3. Annual Report Preparation

Annual Security & Fire Safety Report

By October 1st of each year, the Annual Security & Fire Safety Report is distributed to all enrolled students and current employees via email. All prospective students and employees can obtain a printed copy upon request from the Office of Student Life or the University Police Department. UTRGV publishes the report on the University Police Department's website www.utrgv.edu/police.

The report includes statistics for the previous three completed calendar years concerning reported crimes that occurred on campus, public property within, or immediately adjacent to and accessible from the campus locations and on non-campus buildings owned or controlled by UTRGV.

The University Clery Compliance Manager, which reports to the Vice President for Operations Planning and Construction is responsible for preparing the report in collaboration with University Police, Office of Institutional Equity and Diversity (OIED), Office for Advocacy and Violence Prevention (OAVP), Office of Emergency Management, Office of Environmental Health Safety and Risk Management, Student Health, Student Rights and Responsibilities, Dean of Students, Office of Housing and Residence Life University Housing, Counseling Center and other university departments. The Clery Manager works with each entity to provide updated information on their policies and procedures, educational efforts, and programs to comply with the Clery Act.

The Clery Manager meets regularly with the Clery Geography Sub-Committee, which consists of members from the School of Medicine, Dean of Students, Enrollment Management, Office of Real Estate, and University Police to review a list of properties for the previous calendar year in order to begin gathering crime statistics. Once the list is finalized, the Clery Manager develops and sends out email or mail requests to all available police agencies with jurisdiction over each of our campuses and non-campus locations. Each letter to the police agency explains the importance of the Clery Act and

requests Clery crime reports to assess for inclusion of statistics in the annual report. The University Police Department maintains a cooperative working relationship with local, county, and state law enforcement agencies.

In addition to any law enforcement agencies, Campus Security Authorities (CSAs), individuals with significant responsibility for student and campus activities, are also required to report criminal incidents to the University Police Department contemporaneous with occurrence to insure inclusion and avoid duplication of statistics in the annual report.

4. Campus Law Enforcement Responsibility

Safety: A shared responsibility

The University Police Department is responsible for the general welfare of the campus community, which consists of students, faculty, staff, visitors, and vendors on UTRGV campuses. It is the lead agency for the security of the University and the enforcement of all state laws and University rules and regulations relating to motor vehicles and traffic on campus.

Campus offices for the University Police Department are located at:

Edinburg: 501 N. Sugar Road
Brownsville: 2671 FJRM Avenue
Harlingen: 2102 Treasure Hills Boulevard
Laredo: 1937 East Bustamante Street

The University Police Department operates 24 hours a day, 365 days a year, and is staffed by commissioned Texas Peace Officers and supported by civilian personnel and non-commissioned Public Safety Officers. Well-marked exterior emergency telephones are located throughout some of the campus locations in parking lots and all elevators. The emergency telephones can be used to report crimes, emergencies, or to request police services. They are monitored and answered by the University Police Department 24 hours a day and are tested on a weekly basis. Emergency phones found to be inoperable are marked as “out of service” and scheduled for maintenance.

Your safety is our priority and concern. As a University, we focus in the prevention of crime, fire, accidents, and other campus hazards. Equally important is your participation in preventing these types of safety risks by promptly reporting crimes and any suspicious activity to the University Police Department. UTRGV components such as Student Success, Office of Emergency Management, Environmental Health, Safety and Risk Management and many others also contribute to making UTRGV a safer place to study, work and live.

This report contains valuable information that will help keep you safe, on and off campus. Please pay special attention to all safety tips. Following them may greatly increase the level of your safety and general welfare. Working together, can allow for a safer and more enjoyable learning environment.

Police Authority

University law enforcement and security is coordinated by the University Police Department, which is a part of the University of Texas System Police (UTSP). UTRGV's police officers are designated by Article 2.12 of the Texas Code of Criminal Procedure and Article 51.203 of the Texas Education Code statutes.capitol.texas.gov/docs/ED/htm/ED.51.htm as the law enforcement officers of the University and are licensed by the Texas Commission on Law Enforcement (TCOLE) with full law enforcement authority. University police officers undergo an extensive application process and thorough background investigation prior to employment. Before being licensed as a Texas peace officer, University police cadets attend an intensive six-month training program at The University of Texas System Police Academy, located in Austin, Texas or a local TCOLE certified training academy. The training that University Police Department officers receive exceeds TCOLE training standards for all Texas peace officers. The University Police Department officers continually receive in-service and specialized training. All officers have been trained in first aid as well as CPR and are authorized to enforce all campus regulations. University Police Officers are trained with a variety of weapon systems as well as a variety of less-than-lethal weapons.

Peace officers employed by the University Police Department have jurisdiction and conduct patrol activity within the counties where the University of Texas System owns or leases property. The University Police Department enforces all laws of the State of Texas, as well as being responsible for public safety services such as crime prevention and community outreach programs. The University Police Department officers have jurisdictional authority and are vested with the power to investigate crime, search and arrest as authorized by law and to use reasonable and necessary force to protect life and property at all University locations. The primary jurisdiction of peace officers commissioned by University of Texas System Police includes all counties in which property is owned, leased, rented, or otherwise under the control of the University of Texas System.

In addition to commissioned Police Officers, the University also employs non-commissioned Public Safety Officers to assist the University Police Department with security on campus by providing a visible uniform presence in University buildings and properties to deter crime and report suspicious activity to the University Police Department officers. Public Safety Officers do not have police arrest authority.

Relationships with Other Law Enforcement Agencies

The University Police Department maintains close working relationships with local, federal, state, and other law enforcement agencies and routinely shares investigative information. In addition, University Police provides state mandated training to local law enforcement agencies and collaborates with local law enforcement to conduct full scale exercises, such as Active Shooter scenarios. The University Police Department also works closely with area Fire Departments and emergency medical service providers.

The University Police Department is routinely informed by local law enforcement agencies of any criminal activities involving UTRGV students or student organizations. This information may be shared with the Dean of Students. The University Police Department maintains Memorandums of Understanding (MOU'S) with local law enforcement agencies related to the investigation of criminal offenses or other police services. Currently, The University Police Department has a Memorandum of Understanding with Harlingen Police Department, Edinburg Police Department, Brownsville Police Department, and the U.S. Department of Veteran Affairs Police defining the working relationship between the departments in the Harlingen Clinical Education Building. The University Police Department has primary jurisdiction over the investigation of crimes that occur on UTRGV campuses.

Daily Crime and Fire Log

The University Clery Manager maintains a daily crime log that records all crimes and other serious incidents that occur on campus, in a non-campus building or property, on public property, or within the department's patrol jurisdiction by the date the incident was reported. The daily crime log also includes the nature, time, and general location of each crime reported to the department, as well as the disposition of the complaint, if this information is known at the time the log is created. The department posts in the Daily Crime Log within two business days of receiving a report of an incident.

The University Clery Manager also maintains a daily fire log with data collected from the Department of Environmental Health, Safety, and Risk Management.

The Daily Crime and Fire Log is available for public inspection by visiting the University Police Department website www.utrgv.edu/police/crime/ and a hardcopy can be requested at the following University Police Department:

Edinburg: 501 N Sugar Road
Brownsville: 2671 FJRM Avenue
Harlingen: 2102 Treasure Hills Boulevard
Laredo: 1937 East Bustamante Street

5. Campus Security and Building Access

Access to classrooms and office buildings for special events after normal business hours, weekends, and holidays is coordinated with the various campus departments overseeing that area. Many of the buildings, offices, labs, computer rooms, and other areas of campus are equipped with electronic access. Except for Residence Halls, academic spaces on campus are generally open one hour before the start of the first class and remain open until one hour after the conclusion of the last class. Non-academic spaces are generally open during normal business hours. Most campus buildings are typically locked on Saturday and Sunday. University Police provides security by vehicular patrol in residence hall parking lots and foot patrol of the interior common areas. University Police also provides security by vehicular and foot patrol to on-campus buildings and off-campus sites and properties.

Based on the agreement with the Harlingen Consolidated Independent School District (HCISD), University Police provides security responsibility at the UTRGV Harlingen Collegiate High School Campus only when UTRGV occupies the building for classes during the evening business hours noted above in Section 2. HCISD takes full responsibility of security when the high school operates during the day with their students on site.

