RESEARCH STUDY OPPORTUNITY

WHO CAN PARTICIPATE?

- Ages 18 and older.
- Must be able to read & speak in English.
- Must play a video game at least once per week.
- Must have had a dental exam within the past 6 months.
- **Cannot have been in our previous VR studies.**

Our team will ask additional screening questions to ensure it is safe for you to participate!

Adults in the community are invited to participate in a study that looks at the way people explore and learn in virtual reality (VR).

Earn a \$15 gift card for participating!

What will you do in the study?

Attend an in-person visit to our lab where you will:

- Answer surveys on an iPad.
- Play a short VR game that takes place on a completely new and different planet.
- You will be fitted with a custom mouthpiece that will blow brief puffs of air on your teeth during the game.

How long will it take to participate?

- You will have one study session that is about 1-hour long!
