Date & Time: 06:00 – 08:00 PM, April 6 & 7

Place: TBD

For whom: Undergraduate, graduate students & faculty

Instructor: Dr. Dongkyu Kim, Executive Chair of CSRPA

From the previous participants:

“Dr. Kim did an amazing job explaining a complicated topic like STATA. I especially enjoyed how he walked us through the examples and stopped whenever someone was having an issue so we could discuss it as a group. Having a small group was also helpful”

"It was an amazing boot camp, I learned so many valuable skills. Thank you so much!"