Under Texas Education Code Section 51.9315, common outdoor areas of UTRGV – meaning, the outdoor space of UTRGV property that is not used for dedicated UTRGV business or events, an educational function, or a research function either on a permanent or temporary basis – are open for assembly, speech, or other activities as are the public streets, sidewalks, and parks, so long as a person’s conduct is not unlawful and does not materially and substantially disrupt the functioning of UTRGV. Buildings and structures of UTRGV, however, are not open for assembly, speech, or other activities as are the public streets, sidewalks, and parks. Pursuant to the authority conferred upon the Board of Regents by *Texas Education Codes* Section 51.209, in order to protect the safety and welfare of students, employees, and other participants in the programs and activities of the institution it shall be unlawful for any person who is on the property to refuse to identify himself or herself in response to a request by an institutional representative. Persons having no legitimate business to enter on campus may be ejected from the campus on his or her refusal to leave peaceably on request. UTRGV maintains an open-campus policy, but access to the campus facilities may be restricted as necessary to meet safety and security requirements as determined by University officials.

Campus Carry Law

The 84th Session of the Texas Legislature passed Senate Bill 11, known as the “campus carry” law. Individuals who hold a license to carry a handgun may carry a concealed handgun on the grounds of or in buildings of an institution of higher education such as UTRGV.

To ensure compliance with Section 411.0231 of the Texas Government Code (also known as the “campus carry law”) while maintaining UTRGV commitment to providing a safe environment for its students, faculty, staff, and visitors, UTRGV adopted Handbook on Operating Procedures (HOP) policy ADM 02-400: *Concealed Handguns and Other Weapons on Campus* at www.utrgv.edu/hop/policies/adm-02-400.pdf, effective August 1, 2016.

The policy applies to all individuals who may work, attend classes, conduct business, or visit any campus location of UTRGV, including without limitation, employees, faculty, trainees, students, patients, visitors, volunteers, contractors, commercial tenants, or vendors. This policy does not apply to peace officers as defined in Article 2.12 of the Texas Code of Criminal Procedure and does not apply to military service members or officers, inspectors, or investigators employed by a federal agency who are carrying a weapon in the discharge of official duties.

6. Campus Safety Initiatives and Resources

General Information

The University Police Department takes a comprehensive approach to campus safety and has a number of initiatives that reduce the risk of an individual becoming a victim of crime. The University Police Department has certified Crime Prevention Officers on staff that have received various training in crime prevention and physical security.

The campus's crime prevention strategy rests on a multilayered foundation of proactive patrol of the campus, crime prevention trainings, buildings, area security surveys, and property registration. This approach relies on the dual concepts of eliminating or minimizing criminal opportunities whenever possible and encouraging community members to take responsibility of their own and other's safety.

- Continuous assessment and monitoring of compliance risk areas
- Implementing controls for identified risks

- Assisting Internal Audits with yearly risk assessments and audits
- Implementing conflict of interest policies and controls
- Compliance reporting to executive leadership

Simply stated, Institutional Compliance is your partner and is here to help.

Compliance Hotline/Raising Questions and Concerns

The University of Texas Rio Grande Valley encourages employees to raise compliance related concerns and to report any suspected violations of law, regulations or policy.

Employees are encouraged to address compliance concerns through UTRGV's normal administrative channels. If you have compliance related questions or wish to report suspected compliance violations of any kind:

1. Talk to your supervisor,
2. Contact the UTRGV Compliance Officer or Compliance Manager, or
3. Call the Compliance Hotline, toll free (877) 882 3999, or
4. File a report on-line via our Web Intake Site: www.utrgv.ethicspoint.com

Both the Web Intake Site and Compliance Hotline are available for situations where conventional channels are uncomfortable or otherwise inappropriate, or for times when you wish to raise a concern anonymously. They are operated by an outside company not affiliated with UTRGV and are available 24 hours a day, 365 days a year.

Your call will be taken by a trained professional who will ask you questions about your concern. Calls can be taken in English or in Spanish. Reports through the web intake site and calls to the toll-free number can be made anonymously and will not be traced.

You do not need to know the exact law, regulation, or policy, or be certain a violation has occurred or will occur. If you are uncertain, the better course of action is to report. It is important that you provide enough information to allow your concerns to be adequately investigated and addressed.

UTRGV policy ADM 04-301: Non-Retaliation prohibits retaliation against anyone who, in good faith, reports an instance of

suspected non-compliance or participates in a compliance investigation. You can find ADM 04-301 here: www.utrgv.edu/hop/policies/adm-04-301.pdf **Toll Free Hotline: 877-882-3999;** www.utrgv.ethicspoint.com

8. Policies for Reporting Crimes

The University Police Department is responsible for the welfare of students, faculty, and staff on all UTRGV campuses. The University Police Department is responsible for the security of the University and the enforcement of all state laws and University rules and regulations relating to motor vehicles and traffic on campus. The University Police Department is open 24 hours a day, 365 days a year and is staffed by commissioned Texas Peace Officers and supported by non-commissioned Public Safety Officers, Telecommunication Officers, and other civilian personnel. Emergency telephones are located throughout UTRGV campuses, including parking lots and all elevators. These emergency phones can be used to report crimes, emergencies or to request police services. Emergency phones are monitored and answered by the University Police Department's Communications Center. In addition, UTRGV provides a cell phone App (CampusShield) that can be utilized to contact the police department to report crimes, emergencies, or to request police services. The CampusShield App and the Silent Witness Form located at www.utrgv.edu/police/crime/reporting can be used by victims or witnesses to report crimes on a voluntary, confidential basis.

Promptly Reporting Crimes

UTRGV Police Department encourages accurate and prompt reporting to campus police and appropriate police agencies of all criminal offenses, including incidents when the victim of a crime elects or is unable to make such a report. In case of an emergency or to report a crime, you should call 956-882-4911 or 911.

Individuals who may be victims, complainants, witnesses to a crime, or otherwise become aware of a crime, are strongly encouraged to timely report the incident to University Police. Victims or witnesses can report crimes of sexual violence, as well as other forms of sexual misconduct on a voluntary, confidential basis pursuant to ADM 03-300 using the online reporting form, OIED Report It located at www.utrgv.edu/equity.

UTRGV Responsible Employees have a duty to report incidents of and information reasonably believed to be Sexual Misconduct as defined within ADM 03-300 to the Office of Institutional Equity & Diversity. All employees at UTRGV are Responsible Employees except those individuals specifically identified as Confidential Employees (such as individuals with the Office of Advocacy & Violence Prevention and any employee with confidentiality privileges as specified within ADM03-300. Responsible Employees include all administrators, faculty, staff, police officers, resident life directors and advisors, and

graduate teaching assistants. Responsible Employees must report all known information concerning the incident of sexual misconduct to the Office of Institutional Equity & Diversity and must include whether a Complainant has expressed a desire for confidentiality when reporting the incident.

All students, employees, and guests should promptly report all criminal incidents, accidents, and medical emergencies to the University Police Department using the telephone numbers listed on this page or the CampusShield App. Individuals may also report incidents in person at the University Police Department. Upon receipt of the call, University police officers are dispatched on a priority basis according to the seriousness of the calls received. Once a crime is reported, and if appropriate, the officer will complete a police report after the required action has been taken. Reports of criminal offenses are forwarded to the Criminal Investigations Division (CID) of UTRGV Police Department. Campus Security Authorities (CSA)

UTRGV acknowledges that some individuals may be hesitant about reporting crimes to the police but may be more inclined to report incidents to other campus-affiliated individuals designated as Campus Security Authorities. Campus Security Authorities are individuals who have significant responsibility for student and campus activities such as resident assistants, athletic staff, student affairs staff, and student organization advisors. The Campus Security Authorities may contact the University Police Department for further assistance. CSA's have a responsibility to report to the UTRGV Police Department.

While reports can be made to any Campus Security Authority, several recommendations are listed below:

Confidentiality

Crimes reported to professional counselors at UTRGV's Counseling Center are exempt from disclosing information to the UTRGV Police Department (except by law in cases where there is an immediate threat to the safety of individual, other persons, children, or the elderly) because of their function within the scope of their professional license or certification as a counselor. These officials also encourage complainants they counsel to report crimes on a voluntary, confidential basis for inclusion in annual crime statistics.

Crime Reporting Methods for Off-Campus Locations

Reports of crimes that occur off-campus may also be made to the UTRGV Police Department and the proper law enforcement agencies will be contacted if necessary.

On an annual basis, the Clery Manager makes every attempt to obtain crime statistics for non-campus buildings and public property from the law enforcement agencies with jurisdictions for their respective areas. UTRGV does not have student organizations officially recognized by the institution that own or control non-campus buildings.

Once again, the University Police Department **strongly encourages** crime complainants to report all criminal activity to police in order to insure prompt evaluation for timely warning or emergency notification and for inclusion in the statistics for the ASR.

9. Reporting & Preventing Sexual Misconduct & Power-Based Violence

Policy Statement

It is the policy of The University of Texas Rio Grande Valley to provide an educational and working environment for our students, faculty and staff free of sexual misconduct. This commitment is core to our institutional culture, reflected in our policies and practices, and is in accordance with state and federal law, such as Title IX and the Clery Act.

