
Use Google Scholar to upload your peer-reviewed publications

<http://info.digitalmeasures.com/bibtex>

To export citations to a BibTeX file:

1. Navigate to [Google Scholar](#).
2. Select **My Citations**.
3. If you are not yet logged in, enter your credentials to sign in. Upon signing in you should land on your profile page where you will see a list of your "articles."
4. If you would like to export only select articles to your BibTeX file, choose these from your profile. If you would like to export all of your articles, simply leave things as they are.

5. In the **Actions** drop-down list choose to **Export** your articles.

6. On the **Export Articles** page, ensure that the **File Format** selected is **BibTeX**. Then select to export either the selected articles or all articles, depending on your need.

7. Save the export file.

Upload BibTeX File into FPT

1. Select Publications (Intellectual Contributions).

▼ Scholarship/Research

Artistic and Professional Performances and Exhibits
Contracts, Fellowships, Grants and Sponsored Research
Publications (Intellectual Contributions)
Biographical Sketch - NIH | NSF

Intellectual Property (e.g., copyrights, patents)
Presentations
Research Currently in Progress
Field Work

2. Select Import Items.

< **Intellectual Contributions (publications)**  **Import Items** **+ Add New Item** **Duplicate** **Trash**

Item
No items have been added

3. A window with open – Select Option A.

Your publications may exist in other systems—and we want to make adding them easy. Import your citations using one of the options below, then follow the prompts to address duplicates, match collaborators, and perform a final review to complete the process.

Import from a BibTeX file

Import publications from other software or databases such as:

- EndNote
- IEEE
- RefWorks
- Web of Science
- Google Scholar
- Mendeley
- Scopus
- Zotero

Choose File...

Import from Third Party

Select third party service:

- Crossref PubMed

Search criteria:
