2020 First-Time Classification

The Community Engagement Classification takes place on a five-year cycle. The next opportunity for institutions to apply for classification will be during the 2020 cycle (which will open in 2018).

The classification is not an award. It is an evidence-based documentation of institutional practice to be used in a process of self-assessment and quality improvement. The documentation is reviewed to determine whether the institution qualifies for recognition as a community engaged institution.