UTRGV prohibits the crimes of sexual misconduct, which includes non-consensual sexual contact, sexual assault, sexual exploitation, interpersonal relationship violence (such as dating and domestic abuse, gender-based discrimination, stalking, and sexual harassment).

Primary Prevention Programming

Power-based violence happens when someone uses power, control, or intimidation to harm someone physically or emotionally. With the goal of maintaining and fostering a University living, learning, and work environment for students that is free of sexual misconduct and power-based violence, the University sponsors education and awareness programs and activities, as described in earlier sections of this ASR, and identifies available support service resources via print and online media, also as described above. Educational programs that raise awareness to incoming students and employees are conducted during orientations and throughout the year. This programming includes research-based best practices regarding violence awareness and prevention, healthy relationships, bystander intervention, and risk reduction without victim-blaming. This programming is designed to decrease perpetration and bystander inaction and increase empowerment for victims, in order to promote safety, to help individuals, the campus and local community to address conditions that facilitate violence.

In addition, victims and survivors of sexual misconduct receive individualized emails from OIED that outlines information about rights and options through the sexual misconduct grievance procedures, provides information about the importance of preserving evidence that may assist in proving that the alleged sexual misconduct occurred or that may be helpful in obtaining a protection order and what steps to follow to file for a protective order, how and who to contact to make a report, information about the option to report to PD or campus authorities and the option to receive assistance from an advocate when making a report through the Office for Advocacy and Violence Prevention.

UTRGV sponsors educational programs and campaigns to promote the awareness of dating violence, domestic violence, sexual assault, and stalking during new student orientation, employee orientation, and throughout the year. This training includes information on bystander intervention, such as practicing the “4Ds,” and identification of risk reduction techniques. Risk reduction includes identification of safety planning options, identifying the various ways a report can be made, communication of the grievance procedures, and providing the name and contact details of wellness support resources, such as the Office for Advocacy and Violence Prevention, that can help individuals tailor an individualized support plan. These primary prevention programs also include a statement that UTRGV prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking (see ADM 03-300). The definitions of dating violence, domestic violence, sexual assault, stalking, consent, and information as to the applicable jurisdiction are provided (see ADM 03-300). Students and employees are made aware of the ways to make a report, the procedures the institution follows when one of these crimes is reported and given information as to rights within disciplinary proceedings applicable to students or employees (see ADM 03-300). You can find ADM 03-300 here: www.utrgv.edu/hop/policies/adm-03-300.pdf

Safe and positive options for bystander intervention include:

- a. reporting sexual misconduct to the Office of Institutional Equity and Diversity, and
- b. direct links to the OIED website, www.utrgv.edu/oied which includes specific bystander intervention approaches, such as:
 - i. **Direct:** This is when someone steps in and directly intervenes to call out the situation, such as, “please stop with the raised voice, I can’t hear myself think.” Be careful if you take a direct approach to not put yourself or the person you are trying to help in danger.
 - ii. **Distract:** Doing anything (safe) that distracts someone else enough from continuing abusive behavior. This can be anything from saying, “Hey, you have something weird on the back of your shirt that is crawling around” to “someone is looking for you in another room.” If someone is distracted looking at, or focused on something else, this leaves room for the person in potential danger to get out of the situation, with you, or a group of friends.
 - iii. **Delegate:** Figure out a safe plan to help someone out of a bad situation with others who have greater social power, such as a party host, security guard, police officer, or group of mutual friends that can keep the situation from escalating and are better equipped to de-escalate the situation.
 - iv. **Delay:** Speaking with the person who is potentially in a distressing situation and asking that person a question like, “Hey, are you okay?” or “Can I do something?” when a natural opportunity presents itself to speak when it is safe. “Delay” strategies can also take the form of finding others to assist with an intervention and to inform a plan of safe and respectful action. The online training for students also includes short hypothetical videos to demonstrate bystander strategies in action.

Our primary prevention programs are designed to decrease perpetration and bystander inaction, as well as increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence. Trainings educate on how to not engage in perpetration, by focusing on consent.

Applicable Policies

Policies that address sexual misconduct and gender-based misconduct are UTRGV Handbook of Operating Procedures ADM 03-100: *Non-Discrimination & Complaint Procedure*; ADM 03-300: *Sexual Misconduct*; ADM 03-400: *Consensual Relationships*; and STU 02-100: *Student Conduct and Discipline*. These and other important University policies are publicly available on our University’s website: www.utrgv.edu/hop/

Reporting Sexual Misconduct

The University strongly urges students, faculty, staff, and third parties to report sexual misconduct to the Title IX Coordinator, a Deputy Title IX Coordinator, a Responsible Employee, or University Police. The University Police Department is not contacted when sexual misconduct occurs, unless a victim wishes to make a formal report to PD or there is an emergency threat to health or safety. Victims of sexual misconduct can secure information confidentially through the Office for Advocacy & Violence Prevention, if he or she is not ready to make a formal report to the police. If requested, Campus Security Authorities (CSA) can help victims of sexual misconduct report to law enforcement, but CSAs may also honor a victim's or survivor's request not to do so.

If the victim is incapacitated or is unable to make a report, a report should be filed on behalf of the victim. Reporting is best done as soon after the incident as possible but may be done at any time. Individuals also having knowledge of a sex-based crime (including dating violence, domestic violence, and stalking) are strongly encouraged to timely report that crime to the University or local police. These individuals are also encouraged to contact the service providers identified below to discuss options for safe and positive intervention on behalf of the victim.

A complainant can pursue a criminal charge and a University disciplinary charge at the same time; however, students may also choose to pursue a disciplinary complaint without pursuing criminal charges. Complainant support and resources are available even if a victim elects not to pursue criminal charges or University disciplinary action.

The University strongly encourages the prompt reporting of sexual misconduct and power-based violence. Delays in reporting can greatly limit the University's ability to stop alleged misconduct, collect evidence or take effective action against individuals or organizations accused of violating policy.

Declining to File a Report

Known victims receive written notification from OIED informing them that they have the right not to file a report, which includes the right to decline to participate in an investigation if someone were to report on their behalf. However, victims are highly encouraged to seek medical attention, including counseling, either on- or off-campus. Victims and students who wish to file a report at some future date may do so by contacting University Police or the Title IX Coordinator.

Please note, a delay in reporting could weaken or result in a loss of evidence used to determine whether an individual is responsible for sexual misconduct.

How to Report

Sexual misconduct reporting options, such as the online reporting form, OIED Report It, are easily accessible and a comprehensive list of ways to report is available on the Office of Institutional Equity & Diversity website: www.utrgv.edu/equity/. Students and employees are directed to this website in writing through email.

The information that is available on the website for students and employees includes:

- information about their rights and options through the sexual misconduct grievance procedure,

Information about the importance of preserving evidence that may assist in proving that the alleged sexual misconduct occurred or that may be helpful in obtaining a protection order and what steps to follow to file for a protective order,

- how and who to contact to make a report,
- information about the option to report to PD or campus authorities and
- the option to receive assistance from an advocate when making a report through the Office for Advocacy and Violence Prevention.

Further, information about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to victims, both within the institution and in the community, to the extent identifiable, are also listed on the OIED and OAVP website.

Reports to UTRGV can be made anonymously through the OIED Report It Form.

Confidentiality & Reporting

The degree to which confidentiality can be protected depending upon whether the individual to whom the sexual misconduct is reported serves as a mandatory reporter. Under Texas law all UTRGV employees are required to report to the Title IX Coordinator, or a Deputy Title IX Coordinator conduct reasonably believed to be sexual harassment, sexual assault, stalking or dating violence by or against a student or employee at the time of the incident. In addition, most employees at UTRGV must also report to the Title IX Coordinator all known incidences of sexual misconduct (a broader category of misconduct) committed by or against a student or employee; these employees are referred to as, "Title IX Responsible Employees." All employees should make their mandatory reporting obligation(s) clear, prior to disclosure, and it is best if complainants ask the person that they outcry to if that individual has any mandatory reporting obligations.

When choosing a reporting resource, please consider that privileged reporting consists of those communications that legally can't be disclosed to any other person without the reporting person's consent, except under very limited circumstances, such as an imminent threat of danger to self or others or if the complainant is a minor.

Under state law, UTRGV Confidential Employees are required to report, at a minimum, statistical de-identified information, related to reports of sexual assault, dating violence, stalking and sexual harassment. Confidential Employees include advocates and counselors with OAVP, counselors in Counseling Center, health care providers in Health Services, researchers conducting Institutional Review Board (IRB) approved research studies involving student participants, an employee serving as an advisor for a student respondent or student complainant under ADM 03-300, or pastoral counselors. Additionally, employees who receive information regarding an incident of sexual misconduct under circumstances that render the employee's communications confidential or privileged under other law (such as attorneys) are also considered "Confidential Employees."

