**Admission Requirements** 

Admission to the program is determined by a minimum High school or current undergraduate GPA of 3.0 on a 4.0 scale with no additional criteria. Students who have completed college level courses should have a minimum GPA of 2.7 in Nutrition, Biology, Chemistry, and Mathematics courses required in the program. With the exception of a minimum GPA, the program is open enrollment and program capacity will only be limited by personnel availability and laboratory space. Deadline to apply to the program will be April 30th of each year. It is highly recommended for students to get advice from the Program Faculty and Academic Advising.

**Application Process, Timeline for admission** and office/department responsible.

Students must submit an application to be admitted in the program by April 30th of each year. The application can be found at https://www.utrgv.edu/hbs/index.htm, under nutritional sciences tab. Application should be submitted with the transcript and letter of intent to the Program Director, BS Nutritional Sciences Program, Department of Health and Biomedical Sciences, EHABW Rm 2.206.

**Progression requirements** 

**Graduation requirements** 

Students must maintain a grade of "C" or above in all the Science, Math and Nutrition major requirement courses to remain in the program. The students are also expected to complete the required prerequisites for the courses. They are also expected to co-register in courses as detailed in the degree plan. Students are required to follow procedures as detailed in the student handbook.

Progression monitoring process and office/department responsible.

Progression is monitored based on grades of completed courses under the required courses. This will be monitored by the Program.

Completion of the major is based on the student receiving a minimum grade of "C" in all Required Courses and Concentration courses under the Major Requirements section in the degree plan but excluding support courses unless required as course prerequisites.
