mass media contexts, in data analysis and in other important techniques. Ethical guidelines stressed throughout.

COMM 3332  Organizational Communication (CS) [3-0]  

as scheduled

The study of the role of communication in organizational contexts. Previous course number: COMM 4306; a student may receive credit for only one course.

COMM 3333  Rhetorical and Communication Theory (CS) [3-0]  

as scheduled

Comprehensive overview and analysis of the various significant theories of rhetoric and communication, with an historical grounding but emphasizing modern themes and perspectives. Previous course number: COMM 2320; a student may receive credit for only one course.
COMM 3334 Communication through Group Process (CS) [3-0]

as scheduled

Instruction and practice in group theory and technique. Includes principles and methods of discussion, interpersonal relations in groups, problem-solving and decision-making processes, conflict management in groups, sources and philosophies of group leadership, quality circles, preparation of agendas, rules of order, and committee procedures and regulations. Previous course number: COMM 2302; a student may receive credit for only one course.

COMM 3335 Advanced Public Speaking (CS) [3-0]

as scheduled

Theory and intensive application of various public speaking situations — informative, persuasive and special occasion speeches. Critical thinking, analysis, reasoning, support for assertions, humor and clear organization are stressed. Ethical communication and an audience-centered approach are central issues. Prerequisite: COMM 1313 or COMM 1303.

COMM 3341 Acting III (TH)

as scheduled

This course is a study of work with partners in scenes. It gives the students practice in the techniques of working in large and small groups, working for specificity of character and developing responsive and responsible rehearsal techniques.

COMM 3342 Acting IV (TH)

as scheduled

This course consists of working with particular acting problems, such as characterization in the musical, individuation in group scenes, commercials, supporting partners, etc.

COMM 3350 Research in Communication (CS) (JO) [3-0]

as scheduled

Major methods of research used in the concentration areas of communication: speech communication and journalism/mass media. Each student is responsible for the successful completion of a research project. Required of all communication majors. Previous course numbers: COMM 4324 and COMM 4325; a student may receive credit for only one course.

COMM 3401 Broadcast News Writing (JO) [4-0]

fall

Development of skills and practice in the art of writing news for radio and television. Scripts will be written and evaluated as related to audience, medium and structure.

COMM 3403 Television News Production and Reporting (JO) [4-0]

spring

Methods of gathering facts, words and images, then developing them into professional video newscasts, including audio and video recording, editing, production, delivery and transmission, within the scope of standard electronic journalistic ethics and practices. Prerequisite: COMM 2404.

COMM 3413 Literature in Performance (CS) [4-0]

as scheduled

An advanced course in the theory and practice of the oral interpretation of literature stressing methods of assembling materials of various genres and individual and group performance. A rehearsal lab is required. Prerequisites: COMM 1310 and/or consent of instructor.

COMM 3623 Professional Internship Cooperative Education — Theatre (TH)

A planned program of half-time (20 hours per week) work, for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to the work period. Students should be classified as seniors. Credit will be determined on the basis of satisfactory employer’s evaluation and the student’s written report.

COMM 3625 Professional Internship Cooperative Education — Print Media (JO)

A planned program of half-time (20 hours per week) work, for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to the work period. Students should be classified as seniors. Credit will be determined on the basis of satisfactory employer’s evaluation and the student’s written report.

COMM 3626 Professional Internship Cooperative Education — Radio-TV-Film (JO)

A planned program of half-time (20 hours per week) work, for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to the work period. Students should be classified as seniors. Credit will be determined on the basis of satisfactory employer’s evaluation and the student’s written report.

COMM 3627 Professional Internship Cooperative Education — Advertising-Public Relations (JO)

A planned program of half-time (20 hours per week) work, for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to work period. Credit will be determined on basis of employer’s evaluation and student’s written report.

COMM 4101 Practicum — Theatre-TV-Film (TH) (JO) [1-0]

Participation in theatre, television or film programs sponsored by the department or other programs approved by the instructor. One hour of credit requires a minimum of 60 hours of satisfactory participation, plus any additional requirements set by the instructor. May be repeated for credit a maximum of four times.
COMM 4103 Practicum — Forensics (CS)
Participation in the forensics program of the University. One hour of credit requires a minimum of 60 hours of satisfactory participation, plus any additional requirements set by the instructor. May be repeated for credit a maximum of four times.

COMM 4301 Directing I (TH) [2-2]
as scheduled
Study, observation and practice in selecting scripts and working with problems, methods and techniques of direction and production.

COMM 4302 Directing II (TH) [1-4]
as scheduled
A continuation of COMM 4301 with stress upon student direction and production of plays and television programs.

COMM 4303 Special Topics (CS)
as scheduled
For the advanced undergraduate, this course may be taken more than once if the topic changes. The class is designed to give students an opportunity to study a special advanced theatre topic not required in the undergraduate curriculum.

COMM 4304 Scriptwriting for Stage and Screen (TH) [3-0]
as scheduled
Advanced-level course in the art and craft of scriptwriting for stage and screen (motion picture and/or television). Course would be repeatable for credit with new work or work with different medium.

COMM 4307 Contemporary Rhetoric of Social and Political Movements (CS) [3-0]
as scheduled
Rhetoric as an instrument of change within current political and social protest movements. Analysis of strategies and tactics of agitation and control. Study of pamphlets, speeches, underground publications, files, music, nonverbal symbols and body rhetoric. Includes such movements as the Far Right, New Left, Black Power, Chicano movements and Women’s Liberation.

COMM 4308 Special Problems in Rhetorical Criticism (CS) [3-0]
as scheduled
Significant issues and topics in rhetorical criticism. Principles of criticism applied to political and social communication behavior. May be repeated once for credit.

COMM 4313 Media Law and Ethics (JO) [3-0]
as scheduled
This course will cover freedom of the press, libel, invasion of privacy and the conflict between free press and fair trial. Media cases will also be examined as they relate to questions of ethics.

COMM 4314 Advanced Television/Film Production (JO) (TH) [3-0]
as scheduled
Advanced-level course stressing the application of basic arts and media developed in COMM 2404 and making use of advanced students in directing, technical crafts, performance and scriptwriting. May be repeated for credit with new production.

COMM 4315 History of the Theatre I (TH) [3-0]
as scheduled
A thorough study of the history of theatre from its origins until the end of the Jacobean era.

COMM 4316 History of the Theatre II (TH) [3-0]
as scheduled
A thorough study of the history of theatre from the Restoration to the present.

COMM 4317 Children’s Theatre Workshop (TH)
as scheduled
This is an intensive workshop course in which students are responsible for all aspects of the production of a major dramatic work that will be produced for children and that will embody the principles of dramatic production in forms suitable for elementary school audiences.

COMM 4318 Theory and Styles of Acting (TH)
as scheduled
This course covers techniques of period acting and exploration of major theories of acting techniques.

COMM 4319 Problems in Acting (TH)
as scheduled
This course teaches acting techniques to adapt performance to varying situations such as large and small proscenium, film and television. It also includes preparation of audition material and problems in developing range of characterization.

COMM 4321 Public Relations (JO) [3-0]
as scheduled
Planning and preparation of publicity materials for media, application of public relations techniques and clinical study of current public relations campaigns. Some laboratory work in the Department of Communication.

COMM 4322 Public Relations Writing (JO)
as scheduled
This is an intensive writing course. Student will be given the opportunity to research and write for a variety of formats such as news releases, backgrounds and pitch letters. Prerequisites: COMM 3303 or consent of instructor.

COMM 4326 Photojournalism (JO) [3-0]
as scheduled
Principles and practices of photojournalism. Topics include
news photography and interrelationship with text. Participation in campus publications is encouraged. Students must furnish 35mm camera and equipment. Prerequisite: COMM 1408 or consent of instructor.

COMM 4327 Mass Communication and Society (JO) [3-0]
This course will provide an overview of the relationship between the mass media and society from a historical perspective and will examine current trends such as the impact of media technology on society. The different theories of the press as well as theories of mass communication will also be examined.

COMM 4330 Communication Consulting and Training (CS) [3-0]
This course will cover the development of communication campaigns from the initiation of a situation analysis, research to final execution. Students will also be given the opportunity to evaluate the effectiveness of campaigns. Prerequisites: COMM 3304 and/or COMM 4321 or consent of instructor.

COMM 4331 Senior Synthesis Seminar in Speech Communication (CS) [3-0]
Students are provided the opportunity to integrate principles, ideas and information covered in lower- and upper-division Speech Communication coursework and to apply theories, research methods and intervention techniques in various analytical and experimental situations. Prerequisites: COMM 1301 and 24 hours in Speech Communication, including nine advanced hours.

COMM 4332 Media Publishing (JO) [3-0]
This course will also be examined. Communication, including nine advanced hours. Students are provided the opportunity to integrate theories, research methods and intervention principles, ideas and information covered in lower- and upper-division Speech Communication coursework and workshops will be addressed.

COMM 4335 Creative Strategies and Media Planning (JO) [3-0]
This course will focus on the development of effective creative strategies based on solid research and clear objectives. Media planning, buying and placing will also be covered. Prerequisites: COMM 3304 or consent of instructor.

COMM 4336 Applied Organizational Communication (CS) [3-0]
Application of organizational communication theories and concepts within organizational contexts. Prerequisite: COMM 3332.

COMM 4337 Professional Internship-Cooperative Education - Communication Studies (CS) [3-0]
A planned program of half-time work (10 hours per week), for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to the work period. Students should be classified as seniors. Credit will be determined on the basis of satisfactory employer's evaluation and the student's written report. May be repeated once for credit.

COMM 4417 Radio and Television Advertising Production (JO) [3-3]
Application of principles of advertising to production of radio and television commercials. Prerequisites: COMM 2404 and COMM 3304.

COMM 4615 Summer Theatre Workshop (TH)
For the advanced undergraduate, experience in all areas of theatrical presentation. Students assume responsibility for one or more of the following areas: technical theatre production problems in acting and directing, theatre business management. Because of the intensive nature of this course, students are not allowed to take other studies or outside employment during the workshop enrollment period without permission of the instructor.

COMM 4616 Summer Film and Television Workshop (TH)
For the advanced undergraduate, an intensive workshop in which students are responsible for the production of a major dramatic work that will be produced for television and that will embody the principles of dramatic production in television form. Journalism students taking the course will produce a documentary concerning the production.

COMM 4624 Professional Internship - Cooperative Education - Communication Studies
A planned program of half-time work (20 hours per week) work, for a minimum of one semester or two continuous summer sessions, related to the field. Enrollment must be completed prior to the work period. Students should be classified as seniors. Credit will be determined on the basis of satisfactory employer's evaluation and the student's written report. Previous course number: COMM 3624; a student may receive credit for only one course.
NOTE: The entire course inventory is not offered each semester. Students are advised to plan ahead when making decisions about their semester schedules.

CRIJ 1301 Introduction to the Criminal Justice System [3-0]
(Texas Common Course Number is CRIJ 1301.)
The history, development and philosophy of the criminal justice system; an overview of law enforcement, courts and corrections subsystems.

CRIJ 1306 Court Systems and Practices [3-0]
(Texas Common Course Number is CRIJ 1306.)
The judiciary in the criminal justice system; right to counsel; pre-trial release; grand juries; adjudication process; types and rules of evidence; sentencing. Previous course number: CRIJ 2333; a student may receive credit in only one course.

CRIJ 1307 Crime in America [3-0]
(Texas Common Course Number is CRIJ 1307.)
American crime problems in historical perspective; social and public policy factors affecting crime; crime impact and trends; social characteristics of specific crimes; prevention of crime. Previous course numbers: CRIJ 2301 and CRIJ 3361; a student may receive credit in only one course.

CRIJ 1310 Fundamentals of Criminal Law [3-0]
(Texas Common Course Number is CRIJ 1310.)
A study of the nature of criminal law; philosophical and historical development; major definitions and concepts; classification of crime; elements of crime and penalties using Texas statutes as illustrations; criminal responsibility. Previous course number: CRIJ 2331; a student may receive credit in only one course.

CRIJ 1313 Juvenile Justice System [3-0]
(Texas Common Course Number is CRIJ 1313.)
An overview of the nature of juvenile delinquency; the theory and practice of juvenile courts; juvenile case law; juvenile crime prevention; treatment of juvenile offenders; juvenile justice system. Previous course number: CRIJ 2303; a student may receive credit in only one course.

CRIJ 2314 Criminal Investigation [3-0]
(Texas Common Course Number is CRIJ 2314.)
An introduction and analysis of current criminal investigation procedures; philosophy of the crime scene investigation; an advanced study of important areas involved in criminal investigation, such as proper handling of physical evidence, arrest, search and seizure, hearings and probable cause; a discussion of techniques involved in drug and narcotic investigations. Previous course number: CRIJ 2323; a student may receive credit in only one course.

CRIJ 2323 Legal Aspects of Law Enforcement [3-0]
(Texas Common Course Number is CRIJ 2323.)
Police authority; responsibilities; constitutional restraints; laws of arrest, search and seizure; police liability. Previous course number: CRIJ 2332; a student may receive credit in only one course.

CRIJ 2326 Police-Community Relations [3-0]
(Texas Common Course Number is CRIJ 2326.)
A study of the problems involving law enforcement agencies and the community; the philosophy of community action groups and boards; theories regarding police involvement in community projects and the principles and techniques used in establishing a proper law enforcement-community relationship; principles and techniques of crime prevention and various approaches to crime prevention programs. Previous course number: CRIJ 2304; a student may receive credit in only one course.

CRIJ 2331 Legal Aspects of Law Enforcement [3-0]
(Texas Common Course Number is CRIJ 2331.)
The police profession; organization of law enforcement systems; the police role; police discretion; current and future issues. Previous course number: CRIJ 1313; a student may receive credit in only one course.

CRIJ 2335 Legal Aspects of Corrections [3-0]
Legal problems and principles from conviction to release, to include consideration of convictions, imprisonment, sentencing, conditional release, post-conviction procedures, prisoner rights, probationer rights and validity of conviction. Previous course number: CRIJ 3331; a student may receive credit in only one course.

CRIJ 3303 Criminology [3-0]
Provides an overall perspective of the crime problem with special emphasis given to philosophical and theoretical ideas pertaining to crime causation and its control. Includes victimology and criminal typologies.

CRIJ 3304 Criminal Justice Research Methods [3-0]
A review of current literature and examination of selected problems affecting the criminal justice system; instruction of steps involved in the scientific approach to problem solving. Discussion of research techniques and paper
writing; applications of research in criminal justice. *Previous course number: CRIJ 3402; a student may receive credit in only one course.*

**CRIJ 3341 Probation and Parole [3-0]**
The philosophy, history and principles of probation, parole and other community-based treatment programs; philosophy of punishment and rehabilitation; trends, practices and current research in probation and parole, including methods of analysis, selection and prediction.

**CRIJ 3355 Criminal Evidence and Proof [3-0]**
This course explores how the legal system has developed a complicated yet effective process for controlling the production of relevant evidence in making decisions in forensic proceedings. Study of the balance of competing interests in presenting information in court, whether in pretrial motions, in camera proceedings or public trial.

**CRIJ 4311 Criminal Justice Administration [3-0]**
Study of organizational and administrative theory and its application to police departments, court systems and correctional settings. Looks at how philosophies used in business can be applied to not-for-profit and public agencies for better management of physical and human resources. Covers social trends and recent issues affecting criminal justice administration.

**CRIJ 4312 Civil Liability in Criminal Justice [3-0]**
Study of statutes, case law and research in areas of civil rights and civil liability particular to employees and supervisors in the criminal justice system. Examination of legal issues, litigation trends and patterns in the federal courts, policy and procedure issues, failure to train liability, and individual officer and administrative responsibilities in this contentious subject area.

**CRIJ 4313 Current Issues in Law Enforcement [3-0]**
Analysis and discussion of contemporary issues in policing with particular attention to current developments, service delivery and the changing police role. Integration of established scientific knowledge with practical police experiences in various areas of policing.

**CRIJ 4314 Private Security and Loss Prevention [3-0]**
This course analyzes critical issues in the administration and supervision of private security organizations, with an emphasis on preventing retail theft, or loss prevention. Examination of legal and ethical issues in public surveillance for private benefit, detecting employee malfeasance, cost-benefit analysis, inventory control and audit systems and cutting-edge technologies for use in crime prevention.

**CRIJ 4321 White-Collar and Organized Crime as scheduled**
This course surveys sociological, criminological, and criminal justice theories and approaches to classifying white-collar, corporate and organized crime and deviance. Beginning with classic articles and continuing with case studies of corporate and organized criminality and irresponsibility, this course examines social, legal and ethical issues surrounding racketeering, "crime in the suites," and their punishment.

**CRIJ 4343 Current Issues in Corrections [3-0]**
Analysis and evaluation of contemporary correctional systems; discussion of recent research concerning correctional institutions and various corrections field services. Emphasis is given to both administrative and treatment concerns in corrections.

**CRIJ 4355 Current Issues in the Courts as scheduled**
Analysis and discussion of contemporary issues in the courts, with particular emphasis on trends, service delivery to victims, defendants, and the community, and the changing role of courts in society. In-depth study of drug courts, juvenile courts, community courts and prosecution, tribal justice and other specialized means of adjudication and disposition of criminal and delinquency cases.

**CRIJ 4356 Law and Society as scheduled**
This course emphasizes the complexity and interrelationship of legal, social and ethical issues in their historical and comparative contexts. By examining the role of the legal system in society and specific legal issues from the perspectives of the social sciences and the humanities, students will be able to analyze and understand the legal implications and ramifications of policy and decision making.

**CRIJ 4357 Crime Prevention Techniques [3-0]**
This course examines the theories and techniques of mobilizing community resources for crime prevention. Implementation and evaluation of crime reduction efforts through crime prevention through environmental design, routine activities and situational crime prevention case studies, and physical planning of the built environment will be studied. The conceptual framework will draw from principles of community psychology and environmental criminology.

**CRIJ 4361 Comparative Criminal Justice Systems [3-0]**
This is an upper-division course elective. The course’s primary goal is to introduce students to the idea of a world criminal justice system. Several countries will be selected each semester. A survey of the criminal justice systems (government, police, judiciary, laws, corrections and juvenile justice) will be conducted of each of the countries.

</thead>
</table>
| **CRIJ 4362** Special Topics in Criminal Justice [3-0]  
Designed to give advanced undergraduate students academic flexibility and the opportunity to study contemporary issues in crime and criminal justice. |
| **CRIJ 4363** Independent Studies in Criminal Justice [3-0]  
Designed for advanced students who are capable of independent study and research to examine an issue or project of specific interest. Registration upon approval of the Chair of the Department of Criminal Justice and the professor directing the course. |
| **CRIJ 4364** Field Internship [3-0]  
Three hours per week studying job interview techniques. Placement in a criminal justice agency or related experience for on-the-job training for a minimum of 120 hours. Evaluation of student and agency critiques, daily logs and a weekly meeting with the intern coordinator. Previous course number: CRIJ 4401, CRIJ 4464; a student may receive credit in only one course. |
| **CRIJ 4399** Criminal Justice System: Capstone  
This course is intended to serve as a capstone course. It will give students the opportunity to complete a comprehensive overview of and demonstrate the ability to integrate all facets of the criminal justice system in the United States: philosophy, history, and development of criminal justice institutions, functions, current controversial issues and future trends. Prerequisites: CRIJ 1301, CRIJ 1306, CRIJ 2314, CRIJ 2328, CRIJ 3303, and CRIJ 3304. |

### Computer Science

<table>
<thead>
<tr>
<th>Course Descriptions</th>
</tr>
</thead>
</table>
| **CSCI 1201** Introduction to Computer and Information Technology [2-0]  
fall, spring, summer  
A computer literacy course to develop awareness of the expanding role of computer and information technology and to provide knowledge and skills related to personal and social uses of computers. Topics include applications of computers, societal and ethical issues involving computers, history, the Internet, packaged software, and hardware and software terminology. Assignments will be given to provide hands-on experience in personal software packages and information networks. Students with limited or no computer experience are advised to enroll in CSCI 1300. |
| **CSCI 1300** Foundations of Modern Information Technology [3-0]  
fall, spring, summer  
The course presents the foundations of computer and information technology related to its expanding role in communicating, solving problems and acquiring information in all aspects of society. Knowledge and skills related to personal and professional uses of personal computers and information networks will be developed along with the critical thinking skills necessary to evaluate and learn new technologies as they become available. Topics include applications of computers, limitations and potentials of information technology, societal ethical issues involving computers, history and hardware and software terminology. Assignments will be given to provide hands-on experience in personal software packages and information networks. |
| **CSCI 1360** Introductory Computer Science Concepts [3-0]  
fall, spring, summer  
This course is recommended for students who need an introduction to the concepts of computer science and programming experience before taking CSCI 1380. Topics include concepts of computer hardware, software and networks; Internet services; and computer programming. Focuses on basic problem solving techniques and algorithms development. Assignments will be given to provide hands-on experience in a high level language programming. Prerequisite: Student with computer experience. This course fulfills the core curriculum requirements. |
| **CSCI 1380** Computer Science I [3-0]  
fall, spring, summer  
An introduction to computer science and computer programming is given, in which the fundamentals of a high-level programming language will be introduced. Methods of problem solving, techniques of algorithmic development and concepts of structured object-oriented programming will be emphasized. Prerequisite: CSCI 1300 or 1360, or equivalent experience and grade of “C” or better in MATH 1340 or MATH 1341. |
| **CSCI 1381** Foundations of Computer Science [3-0]  
fall, spring, summer  
This course presents an examination of the breadth of computer science that continues the introduction to the field of computer science first begun in CSCI 1380. Topics include an introduction to the mathematical foundations of computing, basic computer architecture, assembly language, the operating system and networks, problem-solving algorithms and complexity, programming languages, software engineering, data organization, social and ethical issues of a computerized society and an overview of various computer science fields and topics. Programming projects will be given to reinforce and enhance the programming
experience that began in CSCI 1380. Prerequisite: CSCI 1380 or departmental permission.

**CSCI 1387 Computer Science I (Honors) [3-0]**

as scheduled

This course introduces a high-level programming language. Methods of problem solving, techniques of algorithmic development and concepts of structured object-oriented programming will be emphasized. Students are required to complete an integrated project entailing the development and implementation of a program for solving a given problem. Prerequisites: CSCI 1300 or CSCI 1360, or equivalent experience and grade of “C” or better in MATH 1340 or MATH 1341, together with admission to the Honors Studies Program or consent of instructor.

**CSCI 1388 Foundations of Computer Science (Honors) [3-0]**

as scheduled

This course gives an introduction to the mathematical foundations of computing, computer architecture, assembly language, the operating system and networks, problem-solving algorithms and complexity, programming languages, software engineering, data organization, social and ethical issues of a computerized society and an overview of various computer science fields and topics. Programming projects will be given to reinforce and enhance the programming experience that began in CSCI 1387. Prerequisite: CSCI 1380, CSCI 1387 or CSCI 2330, together with admission to the Honors Studies Program or consent of instructor.

**CSCI 2302 Web Graphics and Animation [3-0]**

as scheduled

This course introduces modern 2-D graphics and animation techniques and methods on the Web. Basic image processing techniques, image formats and client side scripting for Web use will be discussed. Current software tools for developing graphical dynamic Web sites will be presented. Students are required to develop and implement active Web pages. Prerequisites: CSCI 1300 or CSCI 1360.

**CSCI 2320 Computer Programming in a Second Language [3-0]**

as scheduled

Computer programming in a high-level programming language such as Ada, Modula-2, Java, LISP and PROLOG. May also cover two different languages, such as both LISP and PROLOG. Designed for students who already know how to program in another high-level language. May be repeated when languages change. Prerequisite: CSCI 1380 or CSCI 2325 or consent of instructor.

**CSCI 2325 Survey of Elementary Scientific Programming [3-0]**

as scheduled

An introduction to computer programming and problem solving in the Fortran language with special emphasis on problems from science and mathematics. Prerequisites: Concurrent enrollment in or grade of “C” or better in MATH 1340 or MATH 1341 and CSCI 1300 or equivalent experience.

**CSCI 2330 C++ Programming [3-0]**

as scheduled

Introduction to the programming language C++, covering the syntax and semantics of the language. Application areas include linked structures, file structures, text handling and object-oriented technology. Primary emphasis is on the PC environment, with secondary emphasis on UNIX and other operating system environments. This course introduces C++ as a second programming language, and assumes that the student has already had exposure to at least one other programming language. Prerequisite: Consent of instructor.

**CSCI 2333 Computer Organization and Assembly Language [3-0]**

fall, spring

An introduction to computer organization, use of assembly language programming, basic instruction sets, arithmetic and logical operations, addressing modes and macro definition. Several computer programming projects are included. Prerequisite: CSCI 2380 or consent of instructor.

**CSCI 2344 Programming in the UNIX/Linux Environment [3-0]**

as scheduled

The course presents the UNIX file system, the commonly used utilities, editors, shell programming and scripting. It includes instruction in software development in the UNIX/Linux environment. In addition, a brief overview of the internal components of the operating system will be covered. Prerequisites: CSCI 1380 or CSCI 1387, or consent of instructor.

**CSCI 2380 Computer Science II [3-0]**

fall, spring

A second programming course includes problem solving by structured design; provides an introduction to elementary data structures, including linked lists, stacks, queues, trees and graphs, and advanced programming techniques, including recursion, sorting and searching. Prerequisite: CSCI 1380 and CSCI 1381 with a grade of “C” or better.

**CSCI 2388 Computer Science II (Honors) [3-0]**

as scheduled

This course includes problem solving by object-oriented design and development; covers elementary data structures, including linked lists, stacks, queues and binary trees, with an introduction to graphs, advanced programming techniques, including recursion and sorting and searching algorithms. Students are required to complete problem-solving projects. Prerequisites: CSCI 1381, CSCI 1388 or CSCI 2330, together with admission to the Honors Studies Program or consent of instructor.
CSCI 3300  Internship in Computer Science  [3-0]
This course is designed to give students an opportunity to gain practical experience in the computer science career field by working with a participating employing firm or organization. The student will be supervised by a faculty member acting as a liaison between the University and the employing organization to ensure compliance with specific learning and experience requirements. The employment can be either paid or unpaid, and normally would include practical experience spread over one academic term or summer. A maximum of three hours of credit from CSCI 3300 or CSCI 3390 can be used toward the computer science major. May be repeated once. Prerequisite: Upper-division standing, minimum 12 hours of computer science completed and approved by both the department and employer providing the practicum/internship experience.

CSCI 3326  Object-Oriented Programming in Java  [3-0]
The Java programming language and environment will be introduced with an emphasis on object-oriented programming. Application areas will include Internet-based programming, applets, and HTML, and topics will include control structures, classes, methods, inheritance, Java libraries and packages. Objected-oriented aspects will include graphics, GUI, exception handling, multithreads, multimedia and networking. Prerequisites: CSCI 1380 or consent of instructor.

CSCI 3327  Object-Oriented Programming in Visual Basic  [3-0]
The Visual Basic programming language and environment will be introduced with an emphasis on window-based programming and the use of objects in Visual Basic. Topics will include control structures, graphical user interface concepts, classes, methods, inheritance and the Visual Basic interface and libraries. Prerequisites: CSCI 1380 or consent of instructor.

CSCI 3330  Introduction to Unix  [3-0]
This course is the continuation of data structures topics covered in CSCI 2380. Content includes theoretical topics in algorithmic efficiency and complexity, along with abstract data types, including graphs, networks, trees and priority queues. Search topics, including hashing, trees, external search trees (B-trees) and sorting algorithms including external sorting are introduced and compared. Computational complexity topics include the Class P and NP, NP-completeness and Reducibility, NP-completeness Proofs and NP-complete Problems. Prerequisites: CSCI 2380 and MATH 3373.

CSCI 3334  Systems Programming  [3-0]
This course covers the design and implementation of system software. It investigates the relationship between software design and machine architecture. Topics include assemblers, linkers and loaders, macro processors and compilers. A large project is required. Prerequisites: CSCI 2333 and CSCI 2344.

CSCI 3336  Organization of Programming Languages  [3-0]
This course provides a detailed study of operating system concepts, including initialization, scheduling, context switching, process management, memory management, device management and the file system. A student may receive credit in only one of the courses CSCI 3344 and CSCI 4334. Prerequisites: CSCI 3333 and CSCI 3334, or consent of instructor.
CSCI 3350 Numerical Methods [3-0]

This course studies the numerical solutions to various problems occurring in engineering, the sciences and mathematics. These problems include finding solutions to nonlinear equations, solutions to linear and nonlinear systems of equations, interpolation of data, approximation of functions, numerical integration and solutions to differential equations. It also studies the influence of data representation and computer architecture on the choice and development of algorithms. Equivalent course: MATH 3368, a student may receive credit in only one course. Prerequisite: MATH 1401 with a grade of “C” or better; CSCI 1380, CSCI 1387, CSCI 2320 or CSCI 2325; or consent of instructor.

CSCI 3390 Practicum in Computer Science [3-0]

Practical experience in management of computer laboratories and administration of computer systems. Students will assist in the operation of computing facilities. Course will include a one-hour seminar and eight hours of practicum experience per week. May be taken once for credit toward computer science major or minor. A maximum of three hours of credit from CSCI 3300 or CSCI 3390 can be used toward the computer science major. May be repeated once. Prerequisites: Junior standing and 12 hours of computer science.

CSCI 4301 Digital Image Processing [3-0]

The course presents fundamental concepts and applications of digital image processing. Topics include basic color, image perception and transformation, image enhancement and compression, and image analysis and computer vision. Prerequisite: CSCI 3333 or consent of instructor.

CSCI 4302 Multimedia Systems [3-0]

This course presents the broad field of multimedia systems. Topics include the digital interactive multimedia, creation of multimedia, and various issues involving technology, design and effectiveness of multimedia applications. Students will have the opportunity to learn programming techniques for integrating video, sound, animation and graphics for multimedia systems. Prerequisite: CSCI 3333 or consent of instructor.

CSCI 4310 Design and Analysis of Algorithms [3-0]

The course presents elements of the design and analysis of computer algorithms. Topics include in-depth study of algorithms’ design strategies such as dynamic programming, divide-and-conquer, and greedy methods; algorithms for graph problems, geometric problems and other selected problems; and computational complexity. Prerequisite: CSCI 3333 or consent of instructor.

CSCI 4325 Automata, Formal Languages and Compatibility [3-0]

The course presents formal computation models. Topics include finite state machine, pushdown state machine, Turing machine, halting problem, definition and properties of formal grammars and their languages as well as theory of computability and complexity including the complexity of optimization and approximation problems. Prerequisite: CSCI 3336 or consent of instructor.

CSCI 4327 Compiler Construction [3-0]

Syntax analysis and semantic processing techniques for a block-structured language are studied. Various concepts of language compilation and interpretation are presented. Finite automata-based lexical analysis and syntax-directed translation are introduced. Notion of symbol tables, run-time storage allocation, error detection and recovery, code generation and optimization are covered. Students will write a compiler. Prerequisite: CSCI 3336 or consent of instructor.

CSCI 4333 Database Design and Implementation [3-0]

Study of logical (hierarchical, network, relational) and physical (sequential, indexed, relative) organization of databases. Database management systems and their features, querying databases, distributed databases and data compression. Prerequisite: CSCI 3333.

CSCI 4334 Operating Systems [3-0]

This course provides a study of the basic concepts of operating systems: process management, memory management, file systems, resource allocation and protection. A student may receive credit for only one of the courses CSCI 3344 and CSCI 4334. Prerequisites: CSCI 3333 and CSCI 3334 or consent of the instructor.

CSCI 4335 Computer Architecture [3-0]

Computer organization and architecture of computer systems, basic logic design, coding and micro-programming. Equivalent course: ELEE 4380; a student may receive credit in only one course. Prerequisites: CSCI 2333 and CSCI 3333.

CSCI 4336 Parallel and Distributed Computing [3-0]

Presents principles and practices of parallel and distributed computing. Topics include parallel and distributed computation models and architectures; design, analysis and implementation of parallel algorithms; and methods of parallel and distributed programming. Prerequisite: CSCI 4335 or consent of instructor.
CSCI 4341 Topics in Computer Science [3-0]
Topics or problems in Computer Science; subject matter changes from semester to semester. May be repeated for credit as topic varies. Prerequisite: Consent of instructor.

CSCI 4345 Computer Networks [3-0]
An introduction to data communication topics, including data transmission, encoding, data link control, switching, network topologies, protocols, internetworking and data security. Examples of existing networks and network architectures are studied. Prerequisite: CSCI 4334, CSCI 4335 or consent of instructor.

CSCI 4346 Advanced Operating Systems [3-0]
This course provides a survey of the design and implementation of distributed operating systems, both by introducing basic concepts and considering examples of current systems. Topics include: communication, synchronization, processor allocation and distributed file systems. Prerequisite: CSCI 3344 or CSCI 4334 or consent of instructor.

CSCI 4350 Artificial Intelligence [3-0]
Study of intelligent machines and machine learning. Includes problem solving and heuristic search, natural language understanding, game playing, database and expert systems. Artificial Intelligence projects will be implemented using an AI language such as LISP, Prolog, C++ or Ada. Prerequisite: CSCI 3333.

CSCI 4360 Interactive Computer Graphics and Systems [3-0]
Presents fundamental concepts of computer graphics. Topics include display hardware, transformations, geometric modeling, shading two- and three-dimensional display algorithms, and graphics software systems. Prerequisite: CSCI 3333 or consent of instructor.

CSCI 4363 Advanced Computer Networks and Network Security [3-0]
This course examines the internetworking architecture and topology, routing and switching protocols, and algorithms, as well as design and implementation issues related to secure and reliable networks, network optimization and network management. Topics include routing information protocol, open shortest path first, border gateway protocol, dynamic host configuration protocol, virtual private network, public key cryptography, data encryption standard, secure socket layer, firewall, mirroring and clustering. Prerequisite: CSCI 4345 or consent of instructor.

CSCI 4381 Interactive Systems and User Interface Design [3-0]
Presents principles and practice of information communication between user and system. The course examines results of past research, as well as evolving trends in interface design and implementation. Prerequisite: CSCI 3333 or consent of instructor.

CSCI 4382 Computer Visualization [3-0]
Focuses on design and implementation of computer graphics systems to provide visual representation of large data sets. Presents current theory and practice of computer visualization systems, and advanced display techniques. Prerequisite: CSCI 3333 or consent of the instructor.

CSCI 4390 Senior Project [as scheduled]
Students will construct a software product, following it through the stages from initial specification to the final completed project, including user manual. Prerequisites: CSCI 3340 and consent of instructor.

DANC 1201 Dance Improvisation [0-3]
Exploration of dance elements and design through creative problem solving and guided experiences. Must be registered concurrently in any dance technique course.

DANC 2110 Tap Dance I [0-3]
Introduction to tap dance technique and styles. Prerequisite: Permission of instructor.

DANC 2112 Dance Performance: Beginning/Intermediate [0-3]
Introduction to dance performance participation and techniques. Must be registered concurrently in any dance technique course. Prerequisite: Permission of instructor. May be repeated for credit.

DANC 2120 Jazz Dance I [0-3]
Introduction to jazz dance technique and styles. Prerequisite: Permission of instructor.

DANC 2130 Dance Technique: Special Topics I [0-3]
Intensive study in dance technique; study with guest artists. Prerequisite: Permission of instructor. May be repeated for credit as topics change.
DANC 2144  Ballet Technique: Pointe I  [0-3]
Instruction in Pointe technique. Prerequisite: Grade of “B” or better in DANC 2241 or 2242 or permission of instructor. May be repeated for credit.

DANC 2203  Music for Dancers  [3-0]
Introduction to musical elements as they relate to dance technique, performance and instruction. Musical forms, historical periods and composers.

DANC 2241  Ballet I: Primary Technique  [0-4.5]
Study of fundamentals of ballet technique for primary technique area. Prerequisite: Permission of instructor. May be repeated for credit.

DANC 2242  Ballet I: Secondary Technique  [0-3]
Study of fundamentals of ballet technique for secondary technique area. Prerequisite: Permission of instructor. May be repeated for credit.

DANC 2245  Modern Dance I: Primary Technique  [0-4.5]
Study of fundamentals of modern dance technique for primary technique area. Prerequisite: Permission of instructor. May be repeated for credit.

DANC 2246  Modern Dance I: Secondary Technique  [0-3]
Study of fundamentals of modern dance technique for secondary technique area. Prerequisite: Permission of instructor. May be repeated for credit.

DANC 2249  Mexican Dance I: Primary Technique  [0-4.5]
Study of fundamentals of Mexican dance technique for primary technique area. Prerequisite: Permission of instructor. May be repeated for credit.

DANC 2250  Mexican Dance I: Secondary Technique  [0-3]
Study of fundamentals of Mexican dance technique for secondary technique area. Prerequisite: Permission of instructor. May be repeated for credit.

DANC 2253  Spanish Dance I: Primary Technique  [0-4.5]
Study of fundamentals of Spanish dance technique for primary technique area. Prerequisite: Permission of instructor. May be repeated for credit.

DANC 2254  Spanish Dance I: Secondary Technique  [0-3]
Study of fundamentals of Spanish dance technique for secondary technique area. Prerequisite: Permission of instructor. May be repeated for credit.

DANC 2323  Dance Appreciation  [3-0]
as scheduled
An introduction to theatrical dance, including ballet, modern dance, post-modern dance and Spanish dance. How to understand and enjoy dance, an appreciation and understanding of Western dance performance forms. (Fulfills University core curriculum requirements for Fine Arts; see pages 95-98 for details.)

DANC 3110  Tap Dance II  [0-3]
Continuation of DANC 2110. Prerequisite: Grade of “B” or better in DANC 2110 or permission of instructor. May be repeated for credit.

DANC 3112  Dance Performance: Intermediate/Advanced  [0-3]
Intermediate/advanced dance performance techniques. Must be registered concurrently in any dance technique course. Prerequisite: Permission of instructor. May be repeated for credit.

DANC 3120  Jazz Dance II  [0-3]
Continuation of DANC 2120. Prerequisite: Grade of “B” or better in DANC 2120 or permission of instructor. May be repeated for credit.

DANC 3130  Dance Technique: Special Topics II  [0-3]
Intensive study in advanced dance technique; study with guest artists. Prerequisite: Permission of instructor. May be repeated for credit as topics change.

DANC 3143  Ballet Technique: Variations  [0-3]
Focus on ballet repertory, including classical variations and contemporary styles and dance works. Prerequisite: Grade of “B” or better in DANC 2241 or 2242 or permission of instructor. May be repeated for credit as repertory changes.

DANC 3144  Ballet Technique: Pointe II  [0-3]
Instruction in advanced Pointe technique. Prerequisite: Grade of “B” or better in DANC 2144 or permission of instructor. May be repeated for credit.

DANC 3202  Choreography I  [0-3]
Investigation of compositional structures, motif and motif development; space, dynamics and rhythm as choreographic tools in dance making, leading to production of original dance work for formal/informal presentation. Prerequisite: DANC 1201.

DANC 3241  Ballet II: Primary Technique  [0-4.5]
Continuing study of fundamentals of ballet technique for primary technique area. Prerequisite: Grade of “B” or better in DANC 2241 or permission of instructor. May be repeated for credit.
DANC 3242 Ballet II: Secondary Technique [0-3]
Continuing study of fundamentals of ballet technique for secondary technique area. Prerequisite: Grade of "B" or better in DANC 2242 or permission of instructor. May be repeated for credit.

DANC 3245 Modern Dance II: Primary Technique [0-4.5]
Continuing study of fundamentals of modern dance technique for primary technique area. Prerequisite: Grade of "B" or better in DANC 2245 or permission of instructor. May be repeated for credit.

DANC 3246 Modern Dance II: Secondary Technique [0-3]
Continuing study of fundamentals of modern dance technique for secondary technique area. Prerequisite: Grade of "B" or better in DANC 2246 or permission of instructor. May be repeated for credit.

DANC 3249 Mexican Dance II: Primary Technique [0-4.5]
Continuing study of fundamentals of Mexican dance technique for primary dance technique. Prerequisite: Grade of "B" or better in DANC 2249 or permission of instructor. May be repeated for credit.

DANC 3250 Mexican Dance II: Secondary Technique [0-3]
Continuing study of fundamentals of Mexican dance technique for secondary dance technique area. Prerequisite: Grade of "B" or better in DANC 2250 or permission of instructor. May be repeated for credit.

DANC 3253 Spanish Dance II: Primary Technique [0-4.5]
Continuing study of fundamentals of Spanish dance technique for primary technique area. Prerequisite: Grade of "B" or better in DANC 2253 or permission of instructor. May be repeated for credit.

DANC 3254 Spanish Dance II: Secondary Technique [0-3]
Continuing study of fundamentals of Spanish dance technique for secondary technique area. Prerequisite: Grade of "B" or better in DANC 2254 or permission of instructor. May be repeated for credit.

DANC 3309 Dance History I [3-0]
Introduction to history of dance as an art form; examination of the role of dance in early world cultures and the evolution of dance forms through the 1800s, viewed in their cultural and societal contexts.

DANC 3310 Dance History II [3-0]
Continuing study of evolution of dance forms, viewed in their cultural and societal contexts from the 1800s to the present. Prerequisite: DANC 3309.

DANC 3311 Dance Production [3-0]
Theory and practice of technical production for dance, including lighting design, costume design and construction, set design, sound and props.

DANC 3312 Dance Philosophy and Criticism [3-0]
Orientation to historical and contemporary dance philosophies; critical analysis of choreography and dance performance. Prerequisite: DANC 3310.

DANC 3313 World Dance [3-0]
Inquiry into dance forms and cultural contexts in diverse world cultures. Prerequisite: DANC 3310.

DANC 3320 Dance Science [3-0]
Fundamentals of physiology, kinesiology, biomechanics, physical conditioning and injury prevention as they apply to dance techniques and training. Prerequisites: BIOL 2403 and BIOL 2404.

DANC 4102 Senior Project [0-3]
The production of senior choreographic work or research project for formal presentation. Prerequisites: Permission of instructor and DANC 4202.

DANC 4202 Choreography II [0-3]
Study of space use, group design, and emotional content in dance making, leading to the production of original dance work for formal/informal presentation. Prerequisite: DANC 3202.

DANC 4241 Ballet III: Primary Technique [0-4.5]
Continuing study of ballet technique with a strong emphasis on performing skills and styles for primary technique area. Prerequisite: Grade of "B" or better in DANC 3241 or permission of instructor. May be repeated for credit.