Confidential Employees may not include any information that would violate a student's expectation of privacy. The Confidential Employee's duty to report an incident under any other law also applies.

A person may speak confidentially (as discussed above and in accordance with ADM 03-300) with:

- Office of Advocacy & Violence Prevention Staff
- University Counseling Center (Counselors, Psychiatrists, or Psychologists)
- University Health Service Medical Staff (Physicians, Nurses, or Nurse Practitioners)
- Off-Campus clergy, counselors, physicians, and certain social service agencies.

Confidential employees report only statistical information. If and when they deem it appropriate, they will inform the persons they are counseling on how to report crimes on a voluntary, confidential basis.

Record Keeping

UTRGV maintains all publicly available record keeping, including Clery Act reporting and disclosures, without the inclusion of personally identifying information about the victim, to the extent permissible under law.

Student records of the grievance process are disciplinary records under FERPA. Employee records of the grievance process are subject to the Freedom of Information Act (FOIA) and the Texas Public Information Act (TPIA) and included in the employee's official employment record.

Family Educational Rights and Privacy Act (FERPA)

The Family Education Rights and Privacy Act (FERPA) protect students' education records and disciplinary complaints made to the Dean of Students Office. FERPA prohibits the University from releasing these records to persons outside the institution without the students' consent, except in response to lawful subpoena or as otherwise required by law.

Seeking Medical Care/Emergency Room Examination

Any person who has been the victim of a sex-based crime may go directly to the emergency room of any local hospital for medical attention, although it is preferable to go to a medical facility that has dedicated forensic nurses (SAFEs or SANEs) on staff – these are listed below. For life-threatening conditions, call 911, or the University Police Department at 956-882-4911.

Students are not required to criminally prosecute the case or file a police report, unless the sexual assault survivor is a minor. Students also can seek treatment or advice at University Student Health for any medical concerns including: physical exams, treatment of sexually transmitted infections, pregnancy testing, and/or to obtain emergency contraception. All medical information and services provided are considered confidential. However, if a student decides to pursue criminal or civil legal action, the student will be required to sign a Health Service Medical Information Release Form to allow their attorney, the police, or the University to gain access to medical information applicable to the sexual misconduct.

Students are encouraged to have an exam conducted as quickly after the incident as possible. Area hospitals that can provide rape exams and evidence collection are:

Hospital	Directory Information
Doctors Hospital at Renaissance	956-362-5100 5501 S. McColl Rd. Edinburg, TX 78539
Valley Baptist Medical Center	956-389-1100 2101 Pease St., Harlingen, TX 78550

Medical-Legal Evidence Collection

A person who has been the victim of dating violence, domestic violence, stalking, or sex-based offenses (particularly rape, forcible oral copulation, or sodomy) is urged to request collection of medical-legal evidence. Victims are provided information in writing by OIED on how to preserve evidence. Collection of evidence entails interaction with police and a police report. Prompt collection of physical evidence is essential should a person later decide to pursue criminal prosecution and/or a civil action. If the sex-based offense occurred within 72 hours, a free and confidential exam can still be administered at local hospitals. However, the sooner sex-based offenses are reported, the more likely evidence will remain.

To help preserve evidence, the victim is encouraged to try to avoid:

- bathing or douching
- washing hands or face
- urinating
- drinking any liquids
- if oral contact has occurred, the complainant is encouraged to refrain from smoking, eating, or brushing their teeth
- if clothes are changed, soiled clothes should be placed in a paper bag (plastic can destroy crucial evidence)

Preserving evidence is important in that it may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order.

Counseling

Counseling can be obtained following an incident involving sexual misconduct, no matter how much time has elapsed since the incident. On and off-campus resources are available 24 hours a day, 7 days a week for students, faculty and staff members. A list of the available resources can be accessed on the Counseling Center website at: www.utrgv.edu/counseling/services/.

On-campus counseling services are available for students at the Counseling Center located in the University Center Room 109 (Edinburg) or Student Union Room 2.10 (Brownsville).

Counseling services are free and confidential. Counseling services are available for faculty and staff through UT Employee Assistance Program or through psychological services provided through their individual insurance and is confidential. The Rape Crisis Center of Mujeres Unidas/Women Together in McAllen (956-630-4878) or Friendship of Women in Brownsville (956-544-7412) provides emergency services for victims of family violence, legal advocacy, transitional supportive housing, and other services for survivors of sexual assault, abuse, or incest.

Immediate Response Following a Report of Sexual Misconduct

When a report is received by UTRGV, the University through the Title IX Coordinator, a Deputy Title IX Coordinator or a Title IX Responsible Employee, will first urge the student, staff and faculty to attend immediately to any medical needs. The person making the report is provided information as to medical resources and related support service resources in writing. The complainant, the person making the report, will also be informed of his or her right to file or decline to file a police report or file a disciplinary complaint against the respondent, the person accused of misconduct, and may be given a copy of ADM 03-300, the sexual misconduct policy, in writing. If desired, the Title IX Coordinator or a Deputy Coordinator will also help that person contact the University, local police or the Office for Advocacy and Victim Prevention.

Please note that confidential medical and counseling records regarding the complainant's sexual history is not provided to the respondent and is not admissible at any University disciplinary proceeding.

As noted, supportive measures are also evaluated pursuant to ADM 03-300, such as screens to reduce the likelihood of interactions between a complainant and respondent in residence halls, campus buildings, and as relates to university activities. A list of supportive measures available is listed further below under the section supportive measures.

Timely Warning and Emergency Notifications

If a report of a sex-based offense reveals that there is an immediate threat to the health or safety of students or employees on campus, or that an on-going serious or continuing threat to the campus community exists, a Timely Warning will be issued. The purpose of the Timely Warning is to enable individuals to protect themselves and to increase safety awareness, as well as to seek information that will lead to the arrest and conviction of the perpetrator. The complainant's name and other personally identifiable information will **not** be included in any Emergency Notification or Timely Warning.

Notification of Rights and Options

Following a report of dating violence, domestic violence, sexual assault, stalking, and other forms of sexual misconduct, whether the offense occurred on or off campus, OIED provides the student or employee a written explanation of the student's or employee's rights and options through ADM 03-300 in writing through email. UTRGV's grievance procedures for disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking are provided in writing at that time through inclusion of ADM 03-300.

Protective Orders and No Contact Orders

UTRGV complies with Texas law in recognizing Protective Orders through the Crime Victims' Compensation Act. A Protective Order is a civil court order, a violation of which can be a crime, which is issued to protect a person from continuing acts of family violence or stalking. It will direct the abuser to stay a certain distance (usually 200-500 feet) away from the protected person's home, school, or place of employment, prohibit the abuser from committing conduct that would harass or alarm the protected person, and prohibit the abuser from committing further acts of violence or stalking against the protected person. A victim must apply for a Protective Order through the court system; UTRGV Victim's Services (UTRGV Police Department) will assist the victim with starting this process. Detailed information about how to apply for a protective order is provided to the victim on the OIED website www.utrgv.edu/equity/know/protective-orders. If a student or employee has a Protective Order, UTRGV strongly encourages them to provide a copy of the Protective Order to the UTRGV PD who can assist in enforcing the order if necessary. UTRGV may issue an institutional no contact order if deemed appropriate or at the request of the complainant or respondent. If UTRGV receives a report that such an institutional no contact order has been violated, it will initiate disciplinary proceedings appropriate to the status of the respondent (student, employee, etc.) and will impose appropriate sanctions if the respondent is found responsible for violating the no contact order.

Victims have the right to seek assistance from UTRGV PD with respect to enforcement of orders of protection, "no-contact" orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court, or as issued by UTRGV.

Supportive Measures

OIED provides written notification to victims about the availability of supportive measures, offers supportive measures, and provides information about how to and to whom to direct requests for supportive measures if they wish to do so at a later time. Written information about existing on-campus and off-campus support services, which includes contact information for the services to victims when reports are received is also sent.

UTRGV will offer reasonably available individualized services, without any fee or charge, to the parties involved in a reported incident of sexual misconduct whether or not a formal complaint is filed with OIED or University Police, when applicable.

Supportive measures include, but are not limited to, housing reassignment, counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, withdrawal from or retake of a class without penalty, campus escort services, mutual restrictions on contact between the parties, change in work or housing locations, leaves of absences, increased security and monitoring of certain areas of campus or other similar measures tailored to the individualized needs of the parties.

OIED maintains as confidential any supportive measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of OIED to inform the appropriate action and to provide an appropriate supportive measure.

