# Assessment cycle diagram with four stages: Plan, Collect, Analyze, Improve.

### **PLAN**

- Assessments Plans are Developed/ Modified and updated in Tk20.
- Program Assessments are prepared for collection independently or built through Tk20.

### **IMPROVE**

 Programs/Units develop and implement data-based decision making/ improvements.

# COLLECT

 Assessment Data Collection is carried throughout the academic year.

## **ANALYZE**

- Assessment Data is Prepared and Disseminated to Program Coordinators via Power BI.
- Programs/Units review and analyze assessment data through departmental meetings, ad-hoc groups and during the Annual CEP Data Summit.
