Place: Zoom (separate invitation)

For whom: Undergraduate, graduate students & faculty

Instructor: Dr. Dongkyu Kim

Rank: Assistant Professor of Political Science, [Homepage](#)

From the previous participants:

“Dr. Kim did an amazing job explaining a complicated topic like STATA. I especially enjoyed how he walked us through the examples and stopped whenever someone was having an issue so we could discuss it as a group. Having a small group was also helpful”

"It was an amazing boot camp, I learned so many valuable skills. Thank you so much!"
