

New Faculty Orientation Fall 2025

The College of Health Professions proudly hosted its New Faculty Orientation, a vibrant and engaging event designed to warmly welcome our newest faculty members.

The atmosphere was filled with enthusiasm, collaboration, and a shared commitment to excellence in education, research, and service.

A highlight of the event was a heartfelt welcome from Dean Dr. Michael Lehker, who shared inspiring reflections on the college's recent achievements and the exciting journey ahead. His message emphasized the importance of innovation, teamwork, and the transformative role faculty play in shaping the future.

We're excited to see the fresh ideas, passion, and expertise our new faculty bring to the table!
