

I AM A BUDDY PROGRAM GUIDE

2024-2025

The **I am a Buddy program** has the primary purpose of welcoming newly admitted international students and assisting them upon arrival in the Rio Grande Valley. The assigned Buddies are already familiar with student life and are looking forward to helping international students get comfortable and acquainted with our campus and the surrounding community. This program provides an excellent opportunity to meet, socialize, and create networks with students and future professionals from all over the world.

Introduction

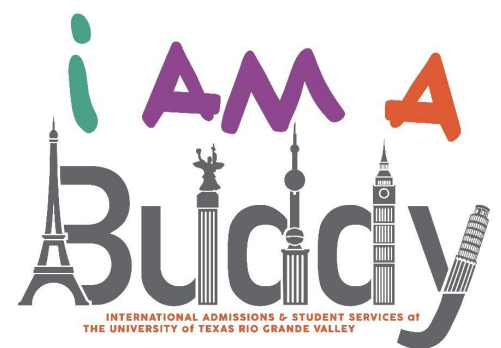

At International Student Services, we work to provide students with diverse cultural experiences and recognize their role in creating an inclusive climate within the campus community. Therefore, this program encourages mutual interaction between students regardless of where they are from by providing a mutual connection. Many of these relationships have proven to be enriching and longstanding. The “I Am A Buddy Program” ultimately aspires to raise cultural awareness within the campus community and promote cultural competency beyond the college experience..

Buddy - is a returning UTRGV international or domestic student.

Student - is a new or transfer UTRGV international student.

Through the "I am Buddy" program, new international students are matched with current students during their first semester before starting their studies at UTRGV
