. Application	1 st Semester: November 30
	2 nd Semester: May 15

Application Procedures		
. Online Nomination	Partner universities will receive a link for the Online Nomination in March and in September. Nomination should include students' full name, email address, gender, level and area of studies.	
. Online Application	After the nomination, nominated students will receive by email a link for the Online Application, where they must fill out a form and upload a number of documents (photo, passport, transcript of grades, CV, diploma), according to their level of studies.	

Academic Information: Bachelor level		
. Full time programs	Business Administration, Economics, Accounting and Actuarial Sciences	
. Bachelor level – Workload	We recommend students to complete 12 USP credits per Semester. Therefore, we consider 1 USP credit equivalent to 2.5 ECTS. Most FEAUSP courses are 2 or 4 credits: one or two classes of around 2 hours per week, in a semester of 15 weeks. Few courses are 6 or 8 credits	
. Bachelor level – Course Registration	There are a limited number of spots available in each course, and registration is done on a first come, first served basis. Therefore, we are not able to guarantee that all students will be placed according to their first preferences, and we expect some flexibility on their choice of courses. First year and most second year core courses are usually not available for Exchange Students.	

. Bachelor level – Grading System	Grading system at USP ranges from 0.0 (zero) to 10.0. To pass a course, a student must fulfill two conditions: minimum score of 5.0 and minimum attendance of 70%. Students with grades between 3.0 and 4.9, and minimum attendance of 70% will be able to apply for a reassessment.
. Bachelor level – Final Assessment	Exchange Students must take their exams in the same conditions as regular students. They are not authorized to organize exams individually with their professors. All students are expected to take their exams during the official periods (normally the last two weeks of each semester)

Academic Information: Post-Graduate Level: Mas	ter and Doctoral
. Full time programs . Post-Graduate level – Workload	Business Administration (Management, Finance, Human Resources, Marketing, Production & Operations, Quantitative Methods) Entrepreneurship (Professional Master, only) Economics (Development Economics, Economic Theory) Accounting & Controllership Courses are 8 USP credits (semester long) or 4 USP credits (intensive and two-month long). All courses consider contact hours and research time. We recommend 16 to 24 USP credits per semester.
. Post-Graduate level – Course Registration	Master courses at FEAUSP are centered around research, necessitating significant time commitment to reading, writing, and conducting research. Both Master's and Doctoral students enroll in shared courses. To apply for these courses, prospective students must have completed the first year of Master of Science program (MSc 1) at their home institution by the time of enrollment, or be enrolled in a research-focused Master's or Doctoral program. Essentially, applicants must have completed at least 4 years of higher education and obtained a degree. Given that FEAUSP's Bachelor programs span 4 years, students in their 1st year of a Master of Science program are encouraged to take courses equivalent to the final year (4th) of FEAUSP's Bachelor programs. At the post-graduate level, professors uphold strict standards regarding attendance and deadlines. They expect students to be motivated participants in class discussions and group work, to diligently engage with assigned readings, and to submit all reports in accordance with their instructions.
. Post-Graduate level – Grading System	Grading system is based on grades: A (excellent), B (good), C (pass) and R (fail). Minimum attendance required to pass a course is 75%
. Post-Graduate level – Final Assessment	Master and Doctoral students are usually required to write an academic article in the end of each course.
Accommodation	We are currently recommending two private Student Residences located near the campus. Information about them is sent directly to nominated students
