Francisco Delgado

Illustrator/Graphic Design

Motivated student with a creative mindset and strong problem-solving skills. Quick learner who is reliable, organized, and open to feedback. Experienced in working on academic and personal projects and eager to gain real-world experience.

EXPERIENCES

STUDENT DESIGNER / ACADEMIC PROJECTS

Worked on class projects focused on graphic design and visual communication. Created posters, logos, and layouts using basic design principles like hierarchy, alignment, and clarity. Designed visuals for a board game project, including illustrations, packaging, and rule layouts. Presented work in class, received feedback, and made improvements to the designs.

Clara Oven March 2025 to March 14

Worked on class projects focused on graphic design and visual communication. Created posters, logos, and layouts using basic design principles like hierarchy, alignment, and clarity. Designed visuals for a board game project, including illustrations, packaging, and rule layouts. Presented work in class, received feedback, and made improvements to the designs.

A-Maze-Zing Game Company 2025 Current

Worked with a team to design and develop a maze-themed board game from concept to final prototype. Contributed to gameplay ideas, rules, visual design, and playtesting, helping create a fun and easy-to-understand player experience.