Summary of Sexual Misconduct Administrative Complaint Process

The University responds to all reports, and if appropriate, conducts formal investigations pursuant to ADM 03-300. Investigations are conducted in a fair, prompt, and impartial manner. Sexual misconduct investigations that fall within "Title IX" are assigned for investigation, undergo a hearing process and decisions as to whether a violation has occurred is made by an assigned hearing officer. Other forms of sexual misconduct that fall outside of "Title IX" are assigned for investigation and a designated investigator prepares a report, each party is provided an opportunity to provide written comments and a written decision is made by a designated official. As needed, the University may adopt remedial measures or sanctions based on the situation. The standard of evidence used when investigating and resolving complaints is the preponderance of the evidence standard.

Rights of the Complainant & Respondent

- Protection under applicable privacy laws (e.g., Title IX & FERPA)
- To be informed of the University's complaint handling and disciplinary process
- No notice when an investigation is initiated simultaneously in writing
- To the presence of an advisor of choice
- An opportunity to respond to findings
- To be informed of the outcome
- The availability of supportive measures

Preliminary Assessment

- OIED will review all reports that the sexual misconduct policy was violated.
- OIED sends in writing information to the named victim that includes reporting options, the availability of supportive measures, evidence preservation information, and pertinent policies.
- Contact between the two parties will be limited to the extent possible given the circumstances
- If an investigation is opened, the University will also seek and review relevant evidence.
- At the conclusion of the investigation, the University will prepare a report and both parties will be notified.
- When an investigation is initiated and during any stage of the investigation, if the respondent is determined to pose a threat to the physical health or safety, the University may initiate an interim action in the form of student emergency removal or employee administrative leave.

Student Emergency Removal

A student respondent may be removed from UTRGV's education program or activity on an emergency basis if, after an individualized safety and risk analysis, it is determined that such a removal is justified because the respondent poses an immediate threat to the physical health or safety of an individual arising from the allegations of sexual misconduct. Under these circumstances, the Respondent will be notified in writing of the emergency removal from UTRGV's education program or activity by the Dean of Students, and the respondent will have an opportunity to challenge the decision following the emergency removal by directing the challenge within 1 day of receipt of the notification to the Dean of Students. The Dean of Students will respond within 2 days. The Dean of Students' decision is final.

Employee Administrative Leave

An employee respondent may be placed on administrative leave, in accordance with UTRGV's policy and procedures on employee administrative leave, during the pendency of a grievance process, as outlined in ADM 03-300.

Investigations

The purpose of investigations, which includes interviewing the parties and witnesses, is to gather and assess evidence. Complainants, witnesses, and respondents are protected from coercion, intimidation, interference, harassment, retaliation, and discrimination for filing a complaint or assisting in an investigation pursuant to ADM 03-300.

In some circumstances, UTRGV will dismiss a formal complaint, or the part of the allegations in a formal complaint, where Sexual Harassment as defined within ADM 03-300 is alleged and the conducted alleged does not meet the definition of Sexual Harassment, the alleged conduct did not occur in UTRGV's education program or activity, or the alleged conduct did not occur against a person in the United States. In these cases, the matter will be reviewed as a non-Title IX matter in accordance with the alternative grievance procedures described within Section D.4.k, of ADM 03-300.

In sum, all complaints of dating violence, domestic violence, sexual assault or stalking involving students, staff or faculty are evaluated under either the formal complaint procedure process outlined in ADM 03-300 or the alternative grievance procedures also detailed in ADM 03-300.

The standard of evidence used with respect to disciplinary proceeding is the preponderance of the evidence standard during any institutional disciplinary proceeding arising from an allegation of sexual misconduct pursuant to ADM 03-300 UTRGV will conduct a prompt, fair, and impartial process from the initial investigation to the final result.

Throughout the process, the institution's proceedings themselves provide both parties with the right to an advisor of choice.

Findings

If the University official finds, by the preponderance of the evidence, that the alleged violation did occur, the University will take disciplinary action pursuant to ADM 03-300.

If a policy violation is found against a student, students are afforded an opportunity to appeal. Although procedural requirements are not as formal as those existing in the courts of law, the student conduct disciplinary process provides procedural safeguards for complainant and respondent alike. Both the complainant and the respondent are entitled to the same opportunity to:

- access information that will be considered by a hearing official,
- present relevant witnesses and other evidence, and
- have others present during the hearing and related meetings or proceedings.

University resources and services, such as counseling and academic support, will be made available to the complainant and respondent. UTRGV simultaneously notifies, in writing, both the complainant and the respondent of the results of any disciplinary proceeding that arises from an allegation of sexual misconduct, the procedures to appeal, if any, and the decisions of the appeal.

Disciplinary Proceedings

ADM 03-300 identifies for students and employees the procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking, including: a description of each type of disciplinary proceeding applicable to students and employees, the steps, anticipated timelines, and decision-making process for each type of disciplinary proceeding, information about how to file a disciplinary complaint, and how the institution determines which type of proceeding to use based on the circumstances of an allegation. In cases involving sexual harassment under Title IX, when a complainant files a formal complaint, the disciplinary proceeding is triggered as a hearing officer determines both whether a violation occurred and the discipline that will be imposed. The complainant and respondent are permitted to appeal the sanction of the hearing officer through a written appeal process. In cases not involving sexual harassment under Title IX, when a complainant files a formal complaint the disciplinary process is also triggered as a designated administrative official will evaluate a written record and determine whether a violation occurred and the discipline that will be imposed. The complainant and respondent are permitted to appeal the sanction of the designated official through an appeal process triggered in writing.

Sanctions

Regardless of whether criminal charges are filed, students found to be responsible for sexual misconduct may be subject to sanctions.

If applicable, sanctions and remedies for student respondents, are:

- a. Educational training;
- b. No shared classes or extra-curricular activities;
- c. Disciplinary probation;
- d. Withholding of grades, official transcript, or degree;
- e. Bar against readmission, bar against enrollment, drop from one or more classes, or withdrawal from UTRGV;
- f. Suspension of rights and privileges, including but not limited to participation in athletic or extracurricular activities;
- g. Denial of degree;
- h. Suspension from UTRGV for a specific period of time. Suspension is noted on the academic transcript with the term "Disciplinary Suspension." The notation can be removed upon the request of the student in accordance with

the UTRGV's procedures when all conditions of the suspension are met;

- i. Expulsion (permanent separation from UTRGV). Expulsion creates a permanent notation on the student's academic transcript;
- j. Revocation of degree and withdrawal of diploma; or
- k. sanction(s) or remedies as deemed appropriate under the circumstances by a designated official tailored to the circumstances of the allegation.

If applicable, sanctions and remedies for employee respondents, are:

- a. Employment probation;
- b. Job demotion or reassignment;
- c. Suspension with or without pay for a specific period of time;
- d. Dismissal or termination;
- e. Ineligible for rehire; or
- f. sanction(s) or remedies as deemed appropriate under the circumstances by a designated official tailored to the circumstances of the allegation.

Sanctions may vary depending on the severity of the violation and the accused's conduct history. The sanctions for non-consensual sexual intercourse also depend on the record and the violation, which may include expulsion, suspension, removal from campus housing, educational intervention, no-contact orders, loss of privileges, and restrictions from participating in extracurricular activities.

- Both the complainant and the respondent will be informed in writing of the outcome of each stage of the disciplinary proceedings.
- Both the complainant and the respondent may appeal based on the grounds specified using the appeal process specified in ADM 03-300, as applicable.

Disclosure of Results of Disciplinary Proceedings

The institution will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Sexual Misconduct Training for Key Personnel

All Title IX Coordinators, Deputy Coordinators, investigators, and those with authority over Sexual Misconduct hearings and appeals receive training each academic year about applicable prohibited conduct, grievance processes, due process, and policies related to Sexual Misconduct.

All investigators receive appropriate training regarding issues related to prohibited sexual misconduct and gender-based discrimination and on how to conduct investigations that are equitable, impartial, and that promote safety and accountability.

Important University Definitions Specific to Sexual Misconduct

The definitions specific to sexual misconduct (listed in Appendix A) are the definitions adopted by the University, in accordance with policy ADM 03-300 Sexual Misconduct. Please note that in any criminal action brought by law enforcement, the criminal definitions would apply.

UTRGV recognizes that two consenting adults should be free to conduct a personal relationship if they so wish when the relationship does not interfere with the goals and policies of UTRGV; however, some romantic, dating, or sexual

relationships, although consensual, do create conflicts of interests. UTRGV has established a policy, ADM 03-400 Consensual Relations and can be found at www.utrgv.edu/hop/policies/adm-03-400.pdf.

Texas State Law Definitions

If a person would like to press criminal charges for an alleged violation of a criminal law, or would like to seek an order of protection, the definitions contained in the Texas Penal Code and Texas Family Code would apply, not the definitions used in our University policies, identified above.

These definitions are not used for the purpose of reporting Clery Act statistics.

