## Earn College Credit. Achieve Your Goals.

The College Board's College-Level Examination Program (CLEP) has been the most widely trusted credit-by-examination program for nearly 50 years, accepted by 2,900 colleges and universities and administered in more than 1,800 test centers. These exams allow students to test their mastery of college-level material in introductory subjects and earn college credit. Students can earn credit and get closer to achieving their educational goals by earning qualifying scores on one or more CLEP exams.

### How do I get credit for CLEP?

When you take a CLEP exam, you can select the institution that should receive your scores. An official score report will automatically be forwarded to the school you designated at registration. You will also receive an unofficial copy of your score for your records immediately after the examination (except for College Composition).

If you do not indicate where you would like your score sent when you register, you can always request a transcript at a later time for a fee. Just submit the Transcript Request Form — it's available on the CLEP website, [clep.collegeboard.org/about/score](http://clep.collegeboard.org/about/score).

### How do I prepare for a CLEP exam?

Information on CLEP exam practice materials can be found on the CLEP website, [clep.collegeboard.org/test-preparation](http://clep.collegeboard.org/test-preparation). You can also review sample test questions, exam topics, and other suggested study resources.
