

THE UNIVERSITY OF TEXAS RIO GRANDE VALLEY

IT AND DATA STRATEGY STEERING COMMITTEE CHARTER

MAY 2019

PURPOSE:

The IT and Data Strategy Steering Committee (“Steering” committee) will meet quarterly and approve the enterprise IT and data vision, establish principles and policies, set key priorities, approve the overall budget structure, resolve enterprise-wide strategic IT and data issues and establish accountability for enacting decisions.

The Steering committee will focus on aligning IT and data initiatives to support the central mission of the University.

The Steering committee will review recommendations made by the Operational IT and Data Committee (“Operational” committee).