- For purposes of this title, "dating relationship" means a relationship between individuals who have or have had a continuing relationship of a romantic or intimate nature. The existence of such a relationship shall be determined based on consideration of the length of the relationship; the nature of the relationship; and the frequency and type of interaction between the people involved in the relationship.
- A casual acquaintanceship or ordinary fraternization in a business or social context does not constitute a "dating relationship."

10. Missing Student Notification Policies

Should anyone believe that a student resident is missing within (24) hours, they should **immediately** contact the University Police Department and a Residence Life or Student Affairs staff member.

When resident students move into their residence halls, they are given the opportunity to identify a person that UTRGV shall notify within twenty-four (24) hours of a determination by the University Police Department or appropriate police authorities that the student is missing. Student contact information can be updated on the My.UTRGV.Edu – Assist and is kept confidential. Unless otherwise required by law, contact information will only be accessible to authorized campus officials and law enforcement personnel as part of a missing person investigation. However, should an un-emancipated student under the age of eighteen be determined as missing, in addition to notifying the designated contact person, the University is required, by law, to notify the custodial parent or guardian within twenty-four (24) hours of such determination.

If the student resident cannot be located, then within 24 hours of the student being reported as missing, the UTRGV Police Department will notify:

- i. the designated missing person contact;
- ii. the student's parents or guardian, if the student is under 18 years of age and is not emancipated, and

- iii. the local law enforcement agency that has jurisdiction in the area.

For the complete policy please read STU 01-400: *Notification Regarding Missing Resident Students* at: www.utrgv.edu/hop/policies/stu-01-400.pdf

11. Safety Tips

Whether on campus or any public place, here are some general safety tips to keep in mind:

- a. Travel in groups-often there is safety in numbers. If you are going to separate from your group, tell someone when you will return. Take a cell phone with you.
- b. Park in well-lit areas.
- c. If you feel threatened, cross the street or enter a store or business.
- d. Have your keys in hand as you approach your car. Check under the car and the back seat before you enter.
- e. Alcohol and other drugs can impair your perceptions and decision-making. Do not place yourself in a vulnerable position by being intoxicated or under the influence of other drugs.
- f. If you do drink, set a limit and stick to it. Don't drink on an empty stomach. Also: don't leave a drink unattended. If you are away from your drink any amount of time, toss it. It's not worth the risk.

Out & About

- g. **Use the CampusShield Mobile App** to request the **Safe Walk** program. Officers will walk students between campus locations. Call 956-882-7777 to request the service. Check out how to download and other App features at www.utrgv.edu/police/services/mobile-app/
- h. If you feel threatened or if you want to report something suspicious, use one of the **Emergency Phones** on campus. The phones, distinguished by their blue lights, connect directly to the University's Police Communications Center 24 hours a day.
- i. Program the University's police emergency number line into your cell phone: **956-882-4911** or call 911.
- j. Notify the University Police Department if you notice anything suspicious or unusual.

In the Residence Halls

- k. **Always** lock your door; even when you are sleeping or just going down the hall.
- l. **Report** lost or stolen residence hall keys immediately to your residence hall staff.
- m. **Report** any malfunctioning locks, doors, or windows to your residence life staff.
- n. **Do not** allow strangers to enter your room or your residence hall.
- o. **Do not** prop any exterior doors open to allow unescorted visitors into the residence hall.
- p. **Do not** leave your keys lying around in your room when you are not in the room.
- q. **Do not** leave messages on your door about when you will be returning to your room.

Living in Off-Campus Housing

- r. **Always** lock doors and windows. Many times, thieves enter through unlocked doors and windows. Ask your landlord to install a deadbolt, if one is not present.
- s. **Do not** answer the door in the middle of the night unless you are expecting someone. Ask your landlord to install a peephole in your front door. If you see someone unexpected at your door during the overnight hours, call 911.
- t. If you are leaving home, turn on a light or a radio or a TV to make it appear that someone is home.
- u. Let the University Police Department know if a streetlight is out.

12 Emergency Preparedness

Emergency Response Procedures

The UTRGV Office of Emergency Management (OEM) www.utrgv.edu/emergencypreparedness/ is committed to openly engaging the university community in preparation, response, recovery and mitigation of emergencies through an all-hazards approach. OEM's highest priority is to help provide a safe and secure environment for UTRGV students, faculty, staff, and visitors. The Office of Emergency Management works cooperatively with all members of the UTRGV community,

University of Texas System, Texas Division of Emergency Management, Cameron County and Hidalgo County Emergency Management, City of Brownsville Office of Emergency Management and City of Edinburg Fire Department to achieve this objective.

To further enhance safety/security OEP has established an Emergency Operations Plan (EOP) which is available at: www.utrgv.edu/emergencypreparedness/files/documents/emergency-operations-plan.pdf, with threat specific annexes to provide a comprehensive, all-hazards approach to emergency management. The EOP is an operational plan that establishes policies, procedures, responsibilities, and organizational structure to be implemented during emergencies and disasters, both during campus-wide emergency planning and during an actual emergency incident. OEP encourages the university community to stay engaged in preparedness by knowing what types of threats/hazards are of concern on campus, how to prepare for and respond to emergencies, and the importance of staying informed during an emergency.

UTRGV Incident Management Team

UTRGV has also established an Incident Management Team (IMT) to carry out its EOP in the event that it is activated. Large-scale emergencies require a coordinated response effort between the University and local emergency response agencies. The IMT is comprised of members from the following divisions:

- Academic Affairs, Student Success, and P-16 Integration
- Athletics
- Deputy President
- Finance & Administration
- Governmental and Community Relations
- Health Affairs & Dean, School of Medicine
- Research, Graduate Studies & New Program Development

and other supporting departments. During an actual emergency, the IMT evaluates information from various sources and provides feedback and support to the Emergency Management Coordinator. The IMT's support role during an emergency incident is carried out in UTRGV's Emergency Operations Center (EOC) or remotely via phone. The UTRGV Emergency Management Coordinator is responsible for overall management of the IMT operations.

Emergency Response

The UTRGV Police Department (UTRGV PD) is the primary first responder to any emergency situation on all UTRGV campuses. University and city emergency responders, such as UTRGV's Environmental Health, Safety and Risk Management (EHSRM), City Fire Departments, and City Police Departments among others, may also respond to the emergency scene depending on the scope of the emergency. UTRGV's OEP has developed an Emergency Reference Guide (ERG) which is available on the OEP webpage: www.utrgv.edu/emergencypreparedness/files/documents/emergency-desk-ref-guide-utrgv.pdf. The ERG provides information regarding protective actions to be taken during emergencies, such as an active shooter incident, suspicious package discovery, tornadoes and severe weather, hazardous materials, and medical emergencies among other situations. The ERG outlines how to shelter-in-place and what to do during an evacuation. It also provides emergency contact phone numbers.

Evacuations

In most cases, evacuations apply only to buildings immediately affected. In some cases, the evacuation could apply to the entire campus. Some potential causes for emergency evacuations may include but are not limited to a major fire or explosion, hazardous materials release, structural failure, bomb threat, chemical/biological/radiological spill. Evacuations are typically prompted by continually sounding fire alarms or by an official announcement through UTRGV's emergency notification system and are advised not to re-enter the building until the all-clear is given by either UTRGV PD or by an official announcement via UTRGV's emergency notification system.

Confirmation of an Emergency or Dangerous Situation

To confirm a significant emergency or dangerous situation is occurring on campus, UTRGV police officers are dispatched to the location where the incident has been reported. If responding officers confirm by way of investigation or observation that a significant emergency or dangerous situation is occurring, the police field supervisor will ensure that appropriate UTRGV officials are notified by the UTRGV police dispatch center.

Emergency Notifications

UTRGV automatically enrolls students, faculty, and staff into UTRGV's emergency notification system with contact information (university email address and mobile number) provided to the institution. Given UTRGV's distributed campus model, notifications do not get segmented to specific populations or UTRGV locations.

Upon the confirmation of a significant emergency or dangerous situation involving an immediate life safety threat to students, faculty, or staff occurring on any UTRGV campus, the UTRGV Police Communication Operators or the UTRGV Emergency Management Coordinator will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the emergency notification system. An emergency notification will be sent to the entire campus community through UTRGV's Emergency Notification System, unless in the professional judgment of emergency response officials, the notifications will compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. While the entire campus community is notified, the specific impacted locations and any specific instructions are provided in the same notification itself.

UTRGV uses a web-based single mass notification system with pre-scripted fill in the blank notification templates that have been developed and approved by UTRGV PD and OEM to create and disseminate emergency notifications.

When an incident occurs, the designated staff logs into the emergency mass notification system, selects one of many pre-scripted templates, customizes with the relevant details or information, and when clicking send, all the methods of delivery stated below are automatically pre-selected by default so the campus community recipients will receive the message information simultaneously in multiple ways. This ensures timely notification and communication redundancies of critical information.

