

ASSOCIATE VICE PRESIDENT, CLINICAL & TRANSLATIONAL RESEARCH

Key Roles and Responsibilities

- Establishes the clinical research infrastructure and ensures that the faculty, staff, and students engaged in clinical research are committed to the highest standards of ethics, integrity, and compliance with all applicable laws, regulations, and policies for clinical research.
- Promotes and facilitates success in the clinical research mission for the School of Medicine and the research learning of its students.
- Leads efforts for mission integration across all UTRGV schools to become a research-intensive university.
- Provides strategic planning and vision to advance the strengths of our clinical and translational research mission to the benefit of our community.
- Collaboratively review and prioritize departmental research portfolios