DANC 4242 Ballet III: Secondary Technique [0-3]
Continuing study of ballet technique with a strong emphasis on performing skills and styles for secondary technique area. Prerequisite: Grade of "B" or better in DANC 3242 or permission of instructor. May be repeated for credit.

DANC 4245 Modern Dance III: Primary Technique [0-4.5]
Continuing study of modern dance technique with a strong emphasis on performing skills and styles for primary technique area. Prerequisite: Grade of "B" or better in DANC 3245 or permission of instructor. May be repeated for credit.

DANC 4246 Modern Dance III: Secondary Technique [0-3]
Continuing study of modern dance technique with a strong emphasis on performing skills and styles for secondary technique area. Prerequisite: Grade of "B" or better in DANC 3246 or permission of instructor. May be repeated for credit.
DANC 4249 Mexican Dance III:  
Primary Technique  [0-4.5]
Continuing study of Mexican dance technique with a strong emphasis on performing skills and styles for primary technique area. Prerequisite: Grade of "B" or better in DANC 3249 or permission of instructor. May be repeated for credit.

DANC 4250 Mexican Dance III:  
Secondary Technique  [0-3]
Continuing study of Mexican dance technique with a strong emphasis on performing skills and styles for primary technique area. Prerequisite: Grade of "B" or better in DANC 3250 or permission of instructor. May be repeated for credit.

DANC 4253 Spanish Dance III:  
Primary Technique  [0-4.5]
Continuing study of Spanish dance technique with a strong emphasis on performing skills and styles for primary technique area. Prerequisite: Grade of "B" or better in DANC 3253 or permission of instructor. May be repeated for credit.

DANC 4254 Spanish Dance III:  
Secondary Technique  [0-3]
Continuing study of Spanish dance technique with a strong emphasis on performing skills and styles for primary technique area. Prerequisite: Grade of "B" or better in DANC 3253 or permission of instructor. May be repeated for credit.

DANC 4310 Dance Theory:  
Ballet, Modern, Jazz  [3-0]
Technical and aesthetic theories and practices related to the training of dancers in ballet, jazz dance and modern dance idioms. Prerequisite: Credit for any 3000 level technique class.

DANC 4311 Dance Theory: Folk  [3-0]
Exploration of theories and practice in folk dances as they relate to diverse world cultures. Prerequisite: Credit for any 3000-level technique class.

DANC 4312 Dance Theory: Children’s Dance  [3-0]
Technical and aesthetic theories and practices related to fashioning developmentally appropriate dance experiences for children. Prerequisite: Credit for any 3000-level technique class.

DANC 4313 Dance in the Public Schools  [3-0]
Field-based experiences in program planning for dance in secondary schools, including unit instruction, lesson planning, class organization, and materials sources. Laboratory experiences to be arranged. Prerequisites: DANC 4310 or DANC 4311 or DANC 4312; EDCI 4301 and EDHS 3305.

DIET 2351 Introduction to Clinical Nutrition  [3]  
fall, spring, summer I
Basic principles of human nutrition with emphasis on the nutrients and factors that affect their utilization in the human body; nutritional requirements of the body at all age levels; modern concept of an adequate diet; cultural influences on food selection; principles of diet modification and its importance in the treatment of disease.

DIET 2352 Food Preparation  [2-3]  
spring
Application of scientific principles in food selection and preparation (conventional and microwave cooking). Consideration is given to the composition and properties of food, nutritional value, desirability standards, simple menu service and food economics.

DIET 3353 Advanced Nutrition  [3-0]  
fall
Study of biological, physiological, sociological and environmental aspects of nutrition science. Controversial issues in nutrition are examined. Prerequisites: CHEM 3303 and CHEM 3103, HRP 2351, BIOL 2403 and admission to the Coordinated Program in Dietetics.

DIET 3354 Food Systems Management  [3-0]  
spring
Organization and management of a food service system and basic operational subsystems (procurement, inventory, production, distribution, sanitation and fiscal control). Prerequisites: DIET 3452, DIET 3353 and DIET 3356.

DIET 3356 Experimental Foods  [2-3]  
fall
Investigation of chemical, physical and nutritional properties of foods and additives during food preparation. Study of food modifications necessary for diet therapy;
consideration of cultural preferences. Prerequisites: DIET 2352, CHEM 2302 and admission to the Coordinated Program in Dietetics.

DIET 3357 Medical Nutrition Therapy I [3-0]
fall
Introduction to the concepts of providing nutritional care to individuals. Topics include nutritional assessment procedures (anthropometrics, biochemical, clinical and dietary) nutrition care plan, medical records including problem-oriented medical record, basic principles of interviewing and counseling, diabetic and renal calculations, total parenteral nutrition (TPN) and tube feeding methods, and use of computers for dietary analysis of intakes. Prerequisites: DIET 3452, DIET 3353 and DIET 3356.

DIET 3358 Medical Nutrition Therapy II [3-0]
spring
Pathophysiological effect of disease on humans and rationale for diet therapy. Development of ability to translate dietary prescription into meal plans that will satisfy nutritional, emotional and cultural needs of people. Prerequisites: DIET 3354, DIET 3655 and DIET 3357.

DIET 3452 Quantity Foods Production [3-0-6]
fall
Principles and methods of buying, preparing and serving foods for various types of quantity food facilities are considered. Standardization of recipes and cost controls. Use and care of institutional equipment. Safety and sanitation. Eight hours clinical experience per week. Prerequisites: DIET 2352, BIOL 3401, concurrent enrollment in DIET 3353 and DIET 3356, and admission to the Coordinated Program in Dietetics.

DIET 3655 Food Systems Management Practicum [0-18]
spring
Selected problems and clinical experiences directly correlated to DIET 3354. Eighteen hours clinical experience per week. Prerequisites: DIET 3452, DIET 3353 and DIET 3356, each with a minimum grade of “C,” and concurrent enrollment in DIET 3354.

DIET 4257 Seminar in Dietetics [2-0]
spring
The study of principles of research and research design. Introduction, interpretation and evaluation of dietetics-related professional literature. Study of planning techniques and instructional strategies for professional presentations. Students are provided preliminary directions in the development of a research proposal.

DIET 4358 Communication Skills in Dietetics [3-0]
fall
Study of the major components of communication, interviewing, counseling, behavior modification, group process, delivery of oral presentations and workshops, learning and motivation. Prerequisites: DIET 3354, DIET 3655, DIET 3357 and DIET 4351.

DIET 4259 Community and Life Cycle Nutrition [2-0]
spring
Study of community assessment planning, education and implementation of community programs. Also includes the study of physiological changes and nutritional requirements in infancy, childhood, adolescence and adulthood (including the elderly). Prerequisites: DIET 4258 and DIET 4852, and concurrent enrollment in DIET 4455.

DIET 4455 Community Nutrition Practicum [0-0-12]
spring
Survey of major problems arising from food habits of population groups, including the study of the Mexican-American culture. Techniques for teaching effective nutrition to groups. Clinical experience includes observation and participation with selected community agencies and schools. Sixteen hours clinical experience per week for 11 weeks. Prerequisites: DIET 4852, DIET 4351 and concurrent enrollment in DIET 4259.

DIET 4456 General Dietetics Practicum [0-0-9]
spring
Integration of nutritional care and dietetic service into various systems of health care, food systems management or clinical nutrition. Under close supervision, students will assume the role of the generalist dietitian. Thirty two hours clinical experience per week for four weeks. Prerequisites: DIET 4258 and DIET 4852.

DIET 4852 Clinical Nutrition Practicum [0-24]
fall
An introduction to the role of the clinical dietitian in the health care environment. Selected problems and clinical experiences directly correlated to DIET 4351. Twenty four hours clinical experience per week. Prerequisites: DIET 3354 and DIET 3655.
ECON 1301 Introduction to Economics [3-0]  
(Texas Common Course Number is ECON 1301.)  
as scheduled  
Economics for students who have an interest in learning more about economic and financial markets, particularly as these relate to their personal economic and financial decisions. This course does not fulfill BBA degree requirements.

ECON 1387 Introduction to Economics (Honors Plan) [3-0]  
as scheduled  
The principles of economics are studied with primary emphasis on society and the economic environment. Students will have the opportunity to gain knowledge of the purpose, functions and results of a market system, as well as an understanding of current economic problems. Credit Restriction: Credit may be received in only one of ECO 1301 or ECO 1387. Prerequisites: MATH 1334 or satisfactory ACT placement, admission to Honors Studies or by invitation.

ECON 2301 Principles of Economics I [3-0]  
(Texas Common Course Number is ECON 2301.)  
as scheduled  
This course provides an introduction to the basic macroeconomic concepts of aggregate supply and aggregate demand, as well as income determination. Topics covered include money and banking, unemployment, inflation, international economics and comparative economic systems.

ECON 2302 Principles of Economics II [3-0]  
(Texas Common Course Number is 2302.)  
as scheduled  
This course studies the basic microeconomic concepts of consumer demand and firm supply and provides an analysis of factor markets and market structures. Topics covered include problems of resource allocation and economic efficiency in the market economy.

ECON 3300 Internship in Economics [3-0]  
as scheduled  
This course is designed to give students an opportunity to gain real world experience in their chosen career field by working with a participating employing firm or organization. The students will be supervised by a faculty member acting as a liaison between the employing organization and the academic department to assure compliance with specific learning and experience requirements for the assignment. The employment can be either paid or unpaid, and must be at least 10 hours of work each week over the period of one academic term. Prerequisites: Upper-division standing and approval by both department chair and employer providing internship experience.

ECON 3336 The Political Economy of Mexico [3-0]  
as scheduled  
This course surveys the growth of the Mexican economy, its institutions and problems. Emphasis is placed on the relative roles of government and private enterprise in the development process. Prerequisites: ECO 2301 and ECO 2302.

ECON 3341 Econometrics  
This course studies standard regression procedures of parameter estimation and hypothesis testing in economics. This course covers basic probability concepts, the linear regression model, the properties of the least squares estimators, hypothesis testing, functional form, heteroskedasticity, autocorrelation, and the basics of panel data estimation and simultaneous equation. Prerequisites: ECON 2301, ECON 2302, and MATH 1322 or QUMT 2340.

ECON 3342 Business and Economics Forecasting  
This course studies forecasting techniques as they apply to finance and economics. The course covers graphical analysis, modeling and forecasting trends, seasonality adjustment, stationarity, MA, AR, ARMA, ARIMA, unit roots, forecasting with regression models, and forecast evaluation. Prerequisites: ECON 2301, ECON 2302, and MATH 1322 or QUMT 2340.

ECON 3351 Macroeconomic Theory [3-0]  
as scheduled  
This course provides an analysis of the construction, character and operational uses of the macroeconomic models of classical, Keynesian, monetarist and neo-classical schools. Applications of the foregoing models to problems of inflation, unemployment, interest rates and investment in the United States economy are emphasized. Prerequisites: ECO 2301 and ECO 2302.

ECON 3352 Microeconomic Theory [3-0]  
as scheduled  
This course provides an in-depth study of the theory of consumer demand and the theory of the firm. Supply and demand analysis, distribution theory and imperfect competition models are also covered. Prerequisites: ECO 2301 and ECO 2302.

ECON 3353 International Trade [3-0]  
as scheduled  
The mechanism of international trade and its effects on a national economy are studied in this course. Particular emphasis is placed on the study of foreign investments, cartels, international output and price controls. Prerequisites: ECO 2301 and ECO 2302.
ECON 3355  Economic Development  [3-0]
as scheduled
This course is designed to provide students with contemporary concepts, analytical approaches, policies and practices that foster the technology-based economic development of regional and local economies. The course provides evidence on how factors such as knowledge, place, time, capital, institutional relationships, learning and policy promote technology-based economic development. Worldwide and regional comparative perspectives and alternative strategies are also examined in the course.  
Prerequisites: Three hours of economics and junior standing.

ECON 3356  Business Enterprise and Public Policy  [3-0]
as scheduled
This course provides an in-depth analysis of labor market structures and processes, patterns and determinants of work and wages, labor force participation, unemployment, discrimination and human capital. Prerequisites: ECO 2301 and ECO 2302.

ECON 3357  Economics of Poverty  [3-0]
as scheduled
The causes and social consequences of poverty, as well as the natures and effectiveness of income transfer programs, are studied in this course; it also includes topics such as welfare reform, Social Security, pension plans, Medicare, national health and negative income tax programs. Prerequisites: ECO 2301 and ECO 2302.

ECON 3358  Labor Economics  [3-0]
as scheduled
This course provides an in-depth analysis of labor market structures and processes, patterns and determinants of work and wages, labor force participation, unemployment, discrimination and human capital. Prerequisites: ECO 2301 and ECO 2302.

ECON 3359  Family and the Small Business  [3-0]
as scheduled
This course studies the family business employing systems theory, culture and the stages of evolution. Issues such as individual development, management of family structure, conflicts and relationships are explored. Other topics include organizational issues (such as succession and estate planning) and formalizing the firm. Students will be required to undertake a field project where they will report, via a group seminar to the class, on an existing family small business.

ECON 3360  Managerial Economics  [3-0]
This course applies economic reasoning to entrepreneurial decision-making. The course covers topics such as personnel economics, production theory, pricing policies and investment planning. Prerequisites: ACC 2421, MANA 3361 and three hours of economics.

ECON 4359  History of Economic Thought  [3-0]
as scheduled
This course provides a survey of the entire field of economics. Pre-scientific, classical and contemporary works will be studied to offer knowledge of the development of economic theory and view of current direction and scope. Prerequisites: ECO 2301 and ECO 2302.

ECON 4361  Studies in Economics  [3-0]
as scheduled
A special topic selected by the instructor will be assigned. Total course content will be established a priority. This course will have variable content and may be repeated for credit with consent of instructor. Prerequisites: ECO 2301 and ECO 2302.

ECON 4362  Global Entrepreneurship  [3-0]
as scheduled
This course will provide students with a global entrepreneurship experience. It will feature the study of successful entrepreneurs from around the world and will entail the art of doing business in different countries. A focal point of the course will be to learn how to evaluate global opportunities for new ventures and how to gather resources to take advantage of these opportunities. The student will be required to complete a project where he or she will contrast local, national and global strategies for business development. Prerequisites: ECO 2301 and ECO 2302, except for non-business majors who need ECO 1301, ACC 2401 and MANA 3361.

ED 3350  Information Technology  [3-0]
fall, spring, summer
Operational skills in computer applications to educational word processing, database, worksheet, desktop publishing, testing, graphics and communication. Emphasis will be given to a critical review of methodology for instruction and management of instruction. Prerequisite: CSCI 1300 or consent of instructor.

ED 4313  Directed Teaching — Generic Special Education  
fall
Course consists of observation, limited participation in teaching, then full teaching responsibility in a public school (TEA-accredited) special education classroom to which the
student is assigned. This work is done under the guidance of the teacher of the class to which the student is assigned and the supervision of a college professor who makes periodic observations and evaluations of the student’s progress. Seminars and individual conferences are required. Students are assigned to the public school classroom for a minimum number of hours as mandated by TEA. The number of hours per day and the number of days per week are regulated by TEA, UTPA Student Teaching Manual and local school districts. **Prerequisites:** Approval of UTPA Teacher Education Committee. For additional prerequisites, refer to Directed Student Teaching Requirements for Generic Special Education.

**EDAC 4320** Internship [3-0-30]  
_as scheduled_
Will consist of on-site supervision. Seminars will meet weekly during the semester and for a minimum of 12 hours. This course is required to meet elementary and secondary requirements for teacher certification. May not be substituted for student teaching. **Prerequisites:** Baccalaureate degree and acceptance into the UT Pan American Alternative Certification Program.

**EDAC 4321** Internship [3-0-30]  
_as scheduled_
Will consist of on-site supervision. Seminars will meet weekly during the semester and for a minimum of 12 hours. This course is required to meet elementary and secondary requirements for teacher certification. May not be substituted for student teaching. **Prerequisites:** Baccalaureate degree and acceptance into the UT Pan American Alternative Certification Program.

**EDAC 4340** Introduction to the Teaching Profession [3-0-4]  
_fall, spring, summer_
This course, designed for both elementary and secondary Alternative Certification candidates, will orient students to the teaching profession, the lesson cycle, the teaching process and real-life requirements of teaching in a modern public school. Following instruction in observation skills, students will spend 45 clock hours, including three full consecutive days, in a public school setting where they will have the opportunity to prepare lessons and teach them in small and large group settings. ACP students will be evaluated in both the University and public school setting.

**EDAC 4342** Introduction to Early Childhood Education [3-0]  
as scheduled_
Teachers of young children (birth to age eight) must understand how children develop socially, emotionally, physically and cognitively so that they can plan developmentally appropriate experiences for each child. The major purpose of this course is to present current theories, knowledge and research about children that underlie decision-making in early childhood programs. A second purpose is to illustrate how theories and research findings evolve into curriculum organization, teaching strategies and activities that are developmentally appropriate for young children.

**EDAC 4343** The Process of Reading [3-0]  
as scheduled_
The reading process and its correlates as they pertain to emergent literacy through the acquisition of comprehension processes; focus on the directed reading process for grades Pre-K through four; connections among the processes of language, writing and reading; basic diagnosis techniques and assessment procedures as they relate to the reading/writing process.

**EDAC 4344** First and Second Language Acquisition: Theory and Methodology [3-0]  
as scheduled_
A study of the teaching-learning process in a dual language classroom, focusing on research and methodology of first and second language acquisition by the elementary and secondary Hispanic student.

**EDAC 4345** Theory and Methodology of Instruction Planning in the Elementary Schools [3-0]  
as scheduled_
This course will present principles of curriculum organization and planning based on learner needs. Students will design instruction to enable elementary students to achieve educational goals and objectives. Implementation of the lesson cycle with utilization of instructional media will be stressed. The scope, sequence and materials for teaching the elementary school curriculum will be studied. The course will include basic principles and procedures of instruction and classroom management, with emphasis on discipline and effective teaching strategies. Skills needed to meet the requirements of the Texas Teacher Appraisal System will also be addressed. Microteaching with appropriate instructional media and technology for the elementary learner will be included.

**EDAC 4348** Instructional Planning Methodology and Classroom Management in the Secondary Schools [3-0]  
as scheduled_
This course focuses on the practical application of Texas
curriculum requirements incorporating the lesson cycle for planning, implementing and evaluating the teaching-learning process in secondary schools within legal and ethical guidelines. It includes basic principles and procedures of instruction and classroom management, with emphasis on discipline and effective teaching strategies. Skills needed to meet the requirements of the Texas Teacher Appraisal System will also be addressed. Microteaching with appropriate instructional media and technology for the secondary learner will be included.

EDAC 4620  Internship       [6-0-30]

Internship will consist of on-site supervision. Seminars will meet weekly during the fall semester and for a minimum of 12 hours during the spring semester. Courses are designed to meet elementary or secondary requirements for teacher certification. May not be substituted for student teaching. Prerequisites: Baccalaureate degree and acceptance into the UT Pan American Alternative Certification Program.

Kinesiology Education

EDAK 3370  Internship I: Kinesiology in Elementary Schools       [3-0]

Instruction and practice with methods and materials necessary to design and implement developmentally appropriate instruction for elementary school physical education students. It is aligned with the EC-4 Texas Essential Knowledge and Skills (TEKS). This is a field-based course which requires a minimum of 25 hours in a school setting. Prerequisites: KIN 3340, kinesiology major and admission to the College of Education.

EDAK 3380  Internship I: Kinesiology in Middle Schools       [3-0]

Instruction and practice with methods and materials necessary to design and implement developmentally appropriate instruction for middle school physical education students. It is aligned with the 4-8 Texas Essential Knowledge and Skills (TEKS). This is a field-based course which requires a minimum of 25 hours in a school setting. Prerequisites: KIN 3340, kinesiology major and admission to the College of Education.

EDAL 3301  Foundations of All-Level Education       [3-0]

This course is designed for the student who is preparing to teach in a specific content-area at all levels in public education. Research issues and trends regarding all-level education will be examined including the historical and philosophical systems affecting the current state of schools. The course will analyze the professional roles and responsibilities as well as the legal and ethical requirements of the teaching profession. This course requires a minimum of 25 hours in the public school setting. Prerequisite: Admission to the College of Education.

EDAL 3302  Human Development, Learning Theory and Assessment       [3-0]

This course examines the human developmental processes as they apply to planning instruction and assessment for learners at all levels. It also emphasizes the role of learning theory in the instructional process, including varied learning styles and developmental characteristics and needs. This course also focuses on the role of formal and informal assessment in guiding instructional planning and creating assessments congruent with instructional goals and outcomes at the EC-4 and 8-12 levels. This course requires a minimum of 25 hours in the public school setting. Prerequisite: Admission to the College of Education.

EDAL 3303  Instructional Methods for English Language Learners and Learners with Exceptionalities at All Levels       [3-0]

Designed for the prospective all-level teacher, this course explores contemporary first and second language acquisition theories and theories of instruction as they relate to the special needs of English language learners (ELLs) and
learners with exceptionalities in content-area classrooms for all level (EC-12) instruction. Students will learn to assess the special needs of students whose first language is not English and students who have exceptionalities (i.e., mild learning disabilities). They will also learn to integrate research-based best practices for promoting literacy and language development in their teaching. This course requires a minimum of 25 hours in the public school setting. Prerequisites: EDAL 3301, EDAL 3302 and EDAL 3303.

EDAL 4301 Internship I: Elementary (EC-4) Classroom Management, Planning And Curriculum [3-0]
as scheduled
This course is designed for the prospective all-level teacher emphasizing principles of curricular organization, planning and classroom management based on elementary school learner needs. Development of lessons and utilization of instructional media will be stressed. Students will also learn the scope, sequence and materials used in the elementary (EC-4) school curriculum. The course will also focus on the basic principles and procedures of instruction and classroom management. The development of appropriate goals, objectives and lesson plan for grades EC-4 is introduced. This course requires a minimum of 25 hours in the public school setting. Prerequisites: EDAL 3301, EDAL 3302 and EDAL 3303.

EDAL 4302 Internship I: Principles of Learning and Classroom Management Grades 4-8 [3-0]
as scheduled
This course is designed for the prospective all-level teacher and addresses the intellectual, physical, social, emotional and moral implications for teaching, learning and school curricular organization at the middle school level. It also focuses on the interdisciplinary nature of knowledge, including how the middle school curriculum should be relevant, challenging, integrative and exploratory. The development of appropriate goals, objectives and lesson plans for middle school is introduced. This course requires a minimum of 25 hours in the public school setting. Prerequisites: EDAL 3301, EDAL 3302 and EDAL 3303.

EDAL 4303 Internship I: Planning and Curriculum Development for Grades 8-12 [3-0]
as scheduled
This course is designed for students preparing to teach at all levels. It focuses on methods that emphasize curriculum, classroom organization and management. The development of appropriate goals, objectives and lesson planning for grades 8-12 will be introduced. The prospective teacher will identify needs and plan instruction using technology and other resources. A particular emphasis will be for students to demonstrate lessons in respective content areas utilizing appropriate instructional techniques. This course requires a minimum of 25 hours in the public school setting. Prerequisites: EDAL 3301, EDAL 3302 and EDAL 3303.

EDAL 4395 Supervised Internship II: All-Level in Art [3-0]
as scheduled
This course is designed for students in art seeking all-level teacher certification. Intern will be placed in a state-accredited public school all day under the guidance of an experienced classroom teacher (mentor) and a university supervisor for a minimum of twelve (12) weeks. This course must be taken concurrently with EDAL 4398.

EDAL 4396 Supervised Internship II: All-Level in Music [3-0]
as scheduled
This course is designed for students in music seeking all-level teacher certification. Intern will be placed in a state-accredited public school all day under the guidance of an experienced classroom teacher (mentor) and a university supervisor for a minimum of twelve (12) weeks. This course must be taken concurrently with EDAL 4398.

EDAL 4397 Supervised Internship II: All-Level in Special Education [3-0]
as scheduled
This course is designed for students in special education seeking all-level teacher certification. Intern will be placed in a state-accredited public school all day under the guidance of an experienced classroom teacher (mentor) and a university supervisor for a minimum of twelve (12) weeks. This course must be taken concurrently with EDAL 4398.

EDAL 4398 Integrated Internship II: Seminar All-Level [3-0]
as scheduled
A seminar format facilitates the intern’s integration of the supervised internship experience and the program’s professional curriculum for kinesiology, art, music and special education all-level teacher certification. Emphasis is placed on linking classroom learning with practice in the field and integrating theory with professional practice. Internship situations and experiences will be used for discussion and analysis. This course must be taken concurrently with EDAL 4399.

EDAL 4399 Supervised Internship II: All-Level in Kinesiology [3-0]
as scheduled
This course is designed for students in kinesiology seeking all-level teacher certification. Intern will be placed in a state-accredited public school all day under the guidance of an experienced classroom teacher (mentor) and a university supervisor for a minimum of twelve (12) weeks. This course must be taken concurrently with EDAL 4398.
EDBE 3315  The Bilingual Curriculum in the Content Areas  [3-0-2]
fall, spring (and summer for endorsement only)
This is a course in which the learner-centered curriculum for the content area will be studied, focusing on the Texas Essential Knowledge and Skills (TEKS) of science, mathematics, social studies and health in a dual language classroom. (Field-Based Approved Course.)

EDBE 3316  The Development of Biliteracy  [3-0-2]
fall, spring (and summer for endorsement only)
This course will examine the transfer of Spanish literacy to English literacy. The course will also emphasize the current perspective of the social nature of the biliteracy process in order to provide relevant and meaningful learning experiences for all learners. (Field-Based Approved Course.)

EDBE 3322  Foundations of Bilingual Education  [3-0-11/2]
fall, spring, summer
The study of cultural, psychological, socioeconomic, linguistic, cognitive and curricular factors affecting the academic achievement of bilingual students. This course will also investigate the philosophical, legal and sociological aspects of bilingual education in the American public school system. National, state and local guidelines designed to meet the needs of multilingual and multicultural student populations will be reviewed.

EDBE 3324  English as a Second Language  [3-0-2]
fall, spring, summer
The rationale, theories, goals and practical applications of a comprehensive learner-centered ESL curriculum will be studied. The integration of a learner-centered ESL curriculum in biliteracy development will also be examined as an integral component of a bilingual education program.

EDBE 4304  The Development of Bilingualism  [3-0-2]
fall, spring (and summer for endorsement only)
This course is designed to investigate the nature of dual language development in a bilingual setting, beginning with early childhood through the sixth grade. Special emphasis is placed on first and second language development and transference of skills and concepts resulting in balanced bilingualism. (Field-Based Approved Course.)

EDCI 1301  Introduction to the Teaching Profession  [3-0]
as scheduled
This course, designed for elementary, middle school and secondary candidates, will orient students to the teaching profession, the teaching process and real-life requirements of teaching in a modern public school. Students will spend 45 clock hours, including three full consecutive days, in a public school setting where they will have the opportunity to prepare lessons and teach them in small and large group settings. Students will be evaluated in both the university and public school setting. This course will also address college success skills needed by entering freshman.

EDCI 3301  Principles of Learning  [3-0]
as scheduled
This course provides an introduction to the behavioral, cognitive, social and constructivist concepts of learning at the elementary school level. The course will examine the principles and theories of classroom management, organization, motivation, behavior modification, emotional, intellectual, physical and social implications related to the education of young children. This course requires a minimum of 25 hours in the public school setting.

EDCI 3305  Social, Cultural, Historical and Political Foundations of Education  [3-0]
fall, spring
This course is designed for the student who is preparing to teach in grades EC-4. The course focuses on the social, cultural, historical and political issues impacting the current state of education in the United States. Research, issues and trends in these areas with regard to early childhood through fourth grade (EC-4) education will be discussed. This is a field-based approved course.
EDCI 4302 Educational Psychology [3-0-11/2]  
fall, spring, summer
In this course, the prospective teacher will examine the development of children, with emphasis on the development of students in middle and secondary school. The importance of understanding and demonstrating how to work with diverse groups of learners will be stressed (e.g., SES, exceptionalities, race, ethnicity, gender equity, language), and students will be involved in field-based experiences in the schools and/or the community. The importance of the interrelationship between students, educators, parents and the community will be stressed.

EDCI 4305 Instructional Technology and Curriculum Development [3-0]  
fall, spring
This course will present principles of curriculum organization, planning and technology applications that provide relevant and meaningful learning experiences for all students. The infusion of instructional technology across content areas will be emphasized.

EDCI 4306 Instructional Methods and Classroom Management [3-0-2]  
fall, spring
This course focuses on instructional methods that emphasize practical applications of a learner-centered curriculum and classroom organization and management. Teaching strategies for delivering learner-centered instruction will be stressed. (Field-Based Approved Course.)

EDCI 4310 Directed Teaching — ESL: Internship II [3-0-15]  
fall, spring
(Student must also be enrolled in EDCI 4311-elementary or EDCI 4308-secondary.)
This course must be taken by all undergraduate student teachers working toward an English as a Second Language endorsement for teaching in ESL programs. Course requires observation and teaching experiences in a public school ESL classroom for one-half day, Monday through Friday, for half a semester. This work is done under the direction of a fully certified teacher of the class to which the student is assigned. Periodic observations and evaluations will be done by the course instructor. Weekly seminars and individual conferences are a required part of the course. Prerequisite: Approval by the UT Pan American Teacher Education Committee. Elementary prerequisites: EDCI 3305 and EDCI 4306. High school prerequisites: EDCI 4301, EDCI 4302, EDCI 4307, EDCI 4308 and READ 4351.

EDCI 4316 Principles of Teaching Workshop for Elementary/Secondary Teachers Advanced [3-0]  
as scheduled
A workshop course designed for the person entering the teaching profession to study classroom management and to give the student the opportunity to develop instructional skills needed in the area of the instructional assignment. Prerequisite: Special permission must be given to each participant before enrollment in the course.

EDCI 4318 Special Topics in Secondary Education as scheduled
An elective course for Secondary Certification candidates. Topics vary. Will be used primarily as a substitute for the six-hour student teaching course for students on emergency degree plans. Can be repeated for credit. Prerequisite: EDCI 4302 or consent of instructor.

EDCI 4319 Development and Learning [3-0]  
as scheduled
This course focuses on the cognitive and affective development of children in early childhood through fourth grade (EC-4) education. The emphasis of this course is on using research and trends on the cognitive and emotional development of children to establish a positive and challenging learning environment. The course will also provide a better understanding of the different factors that impact the teaching and learning process. This course requires a minimum of 25 hours in the public school setting.

EDCI 4319 Integrated Internship II Seminar - Elementary (EC-4) [3-0]  
fall, spring
A seminar format facilitates the intern’s integration of the supervised internship experience and the program’s professional curriculum for elementary (EC-4) teacher certification. Emphasis is placed on linking classroom learning with practice in the field and integrating theory with professional practice. Internship situations and experiences will be used for discussion and analysis. This course must be taken concurrently with EDCI 4399.

EDCI 4319 Supervised Internship II EC-4 [3-0]  
fall, spring
This course is designed for students seeking elementary (EC-4) teacher certification. Intern will be placed in a state-accredited public school all day under the guidance of an experienced classroom teacher (mentor) and a university supervisor for a minimum of twelve (12) weeks. This course must be taken concurrently with EDCI 4398.
Early Childhood

EDEC 4314 Research in Early Childhood  [3-0-11/2]
fall, spring
Students will research and survey current trends in early childhood programs including day care. Theories of classroom management and supervision of children will be emphasized. Prerequisites: EDEC 4390 and EDEC 4391.

EDEC 4391 Foundations of Early Childhood  [3-0-11/2]
fall, spring, summer
This course will address child development during early childhood as it impacts formal learning settings. A learner-centered curriculum which includes learning centers, thematic instruction, and authentic assessment in a field-based setting will be emphasized. (Field-Based Approved Course.) Prerequisite: EDEC 4390.

EDEC 4392 Acquisition and Conceptualization Processes in Early Childhood  [3-0-2]
fall, spring (and summer for endorsement only)
Analysis of processes of acquisition and conceptualization of Piagetian concepts, socialization, wellness and fitness. (Field-Based Approved Course.) Prerequisite: EDEC 4390.

EDEC 4393 Cultural Dimensions Related to Early Childhood  [3-0-2]
fall, spring (and summer for endorsement only)
Multicultural, pluralistic societies will be reviewed with emphasis on major components of culture. The culture of Hispanics and other minorities will be an integral part of this course. Dynamics of socioeconomic status, stereotyping, family structure, language acquisition and health/nutrition will be researched.

EDEC 4394 Cognitive and Psychomotor Development in Early Childhood  [3-0-2]
fall, spring (and summer for endorsement only)
Theories and stages of cognitive and psychomotor development will be analyzed. Developmental program models will be studied. Readiness for first language learning and second language acquisition will be addressed. (Field-Based Approved Course.)

Middle School 4-8

EDMS 3305 Instructional Methods for English Language Learners and Learners with Exceptionalities In Middle Schools  [3-0]
fall, spring, summer
Designed for the prospective middle school teachers, this field-based course explores contemporary first and second language acquisition theories as they relate to instruction in content area classrooms in middle schools. Students will have the opportunity to learn to assess students’ special needs whose first language is not English and those with exceptionalities. They will also study the integration of research-based practices for promoting literacy and language development in their teaching. This course also provides methods on motivating and involving English Language Learners (ELLs) and students with exceptionalities, providing future teachers with practical strategies to evaluate and teach struggling readers by linking assessment and instruction.

EDMS 3353 Young Adolescent Development and Learning  [3-0]
fell, spring, summer
This field-based course is centered on concepts, principles and theories of young adolescent development and learning differences of middle school students. It specifically focuses on the intellectual, physical, social, emotional and moral implications of these differences for teaching, learning and school organization. Students will study a variety of instructional strategies that take into consideration and capitalize upon the developmental characteristics of the middle school age group. Young adolescent development is the framework to understand the middle school concept and organization and how to work successfully within these organizational components in the 21st century. This course also considers issues of young adolescent health, sexuality, needs and their development within classrooms, families, peer groups, communities and society.

EDMS 3354 Middle School Curriculum Development and Assessment  [3-0]
as scheduled
This field-based course examines major concepts, principles, theories and research related to middle school curriculum development, including how the middle level curriculum should be relevant, challenging, integrative and exploratory. It focuses on the interdisciplinary nature of knowledge making connections among subject areas when planning curriculum.
It also addresses how to incorporate all young adolescents’ ideas, interests and experiences into the curriculum, and how to implement a variety of developmentally responsive assessment measures (e.g., portfolios, authentic assessments, student self-evaluation). This course also describes the role of assessment in guiding instructional planning and the importance of creating assessments that are congruent with instructional goals and objectives. Specifically, it will address formal and informal assessment strategies used (advantages and limitations) to evaluate learning and teaching that ensure the continuous intellectual, social and physical development of all young adolescents. Finally, the course also focuses on the connection between the Texas statewide assessment programs, the TEKS, instruction and illustrates examples on how to use common statistical measures to analyze assessment data and maintain useful records to communicate such information knowledgeably.

**EDMS 3355** Instructional Technology Methods And Classroom Management for Middle School Classrooms [3-0]

*fall, spring, summer*

This field-based course examines when and how to integrate technology into curriculum development, instruction and assessment and how to effectively organize and manage a middle school classroom. It presents the background on technology’s role in middle school education and describes learning theories and teaching/learning models related to technology integration. This course discusses how technology and media are used to support instructional goals and objectives to engage students in meaningful learning, including the growing importance of connecting people and resources for a technology-permeated future (World Wide Web, distance-learning technology, etc.). Infusion of instructional technology across content areas will be emphasized, presenting examples of technology resources and integration strategies for several different content areas. Also, course focuses on practical applications of a learner-centered curriculum, classroom organization and management.

**EDMS 4398** Integrated Internship II: Seminar-Middle School [3-0]

*as scheduled*

A seminar format facilitates the intern’s integration of the supervised internship experience and the program’s professional curriculum for middle school teacher certification. Emphasis is placed on linking classroom learning with practice in the field and integrating theory with professional practice. Internship situations and experiences will be used for discussion and analysis. This course must be taken concurrently with EDMS 4399.

**EDMS 4399** Supervised Internship II: Middle School [3-0]

*as scheduled*

This course is designed for students seeking middle school teacher certification. Intern will be placed in a state-accredited public school all day under the guidance of an experienced classroom teacher (mentor) and a university supervisor for a minimum of twelve (12) weeks. This course must be taken concurrently with EDMS 4398. *(Field-Based Approved Course)*

**EDMS 4657** Directed Teaching – Middle School Internship II [6-0]

*fall, spring*

This field-based course consists of observation, limited participation in teaching, then full-time teaching responsibility in a middle public school State Board for Educator Certification (SBEC) accredited classroom. This internship is completed under the guidance of an approved “mentor teacher” and “university supervisor” or university instructor to which the student is assigned. The university instructor will conduct periodic observations and evaluations of the student’s progress and consult with the mentor teacher. Seminars, individual conferences and other meetings are required. Students are assigned to a public classroom for a minimum number of hours as dictated by SBEC.

**EDHS 3305** Instructional Methods for English Language Learners and Learners With Exceptionalities in High School [3-0]

*fall, spring, summer*

Designed for prospective high school teachers, this field-based course explores contemporary first and second language acquisition theories and theories of instruction as they relate to the special needs of English language learners (ELLs) and learners with exceptionalities in content-area classrooms in high schools. Students will learn to assess the special needs of students whose first language is not English and students who have exceptionalities (i.e., mild learning disabilities). They will also learn to integrate research-based best practices for promoting literacy and language development in their teaching.

**EDHS 4301** Foundations of Education [3-0]

*as scheduled*

This course is designed for the student who is preparing to teach in high school (8-12 level). Students will investigate the teaching profession as it relates to social, political and...
economic forces in a global society. The historical and philosophical systems that have influenced contemporary schools will be studied. Research, issues and trends in these areas will be examined through both classroom instruction and field-based experiences in high schools. Ethics and personal integrity will be examined within the context of ethical and legal standards for teachers. Instructional use of technology is emphasized. This course requires a minimum of 25 hours in the public school setting.

EDHS 4302 Instructional Planning and Assessment [3-0]

This course is designed for students who are preparing to teach in high school (8-12 level). It addresses human developmental processes, learning theories and factors that impact student learning to support the framework for planning and assessing instruction that motivates students and is responsive to their developmental characteristics and needs. The course focuses on procedures for designing appropriate, coherent and effective instruction and assessment based on appropriate learning goals and objectives, including the use and integration of technology. This course requires a minimum of 25 hours in the public school setting.

EDHS 4303 Instructional Strategies and Classroom Management [3-0]

This course is designed for the student who is preparing to teach in high schools (8-12 level). The prospective teacher examines and models teaching styles that place the learner at the center of instruction. Integration of other disciplines, the learner's interests, and technological resources will be stressed in considering central themes of subject matter from many different viewpoints. Theories of and strategies for classroom management will also be addressed. This course requires a minimum of 25 hours in the public school setting.

EDHS 4398 Integrated Internship II: 8-12 [3-0]

A seminar format facilitates the intern’s integration of the supervised internship experience and the program’s professional curriculum for high school teacher certification. Emphasis is placed on linking classroom learning with practice in the field and integrating theory with professional practice. Internship situations and experiences will be used for discussion and analysis. This course must be taken concurrently with EDHS 4399.

EDHS 4399 Supervised Internship II: High School 8-12 [3-0]

This course is designed for students in specific content areas seeking high school (8-12) teacher certification. Interns will be placed in a state-accredited public school all day under the guidance of an experienced classroom teacher (mentor) and a university supervisor for a minimum of twelve (12) weeks. This course must be taken concurrently with EDHS 4398.

Electrical Engineering

ELEE 2130 Digital Systems Laboratory [0-3]

fall, spring
Basics of digital logic and hardware combinational circuits, flip-flops, resistors, sequential circuits and state-machines. Prerequisite: Enrollment in ELEE 2330.

ELEE 2319 Numerical Computation and Data Visualization [2-3]

Topics in this course include performing engineering numeric calculations using computation tools, introduction to mathematics software languages, writing programs to solve scalar and multivariable problems using matrix algebra, numerical solution of linear equations, relational and logical operators, and plotting and visualization of data. Prerequisites: CSCI 1380 and MATH 2346, both with a grade of "C" or better.

ELEE 2321 Electrical Circuits II [3-0]

fall, spring
Transient response of networks by Fourier and Laplace transform methods, frequency-domain techniques and time-
domain techniques. **Prerequisites:** ELEE 2420 and credit for or enrollment in MATH 3349.

**ELEE 2330 Digital Systems Engineering I**  
**[3-0]**  
fall, spring  
Boolean algebra; analysis and synthesis of combinational and sequential switching network; applications to computer design. **Prerequisite:** Sophomore standing recommended.

**ELEE 2420 Electrical Circuits I**  
**[3-3]**  
fall, spring  
Basic network principles; steady-state response to signals; simple transient response; nodal and loop analysis. **Prerequisite:** Credit for or concurrent enrollment in MATH 2401.

**ELEE 3100 Projects in Electrical Engineering**  
**[3-0]**  
Special projects, research activities or supervised engineering studies. May be repeated for credit. **Prerequisite:** Consent of instructor.

**ELEE 3225 Electrical Engineering Laboratory I**  
**[0-6]**  
fall  
Basic experimental methods; theory and practice of measurements; limitations of theoretical models; reporting of technical results. **Prerequisites:** ELEE 2330 and ELEE 2130 with a grade of "C" or better and credit for or concurrent enrollment in ELEE 2321 and ELEE 3301.

**ELEE 3301 Electronics I**  
**[3-0]**  
fall  
A course in the physical principles of electronic devices with emphasis on semiconductor electronics. Includes the analysis and design of electronic circuits such as rectifiers, amplifiers and switching circuits using diodes, bipolar transistors, field effect transistors and operational amplifiers. **Prerequisite:** ELEE 2420 with a grade of "C" or better, credit for or enrollment in ELEE 2321.

**ELEE 3302 Electronics II**  
**[3-0]**  
spring  
Provides further study in electronic circuits. Includes analysis and design of differential and multistage amplifiers, feedback and frequency response techniques in amplifier design. **Prerequisites:** ELEE 2321 and ELEE 3301 with a grade of "C" or better.