- Cell phone
- Text message
- University email address
- Desktop notification to University-managed desktops or computers
- University's official Facebook and Twitter page.

An official "all clear" message will be issued by the same mass notification system after an emergency has been concluded.

Guests visiting UTRGV can enroll into receiving emergency notification text messages by texting a specific "hashtag phrase" to 888-777, this information is given to event and camp coordinators to distribute to event or camp attendees.

OEM staff and UTRGV Police Communication Operators are trained on how to activate the emergency notification system, develop messages and alerts, and are authorized to send an Emergency Notification to the UTRGV campus community without prior administrative approval if any significant emergency or dangerous situation were to occur on campus. UTRGV administrators will be promptly notified and briefed by the Chief of Police, or the designee, of any major incidents.

Some examples of significant emergencies or dangerous situations may include, but are not limited to the following:

- Outbreak of meningitis, norovirus;
- Fire;
- Tornado;
- Gas leak;
- Armed intruder;

- Bomb threat;
- Civil unrest or rioting;
- Explosion; and
- Nearby chemical or hazardous waste spill;

The Office of Emergency Management (OEM) administers and conducts monthly testing of the emergency notification system.

The University will also post information on its homepage at www.UTRGV.edu. UTRGV's University Marketing and Communications is charged with notifying the media in the event of an emergency. Follow-up information will be posted to the University's website and provided to the media as available.

Emergency Preparedness Exercises

UTRGV's Emergency Management Coordinator develops emergency preparedness exercises and coordination activities to test emergency plans and capabilities. These preparedness exercises provide the university's emergency responders and Incident Management Team members the opportunity to learn their roles, responsibilities, and procedures before an actual emergency. All exercises are designed using the Homeland Security Exercise and Evaluation Program (HSEEP) methodology to ensure consistency with the National Incident Management System and Incident Command System. Emergency exercises are evaluated with after action reports, meetings, and identify discussion of lessons learned to explore new or improved means of coordination before, during, and after an emergency at any UTRGV campus.

Emergency preparedness exercises typically include participants from local, county and state, emergency management and emergency response agencies. Exercise reports and documentation are maintained internally with UTRGV's OEM along with UTRGV's Emergency Operations Plan and related response annexes. Exercise documentation includes, but is not limited to, the nature of the exercise, date, time, and whether it was announced or unannounced.

Emergency preparedness Full-Scale Exercises are conducted annually and announced to the campus community via university email, text message, and is published on the main UTRGV Facebook and Twitter page. In conjunction with the exercise, it is the standard practice of UTRGV's Office of Emergency Management to inform the campus community of the emergency response and evacuation procedures. To avoid panic or confusion local news media and local, county and state, emergency management and emergency response agencies are advised of these exercises in advance of the full-scale exercise date and are advised of the start and finish time.

Emergency preparedness functional exercises, which include tabletop exercises or workshops, are only announced to exercise participants and not to the campus community as these do not interfere with day-to-day campus operations.

Timely Warnings

In the event that a Clery crime occurs on Clery Geography, and if in the judgment of the University Police Department the crime constitutes a serious or on-going threat to the campus community, a Timely Warning will be drafted and issued by the University Police Department. The Timely Warning will then be published electronically via the UTRGV email Listserv to all current University students, faculty, and staff. The purpose of a Timely Warning is to provide individuals information about the incident that will: enable persons to protect themselves; heighten safety awareness; aid in the prevention of similar crimes; and seek information that will lead to an arrest and conviction of the perpetrator.

Whether an incident triggers the need for a Timely Warning is considered on a case-by-case basis. Factors that are considered include: the type of alleged crime (including whether the offense is a Clery reportable offense); the facts of the incident (including where and when the incident occurred); when the incident was reported; and the extent of information known by the University Police Department. For example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to other UTRGV community members and a Timely Warning would not be necessary. In cases involving sexual assault, if the report of the assault is reported long after the incident occurred, there may not be the ability to distribute a "timely" warning notice to the community.

Every attempt will be made to distribute a Timely Warning soon after the incident is reported; however, the release of the Timely Warning is subject to the availability of facts concerning the incident.

UTRGV is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

Timely Warning emails typically include:

1. Date and time or timeframe of the incident
2. A brief statement of the incident
3. Physical description of the suspect, if available
4. Other relevant and important information
5. Appropriate safety tips
6. UTRGV Police contact information

Timely Warnings shall not include the names of complainants or personally identifiable information.

Emergency Notifications V. Timely Warnings

If there is an immediate threat to the health or safety of students or employees occurring on campus, UTRGV will follow its emergency notification procedures. No Timely Warning based on the same circumstance will be issued. However, follow-up information will be disseminated to the community as needed.

Additional Communication

In the event of a significant on-campus emergency or dangerous situation involving an immediate threat to the health or safety of students, faculty or staff, the University will also post information on its homepage at www.UTRGV.edu. UTRGV's University Marketing and Communications is charged with notifying the media in the event of an emergency. Updated information will be posted to the University's website and provided to the media as available.

13. Sex Offender Registry Information

The Texas Department of Public Safety (DPS) maintains the Sex Offender Registration Database for the State of Texas. All sex offenders in the State of Texas are required by Chapter 62 of the Texas Code of Criminal Procedure to register with the local law enforcement agency where they reside. This information is then placed in the Texas DPS sex offender database which may be accessed by the public at: <https://publicsite.dps.texas.gov/SexOffenderRegistry/Search>.

Sex offenders who are enrolled at UTRGV must notify the University Police Department every semester. The University Police department tracks all sex offenders currently attending and/or enrolled at the university.

14. Drug Free School and Communities Notice

General Information

UTRGV is a drug-free school and complies with the Drug Free Workplace Act of 1990. The Drug Free School and Communities Act of 1989 requires institutions of higher education to adopt and implement programs to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol. Information concerning these programs must be distributed to students annually. For information regarding these policies, please refer to the Drug Free School and Communities Act provided by the Office Student Rights & Responsibilities at: <https://www.utrgv.edu/srr/files/documents/srr-drug-free-school-and-communities-notice.pdf>

All UTRGV students, faculty members, staff members, administrators, and visitors are subject to local, state, and federal laws regarding the unlawful possession, distribution, or

use of alcohol or illegal drugs. University Police will investigate violations of State and Federal drug laws to file charges and/or refer for administration disciplinary action.

Federal and state laws and The Rules and Regulations of the Board of Regents of The University of Texas System require UTRGV to develop policies and enforce sanctions related to the abuse of alcohol and other drugs. 15. Fire Safety Report

The Higher Education Opportunity Act (HEOA) was signed into law in August 2008 and contains several crucial campus safety components. One of the main provisions of the HEOA is the Campus Fire Safety Right-to-Know Act, which calls for all Title IV eligible institutions that participate in Title IV programs and maintain on-campus student housing facilities to publish an annual fire safety report that outlines fire safety systems, policies, practices, and statistics.

The Fire Safety information contained in this section is available by visiting the Environmental Health, Safety & Risk Management (EHSRM) office:

Reporting Fires and Evacuation

The following outlines the specific instructions in the event you discover a fire:

- If a fire is noticed, make the decision to extinguish the fire or immediately exit the building.
- **Do not** try to extinguish the fire unless you have access to an inspected fire extinguisher, and you have been properly trained in the use of the fire extinguisher.
- **Do not** fight the fire if it is already beginning to spread beyond the location where it started, if you can't fight the fire with your back to an exit, or if the fire can block your only exit.
- If you are successful in extinguishing the fire, immediately notify the University Police Department.
- If you choose to exit the building, on the way out of the building, pull a fire alarm system pull station. It may be necessary to break the glass or raise the pull station cover to pull the alarm. **Remember that an alarm may also sound when the pull station cover is raised, however, the main alarm is not sounded in this case, and it is necessary to activate the alarm.** Some common locations of pull stations are at stairwell doors and exits. By sounding the alarm, occupants of the building are notified of a fire hazard and should evacuate the building. In addition, the University Police, EHSRM, and local Fire Departments are notified immediately if the alarm is sounded.
- Ensure that you make yourself available to the appropriate authorities to provide information regarding the location and source of the fire.

Have an Exit Strategy

UTRGV continued the Have an Exit Strategy program which promotes self-awareness and self-responsibility by the students, staff and visitors at UTRGV. In addition to public safety, adopting and utilizing this program assists UTRGV in meeting the requirements for the Federal Legislation on University Fire Safety as well as the Texas Legislation of Risk Management for Campus Organizations.

