

STUDENT EXPERIENCE INTERNSHIP PROGRAM

The **Student Experience Internship (SEI)** program is an initiative that provides on-campus internship opportunities for students to grow in skill, expand in learning, and realize their potential through an enriched internship experience.

PROGRAM HIGHLIGHTS

From finding new skills and passions to gaining confidence in a professional setting, the Student Experience Internship (SEI) program can help you take a big step toward finding success while in college.

- Paid internship @ \$12/hr
- Learn more about your prospective field of interest by taking your education beyond the classroom
- Develop critical skills such as time management, project management, communication, research, and more
- Exclusive networking and professional development
- Cohort building activities to build your peer network
- Flexible work schedules while going to school
- Experience to add to your resume

PROGRAM GOALS

A one year internship experience offering students the opportunity to obtain knowledge and experience that will be beneficial to their career development.