**ELEE 3305 Electrical Systems**  
**[2-3]**  
fall  
Introduction to electric circuits and machines for non-majors. Circuit elements, voltage, current and power, DC circuits, AC circuits in the steady state, elementary transients, poly-phase circuits; types and characteristics of DC motors, transformers and AC motors. This course cannot be used by electrical engineering majors to satisfy degree requirements. **Prerequisite:** MATH 1402.

**ELEE 3306 Electronic Systems**  
**[2-3]**  
spring  
Electronic devices and circuits with applications in modern industrial control systems; electronic circuits for signal processing and wave shaping and analog computing; basic digital computer circuits; transducers and sensors; electronic instruments; measurements; basic feedback control systems. **Prerequisite:** ELEE 3305.

**ELEE 3315 Electromagnetic Engineering**  
**[3-0]**  
fall  
Introduction to electrostatics and magnetostatics; properties of conductive, dielectric, and magnetic materials; time varying-fields; Maxwell’s equations; transmission lines and transmission line circuits; fundamentals of electromagnetic radiation. **Prerequisites:** ELEE 2420 and MATH 2401 with a grade of "C" or better.

**ELEE 3330 Electrical Engineering Laboratory II**  
**[1-6]**  
spring  
Experimental solution of engineering problems, including design, optimization, evaluation and simulation; advanced measurement techniques in electrical, electronic and digital systems. **Prerequisites:** ELEE 3301 and ELEE 3225 with a grade of "C" or better; credit for or enrollment in ELEE 3302.

**ELEE 3340 Probability and Statistics for Electrical Engineers**  
**[3-0]**  
spring  
Probability, random variables, distribution and density functions, limit theorems, random processes, correlation functions, power spectra and response of random inputs. **Prerequisite:** ELEE 2321 with a grade of "C" or better.

**ELEE 3370 Power Electronics**  
**[3-0]**  
as scheduled  
Power electronic devices (diodes, thyristors, etc.); power electronic circuits (rectifiers, DC choppers, AC voltage controllers, etc.); applications (AC and DC motor drives, etc.); modeling and simulation using Spice software. **Prerequisite:** ELEE 3301 with a grade of "C" or better.

**ELEE 3371 Electrical Power Systems Design and Application**  
**[3-0]**  
spring  
This course covers practical design of electrical power and lighting distribution for commercial, industrial and residential buildings, based on National Electrical Code (NEC) standards. The NEC, regulatory considerations, industry standards and the Texas Engineering Practice Act are discussed. Current commercial, industrial and residential projects are analyzed, and students will complete projects for commercial and institutional buildings. **Prerequisites:** ELEE 2420 or ELEE 3305.
ELEE 3435 Microprocessor Programming [3-3]
fall
Basic microprocessor programming and principles of assembly language programming; microprocessor organization and interfacing; applications, including data acquisition, control and communication. Prerequisites: CSCI 1380 and ELEE 2330 with a grade of "C" or better.

ELEE 4303 Digital Systems Engineering II [3-0]
as scheduled
Hardware implementation of arithmetic and other algorithmic processes; organization, design and simulation of digital systems; programmable logic devices; hardware description language. Prerequisites: CSCI 1380, ELEE 2330 and ELEE 3301 or ELEE 3306 with a grade of "C" or better.

ELEE 4308 Electromechanical Systems [3-0]
spring
Magnetic circuits and transformers; principles of electromechanical energy conversion, rotating AC and DC electric machinery. Prerequisite: ELEE 2321 or ELEE 3305 with a grade of "C" or better.

ELEE 4321 Automatic Control Systems [3-0]
fall
Dynamic system modeling; system stability; time-domain analysis; root-locus technique; frequency-domain analysis; control system design. Prerequisites: ELEE 2321 and MATH 3349 with a grade of "C" or better.

ELEE 4328 Solid State Electronic Devices [3-0]
fall
Semiconductor materials and carrier transport; p-n junctions and Schottky barriers; bipolar and field effect transistors; integrated circuits. Prerequisites: CHEM 1301, CHEM 1101, ELEE 3315 and ELEE 3301 with a grade of "C" or better.

ELEE 4351 Communication Theory [3-0]
fall
Signals, systems and analog modulation techniques; effects of noise in modulation systems, signal-to-noise ratio; digital data transmission; probability of error. Prerequisite: ELEE 3340 with a grade of "C" or better.

ELEE 4360 Microwave Systems Engineering [2-3]
as scheduled
Ideal and lossy transmission lines: s-parameters; couplers, isolators, circulators and filters; basic active circuits; systems and component specifications; antenna and radiation specifications. Prerequisites: ELEE 3315 and ELEE 3301 with a grade of "C" or better.

ELEE 4365 Digital Signal Processing [3-0]
as scheduled
Sampling theory, discrete processing of analog signals, discrete Fourier transforms, signal analysis, z-transforms, digital filter design, real-time digital signal processing and applications. Prerequisites: ELEE 2321 with a grade of "C" or better and credit for or concurrent enrollment in MATH 3349.

ELEE 4366 Introduction to Image Processing [3-0]
as scheduled
This course provides an introduction to image processing topics and design of image processing software. The course covers methods for computer analysis of images, and processing of images including image formation, spatial resolution, preprocessing techniques, image filtering, image enhancement, and image segmentation methods. Prerequisites: Senior standing, and ELEE 2319 or equivalent.

ELEE 4367 Fiber Optic Communications [2-3]
as scheduled
Introduction to optics, photonics, and optoelectronics; fiber optic devices; and communication systems. Topics include ray optics, electromagnetic optics, resonator optics, dielectric waveguides and filters, semiconductor and laser light sources and detectors, modulators, amplifiers, connectors and optical fiber communication systems. Prerequisite: ELEE 2321.

ELEE 4375 Introduction to VLSI Design [3-0]
fall, spring
This course is aimed at providing a broad exposure to the area of CMOS VLSI design and the experience of designing VLSI circuits. The course will be suitable for any electrical engineering, computer engineering and computer science undergraduate student. Prerequisites: ELEE 2310 with a grade of "C" or better, at least junior standing or consent of instructor. $10 laboratory fee.

ELEE 4380 Computer Architecture [3-0]
fall
This course presents an overview of digital computer architecture, including architectural issues for processors, instruction sets, microprogramming, memory hierarchy and interleaving, cache and virtual memory mapping, RISC principles, and principles of pipelining and pipeline hazards, as well as input/output devices. Prerequisite: ELEE 3435.

ELEE 4390 Communication Networks [3-0]
fall
This course covers engineering principles of data communications, including the following topics: communication media and signal encoding schemes, point-to-point communication standards, layering concepts, data-link protocols, network protocols, transport layer protocols, error control, flow control, congestion control, virtual circuits, virtual circuit, call setup procedure, TCP/IP protocol, internetworking, switching and switching fabric, frame relays, ATM and emerging technologies. Prerequisite: ELEE 3435 or junior standing.

ELEE 4461 Senior Design Project I [1-9]
as scheduled
This is the first semester of a capstone design experience,
drawing from previous engineering, science and general education coursework. Activities will include project selection, definition and specification; background research; periodic written and oral reports, and preparation of a detailed proposal including a preliminary design. Prerequisites: ELEE 3330, 3435, and credit for or enrollment in at least nine hours of 4000-level electrical engineering coursework.

**ELEE 4462 Senior Design Project II [1-9]**

This is the second semester of a capstone design experience, drawing from previous engineering, science and general education coursework. Activities include preliminary test and evaluation, design optimization and revision, and final test and evaluation. Periodic written and oral reports, and final demonstration of a working project are required. Prerequisite: ELEE 4461.

**ENG 1301 Composition [3-0]**

*(Texas Common Course Number is ENGL 1301.)*

This course affords the opportunity for students to develop their ability to communicate effectively and responsibly through written discourse. Emphasis upon mechanical proficiency and organization skills in writing expository essays, analysis of style, tone and point of view of expository prose. (Credit for this course may be obtained by qualified students through advanced placement or advanced standing examinations.) Prerequisite: Satisfactory scores on English portion of ACT test and TASP examination, or ENG 1320.

**ENG 1302 Rhetoric [3-0]**

*(Texas Common Course Number is ENGL 1302.)*

This course offers the opportunity to learn to recognize and to employ the principles of rhetoric in written discourse. Analysis of rhetoric and logic, writing of essays and study of research and documentation techniques. Requires the completion of a research project. (Credit for this course may be obtained by qualified students through advanced placement or advanced standing examinations.) Prerequisite: A grade of “C” or better in ENG 1301, ENGL 1387 or ENG 1406.

**ENG 1310 Reading-Vocabulary [3-0]**

*as scheduled*

This course offers the opportunity to develop their ability to read college-level materials. Emphasis on vocabulary and word recognition skills, comprehension skills, study skills and efficiency in content area reading. Required of students with reading skills below college level. Course does not satisfy University core curriculum requirements.

**ENG 1320 Basic Writing [3-0]**

*as scheduled*

Intensive study and practice in basic grammar and fundamentals of composition. Emphasis on punctuation, sentence combining, sentence construction, correct language use and other basic writing skills. Does not count toward hours for graduation or in the computation of hours attempted or earned. A course grade will be recorded as Pass (P) or No Pass (NP). (There will be special sections for foreign-born students. A minimum score of 500 on TOEFL or minimum score of 60 on MTEL is required for entrance.)

**ENG 1387 Rhetoric and Composition (Honors Plan) [3-0]**

*as scheduled*

Study and practice of writing effectively, with emphasis on expository writing and the research paper. Prerequisite: Admission to the Honors Studies Program or by invitation.

**ENG 1388 Rhetoric and Literature (Honors Plan) [3-0]**

*as scheduled*

Study and practice of writing effectively/interpreting literature. Emphasis on critical analysis of essays, fiction and poetry. Prerequisite: ENGL 1387 or by invitation.

**ENG 2300 Introduction to Literature [3-0]**

*as scheduled*

An introduction to literary genres, with special emphasis on the short story, novel or novella, drama and poetry. Requires careful reading and the writing of critical essays about individual works. Prerequisite: Minimum grade of “C” in six hours of required freshman English.

**ENG 2303 Introduction to American Literature [3-0]**

*(Texas Common Course Number is ENGL 2325.)*

*as scheduled*

Emphasis on critical methods of reading, writing and thinking; at least three genres and three authors considered. Prerequisite: Minimum grade of “C” in six hours of required freshman English.

**ENG 2305 Introduction to British Literature [3-0]**

*(Texas Common Course Number is ENGL 2324.)*

*as scheduled*

Emphasis on critical methods of reading, writing and
thinking; at least three genres and three authors considered. *Prerequisite:* Minimum grade of “C” in six hours of required freshman English.

**ENG 2307 Introduction to World Literature** [3-0]
*(Texas Common Course Number is ENGL 2331.)*
as scheduled
Emphasis on critical methods of reading, writing and thinking; at least three genres and three authors considered. *Prerequisite:* Minimum grade of “C” in six hours of required freshman English.

**ENG 2308 Readings in Special Topics** [3-0]
as scheduled
A study of the literature associated with a special group, area, movement or technique. The topic to vary with each section. Special topics to be announced in the class schedule. *Credit Restriction:* May be taken only once to satisfy University core curriculum requirements but may be repeated for elective credit when the topic varies. *Prerequisite:* Minimum grade of “C” in six hours of required freshman English.

**ENG 2313 Readings in Dramatic Literature** [3-0]
as scheduled
Critical review and analysis of selected plays from Greek antiquity to the present time. Designed to clarify the nature and major achievements of Western dramatic art. *Equivalent Course:* COMM 2313; may be counted as English or communication in satisfying degree requirements. Credit may be received for only one course. *Prerequisite* (for English credit): Minimum grade of “C” in six hours of required freshman English.

**ENG 2387 Readings in World Literature (Honors Plan)** [3-0]
as scheduled
A study of selected works from the literature of Greece, Rome and Medieval Europe. *Prerequisite:* Admission to Honors Studies or by invitation.

**ENG 2388 Readings in World Literature (Honors Plan)** [3-0]
as scheduled
A study of selected works of Western literature from Renaissance through modern writers. *Prerequisite:* Admission to Honors Studies or by invitation.

**ENG 3301 Medieval Literature** [3-0]
as scheduled
A study of various types of medieval literature, including the epic, the romance and the allegory, with special attention to Middle English writers. *Prerequisite:* Nine hours of English.

**ENG 3304 The Eighteenth Century** [3-0]
as scheduled
A study of the major works of English writers of the Neo-

classical period, including Dryden, Congreve, Pope, Swift, Sterne and Samuel Johnson. *Prerequisite:* Nine hours of English.

**ENG 3305 The Romantic Period** [3-0]
as scheduled
A study of the development of romanticism in France, Germany and England, with the main emphasis on English writers. *Prerequisite:* Nine hours of English.

**ENG 3306 The English Novel to 1850** [3-0]
as scheduled
A study of the origins and development of the English novel with emphasis on the major novelists. *Prerequisite:* Nine hours of English.

**ENG 3307 The English Novel from 1850 to Present** [3-0]
as scheduled
A study of the continuing development and techniques of the English novel with emphasis on the major novelists. *Prerequisite:* Nine hours of English.

**ENG 3309 Development of the American Novel** [3-0]
as scheduled
A study of the American novel from its beginnings to the present, with emphasis on the major novelists. *Prerequisite:* Nine hours of English.

**ENG 3310 Twentieth Century English and American Poetry** [3-0]
as scheduled
A study of the trends and movements in contemporary poetry, with emphasis on the works of the major writers. *Prerequisite:* Nine hours of English.

**ENG 3311 Contemporary Drama** [3-0]
as scheduled
A study of trends and movements in 20th century American, British and European drama, with emphasis on works of major playwrights. *Equivalent Course:* COMM 3311; may be counted as English or communication in satisfying degree requirements. Credit may be received for only one course. *Prerequisite:* Nine hours of English.
ENG 3312 Survey of American Literature [3-0]
as scheduled
A chronological study of the principal authors, works and
trends in American literature from the colonial period
through the Civil War. Prerequisite: Nine hours of English.

ENG 3313 Survey of American Literature [3-0]
as scheduled
A chronological study of the principal authors, works and
trends in American literature from the Civil War to the
present. Prerequisite: Nine hours of English.

ENG 3314 Hemingway
as scheduled
A study of Hemingway's novels and short stories, especially
those about Spain and Cuba.

ENG 3317 The Short Story and the Novella [3-0]
as scheduled
A study of the development and technique of the short
story and novella with emphasis on literary analysis.
Prerequisite: Nine hours of English.

ENG 3319 Introduction to Descriptive
Linguistics [3-0]
as scheduled
An introduction to the methods of linguistic science with
emphasis on problem-solving techniques and their application
to specific problems. Prerequisite: Nine hours of English.

ENG 3320 Advanced Topics in English [3-0]
as scheduled
A course adapted to the study of advanced special topics in
English. Course may be offered for open enrollment when
topic is selected by the instructor, or course may be conducted
as independent/conference study when topic is selected by
student and approved by the instructor. May be repeated for
credit when topics vary. Prerequisite: Nine hours of English.

ENG 3321 Language and Culture [3-0]
as scheduled
Systematic exploration of social aspects of language and
language use, including language attitudes, sociolinguistic
dynamics of language contact situations, language learning, and
the social and linguistic nature of dialects, language variation
and language change. Prerequisite: Nine hours of English.

ENG 3322 Poetry [3-0]
as scheduled
An in-depth study of the art and nature of poetry, with
emphasis on sounds, forms, language and modes of poetry.
Prerequisite: Nine hours of English.

ENG 3323 World Drama [3-0]
as scheduled
A study of trends and movements in dramatic literature
from ancient Greece through the present. Emphasis on the
works of major playwrights. Equivalent Course: COMM
3323; may be counted as English or communication in
satisfying degree requirements. Credit may be received for
only one course. Prerequisite: Nine hours of English.

ENG 3324 The Victorian Period [3-0]
as scheduled
A study of the literature of Victorian England, from 1832 to the
end of the 19th Century. Prerequisite: Nine hours of English.

ENG 3325 Children/Adolescent Literature [3-0]
as scheduled
A study of selected children's and adolescent literary works.
Discussion and demonstration of pedagogical strategies.
Emphasis on important representative examples and related
criticism. Prerequisite: Nine hours of English.

ENG 3330 English Grammar [3-0]
as scheduled
A study of grammatical concepts with concentration on basic
sentence structure, principles of punctuation and functional
grammar. Course designed for, but not limited to, prospective
teachers of students with limited English speaking/writing
ability and/or ESL students. Prerequisite: ENG 3319.

ENG 3331 Survey of English Literature [3-0]
as scheduled
A chronological study of the principal authors, works and
trends in English literature from the Anglo-Saxon period
to the beginning of the Romantic movement. Prerequisite:
Nine hours of English.

ENG 3332 Survey of English Literature [3-0]
as scheduled
A chronological study of the principal authors, works and
trends in English literature from pre-Romantic poetry to the
20th century. Prerequisite: Nine hours of English.

ENG 3333 Technical Report Writing [3-0]
as scheduled
Training in writing and presentation of special types of
reports often used in engineering, science and business.
Prerequisite: Nine hours of English.

ENG 3334 Gallery [3-0]
spring
A hands-on course on the process of selecting material,
editing and publishing a student literary arts journal.
Includes fundamentals of publicity; manuscript processing,
selection, and editing; page design; cover art; printing
requirements. Prerequisite: Nine hours of English.
ENG 4301  Shakespeare  [3-0]
A study of representative comedies, histories, romances and tragedies. *Prerequisite:* Nine hours of English.

ENG 4302  Modern English Syntax  [3-0]
Studies in modern English syntax with attention given to investigative methods and findings of contemporary linguistic analysis. *Prerequisite:* ENG 3319.

ENG 4305  Critical Approaches  [as scheduled]
Introduces student to the general principles of literary theory and provides opportunities for practical application of theoretical models to literary texts.

ENG 4308  History of the English Language  [3-0]
A history of the English language from the Anglo-Saxon period to the present. *Prerequisite:* Nine hours of English.

ENG 4309  Chaucer  [3-0]
A study of selected works of the 14th century English poet. *Prerequisite:* Nine hours of English.

ENG 4310  American Literature of the South  [as scheduled][3-0]
A study of the works of representative writers of the south. *Prerequisite:* Nine hours of English.

ENG 4312  Milton  [as scheduled][3-0]
A study of the major poems and selected prose and minor poetry. *Prerequisite:* Nine hours of English.

ENG 4314  Contrastive Grammar  [as scheduled][3-0]
A comparison of English and Spanish grammatical systems with emphasis on substantive and descriptive problems arising from the differences in the systems. Course open only to students with proficiency in both English and Spanish. *Prerequisite:* ENG 4302.

ENG 4316  Mexican-American Literature  [as scheduled][3-0]
A study of the literature by and about Mexican-Americans, with emphasis on the literary techniques and the cultural reflections in this literature. *Prerequisite:* Nine hours of English.

ENG 4318  Approaches to Literature  [as scheduled][3-0]
A study of the characteristics of poetry, drama and fiction, and of the major approaches to these genres with some attention to works encountered in secondary schools. *Prerequisite:* Nine hours of English.

ENG 4321  Fundamentals of Language Learning  [as scheduled][3-0]
A study of how children develop language skills from age five through adolescence. Covers all systems of language from basic sounds through competence in oral and written communication.

ENG 4322  Creative Writing I  [as scheduled][3-0]
A study of literary forms, techniques and values, with practice in writing poetry and prose. *Prerequisite:* Nine hours of English or permission of instructor.

ENG 4325  Composition Techniques  [as scheduled][3-0]
A study of advanced composition techniques, including theories and methods of teaching composition skills. *Prerequisite:* Nine hours of English.

ENG 4326  Language Acquisition  [spring, even years][3-0]
An analysis of the process of language learning, the normal development of speech and language, and the relationship of language to cognitive and social development.

ENG 4328  Introduction to English as a Second Language  [as scheduled][3-0]
A study of the process of learning English as a second language. Special attention given to theories, variables and second language acquisition.

ENG 4331  Problems in Grammar, Dialects and Language Performance  [as scheduled][3-0]
A study of the second language learner’s transition from regional Spanish to standard English. Emphasis on the particular characteristics of the English and Spanish dialects of the region and the manner in which they interrelate. The course will treat theory already learned as well as that presented in the course in the light of practical methodological tools. *Prerequisite:* SPAN 3308. *Prerequisites for bilingual certification students:* ENG 3319, ENG 3330 or SPAN 3330 or consent of instructor.
### General Engineering

</tbody>
</table>
topics include financial institutions and their functions and an introduction to monetary theory and policy.

FINA 3382 Investment Principles [3-0]
as scheduled
This course provides an overview of the valuation of investment securities of corporations and governmental agencies. The purchase and sale of securities through brokerage houses and investment banking firms are also studied.

FINA 3383 Managerial Finance [3-0]
as scheduled
The finance function in the firm and the specific responsibilities of the firm’s financial manager are studied in this course. Emphasis is placed on financial decisions using managerial information systems as an integrating force to deliver planned results. This study includes, but is not limited to, decisions affecting the internal management of the firm and the acquisition of new assets and funds. Prerequisites: ACCT 2421, ACCT 2329 and ECON 2301.

FINA 3384 Fundamentals of Real Estate [3-0]
as scheduled
This course studies the physical and economic characteristics of real estate, particularly as they relate to law, taxation, appraisal, marketing and finance.

FINA 3385 Principles of Insurance [3-0]
as scheduled
The identification and control of risks facing the individual and the business firm, as well as the use of insurance and other mechanisms in dealing with them, are studied. Other topics include risk analysis, loss prevention, personal and property insurance, insurance programs and estate plans.

FINA 3386 Financial Institutions and Markets [3-0]
as scheduled
The dynamics of financial markets and their interaction with the suppliers of funds, particularly financial intermediaries, are studied in this course. Prerequisite: FINA 3381.

FINA 3387 Real Estate Finance [3-0]
as scheduled
This course provides an analysis of the nature and problems of developing the financing of real estate. Also, it covers a study of financial markets and instruments that are used to solve the financial needs of various real estate activities. Prerequisite: FINA 3384 or consent of instructor.

FINA 3391 Small Business Financial Management [3-0]
as scheduled
This course covers three important aspects of financial management for the small business: 1) sources of financing; 2) financial planning; and 3) valuation of the small business.

Students will be required to complete a term project involving at least one of these aspects in a real business situation. Prerequisites: ACC 2421, MANA 3361 and three hours of economics.

FINA 3392 Internship [3-0]
as scheduled
A practicum with financial institutions or related service entities with a view to relate classroom theories with actual practice.

FINA 3393 Entrepreneurial Finance [3-0]
This course provides an in-depth analysis of venture financing and techniques to manage entrepreneurial risk. Prerequisites: ACC 2421, MANA 3361 and three hours of economics.

FINA 4300 Topics in Finance [3-0]
as scheduled
A special finance topic will be selected by the instructor. Total course content and requirements will be established on an individual basis by the instructor. Prerequisites: Consent of instructor and 12 hours of advanced courses in finance.

FINA 4381 International Finance [3-0]
as scheduled
The application of finance principles in the international environment are discussed in this course, including the nature of the balance of payment mechanism, the factors affecting the foreign exchange market, defensive techniques to protect the business against foreign exchange risk and the investing, financing and working capital management within a multinational firm. Prerequisite: FINA 4383.

FINA 4382 Portfolio Management [3-0]
as scheduled
This course provides the theoretical framework, techniques and applications of investment management. It also develops models for performance evaluation emphasizing optimum combination of risk and return. Prerequisite: FINA 3382.

FINA 4383 Advanced Managerial Finance [3-0]
as scheduled
This course considers the commitment of funds to asset purchases and the measuring and influencing of cost of capital. It emphasizes the development of tools and techniques using quantitative methods for the analytical study of financial administration and its applications in the major problem areas of corporate finance. Prerequisite: FINA 3383.

FINA 4389 Commercial Banking [3-0]
as scheduled
The principles and policies affecting the services, organization and management of funds in the commercial bank are studied in this course; policy formulation is emphasized; coordination with general economic and
money market conditions is covered. **Prerequisites:** FINA 3381 and FINA 3386 or consent of instructor.

---

**FREN 1321  Beginning French I** [3-0]
(Texas Common Course Number is FREN 1311.)
fall, spring
A study of the essentials of French grammar, pronunciation, elementary conversation and prose reading. **Credit Restriction:** A student may receive credit for only one of FREN 1321 or FREN 1387.

**FREN 1322  Beginning French II** [3-0]
(Texas Common Course Number is FREN 1312.)
fall, spring
A continuation of FREN 1321. **Credit Restriction:** A student may receive credit for only one of FREN 1322 or FREN 1388. **Prerequisite:** FREN 1321.

**FREN 2321  Intermediate French I** [3-0]
(Texas Common Course Number is FREN 2311.)
as scheduled
Grammar review, conversation and writing practice based on selected literary and cultural readings. An emphasis on usage of different modes and tenses, as well as complex syntax. **Prerequisite:** FREN 1322.

**FREN 2322  Intermediate French II** [3-0]
(Texas Common Course Number is FREN 2312.)
as scheduled
Grammar review, conversation and writing practice based on selected literary and cultural readings. An emphasis on usage of different modes and tenses, as well as complex syntax. **Prerequisite:** FREN 2321.

**FREN 3321  French Composition I** [3-0]
as scheduled
Practice in writing expository, narrative and descriptive prose. **Prerequisite:** FREN 2322.

**FREN 3322  French Composition II** [3-0]
as scheduled
Practice in writing critical appreciations of selected literary works. **Prerequisite:** FREN 3321.

**FREN 3323  Business French** [3-0]
as scheduled
French for international business majors: A French practice in all areas: procedures, job and business cultures from French and Francophone countries. **Prerequisite:** FREN 3321.

**FREN 4120  Practicum on Location** [3-0]
as scheduled
Special programs designed by UTPA French faculty and taught in France or a French-speaking country. The course will familiarize students with specific aspects of the host country’s culture. Students will be immersed in a French-speaking environment and will partake in numerous activities such as lectures, visits to museums and monuments, etc., to strengthen their language skills and develop their knowledge of Francophone culture. The course may be repeated if the location and topic changes. **Prerequisite:** Four semesters of French or the equivalent.

**FREN 4322  Survey of French Literature** [3-0]
This course covers a survey of French literature masterpieces from middle ages to present time. **Prerequisite:** FREN 3321.

**FREN 4324  French Civilization I** [3-0]
as scheduled
A study of French culture and civilization from the Roman conquest of Gaul by Julius Caesar to the French Revolution of 1789. **Prerequisite:** FREN 3321.

**FREN 4325  French Civilization II** [3-0]
as scheduled
A study of French culture and civilization from the French Revolution of 1789 to the present. **Prerequisite:** FREN 3321.

**FREN 4339  Special Topics** [3-0]
as scheduled
Special topics from the field of French language and literature. **Prerequisite:** FREN 3321.

---

**GEOG 2313  Principles of Physical Geography** [3-0]
fall, spring, summer
An introduction to physical geography with emphasis on weather, ocean currents and climates. Soils and vegetation types and distributions are also studied. Can be counted in the supporting areas of elementary education curriculum.
GEOL 1401 Physical Geology [3-3]
(Texas Common Course Number is GEOL 1403.)
fall, spring, summer
Involves a comprehensive description of materials composing the earth and deals with the classification and analysis of geologic agents responsible for the origin, structure and evolution of the earth's crust. $4 laboratory fee.

GEOL 1402 Historical Geology [3-3]
(Texas Common Course Number is GEOL 1404.)
fall, spring, summer
A course dealing with the geological history of the earth and its inhabitants as revealed by the fossil record with emphasis on North America. $4 laboratory fee.

GEOL 3308 Introduction to Geographic Information Systems [3-3]
as scheduled
A study of the input, management, manipulation and output of georeferenced information using digital computers. Methods of layering geologic, geographic, meteorologic, electromagnetic, biologic and political knowledge will be presented. Computer data structures including relational databases will be examined. The spatial analysis potential of a GIS will be compared with traditional manual (cartographic) methods.

GEOL 3401 Geomorphology [3-3]
as scheduled
A course designed for students interested in surface geological processes. An analysis of land forms of the earth and processes by which they are formed. Emphasis will be placed on mapping and interpretation of local geomorphology. Also, comparative studies of lunar-earth and mars-earth will be covered. Field trips. Prerequisite: GEOL 1401. $4 Laboratory fee.

GEOL 3403 Oceanography [3-3]
as scheduled
An introduction to physical oceanography designed for geology minors, biology majors and earth science teachers. A study of the origin, motions and the physical and chemical properties of marine waters. Field trips. Prerequisite: GEOL 1401 or advanced standing in any of the related sciences or consent of instructor. $4 laboratory fee.

GEOL 3404 Stratigraphy-Sedimentation [3-3]
as scheduled
A study of sedimentary processes and principles of stratigraphy, followed by a survey of stratified rocks of North America, their correlation, stratigraphic relations and guide fossils. Field trips. Prerequisites: GEOL 1401 and GEOL 1402. $4 laboratory fee.

GEOL 4301 Exploration Geophysics [3-0]
as scheduled
An introductory course on seismic refraction and reflection imaging of the subsurface of the earth, including methods of data acquisition, processing and interpretation in two and three dimensions. Designed for students with basic geology and/or engineering backgrounds. Prerequisites: PHYS 1401 or equivalent and GEOL 1401 or equivalent. $4 laboratory fee. Course is cross-listed as PHYS 4311 and GEOP 4301.

GEOL 4302 Environmental Geology as scheduled
This course explores the human-planet relationship — how Earth processes influence human lives, and how human actions, in turn, alter the interactions of Earth systems. Hazardous geologic processes, use and care of energy resources and the human impacts on the environment are the focus of this course.

GEOL 4309 Undergraduate Research in Geoscience [3-0]
Independent work in geosciences and/or environmental geosciences under the direction of a faculty member. Open only to students who have completed at least eight hours in geology or by approval of the instructor.

GEOL 4408 Applications of Geographic Information Systems [3-3]
as scheduled
New ways of using georeferenced data. Methods of integrating information from multiple sources will be used to analyze the interdependencies of both human and physical systems in a rapidly changing rural to urban environment. Examples will be given of uses in evaluating resource capability units, analyzing hazardous radiation areas, mineral exploration, land management, flood prediction and control, earthquake prediction and hurricane preparation. Attention will be given to problems of data quality, errors, accuracy and logical consistency. Prerequisite: GEOL 3408.

Geophysics

GEOP 4301 Exploration Geophysics I [3-0]
spring, odd year
An introductory course on seismic refraction and reflection imaging of the subsurface of the earth, including methods
of data acquisition, processing and interpretation in two and three dimensions. Designed for students with basic geology and/or engineering backgrounds. **Prerequisites:** PHYS 1401 or equivalent and GEOL 1401 or equivalent. $4 laboratory fee. Course is cross listed as PHYS 4311.

### German

**GERM 1331  Beginning German I**  
*fall and spring*  
A study of the essentials of German grammar, pronunciation, elementary conversation and prose reading.

**GERM 1332  Beginning German II**  
*fall and spring*  
A continuation of German 1331, focusing on German grammar, pronunciation, elementary conversation and prose reading. **Prerequisite:** GERM 1331.

### History

**HIST 2313  American Heritage I**  
*Texas Common Course Number is HIST 1301.*  
*fall, spring, summer*  
An integration of social, political and economic history of the United States with attention directed to geography and its influences. The approach is by problems that move chronologically from the earliest colonial period through the Civil War. Open to freshmen who enter with a credit in American history from high school. **Credit Restriction:** Credit may be received in only one of HIST 2313 and HIST 2387. **Prerequisite:** Admission to Honors Studies or by invitation.

**HIST 2314  American Heritage II**  
*Texas Common Course Number is HIST 1302.*  
*fall, spring, summer*  
A continuation of History 2313 to the present time. Emphasis will be given to European expansion, the French Revolution and Napoleon, the Industrial Revolution, the spread of socialism and the world conflicts of the 20th century. Major developments in world history will be related to these periods of European history.

**HIST 2332  Civilization Through the Centuries**  
*fall, spring, summer*  
A continuation of History 2331 to the present time. Emphasis will be given to European expansion, the French Revolution and Napoleon, the Industrial Revolution, the spread of socialism and the world conflicts of the 20th century. Major developments in world history will be related to these periods of European history.

**HIST 2387  American Heritage I**  
*(Honors Plan)*  
*fall*  
An integration of social, political and economic history of the United States with attention directed to geography and its influences. The approach is by problems which move chronologically from the earliest colonial period through the Civil War. **Credit Restriction:** Credit may be received in only one of HIST 2313 and HIST 2387. **Prerequisite:** Admission to Honors Studies or by invitation.

**HIST 2388  American Heritage II**  
*(Honors Plan)*  
*spring*  
An integration of social, economic and political history of the United States with attention to the geographical influences. The approach is by problems that move chronologically from Reconstruction to the present. **Credit Restriction:** Credit may be received in only one of HIST 2314 and HIST 2388. **Prerequisite:** Admission to Honors Studies or by invitation.

**HIST 3301  The History of Ideas**  
*as scheduled*  
A study of major beliefs and patterns of thought in Western culture, emphasizing the development of the arts and sciences, social thought and religion. **Prerequisite:** Six hours of history.

**HIST 3302  World History Studies**  
*fall, spring, summer*  
A comprehensive survey of social, economic, political, cultural and geographical factors influencing the course of world history. Emphasis will be on thematic and content material. **Prerequisite:** Six hours of history with HIST 2331 recommended.

**HIST 3303  Geography and the Environment in History**  
*as scheduled*  
This class examines the effects of the environment and geography on history. The course will focus on how humanity has reacted to the environment and influenced
ecosystems, and how different cultures have interacted with similar environments. The course will also examine trade routes, the effects of disease, the connections between resources and the rise of civilizations and empires. Prerequisite: Six hours of history.

HIST 3313 American Colonial Era to 1783 [3-0] as scheduled
A study of American colonial history from the founding of the first colony through the American Revolution with emphasis given to the development of American civilization; causes, course and results of the American Revolution. Prerequisite: Six hours of history.

HIST 3324 Formative Period of the American Nation, 1783-1840 [3-0] as scheduled
A study of the early years of the American nation from the critical period to the adoption of the Constitution and launching of the new government through the transformation of American society by the Jacksonian Era of the Common Man. Prerequisite: Six hours of history.

HIST 3330 A General Survey of the History of Texas [3-0] as scheduled
A survey of the history of Texas from indigenous period to present. Previous course number: HIST 2333; a student may receive credit for only one course. Prerequisite: Six hours of history.

HIST 3332 Historiography and Methodology [3-0] as scheduled
This course will acquaint students with the various schools of history, famous scholars and common debates in the field of history. The class will also provide instruction in the various tools and research methods that are utilized by historians. Prerequisite: Nine hours of history, including either 2331 or 2332.

HIST 3333 Colonial Mexico, Central and South America [3-0] as scheduled
A study of the establishment of Spanish dominion; geography and natural resources; institutional and social development; cultural aspects and contribution. Prerequisite: Six hours of history.

HIST 3335 History of Spain [3-0] as scheduled
The historical development of the Spanish nation from earliest times to the present. Emphasis will be given to the evolution of the political, economic and social institutions that are important to the conquest and colonization of the Americas. Prerequisite: Six hours of history.

HIST 3341 History of England I, to 1686 [3-0] as scheduled
English history from earliest times through the period of the Stuart kings. Emphasis will be given to the factors that have influenced the development of British and American institutions. Prerequisite: Six hours of history.

HIST 3342 History of England II, after 1686 [3-0] as scheduled
The period of the Glorious Revolution to the British Empire and commonwealth of nations. Prerequisite: Six hours of history.

HIST 3350 The American Military Experience [3-0] as scheduled
The American military experience will be examined from the colonial period to the present. The course will examine not only the operational history of the American military but also the causes and consequences of war and the role of the military in American society. Prerequisite: Six hours of history.

HIST 3373 Mexican-American Heritage [3-0] as scheduled
An interpretation of the historical heritage of the Mexican-American in the United States. Prerequisite: Six hours of history.

HIST 4303 The Emergence of Modern America, 1877-1917 [3-0] as scheduled
A study of the growth of American business and industry, the emergence of the United States as a world power, the populist protest and progressive reform movements. Prerequisite: Six hours of history.

HIST 4313 Twentieth Century America 1917 to the Present [3-0] as scheduled
A study of the history of the United States from World War I to the present with emphasis on domestic and foreign affairs and in their relationship to and effect on each other. Prerequisite: Six hours of history.

HIST 4322 The Spanish Southwest to 1821 [3-0] as scheduled
A study of the northward colonization of Mexico with emphasis on institutions and the settlement of the interior provinces of Texas, New Mexico, Arizona and California. Prerequisite: Six hours of history.

HIST 4325 The American Southwest after 1821 [3-0] as scheduled
The American penetration of Texas and the war with Mexico; subjugation of the Indians; extension of mining, railroad, cattle industry and farming across the Southwest; and the transition from raw frontier to modern states of the Southwest. Prerequisite: Six hours of history.

</table>
HIST 4395 Special Topics in Historical Study [3-0]
as scheduled
A study of selected topics in history, including comparative history, philosophies of history, and regions outside of Europe and the Americas. Topics are varied according to availability of faculty and student interest. Course can be repeated once for credit as topics change. Prerequisite: Six hours of history.

HIST 4396 Special Topics in European History [3-0]
as scheduled
A study of selected topics in European history. Topics are varied according to availability of faculty and student interest. Course can be repeated once for credit as topics change. Prerequisites: Nine hours of history, including either 2331 or 2332.

HIST 4397 Special Topics in U.S. History [3-0]
as scheduled
A study of selected topics in the history of the United States. Topics are varied according to availability of faculty and student interest. Course can be repeated once for credit as topics change. Prerequisite: Nine hours of history, including either 2331 or 2332.

HIST 4398 Special Topics in Latin American History [3-0]
as scheduled
A study of selected topics in Latin American history. Topics are varied according to availability of faculty and student interest. Course can be repeated once for credit as topics change. Prerequisite: Nine hours of history, including either 2331 or 2332.

HLTH 2352 Personal Health and Wellness [3-0]
as scheduled
A survey of factors involved in human physical and psychological wellness. Disorders arising from mutagenic, teratogenic infections, environment and lifestyle behaviors will be studied. May not be used to satisfy Health Secondary Option II Teacher Certification.

HLTH 2373 Growth, Development and Fitness [3-0]
as scheduled
A study of the growth process and systemic development of the human organism. The concept of physical fitness is analyzed and related to organismic function and well being.

HLTH 3371 Health Problems in Alcohol, Tobacco and Narcotics [3-0]
fall
This course examines the psychological, physiological and social effects of substance use, abuse and dependency. Special emphasis is placed on prevention with in-depth study of the contribution of intervention models and informed decision-making skills.

HLTH 3372 Nutrition and Health [3-0]
spring
Analysis of food constituents relating to human nutritive needs and sources throughout the life span will be studied. Its emphasis will be on prevention of nutrition-related health problems through study of health-promoting dietary and lifestyle practices, contributing risk factors and mechanism of development.

HLTH 3373 Human Sexuality [3-0]
as scheduled
Adjustment of the individual to life in the social group with emphasis upon problems occurring in mental and emotional health, aging, family living and human sexuality.

HLTH 3374 Chronic and Degenerative Disease [3-0]
as scheduled
A study of chronic and degenerative disease with respect to the nature, source, incidence, control and treatment of diseases such as cancer, cardio-vascular anomalies, neurological disorders, mental retardation and genetic disorders. Emphasis is upon providing sufficient and usable information that will provide the basis for responsible action in matters of personal health.

HLTH 3375 Consumer Health [3-0]
as scheduled
Selection, evaluation and understanding of health information, medical services, health product and advertising and socio-cultural factors in consumer health protection.
**Departmental Courses, Honors**

(See Course Listings for course descriptions.)

**Biology:**
- BIOL 1487 General Biology
- BIOL 1488 General Biology

**Communication:**
- COMM 1387 Speech Communication
- COMM 2387 Theatre Appreciation

**Economics:**
- ECO 1387 Introduction to Economics

**English:**
- ENG 1387 Rhetoric and Composition
- ENG 1388 Rhetoric and Literature
- ENG 2387 Reading in World Literature
- ENG 2388 Readings in World Literature

**French:**
- FREN 1387 Beginning French
- FREN 1388 Beginning French

**History:**
- HIST 2387 American Heritage I
- HIST 2388 American Heritage II

**Mathematics:**
- MATH 2387 Problems and Statistics
- MATH 1487 Calculus

**Philosophy:**
- PHIL 1387 Introduction to Philosophy
- PHIL 1388 Introduction to Logic

**Political Science:**
- POLS 2387 U.S. and Texas Government and Politics
- POLS 2388 U.S. and Texas Government and Politics

**Sociology:**
- SOCI 1387 Principles of Sociology

**Spanish:**
- SPAN 1387 Beginning Spanish
- SPAN 1388 Beginning Spanish
**International Business**

**INTB 3310 Entering International Trade**  
*fall, spring*  
Introduction to import and export procedures and processes. Sources of data and acquisition of information concerning the country, its culture, business practices and businesses. Accessing markets in, and sources of supply from, foreign countries. *Prerequisite:* INTB 3330.

**INTB 3330 International Business**  
*fall, spring, summer*  
Business concepts, analytical processes and philosophical bases for international business operations. Emphasis is on environmental dynamics, multinational business organizations, cultural and economic constraints, unique international business practices and international operations, strategy and policy. *Previous course number:* GENB 4330; credit may be received for only one course. *Prerequisites:* MANA 3361 and MARK 3371.

**INTB 4364 International Management**  
*fall, spring*  
Organizational planning, organizing, including staffing, communication and controlling in an international environment. How these functions of management are affected by, and may need to be adapted for, the social/cultural, economic, legal and political environments. The process of individual negotiation and the impact of culture and business practices on that process. Reference to selected cultures and practices to include Asia, Western Europe and Latin America. *Prerequisite:* INTB 3330.

**INTB 4365 International Competitiveness**  
*fall, spring*  
International dimensions of competition for global markets, with emphasis on manufacturing, production and operations management as tools of international competitive strategy. *Prerequisite:* MANA 4363.

**INTB 4367 International Transportation and Logistics**  
*fall, spring*  
This course provides background, understanding and current technical information about the techniques of international transportation and distribution. It deals with intermediate agencies such as freight forwarding agencies and transportation brokers, warehousing, material handling and utilization devices. *Prerequisite:* INTB 3330.

