Major Admission requirements Admission to the program is determined by a minimum High school or current undergraduate GPA of 3.0 on a 4.0 scale with no additional criteria. Students who have completed college level courses should have a minimum GPA of 2.7 in Nutrition, Biology, Chemistry, and Mathematics courses required in the program. With the exception of a minimum GPA, the program is open enrollment and program capacity will only be limited by personnel availability and laboratory space. Deadline to apply to the program will be April 30th of each year. It is highly recommended for students to get advice from the Program Faculty and Academic Advising.

Major Progression requirements Students must maintain a grade of "C" or above in all the Science, Math and Nutrition major requirement courses to remain in the program. The students are also expected to complete the required prerequisites for the courses. They are also expected to co-register in courses as detailed in the degree plan. Students are required to follow procedures as detailed in the student handbook.

Major Graduation requirements Completion of the major is based on the student receiving a minimum grade of "C" in all Required Courses and Concentration courses under the Major Requirements section in the degree plan and core curriculum courses required for the major.
