

## Your Rights under the Family and Medical Leave Act [ FMLA ] of 1993

The FMLA requires the University of Texas Rio Grande Valley [UTRGV] to provide up to 12 work weeks of paid or unpaid leave to eligible employees for qualifying family and medical reasons. Family Medical Leave [FML] coordinates with but is not in addition to other leave [ for example: annual, sick, leave without pay ] that an employee may use for covered purposes. Employees are eligible if they have worked for UTRGV or another Texas state agency for at least 12 months and have been employed for 1,250 hours during the previous 12-month period.

Employees with less than twelve months of state service or who have worked less than 1,250 hours in the twelve-month period preceding the start of the leave are eligible to take a parental leave of absence for the birth of a child or the adoption or foster care placement of a child under the age of three. This entitlement provides up to 12 weeks [480 hours] of unpaid leave. This entitlement may NOT be combined with the FML entitlement.

### REASONS FOR TAKING LEAVE

An eligible employee is entitled to FML for any one, or more, of the following reasons:

- The birth of the employee's son or daughter, and to care for the newborn child;
- The placement with the employee of a child for adoption or foster care, and to care for the newly placed child.
- To care for the employee's spouse, son, daughter, or parent with a serious health condition; and,
- Because of a serious health condition that makes the employee unable to perform one or more of the essential functions of his or her job.
- Because of military family leave entitlements.

### ADVANCE NOTICE

To qualify for FML, the employee will be required to provide advance leave notice if the leave is foreseeable.

- The employee must provide 30 days advance notice based on an expected birth, placement for adoption or foster care, or planned medical treatment for a serious health condition of the employee or of a family member.
- The employee shall advise the employer as soon as practicable if dates of scheduled leave change, are extended or were initially unknown. It is expected that the employee will give notice to the employer within no more than one or two working days of learning of the need for leave.

### MEDICAL CERTIFICATION

The University requires that an employee provide a certification issued by the health care provider of the employee or the employee's ill family member.

- When the leave is foreseeable, medical certification should be provided before the leave begins.
- If the leave is not foreseeable, medical certification is to be provided within two business days after the leave commences.
- A physician's statement certifying the condition is required and must be furnished within fifteen days after the request for FML is submitted, unless there are extenuating circumstances. The statement must include the following:
  - The date on which the condition started;
  - The probable duration of the condition;
  - The appropriate medical facts regarding the condition; and
  - Where applicable, a statement that the employee is needed to care for the child, spouse, or parent, and an estimate of the amount of time that such care is needed.
- When the leave request is for intermittent leave or leave resulting in a reduced work schedule, a statement of the medical necessity for the intermittent leave and the expected duration is required.

### PAID LEAVE

- University requires that an employee utilize vacation towards the twelve-week Family Medical Leave entitlement.
- Accrued sick leave will be utilized against the twelve-week entitlement only for a serious health condition as qualified under the Family Medical Leave Act.
- Compensatory time used during the absence does count towards the twelve weeks of FML entitlement.
- The employee must use all paid leave before using LWOP unless the employee is receiving temporary disability benefit payments or Workers' Compensation benefits.
- FML and parental leave coordinate with each other and may not be "stacked".

### UNPAID LEAVE

When all applicable paid leave is exhausted an employee will be placed on unpaid leave until the expiration of their coverage under the Family Medical Leave Act.

### COORDINATION OF LEAVE BETWEEN SPOUSES

If both spouses are employed by the State, a combined total of twelve weeks of FML may be taken by both spouses for the birth or placement of a child.

### JOB BENEFITS AND PROTECTION

- During any FMLA leave, UTRGV will continue to pay the employee's health, basic life and basic accidental death and disability premiums. If the employee chooses to retain his/her additionally selected coverage(s), he/she is required to submit payment of premium(s).
- Upon return from FMLA leave, the employee will be restored to his/her original or equivalent position with equivalent pay and benefits.

### UNLAWFUL ACTS BY EMPLOYERS

FMLA makes it illegal for UTRGV to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for;
- Involvement in any proceeding under or relating to FMLA.

### EMERGENCY FAMILY AND MEDICAL LEAVE

- The U.S. Department of Labor is authorized to investigate and resolve complaints of violations. For additional information contact Human Resources or the nearest office of the Wage and Hour Division, listed in most telephone directories under U.S. Government, Department of Labor.