---

**Health-Related Programs**

- **Interdisciplinary Courses**
  - **HRP 1301 Introduction to Health Careers**  
    *fall, spring*  
    This course will survey careers in the health and health-related professions. Specific topics related to health careers will include health care organizations, history and trends, ethics, legal aspects, terminology, relevant professional affiliations and vocational trends. Employment options and educational requirements will be covered in some depth.
  - **HRP 2303 Medical Terminology**  
    *fall, spring*  
    This course is designed to introduce the student to analysis techniques and to correct spelling and pronunciation of medical terms. The student will have the opportunity to learn a medical vocabulary, develop skills in recognizing medical terms by analyzing their elements and relating them to the corresponding anatomical site.
  - **HRP 3310 Special Topics in Patient Care Issues**  
    *as scheduled*  
    The topics will vary according to current issues in the provisions of health care and prevention. Course offering will be contingent on student demand. May be repeated once for credit as topics vary. *Prerequisite:* Approval of department.
INTB 4379  Topics in International Business  [3-0]  

Special topics in international business as selected by the instructor. Additional topics to be added. Course can be repeated as topics change. Prerequisite: INTB 3330.

Kinesiology

Activity/Wellness Courses:

Students may select an activity/wellness course that emphasizes movement arts, lifetime skills or sports skills to satisfy the two hours of kinesiology wellness listed in the University core curriculum requirements. Each course includes a minimum of a two-week wellness component with continuing emphasis throughout the semester. There is a $6 activity fee for each class unless otherwise indicated.

Movement Arts: Fundamental motor skills and knowledge appropriate for various movement forms to enhance cultural awareness and total well-being.

- KIN 1210 Basic Karate [0-3]
- KIN 1211 Intermediate Karate [0-3]
- KIN 1215 Taichi [0-3]
- KIN 2223 Spanish Dance [0-3]
- KIN 2225 Folk and Square Dance [0-3]
- KIN 2226 Modern Dance [0-3]
- KIN 2230 Jazz Dance [0-3]
- KIN 2235 Mexican Folkloric Dance [0-3]
- KIN 2236 Ballet [0-3]
- KIN 2264 Fencing [0-3]

Lifetime Skills: Principles, assessment and development of total well-being through health-related physical fitness or development of lifetime skills.

- KIN 1200 Swimming [0-3]
- KIN 1201 Fitness and Motor Development [0-3]
- KIN 1202 Fitness and Wellness [0-3] (majors only)

Sports Skills: Motor skill acquisition, strategies, knowledge and positive attitudes toward a specific individual or team sport. Each sport addresses physical, mental and social wellness.

- KIN 1230 Wrestling [0-3]
- KIN 1250 Soccer [0-3]
- KIN 1255 Softball [0-3]
- KIN 2202 Volleyball [0-3]
- KIN 2203 Badminton [0-3]
- KIN 2204 Tennis [0-3]
- KIN 2207 Track and Field [0-3]
- KIN 2208 Gymnastics [0-3]
- KIN 2213 Badminton II [0-3]
- KIN 2221 Basketball [0-3]
- KIN 2241 Racquetball [0-3]
- KIN 2242 Racquetball II [0-3]
- KIN 2256 Tennis II [0-3]
- KIN 2257 Golf [0-3]

- KIN 2258 Archery [0-3]
- KIN 2259 Bowling [0-3]

Theory Courses

KIN 1202  Fitness and Wellness  [3-0]  

Wellness components of nutrition, smoking cessation, stress management and substance abuse will be addressed with particular emphasis on health-related fitness and assessment. Prerequisite: Kinesiology majors only.

KIN 1351  Introduction to Kinesiology  [3-0]  

Orientation to the field of kinesiology, its scope,
organization of professional activities, vocational opportunities and professional qualifications.

KIN 1354  Safety and First Aid  [3-0]
as scheduled
Basic knowledge for safe and effective living. The essential aspects of home, work, motor vehicle and public safety. Includes both theoretical and practical aspects of emergency care. Standard First Aid, Personal Safety and Cardio-Pulmonary Resuscitation (CPR). Certification upon completion of specific requirements. *Equivalent Course:* HLTH 1354; a student may receive credit for only one course.

KIN 2301  Health-Related Physical Fitness Appraisal  [3-0]
as scheduled
Introduction to health-related physical fitness and health risk appraisal procedures that are intended to provide the intellectual and motivational base for positive health. (Taken by students who cannot take four hours of required kinesiology activities. Fulfills the University core curriculum requirements; see pages 95-98 for details.)

KIN 2305  Technical Skills for Team Sports  [3-0]
as scheduled
Motor skill acquisition, knowledge, and safety issues in selected team sports (i.e. flag football, volleyball, soccer, softball, etc.). Lab fee required. *Prerequisites:* Kinesiology major and KIN 1351.

KIN 2310  Outdoor Education  [3-0]
as scheduled
Motor skill acquisition, knowledge and safety issues in selected outdoor education activities (i.e. adventure education, rock climbing, hiking, swimming, etc.). Lab fee required. *Prerequisites:* Kinesiology major and KIN 1351.

KIN 2315  Technical Skills for Individual Sports  [3-0]
as scheduled
Motor skill acquisition, knowledge and safety issues in selected individual or lifetime sports (i.e. tennis, badminton, golf, archery, etc.) Lab fee required. *Prerequisites:* Kinesiology major and KIN 1351.

KIN 2320  Movement Arts  [3-0]
as scheduled
Motor skill acquisition, knowledge and safety issues in selected movement art activities (i.e. martial arts, dance activities, fencing, rhythmical activities, yoga, etc.) Lab fee required. *Prerequisites:* Kinesiology major and KIN 1351.

KIN 3300  Theory of Football  [3-0]
as scheduled
The analysis and interpretation of coaching techniques, rules, strategies and fundamentals of football.

KIN 3302  Teaching Individual Sports  [1-2]
as scheduled
A study of current theories of teaching selected individual sports. Participation required.

KIN 3303  Theory of Basketball  [3-0]
as scheduled
The analysis and interpretation of coaching techniques, rules, strategies and fundamentals of basketball.

KIN 3304  Theory of Baseball  [3-0]
as scheduled
The analysis and interpretation of coaching techniques, rules, strategies and fundamentals of baseball.

KIN 3305  Theory of Track and Field  [3-0]
as scheduled
The analysis and interpretation of coaching techniques, rules, strategies and fundamentals of track and field.

KIN 3310  Modified Team and Individual Sports  [1-2]
as scheduled
Analysis and presentation of selected sports in a modified form appropriate for middle school students. Participation required.

KIN 3318  Dance & Tumbling Theory  [3-0]
as scheduled
The analysis and development of dance and tumbling in grade levels K-12.

KIN 3320  Theory of Volleyball  [3-0]
as scheduled
The analysis and interpretation of coaching techniques, rules, strategies and fundamentals of volleyball.

KIN 3333  Theory of Soccer  [3-0]
as scheduled
The analysis and interpretation of coaching techniques, rules, strategies and fundamentals of soccer.

<tbody>
<tr>
<td>KIN 3340</td>
<td>Kinesiology Activities for Elementary and Middle Schools</td>
<td>[3-0]</td>
<td>Motor skill acquisition, knowledge and safety issues in selected elementary and middle school activities (i.e. movement education, activities using small equipment, dance, tumbling, games and modified team and individual sports). Lab fee required. Prerequisites: Kinesiology major and admission to the College of Education.</td>
</tr>
<tr>
<td>KIN 3345</td>
<td>Biomechanics</td>
<td>[3-0]</td>
<td>A study of the structural and mechanical factors that interact with human movement. Prerequisites: BIOL 2403 and BIOL 2404.</td>
</tr>
<tr>
<td>KIN 3352</td>
<td>Care, Treatment and Prevention of Athletic Injuries</td>
<td>[3-0]</td>
<td>Prevention and correction of accidents in physical education and athletic activities. The use of proper personal and field equipment, support methods, conditioning exercises, therapeutic aids, medical examinations and massage.</td>
</tr>
<tr>
<td>KIN 3353</td>
<td>Physiology of Exercise</td>
<td>[3-0]</td>
<td>Basic systemic adaptations to exercise with specific emphasis on teaching kinesiology and on training and conditioning athletes. Prerequisite: KIN 3345.</td>
</tr>
<tr>
<td>KIN 3356</td>
<td>Movement Exploration</td>
<td>[2-1]</td>
<td>Instruction and practice with methods and materials necessary to design developmentally appropriate instruction in elementary physical education. Pedagogy labs and field experiences are required. Prerequisite: Acceptance into the College of Education.</td>
</tr>
<tr>
<td>KIN 3365</td>
<td>Tests and Measurements in Kinesiology</td>
<td>[3-0]</td>
<td>The use, interpretation, evaluation and administration of valid tests in kinesiology. Also involves the application of elementary statistical procedures.</td>
</tr>
<tr>
<td>KIN 3395</td>
<td>Motor Learning</td>
<td>as scheduled</td>
<td>A study of applications of principles of psychology to learning situations involved in motor skill acquisitions. Emphasis will be given both to general learning situations involved in the mastery of motor skills and to special situations involved with individual and group problems of motivation and response.</td>
</tr>
<tr>
<td>KIN 4313</td>
<td>Kinesiology Workshop</td>
<td>[3-0]</td>
<td>This course is designed to give a student experience in research or in-depth study/reading in a substantive area not normally covered within standard courses. Course topics will vary according to student interest. May be repeated for credit with different topics.</td>
</tr>
<tr>
<td>KIN 4351</td>
<td>Adapted Kinesiology</td>
<td>[3-0]</td>
<td>The selection and planning of kinesiology for students whose activity must be adapted due to demands by gravity, trauma, injury, congenital defect, illness or disease. Laboratory experience to be arranged. Field-based.</td>
</tr>
<tr>
<td>KIN 4354</td>
<td>Kinesiology in the Public Schools</td>
<td>[3-0]</td>
<td>A survey of activities for program planning in the public schools including leadership, units of instruction, sources of materials, special programs and issues in the field. Prerequisites: EDCI 4301, EDCI 4307 and READ 4351.</td>
</tr>
<tr>
<td>KIN 4664</td>
<td>Kinesiology Practicum</td>
<td>as scheduled</td>
<td>University work and field placement in a public and/or private setting where student learns the theory and practice of operating a wellness establishment. Six to nine hours of field work per week. May not be used to satisfy teacher certification.</td>
</tr>
<tr>
<td>LEAD 1310</td>
<td>Introduction to Leadership Theory</td>
<td>[3-0]</td>
<td>This is an overview of the history and theory of leadership. This interdisciplinary course is designed to introduce the student to the tasks, strategies and skills of effective leadership. Topics will include historical and contemporary theories, modern organizational theory, goal-setting, decision-making and other leadership topics. The format of the course will involve lecture, group activities and hands-on exercises.</td>
</tr>
<tr>
<td>LEAD 2310</td>
<td>Ethics in Leadership</td>
<td>[3-0]</td>
<td>This course will critically examine the issues of authenticity, self-interest, self-discipline and the moral obligations leaders face in pursuing justice, duty and the greatest good. Additionally, this course will investigate and analyze the ethical obligations of constituents and how the ethical commitments of both leaders and constituents are interconnected. The format of the course will include case studies, written papers and class debates.</td>
</tr>
</tbody>
</table>
LEAD 3310 Community Leadership [3-0] as scheduled
This course will help students apply leadership theory to community service. A number of guest lecturers, solicited and scheduled by students, will introduce students to public service opportunities in their own backyard. The guest lecturers will be presented by local community and university leaders. Students will be required to interview these leaders and write and present a biographical introduction for them. Students will also be required to participate in a community service organization and write a paper on the experience. Students in this class will also partner with the local leadership programs. Prerequisites: LEAD 1310 and LEAD 2310.

LEAD 4320 Survey of World Leadership Models and Practices [3-0] as scheduled
The course examines leadership on a global level. Starting at the state level and moving on to a national scope, this class will explore case studies in both government and organizational leadership. Students will explore leadership styles, both successful and not, of a number of famous (or infamous) state and national leaders. In addition, students will examine a number of complex social issues that affect us on a state and/or national level. They will apply leadership theory, community building strategies and interdisciplinary approaches to propose a variety of solutions. Prerequisite: LEAD 3310.

LEAD 4330 Survey of Texas and U.S. Leadership Models and Practices [3-0] as scheduled
This course examines leadership on a macro-level. Starting at the state level and moving on to a national scope, this class will explore case studies in both government and organizational leadership. Students will explore leadership styles, both successful and not, of a number of famous (or infamous) state and national leaders. In addition, students will examine a number of complex social issues that affect us on a state and/or national level. They will apply leadership theory, community building strategies and interdisciplinary approaches to propose a variety of solutions. Prerequisite: LEAD 3310.

MANA 1331 Introduction to Business [3-0] fall, spring, summer
A survey of the field of business and industry in our economic system. Basic principles of business organization and the information and operation of the several divisions of a business concern: finance, production, marketing and personnel. Designed to acquaint the beginning student with the problems, procedures and practices of modern business.

MANA 3300 Internship in Management [3-0] as scheduled
This course is designed to give students an opportunity to gain real world experience in their chosen career field by working with a participating employing firm or organization. The students will be supervised by a faculty member acting as a liaison between the employing organization and the academic department to assure compliance with specific learning and experience requirements for the assignment. The employment can be either paid or unpaid, and must be at least 10 hours of work each week over the period of one academic term. Prerequisites: Upper-division standing and approval by both department chair and employer providing internship experience.

MANA 3333 Digital Media for Management and Marketing [3-0] as scheduled
Digital media available to organizational managers and marketers is a fast moving field of development. Although one area of importance is the technical capability of such media, overlooked competencies are the strategy of media use, the efficient deployment of digital media and the effective assessment of the medium as a communication tool. This course is a leading edge effort to provide students with exposure to those critical components for organizational success. Prerequisites: MANA 3361 and MARK 3371.

MANA 3335 Communication Policy and Strategy [3-0] fall, spring, summer
Course focuses on communication policy and practice as contributors to the effectiveness and efficiency of organizational operation in domestic and global theaters. The focus includes decision making, ethical dilemmas and tactics related to establishment of organizational policies and practices guiding communication, internal and external, global and domestic, to the organization. The course uses case study format. Prerequisite: CIS 1301 or equivalent. Satisfaction of general requirements for freshman English.

MANA 3361 Principles of Management and Organizational Behavior [3-0] fall, spring, summer
A study of the management functions of planning, organizing, leading and controlling. Emphasis is placed on organizational theory and behavior to include culture and ethics. Prerequisite: CIS 1301 or equivalent.
MANA 3362  Human Resource Management  [3-0]
fall, spring, summer
This class focuses on the current developments within the field of personnel administration. Students will study the concepts, principles, policies and organizational procedures utilized by business institutions in the management of personnel that includes: selection, placement, compensation, morale, labor turnover, collective bargaining, employee service and supervisory activities. Prerequisite: MANA 3361 or consent of department.

MANA 3364  Organizational Theory  [3-0]
fall, spring
This course studies the theory and process of designing, utilizing and evaluating organizational structures. It includes the design of appropriate jobs which will fit into the organizational structure as well as adapting the organizational design to the operational and environmental demands of the organization. Prerequisite: MANA 3361.

MANA 3365  Compensation  [3-0]
fall, spring
This course presents the principles and practices of the determination of relative values of jobs and their application to basic wage and salary structure. The class includes the formulation of a job evaluation plan and its accompanying wage structure. Prerequisites: ECON 2301 and 2302; MANA 3361 and MANA 3362 or consent of department.

MANA 3366  Recruitment and Selection  [3-0]
This course is designed to provide an understanding of the process of recruitment and selection in organizations. It will cover the basic aspects of these areas (e.g. job analysis, legal issues, selection devices) as well as current issues such as global staffing, downsizing and contingent workers. While the focus of the course is from an organization’s point of reference, a significant portion of the requirements will aid students in developing the tools, resources and awareness to get placed and promoted in organizations. Prerequisite: QUMT 3342.

MANA 3367  Organizational Training and Development  [3-0]
This course is designed to provide students with the fundamental aspects of training as well as hands-on practical experience in developing training programs for organizations. The primary focus of this course deals with aiding students in developing the skills necessary to deliver training and development sessions that can be applied in organizations in order to meet the needs of the fast-paced, information-generating corporate environments that are necessary in firms today. A major emphasis will be on skill development in regard to the design and delivery of training that is both efficient and cost effective to the organization.

MANA 4300  Topics in Management  [3-0]
on demand
A course of supervised independent study and research into management theory and practice. Prerequisite: nine semester hours of management courses with at least a 3.0 GPA in these courses.

MANA 4361  Organizational Behavior  [3-0]
fall, spring
This course focuses on the study of management theory with emphasis on the investigation of individual and group behaviors within organizations. Prerequisite: MANA 3361 or consent of department.

MANA 4363  Production Management  [3-0]
fall, spring, summer
The concept of the production function and its applicability to all types of business firms, problems that provide background for the integration of scientific decision processes relative to an analysis of production activities and computer applications in the production/operations environment. Prerequisites: QUMT 3342 and MANA 3361.

MANA 4364  Societal Problems in Business  [3-0]
fall, spring
The behavior and social responsibilities of business firms and other business institutions in modern society to include current cultural and ethical issues. Prerequisite: MANA 3361.

MANA 4365  Quality Management  [3-0]
as scheduled
This course focuses on the design of products and services that meet customer needs; control of processes to ensure meeting design requirements; and the continuous improvement of quality. Analytical methods for obtaining and maintaining quality will be addressed in the course. In order to understand real life applications of quality management, students will be involved in working with companies on actual quality problems. In addition, case discussions will be used to enhance the students’ understanding of the key points in lectures.

MANA 4366  Small Business Management  [3-0]
fall, spring
A study of the special characteristics of small business. Emphasis will be placed on the selecting and starting of a small business and the essential function of management in the first years of operation. Prerequisites: Senior standing in business or entrepreneurship minors. ACC 2421, MANA 3361 and three hours of economics.

MANA 4367  Purchasing and Supply Management  [3-0]
A study of the integration and coordination of activities, such as purchasing, outsourcing, materials management,
logistics, supplier selection, global sourcing and international distribution, to create an effective flow of materials and information from suppliers to customers.

</tr>
</tbody>
</table>
MANE 4301  Robotics  [3-0]  
Introduction to matrix transformation. Study of kinematics, trajectory planning, dynamics and control of robotics. Application of robots for automated manufacturing, assembly and materials handling. Prerequisite: Consent of instructor.

MANE 4311  Quality Control  [3-0]  
Study of statistical methods applied to the assurance of product quality. Foundational principles developed by Juran, Deming and others will be applied. Sampling techniques and control charts will be applied. Concepts of statistical process control will be emphasized throughout. Design of experiments and Taguchi-type methodologies will be introduced. Prerequisite: MANE 3332.

MANE 4321  Automation Systems  [3-0]  
Modeling of mechanical, thermal, fluid, electrical and electromechanical systems; time response analysis, block diagram and signal flow representation; stability analysis and design of compensators. Prerequisite: Credit for or enrollment in MATH 3349.

MANE 4331  Manufacturing Planning and Control  [3-0]  
A capstone course covering the principles of manufacturing process and plant design and control emphasizing the interrelationship between product design, process design and the firm's operating plan. Computer models will be used extensively. Prerequisite: Consent of instructor.

MANE 4333  Topics In Manufacturing Engineering  [3-0]  
Topics selected from current issues of concern in manufacturing industries. May be repeated for credit when topics change. Prerequisite: Consent of instructor.

MANE 4340  Operations Research  [3-0]  
An introduction to basic concepts in mathematical modeling, stochastic processes, linear programming and optimization. Applications include inventory system and control, plant location and network analysis. Prerequisite: Consent of instructor.

MANE 4346  Introduction to Plastics Engineering  [3-0]  
Emphasis on important relationships between material's properties (physical and chemical), the molding process, the design process and the performance of finished products. Prerequisite: MECE 2440.

MANE 4352  Manufacturing Simulation  [3-0]  
Develops skills in applying discrete computer simulation and modeling techniques for facility layout design and production planning. Topics include data collection, input analysis, distribution fitting, model development, verification and output analysis. Prerequisite: MANE 3332.

MARK 3371  Principles of Marketing  [3-0]  
The marketing structure as it operates in our economic system, with emphasis on improving the flow of goods and services from producer to consumer. Practical application of principles and techniques. Designed as a beginning course in marketing. Prerequisites: ECON 2302, CIS 1301 or equivalent.

MARK 3372  Consumer Behavior  [3-0]  
An overall view of the basic perspectives of consumer behavior. An interdisciplinary approach is utilized by studying the fields of economics, psychology, sociology and anthropology as they relate to marketing. Emphasis is placed on the fundamental process of motivation, perception and learning, as well as analysis of individual predispositions and group influences in marketing. Prerequisite: MARK 3371 or consent of instructor.

MARK 3373  Industrial Marketing  [3-0]  
A comprehensive study of marketing in other than the retail area. Topics include wholesale institutions, their competitive
positions and strategies; channels of distribution; physical distribution; marketing to industrial consumers and industrial buying behavior. Readings, cases and special projects. 
**Prerequisite:** MARK 3371 or consent of the instructor.

**MARK 3375  Retailing**  
**fall, summer**
Principles and methods of modern retailing, emphasis on problems of store location and layout, buying, pricing, credit, stock control, personnel and sales promotion. Designed for students who wish to gain a general knowledge of the retail field as well as those specializing in marketing. 
**Prerequisite:** MARK 3371 or consent of instructor.

**MARK 3376  Professional Salesmanship**  
**fall, spring**
Professional salesmanship, the product, the buyer, planning the presentation, meeting the prospect, the interview, overcoming resistance, closing the sale and building goodwill. Practical applications of selling in the form of structured class presentations with an emphasis on consultative selling. 
**Prerequisite:** MARK 3371 or consent of instructor.

**MARK 3378  Marketing in an E-Commerce Environment**  
**fall, spring**
This course focuses on the marketing of business over the Internet, highlighting the important dual role of the Internet in selling online and providing support for brick and mortar stores. The course will both evaluate existing Web sites and cover theories of improving the customer utility of Web sites. Students will study about driving traffic to the Web site, keeping customers on the site and encouraging purchases from the Web site.

**MARK 3379  Services Marketing**  
**fall, spring**
This course focuses on the marketing of services businesses highlighting the differences between them and marketing product businesses. The course looks at different categories of services businesses, i.e. retail, hospitality, and professional services to identify differences in the way consumers evaluate these enterprises and means of improving customer satisfaction.

**MARK 4330  International Marketing**  
**fall, spring, summer**
The development of the international marketing mix for the multinational organization, and an in-depth look at global versus domestic marketing management. 
**Prerequisite:** MARK 3371.

**MARK 4372  Promotions Management**  
**as scheduled**
Management of the promotional mix. Analysis and application of advertising and sales promotion methods through mass communication and management of the sales force for both consumer and industrial goods. 
**Prerequisite:** MARK 3371 or consent of instructor.

**MARK 4373  Sales Management**  
**fall, spring**
Decision making of the sales manager and how it affects the sales force. Emphasis is placed on sales planning, staffing, training and directing of the sales force including sales force analysis and evaluation. 
**Prerequisite:** MARK 3371.

**MARK 4378  Marketing Research**  
**fall, spring**
Quantitative research procedures and techniques used in business today. Problem definition, sources of research data, survey methods, questionnaire design and sampling techniques. Practical application of procedures and techniques are emphasized through class research projects. 
**Prerequisites:** QMT 3342 and MARK 3371.

**MARK 4379  Special Problems in Marketing**  
**as scheduled**
In-depth study of specific problems in marketing. A weekly conference is scheduled with the supervising faculty member. 
**Prerequisites:** Twelve hours in marketing and consent of instructor.

**MARK 4380  Marketing Management**  
**fall, spring**
Capstone course for marketing majors. Emphasis on integrating knowledge of various marketing tools and models that may be useful in assisting the marketing manager in the decision-making process. All areas of marketing are discussed within the decision-making framework, with practical applications of techniques emphasized. 
**Prerequisites:** MARK 3372, MARK 3376 and MARK 4378.

**Mathematics**

**MATH 1300  Elementary Algebra**  
**as scheduled**
A course in elementary algebra designed for the student with a background in numerical skills. Students have the opportunity to prepare for intermediate algebra and other mathematics coursework recommended in education, fine arts, the humanities or social sciences. Topics include basic operations on real numbers, elementary geometry, introduction to algebra, linear equations and graphs, linear equations with applications, exponent properties, systems
of linear equations in two unknowns, polynomials and factoring methods. This course does not count toward a student’s hours for graduation or in the determination of hours attempted or earned. This course may not be used to satisfy any University core curriculum requirements.

**MATH 1334 Intermediate Algebra [3-0]**
A course in algebra designed to prepare the student for College Algebra or the equivalent. Topics include factors of polynomials; rational expressions; radical expressions; an introduction to complex numbers, quadratic equations, rational equations, radical equations and elementary inequalities. Prerequisite: MATH 1300 with a grade of “C” or better or satisfactory score on the ACT. This course does not count toward a student’s hours for graduation or in the determination of hours attempted or earned.

**MATH 1340 College Algebra [3-0]**
Topics include nonlinear and absolute value inequalities, functions, complex numbers, polynomial and rational functions, exponential and logarithmic functions, and systems of linear and nonlinear equations. Prerequisite: MATH 1334 with a grade of “C” or better or satisfactory score on ACT or placement exam.

**MATH 1341 Business Algebra [3-0]**
Topics include inequalities, quadratic functions, logarithmic and exponential functions, sequences and series, mathematics of finance, systems of linear equations, matrices and an introduction to linear programming. Use of technology to perform numerical computations is emphasized. Prerequisite: MATH 1334 with a grade of “C” or better or satisfactory score on ACT or placement exam.

**MATH 1342 Business Calculus [3-0]**
Topics include differential calculus with business optimization applications, multivariable calculus including optimization techniques and applications and an introduction to integral calculus. Prerequisite: MATH 1340 or MATH 1341 with a grade of “C” or better.

**MATH 1356 Trigonometry [3-0]**
Topics include circular functions, identities, special angles, trigonometric equations and graphs. Previous Course Number: MATH 1305; credit may be received for only one course. Prerequisite: MATH 1340 or its equivalent with a grade of “C” or better or satisfactory score on ACT or placement exam.

**MATH 1357 Pre-calculus Mathematics [3-0]**
Topics include transcendental functions, analytic geometry, conic sections, sequences and series. Prerequisite: MATH 1356 with a grade of “C” or better or appropriate high school background and/or placement scores.

**MATH 1401 Calculus I [4-0]**
Topics include limits, the derivative and its applications, antiderivatives, definite integrals and the derivatives and integrals of transcendental functions. Prerequisite: MATH 1357 with a grade of “C” or better or appropriate high school background and placement scores.

**MATH 1402 Calculus II [4-0]**
Topics include methods and applications of integration, parametrized curves, integration in polar coordinates, and infinite sequences and series. Prerequisite: MATH 1401 with a grade of “C” or better or appropriate high school background and placement scores.

**MATH 1487 Calculus I (Honors) [4-0]**
Topics of derivatives, definite integrals, limits are studied taking examples from algebraic and transcendental functions. Emphasis is placed on calculus as a discipline and calculus as a tool in modeling. Prerequisites: MATH 1357 with a grade of “C” or better or appropriate high school background and placement scores, together with admissions to the honors program or consent of instructor.

**MATH 1488 Calculus II (Honors) [4-0]**
Topics include methods and applications of integration, alternative coordinate systems, parameterizations, infinite sequences and series. Topics are viewed as useful tools and are studied in the context of calculus as a discipline. Prerequisites: MATH 1487 (or MATH 1401) with a grade of “C” or better or appropriate high school background and placement scores, together with admission to the honors program or consent of instructor.
MATH 2330 Elementary Statistics and Probability [3-0]  
as scheduled
This course is intended to provide the student with an elementary overview of the mathematical nature and uses of descriptive statistics and inferential statistics. Topics include the definitions and fundamental theorems concerning measures of central tendency and dispersion, empirical and theoretical concepts of probability, the central limit theorem, tests of hypotheses, interval estimation, chi-square tests and regression and correlation. Equivalent Course: STAT 2330. Credit may be received in only one of MATH 2330 or STAT 2330. Prerequisite: MATH 1334 with a grade of “C” or better or satisfactory score on ACT or placement exam.

MATH 2345 Elementary Linear Algebra [3-0]  
as scheduled
Topics include systems of linear equations, matrices and their algebraic properties, determinants, vectors, Euclidean N-space, linear transformations and their matrix representations, vector spaces, eigenvalues and eigenvectors and applications to the sciences and business. Previous Course Number: MATH 2304. A student may use MATH 2345 to replace a grade received in MATH 2304; however, one may not receive credit for both MATH 2304 and MATH 2345. Prerequisite: MATH 1401 with a grade of “C” or better.

MATH 2346 Mathematics for Electrical Engineers [3-0]  
as scheduled
This course covers the essentials of matrix theory, discrete mathematics, and numerical methods needed for majors in Electrical Engineering. Topics include Gauss-Jordan elimination, matrix algebra, determinants, graphs, trees, combinatorics, root finding algorithms, numerical differentiation, numerical integration, and numerical matrix methods. Prerequisites: CSCI 1380 with a grade of “C” or better. Co-requisite: MATH 1402.

MATH 2401 Calculus III [4-0]  
as scheduled
Topics include vectors, calculus of several variables, partial derivatives, multiple integrals and vector calculus including the Divergence Theorem and Stoke’s Theorem. Prerequisite: MATH 1402 with a grade of “C” or better.

MATH 3303 History of Mathematics [3-0]  
as scheduled
This course is a study of the historical development of ideas that shape modern mathematical thinking. Although mathematicians are studied, emphasis is placed on mathematical development. Prerequisite: MATH 1402 with a grade of “C” or better.

MATH 3304 Geometry [3-0]  
as scheduled
This course studies Euclidean and non-Euclidean geometries focusing on axiomatic systems with the purpose of developing students’ understanding of the ability to create mathematical proofs. Prerequisite: MATH 2345 with a grade of “C” or better.

MATH 3311 The Organizational Structures and Processes of Mathematics [3-0]  
as scheduled
This course examines the content and organization of logical, axiomatic and algorithmic structures and the corresponding networks of concepts, principles and skills in the field of mathematics. It includes the analysis, justification and application of such mathematical processes as those for proofs, algorithms, problem solving and applications of mathematics. This course aims at developing an advanced level of understanding of mathematics (content and method) up through integral calculus. Prerequisite: MATH 1402 with a grade of “C” or better.

MATH 3337 Applied Statistics I [3-0]  
as scheduled
This course concerns itself with probabilistic models, regression analysis, nonparametric statistics and the basics of experimental design. Computer laboratory experience will be an important part of the class. Equivalent and Previous Course Information: This course replaces MATH 3308 and is the same as STAT 3337. A student may use MATH 3337 to

<th>Course</th>
<th>Title</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 3338</td>
<td>Applied Statistics II</td>
<td>[3-0]</td>
<td>This course is a continuation of MATH 3337 and includes special designs, analysis of variance and covariance, multiple comparisons and coding. Prerequisite: MATH 3337 or STAT 3337.</td>
</tr>
<tr>
<td>MATH 3349</td>
<td>Differential Equations</td>
<td>[3-0]</td>
<td>This course studies first-order and linear second-order differential equations, Laplace transforms, power series solutions and first order linear systems. Prerequisite: MATH 2402 with a grade of &quot;C&quot; or better.</td>
</tr>
<tr>
<td>MATH 3355</td>
<td>Linear Programming</td>
<td>[3-0]</td>
<td>Basic theory of linear programming, an introduction to the simplex method path-following interior-point methods, and applications of linear programming. Programming will be done in MATLAB. Prerequisite: MATH 2345 with grade of &quot;C&quot; or better.</td>
</tr>
<tr>
<td>MATH 3368</td>
<td>Numerical Methods</td>
<td>[3-0]</td>
<td>This course includes interpolation, numerical integration, numerical solutions to differential equations and a study of numerical solutions to systems of equations. Equivalent Course: CSCI 3350; a student may receive credit for only one course. Prerequisites: MATH 1401; CSCI 1380 or CSCI 2325 or consent of instructor.</td>
</tr>
<tr>
<td>MATH 3373</td>
<td>Discrete Structures</td>
<td>[3-0]</td>
<td>This course addresses mathematical topics readily used in computer science, including formal logic, mathematical proof, counting techniques, functions and relations, an introduction to compatibility, the Church-Turing thesis and modeling computation. Prerequisites: MATH 1401 or MATH 1322 and CSCI 1380, all with a grade of &quot;C&quot; or better.</td>
</tr>
<tr>
<td>MATH 4317</td>
<td>Complex Analysis</td>
<td>[3-0]</td>
<td>This course is an introduction to the theory of functions of a complex variable with basic techniques and some applications. Topics include complex numbers and the extended complex plane, elementary functions of a complex variable, differentiation, conformal mappings, contour integration, Cauchy's theorem, Cauchy's formula, Taylor and Laurent series and residue theory. Prerequisite: MATH 2401 with a grade of &quot;C&quot; or better.</td>
</tr>
<tr>
<td>MATH 4318</td>
<td>Boundary Value Problems</td>
<td>[3-0]</td>
<td>This course is an introduction to elementary partial differential equations, with applications to physics and engineering. Heat conduction, diffusion processes, wave phenomena and potential theory are explored by means of Fourier analysis. Prerequisite: MATH 3349 with a grade of &quot;C&quot; or better.</td>
</tr>
<tr>
<td>MATH 4319</td>
<td>Integral Transforms</td>
<td>[3-0]</td>
<td>This course is an introduction to transform analysis based on the theory of Fourier and Laplace integrals. Topics include contour integration, inverse formulas, convolution methods, with application to mathematical analysis, differential equations and linear systems. Prerequisites: MATH 2401 and MATH 3349 both with a grade of &quot;C&quot; or better.</td>
</tr>
<tr>
<td>MATH 4339</td>
<td>Mathematical Probability and Statistics</td>
<td>[3-0]</td>
<td>Topics include probability, random variables, discrete and continuous probability distributions, expectations, moments and moment generating functions, functions of random variables and limiting distributions. Prerequisite: MATH 1402 with a grade of &quot;C&quot; or better.</td>
</tr>
<tr>
<td>MATH 4351</td>
<td>Modern Algebra</td>
<td>[3-0]</td>
<td>This course provides an introduction to algebraic structures. Topics are to be taken from groups, rings and fields. Prerequisite: MATH 2345 with a grade of &quot;C&quot; or better.</td>
</tr>
<tr>
<td>MATH 4357</td>
<td>Real Analysis</td>
<td>[3-0]</td>
<td>This course presents a rigorous introduction to the elements of real analysis. Topics include sequences, series, functions, limits, continuity and derivatives. Prerequisite: MATH 1402 with a grade of &quot;C&quot; or better.</td>
</tr>
<tr>
<td>MATH 4360</td>
<td>Topology</td>
<td>[3-0]</td>
<td>This course presents a rigorous introduction to the elements of topology. Topics include a study of metric spaces,</td>
</tr>
</tbody>
</table>
through the use of elementary logic and set theory. Previous Course Number: MATH 1402 with a grade of “C” or better.

**MATH 4364** Special Problems in Mathematics [3-0]
as scheduled
This course covers special undergraduate topics in mathematics that are not taught elsewhere in the department. May be repeated for credit. Prerequisite: Consent of instructor.

**MATH 4379** Special Problems in Applied Mathematics [3-0]
as scheduled
This course covers special undergraduate topics in applied mathematics that are not taught elsewhere in the department. May be repeated for credit when topic is different. Previous Course Number: MATH 4311. A student may use MATH 4379 to replace a grade received in MATH 4311; however, credit may be received for only one course. Prerequisite: Consent of instructor.

**EMAT 2306** Foundations of Mathematics I [3-0]
as scheduled
Students study the mathematical background of meaningful learning of number concepts, precise definitions, fundamental operations and problem-solving mathematics. The structure of the real number system is developed through the use of elementary logic and set theory. Previous Course Number: MATH 2306; a student may use EMAT 2306 to replace a grade received in MATH 2306; however, one may not receive credit for both EMAT 2306 and MATH 2306. Prerequisite: MATH 1340 with grade of “C” or better.

**EMAT 2307** Foundations of Mathematics II [3-0]
as scheduled
This course is a continuation of EMAT 2306. Topics include measurement, geometry, probability and statistics, elementary algebra and problem solving. Previous Course Number: MATH 2307; a student may use EMAT 2307 to replace a grade received in MATH 2307; however, one may not receive credit for both EMAT 2307 and MATH 2307. Prerequisites: MATH 1340 and MATH 2306, both with grade of “C” or better.

**MMAT 3309** Foundations of Mathematics III – Intermediate [3-0]
as scheduled
This course advances knowledge and skills from EMAT 2306 and EMAT 2307 and involves analyses of intermediate mathematical structures, their construction and synchronous mappings into multiple embodiments (e.g., symbolic, situational, technological, geometric, and others). Clinical, laboratory, and field experiences provide opportunities to construct and assess selected structures according to established theories. Prerequisites: EMAT 2306 and EMAT 2307, both with a grade of “C” or better.

**MMAT 3312** Measurement and Geometry [3-0]
as scheduled
This course is an in-depth study of measurement and geometry. Topics include length, area, volume, the metric system, transformations, symmetry, congruency, similarity, proof and coordinate systems, using technology and the van Hiele model of geometry instruction. Previous Course Number: MATH 3312; a student may use MMAT 3312 to replace a grade received in MATH 3312; however, one may not receive credit for both MMAT 3312 and MATH 3312. Prerequisite: EMAT 2307 with a grade of “C” or better.

**MMAT 3313** Algebraic Structures [3-0]
as scheduled
This course is an in-depth study of algebraic structures. Topics include meaningful learning of concepts and properties of relations, functions, binary operations, groups, rings and fields, using technology when appropriate. Previous Course Number: MATH 3313; a student may use MMAT 3313 to replace a grade received in MATH 3313; however, one may not receive credit for both MMAT 3313 and MATH 3313. Prerequisite: EMAT 2307 with a grade of “C” or better.

**MMAT 3315** Probability and Statistics [3-0]
as scheduled
This course is an in-depth study of probability and statistics. Topics include descriptive statistics, probability and inferential statistics, using calculator and computer technology. Previous Course Number: MATH 3315; a student may use MMAT 3315 to replace a grade received in MATH 3315; however, one may not receive credit for both MMAT 3315 and MATH 3315. Prerequisite: EMAT 2307 with a grade of “C” or better.

**MMAT 3316** Mathematics in a Computer Environment [3-0]
as scheduled
This course studies mathematics that can be developed and explored in an environment that includes the computer as the primary investigative tool. Previous Course Number: MATH 3316; a student may use MMAT 3316 to replace a grade received in MATH 3316; however, one may not receive credit for both MMAT 3316 and MATH 3316. Prerequisite: EMAT 2307 with a grade of “C” or better.

**MMAT 3317** Basics of Discrete Mathematics [3-0]
as scheduled
This course is an introductory study of discrete mathematics. Topics include uses of mathematical notation,
concepts, principles, and proofs applied to combinatorics, relations, graph theory, recursion and generating functions. Prerequisite: EMAT 2307 with a grade of “C” or better.

**MMAT 3318 Basics of Number Theory [3-0]**

This course is an introductory course of number theory. Topics include uses of mathematical notion, concepts, principles, proofs applied to divisibility (e.g., primes, factorization, gcd, lcm), modular theory, Diophantine equations, multiplicative functions, Pythagorean triples, Fibonacci sequences and applications to cryptography. Prerequisite: EMAT 2307 with a grade of “C” or better.

**MMAT 3319 Mathematical Structures and Processes [3-0]**

This course is an in-depth study in mathematical structures and processes. Topics include concepts, principles, skills, proofs, applications of logical, axiomatic, and algorithmic mathematical structures and processes. Previous Course Number: MATH 3319; a student may use MMAT 3319 to replace a grade received in MATH 3319; however, one may not receive credit for both MMAT 3319 and MATH 3319. Prerequisite: MMAT 3312 and MMAT 3313, both with a grade of “C” or better.

**MMAT 3320 Basics of Mathematical Modeling [3-0]**

This course is an introductory study of mathematical modeling. Topics include the exploration of real world and mathematical situations using algebra, geometry, probability and statistics, trigonometry and elementary calculus using calculator and computer technology when appropriate. Prerequisite: EMAT 2307 with a grade of “C” or better.

**MMAT 3321 Mathematical Problem-Solving [3-0]**

This course is a study of mathematical problem-solving using heuristics to investigate problems drawn from algebra, geometry, probability, statistics and calculus with the aid of calculator and computer technology, when appropriate. Topics include Pólya’s problem-solving model, teaching for, about and via problem-solving and problem-posing. Prerequisite: MMAT 3320 with a grade of “C” or better.

**MMAT 4322 Capstone Research Project [3-0]**

Students will design, construct and evaluate research-based units and technologically enhanced materials for use in teaching mathematics in the middle school. The units will be composed of mathematical content selected from the history of mathematics, algebraic structures, measurement, geometries, probability, statistics, mathematical structures and processes, discrete mathematics, number theory, mathematical modeling and problem-solving. Classroom discussions will address mathematical content, mathematical education research and research methodology. Oral presentations and written reports will be required. Prerequisites: MMAT 3315, MMAT 3320, and at least two (2) of MMAT 3312, 3313, 3317, 3318; all with grades of “C” or better.

**MECE 1221 Engineering Graphics [1-3]**

This course provides an introduction to computer-aided drafting techniques. Topics include methods of graphical communication, two- and three-dimensional drawing presentation, working drawing, data analysis, design synthesis and production methods. Prerequisite: Computer literacy. $20 laboratory fee.

**MECE 2303 Statics [3-0]**

The study of forces, moments, friction, centers of mass, gravity and pressure using the equations of equilibrium in vector algebraic and calculus forms. Prerequisites: MATH 1401 and credit for or enrollment in MATH 1402.

**MECE 2304 Dynamics [3-0]**

Kinematics, dynamics, work-energy and impulse-momentum methods applied to engineering problems involving particles and rigid bodies. Prerequisite: MECE 2303.

**MECE 2335 Thermodynamics I [3-0]**

Classical thermodynamics with primary emphasis on application of the first and second laws of thermal systems. Introduction to physical and chemical equilibria. Prerequisite: MATH 1402.

