

The University of Texas  
Rio Grande Valley™

# SEIZE THE MOMENT

& DISCOVER THE POSSIBILITIES

As **UTRGV** embarks on a new journey of “Research Excellence,” we are meticulously working on strategic, tactical, and operational initiatives that will enable interdisciplinary research, faculty research development, and enriched scholarly activities across the institution.

From this perspective, the Graduate College plays a key role by providing students with the highest-quality graduate education opportunities, including outstanding academic experiences in cutting-edge research and professional development.

**Dr. Can (John) Saygin**

Senior Vice President for Research and  
Dean of the Graduate College

**UTRGV Enrolls Students from  
72 Different Countries.**

**OUR TOP 5 INCLUDE:**

**MEXICO**

**BANGLADESH**

**NIGERIA**

**INDIA**

# THE FUTURE IS IN YOUR HANDS!

**The University of Texas Rio Grande Valley** no longer remains Texas' hidden gem. As a respected public institution, we have the resources that enable our students to excel in their studies and to take on the world. With over 60 graduate programs, UTRGV is a place where you can make your goals a reality.

We have an insatiable appetite for innovation while reflecting on our rich history and its valuable lessons. We are dreamers who become doers, and evolve into achievers who live for change.

In one building our students are lighting up the world — and the cosmos — with their research in gravitational waves. In another, students are working with award-winning faculty to find new ways to treat and prevent common diseases through the principles of genetics and genomics. These are just SOME of the things our graduate students are up to.

This is your opportunity to step up, and advance your career.

# MORE THAN A UNIVERSITY

## THIS IS YOUR LAUNCHPAD TO SUCCESS!

### LEARN AND SPECIALIZE

What do you want to specialize in? A physician who makes a positive impact on patients' everyday lives. A cybersecurity professional who creates a new way to protect networks when they told you it wouldn't work. With over 60 graduate programs, we have something for everyone who wants to challenge the status quo. This is your moment to find your purpose, pick your specialization, sharpen your skills, and conquer the world.

### PUTTING THE PRO IN PROFESSORS

Our professors bridge the gap in teaching and application of industry knowledge by linking the curriculum with theory and practice. We bring the best experienced and industry experts to teach in an academic setting where students leave with a plethora of knowledge and experience. UTRGV offers more than professors, we pair you with industry pros.

### WE PRACTICE WHAT WE PREACH

Does the entrepreneur in you have a great start-up idea? Pitch it at the yearly Big Idea Competition, a Shark Tank-like competition that helps student launch their ventures. Maybe you're ready to present your research at the Graduate College's 3MT Competition. Perhaps you want to join the team of students behind the Virtual Screening Drug Discovery tool, a technique used for biological testing.

The University of Texas Rio Grande Valley is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award bachelor's, master's, and doctoral degrees.

In 2020, UTRGV earned the Carnegie R2 distinction, an indication of a high activity of impactful research. That's a pretty big deal for an academic institution that was born in 2015 — **and we're just getting started.**

# FINISH AT THE TOP NO MATTER WHERE YOU START

## MOVE FORWARD ON YOUR TERMS

### ACCELERATED ONLINE PROGRAMS

Our accelerated online programs are designed for busy professionals who are in the fast lane and slowing down isn't an option. With six start dates a year, seven-week courses, and an educational partner that ensures you get your degree, you can graduate in as little as 10 months. Learn from the same faculty, and graduate with the same degree as our on-campus students.

### TRADITIONAL ONLINE PROGRAMS

If you're looking to get a graduate degree at your pace but need the convenience of online, look no further than our traditional (16-week courses) online graduate programs. Complete a course in the morning or afternoon, complete the entire semester from the comfort of your home. Our online programs help you get there on your terms.

### ON CAMPUS PROGRAMS

UTRGV's campus is where you'll have access to state-of-the-art equipment that will help you answer the big questions. Conduct cutting-edge research at any of our 17 research centers or institutes. It's where you will find friendships that will last a life-time. It's the place where you will advocate for what matters, while learning from students from all over the world. It's a the-sky's-the-limit campus, right outside your door.

# FIND YOUR VIBE AND YOUR TRIBE

There's nothing quite like grabbing an iced-coffee in the Union, and planning an afternoon with friends. Whether you're a music lover, a sports enthusiast, or an art geek, you can find it all on campus. A lively campus, it combines music, art, culture, food, and just a bit of South-Texas uniqueness that makes this place special.

## CAMPUS SAFETY

Campus safety and comfort are the highest priorities at UTRGV. The BroncTrail and walkways are always lit ensuring students get to campus events, eateries, and classes safely. Emergency telephones are located throughout the campus locations in most parking lots and all elevators, they are monitored and answered by the University Police Department 24 hours a day.

# LIVIN' IT UP IN THE RIO GRANDE VALLEY

A South Texas region hugged by the powder-soft beaches of South Padre Island, and the unique bicultural community of the Tex-Mex border — **we're all about beautiful contrast.**  
A place where you'll trade your sweaters for swimwear.

It's easy to explain the appeal of the RGV. Students from all over the world will tell you it's got the best of everything: **affordable housing** on and off-campus, small town living with Big City conveniences, welcoming smiles, and mouth-watering food. No matter what part of the world you're coming from, you'll find the **area comforting, and a friendly community.**

## THE CAMPUS CONNECTION

You will do more than just call it a home when you live on campus. This is the place where you will meet like-minded friends from within your program and outside of it. This is more than academics, this is about creating memories, and moments with students who will soon become your professional network.

## FOOD FOR THOUGHT

If you're going to change the world, you'll need to keep your body, and mind nourished. Enjoy a well-balanced — and scrumptious — meal that's going to keep your body feeling fuller throughout the day with meal plans designed for your needs at our Edinburg or Brownsville campuses.

## SPECIAL REQUESTS

Have a special diet or food request? Our food service department is here to accommodate your needs including: Gluten-Free, Vegan, Vegetarian, and dietary needs for those with allergies.

## SUSTAINABILITY ISN'T JUST A BUZZWORD

# IT'S IN OUR DNA

- We harvest produce in our community/research garden and it's certified organic by USDA standards
- The produce is first sold at the on-campus farmer's market, and anything that remains is taken to the Food Pantry where it is stored in refrigerators until it is picked up by students
- Meatless Mondays
- Trayless dining to reduce food waste.
- Styrofoam free

# OUR RESIDENCY HALLS

## OFFER ROOM OPTIONS FROM TWO TO FOUR OCCUPANTS

1. Heritage Hall
2. Unity Hall
3. The Village Apartments
4. Casa Bella Apartments

## EACH HALL HAS

## V IS FOR VALUE

Obtaining an education shouldn't burden your wallet for years to come. **At UTRGV, it won't.**

Once you're part of our UTRGV family, our goal is to help ease the financial burden so you concentrate on what's important — your education.

UTRGV has consistently ranked #1 by nationally esteemed outlets such as the U.S. News & World Report and Washington Monthly, for its graduation rates, student satisfaction, affordability, and post-graduate success.

# SCHOLARSHIPS

**UTRGV** offers excellent scholarships for international students who want to study at our university. After being admitted into the Graduate College students can be awarded scholarships based on need, merit, and other criteria.
