TWCT brings together students from high schools across the Rio Grande Valley for a week of engaging and creative activities designed to explore teaching as a career option, all in a fun and friendly environment at the College of Education & P-16 Integration at UTRGV. College of Education faculty engage high school students in exploring the teaching profession and the qualities of excellent teaching through academic inquiry, interviews, and self-reflection and by working collaboratively to create small-group multi-media projects shared at the end of the week.

District responsibilities

- Provide transportation to and from the camp
- Provide a district chaperone for students
- Provide time and space for a parent orientation prior to the camp
- Pay fee of $150 per camper

UTRGV responsibilities

- College of Education faculty will provide dynamic curriculum and instruction engaging students collaboratively to use educational technologies to explore the teaching profession
- Provide lunch and snacks
- Collect student applications and all required forms (including medical forms)

Student Opportunities and Outcomes:

- *Better understanding of the teaching profession and qualities of excellent teaching.*
- *Increased skill in using current educational technologies for research and presentation.*
- *Opportunities to work creatively in teams and develop collaboration skills in learning and teaching.*
- *New understandings about academic inquiry and research.*
- *Opportunities to hone presentation skills.*

To register or to learn more about the camp,