**MECE 2405 Engineering Mechanics [3-3]**

Force vectors; free body diagrams; engineering applications of equilibrium; centroids; moment of inertia; kinematics and kinetics applied to engineering problems involving particles and rigid bodies. Prerequisite: MATH 1402.

**MECE 2440 Engineering Materials [3-3]**

An introduction to the atomic crystallographic and
microstructural characteristics of solids and the relationship of these characteristics to the engineering properties and behavior of metallic, ceramic and polymeric materials. Topics in corrosion. Prerequisites: CHEM 1301 and CHEM 1101. $15 laboratory fee.

**MECE 3115 Fluid Mechanics Laboratory** [0-3] spring
Introduction to basic fluid mechanics instrumentation; computerized data acquisition and analysis. Experimental verification and reinforcement of analytical concepts introduced in MECE 3315. Prerequisite: Credit for or enrollment in MECE 3315. $25 laboratory fee.

**MECE 3160 Heat Transfer Laboratory** [0-3] fall
Measurements in basic heat transfer design and heat exchangers; computerized data acquisition and analysis, experimental verification on the theoretical and semiempirical results developed in MECE 3360. Prerequisite: Credit for or enrollment in MECE 3360. $15 laboratory fee.

**MECE 3304 Introduction to Dynamic Systems** [3-0]
This course is an introduction to systems modeling and analysis for electrical, mechanical, fluid, thermal and chemical systems. The focus is on modeling a system, deriving the governing equations and determining the system's response. Transient and steady-state responses are examined. Systems stability and control issues are addressed. Prerequisites: MECE 2304, MECE 2335, PHYS 2302 and MATH 3349.

**MECE 3315 Fluid Mechanics** [3-0] spring
Laws and theory relative to incompressible fluids, continuity, momentum and energy relations; internal and external flow in laminar and turbulent regimes; design of piping systems and aircraft parameters. Prerequisites: MECE 2335, MATH 2401 and MATH 3349.

**MECE 3320 Measurements and Instrumentation** [2-3] fall
Fundamentals of measurement systems; standards; treatment of data; statistics; uncertainty analysis; data acquisition; transducers; strain; force; acceleration; pressure; temperature; fluid flow. Prerequisites: PHYS 2302, MATH 3349 and credit for or enrollment in ELEE 3305. $30 laboratory fee.

**MECE 3321 Mechanics of Solids** [3-0] fall, spring
This course covers internal forces and deformation in solids, concepts of stress and strain, formulas for stress and deflection for elastic bars, shafts, and beams, stress and strain transformation and theories of failure. Prerequisites: MECE 2303, MATH 1402 and PHYS 2301.

**MECE 3336 Thermodynamics II** [3-0] spring
Gas and two-phase power and refrigeration cycles. Gas mixtures, chemical reactions, chemical equilibrium. The basic laws and concepts of thermodynamics are viewed as their use is encountered in the course. Prerequisite: MECE 2335.

**MECE 3350 Mechanical Engineering Analysis** [3-0] spring
Mathematical modeling and simulation of engineering systems. Introduction to the application of Fourier series and partial differential equations to a variety of engineering problems. Prerequisites: CSCI 2335 or CSCI 1380, MATH 2401 and MATH 3349.

**MECE 3360 Heat Transfer** [3-0] fall
Steady and unsteady one- and two-dimensional heat conduction. Forced and free convection, radiation and heat exchangers. Prerequisites: MECE 2335, MECE 3315 and credit for or enrollment in MECE 3350.

**MECE 3380 Kinematics and Dynamics of Machines** [3-0] spring
Kinematic and dynamic modeling and analysis of mechanisms and machines; study of machine components such as linkages, cams, gears, gear trains and differentials. Prerequisites: PHYS 2301 and MECE 2304.

**MECE 3385 Mechanical Vibrations** [3-0] as scheduled
Undamped and damped, free and forced vibrations of single degree of freedom systems with design applications to base excitation, unbalance, rotating shafts, isolation and absorption; multi-degree of freedom systems, continuous systems; transient response; numerical techniques used to analyze alternate designs and propose optimum solutions. Prerequisites: MATH 2401, MATH 3349, MECE 2321 and MECE 2304.

**MECE 4101 Fundamentals of Engineering** [0-3] fall, spring
This course is a review of major engineering topics to prepare students for the Fundamentals of Engineering (FE) exam. Assignments are given to each topic covered, and students are required to take a practice exam. Prerequisite: Senior standing in engineering or permission of instructor.

**MECE 4321 Intermediate Mechanics of Solids** [3-0]
The topics covered in this course include: energy methods in mechanics, non-systematic bending, shear center, elastic-plastic bending and torsion, torsion and bending of general cross-sections and column buckling. Prerequisites: MECE 3321 and MATH 3349.
MECE 4322  Introduction to the Practice of Finite Elements  [3-0]
This course is an introduction to finite element theory, and truss, beam and plate element formulation for linear static analysis. Application of boundary conditions, element convergence, isoparametric formulation and gauss quadrature are also examined. This course is design-oriented, with a substantial component involving the use of a commercial software package. $25 lab fee. Prerequisites: MECE 3321 and MECE 3350.

MECE 4323  Introduction to Combustion Engineering  [3-0]
Role of combustion in energy, environment and fire problems thermochemistry; fuels (gas, liquid and solid); chemical kinetics; combustion of gaseous and vaporized fuels (flames); pollutant emissions; modern measurements. Prerequisite: MECE 2335.

MECE 4324  Energy Systems, Analysis and Design  [3-0]
This course deals with the analysis, design and simulation of practical energy systems including: piping systems, heat exchangers, pumps, fans and nozzles. Prerequisites: MECE 2335, MECE 3315 and MECE 3360 (or co-requisite).

MECE 4326  Classical Control, Theory and Applications  [3-0]
Classical control techniques will be investigated with respect to time and frequency domain for time invariant linear systems. These approached include Bode and Nyquist plots, Nichols charts, and root locus analysis for improved behavior of physical processes and machinery. Prerequisite: Senior standing in Mechanical Engineering.

MECE 4327  Intermediate Materials Engineering  [3-0]
The course explores advanced topics in materials science and engineering. Coverage includes ceramic materials, electronic and electrical properties of materials and the newest nanoscale materials. Prerequisites: MECE 2440 and CHEM 1402.

MECE 4328  Introduction to Plastics Engineering  [3-0]
Emphasis on important relationships between material’s properties (physical and chemical), the modeling process, the design process and the performance of finished products. Prerequisite: MECE 2440.

MECE 4329  Metallurgy of Engineering Alloys  [3-0]
Coverage of the important microstructures and properties in the commercially significant metal alloys. Topics include binary and trinary phase diagrams, heat treating, microstructural analysis and engineering properties of steel, aluminum, nickel and other non-ferrous metals. Prerequisites: MECE 2440 and CHEM 1402.

MECE 4345  Composite Material Design  [3-0]
as scheduled
An introduction to the theory of mechanics of solids for elastic and viscoelastic composite materials. Emphasis on analysis and design of structural laminate composite including failure mechanism, e.g., fatigue, delamination and dynamics of composites including effective moduli and material damping. Prerequisites: MECE 2321 and MECE 2440.

MECE 4350  Machine Elements  [3-0]
fall
Stress and deflection analysis, failure theories, design of machine elements for static and fatigue strength, design of welded and bonded connections and computer modeling applications. Prerequisites: MECE 2304, MECE 2440 and MECE 2321.

MECE 4365  Heating, Air Conditioning and Refrigeration Design  [3-0]
as scheduled
Heating, ventilation and air conditioning of buildings for human comfort or industrial processes; design selection, construction equipment and refrigeration systems. Prerequisites: MECE 3315 and credit for or enrollment in MECE 3360.

MUS 1101  3102 Guitar Ensemble  fall, spring
Instrumental music organization open by audition to students who play guitar. Each course may be repeated any number of times; however, only four hours of each course will count toward a degree.

MUS 1103  3104 University Choir  fall, spring
Vocal music organization open by audition to all University students who qualify. Each course may be repeated any number of times; however, only four hours of each course will count toward a degree.

MUS 1104  3105 University Band  fall, spring
Instrumental music organization open by audition to all University students who play appropriate instruments. Each
course may be repeated any number of times; however, only four hours of each course will count toward a degree.

**MUS 1105**  
**3106 Symphony Orchestra**  
**fall, spring**  
Instrumental music organization open by audition to students who play appropriate instruments. Each course may be repeated any number of times; however, only four hours of each course will count toward a degree.

**MUS 1107**  
**4108 Women's Chorus**  
**fall, spring**  
Vocal music organization open by audition to all University students who qualify. Each course may be repeated any number of times.

**MUS 1109**  
**4110 Opera Workshop**  
**fall, spring**  
An organization that stages scenes or complete works from opera and Broadway theater, open by audition to all University students. Each course may be repeated any number of times.

**MUS 1185**  
**3186 Applied Music Lab**  
**fall, spring**  
Music majors enrolled in Applied Music must register for Applied Music Lab. Each course may be repeated any number of times.

**MUS 1207**  
**3208 Jazz Ensemble**  
**fall, spring**  
An instrumental music organization open to all college students who have an ability to play an appropriate instrument. Membership is determined by audition. Organization rehearses and performs popular, rock and jazz music for its own musical development and to satisfy requests on and off the campus. Each course may be repeated any number of times.

**MUS 1208**  
**3210 Mariachi Ensemble**  
**fall, spring**  
Instrumental and vocal music organization open by audition to all college students who have the ability to sing or play an appropriate instrument. The organization rehearses and performs traditional Mariachi music at numerous on- and off-campus occasions. Each course may be repeated any number of times.

**MUS 1221**  
**Class Piano**  
**fall, spring**  
Piano instruction for students who have no previous training in piano. May be used to satisfy the minimum piano requirements for non-pianist music majors. Three class hours a week. Instructional fee: $10.

**MUS 1222**  
**Class Piano**  
**fall, spring**  
Piano instruction for students who have had MUS 1221 or equivalent. May be used to satisfy the minimum piano requirements for non-pianist music majors. Three class hours a week. Instructional fee: $10.

**MUS 1223**  
**Beginners Class Voice**  
**fall, spring**  
Vocal instruction for students who have no previous training in voice. May be used to satisfy the voice requirements for non-vocal music majors. Three class hours a week with outside preparation of materials for examination. Instructional fee: $10.

**MUS 1224**  
**Beginners Class Voice**  
**fall, spring**  
Vocal instruction for students who have no previous training in voice. May be used to satisfy the voice requirements for non-vocal music majors. Three class hours a week with outside preparation of materials for examination. Instructional fee: $10.

**MUS 1225**  
**Beginning Guitar Class I**  
**fall, spring**  
Basic instruction in guitar to include music reading, tuning of the instrument, elementary chord structures and fingering and strumming techniques. An acoustic instrument is required for this course. Instructional fee: $10.

**MUS 1226**  
**Beginning Guitar Class II**  
**fall, spring**  
Continuation of MUS 1225. An acoustic instrument is required for this course. Prerequisite: MUS 1225. Instructional fee: $10.

**MUS 1227**  
**Level-Two Class Guitar**  
**fall, spring**  
Continuation of MUS 1226. An acoustic instrument is required for this course. Prerequisite: MUS 1226. Instructional fee: $10.

**MUS 1228**  
**Level-Two Class Guitar**  
**fall, spring**  
Continuation of MUS 1227. An acoustic instrument is required for this course. Prerequisite: MUS 1227. Instructional fee: $10.

**Applied Music**  
**fall, spring**  
Private instruction in the concentration of the student’s major area. Credit is earned on the basis of one half-hour lesson and one hour minimum daily practice for two hours credit, or two half-hour lessons per week and two hours minimum daily practice for four hours credit.
practice for four hours credit. Applied music fee: two-semester hour course, $35; four-semester hour course, $60. Each course may be repeated four times for credit.

MUS 1231, 1431, 3232, 3432  Applied Piano
MUS 1233, 1433, 3234, 3434  Applied Voice
MUS 1235, 1435, 3236, 3436  Applied Percussion
MUS 1237, 1437, 3238, 3438  Applied Harp
MUS 1241, 1441, 3242, 3442 Applied Trumpet
MUS 1243, 1443, 3444  Applied French Horn
MUS 1245, 1445, 3246, 3446  Applied Trombone
MUS 1247, 1447, 3248  Applied Baritone Horn
MUS 1249, 1449, 3250, 3450  Applied Tuba
MUS 1261, 1461, 3262, 3462  Applied Violin
MUS 1263, 1463, 3264  Applied Viola
MUS 1265, 1465, 3466  Applied Cello
MUS 1267, 1467, 3268, 3468  Applied String Bass
MUS 1269, 1469, 3270, 3470  Applied Guitar
MUS 1271, 1471, 3472  Applied Flute
MUS 1275, 1475, 3276, 3476  Applied Clarinet
MUS 1277, 1477, 3278, 3478  Applied Saxophone
MUS 1279, 1479, 3280, 3480  Applied Bassoon

MUS 1307  Music Appreciation  [3-0]
fall, spring, summer
An introductory course in the elements, forms and stylistic eras in music. This course meets the Other Humanities option (Group 4) of the University core curriculum requirements in humanities.

MUS 1308  Mexican Folk Music  [3-0]
fall, spring
An historical survey of Mexican folk music from its origins in ancient Mexican cultures through modern times. Course content will include authentic audio and video tape recordings as well as performance of live music. This course meets the Other Humanities option (Group 4) of the University core curriculum requirements, Section A. Humanities.

MUS 1313  First Year Music Theory I  [3-3]
fall
Intervals, scales, chord structures, chord progressions, simple cadences, use of inversions, nonharmonic tones, seventh chords, simple modulations and harmonization of melodies, part-writing, music-reading, aural perception and keyboard skills. Concurrent enrollment in MUS 1221 or MUS 1222 (Class Piano) is required.

MUS 1314  First Year Music Theory II  [3-3]
spring
Intervals, scales, chord structures, chord progressions, simple cadences, uses of inversions, nonharmonic tones, seventh chords, simple modulations, harmonization of melodies, part-writing, music-reading, aural perception and keyboard skills.

Concurrent enrollment in MUS 1221 or MUS 1222 (Class Piano) is required. Prerequisite: MUS 1313 with grade of “C” or higher or satisfactory achievement level on MUS 1313 placement exam.

MUS 2120  Diction
spring of alternate (even-numbered) years
This course will undertake in-depth study of the International Phonetic Alphabet, formancy and placement of vowel and consonant sounds, and principles of pronunciation in Italian, German, French and English through readings and standard art song literature.

MUS 2122  Class Percussion
(Texas Common Course Number is MUSI 1188.)
fall
Class instruction in the rudiments of performance on and care of a variety of basic percussion instruments.

MUS 2123  Class Brass
(Texas Common Course Number is MUSI 2168.)
fall
Class instruction in the rudiments of performance and care of brass instruments.

MUS 2124  Class Woodwinds
(Texas Common Course Number is MUSI 2166.)
spring
Class instruction in the rudiments of performance and care of woodwind instruments.

MUS 2125  Class Strings
fall
Class instruction in the rudiments of performance and care of standard orchestral string instruments.

MUS 2127  Song Literature
spring of alternate (odd-numbered) years
This course covers two topics, a half semester each and may be team-taught. The first involves song literature appropriate to young students in grades seven through twelve, how to select a song for each grade level and how to select the proper key for individual students, including the male adolescent unchanged and changing voice. The second topic is a traditional brief survey of art songs in Italian, German and French. Students will be expected to make class presentations. Knowledge of diction and the International Phonetic Alphabet is recommended.

MUS 2128  Introduction to Music Education
spring of alternate (even-numbered) years
This course provides an orientation to music teaching and related issues, including planning and evaluating music instruction, using recognized state and national competencies in music instruction, managing the music teaching environment and advocating for music education.
MUS 2301 Music Literature I [3-0]  
fall  
A survey of the literature of music for all media from earliest Greek music to contemporary works. A chronological study of the principal composers, their works and the development of music in relation to simultaneous historical developments. A course designed specifically for majors and minors. This course meets the Other Humanities option (Group 4) of the University core curriculum requirements, Section A. Humanities.

MUS 2302 Music Literature II [3-0]  
spring  
Continuation of MUS 2301. This course meets the Other Humanities option (Group 4) of the University core curriculum requirements, Section A. Humanities.

MUS 2313  
2314 Second Year Music Theory I/II [3-3]  
fall/spring  
Study of figured bass, alto and tenor clefs, elementary formal concepts, intervals, scales, chord structure, chord progressions, simple cadences, use of inversions, nonharmonic tones, seventh chords, modulations and harmonization of melodies. Includes part-writing, sight-singing, keyboard and aural skills. Prerequisite: MUS 1314.

MUS 3102  
1101 Guitar Ensemble  
fall, spring  
Instrumental music organization open by audition to students who play guitar. Each course may be repeated any number of times; however, only four hours of each course will count toward a degree.

MUS 3104  
1103 University Choir  
fall, spring  
Vocal music organization open by audition to all University students who qualify. Each course may be repeated any number of times; however, only four hours of each course will count toward a degree.

MUS 3105  
1104 University Band  
fall, spring  
Instrumental music organization open by audition to all University students who play appropriate instruments. Each course may be repeated any number of times; however, only four hours of each course will count toward a degree.

MUS 3106  
1105 Symphony Orchestra  
fall, spring  
Instrumental music organization open by audition to students who play appropriate instruments. Each course may be repeated any number of times; however, only four hours of each course will count toward a degree.

MUS 3121 Vocal Diagnosis [0-3]  
fall  
A study of the diagnosis and classification of selected vocal dysfunctions. Building skills and discovery of appropriate therapeutic mechanisms for their correction. Vocal health required for students pursuing teaching certification who have a major instrument of voice or piano. Prerequisite: MUS 2314 with a grade of “C” or higher.

MUS 3122 Choral Repertoire  
fall of alternate (odd-numbered) years  
Course content centers on literature appropriate to junior high and senior high treble, tenor-bass and mixed choirs. Topics include the University Interscholastic League prescribed music lists and contest rules, other sources of literature, how to select and edit music for various grade levels and stages of vocal maturity and music appropriate for the changing voice. Prerequisite: Upper-level study in music or permission of the instructor.

MUS 3186  
1185 Applied Music Lab  
fall, spring  
Music majors enrolled in Applied Music must register for Applied Music Lab. Each course may be repeated any number of times.

MUS 3207 Conducting I [2-2]  
spring  
Study of baton techniques as related to both instrumental and choral conducting, fundamental phrasing, balance, mood and attack and release technique. Prerequisite: Junior standing.

MUS 3208  
1207 Jazz Ensemble  
fall, spring  
An instrumental music organization open to all college students who have an ability to play an appropriate instrument. Membership is determined by audition. Organization rehearses and performs popular, rock and jazz music for its own musical development and to satisfy requests on and off the campus. Each course may be repeated any number of times.

MUS 3210  
1208 Mariachi Ensemble  
fall, spring  
Instrumental and vocal music organization open by audition to all college students who have the ability to sing or play an appropriate instrument. The organization rehearses and performs traditional Mariachi music at numerous on- and off-campus occasions. Each course may be repeated any number of times.

</table>
|              | This course provides an opportunity to study a selected
area of clinical nursing. The student will utilize the nursing process while caring for clients in a supervised clinical site. 

Prerequisite: Consent of the BSN faculty.

NURS 3403 Client Assessment [3-4]  
This course allows the student to apply psychological, social, and cultural concepts conjointly with anatomy/physiology and assessment skills used in evaluating the health status of clients. The student will use laboratory settings to practice cognitive, affective, and psychomotor skills in the systematic assessment of clients and their environment. 

Prerequisite: Admission to the BSN Program or consent of the BSN faculty.

NURS 3405 Mental Health Nursing [2-8]  
This course provides continued use of nursing concepts in the care of clients experiencing alterations in mental health. The nursing process is emphasized as it relates to altered psychosocial integrity. 

Prerequisites: NURS 3202, NURS 3403, NURS 3408, NURS 3604 and/or consent of the BSN faculty.

NURS 3407 Professional Mobility [4-0]  
This course is designed to assist the learner in developing a personal philosophy of professional nursing. Changes in the health care delivery system (sociocultural, economic, political, ethicolegal, technological) and their impact on nursing will be described. Emphasis will be placed on the nursing process. 

Prerequisite: Admission to the BSN Program or consent of the BSN faculty.

NURS 3408 Health Promotion and Maintenance Across the Life Span [2.5-6]  
This course expands on the concepts of wellness, health promotion, health maintenance, health restoration and disease prevention across the life span. The nursing process and critical thinking skills will be applied as they relate to selected health alterations. Students will demonstrate competency in performing nursing skills in a variety of health care settings. Emphasis is placed on the application of the theoretical components to the teaching-learning process as it relates to health promotion activities. 

Prerequisites: NURS 3202, NURS 3403 and NURS 3604.

NURS 3604 Nursing Fundamentals [3-12]  
This course introduces the student to fundamental health care concepts. The student will demonstrate competency in performing skills in a simulated situation prior to their application in a secondary health care setting. 

Prerequisites: NURS 2301 and admission to the BSN Program.

NURS 3608 Adult Health I [3-12]  
This course provides for continued use of nursing concepts in providing care for two or more adults in a secondary health care setting. The nursing process is emphasized as it relates to alterations of selected body systems/functions. 

Prerequisites: NURS 3202, NURS 3403, NURS 3604 and NURS 3408.

NURS 4203 Issues in Nursing [2-0]  
This course will enable the student to analyze issues, trends and problems in the delivery of nursing care. The student will identify an issue, trend or problem and evaluate its impact on the health care delivery system. 

Prerequisite: Consent of the BSN faculty.

NURS 4404 Community Health Nursing [2-8]  
This course focuses on the role of the nurse in planning and providing primary care to individuals and groups in a community or rural setting. The course will emphasize complex sociocultural, political, economic and health issues within a community. The student will use the nursing process to recognize and meet health needs of individuals and groups. 

Prerequisites: NURS 4601 and NURS 4602 or consent of the BSN faculty.

NURS 4601 Adult Health II [3-12]  
This course provides continued use of nursing concepts in the care of two or more adult clients experiencing crisis and/or complex health alterations in a secondary health care setting. The nursing process is emphasized as it relates to alterations of selected body systems. 

Prerequisites: NURS 3403, NURS 3405, NURS 3408 and NURS 3608.

NURS 4602 Family Health Care [3-12]  
This course focuses on the utilization of the nursing process in the care of families throughout the perinatal cycle, childhood and adolescence. Theoretical concepts and selected research findings will be applied to developmental and familial concerns in both normal and high-risk settings. 

Prerequisites: NURS 3403, NURS 3405, NURS 3408 and NURS 3608.

NURS 4607 Leadership in Nursing [3-12]  
This course focuses on theories of nursing leadership, organizational structures and management in relation to health care. The nursing process will be emphasized as it relates to leadership and management in clinical settings. The transition from student role to professional role will be explored. 

Prerequisites: NURS 4601 and NURS 4602 or consent of the BSN faculty.
OCCT 3601 Gross Anatomy [3-9] Dissection and regional study of human gross anatomy with emphasis on arthrology, osteology, gross neuromuscular and vascular anatomy, regional and general relationships between structures and applied anatomy relevant to the practice of occupational therapy. Prerequisite: Admission to the Occupational Therapy Program.

OCCT 3301 Human Pathophysiology [3-0] A study of the function of human organ systems in relation to occupational therapy practice with special emphasis on cellular mechanisms and the musculoskeletal, cardiovascular, respiratory and renal systems. Prerequisite: Admission to the Occupational Therapy Program.

OCCT 3201 Foundations in Occupational Therapy [2-0] An introduction to occupational therapy. This course will survey the history, philosophy, theoretical concepts and clinical methods and techniques that support the practice of occupational therapy. Prerequisites: OCCT 3601 and OCCT 3301. Corequisite: OCCT 3401.

OCCT 3401 Health and Occupation [3-3] A study of the role of human occupation throughout the life cycle, focusing on self care, play, work and leisure as they contribute to health, competence and human performance. This course includes laboratory experiences. Prerequisite: Admission to the Occupational Therapy Program. Corequisite: OCCT 3201.

OCCT 3402 Human Neurosciences in Occupational Therapy [3-3] A study of the structure and functions of the human nervous system with particular emphasis on the application of theoretical concepts to treatment techniques practiced in occupational therapy. The course includes laboratory experiences. Prerequisite: OCCT 3601.

OCCT 3403 Biomechanical Approach in Occupational Therapy [3-3] A study of the biomechanical principles related to human motion with application to occupational therapy intervention with musculoskeletal dysfunctions. Prerequisite: OCCT 3601.

OCCT 3202 Assistive Technology in Occupational Therapy [2-0] The study of the use of assistive technology in occupational therapy practice. Topics addressed include computer technology, modified computer access, augmentative communication, environmental control, seating and mobility. Special emphasis is on client assessment and the selection and use of assistive technology. Prerequisite: Admission to the Occupational Therapy Program.

OCCT 3303 Clinical Medicine [3-0] An overview of the medical management of medical and surgical conditions encountered in clinical occupational therapy. Prerequisite: OCCT 3301.

OCCT 3404 Design and Fabrication [3-3] The student is given the opportunity to acquire design and fabrication skills used in occupational therapy intervention. Prerequisite: OCCT 3401.

OCCT 3505 Occupational Therapy in Physical Dysfunction [3-6] A study of the theories and approaches related to occupational therapy evaluation and treatment of individuals with physical dysfunction. Includes the study of evaluation and treatment techniques for individuals with physical dysfunction with lab. Prerequisite: OCCT 3601.

OCCT 3203 Practicum A [0-0-6] An opportunity for the student to observe and begin participation in the evaluation and treatment of individuals with physical dysfunction. Provides opportunity for integration of theoretical knowledge to specific areas of practice. Prerequisite: OCCT 3401.

OCCT 4100 Social Values and Ethics in Health Care [1-0] This course examines major bioethical dilemmas encountered in the delivery of health care services by health care professionals. The course also examines the influences of government policies, legislation and religious beliefs. Prerequisite: OCCT 3401.

OCCT 4200 Therapeutic Interaction in Occupational Therapy [2-0] This course addresses the communication skills needed in individual and group occupational therapy clinical and community treatment settings. Prerequisite: Senior standing in the Occupational Therapy Program.

OCCT 4301 Management and Consultation in Occupational Therapy [3-0] The study of political, socioeconomic, legal, cultural and ethical factors that impact the health care system and occupational therapy practice. Students study the
management functions of planning, organizing, directing, controlling, evaluating and communication through a directed simulation project. Prerequisite: Senior standing in the Occupational Therapy Program.

OCCT 4502 Occupational Therapy in Developmental Dysfunction [3-6]
A study of the theories and approaches related to occupational therapy and treatment of individuals with developmental dysfunction. Includes the use and analysis of assessment and treatment techniques for individuals with developmental dysfunction. Prerequisite: OCCT 3505.

OCCT 4204 Practicum B [0-0-6]
A continuation of Practicum A with special emphasis on the treatment planning process. Provides an opportunity for the student to observe and begin participation in evaluation and treatment of individuals with developmental dysfunction. Students will be exposed to a variety of clinical settings. Prerequisite: OCCT 3203.

OCCT 4304 Gerontologic Issues in Occupational Therapy [3-0]
A study of the theoretical and clinical issues related to occupational therapy practice in gerontology. Prerequisites: OCCT 3305 and OCCT 4302.

OCCT 4305 Research in Occupational Therapy [3-0]
An introduction to basic concepts and terminology in scientific inquiry and their application in interpreting published research as it impacts on clinical practice. Prerequisite: Senior standing in the program.

OCCT 4506 Occupational Therapy in Psychosocial Dysfunction [3-6]
A study of the theories and approaches used in the rehabilitation of individuals having psychosocial dysfunction. Students have the opportunity to learn the application of the occupational therapy process in treating psychosocial conditions throughout the life span. Prerequisites: OCCT 3505 and OCCT 4502.

OCCT 4205 Practicum C [0-0-6]
Continuation of Practicum A and B with special emphasis on the Occupational Therapy evaluation and treatment process in a mental health setting. Students will have the opportunity to observe and learn techniques during visits to mental health clinical settings. Prerequisites: OCCT 3203 and OCCT 4204.

OCCT 4600 Field Studies in Occupational Therapy: Physical Dysfunction I [0-0-18]
A three-month fieldwork placement in an occupational therapy practice setting oriented toward treatment of physical dysfunction. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4601. Required for completion of the Occupational Therapy Program.

OCCT 4601 Field Studies in Occupational Therapy: Physical Dysfunction II [0-0-18]
A three-month fieldwork placement in an occupational therapy practice setting oriented toward treatment of physical disabilities. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4601. Required for completion of the Occupational Therapy Program.

OCCT 4602 Field Studies in Occupational Therapy: Developmental Dysfunction I [0-0-18]
A three-month fieldwork placement in an occupational therapy practice setting oriented toward the treatment of developmental dysfunction. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4603. Required for completion of the Occupational Therapy Program.

OCCT 4603 Field Studies in Occupational Therapy: Developmental Dysfunction II [0-0-18]
A three-month fieldwork placement in an occupational therapy practice setting oriented toward the treatment of developmental dysfunction. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4602. Required for completion of the Occupational Therapy Program.

OCCT 4604 Field Studies in Occupational Therapy: Specialty Area I [0-0-18]
An elective three-month fieldwork placement in an occupational therapy practice setting oriented toward treatment within a specialty area such as hand therapy, pediatrics, work hardening or mental health. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4605.

OCCT 4605 Field Studies in Occupational Therapy: Specialty Area II [0-0-18]
An elective three-month fieldwork placement in an occupational therapy practice setting oriented toward treatment within a specialty area such as hand therapy, pediatrics, work hardening or mental health. Prerequisite: Successful completion of all academic coursework. Must be taken concurrently with OCCT 4604.

NOTE: Field Study courses may not conform to the University calendar.
Didactic Year Courses

PHAS 3321 Legal & Ethical Issues in Health Care [3-0] spring
Explores medical jurisprudence and licensing in the state of Texas. Students will be introduced to the dynamics of the legal system, moral problems in health care and the impact of both on professional and institutional interactions with patients. Students will be given opportunity to demonstrate 1) an understanding of ethical principles and legal factors which impinge upon health care, and 2) the ability to apply ethical and legal concepts to the analysis of the roles and responsibilities of the allied health professional. Prerequisite: Admission to the Physician Assistant Studies Program or permission of the instructor.

PHAS 3337 Preventive Medicine and Community Health [3-0] fall
Examines the bio-demographics of disease in the United States. Emphasis is on prevention from the perspective of the primary health care provider. Encourages community involvement. Discussions focused on prevention of disease. Special attention is given to the local medical practices and beliefs of the Rio Grande Valley and the Texas-Mexico border region. Guest lectures include topics in rural health, community outreach, HIV/AIDS awareness and prevention, cancer awareness, sexual health and folk and alternative medicine. Prerequisite: Admission to the Physician Assistant Studies Program or consent of instructor.

PHAS 3401 Medical Human Anatomy and Physiology [3-3] summer I
Introduction to medical anatomy and physiology. Emphasis on normal function of the human body, with clinical references and medical terminology. Investigates biochemical function, cell biology, cell membranes, cellular communication, homeostatic mechanisms, hormonal control and energy metabolism. Organ systems studies include: skeletal, muscular, cardiovascular and pulmonary. Laboratory experience enables the student access to cadaver prosections and computer assisted learning (CAL) modules. Prerequisite: Admission to the Physician Assistant Studies Program or consent of instructor.

PHAS 3402 Medical Human Anatomy and Physiology II [3-3] summer II
Continuation of PHAS 3401. Explores the digestive system, kidneys and electrolyte metabolism, reproductive systems and neurological mechanisms. Neuroanatomy and physiology are discussed. Laboratory experience enables the student access to cadaver prosections and CAL modules. Prerequisites: PHAS 3401 and admission to the Physician Assistant Studies Program or consent of instructor.

PHAS 3227 Patient Education [1-3] spring
A laboratory workshop course that enables the student the opportunity to rehearse patient education techniques. Promotes teaching patients and families about disease and treatment in lay terms. Stresses addressing various age groups and medical conditions common to each group. Advocates empathy and acceptance. Employs simulated patients and situations. Prerequisites: PHAS 3226 and admission to the Physician Assistant Studies Program or consent of instructor.

PHAS 3211 Studies in the PA Profession [3-1] summer I
Examines the history and concept of the physician assistant profession. Discusses issues that are relevant to professional practice and legal practice. Discussion of future trends in the profession. Prerequisite: Admission to the Physician Assistant Studies Program.

PHAS 3225 Medical Interviewing [1-3] summer II
A lecture, laboratory and workshop course designed to provide the means to practice basic techniques of interviewing all age groups, including pediatric and geriatric patients. Details the basic medical history. Cultivates skillful communications with patients and families. Employs simulated patients and situations. Prerequisite: Admission into the Physician Assistant Studies Program or consent of instructor.

PHAS 3227 Patient Education [1-3] spring
A laboratory workshop course that enables the student the opportunity to rehearse patient education techniques. Promotes teaching patients and families about disease and treatment in lay terms. Stresses addressing various age groups and medical conditions common to each group. Advocates empathy and acceptance. Employs simulated patients and situations. Prerequisites: PHAS 3226 and admission to the Physician Assistant Studies Program or consent of instructor.

PHAS 3225 Medical Interviewing [1-3] summer II
A lecture, laboratory and workshop course designed to provide the means to practice basic techniques of interviewing all age groups, including pediatric and geriatric patients. Details the basic medical history. Cultivates skillful communications with patients and families. Employs simulated patients and situations. Prerequisite: Admission into the Physician Assistant Studies Program or consent of instructor.

PHAS 3227 Patient Education [1-3] spring
A laboratory workshop course that enables the student the opportunity to rehearse patient education techniques. Promotes teaching patients and families about disease and treatment in lay terms. Stresses addressing various age groups and medical conditions common to each group. Advocates empathy and acceptance. Employs simulated patients and situations. Prerequisites: PHAS 3226 and admission to the Physician Assistant Studies Program or consent of instructor.

PHAS 3225 Medical Interviewing [1-3] summer II
A lecture, laboratory and workshop course designed to provide the means to practice basic techniques of interviewing all age groups, including pediatric and geriatric patients. Details the basic medical history. Cultivates skillful communications with patients and families. Employs simulated patients and situations. Prerequisite: Admission into the Physician Assistant Studies Program or consent of instructor.

PHAS 3227 Patient Education [1-3] spring
A laboratory workshop course that enables the student the opportunity to rehearse patient education techniques. Promotes teaching patients and families about disease and treatment in lay terms. Stresses addressing various age groups and medical conditions common to each group. Advocates empathy and acceptance. Employs simulated patients and situations. Prerequisites: PHAS 3226 and admission to the Physician Assistant Studies Program or consent of instructor.

PHAS 3225 Medical Interviewing [1-3] summer II
A lecture, laboratory and workshop course designed to provide the means to practice basic techniques of interviewing all age groups, including pediatric and geriatric patients. Details the basic medical history. Cultivates skillful communications with patients and families. Employs simulated patients and situations. Prerequisite: Admission into the Physician Assistant Studies Program or consent of instructor.

PHAS 3227 Patient Education [1-3] spring
A laboratory workshop course that enables the student the opportunity to rehearse patient education techniques. Promotes teaching patients and families about disease and treatment in lay terms. Stresses addressing various age groups and medical conditions common to each group. Advocates empathy and acceptance. Employs simulated patients and situations. Prerequisites: PHAS 3226 and admission to the Physician Assistant Studies Program or consent of instructor.
PHAS 3262 Clinical Clerkship [1-3] spring
This course covers the indications, contraindications, step-by-step procedures and potential complications of multiple hands-on skills that are commonly performed by physician assistants in clinical practice. Examples include: phlebotomy, injections, IV therapy, urethral and nasogastric catheterization, pulmonary function testing, suturing, casting and splinting, various ENT procedures, electrical cardioversion and use of various types of monitoring devices and restraints. Students will have an opportunity to scrub, gown and glove in an operating room environment. In addition, students will be required to successfully complete an Advanced Cardiac Life Support (A.C.L.S.) training course. Lecture series includes implementation and interpretation of electrocardiograms. The EKG interpretation section provides students with a systematic method of interpreting a 12-lead EKG with respect to rate, rhythm and blocks, electrical axis determination, hypertrophy, ischemia, injury, infarction, and miscellaneous drug, electrolyte, disease and pacemaker effects. Course also covers documenting in the medical record. Documents to be covered include the complete medical history, admission notes, SOAP notes, progress notes, procedural notes, discharge summaries, hospital orders, etc. Prerequisite: CLSC 3227.

PHAS 3207 Pathophysiology of Disease I [2-0] fall
This course provides a systematic approach to the physiology and pathophysiology of diseases. The general pathology of cell injury, inflammation, infection and neoplasia is presented along with the disease process of organ system including cardiovascular, pulmonary, dermatology and infectious diseases. Prerequisites: PHAS 3401 and PHAS 3402.

PHAS 3208 Pathophysiology of Disease II [2-0] spring
This course is the continuation of PHAS 3207 with emphasis on pathophysiology of renal, gastroenterology, endocrine and geriatrics. Prerequisite: PHAS 3207f.

PHAS 3228 Pharmacology I [2-0] fall
This course represents a broad survey of the general principles of pharmacology. Included are the principles of pharmacokinetics and pharmacodynamics, the mechanisms of action, toxicities and interactions of specific drugs and drug groups and an introduction to medical therapeutics. The physiologic basis and clinical characteristics of disease states relative to pharmacologic therapy will also be discussed. The objective of the course is to lay a cognitive foundation in pharmacology and therapeutics that can be refined and applied in clinic practice. Prerequisite: PHAS 3207 and PHAS 3208.

PHAS 3329 Pharmacology II [3-0] spring
A continuation of PHAS 3228. Exposes the student to knowledge of conventionally used chemotherapeutic agents and efficacy of use. Promotes the ability to recognize untoward side effects of medications. Enables the student to calculate dosages, write prescriptions, discuss pharmacokinetics and determine the appropriate medication for a particular disease. Emphasis is placed on pharmacotherapeutics of disease. Prerequisite: PHAS 3228.

PHAS 3407 Client Patient Evaluation [3-3] fall
Instructs the student in the proper use of instruments and techniques used in performing a physical examination. Correlates information acquired in Human Anatomy and Physiology with application to the physical exam. Connects data gathered from the history to the physical examination. Guides the student in organizing history and physical examination details to present to the physician. Utilizes clinical settings and simulated patients and situations in the laboratory. Recording the clinical data and oral presentation will be stressed. Prerequisites: PHAS 3402 and PHAS 3225.

PHAS 3318 Principles of Clinical Medicine I [2-3] fall
This is an introduction to clinical medicine with emphasis in pathophysiology disease, differential diagnosis and integration of physical exam with diagnostic laboratory procedures. Integration of pharmacology principles with disease management is also emphasized. The fall semester will cover topics in cardiovascular, pulmonary, hematology, dermatology, infectious diseases and pediatrics. Prerequisites: PHAS 3401 and PHAS 3402.

PHAS 3319 Principles of Clinical Medicine II [2-3] spring
This course is the continuation of PHAS 3318 with coverage of topic to include endocrinology, nephrology, gastroenterology, geriatrics and ob/gyn. Prerequisite: PHAS 3318.

PHAS 3115 Medical Research and Statistics [1-0] spring
This is an introduction to clinical medicine with emphasis on research of pathophysiology of diseases, differential diagnosis and integration of physical exam with diagnostic laboratory procedures.

CLSC 3227 Clinical Laboratory Methods [1-3] fall
Lecture, laboratory course that introduces the student to the medical laboratory. Emphasizes appropriate laboratory studies for specific disease, normal laboratory values and procedures for obtaining samples. Students are given the opportunity to perform routine lab studies. Prerequisite: PHAS 3402. Corequisites: PHAS 3401 and PHAS 3402.
PHAS 4201  Clinical Elective  [2-0]  
*spring*
This course is available to enhance the physical exam and history-taking skills. It requires a clinical rotation site assigned by the faculty.

**Clinical Year Courses**

PHAS 4431  General Pediatrics I  [4-0]  
as scheduled
Four-week general pediatric rotation that gives the student the opportunity to: 1) elicit and record a complete pediatric history; 2) perform a complete pediatric examination; 3) formulate a management plan for common pediatric problems; 4) perform selected screening, diagnostic and treatment procedures as directed by the precepting physician; 5) advise and educate patients and their parents or guardians regarding optimal health of the child; and 6) monitor pediatric milestones. *Prerequisite:* Successful completion of the didactic PHAS professional curriculum.

PHAS 4432  General Pediatrics II  [4-0]  
as scheduled
Four-week general pediatric rotation that is a continuation of PHAS 4431. *Prerequisite:* Successful completion of the didactic PHAS professional curriculum.

PHAS 4433  Obstetrics & Gynecology I  [4-0]  
as scheduled
Four-week obstetrics and gynecology rotation that gives the student the opportunity to: 1) elicit, organize, record and present a complete database on an obstetric or gynecologic patient; 2) assist the physician effectively in procedures unique to the discipline; 3) advise the obstetric patient in pre- and post-natal care; and 4) instruct patients on matters of common gynecological problems. *Prerequisite:* Successful completion of the didactic PHAS professional curriculum.

PHAS 4434  Obstetrics & Gynecology II  [4-0]  
as scheduled
Four-week obstetrics and gynecology rotation that is a continuation of PHAS 4433. *Prerequisite:* Successful completion of the didactic PHAS professional curriculum.

PHAS 4435  General Surgery I  [4-0]  
as scheduled
Four-week supervised clinical course provides the student with hands-on experience in the operating room setting. Both pre-operative and post-operative assessment and care will be emphasized. The student will be assigned to a general surgeon in private practice, where, under supervision, he/she engages in a wide variety of activities in each of the phases of surgical intervention: pre-operative, operative, and post-operative recovery. The student is given opportunities to explore the basic considerations involved in the fluid, electrolyte and nutritional management of the surgical patient, infections, wound healing and wound care. Students participate in daily rounds, conferences and serve on call. *Prerequisite:* Successful completion of the didactic PHAS professional curriculum.

PHAS 4436  General Surgery II  [4-0]  
as scheduled
Four-week surgery rotation that is a continuation of PHAS 4435. *Prerequisite:* Successful completion of the didactic PHAS professional curriculum.

