

Faculty/Preceptor Development Interprofessional Education Microcredential: COHORT VI – SPRING 2022

The purpose of IPE is to prepare health profession students for interprofessional practice by teaching collaborative practice competencies within the context of interprofessional teams.

All health professions require the integration of interprofessional education into their curricula. Therefore, faculty and preceptors must be prepared with the knowledge, skills, and attitudes necessary for effective collaborative practice in both the preclinical/didactic and clinical/practicum years of training. This can be accomplished through our Microcredential in Interprofessional Practice Education.

The Faculty/Preceptor Development IPE Microcredential is available through the UNTHSC Division of Academic Innovation, in partnership with the UNTHSC Department of Interprofessional Education and Practice. The program utilizes online, asynchronous and synchronous, learning methods.

IPE Microcredential Overview:

Participants who earn the IPE Certificate of Recognition and Microcredential will complete a team project, 12 hours of online training (including reading required texts), and 10.5 hours of in-person, synchronous training via Zoom on the following Thursdays, 11:30 am - 1:00 pm.

Orientation: April 14, 2022

Session 1: April 21, 2022

Session 2: April 28, 2022

Session 3: May 5, 2022

Session 4: May 12, 2022

Session 5: May 19, 2022

Session 6: May 26, 2022

NOTE: To register, faculty *must* commit to completing all pre-work assignments, attending each session in its entirety, and successfully completing a teamwork project. The teamwork project requires teams meet regularly outside of the synchronous, Zoom sessions. The program permits one excused absence.

Program Fees:

- Registration for non-UNTHSC Faculty - \$500.00
- Registration for UNTHSC Faculty - \$0.00
- Estimated Cost of 2 Required Textbooks - \$80.00 {registrant is to purchase books}

Continuing Education Credit will be available. See full statement on page two of this flyer.

IPE Certificate of Distinction Overview:

Upon completion of the Microcredential, faculty and preceptors may earn a Certificate of Distinction. The Certificate of Distinction award goes to faculty and preceptors who have complete the following criteria:

- Earned the IPE Microcredential
- Partnered with at least one faculty member from a different profession to develop, implement, and assess outcomes of a Department of IPEP approved interprofessional learning experience with learners of two or more professions
- Participated in scholarship, by sharing the outcomes of their IPE at a professional conference(s) or through the publication of an educational research article.

A Microcredential is a competency-based, specialized certification, a formalized way to verify, validate, and attest to skills or competency achievement through rigorous, meaningful and high-quality training processes. Microcredentials are generally more narrowly focused and offered in shorter, more flexible timespans, than traditional degrees and certificates.

Accreditation and Credit Designation Statement

Dentists

University of North Texas Health Science Center certifies that this meets the requirements for continuing education under Texas Administrative Code (Title 22, Part 5, Chapter 104.2). This activity provides 9 CEU credits.

Licensed Professional Counselors

University of North Texas Health Science Center certifies that this meets the requirements for continuing education under Texas Administrative Code. This activity provides 9 CEU credits.

Licensed Marriage and Family Therapists

This activity is approved for up to 9 professional continuing education hour(s) for Licensed Marriage and Family Therapists in Texas.

Nurses

The University of North Texas Health Science Center at Fort Worth is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. This activity provides up to 9 contact hour(s).

Pharmacists

The University of North Texas Health Science Center is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This knowledge-based activity has been assigned UAN 0845-0000-22-001-L04-P and will award 9 contact hours of continuing pharmacy education credit in states that recognize ACPE Providers.

Statements of participation will indicate hours and CEUs based on participation and will be issued online at the conclusion of the activity. Successful completion includes completing the activity, its accompanying evaluation and/or posttest (score 70% or higher), and requesting credit online at the conclusion of the activity. Credit will be uploaded to CPENMonitor, and participants may print a statement of credit or transcript from their NABP eprofile. UNTHSC complies with the Accreditation Standards for Continuing Pharmacy Education.

Physicians

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME).
