Business & Entrepreneurship*

Wednesday, April 6th, 2022

The UTRGV Robert C. Vackar College of Business and Entrepreneurship is proud to announce its accreditation extension by the Association to Advance Collegiate Schools of Business (AACSB) for the next five years. This outcome is the result of the college stakeholders' commitment to excellence in business education.

The college hosted our AACSB peer review team last February 19th to 22nd for our continuous improvement review. During our visit, several individual and group interactions with faculty, staff, and students, provided direct insight into our efforts in providing the highest quality education to our community.

Maintaining our accreditation is the result of continuous engagement and meaningful actions taken to meet AACSB high academic standards. These standards require excellence in areas relating to strategic management and innovation; student, faculty, and staff involvement; learning and teaching; and academic and professional engagement. Our processes and outcomes were individually assessed through a comprehensive written report and a campus visit.

Founded in 1916, AACSB is the longest-serving global accrediting body for business schools that offer undergraduate, master's, and doctoral degrees in business and accounting. AACSB Accreditation is the hallmark of excellence in business education, and we are proud to be in the less than 5 percent of the world's business schools who have earned it.

Being AACSB accredited reinforces our goal to continue educating business leaders and it encourages us to work hard on continuous improvement through innovation, economic development, experiential learning, high-quality research, and community partnerships.
