

# Pure Mathematics Seminar

## Square Root Problems

**Dr. Jasang Yoon**  
SMSS, UTRGV

There are two notions of the Square Root Problems. One is for probability measures and the other is for bounded operators. In this talk, we study the Square Root Problems in detail.

Date: **Friday, October 6, 2017**

Time: **10:00 am**

Place: **Edinburg:** EMAGC 1.324, **Brownsville:** TBA

**The talk will delivered live at the *Edinburg* campus and will be streamed to the Brownsville campus**

**Coffee will be served.**
