### SUMMARY

A results-driven graphic designer with a strong foundation in design principles and expertise in creating eye-catching visuals for print and digital media. Skilled in brainstorming, concept development, and delivering innovative designs that align with client objectives. Proficient in industry-standard software such as Photoshop, Illustrator, and Indesign. Experienced in collaborating with teams to execute campaigns, branding, and marketing projects. Passionate about using creative skills to design solutions that improve user experience and strengthen brand identity.

### WORK EXPERIENCE

#### Teacher Aid Internship

Donna Wernecke Elementary

Oct. 2019 - May 2019

- Completed an internship as part of a high school program to earn substitute certification
- Worked as a teacher's aide each morning, arriving early to assist students in settling in
- Provided support with homework and study sessions
- Administered and graded exams
- Prepared printed copies of necessary materials
- Developed a lesson plan every other month and managed the class for several hours during all-day stays at the elementary school
- Designed lessons with a teaching assignment (math or reading), a student participation activity, and a poster presentation showcasing the lesson and students' work
