UTRGV™ | UT Health Rio Grande Valley™

Bachelor of Science in Biomedical Sciences (BMED) at The University of Texas Rio Grande Valley (UTRGV)

APPLY TODAY!

The **BMED** program explores the application of powerful, modern bioscience approaches such as biochemistry, molecular biology, immunology, microbiology, genetics, and genomics, as well as anatomy, physiology, and neuroscience to human health.

BMED is a preparatory degree for tomorrow's health care professionals, scientists, educators, and leaders and thus prepares students for successful admission to professional schools in medicine, dentistry, pharmacy, veterinary medicine, physical therapy, and physician assistant programs as well as graduate studies in biomedical sciences.

Features of the BMED program:

- Innovative curriculum in a flipped classroom format with small classroom sizes and active learning
- Research experience opportunities and mentorship
- Facilitated coached study hours guided by instructional facilitators and tutors
- Professional school preparation and annual diagnostic exams including MCAT/PCAT/DAT/GRE
- Professional development workshops and career advising
- Volunteer and clinical shadowing opportunities
- Academic and non-academic support system
- Student organizations and peer-mentoring
