2024-2025	25	25	20	80.00%
2023-2024	25	25	24	96.00%
2022-2023	25	25	23	92.00%
Pass Rate 3-Year Average				89.00%

National examination pass rate is determined by dividing the number of students who passed the exam by the number of students who took the exam for a given academic year. Pass rate does not necessarily imply all students passed the exam on the first attempt. For purposes of computing the pass rate, the number who passed the exam is comprised of all students who passed the exam by the time they graduated with the master's degree in communication sciences and disorders.