UTRGV Residence Halls, Annual Number of fire drills, and Designated Assembly Areas

Casa Bella, Heritage Hall, Troxel Hall, and Unity Hall are fully equipped with automatic wet sprinkler systems, an automatic fire alarm system, audio visual devices, heat and/or smoke detectors, etc., in all required areas. Hard-wired smoke detectors are included in each dorm room. For redundancy, the fire alarm system in each one of the facilities is directly wired to both the University Police Headquarters and a central monitoring station. All systems are in compliance with the current regulatory requirements. Each hall is equipped with fire extinguishers in common areas. Fire extinguishers are inspected monthly, annually and provided for 6-year maintenance and a 12-year hydrostatic testing or recharging when needed.

The Village Apartments are equipped with a fire extinguisher in the kitchen area and outside each apartment, and hard-wired smoke detectors near the sleeping areas. A general fire alarm system is activated by a pull station located outside each residential unit. This system is inspected annually. Fire extinguishers are inspected monthly, annually and provided for 6-year maintenance and a 12-year hydrostatic testing or recharging when needed. Each smoke detector is cleaned, inspected and tested for operation annually. All residents are requested to notify the Resident Assistant if there are problems with the smoke detectors or if the fire extinguisher has been discharged.

All residence hall advisors and camp counselors are trained to be evacuation assistants. Training is conducted at the beginning of the fall, spring, and summer semesters. When the fire alarm is activated, the evacuation assistants are trained to guide all residents to the nearest exit and assemble 150 feet away from the building upwind of any fire and away from any emergency crews to pre-determined assembly areas. Assembly areas are subject to change, however, depending on the circumstances related to the fire. Evacuation assistants are required to wear orange vests so they can be easily identified and provide appropriate information to the emergency crews upon arrival at the scene of the fire. All residents are mandated to immediately evacuate the building by following the fire drill procedures outlined in the UTRGV Emergency Response Plan and the UTRGV Guide to Campus Living.

UTRGV conducts a minimum of three fire drills in each occupied residence hall per academic year. A drill is conducted in the summer, fall, and spring semesters. Additional fire drills are conducted to address the camps that are held on the UTRGV campus in the summer session to ensure that new employees and children attending camps are familiar with the fire safety policies at the University.

The following table outlines:

- student housing locations,
- the minimum number of drills conducted in each location on an annual basis,
- and the designated assembly area.

Residence	2022 # of Fire Drills	Assembly Area(s)
Heritage Hall 410 N. Sugar Rd. <i>Edinburg Campus</i>	2	East side towards the covered walkway.
Troxel Hall 424 N. Sugar Rd. <i>Edinburg Campus</i>	2	East side towards the covered walkway.
Unity Hall 509 N. Sugar Rd. <i>Edinburg Campus</i>	2	North side of the Vaqueros village parking lot and West side of the University Police Department parking lot Q1.
Village Apartments (Buildings A-F) 603 N. Sugar Rd. <i>Edinburg Campus</i>	2	North-west side of the apartments.
Casa Bella (Buildings 1-5) 2651 FJRM Ave <i>Brownville Campus</i>	2	Volleyball and basketball courts

All fire drills and false alarms resulting in the evacuation of the dorms or apartments are evaluated by EHSRM in respect to the following criteria:

- Was the total time to exit less than five minutes?
- Did the police arrive within two minutes?
- Did all the people exit the building in an orderly fashion?
- Did all people assemble 150 feet from the building upwind of the fire?
- Were doors and exit doors properly shut?
- Did the evacuation assistants perform their respective duties?
- Did all alarms and emergency lights work properly?
- Were all people accounted for?

An evaluation form is completed, and a copy is provided to all stakeholders in the process including EHSRM (fire safety management), University Police (response), and the Director of Housing and Residence Life (evacuation). If any aspect of the process is not adhered to (e.g., total time to exit), the drill is conducted again later to ensure that all respective systems are in place.

Tobacco-Free Workplace Policy

The University of Texas Rio Grande Valley (UTRGV) has a responsibility for and is committed to promoting the health, well-being, and safety of UTRGV students, faculty, staff, and visitors. Tobacco prevention programs are most effective when supplemented by strong tobacco-free policies and when they are incorporated into a broader community effort to reduce tobacco use. Considering this information, and to ensure compliance with external cancer research funding requirements, it is the UTRGV's intent to prohibit tobacco products and smoking devices on UTRGV property.

See tobacco free workplace policy ADM 04-108 www.utrgv.edu/hop/policies/adm-04-108.pdf for more information.

Open Flames

The use of candles (including birthday candles), incense, oil lamps, or any other item using an open flame is strictly prohibited in the residence halls.

Portable Space Heaters

Since great care must be taken to utilize portable heaters properly, their use is discouraged on campus. All portable space heaters are required to be approved by EHSRM prior to use. For the safety of all residents, use and/or possession of these appliances in the residence halls are prohibited.

Halogen lamps and string lights are not allowed. Routine inspections of Christmas decorations are conducted by EHSRM. Prior to the holiday season, a letter reinforcing the policies is issued by the Office of Housing and Residence Life.

Extension Cords

The use of extension cords is discouraged in all residence halls, however, if an extension cord must be used; there are several guidelines that must be followed:

- All extension cords must have a surge protector and be UL listed and approved.
- All extension cords must only be used within the appropriate rating.
- If a cord on the appliance being used has a three-pronged adapter, the extension cord must also be three pronged.
- Splicing together of extension cords, and the plugging together of multiple extension cords are not allowed.
- Extension cords may never be run under rugs or carpet or through walkways or windows.
- Extension cords shall only be used for temporary functions, such as special events or ceremonies.
- Extension cords shall not be used for more than 4 hours at a time.

Evacuation Assistants

All evacuation assistants are mandated to attend Evacuation Assistant training prior to assuming the respective responsibilities. Training includes Fire and Life safety, evacuation procedures, evacuation procedures for the disabled, and fire extinguisher training.

Employees

All employees potentially involved in responding to an emergency (EHSRM, Facilities, the University Police Department, Residence Hall employees) or involved with activities that involve the use of ignition sources are mandated to attend Fire and Life Safety Training which include evacuation assistant training and fire extinguisher training. In addition, fire safety training is included in other mandated courses such as laboratory safety.

For those employees that are not directly related to emergency response, a variety of fire and life safety training programs are available to all UTRGV on a voluntary basis. Routine fire safety training is provided on a monthly basis and all UTRGV faculty, staff, and students are invited to attend. The training includes fire and life safety, emergency planning, emergency evacuation, and portable fire extinguisher.

Students

EHSRM and Residential Life work together each year to provide fire and life safety education to students living on campus. Residential Advisors attend fire and life safety training. Student residents receive fire safety training during the beginning of the fall semester or orientation sessions. In addition, students are reminded about fire evacuation procedures during hall meetings, floor meetings, after problems occur during fire drills, and accidental activation of the alarm.

At the current time, all facilities are in compliance with National Fire Protection Association (NFPA) Standards.

Future Fire Safety Initiatives

The University continually strives to improve campus fire safety. All new building construction and renovations are completed in accordance with applicable fire codes. All buildings that do not have a fire sprinkler system and undergo significant renovation, shall have a fire sprinkler system installed in accordance with NFPA rules and regulations. Currently, no specific plans in place for future fire safety initiatives.

As per federal law, UTRGV is required to annually disclose statistical data on all fires that occur in On-Campus Student Housing facilities. Listed below are the **non-emergency** numbers to call to report fires that have already been extinguished in On-Campus Student Housing. If you are not sure whether University Police is aware of such a fire, use one of these numbers to report it.

16. Crime Statistics

The tables below contain statistics for Clery reportable crimes on-campus, on-campus student housing (residential), non-campus, and public property locations. This report contains the statistics for the previous three years – 2020, 2021 and 2022. Clery reportable statistics are provided in separate tables for the UTRGV main campus (Edinburg) and each of the separate campuses as that term is defined by Clery.

Clery Reportable Geography Definitions

On-Campus Property is defined as any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to the area identified in the first part of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor). In our tables below, On-Campus includes all crimes reported to have occurred on campus even the same crimes that are reported for the On-Campus Student Housing category.

On-Campus Student Housing Facilities is defined as any student housing facility that is owned, or controlled by the institution, or is located on property that is owned or controlled by the institution and is within the reasonably contiguous geographic area that makes up the campus. In our tables below, the crimes reported in the On-Campus Student Housing category are also included in the On-Campus category. This category is provided as a "sub-set" of the On-Campus total to provide the community with an understanding of the On-Campus crimes that were reported for specific Student Housing locations on campus. UTRGV only has On-Campus Student Housing Facilities in the Brownsville and Edinburg campuses, which are reflected in the tables below.

Public Property is defined as all public property, including thoroughfares, streets, sidewalks, and off-campus parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

Non-Campus Buildings or Property are defined as any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by the institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Refer to Appendix A for Clery Reportable Crime Definitions.

In the following tables, the crimes statistics for non-campus locations are all listed on the Main Campus table in Edinburg, TX. For clarity purposes, all other campus locations do not have a non-campus column listed.
