How to create an E-Signature

E-Signature workflow:
- When a Supervisor e-signs, the form will stay editable in order for the reviewer to make suggestions.
- When a Reviewer e-signs, the form will lock with the exception of the Employee Section.
- When an Employee e-signs, the form will lock everything with the exception of the submit button.

**Step One:** Click on the E-Signature field. This will prompt you to receive an “Add Digital ID” window (see below).

**Step Two:** If you do not have an existing digital signature, create one by clicking on “A new digital ID I want to create now.”

For existing E-Signatures click here.

To create a new E-Signature click here.
**Step Three:** Select either option, then click “Next.”

**Step Four:** Enter your credentials then click “Next.”
Step Five: Please enter a password.

Note: Once you create an E-Signature you can access it for future use. Please see “How to Access an Existing E-Signature” for further instructions.
