

USING YOUR CLICKER IN CLASS

- 1 Creating your Turning account and Register your Clicker:** You must register your clicker through Blackboard before you start using the clicker in class. If you haven't registered your clicker, follow this [tutorial](#).
- 2 Set/change the Channel:** Make sure to set your clicker with a correct channel based on the channel number your instructor uses. At the beginning of each class, your instructor will display a channel number slide for the class.

- Press the “CH” or “Channel” button.
- Enter the two-digit channel number.
i.e. 42 or 53
- Press the “OK/Enter” button.
- Verify the channel in the channel indicator.

- 4 Submit Answer:** After the channel is set at the beginning of the class, you only need to press your answer option button per question such as A, B, C, D or 1, 2, 3, 4 to submit your response.

NOTE: You do NOT have to press the “CH” or “Channel” button each time you submit your answer.

- 5 Verify your Answers:** After submitting your response you will see the response that you pressed/entered on the screen.

NOTE: You may submit a new answer as long as the polling remains open. Whatever answer is submitted last before polling closes will be accepted.
