*Economics Catalog: 2019-20 **COLLEGE OF SCIENCES**

MATHEMATICS (BS)

Degree Info

Mathematics is both an exact science and a

highly creative endeavor; a field of study that

develops problem-solving skills and a passion

for inquiry. Mathematics majors are

surprisingly attractive to many professional

branches in our society, particularly

intelligence, technology, finance, security,

engineering and physics. Mathematics Majors

with Teacher Certification are attractive to

the growing demand for teachers in high

schools, middle schools and elementary schools. A BS in Mathematics will prepare the

graduate for a competitive position in society

and provide the necessary preparation

graduate for an exciting and rewarding

teaching position and for graduate studies.