PHAS 4440  General Medicine II  [4-0]  
as scheduled
Four-week general medicine rotation that gives the student the opportunity to: 1) elicit, organize and record necessary data; 2) present data in a comprehensive or problem-oriented fashion; 3) order or recommend appropriate laboratory, radiologic or other diagnostic studies; 4) formulate a management plan for a particular patient problem; 5) follow patient progress by record review and periodic examination; 6) assist the physician in appropriate procedures; 7) advise and educate the patient about health maintenance issues; and 8) understand and establish emergency medical care when necessary. Students will be exposed to a variety of patients and medical conditions, such as infectious diseases, respiratory diseases, cardiovascular diseases and psychiatric conditions. *Prerequisite:* Successful completion of the didactic PHAS professional curriculum.

PHAS 4441  General Medicine II  [4-0]  
as scheduled
Four-week general medicine rotation that is a continuation of PHAS 4440. *Prerequisite:* Successful completion of the didactic PHAS professional curriculum.

PHAS 4442  Emergency Medicine Rotation  [4-0]  
as scheduled
Four-week rotation allows the student to develop skills in managing patients in the emergency room setting. These skills include those necessary for appropriate triage, stabilization, and initial management of patients with traumatic injuries and illnesses, the management of the less life-threatening problems presented to the emergency room, working with the pre-hospital emergency medical service team, and making appropriate secondary referrals. Where possible, students participate in grand rounds, noon conferences and other clinically-relevant didactic presentations. A set of cognitive objectives guides student reading in preparation for a written examination at the end of the rotation. *Prerequisite:* Successful completion of the didactic PHAS professional curriculum.
PHIL 1310 Introduction to Philosophy [3-0]  
(Texas Common Course Number is PHIL 1301.) as scheduled  
An introduction to some of the major philosophical questions that have intrigued mankind over the centuries. This will be done through an examination of the thought of some of the most important figures in the history of philosophy from the early Greeks to modern times. Credit Restriction: Credit may be received in only one of PHIL 1310 or PHIL 1387.

PHIL 1320 Introduction to Logic [3-0]  
(Texas Common Course Number is PHIL 2303.) as scheduled  
The subject matter of this course will be clear and effective thinking. It will examine principles for correct reasoning and ways to distinguish good reasoning from bad, and it will consider the kinds of mistakes in reasoning that are most commonly made in everyday life. Credit Restriction: Credit may be received in only one of PHIL 1320 or PHIL 1388.

PHIL 1387 Introduction to Philosophy (Honors Plan) [3-0]  
as scheduled  
An introduction to philosophical questions through an examination of major figures and themes in the history of philosophy from ancient to modern times. Credit Restriction: Credit may be received in only one of PHIL 1310 or PHIL 1387. Prerequisite: Admission to Honors Studies Program or by permission of the program director.

PHIL 1388 Introduction to Logic (Honors Plan) [3-0]  
as scheduled  
An introduction to the fundamentals of clear and effective thinking through an examination of the principles of correct reasoning, the structure of knowledge and common obstacles to rational thought. Credit Restriction: Credit may be received in only one of PHIL 1320 or PHIL 1388. Prerequisite: Admission to Honors Studies Program or by permission of the program director.

PHIL 2330 Ethics [3-0]  
(Texas Common Course Number is PHIL 2306.) as scheduled  
This course will be concerned with human values: our own and those of other people. It will ask where those values come from and how we can know they are worth something, and it will examine several related questions such as personal freedom and the meaningfulness of human life.

PHIL 2340 Philosophy of the Person [3-0]  
as scheduled  
A philosophical examination of what it is to be human. This course will deal with such issues as the problem of personal identity, the nature and structure of the self, the nature of mind and its place in the world and the question of “human nature.” Previous Course Number: PHIL 3340; a student may receive credit in only one course.

PHIL 2350 Social Philosophy [3-0]  
(Texas Common Course Number is PHIL 2307.) as scheduled  
This course will provide a philosophical examination of alternative theories of society, and it will investigate the basic presuppositions and structures of society and the ways in which these are to be understood and evaluated. Previous Course Number: PHIL 2380; a student may receive credit in only one course.

PHIL 2370 Eastern Thought [3-0]  
as scheduled  
An analysis of the major movements in Eastern philosophy and religion and their relationship to basic philosophical developments in the West. This course will examine systems of thought and culture such as Buddhism, Hinduism, Confucianism, Taoism and Shinto.

PHIL 2390 Professional Ethics [3-0]  
as scheduled  
This course will employ the tools of ethical theory to examine moral issues and problems facing professionals in such fields as business, industry and technology, medicine, social work, criminal justice and law. The content of individual sections of this course may be derived from any of the fields listed above or from a combination of them, depending on student need.

PHIL 3320 Symbolic Logic [3-0]  
as scheduled  
This course will be a continuation of Philosophy 1320, Introduction to Logic, and will be concerned with the principles of
A philosophical examination of the place of value in aesthetic, moral and practical experience. This course will consider both historical and contemporary treatments of the importance of value in various forms to human thought, feeling and action. **Prerequisite:** Three hours of philosophy or consent of instructor.

**PHIL 3360 History of Philosophy: Ancient and Medieval [3-0]**

A study of the history of philosophy from the Presocratics through the Middle Ages, with particular emphasis on the Presocratics, Plato, Aristotle, Stoicism, Epicureanism, Augustine and Aquinas. **Prerequisite:** Three hours of philosophy or consent of instructor.

**PHIL 3361 History of Philosophy: Modern [3-0]**

A study of the history of philosophy from the Renaissance through the 18th century, with particular emphasis on Descartes, Spinoza, Leibniz, Hobbes, Locke, Berkeley, Hume and Kant. **Prerequisite:** Three hours of philosophy or consent of instructor.

**PHIL 3362 History of Philosophy: Contemporary [3-0]**

A study of the history of philosophy during the 19th and 20th centuries, with particular emphasis on phenomenology, existentialism and the analytic tradition. **Prerequisite:** Three hours of philosophy or consent of instructor.

**PHIL 3370 Philosophy of Religion [3-0]**

A philosophic study of the nature and varieties of religious experience, the meaning and validation of religious belief, the act of faith, the nature and existence of God, the problem of evil, mysticism, immortality, religious belief and moral conduct, religion and myth, and religion and culture. **Prerequisite:** Three hours of philosophy.

**PHIL 3380 Latin American Thought [3-0]**

An examination of some of the most important and influential contributions to Latin American thought. Material to be studied will be drawn from both past and contemporary sources. **Prerequisite:** Three hours of philosophy.

**PHIL 4310 Theories of Knowledge [3-0]**

A philosophical inquiry into the sources, nature and criteria of knowledge and an examination of alternative approaches to the problems of perception, meaning and truth. The course will also consider the interplay between these issues in epistemology and related problems in metaphysics. **Previous Course Number:** PHIL 3310; a student may receive credit in only one course. **Prerequisite:** Three hours of philosophy or consent of instructor.

**PHIL 4320 Philosophy of Science [3-0]**

A philosophical examination of the assumptions and methodology of scientific inquiry, with examples drawn from the natural sciences. This course will consider the structure, meaning, confirmation and use of scientific theories, as well as the philosophical implications of current theories in science. **Previous course number:** PHIL 3325; a student may receive credit in only one course. **Prerequisite:** Three hours of philosophy or consent of instructor.

**PHIL 4330 Philosophy of Mind [3-0]**

A study of consciousness, emphasizing the nature of awareness and experience. Topics concerning the capacities and creative powers of mind will be examined in theories based on physical, functional and metaphysical arguments. **Prerequisite:** PHIL 3341; a student may receive credit in only one course. **Prerequisite:** Three hours of philosophy or consent of instructor.

**PHIL 4340 Philosophy of Science and Technology [3-0]**

A study of the nature and varieties of religious experience, the meaning and validation of religious belief, the act of faith, the nature and existence of God, the problem of evil, mysticism, immortality, religious belief and moral conduct, religion and myth, and religion and culture. **Prerequisite:** Three hours of philosophy or consent of instructor.

**PHIL 4350 Special Topics in Philosophy [3-0]**

A study of selected issues or figures in philosophy; content will vary. May be repeated for up to nine hours credit as content changes. **Prerequisite:** Three hours of philosophy or consent of instructor.
PHYS 1401 General Physics I [3-3]
(Texas Common Course Number is PHYS 1401.)
fall, spring, summer
An algebra-based introduction to the principles of mechanics, fluids, heat, waves and sound for students fulfilling a natural science requirement and premedical students. The course includes three laboratory hours a week to emphasize course concepts. Prerequisite: MATH 1340. Recommended: Credit for or concurrent enrollment in MATH 1356. $4 laboratory fee.

PHYS 1402 General Physics II [3-3]
(Texas Common Course Number is PHYS 1402.)
fall, spring, summer
A continuation of PHYS 1401 covering the principles of electricity, magnetism, light and modern physics. The course includes three laboratory hours a week to emphasize course concepts. Prerequisite: PHYS 1401. $4 laboratory fee.

PHYS 2401 Physics for Scientists and Engineers I [3-3]
(Texas Common Course Number is PHYS 2425.)
fall, spring, summer
A calculus-based study of mechanics, wave motion, sound and fluids for physics and engineering majors. The course includes three laboratory hours a week to emphasize course concepts. Prerequisite: MATH 1402. $4 laboratory fee.

PHYS 2402 Physics for Scientists and Engineers II [3-3]
(Texas Common Course Number is PHYS 2426.)
fall, spring, summer
A continuation of PHYS 2401 covering the principles of electricity, magnetism, electromagnetic wave phenomena and optics. The course includes three laboratory hours a week to emphasize course concepts. Prerequisite: PHYS 2401. $4 laboratory fee.

PHYS 3101 Junior Laboratory Research [0-3]
fall, spring, summer
This course is designed to introduce the student to contemporary methods in scientific research. Students work directly with faculty on a directed individual research project. The course also acquaints students with the scientific publication process and literature searches. Prerequisites: PHYS 2402 and consent of instructor. $4 laboratory fee.

PHYS 3102 Junior Laboratory Research [0-3]
fall, spring, summer
A continuation of PHYS 3101. Prerequisites: PHYS 3101 and consent of instructor. $4 laboratory fee.

PHYS 3301 Electromagnetic Theory I [3-0]
fall odd years
This course is designed to provide a basic understanding of electromagnetic theory, covering electrostatics, electrodynamics, magnetism, electromagnetic radiation and Maxwell’s Equations. Prerequisites: PHYS 2402 and MATH 2401.

PHYS 3303 Thermodynamics and Statistical Mechanics [3-0]
fall even years
This course is designed to provide a basic understanding of the laws of thermodynamics and statistical methods. Concepts covered include basic ideas of conventional thermodynamics including internal energy, entropy and interactions between systems. Course acquaints students with models and equations of state for various systems and provides an introduction to statistical mechanics. Prerequisites: PHYS 2402 and MATH 2401.

PHYS 3305 Classical Mechanics [3-0]
fall even years
This course is designed to provide a rigorous understanding of classical dynamics. Concepts covered include the motion of a particle to a system of particles in one, two and three dimensions; detailed treatment of the conservation laws, rigid body motion and rotating systems. It introduces students to Lagrange and Hamiltonian dynamics and noninertial reference frames. Prerequisites: PHYS 2402 and MATH 2401.

PHYS 3306 Introduction to BioPhysics [3-0]
fall odd years
Topics include the levels of organization within biological systems, flow of energy in living things including an introduction to the thermodynamic systems utilized in biological research, and an introduction to the physical techniques used in the study of biological systems. Prerequisites: PHYS 1401 and 1402.

PHYS 3307 Introduction to Solid State Physics [3-0]
spring even years
An introduction to the field of solid state physics. Topics includes crystal structure, bonding in condensed matter, X-ray diffraction, crystal binding energies, free electron theory of solids, energy bands, boundaries and interfaces, and mechanical, electronic, optical, magnetic and superconducting properties of materials. Prerequisite: PHYS 2402.

PHYS 3401 Modern Physics [3-3]
spring odd years
An introduction to 20th century physics including physics of atoms and solids, radioactivity, relativity and other topics. Laboratory exercises illustrate key course principles and reproduce historic experiments. Prerequisite: PHYS 2402. $4 laboratory fee.
PHYS 4309 Nuclear and Particle Physics [3-0]
fall even years
A study of atomic nuclei and the fundamental constituents of atomic energy, nuclear structure, X-rays, cosmic rays and radioactivity. Prerequisite: PHYS 4303.

PHYS 4310 Introduction to Atomic Physics [3-0]
fall odd years
This elective course will introduce to the undergraduate students a variety of topics in atomic and nuclear physics such as properties of atoms, atomic models, the periodic system of elements, modern atomic spectroscopy, quantum mechanical probabilities, properties of stable nuclei, nuclear decays and excitations, nuclear reactions, nuclear models, particles, applications of nuclear techniques and nuclear and atomic energy. Prerequisite: PHYS 4303.

POLS 1333 Introduction to Political Science [3-0]
(Texas Common Course Number is GOVT 2304.)
fall, spring
Emphasis on political fundamentals, public law, theory and organization of the modern state, political dynamics and institutions. Open to freshmen. (Does not meet University core curriculum or state-mandated American and Texas government requirement.)

POLS 2313 United States and Texas Government and Politics [3-0]
(Texas Common Course Number is GOVT 2301.)
fall, spring, summer
The origins and development of the American governmental system; U.S. and Texas constitutions; federal, state and interstate relations; the individual as a citizen, person and voter; political parties; civil rights and the judicial system. Fulfills three hours of the legislative requirements of six hours of American and Texas government. Open to freshmen. Credit Restriction: Credit may be received in only one of POLS 2313 or POLS 2387.

POLS 2314 United States and Texas Government and Politics [3-0]
(Texas Common Course Number is GOVT 2302.)
fall, spring, summer
A functional study of the U.S. and Texas constitutions and governments in relation to the legislative, executive and administrative processes; and a study of the policy process, including domestic and foreign policy areas. Fulfills three hours of the legislative requirements of six hours of
American and Texas government. Open to freshmen. Credit restriction: Credit may be received in only one of POLS 2314 or POLS 2388.

**POLS 2334** Political Economy [3-0]
as scheduled
This course examines various economic models including private enterprise, capitalism, state capitalism and socialism; the impact of monetary and fiscal policy on the economy; and alternative viewpoints as to the appropriate extent of government regulation of the economy.

**POLS 2387** United States and Texas Government and Politics (Honors Plan) [3-0]
fall
The origins and development of the American governmental system; U.S. and Texas constitutions; federal-state and interstate relations; the individual as a citizen, person and voter; political parties; civil rights and the judicial system. Fulfills three hours of the legislative requirements of six hours of American and Texas government. Credit restriction: Credit may be received in only one of POLS 2313 or POLS 2387. Prerequisite: Admission to Honors Studies or by invitation.

**POLS 2388** United States and Texas Government and Politics (Honors Plan) [3-0]
spring
A functional study of the U.S. and Texas constitutions and governments in relation to the legislative, executive and administrative processes; and a study of the policy process, including domestic and foreign policy areas. Fulfills three hours of the legislative requirement of six hours of American and Texas government. Credit restriction: Credit may be received in only one of POLS 2314 or POLS 2388. Prerequisite: Admission to Honors Studies or by invitation.

**POLS 3185** Internship as scheduled
This course is designed for students seeking credit through an internship placement. The internship must be directly related to government; the student must be under direct academic supervision and must complete written assignments to be evaluated by the supervising teacher. The course may be repeated for credit with a maximum of four hours counted as an elective toward fulfillment of the requirements for a major in Political Science. (Must receive approval of Political Science Department Chair.) Prerequisites: POLS 2313 and POLS 2314.

**POLS 3314** American State and Local Government [3-0]
as scheduled
A study of the basic functions, structure, procedures and problems of American state and local government, with an emphasis upon intergovernmental relations. Prerequisites: POLS 2313 and POLS 2314.

**POLS 3316** American Public Policy as scheduled
An analysis of rationales underlying selected governmental programs and assessments of the effectiveness of these programs. Prerequisites: POLS 2313 and POLS 2314.

**POLS 3318** Special Topics as scheduled
Significant issues and problems in politics and political systems. Course may be repeated for credit provided different topics are the focus of each class. (Does not count toward fulfillment of any of the six political science fields.) Prerequisites: POLS 2313 and POLS 2314.

**POLS 3322** Politics of Developing Nations as scheduled
Analysis of political institutions and processes with focus on developing nations, such as those in Africa and the Middle East. Prerequisites: POLS 2313 and POLS 2314.

**POLS 3323** Introduction to Public Administration as scheduled
A survey of public administration in the United States, highlighting a wide variety of topics in the discipline, but with emphasis upon the general machinery of the national bureaucracy and on the powers, problems and control of its agencies. Prerequisites: POLS 2313 and POLS 2314.

**POLS 3324** Government Organization and Administrative Theory as scheduled
An analysis of the various theories of public administration and government organization. The contribution of such theorists as Weber, Taylor, Mayo, McGregor, Maslow, Simon and others will be studied. The development of public administration will be surveyed. Prerequisites: POLS 2313 and POLS 2314.

**POLS 3325** Public Personnel Administration as scheduled
Fundamental concepts of public personnel management with analysis and evaluation of employee-employer relations at the national, state and local levels. Treats topics such as environmental influences on the personnel function, career systems, human resources planning and management, performance evaluation, ethics in public service and collective bargaining. Prerequisites: POLS 2313 and POLS 2314.

**POLS 3331** Methods of Political Science Research as scheduled
Analysis of the study of politics, models of inquiry, research methods and introduction to the use of computers in political science research. Prerequisites: POLS 2313 and POLS 2314.

</tr>
</tbody>
</table>
relationships by use of court cases. **Prerequisites:** POLS 2313 and POLS 2314.

**POLS 4321**  American Constitutional Law: Liberties  \[3-0\]

As scheduled

A study of the limitations of governmental powers in the United States by use of court cases, with primary emphasis on civil and political rights. **Prerequisites:** POLS 2313 and POLS 2314.

**POLS 4332**  American Political Theory  \[3-0\]

As scheduled

An analysis of American political theory and values from the Colonial period to the present. The work of Jefferson, Jackson, Calhoun, Bellamy, Hoover and Galbraith are included. **Prerequisites:** POLS 2313 and POLS 2314.

**POLS 4353**  International Organization  \[3-0\]

As scheduled

An analysis of the judicial-political foundations. Actual machinery and activities of the principal international organizations, particularly the United Nations and related bodies. An appreciation of their achievements toward international peace. **Prerequisites:** POLS 2313 and POLS 2314.

**POLS 4360**  American Executive Process  \[3-0\]

As scheduled

Advanced study of the development of the power and influence of the president and other American executives; procedures and politics of the executive process; executive policy outputs; the relation of the executive to the other elements of the political system. **Prerequisites:** POLS 2313 and POLS 2314.

**POLS 4363**  American Legislative Process  \[3-0\]

As scheduled

Advanced study of the legislative process; structure, powers, organization, political control and procedures of Congress, state legislatures and local legislative bodies in the rest of the political system. **Prerequisites:** POLS 2313 and POLS 2314.

**POLS 4365**  American Administrative Process  \[3-0\]

As scheduled

Advanced study of law and procedures of national, state and local administrative agencies and their behavior; problems in administrative management; theory of complex organizations; policy outcomes of the administrative process. **Prerequisites:** POLS 2313 and POLS 2314.

**POLS 4367**  American Judicial Process  \[3-0\]

As scheduled

Advanced study of the structure, functions and procedures of the national, state and local judicial systems; the interrelationship between the American judiciary and other components of the political system; the impact of judicial decision-making on public policy; jurisprudence. **Prerequisites:** POLS 2313 and POLS 2314.

**POLS 4373**  American Political Parties and Politics  \[3-0\]

As scheduled

A study of the history, organization, function and leadership of political parties and the role they play in the operation of national, state and local governments in the United States and a study of the role of group politics and voting behavior in the American political process. **Prerequisites:** POLS 2313 and POLS 2314.

**POLS 4374**  Public Opinion and Political Behavior  \[3-0\]

As scheduled

An analysis of public opinion and political behavior, with emphasis on the nature, origins, distribution and measurement of public opinion, as well as its impact on citizen participation in the U.S. political system. **Prerequisites:** POLS 2313 and POLS 2314.

**POLS 4375**  American Foreign Policy  \[3-0\]

As scheduled

Study of the politics, formulation, conduct and consequences of U.S. foreign policy. The roles of the president, Congress, interest groups, political parties, the military and intelligence agencies and public opinion are examined. Specific cases of major foreign policy decisions to be examined. **Prerequisites:** POLS 2313 and POLS 2314.

**POLS 4382**  Governments and Politics of China, Japan and India  \[3-0\]

As scheduled

Study of the socio-economic setting, constitutional framework, political forces, authoritative decision-making agencies and certain major policy outputs of China, Japan and India. **Prerequisites:** POLS 2313 and POLS 2314.

**POLS 4383**  Politics of Central America and the Caribbean  \[3-0\]

As scheduled

A survey of governmental structures and politics in Central America and the Caribbean. Examines competing ideologies, group developments, party interests, influence of revolution, relationships among political, social and economic structures and Latin America’s role in the world political arena. **Prerequisites:** POLS 2313 and POLS 2314.

**POLS 4384**  Seminar in Local Government Problems  \[3-0\]

As scheduled

An examination and study of administrative problems in local government. **Prerequisites:** POLS 2313 and POLS 2314.
POLS 4386  South American Politics  [3-0]
as scheduled
A survey of governmental structures and politics in South America. Examines competing ideologies, group developments, party interests, influence of revolution, relationship between political, social and economic structures and South America’s role in the world political arena. Prerequisites: POLS 2313 and POLS 2314.

POLS 4387  Politics of Mexico  [3-0]
as scheduled
A study of the politics and government of Mexico focusing on the political system in the context of history and culture. Study of Mexico’s relations with the United States and other nations. Prerequisites: POLS 2313 and POLS 2314.

Physical Science

PSCI 1421  Physical Science I  [0-3]
(Texas Common Course Number is PHYS 1415)
fall, spring, summer
A survey course designed to provide an introduction to the concepts and principles of physical science for nonscience and elementary teaching majors. The topics covered include mechanics, thermodynamics, electricity, magnetism and astronomy. Prerequisite: MATH 1334. $4 laboratory fee.

PSCI 1422  Physical Science II  [0-3]
(Texas Common Course Number is PHYS 1417)
fall, spring, summer
A continuation of PSCI 1421. A survey course designed to provide an introduction to the concepts and principles of physical science for nonscience and elementary teaching majors. The topics covered include waves, sound, light, atomic structure, chemistry, Earth science, and weather. Prerequisite: PSCI 1421. $4 laboratory fee.

PSCI 3310  Planet Earth and its Place In the Solar System  [2-3]
as scheduled
This is a one semester course devoted to the formation and interaction of the solar system and the earth. The evolution of the earth’s atmosphere and surface will be discussed as well as the impact that these have had on the origin of life. Prerequisites: PSCI 1421, 1422 and GEOG 2313.

PSCI 3408  Survey of Physical Science  [3-3]
as scheduled
Introduction to the physical sciences drawn from physics, chemistry and geology. Basic concepts from mechanics, electricity, magnetism, light, atomic structure, the elements and compounds, and simple reactions will be covered. The study of rocks, minerals and geological processes will be included. $4 laboratory fee.

PSCI 4311  Topics in Physical Science  [3-0]
as scheduled
A course that incorporates many different topics in physical science. Guest lecturers, student participation and basic concept presentation will be utilized for each topic. The course may be taken more than one semester for different topics. Prerequisites: MATH 1334 and eight hours of a physical science, or consent of instructor.

Psychology

PSY 1310  Introduction to Psychology  [3-0]
fall, spring
An introduction to the discipline of psychology as a natural science and as an applied social science. This course includes topics such as the biological bases of behavior, sensation and perception, learning and memory, emotions, personality, abnormal psychology, therapy, developmental and social psychology. Previous course numbers: PSY 1310 replaces the previous PSY 1313/1323 sequence. PSY 1310 may be repeated to replace a grade for PSY 1313.

PSY 2331  Psychology of Disability  [3-0]
as scheduled
Provides a survey of psychological aspects of disability, with emphasis on physical disability. Includes an overview of research areas and findings. Describes major disability groups and the general psychological processes that are observed in patients and their families as they react and adjust to their disabilities.

PSY 2336  Developmental Psychology: Adolescence  [3-0]
(Texas Common Course Number is PSYC 2307)
as scheduled
A study of the physical, mental, emotional and social growth from childhood through adolescence. Prerequisite: PSY 1310.

PSY 2401  Basic Statistics for Psychologists  [3-3]
(Texas Common Course Number is PSYC 2317)
fall, spring
A practical study of the procedures used in handling psychological data including descriptive statistics, central tendency, variation, correlation and inference. Equivalent Course: May be counted as ANTH 2401; a student may receive credit in only one course. Prerequisites: MATH
1340 or higher (except EMAT 2306) and three hours of the following: PSY 1310, ANTH 1323, ANTH 1324 or ANTH 1342.

**PSY 3324  Social Psychology [3-0]**  
**as scheduled**  
An overview of how groups and society influence behavior and thinking. The main topics include conformity, obedience, prosocial behavior (cooperation and helping others), the behavior of groups, attitudes and prejudice, as well as research on interpersonal attraction, including physical attractiveness and romantic love. The course also examines how everyday people are implicit psychologists, trying to explain and understand the behavior of others as well as their own. **Prerequisite:** Three hours of social science credit.

**PSY 3325  Research Methods in Psychology [3-0]**  
**fall, spring**  
This course provides a lecture-laboratory approach to learning the scientific methodology of empirical psychological research. Basic principles and methods of research design, hypothesis testing, data collection and analysis and result interpretation are covered in this course. **Prerequisites:** PSY 1310 and PSY 2401.

**PSY 3332  Developmental Psychology: Infancy and Childhood [3-0]**  
**as scheduled**  
An overview of human development from conception to adolescence. Topics include biological foundations, physical growth, language and cognition, social and personality development. Traditional and recent theoretical perspectives are reviewed. **Prerequisite:** PSY 1310.

**PSY 3333  Psychology of Adulthood: Maturity and Old Age [3-0]**  
**as scheduled**  
A study of such aspects of adulthood as job selection, marriage, child rearing and old age. **Prerequisite:** Six hours of psychology.

**PSY 3337  Developmental Psychology: Lifespan [3-0]**  
**as scheduled**  
The field of developmental psychology is an overview of the physical, cognitive, social, emotional and personality domains of the changes that occur over time. The course focuses on normal development from conception through death. Traditional and theoretical perspectives are reviewed. **Prerequisites:** PSY 1310 and junior standing.

**PSY 3340  Stress Management [3-0]**  
**as scheduled**  
This course introduces the student to a wide variety of stress reduction techniques and their implications for health. Practical experiences as well as research in such areas as biofeedback, relaxation training and meditation are provided. **Prerequisite:** PSY 1310.

**PSY 3343  Tests and Measurements in Psychology [3-0]**  
**fall, spring**  
Concentrates on the theoretical aspects of test construction and an extensive survey of the major types of standardized tests used in industry, schools and mental health settings. **Prerequisites:** PSY 1310 and PSY 2401.

**PSY 3345  Psychology of Learning [3-0]**  
**as scheduled**  
An introduction to the methods, results and interpretations of experimental studies of learning, including both animal conditioning and human memory. Emphasis will be placed on classical and instrumental conditioning procedures.

**PSY 3353  Physiological Psychology [3-0]**  
**as scheduled**  
An analysis of the basic physiological mechanisms underlying behavior with emphasis on the role of the central nervous system in sensation, emotion, motivation, learning and memory. A knowledge of biology is helpful but not necessary. **Prerequisite:** PSY 1310.

**PSY 3373  Sensation and Perception [3-0]**  
**as scheduled**  
A study of the basic mechanisms underlying sensation and perception. Experimental methods, research findings and theory are emphasized. **Prerequisite:** PSY 1310.

**PSY 3383  Animal Behavior [3-0]**  
**as scheduled**  
An introduction to the methods, results and interpretation of studies of animal behavior from the perspectives of comparative psychology and ethology. An emphasis will be placed on social and communicative behavior. **Prerequisite:** PSY 1310.

**PSY 3405  Behavior Modification [3-3]**  
**as scheduled**  
An overview of principles of social learning, operant conditioning and the application of these principles to personal development, relationships and problem behavior. Three hours lecture and a three-hour lab. **Prerequisite:** PSY 1310.

**PSY 4302  Primate Behavior [3-0]**  
**as scheduled**  
A review of the behavior of selected representatives of the order primates, based upon research conducted in both laboratory and field. In addition, students will collect data on a representative primate group at the Gladys Porter Zoo. **Equivalent Course:** May be counted as ANTH 4302; a student may receive credit in only one course. **Previous course number:** PSY 3384; a student may receive credit in
only one course. Prerequisite: PSY 1310 and PSY 3383, or ANTH 1324, or consent of instructor.

**PSY 4312 Female and Male**
[3-0]

An examination of the physiological and psychological influences of sex role development, including such topics as human liberation, sexual behavior, child rearing practices and career opportunities. Prerequisite: Nine hours of psychology or consent of instructor.

**PSY 4313 Abnormal Psychology**
[3-0]

A comprehensive analysis of various emotional disorders, neuroses and psychoses, their symptoms, etiologies and treatment and approaches. Prerequisite: PSY 1310.

**PSY 4318 Theories of Learning**
[3-0]

A historical review of major theoretical positions in the field of animal and human learning. Prerequisite: PSY 1310 or consent of instructor.

**PSY 4319 Cognitive Processes**
[3-0]

The experimental study of conscious, voluntary mental processes. Topics include recognition of written words and other patterns, recognition of speech and comprehension of language, limits on ability to divide attention, concept formation, problem solving and reasoning. Emphasis is on adult processes rather than on development of the processes in children. Prerequisite: PSY 1310.

**PSY 4320 Memory**
[3-0]

The experimental study of the acquisition, storage, retrieval and forgetting of verbal information. Emphasis is on basic research and theory about adult processes, and little consideration is given to either applications or development of the processes in children. Prerequisite: PSY 1310.

**PSY 4326 Cross-Cultural Psychology**
[3-0]

The course examines how culture shapes our cognition and behavior. In addition to exploring intercultural contact and cross-cultural research methods, the following areas in psychology are analyzed from a cross-national perspective: perception, cognition, human development, attitudes and interpersonal relations. Prerequisite: PSY 1310.

**PSY 4328 Psychological Issues in the Mexican-American Community**
[3-0]

Mexican-American personality development and assessment, ethnic identity and acculturation are examined in the course, as are Chicano perceptions of abnormal conduct and the use of alternative therapists. Selected community issues, such as immigration and prosocial behavior, are also explored from a psychological perspective. Prerequisite: PSY 1310.

**PSY 4333 Theories of Personality**
[3-0]

Emphasis is placed on the major theories of personality that attempt to explain the psychological nature and behavior of people. Some consideration is given to the process involved in developing a theory of personality. Prerequisite: PSY 1310.

**PSY 4342 Psychology and Law**
[3-0]

This course is designed to give students an appreciation of behavioral phenomena as they apply to our legal system. A general survey of related topics such as the trial process, the psychology of evidence and the psychology of juries will be covered.

**PSY 4343 Human Factors**
[3-0]

Human Factors is concerned with the optimal interaction between humans and their working environments, including machines, instruments, psychology, including sensation, perception, memory, cognition, physiology, learning and motivation. The goal is to optimize the design of operation systems by considering human capabilities and limitations. Prerequisites: PSY 1310 and a course in perception of memory.

**PSY 4355 Psychology and Mythology**
[3-0]

This course will study the impact and interrelationships of psychological thought and mythological theory. The impact of the theories of Freud, Adler, Jung, Levi-Strauss and others on mythology will be studied. Equivalent Course: ANTH 4355; a student may receive credit for only one course. Prerequisite: PSY 1323 or ANTH 1323 or ANTH 1353 or instructor’s consent.

**PSY 4363 Systems and Theories in Psychology**
[3-0]

A history of the development of psychology and a study of theories in contemporary psychology. Prerequisite: PSY 1310.

**PSY 4380 Research Seminar**
[3-0]

Students will conduct faculty-supervised research in an area of mutual interest resulting in oral and written presentations of their work to other students and faculty. The course will provide an opportunity to obtain hands-on research experience for undergraduate students who intend to pursue graduate degrees. May be repeated for up to six hours credit. Prerequisites: PSY 2401, PSY 3325 and consent of instructor.

<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Description and Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSY 4383</td>
<td>Special Problems</td>
<td>[3-0]</td>
<td>as scheduled. Selected topics assigned according to the interest of the class and/or student. Sequential registration for up to nine hours is permitted as topics vary. Prerequisites: Nine hours of psychology and consent of instructor.</td>
</tr>
<tr>
<td>QUMT 2340</td>
<td>Introduction to Quantitative Methods in Business</td>
<td>[3-0]</td>
<td>fall, spring, summer. This course is an introduction to the quantitative techniques and models applicable to business decision-making. Topics include optimization models of deterministic and non-deterministic systems used in the business curriculum (accounting, computer information systems, economics, finance, management, marketing, production and operations). The course integrates computers as tools in solving business problems. Prerequisites: MATH 1341 or MATH 1340; CIS 1301.</td>
</tr>
<tr>
<td>QUMT 2341</td>
<td>Elementary Business and Economic Statistics</td>
<td>[3-0]</td>
<td>fall, spring, summer. An analysis of descriptive statistics and statistical inference. Topics include collection, organization and presentation of numerical data; central tendency, variation, skewness, probability, probability distribution, sampling distributions, estimation theory and hypothesis testing. Computer laboratory assignments covering the above topics will be assigned. Prerequisites: MATH 1341 or 1340; CIS 1301 or CIS 1101.</td>
</tr>
<tr>
<td>QUMT 3342</td>
<td>Intermediate Business and Economic Statistics</td>
<td>[3-0]</td>
<td>fall, spring, summer. A continuation of elementary statistics, including regression and correlation, index numbers, nonparametric statistics and other decision-making tools. Computer laboratory assignments covering the above topics will be assigned. Prerequisites: QUMT 2341 and MATH 1322 or QUMT 2340.</td>
</tr>
<tr>
<td>QUMT 3343</td>
<td>Statistical Methods for Business</td>
<td>[3-0]</td>
<td>fall, spring, summer. Students will study descriptive and inferential statistical techniques used to solve business-related problems. Topics include descriptive techniques, probability, confidence intervals, tests of hypotheses, analysis of variance, chi-square tests, correlation and regression. Prerequisites: MATH 1342 or QUMT 2340.</td>
</tr>
<tr>
<td>QUMT 4343</td>
<td>Quantitative Methods for Decision-Making in Business</td>
<td>[3-0]</td>
<td>fall, spring, summer. This course provides students with the methodologies to approach problems in a rational and logical manner by developing their analytical maturity, their ability to identify alternative actions and their ability to select a solution from viable alternatives. Different problem-solving techniques will be implemented along with software applicable to decision-making in business. Prerequisite: QUMT 3343.</td>
</tr>
<tr>
<td>READ 3310</td>
<td>Narrative and Expository Analysis-Elementary/Secondary</td>
<td>[3-0]</td>
<td>fall, spring, summer. Examines the processes utilized to provide clues to understanding text: identification of relevant information of text and how events in the text are related; utilizing information of text to determine that which is not stated; evaluating and judging text; monitoring what is read for the purpose of clarifying text.</td>
</tr>
<tr>
<td>READ 3323</td>
<td>Reading Acquisition</td>
<td>[3-0]</td>
<td>fall, spring. Psychological, sociological, cultural, physical and linguistic factors related to reading acquisition; analysis of scope and sequence of word recognition processes: sight word vocabulary, phonics, structural, morphemic and contextual analysis; analysis of organizational and management parameters of learner-centered reading instruction at the primary levels; diagnostic and prescriptive processes as they pertain to readiness, structural and phonetic analysis, vocabulary skills and classification skills. (Field-Based Approved Course.)</td>
</tr>
<tr>
<td>READ 3325</td>
<td>Cognitive Development and Reading Comprehension</td>
<td>[3-0]</td>
<td>fall, spring. Examination of principles of comprehension; factors that affect comprehension of text; cognition and reading comprehension; components of the learner-centered instructional program of reading comprehension and the correlation of reading processes to the writing processes; analysis of comprehension processes as they apply to various text structures; extending and enriching reading comprehension through literature; diagnostic and prescriptive processes as they pertain to literal, interpretive and evaluative comprehension processes. (Field-Based Approved Course.)</td>
</tr>
</tbody>
</table>
READ 3326 Reading Across the Curriculum: Content Areas [3-0]
fall, spring
Analysis of research, study and library skills; examination of reading as applied to the various content areas with focus on effective reading processes across text types and subject-specific vocabulary. Prerequisites: READ 3323 and READ 3325.

READ 3327 Assessment/Diagnosis of Special Needs Students [3-0]
fall, spring, summer
Examination of the affective, cognitive, cultural and linguistic correlates of reading disabilities; examination of the characteristics of gifted readers; analysis of learner reading styles across the modalities of auditory, visual, kinesthetic and tactile; analysis of the principles of assessment and relationships to both remediation and enrichment. Prerequisite: READ 3323.

READ 3329 Language Arts Curriculum [3-0]
fall
Reading as an integral part of the language arts process; study of the relationships between listening, speaking, reading and writing. Prerequisite: READ 3323.

READ 3351 Literature for the Young Adult [3-0]
spring, summer
Emphasis is on the reading and evaluation of literature written for young adults (middle, junior and senior high school students). The selection and reading of a variety of literary genre for the young adult that encompasses literature reflecting culture, ethics and social diversity within a multicultural society will be included.

READ 4351 Developmental Reading in Secondary Schools [3-0]
fall, spring, summer
Analysis of the relation of reading ability to academic achievement; reading skills needed in content area reading; reading difficulties encountered by students in secondary schools. Prerequisites: READ 3323 and READ 3325 (except for meeting requirements of secondary professional development certification).

REHS 2301 Introduction to Rehabilitation [3-0]
fall, spring and as scheduled
Introduction to the field of rehabilitation and rehabilitation professions and specialties (e.g., rehabilitation counseling, vocational evaluation, job placement). The course addresses theory and practice of rehabilitation as well as the history, philosophy and legislative basis for the programs and professions. Includes an overview of the needs of individuals with disabilities and the effects disabilities have upon personal, social and vocational adjustment. The independent living rehabilitation movement and the vocational rehabilitation process are discussed, along with the impact individuals with disabilities have upon the nation’s economy. Community resources and agencies that provide services to people who have disabilities are explored. May include field trips, guest lectures and community-oriented assignments.

REHS 2321 Introduction to Addiction Studies [3-0]
fall, spring and as scheduled
Provides an introduction to the antecedents and the rehabilitation of the disability of substance abuse in the areas of vocational, social, familial, personal and physical areas. Includes information about multiple disabilities (e.g., physical and emotional disability and substance abuse).

REHS 2331 Psychology of Disability [3-0]
fall and as scheduled
Provides a survey of psychological aspects of disability with an emphasis on physical disability. Includes an overview of research areas and findings. Describes major disability groups, and their psychological processes that are observed in consumers and their families as they react and adjust to their disabilities. Equivalent Course: PSY 2331; a student may receive credit for only one course.

REHS 3303 Case Management I [3-3]
spring
Introduction to case management skills and techniques including interviewing will be taught. Applied and supervised learning experiences will be emphasized. Prerequisites: REHS 2301, REHS 2311, REHS 2331 and formal admission.

REHS 3311 Disability Policy and Independent Living [3-0]
as scheduled
This course provides an in-depth review and analysis of legislation and policies (both federal and state) that impact people with disabilities and the rehabilitation professional. Major legislation that will be covered includes The Americans with Disabilities Act, Rehabilitation Act of 1973, Social Security, The Ticket to Work and Work Incentives Improvement Act of 1999, Individuals with Disabilities Education Act and state workers compensation laws. The independent living and disability rights movements will be studied in context to their influence on changes in disability policy. The consumer focus of empowerment and control over one’s life will also be covered.
<table>

</thead>
<tbody>
<tr>
<td>REHS 3320</td>
<td>Family and Disability</td>
<td>[3-0]</td>
<td>spring</td>
<td>Covers relevant issues concerning the family of a person with a disability. Topics such as family dynamics, family support systems and the role of the family in adjustment to disability will be explored. Particular attention will be given to the Mexican-American family. Prerequisites: REHS 2301, REHS 2311, REHS 2331 and consent of instructor.</td>
</tr>
<tr>
<td>REHS 3325</td>
<td>Medical Aspects of Rehabilitation I</td>
<td>[3-0]</td>
<td>as scheduled</td>
<td>This course provides information on human anatomy as it relates to disability. The student will review and have the opportunity to learn to understand general and specialty medical reports and integrate medical information with vocational potential using functional capacity evaluations. Information on comprehensive medical rehabilitation including service delivery and payment systems will be presented. Allied health and related medical professions will be described to provide a comprehensive understanding of their involvement on the treatment team. Alternative medicine and its relationship to rehabilitation will be presented.</td>
</tr>
<tr>
<td>REHS 3330</td>
<td>Medical Aspects of Rehabilitation II</td>
<td>[3-0]</td>
<td>spring</td>
<td>Provides essential medical information to prepare students for working with Individuals with disabilities, physicians and employers. Information on etiology, prognosis and treatment procedures and vocational and independent living implications will be covered for each disability group. Also included in the course is information on medical specialties, therapeutic services, restorative techniques and medical terminology. This course offers the student the opportunity to learn how to assess the total impact of the disability more perceptively and accurately, and to assist the consumer in making more realistic vocational/independent living plans. Prerequisites: REHS 2301, REHS 2311 and REHS 2331.</td>
</tr>
<tr>
<td>REHS 3340</td>
<td>Intermediate Aspects in Addiction Studies</td>
<td>[3-0]</td>
<td>spring, as scheduled</td>
<td>Examines the addictions process from the molecular to the social level. This course focuses on the familial, social, cultural, ethical, legal, biological, neurological and psychopharmacological aspects of addiction. Principles of drug action, drug classification, variable of drug responses, and psychiatric issues, including dual diagnosis, will be addressed. An overview of harm reduction principles will be presented.</td>
</tr>
<tr>
<td>REHS 4100</td>
<td>Independent Study</td>
<td>[1-0]</td>
<td>as scheduled</td>
<td>Individualized study and investigation of rehabilitation topic under the direct supervision of a faculty member. A minimum of 25 clock hours per credit hour is required. May be repeated a total of four times. Prerequisite: Consent of instructor.</td>
</tr>
<tr>
<td>REHS 4301</td>
<td>Vocational Assessment</td>
<td>[3-0]</td>
<td>spring</td>
<td>This course will focus on the vocational assessment of people within the rehabilitation process. Students will be oriented to vocational evaluation, psychometrics, behavioral observations, work samples, situational assessments as well as modifications in assessment techniques needed to effectively evaluate people with disabilities. Prerequisites: REHS 2301, REHS 2311, REHS 2331 and formal admission.</td>
</tr>
<tr>
<td>REHS 4302</td>
<td>Job Placement</td>
<td>[3-0]</td>
<td>fall</td>
<td>A study of job placement theories, approaches and techniques will occur. The student will be introduced to the vocational implications of disability. Job-seeking skills, labor market surveys, job analysis, residé-writing and transferable skills analysis are some of the skills that are taught. Prerequisites: REHS 3330 and formal admission.</td>
</tr>
<tr>
<td>REHS 4303</td>
<td>Case Management II</td>
<td>[3-0]</td>
<td>fall</td>
<td>Advanced case management skills and techniques such as interviewing, case history development and program planning within the rehabilitation process will be taught. IWRP development and reviews of client case records will occur in an applied, supervised environment. Legal and ethical issues in service delivery will be addressed. Prerequisites: REHS 3330 and formal admission.</td>
</tr>
<tr>
<td>REHS 4310</td>
<td>Rehabilitation Research</td>
<td></td>
<td>as scheduled</td>
<td>This course provides an examination of research methods, designs and statistical analysis as it applies to the field of rehabilitation. The application of research information and literature to guide effective practice for the rehabilitation professional will be covered. The course will address research with a conceptual rather than a statistical approach.</td>
</tr>
</tbody>
</table>
REHS 4330 Clinical Topics in Rehabilitation [3-0]
farm
This course will focus on priority clinical issues and provide concentrated study in specific areas in rehabilitative services that appear timely. The focus will be placed on independent projects, presentation of papers and group discussion. A field-based clinical study project will be required.
Prerequisites: REHS 2301, REHS 2311 and REHS 2331 or consent of instructor.

