3) Old Business: Review of Minutes from January 13th, 2023, meeting **(Please respond via Teams regarding any revisions needed to the minutes. If no revisions are requested, then the minutes will be accepted through consent.)**

4) New Business: Review of Submissions

- **Note for committee on MDAs:** Many of the proposals include modifications to degree audits made to the current and previous catalog years. The proposals with MDAs below are to ensure that the revisions continue to be reflected in the 2023-2024 catalog and to provide a record of approvals. Below is a definition of MDAs.
- **Modification to the Degree Audit (MDA's) definition** – Through the course substitution process, patterns of courses in any part of the degree plan are processed through the MDA to establish a “blanket substitution” for all or some catalog years. Other examples of MDAs at the graduate level include changes to degree requirements that have been in place for some time (e.g., a portfolio instead of a comprehensive exam) but never appropriately reflected in the catalog. Given the implementation of DegreeWorks, it is

critical that the catalog be accurate. Consequently, to ensure the academic integrity of all programs, we are updating all programs that have approved MDA's. MDA's are approved by the Chair of the Department and the Dean (or Dean Designee) of the College. The MDA's below and on the Voting Agenda have been approved by the Chair and Dean/Designee and are reflected in the current degree audits.

- **Note for the Committee on Untaught courses:** Many of the proposals below are for courses that have been untaught for at least four consecutive years. These courses must be deleted from the inventory. In addition, any impacted has been placed on this consent agenda. Most untaught courses affect the prescribed elective sections of degree plans.

a. College of Liberal Arts

i. Department of Communication

1) Change Program – **Kimberly Selber**

Name	Type	Comment	Effective Year
Communication (MA)	Change Program	Removing COMM 6333, as it has been untaught for more than 4 years. Language has been added to clarify that students must make a B or better in the four required classes. OCIA note: If a student must retake a course for which s/he has earned a grade lower than B, the first attempt will not be removed from the academic record and will be used to calculate the cumulative GPA. Dept initiated changes: The update to the program name is due to an alignment with the Social Work Accrediting body. The overview was updated to reflect other changes in the program (removing the other specialization in the f2f modality, updating the learning outcomes for students, etc). The admission requirements have been updated with adding the word professional to the Resume. There is an addition of GPA and enrollment standards to the progression requirements.</p>	<p>AY 23 - 24</p>

Graduate Committee Meeting

February 3rd, 2023

Consent Agenda

Motion to Approve: Denise Longoria

Second: Michelle Abrego

Motion Passes

Notes: None.

Instructions for the Graduate Committee:

1. Review all course and program proposals.
 2. If you would like to see any proposal moved the standard meeting agenda for discussion, please respond to the post on Teams by noon, February 2nd. Any item with at least a single committee member request to move to the full agenda for discussion will be moved.
 3. To approve all or remaining items on the consent agenda, a call for a motion to approve the consent agenda will be sent by the Graduate Committee Chair or the Ex-Officio will be sent at approximately 1 p.m. on February 2nd. An initial motion followed by a second will be sufficient to approve all (or remaining items if requests were received to move an item to the full agenda) on the consent agenda.
- **Note for committee on MDAs:** Many of the proposals include modifications to degree audits made to the current and previous catalog years. The proposals with MDAs below are to ensure that the revisions continue to be reflected in the 2023-2024 catalog and to provide a record of approvals. Below is a definition of MDAs.
 - **Modification to the Degree Audit (MDA's) definition** – Through the course substitution process, patterns of courses in any part of the degree plan are processed through the MDA to establish a “blanket substitution” for all or some catalog years. Other examples of MDAs at the graduate level include changes to degree requirements that have been in place for some time (e.g., a portfolio instead of a comprehensive exam) but never appropriately reflected in the catalog. Given the implementation of DegreeWorks, it is critical that the catalog be accurate. Consequently, to ensure the academic integrity of all programs, we are updating all programs that have approved MDA's. MDA's are approved by the Chair of the Department and the Dean (or Dean Designee) of the College. The MDA's below and on the Voting Agenda have been approved by the Chair and Dean/Designee and are reflected in the current degree audits.
 - **Note for the Committee on Untaught courses:** Many of the proposals below are for courses that have been untaught for at least four consecutive years. These courses must be deleted from the inventory. In addition, any impacted has been placed on this consent agenda. Most untaught courses affect the prescribed elective sections of degree plans.
