

8TH STEM ED

ANNUAL CONFERENCE

February 13-15, 2025

With an overarching focus on diversity, equity, and inclusion, this conference brings together educators to discuss STEM education research and how they are applied in P-20 learning environments.

This conference will:

- Share current research within disciplinary and interdisciplinary STEM contexts
- Facilitate discussions between researchers, educators, and students
- Promote collaborations and partnerships from local to international

UTRGV or K-12 Student Rate	UTRGV or K-12 Faculty/Staff Rate	Non-UTRGV Student Rate	All Others
\$25	\$50	\$50	\$100

Highlighted Session

Stephanie Briggs, M.A. Story Telling Stories

Storytelling conveys events through words, sound, movement, deep looking and listening, and as an opening to curiosity, empathy, understanding, self-compassion and compassion for others. This session investigates using stories to explore individual biases and beliefs, uncover how we interpret this global society, and develop pathways toward transformative communal engagement for faculty and students.

STEAM Center for Kids

We are excited to announce that the 8th Annual STEM ED Conference will have a STEAM Center, where children will be able to use their critical thinking skills through fun STEM and Art activities! If you are interested and would like to learn more, please complete a quick survey here – only 1-2 minutes!