REHS 4340 Clinical Issues in Addiction Studies [3-0]
as scheduled
The course focuses on treatment, prevention and intervention approaches as these relate to addictions. Therapeutic rehabilitation approaches (group, individual, family, conjoint) are addressed in relation to the various populations. Evaluation, assessment, consultation and referral are processed in the therapeutic approaches that are covered. Crisis intervention is an essential area when working with the addictive populations and is included in the therapeutic approaches. Prerequisite: REHS 2321 or consent of instructor.

REHS 4345 Special Populations in Addictions Studies [3-0]
as scheduled
The purpose of this course is to provide students with the skills necessary to address the rehabilitation needs of special populations in addiction studies. Emphasis will be placed on acquiring the skills, techniques and knowledge base needed to address the issues of special populations. These populations include adolescents, women, college students, HIV/AIDS, PTSD, geriatric, children of parents with addictions, gays and lesbians and bisexuals, the homeless, ethnic and biological groups, and physicians and other health professionals. The course will focus on the identification of the unique issues presented by the target populations with addictions. Treatment and prevention for specific special populations may be addressed. The course will provide the student with the opportunity to explore target populations in depth. Multicultural issues will be addressed when pertinent. Prerequisite: REHS 2321 or consent of instructor.

REHS 4350 Special Topics in Rehabilitation [3-0]
as scheduled
Selected topics in rehabilitation. May be repeated for up to six hours credit when topic varies. Prerequisites: REHS 2301, REHS 2311 and REHS 2331 or consent of instructor.

REHS 4355 Multicultural Issues in Human Services [3-0]
as scheduled
This is a multidisciplinary course with the purpose of providing students with an overview of the complex relationship between culture and values. Students will explore their personal values, the roles of education and language as transmitters of culture and values and how that interrelationship is reflected in the human services. Students will develop an awareness of and the ability to articulate cross-cultural perspectives on social, psychological, educational, cultural and interpersonal issues. The course includes conceptual models for resolving cross-cultural conflicts.

REHS 4360 Assistive Technology [3-0]
as scheduled
Issues related to technology and people with disabilities will be examined. Types of technology, service delivery models, funding, training and technology abandonment will be covered. Examples of technology will be brought into the classroom. Prerequisites: REHS 2301, REHS 2311 and REHS 2331 or consent of instructor.

REHS 4602 Clinical Practicum in Rehabilitation spring
Supervised, field-based clinical experience in a public or private setting serving the disabled. The practicum setting must meet specific program requirements and be approved by the University practicum supervisor. Weekly assignments will focus on daily components within the rehabilitation process and will be treated in a weekly group session. Three hundred twenty clock hours, 20 field hours weekly plus two hours of regularly scheduled group supervision per week. Prerequisites: Completion of all REHS concentration courses and program approval.
The University of Texas-Pan American
SCIE 4240 Capstone Course [1-3]  
as scheduled  
This course will be designed to review TEKS requirements for the grades 4-8 certification in science. Students will conduct science education research, and have the opportunity to learn how to present and evaluate various investigative techniques used in biology, chemistry and the physical sciences. Students will be assigned laboratory topics that they will have to present and teach to other students in the class. The presenter will be expected to evaluate the students participating in his/her lab, and the students will evaluate the presenter. Prerequisites: Students enrolled in SCIE 4240 are expected to be in their final semester of on-campus instruction, and should either be enrolled in or have completed all requirements for the interdisciplinary science major.

SCIE 4350 Local and Global Environmental Science [2-3]  
as scheduled  
The course is designed to integrate concepts of life sciences and chemistry and apply them to both local and global environmental issues. Important local topics include water quality of the Rio Grande and Arroyo Colorado Rivers, atmospheric transport of pollutants and aerosols, effects of chronic exposure to hydrocarbons, Lower Laguna Madre seagrass decline, brown tides, and local recycling programs. Important global issues include global warming, ozone depletion, deforestation, ocean dumping, fisheries sustainability, atmospheric pollutant loading, acid rain and habitat restoration. Prerequisites: CHEM 1301 and BIOL 2305.

SCIE 4360 Forensics: Applications of the Natural Sciences for Teachers [2-3]  
as scheduled  
This is an integrated course designed to introduce middle school and secondary teachers to the science of forensics used in investigating and solving crimes. Principles of physics will be utilized to show how crime scenes and accidents can be reconstructed. Students will study how chemistry and spectroscopy are used to investigate crimes involving drugs, detection of explosives, fiber analysis, arson investigations and detection of contraband in airports and harbors. Some time will be given to DNA analysis and genetic testing. Prerequisites: BIOL 1401, CHEM 1301 and 1101, PSCI 1421 and 1422.

SCIE 4370 Planet Earth and Its Inhabitants [2-3]  
as scheduled  
This course is designed to cover the history of the earth from the various theories of origin, to the beginning of life, and through various evolutionary processes and extinctions that have resulted in the planet as we know it today. Students will learn about continental drift and understand the role of environmental forces in evolution, and why there are different species in different climates. Students will study about ecosystems and the roles of the various components of an ecosystem. Prerequisites: BIOL 1402 and 2305, PSCI 1421 and 1422.

SCIE 4480 Applications of Chemistry and Physics in Society [2-3]  
as scheduled  
This course will involve a detailed study of industries and technologies that involve principles of physics and chemistry. Examples of topics that will be included in the course are: electronics in society, the physics of medical imaging, radiation in microwaves and other types of conduction used in industry and in everyday life, the role of ultraviolet radiation in health, applications of chemistry in the food industry and a look at the physics and chemistry involved in the petroleum industry. Prerequisites: CHEM 1301 and 1101, PSCI 1421 and 1422.

SOC 1313 Principles of Sociology [3-0]  
(Texas Common Course Number is SOCI 1301.)  
fall, spring, summer  
The social group, culture and personality; social institutions; social interaction; social change. Credit Restriction: Credit may be received in only one of SOC 1313 or SOC 1387.
SOC 1323 Current Social Issues [3-0]
(Texas Common Course Number is SOCI 1306.)
fall, spring
A sociological analysis of selected social issues present in current society.

SOC 1325 Japanese Society [3-0]
as scheduled
A basic survey of Japanese social structure, institutions and social history. This course is designed to familiarize students with contemporary Japanese society and culture.

SOC 1387 Principles of Sociology (Honors Plan) [3-0]
A sociological analysis of major concepts such as social group, culture, socialization, social interaction and group relations. The course is discussion-centered with emphasis on independent study. Credit Restriction: Credit may be received in only one of SOC 1313 or SOC 1387. Prerequisite: Admission to Honors Studies or by invitation.

SOC 2301 Statistics for the Behavioral Sciences [3-0]
fall, spring
An introduction to the procedures used in handling sociological data including frequency distributions, central tendency, variability, correlation and elementary hypothesis testing. Prerequisites: Three hours of mathematics (except EMAT 2306), SOC 1313 and SOC 1323 or consent of instructor.

SOC 2332 Community [3-0]
as scheduled
A consideration of community organization and problems and strategies for change. Special attention will be given to community organization and problems in the Rio Grande Valley.

SOC 2333 Marriage and the Family [3-0]
(Texas Common Course Number is SOCI 2301.)
fall, spring
A study of problems and an analysis of the factors contributing to successful marriages with study of surveys that have been made of this aspect of the social relations of men and women.

SOC 3301 Methods of Social Research [3-0]
spring
Use of scientific method in social research; formulation of research designs, hypothesis testing, sampling, interviewing, observation, coding, use of documents, questionnaires and scales. Emphasis on interpretation of social data. Prerequisites: SOC 1313 and SOC 2301 or consent of instructor.

SOC 3310 Sports and Society [3-0]
fall, spring
This course investigates the relationship between sports and society by examining the role and impact of agents of socialization such as the family, the peer group and the mass media on athletes and their personalities. This course also explores the issues of racism, sexism and violence in various sports. The assumption that participation in sports builds character will be examined along with cultural issues such as deviance, retirement and competition.

SOC 3324 Sociology of Health [3-0]
as scheduled
Analysis of basic problems in the maintenance and preservation of health and delivery of health care services by social class. Focus is on environmental causes of disease; social-psychological response to illness; and family cohesion, strain and resources as affected by illness. Prerequisite: Three hours of sociology or consent of instructor.

SOC 3325 Social Psychology [3-0]
as scheduled
This course examines the sociological perspective of symbolic interactionism. Topics include the development of social psychology and symbolic interactionism, participant observation, the differences between animals and humans, symbolic language, the instinct controversy and Goffman. Prerequisite: SOC 1313.

SOC 3333 Urban Sociology [3-0]
as scheduled
The culture, history and growth patterns of cities; demographic, ecological patterns and trends. Problems of housing and community organization. Prerequisite: SOC 1313 or consent of instructor.

SOC 3343 Social Issues in Japan [3-0]
as scheduled
An examination of the social issues that Japanese society is facing in its attempt to maintain ancient traditions while changing into a post-industrial society. Prerequisites: SOC 1313 and SOC 1325, or consent of instructor.

SOC 3344 Societies in Global Perspective [3-0]
spring
The course is rotated to examine the cultures of Asia, Africa and Latin America, with one of these regions as the focus of study in any particular semester. The course looks into cultures of various societies in terms of their social institutions such as language, religion, education, family, customs, traditions, etc., in contemporary and historical perspective and how such institutions provide the value system that is subsequently internalized in the socialization process and become part of the personality.

SOC 3363 The Sociology of Religion [3-0]
The sociological study of religion has traditionally been an important part of sociology since the beginning of sociology as an academic discipline. This course will focus on the way religion functions in society and its various forms throughout the world.
Sociology

SOC 3393 Sociology of Aging [3-0]  
**as scheduled**  
Analysis of the basic problems faced by the aged within a social context. Within an institutional framework, focus is on health, income, work, religion, leisure and interpersonal relationships of the aged. **Prerequisite:** Three hours of sociology or consent of instructor.

SOC 4310 Gender in a Global Perspective [3-0]  
**as scheduled**  
An exploration of the sociological meaning of gender and gender roles in contemporary society. The focus is on the status of women vis-à-vis that of men in the institutional structure: family, marketplace, school and political-legal arena. The nature and causes of sex role differentiation, of changing sex roles and the future of sexual equality will be discussed. **Previous course numbers:** SOC 4311 and PSY 4311; a student may receive credit in only one course. **Prerequisite:** Six hours of sociology or consent of instructor.

SOC 4313 American Minorities [3-0]  
**fall, spring**  
An analysis of intergroup relations among minority groups and the dominant group with special focus on patterns of conflict, change, adjustment, power and inequality among such groups. Some in-depth description of the problems and characteristics of major American minorities. **Prerequisite:** Registration is limited to students with junior or senior status.

SOC 4314 Sociology of Deviance [3-0]  
**spring**  
The nature and extent of deviancy examined through a review of theory and research on deviant behavior. Selective examination of particular types of individual and subcultural deviance (e.g., homosexuality, physical handicaps, prostitution). **Prerequisite:** Six hours of sociology or consent of instructor.

SOC 4320 The Sociology of the Family [3-0]  
A comparative historical approach will be used to examine sociological issues concerning the family in contemporary America. An in-depth analysis will focus on many of the social problems that affect the most important social institution in society.

SOC 4323 The Mexican-American People [3-0]  
**fall, spring**  
 Presents an examination of the Mexican-American’s economic status, cultural values, style of life, educational attainment, family status and political participation as affected by current socio-economic conditions and their historical antecedents. **Prerequisite:** Registration is limited to students with junior or senior status.

SOC 4324 Contemporary Research in Social Psychology [3-0]  
**fall**  
This course is a review of selected topics from the empirical literature in social psychology such as gender, ethnicity, attitudes, prejudice and discrimination, persuasion and helping behavior with emphasis on research from professional articles. **Previous course number:** 3326; a student may receive credit in only one course. Three hours of stats in any department or approval of instructor. **Prerequisite:** SOC 1313.

SOC 4325 Cultural Sociology [3-0]  
The rise of cultural sociology has been one of the most important developments in recent American social science. This course will introduce the student to one of the most popular and important new areas within sociology. The major lines of inquiry: text, code, production, reception and culture in action, which have made cultural sociology flourish in the past 10 years, will be examined. This will be accomplished by relying on the mass media as a concrete and shared mechanism through which culture is produced, received and put into action. This class will use movies, television, magazines, newspapers and the recording industry extensively as sources for examination and analysis of major and timely cultural themes.

SOC 4326 Population and Society  
**as scheduled**  
This course will address the issues of human populations by studying the social processes of births, deaths and migration. The course will study the so-called “population explosion” in developing societies and look as to how the population increase in these societies is affecting the social institutions such as education, the family, government, etc. These and other related questions will be addressed. **Prerequisite:** SOC 1313.

SOC 4333 Social Theory [3-0]  
**spring**  
A survey of historical development and the theories of major sociologists. **Prerequisite:** Nine hours of sociology or consent of instructor.

SOC 4352 Social Inequality [3-0]  
**fall, spring**  
A discussion of research, concepts and theory related to inequality in social life, its causes and consequences. The social order of relations between the affluent and the poor and how inequality among the social classes is built into the culture and institutions of society (e.g., government, economics, religion, family). **Prerequisite:** SOC 1313 or consent of instructor.
SOC 4360 Sociology of Education [3-0]
as scheduled
Social and institutional organization of education and the profession of teaching. Class, ethnic and other social factors affecting the educational process and the effect of educational institutions and practices on the community and society. Prerequisite: SOC 1313 or consent of instructor.

SOC 4373 Latin American Society [3-0]
The aim of this course is to present a general perspective of social change in Latin America and how the U.S. is being affected by this change. A better understanding of the growing complexity of the relationship between the U.S. and Latin America requires to pay careful attention to a number of key issues and problems, such as how this relationship cuts across differing national histories, gender and ethnic issues, industrialization, democratization, the illicit drug trade, economic and political integration and the growing north-bound tide of Latin American unskilled migrant workers. The course will contribute to a growing understanding of the paradox of fragmentation and shared cultural identity in the subcontinent as well as the strikingly different views each country has about U.S. policy, society and culture.

SOC 4380 Social Protest and Social Movements [3-0]
as scheduled
An investigation of the careers of protest and movement organizations. Special attention is directed to the structure of these organizations and the dilemmas and problems they encounter. Case studies are included. Prerequisite: SOC 1313 or consent of instructor.

SOC 4383 Independent Studies as scheduled
Designed to give students experience in research or in-depth theoretical/empirical readings in a substantive area not normally covered within standard courses. Research projects or advanced readings will vary according to student interest and faculty availability. Sequential registration for up to nine hours is permitted as topics vary. Prerequisites: Nine hours of sociology and consent of instructor.

SOCW 1313 Introduction to the Social Work Profession [3-0]
(Texas Common Course Number is SOCW 2361.)
fall, spring, summer
Traces the philosophy and historical development of social work, reflecting its social welfare European roots and its historical evolution in America. A general overview of the social work profession, functions and services as they relate to various fields of practice will be studied. Volunteer work in the community will be required.

SOCW 2314 The Social Welfare Institution [3-0]
fall, spring
This course emphasizes the social welfare institution, its laws, societal responses and parallel social work services. Specific welfare legislation and programs that impact the profession of social work will be examined.

SOCW 2375 Statistical Methods [3-0]
This course orients the students to basic statistics concepts and procedures that are needed for generalist social work practice. Students have the opportunity to learn techniques for data analysis using chi-square, t-test, Pearson Correlation Coefficient, and ANOVA. Additionally, students use statistical software to compute inferential statistics. Prerequisite: Math 1340 or higher math.

SOCW 3314 Social Welfare Policy and Programs [3-0]
fall, spring
Examines economic, political, intellectual, sociocultural, leadership, values and ideologies and other such factors that shape social welfare policy, programs and services. Addresses various frameworks for studying social policy and examines the roles of policy-makers, process of social change and the role of the social worker as a facilitator of change. Prerequisites: SOCW 1313 and SOCW 2314.

SOCW 3321 Human Behavior and the Social Environment I [3-0]
fall, spring
This course presents an overview of theories that form social work practice with individuals and families. There is an emphasis on application of theory to practice. Prerequisite: SOCW 1313.

SOCW 3322 Human Behavior and the Social Environment II [3-0]
fall, spring
This course presents an overview of theories that form social
work practice with groups and communities. There is an emphasis on application of theory to practice. Prerequisite: SOCW 1313.

**SOCW 3333 Social Work Practice I** [3-0]  
**Fall, Spring**  
Through classroom and skills lab, the student examines some of the necessary knowledge, values, and skills upon which problem-solving is based. The student learns the generalist approach to practice. Prerequisites: SOCW 1313, SOCW 2314 and admission to BSW Program.

**SOCW 3333 Special Topics in Social Work Issues** [3-0]  
**As scheduled**  
An analysis of conceptual frameworks, content, laboratory experiences and research opportunities in current social issues with particular relevance to our community, requiring the social worker's intervention, problem-solving knowledge, values and skills, and preparing the social work student and other helping professionals for interdisciplinary collaboration in achieving effective social change objectives. Sequential registration for up to six hours is permitted as topics vary. Topics will vary according to timeliness of issues, student demand and availability of faculty.

**SOCW 3334 Social Work Practice with the Aging Family** [3-0]  
**As scheduled**  
Students will study interviewing, assessment and intervention, demographics of an aging population in America, roles and functions of families, the quality of life of the elderly, societal and cultural issues for older adults, supportive resources and networks as well as services for the aged and their family members. The generalist approach is applied to work with older clients through case examples and community assignments.

**SOCW 3342 Substance Abuse and the Family** [3-0]  
**As scheduled**  
Provides an introduction to the basic dynamic nature of the substance-abusing family, including structures, relationships and development in the process of its societal evolution. The function of the family as a socialization agent will be studied. Focus will be given to value transmission, learning patterns of interaction, impact on varieties of relationships and coping styles. Prerequisite: Junior standing or consent of the instructor.

**SOCW 3351 School Social Work** [3-0]  
Examines the major social issues confronting education, as well as how school social workers can interface with educators to address the problems of student absenteeism and underachievement, and the violence, racism and discrimination that are perpetuated by and against students. The roles and functions of school social workers are described. Prerequisite: Junior standing or consent of instructor.

**SOCW 3360 Child Welfare** [3-0]  
**As scheduled**  
Examines child welfare history, policies, programs and practices. Best practices in child risk assessment, foster care and adoption and prevention of child abuse and neglect are highlighted. Prerequisites: SOCW 1313 and SOCW 2314.

**SOCW 3370 Interviewing Culturally Diverse Spanish-Speaking Clients** [4.5-0]  
**Fall**  
This course is designed to increase the student's ability to culturally relate to Spanish-speaking ethnic groups and to be able to distinguish between formal and informal colloquial terminologies. Students will be able to understand various cultural considerations such as folklore, customs, beliefs, diversity of Latinos and their Spanish-speaking variations that impact the interviewing process. Additionally, this course is designed to improve the student's comfort level to communicate effectively with native Spanish-speaking clients and/or patients.

**SOCW 4301 Social Work Practice II** [3-0]  
**Fall, Spring**  
Designed to provide social work students with knowledge of direct practice with families and small groups using the problem-solving approach. Students will selectively use concepts and techniques from various models, e.g., systems perspective, psychosocial theory, behavior modification and family-focused work as frameworks to develop strategies in clinical and cross-cultural intervention. Prerequisite: SOCW 3323.

**SOCW 4302 Social Work Practice III** [3-0]  
**Fall, Spring**  
This course provides students with knowledge of direct practice with communities and large organizational systems. Students learn how to apply the problem-solving process to bring about social and economic justice. Prerequisite: SOCW 3323.

**SOCW 4311 Research for the Social Services** [3-0]  
**Fall, Spring**  
This course introduces students to the scientific method and how it is used by social workers to effect social change, improve the delivery of social services and to evaluate practice. Prerequisite: SOCW 2375 or equivalent.

**SOCW 4320 Social Work in Health Care** [3-0]  
**As scheduled**  
This course focuses on the health care system, clients as consumers of health and health care issues as they relate to social work practice. An examination of health-related settings and the diverse skills, roles and functions of social workers will be studied within a team intervention approach with...
emphasizes on gender, ethnic and cultural aspects of health care. 
Prerequisite: Junior standing or consent of instructor.

**SOCW 4321 Domestic Violence in Society [3-0]**
*as scheduled*
The purpose of this course is to examine the phenomenon of domestic violence. Students will study the family structures in which violence occurs, the range (from verbal abuse to homicide) and its extent in society and the various attitudes toward it. Understanding of the basic theories of violence, identification of support services and systems for victims of domestic violence, and development of basic communication skills for assisting the victims will be expected of the student. 
Prerequisite: Junior standing or consent of instructor.

**SOCW 4352 Substance Abuse Counseling in the Community [3-0]**
*as scheduled*
Patterns of street substance abuse, community education and agency consultation, resource evaluation of such support systems as AA, halfway houses, networking, divergency programs, therapy with the abuser and family are emphasized as follow-up and outreach social work intervention at the community level. Counseling processes studied will include vocational rehabilitation. Cultural assessment, evaluation of treatment effectiveness and legal-ethical issues will be examined in the context of social service delivery. 
Prerequisite: Junior standing or consent of instructor.

**SOCW 4353 Integrative Field Seminar [3-0]**
This course is taken concurrently with SOCW 4619 Field Education. A seminar format facilitates the intern’s integration of the field education experience and the program’s generalist curriculum. Emphasis is placed on linking classroom learning with practice in the field and integrating theory with professional practice. Field practicum situations and issues are used for discussion and analysis.

**SOCW 4399 Independent Studies [3-0]**
*as scheduled*
Designed to give students experience in research or in-depth theoretical/empirical in a substantive area not normally covered within standard courses. Research projects or advanced readings will vary according to student interest and faculty availability. Prerequisite: Consent of instructor.

**SOCW 4619 Field Education [0-0-36]**
*fall, spring*
This course requires a minimum of 480 hours (four days a week for one semester) of in-the-field experiences in established social agencies or community settings under joint supervision of the agency social worker and a Department of Social Work faculty member. SOCW 4619 is taken concurrently with SOCW 4353. Prerequisite: Approval by the Office of Field Instruction.

**Spanish**

**MCLL 2301 Special Topics in Modern/Classical Literature [3-0]**
This special topics course explores the literary manifestations of the Classical and Modern world. Using a historical approach to the study of literature, the students examine the evolution of literary genres or movements in Classical and Modern cultures. The objective of this course is to expand the student’s knowledge of the human condition and human cultures, especially in relation to behaviors, ideas and values expressed in literary works.

**SPAN 1301 Beginning Spanish [3-0]**
*(Texas Common Course Number is SPAN 1313.)*
*fall, spring, summer*
A course designed to develop the ability to understand, speak, read and write the Spanish language. Open only to persons who are monolingual. Credit Restriction: A student may receive credit in only one of SPAN 1301, SPAN 1303 or SPAN 1387.

**SPAN 1302 Beginning Spanish [3-0]**
*(Texas Common Course Number is SPAN 1314.)*
*fall, spring, summer*
A continuation of SPAN 1301. Credit Restriction: A student may receive credit in only one of SPAN 1302, SPAN 1304 or SPAN 1388. Prerequisite: SPAN 1301.

**SPAN 1303 Beginning Spanish [3-0]**
*(Texas Common Course Number is SPAN 2313.)*
*fall, spring, summer*
A course designed to develop the ability to read and to write the Spanish language. For students who are bilingual. Credit Restriction: A student may receive credit in only one of SPAN 1301, SPAN 1303 or SPAN 1387.

**SPAN 1304 Beginning Spanish [3-0]**
*(Texas Common Course Number is SPAN 2315.)*
*fall, spring, summer*
A continuation of SPAN 1303. Credit Restriction: A student may receive credit in only one of SPAN 1302, SPAN 1304 or SPAN 1388. Prerequisite: SPAN 1303.

**SPAN 1387 Beginning Spanish (Honors Plan) [3-0]**
*as scheduled*
A beginning Spanish course designed to meet the needs of Honors students interested in learning to read and write Spanish fluently at an accelerated pace. Some readings and culture will be introduced. Open to students needing systematic introduction to the Spanish language. Credit Restriction: A student may receive credit in only one of SPAN 1301, SPAN 1303 or SPAN 1387.
**Social Work, Spanish**

- **SPAN 1388** \( \text{Beginning Spanish (Honors Plan)} \) [3-0]  
  Additional work in composition. \textit{Prerequisite: SPAN 2308}.

- **SPAN 2301** \( \text{Technical Spanish I} \) [3-0]  
  A beginning Spanish course designed to meet the needs of Honors students interested in learning to read and write Spanish fluently at an accelerated pace. Some readings and culture will be introduced. Open to students needing systematic introduction to the Spanish language. \textit{Credit Restriction: A student may receive credit in only one of SPAN 1302, SPAN 1304 or SPAN 1388.}

- **SPAN 2302** \( \text{Technical Spanish II} \) [3-0]  
  This course is a continuation of SPAN 2301. The student will apply the knowledge acquired in Spanish technical terminology to the writing of technical and business reports related to engineering and science. \textit{Prerequisite: SPAN 2301}.

- **SPAN 2307** \( \text{Intermediate Spanish for Native Speakers} \) [3-0]  
  A comprehensive review of Spanish grammar with special emphasis on writing. \textit{Prerequisite: SPAN 2307}.

- **SPAN 2308** \( \text{Intermediate Spanish for Native Speakers} \) [3-0]  
  A continuation of SPAN 2307. \textit{Prerequisite: SPAN 2307}.

- **SPAN 3301** \( \text{Spanish Literature (from 1100 to 1750)} \) [3-0]  
  A survey of the literature of Spain from El Cid to the middle of the 18th century. \textit{Prerequisite: SPAN 2308}.

- **SPAN 3302** \( \text{Spanish Literature (1750 to the present)} \) [3-0]  
  A survey of the literature of Spain from Romanticism to the Modern period. \textit{Prerequisite: SPAN 2308}.

- **SPAN 3303** \( \text{Advanced Spanish Composition} \) [3-0]  
  Intensive training in Spanish composition. \textit{Prerequisite: SPAN 2308}.

- **SPAN 3304** \( \text{Advanced Spanish Composition} \) [3-0]  
  Additional work in composition. \textit{Prerequisite: SPAN 2308}.

- **SPAN 3306** \( \text{Basic Concepts of Spanish Phonetics and Phonology} \) [3-0]  
  An analysis of the phonetic and phonological system of Spanish with special emphasis on the relationship between the phonetic system and writing. \textit{Prerequisite: SPAN 2308}.

- **SPAN 3309** \( \text{Techniques of Literary Analysis} \) [3-0]  
  A study and practical application of the fundamentals of literary criticism. Several different approaches to literary analysis will be presented in order to construct a solid basis for the interpretation of literature. \textit{Prerequisite: SPAN 2308}.

- **SPAN 3310** \( \text{Masterpieces of Spanish-American Literature I} \) [3-0]  
  An investigation of the literary works of the principal narrators, poets and dramatists of Spanish America from the beginnings of Spanish colonialism to modernism. Analysis of form and content and study of the historical background and literary currents in each work. \textit{Prerequisite: SPAN 2308}.

- **SPAN 3311** \( \text{Masterpieces of Spanish-American Literature II} \) [3-0]  
  An investigation of the literary works of the principal narrators, poets and dramatists of Spanish America from modernism to the present. Analysis of form and content and study of the historical background and literary currents in each work. \textit{Prerequisite: SPAN 2308}.

- **SPAN 3316** \( \text{The Mexican Novel} \) [3-0]  
  The study of the major novels of Mexico. \textit{Prerequisite: SPAN 2308}.

- **SPAN 3330** \( \text{Spanish Grammar} \) [3-0]  
  A study of grammatical concepts with concentration on basic sentence structure, the paragraph, principles of punctuation and functional grammar. Course designed for Spanish majors and minors as well as those interested in bilingual endorsement. \textit{Prerequisite: SPAN 2308. Prerequisites for aspirants to bilingual/bicultural endorsement: SPAN 2308 and ENG 3319}.

- **SPAN 3334** \( \text{Business Spanish} \) [3-0]  
  Review of basic principles and Spanish nomenclature of political economy, accounting, marketing, management and finance. Theory and practice of commercial and civil
registers. Difference between U.S. and Latin American business and government practices. Correspondence and report writing. Prerequisite: SPAN 2308.

SPAN 4303 Spanish Civilization [3-0]
as scheduled
A survey course covering the entire range of Iberian history outlining the major differences between Spanish culture and the cultures of other Western nations. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4304 Spanish Lyric Poetry [3-0]
as scheduled
A survey of lyric poetry from the beginning to the present. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4305 Cervantes [3-0]
as scheduled
A study of the principal works of Miguel de Cervantes with particular emphasis on Don Quixote. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4306 History of the Spanish Language [3-0]
as scheduled
A detailed study of the Spanish language from the beginning to the contemporary period. Historical aspects of each period will be discussed to relate the contributions of different people whose language contributed to the development of the Spanish language. Prerequisite: SPAN 2308.

SPAN 4307 Spanish-American Novel [3-0]
as scheduled
Begins with a study of literary and historical influence in the 19th century Spanish-American Gaucho and Costumbrista novels and those showing European influence: Guiraldes, Blest Gana, Gamboa. Examination of recent literary trends: Mallea, Sabato, Roa Bastos, Vargas Llosa. Prerequisite: SPAN 2308.

SPAN 4308 Medieval Spanish Literature [3-0]
as scheduled
A study of the principal literary works of Spain from El Cid to the Romancero. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4309 Contemporary Spanish Literature [3-0]
as scheduled
A study of the principal literary works of Spain from the Generation of 1898 to the present. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4311 Mexican Literature I [3-0]
as scheduled
A study of the principal works of Mexican literature beginning with the period of the Spanish conquest until 1850. Prerequisite: SPAN 2308.

SPAN 4302 Problems and Issues Related to Language [3-0]
as scheduled
Concentrated study of language theory, language acquisition, functions and role of language in society, and current trends and problems related to the topic. Prerequisite: SPAN 2308.

SPAN 4317 Golden Age Prose [3-0]
as scheduled
A critical study of the most representative prose works of Golden Age Spain. Given in Spanish. Prerequisite: SPAN 2308.

SPAN 4318 Theater and Poetry of the Golden Age [3-0]
as scheduled
Study of the principal dramatists and poets of the Golden Age such as Lope de Vega, Tirso de Molina, Juan Ruiz de Alarcón, Garcilaso de la Vega, Fernando de Herrera, Luis de Góngora and others. Prerequisite: SPAN 2308.

SPAN 4325 Caribbean Literature [3-0]
as scheduled
A critical review and analysis of Caribbean literature with emphasis on the literary techniques and the cultural reflection in the literature.

SPAN 4329 Mexico’s Contemporary Literature [3-0]
as scheduled
An investigation of Mexico’s latest literature taking into account the psychological effects stemming from the industrial surge, the problems of the migration of the poor, the rebirth of the malinchista spirit, the new identity and the erosion of old traditions in the last two decades. Prerequisite: SPAN 2308.

SPAN 4331 Problems in Grammar, Dialects and Language Performance [3-0]
as scheduled
A study of the second language learner’s transition from regional Spanish to standard English. Emphasis on the particular characteristics of the English and Spanish dialects of the region and the manner in which they interrelate. The course will treat theory already learned as well as that presented in the course in the light of practical methodological tools. Prerequisite: SPAN 2308.

SPAN 4335 Spanish-English Legal Translation [3-0]
as scheduled
Intensive practice in the translation from Spanish to English of contracts and government regulations, as well as texts relating to both civil and criminal court cases and extracts from the civil registries of Hispanic countries. Prerequisite: SPAN 2308.
SPAN 4336 Grammar and Composition [3-0]
The study of the Spanish language applicable to the concerns of secondary school classroom teachers and the acquisition of skills and knowledge essential to testing and teaching advanced grammar and composition are the goals of this course. Prerequisite: SPAN 2308.

SPAN 4337 Eighteenth Century Spanish Literature [3-0]
A survey of the literature of Spain covering the neoclassic from Feijoo to Fernández de Moratín. Prerequisite: SPAN 2308.

SPAN 4338 Nineteenth Century Spanish Literature [3-0]
A survey of the literature of Spain covering the two main literary movements: Romanticism and Realism. Prerequisite: SPAN 2308.

SPAN 4339 The Spanish-American Short Story [3-0]
A study of the evolution of this genre in Spanish-American literature themes, techniques and literary movements will be investigated. The writers studied in this course will include: Echeverría, Palma, Gutiérrez, Nájera, Quiroga, Borges, García Márquez, Fuentes and others.

SPAN 4340 The Spanish-American Essay [3-0]
A study of this genre in Spanish-American literature. Themes, content, style and literary movements will be studied. The writers studied in this course will include: Andres Bello, Justo Sierra, Antonio Caso, Vasconcelos, Samuel Ramos, Alfonso Reyes, Altamirano, Octavio Paz, Leopoldo Zea and others.

SPED 1305 Introduction to the Exceptionalities [3-0]
Fall, spring, summer
Focus of this course will include the identification and analysis of characteristics of exceptional individuals. This includes various characteristics of the exceptionalities and the educational and treatment needs through the lifespan. Historical and current social, cultural, legal, educational and professional topics related to the development of special education will be covered. Course may be taken without admission into the College of Education.

SPED 2304 Computer Applications and Adaptations for Individuals with Disabilities [3-0]
Fall, spring
The focus of this course will be adapting computer software and equipment to meet the educational needs of individuals with disabilities. Prerequisite: CSCI 1300 or CIS 1301 or consent of instructor. Course may be taken without admission into the College of Education.

SPED 3302 Theories of Learning Disabilities [3-0]
Fall, spring, summer
This course surveys the theories basic to the study of learning disabilities. The course emphasizes the inactive learner theory and related cognitive and metacognitive learning strategies. Prerequisite: SPED 1305 or SPED 4372 or consent of the instructor.

SPED 4300 Testing and Assessment of Exceptional Individuals [3-0]
Fall, spring, summer
The content of this course will include norm and criterion referenced measures, systematic observational procedures and clinical observation techniques. There will be an emphasis on the assessment of individuals with disabilities who are at variance linguistically and socioculturally. Field experiences are required. (Field-Based Approved Course.) Prerequisite: SPED 1305 or SPED 4372.

SPED 4301 Strategies, Methods and Materials for Teaching Individuals with Mild to Moderate Disabilities [3-0]
Fall, spring, summer
This course will include topics such as learning styles, cooperative learning, whole language, manipulatives, materials and strategies for teaching individuals with disabilities. Field-based experiences are required. Prerequisite: SPED 1305 or SPED 4372 or consent of instructor.

SPED 4303 Theories of Social Competence and Behavioral Interventions [3-0]
Fall, spring, summer
The content of this course includes the diverse intervention processes and theories in social skills intervention, behavior modification, cognitive-behavioral strategies and crisis prevention intervention. Field experiences are required. Prerequisite: SPED 1305 or SPED 4372 or consent of instructor.

SPED 4309 Program Planning of Secondary Special Education [3-0]
Fall, spring
This course will address the needs of secondary special
education students, including vocational and career assessment, vocational programming and transitional planning. Field experiences are required. (Field-Based Approved Course.) Prerequisite: SPED 1305 or SPED 4372 or consent of instructor.

SPED 4372 Individual Differences [3-0]

fall, spring, summer

The content of this course will include the nature of individual differences with emphasis on the learning characteristics and application of research and theory to special education programs. There will be an emphasis on psychological, sociocultural and physical characteristics of exceptional individuals. Analysis of major research regarding contemporary trends, issues and programs for exceptional individuals will be presented. Prerequisite: SPED 1305 or approval of instructor.

STAT 2330 Survey of Elementary Statistics [3-0]
as scheduled

This course is intended to provide students with an elementary overview of the mathematical nature and uses of descriptive and inferential statistics. Topics include the definition and fundamental theorems concerning measures of central tendency and dispersion, empirical and theoretical concepts of probability, the central limit theorem, tests of hypotheses, interval estimation, chi-square tests, and regression and correlation. Equivalent Course: MATH 2330; credit may be received for only one course. Prerequisite: MATH 1334 with a grade of "C" or better or satisfactory score on ACT or placement exam.

STAT 3337 Applied Statistics I [3-0]
as scheduled

This course concerns itself with probabilistic models, regression analysis, nonparametric statistics and the basics of experimental design. Computer laboratory experience will be an important part of the course. Equivalent Course: STAT 3337; credit may be received for only one course. Prerequisites: Junior standing and either MATH 1340 or MATH 1341. It is highly recommended that the student have some knowledge of statistics such as is offered in STAT 2330.

STAT 4336 Sampling [3-0]
as scheduled

This course surveys the basic elements of sampling, including concepts of population and sample, the organization of a sample survey, coverage content error, questionnaire design, basic survey designs and computation of estimates and variances. Prerequisite: STAT 3337 or MATH 3337.

Film Studies

Although UTPA does not have a formal program leading to a degree in Film Studies, a number of faculty members offer courses on films. The courses are listed below:

COMM 3316 Intercultural Communication
An examination of communication behaviors across cultural lines that uses major films (e.g., Passage to India, Witness and Merry Christmas, Mr. Lawrence) to illustrate and demonstrate those behaviors. Offered once every three semesters.

COMM 6360 Historical Studies in Mass Media
A graduate seminar that uses film and television to examine different “topics” in communication. Topics include “Film and Television as Propaganda,” and “Political Communication.” Offered once every three semesters. A special topics course that is designed to introduce students to the use of feature films as historical evidence. The goal is to teach students how to “read” films as historical documents. The focus is on popular U.S. films since 1930 that offer social commentaries on their times. Six themes are examined: 1) war; 2) technology and conformity; 3) mass politics; 4) poverty and affluence; 5) rebellion; and 6) oppression.

POLS 3318 Special Topics in Political Science: The Political Film
Offered during the fall semester of odd-numbered years. This course explores how films have addressed various political topics, including such issues as racism and sexism, politics and corruption, crime as a metaphor for the U.S. political system, individual autonomy vs. institutional obligations and the concept of community.

Other

UNIV 1301 Learning Framework [3-0]
as scheduled

The purpose of the course is to provide an opportunity for students to understand the psychology of learning and its application to their own university experience and to their chosen major/profession. The course will focus on the assessment, understanding and application of the psychology of learning, cognition and motivation.
Additional Helpful Information

**Attempted Hours**
Attempted hours are the total number of hours for courses that a student has attempted, including failing grades such as “F,” “DF” and “WF.” Repeated courses, failing grades over seven years old, incomplete grades and credit (“CR”) grades are not included in attempted hours at the undergraduate level.

**Census Date**
The official census date for The University of Texas-Pan American is the 12th class day for regular fall and spring semesters or the fourth class day for summer sessions.

**Common Course Number**
If the course is generally equivalent to other lower-division courses taught at universities and community colleges within the state, the Texas Common Course Number is shown in the course description for informational purposes. See page 54 for further information.

**Contact Hours**
Number of regularly scheduled hours per week that a lecture, laboratory or clinical experience is scheduled to meet during a long semester. (See [3-0] above.)

**Dean’s List**
After each regular semester, a dean’s list is published listing the names of all undergraduate students enrolled in a minimum of 12 college-level hours who have a grade point average of 3.5 or better for courses taken that semester. A dean’s list is not produced during the summer sessions.

**Designated Electives**
Students have choices within the category of designated electives but must complete the required number of courses or hours from those specified.

**Elective Hours**
Required semester hours for which specific courses are not prescribed are listed as elective hours.

**Entering Freshman**
A student admitted as an entering freshman has not attended any accredited college or university.

**Full-time Graduate**
A graduate student who is enrolled for at least nine hours of credit during a regular semester, or at least four hours of credit during a summer session, is considered full-time.

**Full-time Undergraduate**
An undergraduate student who is enrolled for at least 12 semester hours during a regular semester, or at least six hours of credit during a summer session, is considered full-time.

