9: Advisement

Purpose of Advisement

Advisement is critical to your academic journey in the Master's in Higher Education Administration program. The goal is to support you in making informed decisions about your coursework, professional development, and career goals. Advisement ensures you remain on track for timely degree completion while maximizing the program's learning opportunities.

When to Seek Advisement

- **Before Each Module:** The program coordinator will notify the students which courses will be offered. If you have questions, we recommend scheduling an advisement session before enrolling in courses for each new module. The coordinator will review your academic progress and ensure you select the appropriate courses to meet degree requirements.
- **Graduation Preparation:** If you are nearing completion of your coursework, schedule an advisement session at least two modules before you intend to graduate to ensure all requirements are fulfilled and to submit your graduation application on time.
- **Special Circumstances:** You should also seek advisement if you are considering:
 - Changing your course load (e.g., taking nine hours in a module)
 - Taking a leave of absence
 - Needing support with balancing academic and professional responsibilities
 - Understanding academic policies, such as repeating courses or academic probation

How to Schedule an Advisement Appointment

To schedule an advisement session:

Contact Information for Advisement For advisement assistance, contact the Program Coordinator:

- **Email:** Federico.guerra@utrgv.edu
- **Phone:** (956) 665-3627
- **Office Hours:** Monday-Friday 8:00 AM – 5:00 PM

What to Expect During Advisement

During your advisement session, you will:

- Review your degree audit in Degree Works and progress toward completion.
- Discuss upcoming course options and sequencing.
- Ask any questions you have about the program or your career trajectory.

Your Role in Advisement

- **Come Prepared:** Before each advisement session, review your course plan and bring any questions or concerns.
- **Be Proactive:** Advisement is a partnership. Taking an active role in planning your academic journey will lead to more effective outcomes.
- **Stay Informed:** Familiarize yourself with important dates and deadlines, including registration, withdrawal deadlines, and graduation application timelines.
