

2022 INNOVAQUERO INNOVATION CHALLENGE

Compete as a team designing & prototyping an innovative engineering solution to a real-life challenge.

Receive mentoring & support during the competition & showcase your engineering solution to win a prize.

COMPETITION

The Innovation Challenge will be revealed on Feb. 18, 2022, during the Kick-Off event. The challenge will have real, local impact & tailored for engineering & computer science students from any level & background.

Why Compete?

- Learn about Innovation
- Develop valuable technical & professional skills
- Solve a real-life problem
- Propose a valuable solution
- Represent your student organization (or yourself)
- Win prizes & recognition
- Prepare as an innovator for your personal, academic & professional life

PRIZES

Prizes & recognition will be given to the first, second & third places in the Best Overall category. Recognition will be given to: Best Prototype, Best Technical Design, Most Sustainable, Most Creative, Best YouTube Video & Best SharkTank Interaction.

HOW TO APPLY

For more information & to apply visit: <https://faculty.utrgv.edu/noe.vargas/>

COMPETITION DATES

Friday, Feb. 18, 2022 – 12:00PM CT
Competition Kick-Off

Monday, Feb. 21, 2022 – 10:00AM CT
Final "Shark-Tank" Presentation

LOCATION

All events will be hybrid

REGISTRATION DEADLINE

Register your team by Tuesday, Feb. 17, 2022, at 11:59 PM CT

TEAMS

- Must be composed of 3 to 6 actively enrolled graduate & undergraduate students from the College of Engineering & Computer Science. 
- Teams representing student organizations & independent teams are welcome.
- Multidisciplinary teams are preferred, but there is no constraint on the composition of teams.
- If you are looking to join a team or your team needs students go to the event info website.

This event is supported by:
