

## **Scholarship of Teaching and Learning Worksheet (Bishop-Clark & Dietz-Uhler, 2012)**

### **Generating a Research Theme**

1. What interests you in teaching?
2. What interests you in student learning?
3. Have you learned something during workshops or on your own that you want to try in your classroom?
4. Compared with other faculty in your department, are you using different teaching methods?

### **Generating a Research Question**

1. What is the general research question?

### **Designing the Study**

1. What participants do you want to study?
2. How many participants?
3. Will you use quantitative, qualitative, or other methods?
4. Where will you conduct the study?
5. When will you conduct the study?
6. Will you use a comparison group?
7. What kinds of outcomes will you measure?

### **Generating a Specific Research Question**

1. Provide a specific research question.
