## PROCEDURES FOR STORAGE, DESTRUCTION AND THE RETRIEVAL OF DOCUMENTS

The purpose for these procedures is to know where The University of Texas Rio Grande Valley (UTRGV) documents are stored, how to store, retrieve, destroy or scan, if needed.

Records become the responsibility of the Records Management Officer (RMO) and the Records Management department once stored. Current documents are located at the Armory Building, Brownsville Campus and at the Community Engagement Student Success Building, Edinburg Campus.

Documents are stored only if a proper *Work Order* accompanied with an *Inventory Worksheet per box* have been prepared and emailed to the Records Management office department email address ([recordsmanagement@utrgv.edu](mailto:recordsmanagement@utrgv.edu)) or the Records Management Department at Brownsville campus or the Edinburg Campus.
