Scholarship/Professional Development:

Much of this is integrally connected with the teaching and mentoring students. This is a daily process.

- My core research is in ceramics but ranges far afield, primarily in the arts but also in other disciplines, including world spirituality, poetry, and music.
- My expertise is in high fire slip and vapor glazing, and wood firing which I did for over 20 years. Currently expert in Cone 6 electric and gas reduction firings and alternative firing methods.
- I continue to research glazing in all temperature ranges and types.
- I continue to expand my knowledge of the necessary repair and