---

**Glossary of Terms**

- **[3-0] or [3-0-12] (for example)**
  Regularly scheduled classes at UT Pan American have prescribed contact hours (the actual number of hours each week a student will spend in lecture, laboratory and/or clinical sessions for that class) that are shown in brackets to the right of the course title in each department’s course listings. The first number denotes the number of lecture contact hours; the second number denotes the laboratory contact hours; and a third number, if included, is the number of clinical contact hours. These numbers apply to the courses as they are scheduled for the fall or spring semester. Summer weekly contact hours will be adjusted to compensate for the shorter duration of the semester. **Examples:**
  - [3-0] The class will have three hours of lecture per week.
  - [2-3] The class will meet for two hours of lecture and three hours of laboratory per week.
  - [3-0-12] The class will have three hours of lecture and 12 hours of clinical experience each week.

- **Accreditation — college or university**
  A college or university in the United States is considered accredited if it is recognized by one of the following regional accrediting agencies:
  - Middle States Association of Colleges and Schools
  - New England Association of Schools and Colleges
  - North Central Association of Colleges and Schools
  - Northwest Association of Schools and Colleges
  - Southern Association of Colleges and Schools
  - Western Association of Schools and Colleges

- **Accreditation — high school**
  A high school in Texas is considered accredited if it is recognized by the Texas Education Agency (TEA). High schools outside of Texas are considered accredited if they are recognized by their state accreditation agency.

- **Advanced-level Work**
  Courses numbered 3000-4000 are advanced or upper-division courses. Courses numbered 3000 are designated as junior level, and 4000-numbered courses are designated as senior level. Approval of the department chair or dean of the college is required for enrollment in advanced-level courses by students who have not reached junior standing. Students who have not passed all portions of the TASP exam may not enroll in any advanced-level coursework if, upon completion of the work, the student would have completed 60 or more hours.
A half-time graduate student is one who is enrolled for six-eight hours of credit during the regular semester or three hours of graduate credit during a summer session.

A half-time undergraduate student is one who is enrolled for six-11 semester hours during the regular semester or three hours of credit during a summer session.

A three-quarter time undergraduate student is one who is enrolled for nine-11 semester hours during the regular semester.

College credit at UT Pan American is measured in terms of semester credit hours. Ordinarily, a class that meets one 50-minute period per week for a regular semester will carry a credit of one hour. The majority of classes meet three periods or their equivalent each week and carry three hours of credit. Two or three laboratory hours per week are usually required for one hour of laboratory credit.

Coursework designed to eliminate deficiencies in educational background of students admitted or being considered for admission to a graduate program is called leveling work. (Graduate programs are designed on the assumption that students have a common body of knowledge.)

The maximum load for a full-time undergraduate student is 18 hours in a regular semester and 15 for each summer session. Students may be permitted to enroll for additional hours with the approval of his or her undergraduate advisor and the dean of the college.

The MTEL (Michigan Test of English Language) is one of the two major English-language proficiency tests for non-native speakers of English. The other exam is the TOEFL, Test of English as a Foreign Language. Only the TOEFL is administered at UT Pan American.

A course listed with a prerequisite means that specified requirements must be met before one can enroll in the course. Specific prerequisites are listed in course descriptions.

Students are placed on scholastic probation when they fail to achieve the required overall grade point average. Students may be placed on disciplinary probation for infraction of any University regulation. In either case, they must satisfy specific requirements before they can return to a non-probationary status. For further information, refer to the section in this catalog on scholastic probation and suspension on page 63 for undergraduate students and to the Graduate Catalog for graduate students. The Student Conduct and Disciplinary Code is discussed on page 81.

Guajardo, Francisco, Assistant Professor, Department of Educational Leadership; Ph.D., The University of Texas at Austin, 2003.

Guajardo, Maritoni S., Assistant Professor, Department of Curriculum and Instruction; Ed.D.; Texas A&M University-Kingsville, 1999.

Guajardo, Miguel, Assistant Professor, Department of Educational Leadership.

Guerra, Dahlia, Associate Professor and Chair, Department of Music; Piano and History of Mexican Folk Music; DMA, The University of Oklahoma, 1997.

Guerra, Pamela, Lecturer, Department of Educational Psychology; M.Ed.

Guerra, Ramon S., Associate Professor, Department of Sociology; Japanese Society, Mexican-Americans, Ethnicity and Religion; Ph.D., Southern Methodist University, 1989.

Guerrero, Michael, Assistant Professor, Department of Curriculum and Instruction; Educational Linguistics; Ph.D., The University of New Mexico, 1994.

Guha, Partha, Assistant Professor, Department of Mathematics; Mathematics; Ph.D., University of Oxford, England, 1996; Physics; Ph.D., Jadavpur University, India, 1993.

Guinn, Robert, Professor and Health Program Coordinator, Department of Health and Kinesiology; Health; Ph.D., Texas A&M University, 1974.
Gunn, Scott J., Professor, Department of Biology; Genetics, Vertebrate Zoology; Ph.D., Texas A&M University, 1986.

Guo, Chiquan, Assistant Professor, Department of Management, Marketing and International Business; Ph.D., Southern Illinois University-Carbondale, 2001.

Guzmán, Isabel (Penny), Clinical Specialist, Department of Nursing; MSN, University of Puerto Rico, 1971.

Guzmán, Priscilla, Lecturer, Department of Political Science; MA, St. Mary’s University.

Hamilton, Lee, Associate Professor, Department of English; 19th Century British Literature, Bibliography; Ph.D., Louisiana State University, 1982.

Hamilton, Rebekah, Associate Professor, Department of English; English Literature, World Literature, Composition; Ph.D., Texas A&M University, 1993.

Han, SoYoung, Lecturer, Department of Physics and Geology; Condensed Matter Physics; Ph.D., Florida State University, 1999.

Hannan, A.H.M., Assistant Professor, Department of Physics and Geology; Solar Energy; Ph.D., University of London, 1978.

Harlow, Charles, Professor and Lloyd Bentsen Endowed Chair, Department of Electrical Engineering; Ph.D., The University of Texas at Austin, 1967.

Haule, James M., Professor, Department of English; Modern and Contemporary British Literature; Ph.D., Wayne State University, 1974.

Hausman, Angela, Assistant Professor, Department of Management, Marketing and International Business; Marketing; Ph.D., University of South Florida, 1998.

Hays, Robert L., Lecturer, Department of Communication; Journalism; MA, University of Missouri-Columbia, 1986.

Heckler, Edward, Associate Professor, Department of English; Linguistics, ESL; Ph.D., Michigan State University, 1975.

Heller, William, Associate Professor, Department of Mathematics; Ph.D., University of Maryland, 1991.

Helstern, Linda L., Assistant Professor, Department of English; American Literature and Multicultural, Ph.D., Southern Illinois University-Carbondale, 2001.

Henry, Brad, Associate Professor, Department of Biology; Aquatic Entomology, Ecology; Ph.D., Texas A&M University, 1989.

Hernandez, Leila M., Assistant Professor, Art Department; Graphic Design; MFA, University of Florida, 1999.

Herscherr, Bart, Lecturer, Department of Educational Leadership; Ph.D., The University of Texas at Austin, 2003.

Himmel, Kelly F., Associate Professor, Department of Sociology; Methodology, Community, Social Change; Ph.D., The University of Texas at Austin, 1995.

Hinojosa, Servando Z., Assistant Professor, Department of Psychology and Anthropology; Anthropology; Maya of Guatemala, Chicano Culture, Medical Anthropology, Latin America; Ph.D., Tulane University, 1999.

Hinchorn, Richard W., Lecturer, Department of Mathematics; MS, Pittsburg State University, 1968.

Huerta, Carolina, Professor and Chair, Department of Nursing; Adult Education; Ed.D., Texas A&M University, 1990.

Hyslin, Richard P., Professor, Department of Art; Ceramics, Sculpture, Drawing; MA, The University of New Mexico, 1968.

Ibrahim, Elamin, Assistant Professor, Department of Chemistry; Analytical Chemistry; Ph.D., Mississippi State University, 1995.

Innis-Whitehouse, Wendy, Assistant Professor, Department of Chemistry, Biochemistry; Ph.D., Emory University, 1988.

Jabs, David, Lecturer, Department of Mathematics; Game Theory; MS, Texas A&M University, 1991.

Jackson, Dave O., Assistant Professor, Department of Economics and Finance; Ph.D., Florida Atlantic University, 2002.

James-Aldridge, Valerie G., Associate Professor, Department of Psychology and Anthropology; Psychology; Animal Behavior, Primate Behavior, Research in Zoos; Ph.D., Oklahoma State University, 1975.

Jarvis, Susan S., Professor, Department of Accounting and Business Law; Business Law; J.D., Tulane University School of Law, 1974.

Johnson, Robert, Associate Professor, Department of English; American Literature, Southern Women Writers; Ph.D., University of Southern California, 1994.

Jones, Rebecca, Assistant Professor, Department of English,

Jones Jr., Robert E., Associate Professor, Department of Engineering; Mechanical Engineering; Ph.D., Texas A&M University, 1990.

Jorgensen, Layne, Professor and Graduate Program Coordinator, Department of Health and Kinesiology; Biomechanics and Research Methods; Ph.D., Louisiana State University, 1971.

Jou, Jerwen, Professor, Department of Psychology and Anthropology; Psychology; Cognitive Psychology; Ph.D., Kansas State University, 1990.

Jung, Joo Young, Assistant Professor, Department of Management, Marketing and International Business; Ph.D., University of Connecticut, 1992.

Kaynak, Hale, Associate Professor, Department of Management, Marketing and International Business; Management; Ph.D., University of North Texas, 1996.

Kendrick, Sherrill, Assistant Professor, Department of Psychology and Anthropology; Psychology; Clinical, Behavior Modification; Ph.D., The University of Southern Mississippi, 1974.

Kimmel, Jonella, Assistant Professor, Department of Curriculum and Instruction; Curriculum and Instruction, Emphasis on Teacher Education; Ed.D., University of Houston, 2002.

Knobel Jr., Roger A., Associate Professor, Department of Mathematics; Differential Equations, Applied Mathematics; Ph.D., Rensselaer Polytechnic Institute, 1991.

Kohler, Ninfa, Lecturer, Department of Modern Languages and Literature; Spanish; Ph.D., The University of Texas at Austin, 1986.

Koo, Felix, Assistant Clinical Professor, Physician Assistant Studies Program; Pediatrics; MD, The University of Texas Health Science Center at San Antonio, 1990; Ph.D., The University of Texas Medical Branch-Galveston, 1981.

Koong, Kai S., Associate Professor, Department of Computer Systems and Quantitative Methods; Ph.D., Mississippi State University, 1987.

Kranz, Peter, Assistant Professor, Department of Educational Psychology.

Kuang, Anxiu, Associate Professor, Department of Biology; Plant Development, Plant Physiology, Cell Ultrastructure; Ph.D., Auburn University, 1991.

Kuhn, Lisa L., Assistant Professor, Physician Assistant Studies Program; Family Practice, Obstetrics and Gynecology; The University of Texas Medical Branch-Galveston, 1994.

Kumar, Sanjeev, Assistant Professor, Department of Electrical Engineering; Communications Networks, Protocols, Computer Architecture; Ph.D., North Carolina State University, 1992.

Kypuros, Javier A., Assistant Professor, Department of Mechanical Engineering.

Landry, Raymond, Associate Professor, Department of Accounting and Business Law; Ph.D., University of Arkansas, 1987.

Lang, Yang, Assistant Professor, Department of English; Linguistics, ESL; Ph.D., The Ohio State University, 1998.

LaPrade, Douglas E., Associate Professor, Department of English; 20th Century American Literature; Ph.D., University of Illinois, 1988.

Lawrence-Fowler, Wendy A., Professor, Department of Computer Science; Databases, Large Open Information Systems, Information Retrieval, Artificial Intelligence; Ph.D., The Ohio State University, 1983.

Lee, Kye-Hwan, Assistant Professor, Department of Manufacturing Engineering; CAD, Plastics Processing and Product Design, Mold Design and Analysis; Ph.D., University of Massachusetts-Lowell, 1997.

LeMaster, Edwin W., Professor and Acting Chair, Department of Electrical Engineering; Electrical Engineering; Remote Sensing, Solid State Physics; Ph.D., The University of Texas at Austin, 1970.

LeMaster, Jane, Associate Professor, Department of Management, Marketing and International Business; Management; Ph.D., University of North Texas, 1994.

Li, Junfei, Assistant Professor, Department of Electrical Engineering; Ph.D., The University of Texas at Austin, 2002.

Liebowitz, Stephen W., Associate Professor, Department of Sociology; Social Psychology, Statistics; Ph.D., University of Missouri-Columbia, 1979.
Lin, Yuankun, Assistant Professor; Ph.D. in Physics, University of British Columbia, 1995.

Little, Christopher R., Assistant Professor; Department of Biology; Plant Pathology, Mycology; Ph.D., Texas A&M University, 2002.

Liu, Lai, Associate Professor, Department of Computer Information Systems and Quantitative Methods; Ph.D., Mississippi State University, 1989.

Llanes, Jose R., Professor, Department of School Administration and Supervision; DSS, Universidad de la Habana, 1963.

Lopez, Patricia, Assistant Professor, Department of Curriculum and Instruction; Curriculum and Instruction, Emphasis on Teacher Education; Ed.D., University of Houston, 2003.

Lozano, Karen, Assistant Professor, Department of Mechanical Engineering; Composites, Nano-Structured Materials, Polymer Engineering; Ph.D., Rice University, 1999.

Lowe, Jerry M., Professor, Department of Educational Leadership; Ed.D., Texas A&M University, 1989.

Macossay-Torres, Javier, Assistant Professor, Department of Chemistry; Organic/Polymer Chemistry; Ph.D., Louisiana State University, 1995.

Mahdi, Hashim S., Associate Professor, Department of Engineering; Mechanical Engineering; Computational Methods in Thermal and Fluid Systems; Ph.D., The University of Arizona, 1989.

Marini, Irmo, Associate Professor, Rehabilitative Services Program; Certified Rehabilitation Counselor; Ph.D., Auburn University, 1992.

Martin, Wilbert R., Professor, Department of Art; Photography, Drawing; MFA, The Ohio State University, 1971.

Martinez, Guillermo, Lecturer, Department of Mathematics; Applied Mathematics; MS, West Virginia University, 1979.

Martinez, Jose Maria, Assistant Professor, Department of Modern Languages and Literature; Hispanic Literature; Ph.D., Universidad de Valladolid, Spain, 1991.

Mata-Pistokache, Teri, Associate Professor and Interim Chair, Department of Communication Sciences and Disorders; Multicultural/Multilingual; Ph.D., The University of Texas at Austin, 1996.

Materon, Luis A., Associate Professor, Department of Biology; Food Microbiology, Microbial Ecology, Biological Nitrogen Fixation; Ph.D., Mississippi State University, 1982.

Matthews, Linda, Associate Professor; Department of Management, Marketing and International Business; Management; Ph.D., University of Washington, 1996.

Maville, Janice A., Professor, Department of Nursing; Ed.D., Texas A&M University, 1992.

Mazariegos, Ruben A., Associate Professor, Department of Physics and Geology; Geophysics; Ph.D., Texas A&M University, 1993.

McBride, John, Professor, Department of Curriculum and Instruction; Elementary, Science Education, Mathematics Education; Ed.D., University of Houston, 1977.

McCormack, Brian, Assistant Professor, Department of History and Philosophy; Mexican and Latin American History; Ph.D., University of California, San Diego, 1999.

McLemore, George C., Associate Professor, Department of Communication; Communication Studies; Ph.D., University of Pittsburgh, 1985.

McQuillen, Jeffrey, Associate Professor and Graduate Advisor, Department of Communication; Communication Studies; Ph.D., The University of Oklahoma, 1984.

Medrano, Hilda, Professor, Department of Curriculum and Instruction; Curriculum and Instruction, Reading and Language Arts; Ph.D., The University of Texas at Austin, 1985.

Mejias, Hugo, Associate Professor, Department of Modern Languages and Literature; Spanish; Ph.D., State University of New York at Buffalo, 1978.

Meline, Timothy J., Professor, Department of Communication Sciences and Disorders; Dysphagia, Child Language; Ph.D., University of Illinois at Urbana-Champaign, 1976.

Menchaca, Velma, Associate Professor and Interim Chair, School Administration and Supervision.

Mery, Adelle, Lecturer, Department of English; American Literature, World Literature; Ph.D., Texas A&M University, 1990.

Milan, Cindy L., Associate Professor, Department of Nursing; Ed.D., University of Houston, 1997.

Miles, Michael G., Senior Instructor, Department of Military Science; Master Sergeant, U.S. Army.
Miller, Christopher L., Associate Professor, Department of History and Philosophy; History; U.S. Colonial, 19th Century, Native American; Ph.D., University of California, Santa Barbara, 1981.

Miller, Eva, Assistant Professor, Rehabilitative Services Program.

Minor, Michael, Professor and Director of Ph.D. Program, Department of Management, Marketing and International Business; Marketing; Ph.D., Vanderbilt University, 1987.

Mitchell, Jo Ann, Professor, Department of Educational Psychology; Special Education, Educational Psychology, School Psychology; Ph.D., The University of Oklahoma, 1979.

Mitchell, Paul, Associate Professor, Department of English; 19th Century British Literature, Rhetoric, Composition, Linguistics; Ph.D., The University of Southern Mississippi, 1971.

Mizener, Charlotte, Associate Professor, Department of Music; Harp, Music Education; Ph.D., The University of Texas at Austin, 1990.

Mondal, Jalal U., Professor, Department of Chemistry; Inorganic Chemistry; Ph.D., University of New South Wales, 1979.

Monta, Marian F., Professor, Department of Communication; Theatre/TV/Film; Ph.D., Cornell University, 1971.

Montgomery, Gary T., Professor, Department of Psychology and Anthropology; Psychology; Developmental, Psychophysiology; Ph.D., Texas Tech University, 1972.

Molina, Monica, Lecturer, Department of Communication Sciences and Disorders; Communication Disorders/Pediatrics; MA, The University of Texas-Pan American, 1993.

Mora, Marie T., Associate Professor, Department of Economics and Finance; Ph.D., Texas A&M University, 1996.

Morgan, Glynn, Associate Professor, Department of Political Science; U.S. and Texas Politics; MA, The University of Mississippi, 1961.

Mounce, Gary, Associate Professor, Department of Political Science; Mexico, Central and South American Politics; Ph.D., The University of Texas at Austin, 1977.

Moyes, Glen, Associate Professor, Department of Accounting and Business Law; Accounting; DBA, International University, 1991.

Munn, Christopher, Professor, Department of Music; Music Theory, Music History; University Choir Director; DMA, The University of Oklahoma, 1984.

Munn, Vivian, Associate Professor, Department of Music; Voice, Music Theory; DMA, The University of Oklahoma, 1990.

Muñoz, Francisco, III, Lecturer, Department of Health and Kinesiology; Health and Physical Education and Educational Supervision; MEd, Pan American University, 1982.

Nam, Kiseok, Assistant Professor, Department of Economics and Finance; Ph.D., Texas A&M University, 1998.

Nambi, Rajiv V., Associate Professor, Manufacturing Engineering Department; Computer-Aided Design, Manufacturing Processes; Ph.D., The University of Texas at Arlington, 1989.

Nasif, Ercan, Associate Professor, Department of Management, Marketing and International Business; Management; Ph.D., University of North Texas, 1988.

Newman, Beatrice, Professor, Department of English; Rhetoric and Composition, 19th Century British Literature, Linguistics; Ph.D., Texas A&M University, 1981.

Newman, Denis J., Professor and Department Chair, Department of Communication Sciences and Disorders.

Newman, Donald, Associate Professor, Department of English; 18th Century British Literature, Johnson and Boswell Studies, Biography; Ph.D., University of Southern California, 1992.

Newman, Jane, Associate Professor, Rehabilitative Services Program; Certified Rehabilitation Counselor, Licensed Personal Counselor; Ph.D., University of Arizona, 1993.

Nieto, Beatriz, Assistant Professor, Department of Nursing; MSN, The University of Texas Health Science Center at San Antonio, 1993.

Ng, Peter A., Professor and Department Chair, Department of Computer Science; Document Processing Engineering and Databases; Ph.D., The University of Texas at Austin, 1974.

Noe, Joe Markus, Assistant Professor, Department of English Rhetoric and Composition, Ph.D., Texas Christian University, 2001.
O’Neil, Lorne William, Associate Professor, Department of Music; Woodwinds; DMA, University of Minnesota, 1990.

Olsen, Janet, Lecturer, Department of Mathematics; MS, Utah State University, 1965.

Ostorga, Alcione, Assistant Professor, Department of Curriculum and Instruction.

Overton, Terry, Associate Professor and Department Chair, Educational Psychology.

Owusu-Ansah, Stephen, Assistant Professor, Department of Accounting and Business Law; Accounting; Ph.D., Queen’s University of Belfast, 1998.

Ozuna, Teofilo, Associate Professor, Department of Economics and Finance; Economics; Ph.D., Texas A&M University, 1989.

Pagán, Jos A., Associate Professor, Department of Economics and Finance; Economics; Ph.D., The University of New Mexico, 1995.

Pankake, Anita, Professor, Department of Educational Leadership; Ed.D., Loyola University of Chicago, 1985.

Parchman-Gonzalez, Keri, Lecturer, Department of Communication Sciences and Disorders; MA, The University of Texas-Pan American, 1989.

Paredes, Miguel, Professor, Department of Mathematics; Mathematical Economics, Mathematical Modeling; Ph.D., University of Utah, 1985.

Pearson, Thomas, Associate Professor, Department of History and Philosophy, Ph.D.

Pecina, Julia, Lecturer, Department of Educational Psychology; MEd.

Pena, Carmen M., Assistant Professor, Secondary Program, Department of Curriculum and Instruction; Ph.D., University of Iowa, 1995.

Penzerro, Rose Marie, Associate Professor and BSW Director, Department of Social Work; Ph.D., The University of Texas at Austin, 1992; MSSA, Case Western Reserve University, 1971.

Perez, Maria Alma, Assistant Professor, Department of Curriculum and Instruction; Ph.D., Texas A&M University Kingsville, 1998.

Perez, Ricardo, Professor, Department of Curriculum and Instruction; Curriculum and Instruction, Bilingual Education and Social Sciences; Ph.D., University of Michigan, 1979.

Persans, Michael, Assistant Professor, Department of Biology; Plant Biology; Ph.D., University of Illinois, 1998.

Phillips, Richard, Assistant Professor, Department of Art; Art History; Ph.D., The University of Texas at Austin, 1993.

Pipkin, Catherine, Lecturer, Department of English; English Literature, American Literature; MA, Pan American University, 1986.

Poelzer, Harold, Associate Professor, Department of Educational Psychology; Educational Psychology, Gifted Education; Ph.D., Purdue University, 1994.

Polinard, J. L., Professor and Chair, Department of Political Science; Public Law, Minority Politics; Ph.D., The University of Arizona, 1970.

Pontius, Paul, Assistant Professor, Department of Mathematics; Mathematics Education; MA, University of Illinois, 1965.

Pozorski, Shelia, Professor, Department of Psychology and Anthropology, and Assistant Dean, College of Social and Behavioral Sciences; Anthropology; New World Archaeology, Archaeological Method and Theory, Ethnobiology, Museum Studies; Ph.D., The University of Texas at Austin, 1976.

Pozorski, Thomas, Professor, Department of Psychology and Anthropology; Anthropology; New World Archaeology, South American Culture, Complex Societies; Ph.D., The University of Texas at Austin, 1976.

Prather, Charles, Assistant Professor, Department of History and Philosophy; History; U.S. Colonial; MA, North Texas State University, 1969.

Prock, Jerry D., Professor, Department of Economics and Finance; Economics; Ph.D., Arizona State University, 1970.

Qualls, Jeremy, Assistant Professor, Department of Physics and Geology; Condensed Matter Physics; Ph.D., Florida State University, 1999.

Qubbaj, Ala R., Assistant Professor, Department of Mechanical Engineering; Ph.D., The University of Oklahoma, 1999.

Raajpoot, Uzzer A., Associate Professor, Department of Sociology; Statistics, Methods, Demography; Ph.D., University of Oregon, 1991.

Radford, Nola T., Professor, Department of Communication Sciences and Disorders; Language Disorders in Children and Adolescents, Fluency, and Phonology, Alzheimer’s; Ph.D., University of Memphis, 1992.
Raimo, John, Professor, Department of Music; Piano, Music Literature; DMA, University of Rochester, 1960.

Ramirez-Dhoore, Dora, Assistant Professor, Department of English; Chicana and Chicano Literature and Theory, Ethnic Literatures; Ph.D., University of Nebraska-Lincoln, 2003.

Ramirez, Noe, Assistant Professor, Department of Social Work; Ph.D., University of Houston, 1998; MSW, Our Lady of the Lake University, 1989.

Ramirez, Olga M., Professor, Department of Mathematics; Mathematics Education; Ph.D., Texas A&M University, 1985.

Ramirez, Sylvia, Assistant Professor, Department of Educational Psychology.

Rao, Mohan, Associate Professor, Department of Computer Information Systems and Quantitative Methods; Computer and Management Information Systems; Ph.D., University of Alabama, 1988.

Rea, Ramiro R., Associate Professor, Department of Modern Languages and Literature; Spanish; MA, Sam Houston State University, 1969.

Reed, Bruce J., Associate Professor and Program Coordinator, Rehabilitative Services Program; Certified Rehabilitation Counselor, Certified Vocational Evaluator; Ph.D., University of Northern Colorado, 1993.

Reed, Michael D., Professor, Department of English; Colonial and 19th Century American Literature, Psychoanalytic Criticism, Logic; Ph.D., University of Oregon, 1974.

Reeve, Robert, Professor, Department of Curriculum and Instruction; Curriculum and Instruction, Science Education, Biology, Educational Research; Ph.D., Florida State University, 1966.

Reid, Charles R., Assistant Professor, Rehabilitation Services; Certified Rehabilitation Counselor; Ph.D., University of Arizona, 1997.

Resendiz, Rosalva, Assistant Professor, Department of Criminal Justice; Criminology and Deviance; Critical Race Theory; Corrections; Women’s Studies; Ph.D., Texas Woman’s University, 2001.

Richardson, D. Chad, Professor, Department of Sociology; Borderlands Studies, Sociology of Education, Complex Organizations; Ph.D., The University of Texas at Austin, 1975.

Rieke, R. Neal, Assistant Professor, Department of Communication; Communication Studies; MS, MPA, North Texas State University, 1976.

Rivera, Gustavo, Lecturer, Department of Mathematics; Mathematics and Computer Networks; MS, The University of Texas-Pan American, 1994.

Rivera, Maria Elena, Lecturer, Department of Political Science; MA, University of Nebraska-Lincoln, 1998.

Rivers, Christopher, Major, Assistant Professor, Military Science; Liberal Studies; BA, University of New York, 1990.

Rocha, Rodolfo, Professor, Department of History and Philosophy; History; Borderlands, Chicano, Mexico, Texas; Ph.D., Texas Tech University, 1981.

Rodríguez, Ana Maria, Associate Vice President of Undergraduate Studies and Associate Professor, Department of Educational Psychology; Guidance and Counseling; Ed.D., University of Houston, 1976.

Rodríguez, Melinda, Lecturer, Department of Nursing; MSN, The University of Texas-Pan American, 2003.

Rog, Joseph, Associate Professor, Department of Computer Information Systems and Quantitative Methods; Computer Information Systems; Louisiana Tech University, 1995.

Romero, Eric J., Assistant Professor, Department of Management, Marketing and International Business; Ph.D., New Mexico State University, 2001.

Romero, Hector R., Professor, Department of Modern Languages and Literature; Spanish Literature; University of Illinois-Urbana, 1970.

Ruiz-Escalante, Jose, Professor for Bilingual Education and Department Chair, Department of Curriculum and Instruction; Ed.D., University of Washington, 1987.

Rydl, Lester M., Associate Professor and Chair, Department of Computer Information Systems and Quantitative Methods; Quantitative Methods; CDP, Ph.D., Texas A&M University, 1978.

Ryman, Jeannean, Lecturer, Department of Health and Kinesiology; Physical Education; MEd, Pan American University, 1980.

Saavedra, Dora E., Associate Professor, Department of Communication; Communication Studies; Ph.D., University of Kansas, 1994.

Saenz, Laura M., Assistant Professor, Department of Educational Psychology; Ph.D., Vanderbilt University, 2002.

Salazar, Dora, Assistant Professor, Department of Curriculum and Instruction; Ed.D., Texas Tech University, 2003.
Saldaña, Rene, Assistant Professor, Department of English; Creative Writing; Ph.D., Georgia State University, 2002.

Salinas, Alejo, Lecturer, Educational Leadership; Ph.D., The University of Texas at Austin, 1983.

Salinas, Sonya, Lecturer, Department of Communication Sciences and Disorders; MA, The University of Texas-Pan American, 1991.

Salmón, Roberto M., Professor, Department of History and Philosophy; History; U.S. Southwest, Chicano Studies; Ph.D., The University of New Mexico, 1978.

Sánchez, Encarnacion, Assistant Professor, Department of Modern Languages and Literature; Spanish; MA, Sam Houston State University, 1970.

Sánchez, M. Sandra (Sandy), Associate Professor and BSN Coordinator, Department of Nursing; Ph.D., The University of Texas at Austin, 1997; CNM, State University of New York-Downstate, 1977.

Santiago, Reynaldo, Associate Professor, Department of Art; MFA, Rochester Institute of Technology, 1983.

Sargent, John, Associate Professor, Department of Management, Marketing and International Business; Management; Ph.D., University of Washington, 1994.

Sauceda, Noe, Assistant Professor, Educational Leadership; Ph.D., University of Texas as Austin, 1995.

Saxon, Kenneth, Lecturer, Department of Music; Piano Accompanist/Vocal Coach; DMA, University of Alabama, 2000.

Schmidt, Marcelo, Lecturer, Department of Health and Kinesiology; Kinesiology; MEd, The University of Texas-Pan American, 1998.

Schneider, Gary, Assistant Professor, Department of English; British Renaissance; Ph.D., Wayne State University, 2001.

Schneider, Steven, Professor and Chair, Department of English; 20th Century American Literature, Modern and Contemporary Poetry, Multicultural/Literature; Ph.D., University of Iowa, 1986.

Schubert, Christian, Assistant Professor, Department of Physics and Geology; Quantum Field Theory; Ph.D., Munich Technical University, 1989.

Scoggin, Angela E., Associate Professor, Department of Occupational Therapy; Ph.D., University of South Florida, 1993.

Selber, Gregory, Assistant Professor, Department of Communication; Journalism; Ph.D., The University of Texas at Austin, 2001.

Selber, Kimberly, Assistant Professor, Department of Communication; Advertising; Ph.D., The University of Texas at Austin, 2001.

Semper, Louis T., Associate Professor and Kinesiology Program Coordinator, Department of Health and Kinesiology; Physiology of Exercise and Secondary School Methods; Ph.D., Texas A&M University, 1971.

Shackelford, Dana, Assistant Professor, Department of Health and Kinesiology; Dance; MFA, Arizona State University, 2001.

Shefcik, Thomas E., Associate Professor, Department of Rehabilitation; Certified Insurance Rehabilitation Specialist, Certified Rehabilitation Counselor; MS, Oklahoma State University, 1983.

Shell, Richard, Lecturer, Department of Computer Information Systems and Quantitative Methods; Quantitative Methods; MBA, University of Illinois, 1970.

Sibley, Keith, Lecturer, Department of Communication Sciences and Disorders; American Sign Language; MS, Lamar University, 1996.

Sifuentes, Cristela, Lecturer, Department of Mathematics; Mathematics Education; MEd, Southwest Texas State University.

Simonsso, Marie V., Assistant Professor, Educational Psychology.

Simpson, Claude, Assistant Professor, Department of Computer Information Systems and Quantitative Methods; Ph.D., Georgia State University, 1973.

Simpson, Geok H., Assistant Professor, Department of Economics and Finance; Ph.D., Mississippi State University, 2000.

Simpson, Mark W., Assistant Professor, Department of Economics and Finance; Ph.D., Fordham University, 1999.

Simpson, Penny, Assistant Professor, Department of Management, Marketing and International Business; Ph.D., Louisiana Tech University, 1992.

Skinner, Jose C., Assistant Professor, Department of English, Creative Writing; MFA, University of Iowa, 2002.

Skow, Donald P., Senior Lecturer, Department of
Mathematics; Mathematics; M.S., East Texas State University, 1971.

Solis, Dalinda, Assistant Professor; Department of Curriculum and Instruction; Special Education, Emphasis on Bilingual Education and Early Childhood; Ph.D., The University of Texas at Austin, 1994.

Son, Jae Sok, Assistant Professor; Department of Electrical Engineering; Computer Engineering, Synthetic Aperture Radar, Radar Signal Processing and Target Recognition, Speech and Image Compression, Digital and Voice Communication; Ph.D., The University of Texas at El Paso, 1998.

Soydemir, Gokce, Associate Professor; Department of Economics and Finance; Finance and International Economics; Ph.D., Claremont Graduate School, 1997.

Spaulding, Fredrick, Assistant Professor; Art Department; Ceramics; MFA, University of Connecticut, 1996.

Stanley, Jack R., Professor; Department of Communication; Journalism, Theatre/TV/Film; Ph.D., University of Michigan, 1971.

Strickland, Jeffrey, Assistant Professor; Department of History and Philosophy; Ph.D., Florida State University, 2003.

Sturges, David L., Associate Professor; Department of Management, Marketing and International Business; Management; Management Communications; Ph.D., University of North Texas, 1988.

Sullivan, Pamela, Assistant Professor; Department of Nursing; MSN, The University of Texas Health Science Center at Houston, 1991.

Summy, Kenneth R., Assistant Professor; Department of Biology; Remote Sensing Technology; Texas A & M University, 1983.

Tamez, Eloisa, Assistant Professor; Department of Nursing; Ph.D., The University of Texas at Austin, 1985.

Tanguma, Jesus, Assistant Professor; Department of Computer Information Systems and Quantitative Methods; Ph.D., Texas A&M University, 2000.

Taplay, Karyn, Lecturer; Department of Nursing; MSN, The University of Texas-Pan American, 1998.

Tavarez, Hiram, Medical Director, Physician Assistant Studies Program; Internal Medicine; M.D., University of Nuevo Leon, Monterrey, México, 1958.

Taylor, Karen, Lecturer, Department of English; American Literature, English Literature; MA, Pan American University, 1980.

Taylor, Monty B., Professor; Department of Mathematics; Commutative Algebra, Multiplicative Lattices; Ph.D., University of Houston, 1988.

Tevis, Martha, Professor, Department of Curriculum and Instruction; History and Philosophy of Education, Cultural Foundations of Education, Latin; Ph.D., The University of Texas at Austin, 1967.

Thompson, Frieda, Lecturer; Department of English; American Literature, English Literature; MA, Pan American University, 1989.

Thompson, William W., Professor, Department of Management Marketing and International Business; Marketing; Ph.D., University of Arkansas (Fayetteville), 1974.

Tijerina, Sandra L., Associate Professor, Clinical Laboratory Sciences Program; MT (ASCP) SBB, CLSpH (NCA); MS, Texas A&M University-Corpus Christi, 1992.

Torres, J. Rene, Lecturer; Department of Mathematics; Mathematics Education; MS, Texas A&I University, 1971.

Tsai, Ping-Sing, Assistant Professor; Department of Computer Science; Image and Multimedia Computing; Ph.D., University of Central Florida, 1995.

Tucker, Barbara A., Professor and MSN Coordinator, Department of Nursing; Ph.D., Texas A&M University, 1988.

Tucker, Wallace E., Professor and Assistant Dean, College of Arts and Humanities; Department of Music; Low Brass; DMA, North Texas State University, 1987.

Turk, William, Assistant Professor; Department of Political Science; Public and Urban Administration; Ph.D., The University of Texas at Arlington, 1997.

Vandervoot, Edith, Assistant Professor; Department of Modern Languages and Literature; Modern Foreign Languages; German and French; Ph.D., University of Tennessee-Knoxville, 2002.
Vardanyan, Karen, Lecturer, Ph.D. in Electro-Optics of Liquid Crystals, Institute of Applied Programs of Physics; NAS of Armenia.

Varlamov, Vladimir, Assistant Professor, Department of Mathematics; Applied Mathematics; Ph.D., Moscow State University, 1983; Mathematics; Ph.D., University of Breslau, Poland, 1999.

Vasquez Parraga, Arturo, Associate Professor, Department of Management, Marketing and International Business; Marketing; Ph.D., Texas Tech University, 1990.

Vergara-Marsh, Angela, Assistant Professor, Department of History and Philosophy.

Viemela, Barbara, Lecturer, Department of English; English Literature, World Literature; MA, Pan American University, 1987.

Villalobos, Maria Cristina, Assistant Professor, Department of Mathematics; Optimization Theory, Applied Mathematics; Ph.D., Rice University, 2000.

Villarreal Jr., Elias, Clinical Assistant Professor, Physician Assistant Studies Program; General Surgery, Orthopedics, Hematology and Oncology; Yale University School of Medicine Physician Associate Program, 1997.

Villarreal, John R., Professor, Department of Chemistry, Department Chair for Psychology and Anthropology, and Physical Chemistry; Ph.D., Texas A&M University, 1976.

Villas, Paul, Associate Professor, Department of Health and Kinesiology; Health Education, Public Health; Ed.D., University of Tennessee, 1988.

Villereal, Gary L., Associate Professor, Department of Social Work; Ph.D., University of Pittsburgh, 1991; MA, Oakland University, 1977.

Vincent, Vern C., Professor, Department of Computer Information Systems and Quantitative Methods; Director of Tourism Research; Quantitative Methods; Ph.D., University of Northern Colorado, 1972.

Vincentnathan, S. George, Associate Professor and Interim Chair, Department of Criminal Justice; Criminology, Corrections International Crime and Justice; D.Crim., University of California, Berkeley.

Von Ende, Frederick, Professor, Department of English; English Literature; Ph.D., Texas Christian University.

Von Kuster, Lee, Visiting Professor, Department of Mathematics; Mathematics, Mathematics Education; Ed.D., University of Montana, 1971.

Voss, Judy, Lecturer, Department of Nursing; MSN, The University of Texas Health Science Center at Houston, 1991.

Wang, Bailey, Associate Professor, Department of Communication Sciences and Disorders; Audiology; Ph.D., University of Kansas, 1997.

Wang, Guang-zhen, Professor and Department Chair, Department of Sociology; Ph.D., University of North Texas, 1996.

Wang, Xusheng, Assistant Professor, Department of Computer Science; Virtual Reality and Web-based Applications; Ph.D., George Mason University, 2003.

Warren, Brian, Lecturer, Department of Communication; Theatre/TV/Film; MA, The University of Texas-Pan American, 2001.

Watkins, William, Professor, Department of Mathematics; Topology, Semigroups, Microcomputers; Ph.D., University of Wyoming, 1980.

Watt-Rodriguez, Karen, Assistant Professor, Department of School Administration and Supervision.

Weaver, Michael K., Associate Professor, Department of History and Philosophy and Department of Modern Languages and Literature; Interim Department Chair, Modern Languages and Literature, British Modern European History; Ph.D., University of North Carolina at Chapel Hill, 1989.

Wedig, Cindy M., Lecturer, Department of Biology; Dairy Science, Nutritional Biochemistry; Ph.D., University of Illinois, 1987.

Weger, Lewis C., Clinical Professor, Physician Assistant Studies Program; University of Nebraska Medical Center, 1991.

Wells, Shirley, Assistant Professor, Occupational Therapy; Maternal and Child Health; MPH, University of Minnesota, 1983.

Wenzel, James P., Assistant Professor, Political Science; Public Law, Methods; Ph.D., University of Houston.

West, Thomas, Lecturer, Department of English; 18th Century British Literature; Ph.D., The University of Texas at Austin, 1982.

Whelan, Thomas, Assistant Professor, Department of Chemistry; Chemical Oceanography; Ph.D., Texas A&M University, 1971.

Wiener, Bella, Senior Lecturer, Department of Mathematics;
Mathematics Education, European Methods; MS, Vitebsk State University, USSR, 1968.

Wiley, Eric, Assistant Professor, Department of Communication; Theatre/TV/Film; Ph.D., Louisiana State University, 1999.

William, Jacquelyn, Lecturer, Department of Nursing; MSN, The University of Texas-Pan American, 2003.

Wilson, Bruce K., Professor, Department of Nursing; Ph.D., North Texas State University, 1987.

Winkel, Mark H., Associate Professor, Department of Psychology and Anthropology; Psychology; Cognitive Social Psychology, Law and Psychology; Ph.D., Oklahoma State University, 1982.

Wirts, Kristine, Assistant Professor, Department of History and Philosophy, Ph.D., Auburn University, 2003.

Wisener, Robert H., III, Assistant Professor, Department of Psychology and Anthropology; Psychology; School, Clinical; Ed.D., University of Northern Colorado, 1975.

Wood, Venice D., Military Science Instructor, Department of Military Science; Sergeant First Class, U.S. Army.

Wrinkle, Robert, Professor, Department of Political Science; Public Policy, Urban Politics, Methodology; Ph.D., University of Arizona, 1967.

Wu, Sibin, Assistant Professor, Department of Management, Marketing and International Business; ABD, May 2004.

Wu, Xiadong, Assistant Professor, Department of Computer Science; Algorithms and Biomedical Computing; Ph.D., University of Notre Dame, 2002.

Yañez, Martha, Assistant Professor, Secondary Program, Department of Curriculum and Instruction, Ed.D., Nova Southeastern University, 2001.

Zarnani, Hamid, Assistant Professor, Department of Electrical Engineering; Microelectronics, VLSI System Design, VLSI Processing Technology, Laser Processing of Semiconductor Devices; Ph.D., Colorado State University, 1992.

Zeng, Liang, Assistant Professor, Educational Psychology.

Zhou, Haiyan, Assistant Professor, Department of Accounting and Business Law; Ph.D., Temple University, 2003.

Zaidan, Frederic, Assistant Professor, Department of Biology; Ph.D., University of Arkansas, 2001.

Emeritus Faculty

Anzaldua, Hermila, Department of Social Work
Baca, Ernest J., Department of Biology
Clark, Theodore, Department of History and Philosophy
Evans, James L., Department of English
Grantz, Carl, Department of English
Gratz, Elizabeth, Department of Curriculum and Instruction
Judd, Frank W., Department of Biology
Levine, Bert, Department of Psychology and Anthropology
Lonard, Robert I., Department of Biology
